## Look To The East

By AARON EDGAR

It may be true that there are two sides to every question, but it is also true that there are two sides to a sheet of flypaper and it makes a big difference to the fly which side he chooses.

### THE BARE FACTS

Making no pretense to originality, I am borrowing an item which amused me while reading newspapers published in neighboring towns. The item, which appeared in the Comanche Chief, was represented by publisher Mary Wilkerson as a true reproduction from the December 30, 1899, issue of the Chief. It ran under the heading "She Wanted To Know The Bare Facts!" Here it is:

Kind and respected sir,  
I see in a paper that a man named John Siper was attacked an et up by a bare whose kubs he was trying to git when the she bare come up and stopt him by eatin him up in the mountains near your town.

What I want to know is, did it kill him, or was he only partly et up and is he from this place and all about the bare. I don't know but that he is a distant husband of mine.

My first husband was of that name and I supposed he was killed in the war, but the name of the man the bare et being the same I thought it might be him after all, and I ought to know it if he wasn't killed either in the war or by the bare, for I have been married twice since and there ought to be divorce papers, got out by him or me, if the bare did not et him all up. If it is him you will know it by his having six toes on the left foot.

He also has a spread eagle tattooed on his front chest and an ank on his right arm which you will know if the bare did not eat the arm it will be him.

Find out all you kin about him without his knowing what it is for. That is if the bare did not et him up. If it did, I don't see as you can do anything and you needn't take no trouble. Please an-ker back.

P. S. ---Was the bare killed? Also was he married again and did he leave any money with me laying claims to?

--The Hamilton Herald.

--oOo--

According to Mrs. Wilkerson's statement, it has been a good 78 years since this item originated.

Gems like this usually make the rounds of many newspapers, once they get started. It would be just a matter of guesswork as to how many reproduced this at the beginning of the 19th century.

We ran across it by perusing our exchanges and noticed the Hamilton Herald was given credit for its appearance this time.

It's a bit of foolishness. It doesn't solve any problems, nor does it have a purpose except, perhaps, to tickle your funnybone. Its lighter vein might cause some minds to digress from heavier thinking.

Anyway, we hope you enjoy it!

--oOo--

Then from the Munday Times, issue of April 26, 1962, we found the following:

On the eve before Easter, we were seated in our favorite chair, cooling our tootsies and resting both mind and body, when the telephone rang. The call turned out to be for us, and a friend said:

"Aaron," he said, "you know tomorrow is Easter Sunday everywhere except Pecos." We were kinda taken back by the statement, realizing that Easter Sunday is observed as such everywhere, when he continued:

"It's not Easter Sunday at Pecos--it's Estes Sunday. They're going to get together and, instead of hunting for Easter eggs, they'll hunt for fertilizer tanks!"

It was a pretty good gag, at that. Billy Sol Estes has turned things topsy-turvy clear from Texas to Washington, but we doubt if he'll ever succeed in getting our national or religious holidays changed!

### IN HOSPITAL

John C. Spann was taken to Hendricks Memorial Hospital in Abilene for medical treatment one day last week, it was reported here Sunday. Further reports have not been received.

## Saturday Showing Of Arts, Crafts, Hobbies

Saturday is the big day for the "sidewalk showing" of arts, crafts and hobbies in Munday, featuring the work of many local artists, and others. It is planned for this to be the first of an annual event--and one that will be attracting many visitors to Munday next Saturday.

Coming just in time for Mothers Day shoppers, many of the items on display will also be for sale. Viewers may make their selections from the large variety of arts and crafts.

Weather permitting, display booths will be set up in front of various business

places in Munday. A number of merchants are also arranging for a sidewalk sale of their own merchandise, adding to the interest of this event.

In case of inclement weather, the

displays will be inside, in the building formerly occupied by the Cottage Inn.

Booths will remain open from 9 a.m. until 6 p.m., the latter hour being for the convenience of local store employees

who might not otherwise find time to visit the displays.

Some local artists will be showing their work inside the places of business. These will be for display only--and not for sale.

No need to go hungry, either! The Munday Ambulance Volunteers will "set up shop" on the city hall lawn and will be serving Curley's hamburgers, coffee, cokes, tea, etc. during the day. Proceeds will go toward the purchase of a new ambulance.

This special event is being sponsored by merchants of Munday in cooperation with the Munday Chamber of Commerce and Agriculture.

## Tickets On Sale For Mother's Day Barbecue Dinner

Tickets are now on sale for the Mother's Day barbecue dinner sponsored by Knox County 4-H Adult Leaders Association. The dinner will be held at the Benjamin Community Center from 11:30 a.m. to 2 p.m.

This is an annual affair and the menu this year features barbecued buffalo - a meat noted for being lean and flavorful. It tastes very much like beef but does not have as much fat. Area residents will have an opportunity to take mother out and sample a new treat. The meat will be served with the usual trimmings. Homemade desserts will also be featured with the meal.

Cost will be \$4.00 per plate. Extra plates at no cost will be furnished to parents of small children who might wish to divide a plate. In Munday tickets may be purchased from Joe Lowe, Ronnie Cude or Wendell Partridge. Ed Daniel and Mrs. Joe Boone will have tickets in Knox City and in Benjamin you may contact April Werley or Mrs. Charles Griffith.

This is the Adult Leaders main fund-raising event of the year. The proceeds are used to finance various programs for the 4-H youth of Knox County.

## Inserts For History Books Are Available

During the printing of "My Home Town", several stories (plus the index) were not included due to error. These additional stories are available at the office of M. L. Wiggins and the Chamber of Commerce and Agriculture.

There is no additional charge for the six-page supplement. They can easily be taped, or glued, to the back of each history book.

There is still an ample supply of history books. According to M. L. Wiggins, chairman of the Historical Committee, "We are very pleased with the number of sales thus far; however, we urge everyone interested in Munday to get a copy while they are available."

UP AND OVER is what Kevin Smith has been doing a great deal of lately. But practice pays off and Kevin will be representing Munday High School at the state meet in Austin on May 19. Kevin is the son of Mr. and Mrs. Richie Smith, and is a senior. This was Kevin's second trip to regional in high jump, and his first trip to the state competition.

## Kevin Smith Qualifies For State Competition

It is on to State for Munday High School's senior high jumper, Kevin Smith. Kevin succeeded in jumping 6'6 1/2" at the regional meet in Odessa on Friday, May 1, which put him in first place.

This is quite a feat when you observe Kevin's height of 5'8" and realize he is

going over the bar at 10 1/2" above his height. This was Kevin's second trip to regional and he was ecstatic to have been able to end his last regional high school meet with a record jump for him personally, and for his school.

Kevin has spent a lot of time on his technique and worked faithfully on his performance improvement. He states that he has really appreciated all the effort put forth by his coaches to help him obtain this goal. David Walling (holder of the regional record at 6'7") of Knox City has also helped Kevin a great deal. Ironically, David was also coached by Munday head coach Jerry Lowrey when he was on the coaching staff at Knox City High School.

Kevin will jump in the state meet at Austin at 9 a.m., Saturday, May 16.

### Coach Lowrey Comments

The regional meet was real fine. I couldn't be prouder of the boys. In fact, I am very pleased with all the regional contenders from District 7AA. The competition in our district this year was great - showed much talent. A compilation of the scores of the district 7AA men at the region meet made a good showing. We have experienced a good year overall.

Lester Adams had the eighth best throw in discus at regional, and the top seven went to state. Lester had a throw of 133'4". The fact that he was there and had the experience of participating will make him better next year.

Lawrence Collier did very well. The defending state champion from our region is returning to state in the 100 meter dash and Lawrence was right up there in the run. In the pre-lims he had a personal best and set a new school record at 11. flat (this equals 10. flat in a 100 yard dash). Lawrence is a sophomore this year and was fourth in the finals. His finish was close in distance between the other runners. Lawrence

## Cotton Shower Comes Tuesday

Light rains are always referred to as "cotton showers", regardless of whether cotton is growing, and that's what we received early Tuesday morning.

Knox County, along with Hardeman and Foard, was in a thunderstorm watch until 11 p.m. Monday, and a light sprinkle was witnessed before that time. The major portion of moisture came around 1:45 a.m. Tuesday. Goodson Sellers reported an official .60 of an inch.

It was enough to help hold top-soil moisture for cotton planting, which should be around May 20.

My! Doesn't the air smell fresh and good right after a spring shower?

## Elementary Track Meet Set Today

Today (Thursday) is the day for the annual kindergarten through sixth grade track meet between Munday students and Knox City-O'Brien students.

This year, the meet will be held at the O'Brien football field. Starting time for the events is 1:00 p.m. Six places will be awarded in each event in both boys' and girls' divisions.

JUNIOR HIGH WINNERS in the District 7AA UIL Literary Meet held at Munday High School on Monday, April 27, are shown in the above photo. The students were awarded their ribbons and individually recognized by Mr. A. B. Martin, principal, in a special assembly. From left, are Kelly Wren, Jay Donoho, Carol Pennartz, Ron Redder, and Salwa Choucair.

### Munday Tops By 40 Points

## UIL District Champions

The Munday School won championship honors in the District 7AA Elementary UIL Literary Meet held Monday, April 27 at Munday High School.

Munday students had a team total of 107 1/2 points. Runner-up Haskell scored 67 1/2 points; Paducah 50, Crowell 22 1/2, and Quanah 7 1/2.

Individual winners for Munday were as follows:

Story Telling: 1st-Mindy Myers, 3rd-April Offutt.

Picture Memory: 3rd-Team members: Angie Partridge, Chad Bordovsky, Denise Kuehler, Rita Ramos, Natalie Hernandez, and Paulette Neskork.

Oral Reading: 5th and 6th Division: 1st-Jay Donoho.

Oral Reading: 7th and 8th Division: 1st-Salwa Choucair and Kelly Wren.

Spelling 5th and 6th Division: 1st-Douglas

Schumacher. Spelling 7th and 8th Division: 2nd-Carol Pennartz.

Ready Writing: 2nd-Kelly Wren.

Number Sense: 1st-Kelly Wren.

A. B. Martin, director of the meet, said, "I would like to express my appreciation to those who made such a valuable contribution to our school meet this year."

"Certainly the ribbon winners are to be congratulated, but we must not forget all those students who worked long, hard hours in order for Munday to have a team. They too are champions and without their efforts we could have no championship plaque for 1981."

"Also to be commended are the team coaches, the judges, parents and auxiliary personnel who worked extra hours to make our meet a successful one."

## Plans Finalized For All-Sports Banquet

Members of Munday Quarterback Club have completed plans for the annual all-sports banquet to be held in the Munday High School Gym on Tuesday, May 12, beginning at 8 p.m.

Gene Stallings, one of the coaches for the Dallas Cowboys, will be speaker for the occasion. Coach Stallings was athletic director and head coach at Texas A&M University for a number of

years before joining the Dallas Cowboy coaching staff.

Richie Smith, president of Munday Quarterback Club, stated, "This banquet is sponsored by the Quarterback Club in conjunction with the school and serves as an appreciation banquet to students who help carry on the school's athletic program. Not only does this include the athletes, both

boys and girls, but the Mogul band members, pep squad and cheerleaders. We appreciate their efforts very much and they are truly our honored guests at this annual affair."

Coach Lowrey joined Smith in this recognition of the students, saying, "We look forward, at least in a small way, to saying thank you to all who have participated in sports and aided

our sports program throughout the year."

The menu for the banquet will include a choice of barbecue brisket or sausage, prepared by Curley Awalt, potato salad, beans, relishes, iced tea and cobbler.

Tickets are now available from either of the coaches, Richie Smith, Phillip McAfee or any of the boy or girl athletes of Munday High School.

### Linda Tidwell Honored With Bridal Shower

Linda Tidwell, bride-elect of Jimmy Rushing, was honored with a bridal shower Sunday afternoon, May 3, at Munday Community Center. Claudia Tidwell welcomed guests, presenting them to the honoree; her mother, Betty Tidwell; Marie Rushing, mother of the groom; and Aree Tidwell, grandmother of the bride.

The serving table was centered with a large blue candle encircled with blue silk flowers and complimented with alabaster doves. It was covered with a blue cloth, overlaid with white lace.

Alyson Fisher registered guests. Assisting with serving

were Cindy Daniels of Throckmorton, Lisa Patterson of Lubbock, and Leslie Tidwell.

Hostesses for the occasion were Mmes. Jessie Andrade, Jeff Anderson, Kenneth Baker, Bob Brown, Ralph Cypert, Robert Elliott, Byron Gass, Tommie Harper, Philip Homer, Boyd Lynn Meers, Dub Moon, W. R. Moore Jr., Douglas Myers, John E. Nelson, Floyd Reed Sr., Floyd Reed Jr., Mark Reed, Bob Thewanger, and Joe Tidwell.

### LOCAL

Mr. and Mrs. Donald Hobert have returned from a trip to Honolulu, Hawaii. This completed their fifth trip to the islands and they reported "it gets more pleasant each time." Edith presented The Courier staff with a box of chocolate covered macadamia nuts and they were "handled" with no problem.

### The Fall Of Rome

According to the Historian Gibbon, the great Roman Empire fell because of five failures on the part of its citizens:

1. Rapid increase of divorce; undermining the sanctity of the home which is the basis of society.
2. Higher and higher taxes; and the spending of public money for bread and celebration.
3. The mad craze for pleasure; sports becoming every year more exciting and brutal.
4. The building of gigantic armaments, when the real enemy was within; the decadence of the people.
5. The decay of religion, faith fading into mere form. (We should be reminded of these often and measure our national conduct in the light of these failures. How long can America stand if she continues to pursue the course which she now follows?)

"The age old problem in our world is sin! 'Righteousness exalteth a nation; but sin is a reproach to any people.' (Prov. 14:34) Let's focus our attention on reason number one, the home. Largely forgotten today is the fact that the home is the basic foundation of any society. It is the most influential element in national character. It lays the first groundwork for learning individual character, values, goals, morality, self-control and loyalty.

Rome experienced a decline in family life. At one time, Rome was strong in this area, but became complacent. They began to practice the "New Morality". Both partners in marriage began to "play around" and soon lost their influence with their children. Instead of the parents ruling their children, the children governed their parents. The result was a generation of idlers.

Divorce became prominent in Rome. The Roman writer Martial declared that marriage had become merely a form of legalized adultery!

Regarding the Rome of Antonine period (around A. D. 150), Carcopino quotes from Seneca, who witnessed the same problem a number of decades before: "They divorce in order to remarry. They marry in order to divorce."

Practically the same wording could be used to describe the American marriage ground today. Families are falling apart at the highest rate ever - even surpassing the post-World War II breakups of hasty wartime unions.

In 1974 alone, there were nearly one million divorces and annulments. More than a million children were directly affected by these proceedings. Statistically, there are almost two divorces every minute in the United States! There are many reasons and problems that could be mentioned to show the reasons behind the fall of Rome. In my opinion, the break down of the Home and Religion is enough to cause any nation to fall!

America, the problem is SIN! The only solution to our Great Country's Problem is to turn to God and make him ruler of our family and our Nation. We can learn a great lesson from history. "Take heed lest we fall!"

In this country there are about 7,000 persons who have celebrated 100 birthdays. That's about one out of every 32,000 Americans.

## Farabee Appointed To "Texas 2000" Commission

State Senator Ray Farabee has been appointed by Governor Bill Clements to serve on the newly-created "Texas 2000" Commission.

The Commission was formed to aid in the long-range planning program initiated by the Governor in the "Texas 2000" Project. In an executive order establishing the Commission issued April 10, 1981, Governor Clements sets up nine major areas related to the continued economic growth and development of the State.

These areas are: population, economy, water, energy, transportation, agriculture, state and local finance, and future relations with Mexico.

In setting up "Texas 2000" the Governor stated, "One of the things I've noticed since taking office is the lack of any future, long-range data base that would permit us to address critical issues at an early time and thus help us control our own destiny."

Senator Farabee expressed pleasure to his appointment to the Commission, saying, "I am honored that the Governor asked me to participate in 'Texas 2000'. I feel that it is a much-needed program. A long-range planning program such as this will help pin-point the needs of the State and I feel in the end will aid the legislature and other governmental bodies in meeting those needs."

and State agencies.

Dr. Victor Arnold of the L. B. J. School of Public Affairs is in charge of the "Texas 2000" Project. He managed a similar project several years ago in Minnesota.

Senator Farabee will serve a one-year term on the Commission.

## Junior High Cheerleaders Elected

Junior High cheerleaders for the 1981-82 school year were elected by the student body Friday, May 1.

Niki Collier and Alexis Bordovsky will represent the sixth grade; Angel Dockins and Karen Munoz will be the seventh grade cheerleaders; and representatives from the eighth grade are Laura Myers and Ann Kuehler.

The typical American school child, experts estimate, graduates from high school after spending 15,000 hours in front of the TV set and only 11,000 hours at school.

### Congressional Comment

**WASHINGTON, D.C.** — Almost 60 years ago, President Woodrow Wilson said that "Congress in committee is Congress at work." The same holds true today, as all congressional legislative and oversight activity centers around the various committees of the House and Senate.

There has been much recent — and definitely partisan — debate regarding the funding of House committees, with Republicans attacking the level of funding recommended by the House Administration Committee. That amount — \$44.88 million — was, by the way, 13 percent below the level the committees would have needed to keep up with inflation. The House Democratic leadership recommended, however, only \$39.1 million, a 10 percent reduction in committee authorization from last year.

I fully supported that 10 percent reduction, which overwhelmingly passed the house (407-2), as I feel that these are special times that require special sacrifices of all Americans and certainly Congress must stand at the vanguard of any budget-cutting moves. The cuts in federal spending must begin at the top.

But, if that is the case, then I would have to question President Reagan's budget request for fiscal year 1981 for an additional \$816,000 for the Office of Management and Budget, overseen by budget-cutter David Stockman himself, and \$525,000 more for the White House Office of Administration. Reagan's Executive Office will employ 16 percent more staff than all standing and select House committees combined this year, as no reductions have been recom-

mended for fiscal year 1981. I intend to support reductions in the White House budget as well as the Congressional budget.

Total employment in the legislative branch of government averaged about 38,500 persons in 1980, with only 1,770 of those represented on committee staffs. That number is about six-one-hundredths of 1 percent of total civilian federal employment; less than 5 percent of total employment in the legislative branch and only 15 percent of the total number of House employees; and less than the number of persons employed by such federal agencies as the National Labor Relations Board, Interstate Commerce Committee or the Smithsonian Institution. Both the Library of Congress and the General Accounting Office employ nearly three times as many people. Even the Architect of the Capitol has more employees than all House committees combined.

I would also point out that House committee staffs are tiny compared to the departments and agencies over which they have jurisdiction. For instance, the Banking Committee employed 97 people in 1980, but has jurisdiction over programs employing nearly 70,000 federal employees.

The population of the U.S. has grown significantly since Woodrow Wilson's day. Government, unfortunately, has grown as well. I pledge my continued effort to reduce federal spending and therefore the growth of government, at all levels. But until we curb the overall growth of the bureaucracy, it is important to keep the size of the legislative staff required to oversee that government in order to reduce its size fairly and equitably.

## Over Thirty Players Enter Scramble

Over thirty members of Lake Creek Golf Club had an enjoyable afternoon of competition Sunday, when they played off their scheduled golf scramble.

Taking first place in competition were players of flight No. 6, with a low score of 63 on the 72-par course. They are Bruce Burnett, Daniel Ramirez, Bill Dennis and Mary Smith.

Flight No. 1 took second place in the tourney with a score of 64. Players are Joe Morrow, Raymond Carden, Kip Cotton and Barbara Zeissel.

In third place were Gaylon Albus, John Phillips, Darlene Phillips and Alvin Michalik. They also turned in a score of 64.

Other flights were:

No. 4 - Felton Jackson, Red Hurst, Ryan Offutt and Annette Offutt, score of 70.

No. 3 - Keith Offutt, Oscar Cypert, Michael Bowman and Jan Bufkin, score 69.

No. 5 - Gary Schur, Louis Wise, Ed

**WINNING FOURSOME:** Winners in last Sunday's golf scramble at the local golf course are, from left: Bill Dennis, Bruce Burnett, Mary Smith and Daniel Ramirez. They turned in a low score of 63.

Jetton and Jo Ima Hill, score 70.

No. 7 - Jack Nuckols, Dean Nuckols, Marion Waggoner and W. R. Moore,

Jr., score 70.

No. 8 - Barbara Ratliff, Bully Ratliff and E. B. Littlefield, score 73.

## Mrs. Reed Of Goree Dies On Saturday

Mrs. Mary Catherine Reed, 81, well known resident of Goree, passed away at 4:30 p.m. Saturday in the Knox County Hospital, following a brief period of illness.

She was born on December 13, 1899, in Arkansas and married John L. Reed on July 17, 1917, in Arkansas. The family moved to Knox County in 1928, and her husband was engaged in farming. They moved into Goree in 1961.

Mr. Reed preceded her in death in March of 1968. Mrs. Reed was a member of the First Baptist Church in Goree.

Funeral services were held from the First Baptist Church in Goree at 2 p.m. Monday with Rev. Bruce Thomas of Nacogdoches and Rev. Wayne Sharpe of New Caney officiating. Burial was in Bomarton Cemetery under direction of McCauley-Smith Funeral Home. Grandsons served as pallbearers.

Surviving her are four sons, Floyd L. Reed of Munday, Lloyd R. Reed of Odessa, George Reed of Houston; five daughters, Mrs. Bruce Thomas of Nacogdoches, Mrs. J. D. Wilson and Mrs. J. W. Yates, both of Seymour, Mrs. Carson Thomas of Boone, Colo., and Mrs. Wayne Sharpe of New Caney; 24 grandchildren and 28 great-grandchildren.

## Small Business Week Proclaimed

President Reagan has proclaimed the week of May 10-16 as Small Business Week.

In issuing the proclamation, President Reagan said, "To revitalize the nation, we must stimulate small business growth and opportunity. Small business accounts for over 60 percent of our jobs, half of our business output, and at least half of the innovations that keep American industry strong. The imagination, skills, and willingness of small business men and women to take necessary risks symbolize the free enterprise foundation of the American economy and must be encouraged."

Small Business Week is held annually to recognize the contributions of small entrepreneurs.

## Allow Time To Obtain Social Security Number

People in the Vernon area who plan to apply for a social security number should remember to apply at least 6 weeks before they will need the number, Mr. Harper, Social Security Manager in Vernon, said recently.

It takes this time to process the application, evaluate evidence, search the files at social security headquarters, and to issue and mail the number card.

When applying, a person must have evidence of age, identity, and citizenship, or legal alien status, Mr. Harper said. In addition, a person 18 or older must apply in person.

The best evidence of age and citizenship is a public or hospital record of birth or a religious record of birth or baptism established before age 5. Only if these records do not exist, can other evidence be submitted.

Evidence of identity can be any document showing identifying data such as physical description, photograph, or signature. Examples include driver's license, voter's registration, school record, report card, identification card, marriage record, divorce decree, draft card, military ID, building pass, adoption record, court order for name change, clinic, doctor or hospital record, or

organization membership. Also, there may be other documents that can be used.

People applying for a duplicate card to replace one lost must provide evidence of their identity. Also, a person who wants to change his or her name on social security records must provide evidence of their identity. Also, a person who wants to change his or her name on social security records must provide evidence of identity under both old and new names.

Only original documents or copies certified by the issuing agency are acceptable. More information about social security numbers can be obtained at the Vernon Social Security Office, located at 1701 Cumberland in Vernon. The telephone number is 817-552-9346. If you live in a town other than Vernon, you may call toll-free to our Houston teletype center by dialing 1-800-392-1603.

## Texas Employment Commission Opens Munday Office

The Texas Employment Commission has opened their office in Munday again with A. J. "Shorty" Kuehler in charge.

The office will be open from 8 a.m. to 12:30 and from 1:30 until 5 p.m. each Monday, Wednesday and Friday. You may call 422-4822 for an appointment or any other information needed about employment.

**FIRST PLACE WINNERS** in Dairy Demonstration at the District 3 4-H demonstration contests held on April 25 at Midwestern University, were Lana Gideon, left, and Amy Griffith. Amy is the daughter of Mr. and Mrs. Charles Griffith of Benjamin, and Lana's parents are Mr. and Mrs. Weldon Gideon, also of Benjamin. These girls represented Knox County 4-H.

## Cottingham Shows Film On Model Planes

Jim Cottingham, who, along with other local people, is a model airplane enthusiast, showed an interesting 40-minute film on model planes at a recent meeting of the Munday Lions Club.

At one point in the showing, the following interesting statement was made: "Progress does not come but by paying a price. For every success someone had failed before."

It was pointed out that even the Wright Brothers experimented with models before they built a plane that took them into the air.

The film dealt with radio control, soaring, racing, control precision acrobatics, etc., and pointed out that even families are becoming involved in model planes. Single-engine and multi-engine models were used in this showing.

Best facilities for model plane construction and operation, it was said, are found in New York and California, and various models are scaled after planes actually used during World War II. Many are "true to life" in detail.

Such was the interest

### National Homemakers Week Observed

Knox County Extension Homemakers Club members are celebrating National Homemakers Week May 3-9. Theme for the 1981 celebration nationwide is "Plant a Seed of Education and Watch It Grow".

In keeping with the theme, members of 30,000 clubs representing more than 500,000 homemakers in the United States planted and dedicated trees on May 6. In Texas, 1,250 clubs representing 23,000 homemaker members planted trees that day.

Extension Homemakers Clubs have celebrated the first week of May as National Homemakers Week for more than 30 years.

**ELEMENTARY STUDENTS** who were winners in the District 7AA Literary UIL Meet held April 27 are pictured above. From left, are Angie Partridge, Denise Kuehler, Mindy Myers, Chad Bordovsky, April Offutt, Natalie Hernandez, Rita

Ramos, and Paulette Neskorik. When the ribbons were awarded at an assembly on April 28, Mr. A. B. Martin stated, "These students are real champions in every sense of the word and we are real proud of their accomplishments."

### Charles Hughes Of Knox City Dies Monday

Charles Hughes, 89, of Knox City, passed away at 12:15 a.m. Monday in the Knox County Hospital, following a long period of illness.

He was born on April 7, 1892, in Ellis County, and married Vera Lucile Abernathy on February 1, 1920. She preceded him in death July 21, 1963.

**THREE WEINERT HIGH SCHOOL** students are qualifiers for the State UIL meet in debate and poetry interpretation. Christi Guess, at right, daughter of Mr. and Mrs. H. L. Guess, won second in regional poetry interpretation. The debate team consists of Michelle Raynes, daughter of Mr. and Mrs. Bobby Raynes, and Bryan Phemister, grandson of Mr. and Mrs. Marvin Phemister. Christi is a sophomore at Weinert High School and the other two students are juniors. They will compete in Austin on May 8 and 9.

### New Slate Of Officers For Band Boosters

Munday Band Boosters met at 6 p.m. Monday night, at the Munday Band Hall. A new slate of officers was installed for the 1981-82 school year. M. M. Booe will serve as president; Ruby Booe, vice-president; Wanda Welch, second vice-president; Joan Hutchinson, secretary; Christine Meers, treasurer; and Dorothy Brown, reporter.

Items discussed during the meeting were calendar sales,

camp for the drum majors, flag corps and twirlers, and the ordering of jackets next week.

There will be a called meeting on Monday, May 11, at 6 p.m. at the band hall to finalize plans for the year. All parents of band members are urged to attend.

Mr. and Mrs. Goodson Sellers visited her brother and family, Mr. and Mrs. Dick Star, at Lake Brownwood the latter part of last week.

Call in your news to The Courier on Monday, 422-4314.

## April's Advice

By APRIL WERLEY  
Knox County Extension Agent

### Texas Consumers "Talk Fabrics"

Texas consumers "talked fabrics" recently and ranked six factors according to order of importance in their clothing choices: easy care, attractiveness and reasonable cost.

Next important are comfort, fiber content and durability, they said.

To explore consumer needs and preferences for apparel fabrics, the Texas Agricultural Extension Service surveyed 75 adults during January this year. A total of 17 counties participated in a random survey of several adults per county.

Participants also were asked if any other qualities not listed in the ranking choices were important. Of those questioned, 59 percent said no other qualities were of importance.

**A LOOK AT FACTORS**  
After ranking the six factors on the list, participants were asked to define them.

Here's what most of them said:

**EASE OF CARE--** washable and no ironing.

**ATTRACTIVE APPEARANCE--** looks nice on me.

**REASONABLE COST--**

affordable, quality and value.

**COMFORT--** good fit and feels good.

**FIBER CONTENT--** cotton, makeup of the fabric of fiber, and polyester.

**DURABILITY--** long-lasting.

**WHAT'S IN A LABEL**

To determine what role labels play in a consumer's decision to buy garments of fabrics, the survey asked consumers to rank five common labeling factors.

Participants said factors most helpful are size, care instructions and fiber content. Interestingly not a single participant ranked fiber content or care instructions as "least helpful". On the other hand, 60 percent said manufacturer or brand name is least helpful.

**FIBER CHOICES**

In response to an "open" question: "What fiber or fibers do you prefer?" participants overwhelmingly listed cotton first followed closely by polyester.

Also, cotton and polyester blends were important as were wool and nylon.

Knits got a first-place vote from 16 percent of those questioned, although knits are a method of constructing fabric rather than an actual fiber.

Participants also were asked why they preferred certain fibers.

Comfort and coolness were important reasons for preferring cotton, while ease of care was the major reason polyester got many votes.

It is additionally interesting, at this point, to note that care was listed as the most important factor in a buying decision in the first part of the survey.

**IMPROVEMENT IDEAS**

Finally, consumers were asked, "What improvements could be made to make tomorrow's fabrics better?" "Ease of care" was the most popular response - specifically "permanent press" and "no iron."

Almost half said that cotton should be improved for no-iron features. Other often-listed improvement ideas included better dyes, knits that don't snag, better quality, more care labeling, better selection and improved finishes.

### WHO PARTICIPATED?

Of the Texas consumers surveyed, most lived in rural areas and small cities or towns. Their ages most often ranged from 36-50 years. Average family size at home was slightly over three, ranging from one to eight. Most annual gross incomes exceeded \$20,000 with only seven percent having incomes of less than \$10,000.

### Organize Your Spring Sewing

Before you start sewing spring-fashion items, take inventory of the fabric, notions, patterns and tools on hand. Your savings as a result can be considerable - in terms of storage space, money and time.

**WHY ORGANIZE?**  
Here are some possible reasons:

You may be a collector of fabric and have various yardages from years back.

You may have bought thread on sale only to discover that you already had 15 spools of white thread or six spools of a color you don't even like. We all make mistakes in purchases. Get rid of these! They are confusing, and they take up valuable space.

Give these items to someone, or garage-sale them - since one person's "junk" may be someone else's "treasure".

**SET UP FILES**

Set up files of everything to assist you in the inventory. One idea is a metal file box (such as a recipe file) from an office-supply store and 3x5 inch file cards.

**FABRIC FILE--** Clip a swatch of each fabric you have on hand and all newly added purchases as you go. Attach each to a 3x5 file card.

On the card write the fabric content, suggested care and width and length of each yardage.

This way the swatches will be easily accessible for color matching and they'll eliminate measuring a second time.

Many people purchase fabric and forget they have it.

If you bought matching thread, buttons and other notions, record this on the card.

On shopping trips, the cards will be handy "go-alongs" for matching other notions and accessories.

**NOTION FILE--** List on cards all notions on hand, such as zippers, seam tape and trims. Be sure to include size, colors and quantities. This will prevent buying duplicates, especially if you take the cards along on shopping trips.

Be sure to mark off items when you use them.

**PATTERN FILE--** Make a pattern file that will include style numbers, sizes and garment descriptions. This will organize your patterns and prevent pattern-buying binges or duplicates.

**TOOLS LIST--** Sort out the sewing tools and pressing equipment that you have. Make a list of these along with their intended use.

With these files and the tools list, your spring-fashion sewing projects should be hassle-free, leaving more time for economical decision-making trimmed with your own special creativity.

Mrs. Duyane Mauldin and children, Neeley and Robbie, of Lubbock spent last weekend with their parents and grandparents, Mr. and Mrs. Don Combs.

Mrs. Gwenna Crow and twin daughters of Stephenville spent the weekend with her grandmother, Mrs. Bill Bowley. She is the former Gwenna Lee Bowley and a former resident of Munday.

## Girls Relay Gets In Practice For State

By Coach Bill Dennis  
We did attend a state qualifiers meet Saturday, May 1, in which the competition was not what I expected it to be.

After we arrived, I found the girls entered in the 800 meter run were not the caliber that Caroline needed to run against Saturday. Rather than take any chances on her slightly tender knee, I elected to hold her out of the events.

By doing this we did have a chance to run our alternate in the relay and see our capabilities in that respect.

The last time that particular foursome ran together as a sprint relay their time was 52.6, earlier in the season. They ran 50.8 on Saturday behind Dallas Skyline, Austin Reagan and Slaton to finish fourth.

Saturday in Austin we will run the relay at 12:30 p.m. Caroline will run the 800 meter at 1:40 p.m.

We will go down on Friday morning and do a little working out in the stadium that afternoon and prepare for Saturday. Coach McLeskey will go with us to Austin.

## Engagement Announced

Mr. and Mrs. Donald Werley of Crowell announce the engagement and approaching marriage of their daughter, April Gay, to Ricky Stamps, son of Mr. and Mrs. Dee Stamps of Graham.

The wedding date has been set for June 12 in the home of the bride's grandfather, C. M. Carroll of Crowell.

A 1975 graduate of Crowell High School and

Texas Tech University, Miss Werley is employed by the Texas Agricultural Extension Service as County Extension Agent-Home Economics in Knox County.

Mr. Stamps, a 1974 Benjamin High School graduate is employed by Rolston Metal Building Systems in Benjamin.

The couple will reside in Benjamin following the wedding.

### Weinert Volleyball Tournament Cancelled

The mixed adult volleyball tournament, which was scheduled to be held at the Weinert School on May 7, 8, and 9, has been cancelled at this time due to a lack of interest.

## Munday Weevils Win Softball Tourney

The Munday Weevils, local softball team, emerged winner of the double elimination softball tournament held here during the weekend, and sponsored by the Munday Lions Club. Games started at 6:30 p.m. Thursday and again on Friday night.

Beginning at 8 a.m. Saturday, it was a day filled with action until the final game, which started at 10 p.m.

Openers for Thursday night were Weinert and Goree, being followed by Munday's First National Bank team and the Stamford Coca-Cola. Next were Haskell Highlanders and Paducah, and the night's activities were closed by Crowell and Munday's Ramirez team.

Five games were played Friday night, and the all-day events were held Saturday.

The Weevils won five straight games to emerge as winners. Goree won second place, losing only to Weinert and the Weevils in the final game.

Third place went to Crowell, after having lost to Munday and Goree.

Attractive trophies were awarded to team winners through third place. Other standings were:

Fourth place - Paducah, having lost to Crowell and Goree.

Fifth place - Stamford Merchants, who went down by the Weevils and Paducah.

Sixth place - Munday's First National losing to Weinert and Goree.

Seventh place - Weinert, having lost to Crowell and Stamford.

Munday Ambulance Volunteers had charge of the concessions during the tournament. Bobby Hutchinson reported that net profits totaled \$1,031.33.

## County Places In District Events

Results of the District 3 4-H demonstration contests held on Saturday, April 25, at Midwestern University in Wichita Falls, have been released by Thelma Wirges and Ed Garnett, district agents. They showed Knox County placing in the following events:

**Dairy Demonstration** - Amy Griffith and Lana Gideon, first place in the junior division.

**Foods and nutrition** - Becky Griffith and Sulynn Oxford, second in junior division.

**Share-The-Fun** - Knox County sixth in junior division.

**Home Environment** - Knox County fifth place in junior division, open class.

## KEVIN SMITH

(Continued from Page 1)

will be a threat next year.

All the work and time spent by Kevin Smith developing his technique since he has been high jumping in high school has paid off for him, and I am very proud of his accomplishment.

Kevin is a real competitor and I was extremely proud of the way he competed when the chips were down. In the first try all three jumpers, a boy from Sanford-Fritch, one from Seagraves, and Kevin cleared 6'4 1/2". Going to the next height of 6'6 1/2" for the second jump, all three boys missed. In the third jump the Sanford-Fritch student jumped first and missed. Kevin was second and cleared, so at that point he knew he was going to state but didn't know until the Seagraves jumper came up after him and missed his final attempt that he was going as first place winner. Sanford-Fritch was awarded second with fewer misses.

We will attend a state qualifiers meet this weekend so Kevin will have an opportunity to perform once more against competition before the state meet.

## Agricultural Practices

### Uniform Planting Date Saves Dollars

In the past two years, less than 500 acres of cotton on the Rolling Plains of Texas received insecticide for boll weevils. Extension leaders and farmers are proud of this, considering that the Rolling Plains grows 1.5 million acres of cotton and was once covered with weevils.

Uniform planting dates, now the area's main weevil control, made it happen. Emory P. Boring III, area entomologist, notes, "Since 1977, most farmers have planted after the uniform planting date. Last year, 98% of the farmers planted after the May 19 uniform date in the northern Rolling Plains."

In District III alone, cotton acreage increased from

736,500 acres in 1976 to 1,138,000 in 1980, a 54% change. And 110,000 acres of the 401,500-acre gain were possible because of weevil control. This suppression was in areas previously getting heavy weevil damage.

In the southern Rolling Plains, about 98% of the farmers also cooperate on about 380,000, Boring notes.

"During 1977-79, savings on Rolling Plains from weevil control ranged from \$13.5 to \$21.8 million each year for an average of \$17.8 million per year," Boring notes. "This savings was due both to uniform planting and weather that hurt weevil numbers. The average savings figure wouldn't be accurate across the board, as most came from 25% of cot-

ton acreage that is in boll weevil hotspots. Some counties started with much greater problems than others - but the figure does show the overall average savings to the entire Rolling Plains area."

When farmers plant together about May 20, one-third-grown squares won't appear until the first week of July. Weevil larvae cannot survive in squares smaller than that. Peak emergence of overwintered weevils occurs from the last week of May until mid-June. Boring says research shows weevils live 10 to 21 days after they emerge from overwintering. So, by the time the first one-third-grown squares appear, most, if not all, of the weevils that came out of overwintering will have already died.

## Heart Association Meeting Rescheduled

It became necessary to cancel the Heart Association meeting which had been scheduled for May 4.

The meeting has now been set for Monday, May 11, at 5 p.m. in McCauley-Smith Funeral Home.

Good attendance is needed since this year's campaign will be discussed and new officers will be elected.

## Munday Screening Clinic Slated

The Texas Department of Health will conduct a Screening Clinic at the Munday Community Center on Wednesday, May 13, from 10:00 a.m. till 2:00 p.m.

Screening tests will be offered for blood pressure, diabetes, anemia, height, weight, and skin disorders. If an abnormality is found, the person will be referred to the physician of their choice.

## FTA Members To Student Teach

Thirty FTA members of Munday High School will be involved in student teaching in both the elementary and Jr. High classes on May 8.

Members have the opportunity to participate in this activity each year, and find it to be a learning process as well as a teaching process.

This year, suggested planting dates in the northern Rolling Plains range from May 18 to June 1. In the southern Rolling Plains, suggested dates range from May 25 to June 8.

Cooperation, says Boring, is the result of farmer-to-farmer contact. The word has spread that the strategy works. But if just 10% of the massive Rolling Plains acreage was planted early, weevils taking shelter in larger squares could infest the entire Rolling Plains by the end of the growing season. Therefore, Boring emphasizes, the 98% participation is simply a must - 90% cooperation wouldn't be nearly good enough.

He concludes by saying: "When cotton is planted on May 20 instead of May 1, this means there are 20 fewer days that the cotton crop is subject to attack by the boll weevil."

# Smith Takes Easier Way To Clear Pasture

Last week there was a new type "critter" for these parts at work in a seven-acre pasture plot owned by James Smith. Mr. Smith was in the process of clearing the pasture of mesquites by the conventional method (a great deal of which is hand labor) when he was put in contact with Jimmy Farr of Holliday, by Howard Morgan, who is associated with Parker Implement Co.

Mr. Morgan was aware of Mr. Farr owning "just the machine that James needed" by having sold the machine's owner a two plus two four wheel drive, 160 horsepower, International tractor to pull the machine.

This up-to-date "machine" is actually called a Rotoveyer and is manufactured by Rockford Manufacturing Co. in Bedford Pa. A pasture only has to have the above-ground growth cleared before the Rotoveyer "hits the field". It works (at least to the layman's observation) on the order of a giant, double rototiller. It has an eight foot wide conveyor chain that picks up the uprooted stumps, roots, and rocks and other debris, up to one foot underground, as the "rototiller" does its work. The objects dug up by the rototiller hit the conveyor as though it is harvesting a crop. A bin, located on the rear of the Rotoveyer, is filled to capacity, and Mr. Farr simply dumps the collection in neat piles (in windrows if the area is large enough). As the conveyor chain picks up the waste, the dirt sifts through and falls to the ground under the machine.

It is quite interesting to watch the machine in operation and to view the freshly stirred soil behind it. The weather is a deciding factor in the operation, since wet ground does not work well. In fact, the earlier rain received by this area caused this ground to be damp, but the work was able to be done satisfactorily.

**SOIL IN THE FOREGROUND** gives a good idea of what the machine in the above photo can do to pasture land which has only been cleared of above-ground growth. When this Rotoveyer completes its job, the ground appears as a plowed field with piles of brush thwarting the view. James Smith, owner of the area being cleared, was very pleased with the overall job.

In the case of the Smith land, some leveling and ridding the field of the brush piles are needed for it to be ready to till. Mr. Smith stated, "I plan to level and prepare the area for irrigation and sow small grain on it next season. Some drying time will be needed before I burn the mesquite. But I'm pleased with the operation because the main job is done."

The Rotoveyer can cover from one to two acres per hour. The charge, on the average, is \$60.00 per hour. Mr. Farr has approximately \$35,000 invested in the machine and about \$50,000 in the tractor. He will make use of the tractor in his custom hay baling.

To meet the needs of Mr. Farr, the tractor was equipped with special forestry type tires such as those used in

the logging industry. This was essential due to thorns, etc.

Ordinarily, it takes approximately five years to clear, plow, and pick over (with repeats of plowing and picking up) with regular tillage tools, in order to get the land in the condition the Rotoveyer leaves it.

In this area, our loose sand allows roots to grow larger than in tight soil. The machine has a little more job to do to uproot the underground growth, but it handled the task very effectively.

The Rotoveyer is a fairly new adventure for Mr. Farr and one that looks as though it "is going to pan out." He is real pleased with what it can do. "Have Rotoveyer - will travel!" may not be Mr. Farr's motto, but that is exactly what the man does.

## P. C. A. Annual Meetings Held Friday And Saturday

Stockholders, friends and employees of Rolling Plains Production Credit Association met Friday, May 1, in Childress and Saturday, May 2, in Stamford for their 47th Annual Stockholders Meeting.

Highlights of the business session of the meeting included the election of two directors. B. H. DeBusk of Anson and W. J. Boykin of Northfield were re-elected for three-year terms. Other PCA directors are Willard H. (Snooks) Williams of Spur, Dan Henard Jr. of Wellington, and Garon B. Tidwell of Munday.

Garon B. Tidwell, director from Munday, gave the report from the board. Mr. Tidwell stated that the drought of 1980 had initiated a review of the Association's credit policy and lending philosophy. He also reported that Rolling Plains PCA equals or exceeds the generally accepted standards in areas such as financial, credit, operations, personnel, member and public relations and business development.

R. C. Cobb, president of the Association, reported that a significant drop in interest rates could not be foreseen for this year; however, the Association is charging only 1/2 of 1% above its cost. Mr. Cobb

## Senior Mothers To Meet

All mothers of Munday High School seniors are asked to meet on Friday, May 8, at 3:30 p.m. in room 8. Mrs. Ruth Gann is the senior class sponsor, and urges mothers of these students to meet if possible.

Mrs. Lula Mae Brown of Brownfield spent Friday night and Saturday morning with her sister-in-law, Mrs. Ruth McKennon. She visited relatives in Haskell and returned to her home Sunday morning.

with their mode of travel in Australia, New Zealand, Indonesia, Tibet, India, Morocco, across Europe and back to England.

The elder Mr. Camp reported on their visit to The Courier, stating they had a very enjoyable and interesting meal, and that the stopover allowed Eric to make a call to England on his phone.

recently testified before a House Subcommittee on cotton, and he informed the stockholders that he had shared with members of the Subcommittee the concern that farmers' operating costs keep increasing without corresponding increases in commodity prices.

Five men were elected to serve on the 1982 nominating committee. They were M. C. Jones, Matador office; Claude Andrews, Childress office; Jimmy Perryman, Spur office; James Smith, Munday office; and Lynn White, Stamford office.

## Little League Yanks Continue Winning Ways!

In the second week of action, Munday's Little League Yankees are setting a record of winning ways thus far in the season.

After a win last week, the Yanks chalked up a 15-8 win over the Cardinals on Thursday night. Repeating this action last Monday night, the Yanks defeated the Braves by a score of 12-0.

In other games, the Red Sox won over the Braves on Thursday night, the score being 11-2.

On Monday night, the Cards eked out a 3-2 margin over the Red Sox.
