## Views From Another Point

by Joyce Beecher Greenwood

One of my most prized possessions is a little collage my sister, Gayle, made for me from a piece of driftwood. It forms an old gnarled tree with dead branches and a forgotten swing hanging from one of the branches. Carved into the old tree trunk is a heart containing my grandparents' initials, and Gayle has carved on the base of the collage, "We come from a long line of love".

I was reminded of that inscription many times during the weekend as my family met once more to renew family ties that were started many generations past. The love was evident on all the faces as each member was welcomed with shouts of genuine pleasure and open arms. We know that each of us has his own place and the absence of even one leaves a vacancy that can't be filled by anyone else.

As I made preparations for my part in the reunion last week, I remarked to a salesclerk in a discount center that I was trying to get ready for it.

"I hate family reunions!" she exclaimed, and maybe the reason she showed my few purchases into the paper bag with such a forceful gesture was because it was toward the end of what had probably been a long day for her -- or maybe it was my remark about a family reunion. Her face looked almost angry as she extended the bag in my direction and it occurred to me that she evidently had a bad relationship with her family or maybe had no family at all.

I don't watch many TV programs, but one of the ones I hate to miss is one called COPS that comes on Saturday nights. It is not a program with actors who portray policemen, but actual policemen in real arrests. Most of them deal with drug busts and theft, but one night there was an episode in which a young girl, who evidently lived on the streets, was arrested. The policewoman who handcuffed her and placed her in the back seat of the patrol car asked her several questions and then finally asked her why she didn't go back home. The girl sat there, dressed in her scanty clothing, and suddenly tears began to stream down her face and she answered, "I can't go home". I kept wondering why.

I wondered if her mother saw her on the program and cared at all that she was being arrested and didn't feel as though she could go home. What has a person done to cause that? How bad do you have to be before the people who love you most turn on you and you can't go home?

I worked part time at Trainham's Grocery in 1974, and every few days the same man, dressed in khaki pants and an old slouch hat, came in to make his same meager purchases. He was of nondescript age with cloudy, blue eyes in a weathered, lined face and his purchases were always the same, potatoes, canned beans, cheap lard, and coffee. He would pay for the things he needed with change from a worn coin purse and he'd count his money carefully with grubby, shaking fingers.

I never knew his name or saw him talk to anybody in the store. Somebody told me he lived in a small shack behind a larger house in the east part of town with no electricity or gas. He never responded to my attempts at conversation or returned a smile. It was as though he had isolated himself from all human contact and I always wondered why. I found myself wondering if there had never been a woman who had loved him or a child, or a brother or sister. Did he choose his austere lifestyle or was it forced on him? Did he do something so bad that

(Continued on Page 2)

## Munday ISD Students Exceed Statewide Average On TEAMS

The Texas Education Assessment of Minimum Skills (TEAMS) results for Munday ISD students have been made available to the local district, and compared with the statewide average. Munday students showed a higher percent mastery in all but one area of the test.

Students in grades 1, 3, 5, 7, 9, and 11 are given the TEAMS each year to measure their master of minimum academic skills. District-wide results from the TEAMS are compared to state-wide results to give one indication of how well students within the district scored compared to their peers over the state. TEAMS results are also used by school officials to evaluate the effectiveness of the current curriculum and can indicate areas where additional emphasis should be placed.

Students in grade eleven were administered the Exit Level TEAMS in October of last year. Students must pass the Exit Level TEAMS to receive a high school diploma in Texas. On the Language Arts portion of the test, 100% of MUSD eleventh graders mastered the test compared to 90% mastery statewide. On the Mathematics portion of the test, 84% of MHS students mastered the test compared to 77% statewide. Students who did not master the Exit Level test in October were retested in May. After the May testing, 95% of MHS eleventh graders have mastered both portions of the Exit Level TEAMS. Students who still have not mastered this test will be retested in October of this year.

Students in grades 3, 5, 7, and 9 took the test in February of this year while first grade students were tested in April. Munday students showed a higher percent mastery than the state average on all parts of the test in grades 3, 5, and 7. One-hundred percent of fifth and ninth grade students mastered the math portion of the test while 100% of seventh graders mastered the reading portion of the test. The only area Munday students fell below the state average was in 9th grade writing where 67% of MHS students demonstrated mastery compared to 69% statewide.

According to Bill Kingston, second

ary principal, one of the goals for the secondary campus this coming school year will be to improve writing skills at all grade levels. Students will be given more opportunity to apply their knowledge of writing mechanics and better develop their practical writing skills.

"Overall, we are very pleased with the performance of our students on this years TEAMS," Kingston commented. "The high scores are a result of high expectations by the faculty and much hard work by both the students and the teaching staff at all grade levels. All those involved should be commended for their efforts," he concluded.

## TEAMS Test To Be Replaced In 1990-91

The TEAMS test will be given to Texas students for one more year. Beginning in the 1990-91 school year TEAMS will be replaced with the Texas Examination of Academic Skills, TEAS. The new test will differ from the current TEAMS in several ways.

TEAS will cover all the essential elements of the subject area curriculum of the previous grade (The current TEAMS tests only basic essential elements) and will be administered in early October instead of February. The new testing format will primarily measure what the students have retained from the previous year. The new test will also emphasize skills which will require more analytical thinking on the part of the students.

Under the new program, students in grade one will no longer be tested. One of the biggest changes will occur in the exit level test administered to eleventh graders. Beginning in 1990-91 language arts portion of the test will be expanded to include a written composition. Mastery of all portions of the TEAS will still be required before a student can receive a high school diploma in Texas.

Current plans also call for the addition of science and social studies sections to the TEAS in the 1994-95 school year.

## Wheat Acreage Reduction Set

The U.S. Department of Agriculture is requiring a 5% acreage reduction for the 1990 Wheat Program, according to executive directors of the Knox and Haskell County Agricultural Stabilization and Conservation Service. This compares to the 10 percent acreage reduction required for the current wheat crop.

Wheat producers who comply with the acreage reduction requirement will be eligible for price support loans at a national average rate of \$1.95 per bushel and target price protection at \$4 per bushel. According to ASCS officials, the program will not have a paid land diversion, nor marketing loan provisions.

## Knox Prairie Co-op Stockholders Meet

Stockholders of Knox Prairie Co-op in Munday held their annual meeting Tuesday, June 27 at the Shamrock Cafe. Garon Tidwell was elected as new director for the co-op and Mark Reed was re-elected to the position. Other directors include Byron Gass, Joe Tidwell, and Don Bowman.

The audit report was given by Jeff Gregg, CPA, of Seymour and cotton dividend checks of \$24 per bale were distributed.

In other business, members of the co-op voted to pay a fertilizer dividend in addition to the cotton dividend beginning May 1, 1989, according to Pat Lowrance, co-op manager.

The lower acreage reduction requirement for the 1990 Wheat Program reflects a need for increased production to rebuild drought-reduced stocks and to meet an expected increase in demand. U.S. wheat stocks totaled 1.2 billion bushels as of March 1, 1989, down about 700 million bushels from a year earlier.

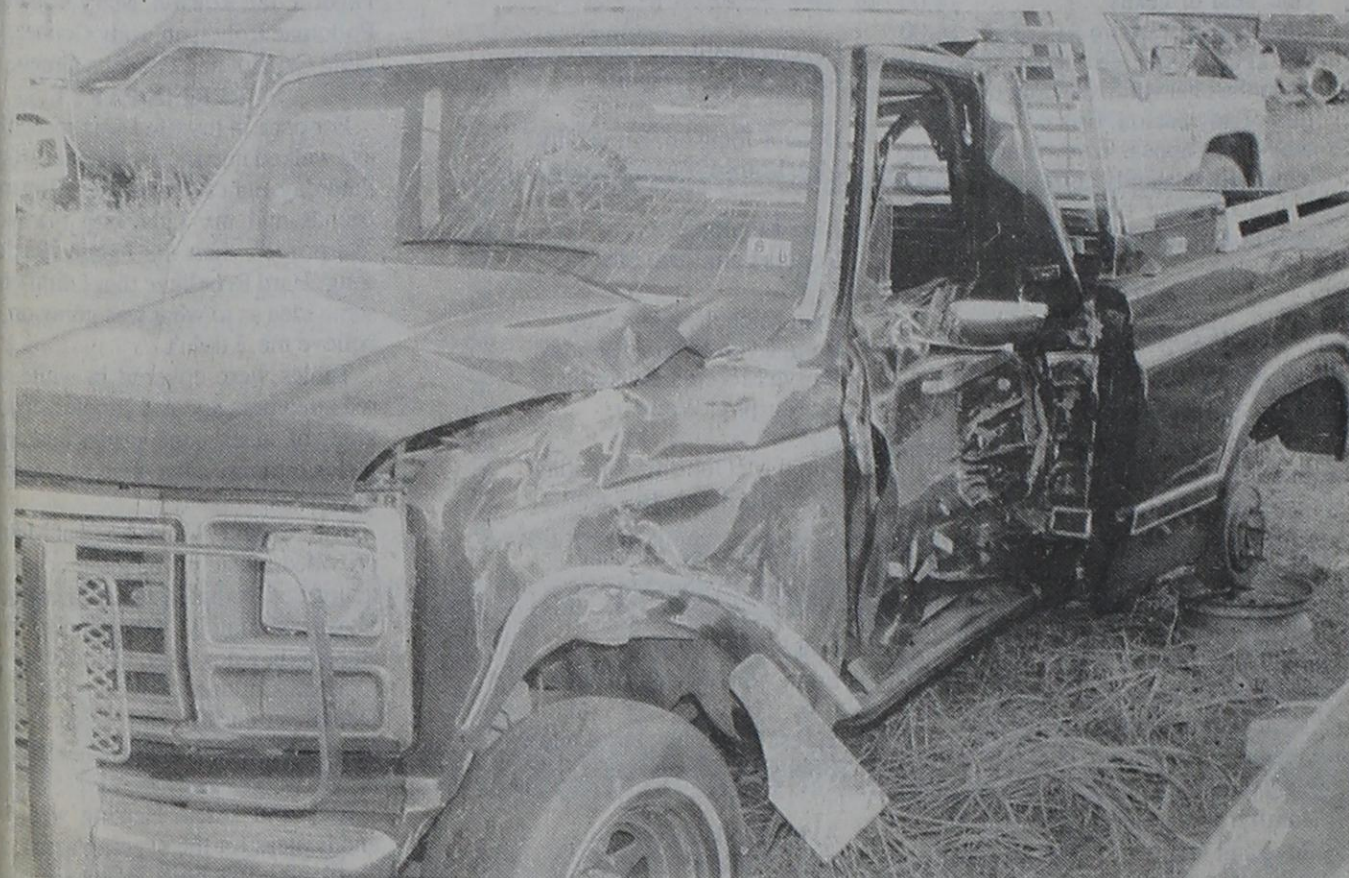

Common program provisions for wheat and other crops will be announced later, the ASCS official said.

## Locals' Daughter Seriously Injured In Car Accident

Lynn Mann of Electra, 26 year old daughter of Tom and Sandy West, was seriously injured Wednesday, June 21, when the car she was a passenger in collided with a patrol car driven by Electra Police Chief Scott Burton, who was in pursuit of another vehicle.

The driver of the car, Mary Quillen of Electra, and her 6-year old son, who was riding in the back seat, were treated and released from an Electra hospital. Lynn was transferred to Wichita General Hospital with extensive injuries. According to her mother, Lynn has a broken collar bone, a dislocated shoulder, several broken ribs, a broken pelvic and a concussion. She is in room 407.

She is married to Lynn Mann, and has a 2-year-old daughter, Jennifer.

PASSENGERS IN THIS PICKUP, Mr. and Mrs. Blas Sosa, escaped serious injury Friday night when their pickup was struck by a train while crossing the railroad tracks on Gene Street in northeast Munday. According to reports, the train, which was backing at the time, pushed the Sosa's vehicle several hundred yards down the track before coming to a halt. Sosa said he did not see the train until it was too late. The couple was taken to Haskell Hospital by Munday EMS where they were treated and released. Marty Navarette, who was on the scene at the time of the accident, suffered facial injuries caused from a fall while trying to hail the ambulance. He was transported to the Knox County Hospital and later to an Abilene hospital where he is awaiting further treatment.

## Mammography Mobile Unit Coming July 11

The Mobile Breast Cancer Detection Unit of Odessa will be in Munday on Tuesday, July 11. The mobile unit will be parked on the west side of City Hall.

Mammography is an x-ray examination of the breast, which the American Cancer Society and other medical experts see as the best means for the early detection of breast cancer.

According to a spokesman from the Regional Breast Care Center at Women's and Children's Hospital in Odessa, the death rate from breast cancer could be drastically reduced if women would have mammograms done before a problem exists. By using modern state of the art x-ray equipment, breast cancers can be found when they are about the size of a grain of rice and well before the cancer can be felt. A woman who is diagnosed with breast cancer at this early stage has a 90-97% survival rate. However, a woman who is not diagnosed until a lump can be felt has approximately a 50% survival rate in five years.

All area women are encouraged to take advantage of this service. A fee of \$50 will be charged for the x-ray and appointments can be made by calling 422-4222.

For more information, call the Regional Breast Care Center at Women's and Children's Hospital, (915) 334-8888 or 561-9999.

## LL All-Stars Are Named

All-Stars for the Munday Little League and Pee Wee League were announced this week by coaches. The Pee-Wee All-Stars will play nine and ten-year-old Little Leaguers at 7 p.m. Thursday, June 29 at Putnam Field to conclude their season.

Pee Wee players named to the All-Star team are Heather Guess, Tonya Greenwood, T. Nichols, Nathan Urbanczyk, Lorin Clem, Leslie Hale, Wesley Spells, Brandon Sosa, Jason Key, LaTasha Washington, Jessie Castorena and Lanesa Wilson. Alternate players are Willie Beamon and Shelley Scott. Coaching the team are David Key and Dale Selzer.

Little League All-Stars, who are coached by Jamie Welborn and Bobby Ensor, are Donnie Browning, Jeffrey Cook, Bobby LanFranco, Keith Myers, Trac Reed, Kole Sanders, Andrew Sikes, Brady Smith, Gerald Taylor, Rene Nunez, Dustin Kiser, Freddy Castorena, Chris Torres and Jason Ramirez. Alternates are Nathan Kuehler and Jace Yates. Their first game in the tri-city tournament will be played at 7:30 p.m. July 10 at Putnam Field. See next week's paper for more details on the tournament.

## Most Merchants To Close July 4

Tuesday, July 4, is one of the holidays on the Munday Chamber of Commerce list of suggested closing days, and most of the city's merchants will take advantage of that day to give themselves and their employees a well-deserved holiday.

All state and government offices will be closed, as will almost all the businesses in town. One exception to this is M-System, which will remain open. The Dairy Queen and Shamrock Cafe will also be doing business on the 4th, but

Starvin Marvin's will be closed.

The Courier office will also take advantage of the July 4th holiday, therefore, we would appreciate any news or advertising which can be brought in by Friday, June 30. Deadline for news and advertising will be noon Monday, July 3.

We wish all our patrons a safe and happy July 4 holiday and urge everyone to heed warnings about fireworks safety, driving after drinking alcoholic beverages and using seat belts.

## Safety With Fireworks Urged By Local VFD

The upcoming July 4 holiday will no doubt be filled with celebrations, and many of these celebrations will involve the use of fireworks.

The Munday Volunteer Fire Department reminds local residents that the careless use of fireworks could result in injury to youngsters and fires. Although there has been some rain in the county recently, dry conditions do exist in some areas and extreme caution should be practiced when lighting fireworks.

According to the Texas Fire Incident

Reporting System, fire departments in Texas reported 621 fireworks-related fires to the State Fire Marshal's office in 1987. These fires resulted in about \$662,652 in property damage.

A few safety rules to follow for a safer Fourth of July are:

\*Never give fireworks to children. Designate a responsible adult to ignite fireworks.

\*Read the instructions.

\*Never experiment with fireworks. Don't take fireworks apart or mix anything with the contents.

\*Light fireworks only in a clear area away from houses and flammable materials, including dry brush or grass, gasoline cans, etc.

\*Keep a safe distance away from the ignited fireworks and be sure other potentially dangerous objects are out of range.

\*Never handle fireworks that have malfunctioned. Do not try to relight them or pick them up. Douse them with water instead.

\*\*\*

## Weather Report

Following is the weather report for seven days ending Monday, June 26, 1989, as compiled and recorded by Goodson Sellers, local U. S. weather observer.

	TEMPERATURE	
	HIGH	LOW
June 20	95	70
June 21	97	66
June 22	90	65
June 23	89	62
June 24	88	67
June 25	90	65
June 26	92	65

Rainfall year to date 17.12

(Continued from page 1)

everybody who ever cared for him just stopped loving him?

As is our custom every year, my cousins and I sat up until the wee hours of the morning, catching up on all the things that have made us proud, all the things that have worried us, since we last saw each other. And, as usual, the good things were twice as special because the genuine joy of them was reflected in all our faces, and the worries didn't seem quite so insurmountable because they were shared.

A reunion is just that - a reuniting of family. It is a time for reaffirming our love and loyalty, each to the other. It is a time for remembering as we recognize family features of members, who are with us now only in spirit, in the faces of the little ones.

Conversations are, I suppose, the same in every family . . .

"Doesn't he look just like Daddy?"  
"Do you remember that time down at Mama Beecher's when . . ."

"You look so good." (This in our family if you are plump and rosy checked. If you happen to be fashionably thin, somebody wants to know if you've been sick 'cause "you look peaked".)

And, as in other families, when we join hands in prayer to thank God for bringing us all together again, from all points in Texas and Oklahoma and even Mississippi, it is with the realization that no matter how far away we go, we'll always have each other. Not one of us can ever do anything bad enough to cause the others to stop loving us. We are family.

We come from a long line of love.

### Special Haying And Grazing Authorized

Drought conditions have severely affected the availability of livestock feed and forage supplies in Knox and Haskell counties. To remedy these conditions, USDA's Agricultural Stabilization and Conservation Service recently gave farm program participants special permission on haying and grazing privileges on acreage conservation reserve (ACR) and conserving use (CU) acres.

Other drought-relief measures approved by USDA include state-wide haying and grazing on annually idled acres, the relaxation of forage sales policies on this land, emergency feed programs and haying on FmHA inventory lands.

According to ASCS officials, there are no CRP acres which may be used for haying or grazing and approximately 70,500 acres of ACR and CU acres may be used for grazing and haying. The drought assistance measured are expected to benefit more than 900 producers in Haskell County and 500 producers in Knox County. To take advantage of these options, producers must apply in person at the county ASCS office.

"No haying or grazing is permitted without prior approval by the county ASC committee," county directors said.

## Benjamin News

By Mrs. Gladene Green

#### BABY SHOWER

Sean Michael Wilson was the star of the show last Thursday night when he was honored with a gift party in the home of Gladene Green. The young lad received lots of pretties. His mom can play dress-up for days, changing from one outfit to another.

About 35 guests were on hand to enjoy the fun, fellowship, and refreshments of cookies, punch, nuts and mints.

Hostesses were Jan Carver, Dorothy Hibdon, Jan Rolston, Mary Bohannon, Philomae Roberson, Judy Conner, Virginia Griffith and Gladene Green.

#### SURPRISE PARTY

For once in my life I was speechless, as I walked into the Memorial Building Saturday night and was greeted by many friends and my kids with the words "Surprise!", then the Happy Birthday song. Hard to believe that I didn't have some idea as to what was going on, but believe me, I didn't.

Tables were covered in white with red streamers and red candles. And all kinds of snacks, soft drinks and a gorgeous birthday cake were provided for the guests.

The "Country Gold" band of Munday provided music for dancing or just listening and the fun lasted until midnight.

Approximately 100 guests from Benjamin, Knox City, Munday, Goree, Crowell, Childress, Kirkland, Big Lake, Dumas, Amarillo, and Lawton, Okla. joined in to make it a very special day in my life.

Rick and Diane Herring were host and hostess for the evening assisted by Gordon and Debbie Taylor (of course you all know, those are my kids). And I loved every minute of it!!!

#### ON THE SICK LIST

Hes Hall is a patient in the Bethania Hospital in Wichita Falls. He is having a few heart problems and is undergoing tests and getting some much needed rest. He's in Room 540 and I'm sure a card would cheer him up.

W.T. Cartwright is in the Haskell Hospital. According to reports, he seemed somewhat improved Sunday, but is still pretty sick and will probably be hospitalized several more days.

Johnnie Williams was in Abilene one day last week to see an ear specialist. She is feeling better but still is not real "up to par". Also Clodell Duke was back in Wichita Falls to see her doctor Wednesday. Each day she's improving but her viral infection is just going to have to wear itself out with the help of her medicine.

#### HERE AND THERE

Steve Bisbee of Richardson was a weekend visitor in Benjamin.

### 1989 Acreage Reports Now Being Accepted

The Agricultural Stabilization and Conservation Service offices in Haskell and Knox Counties are currently accepting acreage reports for 1989 planted, idled and other farm program acres. The final reporting date is July 17, according to ASCS officials.

Farmers who meet this deadline will avoid paying a late fee.

Before program participants can receive price support loans, deficiency payments and other benefits, the entire farm must be certified. Program participants are required to report crops and acreages planted and the uses to be made of these crops, acreage conservation reserve, or idled cropland. ASCS directors say farmers who are not participating in the 1989 programs should report their crops to insure future benefits and to protect acreage bases.

Spring seeded crops may be certified at any time between 8 a.m. and 5 p.m. "We encourage farmers to certify as soon as possible after planting and not wait until the July 17 deadline to report their acres," said John Rector, Knox County ASCS director.

Appointments to report acreage can be made by calling the Knox County ASCS office at 817-658-3537 or the Haskell County ASCS at 864-2617.  
\*\*\*

### W. G. Club Meets At Frankie Ponder's

The W. G. Club met for their regular monthly meeting in the home of Frankie Ponder. A salad dinner was served with watermelon as dessert.

Gifts were exchanged and games were played by Allene Beaty, Juanita Massey, Elaine Gully, Pauline Morrow, Ruth Griffith, Viola Cude, Dorothy Putnam and the hostess, Frankie Ponder.

The next meeting will be in July in the home of Elaine Gully.  
\*\*\*

The world's largest island is Greenland. It's 840,000 square miles.

Fred Lewis (Screwdriver) Crenshaw of Abilene visited Rex and Maretha Patterson Saturday night. Maretha also told me that Rex's mom is improving. She's undergoing therapy now and is holding her own from day to day. It's good to get that encouraging report. Mrs. Pat is 90+ and has never known many sick days, so this is a very new experience for her. She's been very fortunate, seems like, having never been very sick.

My Saturday guests (before my party) were Gordon, Debbie, Beckie and Cody Taylor of Childress and Shane Harris of Kirkland.

Brenda Driver, Blake and Heath, of Albuquerque, N.M., visited Bertha Driver last weekend. Blake and Heath remained for a week's visit. Also visiting their grandmother and cousins this week have been Elisha and Kyle Speck of Knox City.

Randy and CeeJay Engbrock of Wichita Falls visited Randy's parents, Julia and Joe Trepanier on Saturday.

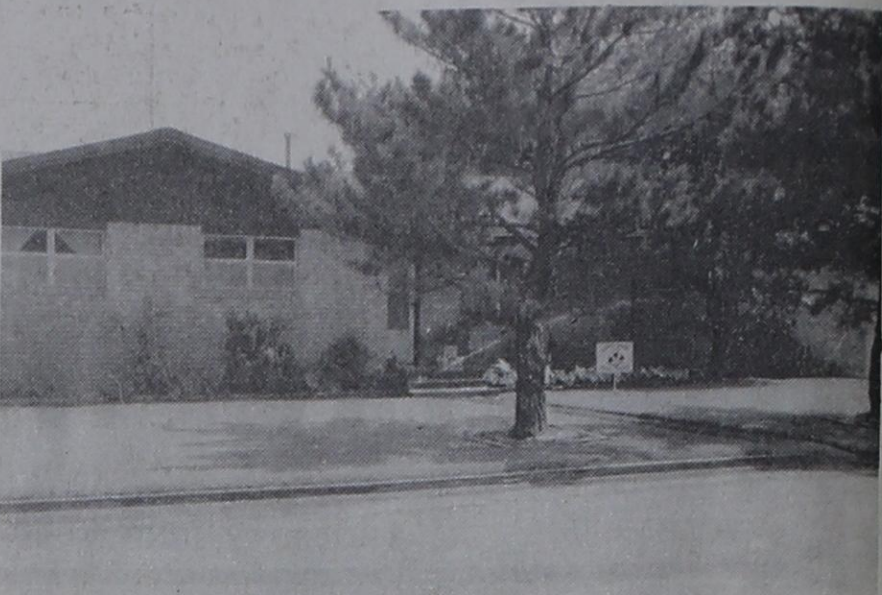

Weekend guests of Buster and Louella Tolson were LaRue and Bill Row of Big Lake, Dolores Brown and granddaughter, Tiffany, of Dumas, and Gertrude Jones of Lawton. They, along with Benjamin kids Buddy and Janice Tolson and grandkids, Beverly and Justin Baty, helped Buster celebrate his 82nd birthday with a family dinner in their home.

Connie Harvey and Paula of Haskell were Saturday visitors of her mom, Lois Golden, and her sister and family, the Randy Hiddons.

Travis Brown Sr. of Trenton, Ga. was a recent visitor with Benjamin friends and relatives.

Saturday night guests of Collins Moorhouse were Jan and Liz Foley of San Angelo. Jai Jai McGuire of Quitman is still a visitor with Collins.

Kent Hertel of Weatherford, Oklahoma was a weekend guest of his parents, Don and Louise.

YARDS AROUND MUNDAY are beginning to take on new life after being damaged in the May 15 hail storm, and the Munday Garden Club Yard of the Week judges were impressed by the look of the Allen Beaty yard at 110 West M. The neatly trimmed lawn, colorful window boxes and beds of elephant ears offer a pleasing sight to local residents and earned Yard of the Week honors.

## Warm Weather Tick Bites Can Lead To Lyme Disease

Warm weather signals the start of tick season in many areas of the country, including Texas. According to the Arthritis Foundation, the bite of a certain type of tick can also pass along Lyme disease.

"Lyme disease can cause a number of health problems, including arthritis or problems with the nervous system, that can be prevented if people recognize symptoms early and see their doctor," said Judi Moulton of the Arthritis Foundation's Northwest Texas Chapter.

Most people do not spot or remember a tick bite because the tick is so small. People are more likely to spot early symptoms of Lyme disease including a flu-like illness and a skin rash. The rash can appear from three days to as long as a month after the bite and often looks like an expanding red ring with a clear center.

Early treatment of Lyme disease with antibiotics can prevent more serious medical problems, said Moulton. If left

untreated, Lyme disease can cause problems with the nervous system, heart, and produce a disabling type of arthritis in the knees. These problems can occur months to years after the tick bite and often are confused with other diseases, such as osteoarthritis in the knees. Treatment is more difficult and less successful if Lyme disease is not recognized until these later stages.

Ms. Moulton explained that Lyme disease can also affect pets and farm animals. Symptoms in animals can often be the first clue that infected ticks are in the area.

There are precautions people can take to avoid tick bites. These include wearing protective clothing, checking for ticks when returning from the outdoors, and clearing your yard of brush and other attractions for ticks.

A free brochure on Lyme disease is available from the Arthritis Foundation by writing 3145 McCart, Fort Worth, TX 76110.

### CONTROL TICKS NOW

If you have observed your dog recently you might have noticed the animal may have some ticks.

I have had a problem with our family pet, particularly "seed ticks". Ticks usually infect dogs in the spring as temperatures warm. The reason for the onslaught of ticks is that they have just hatched from eggs as the first generation of ticks. After hatching, the "seed tick" then climbs on grass and awaits a host which in most cases is a pet. After engorging for up to a week the tick drops from the host, molts and then seeks another host. As the tick finds its second host it becomes an adult where it will mate and if the female will engorge with blood, drops from the host and lays 3000-6000 eggs. The female then dies.

So knowing this, it is important to control the ticks before several females lay eggs.

To control ticks properly there are several steps that must be taken. First, treat the yard, then the shelter. Control measures for this include Dursban, Lorsban, diazinon, Seven and propoxur (Baygon). Be sure to read and follow

label recommendations.

Next treat your pet. There are several commercial dog dips available for use. To aid in prevention of reoccurrence, a tick and flea collar can be placed on the pet. Again there are many commercial collars on the market. If your pet is allowed in the house, then control measures should also be taken indoors. Chemicals that can be used with minimal odor include Dursban LD, Ficam-W, pyrethrins, resmethrin and dichlorvos (Vapona).

If the pet is allowed to roam, reinfestation is certainly possible and control measures may need to be taken by re-

peating step. Another idea is to get neighbors with pets to treat yards simultaneously to prevent relocation of ticks and this also can make the procedure a less costly investment.

## Sorghum Producers Of Texas To Elect Directors

Texas sorghum producers are slated to elect six directors to the Texas Grain Sorghum Producers Board (TGSPB) this summer.

The election will mark the final phase of a statewide districting plan that began in 1987. Following the balloting, three directors from each of the state's five districts will have a seat on the Board. The districts have been created to give greater representation to all sorghum producing regions of the state.

Directors will be elected in only four of the districts this year - the Panhandle, East Texas, South Texas and the Upper Coast. The only district not holding elections is West Texas. In future elections, one director will be elected from each of the five districts every other year.

Any person engaged in the business of producing grain sorghum is eligible to vote, including owners of farms and their tenants and sharecroppers, if the production occurs within the area covered by the Board and if the producer is required to pay the assessment that is

collected on grain sorghum in Texas. The assessment is collected on a refund-only basis and is used to fund programs of research, disease and insect control, education and promotion.

Any person eligible to vote may place his name in nomination for membership on the Texas Grain Sorghum Producers Board. Nominations must be filed with TGSPB no later than August 2, 1989. Forms must be signed by the nominee and ten eligible voters, and must include their current mailing addresses. Nomination forms, although not required, are available from the TGSPB offices, P.O. Box 530, Abernathy, TX 79311.

TGSPB will provide ballots to eligible voters prior to the election. These ballots must be postmarked before midnight September 1, 1989. Persons qualified to vote, who do not receive a ballot 15 days prior to the election, may obtain one at their local county Agricultural Extension Office or grain elevator.

## Becky Walker Becomes Bride Of Tom Moorhouse

The brush arbor on the shore of the Moorhouse Lake west of Benjamin was the scene of the Saturday morning wedding of Rebecca Elliott Walker and Tom Moorhouse. Officiant for the June 17, 1989 nuptials was Tom Hale of Guthrie. Parents of the couple are Mr. and Mrs. Manford Elliott of Seymour and Mr. and Mrs. Togo Moorhouse of Benjamin.

Freshly cut cedar branches on the arbor shaded the wedding party and guests. The wildflowers blooming by the lake, the green grass and the mesquites brought added beauty to the ten o'clock ceremony. Columns of white tulle and satin bows marked the altar area.

Guests were chauffeured from the parking area to the arbor in horsedrawn buggies and wagons. Drivers were R.C. Daniel and Bob Moorhouse.

Attendants arrived in a double buggy driven by Jody Moorhouse, daughter of the groom.

Organist for the occasion was Jo Ann Maddox of Knox City. Vocalist was Susan Jones of Guthrie, who sang "Annie's Song". She was accompanied by guitarist, Byron Garrison of Paducah.

Maid of honor was Jody Moorhouse. Her tea length gown was a Bianchi in aqua flower garden chintz and was fashioned with an elongated waist, French puff sleeves and bows over the shoulders. Seth Walker, son of the bride, was groomsmen and Jed Moorhouse served his father as best man. The men of the wedding party wore dark jackets, new Wranglers, white shirts, and black string ties.

The bride arrived at the arbor in a single buggy driven by her father and was escorted to the altar by her son, Brad Walker.

For her wedding, Becky chose an original gown by Jessica McClintock. The Victorian dress in white cotton batiste was styled with an elongated bodice enhanced with Chantilly and Venise laces which were repeated on the hem of the ankle-length bouffant skirt. She carried a sheaf of pink rosebuds and baby's breath and wore a white silk organza flower in her hair.

Following the ceremony, a reception brunch was served under the chuckwagon tent. Brunch included finger sandwiches, sausage meatballs, ham roll-ups, pasta salad, fresh fruits, cheeses, punch and iced-tea. The lid for the chuck box held the four-tiered wedding cake, which was made by Linda Green of Guthrie. It was topped with a Precious Moments Cowboy and Cowgirl, backed with a horseshoe and lariat, and was served by Paige Holt of Dallas and Gruver. Food for the brunch was prepared by the ladies of the ranch and by Pryor Cowan and Melinda Mendoza

of Seymour. Reception assistants were Jo Alice Stout, Patsy Cooper and Trixie Holt, cousins of the bride.

Following the wedding reception, the guests were invited to the Pitchfork Ranch west of Guthrie for an afternoon and evening of fun and fellowship honoring the newlyweds and hosted by the groom's brother and sister-in-law, Bob and Linda Moorhouse.

The activities began at 2 p.m. with polo games between different ranch groups. A barbecue of brisket and all the trimmings followed at 6 p.m. in the back yard of the Moorhouse residence at Pitchfork Headquarters. The green grass, trees and shrubbery provided an inviting setting for the meal.

The day concluded with a dance on the brick terrace at the ranch, with the group "New West" providing the music.

For a wedding trip to Northern New Mexico, the bride chose a blue chambray dress with western accessories.

Becky and Tom are now at home on the Moorhouse Ranch west of Benjamin.

## Senate Passes Reform Bill

The Texas Senate last week overwhelmingly approved a far-reaching workers compensation bill providing insurance rate rollbacks and establishing an employer bill of rights.

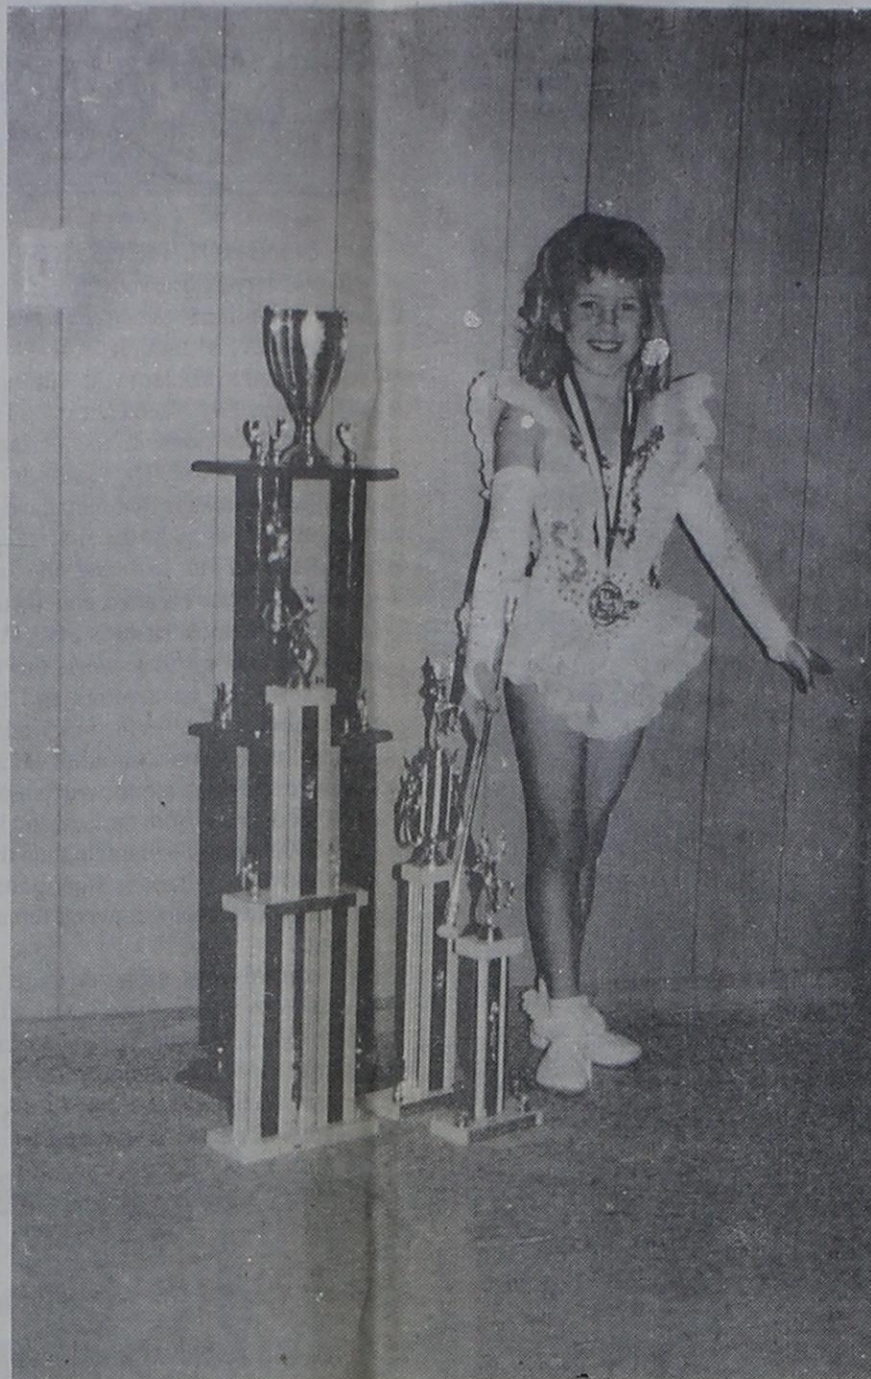

"This bill is a victory for the people and keeps special interests at bay," said Senator Steve Carriker, Democrat of Roby. "For the first time we have a real opportunity for small businesses to reduce their costs and stop subsidizing out-of-state conglomerates."

Through a logically organized mediation process, injured employees and their employers will no longer be at the mercy of insurance company executives or unethical practitioners, Sen. Carriker said.

"Under Senate Bill 1, there will be much less need for parties to appeal decisions, but we preserved every person's right, rich or poor, to have a trial by a jury of peers," he said.

A key provision of the bill written by Sen. Carriker offers small employers the opportunity to make group purchases of workers compensation insurance at volume discounted rates, an advantage previously reserved for only the state's largest businesses.

Other major parts of Senate Bill 1 anticipate the establishment of money-saving deductible options, increase the agricultural exemption from 3 to 4 employees, provide medical cost containment and a comprehensive worker safety program.

ANGELA ALBUS

## Angela Albus Attends State NBTA Meet

Angela Albus competed in the National Baton Twirling Association Texas State Pageant and meet held June 16-18 at the University of Texas Convocation Center in San Antonio.

Competing in the 7-9 year old division, against 15 others young ladies from around the state, Angela received first place honors in beginner 7-year-old solo and first place overall in the group. She also placed first in military, second in fancy x-strut with a fourth overall, and fourth in modeling.

Angela also competed in the Texas State Miss Majorette Pageant and was chosen second runner-up in her division.

## PeeWee Baseball Score Board

On Tuesday, June 20, the Rangers outscored the Bears 14-11. Making runs for the Rangers were Amanda Myers, Andrea Brown, Jason Key, Eric Beaty, Welsey Spells, 2 each, and Tony Shahan, Brandon Sosa, B. J. Brown and Treva Dockins, 1 each.

Scoring for the Bears were LaTosha Washington and Lanessa Wilson, 2 each, and Jenifer Yates, 1 orin Clem, Willie Beamon, Susan Baker, Laci Myers, Bonnie Sandoval and Ramerio Nunez, 1 each. Lanessa Wilson hit an exciting home run in the third quarter.

The Astros slipped past the Mets in the Tuesday night game, but got beat by them Friday night. Scores were unavailable. Tanya Greenwood hit a home run in the last game of the season for the Mets.

Friday night, June 23, the Rangers edged by the Bears with a final score of 12-11. The Rangers lost only one game during the season.

All Stars were chosen following the last game. They are listed in another article in the Courier.

## TDA Announces Surplus Hotline

The Texas Department of Agriculture has announced the opening of the SOS (Share Our Surplus) hotline. The number is 1-800-9929-SOS.

The hotline will serve as a communications center for a statewide food assistance distribution network.

Producers who have surplus food to donate can call the hotline day or night, seven days a week.

For more information concerning the food surplus program, contact Ronald Bertrand, district director for the Department of Agriculture at (817) 552-9954.

## Beecher Descendants Gather For Reunion

The annual reunion of the descendants of the late Evert and Jessie Beecher began Saturday evening, June 24, with a cookout at the home of Andy and Christye (Greenwood) Gannaway in Haskell. Hamburgers, chips, dips and dessert were served to numerous family members in the shaded back yard.

The festivities continued as the family met for a day of feasting, visiting and singing at the Goree Community Center on Sunday, June 25.

Fifty-four members and guests were present this year. They included the family of Mrs. Ida Holloway - Jo Ann and Laney Reagan of Littlefield and Carolyn Grand of Plainview; the family of the late Edgar Beecher - Mrs. Kate Beecher of Dimmitt, Lila Jo Prather of Jackson, Mississippi, Beth McClendon and Trent, Matthew, and Chase McClendon of Dallas; Mrs. Hettie Dutton and her family - Anna Loy and Lisa Onley and Lynda Dutton, all of Lubbock; Mrs. Frankie Ponder of Munday and her family - Tommie and Felton Raynes of Sulphur, Oklahoma, Charles, Gay and Chad Yost of Munday and Phyllis Dunn of Moore, Oklahoma.

Also, the family of the late Pete Beecher - Mrs. Pauline Beecher, Tommy and Joyce Greenwood, Ray and Gayle Hudson, Butch and Cheryl Greenwood, Tanya and Heather, Joe and Deanna Greenwood, Joey, Bobby and Kourtney, Amy Greenwood, Mark and Michele Haskin, Dean and Alan, and Jason Harris, all of Goree, Calbert and Nell Haskin of Lipan, Andy and Christye

Gannaway, Kurt and Matthew McCord of Haskell, and Wade and Pam, Britni and Brian Haskin of Texarkana.

Guests included Mrs. Mary Edna Hendrix of Dimmitt, Mrs. Lorrye Lou Moore of Rising Star, and Mrs. Eunice Raynes of Munday.

## Medicare Assignment List Available Free

People who want to choose a doctor or medical supplier who accepts Medicare assignment, can review a list of names for this area, says Frances Braden, resident representative of the Vernon Social Security office.

The names and addresses of Medicare-participating doctors and suppliers are listed in the "Medicare-Participating Physician/Supplier Director." The directory for this area is free of charge from your Medicare carrier (carriers are listed in the back of The Medicare Handbook), or you can call your carrier and ask for names of some participating doctors in the area. Also, the directory is available for review in all Social Security offices and in most hospitals.

Doctors and suppliers can sign agreements to become Medicare-participating doctors or suppliers. This means that they have agreed in advance to accept assignment on all Medicare claims. Doctors and suppliers who do not sign agreements to become Medicare-participating have the option on a case-by-case basis of whether or not to accept assignment.

People who need a copy of the handbook can call the social security toll-free number, 1-800-2345-SSA.

Nichols, Angel Castorena and Lucas Castillo.

## Truscott-Gilliland News

By Mrs. Clara Brown

The past week was mostly clear and sunny. Saturday and Sunday were especially pretty with billowing clouds all around.

Was that right? Did the clouds actually "billow" over the weekend? Well, according to the dictionary "to billow" means to rise or roll in waves or surges; to bulge or swell out through the action of the wind. There wasn't any surging,

just these pretty medium-sized clouds floating around with lots of curves to them. Since the clouds did have places where they swelled out, "billowy" might be a good choice. However, these weren't sky-filling type clouds, but just pleasantly big enough to cast shadows here and there. Would pre-billowy be a better description of these pleasant formations?

The tractors roared across the fields all week and are still going as this week begins. A few are through, but there are still many acres thick with volunteer wheat yet to be turned under. We are almost back to normal on wanting rain. Some grass is beginning to lose its green and every wheat farmer who finishes plowing is ready for rain, at least on the plowed wheat fields.

There will be NO Grandma's Dinner in July. When the Grandma's started talking about the July dinner they discovered that several workers will be out of town the second Sunday so it was decided to omit the July dinner. Sorry, but Grandma's Dinner takes a good sized crew, especially when most of them are grandmas.

Scottie Burgess and Sybill Simmons visited the Rameses II exhibit at Dallas Saturday with a group of senior citizens from the Seymour Baptist Church. They left Seymour at 6 a.m., spent 2 1/2 hours at the exhibit, and were back in Seymour by 8 p.m. Both said the trip was well worth it to see the exhibit.

Several from Truscott and Gilliland attended the reception honoring Donald Lee and Kim Cash Miller on Sunday afternoon in Benjamin.

Lura Hughes Caughan of Lubbock visited at the Gilliland Baptist Church Sunday. Her husband and brother were with her.

Patty Alexander was in Lewisville Sunday, June 18, visiting Mac, Linda, Erin, Ashley, and Jesse Alexander. While there she watched Ashley perform in a ballet.

Funeral services were held at Sunset Memorial in San Antonio last Wednesday for the sister of Carrie Barry. Lily Maierhofer was 93. She was survived by a son, Robert Lee Maierhofer, also of San Antonio. Carrie and her daughter, Bette Adkins, attended the services.

Grandson Joe Wayne Barry is still visiting Carrie and Harold Barry. Bette

Adkins also has been visiting them.

A granddaughter of J.A. Moody stopped by the Truscott Community Center one day last week and visited with Clara Owens and Vivian Brown as they quilted. The visitor was Naomi C. Mozley Lewis of 1120 W Nectarine Avenue, Lompoc, California. She said it had been 50 years since she had been to Truscott.

Paul and Ila Mae Bullion and their granddaughter, Crystal Dishman, attended the Sparks family reunion at San Angelo Friday to Sunday. Sparks was Ila Mae's mother's family name.

The June 5, 1989 Texas Farmer-Stockman magazine has an article featuring Derrell Havins of Amarillo, son-in-law of Shirley and Ruth Moore. He is safety specialist for Texas Cattle Feeders Association and is the only full-time safety specialist in the livestock industry. He was previously safety director for Pioneer Corporation for 16 years. He has placed 65 of the 165 feedyards in the organization on a safety program that has "cut insurance costs and made the yards safer and more competitive."

## Weinert News

By Mrs. Myrtle Phemister

The first day of summer came on Wednesday almost unnoticed, as we continue to enjoy the nice weather.

There continues to be more family reunions, and among them was the gathering of the R.J. and Treasurer Walling descendants, who gathered at the Munday Community Center on Saturday, June 17, where 64 of the family enjoyed the time visiting, eating and other activities associated with reunions.

There were five brothers and one sister in the original family group, and they all were in attendance. The party was hosted by Weldon and Nova Walling.

Leonard Mahan attended the Allen reunion held in Kaufman the past weekend. His two brothers, Jim and Bill Allen of Phoenix, Arizona, were here

for a visit with their mother, Francis Mahan, and they all made the trip together to Kaufman.

Lorie and Tabitha Sadler, of Mineral Wells, spent last week with their grandparents, Leonard and Linda Mahan, and Donald.

Mr. and Mrs. Mondy Mayfield have returned from their honeymoon and are at home with his parents for a while. Welcome to Weinert, Debra.

Helen Boykin spent a few days in Texas City and attended the 25th wedding anniversary celebration of her son, Doyle and Rita Boykin, which was hosted by the couple's two children, Michael and Tommy Boykin of Texas City.

The First Baptist youth group returned home Friday night after an inspiring encounter at the Glorieta Baptist Camp held at Glorieta, N.M. each year. The group went with the Haskell First Baptist group, and those in attendance were: Mitch Mayfield, Shanna Murphy, Susan Whittemore, and Cindy Guess, youth leader.

Mary Murphy and Karen Harlan, with Lane Murphy, Jeremy and Lynzie Harlan, attended the Albany Fandangle on Thursday night, and report that it's the best ever.

Congratulations to Andrew Sikes who was named to the Little League All Star team on Thursday night. Andrew celebrated a birthday on Friday. He plays on the Red Sox team with Munday Little League.

Other Weinert children named to the All-Star team were Heather Guess, T. Nichols and Jessie Castorena, who play with the Astro team in the Pee Wee League. The All-Star game will be play on Thursday night, June 29 at 7:30 p.m. in Munday. Congratulations. Jace Yates played with the Astros in their winning game on Friday night.

Thomas Alexander of San Antonio is staying a few days with his mother, Bertie Alexander, who is improved in health, but unable to stay alone.

Mrs. Roy Herricks is at home after a lengthy stay in the Stamford Hospital.

Mr. and Mrs. Ed Murphy were in Plains last Friday to attend the memorial services for his aunt, Margaret Powell, who has been ill several months with cancer. Our sympathy.

Mrs. Stanley McMillen, sister-in-law of Faye Jetton, has completed her treatments and is doing fair. The Jettons were in Newcastle to visit the McMillens on Wednesday.

Mr. and Mrs. Marvin Phemister attended the SWCD board meeting and fish fry hosted by the president, R.V. and Violet Earles, at their lake cabin, on Friday night.

Mr. and Mrs. Donny Harbers, Dustin and Lanona, of Rotan, were in Weinert on Sunday, and Donny was visiting pulpit minister at the First Baptist Church.

A pot-luck luncheon and fellowship hour followed the morning worship service.

Some of our local young farmers have their crops in order and have moved south with their combines and crew to help with the milo harvest.

John Bruggeman was part of a crew that left on Friday. Good luck, all of you, and have a safe return.

Our birthday people this week include Brenda Sanders, Jerry Hester, Eddie Sanders, Julian Estrada, Angel Castorena, Shannon Forehand, and Laurie Hester. Happy Birthday, all.

Those celebrating wedding anniversaries are Billy Joe and Joyce Robertson. Congratulations.

Coming Soon: July 4. Have a safe one, and have a nice day.

To get Brazil nuts out of their shells unbroken, freeze them until the shells crack.

## Letter To The Editor

Dear Editor:

Beef is back. That's good news to those of us who enjoy eating beef, whether it's a lean, tender steak; a convenient, flavorful roast; or a burger with all the trimmings. It's also good news to those of us who are beef producers.

Beef is big business. The beef industry is the single largest segment of American agriculture with sales of cattle and calves accounting for about 22 percent of total receipts from farm marketing. In Texas, cash receipts from cattle and calves totaled \$4.9 billion in 1988. And every dollar of cattle sales directly generates an additional \$5 to \$6 of business activity in the farm supply and food businesses.

There's an important reason why beef is back. Beef producers became part of a new era in the beef industry on October 1, 1986, when the national beef checkoff program began. Through the checkoff, beef producers invest one dollar per head of cattle sales in a program which funds beef promotion, education and research at both the national and state levels.

June 27, 1989, marks the 1,000th day of the national beef checkoff program - 1,000 days of solid progress for us in the beef industry. The result is a better, more nutritious and enjoyable product for consumers and improved profitability for the biggest single sector of the agricultural economy.

Sincerely,  
Dick Yeager

## Local Grads Make Tech Dean's List

Holly Hutchinson and Chad Yost, students at Texas Tech University in Lubbock, have been named to the Dean's List for the 1989 spring semester.

Students on the Dean's Honor list earned a grade-point-average of 3.5 to 3.9 while enrolled in 12 or more hours of class work.

Holly, the daughter of Jerry Don and Joan Hutchinson of Munday, is a senior elementary education major and Chad is a freshman management information systems major at the university. He is the son of Charles and Gay Yost of Munday.

## Goree News Items

By Mrs. Grace Smith

### HOSPITAL NOTES

George Hunt is convalescing at home after undergoing surgery and medical treatment at Methodist Hospital in Lubbock. He returned home on Sunday.

Mrs. Winnie Howry and Mrs. Rhogenia Howry of Levelland were in Wichita Falls last Thursday for Mrs. Winnie Howry's medical checkup.

Mr. and Mrs. Merle Lambeth, Lois Howard, and Nahwana Donoho were in Lubbock last Monday for Mrs. Lambeth's medical checkup.

Felton Lambeth was in Wichita Falls last Monday for an eye checkup.

### GRANDSON HONORED

Jonathan Barnes, a student at Agnew Junior High School in Mesquite, was honored for his academic achievement at a statewide ceremony June 17, at Baylor University in Waco. The recognition ceremony is sponsored by Duke University Talent Identification Program to salute the seventh graders from Texas who qualified in TIP's ninth annual talent search. All students invited to the ceremony have earned scores on the Scholastic Aptitude Test comparable to college bound high school seniors.

Jonathan is the son of Judy and Dave Barnes of Mesquite and the grandson of Dixie and the late Jay Elliott of Goree.

### CEMETERY ASSOC. MEETS

The Goree Cemetery Association had a called meeting last Thursday evening, June 22, to discuss the water situation at the cemetery. Water has been going into the cemetery.

Those attending the meeting were visitors, Mrs. Johnnie Quisenberry, Mrs. Sue Woodall, Mr. and Mrs. Jack Beaty, Mrs. Bobby O'Neal, Miss Essie Mae Moore of Seymour, John W. Yates of Bomarton, Mrs. JoAnn Marr of Munday, and Jack Moore and Mrs. Dorothy Segler of Holliday, and representatives

of the Soil Conservation office in Knox City.

Also attending were Dolan Moore, Johnny Moore, Ina Scarborough, Alene Seals, Ballie Cooksey and Taylor and Margie Allen of Goree.

### ATTENDS REUNION

Forty-four descendants of the late Hill and Johnnie Allen met Saturday, June 24, at the Goree Memorial Building. Those attending were Flo Price, Sterling City; Mr. and Mrs. Courtney King, Emily, Joe Ellen, and Lila, Snyder; Mr. and Mrs. Dan Johnson, Taylor and Laura, Big Spring; Lois Liles, Mr. and Mrs. Tommy Boyd, and Mr. and Mrs. Stan Liles and Aimee, Throckmorton; Mr. and Mrs. Jack Wright and Mr. and Mrs. Clay Wright and Audie, Lamesa;

Also, Mr. and Mrs. Mark Allen, Clarendon; Mr. and Mrs. Rhoades Allen, Denton; Mr. and Mrs. Dwight Reeves, Steven and Amanda, Decatur; Mr. and Mrs. Randy Reeves and Aimee, Marietta, Okla.; Mr. and Mrs. Kevin Allen and Cameron, Abilene; Lynda Burris, Childress; Mr. and Mrs. Greg Melton, Taylor and Brady, Haskell; Denise Turner, Rule; and Mr. and Mrs. Taylor Allen and Mrs. Jo Moore, Goree.

Guests in the home of Mrs. W.M. Taylor last week were her brother and wife, Mr. and Mrs. Lucian Madole and their daughter, Mrs. Floyd Langlois of Conroe.

Visiting Mr. and Mrs. Mutt Chamberlain last Thursday and Friday were Mr. and Mrs. Bill Fitzgerald of Euless.

Mrs. Lois Myers, Karen, Misti, and Becky of Joshua, visited Mr. and Mrs. Ira Hargrove on Sunday.

Dinner guests in the Elkin Warren home Sunday were Greg Melton of Haskell and Mr. and Mrs. Taylor Allen.

Mr. and Mrs. Gary Hale are in Nashville, Tennessee for a few days at the Music Square where Gary will be doing some recording.

Mrs. Winnie Howry and Mrs. Rhogenia Howry of Levelland visited Mr. and Mrs. Jackie Howry, Melanie and Beckie, in Wichita Falls last Thursday.

Dinner guests in the home of Grace Smith Sunday were her son and family, Mr. and Mrs. Gordon Smith, Steven and Jonathan of Munday, and her grandson and wife, Billy and Gina Simaichl, of Seymour.

Mrs. Debbie Choate of Wichita Falls visited Mr. and Mrs. Felton Lambeth Sunday. Her daughter, Crystal, who visited her last week, returned home.

Visiting Les Jameson last week was his daughter, Mrs. Becky Literal of Bakersfield, Calif. Also visiting in his home last week were Rosemary Farley and Ruth Jameson of Kerrville.

Visitors in the Johnny Moore home last week were Mrs. Betty Moore of Lewisville, Mrs. Melinda Shelton, Dustin and Matthew, of Tyler, Mrs. Florene Price of Sterling City, and Shelley Moore of Mexia.

Mr. and Mrs. Tommy Howry and Tommy II of Levelland visited several days last week with his mother, Mrs. Winnie Howry. Miss Lori Howry of Levelland visited during the weekend with her grandmother.

Mrs. Marcie Oaks spent several days last week with her sisters, Donna and Leslie Hale, while their parents, Mr. and Mrs. Gary Hale, were in Nashville, Tennessee.

Visiting Mr. and Mrs. Tommy Greenwood and Amy during the weekend and attending the Beecher reunion were Mr. and Mrs. Laine Raigen of Littlefield, Mrs. Caroline Grand of Plainview, and Mrs. Lorry Lou Moore of Rising Star.

Kenneth Roberts of Plainview visited Saturday night and Sunday with his mother, Mrs. Ina Roberts and in the Wallace Roberts home.

Visiting Mrs. Mable Jacobs and Jeanette during the weekend was her daughter and family, Mr. and Mrs. Cloyce Mitchell and Misti of Wichita Falls.

Mr. and Mrs. Keven Allen and Cameron of Abilene visited his parents, Mr. and Mrs. Taylor Allen, last week. Visiting Mr. and Mrs. Joe Birkenfeld during the weekend was their daughter and family, Mr. and Mrs. Tony Scott and Amanda of Snyder.

Rev. and Mrs. Wayne Varnell and Richard spent several days last week visiting their parents. They visited several days with her parents, Mr. and Mrs. Leland Marshall in Corpus Christi, then on to Austin where they visited his parents, Mr. and Mrs. Ferman Richard Varnell.

Mr. and Mrs. Felton Lambeth visited their son, Mr. and Mrs. Cordas Ray Lambeth, in Wichita Falls last Sunday night. Their great-granddaughter, Crystal Choate, returned home with them for a week's visit.

### Look's Who Here!!

Tommy and Lezlie Parrish would like to announce the arrival of their daughter, Alyssa Carol, born Thursday, June 22, 1989. She tipped the scales at 7 lbs. 12 ozs. and was 20 inches long.

Grandparents are Mr. and Mrs. Ben Parrish of Ballinger and Mr. and Mrs. Byron Gass of Goree. Great-grandparents are Mr. and Mrs. Walter Middleton of Ballinger, Mr. and Mrs. Marshall Gass of Goree and Leslie Phillips of McKinney.

She has aunts and uncles and cousins ready to help spoil her, including her Aunt Carol Davidson of Wichita Falls.

The globefish staves off predators by gulping a large quantity of water, till it becomes simply too large to be swallowed by its enemies.

The Teddy Bear is named for Teddy Roosevelt.

## Safe Fourth Of July Calls For Caution With Fireworks

Every year, the same story unfolds. A child setting off fireworks at a family Fourth of July picnic is brought to a local hospital's emergency room for medical treatment. Numerous cases of hand or facial burns, eye injuries and even hearing loss will occur throughout Texas this summer as a result of unsupervised and careless handling of fireworks.

The most common cause of injury is due to unsupervised children playing with fireworks. Fireworks can cause burns to the fingers and hands, ignite clothing, and cause possible loss of fingertips. These cases usually occur because the handler has not released the firework before it exploded or the firework has misfired.

Dr. Rich Cole, emergency room physician at Scott and White Hospital in Temple stresses that children should not play with fireworks. "These are not toys," he says. "Even children with sparklers should be supervised. Toddlers will grasp at the lit sparkler, which is hot enough to burn someone."

Eye injury is another area of medical concern when it comes to fireworks safety. According to the American Academy of Ophthalmologists, close to 4,000 people will suffer eye injuries, with 1,000 resulting in permanent vision loss, due to faulty firework handling.

Dr. Richard D. Cunningham, director of the Division of Ophthalmology at Scott and White in Temple and professor at Texas A&M University College of Medicine, points out that bottle rockets are responsible for more than half of these injuries.

"I cannot describe the tragic feeling

when we have to remove eyes from children or adults and know the injury was preventable. Wearing protective goggles or glasses will prevent most eye injuries," Dr. Cunningham says.

Children and people who have been drinking alcoholic beverages should never be allowed to handle or ignite explosive fireworks. Alcohol has been proven to slow down response time.

Nationwide, more than half the states have adopted a model law which limits the use of fireworks to licensed displays or relatively safe fireworks such as sparklers. A three-state study indicated that there were ten times more fireworks injuries where no model law was in effect.

Individuals who plan to include fireworks in Fourth of July celebrations are urged to take the following precautions:

\*Always wear safety goggles or

glasses when setting off fireworks.

\*Only adults should handle or ignite explosive fireworks.

\*Adults should be present to supervise children during the use of the relatively safe fireworks such as sparklers.

\*Do not put firecrackers in a bottle or tin can, or under a clay pot. When such objects shatter, the fragments are often propelled into the eye, causing serious eye injury.

\*Know what you are buying in terms of firepower and the appropriate safety measures for igniting the firework.

\*Do not use fireworks near dry grassy fields or shrubbery. Firework sparks and hot Texas summers are the right combination for the wrong event - fires.

### Little League Score Board

On Thursday, June 22, the Braves beat the Yankees by a 17 to 6 score. The Cardinals lost to the Red Sox 9-8.

Following the games, the all-stars were announced and the coaches chosen. They are listed in another article in this week's Courier.

### Thank You

Thank you dear friends for all the cards and telephone calls during my recent illness. Thanks to Nancy Whittemore for carrying me to Haskell and Bobby Hutchinson and Reba Redder for getting me to Wichita Falls. A big thanks to my doctors and good nurses for getting me through my operation, my family for support and holding things together until my return home, and to my Heavenly Father, for I know that things could have been worse than they are now. I am truly thankful.

### KIDS IN SAFETY SEATS - IT'S THE LAW

Did you know that a child is more likely to die as a passenger in a motor vehicle accident than from any other cause of death? That collisions are the main cause of traumatic epilepsy among children, and that they often inflict mental retardation and spinal cord injury as well? That in a 30 mile an hour crash, your unrestrained child would be thrown with approximately the same force as if he or she were falling from a third story window?

These are just a few of the alarming facts you should know about children and motor vehicle accidents. Many people are unaware of the dangers their children face during such accidents - dangers that could easily be prevented by using safety seats.

**TEXAS LAW:** "Texas law says children under the age of two must ride in an approved safety seat. From age 2 to 4 children may ride either in a safety seat or buckled by a safety belt. Drivers are responsible for children under four, and for any front-seat passengers between the ages of four and 15. If you are caught breaking the law, you could be fined \$25 to \$50, plus court costs. If a wreck catches you or your child unrestrained, the price could be far higher.

#### TIPS FOR PARENTS ON CHILD SAFETY BELTS

Fact: Automobile accidents are the number one cause of death for children in the United States!

Fact: Child safety seats decrease both deaths (by 71%) and injuries (by 50%) during automobile accidents.

Fact: Only approximately 25% of Texas children (birth to four years old) ride protected in correctly installed child safety seats.

Fact: Many parents who do put their children in child safety seats and think they are protecting their children actually use the seats incorrectly! It is extremely important to read the manufacturer's directions when installing and using child safety seats.

Fact: Holding your child in your arms could result in tragedy; your child could be crushed by your own weight during a crash. You simply cannot hold and protect your child from the tremendous

force of a collision, no matter how hard you try.

Tip: The two or three minutes it takes to buckle children into safety seats is worth it, even on short trips. Seventy-five percent of all automobile accidents happen within 25 miles of home at slower speeds.

The Knox County Extension Service

is offering a free mailout series on "Kids in Safety Seats". Some of the topics it will include are: Which Seat To Choose, How To Select A Seat and How To Install and Use the Seat Correctly. You may receive the letter series by calling the Extension Office (454-2651) or dropping us a note at Box 22, Benjamin, Texas 79505. Deadline to sign up is July 7.

Unlike adults, children have little to say about the protection they will or will not receive in car crashes. They rely on parents to choose to make them safe in cars by correctly buckling them up ... every trip.

## Grants To Help Rural Hospitals Are Doubled, Says Sen. Gramm

The House has agreed to accept a Senate provision in the Urgent Supplemental Appropriations bill to double the number of grants available to aid struggling rural hospitals, says U.S. Senator Phil Gramm.

"The Health Care Transition Grant Program will now provide 160 grants of up to \$50,000 each to help non-profit, rural hospitals, many of which are struggling to survive these days," Gramm said.

"Specifically, the grant program will provide more than \$8 million which is critically needed so that small hospitals in rural areas can change their method of operation in order to cope with changing demands for services," the senator said.

"I believe that it is vital that we explore every avenue to assure that health care continues to be available in rural areas," he said.

"Many small Texas hospitals have

expressed to me their interest in seeking these grants, so doubling the number available will ultimately double their chances of gaining aid," Gramm noted.

The senator also said that his Rural Health Task Force is currently gathering data from across Texas in preparation for making recommendations to Congress and the administration on the growing problem.

Gramm, a member of the Senate

Appropriations Committee and the House-Senate conference committee which hammered out details of the bill, said he was particularly pleased that the House had agreed to accept the Senate proposal.

## ACCREDITED BY THE AMERICAN COLLEGE OF RADIOLOGY BREAST CANCER DETECTION UNIT

available to area women!

TUESDAY, JULY 11TH  
THE AMERICAN CANCER SOCIETY  
MUNDAY, TEXAS

Call 422-4222 for appointment

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is, currently estimated

that over 37,000 women die each year as a result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. **The cost is only \$50.00.**

A mammogram can detect a cancer this small, even before it can be felt.

# When you are experiencing Heart Attack Symptoms,

The average person experiencing the symptoms of a heart attack will wait at least 3 hours before getting help. Three hours that can mean the difference between recovery and permanent disability. The difference between life and death.

### Don't Let The Symptoms Fool You

Some of the telltale signs of a heart attack are similar to common ailments that we don't take very seriously like indigestion, nausea, heartburn or fatigue. But while you're taking the time to see if that antacid will work, your heart may be in danger.

When a heart attack occurs, the blood flow to the heart is blocked. Each and every moment that your heart is starved of oxygen, the muscle is damaged, permanently.

### Get To The Closest Emergency Room As Quickly As Possible

If you're experiencing any of the symptoms of a heart attack, don't waste precious time, and above all, don't attempt to drive to another city for treatment. The most important thing you can do is get to your local hospital emergency room immediately, before it's too late.

### A Network Of Cardiac Care Professionals

Knox County Hospital has taken an important step in improving the care we can provide for heart attack victims. We've joined the Cardiac Emergency Network at Bethania Regional Health Care Center in Wichita Falls.

It's a network that links community hospitals with heart specialists and the advanced cardiac care facilities at Bethania. Together, we'll make the most of this crucial time for our heart patients.

Important information about your condition will be transmitted to the cardiac care professionals who are part of the Cardiac Emergency Network. With your doctor and a cardiologist on Bethania's staff, some very important decisions will be made. The latest lifesaving drugs can be administered and aggressive treatment measures taken that can be the key to heart attack survival.

So don't wait, if you even suspect that you or someone you love might be suffering from the symptoms of a heart attack, get to the emergency room at Knox County Hospital as quickly as possible. With the Cardiac Emergency Network, not a moment of precious time will be wasted. And when it comes to a heart attack moments can mean a lifetime.

### Heart Attack Symptoms

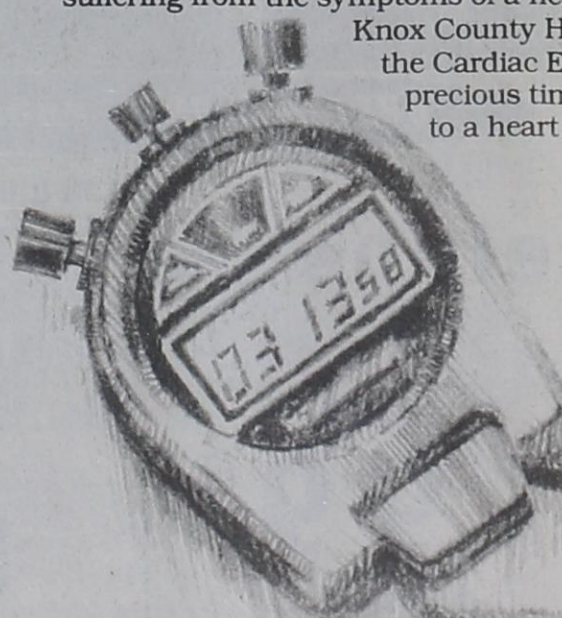

- Pain or discomfort in the chest that may spread to the shoulders, arms, neck or jaw. Discomfort can last minutes or even hours.
- Pain accompanied by sweating, nausea or vomiting, weakness or fainting.
- Chest pain that starts in any type of stressful situation. An exciting ball game, argument, or sudden shock may trigger pain, but often there is no obvious cause.
- Warning signs may be preceded by several days of chest discomfort or not feeling well.
- Heart attacks can occur with no symptoms at all. It is important to become educated about maintaining a healthy heart and see your doctor regularly to detect any problems before permanent damage can occur.

The group was coached by Daron Parker and Solano Fernandez.

*The Lord's Corner*  
By Dr. Pete Bradfield, Pastor  
First Baptist Church

If you've ever stepped on a bee while barefooted, you learned two things very quickly:

1. Bees take a dim view of being stepped on, and
2. Bees have an effective way of making that known.

Pain is a wonderful teacher! It's only a pity that while we learn quickly from a bee, we tend to learn slowly from sin. The teaching of the Bible points all the way through to the same time - tested truth - SIN HURTS. And yet, how often have you felt the repeated, and unnecessary sting of sin?

How many times lately have you been stung by the same sin? Perhaps it's a bad habit you can't seem to break, or an unhealthy attitude you haven't dealt with, or a strained relationship you have yet to mend. As you pray today ask God to single out one "bee" in your life to avoid and let him guide your footsteps.

By Mrs. Helma Coulston

Mr. and Mrs. Leon Sims and Jeremy, of Plainview, spent Thursday and Friday in the home of his sister, Mr. and Mrs. Duward Richards.

Mrs. Sabra Rice returned home Saturday evening after visiting in the home of a daughter, Mr. and Mrs. Royce Young and Cindy in Plano. While there she accompanied the Youngs and Cindy and Mr. and Mrs. Joe Burdine and two children, Justin and Jessica, of Sheridan, Arkansas, on a vacation trip to Galveston Island. Upon her return to Plano, she accompanied Mr. and Mrs. Toby Crooks, Stephanie and Bret of Seymour, to Mena, Arkansas, to be with Toby's mother, Mrs. Joyce Crooks, who received a cornea transplant in a Fort Smith, Arkansas hospital. While there Mrs. Rice visited in the home of a brother, Mr. and Mrs. Noval Wilson, in Mulberry, Arkansas.

Mr. and Mrs. Dalton Gore spent Friday through Sunday in the home of a son, Mr. and Mrs. Larry Dan Gore, in Wichita Falls, and enjoyed participating in the first wedding anniversary celebration of their granddaughter, Pamela and Phillip Woodruff. Mr. and Mrs. Butch Young of Iowa Park were also visitors in Larry Dan's home. Mr. and Mrs. Dennis Murphree and two children, Stephanie and Kevin and Mrs. Murphree's parents, Mr. and Mrs. Parker of Ft. Worth have been visitors in the Dalton Gore home.

Mrs. Jerrell Trainham was a business visitor in Wichita Falls Friday. She was accompanied by Mrs. Quel Hughes of Seymour.

Mr. and Mrs. Gary Wayne Weiss and a son, Ryan, of Carrollton, spent Thursday night with Gary Wayne's parents, Mr. and Mrs. Paul Weiss. The family was enroute to Colorado Springs, Colo. where Ryan and his team are entered in the soccer tournament.

Mrs. Dora Patterson remains a patient in Bethania hospital in Wichita Falls, Room 559. Mrs. Pat suffered a stroke at her home two weeks ago and has been hospitalized since then. Children who have been at her bedside report she is growing weaker and has shown no improvement.

Weekend visitors in the J.L. Trainham home were their sons, Mr. and Mrs. Eric Trainham of Nash, and Mr. and Mrs. Murl Trainham and Brandi of Azle. Murl Jr. accompanied his parents back home to Azle after spending the week with his grandparents.

Nichols. One-hundred sixteen family members registered and 11 guests, with 45 families represented. Relatives came from Ohio, Wyoming, Georgia, New Mexico, Arkansas and Texas.

Visitors in the home of Mrs. Ola Mae Nichols and Lori during the weekend were Billy Jack Nichols and Beatrice Struck of Dallas, Cloris Reeves of Clyde, and Merlene Nichols of Weatherford. Matthew and Michael Sutton of Loving are spending this week with their grandmother and Lori.

spending a few days this week with grandparents, Mr. and Mrs. Jerrell Trainham.

Mrs. Claudell Bratcher, accompanied by Mrs. Larry Bratcher of Seymour, were in Bowie Thursday where they attended memorial services for Douglas Hill, 71, of Bowie. The services were held at 10 a.m. at the Northeast Bible Baptist Church and burial was in a Bowie cemetery. Mr. Hill was the father of Mrs. Debbie Bratcher.

Mr. and Mrs. Gene Katuzman and two of their sons, of Seattle, spent Friday night at her uncle's home, the Carl Coulstons. The Kautzmans were enroute home after a week's visit with her father, Mr. and Mrs. Bud Shoopman in Azle.

Mrs. Ola Mae Nichols and Lori attended the annual Nichols family reunion at the Bomarton school house Friday, Saturday and Sunday, June 23-25. This was a gathering of descendants of the late Mr. and Mrs. Andrew Clark
