W. D. THOMAS BUILDING BRICK HOME

Mr. and Mrs. W. D. Thomas are building a new brick veneer home on their farm some five miles east of Knox City. Although they are now living in the garage they will soon have one, if not the prettiest country homes in this section of the immediate west.

The old home of the Thomas family has been torn down so that the new structure will stand where the old one did. It is reported to be a six room house with a hall and bath, along the plan of the Henry Arledge home. Miller Herring is the carpenter on the job.

Million-Dollar Texas Memorial Museum

This beautiful drawing, made by Architect John F. Staub, is his version of the magnificent Texas Memorial Museum as it will appear when completed. The million-dollar edifice will be located on the campus of the University of Texas at Austin and will house some of Texas' most precious relics and possessions. The imposing structure for which congress has contributed \$300,000,000, will be a part of the unit which will command the attention of visitors from throughout the nation during the University Centennial Exposition June 1 to December 1.

Miss Burleson of Rochester, driving a model A ford roadster borrowed from a friend in Rochester stepped on the gas Saturday afternoon and nose dived into the L. L. Davis car. Although Miss Burleson nor her two girl companions were either injured the Davis car showed signs of the accident. The front bumper was broken and the fender caved in.

The Davis car was parked in front of the Silman store. Miss Burleson was double parked in front of the Red and White. When she decided to drive on she started the machine but instead of going straight down the highway she cut across the street and into the Davis car.

NIGHTWATCHMAN FRUSTRATES PLANS OF BOY ROBBERS

Tuesday morning about one o'clock Nightwatchman Horace Finley frustrated the plans of five Abilene boys who were in town for the purpose of lifting gasoline and tires.

The boys succeeded in draining the gas tank of an out-of-town car parked at the Hospital but when they showed up in town Mr. Finley became suspicious and summoned aid. A careful watch upon the five soon revealed their intentions but they were apprehended and placed in the city jail. Wednesday they were given a hearing and all fined according to his misdeeds, but all found it difficult to raise money sufficient to pay the fines. Just when they will be all released is not yet known.

Knox City is fortunate to have a nightwatchman sufficiently alert to have intercepted a series of thefts like Knox City would have suffered before dawn Tuesday morning had the five boys not been watched.

MRS. CALVIN STONE BURIED TUESDAY

Funeral services were conducted Tuesday afternoon by Reverend W. D. Green from the Union Grove school house for Mrs. Calvin Stone and burial was made in the Odd Fellow Cemetery of this city.

Her passing was an untimely one and her absence will be felt by those who loved and depended upon her. Here is another home made sad by the absence of a young mother. Friends of these and other relatives are joined by the Herald in extending heart felt sympathy to those who mourn her passing.

GRAND JURY REPORT

Hon. Isaac O. Newton, District Judge, Benjamin, Texas.

Dear Sir: We, your grand jury, duly empaneled at the February term, A. D. 1936, of the District Court of Knox County, Texas, wish to make the following report:

We have diligently inquired into all law violations that have come to our knowledge and returned into court 4 indictments.

We make the following recommendations, to-wit:

We have some evidence that marble machines are being operated in the county; however, the evidence is not sufficient to warrant the finding of indictments. We recommend that the officers use due diligence in seeing that the pay-off machines are removed from the places of business where they are now located.

We wish to thank the officers of court for their cooperation during our deliberations.

Having no further business we ask to be discharged.

Respectfully submitted,

J. S. Shannon, Foreman.

He who hasn't time to make friends will some day need them.

MOTHER HAS CAR ACCIDENT GOING TO INJURED SON

The strangeness of life was demonstrated in Knox county Sunday when a mother, going to her son who was injured (and believed by her to be dead) in a car accident Saturday night also had an accident.

The injured son was Charley Stone. He and his wife and another lady were driving south of Jackboro when their accident happened. The "other woman" was killed in the accident but when Stone's mother was called, she understood that the son was dead.

The mother and a second son, Tom Stone, live in Abernathy but made ready to go to Mineral Wells, where the three were carried. They were enroute there Sunday when Mother Stone, in an effort to close the car door while the son was driving, was thrown from the car. She suffered many bruises, a broken rib and hand. She was immediately rushed to the Knox County Hospital. Mother Stone is 74 years old.

TEXAS COWBOY REUNION WILL JOIN WITH TEXAS CENTENNIAL

STAMFORD, Texas, Following its seventh annual session in Stamford July 2, 3 and 4, the Texas Cowboy Reunion will join with the Centennial to the Central Exposition in Dallas is staging a reunion and rodeo of regular ranch cowboys in Dallas August 1 to 9. The Dallas roundup, which will be held in the Stadium on the Exposition grounds, will give visitors the same opportunity to see the famous cowboy rodeo as the visitors to Stamford in July.

In inviting the Cowboy Reunion to stage a roundup at Dallas, Exposition officials asked that the show be of the same nature as the one staged in Stamford each year. The invitation came through Former Mayor Chas. E. Turner of Dallas, who is director of special events for the Centennial Exposition, and was accepted in behalf of the Reunion by W. G. Swenson, president.

The Cowboy Reunion roundup at Dallas, as well as the regular session at Stamford, will give Centennial visitors a view of the actual cowboys in their work and sports in contrast to the film and fiction version. Ranches from all over the State will send their top hands to the Reunion and rodeo to match their skill and the speed of the horses in roping and tying calves and milking wild cows and to risk their neck in riding outlaw horses and ferocious Brahman steers. The branding of calves as it is done on Texas ranches will be demonstrated. Prizes totaling \$12,000 will be awarded in the various cowboy contests in the Dallas show.

Each city and town in the State will be invited to send a cowboy sponsor to the Dallas roundup just as they are selected for the Stamford Reunion each year. Sponsors will be judged on their appearance and horsemanship and on the amount and performance of their mounts and the winners will be awarded prizes totaling \$1,500.00.

The Salesmanship Club of Dallas has accepted responsibility for the social entertainment of the girls during the nine days in the Exposition city and will arrange a round of social affairs and amusements in their honor.

The Tease Cowboy Reunion was organized in 1930 as a means of keeping alive the traditions and sports of the ranch country. In six years the annual gathering at Stamford has grown to enormous proportions, bringing 50,000 to 60,000 visitors to this city for the three-day celebration each year. This year's roundup of cowboys and cattlemen here on July 2, 3 and 4, has been designated as the Texas Cowboy Reunion Celebration of the Texas Centennial.

THE GOALS MUST BE REACHED

"I want to finish my club 100 per cent this year, 1936," said Gladys Martin of the Truscott 4-H club. "For I want to get credit on my work when I go to a more affiliated high school next year. I know the Home Agent will not give me credit unless I have really done all the work set before me in the form of 4-H club goals. Some of the girls have all ready told me this."

LET'S MAKE ALL THE MEETINGS

"I just don't want to miss any demonstrations during 1936," says Mrs. J. W. Henderson of the New Hope H. D. club. "Every meeting means some gain for me and my family. This month I learned the purpose of glass curtains given in the demonstration on 'Windows and Their Purpose' which are:
 a. Privacy
 b. To soften light
 c. To soften hard, sharp lines of the window frame
 d. Adds home-like touch."

The Missionary Society of the Methodist church met Monday afternoon with Mrs. H. L. White, Mrs. G. D. McCarty gave a beautiful devotional, the subject being "Is He Satisfied With Me?" The Society will have the first study in "Toward Christian America" next Monday at the church with Mrs. H. L. White in charge. The hour is three o'clock.

Mrs. O. W. Causey made an excellent scene Tuesday morning when she feasted her length on the concrete steps in front of the grocery store. The demonstration would have been perfect had she not have carried two milk bottles, both of which broke and gave her two cuts on the right hand.

Mr. and Mrs. Henry Arledge returned home Tuesday from Sweetwater and San Angelo. Henry had some calves in the two shows and is leaving today, Thursday for Fort Worth to enter stock in the Fort Worth Show which begins Friday of this week.

Mrs. A. J. Malouf and Mrs. O. W. Causey entertained the ladies of the Friday afternoon club and their husbands Tuesday night of this week in the Malouf home. Several guests were present and following the games refreshments of chicken salad, wafers, pickles, olives, whipped cream cakes and coffee were served.

Mr. and Mrs. C. C. Hoes and two children and Mrs. M. D. Metts were called the Throckmorton Tuesday afternoon in the death of Mrs. Lucy Swaggerty. Mrs. Swaggerty was aunt of Mr. Hoge and a friend of Mrs. Metts.

1913 Chevrolet Owner Gets New Chevrolet

Hiram H. Dohner, 70, of Quentin, Lebanon County, Pa., was found to be the owner of the oldest Chevrolet licensed and in daily use in the United States in a contest conducted by Chevrolet Motor Company recently. Mr. Dohner will be presented with the one millionth car built in 1935, a 1936 model.

Mr. Dohner owns and drives Chevrolet number 470, a Royal Mail roadster, which he purchased from a Chevrolet dealer in Lebanon, Pa. He has already received official notification from Chevrolet officials, and will shortly drive his present 22-year old car to Detroit, where he will inspect Chevrolet factories and take delivery of his new 1936 model.

Mr. Dohner is a carpenter in Quentin, a hamlet in the valley of the Susquehanna, with a population of nearly 500 people. He has been a carpenter all his life but like the versatile and ingenious people who live in small towns, he can do many things. He can take care of an automobile in a way that would prove surprising to the modern car owner. The fact that his present car has served him well for 22 years, piling up a total of more than a quarter million miles, proves the value of motor car care.

In recent conversations with Chevrolet officials, who apprised him of his good fortune in winning a new car as a reward for his care of his old one, some pertinent facts about America and some tangible things about the results of the machine age were brought out. Chief among these are some elusive shadings concerning that phrase in the Constitution of the United States which reads—"the pursuit of happiness."

Back in 1914 Mr. Dohner, was born and raised in the little town in which he now lives, needed work and he sought work in the larger towns surrounding it's home. One of his jobs at that time was on the new factory of the chocolate company which gives Hershey Pa. its name. There as a man who drove a horse and carriage over to Lebanon, five miles away, and then Mr. Dohner took the train to Hershey. One day the man stopped his stage line and Mr. Dohner was in a quandry about transportation. He talked it over with his wife Mary, and they bought the Chevrolet.

That solved his problem. He was able to live in Quentin and drive to his work with personal transportation, the product of the rising mass production of the machine age, which brought the price of the automobile within reach of nearly everyone.

Hiram Dohner continues to drive the same automobile that he bought in 1914 and it is in excellent condition. He is still a carpenter and he makes a comfortable living.

Put it doesn't cost much for living in Quentin. Hiram has a two-and-a-half-story frame house on a lot that is about a half acre and he has a chicken house and a dozen or so fruit trees and a garden patch. And his wife has her flower bushes and racks for blooming vines.

The house is painted a light grey with a darker trim. Each window has a shutter but none of them sag. The place is as neat and trim as only can come from one who "looks after" things.

The Dohners have lived there for twelve years. They lived in a house just a few yards away for twenty-two years.

Yes, the Dohners are pretty well in years as they are measured Biblically or by modern standards. Hiram is 70. Mary is 73.

She has the loveliest white hair and easy smile that one could find in a month's search. Her grey eyes are still filled with life and laughter. She has a huge stove in the commodious kitchen that could cook a meal for a small hotel of guests. It is as shiny and polished and well kept as Hiram's automobile.

There are foot winers on the porch by the outside doors made of bur-top that was at one time a sack. The inside of the house is warm, even in winter.

Both of these people take care of things. They laugh and smile easily at each other. Mary makes half-fun of something that has been said about the old car that still runs. They take care of things. They are happy.

And the car has helped immeasurably.

"Nothing the world could have given me for \$775 would have brought half the happiness as my car," said H. He has a slight accent. It is the Pennsylvania "Dutch" country.

"It make me independent of transportation. We have never been in an accident."

"It was always easy for me to get service. I expected that from Chevrolet and was never let down. It was a company that I depended on."

"If I have something good, I'm going to stick to it. That's what I thought of this machine."

Mrs. Dohner was asked if she ever drove the car. She looked a bit astonished.

"No and I won't," she replied. "I'm afraid to do that. I'd sooner sit inside and look. That's better."

Did they ever make any long touring trips?

"We drove over to Gettysburg twice," she smiled, "and once over to Crystal Cave but not long trips."

How about the mileage?

Hiram turned around from unfastening the hood.

"Those front tires have been on for eight years. The rear ones pretty near six."

He said tires last longer since the roads are good and that he wanted the state highway departments to continue their fine work of building roads.

To manufacturers of motor cars, Hiram sends this message—"Keep making automobiles that are low in cost so that poor as well as rich may have them," he said emphatically, "That's right—that's American."

The Baptist W. M. U. met Monday in the three respective circles. Monday of next week all Circles meet in a business session at the church. The hour will be three o'clock.

Mr. Horne of Vera and Mr. and Mrs. Hugh Webb of this city both have new RCA Victor radios bought this week from Hughes of this city.

INTERSCHOLASTIC LEAGUE WORK PROGRAM

Following are some of the students who are working in the different divisions of the interscholastic work: In the Ready Writers Contest, Marilyn Edwards, Yvonne Jamison, Lora Jean Propps and Mary Leone Hoge are entering. These girls will write trial essays this week.

In declamation our high school is represented in all four divisions. They are: senior girl, Marguerite Copps; senior boy, Loyd Huntsman; junior girl, Lorene Silman; junior boy, James Gipsom. There will be a declamation try-out Thursday of this week in the school auditorium.

There seems to be much interest in the contest of extemporaneous speech this year. One may hear the contestants giving their orations while walking through the halls on while sunning on the campus. The entrants are: boys, Doll Hammons and R. A. Carr; girls, Ruth McGee, Irene McAuley, and Sallye McElroy.

The debate subject this year is: Resolved, the Federal Government should control the production of cotton. Inez Coats and Florence Wilson compose the girl's debating team in High School.

The one-act play this year is The Other Half Dozen. The characters are played as follows: Sarah Knox Taylor, Mary Leone Hoge, Zachary Taylor, Lee Roy Sibley, Mrs. Zachary Taylor, Marquerite Copps, Jefferson Davis, Edward Coker, Richard Blake, Doll Hammons, James Pemberton, Odie Roper, and Winona, Wynette Farmer.

The high school spellers are: Ruth McAuley, Sarah Ruth Gipsom, and Laura Moulder.

It is evident for the number of ball teams in action on the campus that Knox City will be well represented in playground ball.

There are some twelve girls out for volleyball this year and they are enjoying their playing both at home and at neighboring towns.

There is not such a great number of boys in track work this season, but we feel that we can depend upon those who are working out and training.

Practice has begun for the county tennis meet which will be held in Munday March 20th. A high goal is set for Knox City's share of honors in the county. Not all of the matches have been played but those who have show that they have mastered the game. Those who have won their matches are: Senior Girl single—Yvonne Jamison

Senior Girls double—Claudia Sue Moseley and Marion Clonts

Junior Boys single—Paul Edward Benedict

Junior Boys double—Jack Herring, David Clark

All other matches will be played soon.

BAND TOUR

The band made a tour Saturday, March 7, visiting neighboring towns. A twenty-five minute concert was given in each town and the people seemed to enjoy these programs and gave courteous applause in return. The members of the band were "treated" in Rochester by Frank Silman to a cold drink and also in Knox City by Frizzell's Drug Store.

The eight cars, being decorated with red and blue and placards, left Knox City at 12:45 and returned about 6:00.

The twenty-four band members who made the tour wish to express their appreciation to all who furnished means of transportation and also to the public for the interest shown.

READY! ONE-TWO-THREE

Three enterprising young ladies in the Knox City High School have decided to learn, by experience, the art of photography. If a camera is seen, you may rest assured that it is either Dorothy Shaver, Marilyn Edwards, or Mary Leone Hoge behind it. These three have decided, after weeks of constant study that their fellow-students "look" cooked any way they are taken. Now think with me. If a person's picture is snapped from a level above his head, his body will appear very stubby and his head very large topheavy. Or if a person poses for a picture with the camera below the level of the body, he appears "to have big feet" (are you following me) and a small head. The girls are endeavoring to "center" their cameras thus avoiding the betrayal of any of their fo-

low class mates.

Incidentally some of the pictures taken by Dorothy and Mary Leone (or rather "of" Dot and Mary) have been so splendid that they have been enlarged and even tinted.

Maybe come of you would like to see the girls' collections. It's 10 cents a look.

BE NEW AND DIFFERENT

The very latest! Write your name with small letters. It sounds silly and I suppose is just a fad—yet all the society dames are doing it, so I guess we can, too. Anyway, here goes! Write your name using no capital letters. This is no reflection upon your honor; merely something different and unusual. Try it and see if you like it, too. I do.

A PARABLE

A certain man had a furnace and his house grew cold. Said he to his furnace:

"Not another lump of coal do you get 'till you give more heat."

—And so did the merchant who cut down his advertising to "save expense."

—Exchange.

The play "Here Comes Charley" staged last Friday night by the Benjamin group was well presented. The characters knew their lines well and each seemed to be well placed. The attendance was not as large as was hoped; however it was sufficient for both organizations to realize a small profit from their work.

Dr. Masterson and Lucy Gray of Wichita Falls were in Knox City Sunday.

Miss Jo Nelle Robbins spent the past weekend here with her parents Mr. and Mrs. T. E. Robbins.

Miss Maxine Shaver spent the first of the week with relatives in Rochester.

Mrs. W. E. Clonts and two sons were numbered among those suffering with the flu this week.
