## Missionary Zone Meeting

Brother Gordon Delivers Sermon

The Zone meeting of the Methodist Missionary Society held Tuesday in the Knox church was well attended, there being present representatives from Seymour, Monday, Goree, Haskell and Knox City. The home Society received the banners for having the largest number in attendance. The crowd was estimated at near 50, all of whom had lunch at noon in the dining hall of the church.

The meeting opened at ten thirty with Mrs. E. E. Herde, the zone leader, presiding. At eleven Brother Gordon of Seymour delivered a very inspiring sermon.

In the afternoon session Mrs. Fred Sanders of Haskell, who is District Study Superintendent, gave an outline of the new study for 1933. Mrs. Randell of Seymour, District secretary, emphasized three things which shall be done before Harvest Day in December.

Mrs. C. C. Hoge then made a talk which she explained the objects of the Week of Prayer, and Mrs. Shawner of Seymour explained the value of the observance of Enrollment Day.

The meeting adjourned near the middle of the afternoon to meet next in January at Seymour.

## TWELVE WOMEN WHO ARE EXCLUDED FROM JOINING THE MISSIONARY SOCIETY

1. The back-number woman, who does not desire to keep up with the time.
2. The narrow-gauge woman, who is content to be provincial.
3. The unambitious woman, who aspires after a limited culture and limited equipment for her work.
4. The indolent woman, who prefers to fritter away her leisure.
5. The busy woman, who puts less important things before Christ's kingdom.
6. The easy-going woman, who does not value her religion very highly.
7. The selfish woman, whose social conscience is numb and who does not want it aroused.
8. The luxury-loving woman, who prefers to live on the lower levels and does not care to enrich her religious life.
9. The prejudiced woman, who does not believe in foreign missions and who is unwilling to take expert testimony on the subject.
10. The unthinking woman who does not like to face the issues which would be involved in studying world missions.
11. The unreasonable woman, who is herself a product of missions, but who forgets that missionaries carried the gospel from Rome to England.
12. The disloyal woman, who prays, "Thy kingdom come," but withholds her time, her money, and herself from helping to carry out the last command of Jesus.—Adapted from Leaflets issued by the Student Volunteer Movement.

## KNOX CITY SHIPS MAIZE

Friends of our children at Knox City under the leadership of our pastor, Reverend J. H. Sharp recently presented the Home with a car load of choice milo maize heads for which we are truly thankful. And Reverend W. R. Burnett, pastor at McDonnell has signified his intention of making a like contribution soon.

This commodity is not only feed directly to work animals, chickens and hogs on our general farm, but it serves as an important ingredient after being ground and mixed in our own feed mill of the ration in our dairy of 100 cows. Consequently there is a demand for several car loads annually. We shall be exceedingly glad to communicate with any one wishing to ship grain.

Ordinarily the Home is supplied with plenty of hay by our own boys operating on our own and neighboring farms but they are not able to grow enough grain to take care of the need.—Monthly The Methodist Organ, Waco, Texas.

## SAFETY FIRST

THE PUBLIC should be prudent in seeking relief from pain. Take nothing which does not have the approval of the medical profession.

BAYER ASPIRIN will never do you any harm, and almost always brings the desired relief. But remember that the high medical endorsement given Bayer Aspirin does not apply to all tablets for relief of pain.

THE DOCTOR is careful to specify Bayer Aspirin for these important reasons:  
 It has no injurious ingredients. No coarse particles to irritate throat or stomach. Nothing to upset the system. Not even any disagreeable taste. The Bayer process insures a pure, uniform product.

INSIST on the tablet you know to be safe. And the one that has speed. Bayer tablets dissolve so quickly, you get immediate relief from your headache, neuralgia, or other pain.

"Where Good Printing Is A Habit"

Mother of 7—Still Young

THE woman who gives her organs the right stimulant need not worry about growing old. Her system doesn't stagnate; her face doesn't age. She has the health and "pep" that come from a lively liver and strong, active bowels.

When you're sluggish and the system needs help, don't take a lot of "patent medicines." There's a famous doctor's prescription for just such cases, and every druggist keeps this standard preparation. It is made from fresh laxative herbs, active senna, and pure pepsin. Just ask for Dr. Caldwell's syrup pepsin. Take a little every day or so, until every organ in your body feels the big improvement.

The next time you have a bilious headache, or feel all bound-up, take this delicious syrup instead of the

usual cathartic. You'll be rid of all that poisonous waste, and you haven't weakened the bowels. You'll have a better appetite, and feel better in every way. The constant use of cathartics is often the cause of a sallow complexion and lines in the face. And so unnecessary!

Would you like to break yourself of the cathartic habit? At the same time building health and vigor that protects you from frequent sick spells, headaches, and colds? Get a big bottle of Dr. Caldwell's syrup pepsin today. Use often enough to avoid those attacks of constipation. When you feel weak and run-down or a coated tongue or bad breath warns you the bowels need to be stimulated. Give it to children instead of strong laxatives that sap their strength. It isn't expensive.

BRUCE BARTON

Writes of "THE MASTER EXECUTIVE"

Supplying a week-to-week inspiration for the heavy burdened who will find every human trial paralleled in the experiences of "The Man Nobody Knows."

A STRONG RIGHT ARM

Stung by his taunt, Jesus accusers hesitated when he told them by what authority he had driven the money-changers from the Temple, and in their moment of hesitation were lost. The soldiers turned their backs; it was nothing that they cared about. But the crowd burst forth in a mighty cheer and rushing forward bore him out of the Temple, the priests and the money-changers scurrying before him. That night his action was the talk of the town.

It is a very familiar story, much preached upon and pictured. But almost invariably the picture shows Jesus with a halo around his head, as though that was the explanation of his triumph. The truth is so much simpler and more impressive. There was, in his eyes, a flaming moral purpose; and greed and oppression have always shriveled before such fire.

But with the majesty of Jesus' glance there was something else which counted powerfully in his favor. As his right arm rose and fell, striking its blows with that little whip, the sleeve dropped back to reveal muscles hard as iron. No one

who watched him in action had any doubt that he was fully capable of taking care of himself. No flabby priest or money-changer cared to try conclusions with that arm.

There are those to whom it will seem almost irreverent to suggest that Jesus was physically strong. They think of him as a voice, a presence, a spirit; they feel the contagion of his laughter, nor remember how heartily he enjoyed good food, nor think of what his years of hard toil must have done to his arms and back and legs. Look for a minute at those first thirty years.

There was no soft bed for his mother on the night he entered the world. He was brought forth in a stable amid animals and the animal-like men who tended them.

When Jesus was still an infant the family hurried away into Egypt. On the long trip back, some years later, he was judged old enough to walk, for there were younger children; and so day after day, he trod beside the little donkey, a hard life.

Early in his boyhood Jesus as the oldest son, went into the family carpenter shop. The practice of carpentry was no easy business in those simpler days. Doubtless the man who took a contract for a house assumed responsibilities for digging into the rough hillsides for its foundation for felling trees in the forest, and shaping them with an axe.

In after years those who listened to the talk of Jesus by the Sea of Galilee, and heard him speak of the "man who built his house upon a rock" had no doubt that he knew what he was talking about. Some of them had seen him bending his strong clean shoulders to deliver heavy blows.

So he "waxed strong" as the narrative tells us—a phrase which had rather been buried under the too-frequent repetition of "the meek and lowly" and "the lamb."

There May Be a Difference of Opinion on Some Subjects!

Some people believe this way and some people that way, but all will admit that selling an idea is usually more difficult than selling a commodity—and especially is it easier in selling the commodity, if advantage is taken of the modern, the economical and the quickest method. That method, is in the use of advertising space in the Herald. Whether you are a merchant or a citizen, when you want to buy or sell, trade or lease, read and use the advertising columns and let people know of your needs or offerings.

When Buffalo Started a Town

By Ed Kressy

HERE'S A LETTER FROM TOM AND JERRY JUNIOR OF CLEARFIELD PA. TELLING US HOW THAT TOWN GOT ITS NAME..... LET'S GO!

THANKS TOM!

AS YOU KNOW, IT WAS NOT SO LONG AGO WHEN INDIANS AND BUFFALO ROAMED WHAT IS NOW THE STATES OF NEW YORK AND PENNSYLVANIA.

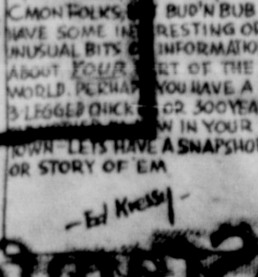

THE BUFFALO GATHERED IN GREAT HERDS ON THE BANKS OF THE SUSQUEHANNA AND PASTURED THERE AT ONE PARTICULAR POINT THE BUFFALO MADE A CLEAR FIELD IN THE SOMEWHAT RUGGED COUNTRY....

THIS CLEARING WAS STUMBLED UPON BY MIGRATING INDIAN TRIBES AND EARLY WHITE SETTLERS. HERE THEY SET UP A TOWN WHICH THEY APPROPRIATELY NAMED CLEARFIELD, SINCE THAT WAS WHAT THEY FOUND IN THE ORIGINAL SITE.

IT IS TODAY THE GATEWAY TO PENNSYLVANIA'S EXCELLENT HUNTING GROUNDS WHERE MORE GAME EXISTS THAN IN THE INDIAN DAYS. CLEARFIELD IS IN THE HEART OF THE ALLEGHENIES AND IS OVER 1500 FEET ABOVE SEA-LEVEL.

This chapter contains three of the wonderful parables of Jesus. The parable of the lost sheep, of the lost coin, and of the prodigal son. The first of a series of three parables for the encouragement of penitents. It shows the love of our Saviour for the outcast, the criminal, and the despised class generally. It rebukes the pharisees, who refuse to be shepherds, for their neglect of that part of the flock, that most need their help, and lastly it indicates that the pharisees are in many respects worse than the sinners who they despise. The owner of the flock is our Lord, the Good Shepherd (John 10:14). The flock is His church embracing men of all kind. The one sheep that is lost and is found is all truly penitent sinners.

The parable of the lost coin sets forth the work of Christ in seeking and reclaiming the lost. This sets faith that of the Church. The woman is the Church, the ten pieces of silver are the human souls in her keeping, the lost piece is the soul which has fallen from grace through her negligence. Eager to atone for her neglect and full of love for her erring and by preaching the gospel and by loving pastoral intercourse, brings back the lost soul to a state of Grace.

The story of the prodigal son or the loving father is truly one of the greatest stories in all literature.

will only give you one thing to remember here. That the older brother represents the self-righteous pharisees whom Jesus has been speaking to, vigorously denouncing the attitude toward the sinners.

**CHEERFUL LITTLE EARFUL**

A merchant was told that he had only one month to live, and so called in a lawyer to put his affairs in order.

"Fix it" he said, "so that my overdraft at the bank will go to my wife she can explain it to them. My equity in my automobile I want to go to my son. He will then have to go to work to keep up the payments. Give my Good Will to the supply house. They took some awful chances on me, and are entitled to something. My equipment give to the junkman; he has had his eye on it for several years—and I want six of my creditors as pollbearers; they have carried me so long they may as well finish the job."

**Lost 20 lbs. of Fat In Just 4 Weeks**

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 years old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle are not joyfully satisfied with results—money back.

**Natural GAS**

is your  
cheapest item  
of expense

Natural Gas Service, because of the fact that rates were not increased when prices generally were on the upgrade, is STILL the least expensive item in the cost of running a household.

During the past summer, when gas was used principally for cooking and water heating, the cost to many homes has been little more than the price of a postage stamp for a daily letter. Even in cold weather when larger quantities are required to guard the health and comfort of the entire family the gas bill represents only a small fraction of the winter household expenses.

In fact, the average gas bill in this section the whole year 'round is only about 15 cents a day for house heating, cooking and hot water supply. . . A dependable year 'round service that benefits the entire family and costs less than the gasoline expense of one small automobile. . . less than any other necessity that contributes to the health, comfort, convenience and happiness of your home.

As a fuel . . . as a service, there is no substitute for natural gas. Take advantage of its inexpensiveness for your complete comfort this winter.
