Kin of Local Woman Killed in Plane Crash

Robert S. Turner, 23, son of Mr. and Mrs. Sidney Turner of Handley and grandson of Mrs. W. F. Bolin of Knox City, was injured in an airplane crash Wednesday, July 18, and died the following day at the Lisbon Veterans Hospital near Dallas. Funeral services were held at Handley Saturday afternoon.

Turner served overseas with the Navy during World War II. When the crash occurred, he was taking flying lessons and lacked three hours of instruction before soloing.

Attending the funeral from Knox City were Mrs. Lessie Bolin, Mr. and Mrs. George Wall, Lincoln Bolin, Mr. and Mrs. E. R. Carpenter and Mrs. Alma Culwell.

Softball Game Here Friday Night

The Knox City All-Star Softball team will play the Roby team on the Knox City field tomorrow (Friday) night. It was announced Wednesday by Bill Wilson, manager of the local team.

The local boys had a run of hard luck last week, losing to Haskell 6 to 0, and to Rule 6 to 3.

SPECIAL MEETING OF STUDY CLUB CALLED

Mrs. Abe Watson, president of the Knox City Study Club, has called a special meeting of the club for Tuesday morning, July 31 at 9:00 a. m., at the Woman's Club.

The president asked that all members be present, since a number of important business matters will be discussed, including yearbook plans.

Edmondson Named Principal of O'Brien High School

Members of the O'Brien School Board announced last week that O. K. Edmondson has been promoted to high school principal. Mr. Edmondson had served the past two years as principal of the elementary school.

The board also announced that Miss Margaret Ann Waldrip has accepted a position to teach in the lower grades. Miss Waldrip, daughter of Mr. and Mrs. Ford Waldrip, is a graduate of the O'Brien High School and a 1951 graduate of Hardin-Simmons University, Abilene.

REVIVAL AT NEEDMORE TO BEGIN AUGUST 12

Rev. C. A. Powell, pastor of the O'Brien Baptist Church, announced this week that the Baptist revival at Needmore will begin August 12.

The revival at Needmore is sponsored each year by the Brotherhood of the O'Brien Baptist Church.

Rev. Emil V. Becker, pastor of the First Baptist Church in Knox City, will do the preaching each night. Rev. and Mrs. B. F. Fail of Leander, Texas, daughter and son-in-law of Mr. and Mrs. Rob Johnston of O'Brien, will be in charge of the music and singing.

The meeting will close Sunday, August 19. Services will be held in the evening only.

JENKINS GIVES STAND IN CONGRESS RACE

People of the 13th Congressional District are not afraid, Walter Jenkins, candidate for Congress in the special election to be held Sept. 8, declared Monday night in an address broadcast by radio throughout the district.

"They're not afraid to fight the tyranny of Russian Communism," Jenkins said. "They are not afraid to fight the conspiracy of creeping socialism. They're not afraid to fight economic injustice."

Stressing the experience he has gained in more than five years of work in Congressional offices, the young former administrative assistant to Sen. Lyndon Johnson set forth his stand on important current issues. He expressed opposition to further increases in personal income taxes and called for a reduction in government spending.

"All of us have had to cut our spending," he said. "If we can do it, because we have to, the Federal government can cut its spending, too. The Federal Government, like its citizens, can cut out the luxuries and get by on less. That must be done."

Inflation must be curbed, Jenkins stated, but it cannot be done by political controls.

"Every housewife knows price control has been a failure and a joke," he asserted. "Every wage earner, every business man knows it. I'm not in favor of letting prices on autos and clothes and other items go up, while singling out the livestock raiser and farmer and trying to roll their prices back."

"Some people want to stop building rural roads, stop building REA lines, stop insuring the farmer a fair income for his crops. So long as we can guarantee minimum wages, so long as we protect industry with tariffs, so long as we spend billions subsidizing big business, I say that the farmer — who works harder and longer than anyone — deserves fair pay from his government, and I intend to see that our farm citizens get fair pay."

Jenkins declared that the Federal government's power should not be used either to take away the rights of labor or to give union leaders a whip hand over business. The present depletion allowance of oil should not be tampered with, he said, and he called for a continuing fight to return the tidelands to Texas.

Federal Government contributions for old-age assistance should be increased now, the candidate said. He opposed any cutback in military strength and any form of socialized medicine.

Conducting Baptist Revival

Rev. Otis Strickland, left, will be the evangelist and Charlie Jones, right, will lead the singing during the revival meeting at the local First Baptist Church beginning Friday evening, July 27.

Rev. Strickland is president of Decatur Baptist College, and Mr. Jones is Director of Education of the First Baptist Church, Cisco.

Lions Hear Report On Mexican Labor Negotiations

The Knox City Lions Club at its regular meeting last week heard an up-to-the-minute report on the migrant labor negotiations underway between the United States and Mexico.

The speaker was S. N. Reed, manager of the O'Brien Cooperative Gin Co.

Mr. Reed had recently returned from Washington where he conferred with Congressmen and other officials before President Truman signed a law authorizing the U. S. Government to make a bracero pact. As a member of the labor committee of the National Cotton Ginners Association, Mr. Reed had helped to plan the bill before it was presented to Congress.

The bill as passed did not please the president, and in his report to the Lions Club Mr. Reed gave much of the credit for securing the president's signature to Senator Tom Connally of Texas.

The pact in its final form is now being drafted between officials of the U. S. and Mexican governments in Mexico.

"There will be things about the pact we don't like," Mr. Reed said, "but all in all we believe it is a good thing. The economy of the whole country—not just the farmers—rests upon whether or not we secure Mexican Nationals to gather our crops."

He also advised that West Texas cotton producing counties must guard against discriminatory practices, as the action of one merchant might put an entire county on the Mexican government's "blacklist", withholding Mexican labor from that county.

REV. BRYANT CONDUCTING O'BRIEN BAPTIST REVIVAL

Rev. Byron Bryant, pastor of the First Baptist Church in Stamford, is conducting the annual summer revival at the O'Brien First Baptist Church.

The meeting began Wednesday night and will continue through Sunday evening, August 5.

Euell Porter, head of the voice department, Hardin-Simmons University, Abilene, is music director.

Both morning and evening services are being held, at 10 a. m. and 8:00 p. m.

Rev. C. A. Powell, pastor of the church, invited the public to attend.

BAPTIST W. M. S. HAS BUSINESS MEETING

The Woman's Missionary Society of the First Baptist Church met Monday afternoon at the church for a business session.

The meeting was opened by singing, "The Great Physician." Devotional was given by Mrs. E. V. Becker, followed by a prayer led by Mrs. J. A. Hallmark. Mrs. J. T. May conducted the business meeting in the absence of the president, Mrs. J. R. Hitchcock. The minutes were read and approved.

Rev. E. V. Becker, pastor, has announced that both morning and evening services are scheduled, with morning services beginning at 10 and evening services at 8:15.

The revival will continue through Sunday, August 5. The public was invited to attend any or all of the services.

Garden Club Officers Installed

Twenty-three members of the newly-organized Garden Club met at the home of Mrs. C. E. Williams Tuesday morning, July 24, for the installation of officers.

Mrs. Abe Watson, president of the Knox City Study Club, conducted the installation service. She presented each officer with a flower, symbolizing the duties and responsibilities of the officer named.

Mrs. Anell Waldrip was installed as president. Other officers installed were Mrs. B. B. Campbell, first vice president; Mrs. Eddie Carr, second vice president; Mrs. S. M. Clonts, third vice president; Miss Lessie Bolin, secretary and treasurer; and Mrs. E. F. Branton, parliamentarian.

The following committees were appointed:

Membership, Mrs. Campbell, Mrs. Rip Collins and Mrs. L. W. Graham; Flower Show and Arrangements, Mrs. Carr, Mrs. O. W. Caussey, Mrs. Pete Knight, Mrs. C. J. Reese, Mrs. Doyle Graham and Mrs. Lloyd Waldrip.

Civic, Mrs. E. R. Carpenter, Mrs. Neal Logan and Mrs. Horace Finley; Plant and Seed Exchange, Mrs. Guy Robinson, Mrs. Albert Logan and Mrs. Neal Perdue.

The next meeting of the club will be Wednesday, September 12.

Oil Notes--

(Note: Some of the reports in this column are as of the Monday preceding publication, while others are unofficial reports obtained locally on Wednesday or Thursday.)

Stanolind Oil & Gas Co. No. 3 Clonts, encountered Palo Pinto lime low, and after a series of cores and drillstem tests which showed no saturation, contractors are waiting on orders.

Stanolind has announced location for the No. 2 S. D. Jones, 1,000 feet from east and 1,185 feet from south lines of lot 5, block 6, D. G. Burnett survey.

Skelly Oil Co. No. 1 Stubbs, set surface casing, waiting on cement.

Katz & Venable No. 1 Lewis, after perforating at 4912, operators are preparing to swab.

Rig is being moved in on the Katz No. 1 W. B. Lewis, an offset location to the No. 1 S. S. Dozier.

Skelly Oil Co. No. 2 Roy Day has been completed, and contractors are rigging up for the No. 3 Roy Day.

Sid Katz, Inc. No. 4 Lorentzen is below 4801 feet.

T. P. Coal & Oil Co. has spotted an offset location in the Katz field, seven miles northwest of O'Brien. It will be the No. 6-B Juliana McGregor, 1,030 feet from the north and 330 feet from the west lines of section 48, G. G. Alford survey. Slated depth is 5,300 feet with rotary.

August 1 Is Deadline For School Transfers

August 1 is the deadline for scholastic transfers, according to M. D. McGaughy, Knox County School Superintendent.

Transfer applications may be obtained from the county superintendent's office in Benjamin or from the local school superintendent's office.

Mr. McGaughy stated that as far as he is able to learn, no transfers will be needed if the children in the area recently annexed to the Knox City Independent School District want to attend the Knox City school.

Funeral Held for Truscott Pioneer

Funeral services were held at the Truscott Church of Christ Monday, July 16, for Stan Westbrook, 74, who passed away on Saturday, July 14.

Stanley Shipp of Knox City conducted the services, and burial followed in the Chilli-cothe cemetery.

Mr. Westbrook died at the Knox County Hospital, following an illness of several weeks.

Mr. Westbrook was born at Eastland on February 7, 1877. He came to Knox County with his parents in 1890, and had resided in Knox and Foard counties since that time. He was active in the operation of his farm near Truscott until he became ill.

In 1900 he was married to Miss Sallie Ayers in Crowell, and the couple celebrated their 50th wedding anniversary last year. Four children were born to Mr. and Mrs. Westbrook, all of whom survive. They are J. Horace Westbrook of Clovis, N. M., Mrs. M. A. Morgan of Canadian, Mrs. Joe Krump of Abilene and Mrs. Earl Kent of Amarillo. Other survivors include the widow, three grandchildren, one great-grandchild, three sisters and three brothers.

City officials have been unable to find the source of the explosion that apparently occurred somewhere in Knox City about 8:30 Tuesday night.

People all over town heard the blast, and many reported seeing a flash. To everyone in the different parts of town, it sounded as if the explosion was nearby.

The theory that pranksters had set off a firecracker was discounted because the blast was heard at O'Brien, at the Bill Wilson home and other homes in the Union Grove community, and at the Tom Campbell farm north of town. At each place, it sounded as if the explosion was in Knox City.

Since no damage can be discovered, some people theorize that the blast was caused by pranksters, but with a "home-made" bomb.

LOCAL BOARD TO CALL THREE MEN IN AUGUST

Local Board No. 82 at Benjamin has announced that there will be a call for three boys in this district, for induction into the armed forces on August 16, 1951. Earlier in the week State Headquarters had sent out notice that there would be no call on this board during the month of August, but after the raise in the draft quota over the entire nation, the call for three was issued.

The board also received a telegram from State Headquarters stating that the time period allowing voluntary enlistment of boys who have already passed their physicals has been extended to August 1.

Mrs. Greene and H. G. Benedict Wed

Mrs. Grace Green of 3935 Princeton, Dallas, and H. G. Benedict of Knox City were married Saturday, July 14, in the chapel of the East Dallas Christian Church.

Dr. Pat Bollin, assistant pastor of the church, read the marriage vows.

Glenn Farris of Dallas gave his sister-in-law in marriage. The bride's sister, Mrs. Glenn Farris, and Cher Blair of Dallas were honor attendants.

Mr. Benedict is the son of Mrs. Alie Benedict of Knox City.

County Agent Gives Tips on Insect Control

"Approximately 130,000 acres in Knox County are planted in cotton," County Agent W. C. Pallmeyer said this week, "and everyone is wanting to make the most of this. Some of the factors controlling the yield are not controllable, but insects which take on the average of one-eighth of the cotton can be controlled."

"The responsibility for this control, Pallmeyer added, rests mostly on the individual farmer. The county agent and other workers can help some, but it is impossible to visit every field in the county at the time control measures are needed—therefore knowledge of when to spray or dust and how much to apply is very valuable to every cotton farmer."

"Insects are present," the county agent said, "and at the present time the boll weevil, bollworm and fleahopper are the insects Knox County farmers should be on the lookout for. Spray and dust are equally effective and recommended, but there is no set time for application."

"In checking for the fleahopper, the terminal buds of 100 plants in a field should be inspected. The hopper is a small light green insect with wings when he reaches the adult stage and when younger may be white or a light green. Time to apply poison for this insect is when 15 of the 100 plants inspected are found to have fleahoppers. If less than 15 are found, wait a few days and count again, as the hopper infestation builds up. By waiting you may save some application of poison and still do as good a job as by making two applications. If one does not make a weekly count of his field, and waits until he sees his neighbor dusting, he may have waited a little too long to apply his poison and the damage is already done, as no two fields are similar and follow the same pattern of insect control."

"In checking for the boll weevil, 100 bolls that are about 1-3 grown should be pulled at random in the field. Do not pick bolls that are flared or on the ground, because they are damaged or they wouldn't be there. After 100 have been pulled, inspect them and find how many are punctured. The puncture will be sealed by a little wax, and when 25 in the 100 are found to be punctured, it is time for weevil control."

"In checking for the bollworm, again 100 plants should be inspected. This time one should inspect for eggs which will appear on the top four or five leaves of the plant and are white or a light brown color. Eggs are laid on the top of the leaf and flat against the surface, and are about the size of a pencil lead. They are round in shape. In checking, one should also inspect the squares for worms. Worm indication is a young boll with a hole in it. To warrant poison, eggs should be present, and four or five plants found to be infested with worms."

At present only the above insects are causing damage in the county, Pallmeyer concluded, and as others are found, the public will be informed. At any time farmers need assistance with insect control, they are asked to contact the county agent's office at Benjamin.

Mr. and Mrs. Joe Hyde and family of Brownwood spent Sunday here with his parents, Mr. and Mrs. W. W. Hyde. Guests in the Hyde home last week were Mrs. Alma Brown and son, Bobby, of Lamesa.

LETTER
To the Editor

July 14, 1951
 Dear Editor:
 This morning I saw an attractive lady in her early forties wearing a blue bonnet and carrying a tambourine, working the business district for money. She approached the prospective donor mumbling, "Would you care to donate to the so and so army?" Naturally the lady was dressed like a representative of the famous Salvation Army to which we all subscribe. We think she was an imposter and didn't represent any army except her own. However, our people are too busy and generous to ask the solicitor for his or her credentials and a letter of authority from the mayor. They just drop a half in the little basket and keep walking.
 Here's the moral: Don't give your money to any person who has not been thoroughly investigated by the city officials. You know we have an ordinance against soliciting without a permit.
 Here's the climax to our story—the lady had her car parked away from the main business district and after working both sides of the street, we saw her drive away in a long, black, shiny Lincoln sedan. I'd bet she did right well in Knox City, and after working a few other towns, probably collected \$100.00 for the day's work.
 Sincerely,
 Roy A. Baker

SUMMER-TIME
FOODS ---

Call for Good Ham and Bacon

Baked or boiled ham, served cold, makes the best possible base for summer-time evening meals. With a favorite salad, it suits just about everyone. And don't forget scrambled eggs and lean bacon, with hot biscuits, for the quickies. Or a garden-fresh all-vegetable meal, savored with top-grade bacon 'chunks.'

And to our notion, the way to be ready for this kind of summer-time cooking is to buy a whole or half ham, and a whole or half side of bacon, with our particular "country" cure on it, sliced and wrapped to YOUR taste, at economical WHOLESALE prices. Come by and ask us.

Depend on us to sharp-freeze your home-grown fruits and vegetables. The cost is not too much, and you get it done QUICK and in to your locker or deep freeze.

What's So...

Just finished reading a magazine article that "proves" you and I don't know what's funny.

A bunch of psychologists came to this sad conclusion after telling jokes to college students. Very often they would give out with what they considered a side-splitter—and not get even a chuckle in response. Other times the students would laugh their heads off at stories that weren't considered really funny.

Maybe I'm wrong, but what makes a psychologist such a better judge of humor than the rest of

PAULKS OBSERVE 41ST WEDDING ANNIVERSARY

Mr. and Mrs. C. Paulk, operators of Paulk's Cafe here, were surprised by a group of friends who presented them with a decorated anniversary cake when Mr. and Mrs. Paulk rounded out forty-one years of married life on July 17.

The cake was baked and decorated by Mrs. J. F. Harper and Mrs. R. C. White.

Those present for the surprise party, held at the home of Mr. and Mrs. Harper, were Mr. and Mrs. Owens, Mr. and Mrs. Milton Gene Bradberry and son, Johnnie, Mr. and Mrs. Dickie Marion and children, Marie and Derrall Lloyd, Mr. and Mrs. W. P. Curd and son, Ronald Lynn, Mrs. Maggie Cagle, Mr. and Mrs. White, and the honored guests.

The refreshment table was lace-laid with an underlay of shades of green. The cake, on a stand 125 years old which belonged to Mrs. Harper's great-grandmother, was flanked by white candles in crystal holders. A cut glass punch service completed the table appointments. Appropriate recorded selections were played during the refreshment hour.

Games of "Forty-Two" were played during the evening.

Mr. and Mrs. Paulk were married at Crockett, Texas in 1910, and have lived in Knox City since 1922, operating a cafe for the past seven years.

The couple has no children—the only other member of the family being an airdale dog named "Curts".

Mr. and Mrs. Jim Stephens of Amarillo came to Knox City Thursday to pick up their children, Jimmie Lou and Ads Ann, who had spent the past two weeks here while Mr. Stephens underwent surgery at Albuquerque, N. M. Martha Stephens, daughter of Mrs. Mary Stephens, returned home with them to spend two weeks.

STREAMS in Desert Places

By Ozelle Stephens

"Be not afraid, only believe." Mark 5:36. Do we find ourselves fearing the things of life? Fear is the most tormenting and destroying power to the human family. We find it is our wrong believing. It keeps us from the power of the Living God that will do all things for us. God has spoken to man many times saying, "Fear not". He said to Joshua, "Be strong, and of Good courage, be not afraid nor dismayed." If we will only put our trust in the Living God, He will make us fearless. We will be able to say with the people of old, "I will not be afraid of ten thousands of people, that have set themselves against me around about." Ps. 3:6. David said again in Ps. 27:3, "Though a host shall encamp against me, My heart shall not fear; though war shall rise against me, in this I will be confident."

One of the prophets said, "Behold, God is my salvation, I will trust and not be afraid: for the Lord JEHOVAH is my strength and my song; he also is my salvation." This same power is still working today, it will work for you if you are trusting as you study the word of God your faith will mount up. A FAITH that is strong and powerful as the Living God. Faith that is a great fighter always on the march, for deliverance, always conquering. Faith that is strong as God, "This is the Victory".

County 4-H Boys Win Prizes in District Contest

Bobby McBeth and Doyle Dodson, 4-H members from Knox City, were winners in the heavy litter contest which is a part of the eSars Swine Program.

At the age of eight weeks, the entire litter of the animals distributed in the swine program are weighed, and prizes are given for the heaviest 25 litters in the seven-county area.

The winning litter consisted of eleven pigs with a total weight of 486 pounds. The Durcos owned by Bobby McBeth weighed 335 pounds for the litter of eight, and took fifth place. Doyle Dodson, with nine pigs, won tenth place with a total weight of 257 pounds.

CARD OF THANKS

We'd like to take this means of expressing our sincere thanks to the people of Knox City and Benjamin for the many good deeds that each and every one did during the sickness and death of our father, husband and brother. Especially to the doctors and nurses who stood by so faithfully and to the people who brought flowers and food. May God bless each of you is our prayer.

ARRANGE NOW FOR COVER CROP SEED. FARMERS TOLD
Farmers are urged to make arrangements early for the cover crop seed which they will need for planting this fall, by J. C. McGee, chairman of the Knox County PMA Committee. Early arrangement for seed is most important, says the chairman, since available seed supplies may make it necessary for some farmers to use a different crop this year than usual.

While seed production prospects are not good for some cover crop seeds this year, the chairman advises that there are large stocks of Austrian winter peas, lupine, common and Wilamette vetches carried over from last year, and prices are low. Austrian winter peas are being offered at \$4.50 per hundred pounds, common and Wilamette vetches at \$7.00 and lupine at \$5.00 f.o.b. production point plus paid freight.

The chairman points out that "cover crops are particularly important this year because they will help produce the large crops which undoubtedly again will be needed next year. The legume cover crops are important because they add nitrogen to the soil and thus cut down the amount of nitrogen that will have to come from commercial fertilizers. Though the commercial production of nitrogen has been increased, the demands for it have increased faster than production."

The chairman suggests that farmers estimate the amount of seed of different varieties which they will need this fall and to check with their dealer as to available supplies and local costs. The dealers then can get their orders in and the seed delivered in time for planting.

Fascism was a small danger compared to Communism. Adolf Hitler was a small dictator compared to Josef Stalin. Hitler was elected in 1933 and after six short years he was prepared to conquer the world.

Soviet Russia has had not only six years but over 30 years to prepare herself to take over the free people of this universe and while Hitler conquered with arms, Russia today is conquering with poison. Poison that destroys people's minds.

Communism is a disease that no Atom Bomb can stop. Only we, the free people of this world, can stop this disease by not letting it affect us in the first place.

If you believe in this great country, if you believe in this economic system that has made us the most progressive nation in the World, it is your duty and your heritage to fight Communism and Socialism with all the force you can muster.

It is my sincere belief that certain members of our Administration have already been infected with this disease. Now is the time to show them that no real American will ever accept Communism, Socialism, or any other "ism." I am willing to fight for my freedom, dignity, and rights as an individual till I die. "United we stand, divided we fall." How very true that saying is. Let us put America first and politics last.

No nation on earth, regardless of its form of government, ever gave to humans so much liberty and material prosperity as our own Constitutional Form of Freedom. We started out as thirteen little states, ridden by poverty and threatened by savages. We were, however, blessed by God. We now represent the utmost in individual freedom and individual prosperity but our great form of government is on trial for its life.

Now is the time to run up

The Do-Nothing 82nd Congress

... by Drew Pearson

WASHINGTON, July 22.

Most capital observers agree that not in years has there been such a tired, listless, indifferent, do-nothing Congress as the Eighty-second. The famed Eighty-third Congress, against which President Truman campaigned to victory in 1948, was a stem-winder by comparison.

Not only has the Eighty-second Congress failed to pass a single appropriation by the end of the fiscal year, on June 30, but a good many members don't seem to care. They don't even seem to care that they are being called the "horse-meat" Congress.

Never in my recollection have both morale and moral been so low, leadership so lacking.

Never in my recollection has there been less idealism, less patriotism, such poor party discipline; never such shameless absenteeism. Some congressmen are present in Washington only one day a week.

This is the tail end of a tired, unspirited administration—probably the end of a long period of Democratic rule. Nobody, except a few incurable optimists, really expects this administration to be re-elected. When that frame of mind exists in Congress, there can be no party discipline, no leadership.

Without leadership, every congressman adopts the law of the jungle—every man for himself. Instead of voting what's good for the country, he votes what's good for himself or the lobbyists who helped fill his campaign chest. He knows that, in many legislative problems, the nation's interest has to be put above his district's interest. A flood-control reservoir may dislocate a hundred or so people in his district, but their dislocation may save the lives and property of millions below the reservoir area. However, an "I'll get mine, you get yours" spirit has become rampant in this Congress. The law of the lobbyist and the local interest reigns supreme.

There has been no firm hand on the reins. This is true both of the White House and of the Democratic leaders on Capitol Hill. The President has alternately begged and scolded. He has seldom inspired.
