City Receives Grant For Paving Project

THE ROUND EMBLEM on the back of the Moguls' helmets is inscribed with the initials of Phillip McAfee, a dedicated booster of Munday athletics. "The boys wanted to do something in Phillips' memory," said Coach Jim Edwards, "because he was such a great supporter. So we put the sticker on their helmets." McAfee's son, Kyle, is a manager for the Mogul team.

REGIONAL CONTEST NEXT

Band Rated Superior At Marching Contest

"It's even sweeter the second year!" seems to sum up the feelings of members of the Munday High School band and their director, Rodney Bennett, after earning their second first division rating in UIL fall marching competition. The rating was actually better this year, as all three judges awarded the band superior scores.

The Purple Cloud band will represent the district along with Archer City at the regional contest set for Saturday, November 2, in Vernon. The groups were chosen as the top two bands in the entire District 3-A.

The judges were extremely complimentary to the Purple Cloud, commenting that the band was outstanding for the small classification, with a tremendous amount of pride and enthusiasm. They also praised the group for its preparation in marching technique and precision. Singled out were soloists Christy Morgan on trombone, Mark Brown and Donna Welch on flugel horns

and Ann Parker on French horn.

Christi Nelson, a sophomore twirler, was awarded a first division rating for her twirling solo, and she qualified for state competition which will be held in Austin the first weekend in June. Salwa Choucair, senior head twirler, won a II rating on her twirling solo.

"I was extremely proud of these young people," Bennett enthused after the contest. "They have done everything asked of them this year, and they have proved to the judges that they are, beyond a shadow of a doubt, a superior band."

Bennett pointed out that this was the first time a Munday band has reached the regional competition, and it has been eleven years since the band received first division ratings in back-to-back marching contests. Munday was chosen as alternate for the regional contest in 1984.

"As far as I know, Gruver and Booker will be the only other Class A bands at the regional contest besides Munday and Archer City. We think we have a good chance to win."

The regional winner will advance to the state marching competition later this month.

City officials learned last week that Munday is once again the recipient of a monetary grant to benefit citizens of low to moderate incomes. Munday will receive \$400,000 for paving on designated streets in a primarily low to moderate income area.

The grant is one of 158 awarded under the Community Development Project Fund competition of the Texas Community Development Program. Governor Mark White said the grants totaled over \$40 million. Other cities in the west central Texas area to receive the state funds are Haskell, Roscoe, Santa Anna and Stamford. In north Texas, Archer City, Holliday, Newcastle, Paducah, Petrolia and Quanah earned grants. Of these two areas, Munday was rated extremely high and won the largest grant.

The projects were selected through a shared scoring system between the Texas Department of Community Affairs and regional review committees appointed by the Governor in each of the 24 state planning regions. They were also reviewed and approved by the state community development review committee.

Munday City Administrator Walter Hertel said, "We feel very fortunate to have received one grant, waited a year and secured another grant for improvements within the city. We knew we were rated high in this competition. Several persons in Munday helped draft our proposal, and our engineer and planner were

key developers."

Hertel said the streets to be paved will be chosen based on state criteria. The number of low to moderate income residences on a street is the major factor, but other considerations involved are the use of the street and continuation and connection of paving. A map will be located at the City Hall showing which streets will probably be paved, but it will be subject to adjustment depending on the amount of the bid awarded for the work itself.

"We think the preliminary surveys will begin within 30 days," Hertel continued. "Then the city, utility and telephone companies can make arrangements to move equipment and other obstacles in the area and install alternate service methods. Having done this before when we paved the east side of town will help us now, since we will know what to expect and what must be done."

As soon as the area has been prepared and plans laid out, the city will advertise for bids. The construction phase will likely last most of the winter, and Hertel expressed hopes that the paving could be completed next summer.

Transportation Service Provided For Local Residents

The new Double Mountain Coach in Aspermont is ready to serve citizens of Haskell, Jones, Kent, Knox and Stonewall counties. The van is equipped with a wheelchair lift and provides rural transportation services.

All seats are reserved on a first-come, first-serve basis, and a 24-hour advance notice is required. For more information call 817-989-2239 between 8 a.m. and noon or write Double Mountain Coach, Box 188, Aspermont, Texas 79502.

Sales Tax Rebate Increase Steadies

Munday's upward spiral in sales tax rebates has evened out, but the city is still resting on a comfortable increase from last year's rebates. Checks were sent last week by State Comptroller Bob Bullock and represent taxes collected on sales made in August and reported to the Comptroller in September.

Munday received \$3,170.46, compared to \$3,234.81 a year ago. Our total for the year is \$41,082.91, 10.34 percent over the \$37,231.48 received at this time last year.

Knox City's check for \$5,269.37 brings that town's total to \$63,794, just under 4 percent more than in 1984. Benjamin's yearly percentage went way down this month with no check. The county seat has gained \$1,837.05 in rebates this year, compared to \$2,666.78 in 1984. Goree is up 21.61 percent, with \$581.09 this month and \$4,557.25 for the year. Weinert has received \$1,372.13, a 10.40 percent increase over 1984.

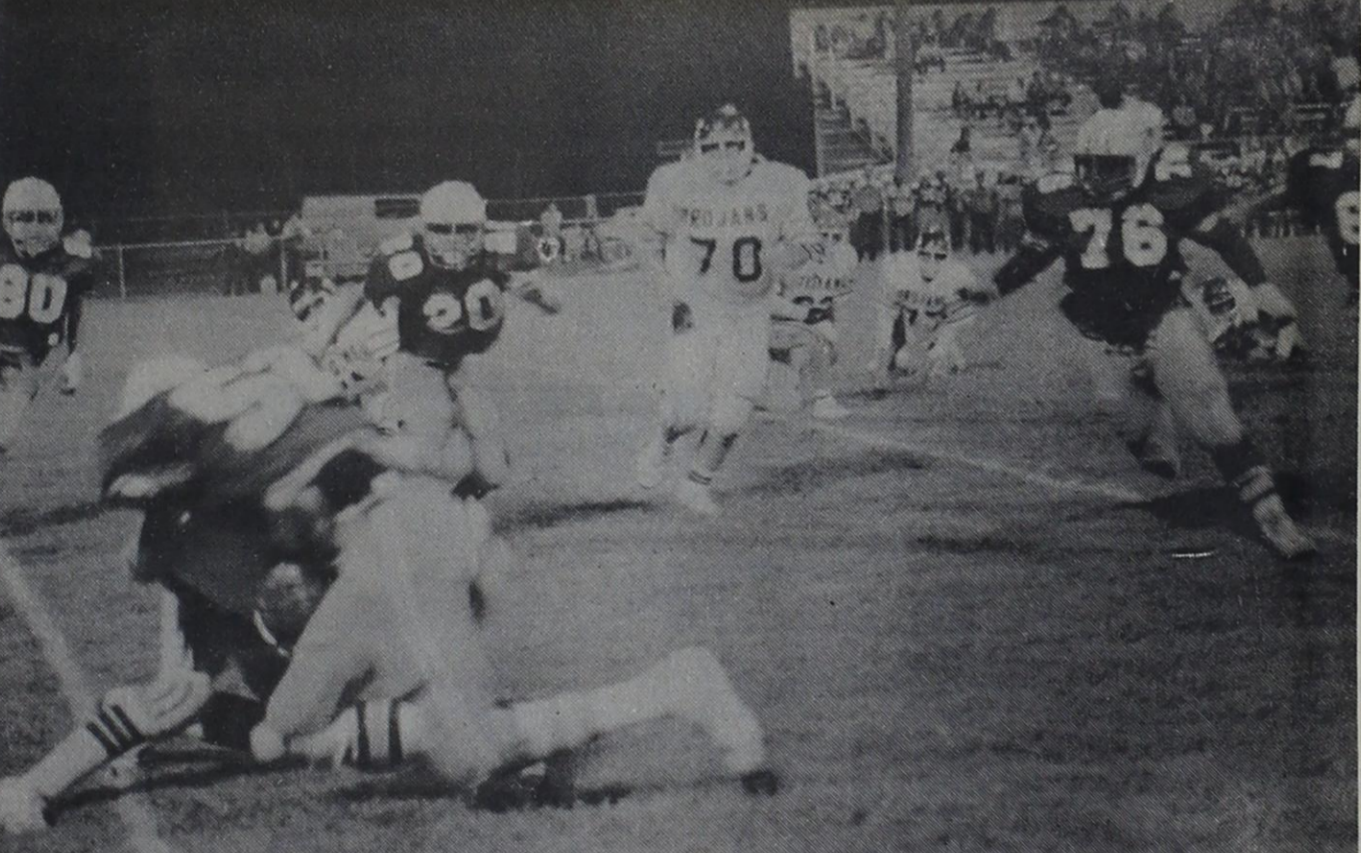

Countywide, the rebates show a 5.97 percent combined increase from last year's receipts to this point.

BATTLE OF WARRIORS: A Mogul and a Trojan tussle on the ground as other teammates join the pile. The Moguls won most of the battles in this game as they walloped the Trojans 68-0 in the District 3-A east zone opener. Identified in the shot are No. 80 Tony Wilde, No. 52 Russell Smith, No. 20 Jeff Bruce and No. 76 Hollis Adams, along with Trojan Doug Schlumph.

Moguls Trample On First District Foe

The Munday Mogul machine rolled on Friday night, kicking off District 3-A play with a resounding 68-0 shutout of the out-classed Windthorst Trojans. Windthorst came to Munday with a 0-5 record to face the undefeated Moguls, who have now snapped off 22 straight victories.

Munday scored on the third play from scrimmage when Gregg Sanders, back after recuperating from an injury, gathered in a pass from Dent Offutt and trotted in for six at 10:47 in the first quarter. On their second possession, the Moguls sustained a nine-play drive with Tim Collier and Todd Thompson alternating ball-carrying duties and passes to Sanders and Isias Dena mixing with the running game. Collier darted five yards for the score, and J.B. Jones kicked the extra point.

The Trojans could find no holes in the strong Mogul defense, and Munday got the ball back after three plays. Thompson was the first ball carrier in the series, and he found plenty of running room down the sidelines - 53 yards of it, to be exact - and pushed the Moguls' margin to 20-0 with Jones' kick. A short Trojan punt gave Munday another chance, but a 10-yard penalty slowed the Moguls down. Not for long, however, as Offutt lofted a long pass to Tony Wilde, who made a picture-perfect catch, taking the Moguls to Windthorst's 14. Dena carried for three plays, capping the drive with a one-yard plunge for the score.

A penalty on the next Trojan punt gave Windthorst a break, and Tony Schenk pulled in a 16-yard pass to put his team near midfield. But Munday spoiled the effort when

Dent Offutt leaped between two Trojans to pick off the next pass and returned it 41 yards to the 29. From there Jeff Bruce and Tim Collier stayed on the ground with the ball for five plays and Collier went over from the 4. Jones' kick made it 33-0.

Again, the Trojans seemed to be going backwards instead of gaining ground, and were forced to punt. Munday reeled off five straight first downs and Thompson carried the last 17 yards for the tally. The kick was good, and when Munday fumbled on its next possession, the half ended with a score of 40-0 for the home team.

The second half was the same story, with Windthorst losing more ground than it gained. Thompson found the endzone again from 10 yards out, J.B. Jones rolled over

City Council Approves Request For Annexation

The City Council of the City of Munday, Texas met in regular session Tuesday, October 8, at the Munday City Hall.

Members present were Mayor Doris Dickerson and Aldermen Richard Albus, Garon Tidwell, Von Marr and Jessie Andrade. Alderman Jessie Tucker was not present.

Mayor Dickerson called the meeting to order. The September 10, 1985 minutes were read. Tidwell moved to approve minutes as written; Albus seconded. All voted in favor.

Mayor Dickerson opened and read the sealed bids for a backhoe.

Pancake Supper Set For Friday Night

Sausage, pancakes and syrup are on the menu Friday night for the annual Lions Club pancake supper at the Munday High School cafeteria. Serving time will be from 5 to 7 p.m., and tickets are \$3 for adults and \$2 for children.

This is an ideal supper for Mogul fans who plan to attend the Munday-Throckmorton football game which begins at 7:30. But even if you're not going to the game, you can still eat your fill of pancakes and support this annual Lions Club event.

Trustees Hire New Employees, Name Track For Phillip McAfee

Two new employees were hired by Munday Independent School District trustees at their monthly meeting held Thursday, October 10.

Melvin Cypert was employed as bus mechanic and general maintenance supervisor and Rosemary Martinez was selected as an instructional aide. They will fill the vacancies left by the resignations of Boyd and Sue Baker, who are moving to Kerrville in a few weeks. The trustees granted the Brazos Valley Young Farmers permission to build their show barn on school

Bids were received from the following firms: Godsey Equipment Co. (John Deere), Abilene; Const. Agricultural Supply (Case), Wichita Falls; Montgomery Tractor Company, Seymour; Taylor County Ford Tractor Company, Abilene; and C.A.S.E. Inc., Abilene.

Backhoe bids were for two sizes, 62-65 approximate net horsepower and 45-50 approximate net horsepower. After careful examination of bids, Mayor Dickerson appointed a committee to assist him in further evaluation, consisting of Aldermen Garon Tidwell and Richard Albus and Walter Hertel, City Administrator. The committee will meet as soon as possible and a special meeting will be called to award the bid. Gilbert Kotulek, Paul Doty and H.E. Prude were in attendance for the bid opening. Bid tabulation will be furnished to all bidders with full text of bids to be filed in city bid files. Also to be discussed by the committee is overhaul of the city's 1980 John Deere 300B, which is being considered for trade-in.

Floyd Reed, Jr. met with the Council. He requested annexation of a tract to Munday city limits. On August 6, a petition was filed by Floyd Reed Jr. and wife, Phyllis Reed, with Walter Hertel, City

Heart Association Plans Turkey Walk

Members of the Knox County division of the American Heart Association met Tuesday, October 8, at the Aging Service building in Knox City. Meeting with the Knox County chapter was Alicia Nemecek of Wichita Falls, regional director. Ernestine Dickerson, president, called the meeting to order and welcomed those in attendance. Winters Matthews gave the treasurer's report. Mrs. Nemecek discussed programs and materials made available to public schools by the American Heart Association for health education.

Plans were made for the upcoming Turkey Walks in both Munday and Knox City. Ray Hunter is in charge of the event in Munday, and Norman Ewell will head up the Knox City walk. Saturday, November 2, was set for the Turkey Walk in Munday, and local citizens will be asked to participate in this event to benefit the Heart Association. More details will be released in the coming weeks.

The next meeting was set for November 12. Present at the session were Mrs. Nemecek; Ernestine Dickerson, Martha Andrade, Jeanie Carden, Ray Hunter, Winters Matthews, Gene and Dorothy Brown, Becky Offutt, Jean Reneau and Joyce Nix, all of Munday; Jimmie Kay Ryder of Benjamin; Dena Hawthorne of Goree; and Norman Ewell, Grace Welch, Ruth McElroy and Dave Thompson of Knox City.

Have a nice day!

Rural Road Signs Must Be Registered By End Of Year

Lewis H. White, district engineer of the Childress district, State Department of Highways and Public Transportation, has announced that

MOGULS...

(Continued From Page 1)

from the 2, Jerry Shields won a footrace with Trojan defenders for a 33-yarder and Jones ended the scoring with a 36-yard scramble in the fourth quarter. Jones accounted for six extra points, and Offutt added two more.

The Moguls used four quarterbacks to rack up 211 yards passing, and a total of nine backs rushed for 390 yards. Everyone suited up on the Munday team had an opportunity to see action in the game.

The Moguls will host Throckmorton at 7:30 p.m. Friday, October 18. The Greyhounds are 3-3 and coming off a 27-0 victory over Bryson. Running back Kevin Latham is one of the finest athletes in the district and sets the pace for a speedy offense. The Hounds are expected to give Munday some competition, and all fans are urged to be at the game to lend their support to the state champs.

Coach Edwards Comments

Windthorst had a very young team, and they weren't very competitive. We executed well, and our passing game looked very good. Hopefully we can continue to pass that way.

Throckmorton will be a very different story. The Greyhounds have good speed and decent size. They are another young team, starting a number of juniors much like we did last year. They are led by Kevin Latham, who is the fastest back we have faced this year. He is in a class with Todd Thompson, and we must contain him to win. Other key players on their team are Ronnie Rankin, Matt Glenn and David Davis.

We didn't field a junior varsity team last week, but our two junior high teams were both victorious. The seventh graders defeated Windthorst 28-7, and Kevin Conner led the eighth grade Braves to a 20-0 win.

At press time no junior high or junior varsity games had been confirmed for this week.

the owner of each off-premise advertising sign which was erected before September 1, 1985 along a road outside an incorporated city or town in Texas is required by recent legislation to register the sign by December 30, 1985 or remove the sign.

The new law is known as House Bill 1330 and refers to an off-premise sign as a sign which advertises a service or product not principally sold on the premises where the sign is located. White stated that forms are available in the Childress district office for use in registering a sign and that a form would be sent upon request. He also said that a \$25 nonrefundable fee is required with the filing of the registration application.

White pointed out that there are only two exceptions to the state registration requirement. If the sign was allowed under the highway beautification provisions of the Texas Litter Abatement Act or if the sign is in the extraterritorial jurisdiction of a city or town which is controlling signs in such extraterritorial jurisdiction, the sign does not have to be registered with the state.

In enacting House Bill 1330, the Legislature also authorized the State Department of Highways and Public Transportation to regulate on-premise and off-premise signs which are erected after September 1, 1985. A permit for each sign is now required. Permit application forms are also available in the Childress district office, White said.

The Childress office is located at 1700 Ave. F, Northwest, Childress, Texas and the telephone number is 817-937-2571.

Band Boosters See Video Of Contest

MHS Purple Cloud members were introduced at the Band Boosters meeting held Monday night, and director Rodney Bennett praised his students for their first division performance at district marching competition. The Boosters voted to pay for engraving the district plaque with each band member's name.

After hearing the minutes and treasurer's report of concession

stand profits, the Boosters decided to purchase uniform bags for each band student, pending school board approval. The annual Thanksgiving bake sale was planned, and notes will be sent to band students' parents concerning this event.

To conclude the meeting, the Boosters saw a video of the band's marching contest routine.

COUNCIL...

(Continued From Page 1)

secretary, requesting annexation of a 2.40 acre (2.13 acres of usable land) tract of land out of Block 2, D&W Ry. Company Survey north of Munday. On August 13 in regular session, the Council voted to receive the petition. After public notice in the Munday Courier on August 29 as required by law, on September 10, the City Council held a public hearing on the above annexation request. No protests were made. Now, at this meeting, in regular session, full text of the annexation ordinance was read. Albus moved the ordinance be passed annexing the following tract to Munday's city limits and it be made a part of the legal city limits of Munday to wit: Floyd Reed Jr. and wife, Phyllis Reed, all of a certain parcel or tract of land located in Knox County, Texas and being 2.40 acres out of the West side of the North 37 1/4 acres of the West 1/2 of the NW 1/4 of Section No. 75, Block 2, D&W Ry. Co. Surveys, North of Munday in Knox County, Texas. Full text of said ordinance to be filed in City's annexation files, also to be recorded in the deed records of Knox County, Texas. Marr seconded the motion to annex this tract. Voting for were Richard Albus, Von Marr, Garon Tidwell and Jessie Andrade. Motion carried.

Next discussed was construction of a sewer line to serve the area annexed north of Munday. The City Administrator was instructed and authorized to do the following as soon as possible: To finish grade shots, determine feasibility as to grade, rights of way, highway crossing, etc. Cost estimates for materials and ditching (digging only) have been made. Floyd Reed, Jr. (new home to be built) will help acquire rights of way and sign a

commitment of costs. If said sewer line is built any future homes tied onto said sewer line in the future will pay to City of Munday \$500.00 for its portion of construction costs prior to being allowed to tie onto the sewer line. The \$500 connection charge per home or tap will prevail until all city costs are recovered.

Marr moved that Coyt Smith be hired as police patrolman for the City of Munday, salary to be \$1,000 per month until his regular six months probationary period will end and he will be considered for permanent employment and salary review. Jessie Andrade seconded. All voted for. Motion also allows administrator to pay for extra days worked prior to this meeting at existing daily salary.

The City Administrator called council attention to junk or inoperable cars parked on city streets. Sample ordinances to regulate junk cars are to be secured; however, only voluntary procedures might be tried prior to an ordinance being drafted.

The Council reviewed a Texas Health Department letter. Five changes are recommended. The City Administrator is to work on these as time permits.

Mayor Dickerson updated the Council on the proposed Texas Department of Community Affairs paving project in Munday. Possibility of the project is good, he said, with Governor White's signature on a letter of approval expected at any time.

The school auction sale is to be held later this month. Several other items such as snow plow, dog trailer, welder, etc., not used in several years were authorized for sale in addition to those items from the old city hall previously authorized.

Tidwell moved that bills be paid as follows: from airport fund, \$51.38; from ambulance fund, \$155.83; from street paving special fund, \$1,425.89; from operating fund, \$16,272.24; Marr seconded. All voted for.

Meeting adjourned following a motion by Tidwell and second by Andrade.

Baptist Youth And Workers' Training Planned In Haskell

A training session for Acteen, Girls in Action and Mission Friends leaders and girls in grades 1-12 in the Haskell-Knox Baptist Association and West Central Association has been set for Saturday, October 26, at the First Baptist Church in Haskell.

Registration is at 9 a.m. and leadership conferences for Acteen and GA leaders will begin at 9:30 while the girls enjoy movies and games in the gym. They will join their leaders at 11 for instruction in their work. Mission Friends leaders will come for lunch at noon; their conferences will begin after the meal and conclude about 2:30 p.m. GA leaders and girls will be dismissed after lunch and Acteen leaders and girls will attend a Mission Action workshop in the afternoon.

Special conference leaders will be state Acteen consultant Barbara Curnutt and state MF/GA consultant Marsha Spradlin. Instructions for lunch have been mailed to area churches, but anyone needing further information should call the Haskell-Knox WMU director, Mrs. A.D. May, in Rule at 817-997-2157. Child care for pre-schoolers will be available at the conference, and all area leaders are urged to take advantage of this event.

Goree PTO Plans Halloween Carnival

All spooks and goblins in the area will gather at the Goree School gymnasium on Saturday, October 26, for the Goree PTO Halloween Carnival. A costume contest for pre-school through adults set for 6 p.m. will highlight the fun evening.

A pie supper will follow the contest, and booths will be set up with something to interest all ages. Other events will include bingo, a coke toss, a hayride, fortune telling and a cake walk.

All proceeds will be used by the PTO to benefit the school, and everyone is invited to attend.

If you have visitors, be sure and let us know. Call in locals by noon Tuesday, 422-4314.

LET US HELP PUT YOU BEHIND THE WHEEL

If your old car keeps looking and sounding older everyday, then let us help put you behind the wheel of a new car with an Automobile Instalment Loan.

Our loan officers will work with you on an individual basis in setting up your instalment loan. But, best of all we are ready to finance the car of your dreams now, without any delay.

Don't let that old car of yours get worse everyday. Just call or come by and let us show you how easy it is to put you behind the wheel.

BARE VISITORS STANDS attest to the fact that not many Trojan fans made the journey to Munday last Friday night. But there were plenty of Mogul boosters cheering as their team took a 68-0 victory in the first district game. A Mogul finds some running room in this photo as Trojan defenders try to close in.

Area Grid Roundup

PIED PIPERS POUND HASKELL

After playing a murderous pre-district schedule, the Haskell Indians saw no letup when district action began, as they traveled to Hamlin to be handed a 47-0 shellacking.

On the first play from scrimmage, Hamlin's Mike Howerton intercepted a Haskell pass on first down and returned it 33 yards for the score with 14 seconds elapsed. Coy McGee added another touchdown on the Pipers' first possession. Both Howerton and McGee accounted for more scores, as did end Ernie Piske.

The Pied Pipers are state-ranked in Class AA, and the Indians are winless this year.

PANTHERS FALL SHORT AGAINST ELECTRA

The Seymour Panthers gave it their best shot for homecoming

fans, but it just wasn't good enough as the Electra Tigers rallied from a 3-0 halftime score to take a 20-0 win over Seymour in District 9-2A action.

Electra is rated first in Class AA teams, and the Tigers' strength was too much for the valiant Panthers. Charlie Lott scored two touchdowns for the Tigers and Edward Willis added two more. Big defensive plays were made by Panthers Terry Worthington, Jim Chandler and Mike Griffin.

KNOX CITY BATTLES TO TIE WITH ASPERMONT

A blocked field goal on the last play of the game preserved a tie for the Knox City Greyhounds, but if it comes down to technicalities, the Aspermont Hornets will be declared victors because of an edge in first downs.

Aspermont scored first on a three-yard dive by Tim Meador in

the second quarter. The Greyhounds knotted it at 6 when Anthony Oudems, who rushed for 83 yards in the game, outran the defense for 25 yards around right end. An interception spoiled KC's final scoring threat.

In the fourth quarter the teams were tied at 6 points, one penetration and ten first downs each, and Aspermont had to punt from the Knox City 47. A holding call prevented the Hounds from gaining a first down, and they punted it back to the Hornets with 2:24 remaining. Meador ran for three yards, but a procedure call cost the Hornets five. On the following play, Aspermont moved again, but the penalty went to Knox City for illegal motion, a call that will be discussed in Knox City for weeks to come. Two more runs by Meador netted the first down.

Trent Driver blocked the Hornets' field goal attempt, but the first down made after the controversial call was the most important play of the game.

THROCKMORTON OVERPOWERS BRYSON

Kevin Latham scored two touchdowns and kicked an extra point to lead Throckmorton to a 27-0 win over the Bryson Cowboys. The Greyhounds are 3-3 for the season, while the Cowboys stand at 0-5-1.

Dow Latham returned an interception for a Hound score and threw a scoring strike to Matt Glenn for the final touchdown. The Cowboys held Throckmorton in the first

half, but the Hounds exploded in the last quarter.

ARCHER CITY BEATS CHILLICOTHE

The Archer City Wildcats opened their District 3-A east zone action with a 20-6 win over the Chillicothe Eagles Friday night in Chillicothe.

Both teams now hold 2-4 records.

BENJAMIN TOUNCES PATTON SPRINGS

Jeff Pierce scored two first quarter touchdowns to put the Benjamin Mustangs on top of the Patton Springs Rangers, then his teammates continued on the way to a 45-18 win.

Buster Redwine added two more Mustang tallies, and Chad Tolson ran for one score and caught a pass from Jody Stone for another. Sammy Little and James Louis accounted for the Rangers' points.

The Mustangs amassed 343 yards on the ground to Patton Springs' 30, although the Rangers held a 157-63 edge in passing yardage.

In other area six-man action, the Weinert Bulldogs extended their winning streak with an easy win over Rochester.

Services Held For Ex-Munday Resident

Ervin (Bub) Booe, a former resident for many years, passed from this life at 9:30 a.m. Monday, October 7, in the South Community Hospital in Oklahoma City at the age of 65 years.

Funeral services were held at 10:00 a.m. Wednesday, October 9, in the Chapel of Vondel L. Smith and Sons Mortuary in Oklahoma City, with Kent Allen of Edmond, Oklahoma and Carroll Gilliland of Guthrie, Oklahoma, officiating. Burial directed by Smith and Sons was in the Rest Haven Chapel of the Gardens Cemetery.

Serving as pallbearers were Steven Smith, Michael Booe, Gordon Booe, J.R. Booe, John Booe and Kurt Thurman.

Born November 14, 1919, in Bells, he moved to Knox County as a child. He married Lenora Huddleston, and they lived in Munday until 1967. He was a member of the South Woodward Church of Christ, and a World War II veteran, having served in Hawaii. He was engaged in farming, and later worked for Munday Cotton Compress Company; after moving away he was employed with Fox-Myer Drug Company until he retired.

He was preceded in death by his parents, Ab and Mallie Booe; and a brother, Loy Booe.

Survivors include his wife, Lenora; a son, Dewane Booe of Jefferson; two daughters, Shirley Smith of Munday and Sherry Booe of the home; three brothers, Clarence and Cecil Booe, both of Munday and Eulice Booe of Graham; three sisters, Willie Floyd of Munday, Lillian Hodgen of Haskell and Norma Jean Byers of Merkel; four grandsons; and several nieces and nephews.

Graveside Rites Held In California For Marvin Bruce

Marvin Buford Bruce, 68, of Riverside, California, died Saturday, October 5, at his home. He was a former resident of Munday, but moved to California in the 50's.

Services were held Wednesday, October 9, in Riverside with graveside rites following in Indio, California.

Born January 12, 1917 in Stephenville, he moved to Knox County with his parents, the late Robert and Trudie Bruce, at an early age. At the time of his death, he was a retired shop foreman.

Survivors include his wife, Elizabeth; four daughters, Gayle, Sharon, Reba and Trudie; three brothers, Howard of Indio, Calif., Ivan of Dallas, and Elmer of Munday; 10 grandchildren and 3 great-grandchildren.

In one day the average person inhales 15,000 quarts of air.

CONNIE BECK and CHRIS WAGGONER

Engagement Announcement

Connie Jean Beck and Chris Allen Waggoner will exchange wedding vows at 6 o'clock in the evening Saturday, November 23, in the Calvary Baptist Church in Vernon.

Parents of the couple are Robert Beck of Munday and Mr. and Mrs. Dee Wayne Waggoner of Vernon.

The bride-elect is a 1980 graduate of Munday High School and attended Vernon Regional Junior College and Texas Tech University. She is employed by the City of Vernon's finance department. The prospective groom, a 1979 Vernon High School graduate, also attended VR-JC and Texas Tech and is employed by Waggoner Office Supply in Vernon.

Knox County Hospital News

Patients in Knox County Hospital as of October 11, 1985 were:

MUNDAY: Opal Brewer, Ina Wyatt, Elmer Shackelford, Elizabeth Carnahan.

KNOX CITY: Neil Perdue, David Rodriguez, Amos Lerma.

ROCHESTER: Guy Marshall.

BENJAMIN: Grace Snailum.

Patients dismissed as of October 4, 1985 were:

KNOX CITY: Buddy Angle, Zollie Thomas, Adela Herrera and baby boy.

O'BRIEN: Eugene Hunt, Debbie Guitierrez and baby girl.

Gym-Dandeez Moms Schedule Meetings

Members of the Munday Gym-Dandeez Mothers Club are reminded of their meetings, which have been scheduled the first Tuesday of each month. Meeting time is 5:30 p.m. at the elementary school cafeteria.

Mickie Hutchinson is president of the organization. Other officers are Becky Offutt, vice-president; Janice Dutton, secretary-treasurer; and Christi Parker, reporter.

Food Plots Helpful To Quail Survival

Winter is the most critical period of the year for quail. The amount of available food and cover affects the number of quail which will survive this season. Ranchers and farmers interested in keeping quail numbers up should consider food plots.

Birthdays And Anniversaries

October 17 - Kenny Baker, Joyce Nix, James Hawkins, Ruth Brown, Leigh Lane and Charles Culpepper.

October 18 - Sammie Kingston, Jimmie Cooke, Lou Speer, Mary Jane Kuchler, Elizabeth Watson, Riley Bell and Bobby Owens.

October 19 - Doug Parker, Ray Hudson and Herrinda Cunningham; Joe Bob and Connie Gray.

October 20 - LaRue Patton; Mr. and Mrs. Jessie Andrade, James and Pat Peek and Jerry Don and Donita Hudgens.

October 21 - Hazel Cypert, John Earl Nelson, Nikki Booe and Carrie Cunningham; Mr. and Mrs. Leandro Hernandez.

October 22 - John Loyd Lambeth, John Lee Nelson, Judy Lowe and Ricki Hutchens; Mr. and Mrs. Gene Brown.

October 23 - Crystal Zeissel, Ilene Redder, Gloria Benner, Ola Thompson, Gene Thompson; Mr. and Mrs. Rick Lynn Meinzer.

Food plots should be planted near water and brush which are essential to quail habitat. Grazing animals need to be excluded from food plots since the plot will also serve as cover. There are many plants that will work well in food plots but most are annuals, and annual plantings are expensive.

One way to get away from annual plantings is to use blue panic, a perennial grass introduced from India, in combination with reseeding annuals. Sorghum almum and millet will reseed in the year following planting. Blue panic tolerates disking so the plot can be disked every other year to reseed the annuals and to stimulate weed growth. Many forbs (weeds) in Knox County are sources of food for quail. Common sunflower, careless weed, western ragweed, doveweed, dayflower, wildbean, broomweed, snow-on-the-prairie, pricklypoppy and stickleaf are the most common ones.

These plants are all warm season plants so the seeds will mature in the fall. The food plots will need to be planted in the spring. They can be done on the borders of cropland fields or anywhere there is a source of water and brushy cover nearby.

For more information about improving quail habitat contact the Soil Conservation Service in Knox City.

Till Burnett Earns Degree From A&M

Bruce T. Burnett was one of 1,512 students to receive degrees at Texas A&M University summer commencement exercises. Burnett was awarded a masters degree in mechanical engineering.

A 1977 graduate of Munday High School, Burnett is employed by Time Energy Systems in Houston specializing in energy efficiency. He is the son of Mrs. Louise Burnett of Munday and the late Bruce Burnett.

Community Calendar

October 17 - 8th grade and JV at Aspermont, 7th grade at Throckmorton; Chamber of Commerce and Agriculture.

October 18 - Throckmorton at Munday.

October 21 - Fire Department; Farm Bureau convention.

October 22 - Lions Club; Booster Club.

Retired Teachers Meeting Scheduled

The Knox County Retired Teachers Association has scheduled a meeting for Tuesday, October 22, at the Knox City Community Center. Hostesses will be Mary Groves, Jessie Roberts and Oliver Wooley.

Presenting the program will be Margie Clonts. She will also be sharing some of the highlights of her recent trip to Paris.

GOLDEN ANNIVERSARY OBSERVANCE: Mr. and Mrs. O.V. Milstead celebrated their 50th wedding anniversary on Sunday, October 13, at their home in Munday. Twenty-six family members attended a luncheon in their honor.

Gleaner combines are built extra tough and productive to begin with. So you can count on getting years of hard work and reliable performance from a used one, too.

You benefit from all the performance features designed into every Gleaner combine. Like the sure-feed system with down-front cylinder, multi-stage cleaning and separating, and the Natural Flow harvesting of Rotary Gleaner combines.

In addition, we're making some special limited-time offers, including waiver of finance charges...or big cash discounts...or low-rate financing. Stop in soon and let's deal on a field-proven used Gleaner combine.

Gleaner and Natural Flow are Deutz-Allis trademarks.

Bundle UP Your Home Today

And Help Keep Energy Bills DOWN This Winter.

Upgrade Your Insulation.

Insulation comes in rolls, loose fill or batts. The "Resistance-value" or "R-value," indicates the ability of a material to keep heat from passing through it. The higher the "R-value" the more heat the insulation will keep inside in the winter and outside in the summer. WTU recommends R-30 insulation in the ceiling and R-16 in the walls.

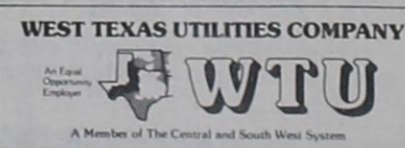

Keep Weatherstripping & Caulking in Good Condition.

Seal cracks around doors, windows, pipes

and wiring to help you save on both heating and cooling costs. Polyurethane or similar caulking, plus felt or foam-rubber products, come in an easy-to-install form at most hardware stores and will help you draft-proof your home.

Call Your Heating Serviceman.

Have your heating unit checked NOW by a qualified specialist to put it into top operating condition. Not only will you minimize the possibility of a costly and uncomfortable breakdown in the middle of winter, you will also help keep down home operating costs.

Remember REDDY Supplies the energy—
but only YOU can use it wisely!

★ GOREE NEWS ITEMS ★

By Mrs. Grace Smith

Mr. and Mrs. Charles Grisham spent last weekend visiting his mother, Mrs. Effie Grisham at De Leon.

Mr. and Mrs. Riley Bell visited their son, Mr. and Mrs. Roger Bell and family in Graham, on Tuesday. They attended the Compassionate Friends Chapter for Bereaved Parents Tuesday evening in Ft. Worth. Mr. and Mrs. Bell visited Vicki Barker in Olney on Wednesday.

Mrs. Syble Young of Knoxville, Ark. and Mrs. Doris Frey of Littlefield visited Mrs. Ballie Cooksey a few days last week. Danny Cooksey of Stephenville and Miss Lisa Thompson of Wichita Falls visited in her home on Saturday.

Sgt. Joel Greenwood returned to his home in California Tuesday after visiting a few days with his parents, Mr. and Mrs. Tommy Greenwood and Amy, and other relatives here.

Visiting Mr. and Mrs. Eldon McSwain over the weekend were her daughter and husband, Mr. and Mrs. James Garland of Mena, Ark. Also visiting in their home on Sunday was Mrs. Eva Atwood of Seymour.

Mr. and Mrs. Dewey Myers and family of Plano spent the weekend visiting her mother, Mrs. Lanna Mae Lowrance.

Mrs. Ruth Wilson was a guest in the home of Mrs. Gladys Lambeth last Thursday.

Mr. and Mrs. Cordas Ray Lambeth and grandchildren, Cody and Crystal Choate, visited his parents, Mr. and Mrs. Felton Lambeth, on Saturday.

Mr. and Mrs. Lloyd King and Eddie were in Breckenridge Saturday evening to watch their grandson, Lloyd Glenn King, play football.

Visiting in the home of Mr. and Mrs. Billy Moore last weekend was her brother, Jim Chamberlain of Lakewood, Calif.

Visiting Mrs. Mable Jacobs and Jeanette during the weekend were her daughter and family, Mr. and Mrs. Cloyce Mitchell, Royce and Misti of Wichita Falls.

Mr. and Mrs. Eddie Hargrove of Sulless spent the weekend visiting his father, Arthur Hargrove.

Mrs. Ruby Walker of Eldorado,

Okla., visited her aunt, Mrs. Tommie Polson, and her uncle, George Rawls, one day last week.

Guests in the home of Mr. and Mrs. Billy Moore Friday evening were Mrs. Syble Young, Knoxville, Ark., Mrs. Doris Frey, Littlefield, Lloyd Stratton, San Bernadino, Calif., and Mr. and Mrs. W.D. Cunningham and Mr. and Mrs. Dolan Moore of Goree.

Mrs. Winnie Howry visited her son and family, Mr. and Mrs. Tommy Howry, Lori and Tommy II, in Levelland a few days last week.

Mr. and Mrs. Fred Seale, Jay, Melissa and Josh of Shallowater visited his parents, Mr. and Mrs. Curtis Seale, over the weekend.

Weekend guests in the Chester Smith home were his cousin, Mr. and Mrs. Troy Owens of Orlan, Calif., and Mr. Owens' sister and husband of Burleson. Mr. Smith had not seen his cousin for forty years.

Mr. and Mrs. Elkin Warren visited John Dawdy in a Floydada hospital last Monday.

Wally Roberts and Miss Terri Campbell of San Angelo visited his mother, Mrs. Helen Roberts, over the weekend.

Kenneth Roberts of Plainview and Sarah Coleman of Seymour visited Mrs. Ina Roberts and in the Wallace Roberts home on Sunday.

Mr. and Mrs. L.O. Chamberlain spent the weekend visiting her daughter and husband, Mr. and Mrs. Ronald Coody, at Farmers Branch.

Dinner guests in the home of Mrs. Jennie Tynes on Friday were Mrs. Wynelle Hellums of Haskell, Mrs. Syble Young of Knoxville, Ark., and Mrs. Doris Frey of Littlefield.

Jonathan Smith of Munday visited his grandmother, Grace Smith, Friday night.

Visiting Mr. and Mrs. Grady Williams last Monday were Mrs. Amos Williams and Mr. and Mrs. Haskell Grant of Big Spring.

Mrs. Nell Haskin returned to her home in Lipan on Saturday after visiting for several days with her mother, Mrs. Pauline Beecher.

Don Frazier of Bowie and Jackie Borchardt of Crowell visited his mother, Mrs. Etta Mae Frazier, Saturday night and Sunday.

Mr. and Mrs. Bobby Beaty of Ft. Worth visited his parents, Mr. and Mrs. Jack Beaty, Saturday night.

Visiting Mr. and Mrs. Louis Hutchens during the weekend were Mrs. Glenda Rich and son, James Redwine, and her daughter and family, Mr. and Mrs. Wayne Fullford and Kelli of Lubbock, and Mr. and Mrs. Eric O'Dell of Woodson. They also visited their grandmother, Mrs. Etta Kirk.

Danny Cooksey of Stephenville and Miss Lisa Thompson of Wichita Falls visited his grandparents, Mr. and Mrs. Ruby Hammons, Saturday afternoon.

Jackie Howry and daughter, Beckie of Wichita Falls, visited his

mother, Mrs. Winnie Howry, on Sunday.

Mrs. Ruth Hammons and Mrs. Estelle Rhinehart visited in Haskell Friday morning.

Mr. and Mrs. Carl Echols visited her mother, Mrs. Addie Underwood, in Seymour on Saturday. They visited Mrs. W.R. Couch at the Brazos Valley Care Home at Knox City Sunday afternoon.

Mr. and Mrs. C.T. Gray of Munday visited Mr. and Mrs. Riley Bell Saturday afternoon. James Redwine and Kelli Fullford visited Mr. and Mrs. Bell Sunday morning.

Les Jameson visited his wife, Mrs. Billie Jameson, at Littlefield during the weekend. He also visited his daughter and husband, Mr. and Mrs. Keith Dickson.

Visiting Mrs. Mamie Fitzgerald Friday afternoon were Mrs. Syble Young, Knoxville, Ark., Mrs. Doris Frey, Littlefield, and Mrs. Ballie Cooksey.

Josh and Sarah Dormier visited their grandparents, Mr. and Mrs. Carl Echols, over the weekend.

CELEBRATES BIRTHDAY

Billy Huffman celebrated his birthday at his home on Sunday. Helping him celebrate this occasion were their children and families, Mrs. Teresa Speck, Elisha and Kyle, Mr. and Mrs. Dale Huffman and Amy, Munday, and Mr. and Mrs. Glenn Huffman, Brian and Crystal, of Goree.

The common cold is communicable two days before and two days after symptoms appear.

New Programs Designed To Aid Highway Beautification

More than fifty years of highway beautification efforts are coming to harvest this year and next as several new statewide programs get underway.

Lady Bird Johnson, who was one of the first to recognize the pioneering work in beautification by the highway department, initiated a new award last week for preservation and propagation of vegetation for fall color. Elwood Pate, highway maintenance construction supervisor, was awarded \$500 and a plaque for his work to increase the brilliance of autumn foliage along Sabine County roadways.

Mrs. Johnson also presented an award to Frank Gray, whose maintenance crew planted more than 5,000 native pecan trees in Fannin County. The Austin Highway District was named winner of the statewide competition for the Scenic Preservation Award. Special commendation was given by the judges to the Tyler district for its Adopt-a-Highway Program for litter reduction.

Meanwhile, the highway department has kicked off a new program which makes funds available to match local efforts to plant and install landscaping along roadways. Several communities and civic groups have already taken advantage of the new initiative.

Many communities have activities underway that will qualify them to enter the Governor's Community Achievement Contest and win a por-

tion of \$700,000 that the highway department has set aside to encourage cities and towns to clean up and develop litter reduction programs.

In addition to these efforts, a statewide litter reduction program will be unveiled later this year. This program will encourage Texas citizens to think before they throw. Litter pickup expenses have steadily escalated over the years until the annual increases have reached 20 percent. Last year Texas spent \$20 million to pick up trash along its roadways.

In a further effort to trim state expenditures, the State Highway and Public Transportation Commission voted to dedicate one percent of money designated for federally funded construction projects to low-cost landscaping projects that utilize native plants. Several experimental landscaping programs that featured native plants have reduced maintenance costs by as much as 23 percent at selected Texas sites.

"Landscaping is cost effective and is money well spent," said commission chairman Robert Lanier. "It enhances adjacent property value while cutting down the state's maintenance expenses."

A spinoff benefit of the litter-reduction and beautification efforts is in the tourism industry, which is getting ready for Texas' 150th birthday in 1986. All these efforts to spruce up Texas' "frontyard" should be highly visible next year in time for the state's special birthday celebration.

Public Service Announcement

A representative of the Vernon Social Security office will be at the Munday City Hall from 9:30 to 11:30 a.m. Wednesday, October 23, to assist citizens in filing for various Social Security benefits.

MEMBERS OF THE Munday Extension Homemakers club show the plaques they received at the county-wide Extension Homemakers Achievement Day Saturday in Benjamin. The club won honors for highest club participation and highest club attendance, based on percentage. Members are, from left, Jeanette Phillips, Virginia Cary, Virginia Williams and Rennie Patterson. Another member, Louise Fruehwirth, is not shown.

Local Extension Homemakers Honored For Achievements

A small attendance at the Knox County Extension Homemakers annual Achievement Day was reported by Jane Locknane, county Extension agent. The event was held Saturday, October 12, at the courthouse in Benjamin.

Judges from Baylor County viewed the entries made by the homemakers during the past year as Shirley Welch and Becky Offutt of Munday Florist demonstrated ideas for holiday decorating. A covered dish luncheon was enjoyed by everyone present, and the awards presentation followed.

Best of Show honors went to the

following: pre-school, Nathan Rocha of Knox City; primary, Michelle Conner of Benjamin; junior high, Sandy Patterson of Benjamin; high school, Angie Partridge of Munday; baked goods, Pam Bloxham of Knox City; canned foods, Karen Patterson of Benjamin; textiles, Vivian Brown of Truscott; stitchery, Rennie Patterson of Munday; crafts, Karen Patterson; and horticulture, Rennie Patterson.

Sweepstakes prize was awarded to Karen Patterson of Benjamin, who won the most points on her entries. Becky Rocha of Knox City was

named Woman of the Year for Knox County.

The Munday Extension Homemakers took the awards for highest club participation and highest club attendance at the Achievement Day. Members of the club are Rennie Patterson, Louise Fruehwirth, Jeanette Phillips, Virginia Cary and Virginia Williams.

It's A Girl!

It was 2:30 in the morning on Sunday, September 29. In the pre-dawn hours as the mists began to settle over the city of Midland, Megan LeeAnne Welch opened her eyes. She touched one delicate hand with the other when she reached to grasp her Daddy's strong arm as he gently placed her near Mommie's heart.

Mr. and Mrs. Danny Welch are the parents of this 8 lb. 5 oz., 20-inch baby girl.

Megan LeeAnne is loved by Maryssa Carolyn, her four-year-old sister, her grandparents, Mr. and Mrs. Leonard Welch of Munday, her great-grandparents, Mr. and Mrs. Sam Stone of Munday and O.W. Welch of Gilliland, an aunt and family, Mr. and Mrs. Charles A. Yeager and cousins David and Steven Yeager.

About a third of the households in America are two-car households.

★ KNOX COUNTY KONNECTIONS ★

L. Jane Locknane

County Extension Agent - Home Economics

BEHAVIOR IS THE KEY TO WEIGHT LOSS

In General

• Never skip meals and avoid over-hunger. Meal skipping usually leads to eating binges - often at night.

• Make eating a pure and conscious experience; i.e., don't do anything else but eat and relax and enjoy conversation and music.

• Wait at least 10 minutes before eating if you feel very hungry. Hunger pangs last usually only for about 10 minutes, and they may go away if you delay eating.

• Engage in some kind of activity which is incompatible with eating such as gardening or taking a walk in order to take your mind off eating. Activity often lessens hunger pangs.

• When the urge to eat persists, drink some hot tea or bouillon as these help to lessen hunger pangs.

• Avoid using food as a reward or treat.

At Home

• Only eat in one designated place for all meals including your bedtime snack. Do not eat in front of the TV or in your bedroom. Make this designated place as attractive as possible.

• Do not keep food in the living room or bedroom. Keep food in one specific place only, preferably in the kitchen.

• Rearrange the refrigerator by

placing the food you are least likely to nibble in the front of the refrigerator, and those you are likely to eat behind, hidden and tightly covered, and in opaque containers. Do not keep tempting foods on tables and countertops.

• Stay out of the kitchen except when preparing meals or to clean up.

At Mealtime

• Use a smaller plate at mealtime to satisfy your psychological need to see a full plate.

• Eat and chew slowly. Lay down your eating utensils after each bite of food - this will help you eat more slowly and so eat less.

• Leave some food on your plate. The "clean plate syndrome" is disastrous.

• Put away leftovers immediately after you have finished eating to avoid the temptation to finish them. Freeze them for soups or stews if you don't like waste.

• Eat the lower calorie foods first.

At the Grocery Store

• Stick to your shopping list to avoid buying unnecessary and often high calorie foods.

• Do not shop when you are hungry as shopping on an empty stomach leads to overbuying.

• Buy only low calorie foods when you need a snack.

• Avoid buying high fat, sugary foods. If you want ice cream, buy a small cone - not a half gallon con-

tainer.

• Buy only the quantity you need. Support from your family and friends.

• Tell your family and friends that you are trying to lose weight and why, and enlist their support.

• Tell them not to offer you food. If you want it, you'll ask.

• Tell them not to give you food as a gift or reward.

• Do not talk about food; don't torture yourself.

Wiping your refrigerator gaskets with vinegar can help eliminate mildew and odor.

The Scientists Tell Me . . . Multi-Function Irrigation System Applies Both Water and Chemicals

By Robert L. Haney
TAES Science Writer

An irrigation system has been designed and developed to apply both water and chemicals through separate nozzle systems from the same basic moving pipe and tower structure.

The primary objective of the dual-nozzle system is for efficient irrigation, along with very accurate application, and total coverage of water-conserving type chemicals, such as antitranspirants, growth regulators, and soil surface evaporation suppressants.

However, all chemicals currently being used in agricultural production may also be accurately applied through the system, according to Dr. W.M. Lyle, agricultural engineer with the Texas Agricultural Experiment Station, who with J.P. Bordovsky, developed the new system.

Lyle and Bordovsky, who earlier developed the LEPA (Low Energy Precision Application) system, say the new Multi-Function Irrigation System, (MFIS) is a second generation LEPA system, with improvements.

It is designed to make most efficient use of water and energy, two of the most important resources essential to maintaining a stable irrigated agricultural economy.

The economic viability of irrigation in many areas is being threatened by the high cost of energy and actual- or economically-induced shortages of water. Despite these critical resource problems, irrigation practices are often very inefficient, Lyle says, due to the inherent inefficiency of the irrigation systems in use.

This is due primarily to their inability to cope with variable soil and climatic conditions, which relate directly to the inefficiencies.

Perfection of the LEPA system, whose operation is not adversely affected by uncontrollable soil and climatic variables, has consistently yielded application efficiencies of 98 to 99 percent.

In addition, Lyle says, distribution uniformities in the range of 95 to 97

percent may also be expected, along with energy savings on the order of 30 to 50 percent, depending upon the type of conventional system being replaced and the depth from which water is being pumped.

In addition to placement of water-conserving chemicals already mentioned, another objective in the development of this system was the accurate placement of all other chemicals (fertilizers, pesticides, herbicides, etc.) in order to facilitate complete no-till crop production.

Chemigation, (the application of chemicals simultaneously while irrigating), has been accomplished with both surface and sprinkler systems. However, surface methods are obviously limited to soil-applied chemicals and the distribution uniformity of the chemical is no better than that of the applied water, which can be very low in many instances.

Chemicals injected directly into the irrigation water and applied through the sprinkler systems are also subject to the non-uniformity of the water application, which is rather drastic in high-wind conditions.

Other problems in sprinkler-applied chemicals, according to Lyle, stem from the fact that a single nozzle, located above the crop canopy, is used to apply both soil- and foliage-active chemicals.

Therefore, poor results are often noted for foliage-applied chemicals, due to washing by excess applied water. Likewise, some soil-applied chemicals are intercepted by leaves and are lost by volatilization.

Application of chemicals with ground-type (tractor driven) sprayers is often limited and untimely due to wet soil from irrigation and/or rainfall. Also, damage to crop foliage and unnecessary soil compaction are possible in the wheel tracks.

Aerial application is subject to several factors which may adversely affect coverage, Lyle says. These include canopies, wind, inversion layers, and inadequate amounts of applied liquid.

Research has shown that a very low percentage of an aerially-applied chemical penetrates the lower part of some crop canopies and, therefore, fails to reach areas of insect infestation.

To overcome these deficiencies and to achieve precise chemical and water application, the Multi-Function Irrigation System has two independent and adjustable nozzle systems.

One set of nozzles is designated for irrigation through which chemicals may also be injected. The remaining nozzle system is exclusively for chemical injection.

The two nozzle systems (chemical and irrigation) are both completely adjustable in the vertical and horizontal directions.

This allows them to be positioned at any location above, in, or below a

crop canopy for maximum effectiveness. Positioning is accomplished by a chain and sprocket drive system which is powered by electric motors and activated with switches from the control platform of the system.

Both nozzle systems may be operated manually or automatically. In the manual mode, after a position is selected, the nozzles remain stationary at that vertical and horizontal location.

In the automatic mode, both sets of nozzles are controlled by a programmable controller which causes the nozzles to oscillate up and down with a pre-determined amplitude in the vertical plane with any desired period of oscillation.

This allows complete coverage (top to bottom) of different size crops and can focus the chemical application to a specific location in a crop canopy.

In the field, in order to insure precise water and chemical application, the multi-function system has a newly designed lateral-move system that gives steady uniform forward movement.

To accomplish this, Lyle and Bordovsky designed a propulsion system which utilizes variable frequency control to the 480-volt, 3 phase electric motors which are the prime movers for the system.

The speed of the system is established by setting the base-operating frequency.

Guidance and alignment control is provided by linear position transducers, which provide appropriate signals to solid-state motor controllers, which in turn change the frequency to the motors necessary to bring about an adjustment in alignment or to cause the system to return to the correct track.

The new system, in 1985 tests, has achieved new levels of irrigation efficiency and effectiveness of chemical usage. We believe, Lyle says, that it sets new standards for conservation and effective use of water, energy and chemicals.

Editor's Note: Any question regarding this column should be addressed to Science Writer, Department of Agricultural Communications, Texas A&M University, College Station, Texas 77843.

Munday School Lunch Menu

October 21-25, 1985
BREAKFAST

Monday - Cereal, juice.
Tuesday - Toast, jelly, juice, milk.

Wednesday - Doughnuts, juice, milk.

Thursday - Cinnamon toast, juice, milk.

Friday - Cereal, juice, milk.

LUNCH

Monday - Burritos, cheddar cheese wedge, corn, cabbage slaw, cobbler, milk.

Tuesday - Spaghetti and meat, green beans, lettuce wedge, batter bread, brownies, milk.

Wednesday - Stew, cheddar cheese wedge, cornbread, cake, milk.

Thursday - Turkey, gravy, mashed potatoes, carrot stick, half bun, honey bars, milk.

Friday - Cheeseburger, trimmings, potatoes, fruit, milk.

FARM AND RANCH REPORT

David Tunmire, County Agent
AVOID THE DESICCATION
OF PAYMASTER 145

In mid-September, I reported the advantages of desiccating cotton because the crop was so early. The reduction of field weathering by 30 days can prevent a loss in grade by one full grade but this may not be true for cotton variety Paymaster 145.

Several Knox County cotton producers reported that they have had several bales of Paymaster 145 graded below grade, which had been desiccated with an acid desiccant. According to Al Alexander, Extension Agronomist, a similar problem has been reported in Oklahoma.

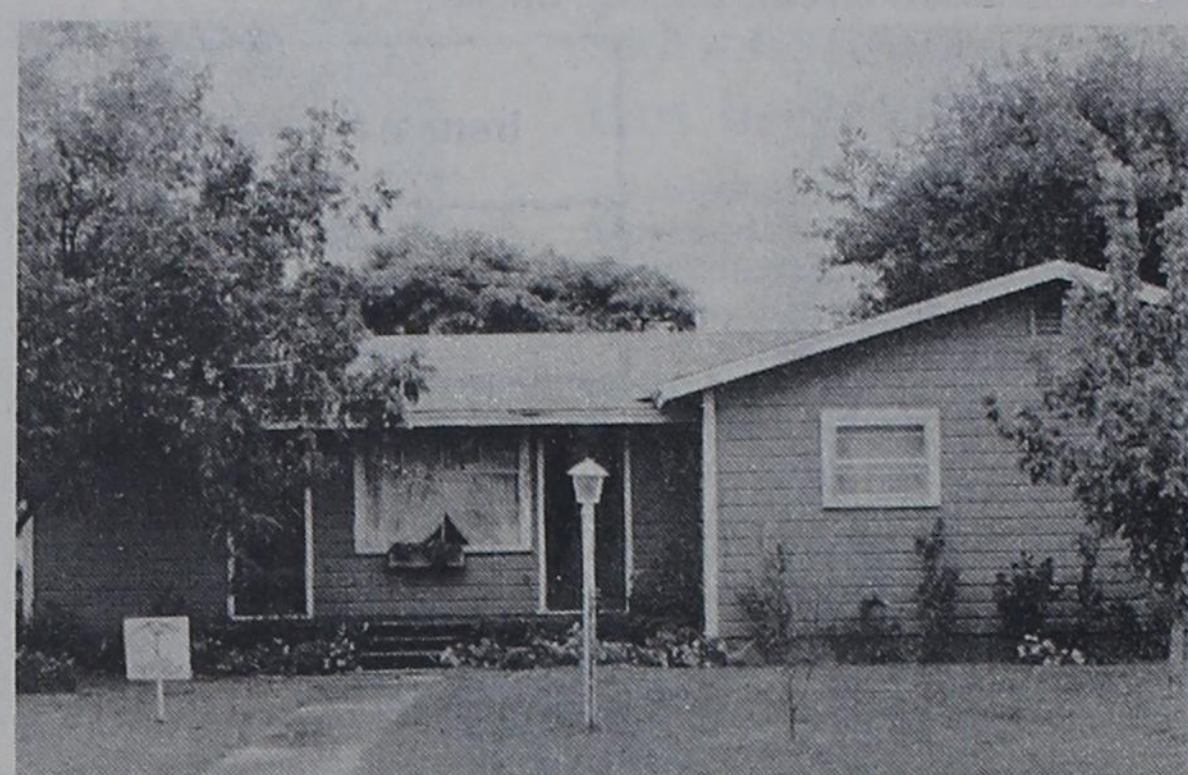

The problem appears to result from the combination of the hairy leaf characteristic of the Paymaster 145 and the use of an acid desiccant. Desiccation seems to freeze the hairs on the plant. These hairs and associated trash is from difficult to impossible to clean out at the gin. Ordinarily this is not a problem because the cotton crop is not harvested until after the freeze. Due to the hot, dry conditions in August many fields were ready to be stripped as much as 30 days earlier than usual.

It is getting late enough now, that producers with Paymaster 145 should consider waiting for a freeze. Alexander reported that field weathering of this variety will likely improve the grade as a result of this problem.

In future years, producers with Paymaster 145 that they need to harvest early, defoliation with materials such as Def R or Folex R needs to be done first. Alexander also stated, there is some feeling that Paraquat may be a better desiccant for this variety. At least grades following Paraquat applications seem to be much better than grades following acid use.

Paymaster 145 has had a good yield record in Knox County. Last year this variety topped the irrigated variety demonstration and was third in the dryland variety demonstration. All factors should be considered by producers when evaluating any variety and several years are necessary to do this completely.

Recent visitors with Mr. and Mrs. Douglas Myers were Mr. and Mrs. Danny Parchman and Todd of Lubbock, Mr. and Mrs. Howard Scheffler of Hurst, Mr. and Mrs. Greg Myers and Jessica of Tulsa, Okla., and Mrs. Melvin Myers of Gatesville, who enjoyed her grandchildren and great-grandchildren.

ARTISTICALLY PLANTED for color contrast, bright yellow and gold chrysanthemums and marigolds brighten the yard of Earlene Kuehler at 1281 W. Eden. The fall shades are set off by bushes of red roses and the flowers blooming in the window box. The Munday Garden Club judge appreciated the balance of color and greenery in this yard and awarded it the Yard of the Week sign.

★ BENJAMIN NEWS ★

By Mrs. Gladene Green

FIRE POSTER WINNERS

Last week was Fire Prevention Week and the Benjamin Volunteer Fire Department sponsored a poster contest at the grade school.

Winners in each class were:

First grade - Rachel Duke, first, Crystal Hibdon, second, and Diana Estrada, third.

Second grade - Michelle Conner, first, Edward Estrada, second and Jason Patterson, third.

Third grade - Jason Simmons, first, Trey Stone, second, and Robin Edwards, third.

Fourth Grade - Timmy Cash, first, Stephanie Conner, second, and Robert Estrada, third.

Fifth and sixth grade winners were not available, but I'll have the names next week. We congratulate all these youngsters.

HERE AND THERE

Van Green underwent eye surgery at St. Luke's Episcopal Hospital in Ft. Worth Friday. He returned home Saturday and is doing fine but will have to take it easy for several days.

Mr. and Mrs. Loyd Kilgore of Lubbock visited his sister, Leola Isbell, last Saturday. They were enroute to Ft. Worth to visit other relatives.

Lori Griffith, a student at Baylor University at Waco, was a weekend guest of her parents and sisters, Charles, Linda, Amy and Becky Griffith.

Kent and Scott Hertel of Wichita Falls and Craig Hertel of Vernon were weekend guests of their parents, Don and Louise Hertel.

Debbie and Gordon Taylor and Rick and Diane Herring of Munday

visited their parents, the Van Greens, Saturday night.

Visiting Buster and Lu Ella Tolson recently were Cap and Gertrude Jones of Lawton, Okla. They were enroute home from a trip to Boise, Idaho, San Jose and Hollister, Calif. and Phoenix, Ariz. Orville Westmoreland of Gilliland visited the Tolsons Saturday.

David and Valree Milson of Munday were Saturday guests of his parents, the S.L. Milsons.

H.T. Melton has been a patient in the Methodist Hospital in Lubbock for several days. Reports are that he is improving daily and may possibly be released today (Monday).

Von Conner underwent surgery today in Hendricks Hospital in Abilene. No word yet on her condition.

Mr. and Mrs. Leroy West and Edith West spent the weekend with Wanda West in Cisco.

NOTICE OF ESTRAY

Case No. 7
September 26, 1985
Person reporting stray animal:
Name: Manford Elliott
Address: Seymour, Tx.
Telephone: 888-3418
Location stray animal found:
Owner: Wilfred Bellinghausen
Address: Munday
Telephone: 422-
Approximate Location: Canto place approx-
imately 4 miles southwest of Goree.
Location of impounded animal:
Person in charge: Wilfred Belling-
hausen.
Address: Munday
Description of Livestock:
Color: Black
Sex: Cow
Age: 8 years
Earmarks, brands and other identifying
characteristics: "F" left hip.
This report made by Manford Elliott.

The State of Texas, County of Knox
Before me, the undersigned authority,
on this day personally appeared Morris
E. Nix, Sheriff, in and for Knox Coun-
ty, Texas, who being duly sworn,
deposes and says:

That on the 25th day of September,
1985, he was notified by the above
described person of the above described
livestock which was found running at
large in Knox County, Texas, at the
above described location and pursuant
to the stock laws of the State of Texas,
Chapter Four, Title 121, Revised Civil
Statutes of Texas 1925, impounded said
livestock, said impoundment being at
the above described location.

Morris E. Nix
Sheriff of Knox County, Texas
Sworn to and subscribed before me
this 9th day of October, 1985.

John Phillips. 1-tfc

CARD OF THANKS

Words are so inadequate at this time
to truly express the love we feel in our
hearts for each of you who helped com-
fort us the past weeks. Your thought-
fulness was shown in your phone calls
and cards during our loved one's days at
the hospital. When you received word
God had called our sweet husband, dad,
papa and brother home, you so quickly
responded with more calls, cards,
flowers, and constant prayers offered on
our behalf.

Thank you is such a small word, but
we say it to each of you dear friends
from the depth of our hearts.
God bless you always.

Area Native Dies October 4 In Forney

Mrs. Ralph Pellow, 63, a former
Munday resident, died October 4 at
the home of her sister, Mrs. J.W.
Akin in Forney, after a long illness.
Cremation followed.

She was born January 31, 1922, in
the Hefner community north of
Goree to the late Mr. and Mrs.
Louie P. Jones. She moved to Mun-
day as a child and attended the
Munday public schools. At the time
of her death, Mrs. Pellow made her
home in Florida and was a member
of the Methodist Church.

Survivors include a son, Bob of
Kansas City, Kansas; three sisters,
Mrs. J.W. Akin of Forney, Mrs.
Lois Elliott of Electra and Mrs.
Lorene Smith of Wichita Falls; and
three grandchildren.
