

Hamlin Fri. Hounds Win Aspermont

The Greyhounds won a victorious Friday game at the Aspermont home field with a score of 14-9. The game was somewhat dimly lit and produced a half scoring in each of the quarters.

In the first quarter, Aspermont fumbled the ball at the Aspermont 46 yard line. The Greyhounds recovered the fumble and drove to the Aspermont 10 yard line. A 35-yard field goal by Castanada gave the Greyhounds a 3-0 lead.

In the second quarter, the Greyhounds scored another Aspermont fumble, this time at the Aspermont 34. Six plays later, Anderson hit end Davy Counts with a five yard pass for the score. Anderson kicked both extra points.

The Greyhounds went to the locker room with a 14-0 halftime lead and returned to the field to "watch" Domingo Castanada take the opening second half kickoff on his 18 and return it 82 yards for a touchdown. A run for extra points failed.

The Knox City fumble on the Aspermont 40 led to the Hornets' last score, a 35-yard field goal by Castanada. Aspermont had driven 25 yards in nine plays to set up the field goal.

Hurting the Hornets' comeback effort were 10 turnovers -- five lost fumbles and five intercepted passes. KC also had its problems holding on to the football, coughing up the pigskin four times on fumbles and once on an intercepted pass. Both of Knox City's touchdown drives were set up by Aspermont fumbles.

This week the Hounds take on the Pied Pipers of Hamlin there beginning at 7:30 p.m. Hamlin was picked second in District 7-A competition and defeated Munday 12-0 last Friday night in the final 11 minutes of the game.

Funeral services for Lee were held Saturday at 1:00 o'clock at the United Methodist Church in Knox City with the pastor, Patterson, officiating. Burial followed in the cemetery near Aspermont at 4:00 p.m. under the direction of Smith Funeral Home.

Swine Flu Vaccine Available

The News office has been advised by Dr. W.F. Thompson's office that vaccine for the swine flu program is now available here and will be administered free of charge.

The influenza vaccine is a one-shot procedure and comes in two kinds, monovalent for persons without chronic illnesses, and bivalent for those with chronic illnesses, as well as all persons 65 years of age and over.

Recommendations have been made for age groups 3 through 17 years, 18 through 24 years, 25 through 64, and 65 and older.

Authorities say that persons should not expect any more reaction from this vaccine than any other type of influenza immunization. However, it is not recommended for persons who are allergic to eggs.

Dr. Thompson's office did suggest that those who are interested in taking the shot should do so before the flu season begins, which is usually around December 1 in this area.

Sausage Dinner Set At Rhineland

The Rhineland Council of Knights of Columbus will sponsor its annual Columbus Day Dinner on Sunday, October 10, in the Columbus Club Hall in Rhineland. Serving hours will be from 11:30 a.m. until 1:30 p.m.

Something new has been added to this year's menu. A choice of pure pork and sausage or fried chicken will be served with the meal. There also will be homemade sausage for sale for those who wish to purchase some, as noted by their ad elsewhere in this week's News.

According to a spokesman, games will follow in the afternoon and everyone is cordially invited to attend.

Schools Give Tax Relief To Elderly

Citizens 65 years or older in January 1, 1976 and who reside in the Knox City-O'Brien C.I.S.D. are eligible for a \$3,000 exemption in assessed taxable values. The exemption is made available for the first time this year and may be claimed on a residence homestead.

To receive the exemption, qualified taxpayers should contact the school tax offices. Taxpayers in the former Knox City I.S.D. should contact Oscar Mangis and taxpayers in the former Carney I.S.D. should contact Charlene Brothers. Both tax offices have the proper forms and can answer questions concerning the exemption.

Plans Underway For Sidewalk Sale Oct. 16

Knox City merchants have scheduled their annual fall sidewalk sale for Saturday, October 16, according to Doris Crownover, Chamber of Commerce secretary - manager.

Previous sidewalk sales have proved to be very successful, Mrs. Crownover said, and have been enjoyed by both the merchants and their customers.

A large variety of merchandise at reduced prices will be set up on the downtown sidewalks.

Mrs. Crownover also reported that the schools and all organizations in Knox City have been invited to participate with bake sales or other fund-raising projects.

Residents, as well as area citizens, are encouraged to make their plans now to attend and take advantage of the 'big' specials in Knox City a week from Saturday!

Young Farmer Meeting Set October 11

Monday night, October 11, there will be an organizational meeting for the Young Farmers beginning at 7:00 in the Knox City Vo. Ag. building.

The agenda will include the election of officers and preparing a program of activities for the year. Refreshments of homemade ice cream will be served afterwards, according to Leon Burkham, Vo. Ag. instructor.

The Young Farmers is a brother organization to the FFA and assists them with their projects as well as continuing their own education and developing themselves to become better farmers, Burkham said.

A program of activities is an outline of activities which includes specific goals and ways and means of reaching them. Some activities suggested for this year include holding a week-long night welding short course at the Vo. Ag. shop for the farmers, a useful fertilizer presentation, a meeting on wills and deeds, economical study of marketing crops, and a week-long night short course on macrame. These and several other activities will be discussed and drawn up for the coming year's program.

The Young Farmers extend their invitation to interested persons from Benjamin, Knox City and O'Brien to attend this organizational meeting.

Ambulance Issue Now Being Resolved

The ambulance issue which has been of much concern to area citizens is in the process of being resolved, according to Mayor Kenneth Crownover.

The new arrangement, which calls for a Knox City Area Ambulance Service, will be governed by the Knox City Area Ambulance Board, to be comprised of one member each from the City of Knox City, the County of Knox, and the Knox County Hospital District. Each entity will continue to share in the cost on a pro-rata basis of one third, Crownover said.

He also said that tentative plans are to hire another fulltime employee to be assisted at times by volunteers.

The ambulance number remains the same, 658-3376.

STREAMS IN DESERT PLACES

by Ozelle Stephens
"If we confess our sins, he is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness." (1 John 1:9).

If you are having trouble getting your prayers answered and finding sweet peace, remember the part of the prayer Jesus taught his Disciples, "Forgive us our trespasses as we forgive those who trespass against us." We must always examine our hearts to see if we have confessed and asked forgiveness of all our trespasses. When we have, Christ will forgive; then we must ask Him to come within our hearts to live and be the Lord of our lives; as you wait upon Him with thankful praise unto Him He will flood your soul with His peace. Then you can walk with Jesus every day and night with constant fellowship and under his leadership. Obey Him and He will keep His blessings Streaming toward you, answering your prayers and showing you how you are strengthened and made steadfast in His love by the trials of life.

He never breaks a promise. He never fails. You can trust Him.

Terry Hester, cowboy - spur maker

(Editor's note: The following article concerning Terry Hester appeared last week in The Graham Leader. Because Terry, son of Mrs. Annette Hester, has many friends in the area, we are taking the liberty of re-printing it for our readers.)

If a certain environment is more conducive to artistic achievement than another, a

27-year-old Young Co. Cowboy has picked for himself a perfect spot.

Terry Hester is an artist not in the mold of paints and brushes, but with metal. He makes spurs.

What could be a better work shop for a spur maker than the ground floor of an old, no longer used, bunk house. Terry's silver mounted

spurs dress-up some pretty impressive boots such as Guy Weeks, World Champion Saddle Bronc rider, F.T. Cruse of Cruse Western Wear in Wichita Falls and Grahams Brand Inspector, Mr. Larry Burnett.

Terry Hester is a bonified 100 percent working cowboy and becoming a cowboy was no accident for this tall, lanky

native of Haskell County. He doesn't remember when there wasn't a horse to ride or cattle to see after.

Spending part of every week while growing up on his grandfather's ranch in Knox County, Terry couldn't be satisfied with any life but the one filled with horses and cattle.

Receiving a B.A. in General Agriculture from Tarleton State University coupled with his years of practical experience, Terry was a top hand for the job of foreman of the C.C. Cattle Co. on the Clark Ranch 12 miles west of Graham on the Murry Road.

Terry's interest in spur making was greatly intensified through his acquaintance with Adolf Bayers of Gililand, Texas. Bayer's work is well known through the ranches of Texas and Terry feels he is very fortunate to have had someone like him to help when he was getting started.

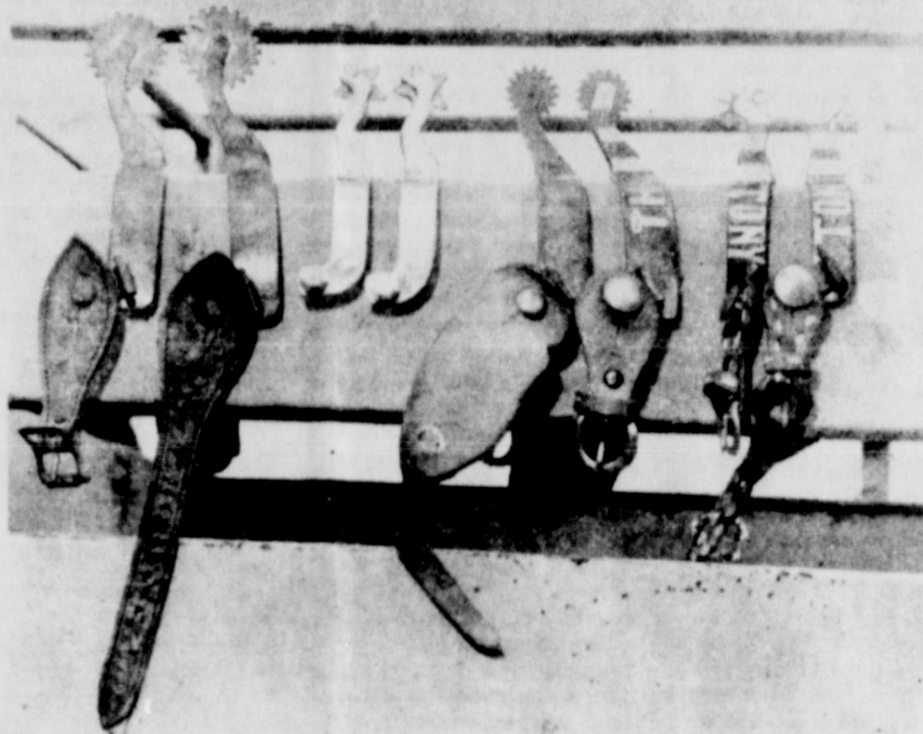

Not only does Terry build spurs, he also builds most of the equipment he works with. When a belt sander was either too expensive or too hard to find, it was construc-

ted, as was a cut-off saw, swinger strap former and rowell pin shearer. Parts used in construction consisted of whatever served the purpose. Part of one item was a piece of old sucker rod previously used to pump water for the cattle Terry now sees after.

This cowboy's business card reads "Spur Maker - You Be The Designer". If the buyer doesn't have a particular design in mind, Terry does. He has over 1,000 different styles and you are bound to find what you like.

Terry is the son of Mrs. Annette Hester of O'Brien and he is married to the former Jean Burnison of Munday. Terry and Jean have two children, one daughter, Traci, one and one-half years old and a young six year old cowboy named Tony.

The stairway at the old Vick Ranch bunk house has weathered many a pair of Cowboy boots adorned with jingling pair of spurs - now it seems only fitting that a Cowboy would come here to build his own brand of spurs and hang on a little longer to what some people say is a vanishing way of life.

SHOWN ABOVE are four different styles of spurs produced in Terry Hester's bunk house work shop. Terry makes spurs to suit the individual cowhand. The pair second from left shown above are called "gal leg" and have proven to be the more popular of the spurs made for show.

As a part time hobby has ballooned into a full scale business for Terry Hester, pictured above putting the finishing touches on a pair of his spurs.

I think everyone is ready to start getting their cotton to the gin. I know I'm ready for it to start coming in. I had rather be busy than just staying down here to hold the office together.

A Customer Is...

A customer is the most important person in any business.

A customer is not dependent on us. We are dependent on him.

A customer is not an interruption of our work. He is the purpose of it.

A customer does us a favor when he comes in. We aren't doing him a favor by waiting on him.

A customer is part of our business -- not an outsider.

A customer is not just money in the cash register. He is a human being with feelings, like our own.

A customer is a person who comes to us with his needs and his wants. It is our job to fill them.

A customer deserves the most courteous attention we can give him. He is the life-blood of this and every business.

He pays your salary. Without him we would have to close our doors. Don't ever forget it.

(The above description of a customer is through the courtesy of Grace Welch, local manager for Perry Bros. Source of this valuable information is not known but the message says it all!)

No segment of the economy has ever changed so fast and so completely as has agriculture during the past 60 years. When these changes have required capital, your Federal Land Bank has been a primary source of funds. There will be more changes. But we believe that a free agriculture—based on the family-operated farm or ranch—will continue to flourish in any new environment.

CLOG-FREE DRAINS

Clogged drains are the most common plumbing problem we face. But happily they are also the easiest to prevent!

Clogs are formed by materials like grease, food scraps, hair and even soap scum that collect at the base of the U-shaped pipe under the sink.

Here are some tips to keep your drains running freely:

- Don't put fat, grease or oil down the kitchen drain.
- Use a sink strainer to trap food particles.
- Don't flush coffee grounds down drains.
- Once a week use Drain Power, the one-second drain opener that works without hazardous lyes or acids, to help prevent clogs from building up.
- Don't dispose of hair from combs and brushes in the sink.

Once you become aware of how to prevent clogs, it's easy to make sure your drains remain clear. And teach others in your family to be as careful as you are about what goes down the drain!

Lion president Joe Dickson of Seymour was one of two visitors at last Wednesday's meeting.

President McGaughey made announcements and called on secretary David Lorenz to read a reply from J.D. Steinbeck with Central States Shows stating that due to the death of the owner in December and difficulty in securing help in operating the rides, he was not attempting to keep a carnival schedule this fall. Steinbeck hopes to set up a schedule for 1977 and Lion McGaughey has the names of other ride operators.

It was reported that Lion Jesse Gilpin had undergone an operation in Houston on Monday and was still in recovery.

The program scheduled for Wednesday did not appear and meeting was dismissed.

Agriculture News

The last chance is approaching for livestock producers facing financial problems to take advantage of the Emergency Livestock Credit Act of 1974, a temporary Farmers Home Administration program.

Now two years old, the Act provides for emergency financial help to the producer whose business has a good chance of success if it can survive the current liquidity crisis.

"The revised Act now in effect has changes to make it more palatable to both the borrower and lender," points out Dr. Wayne Hayenga, project leader in farm management for the Texas Agricultural Extension Service.

Some of the conditions are as follows:

A line of credit is permitted, whereas the original Act permitted only a single loan.

Anyone with a "substantial operation" in breeding, raising, fattening or marketing is eligible. (This includes one who devotes at least 25% of his time to, derives at least 25% of his income from, or has at least 25% of his capital invested in livestock operations.)

The Act terminates on December 31, 1976.

The loan period can be up to seven years, with possible renewal for three years.

The guarantee by the Farmers Home Administration is increased from 80 percent of the loss to 90 percent of the loan principal and interest.

The line of credit has been increased from the previous \$250,000 to \$350,000 per loan. Secondary financing of the guaranteed portion of loans may now be made by the Federal Financing Bank, thus increasing the marketability of the securities to the lender.

The total authorization under the Act was reduced from \$2 billion to \$1.5 billion.

Many cattlemen can use this type of financing due to present economic conditions. Therefore, the Emergency Livestock Credit Act should help them protect their operations from financial disaster in the coming months.

Wynn of Munday visited their sister and family, the Van Greens Saturday.

Mr. and Mrs. Keith Conner attended the fair in Lubbock Monday.

Mrs. Elsie Briten of Sanger and Mrs. Charles Snailum of LaFors visited the Lee Snailums recently.

Mr. and Mrs. Hes Hull and Mrs. Joe Hunt and girls of Goree visited the Don Hulls in Lubbock over the weekend.

Kenneth Benson and Mr. and Mrs. Dan Jennings of Wichita Falls visited their parents, the R.D. Bensons the past few days. Also visiting the Bensons were the Jerry Bensons of Knox City and the Bill Bensons and Vernon Bensons of Benjamin.

Recent visitors in the home of Mr. and Mrs. Alton Fitzgerald for a "family get-together" were her sisters, brothers, nieces and nephews.

Jamie operates Mrs. Thornton's own gallery in Santa Fe, New Mexico. Presently she has displays in Europe and as far away as Kuwait.

Mrs. Thornton captures her subject in wax and almost everything she sees is a fit subject to sculpt whether it be an Indian, a cowboy, a boy with a bat or a whimsical little animal that never really existed except in the mind's eye. She is noted for the motion she is able to capture in bronze - her collection of sculptures are a symphony of motion and vigor. One of her primary goals has been to release the bronze figure and let it roar and float and whirl through space rather than be forever anchored to the bronze base. Twenty-six of her small figures have been molded and the editions are numbered and limited to 100 each. Most of her larger pieces are one of a kind.

In a lighter vein, she has created a fanciful world in sterling silver. Elves, fairies, jesters on tightwires -- all come to life on crystal quartz and other glamorous rocks.

Each sculpture is created first in wax. Those that are of the limited editions also must first come from the wax original. Wax is poured into the mold, allowed to harden and is then extracted. She works over each piece, perpetuating each detail of feature, numbers and signs it and then sends it to the foundry to be cast. After casting, the raw piece is returned to her and she cleans it, decides how to finish it, which patina to use, and finishes the process herself. This insures that each piece is an original and handcrafted by the artist.

Don McClatchy said, "We are very honored to exhibit the original works of Carol Thornton. And we hope everyone will come by, meet her and see her extraordinary collection."

another chance to get back in the game. A fourth factor was a breakdown in our kicking game which we had not worked on that week because of injuries. However, regardless of how bad we looked we still won. It was a credit to our defense to hang on and not give up that preserved our victory.

This week we play Hamlin who was one of the choices to win District. We realize Hamlin has an excellent football team with two outstanding backs. It will take a great game for us to play with Hamlin. However, we feel like we've got nothing to lose and we will go all out to win. We definitely need your support this week at Hamlin.

Football Results

By KELLY ROBINSON
For the fifth consecutive week in a row, the O'Brien Junior High Bulldogs soundly defeated their opponents. This was only one game of a big night of football in Greyhound-Bulldog Stadium as the seventh, eighth, and junior varsity teams played host to the Haskell Indians and Warriors.

The first contest on the agenda was the seventh grade game at 5:00 p.m. In this game, which turned out to be a defensive struggle, the O'Brien squad fell just short of Haskell in an 8-0 loss. The Warrior squad managed to push across a score on the Bulldogs late in the game to pull out the victory. After the score, the Bulldogs got into Haskell territory, but time ran out and the game ended with 8-0 being the final total.

EIGHTH GRADE NEWS
By JO DEE STOUT
Monday, Spirit Week started! Posters went up, yells were heard, more posters, more yells and... the eighth grade barely uttered a word.

Tuesday and Wednesday more posters more yells and from the eighth grade... almost a complete word, but on Thursday at the Pep Rally (in my opinion) we out yelled everybody. I've never seen such spirit at any Pep Rally in my whole twelve, I mean fourteen, no, no, thirteen years. The sixth grade got the spirit stick and they deserved it.

Now, about the spirit at the game, the Jr. High Pep Club, Band and teacher's spirit was as good as it could be, but the rest of the people's spirit, well, let's just say it didn't show up very well. So residents of Knox City and O'Brien please, please, I beg of you to please come to the Pep rallies and games and please show all of that spirit. Just think about those boys out there working to win when they can't hear the people in the stands supporting them.

Brett Boone Chosen FHA Beau

Brett Boone, Knox City High School Junior, has been chosen as FHA Beau for the coming year by the Knox City FHA Chapter.

Brett, the 16 year-old son of Mr. and Mrs. Joe Boone, was elected to the honor at the meeting held September 13.

An active student at KCHS, Brett is a member of the Greyhound football team, FFA secretary, FTA vice-president, Band president, and Beta Club secretary.
