

# THE KNOX COUNTY HERALD

KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, NOVEMBER 21, 1946

NUMBER 3

## Holcomb Delegate to Convention

Supt. T. E. Holcomb this week was elected to represent the Oil Belt District, Unit No. 7 of the State House of Delegates, Texas State Teachers' Association.

The statewide convention will assemble in Houston November 28 through November 30. Mrs. E. F. Branton, principal of the Knox City Grammar School, and president of the Knox County Teachers' Association, accompanied by Mrs. B. B. Campbell, will be a visitor in the Houston schools on Wednesday, November 27, and will attend the convention the following day.

The Advisory Board, of which Supt. Holcomb is a member, will assemble at 9:00 o'clock on the last day of the convention to formulate plans and recommend amendments for the benefit of the teachers of Texas.

Approximately 75 delegates from the entire state, with only eight delegates from the Oil Belt District, which is composed of 27 counties, will register. Approximately 20,000 teachers and representatives are expected to attend the convention.

### Deaths

William S. Wade, Rochester.  
Baby Josephine Mata, Rochester.

Mr. and Mrs. Kenneth T. Edwards of Dallas spent the week end in the home of his parents, Dr. and Mrs. T. S. Edwards.

## Engagement of Mary Leone Hoge, Max Louis Polen Announced

Mr. and Mrs. C. C. Hoge this week announced the engagement and approaching marriage of their daughter, Mary Leone, to Mr. Max Louis Polen, son of Mr. Marvin Polen of Los Angeles, Calif.

The wedding will be solemnized at the Methodist Church in Knox City, on Saturday, Dec. 28 at 5:00 o'clock.

Mary Leone is a graduate of the Knox City High School, a graduate of John Tarleton College, attended T.S.C.W. and received her degree from Texas Wesleyan College. She has also taken post-graduate work from the University of Texas.

Throughout high school and college Miss Hoge was very active in musical circles. Since graduation she taught music in the schools of Corsicana and Corpus Christi. During the war she served as hostess at the Harlingen Army Air Field and at Foster Field, Victoria. For the past year and a half she has been employed as buyer for M. Lichtenstein of Corpus Christi and Victoria.

Mr. Polen was with the Army Intelligence for five years, serving in both the European and Pacific theaters of war. He received his discharge in October, 1945, and is now staff correspondent for the San Antonio Evening News, covering South Texas, the Rio Grande Valley, and Mexico to Mexico City.

## Father of Mrs. Green Buried in Bowie

Mr. and Mrs. O. A. Green and son, Paul, were called to Bowie Tuesday of last week when Mrs. Green's father, Robert Murphy, passed away after suffering a heart attack.

Mr. Murphy was founder and publisher of the weekly newspaper, The Bowie News, for 20 years until his retirement ten years ago.

Mr. Green and Paul returned to Knox City Thursday, while Mrs. Green remained for longer visit with her mother.

Mrs. V. E. Lane and son of Wichita Falls are visiting her parents, Mr. and Mrs. H. E. Wall, this week.

## Notice of Meeting

### Teague-Carpenter Post No. 229

The regular meeting of the American Legion will be Monday night, November 25. All members are urged to be present, as very important business will be discussed.

C. J. REESE,  
Post Commander.

## New Equipment Is Installed In Texas Theatre

Clyde E. Williams, owner of the Texas Theatre, announces this week that he has installed the very latest design in Western Electric sound equipment, complete with speakers and amplifiers. The installation was made Tuesday, after months of hair-pulling and waiting on delivery, which had been promised for September 1.

Also installed Tuesday was a new projection machine, and a new screen is expected to be delivered within the next two weeks.

These improvements make the Texas Theatre one of the best in this section of the country, and one of which the citizens of Knox City can be proud.

"We will make every effort to obtain the latest and best in motion pictures for your entertainment," Mr. Williams said Tuesday. "We want to thank our patrons for their indulgence while we were forced to operate with faulty equipment, and invite them to come and judge for themselves the improvements that have been made."

## Agriculture Teachers Attend Regional Meet In Lubbock

The Knox County Veterans' Vocational Agriculture teachers, Mr. St. Clair, Mr. Kelly, Mr. Penick and J. A. Jolly, Co-ordinator, attended a meeting in Lubbock last week for all vocational agriculture teachers in this region.

Several important matters were discussed at the meeting. It was pointed out that the main objective of the Agriculture program is to re-establish the veteran on a family-size farm, and to give him the newest proven methods for farming. The subsistence the veteran draws is to be used to buy livestock and equipment so that at the end of the year he will be an independent farmer, able to compete in the agriculture field on an equal footing with older and well-established farmers.

There is a committee of six men appointed by the Vocational Board who determine the eligibility of each veteran going into the agriculture program. This committee also passes on tools needed by each veteran on his farm. The committee is composed of Claude Richardson, Clay Grove, August Schumacher, Ben Hunt, Ted Russell and Jake Cure. Any veteran planning to take up agriculture training should see the committeeman in their respective community for qualifications and advice.

## Saturday Named Sister Kenny Day In Texas

AUSTIN (Sp.) — Saturday, November 23, has been designated Sister Kenny Day in Texas, in a proclamation issued here today by Governor Coke R. Stevenson. Campaigns now being conducted in more than 150 counties will put forth special efforts to complete their county quotas on this day and make their reports to State Headquarters at the Driskill Hotel in Austin. It was announced by Geo. C. Francisco, Jr., of Houston, Chairman of the Texas Chapter, Sister Elizabeth Kenny Infantile Paralysis Foundation.

Chairman Francisco has announced the Texas quota as \$150,000. These funds will be used in training technicians and building up a fund which will be used in establishing a Kenny clinic in Texas where the Kenny method of treating polio, the most successful yet known, will be available to all victims.

The picture, "Sister Kenny," in which Rosalind Russell plays the role of the famous Australian nurse, will be shown in more than fifty Texas towns during the first week in December.

## ENTERTAIN GUESTS

Guests in the home of Mr. and Mrs. L. W. Graham this week are their nephew and wife, Mr. and Mrs. Paul Graham of San Antonio. Mr. Graham received his discharge from the Army Medical Corps last week, while Mrs. Graham was discharged from the WAC in May.

## Farmer-Committeemen To Be Voted Upon This Year By Mail

### Army To Accept Partially Disabled Combat Veterans

It was announced today by Sgt. James Hendrick, of the U. S. Army Recruiting Station at Childress, that the War Department has authorized the enlistment in the Regular Army of partially disabled combat veterans of World War II who are trained in certain critically-needed skills and who meet the eligibility requirements.

The term of enlistments for these applicants will be for a period of three years and if enlisted before the 31st of January, 1947, will be enlisted in the grade held at the time of discharge.

Sgt. Hendrick has a list of over 100 critically needed specialties that are open to the combat wounded for re-enlistment, and he urges all men who are at all interested in coming back in the Army under the new directive to contact him immediately, because the Fourth Army only has a quota of 500 to reach and that quota cannot be exceeded without specific permission from the War Department.

## Greyhounds Limp Home, But With Winning Score

For the first time since early in the season, the Greyhounds found themselves trailing by a score of 8-0 early in the game played between North Side and the Hounds Thursday night, November 14 on the North Side field.

Realizing North Side meant business, the Greyhounds began to turn on the steam. With Jack Teaff turning in two touchdowns and two extra points, Bob Edwards two touchdowns, Bob Hackfield one touchdown and five extra points, and Buckley and Robinson each one touchdown, this lead was overcome and the final score was 49-20 in favor of Knox City.

The North Side team, playing by eleven man rules, was confusing to the Greyhounds but was soon diagnosed and properly stopped.

Lady Luck frowned on the Greyhounds during the game. After five years of playing and with only one broken bone, the Hounds suffered three injuries which might have proven serious but at last reports none are permanent injuries. Ken Clonts, after being stepped on in the face, received an eye injury which necessitated his remaining in the Vernon Hospital for 24 hours, but since has proved to be only a flesh wound not affecting the eye. Ken returned to school Monday morning. Jack Teaff's shoulder, after having been set in Vernon, was x-rayed at the Knox City Clinic Friday morning and the x-rays showed no broken bones. Jimmie Robinson suffered a badly bruised knee but will be able to play in the game Friday night.

## Club Entertained With Book Review

Members of the 1946 Study Club were entertained with a Thanksgiving tea and Book Review Tuesday afternoon at 4:00 o'clock at the Methodist church. Mrs. Fred Broach, Jr., of Munday gave an excellent review of the book, "Favillion of Women," written by Pearl S. Buck. In keeping with the review, Mrs. Broach was dressed in an authentic Chinese costume.

The program, directed by the Music Committee, was enjoyed by the members and guests. Mrs. Evelyn Carpenter sang "Bless This House," and Mrs. Ross Griffith sang "Because of Thy Great Bounty."

Guests included members of the Knox City Study Club, and hostesses for the occasion were Mrs. J. O. Hamm, Mrs. Rip Collins and Mrs. T. E. Holcomb.

This year Texas farmers will have an opportunity to vote for farmer - committeemen in all Texas communities by mail. B. F. Vance, State PMA Director at College Station, announced this week. The election will be conducted during the period Nov. 18 to Dec. 14.

Official ballots will be sent to each eligible voter, Vance explained. On this ballot, there will appear the name of one candidate for each position who was selected by a nominating committee of farmers in the community, and also space for the farmer to write in the name of any farmer he wants to represent him as community committeeman if he does not want to vote for the nominee. Each farmer will vote for three regular members of the community committee and two alternate members.

At the same time, voters will elect a delegate and an alternate delegate to represent their community at the county conventions. At that county convention the delegates from all the communities within the county will elect three farmers to serve as the County Conservation Committee for 1947. Delegates may not be the same persons selected as committeemen.

The ballots are to be sealed, secret ballots, Vance said. Voters may mail the ballots to their county ACA office, or bring them to the ACA office and place them in the ballot box in person, or they may take them to the polling place in the community on the day set for the election in that community.

Any person participating in the 1946 Agricultural Conservation program or the Sugar Program or any person who has a contract with the Federal Crop Insurance Corporation is eligible to vote in this election. This includes owners, operators, and tenants on farms where the conservation or sugar program is being carried out. The wife of every eligible voter is also eligible to vote. Any eligible voter who does not receive a ballot may secure one by calling at the ACA office or may go to the polls on election day and vote.

Vance said that the voting procedure was changed to assure a greater participation in the elections, so that the men who are elected truly represent the choice of the farmers of the community. He stresses the point of electing men with good judgment to the committeeman jobs. He explained that farmers elected as committeemen will be called on during the year to perform many responsible duties. They will make important decisions about soil conservation, about crop adjustments, about government price supports and other federal programs. He urged that every eligible voter cast his ballot, and give his support to the men he wants to represent him as his committeemen for 1947.

## SINGING TO BE HELD IN LYNN TANKERSLEY HOME

The regular Sunday Singing will be held Sunday Afternoon, November 24 at 2:30 o'clock, in the Lynn Tankersley home.

Everyone who enjoys good singing is welcome to attend.

Rev. and Mrs. V. N. Henderson, Mrs. L. W. Graham, Mrs. Cecil Gregory, Mrs. C. C. Hoge and Mrs. T. S. Edwards attended the Stamford District Missionary Institute in Stamford Monday.

### FARM NEWS

(This is the seventeenth of twenty-two articles that will appear in this newspaper on the need for soil conservation, the amount of soil conservation being carried out, crop insurance, commodity loans, marketing quotas, and other programs of interest to farmers.)

#### Other War Jobs

AAA committeemen have been well qualified to handle wartime distribution of scarce items, a knowledge of the approximate amounts of material which could be made available to the county and of the amount needed by farmers in the county has enabled them to make which farm needs should be filled first. AAA committees have assisted in the approval of applications and the issuance of preference

#### certificates.

Farm engines, electric motors, hay-drying equipment, and light plants were scarce items for farm use throughout most of 1945. Lumber was used more rapidly than it was produced. AAA service in connection with applications for these items was continued until September, '45. Applications for lumber for use on farm construction was continued until October, 1945.

Committees assisted in the distribution of available trucks, tractors and tractor tires, gasoline and fuel oil, where they would contribute most to necessary farm transportation and food production. Committee assistance was terminated on July 1, 1945, when the Office of Defense Transportation and the Office of Price Administration took over all functions of their programs.

Help also was given farmers to obtain copper wire, utility connections, ammunition, and fertilizers; to procure blanketed cloth for tobacco and other crops in designated areas; to procure and distribute bricks in critical areas for construction of flues and firebacks for burning tobacco; to distribute hammers and gypsum; to locate and procure used internal-combustion engines; to inform farmers on priority assistance under War Production Board orders.

#### Feed Distribution

AAA committeemen continued to supervise the distribution of

protein meal and feed. Although protein set-asides were discontinued in February, 1945, shortages developed from time to time in critical areas throughout the Nation. Regular trade channels furnished help to relieve shortages on a voluntary basis when such situations were called to their attention by state and county committees.

Local committees worked with other agencies of Government in routing custom combines through the Great Plains wheat area to aid in harvesting.

### Influenza Season Is Here Again

AUSTIN. — Reports coming in from various sections of the state indicate that the number of influenza cases appears to be increasing with the fall season, and during the past week 930 cases were reported in Texas.

Commenting on this situation today, W. Cox, State Health Officer, said that most of these cases are mild and lend themselves to treatment readily. He pointed out that two cooperative factors are essential to victims of this disease; first, to call the family physician at once when suspicious symptoms appear, and second, to take it easy for a reasonable length of time after the acute stage has subsided.

"It is essential to realize that influenza, no matter how mild the attack, calls for a period of convalescence, because serious complications can occur if this important fact is ignored," Dr. Cox said. "Influenza is not mass controllable. However, those persons who maintain the highest possible health level at all times, increasing their resistance to communicable disease germs, will have a protective advantage over those more careless persons who continually abuse their health."

The State Health Officer declared that living by the laws of nature, getting plenty of sleep, daily exercise in the open and good personal hygiene offers the best known bulwark against all respiratory diseases and added that avoiding habits of any and all kinds detrimental to maximum well being is a wise course to take in the pursuit of good health.

Mr. and Mrs. J. H. Atterbury returned Friday from College Station where they visited their son, John H., Jr., student in A. and M. College.

Rudolph Hackfield, Dr. T. S. Edwards, Dr. R. C. Edwards, Henry Jones and LeRoy Stubbs are spending the week deer hunting.

Mrs. S. M. Clontz spent several days in Lubbock visiting her son, Sam Emory, who is a student in Texas Tech.

Mr. and Mrs. C. H. Moss spent Sunday in Haskell visiting friends and relatives.

Rev. and Mrs. Nathan E. McGuire had as their guests last week their daughter and husband, Mr. and Mrs. Horace McKay of Houston.

Mr. and Mrs. Glen Egan were transacting business in Fort Worth Wednesday.

Week-end guests in the home of Mr. and Mrs. R. M. Almanrode and Mrs. M. A. Horton were Mr. and Mrs. J. C. Horton of San Diego, Calif.; Mr. and Mrs. B. C. Horton of Meadow, Texas; Mr. and Mrs. J. B. Vaught of Lubbock; Mrs. Grace Humphries of Oklahoma City; Mrs. L. S. Partridge of Gainesville, and Miss Barbara Jane Almanrode, student in McMurry College in Abilene.

# Household Hints

To stop grease from sputtering in your frying pan sift a speck of flour into it.

Sewing machines should be oiled after every five or six hours of use.

Paint spattered on glass comes off rather easily if you use a cloth moistened with turpentine. If it has dried hard use a razor blade, scraping lightly to avoid scratching.

Combine equal quantities of pitted, chopped, cooked prunes and marmalade. Cut doughnuts crosswise, spread with the marmalade mixture and put together again sandwich fashion.

IF YOU FEEL

## Choked Up WITH A Cold

When a cold makes you feel all stuffed up, just melt a spoonful of Vicks VapoRub in a bowl of boiling water. Then enjoy the grand relief that comes as you breathe in the steaming medicated vapors, which penetrate to cold-congested upper breathing passages, soothe irritation, ease coughing, help clear stuffy head.

of hearing veterans, according to an announcement by the medical director this week. The program is designed to aid veterans in rehabilitation, economic independence and adjustment to society and their communities.

Dr. Norton Canfield, Associate Professor at Yale University, will be in direct supervision of the program. Dr. Canfield was

closely connected with the hearing program of the Army in the Surgeon General's Office during World War II.

There are already 36,000 veterans of World War II who are ear casualties. About 12,000 veterans of World War I are still receiving compensation because of deafness. VA anticipates that there will be about 300,000 veterans in need of attention due to impaired hearing, within the next 20 years.

Special rehabilitation centers for the deaf and hard of hearing will be set up throughout the country at strategic locations. Here, veterans will be trained and provided with the latest in hearing devices.

Veterans who wish to assign their terminal leave bonds to the Veterans Administration as payment on their GI insurance should get the necessary assignment forms from the nearest VA office.

Although VA does not issue the terminal leave bonds, under the Armed Forces Leave Act of 1946, the law authorized VA to accept the bonds as insurance payments.

When a bond is used for insurance premium payments, it must be assigned in its entirety, VA said. Any balance above the amount necessary to make the desired payment will be credited to the veteran's account and will be used to pay future premiums unless otherwise requested.

**Questions and Answers**

Q. Does a veteran who is going to school under the G. I. Bill have to report money he earns through overtime work?

A. The veteran must report those wages received for the standard work period of the establishment where he is employed, including overtime work cus-

**Director of VA Named**

Miss Dorothy V. Wheeler, above, recently was named director of the Veterans Administration's nursing service. Former executive secretary of the New York City Nursing Council, Miss Wheeler, a native of Kansas, attended college in St. Louis, Mo., and Columbus, Ohio.

tomarily scheduled. It will not include occasional overtime beyond the standard work period of the establishment.

Q. I am taking training under the G. I. Bill and am working at night for which I receive the usual 10 per cent differential. Do I have to report this differential to the Veterans Administration in making a report of my income?

A. Yes. Both the base pay and the 10 per cent differential will be included as wages in determining the rate of subsistence allowance payable and accordingly must be reported by the

veteran and the employer.

Q. Can my subsistence payments be apportioned in event my wife and I decide to separate?

A. Yes. The subsistence allowance is subject to apportionment on the basis of 70 per cent to the veteran and 30 per cent for the wife. Further apportionment may be made in the case of children.

Q. Is a veteran following a course of vocational training entitled to a vacation during the time he is in training?

A. Yes. A leave of absence may be granted but not to exceed 30 days in any consecutive 12 months.

Q. Will subsistence allowance be reduced during the leave of absence or vacation of the veteran?

A. No. The veteran will be considered as pursuing his course of vocational rehabilitation and will be paid accordingly.

Q. If the lender demands security, can I use the bonds I get for my terminal leave as security for a G. I. Loan?

A. No. I am a totally disabled veteran and rated as in need of regular aid and attendance. Can I use my wife or daughter as an attendant?

A. It is not necessary for a veteran who is so rated to hire an outside person to attend him. He would receive the increased amount irrespective of who attends him.

Q. Does the veteran's right to obtain government guaranty or insurance on loans continue indefinitely?

A. No, but guaranty or insurance may be had when obtaining a loan if within 10 years from the officially declared termination of World War II, so the right will continue for a long time.

Q. What will happen if loan payments are not made?

A. That will depend upon the

terms of the loan, the attitude of the lender and the laws of the State where the veteran and security are located. If payments are not made when due the loan is in default and the lender may take such action as is provided in the loan agreement and is permitted by the State Law and by the regulations for guaranty and insurance of loans.

Sixty-five per cent of the world's population live on farms.

**From where I sit... by Joe Marsh**

**Why Bert Won First Prize**

Folks weren't surprised when Bert Childers won first prize for his corn at the county fair.

Yet the judges admit it wasn't just because Bert had the finest ears of corn. He knew how to display them: neatly arranged, with the husks cleanly trimmed, and the booth white and spotless.

"Trimnings" sure make a difference no matter what you're offering—or Andy Bothin, keeper of the Garden Tavern, well knows. Andy doesn't just sell good beer. He sells it in a place that's clean and attractive... in nice surroundings that

belong with the enjoyment of a wholesome beverage of moderation.

And Andy, of course, is a wholehearted supporter of "Self Regulation." That's the system by which the Brewers and tavern keepers themselves make sure that taverns selling beer are clean and orderly.

From where I sit, people like Andy also rate a "First prize." Not just for the quality of the product—but for the "trimnings" too.

### Doghouse

Bill Lain was really in the groove with Mary Bea the other night at the Sadie Hawkins party.

Bobby Joe, you and Margaret sure took a long walk when we played a walking game.

Roxana is kinda sore because Mary Bea beat her to asking Bill Lain to the party. Although I think she and Roland Willis had an exceptionally good time.

Willie Baker, Carol Finley, LeRoy Ressel, Mable Edwards, Tommie Montandon and Mona Schofield had a good time, so I hear.

Virginia Buckley has a crush on a certain Caussey boy. The room is there for a development of romance.

Jack Teaff was not going to play football at Vernon until a girl talked him into it. Result—dislocated shoulder.

Paul Green saw some nice scenery at Bowie. The scenery was in skirts.

This is a hint to the Room Mothers of our football boys: We all want our banquet early this year before we lose the old football spirit—say in December or January.

### Pep Squad Report

The pep squad girls gave a Sadie Hawkins Day party Wednesday night. It was fun to see who the girls invited and here they are:

Clara Dean — Rudy

Margaret — Bobby,  
 Mary Lou — Dick,  
 Mary Bea — Billy Jay,  
 Virginia — Donald,  
 Mary Jo — Jimmie,  
 Mabel — Leroy,  
 Carol — Willie,  
 Mona — Tommie M.,  
 Lorene — Jack T.,  
 Roxana — Roland,  
 Betty Sue — Ken,  
 Becky — E. P.,  
 Norma — Fred M.

Thursday night most of the pep squad girls went to North Side where the Greyhounds played the North Side Indians. Everyone enjoyed the game and singing on the bus, but we were very tired and sleepy the next day.

Monday night the pep squad attended the game between the Paint Creek Pirates and our B team. We enjoyed the game, and were very proud of the future Greyhounds.

We are all looking forward to game this Friday night with Dickens. This is predicted to be one of the best games of the season, so be sure to be there.

### Home Ec News

The Home Ec II girls have started on their interior decoration. We plan to make a model house if possible. We will finish our dresses as soon as possible. They are really cute.

We hope that all of the girls get their dues in so we will be able to buy curtains.

## Hardin - Simmons Homecoming To Be November 22

ABILENE. — Two dates of importance on the Hardin-Simmons university calendar have been announced by President Rupert N. Richardson. They are the Homecoming Day celebration for ex-students, and the last Border conference football tilt of the season, when the Texas Tech Red Raiders journey to Abilene to clash with the Hardin-Simmons Cowboys, on November 22.

Homecoming day has been set for November 22, when the old rivalry between the H-SU Cowboys and the Howard Payne Yellow Jackets will be renewed. During the Homecoming activities W. C. Ribbie, professor of Sociology and Economics, will be in charge of registration, and Jim Jennings and Dallas Murphy, Abilene ex-students, will act as co-chairmen of the reception committee.

A special program will be presented in the new Behrens chapel at 10:00 a. m., with Theda Moore Currin, ex 39, and Congressman George Mahon, ex 24, featured on the program. Mahon secured his B. A. de-

gree from Simmons university in 1924 and his M. A. from the University of Texas in 1925. The following summer he studied at the University of Minnesota and then began law practice at Colorado City. Since 1935 Mahon has represented the 19th Texas Congressional district.

Mrs. Currin has recently opened a private studio in Wichita Falls. While studying in New York she made recordings and sang with Robert Shaw's group on CBS and NBC networks. She has also appeared on WINS and WYNC as soloist.

Friday afternoon at 5:30 a joint concert will be presented by the H-SU Cowboy and Cowgirl bands, and following, at 6 p. m., an old-fashioned barbecue will be held behind Mary Frances Hall.

The Texas Tech, H-SU game will be played on Saturday afternoon, during the university's Thanksgiving holidays.

Mr. and Mrs. C. A. Hull returned Monday from Eastland County where they spent the week-end with Mrs. Hull's sister, Mrs. Sallie B. Earp, who was ill. Mrs. Earp was much improved when they left.

## Legal Notice

CITATION BY PUBLICATION

The State of Texas,

To: PRESTON H. OLIPHINT, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the twenty-third day of December, A. D. 1946, at or before 10 o'clock A. M., before the Honorable District Court of Knox County, at the Court House in Benjamin, Texas.

Said plaintiff's petition was filed on the 27th day of September, 1946, the file number of said suit being No. 4482.

The names of the parties in said suit are: HELEN OLIPHINT as Plaintiff, and PRESTON H. OLIPHINT as Defendant.

The nature of said suit being substantially as follows, to-wit: Suit for a divorce and for costs of suit, plaintiff alleging cruel and inhuman treatment at the hands of the defendant.

### Campfire Girls Enjoy "Twirp" Party

Members of the Campfire Organization and their guests were entertained with a "Twirp" party Friday night, November 15.

After a session of skating, the girls and their escorts met in the home of Mrs. A. M. Armstrong for games and refreshments.

Those attending the party were Misses Julie Frizzell, Carol Ann Armstrong, Laquita Hackfield, Melba Reid, Neida Reid, Jane Ann Campbell, Mary Helen Dodd, Jane Knight, Jo Denton and Wanda Carol Denton, and Jerry Wilson, Charles G. Clarke, John Ed Smith, Hayden Reeves, Kenneth Hobbs, Wallace May, O. L. Knight, Jr., and Jolly Bill Whitten.

### FIRST BAPTIST CHURCH ANNOUNCEMENTS

Nathan E. McGuire, Pastor

Sunday morning at 11:00 the subject of the sermon is to be: "Prepare to Live."

Sunday night the subject will be: "What Do You Have In Your Hand?"

Sunday School begins at 10 a. m. and Training Union starts at 6:45 p. m.

Other services during the week:

4:00 p. m. Monday — W. M. U. 7:30 p. m. Wednesday — Prayer Meeting.

Mr. and Mrs. Joe Smith have returned from Sundawn, where they spent several days with their son, Edmond Smith and family.

Mrs. Cecil Gregory left Tuesday to spend a week with her sister, Mrs. Allen Hardin, in Clarendon.

### Grub Worms Killing Grain In County

Grub worms are inflicting heavy damage to some fields in the north part of Knox County. Carl Haynie, of Truscott, reported to the County Agent that he has fifty acres which will have to be re-sowed. This grub worm, which eventually turns into what is commonly known as a "June Bug," is hard to control because of its life cycle. The pasturing of hogs and poultry on the infested ground helps more than any other method at present. Frequent plowing exposes the worms to wild fowl, also.

It takes four years for the grub worm to become a "June Bug." The bug lays eggs in the spring, which hatch into a small worm and grows during the year. When the first winter comes it goes deeper into the ground. The second spring it comes out near the surface and it does its most serious damage begins to work on plants again, during that year, returning to earth the second winter. In the third spring it comes out, feeds until around July, and then goes into the pupae stage, according to entomologists studying the bug. This pupae spends the third winter deep in the ground and then comes out to form a "June Bug" the fourth spring. June Bugs themselves do very little damage. They sometimes attack oak and other trees which can be protected with arsenical sprays.

Mrs. H. M. Jones and Mrs. W. E. Benedict were business visitors in Stamford Monday.

Mr. and Mrs. George Zachary left Sunday for a week's visit with relatives in Temple.
