Kilgore's Corner

HELLO FOLKS! I am paying the newspapers of Knox County some good money for some of their space. From time to time, as this campaign progresses, I will give you on this corner, divers and sundry questions and ruminations for your amusement and edification. I have some old fashioned notions about work that I desire to discuss this week; suppose for instance, I hire myself out to a farmer for a month's work say at \$30.00 per, well, I start on Monday morning and do more less work, mostly less, the first week, however, I am around the place every day. All right, the second week I start in Monday morning and work, as before, more or less until Thursday at noon, and I knock off for that week. On Monday morning I start in as usual, threatening to do another week's work I do fairly well," notice I am saying fairly well". Along about Friday I knock off for this week, and do not return to the work in hand until Tuesday morning. Well, the month comes to an end as it always does, and I go around to the farmer to get my pay.

Do you think that farmer would pay me the sum of \$30.00? Well I never did get full pay for that character of work. Now suppose I hire myself out to the good people of Knox County to run the affairs of their County Judge's office (I suppose you are aware of the fact that I am trying to do that very thing) and did the same character of work that I did for the farmer, what would you think if the services rendered?

Of course I would make it "Convenient" to be at the Courthouse in Benjamin on the first day of each month to get my \$150.00 per, and certain fees in the County and Probate Court, this may be old fashioned stuff, take it for what it is worth here is no charge for it.

Fellow citizens of Knox county, if you elect me, I will be in the office six days in the week, to give you my best service; true I will be on and each first to get my salary and also on all intervening days, ready to serve you.

Respectfully,
N. S. Kilgore

Ira Russell Hurt In Fall From Leuders Dam

Ira Russell, probably better known as "Snookie", was seriously injured on July the 4th when he fell from the dam at Leuders. He is in the Stamford Hospital and the official report is that he is doing well but can't be moved for about two weeks.

Ira drove Mrs. Estelle Bollin's car being accompanied by Mrs. Bollin and her children and his sister, Miss Fannye, to Leuders on the 4th. All were enjoying themselves there watching those who were fishing and walking about at the creek when of a sudden people began hollering. Miss Russell then soon learned that Ira had attempted to walk across the dam in the effort had fallen from the dam to the rocks below, cutting his head in several places and bruising himself considerably. He was rushed to the Stamford Hospital and an examination revealed other injuries. His skull has a small fracture and his back is wrenched. However, doctors were heard to say that with these injuries, Ira is not as seriously hurt as they, the doctors' first believed when the boy was carried to the hospital.

SONG REVIVAL ENDS WITH

The Song Revival which was held all last week at the Baptist Church closed Friday night with a social. Following a musical program the 50 or more people in attendance were ushered onto the lawn where a number of interesting games were played. The lawn was lighted with colored lights which made the scene one of beauty. Following the games light refreshments were served.

Mrs. Farmer of Memphis Texas attended the social.

WHY?

As might have been expected, the Abilene Morning News and Reporter comes out strongly in favor of Ross Sterling for Governor. As explanation, the News states that Senator Clint Small is a good man and very capable, but is without state appeal. In other words, the News would have us believe that Senator Small has no chance to be elected because he is from West Texas.

Why shouldn't we say Mr. Sterling cannot be elected because he comes from the southeast corner of the estate and is strictly for Houston? If Houston and the Houston papers feel that they are justified in making a campaign to get all Houston votes for the Houston man, why in the name of common sense should they criticize West Texas for supporting a West Texas man.

If papers like the Abilene paper can be made to believe that Senator Small has no chance of being elected that is as good campaigning in West Texas as the Houston crowd wants. If Houston will refuse to vote for Clint Small because he is a citizen of The Panhandle, why should they expect us to vote for the Houston man? The Advocate tries not to be sectional and we think that our support of candidates in the past would prove that we are not, but honestly it peevs us just a little to witness the methods used by some of our East Texas friends.

With eleven candidates in the field for governor, we think that this section could do no better than to give Senator Small its support in the first primary. If Senator Small fails to get in the run-off, we can still pick from the two high candidates. Lets not be fooled into thinking that the "Panhandle Kid" has no chance. Let the votes after election tell the story. If you think that Senator Small will make Texas a good governor, let your vote help make him governor.

—Goree Advocate.

Amen Brother Covey we are for Senator Clint Small the next Governor of Texas.

Sunday School Class Enjoy Picnic

Monday evening the members of the Couples Sunday School Class of the Methodist Church enjoyed a picnic northeast of town. The outing was the one evening of pleasure the class worked for and looked forward to as a reward for their three weeks of constant, hard work on the play "The Path Across the Hill" which was staged last week. The evening was worth the price too, for every one had a most enjoyable time and contributed liberally to the pleasure there for the others.

Following the bountiful picnic lunch which was spread and partaken of liberally, the crowd returned to town, gathered on the baseball grounds at the cotton yard and played a number of games. Several new and entertaining games were introduced which all seemed to enjoy.

Class guests for the evening were Mr. and Mrs. E. Q. Warren, Hollis Warren, Lloyd Waldrip and the Misses Pauline Benton, Claydene Hoge and Elsie Graham.

W. M. U. SOCIAL

The Woman's Missionary Union of the Baptist Church met in a social and business meeting Monday afternoon in the home of Mrs. Vance Fav or, the joint hostess being Mrs. A. B. Reese. The afternoon was both interesting and profitable. At the next social which will be on the next first Monday, the peanut sisters will be revealed. The president urges that all members be present.

Monday afternoon refreshments of sandwiches and tea were served.

BELIEVE IT OR NOT

Special to the Knox Co. Herald

Mr. Grady Benedict of Knox City and a member of the Benedict and Benedict Model Grocery and meat firm has some smoking record.

If true, and Grady says it is, the last 15 years he has smoked a grand total of 219,000 Camel cigarettes. If laid end to end this number of camels would make one cigarette nine and one half miles long.

Grady is still able to go fishing and enjoy good health.

Sunday School Class to Meet in Leuders

By a vote of the class members Sunday Uncle Joe's Sunday School Class of married couples will meet next Sunday at the Sunday School hour in Leuders. Uncle Joe will conduct the large crowd that will be there and hear Dr. Billie White deliver one of his impressive sermons. In the case that all members will not be able to go to Leuders there will be a teacher provided here to bring the Sunday School lesson at the usual hour. Members of the class expressed themselves Tuesday as being hopeful that every member of the class would be able to go to Leuders, the place of encampment and the location of the fine Baptist Revival meeting that is now in progress.

The Reverend Stovall and family are spending the week in Leuders. Among those who will go down for the week end will be Uncle and Aunt Joe, Bonnie and Byron Lee and Bonnie's aunt of Chillicothe, who is visiting here, and Mr. and Mrs. Joe Averitt and children. Mr. Averitt begins his vacation next week and he with his family hopes to spend all next week in Leuders.

New Babies

Mr. and Mrs. L. D. Hicks have a new baby boy who arrived on June 20th.

Mr. and Mrs. J. H. Barnett's baby girl arrived on the 21st. Both Mr. Hicks and Mr. Barnett live in O'Brien.

Mr. and Mrs. Z. T. Winchester of Weichert have a new baby boy who came on June 15th.

Mr. and Mrs. C. E. Daughy of Knox City have a new baby girl. She arrived on the 9th of June.

Mr. and Mrs. Ben Bales have a baby girl, born on June 17th.

Mr. and Mrs. J. C. Gollhand of Knox City have a baby boy. He was born on June 22rd.

Mr. and Mrs. Henry Hackfield have a new boy who came on July 3rd.

Mr. and Mrs. S. M. Clouts and children are in Bentonville Arkansas where they will be for probably a month.

Hospital Notes

Mr. Hugh Roberts has sufficiently recovered to return to his home in Fort Worth. He left the Hospital Monday morning.

Charlie Allen of Rochester, who has been in the hospital with a broken arm, has returned to his home.

Mrs. Lambert of O'Brien returned to her home Tuesday.

Those in the hospital are Mrs. E. L. Huntsman of Knox City, Mrs. R. O. Browder of Truscott, Mrs. W. T. McLain of Benjamin Paul Hulse of Knox City, Mrs. Jom O'Brien of Roosevelt Oklahoma, Mrs. H. F. Newbrough of O'Brien, Mrs. R. A. Shaver of Rochester, Mrs. J. F. Smith of the League Community, Mr. J. A. Brown of Goree and Mrs. F. L. Boyd of Rule.

Miss Brummitt's parents of Truscott visited at the Hospital Sunday afternoon.

Mrs. Julia Bucholt of Wichita Falls is visiting her daughter at the hospital.

EXHAUST EXPLOSION DESTROYS CAR

Saturday afternoon A. A. Perkins escaped injuries when his Franklin Sedan was destroyed by fire as a result of an exhaust explosion which burst the muffler and set the car in flames.

Mr. Perkins had his car loaded which included three or four suitcases, all of which was destroyed. The accident occurred north of Knox City on the main highway.

GRANDMOTHER WALDRIP HURT IN FALL

Grandmother Waldrip was hurt rather seriously when she fell about two weeks ago. She was bruised considerably and her right side has been practically paralyzed since. Wednesday she was not doing well.

Mrs. Waldrip is past 94 years of age which fact makes the recent accident harder on her. It is feared she will not recover. She lives with her son, W. P. Waldrip north of Knox City.

C. W. Armstrong and family and Mr. and Mrs. Byron Lee and Mrs. Lee's Aunt of Chillicothe returned home Monday from New Mexico where they spent several days. They included the Carlsbad Cavern in their trip.

J. P. Kennedy for County Treasurer

As the campaign draws to a close I desire to say a final word to the voters of Knox County. Whatever the result of the election may be, I wish to say that my association with the citizens of the county have been very pleasant, and every courtesy has been extended to me in all parts of the county, for which I shall ever feel grateful.

When a person presents himself to the voters for their support for public office there are several questions which naturally arise in the minds of the voters. Is he qualified? Is he honest and trustworthy?

As to qualifications I can say that I am in every respect well qualified to hold the position to which I aspire. I have had many years experience in clerical work, and for a number of years served as a deputy in the office of county clerk of McLeland county at Waco.

Due to failing health some seven years ago I entered the mail service as rural carrier and served in that capacity until I was retired by having reached the age limit, and by way of answering the question as to trustworthiness beg to say that I have a letter from the American Surety Company, with whom I was bonded for seventeen years in the mail service, soliciting my bond as county treasurer in case I am elected to this post, and there is no better bond than a surety bond in a reliable company like this, which has the sanction of the United States Government.

In some quarters it has been charged that I drew a pension from the Government as a retired mail carrier. In answer to this charge I beg to state that in 1920 the Federal Government began to deduct a portion of the salaries of all classified employees, with which to create a fund to be paid to retired employees, and having contributed to the creation of this fund through the deductions from my salary all these years, it can by no means be called a "pension," but rather the payment in small installments of money that I have earned in years gone by, and which has been withheld by the Government to be paid in small installments upon retirement from the mail service, and in no sense could such a payment be termed a "pension." This explanation is made in order that the citizens may know the real facts and may cast their ballots with all the facts before them.

If honored with this responsible position I promise the citizens of Knox county a most efficient and faithful administration, and will feel grateful to those who give me their support, and shall hold no malice toward those who do not.

Very respectfully,
J. P. KENNEDY.

A Sour Stomach

In the same time it takes a dose of soda to bring a little temporary relief of gas and sour stomach, Phillips Milk of Magnesia has soothed completely, checked, and the digestive organs all tranquilized. Once you have tried this form of relief you will cease to worry about your diet and experience a new freedom in eating.

This pleasant preparation is just as good for children, too. Use it whenever coated tongue or fetid breath signals need of a sweetener. Physicians will tell you that every spoonful of Phillips Milk of Magnesia contributes toward good health.

Phillips Milk of Magnesia is a permanent, reliable, do not act the same!

FRANK PARKER STOCKBRIDGE FLYER

A man from Australia flew from Ireland to Newfoundland and thence to New York. Kingsford-Smith had previously flown the same plane, the Southern Cross, from California to Australia, and thence to England.

Nothing could illustrate better the way in which aviation is beginning to eliminate national boundaries and shut the whole world together.

Kingsford-Smith's flight is the first really successful East-to-West crossing of the North Atlantic in an airplane. Only one other plane which has attempted it has succeeded in getting across. That was the German "Bremer," which was wrecked in Labrador in trying to land. Fog is the real obstacle. No plane yet has been able to carry enough fuel to take the longer southern route. Only the radio direction finder enabled Kingsford-Smith to make a safe landing.

Thus far, the divisible holds the best promise for safe and speed transoceanic air navigation.

PATENTS

Under a law just enacted by Congress, anybody who invents a new kind of plant, by cross-breeding, can get a patent on the product. This is something new in patents. Of course, a new species of food plant, such as the Loganberry, for example, which was produced by crossing two well-known varieties, is an invention, just as much as a new machine, but heretofore the inventors of such things have had no protection.

Under the new law the inventor, or whoever he sells his patent to, will have the exclusive right for 17 years to grow and sell roots, cuttings or seeds from the new kind of plant which he has invented.

WHAT DR. CALDWELL LEARNED IN 47 YEARS PRACTICE

A physician watched the result of constipation for 47 years, and he tells that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Next importance, then, is how to get it when it comes. Dr. Caldwell was in favor of getting as close to normal as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable extract. It can not harm the system and is habit forming. Syrup Pepsin is a pleasant tasting, and youngsters love it.

Dr. Caldwell did not agree with drastic physics and purges. He believes they were good for one system. In a practice of 47 years he never saw any reason for their use. Syrup Pepsin will empty the bowels as promptly.

Do not let a day go by with bowel movement. Do not sit on the toilet but go to the nearest drug store and get one of the generous bottles of Dr. Caldwell's Syrup Pepsin, or write Dr. Caldwell, Dept. BB, Monticello, N. Y. for free trial bottle.

TRADE

International business depends upon nations buying from each other in substantially equal amounts. This is the way it works out between the United States and the rest of the world.

Foreigners pay us annually, for excess of our exports over our imports, 734 millions; for interest on our foreign investments, 562 millions; for government war debts, 207 millions; foreign money invested in the U. S., 396 millions; in all, including minor items, nearly 2 billions.

We pay foreigners annually, in long-term investments of capital abroad, 868 millions; spent by American tourists, 565 millions; ocean freight in foreign ships, 115 millions; sent by recent immigrants to the folks in "the old country," 223 millions; gold shipped abroad, 120 millions; in all, including miscellaneous minor items, nearly 2 billions.

Those are Department of Commerce figures. They show in very plain fashion that Uncle Sam is not robbing the rest of the world.

SHIPS

The three-power naval treaty puts an end to competition in the building of warships, but competition in passenger-carrying craft is giving the great shippers of the world more work than they can handle easily.

France is the latest nation to enter this race, with an order for a ship 991 feet long, to be built at St. Nazaire. It will have over 60,000 tons displacement and 120,000 horsepower, and will be finished in 1933. The White Star line is building the new Oceanic in Belfast, Ireland, to be 1,000 feet long, costing 25 million dollars, ready for service in 1932. Each of the three Italian lines is building a great Diesel-engine motorship, to make the run between Naples and New York in 6 1/2 days.

All of those are in addition to the new German, Cunard and American sea monsters of which I wrote recently. In five years the cost of ocean travel will be reduced by this competition and the speed increased, so that anybody having a 30-day holiday can make a considerable tour of Europe for three or four hundred dollars.

DEPTH

Inside of a steel ball, lowered at the end of a cable, Dr. William Beebe famous ocean naturalist, descended 1426 feet below the surface of the ocean. There were thick quartz windows in the diving apparatus through which he projected an electric light and seen the strange creatures which swim at that great depth.

Probably no man will ever go much deeper under the sea, for even at a quarter of a mile the water pressure is 600 pounds of the square inch. Under ground men have penetrated a full mile, in the Tamarack mine in Michigan. There are several mines more than 4,000 feet depth. The greatest danger in deep mines is the temperature. Miners in the Comstock mine work at a temperature of 130 degrees.

Some day man will tunnel fifteen miles deep or more and utilize the earth's heat to run machinery on the surface.

Pushing Through Hardships

Hot summer days never bother a lad much if he is fired with the desire to make money.

Enthusiasm and grit to earn and save under hard circumstances has been the foundation of many a man's success.

But the life old adage "it is not what you make but what you save" is our motto and if we would offer advice we would suggest that it is through saving that we are able to push through hard

WHAT'S WRONG WITH TEXAS?

Nothing's wrong with Texas ex-
cept that entirely too much of us get
up in the morning at the alarm of a
Connecticut clock, button a pair of
Ohio suspenders to a pair of Chicago
pants, put on a pair of Massachusetts
shoes, wash in a Pittsburg tin basin
using Cincinnati soap and a cotton
towel made in New Hampshire; sit
down to a Grand Rapid table, eat
pancakes made from Minneapolis
flour spread with Vermont maple
syrup, and Kansas City bacon fried
on a St. Louis stove; buy fruit put
up in California, seasoned with
Rhode Island spices and sweetened
with Colorado sugar; put on a hat
made in Philadelphia, hitch a Detroit
mule fed on Oklahoma gasoline to an
Ohio plow and work like hades all
day long on a Texas farm covered
with New England mortgages, send
our money to Ohio for auto tires and
wonder why Texas taxes are \$2.75
an acre while Ohio farmers pal \$1.00
tax and drive on paved roads. At
night we crawl under a New Jersey
blanket to be kept awake by a dern
dog, the only home product on the
place—wondering all the while why
ready money and prosperity are not
abundant in this wonderful state of
ours.—Exchange.

Texas University has 2,100,000
acres of land in its endowment, a
million acres being set aside by
Constitutional Convention of 1875
and a second million by legislative
enactment in 1883.

Texas ports in 1929 handled 9,
954,922 tons of exports and 1,421,
659 tons of imports, valued respec-
tively at \$699,384,268 and \$32,003,
268. Petroleum products supplied
56.3 per cent of the exports and cot-
ton 13.7 per cent.

AB LENE WOMAN SAYS SHE WAS IN MUCH MISERY

All of Her Troubles Are Now Gone
Since Argotane, and She Says She
Would Like To Tell The Whole
World About It

"Nobody can ever realize the tort-
ure I suffered for nearly five years
until Argotane restored my health,"
says Mrs. Gladys Watts residing on
rural route, Abilene, Texas.
"I had the most terrible dizzy
headaches that any human being
ever suffered with and sometimes for
several days at a time I was so bil-
lous and upset I was unable to even
do my housework. I lost my appetite
completely and there have been times
when I couldn't even touch foods
for days at a time. All this suffer-
ing got me in an awful weak run
down condition and very often I
would just have to stay in bed, too
miserable to move."

Well, sir, this medicine just seem-
ed to make me all over again. I
haven't had a headache since I start-
ed taking it. I feel so much better
I just want to go and tell the whole
world about what wonderful medi-
cine it is. Everything I eat now taste
so good and I have such an appetite
that I am almost ashamed of myself.
My family accuses me of using bet-
ween meals. I have gained in weight
and now I sleep fine and am full of
pep and energy.
Genuine Argotane may be bought
in Knoxville at the Orient Drug
Store.

MUST HAVE BEEN A STRAY STALK

The cotton stalk on display in
the windows of Jamison-Clonts Com-
pany must have been a stray stalk.
It looks too good to expect all cot-
ton, or even one field to be equal to
that stalk.

Jim Stephens says he has not de-
cided yet which was the purpose of
the display stalk, to make the people
feel good or to make them feel bad.

Miss Hazel Potter and her broth-
er, Horace, left Sunday for Gold-

visiting their grandparents.

When your Children Cry for It

Castoria is a comfort when Baby is
fretful. No sooner taken than the little
one is at ease. If restless, a few drops
soon bring contentment. No harm done,
for Castoria is a baby remedy, meant
for babies. Perfectly safe to give the
youngest infant; you have the doctors'
word for that! It is a vegetable pro-
duct and you could use it every day. But
it's in an emergency that Castoria means
most. Some night when constipation
must be relieved—or colic pains—or
other suffering. Never be without it;
some mothers keep an extra bottle, un-
opened, to make sure there will always
be Castoria in the house. It is effective
for older children, too; read the book
that comes with it.

Drivers of Sixes never want Less!

Driving a Six means wanting a Six for good. Driving a Six simply closes the argument. Driving a Six is so different and better that the miles seem to repeat, "It's Wise to Choose a Six!"

Try the Chevrolet Six. "Step on the gas"—or hunt out some hills—or thread through the traffic. It's all so smooth and easy in a Chevrolet Six—so free from lagging, tremors and strain—that the great six-cylinder principle becomes more than a principle to you. You know at once that its exclusive advantages are all positive facts.

You definitely feel these performance advantages of the Chevrolet Six. You see high value typified by the beautiful Fisher Body and scores of advanced engineering features. And you know the fine character of Chevrolet materials, craftsmanship and design.

Come and make the Chevrolet Six confirm all this for you. Find out the small down payment and easy terms on which you can own this truly modern automobile. Learn why tens of thousands of new buyers each week are finding it wise to choose a Chevrolet Six.

SPEECH OF JAMES V. ALLRED DELIVERED IN PECAN GAP

PECAN GAP, TEXAS, July 10th, James V. Allred, former District Attorney of Wichita Falls, who was barely nosed out four years ago by Claude Pollard of Houston for the Attorney Generalship of Texas, spoke to a large crowd at the picnic here today.

Mr. Allred Spoke In Part as Follows:

"Most of you will recall that in the campaign for Attorney General four years ago, I was defeated by Claude Pollard of Houston by the small majority of 4,000 votes. I refused to listen to my friends who thought I ought to demand a recount but congratulated Mr. Pollard upon his election, and announced that I would be a candidate again in 1926. Again two years ago when I was rumored that Mr. Pollard was going to resign, and my friends in Young County placed my name upon the ticket, I refused to oppose Mr. Pollard for a second term upon his statement that he did not intend to resign. I do not challenge his good faith in making that statement, but eight months after his second term began, Mr. Pollard did resign and entered the service of certain railroad interests at Austin.

Governor Moody at that time saw fit to appoint the present Attorney General, the gentleman from Laredo; and I do not criticize him for giving that political plum to his political friend; but I do resent a statement from Austin which appeared simultaneously in daily newspapers throughout the state that the present Attorney General has the 'inside track' in this race, because of being Dan Moody's appointee.

But I ask you, Why should the choice of one man the choice of Dan Moody, have the 'inside track' over myself, the choice of 256,000 voters in Texas, for the place which Moody gave to the present Attorney General by appointment? As for myself, you can say for Jimmie Allred, that he does not want any inside track. If I can't win this race on a straight away, and in a fair field, I certainly am not entitled to win it; but I do want to thank the attorney general and his press agent for reminding the people that I am the 'under dog' in this race.

KONJOLA ENDED TWO YEARS OF STOMACH TROUBLE

Again This New And Different Medicine Shows Why It Has Become Famous

MRS. BERTIE COWAN

Strange, but absolutely true Konjola, the new and different medicine seems at the very peak of its powers when pitted against the stubborn ones that have held on with bulldog-like tenacity. Take for example, the experience of Mrs. Bertie Cowan, 614 West Second St. Fort Worth, Texas, who says:

"For two years the lightest of foods caused misery. At times I had to gasp for breath, and I belched up bits of undigested foods. I took soda constantly. My kidneys gave me trouble too. I had backache and had to rise many times at night. But Konjola ended all this, and today my back is free from pain, my nerves are steady, I sleep soundly and wake up every morning rested and refreshed."

Thus Konjola works, swiftly yet surely. It is strongly recommended however, a complete treatment of from eight bottles be used if best results are to be obtained.

Konjola is sold in Knox City at the Orient Drug Store, and by all the best druggists in all towns throughout this entire section.
