hymns. Rev. Derrell Marion, pastor of the First Christian Church will give the morning prayer followed by the Rev. James Patterson, pastor of the First United Methodist Church, who will bring the early morning Easter message.

The Knox City High School Choir, under the direction of Mrs. Melvin A. Lowrey, will provide special Easter anthems including "He Lives", "The Sacrifice", "Ten Thousand Angels", and "He Is Risen".

Special guest in attendance will be Dr. Fred Beard of Pittsburg, Missouri, pioneer of the Gilliland Church.

## Golf Tourney April 24-25

The Knox City Country Club's invitational golf tournament slated Saturday and Sunday, April 24 and 25, will be the Men's Best Ball Partnership (Louisiana Draw) and big cash awards will be awarded the first three places in each flight, according to Mat Verhalen, club president.

Starting times will be at 8:30 a.m. and 1:30 p.m. and those who can play on Saturday morning are asked to do so, Verhalen said.

Practice rounds will be April 23 with a shotgun start on Sunday, April 25.

Minimum is 12 teams per flight and a \$40.00 per team entry fee will be charged.

Verhalen explained that golf equipment will be substituted for those who wish to protect their amateur standing.

For further details, persons may contact Mr. Verhalen at 658-3780, Weldon or Willard Skiles at 658-3564 or 658-3479, or Skiles Brothers Service Station during day-time hours at 658-3122.

## Absentee Voting Now In Progress

Absentee voting for the first primaries of 1976 began in Texas last Monday, April 12, twenty days before the May 1 primary, and will continue through Tuesday, April 27.

Persons intending to vote by absentee ballot may do so by personal appearance at the County Clerk's office in Benjamin or by mail if they have made application for same, according to Mrs. Zena Waldron.

RECEIVING AWARDS for outstanding endeavor in the field of agriculture Thursday night at the annual Chamber of Commerce were, left, Leon Burkham, and Lee Smith, at right. Making the presentation was W.R. (Bill) Baker, chairman of the awards committee.

## Chamber Honors Two Outstanding Ag Men

Two men who have made outstanding contributions to this agricultural community were honored at the annual Chamber of Commerce banquet last Thursday night in the school cafeteria.

Lee Smith, Knox City rancher, and Leon Burkham, Knox City High School ag teacher, received plaques from W.R. (Bill) Baker of the awards committee for their support of numerous activities that contribute to the betterment of the community.

In addition to his help locally with the ag shows and youth endeavors, Smith serves as local chairman of the Cattlemen's Roundup, which supports the West Texas Rehabilitation Center in Abilene. Smith explained with deep emotion that the Center was one of the dearest things to his heart. The lifelong resident and his wife, Jerry, are members of The First United Methodist Church.

Leon Burkham, vocational agriculture teacher here for the past 15 years, was cited for his work with the high school ag programs along with his interest in youth. He and his wife, Leona, are the parents of three children, Mike, Gaylynn, and Bobby Don. The family belongs to the Church of Christ.

Others receiving recognition during the banquet were Melinda Hewitt, winner of the Miss Spirit of '76 contest; Timilu Graham, a winner of

the statewide Youth For Understanding essay contest; and Jane Arledge, winner of the Bicentennial logo contest for Knox City.

Also recognized were the four winners of a local Bicentennial essay contest who were Lisa Cockerell, Jamie Clonts, Charles Durham, and Patti Counts, all Knox City High School students.

Entertainment was presented by KC seniors Patti Counts and Timilu Graham who sang three numbers with guitar accompaniment by Timilu.

State Representative W.S. (Bill) Healy of Paducah, guest speaker, described the hardships endured by the original 13 colonies in their struggle for freedom in this great land, saying, "We have a great heritage to live up to, and I only hope that we can leave this country in as good a shape as our forefathers left it for us."

A painting of a windmill on a prairie done by local artist Dean Johnston was presented Mr. Healy in recognition of his friendship to Knox City. Healy, who serves the huge 101st Legislative District, was accompanied by his wife, Jonnie.

Outgoing chamber president David Counts expressed his appreciation to those with whom he had worked the past year and reviewed some of the progress the town has made. He mentioned the new businesses and homes that

had been built, the city's new water and sewer improvements along with improvements to the municipal airport, proposed housing, and plans for downtown parking. He thanked retiring directors Billye Angle and Jimmy Lynn, youth director, for their efforts and presented plaques to them. Counts is also retiring.

## Teacher Contracts Extended

In the March regular meeting of the Knox City School Board, employees were rehired for the 1976-77 school year, including Oscar Mangis, tax assessor-collector; Mary Beth Smith, business manager; Bill Holcomb, principal; Melanie Whitley, secretary; Margie Clonts, Louise Kemletz, Linda Underwood, Earlene Austin, Ronnie Verhalen, Frankie Baker, Mary Jo Lankford, Renella Watson, C.H. Underwood, Dottie Lowrey, B.R. Winchester, Jimmy Rogers, Steve McIlhoney, James Reid, Hubert Seale, Vera Newton, Leon Burkham, Jim Dillon, Florence Morgan, Alice Cooper, teachers; Wretha Fitzgerald, nurse; LaRue Reeves, counselor; Birdie Helton and Barbara McGaughey, aides.

Joanna Delgado, Frances King, and Zoy Risinger are employed as teachers in Special Education as well as Idella Escobar, Janis Lankford, and Esther Conn as aides.

Hazel Long is retiring at the end of the 1975-76 school year, and Leonard Morgan is not returning due to the fact that the CVAE program was not renewed for another year.

W.R. Baker's contract as superintendent was previously extended for another year in the January meeting.

## Town Meeting Tonight

All Knox County residents, along with persons in the O'Brien and Rochester communities, are invited to be on hand tonight, Thursday, at 7:30 o'clock in the school auditorium for a "Town Meeting". Purpose of the important meeting is to pool ideas to recruit a physician and hopefully, two, to serve the town and Knox County Hospital.

Since the announcement on March 30 by Dr. R.G. Howell that he was closing his practice here effective May 31, efforts have continued in locating another physician. In fact, a search has been going on for the past several months in an effort to secure another doctor to help Dr. Howell.

Glen Rumley, hospital administrator, explained to The News office that even though many contacts have been made, sometimes word of mouth produces more results

than other contacts.

Most of us can never remember a time that Knox City and the immediate areas were without a doctor and it is imperative that every effort be made and be made RIGHT NOW in order to help save our town and the surrounding communities. The Knox County Hospital is certainly a credit to the entire area, as well as the Brazos Valley Care Home, and the clinic.

It is very hopeful that the called meeting of all area persons will prove beneficial. It will give persons the opportunity to get involved and to volunteer services if needed, as well as financial help for the new doctor or doctors, if that is needed.

Plan now to attend the meeting TONIGHT in the school auditorium (old gym) at 7:30 o'clock. Everyone is invited and urged to please be present.

## Rain Falls Over Area

Knox City and other area residents were pleasantly surprised Wednesday afternoon of last week to see a thunderstorm brewing. Violent thunderstorms occurred in places and at least six unconfirmed funnel clouds were sited across the Big Country area.

Fortunately, Knox City received only the rain, and even though it was just a small amount on both Wednesday and Monday of this week, it was all greatly appreciated by everyone.

KC measured .75 inches for Wednesday night's activity with another .20 inches received on Monday.

In addition to these recorded amounts of rainfall, others have reported that on their farmlands they received anywhere from .20 to 1.50 inches of precipitation.

## Armed Forces Caravan To Visit KC April 16

Tomorrow (Friday) is the "big" day for the Armed Forces Bicentennial Caravan to visit Knox City. The four mobile museums, representing the four major military services, will be on display in the block directly in front of The News office. The entire block from the Citizens State Bank and Sweetwater Pump Supply on the east, to Lowrey's and Model Cleaners to the west, will be roped off for the big vans.

Army Captain Ken Colucci, officer in charge, said that the display is a concerted effort by the Armed Forces to bring the American Revolution Bicentennial closer to the people of Knox City and surrounding communities. It

is not a recruiting program and admission is free to the public. The display will be in Knox City from 1:00 until 7:00 p.m.

Beginning at 1:00 o'clock, Mrs. Ken Crownover will welcome visitors to Knox City and to the Caravan, sponsored by the local Bicentennial commission.

After the official welcome, members of Teague-Carpenter American Legion Post No. 229 will be in charge of opening ceremonies and will honor four Gold Star Mothers including Mrs. Rose Warren, Mrs. Joyce Smith, Mrs. Sammie Carpenter, and Mrs. Clara Hodges. Legionnaires will be assisted by the Rev. James Patterson, Methodist minister.

Immediately following the opening ceremonies, members of the KC Jamboree Band will present a 30 minute program of musical entertainment.

A lemonade stand will be open, sponsored by the Bicentennial commission, and a Sidewalk Art Show will be on display for the enjoyment of the visitors.

Other activities, according to general chairman Mrs. Doris Crownover, include a square dance exhibition by the KC Cutters under the direction of caller Buster Lowrey. This group will perform about 6:00 o'clock.

## Greg Kuehler Joins Smith Funeral Home

Smith Funeral Home of Knox City proudly announces the association of Greg Kuehler to its staff.

The son of Mrs. Earlene Kuehler of Munday, Greg graduated from Munday High School in 1966 and from Gupton-Jones College of Mortuary Science in Dallas in 1971.

He is married to the former Beverly Stewart, daughter of Mr. and Mrs. Jack Stewart of Munday and they are the parents of one daughter, Tonya, 2½.

Greg is a member of the Catholic Church in Rhineland and his wife is a member of the Methodist Church. The Kuehlers have purchased the Boots Walker home and will move into their home at a later date. They are presently residing on South Second.

INCOMING CHAMBER PRESIDENT Martha Jones is pictured with banquet speaker, State Rep. W.S. (Bill) Healy, center, and outgoing president David Counts.

## Inflation-Fighting FOOD IDEAS

**HELPFUL TIPS** You can avoid wasting money by not wasting food. Even the smallest scraps of leftovers can be combined with others to make a marvelous meal, if you add some eggs.

You can rustle up a great western omelet from meat and vegetable odds and ends and eggs, and your family will be getting a meal full of vitamins, minerals and proteins.

Aside from the nutrients in whatever leftovers you put in the omelet, each egg can provide you with 10 to 15 percent of the minimum daily adult requirements for vitamins, needed fat and protein. And, the protein eggs provide, contains all 10 essential amino acids, the kind your body needs most, more than the incomplete protein found in cereals. The amino acids in eggs are in such a well-balanced proportion, they approach the theoretical ideal protein that is indispensable for humans. For this reason, eggs are used experimentally as the reference standard in evaluating the protein of other foods.

It doesn't take an egghead to see that it's smart to use eggs to help you save money on meals.

## STREAMS IN DESERT PLACES

by Ozelle Stephens

"I am he that liveth, and was dead; and, behold, I am alive forever more. Amen, and have the keys of hell and death" (Revelations 1:18)

The Word tells us man that is born of woman will die. We are faced with this fear all of our life. But Jesus became like us in flesh and blood so that he shared our human nature. He did this that his death might destroy the devil, who has power over death, and so sets free those who were slave all of their lives because of their fear of death. He becomes our faithful and merciful high priest in his service to God. Hebrews 2:14-18.

From Mars Hill the apostle Paul gives us the message that, "Through Christ, God has given assurance unto all men, in that he hath raised Christ from the dead." Acts 17:31. We celebrate this glorious fact at Easter Time. What a blessed and wonderful assurance that death will not be the final victor. Christ experienced death,

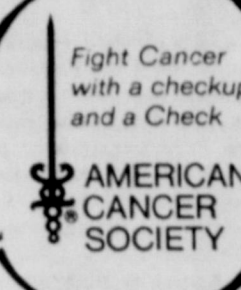

He tasted death for every man, and returned from the dead, in newness of eternal resurrection life. Listen to his words of triumph; "I am he that liveth, and was dead; and behold, I am alive forevermore, Amen, and have the keys of hell and death." Revelations 1:18.

This is the true Message of Easter--a message to all men. It is God's message to YOU, if you believe--I pray it bring you joy and life eterna.

## THE DANGER OF MAIL ORDER PRESCRIPTIONS

Often over the years, the danger of mail order prescriptions have been cited in many medical journals. Here is one example -

"The dangers of mail order prescriptions include delays encountered in obtaining the medication, the absence of the physician-pharmacist relationship, the difficulties of checking the prescription files for strength and dosage, and the possibilities that prescriptions will be filled by non-professional personnel. All physicians should cooperate by keeping their patients informed relative to the dangers of these schemes." (End of Quote)

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

## Two Tech Students Practice Teaching

Two senior agricultural education majors from Texas Tech University in Lubbock, Jackie Daniel and George A. (Buddy) Mullino Jr., have begun their student teaching in Knox City High School's vocational agriculture department.

The two young men are working under the supervision of Leon Burkham and Jim Dillon, vocational agriculture teachers.

Jackie is the son of Mr. and Mrs. R.C. Daniel of Truscott and Mr. and Mrs. George Mullino Sr. of Rochester are Buddy's parents.

Raised in Knox County on the Masterson and Alexander Ranches, Jackie gained valuable experiences from the time spent on these ranches. After graduating from Crowell High School, he enrolled in Vernon Regional Junior College in 1972 where he was a charter member of the Collegiate FFA and was also president of the organization.

He also was on the livestock judging team at this time. At VRJC, he received an Associate of Arts Degree and

was named the Most Outstanding Agricultural Student in 1974.

Upon entering Texas Tech University, he received the Dean Stangle Scholarship. Daniel continued to work for the Texas A&M University Research (TAES) in Lubbock as he also had done in Vernon while attending VRJC.

At the present time, Jackie is a member of the Texas Tech Collegiate FFA and Student Agricultural Council. His main interest is helping others improve themselves in all areas of their lives.

Mullino, who worked on the farm during his school years in Rochester, graduated from Rochester High School in 1972 where he was salutatorian of his class and active in many activities. He is a member of the First Baptist Church in Rochester.

Serving as secretary of the Rochester FFA his sophomore year and then president his junior and senior years, he was on the livestock judging team for three years and the team qualified for the state contest at A&M his sophomore year. Buddy participated in local stock shows for four years and showed steers in the Wichita Falls, Abilene, Houston, and Angelo shows two years. His best steer placed third in its class at Houston and won reserve champion at the Rochester show. He also attended district and state FFA conventions while in high school.

Entering Texas Tech University in the fall of 1972, he will receive the Bachelor of Science degree in agricultural Education this spring.

While at Tech, he has been a member of the Collegiate FFA Chapter, Tech Rodeo Association, and Kappa Alpha Order. He has also held temporary employment with Bell Dairy Products and Ace Liquidators, both in Lubbock.

Buddy's interests lie in the field of agriculture, particularly in beef cattle and crop production, and he is also interested in working with high school students in the area of vocational agriculture and FFA work, projects, and activities.

## Boone Wins At Vernon

Kelley Boone, a seventh grade student at Knox City Junior High, was second high point individual junior horse judge in District III at the District Livestock Judging Contest held in Vernon at the Wilbarger County 4-H Arena last Thursday afternoon. District III is comprised of 22 north central Texas counties.

According to Knox County agent Herman Collier, Kelley scored 354 points to take second place honors. He is the 12 year old son of Mr. and Mrs. Joe Boone.

The Knox County Junior Horse Judging team placed fifth at district in a close contest, being only four points behind the fourth place team. The team was composed of Kelley and Kristi Boone and Mike Oliver, all of Knox City, and Lynda Brooke Hudson of Benjamin.

The Senior 4-H Horse Judging team from Knox County, composed of Tamie Grindstaff, Jerry McCown, and Brett Boone, all of Knox City, placed ninth in the district contest.

Coach for the horse judging teams was Mrs. Joe Boone.

## SCHOOL OUT FOR EASTER HOLIDAYS

With a teacher workshop in progress today (Thursday), Knox City students are out of school to enjoy their annual Easter holidays.

Holidays officially begin Friday, April 16, and will continue through Tuesday, April 20.

Classes will resume Wednesday morning at the regular time, according to Bill Holcomb, principal.

## Haskell Youth Killed In Pickup Accident

Funeral services for Lupe Fuentes Jr. of Haskell, who was fatally injured in a pickup accident near O'Brien Sunday at 5 p.m., were held Tuesday afternoon at 3:30 p.m. in St. George Catholic Church in Haskell with Father Stephen White officiating. Burial was in Willow Cemetery.

Fuentes, 18, was pronounced dead on arrival at 6:05 p.m. Sunday at Knox County Hospital after his pickup rolled over twice west of O'Brien, according to the Haskell County Sheriff's Department.

He was born July 28, 1958 in Well, Minnesota.

Survivors include his parents, Mr. and Mrs. Lupe Fuentes Sr. of Haskell; two brothers, Johnny and Ray, both of the home; two sisters, Gloria, also of the home and Mrs. Carlos Mendoza of Colorado Springs, Colorado; his grandmother, Lucia Fuentes of Haskell; and a grandfather, Casilbo Abile of Haskell.

## First Christian To Host Salad Supper

Women of the community are reminded of the Ladies' Salad Supper to be held Thursday night, April 22, at 7:30 o'clock in the First Christian Church Fellowship Hall.

The salad supper for women of the community began after the Lay Witness Mission was held here almost three years ago and the quarterly supper rotates each time from one church to another.

All women in the community are invited to come and bring a friend and a salad, according to a spokesman.

## Riddle Takes BVRA Roping

Brazos Valley Recreation Association president Stanton Brown of Benjamin expressed appreciation to all who assisted with the jackpot barrel racing and calf roping held at the BVRA's arena April 4 and April 11.

Some of the top ropers and barrel racers in this part of Texas entered the events here.

Bill Riddle of Wichita Falls had the fastest calf roping time for both Sundays. He tied in 8.80 seconds in the open roping Sunday, April 11.

Assisting with Sunday's show were John Grindstaff Jr., Mary Ann Boone, Cliff Swain, Leon Burkham, Kelley Boone, Joe Boone, Mike Burkham, Dee Stamps, Wayne James, and Charles Lankford of Knox City, Billy Ray and Jackie Morrow of Rochester, and Doug Brown of Benjamin.

## SCHOOL NEWS

In the high school district tennis last week we have four that qualified for Regional. Betty Gutierrez won first in singles; Peggy Gutierrez and Debbie Del Hierro placed second in doubles and Craig Brothers won second in singles. The regional playoff will be in Brownwood. Girls will play April 23-24. (Betty drew a bye for the first match, then she will play at 4:30 p.m., the winner of the second place winners of districts 18 and 22. Peggy and Debbie will play at 2:00 p.m., the winners of second place winners district 21. These games will be Thursday, April 22. (Of course, if these girls win they will play at later times.) The boys tennis at regional will be a week later, April 29 and 30. Craig will play at 2:00 p.m. Thursday, April 29. He will play the second place winner of district 16.

At the Literary Meet in Abilene last Friday, the high school did not do too good. Debbie Del Hierro won third in Number Sense and Betty Gutierrez placed first in Poetry Interpretation. Betty will go to Regional at Brownwood Friday, April 23, along with Craig in Journalism. News-writing.

Saturday at the track meet at Stamford there were several boys winning places. Devey Holmes won second in 220 and 100 and fourth in pole vault; David Adkisson placed third in pole vault and fifth in 440; Oscar Gutierrez won fourth in the mile; David Walling placed third in high jump; Domingo Garcia won fifth in 330 yard hurdles. Devey will go to regional in the 220 and 100, this will be Saturday, May 1.

The FFA boys had their broiler show Monday, April 12 at the Ag Shop. Winning first was David Adkisson; second, Shane Johnston) and third, Craig Brothers.

HERE AND THERE  
Visiting in the home of Mr. and Mrs. James Manning and Cody during the weekend were Mr. and Mrs. Larry Gibson, Shane and Shawna of Springtown and J.O. Brothers on Saturday and then on Sunday, Mr. and Mrs. Jeff Willis and family of Hamlin came by for a short visit.  
Mr. and Mrs. Lynn Holmes and Joanie spent a few days last week in Dallas visiting with relatives and friends.  
Visiting in the home of Mrs. Bernice Rowan during the weekend and helping with

the farm sale of her farming equipment were Mr. and Mrs. Jerry Rowan of Henrietta; Mr. and Mrs. Lowell Rowan, Paul and David of Denton and Mr. and Mrs. Trey Burson and Trecci of Haskell.

Mrs. Jerry Brothers, Jeremy and Tommy of Springtown visited in the home of the Humberto Gutierrez family and the J.O. Brothers family. Peggy Gutierrez went home with them for a longer visit.  
My mother and daddy and I (Mr. and Mrs. Marvin Manning) took a short trip back to Hamilton County where we moved from when we came out to O'Brien. I was in the eighth grade when we moved out here, and I have had people tell me they thought I had been here all my life, just to most of it. Anyway, we went to all the different places we had lived and the different schools I had attended. Back then I think we moved about every year, so there were several places for us to see. It is funny how things get smaller as you get bigger. Some of the hills that we used to climb are not near as huge as they were back then, of course I'm sure that wear and tear on them had done away with some of them, but then probably they just seem smaller. We visited some of the older people, the ones that are left, that we used to know. I did not get to see any of the kids I went to school with, they were either gone or had moved away. It is like around here, when they finish high school they leave for better jobs and newer places. It was just great to visit with these people and talk about things that happened back then. What would amaze some of the kids today, is how far we had to walk to school, cold or hot weather made no difference. My boys, I think, do not really believe me, not that they call me a liar, but it is just hard for them to realize this. There was a creek that we had a good swimming place in, diving board and all, and I remember it as being pretty deep and big, now it is nearly dry of water completely. You know I never did learn to swim very good, I can do without the swimming, I'll just stay on dry land as long as I can.

## THEN NOW!

THEN. In 1825, when John Quincy Adams was U.S. president, America's oldest continuous textile printing company, the Cranston Print Works, first went into operation.

NOW. This Rhode Island based firm today—150 years later—is considered a mainstay in printed textiles by leading fashion designers and manufacturers. Each year the company handles more than 160 million yards of fabric! The 100% cotton Batik geometric above is typical of its creative Crantex division.

## CHAMBER (From Page One)

Installed as new president to succeed Counts was Martha Jones, Knox City pharmacist who returned here six years ago to be associated with her brother Henry Jean in Jones Pharmacy. Earning both her B.S. and M.S. degrees in pharmacy from the University of Texas in Austin, she taught at the University of Houston College of Pharmacy for 20 years where she was associate professor of Pharmacy Administration. Prior to her retirement from the University, she taught courses in pharmacy law, management, ethics, history, and pharmacognosy.

The new president presented Counts with a plaque and thanked him for the ground work he had laid for her the past year. She explained to the banquet guests that she is a dreamer - wanting things to happen, good things, and that she also is an optimist. She suggested that we make Knox City the Pacesetter in the Parade of Progress and proposed the slogan, "Knox City, Texas - Pace City, U.S.A." Many meanings could be derived from the word P.A.C.E., such as People Active in Community Efforts, People Active in Cultural Efforts, People Active in Christian Efforts, or People Active in Community Education.

In addition to the new president, J.B. Tabor is vice-president, and Mrs. Ken Crowover secretary-manager.

New directors will be Sam Clonts and John McGaughey, along with new youth director Brett Boone who will join Kelly Robinson. Other hold-over directors include Bill Baker, Pete Elliston, Alton Hester, Tommy Richardson, and Tabor.

Dinner music was furnished through the courtesy of Les White Music Company of Abilene, and the KCHS Homemaking Department catered the meal.

Approximately 175 persons attended the banquet.

# Plans Underway For Ambulance Service

Ambulance service has been uppermost in the minds of city, county, and hospital officials since Smith Funeral Home announced that it would discontinue service February 29.

Officials have investigated many possibilities and have contacted and visited other towns that have faced the same problems. Ambulance

services are costly if they are privately operated and if this is a firm's only business. This is also the case with towns that hire ambulance personnel, solely for the purpose of ambulance operations.

Knox City and Munday are making plans for a volunteer service but this can only be successful if they have enough dedicated people who are willing to give their time for training and services.

Richie Smith, McCauley-Smith Funeral Home in Munday, agreed to teach a 21 hour first aid course in Munday. Those attending from Knox City Tuesday night were Mr. and Mrs. Jerry Benson, Mr. and Mrs. Kenneth Bradford, Mr. and Mrs. C.A. Reeves, Mr. and Mrs. Don Railsback, Nick Johnston, LaVerne Thompson, A.T. Holcomb, Eddie Carr, Roy Stewart, and John Smith.

## social security news

From time to time various private companies have a direct mail campaign attempting to sell insurance. Many of these companies are quite reputable and their literature is clear and to the point.

Some companies concentrate on sending literature to the aged, advertising a plan to "supplement" their Medicare. Unfortunately, some of this literature does not make it clear that what they are selling is private insurance, in no way connected with the government Medicare Program administered by Social Security. As a result, some senior citizens may be enrolling in what they think is a governmentally sponsored or approved plan when that actually is not the case.

Persons receiving such literature should look it over carefully. Correspondence from the Social Security Administration will be clearly marked as such. If you still cannot be sure, get in touch with a representative of the Social Security Administration.

The Vernon Social Security Administration is on the corner of Pease and Cumberland. The phone number is (817) 552-9346.

## Understanding Your Baby

### Easy Menu Planning

Next to parental love, well-balanced meals are the best things you can give to your infant. And to simplify this job for you, expert nutritionists at Heinz have come up with a new basic-four building block system. They have identified each baby food variety with one or more building block symbols representing the Basic Four Food Groups. Your infant will be eating well if you serve at least one food from each group every day. And by combining foods from each group you will provide your infant with a variety of tastes and textures during the important formative, early months of life.

The Basic Four Food Groups—the building blocks for sensible eating habits—include the following food groups as shown on all Heinz baby food labels: d/d Milk/ v/f Vegetable/ Dairy Fruit Group Group m/m Meat c/c Bread/Cereal Group Group

If you follow these simple guidelines, you'll be taking the first step toward building your baby a good nutritional foundation from which to structure a healthy life.

## Use your Refrigerator Wisely... AND SAVE

### Reddy's Helpful Tips

- ★ Return fresh foods to the refrigerator and frozen foods, such as ice cream, to the freezer as soon as possible. Measure and remove the quantity needed for cooking or for the table, and refrigerate the remainder at once.
- ★ Use cold controls efficiently by selecting the settings that provide about 36° F. in the refrigerator and 0° F. in the freezer.
- ★ Fill the refrigerator with food, but be careful not to overfill. Make sure that food packages don't block air vents in the freezer or refrigerator section.
- ★ Clean the condenser surfaces of the refrigerator; dirt restricts air flow and acts to insulate the condenser, forcing the refrigerator to work harder and longer to maintain proper temperatures.

**TOMATO PLANTS**  
Just about every home gardener has a few tomato plants that are his pride and joy. But there's more to growing a good crop of tomatoes than just setting out the plants.

"Tomatoes can be some of the most rewarding garden plants, but they also can bring frustration," points out Sam Cotner, horticulturist for the Texas Agricultural Extension Service.

For success at growing tomatoes, Cotner offers a few pointers.

First of all, select varieties that are adapted to the area and that resist many of the common diseases. Such varieties as Spring Giant, Homestead, Porter, Terrific or Small Fry are excellent for most areas of Texas.

"When buying tomato plants, select those that are short, stocky and dark green — ones that are about as tall as they are wide.

"Be sure to locate tomatoes in an area that receives at least six hours of sunlight a day.

"Plant tomatoes in a soil rich in organic matter and containing adequate fertilization. Allow about four square feet of space for each plant.

"Set the plants somewhat deeper than they were originally growing. Apply a starter solution; one can be made by mixing one or two tablespoons of a complete fertilizer in a gallon of water.

"To reduce wilting, set out plants on a cloudy day or late in the afternoon. Protect them from adverse conditions such as high winds or excessive heat by providing some cover, such as milk cartons with the pnds cut out.

"As the plants begin to grow, provide some form of support to keep fruit off the ground, such as stakes, trellises, or wire cages.

"At first bloom, dust or spray tomatoes for both insects and diseases. Once plants start setting fruit, apply small amounts of fertilizer every week or so.

"For tops in quality and flavor, harvest the fruits at peak maturity," suggests Cotner.

# Free Lunches Available To Certain Students

The Benjamin School is now serving nutritious meals to students every school day for 45 cents (grades K-6) or 50 cents (grades 7-12).

However, children from families whose income is at or below levels shown on the scale below are eligible for free or reduced-price meals. If the children are eligible for free meals they are also eligible for free extra milk. If a family's income is greater than those shown, but the family has unusually high medical bills, shelter costs in excess of 30 per cent of its income, special education expenses due to mental or physical conditions of a child, or disaster or casualty losses, their children may still be eligible.

The school children of parents or guardians who have become unemployed are eligible for free or reduced-price meals and free milk during the period of unemployment, provided that the loss of income causes the family income during the

## Home Demonstration Club Has Cookbooks

For the first time in several years, the Knox County Home Demonstration clubs have a cookbook for sale. The books will be available from any home demonstration club member throughout the county this week.

This edition of the cookbook, the first since about 1964, will feature 400 favorite recipes of Knox County cooks in both the United States and Metric systems of measurement. It is believed to be among the first such cookbooks made available to Knox County Homemakers.

In addition to the dual measurement feature, the book will have a complete section of tables, hints, and other worthwhile information.

Contact the Home Demonstration Club in your community or call or write Nancy Fuhrken, County Extension Agent, Box 22, Benjamin (454-2651).

period of unemployment to be at or below the levels shown on the scale.

Applications have been furnished the students and families may apply at any time during the year for the free meals and free milk or reduced-price meals by completing the application and returning it to the school. Within ten days after receiving the completed application the school will let the families know whether or not their children are eligible. If there are those who do not agree with the decision they have the right to a fair hearing. This can be done by calling or writing Kenneth Roberts, superintendent at Benjamin School, telephone 454-2231.

In certain cases foster children are also eligible for these benefits. For those who have foster children living with them and wish to apply for such meals and milk for them, they are asked to notify the school or indicate such on the application.

All children are treated the same regardless of ability to pay. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, or national origin.

If we can be of any further assistance or if a family size or income changes during the year please contact the school.

# Truscott Judging Set For April 27

Truscott citizens are getting ready to don their "Sunday Best" and roll out the red carpet for the contest judges of the Texas Community Improvement Program when they pay a visit to the community on April 27.

The judging will get under way at 9:00 a.m. and will wind up at 11:00 a.m. This will be the second year for the community to participate in the TCIP contest. Last year Truscott placed second in the competition.

The purpose of the Community Improvement Program is to stimulate individual, family, and community effort toward improvement. The program is profitable and enjoyable as well as more desirable.

TCIP is sponsored by the Texas Agricultural Experiment Station and the University System of Texas. This year the award contest will be held in Haskell County, with Truscott in Knox City.

Persons who are currently caring for unrelated children in their homes, may be affected by the new Child Care Licensing Act of 1975, according to Mrs. Donna Earp, Day Care licensing Division, Vernon, Texas. This law states that those persons who are caring for unrelated children in their homes must contact the State Department of Public Welfare, and obtain a registration certificate or a license. This law also greatly simplifies the registration process for those persons caring for six children or less.

Persons in Knox, Foard, Cottle, Hardeman, Childress, or Wilbarger Counties, are asked to contact Mrs. Earp, Day Care Licensing Division, State Department of Public Welfare, Third Floor Courthouse, Vernon, Texas 76384; phone 552-6238.

Mrs. Earp can inform each child care provider if a registration certificate or a license is needed, and the method of obtaining it.

## YOUR GARDEN

### Make Your Wife A Bed Of Roses

If a long-stemmed red rose is a gift to inspire a wife's romantic fancies, think what a bed of roses would do! Go right ahead and plant one—and who knows what ideas you'll also be planting in your wife's imagination?

Roses are a hearty flower and not difficult to grow, so here are some tips for husbands on nurturing the flower of love.

1. The basic requirement for growing roses is that the soil be well drained and the site receive full or partial sunlight.

2. To plant roses, start with a hole 12 inches deep and 18 inches in diameter. Loosen the bottom soil and form a small cone of earth in the center. Carefully fan out the roots, place the bush over the cone and fill in soil over the roots to about four inches from the top of the hole.

3. Tamp firmly so that the roots are well anchored and water thoroughly. Fill the hole completely and pile the soil one or two inches up the stock of the bush. After that, fertilize your roses two or three times a year with a fertilizer that's high in phosphorus, and water them regularly so the

roots are always kept moist.

4. Be sure to protect your roses against insect pests. A highly effective broad-spectrum insecticide which kills many chewing and sucking insect pests is Spectracide® Rose and Flower Spray with Diazinon.

It also controls the plant diseases of Black Spot and Powdery Mildew. Hold the can 18 to 24 inches from the foliage and cover with a light spray.

5. If you don't have a garden area outdoors, roses can be grown in containers in any spot that enjoys four to six hours of sunlight a day.

When the occasion arises to present your wife with a home-grown long-stem rose, clip just above the topmost spray of fine leaves. If you achieve the desired effect, then your life, through the admiration of your wife, may become a bed of roses!

## Grad Involved Tornado Studies

"We hope to get some good pictures ourselves," says Dr. Joseph E. Minor of the engineering faculty. "But we really are depending on good chance shots anybody might get on his own."

The students will be involved in part in trying to get good tornado movies themselves.

Dr. Thomas Frost of the electrical engineering faculty at Tech will use radar and radio listening devices to locate storm cells. Dr. Richard E. Peterson, who teaches meteorology, will identify storm cells which have strong potential for tornado action and predict direction in which the cells are moving.

The civil engineers' job is to drive to potentially hazardous locations with camera gear and be ready to photograph near ground action.

The project is being sponsored by the National Severe Storms Laboratory of the National Oceanographic and Atmospheric Administration and of the State of Texas through state-organized research funds.

Other students involved are from Seagraves, Amarillo and Carlsbad, New Mexico.

So, there is a new outlet for the home movie market.

The researchers would like to see any home movies of tornadoes and also would like to see still photographs of them.

Dr. Richard Peterson in the Tech Department of Geosciences is taking calls and letters.

Beason is married to the former Lynn Clarke, daughter of Mr. and Mrs. C.G. Clarke, also of Knox City, and they make their home in Lubbock. She is a senior science major at Tech.

## Lions Club News

by Z.I. SMITH

At the first meeting of the month several items of business were discussed and approved.

Lions sweetheart Patti Counts will be sponsored by the club to the district beauty contest to be held in Graham on May 7.

Members also voted to continue their support of the district eye bank with a 1.00 assessment on each lion.

President Pete Elliston announced that April 16 will be the next date for flags to be mounted coinciding with the armed services caravan display here.

The nominating committee chairman read the recommendations for next year's slate of officers. These were approved without any additions from the floor. Those to be installed the last of June will be John McGaughey, president; Paul Anderson, first vice-president; Jesse Gilpin, second vice-president; W.R. Baker, third vice-president; David Lorenz, secretary-treasurer; Sterling Lewis, tail twister; Ray Goodrich, lion tamer; Henry L. White, director one year; Tom Kent, director one year; James Patterson, director two years; and Otto Lawson, director two years. Lion Pete Elliston will continue on the Board of Officers as immediate past president.

As previously announced in last week's paper, the program was provided by Bud Nevin of Hughes Springs, Texas. Mr. Nevin was representing physical fitness institute and gave many bits of information in this connection. He stated that it has been estimated that 100 years ago, 94% of all work was done manually. Today, 97% of all work is done mechanically, which in turn has caused a great number of persons to be soft muscled, overweight, and in relatively poor health. He stated a survey revealed 2 1/2 million heart attacks in the United States in 1975, and of these, 77% occurred on weekends.

Mr. Nevin demonstrated his "Apollo Exerciser" to the Lions and he stated this device was used in the Apollo moon flight by those men aboard for eight to nine minutes every 24 hours. He also worked for two years with Coach Bud Grant and the Minnesota Viking football club developing the proper exercise using this device. An hour fitness program was reduced to 15 minutes per day.

Through many years of research, Mr. Nevin has developed four exercises done with his physical fitness device that will keep nearly all body muscles and keep them in proper condition. He demonstrated one of these movements using Lion Paul Anderson.

President Elliston expressed his appreciation to Mr. Nevin for the program and it was noted that several "Heavy Lions" were placing orders for the Apollo Exerciser.

### A WOMAN'S PLACE

There's a new saying that goes, "A woman's place is in the flower garden!"

But when she's out there planting and pruning, it's important for her to know the best ways to make her garden grow. Here are some helpful hints.

Plant seeds at the proper depth beneath the soil, enough to cover them but not so deep as to slow germination.

Use a fertilizer with a high phosphate analysis.

Plant annuals, which provide colorful blooms all the way from late spring to early fall.

Choose a broad-range all-purpose insecticide to protect your flowers from insect pests. One which kills a large variety of chewing and sucking insects is Spectracide® Rose and Flower Spray with Diazinon. It will also control certain plant diseases.

When picking flowers for a place within the home, pick them right before blooming and let them bloom in the vase.

When a home-grown flower's place is in the home, a woman's place may have been in the flower garden!
