## KNOX COUNTY MAY BE ON LABOR "BLACKLIST"

According to an Associated Press story carried in daily newspapers last week, Knox County farmers may be unable to get farm labor from Mexico because of discriminatory conditions existing in the county.

Names of 52 counties where discriminatory practices have been reported were released by Thomas S. Sutherland, executive director of the Texas Council on Human Relations.

"Unless immediate action is taken to prevent it, careless human relations will rob the farmer of his labor and the merchant of his profits from sales to cotton pickers," Sutherland said.

"This information should be known in the respective counties because otherwise farmers may invest in premature trips to Mexico in search of labor," he stated.

"Immediate local action should be taken by all counties having problems in Anglo-Latin relations, and especially those where over a period of time there has been a repetition of discriminatory acts," Sutherland suggested.

He said local committees should work to eliminate discrimination in schools, by public officers, and in places serving the public.

Among the West Texas counties named by Sutherland as ones which "may find they do not satisfy the clause requiring no discriminatory conditions when they apply for Mexican farm labor":

Andrews, Cass, Coleman, Gillespie, Crane, Eastland, Ector, Kent, Knox, Marion, Upton, Menard, Red River, Rockwall and Winkler.

**DEFOLIATION MAY BE WORTH EFFORT, EXPERTS SAY**  
 COLLEGE STATION, July 2.—Chemical defoliation of cotton may be worth the cost and effort regardless of whether the harvest is to be by hand, by picking machines or by mechanical strippers.  
 Removal of the leaves exposes all bolls to sunlight and air currents so they dry rapidly and open quickly. This often allows the cotton to be picked two weeks earlier.

Defoliation may be beneficial in the control of cotton insects, cutting down on leaf worm and aphid infestations, reducing boll weevil populations and permitting early stalk destruction for pink boll-worm control.  
 "Apply defoliants when the youngest bolls expected to make cotton are 25 days old," advises F. C. Elliott, cotton specialist for the Texas Extension Service. "Defoliants should be applied ten days or two weeks before the intended picking date."

**NOTICE**

Benjamin, Texas July 19, 1951  
To the Citizens of Knox County:  
In 1948 the Citizens of the State of Texas voted in favor of a Constitutional Amendment that would permit the counties after a local election to levy a 30 cent ad valorem tax instead of the state levying this tax.

The Commissioners Court of Knox County has called a special election for Saturday, July 14, for this purpose.

If approved by the voters, the tax will provide a 30 cent levy on each \$100 valuation over \$2,000. Regular homestead exemptions of \$2,000 will continue as it has been under the present state law.

This will NOT increase your taxes. If you vote for this levy it will simply mean you will pay this tax to Knox County instead of the State of Texas, as you have been doing heretofore.

All the money received from this tax will be spent in Knox County for the construction and maintenance of lateral farm roads.

This will help get the farmer out of the mud, provide better roads for the school buses and mail carriers, and improve business generally throughout our entire county.

Respectfully,  
County Judge and Commissioners' Court

of Knox County.  
Below is a list of questions which have been asked most often concerning this election:  
Q. Will my present taxes be increased?  
A. NO. The tax will be paid to Knox County instead of the State of Texas.  
Q. Will my homestead be exempt?  
A. YES, up to a value of \$2,000.00.  
Q. What amount is exempt for homesteads now?  
A. The State at present allows \$2,000 homestead exemp-

tion.  
Q. What will the money be used for?  
A. To construct and maintain lateral farm roads.  
Q. Will the value of my property be raised?  
A. NO. This election will not change the values.  
Q. Who can vote in this election?  
A. Any qualified voter who renders property (real or personal) for taxes.  
Q. What is a qualified voter?  
A. A person who paid his or her poll tax in January, 1951.

**COX ADVISES PRECAUTIONS AGAINST TYPHOID FEVER**

AUSTIN. — "Now that summer has come to Texas it is time for people who expect to enjoy camping and swimming during the warm weather to be sure they are adequately protected against typhoid fever," according to Dr. Geo. W. Cox, State Health Officer. "Although the public health strides of recent decades have practically eliminated typhoid fever as a threat to persons living in communities with approved water supplies and good sanitation, the disease remains a real danger to those who swim, camp or picnic in remote rural areas. Typhoid fever is transmitted from one person to another by means of water, food or milk that has been contaminated by discharge from a patient suffering with the disease or from an apparently well typhoid carrier. "Spectacular reductions in typhoid fever cases and deaths as compared with those of a generation ago should not give

the public a false sense of security. There has been 50 cases of typhoid and paratyphoid fever in Texas in 1951. In spite of community efforts to improve sanitation, isolate patients and supervise known carriers. This indicates that it is still highly desirable for individuals who may be exposed to unfavorable conditions to safeguard themselves by seeking protection at the beginning of the vacation season.

"Immunization is a simple and safe procedure. Since this immunity lasts for only three years, anyone who has not been inoculated since 1948 should receive new protection this year. In addition, persons who have never in the past availed themselves of this preventive measure should by all means do so now if they plan to participate in outdoor pleasures. All persons who are due for immunization against typhoid in 1951 should go to their physicians without delay if they have not already received the recommended inoculations."

**LOCAL SAILOR'S SHIP SLIGHTLY DAMAGED**

Communist shore batteries are firing that it is unhealthy to fire on U. S. ships, and Henry D. Loper, fireman, USN, son of Mr. and Mrs. Tom Loper of Knox City, is helping prove it aboard the destroyer USS Brinkley Bass.

The target of enemy shore batteries in Wonsan Harbor, the ship was slightly damaged as Red shells slammed close aboard. In a return fire engagement, the Brinkley and other US ships silenced the shore guns with a heavy barrage of shells.

The Bass was participating in the siege of Wonsan when the incident occurred.

Mrs. Milton Gene Bradberry and young son, Johnny, left Monday to visit her parents in Casco for several days.

**W. M. S. MEETS MONDAY WITH MRS. WATSON**

Mrs. G. W. Caussey was leader of the Royal Service Program when the Women's Missionary Society of the First Baptist Church met Monday afternoon at the home of Mrs. Abe Watson.

Program topic was "The Continuing Price of Freedom." Group singing, "America the Beautiful," opened the program, followed by a prayer by Mrs. Geo. T. Harshberger. Mrs. E. V. Reeder had charge of the Bible Study.

Mrs. Caussey discussed the society's watchword for the year, "We Shall Be My Witness," and read the Declaration of Independence. Topics discussed were The Struggle for Freedom, by Mrs. E. W. Finley; Racial Prejudices and Communism, Mrs. H. E. Wall; Nine Billion Dollars and Six Billion Dollars, Mrs. Curtis Coates; and Materialism, War and Freedom, Mrs. J. E. Hitchcock. Mrs. Caussey used as her subject, "Freedom's Flag."

Mrs. Jim Ross gave pledges to the State Flag, the Christian Flag and the Bible. Mrs. J. W. Hamn dismissed the program with a prayer.

Refreshments of ice cream and cake, topped with whipped cream, were served to the following members:

Mrses. Caussey, Finley, Beckler, Hamn, Harshberger, Coates, Wall, Hitchcock, Ross, J. M.

Bradberry, E. F. Branton, J. S. Clark, Oliver King, Arlie Williams, C. J. Reese, H. R. Beauchamp, Sam White, Charlie Dowling, W. M. Rowan, W. H. Paul, M. S. Denton, Harry Hickman, W. M. Smith, J. M. Averitt, and A. P. Denton.

Hostesses were Mrs. Watson, Mrs. Ben Farmer and Mrs. John King.

**LOCAL YOUTHS ATTEND DISTRICT MEETING**

The annual Youth Meeting of the Haskell Baptist Association was held at the First Baptist Church in Rochester Monday evening.

The program was planned, directed and rendered by the young people of this area. A number of Knox City youths took part. Miss Sammie Ellis directed the singing and Carol Ann Hitchcock served as pianist. Jean Carol McAuley gave the response to the welcome and Carol Ann and her sister, Mary, sang a duet, "How Long Must We Wait."

Between fifteen and twenty people from the local church attended the meeting.

Alfred R. Hubbard, son of Mr. and Mrs. O. E. Hubbard of Knox City, was elected Sergeant at Arms of the American Legion Post No. 310 in Nyack, N. Y., recently, according to a release received this week. Hubbard is a former resident of Knox City.

**O'BRIEN H-D CLUB MEETS WITH MRS. CARNEY**

The O'Brien Home Demonstration Club met Wednesday, June 27, in the home of Mrs. Dick Carney. Ten members were present for the meeting.

Mrs. Carney and Mrs. Hutchinson had charge of the opening exercises, and Mrs. W. W. Hines, president, presided during the business hour. Plans were made to meet Tuesday morning at 8 o'clock to paint the club house floor.

Mrs. Sam Johnston presented skits for the annual encampment. Several members indicated plans to attend the encampment.

Mrs. Ford Waldrip led the round-table discussion on the topic, "What I Like or Dislike About Our Yearbooks." Good ideas for next year's books resulted from the discussion.

Mrs. John L. Grindstaff gave many helpful suggestions in the planting, care and arrangement of seasonal flowers in her discussion, "Summer Flowers."

Pal gifts were exchanged during the social hour. The next club meeting will be held at the club house Wednesday, July 11.

**How many "Independence Days" have we**

*"We hold these truths to be self-evident; that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed..."*

Immortal words from the Declaration of Independence, adopted on this day in 1776, just 175 years ago.

THESE words are the stones upon which man built history's greatest work - the United States of America. Remember them well!

"... all men are created equal..." That means you are as important in the eyes of God as any man ever brought into this world. You are made in His image and likeness. There is no "superior" man anywhere.

"... they are endowed by their Creator with certain unalienable rights..." Here is your birthright - the freedom to live, work, worship and vote as you choose. These are rights no government on earth may take from you.

"... That to secure these rights, governments are instituted among men..." Here is the reason for and the purpose of government. Government is but a servant - not a master - not a giver of anything.

"... deriving their just powers from the consent of the governed..." In America, the government may assume only the powers you allow it to have. It may assume no others.

From Concord to Korea, your kinsmen have fought and died for the principles of America's Declaration of Independence: belief in God... belief in the God-given rights of man... belief that man is more important than government... belief in the vital need for morality in all man does.

But on this Independence Day, as never before, these beliefs are in deadly peril. There are people in America who would deny your God-given rights, who prefer expediency to morality, and who would make government the master - not the servant - of man. These people are the advocates of an all-powerful, all-providing socialistic government to control your destiny from cradle to grave.

The time has come to answer them with your own "Declaration of Independence"...

Declare that government is responsible TO you - rather than FOR you.

Declare that freedom is more important to you than "security" or "survival."

Declare again that the rights God gave you may not be taken away by any government on any pretext.

Our founding fathers accepted the truths of America's Declaration on faith alone. Today, our nation is proof - absolute and irrevocable - that these truths work. They are the last great hope for the protection of human civilization.

**FREEDOM NEEDS YOU**

On this 175th anniversary of the Declaration of Independence, help give the day the spiritual, religious meaning it had to the founding fathers.

Renew your faith and allegiance to the immortal truths stated in the Declaration. Make them an active part of your thinking, your acting, your voting.

Pray for help in maintaining man's closeness to God, in preserving man's God-given rights and responsibilities against those who would make you dependent upon a socialistic, all-powerful government.

"... we need only to recall that the substance of (America's) formula is continuous, strict and closely guarded limitations upon the power of government. Neither the peril of war nor the promise of welfare must ever serve to relax any item of this formula..."

From "The Key to Peace" by Dean Clarence Marion, College of Law.

truth, and the truth shall make  
you free." John 8:32. Jesus  
speaking of himself said, "I am  
the way the truth and the life."  
Then the question was asked,  
"What is truth?" At this Pilate  
turned to the Jews and said, "I  
find in Him no fault at all."  
Surely we want the TRUTH,  
which is Jesus Christ Himself.  
Now we may ask the question,  
how may I know this truth and  
have it daily flowing from my  
life as the living waters bleas-  
ing the lost and broken-hearted  
around about me? We find Je-  
sus saying to the disciples  
when He went away, "I will  
pray the Father, to send the  
Comforter, which is the Holy  
Spirit and it is His work to  
guide us into all truth. Half  
truth is sometimes worse than  
ignorance. Christ desires that  
we come to a full knowledge of  
all divine truth relative to re-  
demption and to God's glory.  
Note that all truth for this dis-  
pensation centers in Christ. The  
Holy Spirit will not speak for  
Himself, but will reveal that  
truth which is Christ centered.  
Note also that the Spirit's  
teaching is by way of guidance.  
The understanding of all di-  
vine truth is dependent upon  
our following the leading of the  
Spirit. Our minds will not fol-  
low where our lives do not fol-  
low. Thought cannot go ahead  
of practice. Right thinking fol-  
lows right living. The Spirit  
does not become truth upon us.  
He guides us into it. The Spirit  
reveals only Christ's word and  
shows us only what He receives  
from Christ.

## NUMBER OF LIVESTOCK AUCTIONS INCREASING

COLLEGE STATION. — Ten-  
nessee is the leading state in num-  
ber of livestock auctions and in  
the number of cattle, sheep  
and hogs marketed by this  
method, according to a new  
bulletin released by the Texas  
Agricultural Experiment Sta-  
tion. The greatest growth in  
numbers of auctions has occur-  
ed in the past 15 years.

Several reasons are given  
for the increased growth. Farm-  
ers and ranchmen like the ease  
and convenience of selling and  
buying through auctions. They  
like the social and educational  
aspects of the auction. It pro-  
vides an opportunity to meet  
friends and discuss the merits  
of the animals sold in relation  
to the prices paid.

According to the Livestock  
Sanitary Commission of Texas,  
100 auctions were operating in  
Texas on October 20, 1920. Thirty-  
seven of these were in various  
parts of the state were in-  
cluded in a study made re-  
cently by Dr. John G. McSeely,  
Charles E. Brotherton and T. M.  
McKenzie, research agricultural  
economists.

This study of livestock auc-  
tions is mainly descriptive. It  
does not attempt to point out  
any advantages this method of  
sale may have over other meth-  
ods, McSeely said. It is an in-
