

Being almost HALF human the hardest thing for us to do is to eat crow, we suppose we will have to take ours and do the best we can with it.

Think of four or five excuses for the upset last week at Seymour, but we will try not to alibi too much.

We will list just ONE of the four or five excuses and if someone else has a better one let's hear it.

After the Rochester game seems as though the boys have had a hard time trying to get in the spirit for anyone else. As Clyde Voss says, and we agree wholeheartedly with him: Knox City hasn't had a really good team very long and at first all they wanted to do was win a few of the old grudge battles. After that they have never thought enough in advance to the Bi-District and Regional games.

We believe Clyde is right. As we have said before, and we mean it, Spirit is 90 per cent of the team. We think Matador and Lockett won on this point alone. We have had BOTH, but we believe we kinda slipped after our district win.

Anyway, we have had a most successful year, and we hope one and all are as satisfied and pleased as we.

After the Seymour blizzard Thursday we had a brain storm idea. If we ever build a new stadium let's have electric out-lets installed at regular intervals so we can take electric blankets to the game with us and keep warm.

George Houston suggests we have a front installed between seats and a flat surface over that so folks can not only have a wind-break, but a place to put their coffee cups and thermos bottles.

C. J. Reese has received a football bag—This is a lined bag that a person gets in and ties the bag together at his waist. C. J. said he was hoping to try the new gadget out at the Wichita Falls and Abilene games.

Sounds like a real cool deal. C. J. but for gosh sakes don't get so excited that you try to get in the darn thing—it could prove to be as much as embarrassing!

Last Wednesday at Lions Club was one of the most inspirational as well as entertaining functions we have witnessed in many a moon.

Rev. and Mrs. Oran Smith and George Houston supplied musical entertainment and Rev. J. Wilfred Carter made a short speech on Thanksgiving.

We knew George could play the violin, but it was the first time we had heard him. Mrs. Smith operated the organ with finesse. It was truly beautiful music executed with professional skill.

Second shock of the meeting came when Rev. Smith sang a couple of songs. Of course we heard him every Wednesday at Lions Club for the last nine months, but we didn't know he could sing. But sing he did, and like the others, he came through in professional style.

We can't quite figure whether it was the COLD or the HEAT of the game that made some of the fans run to their cars last week at the Lockett game during the fourth quarter.

It sure WAS cold, wasn't it?

We've enjoyed our association with the coaches and football players this year, and hope they will keep the pictures we have taken of them—and someday ten or twenty years from now they will bring them in for us to publish as the "Team of the Year" for Knox City.

Ulric Lea brought in a picture recently of an old-time (?) squad he played on, but the picture was so badly worn to be published.

For some reason we think the pictures we have made this year will be treasured by the recipients and will be worth more and more as the years go by.

Damages Minor In Car-Truck Mishap

Minor damages were sustained in a car-truck collision Tuesday afternoon.

Driver of the truck was Harvey Davis, Fort Worth, and the automobile was driven by Mrs. F. E. Walker, Knox City.

The mishap occurred on downtown Central Avenue.

YARD FOR THE WEEK

Knox City Garden Club selected Mr. and Mrs. Ottis Cash's yard the "Yard of the Week."

COACHES AND CO-CAPTAINS — First men seen at the beginning of each football game this season have been Coaches Curtis Hines left, and Ted Darland, right; Co-Captains Donald Johnson, left, and Jim Anderson, right, center. Thanksgiving Day ended the season.

SEVEN FROM KNOX CITY

All District Team

All District team for this district was picked by coaches from Knox City, Rochester, Aspermont, and Throckmorton last week.

All District first team and positions follow:
Ends: Donald Johnson, Knox City; and Ronnie Huntsman, of Rochester.

Tackles: M. C. Vincent, Knox City; Arnold Castillas, Knox City and Roy Glover, Rochester.

Guards: Danny, Burt, Knox City, and Roger Whiteside, Rochester.
Center: Joe Tidwell, of Knox City.

Backs: Larry White, Knox City; Tommy Rogers, Aspermont; Sam Adkins, Rochester. Joe Ed Glover, Knox City, and Dickie Sloan, Rochester.

SECOND TEAM
Below are the second team the coaches picked:
Welfare Post In Knox And King Counties Filled

Mrs. Allene M. Waldrip has been appointed field worker of the State Department of Public Welfare, Mrs. Johnnie Weaver, district director of Spur has announced.

The office of Public Welfare for Knox and King counties will continue to be in Knox City, and Mrs. Waldrip will be in charge after Jan. 1, 1960.

Mrs. Waldrip has been employed by the J. M. Edwards M System Super markets for the past seven years.

Perry C. Spenny, who has been field worker here for the past two years was recently transferred to Haskell.

Baptist Brotherhood Have Meeting

Baptist Brotherhood, a men's organization of the First Baptist Church, held its regular monthly meeting at the church Tuesday at 7:30 p.m.

Rev. Wilfred Carter, pastor of the First Christian Church, was guest speaker.

Brotherhood members also elected officers for the coming year. They are:

Vaughn Gruben, president; Joe Roy Smith, membership vice president; R. H. Beauchamp, program vice president; Jim Ross, secretary-treasurer; Truman White, activities vice president; Gary White, R. A. chairman vice president; Clifford Cornett, song leader, Bud Thompson, food chairman, and E. H. Tankersley, Jr., pianist.

Band Meets Tuesday

Band Boosters will have their meeting at 7:30 p.m. Tuesday, Dec. 8, instead of Monday.

All members are urged to attend this meeting.

Ends: Jack Colbert, Rule, and Jim Anderson, Knox City.

Tackles: Gary Ellison, Aspermont, and Steve Denton, Rule. Guards: Buford Wright, Rochester, and Wesley Duncan, Aspermont.

Center: Horace Whitefield, Throckmorton.

Backs: Jimmy Phillips, Knox City; Tommy Hibbits, Throckmorton; John Ike Morton, Throckmorton; Joe Elledge, Knox City.

Center: Danny Carroll, Rochester.

Backs: Elfonso Guerrero, Rule; Delbert Smart, Rochester; Jerry Lowery, Rule, and Bob Ballard.

Knox City has seven members on the first string lineup three on the second string, and two in the honorable mention column.

On first string all are seniors with the exception of Joe Tidwell, who is a sophomore.

All members on the second string are seniors, and Buddy Moon and Horace Wheeler, who received honorable mention, are juniors.

Knox City's Chamber of Commerce sponsored pre-Christmas Circus will be in Knox City Monday, Dec. 7, and will last all day.

Chamber Manager George Houston said the circus will feature an elephant, Santa Claus, pony act, chimpanzee act, and pony rides. All rides for the youngsters will be free of charge.

Santa will have a booth to interview youngsters. Santa's booth will be located in front of some business establishment on Central Avenue.

Pony rides and animals will take approximately one-half block of space and will be located on First Street, between the Citizens State Bank and Central Ave.

Knox City's Junior Chamber of Commerce will help the Chamber of Commerce in the Circus Day event.

Jaycees Plan A Shopping Tour; Turkey Shoot

Knox City's Junior Chamber of Commerce will sponsor a Christmas "Shopping Tour" for needy children this year.

Secretary-treasurer David Counts said he would appreciate any suggestions or names of needy children between the ages of 6 and 10 years.

Youngsters will be given money to spend as they see fit. They will be picked up and delivered back to their homes as soon as the shopping tour is completed.

Members voted to hold another "Turkey Shoot" for the Christmas season. Dates will be Dec. 17, 18 and 19.

Counts said the Ways and Means committee would conduct the next "shoot" in a different manner than the Thanksgiving event was held.

Tuesday, at their breakfast-meeting, plans should be completed for the three-day shooting event.

Knox City, and Jerry King, Aspermont.

Squadmen receiving honorable mention are:
End: Rhett Johnson, Throckmorton.

Tackles: Buddy Moon, Knox City.

Guards: Charles Hearn, Rochester; Horace Wheeler, Knox City, and James Winderborn, Rule.

Center: Danny Carroll, Rochester.

Backs: Elfonso Guerrero, Rule; Delbert Smart, Rochester; Jerry Lowery, Rule, and Bob Ballard.

Knox City has seven members on the first string lineup three on the second string, and two in the honorable mention column.

"Knox City Day" At Fat Stock Show Set For Feb. 3

Southwestern Exposition and Fat Stock Show, Fort Worth, has informed George Houston, Chamber of Commerce manager, Knox City, that they will feature a "Knox City Day" at the Stock Show this year.

Houston said he sent in a request for the day to be Wednesday, Feb. 3. Tuesday morning the date was confirmed.

Supt. Youngblood of Knox City High School said a Cowgirl Sweetheart would be elected sometime this week to represent Knox City.

High School Band will also be in attendance at the stock show, and will have a concert on the pavilion Wednesday morning at 11:00 o'clock.

Houston said this was a good way to advertise our city, and urged all business men to attend the "Knox City Day" if at all possible.

Tickets will have to be purchased in advance in order that all Knox City folks can sit in the same section. Interested persons may contact George Houston.

Knox City Defeated By Lockett In Region Play

By J. TOM GRAHAM

The Knox City Greyhounds completed their season as they lost to Lockett 21-6 in the Regional III playoffs last Thursday, Nov. 26. The game left the previously undefeated 'Hounds with an 11 record and a district and bi-district championship.

Breaks played the most important part of the regional tussle with the Panthers. The afternoon was cold with an extremely strong wind blowing

from the north. Lockett won the toss and chose to use that wind to their own advantage.

Joe Ed Glover received the ball deep in 'Hound territory and returned it to the 15 where the ball got loose, and after a big scramble, Lockett came up owners.

The 'Hounds dug in and remained strong for five plays. On the sixth, speedster Larry Bachman, scored on a sweep cut-back. The ball was fumbled on the attempted kick for extra points, but Justin picked it up and swept right end for the two point conversion left the score 8-0.

Shortly after, the 'Hounds lost the ball on their own 38 and the fleet-footed Panthers scored for the second time consuming nine plays. Again Bachman swept for the score, this time around left end. Try for the extra points failed, but when Justin picked the

ball up, the 'Hounds were not caught sleeping and he was snowed under a river of red jerseys.

With the 45 M.P.H. wind to their back, the 'Hounds began to move.

The situation was reversed in the second quarter with Lockett in the defensive, and the Greyhounds consuming a sixty yard drive to the Lockett seven before they failed to make a first down by inches. The 'Hound defense was solid as a brick wall, and the Panthers were forced to punt.

Once again the 'Hounds moved the ball down deep in Pan- (See 'HOUNDS, Back Page)

Mrs. Lillie Jamison Funeral Services Held Sunday

Mrs. Lillie Propps Jamison, 87, of Gilliland died Saturday, Nov. 28 in the Knox County Hospital.

The funeral was held at 2 p. m. Sunday in the Gilliland Church of Christ, with Jerome Savage officiating.

Burial was in Gilliland Cemetery, under the direction of Pinkard Smith Funeral Home.

Mrs. Jamison was born Oct. 23, 1872 in South Texas. She married Homer M. Jamison Dec. 20, 1889 in Baylor County. With the exception of a few years in the Indian Territory and Foard County, Mrs. Jamison lived in Knox County all her life. Her husband died in May of 1947.

Survivors include three sons H. L. of Jonesboro, Ark., Homer of Pasadena, Calif., and John of Gilliland; four daughters, Mrs. Jess Cook, Mrs. W. T. Cook and Mrs. Elmer Welch, all of Gilliland, and Mrs. John McLaughay of Redlands, Calif.; two brothers, Jack Propps of El Paso, and A. E. Propps, Knox City; one sister, Mrs. Lem Coltharp, Tucuman, N. M.

Please Send Santa Letters To Herald

The Herald would like to publish "Letters to Santa" Please address letters: Santa, care of Herald.

The Herald will publish the letters and forward them to Santa Claus as soon as they are set in type.

We would like to have every youngster represented in our Christmas edition, so please send them in as soon as possible.

Lions View Film, Hear Talk On Heart Disease

Field representative for the Texas Heart Association, Arville Tolbert, Henderson, made a speech on Texas Heart Ass'n., goals and aims, and showed a color movie entitled "Pump Trouble", at Knox City's Lions Club luncheon-meeting Wednesday.

Tolbert said there was no definite causes of heart trouble, other than eating too many hard fats. Some physicians think heredity plays a major role in the disease, as sometimes several generations are affected.

Most heart ailments and diseases can be cured, if diagnosed at first symptoms. One out of every 16 persons in the United States have heart disease, Tolbert said, and 54 per cent of deaths are caused by heart trouble.

The Heart Association operates in three different ways: Research, Professional, and Community Service. The Community Service program helps those unable to help themselves. Specifically, any person over 16 years of age that requires open heart surgery.

Tolbert said cost of such an operation costs anywhere between \$1100 and \$17,000.

If the Heart Association paid all three surgery bills, it would cost them \$11 million a day, Tolbert continued.

"We received \$24 million in our last drive—this would be only enough money to last two days," Tolbert concluded.

January 19, the Heart Association will have a seminar in Wichita Falls for nurses and students. All are invited to attend.

Board Members Meet
Lions Club board of directors met Wednesday morning. Directors voted to purchase a movie projector and sound track.

Members also were to contact local business places and see if the business men wanted to remain closed Christmas week. That would be Friday, Saturday and Sunday, Dec. 25, 26, and 27.

Members will vote on the dates at their next meeting, Wednesday.

Northern Star Seed Farm To Have Field Day Today

O'BRIEN — S. N. (Sam) Reed who came to West Texas in 1915 in response to a newspaper ad for cotton pickers and stayed on to become one of the world's largest breeders of cotton planting seed, has planned another field day at the Northern Star Seed Farms here Thursday, Dec. 3.

Reed, his partner, W. R. Woodward of Waco and J. S. Mogford, formerly cotton production and cotton breeding specialist at Texas A&M College for 33 years, last year staged one of the biggest field days since the annual event was inaugurated.

Approximately 150 specialists, ginners, breeders, farmers and others connected with the industry in several states were present for the all-day event.

Many of the popular strains of cotton grown today were developed on the Northern Star Farms.

Visitors will have an opportunity Thursday to see some of the latest varieties produced under the supervision of the farm's chief agronomist.

In addition to the improved cotton strains developed, visitors will observe results of fertilization, insect control, planting dates and other management practices in the growing of cotton.

Basketball Tourney Slated Tonight At Seymour

Knox City will play their first basketball game of the season tonight (Thursday) at 7:10 at Seymour. They will play Megare.

Returning lettermen for the Knox City squad will be: Donald Johnson, Jim Anderson, Joe Elledge, Dennis Anderson and J. Tom Graham.

Returning squadmen are: Paul Acosta, David Denton, Ronald Voss, Dickie Goodson, (as soon as his knee injury is well), Jimmy Phillips, and Joe Ed Glover.

Newcomers to the team are: Vernon Everett, Jerry Cornett, Jimmy Lea, Eddie Williams, and Ronnie Verhalen.

Laval Verhalen was the only senior on the team last year.

Tuesday, Knox City girls and boys teams will play Monday at Munday. No other games are scheduled for next week.

Dr. Markward Is Named Chairman Of Church Committee

Dr. Charles Markward has been named chairman of the planning and building committee for the Knox City Methodist Church, the Rev. Oran D. Smith has announced. Other members of the committee are: Alton Fitzgerald, Eddie B. Shaver, Sam Emory Clonts, Jeff Graham, Paul Hoge, J. C. McGee, Mrs. Ulric Lea and Mrs. Myrtle White. During the past few weeks the committee has visited several churches in the area to get ideas for a new building in Knox City.

The Rev. Hugh Hunt, Lubbock, church architect for the Northwest Texas Conference, is assisting in making plans for the blueprints.

The first unit of the building program will be an educational building and will be located north and west of the present sanctuary. Work on this part is scheduled to begin soon after the first of the year.

FFA Quiz Team Will Journey To Stephenville Dec. 5

Four members of the Knox City FFA chapter that won first place in the Oil Belt District Quiz Contest will be to Stephenville Saturday, Dec. 5, to enter the FFA Quiz on the area level.

The winners Saturday will go to Huntsville and compete on the state level.

FFA students making the trip Saturday will be Ronnie Verhalen, Eddie Williams, Stanley Compton, and Bill Donaldson.

The FFA team will be accompanied by their adviser, Arnold Brown.

First Baptist Church To Have Christmas Party Tuesday Night

Knox City's First Baptist Church will have a Christmas Party for the entire church family at the church, Tuesday night, Dec. 8.

Brotherhood organization and every department of the church will have an active part in planning the party.

Mrs. Kenneth Myers will be in charge of the music program, and encourages everyone that may have some talent in poetry reading, musical instrument, or singing, to get in touch with her.

A Christmas tree, Santa Claus, and a turkey dinner, with all the trimmings, will be served at the party.

OIL NEWS

The L.N. and C.E. Williams No. 22 L.W. Hobert 2 miles north of Munday was dually completed in upper and lower Tannehill sand. Pipe was being run and the zones will be perforated later this week.

SIX "HOT TIPS" ON SAFE WINTER DRIVING OUTLINED BY COUNCIL

With bad weather conditions just around the corner, J. O. Mueck, General Manager of the Texas Safety Association, has six hot tips for safer winter driving.

Based on scientific research by the National Safety Council's Committee on Winter Driving Hazards, under actual driving conditions and during tests conducted by professional drivers and engineers, the cardinal rules for safe winter driving are listed as follows:

1. You are the key to your own safety. Driving conditions definitely are less favorable in winter. It's up to you to winterize

KNOX COUNTY HERALD

Published each Thursday at Knox City, Texas, and entered in the post office at Knox City, Texas, as second class matter Sept. 5, 1946, under act of March 3, 1879.

Jim Hill — Publisher-Editor

SUBSCRIPTION RATES:

Elsewhere:
1 Year \$2.50 6 Months \$1.50

your car, winter-wize your driving techniques, and determine to do your best to avoid accidents.

2. Rely on good tires and tire chains. Have good tires. You may prefer snow tires for winter, but you still should carry reinforced tire chains for the more severe conditions which can and will develop from time to time. Even with the help of snow tires, or the much greater help of reinforced tire chains, you should reduce speed on snow and ice.

3. Keep windshield and windows clear. Be sure your wiper blades are in good condition, and that wiper arms have adequate pressure to sweep snow and sleet off rather than slide over it. See that heater and defroster are working smoothly. Clear snow and ice from the windshield and all windows of your car before venturing onto the highway. Ventilate, to keep your windows from fogging.

4. Get the "feel" of the road. In order to avoid unintentional sliding or spinning of your wheels, try the brakes or gently press the accelerator while driving slowly and as traffic and highway conditions permit. Then adjust speed to a comfortable, safe rate governed by the existing road and weather conditions.

5. Follow at a safe distance. Keep a good margin between your car and the vehicle ahead. It takes chainless cars from 3 to 12 times more distance to stop on snow and ice than it does on dry pavement.

6. Pump your brakes. A pumping action permits you to

maintain better steering control on ice or slippery snow. A fast application and release of the brakes—one or two times per second—will give you short intervals of maximum braking effort separated by short intervals of controlled steering while wheels are rolling.

KNOX CITY

'Graham Crackers'

BY J. TOM

At last my four years of English has become slightly useful! I can remember one English quotation that is appropriate. "For all sad words of mouth or pen, the saddest are these: 'it might have been.'"

As we wind up our season, I would like to place a little gratitude in certain spots. First I know I speak for the whole team when I say that we appreciate the faithful support our fans displayed. We were behind at the half of both of our last two games, but the fans led us on as if we were fifty points ahead. Knox City always carries more than its share of the gate, even in the coldest weather. Next, we appreciate the student body for their encouragement and co-operation. Third, we wish to thank the Coaches. Only one statement needs to be made to prove the importance of their function in the T-1 record. "The fine athletic material displayed in the Knox City team of '59 was no better than the material shown in other years when only four games were won."

Last week, a classmate and I were sitting around anticipating the horrible sound commonly known as a bell. Quite by accident, I placed my elbow across the clipboard which he was looking over. When he called my attention to it, I foolishly said, "Sorry, I didn't know you were copying."

"Don't say copying," he said heatedly. "That sounds like a grade-schooler. Say, duplicating homework." I stood corrected but it also started me to think. There is a marked difference between the use of words in grade school and high school. In high school, we are expected to cast aside our grade school slang and build a versatile vocabulary. Therefore, I

am going to suggest a few more changes like the one mentioned above. The new, better, and more intelligent use of words would go something like this:

teacher—enlightener
student—systematic observer
school—examination hall
test—investigation of discrimination
cheat—deception of the enlightener
licked—physically disciplined
chewed out—mentally disciplined
disciplined
homework—residential labor
principal—essential authority
class—students of identical status
tardy—reluctantly delayed
absent—abstracted
hooky—unavoidable truancy

However, if this system was employed, it would make conversation difficult. Imagine two students talking:

"The enlightener is giving an investigation of discrimination at the examination hall tomorrow?"

"Yes, we, systematic observers, had better do some residential labor before students of identical status so we will not have to use deception of the enlightener and be sent to the essential authority to be physically or mentally disciplined. Don't play unavoidable truancy or be abstracted, or even reluctantly delayed to students of identical status."

Considering the above conversation, it wasn't such a good suggestion after all. Skip it.

RETURNS HOME

Margie Paul, of Arlington returned home Sunday after spending a long week end with her parents. Mr. and Mrs. Bill Paul Margie is a student at Arlington State College.

COOKIE, the Hollywood trained Chimpanzee, whose amazing antics will amuse old and young alike, will be one of the featured animal performers with the Free Christmas Circus to appear in Knox City on Monday, Dec. 7.

Water Is Most Important Source For Survival

Water, next to air, is our most important source for survival. You can live longer without food than you can without water, and each year water usage increases. Farms need water to produce food, feed and fiber. Without water, industry would come to a standstill. The land is the great gathering place and storage reservoir of fresh water. Like food, water is a product of the land. Water in the clouds is useful to man only after it reaches the earth as rain or snow.

Since nearly every community has a water problem — water shortage, poor water, or flood or some combination of these problems—the U. S. Department of Agriculture is encouraging rural and urban groups in their observance of the fifth annual Farm-City Week, November 20-26, to give consideration to this mutual problem. Watersheds and their treatment are of vital concern to both groups.

The use and treatment of all land in a watershed determines to a large extent the quantity, quality and dependability of the water supply in that watershed for all purposes, agricultural, domestic, municipal, industrial and recreational.

Irrigation is the greatest consumer of water. Growing crops require a lot of water. It takes 115 gallons of water to produce the wheat to make one loaf of bread. The nation's cities and towns by 1975 will be using an estimated 20 to 34 billion gallons of water daily and industries from 215 to 275 billion gallons daily, much of which can be recirculated in the same plant or used for other purposes.

Farm and city leaders, therefore, should work together in planning for the use, development, and wise management of watersheds. The Federal govern-

Streams In Desert Places

Ozelle Stephens

Too often we accept the good things of life, such as life, air, sunshine, ability to think, merely as a matter of course without giving thanks for them. But when we begin to realize the fact that we would not even be here on earth if it were not for God's gift of life and sunshine, when we change our attitude and begin to give thanks for the many blessings we have received we open our minds to a new vision of life in which we shall see God is actually with us every moment, and is blessing us by giving us the things we need before we ask for them. When we begin giving thanks and rejoicing, His gifts become real to us. As we tune in to the spirit of God's bounty we become able to receive and to enjoy more and more good. The more we use His bounty for others the closer to God's loving will we are and will bring ourselves and our affairs into His divine current from which all blessings flow. We then become a moving part of the activity of His blessings.

WEEKEND IN VERNON

Mr. and Mrs. Curtis Hines and children spent the week end in Vernon.

ment assists with the solution of water and watershed problems through agencies of the Department of Agriculture, Interior, Health, Education and Welfare and Army Corps of Engineers. Most of these activities are carried on in cooperation with state and local units of government. Troy Jones, County Agent, Jesse Gilpin, Office Mgr. of ASC or Jess Tate SCS Technician, can supply information on the USDA's Watershed improvement assistance programs.

Corner on Cotton

BY BOB COLLINS

How would you like a garment that would never need washing, claining or pressing... it would be water repellent, flame resistant and would wear 10 times as long as any fabric known today... that may be cotton clothes a few years from now... in fact, some of these qualities have already been developed by research.

Searches are going on now to improve "wash-and-wear" cottons and within three years "wash-and-wear" will be improved 100 per cent and probably double its market... already it is utilizing 800,000 bales of cotton annually that would not be used otherwise.

Think what may happen when research develops some treatment to cause dirt to just slide off a shirt and adds another treatment that makes the shirt odorproof... the peak of cotton sales isn't even in sight yet if research is given a proper chance.

Lost Markets

Cotton has lost markets for three reasons: (1) the support price has been held too high... (2) synthetics have been developed that could do some specific job better than cotton... (3) manufacturers have regarded the course of supply as being too insecure since it was determined by governmental edict rather than by supply and demand... to two of these factors research has helped and can help much more... prices can be lowered by reducing production costs and cotton properties can be developed to prevent synthetics from offering any better performances.

Look what has already been done... new insulators let us control (but unfortunately not eliminate) the boll weevil... there are chemical treatments for weed control that greatly reduce production costs and of course there is the mechanical cotton picker... micronaire measurements have entered the trading picture in recent years to help better determine spinning qualities... a new bale opener is on the market that can save mills up to \$1 per bale... and a granular carding process has been developed that will further increase mill efficiency.

With all this happening to cotton, there isn't much room for pessimism if its production is given the benefits of continuing research and its marketing is given the freedom to meet competition and consumer demands without governmental interference.

AUSTIN, TEX. — Ord...

between Thanksgiving and Christmas, politicking takes a seat to holiday preparations at the Capitol.

This year a lot of people are more concerned with the "gifts" they'll get than with the "gifts" they'll give.

Gov. Price Darr has called elections to fill the legislative vacancies for 1958. For the several candidates actively running for office, election would be a highly acceptable position "present."

Gov. Darr also has written members of the Legislature asking they look about having a special session early next year to raise money for higher teacher salaries.

Some already have stated bluntly and publicly that this is a "gift" they would pass up. It would force them to choose, right before the Legislature, between the teachers and passing a new tax, which always makes somebody unhappy.

Several have said they feel the matter of raising either should have been settled during the sessions last spring and summer or should be postponed until the next regular session. After statewide elections, it's pointed out, legislators might have a better idea of what all the voters want.

Others, however, say that if the Legislature raises the tax, it will be about Jan. 1, just after the special session.

State officials in general, however, are focused, not on Feb. 1, the last day for a place on the primary ballot. For the candidates, no "visions of sugar plums" can compare with the hope of having Feb. 1 end with no tough opposition in sight.

WATER ENGINEER RESIGNS
McDonald D. Weirert has resigned his post as chief state

Water Board Has Been Target of Critical Statements

Water Board has been the target of critical statements in recent months by the Texas Water Conservation Association and the Texas Society of Professional Engineers. TWCA charged that friction between board members had caused the state's water program to lag.

Gov. Daniel, in a recent speech, recommended that the Water Board be re-organized along the lines of the State Highway Commission.

WATER FIGHT CONTINUES
Whether the Trinity River or the San Jacinto is the best source for Houston's future water needs is the issue in a prolonged hearing before the State Water Board.

Trinity River Authority and the City of Houston are seeking permits to build two dams near Houston. San Jacinto River Authority is contesting the application. It contends Houston has an agreement to get its water from the San Jacinto and that Trinity water is insufficient and polluted.

Engineers for the Houston-Trinity group have presented mountains of statistics in support of their cast that Trinity water will be adequate for industrial use and cheaper than San Jacinto water.

City of Denton has dropped its opposition to the proposed dams after coming to an agreement with TRA and Houston to protect water rights of the Garza-Little Elm and Grapevine

COMMISSION STUDIES GAS PRICES

Railroad Commission is now considering the record of nearly a year's heated discussion over whether Lone Star Gas Co. should be allowed to raise its rates.

More than 300 Texas cities are affected.

Lone Star is asking to increase rates from 30 to 40 cents per 1,000 cubic feet. It says that 9 cents of this is swallowed up by the higher prices it must pay for gas at the well-head. It is asking also that some system be established to adjust prices to customers automatically when costs to the company go up significantly.

Attorneys for the affected cities charge that the gas company is trying to put an unfair charge of the costs on house-

LAWYERS CLARIFIED

Series of opinions, mostly concerned with new laws passed this year, Gen. Will Wilson has ruled:

1. That parts bought for repair of air conditioners are not subject to the new 3 per cent sales tax on air conditioners. All parts sold for the original installation are taxable.

2. That the law creating a Texas Coordinating Commission for Health and Welfare Services is unconstitutional. Commission would have been made up of persons from both the legislative and executive branches of government, thus violating the "separation of powers" prin-

RECORD SALES SEEN

Totals thus far indicate Texas should hit an all-time high in retail sales in 1959, says the Bureau of Business Research.

BBR's estimate of total 1959 sales, based on the good showing of the first 10 months, is \$13,658,000,000. This would be 8 per cent better than last year.

one of the very few things that costs you less than your Electric Service

It's so inexpensive to cook the modern electric way. The average family served by WTU can cook a complete meal the easy, fast, clean electric way on a Frigidaire range for less than three cents.

In homes served by WTU, the average cost of a kilowatt hour of electrical service is 1.8¢ less than it was 10 years ago.

Did you ever count up all the ways you put low-price electricity to work to save you time and work and trouble? You'll be surprised how many there are and how far your electric dollars go.

Electricity COSTS SO LITTLE — YOU CAN USE LOTS OF IT!

'HOUNDS--

(Continued From Front Page)

ther territory. With the half almost ended, fullback Larry White blasted the line from the one foot line, but the officials ruled he was stopped short of the goal and time ran out before another play could be run.

With the wind to their back in the third quarter, the Hounds fought hard to even those 14 points. Late in the quarter, Joe Elledge passed to Donald Johnson for a good gainer, and wingback Jimmy Phillips, the Greyhounds lead ground gainer for the day as he consumed 105 yards, scored from seven yards out. The trap play with Glover keeping was stopped short by inches and the score remained, Lockett 14, Knox City 6.

The Hounds were facing the wind in the fourth quarter and playing desperation cater-up ball. However, they could never get a sufficient drive under way, and couldn't punt out of trouble.

Taking a chance on a first down late in the fourth quarter, the Hounds were stopped deep in their own territory and Lockett took over.

With 49 seconds remaining on the clock, Justin swept left end for the score and Bachman kicked the extra point. That was the final score of 21-6, although the Hounds did manage to move the ball almost 20 yards in the remaining seconds.

The hard pressed Hounds outdistanced the speedy Panthers in rushing yardage, but could never seem to get the scoring break. The Hounds were highly handicapped by the wind because of their dependency on their aerial attack.

This game completed the Greyhound season with a fine 11 win, but one lost record.

The Hounds had previously defeated Lockett 28-6 in a non-conference battle earlier in the season.

Game At A Glance

Knox City	Lockett
13 first downs	15
236 rushing yds.	228
28 passing yds.	0
1 passes intercepted	0
3 for 20 punts	2 for 21
3 for 35 penalties	6 for 22
3 fumbles lost	2

TORNADO DID THIS — Knox City had another big "blow" back in 1909. H. E. Wall supplied the picture to the Herald for publication. The picture was made at the Brazos Railroad Bridge north of Knox City. Persons in the picture are unidentified, but the engine and cars were completely wrecked.

"MAIL EARLY FOR CHRISTMAS" IS POSTMASTER GRAHAM'S PLEA

Postmaster Jeff Graham, this week announced his annual "Mail Early for Christmas" campaign, and outlined plans for insuring delivery of all Christmas gifts and cards by Christmas Eve.

"Public cooperation," he said, "has been a key factor in moving Christmas mail on time in recent years, and I am hopeful that it will be even better this year."

The Postmaster urged patrons of the Knox City Post Office to start mailing Christmas packages now. Packages to distant places especially should be mailed as early as possible.

"This is also the week to prepare and mail your out-of-town Christmas cards," he said.

Postmaster Graham gave these pointers on the proper mailing of packages, "Use sturdy, corrugated mailing cartons, plenty of heavy brown wrapping paper, and be sure that every package is tied with a strong cord. Cartons containing several gift packages should be stuffed with tissue or old newspapers to cushion the contents.

"If your article is of unusual size or bulk, check with the post office because there are restrictions on size and weight.

"It is also important to make sure that your package bears the correct mailing address and your return address. If you are sending your package to a large city be sure to include the addresser's zone number. Including the zone number in the address always will facilitate delivery in large cities. Zone numbers also

Junior Class Play Will Be Held Monday

Junior Class of the Knox City High School will present their annual play Monday night at 7:30.

Title of the play is "Every body's Getting Married." Tickets are sold by the Junior Class. Admission: adults, 75 cents; children, 25 cents.

"Think and Save"

By Miss S. C. Kinsey
County Home Demonstration Agent

1. How do you manage money? Do you enjoy exploring various ways and means you have to spend and save? Do you recognize the motives behind your spending? Do you have a long-term plan for using your income?

2. To protect furniture from dry atmosphere and overheated rooms, mix a solution of 3 parts boiled linseed oil and 1 part turpentine and shake well. Apply to furniture and allow to stand 30 minutes. Wipe off excess oil and buff with soft dry cloth.

3. Good food storage practices at home prevent waste. Wash and clean vegetables carefully. Dirt may hasten spoilage. Drain off excess water, but store while moist for better crispness. Trim away bruised or spoiled areas to prevent rapid spoilage.

4. Ask yourself these questions to decide whether or not a sale item is for you. Is this an item I had planned to buy? How does it compare with merchandise in stock for price and quality. Does it suit my purpose. Do I have the money for it now?
