Center is Joe Weaver of Olney, member of Lions International Council, who conducted the installation of Lawson and other new officers.

LION OFFICERS INSTALLED; NEW CAFETERIA DEDICATED

The Knox City Lions Club's Ladies Night banquet Friday night drew almost 200 Lions, wives and guests to the new school cafeteria.

The program included a ceremony dedicating the cafeteria, installation of new Lions Club officers, and a variety of entertainment.

Baptists to Vote On Calling Pastor

Members of the Baptist Church will vote Sunday morning on calling a pastor, H. E. Wall, chairman of the Board of Deacons, said this morning.

The congregation will consider Rev. R. L. Dodson of Bluffdale, Texas, who preached at the church last Sunday.

Rev. Dodson, a graduate of Southwestern Theological Seminary in Ft. Worth, has been highly recommended by the district missionary in his area, and the pulpit committee of the local church was favorably impressed by him, Wall said.

The church has been without a pastor since the recent resignation of Rev. Billy Frazier, now pastor of the Baptist Church at Idalou.

The chairman urged all members to be present Sunday.

Legion to Elect Officers at Special Meeting Tonight

A call meeting of the Teague-Carpenter Post, American Legion, will be held at the Legion hall tonight (Thursday) at 9:30 p. m. following the ball game, Doyle Graham, post commander, said this week.

New post officers will be elected at the meeting, Graham said, because officers must be elected before the next regular meeting date. A nominating committee will submit a slate of officers and nominations may also be made from the floor.

The meeting will be brief, and the post commander urged all Legionnaires to attend.

Churches to Hold Joint Services During Summer

The Methodist and Christian churches will hold joint meetings every Sunday evening the rest of the summer beginning the first Sunday in July, John Waddell, minister of the First Christian Church announced Wednesday.

During July the services will be held at the First Methodist Church and in August services will be held at the First Christian Church. The ministers, Waddell and Oran Smith, will alternate at preaching. Services will begin at 7:30.

Last Sunday night, services at the Christian church were dismissed so that the congregation could hear Rev. Smith who recently moved to Knox City. Sunday night, June 29, the Methodists will return the visit.

Dressing Rooms To Be Built at Football Field

Construction of dressing rooms at the Greyhound football field will begin shortly, following the razing of the old lunchroom and band hall on the school campus, Principal Erwin Youngblood said Tuesday.

The dressing rooms will be built from lumber from the old lunchroom building, which was originally the Union Grove School building, Jack Culp is doing the work.

Youngblood, who will be school superintendent effective August 1, said the building will be 30x60, with the visitors' dressing room 20x30. Showers will be in both the visitors and home rooms.

The outside will be stucco. Location will be just south of the walk-in gate.

McGee-Ward School will get a 24x25 addition of concrete blocks during the summer. Lumber used will also be from the old lunchroom building.

Equalization Board Named by School

Claud E. Reed, Claude Richardson and C. Bohannon were appointed to a board of equalization by the Knox City School Board at a meeting Tuesday night. Roy Smith was named alternate.

The equalization board will review property renditions in the school district, and in cases of changes in valuations, will notify property owners of the dates of hearings.

NEW KNOX CITY POST OFFICE BUILDING DEDICATED AT CEREMONY WEDNESDAY

The new Knox City post office building was dedicated Wednesday at a luncheon in the school cafeteria, followed by a short flag-raising ceremony at the post office.

More than 100 persons attended the luncheon meeting of the Lions Club, which sponsored the dedication.

Postmasters and other postal employees were present from Aspermont, Quanah, Throckmorton, Seymour, Vera, Chillicothe, Rochester, Weiner, Goree, Rule, Munday, Haskell, Truscott, Benjamin, Crowell and O'Brien. Other guests were present from Abilene, Whiteface, Ft. Worth, Corpus Christi and Port Arthur.

Visiting postal employees were introduced by C. A. Wilson, Knox City rural carrier. Postmaster Jeff Graham introduced the speakers, who included State Senator George Moffett; Vernon Bell of Lubbock, Post Office Department real estate officer; W. B. Weathered of Ft. Worth, member of the regional staff, and Jimm Martin of Dallas, regional comptroller.

Weathered presented a certificate for meritorious service to Grady McLain, who will retire June 30 after 38 years as rural carrier. McLain has been carrier here four years, transferring here from Foard City.

Martin traced the history of

the postal service from the beginning to the present. He remarked that the department has built up an enormous deficit, but added that changes already planned will help reduce the deficit and furnish more efficient service at less cost.

The speaker blamed low postage rates for the deficit, pointing out that the three cent stamp has been used since 1932. The increase to go into effect in August and later will help reduce the loss.

Lagging salary schedules were also listed as a department headache, since many competent workers have been lost to private industry. The retroactive pay increases recently approved by Congress makes the salary structure more competitive with industry, he added.

In efforts to put the department on a more efficient basis, Martin said, more changes have been made in the past five years than in the past 90. These include decentralization, with the establishment of regional offices, and other changes recommended by business management consultants. The department has also complied with all recommendations of the Hoover Committee, he said.

Remarking that the department is proud of the new Knox City office, Martin added that

New High School Principal Elected

E. A. Youngblood, superintendent-elect of the Knox City Schools, announced Wednesday that Donald Waldrip has been elected high school principal for the 1958-59 school term.

Waldrip received his BS degree from Midwestern University in 1953, and is completing work at Midwestern this summer on his master's. He taught four years at Archer City and was high school superintendent at Chillicothe last year.

A captain in the Texas National Guard, Waldrip is married and has a daughter, 15 months old.

Youngblood said the faculty is still short a second grade teacher, homemaking teacher, and a combination seventh grade teacher and girls basketball coach.

Sale of Local Ford Agency Approved

Announcement was made this week of the sale of the Sharp Motor Co., Knox City Ford dealership, to Jack Arledge, formerly of Roscoe. The sale was approved by Ford Motor Co., June 14.

The new owner, son of Mr. and Mrs. Roy Arledge, former residents of this area, has had several years experience in the automobile business. He recently sold the Ford agency at Roscoe.

Grand opening of the business under its new ownership has been planned for the near future, and the date will be announced next week.

Arledge is adding new, modern shop equipment and making improvements. His staff will consist of Vaughn Gruben in the sales department, Mrs. Roy Hines, office manager, and C. A. (Chock) Reeves, L. E. (Buddy) Dotson and Martias Rodriguez, shop personnel.

17,574 Knox Acres In Soil Bank Program

A total of 17,574.2 acres of cropland has been taken out of production by Knox County farmers and placed in the two Soil Bank programs for 1958. H. H. Partridge of the County Agricultural Stabilization and Conservation office reported today. Of this total, 15,483.8 allotment acres were taken out of basic crops and put in the Acreage Reserve in the county.

An additional 2,090.4 acres of general cropland were placed in the Conservation Reserve in 1958. This acreage is in addition to the 7,915.8 acres placed in the Conservation Reserve in the 1956 and 1957 programs.

There are 292 County farmers with Acreage Reserve agreements and 106 with Conservation Reserve contracts. Of all the farmers participating, a total of 68 are in both Soil Bank programs. By complying with their agreements Knox County farmers stand to earn a total of \$586,619.00 in payments.

Nationally, cropland taken out of production through the Soil Bank both in the Acreage Reserve and Conservation Reserve totals over 27.6 million acres for 1958. Of this total, 21.2 million acres were put in the Soil Bank this year. Corn accounts for the largest acreage put in the Acreage Reserve, with wheat second and cotton third.

Wheat Farmers Approve Quotas

Knox County voters approved wheat marketing quotas in the referendum Friday by a vote of 118 for, 18 against, J. T. Gilpin, county ASC manager, said. In Knox City the vote was 18 for, two against.

There were 600 eligible voters in the county, Gilpin said, and the vote was lighter in the county, as well as over the state, than it has been in his memory.

J. O. Warren was presiding officer for the election in Knox City.

H. A. (Nick) Carter Dies at Stamford

Funeral services were held in Stamford Wednesday for Herbert Allen (Nick) Carter, retired Stamford wholesale produce salesman who died Monday. He had suffered a heart attack last Wednesday.

A resident of Stamford since 1912, Mr. Carter had traveled this area for 20 years as salesman for Ben. E. Keith Co., of Abilene, and was well known in Knox City and other area towns. He retired in 1955.

CHRISTIAN CHURCH TO BUILD NEW EDUCATIONAL BUILDING

Floor plans are so arranged so that in the future when a sanctuary is built there can be a large folding or sliding door between the dining room and the sanctuary. This arrangement will provide additional seating capacity for overflow crowds at conventions, funerals, or other large gatherings which would overflow the normal Sunday morning seating capacity.

Roy Smith has headed the building committee. Other serving on the committee are Mrs. J. H. Atterbury, Mrs. Lewis M. Williams, Dr. and Mrs. T. P. Frizell, and E. R. Carpenter. The minister and Judge Lewis Williams, chairman of the board, have served as members ex-officio.

Preparing floor plans and early stage blueprints has been Bill Sams. Contracts have not been let for any construction as yet. Estimates and bids are being received by the committee.

The building will provide space or classrooms for kindergarten, primary, junior, and high school ages as well as provisions for a modern nursery. The nursery will be equipped with juvenile toilet facilities, the minister said.

The building will also house kitchen and dining room provisions and the minister's study will be located there. Adult classes will meet in the dining area.

The exact cost of the building has not been determined, and the date for the beginning of construction has not been set but will be very soon, Waddell said.

GREAT LAKES, I.I. — John E. Smith, son of Mr. and Mrs. John A. Smith of Knox City, Texas, and husband of the former Miss Jo Denton of Knox City, has been appointed master at arms of his recruit company at the Great Lakes Naval Training Center.

As a recruit petty officer he will wear a miniature rating insignia as a badge of authority during the remainder of his nine weeks of 'Boot Camp.'

He was chosen for the position in recognition of leadership qualities displayed while undergoing recruit training. He was scheduled to graduate June 21.

O'Brien Faculty Short Two Teachers

O'Brien school superintendent Elvin Mathis said this week the school lacks two teachers having a complete faculty for the next school term.

Positions yet to be filled are first-grade teacher and third-grade teacher.

The high school faculty is complete, with Supt. Mathis teaching Spanish and civics. Athletic coach Charles Yarbrough will teach math and general science, and Mrs. Lee Haymes will teach English and speech. Gene Sanders of Stamford will teach commercial subjects in high school and in the upper elementary grades. George Piller, former VA instructor who will be elementary principal this year, will teach high school chemistry as well as grade school subjects.

Grade school teachers will include Mrs. S. D. Jones and Mrs. J. G. Robin, both of Knox City, and Mrs. E. C. King Jr. Mrs. Robin, who has taught the first grade several years, will teach the second grade.

The school is being forced to drop vocational agriculture and homemaking, Mathis said, because of the small number of students in high school.

Pony Leaguers Lose Two Games

The Knox City Pony League baseball team lost its first two encounters in Cotton Belt League play, but manager Bob Bailey says the boys are gaining experience and "will win some games."

Losing their first game to Munday, 12-3, Knox City pitcher Simon Rocha struck out seven men and gave up nine hits. The local lads got four hits off Munday pitcher Haynie, who struck out nine.

Monday night Knox City lost to Haskell, 4-0. Rocha struck out 14 men while giving up five hits. Haskell pitchers Herren and Weaver struck out 12 and allowed one hit.

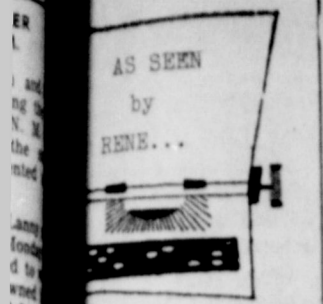

The Ponies will play a practice game at Rochester this afternoon (Thursday) at 6:00. They will be hosts to Rule in a league game here tomorrow (Friday) night at 7:30, and will play at Munday next Tuesday at 5:30 p. m.

The Knox City team is coached by Ted Darland, new athletic coach of the Knox City school. Boys on the team are Rocha, Jerry Force, Jimmy Johnston, Ronald Voss, Jerry Cornett, Mike Bailey, Gary Edwards, Arnold del Hierro, Charles Reeves, Royce Cox, Danny Fisher, Sammy Stubbs, Danny Colwell, Ronny Hamilton, Bobby D. Burnett, David Denton, Donaldson, Bobby Cox and Taylor Hodges.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, TEXAS. — First drought, then floods and now grasshoppers have come to plague disaster-weary Texas farmers.

After touring the affected area in the Panhandle, Governor Price Daniel called it the worst grasshopper infestation in 20 years. Unless checked, he said, the "hoppers could destroy much of the crops pasturage in 26 counties.

County, state and federal agencies worked with landowners to get crews to spray hatching grounds along roadways. State Agriculture Department, Highway Department, National Guard and Defense and Disaster Relief Office are cooperating in the battle. Aim is to try to kill the insects before they leave the hatching grounds and start chewing their way into crops for which farmers had high hopes this year.

Another threat is fund shortage. At a cost of some \$3,000 a day for spraying crews, Texas Agriculture Department's emergency funds dwindled fast.

Governor Daniel expressed hope that some federal assistance might be obtained.

COX APPEAL DENIED — Ex-Rep. James E. Cox of Conroe has lost another round in his fight against a two-year prison sentence.

Court of Criminal Appeals, by a 2-1 decision, upheld the trial court conviction on charges of consenting to accept a bribe. Cox's attorneys have one more recourse left—filing a motion for a re-hearing. Since the appeals court recesses June 28, this could not be considered until it reconvenes next October.

Cox's troubles rocked the state last Spring, during the 1957 legislative session. They began when Howard Harmon of San Antonio, onetime head of the Texas Naturopaths, made public a tape recording of a hotel room conversation with Cox. Harmon and state's attorneys contended

an effort by Cox to shake down Harmon in return for killing an anti-naturopath bill which Cox had introduced in the legislature.

JUDGE'S OPPONENT OUT — One election contest has already been settled, some six weeks before Election Day.

Texas Supreme Court ruled Dist. Judge Graham Purcell of Wichita Falls not eligible to run for the Court of Criminal Appeals against Judge K. K. Woodley. Reason: Judge Purcell has had only nine years experience as a lawyer and judge.

An 1891 amendment to the Constitution requires that Criminal Appeals Court judges have the same qualifications as Supreme Court Judges. At that time the requirement for the high court was seven years experience. In 1945 the Constitution was amended to require 10 years experience for Supreme Court Judges.

Despite the time lapse, the effect of the two amendments is to require 10 years experience of Criminal Appeal Judges, according to the ruling in the Woodley-Purcell case.

Result is that Woodley will be unopposed in the primary and win automatic renomination for another six-year term.

LINE-JUMPING THREAT — Another Supreme Court ruling on an election dispute poses an Election Day dilemma for Dallas voters.

It held that Grover Cantrell, Dallas labor official and self-styled "Stevenson Republican" is entitled to oppose Congressman Bruce Alger on the GOP primary ballot.

Cantrell's candidacy is interpreted as a move to inconvenience Dallas conservative voters. Election results for 1956 indicate a good percentage of "Big D" voters threw their strength behind conservative Democrats at precinct conventions and primaries, but supported Republican nominees for national offices in the general election. Presumably, unless conservatives are on hand to vote, Cantrell's friends might scratch GOP-favorite Alger in his own primary.

But it's a two-edged sword that applies equally to Dallas liberals. If they go to the Republican primary to help Cantrell, they can't vote for liberal Democratic contenders for state office nor fight conservatives for Democratic precinct control.

LIKE A JURY? — Defending the State Board of Health's closed door meetings, Comm. Henry H. Holle said:

"The Board is like a jury. You get the verdict, but you can't

Hass Huntsman of Knox City, who is ginner for Rio Hondo Eastside Gin during the Valley ginning season and for Paymaster Gin here in the fall, ginned the first 1958 cotton in the nation Friday at Rio Hondo. The bale, grown by W. S. Gandy Jr., won a close race for a prize of \$2,500 or more offered by the Harlingen Chamber of Commerce for the first bale to reach the Harlingen police station. In the picture above are Vernon Canville, foreman of the farm which produced the winning bale, Gandy and Huntsman

get in on their comments."

State Health Board has authority to allocate federal funds under the Hill-Burton Act to match local funds for hospital building. Its policy has been to announce names of hospitals approved to receive funds, but not those rejected or why.

Newsman had been openly critical of the Board for barring the press from its meetings. Holle said minutes of Board meetings were available to the public after formal approval at the next meeting—three months later.

MORE MONEY FOR LAND — Texas Veterans Land Board has made its third \$12,500,000 sale of bonds to finance land purchases by veterans.

This brings to \$37,500,000 the bonds sold since last December. Land Office spokesmen say it gives the program enough money to carry it until August, 1959. A total of \$200,000,000 in bond issues were authorized by voters in a recent constitutional amendment.

For a time the program was at a standstill because the Board was unable to find bond buyers who would accept the 3 per cent or less in interest which the state is allowed under the constitution to pay.

TRY, TRY AGAIN — Texas Supreme Court is again being asked to referee the battle of appointments that has brought the state insurance liquidation to "utter chaos."

Latest deadlock developed when Insurance Commissioner William A. Harrison fired Liquidator James M. Williamson (in office only 10 weeks) and replaced him with C. M. Landeau, formerly first deputy. But Dist. Judge Charles O. Betts, one of three Austin judges handling insurance receivership cases, refused to accept Landeau as receiver for the cases in his court. He named another attorney. Other two judges accepted Landeau.

On behalf of the Insurance Department, Atty. Gen. Will Wilson has petitioned the Supreme Court for permission to file a writ of mandamus voiding Bett's action. His petition charges Bett's usurping powers assigned the Insurance Department. It says the "divided responsibility" of two receivers in one office "creates utter chaos."

In a previous effort to get a ruling that would unshackle authority over liquidation, the high court held the judge could appoint a receiver if the Insurance Department failed to do so.

'Real Cowboys' Take Part in Stamford Rodeo

The Texas Cowboy Reunion to be held at Stamford on July 2, 3, and 4 has the distinction of being the world's largest cowboy rodeo judged according to the number of amateur cowboy contestants entered each year who compete for the hand tooled saddles and day money winners in the various rodeo events. Mr. W. G. Swenson, who has been president of the organization since it began in 1930, is justly proud of the growing number of these contestants and the fact that the competitive spirit has been maintained through-

out the years.

Among the contestants who enter year after year are ranch hands, ranch foremen and ranch owners. The reunion officials are always pleased with such entries as Sam Baugh, the famous football player whose prowess is known throughout the United States for his fine

game when he was at T. C. U. and the Washington Redskins. At present he is football coach at Hardin-Simmons and also operates his own ranch, the Double Mountain Ranch between Rotan and Aspermont. Sam Baugh, still lean, rugged and active, has competed many years in the calf roping events at the Cowboy Reunion. He is assisted at the Ranch by his wife, four sons and one daughter.

When approached by a Reunion official, he was wearing a piggin rope at his waist and he remarked that a man had to practice at roping these days as he could remember when 17 or 18 seconds time roping and tying would win but not any more.

SPOKEN WORDS HAVE A WAY OF BECOMING DISTORTED

If you've ever tried to track down a rumor, or unscramble a piece of gossip, you know how elusive is the spoken word! Or maybe you've noticed that you can't quite recall that funny quip by your favorite radio or TV comedian, yet you have no trouble quoting a joke you've read. It's a natural thing with all of us. That's why newspaper advertising gets such good results. It's there to read — in black and white (color too if you want it) and to refer back to, at your leisure.

Farm and Ranch Notes

By Roy England, County Agent

Grasshoppers pose a serious
threat to the cotton crop over
parts of the county. As pastures
and fence rows dry up, the pre-
sent food supply of this pest is
exhausted and he begins to move
into adjacent fields of cotton
and other crops.

These hoppers have hatched
from eggs laid in these same
pastures and ditches last season,
and where there is a heavy in-
festation near any susceptible
crops, spraying should be done
as soon as possible. Spraying
with Dieldrin, Aldrin, Heptach-
lor, or Toxaphen is most effec-
tive if done when the hoppers
are small.

Where cotton, milo, or other
crops are threatened the ad-
jacent pasture borders, fence
rows and bar ditches should be
sprayed before the hoppers be-
gin to move into the fields. For
proper spray mixtures, consult
your 1958 Guide for Controlling
Cotton Insects or contact the
County Agent.

To effect a more complete
coverage of the county cotton crop,
and assist the most people with
their cotton insect control prob-
lems, the county agent will work
in the different communities ac-
cording to the following sched-
ule during the cotton season:

Beginning July 15:-
Tuesday July 15: Vera, A. M.;
Munday, P. M.
Wednesday, July 16: Goree,
A. M.; Knox City, P. M.
Thursday, July 17: Gilliland,
A. M.; Truscott, P. M.
Friday, July 18: Rhineland,

This schedule will be repeated
the 4th week in July and the 3rd
and 4th weeks in August.

Uncle Ben from Benjamin says:

DEAR MISTER EDITOR:

I heard about a feller onct who
always put a dollar and a dime
in the church envelope fer for-
eign missions, with this note:
"The dime is fer them heath-
ens, and the dollar is fer the
missionaries to git it to 'em."

I want to pitch part of my ser-
mon today around that thought.

The reason we got such high
federal taxes is because all the
states in the Union is always
running to Washington to git
something. They dem and
"States Rights" but spend half
their time in Washington beg-
ging. And like the feller on fore-
ign missions, we send a dollar
up there to fetch back a dime.

And what disturbs me is that
we seem so grateful fer the
dime.

It reminds me of the stery a-
bout the Indian and his dog. The
Indian give his dog as a reward
fer faithful service a piece of the
dog's own tail. The Indian
started feeding the front end of
his dog by cutting off a piece of
the tail end. He kept this up
'till the dog had eat hisself up.
The stery goes that ever time
the Indian give the dog a bite
the dog licked his chops fer
more.

That's us, Mister Editor, on
this federal aid business. Ever
time we git that dime back we
lick our chops fer more. We've
been feeding the front end from
the back end so long that it's be-
ginning to hurt us at both ends.

The tail has been wagging the
dog in this Federal business so
long that we're running out of
tail to wag with.

It's a sight in this world, fer
instant, how much the taxpayers
must have to pay fer all this lit-
erature the Government sends
out to farmers. I got a pamph-
let the other day explaining that
a person in middle age is a fel-
ler that has "survived infancy,
childhood, and youth." I ap-
preciate their artistic use of that
word "survive." In this day and
time if a feller can weather
them three stages of life he
ought to live to be a hundred.
But I don't appreciate them us-
ing my money to print and mail
out such junk.

J. J. Driver says he did not,
neither make them remarks a-
bout sack dresses, shorts, like we
quoted him last week. Being
justice of the peace and runnin'
fer reelection, he'd have better
sense than to say 'em even if he
thought 'em. And come to think
of it, it must have been that
feller from Wise county that
stopped on the highway with the
watermelon truck that made
them remarks. That feller was
some talker.

Well, Mister Editor, I better
knock off fer this time. I see
the mail man coming, and he's
shore to have another communi-
cation from Washington. I
reckon it's gitting about time to

make another survey of my
patches so's I can rotate my
crops. You can't git no adjust-
ment checks unless you "rotate,"
and the mail man probably has
something telling me all about it.

Yours truly,
Uncle Ben

Truscott Man to Participate in Student Exchange Program

Donald J. Brown, son of Mr. and Mrs. J. R. Brown of Truscott, will embark from New York Saturday for Germany, where he will participate in the 1958 summer program of The Experiment in International Living.

Brown, who attended Truscott grade school and Crowell High School and received his B. A. from Rice Institute, has been doing research work at Bryn Mawr College, in Pennsylvania.

The Experiment in International Living is a non-profit educational organization maintaining offices in 23 countries to direct its students exchange program. Now in its 26th year, it has enrolled more than 10,000 people, ages 16-20, from four continents who have participated in the unique live-at-home abroad program of The Experiment.

Students spend two months with The Experiment, in groups of ten. A trained leader is in charge of each group. During the first month they live with a carefully selected family in another land, learning its customs, learning to adjust to a new country as son or daughter of the host family. The second month is spent exploring the country, with the young people of the host families accompanying the American group as guests.

During the 1958 summer program The Experiment is sending 1,000 young people to 23 countries which include all the major nations in Western Europe, as well as Chile, India, Nigeria, Japan, Poland and the USSR. Half that number will come to American shores from eleven countries.
