NUMBER 21

Highway Plans Discussed at CofC Meeting

The meeting of the Chamber of Commerce Tuesday at noon proved to be largely a meeting for the discussion of roads and highways of the county etc. This being the subject of pertinacious importance, much enthusiasm was manifest concerning the various plans, proposed projects and possibilities.

Mr. Hendricks of the Chamber of Commerce of Sweetwater was present and gave an interesting discussion of the 390 mile highway, number 16, that stretches from Eldorado Oklahoma to Del Rio. Of course this distance is interspersed with a few gaps on unpaved road, which is now being given much attention by most all the towns and cities along the 390 mile road. The unpaved gaps amount to approximately 15 per cent of the entire distance, Knox County being among the 15 per cent. When these gaps are all paved we (Knox county) will be part owners of a cardinal highway.

According to Mr. Hendricks the greatest strength toward achieving the task concerning the 15 per cent is the coordination of the towns along the route. A little tightening up with a not to be denied spirit. Mr. Hendricks invited the local C. of C. to send representatives to a meeting which was being held Wednesday in Hamlin in connection with the project. J. T. May, E. O. Jamison, T. P. Frizzell and S. M. Clouts with commissioner Griffith were appointed to make this representation.

Commissioner Griffith made a lengthy report of the various county projects now in hand as well as a report of the movement to obtain a new designated highway from Knox City to Munday. Both towns apparently are pulling for the connection of highways 16 and 30 which connection should be made. The one now maintained is in bad condition with possibilities of improvement thin.

Work on the north end of highway 16 is becoming more evident daily with a detour soon to be made. This detour, according to the commissioner, will be routed by J. W. Smith's place. Mrs. Bohannon and Verhalen. Detour signs will plainly mark the way.

The C. of C. adjourned Tuesday to meet again Tuesday noon January 30 with H. M. Warren and C. S. Aiken luncheon committee.

Odd Fellows To Have Big Feed

Announcement was made Tuesday at the Chamber of Commerce meeting by Mr. C. S. Ameen that the Odd Fellows of the county and adjoining towns on the south would have a meeting and big feed on the night of Friday, January 26th.

The Odd Fellow meeting held on Friday last week was well attended and the boys hope to secure their charter again and have a hall ready for use at the next meeting. Ameen showed much enthusiasm over what has been and is being done.

All Odd Fellows are invited to meet here on the night of January 26 with well filled picnic baskets. Ameen is furnishing coffee for the entire crowd.

Miss Mary Reeder spent the past weekend here with her mother.

CARD OF THANKS

The Herald is authorized to speak to you an expression of appreciation for Mrs. L. H. Hackney and children. Mrs. Hackney stated they especially appreciate the skill, patience and kindness of the doctors and nurses in the Knox County Hospital shown for Mr. Hackney.

Visits made and remembrance given by other friends were also greatly appreciated.

David Clarke Dodges Car Hits Another

Monday afternoon David Clarke, small son of Mr. and Mrs. Press Clarke, succeeded in dodging one car and avoiding an accident but jumped into another one and received an injured foot.

David and L. N. Bridges Jr. were walking in the road, evidently crossing the street, near the Bridges Service Station. A car going south honked at the boys and David dodged, without knowing that another car was coming from the south, and jumped into the side of the second car. Several people witnessed the accident but just how David received a sprained ankle and no other injury is not yet known.

Mrs. Press Huchcock was driving the car that struck David. She was driving very slowly but had she been going fast she probably would have been able to pass without having met David's dodge.

MRS. KECK ENTERTAINS WITH DINNER

Mr. and Mrs. C. H. Keck entertained Tuesday evening with a buffet dinner and 42. The menu included turkey with all the fine trimmings.

Out of town guests were Mr. and Mrs. J. M. Edwards of Seymour, Mr. and Mrs. Frank Keck and Mrs. and Mrs. Hermon Ballerstedt also of Seymour and Mr. and Mrs. Ogle Robinson of Rochester.

BILLY BROTHERS VICTIM OF CAR ACCIDENT

Little Billy Brothers, five or six years of age, of Rochester is in the Knox County Hospital with head injuries received when struck down by a car driven in the main street of Rochester Sunday afternoon.

Billy and his father were crossing the street to enter the drug store. An approaching car, driven by I. B. Smith of Knox City, struck the child. He was critically injured, and rushed to the hospital. It was first believed his injury would prove fatal; however, Billy is coming out of it well and doing fine.

Moving

As has been so for the past few months, when one family in Knox City moves it necessitates several others having to move. Think this over.

Ed Shaver bought the J. W. Hamm home; he then traded it for the Farr home and is having Mr. and Mrs. Anderson (Mrs. Shavtr's parents) move in. The Farr family moved into the Hamm home, the Hamm family bought the J. J. Horton house and Charley Hughes who was renting the Horton place, is looking for a house.

And how is this one? J. F. Griffith moved this week from Mineral Wells back to his home in Knox City. The Daniels family had to move so they took the Frank Griffith place and Frank and his wife moved in with his father J. F. Griffith.

Edwin Clarke and his wife have traded their little home for a farm and are moving to Brownfield. His place goes to I. R. North and Edwin is renting it for Mr. North.

The question is being asked: "Is the Davis family going to move?" You know they have sold their grocery store and plan to raise cattle. Well, we have heard it said that Lloyd and the son are moving to the ranch.

E. W. Mathews has traded his Blacksmith Shop, and fattens factory and his home for a farm at Dumont Texas. G. T. Roper comes here in charge of the two businesses and is moving into the Mathews home.

Mr. Chamberlain Again Offers for County Clerk

Marvin Chamberlain has authorized this paper to announce his candidacy for re-election to the office of County Clerk of Knox County subject to the action of the Democratic Primaries. Mr. Chamberlain needs no introduction to the voters of the county having lived in this part of the county for the most of his life and his duties as county clerk have brought him into contact with most of the people of the county. In making this announcement Mr. Chamberlain calls attention of the voters to his past record for courteous, prompt and efficient service and promises that if re-elected he will do all in his power to make them an efficient officer. He thanks the voters for their past support and asks a continuation of their support in the coming election.

P T A Program Features Munday Supt.

Superintendent Bass of the Sunday public school was featured as principal speaker on the subject of Thrift at the Parent-Teacher program given Tuesday evening in the school auditorium.

Mr. Bass expounded his subject from the standpoint of spiritual and moral development stating that thrift today was considered not as a financial program but one in which the standard of living is elevated. He concluded with a quotation worthy of repetition, thus "the new deal offers you a chance of a lifetime, can you make the most of it, it's up to you."

The program of Thrift had as its leader, Superintendent King of the Knox City school. Mr. King worked in conjunction with the dads of the town and gave one of the finest programs the Parent-Teacher Association has had for the current school year.

Local speakers included Reverend Howell and Mr. O. L. Jamison with little Miss Nella Shaver rendering a lively reading on Thrift.

A number of the Baptist ladies of the city attended the Haskell Association meeting of the W. M. U. held last Wednesday in Rule. They heard two prominent state leaders speak.

Earl Samms Announces for Assessor Collector

Earl Samms has authorized this paper to announce his candidacy for the office of Tax Assessor and Collector of Knox County subject to the Democratic primaries. Under recent action of the Legislature the offices of Tax Assessor and Tax Collector have been combined in counties of over ten thousand population and Knox County comes in this classification. In making the announcement Mr. Samms calls attention to his past record as Tax Assessor of Knox County. He is thoroughly familiar with the work and promises that if elected to the newly created office he will continue to give the people of the county courteous and efficient service. He expects to see all the voters of the county before the election but takes this method of making his formal announcement as a candidate for the office.

Narrow Bridge Causes Painful Accident.

Mrs. Dan Weaver of Munday, who was here visiting her daughter Mrs. Cameron Biffie, fell Saturday night off the footbridge west of the First Christian church and dislocated her shoulder. It was a painful accident but Mrs. Weaver is getting along well.

Although the two footbridges now in use on each side of the road just east of the Erwin Service Station are considerable improvements over the ones in use there only a few months back, they are yet insufficient in size. They are strong and durable but are a bit narrow especially to be used without banisters. Any one not knowing their width by virtue of frequent crossings, would be apt to miss his footing as did Mrs. Weaver.

MRS. RAYMOND WHITE HONORED WITH SHOWER

Mrs. Raymond White, bride of only a short while, was honored Wednesday of last week with a miscellaneous shower given in the home of Mrs. Berry West in O'Brien, Co. Hostesses were Mrs. S. L. White, Mrs. Earl Cook and Mrs. Ruth Barnard.

In a contest on giving advice Mrs. H. L. White proved very efficient; in fact, she won the prize. After presentation of gifts refreshments of cake and hot chocolate were served. Mr. and Mrs. White are making their home with his parents Mr. and Mrs. John R. White of Needmore.

More than thirty Missionary ladies of the Methodist church enjoyed a social of the society Monday afternoon given in the home of Mrs. T. S. Edwards, co-hostess being Mrs. John A. Smith and Mrs. Shirley Park.

The first of the afternoon was given to a business session, being presided over by the new president Mrs. J. A. Wilson. Mrs. Wilson made an inspiring talk on assuming duties of the new year as a Missionary Woman. The social hour was conducted by Mrs. Park and several clever games were introduced. Capsule Sisters were revealed (and what a revelation that proved to be) and new names were drawn for another six month period.

Mrs. Edwards and her assistants served a delicious plate of congealed fruit salad, sandwiches, mints and coffee. Plate favors were valentines.

Mrs. Roy Baker and son spent the first of the week with Mrs. Roy Arledge in Stamford.

Lloyd Waldrip New Owner R and W Store

A very prominent business transfer was made this week when Lloyd Waldrip bought and took over the management of the Red and White Grocery Store known also as the Davis Cash Grocery.

Mr. and Mrs. Lloyd Waldrip have been operating their small grocery store located west of the Willis Feed Store. They have bought the Red and White store combining the stocks and operating in the Red and White location.

Mr. and Mrs. Waldrip seem to have a "knack" for filling grocery bills and have made this step forward with the view of serving a bigger public. They invite you to their new location. Read their advertisement in this issue of the Herald, page 4.

The Retiring Merchant

Mr. and Mrs. Davis are quitting the grocery business. They have served the public in the present location of the Red and White Store for the past 12 years. The last nine years they have conducted the grocery store, the three previous a cafe. Although they have not fully discussed their plans for the future, they have stated they will raise cattle another year.

Entered in the Postoffice at Knox City, Texas for transportation through the mails as second class

Upon visiting the various class rooms in the Knox City school we met a situation that is a very difficult one for the teachers in charge. Two of the rooms in the lower grades are entirely too crowded for either the teacher or the pupils to do their best work. This condition exists in the first and second grades.

Miss Graham, first grade teacher, has 45 pupils; and Miss Rice, second grade teacher, has 55. School patrons, this is deplorable. No teacher can handle that number of children that are and do justice to them and herself in her work. It is unfair to expect such of a teacher and for such to be corrected the patrons must become vitally interested.

Without a doubt the school board will be glad to be informed of any condition in which pupils cannot do good work and if properly presented this matter by the patrons, we feel sure that the correction will be made.

We urge you, first and second grade parents especially, get together on this matter and appeal to your school board.

Sanitary Barber Service
 Always at
Reid's Shop

It is noticeable this week that Sam White is making a rose garden and a fish pond. The rose garden is located to the west of his home and is "sunk". The fish pond is heart shaped (Dan cupid must have been busy when Sam put that pond) and is on the east side of his new front cement walk.

Wednesday night of last week a car nose dived into the ditch at the bridge at the J. H. McLaughlin home. Two women were trying to drive in without lights. Neither were injured and only small damage done to the car.

YOUNGER SET BRIDGE CLUB

Misses Margaret Reeder and Clara Clarke entertained members of the Younger Set Bridge Club and they dates with a buffet supper on the evening of Friday, January 12 in the home of Miss Reeder.

The serving table was beautifully laid with lace doilies and silver, centered with black and silver tulips surrounded with green tapers mounted in silver holders. The menu included veal loaf with tomato sauce, dressed eggs, cold slaw, olives, cheese rolls, open face sandwiches, caramel pie and coffee. Salted nuts concluded the supper.

Games of Bridge followed, those participating being Miss Edwards and T. P. Withrow, Miss Hoge and Jack Spikse, Miss Browning and Leo English, Miss Swift and W. T. Averitt, Mr. and Mrs. Billie Clarke, Mr. and Mrs. Chad Wilson, Miss Clarke and Kenneth Edwards and Miss Reeder and Lester Golightly.

Miss Margaret Reeder entertained the members of the Younger Set Afternoon Bridge Club on Tuesday of this week. Refreshments of chili, toasted crackers, mince pie and coffee were served. The club meets next with Miss Swift.

At the business session Miss Swift was elected reporter to fill the vacancy made when Miss Edwards returns to College. She plans to leave Saturday for Denton.

EARL SCOTT KILLED IN CROWELL

Mr. Earl Scott, who is a brother to Mrs. Stroop of Knox City, was killed instantly Sunday night in Crowell when shot by hotel manager Charles Lloyd.

After having secured his room at the hotel, Scott and Lloyd became involved in an argument and Scott was shot down. Burial was made Tuesday at Crowell.

Mr. Scott was teamster for the highway department. He is survived by his wife and one child, a daughter, also other relatives among whom is his sister Mrs. Stroop of this city.

SUNDAY SCHOOL LESSON

Rev. Chas. E. Dunn
 Jesus Begins His Ministry
 Lesson for Jan. 21st. Matt. 4:12-25
 Golden Text: Matt. 4:17.

The lesson presents the Master as preacher, recruiter, and healer. As a preacher He proclaimed the same message heralded by John, "Repent!" The word literally means "Change your mind." We are to cultivate a new point of view, to cherish a different outlook, a fresh vision.

As a recruiter He summoned to his side for men of varied capacity and outlook. The first and most important was Simon Peter, the leader of the Twelve. We remember all his faults. He was boastful. He was prayerless at Gethsemane. His hot zeal got the better of him when he cut off the ear of the high priest's servant. And he openly disavowed his Master with oaths. And yet what a tower of strength he became a veritable rock of Gibraltar!

The second recruit was Andrew, Peter's brother. He is the commonplace, unheralded hero of the gospel record, the quiet, unobtrusive helper who seldom appears in the swift drama of Jesus' career. So far as we know, he had no special gifts. Apparently he performed no miracle. Neither did he found a church. And yet this one-talented man used his inferior endowment with rare sweetness and nobility.

The other two new disciples were cousins of Jesus, James and John, the "Sons of Thunder." With Peter they enjoyed a special intimacy with the Master. They were men of similar spirit, who journeyed together when the Twelve were sent out two by two to preach the Kingdom of God. James, because his life ended with an early martyrdom, did not reach the distinction of his brother. But he was a devoted son. John, of course, is given a special place of prominence as "the disciple whom Jesus loved."

As healer, we find the Master overwhelmed by a host of pathetic sufferers, the victims of both physical and mental ailments.

Miss Sadie Gabriel returned to her home in Fort Sunday.

Mrs. Mable Pyatt visited in Benjamin Monday.

Mr. and Mrs. Henry Arledge visited with Mr. and Mrs. Roy Arledge in Stamford Sunday.

Mr. and Mrs. L. N. Bridges and son L. N. Jr. spent Sunday with Mr. and Mrs. Jim Bridges in Aspermont. They attended church services there, hearing Reverend J. C. Mann.

Neal Logan left the city Wednesday for Fort Worth where he will take the examinations given those seeking to become registered pharmacists.

Miss Faye Boyles of Wichita Falls was the weekend guest of her sister Mrs. C. H. Keck. Mr. and Mrs. Keck accompanied her as far as Seymour Sunday enroute to her home.

Mr. and Mrs. Ben Farmer and daughter spent the weekend in Dumas and Lubbock. They visited his brother in Dumas and their son Panny in Lubbock.

Mrs. D. W. Davis entertained the Bridge Club Tuesday night. The five tables of players include Mr. and Mrs. Merate Armstrong of Benjamin and Mr. McMillon of Mississippi. Refreshments of congested chicken salad, pickles, strawberry short cake and coffee were served.

Over and above this REGISTERED protection, the Southwestern Life has Capital and Surplus amounting to \$6,597,248.40, which serve as further protection to Policyholders. And the Southwestern Life does not owe a dollar to any bank nor government agency.

Science says Today use a LIQUID Laxative

If you want to GET RID of Constipation worries—

Any hospital offers evidence of the harm done by harsh laxatives that drain the system, weaken the bowel muscles, and in some cases even affect the liver and kidneys.

A doctor will tell you that the unwise choice of laxatives is a common cause of chronic constipation.

Fortunately, the public is fast turning to the use of laxatives in liquid form.

A properly prepared liquid laxative brings a perfect movement. There is no discomfort at the time and no weakness after. You don't have to take "a double dose" a day or two later.

In buying any laxative, always read the label. Not the claims, but the contents. If it contains one doubtful drug, don't take it.

Dr. Caldwell's Syrup Pepsin is a prescription preparation in which there are no mineral drugs. Its ingredients are on the label. By using

it, you avoid danger of bowel strain. You can keep the bowels regular, and comfortable; you can make constipated spells as rare as colds.

The liquid test:

This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics!

First, Select a good liquid laxative. 2. Take the dose you find is suited to your system. 3. Gradually reduce the dose until bowels are moving regularly without any need of stimulation.

Syrup pepsin has the highest standing among liquid laxatives, and is the one generally used. It contains senna, a natural laxative which is perfectly safe for the youngest child. Your druggist has Dr. Caldwell's Syrup Pepsin.

EMPIRE STATE OF MAINE HEAR ABOUT EMPIRE STATE OF TEXAS

Up in Portland, Maine, historical referred to as the Empire state, the people have been hearing just a little about the wonders and notable characteristics of Texas, the empire state in reality. In the Portland News recently appeared an article which the News says, "was written in Laredo, Texas and is being circulated in a perfectly old blooded manner by an official body."

In regard to the brief the News a copy which was received by Richard Cluck of Dallas, makes this comment, "Texas goes after things in a big way and the manner in which she has gone out for the empire state championship is at once astonishing, and embarrassing. Texas apparently has never heard that there was another Empire state in the Union. Texas pays no respect to age and history. So far as history is concerned, it started when Texas went into that business."

MODEST CLAIM MADE

The article referred to by the Portland paper follows:
 "Texas occupies all the continent of North America except the small part set aside for the United States and Canada. Texas owns the north of the Rio Grande, the only dusty river in the world; also the only one, with the possible exception of the Trinity, which is navigable for mud cats and pedestrians.
 "Texas is bounded on the north by twenty-five or thirty states, and on the east by all the oceans in the world except the Pacific and on the

South by the Gulf of Mexico and South America, and on the west by the Pacific Ocean, filky way and the real side of the universe.
 "If Texas were chopped loose from the rest of the United States at the Panhandle it would float out into the ocean, as it rests upon a vast subterranean sea of fresh water.
 "Texas is so big that the people of Brownfield call the Dallas people 'snobs' and citizens of Texarkana as being snobs from the elite east.
 "It is 150 miles farther from Laredo, Texas to Texarkana, Tex. than it is from Chicago to New York City; Fort Worth is nearer to St. Paul, Minn., than it is to Brownsville."

Money No Object

"The chief occupation of the people of Texas is trying to keep from making all the money in the world. The chief pursuit of the people of Texas was formerly Mexican banditry. But now it is land buyers, steers and Texas crop records."

"The United States with Texas it would look like a three-legged Boston terrier."

"Texans are so proud of Texas that they cannot sleep at night. If a Texan's head should be opened the map of Texas would be photographed on his brain. Unless your front gate is eighteen miles from your front door you do not belong to society as constituted in Texas. Mrs. King's gate is 150 miles from her front door and she is thinking of moving her house back further so that she will not be annoyed by passing automobiles and poodlers."

"Other Texas landlords have whole mountain ranges on their ranges and rivers on their ranches. One Texas has forty miles of the navigable land on his farm. If the proportion of cultivated land in Texas were the same as Illinois the value of Texas crops would equal that of the forty seven other states."

"Texas has enough land to supply every man, and woman and child in the world with a tract of land of five by twenty feet, and have enough left over for the armies of the world to march around the border five abreast."

"Texas grows enough alfalfa, if balled and built into a stairway, to

reach to the pearly gates.

"If all the hogs in Texas were one hog he would be able to dig the Panama Canal in three roots."

"If all the Texas steers were one steer he could stand with his front feet in the Gulf of Mexico, one hind foot in the Hudson Bay, the other the arctic ocean, and with his horns-inch holes in the moon, and with his tail brush off the mist from the Aurora Borealis."

"If all the cotton raised in Texas annually were made into a mattress all the people in the world could take nap at the same time."

"Texas is rightly named the Garden of the Lord, and if all the Bermuda Onions grown around Laredo were made into a necklace it would encircle the globe."

INTERSCHOLASTIC LEAGUE

Mrs. Otis Cash met with the County Executive Committee for County Interscholastic League work last Saturday in the County Superintendent's office at Benjamin. Mrs. Cash went as a substitute for Mr. Deane who was unable to meet the committee because he was attending a Boys Basket Ball Tournament at Quannah. The following report was given:

The County Basket Ball Tournament will be held at Goree one week before the district tournament. The games will begin at four o'clock on Friday afternoon and last through Saturday night. Junior boys' senior boys' and senior girls' teams will take part in the tournament.

The admission for each session of games will be 10 cents and 15 cents. The base ball, or playground ball, and volleyball will be played at Sunset one week before the regular county meet.

The tennis will be played at Benjamin. The Director General of the county will set a day for tennis. No fixed date could be set now because contestants must have pretty weather in order to play tennis.

All tract events and literary events of the Interscholastic League work for Knox County are to be held at Munday. The literary events will be held on Friday, and the tract events will be held on Saturday two weeks before the district meet.

GIRL'S BASKET BALL

The Knox City girls met and defeated Rochester High School on Thursday night January 11, 1934. Both teams played a fair game but the Rochester club seemed to have an off night and never were they able to loop th basket as they usually do. At the first sound of the whistle the score was 25-9 in favor of the Greyhounds.

On Monday night January 15, the Female Greyhounds played both O'Brien and Rochester at the O'Brien gymnasium and were victorious in both games. The final score being in the first, Knox City 44, O'Brien 9; and in the second, Knox City 15 and Rochester 14. The girls have been working hard in order to attend a tournament the second and third of February, having received invitations from both Rule and Roby. It has not definitely decided which of the invitations they will accept.

Clyde Graham likes Clydene Smith Estenia Opal Rutledge doesn't make a hit with the boys and yet everyone is trying to find out who her buddy is.

TOURNAMENT AT QUANAH

Coach Dean and Eight basketballers attended the tournament at Quannah this past weekend and report a fine time for all who attended. There were 20 teams from all West Texas to compete in the contests and the local boys happened to draw a strong contender in the person of Memphis cyclones and came off the short end of a 38 to 16 count. This trip was the first of a series of tournaments the greyhounds will take providing they all stay eligible.
