It's Back To School For
Faculty And Students

By Joyce Beecher Greenwood

With thousands of young men going off to war each day, a person is most ashamed to be sad if her own sons are "safely" on American soil. At tonight, Butch and Joe will start California to return our little ones to their mother's house and I am sad. I know I'm not the only grandmother who has to watch her grandchildren drive away and know it will be almost a year before she sees them gain but that fact does not make a heart hurt any less. I've gone over my telephone number with them a hundred times and I've made sure they know Joe's number. I've warned them many times about playing in a park one I've probably made them scared to even go out and play. But I won't be here to protect them like I have all summer and a little kid just needs a grandmother.

We've had some good times this summer and I want so badly for all my grandchildren to have happy memories of playing with cousins at my house. Some of my favorite memories are centered around my grandmothers' houses with all my cousins and I want good times for mine to remember.

We all went to Wichita Falls one day to see *Jungle Book*. The day started off pretty wild with three fights on the back seat before we got to the audience.

"We're not having that, I said. "We'll turn around and go back right now." Another dispute arose a few minutes later and it was four year old feather who stood on her knees and reprimanded them from the front seat.

"All right, Ya'll," sounding like Ellie Mae Clampett. "Mymom's going to turn around and take us home."

We ate at Burger King and only one coke was spilled on the slide out front, but our ten year old Tanya, the quiet, lady-like one, sat in it on her way down and worried for an hour because her shorts were dirty.

"Stay together," I instructed them as soon as we got inside the mall.

Amy quickly took Heather's hand on one side and six year old Courtney's on the other, leaving no doubt that Joey, eight, and Bobby, seven, who were already halfway down the length of the mall would be my responsibility.

Thirteen year old Kurt was not about to sit through *Jungle Book* and barked in front of the theater marquee.

"Come on, Mymom! *Jungle Book*?" his voice is sometimes a tenor and sometimes bass.

"That's all we can take them to see, Kurt," I argued.

"We saw *Die Hard 2* in California," Bob drops his r's and has owl eyes behind cute little glasses.

At last we compromised with Amy and Kurt going to another movie while the rest of us lined up in front of the concession stand.

"I'll have a big bag of popcorn with butter, a large coke and a candy bar," Joey, who has not been full all summer, instructed.

"You will not! No!" I rushed to stop the girl from filling his order, one eye on the exuberant prices listed behind her. "We'll get two bags and split them."

At last we were all strung out along one entire row. Heather cried when she thought the bear had died and they sang loudly on all the songs. "I wanna walk like you--oooooo; I wanna talk like you--oooooo" causing Tanya a great deal of embarrassment.

Another day we went fishing. I fought Tommy's old pickup all the way to the lake while Amy watched out the back window to make sure

Ready For New Year

High school faculty, returning to school for the 1990-91 term, are pleased to discover new carpeting in their classrooms. The carpet will serve to reduce noise and is a lot easier on the feet according to one teacher.

Old tile has been replaced in the halls and lunchroom at the high school as well.

GARON TIDWELL

Tidwell Appointed
WTRC Committeeman

Garon Tidwell of Munday has been appointed area committeeman for the Cotton for Crippled Children fundraiser, according to event co-chairman, F. A. "Bogus" Lollar of Anson and U. S. Representative, Charles Stenholm of Stamford. This new activity to benefit West Texas Rehabilitation Center of Abilene will give cotton producers an opportunity to support WTRC by donating 25 cents per bale of ginned cotton.

As area committeeman, Tidwell will begin distributing contribution cards which producers can sign indicating a commitment to donate, then ginners can collect the appropriate amount at harvest time this fall.

Proceeds from this strictly voluntary program will help provide outpatient treatment services for the 13,500 children and adults served annually at WTRC facilities in Abilene and San Angelo. Patients, upon referral, are treated without regard for financial status. The only charge to individuals is when specific equipment such as hearing aids or braces, is secured for them to own.

Texans Urged To Register
Before October 7 Deadline

Texans will head to the polls on November 6 to elect candidates for the U.S. senate, governor, lieutenant governor and hundreds of other statewide and local offices.

Although voter registration and turnout reached record highs in the spring primary elections, there remain more than 4 million eligible Texans who are not registered to vote.

The deadline to register to vote in the November 6 general election is October 7. And the extended absentee voting period runs from October 17 to November 2.

The United States is one of the few countries in the world where free election are routinely taken for granted. Voting is one of the most important rights and privileges of American citizenship. Unfortunately, many take that right and privilege for

nobody stood up in the back of the pickup, saying for what must have been the millionth time this summer, "I don't know why I let you talk me into this."

We stopped by the dock where some people sat fishing. There was a sign prohibiting fishing on the boat loading side of the dock, but all Bob could read was "No Fishing".

"Hey, You Guys," he yelled, running toward the fishermen. "The sign says "No Fishing!"

"Oh, No!" Amy moaned, hurrying back to the pickup before someone recognized her. "Mama, get him!"

It was Amy who suggested going far around to the other side of the lake away from all the other fishermen. For the next two hours, our patient eleven year old Matthew untangled lines and baited hooks. We took turns consoling Kourtney who was sad every time someone put a "tiny little fish" on a hook.

I guess it was inevitable that we'd all end up in the water and we came home soaking wet, sunburned and fishless.

Saturday night, we had one last get-together before everybody went his/her separate way. All seven of them brought sleeping bags and we had a weiner roast and a sleep-over.

It all went pretty well. I was pleasantly surprised when the television set was not even turned on and they played games, laughing together - challenging each other to contests from arm wrestling to *Wahoo*. When I found them gathered in a circle telling ghost stories, a dozen memories of "going to Mama Beecher's" came rushing back.

By 1 a.m. the last one had gone to sleep. At 5:30, the first ones decided to get up. But, by church time, there they all were, filling one entire church pew and part of another memory, angelic smiles on their shining faces. I'm sure I couldn't have been the only one who thought they were beautiful.

Bob looked around at the other people in church.

"Are all these people ou' relatives?"

"No, Bob."

The house seems awfully quiet. The pictures held with magnets are still on the refrigerator door. It's back to school and a routine of spending time with other grandmothers' babies and I hope God will continue to remind me to treat those children like I hope somebody else is treating mine.

Soon the winter winds will blow cold and there'll be time for long nights of rest and maybe some time to work on the novel that has been pushed to the back of the desk through the summer. I'll still see my Haskell and Seymour little ones, but it'll be a year before we'll all be together again.

I know it's just a matter of time until Kurt, Matthew and Tanya will be bored with "cousin gatherings". Eventually, Joe's kids may not want to leave their friends and activities and spend the entire summer in Texas.

They're all growing up and each summer, I see changes. I know they'll never outgrow their love for me, but I realize they'll, one by one, outgrow their need for me.

But we've had this summer together and maybe if we're lucky, we'll have a few more. It's really worth all the noise and confusion. I hope they'll remember all the good times they've had at "Mymom's house" when they're all grown up.

I know I'll remember.

Although the name hippopotamus means "river horse", this animal is really related to the pig.

TAKING IT EASY AT THE RETIREMENT PARTY on Friday are Nita and Robert Hosea (pictured at front) and in the background are Holly Jackson, Kelly Bland, Mark Brown (hiding behind Robert's head) and Lee Bruce.

Retirement Party Held For Robert Hosea

After thirty-eight years and ten months of state service time with the Munday Highway Department, Robert Hosea will retire as of August 31, 1990.

A party was held in his honor Friday, August 17, in the Residency Office of the Munday Highway Department. Approximately 30 people were in attendance from Dickens, Guthrie, Wellington, Childress and Munday.

Many of his fellow workers expressed their feelings about Robert, and mentioned a few tales of the

"good ole days". He will be missed by all his co-workers.

A 1945 graduate of Munday High School, Robert started working for the highway department in 1948 as a temporary project employee. He was called a "semi-skilled laborer" and made 80¢ an hour. After working under seven different resident engineers through the years, Robert can recall some lean years. He climbed the ladder to be a "construction design specialist" before retiring.

Everyone wishes him a happy retirement.

FARM AND RANCH

Agent Recommends Producers Destroy Volunteer Wheat

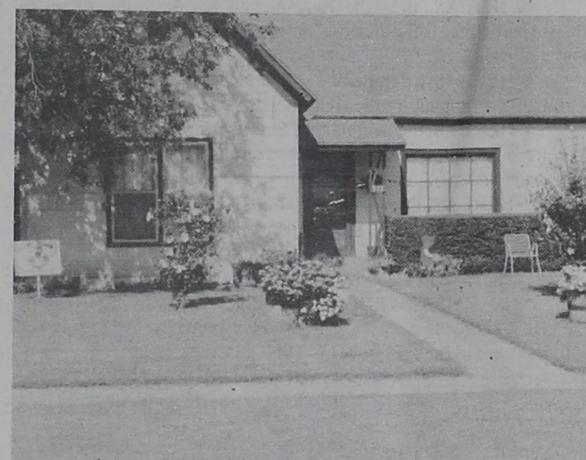

Knox County wheat producers should destroy volunteer wheat in August or early September to avoid possible problems later in the growing year. Due to the recent July rainfall and cooler than normal temperatures, volunteer wheat has emerged and thrived throughout most of the summer. This volunteer wheat can create problems for the 1990-91 wheat crop.

A new and special concern is the possibility of a wheat streak mosaic virus infection which was confirmed last year in a Knox County field. Wheat streak mosaic virus was confirmed in several locations in the Rolling Plains in the 1989-90 wheat crop. The disease is spread by the wheat curl mite which survives from year to year on volunteer wheat.

Breaking of the disease cycle by

destroying the volunteer host plants is the major method of prevention and control. Destruction should be completed at least 10 days prior to planting. This destruction should include control in road ditches, fence rows, field entrances, etc. Early planted wheat or wheat planted into fields with volunteer plants is the most likely victim of the problem.

Wheat curl mites survive on volunteer wheat and some grasses during the summer, then migrate to early planted wheat fields in the fall. Symptoms usually show up in the spring as yellow streaking and mottling of leaves, stunted plants and either short heads or a failure to head normally. Fields that exhibited these symptoms last season are the most likely fields for the problem to reoccur.

CHOSEN YARD OF THE WEEK by Munday Garden Club is that of Mr. and Mrs. R. J. Duncan at 311 South 9th. The beautiful azaleas, rose of Sharon bushes and the periwinkles in barrels caught the eyes of the judges as well as the overall neatness of the lawn. Selected for honorable mention was the lawn at the Post Office for which R. B. Beal, the caretaker, deserves lots of credit.

The other day I observed a little toddler struggling to master the technique of walking. In the process she tried to walk under a table too low for her to go under. She bumped her head and sat rather abruptly on the floor. Even though the bump and sitting were not enough to hurt all that much, she started to cry.

Well, Mother came to the rescue, picked up her daughter, "kissed away the hurt", and soothed the tears. I could tell by the look on the little girl's face she enjoyed the love and caring she received. To be sure, it would not be healthy if her mother never let her daughter receive the "bumps" it takes to grow up, but the caring and love shown does so much to affirm a person.

I'm afraid we often try to "tough it out" through the hurts, bumps and bruises of life. We refuse to seek help, refuse to allow caring and love to be shown us. Maybe we are ashamed to be thought of as needy, maybe we are afraid someone will think us weak; whatever the reason, many of us just sort of "grin and bear it".

The truth is we need to be loved, we need the affirmation of "being cared for". As Christians, we sometimes

think we don't need all of this--sort of like Peter when Jesus was going to wash his feet. When Jesus informed Peter that he could have "no part of Him" unless he allowed Jesus to wash his feet, I believe Jesus was saying we have to be willing to receive before we can truly give.

When Jesus gave the invitation to "come to Him all who are weary and heavy laden", He expected those who follow Him to reach out for love and caring and sympathy. Very simply, when the "bumps" do happen, reach out to receive the help that is offered.

If you are in town this coming Sunday, I hope you will join me in worship.

BENJAMIN NEWS

By Mrs. Gladene Green

NEW ARRIVAL

Karla Brienne Benson is the newest addition to the Billy Carl Benson household. She arrived Saturday, August 18, at 2:17 a.m. in Wilbarger General Hospital. She weighed 5 lbs, 11 oz, and measured 18 3/4 inches long.

Big brother, Bubba (who wanted a brother but will settle for a sister that looks like him) and sisters Laura and Sadie, are very proud of their new "plaything".

Parents are Billy Carl and Kathy Benson. Paternal grandmother is Pat Benson of Benjamin and maternal grandparents are J. B. and Ina Reynolds of Knox City.

She has a maternal great-grandfather, also, R. L. Guthrie of Palestine. **HERE 'N THERE**

Christi Whited of Holliday spent last week visiting her great-grandparents, J. D. and Annie Brown. Sunday guests of the Browns were Curtis and Edith Brown of Wichita Falls and Penny McKinney and sons, Matthew and Patrick of Memphis, Tennessee. Christi returned home Sunday.

Dutch and Imagean Young returned home Wednesday night after a week's vacation in Branson, Missouri, and other places of interest. The Young's daughter and grandson, Dee Ann and Anthony Lamb, spent the past weekend at Copper Breaks State Park.

Jan Pollock left Sunday for Wichita Falls where she will make her home. Jan has accepted a position as a receptionist for a doctor there.

Weekend guests in my home were my kids, Gordon, Debbie, Beckie and Cody Taylor of Childress, and Rick and Diane Herring of Munday.

Gloria and Leroy West joined their kids, Roger, Betty and Sabra Parker of Aspermont, at Possum Kingdom Lake Saturday for a long weekend.

Jessie Roberts returned home Friday after a few days stay with family members in Dallas.

Jan Rolston and Jennifer are in Abilene today for Jennifer to see a dentist.

I had a pleasant surprise Monday when my aunt and uncle, Tom and Ruth Sitton of Lubbock, came by for a brief visit. They are both retired but are getting older so don't do as much visiting as they would like to.

We received word today of the death of Chris Johnson in Houston. HE is the son of Brenda Conner Johnson and her husband, Ronnie, and the grandson of Teenie Conner and the late Shorty Conner. Chris and his girlfriend were killed Saturday night in a motorcycle accident. He was 21.

The funeral was held Tuesday in Houston. I extend my sympathy to the Conner and Johnson families.

Latest donors to the Benjamin Cemetery Association have been Mrs. Leon Cox, Rosa Lee McGreger and Dub and Jo Cartwright. We continue to get favorable comments concerning the maintenance of the cemetery and we are able to keep it maintained well by your donations.

A belated expression of sympathy to Susan Cartwright and family. Susan's grandmother, Bertie Welch, passed away last Monday night in the Munday Nursing Center.

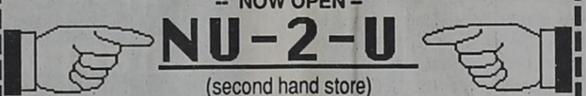

Local Resident's Story Published In Magazine

Larry Fitzgerald was notified that one of his stories was selected for publication in *Touchstone* magazine. Titled "Planet of Sand", Fitzgerald's short story is a science fiction piece about survival on a desert planet.

Most people are familiar with *Touchstone* Pictures but are unaware of *Touchstone* magazine, a relatively new bimonthly which publishes high quality fiction, essays and poetry.

The current issue of *Touchstone*, which includes Fitzgerald's story, is on sale at Ben Franklin in Munday.

WEINERT NEWS

By Mrs. Myrtle Phemister

Our teachers motored away this morning as they begin a week of in-service training, etc. Some went to Munday, others to Haskell, as we remain a "divided" city.

The children will be bussed the same directions next Monday, and we will soon become accustomed to the change in our lives, and we pray the adjustment will be the best for everyone.

All roads led to Weinert on Saturday night for an overflow crowd at the First Baptist Church to witness the marriage of Darla Griffiths and Lee Lane. It was a beautiful wedding, and we extend our congratulations to each.

We congratulate Alice Yates for having donated 4 gallons of blood to the Red Cross Bloodmobile! Not at once, but it represents her continued efforts to help others.

We appreciate Harlan Weinert for the 2 gallons, plus, that he has donated. Harlan's donations started long ago, for this writer received a pint of his in 1948. Thanks, donors!

Attending the parents program on Thursday evening to hear Dr. Lynn Thibodeaux, which was hosted by the Haskell schools, were Tiffen Mayfield, Cindy Guess, Karen Harlan, Doneta Hudgens and Karen Yates. A very informative and inspirational evening was enjoyed by all parents in attendance.

Thurman and Feba Stout and Floyd and Hellen Stout returned from another of their exploration trips. They D.C., and reported an informative, enjoyable time there.

Willie and Ida Farrel were in Gibtown, Texas for the Old Settlers Reunion which is held there annually

on the third weekend in August. Willie enjoyed a visit with his brothers and other family members who live in the area.

Paris and Fannie Barton were dinner guests of Erma Liles on Sunday night, and later enjoyed Erma's "show and tell" of her trip to Europe, and the memorabilia assortment she brought home with her.

Helen Boykin and Faye Jetton announce the marriage of Faye's brother, Stanley McMillen, and Helen's sister-in-law, Francis Boykin Davenport, on August 6 in Vernon. They are making their home in Vernon.

The McMillens were Weinert visitors over the weekend, and accompanied Ted and Faye Jetton to Lubbock on Saturday for a surprise birthday party honoring their sister, Gladys Fraley, on her 79th birthday. They were met there by another brother, Dan and Nora McMillen of Amarillo.

Randy and Donna Waggoner of Red Oak and Johnny and Derinda Larned of New Braunfels were in town for the wedding of their sister, Darla, and spent the weekend with their parents, Gracie and Donald Griffiths.

Bertie Alexander was visited by grandchildren, Pat Owens of Munday and Terry Alexander and daughters, on Sunday.

Darlene Therwhanger of Mineral Wells spent the weekend with her parents, Dale and Doris Carroll, while her husband, Kerry, was busy with coaching duties. Darlene began her teaching career with 4th grade in the Mineral Wells school system on

Monday.

Mr. and Mrs. Bobby D. Therwhanger, Lauren, Tyler and Kyle, of Baltimore, Maryland, are spending their vacation in Weinert, Munday and Hart. They spent Monday in Weinert in the home of their grandmother, Mabel Derr.

Other guests were Bobby and Ann Therwhanger of Munday.

Ernest and Louise McGuire were spent a few days in the Great Plains State Park near Snyder, Oklahoma, where they enjoyed fishing in the lake, and relaxing in the cool weather in their motor homes. They also came by the Tom Sneed Lake in Oklahoma and are ready to report on that lake, also.

J. A. and Laverne Mayfield enjoyed a visit with their daughter's family over the weekend, as Alexia and DeWayne Rimmer, Adrienne and Elyse, were here from De Soto.

As vice-president of the Weinert Homecoming '90, Alexia was busy getting things in order for October, and she suggested getting those antiques dusted, the crafts going and the spare bedroom ready for guests.

Donnie and Shelia Harbers enjoyed a surprise visit with one of her cousins, Dwight and Beverly Reeves, Winter and Waylon, of Bradford, Arkansas. Dwight drives an 18-wheeler truck, and took his family for that "end of the summer" vacation.

Kelly and Wayne Hutchinson of San Angelo spent the weekend with Johnny and Marilyn Earp, her parents, and his parents in Knox City. Kelly was one of the attendants at her classmate's wedding, Darla Griffiths, on Saturday.

Barry and Amy Walker of Abilene were in Weinert and Amy was an attendant at the wedding, also. She later visited her family, Angie and Rueben Castillo. Other guests in the Castillo home were Felix Seballos, Aaron and Andy of Abilene.

Georgia and Woodie Turnbow spent most of last week in Weatherford with their daughter, Twyla and Tommy Sorrells, and Luke, Levi and Tabitha.

Mary Nell and Don Coltharp of Seymour came for a "quiet" visit with her parents, Crystella and Bob Raynes, on Sunday.

Coming from Mineral Wells to help their dad, Leonard Mahan, celebrate his birthday were Len Mahan and Michelle Saddler, Tabitha, Malori and Megan.

Michael Rodriguez, nephew of Andrea Estrada and Angie Castillo, has returned to Denton to enter college at North Texas State. Michael was one of 50 students selected to spend the summer in Washington, in Rochester on Sunday for a visit with sisters-in-law, Bill McGuire and Eron McGuire. Ernest was in Abilene on Tuesday for an appointment with his heart doctor. He is doing well.

The Women of Weinert met on Tuesday at 3 p.m. in the home of

Helen Turnbow. Mrs. Mabel Derr will host the group in her home on August 28. You are a W. of W. if you live here.

Marvin and Myrtle Phemister were in Ft. Worth on Tuesday for a visit in the home of their son, David and Peggy Phemister, who have recently moved to Ft. Worth.

Our birthday people this week include Toby Yates, Andrew Pena, Lucas Castillo, and Lisa Phemister. Happy birthday, all!

Congratulations to John and Lavern Mayfield, and to Julian and Andrea Estrada, who will be celebrating wedding anniversaries.

The Haskell County Home Extension Clubs program committee met on Monday for a planning session for the clubs' programs for 1991.

They are requesting your suggestions for programs you would like to learn more about. Those on the committee include Dolores Medford, Phylecia Bailey, Joetta Burnett and Myrtle Phemister.

The Weinert Extension Club will meet on September 4 with Henrietta Rueffer. Visitors are always welcome.

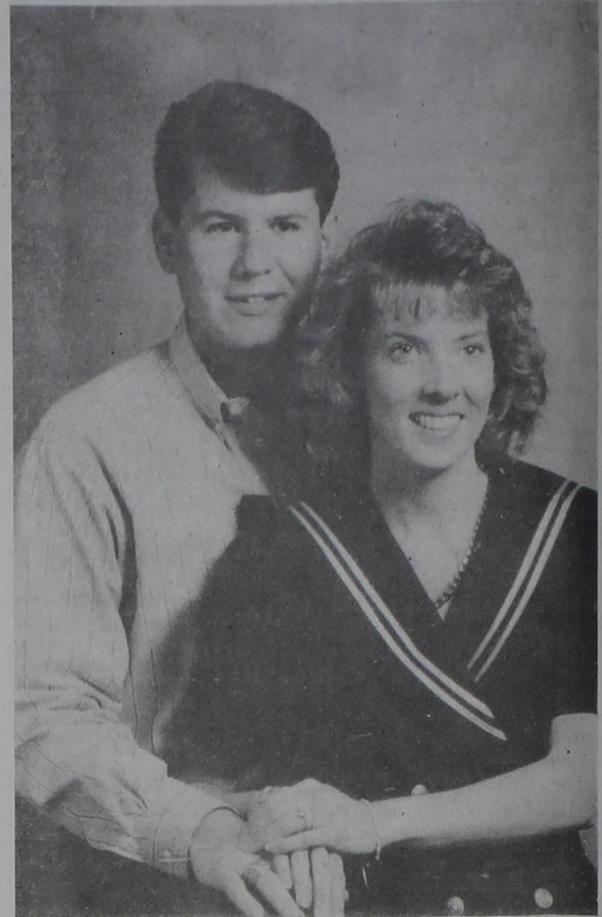

SPECIAL ANNOUNCEMENT
The annual "Back to School Roundup" will be held Monday, August 27, at 7 p.m. on the Weinert school yard, and everyone in Weinert is invited to participate with a freezer of ice cream or a batch of brownies.

The First Baptist Church will host the event, with Mary Murphy and Cindy Guess, assisted by Donnie Harbers in charge of entertainment. Have a nice day!

THREE LITTLE COUSINS MAKE ANNUAL TREK

Rebecca Phillips of Stephenville, Jessica Myers of Tulsa, Oklahoma, and Tami Parchman of Lubbock, who enjoy a week-long annual summer visit in the home of their grandparents, Mr. and Mrs. Douglas Myers, have now returned to their respective homes. Also on hand to enjoy the "girls only" visit was their great-grandmother, Ala Myers of Gatesville.

In 1890, a St. Louis physician ground up peanuts and produced a product that would revolutionize sandwich making and become the hit of the lunch box set. It was peanut butter.

ENGAGEMENT ANNOUNCEMENT: Dr. and Mrs. Pete Bradfield of Munday are announcing the engagement and approaching marriage of their daughter, April Lynn, to Larry Patrick Martin Jr., son of Larry P. Martin Sr. of Rio Rancho, New Mexico and Mrs. Beth Feiner of Abilene. The bride-elect is a graduate of Hardin-Simmons University and is employed by State Farm Mutual Auto Insurance Company. The prospective bridegroom graduated from McMurry College and is employed by Federal Asset Management Co. of Fort Worth. An October 20 wedding is planned at Aldersgate United Methodist Church in Abilene.

Thank You

We would like to thank all of you who helped us during our time of sorrow. Your love and support - your many expressions of sympathy will always be remembered.

TRUSCOTT-GILLILAND NEWS

By Mrs. Clara Brown

American troops have been streaming into Saudi Arabia the past week, ready to defend it against Iraq, and that far away bitterness shook the August quiet of the Wichita Divide Sunday as jets screamed over, seeming to be not much above windmill height. It's been a long time since we've seen military jets so low here; so low, and so many.

Let's hope and pray that the present problem will be solved peaceably without loss of more lives, and that we Americans will learn to fuel our country in ways that will not be so dependent on foreign sources so this type of war prospect will not come again.

LOCAL WEATHER

Weatherwise, we have been getting scattered showers that have the countryside deep in green, weed green according to the farmers. The last few days have been bright, hot and dry, more like our typical August weather.

HERE AND THERE

The Waggoner Ranch team won the Wichita Falls Ranch Roundup for the third consecutive year on Saturday which gives them permanent possession of the trophy. Waggoner pastures are just east of Gilliland and many of their cowboys have come from the Wichita Divide. Among those attending all or part of the Ranch Roundup were A. L. and Frances Cook, Harold and Carrie Barry, Jack and June Looney, Charles and Kay Carroll, Rose Ann Riggs, John Hendrix and the Dennis Welch family.

It's nearly time for the reunions. Truscott's will be September 1 and Gilliland's will be September 2. Ila Mae Bullion said there were 260 at the Truscott supper in 1988, but fewer than 100 have reserved tickets this year. Get your reservations in or you may be chewing on mesquite beans while watching others eat brisket. Contact Ruby Martin about the Gilliland meal.

Frances and A. L. Cook met their sons, Phil and Fred, at the Ranch Roundup Saturday, and Fred came home with them for the weekend.

Bill and Staci Brown of Brownfield

spent Saturday night with his parents, Jack and Clara Brown.

Don and Margaret Daniel and her aunt, Mrs. Ruth Stoker of Mineral Wells, returned Sunday from a trip to Branson, Missouri and Eureka Springs. They saw the Passion Play and took a tour of the old town.

Paul and Ila Mae Bullion and Crystal Dishman took the Bulls' grandsons, Mathew, Marek and Carter, to Jacksboro last week to meet their mother, Shelley Bullion. Shelley's mother had problems after recent eye surgery and Shelley has been with her. The boys and their mother will return Monday to their home in Ft. Myers, Florida.

Lee and Gail Whitley spent the weekend visiting Pam and Billy Morris of Flomont at Hubbard Creek Lake near Breckenridge. Also at Hubbard Creek were Lee's sister and her family, Pam, Charlie and Christopher Key.

Saturday visitors in the home of Irene and Owen New were Kay Cumley and her grandson, Monty Cumley, both former Truscott residents. They came to pick up Cathy Cumley who has been visiting the News.

Mrs. Georreen Meadors of Rhineland and granddaughter, Julie, visited Thursday and Friday in the Owen New home. Mrs. Meadors took Julie and Cathy Cumley out to eat both days.

Among the relatives who came in last week to help Dud Ellis celebrate his ninetieth birthday were his daughter, Sue Ellis Neal of Novato, Calif., and her sons, Paul and Karen Neal and Daniel of Valley Springs, Calif., Barry Neal of Swarthmore, Penn., and Phil Neal of San Francisco, Calif., and Margaret and H. L. Duncan of Ft. Worth. Also attending were Steve Duncan of Ashland, Oregon, Scott Duncan of Stow, Ohio, and Larry and Sandra (Duncan) Moerbe and Matthew of Orange, Texas.

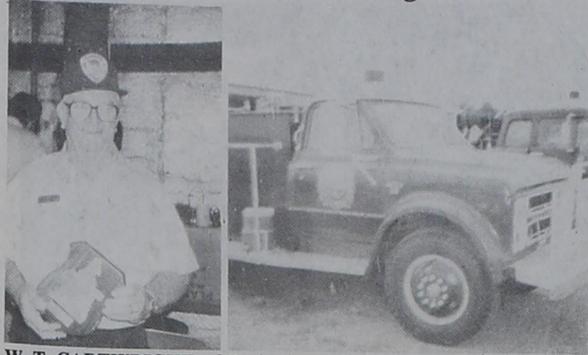

Don and Sarah Brown and Jonathan of New York City spent a week with his mother, Vivian Brown.

Jonathan recently attended the rowing camp at the U. S. Olympic Festival in Minneapolis, Minn. His team won the gold medal in the heavy-weight four oarsmen with coxswain event. The Festival, carried out in the pattern of the Olympic Games, is limited to American athletes and is by invitation only. Jonathan will be returning to Boston University in September as a senior and will begin his third year on the university's varsity rowing team.

Cartwright Honored At Benjamin Open House

W. T. Cartwright was honored with a special recognition plaque during an open house at the Benjamin Fire Department hall. The plaque cited Mr. Cartwright's 44 years with the Benjamin Fire Department as well as his contributions to all aspects of community development and involvement.

The open house was held at the fire hall to display the accomplishments of the last three years work. Due to a concerted effort of the entire community and a tremendous amount of work by the women of Benjamin, the Department has made significant progress in updating its equipment. A new city-wide alarm system has been purchased and installed, a newer, better equipped fire truck has been purchased and added to the fleet as a primary response unit for rural fires. Also, two new truck bays have been added to the fire hall, doubling the available floor space. All the new

acquisitions have been made possible by city and county involvement, cooperation with Texas Forest Service and support by local citizens.

Homemade ice cream, furnished by the ladies of the Benjamin area, was served to city residents and their

guests as they gathered to inspect the fruits of many months of planning and labor.

Fire Chief Dennis Duke expressed appreciation on behalf of the department for the outstanding community effort in purchasing the new equip-

ment and facilities. He added that the fireman's role is always to protect the people of the community and the new equipment will allow the fire department to perform this service more efficiently.

Another Chili Cookoff In The Planning Stages

The Ladies Auxiliary will once again sponsor a chili cookoff, planned for sometime in October. They are letting everyone know well in advance so you will have plenty of time to get a team together and really go all out for the occasion.

All proceeds will go to the Munday Volunteer Fire Department.

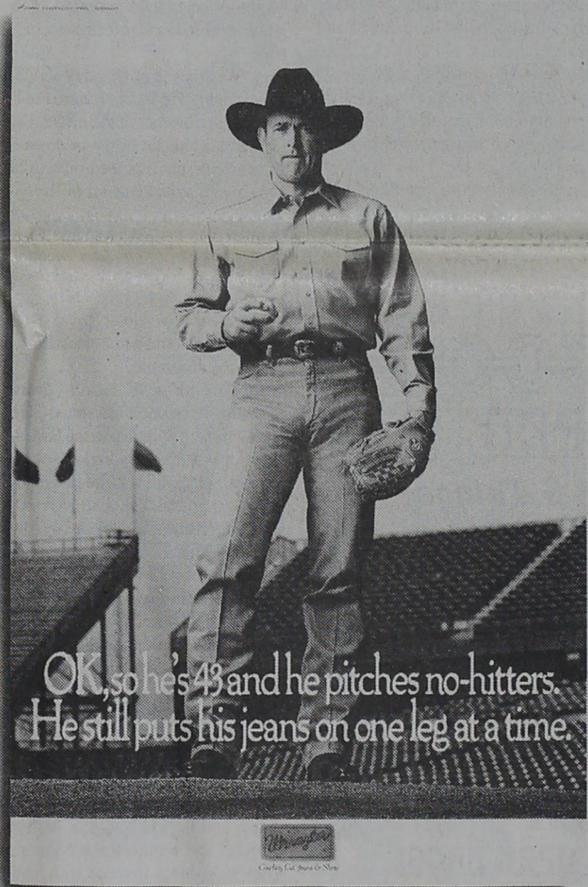

Members of the VFD are planning a brisket dinner to be held September 30. Everyone is urged to mark this date on their calendar.

Watch for details in other issues of *The Munday Courier*.

Kathy Sosa And Johnny Andrade Exchange Wedding Vows July 7

Kathy San Juanita Sosa and Johnny M. Andrade exchanged wedding vows in a double-ring ceremony at 3 p.m. on Saturday, July 7 in St. Joseph's Catholic Church in Rhineland. Father Gary Guertz officiated.

Parents of the couple are Mr. and Mrs. Freddie Sosa Sr. and Mr. and Mrs. Ignacio Andrade, all of Munday.

The altar was flanked with white spiral candelabras with white tapers and garlands of silk grape ivy. Floral decorations were a pair of matching brass urns arranged with white silk gladioli, royal blue miniature carnations and baby's breath. Pews were marked with overlaid bows of royal blue and white satin ribbon. Marty and Micheal Navarrette, both of Munday, served as candlelighters.

Given in marriage by her father, the bride wore a white formal length satin gown with puffed sleeves ending in a point over her wrists. The fitted bodice was designed with a scalloped neckline of embroidered lace outlined with seed pearls. The bouffant skirt flared to a cathedral-length train edged with net ruffles. The finger-tip veil was attached to a band adorned with circles of seed pearls.

Her wedding bouquet was a cascade of blue silk enchantment lilies and white roses with stephanotis and lily-of-the-valley and touches of royal blue baby's breath. Ribbon streamers of blue and white picot and seed pearls embellished the bouquet.

In keeping with tradition, the bride wore her grandmother's wedding rings as something old. Something new was her bridal gown and something borrowed was a diamond bracelet belonging to Diane Herring. Something blue was her garter.

Diane Herring of Munday was matron of honor. Bridesmaids were: Neomi and Natalie Hernandez, cousins

MRS. JOHNNY M. ANDRADE
... the former Kathy Sosa

of the bride, Karen Munoz, Lynette Norman, and Jeannette Navarrette, all of Munday; Jeannette Kuchler of Rhineland; and Diana Casillas of Knox City, cousin of the bride.

The bridesmaids' dresses were of royal blue satin accented with a bow at the waist of the fitted bodice. They wore combs in their hair made of royal blue miniature carnations with white and royal blue sweetheart roses and baby's breath. Each carried a cascade of blue and white flowers accented with royal blue and white ribbon.

The groom was attired in a white Miami Vice tuxedo accented by a white lapel rose and miniature carnation.

Lyndle Reeves of Munday served as best man. Groomsmen were Freddie Sosa Jr., brother of the bride, Ray Hernandez, cousin of the bride, and Jimmy Sosa, uncle of the bride, all of Munday; Wayne Pennartz of Rhineland; Louis Lee Baty of Truscott; Jose Escamilla of Abilene; and Tony Casillas of Knox City. The groomsmen wore royal blue Miami Vice tuxedos with light blue shirts and royal blue bow ties. Royal blue cummerbunds and white slacks completed the ensemble.

Serving as ring bearers were Ernestina Gonzales, cousin of the bride, dressed identical to the bridesmaids, and Adrian Andrade, nephew of the groom, who was dressed identical to the groom. They carried cross-stitched pillows handmade by the bride's mother.

The flower girls were Vanessa and Vallerie Rodriguez of Knox City, cousins of the bride. Also dressed like the bridesmaids, they carried off-white umbrellas accented with royal blue roses.

Kimberly Renee Hernandez served as train bearer. She was dressed in a royal blue satin dress.

Ushers were: Henry Sosa Jr. of Arlington, cousin of the bride, and Adam and Robert Andrade, both of Munday and brothers of the groom. They wore black tuxedos with royal blue bow ties and cummerbunds.

Traditional wedding music was provided by Rose Mary Martinez of Munday. Soloist was Cambi Alexander of Munday. Selections included

Wind Beneath My Wings, Somewhere Out There and Endless Love.

Passing out rice bags and scrolls from blue wicker baskets were Nanette Hernandez and Amanda Sosa of Munday, cousins of the bride, and Amanda Luna of Goree. They were also dressed identical to the bridesmaids.

Tammy Decker of Munday registered guests at the wedding.

The reception and wedding dance were held at the Civic Center in Haskell following the ceremony.

Serving at the bride's table were Mrs. Mary Escamilla of Munday and Mrs. Irene Escobedo of Haskell.

Serving at the groom's table were Mrs. Eva Exiga, sister of the groom, and Rosa Sosa, cousin of the bride,

both of Munday.

The bride and groom are graduates of Munday High School. The groom is employed by the Texas Department

of Criminal Justice in Snyder.

The couple will make their home in Snyder.

Keep your money there for a full 12 months and it will earn a high-interest CD rate. Take it out early, and you'll get a penalty — three months interest or \$50.

So "DreamSaver" not only helps you save money on a regular monthly basis — it helps you keep your hands off it too. And with a little money in savings — a good night's sleep will come a whole lot easier.

See if you can list at least 10 instant products that are popular today: instant coffee, instant cameras, etc.

Ours is an "instant" society in which immediate results have become the constant expectation. And yet, there are many endeavors for God which will only be accomplished if the long-range perspective is maintained. Parenting a child, developing a spiritual gift, disciplining a new Christian, gaining an education, teaching a Sunday School class—all these take time, the investment of years of practice and patience and perseverance, if the goal is to be achieved.

Even though you may not experience instant success in your goals, commit yourself today, with God's help, to be faithful a day at a time, beginning today.

See you next week, and remember; when you cannot remove an obstacle, plow around it. But in God's strength, keep plowing.

At Your Service Dr. Larry Fitzgerald Minister, Church of Christ

Q: I have problems with drinking and bad language. I guess I just don't have any self-control. What can I do to improve myself?

A: I'm glad that you want to change. Foul language and drunkenness are sins against yourself and against the God who gave you your body. Sometimes we get into the habit of doing something and it's merely the habit that needs to be broken. I suggest that you write out on a sheet of paper two resolutions: 1. I will not cuss today. 2. I will not drink liquor today. Start your day with a prayer and then repeat these resolutions. Do the same thing at lunch and supper time. At the end of the day, thank God for helping you keep these resolutions. If you slipped, ask God's forgiveness and strength to do better tomorrow.

Every person who seeks to excel must exercise self-control (1 Corinthians 9:25) which is part of our Christian knowledge (2 Peter 1:6). Self control requires prayer (1 Thess. 5:17; Col. 4:2); daily Bible study (2 Timothy 1:5; 3:15-17); and walking with a purposeful heart--resolution (Daniel 1:8; Acts 11:23). It is essential to avoid bad influences -- especially individuals who try to lead you astray (Proverbs 4:14-16; 1 Corinthians 5:6; 15:33; 1 Timothy 5:22; 2 Timothy 2:22).

With God's help, you can overcome these problems. It may take time. After all, you've got to break a lifetime of bad habits. If I can help, don't hesitate to write again (or call).

If you have a question for this column, write Dr. Fitzgerald, c/o Box 211, Munday, Texas 76371.

Boyd L. Baker, Former Munday Police Chief, Dies August 19

Boyd L. Baker, age 59, of Medina, died early Sunday morning, August 19, at a Kerrville hospital following a lengthy illness.

Services were held at 2 p.m. on Tuesday, August 21 from the College Street Church of Christ in Medina with George Rose, Darrell McGlathery and Ken Childers officiating. Private graveside rites were at Oak Rest Cemetery in Medina under direction of Grimes Funeral Chapels.

Serving as pallbearers were Tom Oustad, Jack Steward, James Steward, Pete Graham, Roger Stotts and Gary Beaty. Designated as honorary

pallbearers were all the men at Medina Children's Home, the board of directors of Medina Children's Home, Al Cartwright and M. M. Booe.

Born February 14, 1931 in Littlefield, he moved with his family to Munday in the early 1940's. He attended Munday schools and was a graduate of Munday High School.

He and the former Sue Hudson were married on October 14, 1955 in Goree.

Mr. Baker was a law enforcement officer for seventeen years. Seven of those years were spent with the Amarillo Police Department and he served as police chief at Merkel and

Munday. He was employed as maintenance supervisor with the Munday ISD for ten years prior to moving to Medina where he has been associated with the Medina Children's Home for five years.

He had served in the U. S. Air Force and was a member of the Church of Christ.

He is survived by his wife, Sue, of the home; two daughters, Shellie Arnold of Tyler and Robbie Dunn of Houston; a sister, Allene Beaty of Munday; a brother, Doyle Baker of Abilene; two grandchildren, Amy and Steven Arnold of Tyler; two sons-in-law, Steve Arnold of Tyler and Lloyd Dunn of Houston; other relatives and a host of friends.

The family has requested that memorials be made to the Medina Children's Home.

Another Decker Has Arrived!

Hello, my name is Timothy Shawn Decker. I arrived at 10:45 p.m. after a very rushed trip to Abilene, on Monday, August 6, 1990. I weighed eight pounds, three ounces and measured 20 1/2 inches long.

My proud parents are Bucky and Beverly Decker of Munday. I also have a big sis named Shai, who is four and a big brother, Shane, who is fifteen months old. They both think I'm the most wonderful thing around.

Also thinking I am wonderful are my grandparents, Ruth Brown of Rhireland and Tommy and Glenda Decker of Goree; and my great-grandparents, Mrs. Emma Duesterhaus of Munday, and Mr. and Mrs. W. L. Decker and Mr. and Mrs. Riley Bell, all of Goree.

During the construction of the Hoover Dam, concrete had to be poured continually for two years.

The largest fish ever caught by rod and reel was a white shark that weighed over 2,500 pounds!

Hardy New Grass Uses Less Water Needs Less Mowing

Prairie buffalo grass, a newly adapted minimum-care turf grass especially suited to Texas sun and drought conditions, will become available for Texas landscapes next spring.

The grass performs well in hot, sunny conditions, requiring minimal irrigation, mowing, and fertilizer, said Dr. Milt Engelke, a turf grass breeder who developed the new variety at Texas A&M's research center in Dallas.

"This makes it ideal for roadside and airport right-of-way and industrial park applications, and for many

residential lawns," he said. "The state of Texas spent \$38 million in 1988 to mow highway right-of-way, and this new turf grass could reduce those costs."

Prairie buffalo grass in urban landscapes could save 50 to 70 percent of the water use for irrigation of lawns, Engelke said.

A typical homeowner with a Prairie buffalo grass lawn would need to mow and water only two or three times in a growing season. Left uncut, the grass grows to a maximum height of about four inches, but it may be mowed shorter and more

frequently and still maintain its dense appearance, Engelke said. It is not suited to shade.

Introduced at a turf grass field day at A&M's research facility in Dallas, Prairie buffalo grass spreads faster, has fewer weeds, and a denser appearance than other commercially available buffalo grass cultivars. Because it is a female plant of the species, Prairie produces neither seedheads nor pollen. It is grown from sod, sprigs, or plugs.

Prairie buffalo grass can be grown successfully from the South Texas Plains north into Nebraska. The grass

performs best on heavier soils and on neutral alkaline soils. In addition to being able to withstand Texas summers, it also tolerates cold weather and maintains a gold color in winter.

Under Engelke's direction at the Texas Agricultural Experiment Station in Dallas, the new buffalo grass has been tested in Texas at Corpus Christi, San Antonio, and Dallas, as well as Fort Collins, Colorado and Lincoln, Nebraska.

Certified producers will offer "Prairie" for sale through nurseries to the public next spring.

Locals' Granddaughter Named Basketball All-American

Jennifer Cockerell of Weatherford was a member of the Mid-Cities Diamonds Basketball team which participated last week in the Basketball Congress International Tournament in Lubbock. The week-long tournament is a nation-wide competition.

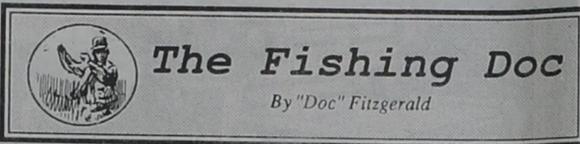

A 6 foot 2 inch, 14 year old freshman in Weatherford High School, Jennifer received the honor of being named to the ten-member BCI All-American team at the conclusion of the tournament.

The Mid-Cities Diamonds defeated Oregon, Indiana, and Texas' Permian Basin in elimination play, but were defeated by West Texas and Louisiana. They played Colorado for consolation and were defeated by four points in overtime play.

Jennifer is the daughter of Lisa Boone Cockerell of Weatherford and the granddaughter of Mary Ann Boone of Knox City and Joe Boone of Munday.

Millers Creek Reservoir
Level: full
Temperature (at surface): 81° F
Condition: clear

Black Bass: Fair to good. Taking spinners and large live minnows. Largest reported at 6 lbs. Best colors: yellow, black, sand and white.

White Bass: Good. Best at night under lights on jigs and minnows. Some being caught during day on small spinners and slabs.

Striper: Fairly good. Most reported near dam areas. Largest at the 10 lb. range.

Crappie: Good to excellent. Largest reported at 2 1/4 lbs. on bright tube jigs. Also taking live minnows and perch cut bait.

Catfish: Good to 45 lbs. on trotline. Hitting cutbait, small perch, shad, and goldfish. Very good on pole taking Tan Bait, cheese and other soft baits. Some being taken on minnows. Best in creek areas at 15 feet.

Carp and Buffalo: Excellent to 20 lbs on Tan Bait, worms and dough baits.

Perch: Excellent on worms and trout flies with small weights.

Fishing Tip

Q: When fishing for catfish, I have

trouble keeping soft baits (like blood or Tan Bait) on my hook. What do you suggest?

A: Soft baits seem to be the best pole bait right now for catfish (also rough fish). First, use a small steel hook (not wire). Treble (3-way) hooks not larger than a number 4 are best. Some prefer the type with small springs to help keep bait on.

Next make sure your bait is the consistency of "Play Dough". If it is too moist add flour or corn meal (or any other bread-ish type food). If this is not available - a little sand or dirt will do. The catfish don't seem to mind. If the bait is too hard, add a little liquid such as flavored soda pop or lake water.

Cover the entire hook since cats will stop biting if they taste metal. Make smooth, easy casts. Some people cut porous cloth into small squares and wrap their bait securing with fishing line at the top (or a rubber band). This keeps the bait on the hook and doesn't seem to stop the cats from biting. Cheese cloth or old panty hose are the two most popular materials for this.

Agreement Reached In Medicaid Nursing Home Reimbursement

The Texas Department of Human Services, the Texas Health Care Association, and the Texas Association of Homes for the Aging reached a settlement in the lawsuit regarding Medicaid nursing home reimbursement. The terms of the settlement reflect a positive change for the elderly of Texas.

Certain improvements in quality of care will be immediate due to short term methodology changes and a reimbursement rate increase effective next month. Major change and improvement has been provided on a long term and continuing basis through the establishment of a mechanism to resolve outstanding methodology and public policy issues. In addition, the mechanism provides for a complete review of the reimbursement system by the Legislative Budget Board and the Legislature.

The negotiating process proved to be long and difficult, and it is to the credit of all those involved that settlement was reached before the designated court date. The settlement process made clear that the issues involved in reimbursement and the provision of patient care, though complex and sometimes technical, can and should be worked out through cooperation of state agencies and provider groups rather than through the arduous and costly process of litigation.

Social Security Disability Benefits Are Based On Team Evaluation

If you are applying for social security disability benefits, the decision as to whether you are disabled under the law is made by the Disability Determination Services office in your home state. The decision is made by a team of trained people that includes a physician (or psychologist in the case of mental impairments) and a disability evaluation specialist.

In reaching a decision, every reasonable effort is made to get medical evidence from your own doctor and from hospitals or other facilities where you have been treated. The Government can pay a reasonable fee for any medical reports requested.

The doctors and facilities contacted for this purpose are asked for a summary of your medical history. This includes a diagnosis, the date of onset of the illness or injury, the degree to which it limits your activities, the results of any medical tests that you may have had, and the treatment you received. Your doctor or the facility is not asked to make a judgement on the extent of your disability.

If the medical information available from these sources is not enough to permit an evaluation of your condition, a special examination or test may be needed. The Social Security Administration will pay for this examination or test, including certain travel expenses that may be required.

Once a decision is reached on your claim, social security will send you a written notice advising you of the decision. If your claim is not approved, the notice will tell you the basis for the decision. It will also tell you how you can appeal if you disagree with the decision. If your claim is approved, the notice will tell you when benefits will start and how much

you will receive.

More information about social security disability benefits can be obtained by calling the toll-free telephone number, 1-800-234-5772. For best service, call early in the morning or early in the evening weekdays.

Voice Of Democracy Scholarship Program Announcement

The 44th annual Veterans of Foreign Wars Annual Voice of Democracy Scholarship Program has been announced. In discussing the broadcast scriptwriting program, Chairman George C. Owens stated that students who participate win much more than scholarships and awards. Some of the fringe benefits are increased self-confidence and poise, experience in communicating with others and valuable training in self-expression. For the state winners, there is also the unique experience of a five-day tour of Washington D.C., and the opportunity to make lasting friendships with the other state winners.

Participants write and then tape record a three-to-five minute broadcast script expressing their views on "Democracy--The Vanguard of Freedom". From among the state winners, national winners are chosen to receive a total of \$60,000 in scholarships.

For further information on entering this program, contact District Chairman George Owens at (817) 766-2229 or your local V.F.W. Commander Bill Williams at 422-4937. This information is also available in all high schools in the United States and overseas, wherever American citizens reside. U.S. Citizenship is required in order to enter.

Packing The Right Lunch Is Essential

Picking the right lunch box for children who take lunches to school is important this time of year, but packing the right foods is an essential job for parents all year.

"Children take more than their lunch to school. They take their food habits," says Dr. Corinne Montandon, nutritionist at the Children's Nutrition Research Center and assistant professor of pediatrics at Baylor College of Medicine in Houston. "If they learn good eating habits early in life, then children will take those habits to school."

Variety keeps lunch interesting. Including a protein, bread, vegetable, fruit and drink also helps parents pack a healthy lunch.

Meat, poultry or fish, peanut butter, cheese and leftover foods, like pizza, roast beef or hamburgers, make excellent protein choices.

Many types of bread are available for sandwiches. Montandon suggests whole or cracked wheat, pita bread, french bread, hoagie or hamburger buns and even tortillas.

Hunks of lettuce, sliced tomatoes, carrot, celery or green pepper sticks and radishes or other crunchy vegetables make a good substitute for the often packed bag of chips.

Fresh or canned fruit--apples, oranges, bananas, peaches, fruit cocktail--make good dessert choices. Many children also enjoy packaged puddings, applesauce and mini-yogurts. On occasion, parents should pack a surprise such as an oatmeal cookie, gingerbread or even a piece of birthday cake.

Milk, white or chocolate, is the best drink choice. If brought from home, it should be packaged in a thermos that has been filled with water and placed in the refrigerator overnight. In the morning, the water should be poured out and the milk added. It will stay colder that way.

With a carefully packed lunch, parents provide not only a variety of nourishing foods but also help to reinforce health and nutrition habits being established in the home.
