Council Informed Of Ditch Progress

The City Council of the City of Munday, Texas met in regular session on Tuesday, October 13, with Mayor Doris Dickerson presiding. A full quorum of aldermen was present, including Jessie Andrade, Richard Albus, Jessie Tucker, Gene Brown and Garon Tidwell.

Minutes from the September 8 regular meeting and September 29 special meeting were read. Brown moved minutes be approved as written; Tucker seconded and motion carried.

Mayor Dickerson briefed the council on progress of the concrete drainage ditch in the North Park area of town. Completion date will be in approximately two or three weeks if weather permits. Some cost over-run is probable, he said, but interest received should cover the over-run. As soon as the North Park work is finished, Dickerson said,

We Fall Back This Sunday!

An important event occurs Sunday, October 25, and those who forget about it are likely to be embarrassed when they walk into church Sunday morning. Daylight Savings Time officially ends for another year at 1:59 a.m. Sunday, and Central Standard Time comes back in effect one minute later.

That means that we need to "fall back" or turn the clocks back an hour at that time - or before retiring for the night Saturday. Then everyone will get to sleep that extra hour we lost last spring, or at least that's how the theory goes.

The main thing is that if you don't turn your clocks back, you will be just about an hour late for all your Sunday appointments. That must be why the changeover date is always on Sunday and not a weekday. Think of all the work hours that would be lost that one day throughout the nation!

County Six-Man Teams Put It On Line Friday

One of the best football matchups in the area will take place Friday night in Benjamin, where the hometown Mustangs will tackle the Goree Wildcats in an important District 5 six-man battle. Both teams own 6-1 records, and the outcome of the game is expected to play a part in determining the district champion and runner-up.

Coaches Cliff Gilmore of Goree and Ben Grill of Benjamin are cautiously optimistic about their team's chances, but both hold plenty of respect for the other team. In comparing the two teams, Benjamin has a definite size advantage but Goree probably has the edge on speed.

The major difference in the squads is their offenses. The Mustangs run out of the veer formation with backs Jeff Pierce and Buster Redwine handling most of the ball-carrying duties. Both are well on their way to scoring 20-plus touchdowns this season with their power running. Goree, on the other hand, lines up in a variety of offenses, and the Wildcats are more likely to go to the air with the passing talents of Jimmy Castorena.

Grady Weaver and Spencer Dixon lead the Wildcats in touchdowns this year, and they have received plenty of assistance from Gary Dixon, Lonnie Shahan and Paul Lucio. Contributing other Mustang scores have been Jody Stone, Phil Boone, Kemp Jones and Lanham Jones.

The two teams have played Paint Creek, Woodson, and Newcastle in common, and ran up lopsided scores against the three opponents. Goree defeated these three foes by a combined margin of 167-37, and Benjamin's wins against the same schools totaled 202-75.

"Rule and Rochester are both

city work forces should install valves and take steps to assure stand-by well water in the event of an emergency, as recommended by the Texas Department of Health.

The council reviewed the Munday Housing Authority minutes as submitted. No action was required. A request for the Battleship Texas recycling program was tabled at this time due to work load.

Several proposed amendments to the state constitution were discussed, including Senate Bill 669 and others. The council decided to individually study and support these deemed worthy. Munday Little League's water consumption in 1987 was discussed; item put aside for possible further discussion next spring.

Next reviewed was the water rate for October 1, 1987 to September 30, 1988, which will be changed by the North Central Texas Municipal Water Authority. Munday's minimum charge has been reduced

(See CITY COUNCIL, Page 4)

Goree Water Bills To Show Increase

Goree city manager Jim Cooke announced this week that the price of water will increase on the next statements. The rate hike is due to the cost of the city's new waste water plant.

A minimum price of \$13 will be charged for use of up to 5,000 gallons of water per month. For usage of more than 5,000 gallons, an extra dollar will be charged per every 1,000 gallons.

Sewer charges are \$5 per month plus 10 cents per 1,000 gallons of water used, and garbage rates are \$4.50. The minimum city utility bill in Goree, including water, sewer and garbage services, will be \$22 per month.

The new prices go into effect November 1, Cooke said.

playing well and have a chance at the playoffs," said Goree's Coach Gilmore. "But I think the winner of this game will be very much a contender. It's a big game for both teams."

Gilmore further stated that the towns are fired up for the contest, which involves a long six-man rivalry, and he expects an unusually high-scoring game. Since the Moguls have the night off Friday, it has been predicted that several Munday residents will join the Goree and Benjamin fans that will crowd the stands for the 7:30 p.m. kickoff.

MUNDAY VOLUNTEER FIREMAN Steven Smith recently attended the firemen's training school at Texas A&M University. His school expenses were paid for by the Knox County Farm Bureau. Farm Bureau manager Don Welch, right, presents Smith a check for expenses and a certificate of appreciation for his service to Munday.

MUNDAY MOGULS and Roscoe Plowboys are shown at the close of a play in Friday night's District 5-A matchup. Munday took the lead in district standings with a 40-13 victory over Roscoe, which fell to a second place tie with Rotan at 1-1. The Moguls retained their

number one ranking in Class A last week and preserved a perfect record for this season and will take a break this Friday with a much-appreciated open date. Roby and Aspermont fill in the remainder of the team's regular-season schedule.

AFTER SLOW FIRST HALF

Moguls Wake Up To Smother Plowboys

Backs against the wall is not a position the Munday Moguls are familiar with. And when the players found themselves there Friday night, they quickly shed the sluggishness and mistake-it-is that had cloaked the team through the first half. What followed was the biggest half of the year for the state's number one ranked Class A team, as the Moguls fought back with big plays to take a convincing 40-13 victory over the Roscoe Plowboys.

From the first play - an 80-yard return of the second half kickoff - to the next-to-last - another return, this time of an onside kick - the second half was the most exciting one Mogul fans have seen for some time. It ended with senior Anthony Stinnett surpassing the 1,200 yard mark, rushing 188 yards on 30 carries in the Moguls' seventh win. Terry Collier added another 83 yards, and two scores and Trey Thompson added another pair of TD's, the first of his career.

But not many in the stands would have predicted such a rosy ending for the Moguls at any time during the first half. On Munday's first possession a fumbled pitchout was recovered by Plowboy Danny Stewart, and ten plays found Rotan quarterback Sammy Herrera in the end zone. Herrera capped his one-yard sneak by kicking the extra point.

The Moguls received the ball and began to move, a 20-yard pass from signal caller Marc Andrade to Terry

Collier moving them into Roscoe's territory. But a 15-yard penalty halted their momentum, and Rotan defenders slipped through the hole to sack Andrade moments later, leaving the Moguls short on a fourth down play. But the Plowboys

couldn't get their offense going and had to punt back to Munday, and this time they hung on to the ball for six plays and a 56-yard march to the goal. Stinnett's 15-yard touchdown run over the left side was set up by Trey Thompson's 20-yard thrust.

Lowell Hutchens was good on the PAT, and the game was tied.

The remainder of the half consisted of a double exchange of punts as neither team could find much running room. And for the second time this season, the Moguls went into the dressing rooms at intermission locked in a close battle with a tied score.

But the first play of the second half turned the tide. With everyone on the opposing team - and in the stands - expecting the return hand-off to go to Stinnett, Collier took the reverse and swept down the sideline as ten Roscoe helmets were keyed on Stinnett. One Plowboy realized the error and saw Collier take the ball, but he was too far across the field to do anything about it, and Munday jumped out in front for good.

Spurred on by his big play, Collier recovered Roscoe's fumble on the third play from scrimmage, but seconds later he coughed the ball up himself and Roscoe grabbed it. Three plays and a punt and Munday had another chance, and this one was successful. Andrade's 19-

Management Symposium Scheduled For Producers

An agricultural producer management symposium will be sponsored by the Knox County Extension Program Council crops committee on three consecutive Mondays, November 16, 23 and 30. The meetings will be held from 9 a.m. to 1 p.m. at the Knox City Community Center, with a one-hour lunch break during which those attending will be responsible for providing their own lunches.

Registration for the symposium

continues until October 30. Registration forms are available at the Knox County Extension office in Benjamin, at Quality Implement Company in Munday, the First National Bank in Munday and Citizens State Bank in Knox City. Enrollment will be limited to the first 12 couples or individuals to register, and producer and spouse enrollment is encouraged.

Delton Gerloff, Extension Service economist in management, will be the featured speaker for the programs, which will detail record keeping, financial planning and financial analysis and management for agricultural producers.

Farm Finances To Be Program Topic

A program on farm financial management has been set for 7 p.m. Tuesday, October 27, in the general assembly room of the Knox County courthouse in Benjamin. The program is being sponsored by the Knox County Extension Program Council crops committee.

Delton Gerloff, Extension Service economist in management, will present ideas on analyzing a farm's financial situation from the agricultural lenders' point of view. Al Alexander, Extension agronomist, will discuss possible production alternatives to help reduce farming costs.

All area producers are encouraged to attend.

Brazos Electric Asks For Lower Fuel Rate

Brazos Electric Power Cooperative filed a petition with the Public Utility Commission October 12 to lower the cooperative's fixed fuel factor effective in November.

"The cooperative is pleased to have been able to pass on fuel cost savings worth more than \$44 million to our consumers during the past three years," said Richard E. McCaskill, executive vice president and general manager of Brazos. "In September, we were able to negotiate another fuel price reduction that will further lower consumers' electric bills. Consumers will see a reduction of about \$2.80 for each 1000 kilowatt hours used," he said.

McCaskill stated that in August 1984, the cooperative built a 25-mile natural gas pipeline that gave it access to the natural gas spot market. As gas prices declined, Brazos purchased cheaper spot market gas and also negotiated lower prices for its long-term contracts.

With headquarters in Waco, Brazos Electric Power provides wholesale power to 20 member distribution cooperatives and seven municipal customers. These wholesale customers serve 229,000 consumers in 66 counties of Texas.

HOMECOMING ROYALTY: Stacy Hutchens, right, was crowned homecoming queen Friday night at the Goree Wildcat football game. Jimmy Castorena was named football king. Other queen nominees were Gina Harris, Cathy Reagins and Cynthia Lambeth.

MOGULS RALLY

yarder to Collier got things rolling, and then the ground game Munday has depended on all year became operational, with Stinnett punching through for short yardage, assisted by short runs by Trey Thompson. The fullback handled the scoring honors, plowing in from the 1, and Hutchens made it 21-7.

Roscoe was able to move the ball some 30 yards on their ensuing possession, but at midfield Jeremy Hutchinson and Hutchens popped Herrera and forced him to fumble. Kent Sanders scooped it up, and Stinnett scored quickly. But a three-touchdown lead wasn't enough for Munday as the team took the ball on downs as Roscoe began to gamble a bit in dangerous territory. Collier made it look easy, blasting through for 48 yards and the score with the final quarter about half over. Corey Moore kicked the extra point to give the Moguls a 34-7 lead.

Led by the spirit of desperation, the Plowboys regrouped to move downfield. A pair of interference calls on Munday helped Roscoe get into position, and Herrera scored from the one at the 55 second mark. But Munday wasn't quite through - on the following kickoff Roscoe tried to plant it inside and the ball took exactly the hop Thompson was looking for. Taking it on the run, he blazed upfield for 48 yards and the final score.

Munday takes a break this week, after which the Moguls will travel to Aspermont on October 30 and will host Roby in the last regular season game on November 6.

Coach's Comments

by Ron Steele

We looked like two different teams in the two halves of our game Friday night. But I knew when we quit making mistakes we could pull it out, and that's what we did in the second half. Roscoe wasn't able to move the ball on us to any great success; we more or less gave them their touchdowns.

Terry Collier had a good offensive game, and he and Perry played very well defensively. They made some great open-field tackles. Marc Andrade had a super night as well, and Trey Thompson scored the first two touchdowns of his career. His return of the onside kick was a really heads-up play.

Anthony had another good night running, and the yards he carved out were tough ones. Jeremy Hutchinson had as fine a ballgame as I've ever seen for a center, and he

and Kent Sanders, who also played his best game of the year, really hurt their quarterback. He'd seen all he wanted to by the end of the game. Glen Reid and Chad Bordovsky looked good at the linebacker spots, too; they shut down Roscoe's outside running game.

We will be glad for a week off to give us a chance to heal up. We have some players who should be 100 percent well after a free week. We'll work on our attitude, too, and try to put some fun back into it. We need the mental break as much as anything.

We will have one junior high game this week, beginning at 5 p.m. Thursday at O'Brien. Unless they cancel between now and then, our junior varsity will play at Knox City after the junior high game.

Wildcats Boost '87 Standings To 6-1

The Goree Wildcats pleased a homecoming crowd Friday night, easily defeating the New Life Academy of Lubbock 56-6. The game was called about two minutes into the third quarter when Goree surpassed the 45-point margin allowed by six-man rules.

Leading Goree was Grady Weaver, who rushed for 156 yards on eight carries and three touchdowns and caught two passes from Jimmy Castorena for 49 yards and another tally. Spencer Dixon contributed three scores while rushing 65 yards on eight carries, and Gary Dixon tacked on another 68 yards on four tries.

Other scores came from Lonnie Shahan, who returned a pass interception across the goal, and Paul Lucio, who kicked a pair of extra points. Castorena completed two of three pass attempts.

The Goree junior high Kittens extended the win record with a 26-0 victory over Patton Springs. The Kittens are idle this week, while the Wildcats will travel to Benjamin Friday for an important conference tilt with the Mustangs. Benjamin is coming off a loss to non-district opponent Trent and is expected to provide the Wildcats with plenty of competition.

Public Service Announcement

An adult health risk assessment clinic will be held from 10 a.m. until 12 noon on Thursday, October 22, at the Munday Community Center. The Texas Department of Health is sponsoring the screening service for any adult. Abnormal findings will be referred to the patient's private physician.

Munday Baptists Slate Fall Revival

The First Baptist Church in Munday will hold a revival Sunday - Wednesday, October 25-28. Services will be at 11 a.m. and 7 p.m. Sunday and at 7 p.m. each of the remaining evenings.

Dr. Pete Bradfield, pastor, will deliver the revival messages, and Randy McLelland will serve as music director. A nursery will be provided. Everyone in the area is invited to come join with the Baptist congregation for these special services.

Golf Scramble Planned At Lake Creek Sunday

Local golf enthusiasts plan to brave the cooler fall weather for a bit longer to hold their semi-monthly golf scramble. The next scramble is set for 1:30 p.m. Sunday, October 25, at the Lake Creek Golf Club course near Munday.

Several local players have shared in the prize money in these scrambles during the summer and early fall, and everyone interested in playing a good round of golf should be on hand Sunday.

Bryan Welch of Ft. Worth visited his grandparents, Sue and Spike Bryan, last week. His parents, Shanna and Billy Welch, came for him and spent the weekend.

Mrs. Frankie Ponder and Mr. and Mrs. Charles Yost and Chad visited in the home of Mrs. Ponder's daughter, Mr. and Mrs. Felton Raynes, in Sulphur, Oklahoma recently. Another daughter, Mr. and Mrs. Elmo Dunn of Moore, Okla., also visited the rest of the family that weekend, as did the Raynes' daughter, Mr. and Mrs. John Moseley and Meagan of Oklahoma City. Mrs. Ponder had all her children with her during the weekend.

A PROFUSION OF marigolds brighten the yard of Mrs. Alma Wardlaw on North Munday Avenue. The fall colors have replaced spring's pastels and summer's brilliant shades in local yards, and the grass is beginning to fade, sure signs that colder weather is not far behind. Munday Garden Club chose Mrs. Wardlaw's yard as this week's Yard of the Week.

A Service of
**Knox County
 Hospital**

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, ● even before it can be felt.

Appointment may be made by calling 658-3535

The Mobile Breast Cancer Detection Unit will be in Munday at City Hall parking lot on Thursday, November 5.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

- I. 35-40 years of age - One baseline mammogram.
- II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.
- III. 50 years of age and over - An annual physical examination and annual mammogram.
- IV. Asymptomatic women under 50 years of age with significant high risk factors

should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

Prospective Bride Is Shower Honoree

Cherie Welch, bride-elect of Wayne Hutchinson of Weinert, was honored with a bridal shower Sunday, October 18, at the Munday Community Center. Guests were greeted at the door by Christene Meers, and the bride-elect was joined in the receiving line by her mother, Mrs. Don Welch of Munday, the prospective groom's mother, Mrs. Lester Hutchinson of Weinert, and the bride's grandmothers, Mrs. Cecil Welch of Anson and Mrs. R.J. Duncan of Munday.

Shawna Melton of Judd presided at the registry, and Phillis Urbanczyk and Holly Hutchinson, cousins of the groom, served refreshments. The table was covered with a white cloth and centered with an arrangement of silk flowers in the bride's chosen colors of royal blue and apricot with grey and white accents.

The couple will exchange vows November 14 at the First United Methodist Church in Munday.

Hostesses for the occasion were Christine Meers, Annette Brown, Dena King, Ruth Brown, Larue Patton, Glenda Decker, Betsy Shytle, Jan Zeissel, Mildred Sanders, Joye Baker, Nancy Beaty, Dulah Lambeth, Shirley Gass, Dot Myers, Leona Partridge, Delores Stewart, Debbie Harlan, Betty Kuehler, Janet Bruce, Joyce Nix, Martha Hunter and Jinx Burnison.

Gray Services Are Held At Gillespie

Lois Leolia Gray, 94, died Thursday, October 15, in a Lubbock hospital. Services were at 10 a.m. Saturday, October 17, at Gillespie Baptist Church with Rev. K.E. Woolley, retired pastor of the Benjamin Baptist Church, and Rev. John Mark Trice, Gillespie pastor, officiating. Burial was in the Gillespie Cemetery under the direction of McCauley-Smith Funeral Home of Munday.

She was born November 12, 1892, in Lineville, Alabama and moved to Texas at the age of three. A member of the Gillespie Baptist Church, she married Arthur Hoyt Gray January 8, 1911, in Munday, and he died in April, 1981.

Survivors include a son, Bob Gray of Haskell; a daughter, Frances Warren of Lubbock; 16 grandchildren, 26 great-grandchildren and four great-great-grandchildren.

MUNDAY DEBATERS heard a lecture on this year's debate topic by Dr. William B. English at a national debate clinic at Abilene Cooper High School Saturday. The young team hopes to be able to use what they learned at the clinic to advantage in competition in the spring. Standing from left are Jenni Bowman, Ann Parker and Marc Andrade; seated are Kacy Longan, Jeff Herring and Angie Offutt.

FOOTBALL NEWS

The Benjamin Mustangs met Trent for a practice game Friday night. The Mustangs lost by a score of 46-38 but I'm told it was a good game. The local team is fired up for Friday night when they meet Goree here on the home field. This should be a good game and everyone is urged to come out and see it.

Other school goings-on include the planning of the Halloween Carnival which will be October 31. The classes have chosen their candidates for the school royalty but I do not have all the names. Maybe next week I'll have a complete list. The program committee is working hard and it sounds like it's going to be a good carnival.

FFA SWEETHEART

Lorrie Rolston, daughter of Homer and Jan Rolston, has been chosen FFA sweetheart by the local chapter. Lorrie will compete in district competition in December. She is a senior in Benjamin High School. **CITY HALL TO START CLOSING** Beginning November 3, the Benjamin City Hall will close in the afternoons. It will be open from 8 a.m. until 12 noon five days a week. So if you can, try to get your "city business" taken care of during these hours.

week visit with their son and family, Bill, Sue, Jennifer and Kevin Roberts, in Woodbridge, Va. While there they saw Jennifer play soccer and hear Kevin in his band competition. They also enjoyed the colorful fall foliage in Massachusetts and Vermont and said it was just beautiful. While away, they visited several places of interest.

Reba Morrow of Humble was a guest of her mother, Odessa Cox, several days last week.

Grace Snailum accompanied her son and daughter-in-law, Charles and Audie Snailum of Granite Shoals, to Amarillo last week where Grace underwent a checkup. She got a good report and we were glad to hear this good news from her.

Katrine Hudson of Kileen visited Grace on Saturday.

Pete and Omitee Barnett were at Lake Kemp Sunday for a fish dinner and visit with Mr. and Mrs. Bufford Hayes of Whitharrell who have a cabin there. They said they had a good time. Pete is feeling fair these days but enjoys getting out once in a while.

Visiting their Benson relatives here during the weekend were Sam and Regina Young of Venus, Tom Benson of Abilene and Wanda Joyce Jennings of Wichita Falls.

Kelly Slade and Sam of Austin are spending this week with her mother, Bo Milson. Kathy Woolley and children of Spur visited them Sunday.

Dorothy Spikes told me that her mom, Veta Campbell of Kerrville, was a recent visitor in her home. She said her mom still thinks of her Benjamin friends often and sends them all her best.

Rex and Maretha Patterson were in Vera Sunday to visit her mom, Mrs. Dora Patterson. They reported Mrs. Patterson to be feeling pretty good these days and glad to be able to be home.

Leon and Olga Bivens are enjoying a fishing trip to Lake Texoma. They plan to visit Johnny and Katherine Hertel in Fillmore, Okla. before they return home.

Local Debate Team Studies New Topic At Abilene Clinic

The Munday High School debate squad traveled to Abilene Cooper High School Saturday morning for the 1987 national debate clinic sponsored by Baylor University. Dr. William B. English, director of speech at Baylor, conducted the six-hour workshop.

Students attended a lecture by Dr. English, one of the nation's foremost authorities in debate, on this year's debate topic (Resolved, that the United States government should adopt a policy to increase political stability in Latin America). Dr. English covered 15 of the most successful cases from the nation's leading summer workshops with strategies and generic arguments developed there.

Munday debaters attending included sophomores Marc Andrade, Jeff Herring, Jenni Bowman and Ann Parker and freshmen Kacy Longan and Angie Offutt. The students came home feeling what they learned at the workshop will help them greatly in preparation for the upcoming debate season.

CITY COUNCIL

(Continued from Page 1)

due to the city's percentage drop from 25 percent to 23.6 percent of total gallons consumed, resulting in a reduction of approximately \$400 per month for the next 12 months, if minimum is not exceeded. The change was unanimously acceptable to the City Council.

The city administrator reported completion of dump ground metal salvage removal as required by the Texas Department of Health. Drainage work at the water tower is also complete except for headwalls which will be installed later. Cooperation of the City of Goree in regard to internal operation costs was noted.

The salary scale of all employees was examined briefly by the council, and a copy of each employee's tenure, wage scale, etc., was given to councilmembers for review. Matter will probably be discussed further in the November or December meeting.

The final matter discussed was when to advertise for bids on a new garbage truck. The funds to pay for this truck and the North Park project are set aside from the Certificate of Obligation issue and will be paid for partly from taxes as present-

ly assessed and from surplus funds in interest and sinking, not from operating funds.

After discussion, Andrade moved that the City of Munday advertise for bids on a 1987 or 1988 new two-ton truck, with specifications to be prepared by the city administrator. Bids should be submitted based on price for a truck such as that described above with no trade-in; or for a price on such a truck with a 1978 Ford two-ton truck chassis trade-in. Separate sealed bids will also be received on the 1978 Ford chassis. Tucker seconded the motion, which carried unanimously.

Tidwell moved bills be paid as follows: from airport funds, \$249.65; from swimming pool funds, \$10.80; from Certificates of Obligation account, \$3,121.45; from ambulance funds, \$225.97; from operating funds, \$10,559.37. Brown seconded motion, which carried.

Meeting adjourned on a motion by Tidwell seconded by Brown.

Ex-Students' Assoc. To Offer Scholarship

The Knox County Texas Ex-Students' Association will hold an open house Sunday, October 25, 1987 from 1:30 to 3:30 p.m. in the board room of the Citizens State Bank in Knox City.

Representatives from the University of Texas will be present to answer questions regarding housing, entry requirements, tuition, etc. High school seniors who are in the top twenty-five percent of their class and their parents are urged to attend.

A \$1000 scholarship is being offered to a student from Knox County enrolling in the University of Texas for the first time.

ENERGY MANAGEMENT ON THE FARM

October is national energy awareness month. The theme is "Energy Security: Our Future Depends On It." The following are a few ideas on energy management on the farm which were prepared by A.J. Dye, assistant deputy administrator - agriculture, U.S.D.A.

Good management, use of energy efficient equipment and routine maintenance practices can reduce energy costs and increase farming profitability. The following suggestions are offered for your consideration.

- *Use minimum or no-till management practices and techniques.
- *Consolidate/combine operations to reduce the number of trips across fields.
- *Schedule regular maintenance, including tune-up, to ensure that all engines operate at maximum efficiency.
- *Insulate livestock and poultry buildings to conserve heat and effect better air control through controlled ventilation and air movement.
- *Turn off fans in livestock building when ventilation is not required. Clean fan blades and fan shutters frequently, to maintain efficiency.
- *Incorporate solar walls and/or

other solar energy collecting devices into new livestock structures.

*Field dry grains as much as practical for local conditions.

*Check and maintain burners on grain dryers for maximum fuel efficiency.

*Use irrigation scheduling based on soil moisture and physiological status of crop, to determine when to start (and stop) irrigating.

*Test the irrigation pumping system regularly. Adjust for maximum efficiency.

*Select new water-using equipment on the basis of water needs and minimum energy use.

*Use high efficiency electric lamps with automatic controls.

*Turn off lights when not needed.

*Operate electric motors at rated capacity.

*Switch to newer electric motors with higher efficiency when operated for many hours per day.

*Use 3-phase electric service where available, and if economical to do so.

*Purchase replacement truck or automobile on the basis of fuel efficiency.

MEDICINE:
Before You Take It,
Talk About It!

October is *Talk About Prescriptions Month*. Whenever you are given a new prescription, ask your doctor or pharmacist the following questions. Remember, the more you know about your medicines, the more likely you are to take them correctly, and so derive the greatest benefit from them.

- What is the name of the drug and what is it supposed to do?
- How and when do I take it, and for how long?
- What foods, drinks, other medicines, or activities should I avoid while taking this drug?
- Is there any written information available about the drug?
- Are there any side effects, and what do I do if they occur?

For more information about your medicines - Ask your pharmacist.

★ VERA HAPPENINGS ★

By Mrs. Thelma Coulston

Mrs. Harlan Boone and a daughter, Mrs. Reda Stanley of Jacksboro, visited Mr. and Mrs. Clifford Boone and Phil and Mr. and Mrs. Dalton Gore Thursday.

Graveside services were held Thursday morning, October 15, 1987, in the Vera Cemetery for Mrs. Ruth Hickey, who passed away at her home in Grand Falls. Memorial services in Grand Falls were held Wednesday morning at the Union Church. Ruth was a daughter of the late Mr. and Mrs. John H. Beck and the last survivor of eleven children. She is survived by two children, Charles of the home and Dorothy of Albuquerque, N.M. Brothers and sisters preceding her in death were Lucy Beck Tolson, Ernest Beck, Lucious Henry (Harry) Beck, Lawrence Oliver Beck, Ward Beck, Ethel Beck Oakley, Clive Beck, Grady Beck, Thena Mae Beck, Bowdoin and Addie Beck Tharp. Attending the graveside services from out-of-town were Mr. and Mrs. Bill Oakley of Paris and Mrs. Johnny Bowdoin of Wilcox, Ariz.

Mrs. Loran Patterson returned home last week from a visit with her son, Mr. and Mrs. Dickie Patterson and family, and Mr. and Mrs. Richard Garrett and family in Plano and Mr. and Mrs. C.O. Shanz in Mesquite. Visiting Violet Wednesday through Friday was her mother, Mrs. Tom King of Seymour, and Mrs. Vera Craddock of Begota. Thursday the ladies visited Mr. and Mrs. Sonny Crawford in Munday. Ted Dammron of Wichita Falls accompanied Clyde Feemster to Kim,

Colo., where they enjoyed a deer hunt and visited in the Buddy Feemster home.

Mr. and Mrs. Wayne Sutton and Mr. and Mrs. Duward Richard returned home during the weekend from a two week stay with their travel trailers on their lots at Bay Landing near Bridgeport. While there Wayne and Janie made a trip to Irving for a visit with a daughter, Mrs. Frances McManus and family, and Duward and Wanda visited his mother, Mrs. Blondie Richards in Springtown. Both couples visited one day with Janie's sister, Mrs. Cecil Cleveland, and a son, Mr. and Mrs. Mitchell Cleveland in Bowie.

Mr. and Mrs. Bill Miller, Gidget and Heidi, of Seymour visited Mrs. Loran Patterson Sunday.

Mrs. Gloria Hernandez of Wichita Falls is now staying in the home of Mrs. Henry Patterson while Mrs. Patterson recuperates from her recent stay in the Seymour hospital. Mr. and Mrs. Bobby Thornhill of Seymour and Mrs. Reba Nix of Munday visited Mrs. Patterson Sunday.

OFFICERS FOR THE Knox County 4-H Food Club were elected at a meeting last week. Leading the newly-organized club are Robyn Clem, president; Michele Berryhill, vice-president; Andrea Longan, secretary; Melissa Berryhill, treasurer; and Kandis Longan, reporter.

Young 4-H'ers Form County Foods Club

by Kandis Longan, reporter

The Knox County Foods Club met Tuesday, October 13, for its regular meeting. Organized in September, the club has about 20 members from both Munday and Knox City.

During September the club met once a week to learn about foods and nutrition, how to read a recipe, measure and get ready for the county 4-H food show. Some of the things we did included having an ice cream freeze-off with Haskell using a crank freezer, which we won, and learning how to make crepes and orange julius.

County Extension agent Jane Rowan presided over Tuesday's meeting. Kandis Longan led the pledges and we all took a pumpkin quiz. It was pretty hard. Next we elected officers. Robyn Clem was elected president, and other officers are Michele Berryhill, vice-president; Andrea Longan, secretary; Melissa Berryhill, treasurer; and Kandis Longan, reporter.

Jane made some toasted pumpkin seeds which were very good and called a meeting with the new officers to tell them about their jobs.

Next month, we will learn how to make stir-fry vegetables in a wok.

Bike-A-Thon Funds Aid Research On Childhood Diseases

The Wheels for Life bike-a-thon to be held October 31 will benefit St. Jude's Children's Research Hospital in its fight against cancer and other catastrophic childhood diseases. Phillis Urbanczyk is bike-a-thon chairman this year.

Founded in 1962 by entertainer Danny Thomas, the non-sectarian and interracial hospital has become the world's largest center for the study of childhood cancer and is the only institution dedicated solely to the treatment and study of catastrophic childhood diseases. In addition to direct treatment of patients throughout the United States and 29 foreign countries, St. Jude has provided the world's doctors with the best methods of treating their own young cancer patients. This life-saving knowledge is given at no charge to any other hospital or private physician.

Bike-a-thon riders who collect \$25 or more in donations to the hospital will be given t-shirts, and those collecting \$75 or more will receive a t-shirt and sports bag. A special feature of this year's ride will commemorate the date - riders are encouraged to participate wearing their Halloween costumes.

Mrs. Urbanczyk asks that adults or teenagers who have some spare time that day assist with the bike-a-thon by riding with the youngsters or manning posts along the ride to help any rider who might experience a problem.

Sponsor sheets and envelopes are available from Mrs. Urbanczyk, and she can be contacted at 422-4368 for further information.

State 4-H Council Honored At Banquet

State Fair of Texas and Dallas Chamber of Commerce officials honored 31 Texas 4-H Council members during the fair's honor awards dinner October 16. The event was staged in the grand ballroom of the Dallas Wilton Hotel.

Before the dinner, 4-H'ers and state officers of the Future Homemakers and Future Farmers of America were honored at a reception given by Texas Tech University.

The Texas 4-H Council is made up of two member delegates from each of the 14 districts of the Texas Agricultural Extension Service. Council members are elected by their peers at the district level and serve in that capacity through July, 1988.

The council identifies needs and interests of Texas 4-H programs. They also provide leadership for the development and implementation of these programs and activities and learn democratic principles and procedures.

Representing Knox County and the Rolling Plains district was Angie Partridge, district president and state 4-H council secretary. She was accompanied by her parents, Wendell and Leona Partridge, and by Keith and Jane Rowan, Knox County Extension agent.

bration, the serving table was covered with a yellow satin cloth overlaid with lace, and the centerpiece was an arrangement of yellow silk flowers in a crystal bowl. Wedding bells topped the three tiers of cake which rose above a waterfall, and a pair of miniature stairways led to two additional layers of cake. Crystal appointments and gold-plated serving pieces completed the setting.

Other tables displayed family portraits of times past and anniversary gifts to the couple. Refreshment hostesses were Peggy Shropshire of New Deal and Shirley Lambeth of Wichita Falls.

Lambeth, the youngest son of the late Mr. and Mrs. R.L. (Bob) Lambeth of the Hefner community, and the former Fannie Belle Jones were married October 23, 1937, in Benjamin. Mrs. Lambeth's parents were the late Mr. and Mrs. J.W. Jones of Goree. The couple has lived in the Goree area all their lives.

Reception guests registered from California, Oklahoma, New Mexico, Midland, Odessa, Lubbock, New Deal, Wichita Falls, Abilene, Arlington, Merkel, Sherman, Mart, Waco, Dallas, Coleman, Seymour, Huntsville, Cleburne, Rhome, Fort Worth, Vernon, Munday and Goree.

Letter To The Editor

Dear Editor,

I am concerned that many people of the Munday area do not fully understand the United Way opportunity. I have worked in several communities on the United Way campaign. Often they are unable to meet their goal - I fail to understand this.

I one time was working in a community and was given a card of a restaurant owner. When I went to talk to him about United Way I received a check for \$10. Being an officer of a benevolence committee group which depended on United

MRS. GLENDA MAYO CAMERON, second from right, was named coming home queen at the Goree homecoming program Saturday afternoon. Other candidates, representing different spans of graduating classes, were Mrs. Mabel Hampton of Seymour, Mrs. Naomi Phillips of Dallas and Linda Lambeth of Goree. An interesting note here is that Mrs. Phillips is the daughter of Mrs. Hampton, who was one of the oldest graduates present for homecoming.

NOT ALL VEGETABLE OILS ARE THE SAME

More and more people are concerned about their saturated fat intake because they are trying to lower their blood cholesterol level. "Made with 100% pure vegetable oil" is seen on many of our food labels. The ingredient statement may include "made from one or more of the following vegetable oils: soybean, cottonseed, palm, palm kernel and coconut oil." The general reaction for most consumers might be, since this product contains only vegetable oils, it must be low in saturated fatty acids and contains no cholesterol -- not necessarily.

The fact is palm, palm kernel and coconut oils contain significantly more saturated fatty acids than soybean, cottonseed, safflower and corn oils. They actually contain twice the saturated fat of animal fats. Palm, palm kernel and coconut oils contain 51%, 80% and 87% saturated fatty acids respectively. This compares to soybean oil at 14%, cottonseed at 23% and corn oil at 13%. Safflower and sunflower oil are the lowest at 10%-11%. Lard and butter are usually in the 40%-50% range.

It is easy to get confused when dealing with fats and oils. Oils and shortenings consist primarily of triglycerides, which consist of a glycerine molecule with three attached fatty acids. The fatty acid molecules are mainly responsible for functional and nutritional properties of fats and oils. One must remember that all oils are 100% fat. Shortening is a fat product that has been hydrogenated, thus increasing the level of saturation. In general, fats that contain mostly saturated fatty acids are solid at room temperature. Fats that contain mostly unsaturated fatty acids are liquid at room temperature and commonly referred to as oils. They are generally made from vegetable sources. Exceptions are coconut, palm and palm kernel oils which are mostly saturated and liquid at room temperature. Partially hydrogenated vegetable oils contain more saturated fatty acids than those not hydrogenated. Hydrogenation results in a white, hardened shortening or margarine with a longer shelf-life requiring no refrigeration. Hydrogen gas is bubbled through the oil in the presence of a catalyst to saturate the fatty acids and harden them. Saturated fatty acids are less susceptible than unsaturated to oxidative rancidity.

Palm, palm kernel and coconut oils are frequently used in processed foods. To control the saturated fat in your diet, read labels carefully.

WATCH ASPARTAME INTAKE OF SMALL CHILDREN

Parents who are concerned about their small children eating too much sugar should also be concerned about their intake of the sugar-substitute aspartame sweetened drinks to small children to cut down on sugar.

According to the Food and Drug Administration (FDA), 23 milligrams of aspartame per pound per day is an acceptable daily intake for both children and adults. This amounts to 920 milligrams for a 40 pound child. Five 8-ounce glasses of powdered aspartame sweetened drink mixes in one day would contain that amount of sweetener. As families eat more diet foods and aspartame is added to more products, it's possible that the amount consumed by some children could exceed an acceptable daily intake of the sweetener.

MONEY SAVER

Your frost free refrigerator will cost less to run (and you'll be conserving energy at the same time) if you remember to keep liquids covered. Uncovered liquids release moisture, which makes the fridge work harder.

Way, I became aware that the donation he gave for the year would not pay the bill we had at his restaurant for one month (we fed transients). He was receiving much more than he was supporting. I then went to a clothing store and received \$25. Our Christmas bill from that store was over \$200.

Often we do not realize that most of the agencies that United Way supports must raise their funds locally because the funds are spent locally for the benefit of our community. The option is for all the agencies to each come around and ask for funds; if you think you are asked enough now, just drop United Way and be asked 10-12 more times.

This year the budget is very small for a community our size and should be supported well.

Sincerely,
Russ Byard

Injured In Fall

Mrs. Horace (Bobbie) O'Neal suffered a fall at her home in Seymour on September 24 and broke her hip. She knew she was injured but drove her car to the Wichita Falls Clinic where she had an appointment with her doctor. Two hours later after having an x-ray, they found she had a broken hip. Mrs. O'Neal was transferred to Bethania Hospital where she underwent surgery the following day.

Mrs. O'Neal could have returned home three or four days after surgery, however other problems arose, therefore she was hospitalized longer. At this time she is doing well in the Seymour Hospital and should be able to return home in a few days.

Mr. and Mrs. O'Neal are former residents of Haskell and Goree.

United Fund Drive To Kick Off Monday

The Munday area United Fund drive for 1987 is on its way, according to M.L. Wiggins, drive chairman. Workers for the campaign have been obtained, and cards will be assigned to them in the near future.

Official kick-off for the drive will be at 9:30 a.m. Monday, October 26, in the Chamber of Commerce's directors' room.

"This is an important drive for our town and community," Wiggins stated. "We encourage everyone to give some thought to what is accomplished through this organization and give the 'united way' for our community so that we can achieve the 100 percent mark this year."

This week the Courier is printing information about three more local agencies which benefit from donations to the United Fund.

KNOX COUNTY CHILD WELFARE BOARD

The nine-person Child Welfare Board was established in 1984 by Knox County commissioners to represent each community in the county in developing child welfare and child protective services. The board was formed to develop policies, raise money and direct the implementation of the Department of Human Resources.

The board's goal is to prevent child abuse and neglect through education and to be available to help meet the needs of abused children and their families. Current board members include Bob Presnell of Goree, Terry Carter and Pat Gonzales of Knox City, Ray Hunter, Paula Schur and Don Buntion of Munday, Ruth Brown of Rhineland and Bertha Driver and Sarah Meinzer of Benjamin.

A special Christmas fund was established in 1984 to help provide gifts for abused and neglected children. In 1985, the board hired Ralph Wayne Kantor, an independent child care consultant from Abilene, to lead a two-night workshop for studying self-destructive behavior in teenagers. Public meetings for education on the treatment of child sexual abuse offenders were held in 1986, with Jean Lyons of Lyons and Mayben Counseling Service of Abilene speaking to groups in Munday and Knox City about rehabilitated and repeat offenders. This year the board provided a program of training parents to handle child rearing problems and to recognize signs of child abuse and neglect. Greg Sallas of Abilene developed the sessions, which were targeted at parents who would be interested in carrying out the program throughout the year.

Financial services provided by the board include medical costs, clothing, food, transportation, housing, education and therapy for

child abuse or neglect victims. The board depends on donations to support these services.

MUNDAY LITTLE LEAGUE BASEBALL

More than 100 boys and girls benefit from the summer Little League program in Munday. The large number of adult volunteers needed are recruited from the players' parents and other interested members of the community.

Dr. Dale Selzer, district manager for Little League, said a large amount of United Fund money will be used to pay a recent large increase in liability and accident insurance premiums; the total premiums are now over \$900. Other funds in the budget finance equipment and uniform purchases and repairs to Putnam Field.

Due to improvements in the field, Selzer said, several tournaments have been held in Munday. These tournaments bring in out-of-town visitors, which in turn boosts our local economy.

"The Munday Little League baseball program has provided a continuous summer program here for over 25 years," Selzer added. "The Munday United Fund is a vital part of this summertime activity for our boys and girls."

CITY-COUNTY LIBRARY

The City-County Library was established for the purpose of providing the residents of Knox County with access to books and other resources and services for education, information and recreation. Librarian Joann Norman said approximately 850 books are checked out each month by county patrons.

The library story hour introduces pre-school children to the world of books, and a summer reading program gives youngsters incentive to read during the summer months. As a member of the Big Country Library System, the library is eligible to order special books on loan from Abilene, and high school and college students take advantage of this service to research and write their term papers. An Apple computer at the library can be used by its patrons, and films are provided for schools and organizations.

The United Fund helps provide the money needed to keep the library updated with new books, and Mrs. Norman also stated that to remain a member in good standing with the Big Country Library System, the library must receive money and support from the community it serves.

Cross Country Team To Host District Meet Here Tuesday

The Munday Mogulettes cross country team ended its pre-district schedule with a perfect record of five wins in five meets. The team was victorious in the high school division at Abilene Christian University Saturday with 35 points. Runners up were Wall, Cisco, Coleman and Paint Creek.

Mindy Myers paced the field of 60 runners with a first-place time of 12 minutes, 32 seconds. Robin Reneau placed fourth at 13:08. Other Mogulettes and their times were Kacy Longan, eighth, 13:35; Angie Offutt, tenth, 13:44; April Offutt, twelfth, 13:46; Alicia Cook, sixteenth, 13:53; and Eva Campos, nineteenth, 14:07.

"The girls ran real well as a team," commented their coach, Gina Farmer. "I was pleased with Angie's effort; it was her best meet of the year."

Munday will host the district cross country match at 3:30 p.m. Tuesday, October 27, at the Lake Creek Golf course. Munday is expected to outrun the competition, and local sports fans are encouraged to come to the golf course that afternoon and watch this group of talented runners.

Area Grid Roundup

ROBY UPENDS SWEETWATER JV

The Roby Lions took a break from district play Friday night to tangle with the Sweetwater junior varsity and came away with a 20-6 win at home. The Lions are 2-4 for the season and will be in Munday for the final game of the season November 6.

Greg Meek paced the Lions with two touchdowns, and David Shipp contributed a touchdown on a 25-yard pass from Reggy Spencer. Shipp also kicked a pair of extra points. Sweetwater gave up five fumbles in the game.

YELLOWHAMMERS BEAT ASPERMONT

The Rotan Yellowhammers came back from their loss to Munday to defeat the Aspermont Hornets 15-7 in District 5-A south zone action. Rotan is now 1-1 in district play, while the Hornets drop to 0-1.

Rotan took the lead near the end of the first quarter when George Patterson ran 40 yards to score. The Hammers tacked on another touchdown on quarterback Steve McClain's 12-yard run in the second period, and Willard Roddy rushed for the two-point conversion. Aspermont's lone score came in the second quarter as the defenses took over for the remainder of the game.

PADUCAH ZAPS KNOX CITY

The Paducah Dragons, the state's leading scorer in Class A, extended its unbeaten record Friday night with a 38-0 shutout of District 5-A north zone opponent Knox City. The Greyhounds now stand at 3-4 for the season and 1-1 in district play. Paducah has racked up a 237-0 point margin in its last six games.

Brothers Chris and Allen Hurd led the Dragons in their seventh victory. Allen scored on three touchdown runs, while Junior Alafa pulled in two passes from Chris for another pair of tallies. James Gilbert scored Paducah's last touchdown on a 39-yard run. Allen Hurd was the game's leading rusher with 212 yards on 20 carries.

HASKELL EDGES PAST ALBANY

An extra point made the difference in Haskell Friday night, as the Indians took a narrow 13-12 victory over the Albany Lions in Class A-A play. Albany is now 3-2-2 for

the year and Haskell moves up to 4-3.

Albany held the statistical edge in the game with twice as many first downs and nearly 100 yards more on offense, but the Lions failed to get their extra points when they needed them. After having to settle for field goals on scoring threats in the first and second quarters, the Lions saw their lead disappear on a 36-yard scoring strike from Chan Guess to Stephon Brockington. Guess kicked the extra point to give Haskell a 7-6 lead.

In the third quarter the Indians increased their margin on a three-yard run by Mark Young, but Albany blocked the kick for an extra point. Then the Lions retaliated with a 37-yard pass from Gary Vickers to Ronald Holson and could have tied it or regained the lead on the extra points. But the conversion attempt failed and Haskell held on for the victory.

TRENT OUTSCORES BENJAMIN MUSTANGS

The Benjamin Mustangs dropped their first loss of the year Friday

night in Trent, losing 46-38 to the Gorillas, but the defeat will not affect the Mustangs' district standings, as it was a non-conference game. Both teams are 5-1 for the year and 2-0 in their respective districts.

Lee Hunt paced Trent in the scoring department, catching three passes from Dock Carriker. Other Trent scorers were Lewis Knapp, Mike Payne and Noe Falcon. Phil Boone led the Mustangs with three TD's, and Jeff Pierce and Buster Redwine contributed one each.

Trent went out in front with a 30-point second quarter, then the Mustangs rallied in the fourth but ran out of time before they could get the lead.

★ Weinert News ★

By Mrs. Myrtle Phemister

Our community was saddened at the demise of three of our friends, and we extend sympathy to the families of each.

Juanell Howard Thackerson was buried in Cisco last week. She was only 58 years old.

Reba Bunkley, whose husband managed the lumberyard here for many years, was buried in Stamford last week. She was 77, and had been in ill health for some time.

J.D. Davis was buried in the Weinert Cemetery on Monday afternoon, after his death on Sunday morning. J.D. and his family have lived here for many years, and we shall miss him immensely.

Our sympathy to our bereaved friends.

Our visitors have been many and we are always made happy by their coming. Lester and Kathi Hutchinson surely put out the big pot and the little one when they hosted a family get-together to honor three of Lester's aunts, two of whom are sisters of his father, Robert.

Jessie Roberts, 87, of Champaign, Illinois and Kelly Mach of Dallas were in our area visiting relatives and reminiscing of long ago when they were youngsters with their brothers, Robert and Cecil.

Others who came to Weinert for the party included Eunice and Jimmy Cox of Breckenridge, Woodrow and Stella Brintz of Crosbyton, Debbie Hutchinson of Junction, Cherie Welch, Grace Hutchinson, Helen and Charles Hutchinson, Jerry Don and Joan Hutchinson, Boyd and Christine Meers, all of Munday; Dieter and Liesa Hutchinson and Laurie of Haskell and Wayne Hutchinson of Weinert.

Mr. and Mrs. Jimmy Alvey of San Diego and Mr. and Mrs. Ron Grace of Los Angeles were in town to visit cousins, Faye Jetton, Marvin Phemister and Helen Boykin and they spent the night with the Roy Phemisters in Munday. Roy said he was in their home in 1957 and they were returning his visit!

From Megargel, we had Darlene and Kerry Therwanger visiting her parents, Doris and Dale Carroll. Kerry is a coach at the high school there and loves the challenges he faces each week.

Wayne and Linda Phemister, Laura, Lincoln and Lee, of Avoca, were in town Sunday afternoon.

Larry Sanders was in our area to visit his parents, R.S. and Betty Sanders, and to attend the model airplane shows in which he competes with a model he has made. R.S. and Betty had a safe trip home from Houston and R.S. received a very good report from his doctors at M.D. Anderson.

J.T. and Florence Alexander entertained their son, J.W. and Colleen Alexander of McKinney, last week. Two great-granddaughters, Tamara and Taunya Sherrill of Giddings, came with their parents, Mr. and Mrs. James Sherrill, to visit their grandparents, also.

The Jerry Walkers have had their two grandsons, Justin and Rance Parrott of Wichita Falls, for a visit, while their parents attended memorial services for their father's uncle, Neils Leonard Nelson of Albany. Mr. Nelson was interred at Ericksdahl on Monday.

John and Andrea Piland of Mesquite, longtime friends of Donnie and Debbie Crump, stopped by for a visit after attending homecoming activities at Goree.

Kenneth and Brenda Sanders, Kent and Kole, were in Ft. Worth for the football game between TCU and North Texas State, with whom their son Kregg plays.

Eddie and Myrnie Sanders met them in Denton for a mini family reunion, with Captain Keith Sanders, on leave from his post in Korea. Other family members to visit were the Wayne Offutts of Wichita Falls and Charlie and Eureka Campbell of Haskell.

Laverne Mayfield spent a few days in the Dallas area with her children and returned Monday.

Many parties are being planned for the Halloween season, and the Baptist women are planning a tasting bee of foreign food fare to be held October 26 at 6:30 p.m. The ladies will be attired in modern day Biblical clothing, and Mrs. Noah is to be present with her menagerie of animals (all stuffed).

This week we will be singing Happy Birthday to Lester Hutchinson, Sophia Jimenez, Marvin Phemister and Otilia Gonzales. Congratulations are in order for Rex and Tinka Herricks, Elmer and Linda Adams and J.D. Jr. and

Becky Davis, who are all celebrating a wedding anniversary.

The Home Extension Club members have their quilt in the frames at the day care center and will be quilting each day. Visitors are welcome. The Weinert Club served refreshments to council on Wednesday afternoon.

The lovely home of Mark and Kim Stewart was the scene for a "love gift" party held for Lindsey BreAnne Pannell on Saturday afternoon at 2 p.m. Receiving guests with her mother, Tammy, and her grandmother, Sue Miller of Haskell, was a great-aunt, Wynelle Wadzeck of Rochester, with Lindsey sleeping through it all. Refreshments of sausage balls, cheese balls and drinks were served to the guests.

Our very youngest business in town is a branch of Amway products, and Stacy Hester is manager and salesman. He solicits your business for the products, just call 673-8262 for prompt service.

Mr. and Mrs. Bob Raynes were in Holliday for the wedding of their granddaughter, Roberta, daughter of Mr. and Mrs. George Shawver, who became the bride of Danny Richardson of Wichita Falls. The ceremony was held in the First Baptist Church on October 10, and all the Raines families were in attendance. Others from Weinert who attended were Bobby and Betty Raynes and Robin.

Crystella and Bob were in Great Bend, Kansas last weekend to visit Bob's youngest brother, Jiggs, and family. Mrs. Jiggs Raynes is in ill health.

Greg Turnbow, student at Midwestern in Wichita Falls, was home to see his parents, Mr. and Mrs. Woody Turnbow.

We were hoping to have some new families move to town, but instead we said goodbye to Bernie and Tammy Kimmel, who moved to Lubbock with their daughter, Tiffany.

Tammy accepted a position as RN in the Lubbock Methodist Hospital, and Bernie also found a good position there. We rejoice at their good fortune, but the house looks lonely and we hate to see them leave us.

Another young family to leave our town is Landon and Tammy Pannell, and Lindsey BreAnne, who have moved to Haskell where Landon has accepted a job with SWCD. Tammy is a senior in high school.

Our loss is Haskell's gain. Good luck, all of you!

Little Caleb Hudgens, infant son of Mr. and Mrs. Jerry Don Hudgens, was honoree at a gift tea hosted by the Foursquare Church on Sunday night. The party was held in the fellowship hall, and after the night services so that everyone could enjoy eating and visiting together. The Hudgens have an older son, Bryce, who is ready to teach young Caleb all he knows.

Corilla Cunningham of Ransom Springs, came to help her mother, Otie Bell Mayfield, celebrate her birthday on Saturday, by taking her and Clyde out for dinner. Otis was honored on Sunday with a dinner in the home of her son, Tiffen and Erlinda Mayfield.

Have a nice day!

Knox County Native Is Buried Saturday

Cecil 'Red' Shipman, 76, a lifetime resident of Baylor and Knox counties, died Wednesday, October 14, in the Seymour Hospital. Services were at 2 p.m. Saturday, October 17, at the Assembly of God Church in Seymour with Derrell Marion of Knox City, former pastor of the Believers Chapel, and Jimmy Rogers of Olney officiating. Burial was in the Vera Cemetery under the direction of Archer Funeral Home of Seymour.

He was born July 1, 1911, in Vera and married Naoma Horn February 25, 1933, in Seymour. A retired gauger for the Permian Corp., he had moved back to Seymour from Goree several years ago. He was active in farming and ranching and was a member of the Believers Chapel Church of Munday.

Survivors include his wife; three daughters, Glyndon Willis of Houston, Nina Canafax of Shamrock and Judy Underwood of Throckmorton, formerly of Goree; a sister, Elsie Modean Wilson of Abilene; a brother, C.L. of Haskell; 11 grandchildren and 13 great-grandchildren.

Noah Volunteers Busy Handling Calls

On September 1, 1987, the Noah Project North began assisting the victims of family violence. Since then, project volunteers have handled over forty calls from all areas served by this program, which includes Knox, Stonewall, Haskell, and Throckmorton counties, as well as the City of Stamford. According to Betsy Nanny, outreach coordinator, if this trend continues, the project will receive over 400 calls during the next year.

"The response has just been tremendous," stated Mrs. Nanny. "So many people would like to pretend that we don't have spouse abuse or child abuse in our area, but we do; these figures prove it. This program is needed, and all of us associated with the project have been a little overwhelmed by the number of calls." The 24 hour hotline number is 817-864-3972.

The Noah Project began in 1980 in Abilene. Since then, the program has grown to include satellite operations in Snyder and Brownwood, as well as the new northern district office, based in the Haskell County courthouse.

Several area church groups and civic clubs have made contributions of cash, clothing and other needed items. Mrs. Nanny stressed that all donations made to the local project will stay here and be used to benefit area residents.

Some of the items still needed include non-perishable foods, such as peanut butter or cheese crackers, packages of dried fruit, baby food and formula, and non-refrigerated juice packs. Medium and large disposable diapers are also needed. Mrs. Nanny said the office could use a locking file cabinet and a medium or large bulletin board.

All donations to the Noah Project are tax deductible. Interested persons are urged to contact the project office at 817-864-2551.

Singers To Meet Thursday Night

All area singers or music-lovers are invited to the monthly Munday Senior Citizen singing, which is set for 7 p.m. Thursday, October 22.

Several out-of-town musicians have been asked to perform. This will probably be the last singing until next spring, Senior Citizens officers say.

It's A Boy!

Ricky and Linda Wade of Abilene are proud to announce the serve of a real winner. Their first ace, Taylor Brandon Wade, was received at 9:53 a.m. Friday, September 25. At serving time he was inflated to a weight of 7 pounds two ounces.

Referees for this important match included Toby and Alice Yates of Weinert and Mack A. Wade of Tuscola was proud to umpire.

LOCAL
Visiting the Cotton Smiths over the weekend were Mrs. Elbert Owens, Lanae Juno, Kyla Reid and daughter Jacey, all of Lubbock and Ella Searcey of Lewisville, Pauline Hastings of Mesquite and Kenneth Searcey of Garland.

NOTICE OF PETITION TO LOWER FIXED FUEL FACTOR

Brazos Electric Power Cooperative, Inc. ("Brazos") hereby publishes NOTICE that it has filed with the Public Utility Commission of Texas a Petition to Lower Fixed Fuel Factor pursuant to the provisions of Article 1446c, Vernon's Annotated Civil Statutes and the Commission's Substantive Rules. Brazos is seeking an interim order to make the lower fixed fuel factor effective with Brazos' next billing cycle. If approved, the proposed interim fixed fuel factor would result in a reduction of anticipated fuel revenues by \$11,522,901 or 26.39% for the period September 1987 through August 1988. All customers of Brazos, which serves only at wholesale, are affected.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the PUBLIC UTILITY COMMISSION OF TEXAS, 7800 Shoal Creek Blvd., Suite 450N, Austin, Texas 78757. Further information may also be obtained by contacting Brazos at (817) 750-6500 or by calling the PUBLIC UTILITY CONSUMER AFFAIRS DIVISION at (512) 458-0223, or (512) 458-0227, or (512) 458-0221, TELETYPEWRITER FOR THE DEAF.

This is the sixth in a series of informational columns on the constitutional amendments and referendum proposals which Texas voters will consider on November 3. The amendments are presented in the order in which they appear on the ballot.

Amendment No. 21: "The constitutional amendment permitting the legislature to include the speaker of the house of representatives or the speaker's appointee in the membership of an executive agency or committee."

The lieutenant governor, a member of the executive branch and the head of the state Senate, is allowed to serve on executive agencies and committees. This proposal would give the speaker a role in day-to-day operation of state business. Opponents say this amendment violates the separation of powers concept which is fundamental to the state and federal constitutions. They contend that once the Speaker is allowed to participate in executive decisions, he will no longer be able to maintain an objective watch on executive actions.

Amendment No. 22: "The constitutional amendment to allow the legislature to limit the authority of a governor to fill vacancies in state and district offices during the end of a governor's term if the governor is not reelected."

This proposal is aimed at controlling so-called lame-duck appointments by a defeated governor between the time of the election loss and the inauguration of the next governor. Supporters say this amendment is needed to clear up confusion from a 1983 law limiting late gubernatorial appointments. They assert that the Legislature should have the ability to define what appointments can be filled to advance a legitimate need and to define which appointments should not be made because of potential political abuse.

Amendment No. 23: "The constitutional amendment to authorize the issuance of an additional \$400 million of Texas Water Development Bonds for water supply, water quality, and flood control purposes."

These bond proceeds would be used for regional water supply projects, conversion from groundwater to surface water supplies, sewage treatment facilities and flood control projects. Supporters believe that Texas needs money for water projects, especially with the continued cutbacks in federal assistance. Opponents remind voters that in 1985 Texans approved \$980 million in general obligation water bonds, and these opponents report that \$830 million in the 1985 bonds remains uncommitted and available

for current water projects. They dispute whether a clear need exists for more water development bonds at this time.

Amendment No. 24: "The constitutional amendment to permit a county to perform work, without compensation, for another governmental entity."

Proponents believe that this change will save local taxpayers money by allowing counties to undertake specific work projects in cooperation with other local governments. For example, in small communities where the city government does not own heavy equipment, the county government would be allowed to use county tractors and other equipment to help the city with a needed project. County governments would not be required to assist other governments, but the change would permit counties to help school districts, cities, and so forth in projects that did not conflict with county work schedules and county responsibilities.

Amendment No. 25: "The constitutional amendment authorizing the legislature to permit the Amarillo Hospital District to serve certain residents of Randall County, to authorize Randall County to provide financial assistance to the district, and to authorize certain hospital districts to change their boundaries or jurisdiction with voter approval."

This proposal has an entirely local impact, limited to the Amarillo area. The Amarillo Hospital District was created by a state constitutional amendment in 1958, and therefore any changes to the district must be made by a statewide vote. This change has been requested by residents of the Amarillo area. Voters in that area will still have a chance to vote for or against the local changes after the passage of this constitutional amendment.
