

Gilliland Boy Takes Top Prizes In Calf Show

Bobby Miller, 12 year old son of Mr. and Mrs. O. R. Miller of Gilliland, went home with a ribbon-covered chest Saturday from the annual Knox County 4-H and FFA Fat Steer and Swine Show, which was held here.

Young Miller exhibited first-place winners in all three divisions of the calf show, and his entries were named Grand and Reserve champions of the show.

Bobby's 960 pound senior entry was judged Grand Champion, and his 830 pound junior entry was Reserve Champion. Both calves were bred by Bobby's father. This is the first time in recent years that one boy has exhibited both champion animals.

Ray C. Mowrey, head of the Animal Husbandry Department of Texas Tech, Lubbock, placed the Junior, Senior and Dry Lot calves in the following order:

Junior Class: 1st, Bobby Miller; 2nd, Gary Cure, Gilliland; 3rd, Nickie Leaverton, Benjamin; 4th, Bobby Miller; 5th, Nickie Leaverton. These boys were all 4-H Club members.

Senior Class: 1st, Bobby Miller; 2nd, Donnie Ryder, Benjamin; 3rd, Gary White, Knox City FFA; 4th, Gary Cure.

Dry Lot: 1st, Bobby Miller; 2nd, Burt Denton, Knox City FFA; 3rd, Earl Hutchinson, Knox City FFA.

Record prices for calves sold in this area this year were paid by merchants of Knox City and Munday at the auction conducted by Lee Smith, following the calf show. A total of \$2,802.88 was paid to the boys for their calves, and the purchasers were as follows:

Gary White's 1,010 lb. calf, purchased by Northern Star Seed Farms, 45c per lb.

Bobby Miller's 785 lb. calf, purchased by City Grocery & Market, Knox City, 47½ cents.

Gary Cure's 900 lb. calf, purchased by Munday CDA, 47 cents.

Nickie Leaverton's 850 lb. calf, purchased by Western Cotton Co., Munday, 48 cents.

Second Game of Play-Off Series At O'Brien Tonite

On Tuesday night the Greyhounds, displaying plenty of determination and hustle, outplayed and outscored the O'Brien Bulldogs in the first game of a two-out-of-three game play-off for the championship of District 12.

After an initial set-back of 5 points laid in by the Bulldogs, the 'Hounds tied the score, then took the lead and were never headed again. The first quarter ended 12-10 for the Greyhounds.

In the second quarter, the local boys turned on the steam to take a six-point lead which the Bulldogs were never able to overcome. The half-time score was 21-15.

The last half was a fairly evenly played game which saw first one team and then the other starting a scoring rally. The third period ended with a score of 32-22.

The last quarter was mostly played with Knox City freezing the ball, and O'Brien attempting to gain possession. The final score was 40-34.

High point scorer for Knox City and of the game was Charles Reed with 12 points. He was followed closely by Jerry Wilson and O'Brien's Dub Johnston with 11 points each.

The second game of the play-off will be in the O'Brien gym tonight (Thursday) and if O'Brien wins, the last game will be played Friday night at Rochester. Game time each night is 7:00.

Last Friday night the 'Hounds won their right to take part in the play-off by soundly defeating Rochester, 38-28. The volleyball girls also won, by a 33-28 score, and the local "B" boys took the big end of a 32-17 score.

Knox Countians Are Invited to Visit New Jail Sunday

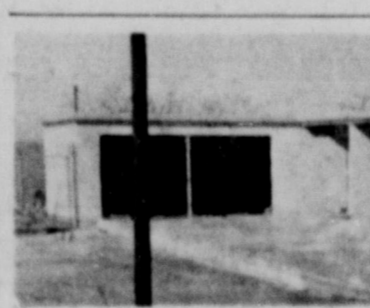

Knox Countians have been invited by Sheriff H. T. Melton and County Judge J. B. Eubank, Jr., to visit the new county jail and sheriff's quarters at Benjamin Sunday, February 18.

The new building, constructed at a cost of \$65,000 from a county bond issue voted last year, is considered one of the best of its type in West Texas. The front part of the buff brick structure is to house the sheriff and his family, and the rear is the jail, containing the most modern jail equipment available.

The sheriff's quarters contain three bedrooms, two baths, living room, night office, and a combination kitchen and dining room. All rooms except the office have thermostatically controlled wall heaters, and all are equipped for air conditioning.

The jail department has a capacity of 20 prisoners, with provisions made for easy, inexpensive expansion to a capacity of twenty-eight. One cell will

be used as a dining room and equipped with a shower bath. In each cell will be four bunks. A hallway between the cells contains all the plumbing, enabling quick, convenient repairs. All windows in the building are in steel sash, and floors and ceilings are concrete, reinforced with heavy steel. In the juvenile wards—one for boys and one for girls—there are steel bunks and showers. There is also a well-equipped cell for women.

This is a view of the sheriff's quarters in the new county jail at Benjamin, which the

Local Dimes Drive Nets \$2,288.59

Despite a short crop year, increased cost of living, and bad weather, the 1951 March of Dimes in Knox City was an outstanding success, according to Rev. E. V. Becker, local chairman for the funds drive.

Rev. Becker reported a total of \$2,288.59 was contributed in various ways by the citizens of Knox City.

The canvass of business houses and individuals, by Claude Reed and C. A. Richardson, netted \$1,190.04 for the fund, according to Rev. Becker. The iron lung coin collectors, placed in business houses, yielded \$72.50, with \$15.50 of the total coming from Durham's Cafe, where all money from coffee sales last Thursday was put in the collection box.

The Talent Show held at the American Legion Hall Thursday night brought in \$461.47. Of that amount, \$129 was from the sale of tickets, more than \$100 from the sale of cakes baked by Knox City ladies, and the remainder from the sale of merchandise donated by Knox City merchants.

A house to house canvass by Rainbow Girls and Boy Scouts brought in \$77.81, nightly collections at the Texas Theatre totaled \$34.72, collections at the Knox City School were \$147.20 and at the colored school \$20.

C. J. Reed, who contributed a percentage of City Grocery & Market's Friday and Saturday cash sales, boosted the fund by \$185.85, and the Knox City Lions Club donated \$100.00.

Half of the funds collected will remain in Knox County for treatment of local victims of polio. The other half will go to the National Foundation for Infantile Paralysis, where it will be used for research and to aid in epidemic areas.

"I want to again thank everyone who contributed to the local March of Dimes, or helped in any way during the drive," the local chairman said. "I feel that Knox City has contributed its fair share, and am well satisfied with the results of the drive. The splendid cooperation of everyone in the community has made it a pleasure to serve as chairman."

Mrs. N. F. Mullins, Sr., is in Dallas to spend two weeks with relatives.

One man was seriously injured and three others had narrow escapes when this drilling rig collapsed on the Underwood lease west of O'Brien early Monday.

Wampler Freed of Murder Charges

Lee Wampler, Knox City ex-nightwatchman, was cleared of murder charges in Judge Lewis Williams' district court at Seymour, when the jury returned a verdict of not guilty.

Wampler was charged with the Feb. 23, 1950, slaying of Guy Milford, Knox City cafe owner, in the alley behind Milford's cafe. On May 24, 1950 he received a 10-year sentence at Benjamin, but on an appeal a change of venue and retrial was granted.

The trial began Monday, and the last witness was heard at 4:45 p. m. Wednesday. The case went to the jury at 9:55 p. m. and the verdict was returned shortly after midnight.

District Attorney Roy A. Jones of Paducah was assisted in prosecuting the case by T. R. Odell of Haskell and T. F. Glover of Seymour. Wampler was defended by W. T. McClain of Ft. Worth, and R. J. Balch.

Man Injured When Drilling Derrick Falls

John McCrary, about 30, was seriously injured when the oil derrick on which he was working collapsed at 3:00 a. m. Monday.

Mr. McCrary, who was working 80 feet above the ground in the 129-foot derrick, rode the falling rig all the way to the ground amid a jumble of twisted steel and drillstems.

The injured man was rushed to the Knox County Hospital where he was found to be suffering a broken pelvis and broken arm, and was given several blood transfusions to combat shock. Later he was carried to the Wichita Falls Clinic-Hospital, where he is under the care of a bone specialist.

Three other men, Earl Yarbrough, Burl Hughes and the driller, G. W. Dickson, were on the derrick floor when the rig began falling, but miraculously escaped serious injury. Hughes and Yarbrough got off the floor before the derrick had completely collapsed, but Dickson remained and was slightly injured by falling debris.

The rig, belonging to Frank Wood & Associates, was drilling the Katz & Venable No. 1 Underwood, near the McGregor and Dozier wells southwest of Knox City. The crew had topped the Strawn sand, pay formation in that area, at 4803 feet, drilled to 4805 and were coming out of the hole preparing to core. Broken bolts were believed to blame for the accident.

The derrick fell backwards, across the engines, and the drillstem was broken and fell back in the hole. Before the drillstem broke it pulled the crown block from the top of the collapsed derrick to the platform where the derrick man worked, narrowly missing Mr. McCrary.

A crew from Kit Gray Rig Builders, Wichita Falls, arrived Monday and began clearing the wreckage, and a new rig is being put up to complete the well.

Now—How about traffic on the Santa Fe?

With the cooperation of our officers, and of the employees who remained at work, Santa Fe managed to keep thousands of freight cars and all its passenger trains moving during the "outlaw strike" which began January 30th and which so severely crippled our country's rail transportation. Santa Fe could not, of course, operate at its top efficiency.

Now vital supplies, which have been piling up in freight terminals during the past several days, are starting to move.

A complex situation

There is one point, however, we know the public will understand. So complex a thing as America's transportation system cannot be turned off and on like a water faucet.

Thousands of "car days" were lost due to freight cars standing still. Even though cars are now moving it is bound to take a while before congestion is relieved and delayed cars are unloaded at their destination.

Santa Fe was able to deliver more cars to other railroads than other railroads delivered to Santa Fe. Consequently, Santa Fe now has substantially less cars on its rails than when the "outlaw strike" began. Naturally, this will result in a shortage of cars until this complex situation has been cleared.

A word to our shippers

We are doing everything possible to speed up the return to normal. We ask, however, that shippers who now need cars bear with us during this period.

Santa Fe expresses its thanks to its shippers and passengers for their patience and understanding during the trying times we have all just passed through — and also to all our people who cooperated in this emergency, many of them responding beyond their normal call of duty.

**We Didn't Need
A "Roll Back" --**

When we checked our prices against the goods and services price regulations (and we had a trained auditor to do it) we found that we didn't have any "roll backs". Not only did we have no advances after December 19 to January 25—we had MADE NONE for several months before the regulations went into effect.

Price and slaughter operations allowed local food processing plants such as ours are very fair, even liberal. The use of your own community's locker and slaughter service is fully available to you. Come in and see us. And we suggest that you do so promptly, as we have only four frozen food lockers available for rental.

STREAMS

in Desert Places
 By OZELLE STEPHENS

"Lo I am with you all the appointed days", Matt. 28:20. This is a promise from the Lord, that He is with you all your days. There is another scripture that says, "I know the way you take". Then if the Lord knows the way you must tread, He knows what you must go through and has promised to be with you all the way. If you will look forward to the changes of life with Faith in the Lord, He will give you courage to march on to victory with a Full Hope. If you will hold fast to His dear hand He will lead you through all things; and when you cannot stand He will bear you in His arms. He will shield you from suffering or He will give you an unyielding strength to bear it. Be at peace, put aside all anxious thoughts and imaginations.

David said, "The Lord is My Shepherd, I shall not want". You can say the same if Your trust is in Him. He is yours every day of the week; He is yours every month of the year; He is yours at home or in any place you go; He is yours in peace or war, in abundance and in penury. He will be to you as "A Great Refreshing Stream In All Your Desert Places".

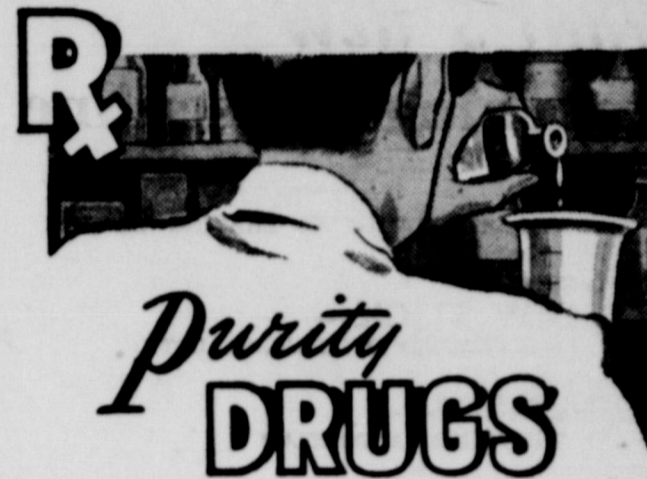

Mr. and Mrs. Pete Rutledge of Lubbock spent several days this week in Knox City with her parents, Mr. and Mrs. C. Bohannon.

Mr. and Mrs. James H. McBeth of Hale Center were here last week to attend funeral services for her grandmother, Mrs. Ruthie Jane Camp.

Jack Idol of Benjamin, chairman of the Wichita-Brazos Soil Conservation District, and Clay Grove of Munday plan to be in Oklahoma City February 20, when more than 2,000 farmers and ranchers meet for a three-day convention devoted to the one common interest to all of them—conservation of the nation's soil and water resources.

Pvt. Hardy Day, who left Friday, Feb. 9, for service in the army, is now stationed at Pine Bluff, Ark., for basic training, his parents, Mr. and Mrs. Roy Day, learned this week.

Mrs. J. Rollie Pray of Fort Worth arrived Monday for a visit with her daughter, Mrs. Clyde E. Williams, and family.

Texas motorists, Texas highways and Texas taxpayers should be protected against the ONE PER CENTERS.

ONE PER CENTERS are truck combinations weighing, loaded, 20,000 pounds or more. Only one of every 100 vehicles registered in Texas pays a license fee for 20,000 pounds or more. FEWER than three out of every 1,000 are registered for more than 40,000 pounds.*

Our highways should be SAFE for ALL the people—individuals, commercial users and the military alike.

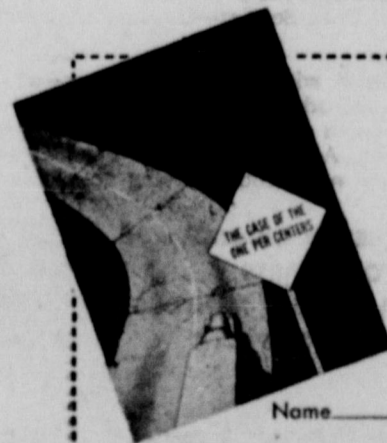

Texas highway tax dollars should be conserved and used wisely. This can be done

- (1) by limiting the weight (gross load and axle load) that may be transported legally by the ONE PER CENTERS and
- (2) by enforcing the law against those who persist in overloading.

Texas highways are paid for by and belong to ALL THE PEOPLE. Highways adequate for 99% of Texas users—individual and commercial—can be constructed and maintained for about ONE-THIRD of the cost made necessary by the weight of the ONE PER CENTERS.*

This is your problem. Send for your copy of the booklet, "THE CASE OF THE ONE PER CENTERS," which tells you, among other things, why

BENJAMIN TO STAGE DONKEY BALL GAME

Fun loving sports fans are promised a field day of hilarious entertainment when the Ralph Godfrey Donkeys, from Crescent, Oklahoma, are in Benjamin on Saturday night, February 24.

A big program has been arranged, according to S. E. Reed, superintendent of the Benjamin Schools. In addition to the main event "Donkey Basketball," a preliminary stunt, known as a "Hobby Donkey Derby," and a trick mule act between quarters will be presented to round out a full evening of fun for old and young.

Sponsor of the show is the Benjamin Athletic Dept., and the scene of enactment will be the Benjamin gym. Curtain time for the first event, 7:30 p. m.

The Hobby Donkey Derby is a series of races in which local personalities will ride mechanical donkeys, with prizes being awarded the winners. Advance reports indicate that this new and copyrighted feature "out-donkeys the donkeys".

Two and possibly three games of shorter than regulation periods will be played on the donkeys in the popular sport, "Donkey Basketball." Two teams of girls will play the first game, it was announced. Two teams of business men and prominent citizens will take the floor (and the donkeys) for the second contest and the final game will be between two teams of young men who can stand the action of a whirlwind finish.

Before the final period starts the manager of the donkey company will present an act by
