## Views From Another Point

by Joyce Beecher Greenwood

If you've walked outside after dark this week, you know the nights are starting to get cooler. There's that special little nip in the air that lets us know fall is really going to follow the hot, muggy days and nights of summer after all. It won't be long now until we can build the first fire of the season in the fireplace and people will say, "A bowl of chili sounds good for supper."

Along with the turning of the leaves and the cooling of the evening, fall means that 20 million men, and many women, will store golf clubs and stop talking about Pete Rose while they watch to see if the Dallas Cowboys have a life after Tom Landry.

Until the roping accident that ended Tommy's cowboy days, fall also meant the end of a seemingly endless summer of weekend rodeo sports. If I had a dollar for every Saturday and Sunday afternoon I've bounced a baby and tried to keep an exuberant little boy in tow while Tommy sat on a horse watching a calf in a rodeo arena, I would have money enough for a new wardrobe and a face lift.

I like sports. I enjoy an occasional rodeo or a football game. In fact, in the past few years, since our grandchildren are beginning to play Little League baseball and basketball, some of the zest that was lost after Tommy and the kids were no longer participants has been rekindled. But, when it came to sports, I was always pretty good in music, so I've always been a spectator and never a participator. Not that it's not interesting being a spectator. You get to hear all kinds of things.

In rodeo sports, it's the time keeper who's the villain, and the dialogue goes a little like this: "How can a kid beat another kid one tenth of a second?"

"That's easy. The kid's mother is probably keeping the clock."

"Well, if they can't run it right, I'm not bringing my kid back over here."

In football, it's mostly the coaches who catch it: "The only reason that kid's getting to start instead of mine is because his daddy's on the school board."

"I told my son I'd rather see him sit on the bench for the rest of his life than to see him butter up that coach the way that other kid does."

"Well, I'm not surprised my kid's sitting on the bench. I made that little smart aleck coach mad at me the first rattle out of the box."

In basketball, the referee's the monster and in baseball, it's the umpire. I don't think I would be either for \$75.00 an hour. They are always accused of being blind and completely stupid. People have threatened to throw them out and I have even heard their birthright questioned.

It's really kind of amazing how a person can sit down next to you and be so nice -- asking about your family, passing the time of day -- then in a matter of minutes, be on his feet all red-faced and yelling, "Boooooo! What's the matter, Ref? Where are your glasses? Boooooo!"

I understand a little how tension and emotional strife can turn nice people into screaming fiends. A few years ago, I was working with Maribeth Williams in third and fourth grades, and Mr. Cotton agreed to let the elementary students participate in a basketball tournament of several small schools, in Benjamin. No more unlikely coaches ever existed than Maribeth and me. Neither of us had ever even played a game of basketball, much less shown anybody how. But, we decided we could do it and with some pointers from the junior high coach, a little initiative, and a whole lot of talent

(Continued on Page 2)

**THIS PHOTO STOPPED TERRY COLLIER IN HIS TRACKS**, but there was no stopping him Friday night, as he put three scores on the board for the Moguls, ending up with 131 yards rushing and receiving. His brother Perry had 162 offensive yards. Other scores came from runs by Marc Andrade and Bobby Dockins. The Moguls outscored the Indians 61-20. The Moguls will travel to Holliday on Friday with kickoff time at 8 p.m.

## Area Residents Welcome Rain And Cooler Temperatures

Thunderstorms dumped close to three inches of rain on Munday early Monday morning in what has been termed a "million dollar rain". Varying amounts fell around the area, ranging from 6 inches at Rhineland to 2.75 at Gore. Another .4 fell Tuesday morning.

Donnie Peters, local county extension agent, said it was a very beneficial rain.

"Most of the wheat farmers had plowed their land and put down chemicals and were just waiting for some moisture," Peters said, "and the dryland cotton, some of which was just beginning to open, wasn't hurt by the moisture."

The high temperatures, which have dipped below the 100 degree mark only

three times in the past two weeks, dropped to a high of 73 on Monday, according to records kept by Goodson Sellers, local weather observer.

The rains early this week brought the

## Student Tickets For Holliday Game Available

Student pre-game tickets for Friday night's game with Holliday are now on sale and can be purchased in either the elementary or high school principal's office.

Tickets are priced at \$1, a \$2 dollar savings from the gate price at Holliday. Students are urged to buy tickets early and take advantage of the savings. Ticket sales will end at the close of school Friday.

## Cemetery Surveys To Be Presented

The public is invited to a special meeting at 3 p.m. Sunday, September 17, at the Knox County Courthouse in Benjamin.

The Knox County Cemetery Association, chaired by M.L. Wiggins, will present cemetery survey materials and information to the Knox County Historical Commission to be placed on display in the county museum.

The meeting and ceremony marks the culmination of months of work and research by the committee, and members of the cemetery association should be praised for their efforts.

yearly total to 22.62 inches, some 10 inches more than was received by this time last year.

## County 4-H Leaders Host District Meeting

Knox County 4-H adult leaders hosted the fall meeting of the District 3 volunteer adult leaders association on Saturday, September 9, at the Memorial Center in Benjamin.

Over 60 adult leaders, County Extension agents and advisors heard programs on Managing 4-H Youth, Loving The Not-So-Lovable Child, Opportunities to Strengthen Parenting Skills and International Youth Exchange.

Attending the meeting from Knox County were James and Sharlene Alderson, Sue Stephens, Mary Ann Boone, Suzanne Stephens, Stefani Stephens and Donnie Peters, County Extension Agent.

The Knox County Extension Homemakers catered the noon meal.

## Weather Report

Following is the weather report for seven days ending Monday, September 11, 1989, as compiled and recorded by Goodson Sellers, local U. S. weather observer.

	TEMPERATURE			RAIN
	HIGH	LOW		
September 5	105	73		
September 6	103	70		
September 7	98	73		
September 8	100	64		
September 9	89	64	.07	
September 10	83	60		
September 11	73	62	2.97	
Rainfall year to date 22.62				

## "To Be Truthful...I've Changed My Mind"

(Bill Hart, sports-writer for the Abilene Reporter News, was in Munday Friday night to see the Moguls take on the Haskell Indians. He agreed to be guest columnist this week and following is his account of the Mogul victory.)

by Bill Hart

It was after a football game back in 1984. I pulled in front of a convenience store in Munday to get some nourishment to get me back to Abilene.

A youngster who appeared to be in junior high was standing outside and asked if I was a sportswriter. I said yes.

"Tim Collier's my brother and someday, you're going to be writing about me just like you are him," he replied.

I don't know if it was Terry or Perry Collier, but it doesn't really matter because both have made headlines for the Moguls the past two years -- and are still making them.

Last Friday night was a prime example. Terry caught two touchdown passes, totaling 141 yards, ran for another and had a 75-yard kickoff return for another score that was called back.

Perry may have worked his way into the Guinness Book of World Records by catching one pass for 162 yards -- a great feat because the football field is 100 yards long. He hauled in a touchdown pass for 75 yards and got the other 87 yards after Bobby Dockins caught a Marc Andrade pass then lateraled to Perry. According to NCAA statisticians, Bobby got credit for

the catch and Perry got the yardage. Not a bad one-game average -- 162 yards a catch!

To be truthful, I haven't been voting the Moguls No. 1 in either the Associated Press or the Dallas Morning News poll, but after that impressive 61-20 win over Haskell Friday night, I have changed my mind.

But the best time to be No. 1 is in December, not September. How well Munday must know this because it has been ranked No. 1 during the regular season in the past and someone else finished No. 1.

Don't get me wrong, Munday is good or were Friday night. The Moguls may be smaller in size, but they hit hard and Andrade may have set a school single game passing record, gaining 308 yards on five of six completions. All came in the first half. Had Coach Jim Edwards wanted to, Andrade could have gotten a lot more, but he ditched the passing attack at the intermission.

In fact, quarterback looks like a strong position. The Moguls didn't have much rushing yardage at halftime, 35 yards, but Bobby Dockins took over in the second half when Munday rushed for 219 yards, a lot coming on Dockins' 77 yard touchdown run. There's not much dropoff when he moved to the man-under position if last Friday night is a good gauge.

## Moguls Outscore Indians 61-20 In Season Opener

The Haskell Indians last defeated the Munday Moguls in 1983 by a score of 20-14 and managed only a tie in 1986.

Friday night after Tyler Thompson intercepted a pass on the 35 and returned to the Indians 9 yard line, with Terry Collier scoring from 2 yards out, you could sense another defeat was in the making for Haskell.

The Moguls put 61 points on the scoreboard, while allowing the Indians only 20.

The Moguls defense, led by Bret Bruce, forced Haskell to punt after 7 plays in their second possession of the night. Starting from the 20, Andrade passed to Dockins for 5 yards and ran for 7 before hitting Terry Collier for a 68 yard pass for the second TD of the game.

Munday's only weakness Friday night seemed to be the kickoffs with Haskell returning for good field position each time.

The Moguls third TD seemed to be a rerun of the second, as Andrade passed to Terry Collier, this time for 63 yards, putting the Moguls ahead 20-0.

Four plays later, the Munday defense forced Haskell to punt. Starting from the 18 yard line, Andrade carried for 7 around right end then connected with Perry Collier for 75 yards and his third TD pass of the night, and Bobby Dock-

ins kicked the first of six straight extra points.

In the next series of plays, Haskell put together the first scoring threat of the night, moving down field from the 20 yard line to the Mogul 8 before Andrade intercepted Shane Osborne's pass. Three plays later Andrade hit Dockins on a short pass and he lateraled to Perry Collier for an 87 yard gain before being tackled on the Haskell one yard line. Quarterback Andrade then scored with 3:16 on the clock for a 34-0 lead.

Haskell managed their first TD of the game with 11 seconds left in the first half as Shane Osborne passed to Harper Stewart from 20 yards out. (Harper is the grandson of Mr. and Mrs. William Stewart and Mr. and Mrs. Tommy Harper of Munday).

In the second half, Munday built up a 55-6 lead with Bobby Dockins scoring three times on carries of 2, 1, and 79 yards.

The Indians scored their second TD on a 35 yard play by Rodney Johnson. Rusty Stocks' pass to Johnson for the PAT was good, making the score 55-14. Haskell's last score came on a 49 yard drive with Stocks hitting Jeremy Fuentes for 22 yards and the TD.

Jerry Valencia scored the final touchdown for the Moguls on a 5 yard run with 1:48 left in the game.

Tyler Thompson, Marc Andrade and Andrew Serrato each intercepted a pass and Jerry Brannam recovered a fumble.

Jonathan Smith was injured in the first half and will be out of the lineup Friday night.

The Moguls will travel to Holliday Friday, to face the Eagles. Kickoff time is 8 p.m.

The Munday junior high football team will play Haskell here at 6 p.m. on Thursday followed by the Junior Varsity game against Holliday at 7:30.

## COACH EDWARDS' COMMENTS

I thought we played very well. Haskell presented some unique problems with their "run and shoot" offense. We adjusted properly and didn't give up the long pass for a score, which is what we were trying to do.

Offensively, Haskell couldn't adjust to our "no back set" and we were able to pass for a bunch of yards.

We must play more aggressive football to beat Holliday. They are a totally different team than Haskell. They want to whip you at the line of scrimmage, so we must out-physical them.

## Postponed Until October

There will be no commodity distribution in Knox County during September. Watch for date and times for October distribution.

But there was one un-Mogul characteristic -- kickoff returns. Haskell had good field position after virtually every kick and almost broke a couple for touchdowns.

Dockins wasn't consistent kicking extra points, missing the first two and the last, but when you score 61 points, three more won't make any difference. But in a tight game, it could be the difference in a win or loss. Don't look for the Moguls to have many close games until late November.

The Mogul defense bent at times but didn't break until late in the game and after the outcome wasn't in doubt. It's hard to keep the adrenalin flowing even against an arch rival when there's a commanding lead.

There's a good speed beside the two Colliers. In fact, the only group I've seen with as much speed as on the sidelines, cheering the Moguls on. The cheerleaders - twirlers are fast enough to win two straight state titles.

So how good is the Moguls football team? Well, the answer is simple: as good as they want to be. The main thing they must contend with is not getting overconfident and beating themselves. No doubt they've heard this week about the seven turnovers they made last year in losing to Holliday, this week's foe.

I expect to see the Moguls play several games this year and who knows, there may be another youngster standing outside that convenience store to tell me about some other future star.

(Continued from page 1)

in the kids, we began to pull our little team together and even hope we might have a chance at bringing home a trophy.

The room mothers had T-shirts printed and we all eagerly awaited the big day.

Just before boarding the bus on the day we were to play, Maribeth called all our little athletes together.

"We are going to play basketball," she said quietly. "And we are going to have a good time. It doesn't matter to us if you win or not. What does matter, however, is your conduct. If at any time we see one of you displaying any kind of poor sportsmanship, you will be benched for the rest of the game. I don't care if you're the best player on the team. Does everybody understand?"

Little heads nodded in agreement, wearing their new black and gold shirts.

Several minutes into the game, our kids were being turned every way but loose. They were being nice, but they were getting clobbered.

"Get in there!" we began to raise our voices just a little.

Then, later -- "Watch him! Don't let him get the ball!"

Finally, by the end of the first quarter, we heard ourselves saying, "He's smaller than you. Why are you letting him take the ball away from you?"

"Will you stop apologizing for trying to get the ball? Take it away from him!"

Then, minutes before the game was over, our kids had pulled out ahead just by a few points and all reserve was thrown to the wind. I heard myself screaming like a banshee -- "Don't let him push you! Push him back! Get that ball!" And, as the ball dropped into the net in the final seconds, Maribeth put her fingers into each side of her mouth and whistled shrilly along with a yell that would have made the best hog caller proud.

Later, boarding the bus to come home, we tried to regain our dignity.

"We were very proud of you," Maribeth said, quietly, but hoarsely. "You played a good game and you were good sports. You deserved this trophy." And we both hoped that by Monday morning the kids would have forgotten that we had become two different people for just a little while.

Now, another year of team sports is beginning. From the looks of the Cowboys on Sunday, Tom Landry may really be indispensable and my dad would have been so glad.

All over America, stadium seats are being taken out of storage closets and seasonal tickets have been purchased. Coaches are watching a whole new crop of young hopefuls, eagerly searching for a Herchel Walker or maybe even a "Too Tall". High school bands are ready to go and cute little girls in tassled boots are ready to lead them. Fall and football are in the air.

... Hope your team wins.  
(We would like to remind you if you want to send a personal note to Joyce, address it to Route 1, Goree, TX 76363. We appreciate your comments on Views, but are sure Joyce would like to read each one herself.)

**TSTA Poll Indicates Public Has Confidence In Teachers**

People living in the northern regions of Texas believe their local public schools are doing a good job educating students, but they have even more confidence in the ability of the local teachers who staff these schools.

These are the findings of a recent Texas Poll conducted July 23-August 8, 1989 for the Texas State Teachers

Association by Harte-Hanks Communications and Texas A&M University.

Over a thousand residents were randomly polled statewide, including 316 in the northern area. The poll has a margin of error of plus or minus three percentage points.

North Texas, South Plains and Panhandle residents say local teachers are doing a very good job in the schools in spite of the fact that they believe them to be "under-paid" and "over-stressed." These same residents give overall good marks to the local public school systems and believe that the quality of education is directly linked to their level of funding.

TSTA President Ollie Besteiro said it is extremely heartening to teachers that 82 percent believe local teachers care about students; 77 percent say teachers are hard working; and 79 percent believe teachers are well-informed on their subject matter.

Eighty-three percent of the respondents said that teachers deserve a pay increase this year.

Besteiro noted that 85 percent of the residents in the northern regions and 83 percent of all Texans believe that teachers should have a say in the educational decisions that are made in local school districts. Only nine percent said those decisions should be left exclusively to the school boards and administrators.

Seventy-five percent said the amount of money spent per student in a school district affects the quality of education offered in that district. In the area of school reforms, 37 percent believe they have improved the quality of education and another 35 percent believe they have had no impact. A majority said the reforms have not affected teacher pay or teacher quality.

Residents split their opinions on the fairness of funding public education in Texas. Thirty-two percent believe it's fair; another 37 percent said it's not fair; and the remainder are unsure. An overwhelming 79 percent believe that it is the state's responsibility to come up with an equitable funding system.

**Senior Citizens Set Game Times**

The Senior Citizens scheduled game times for 2-4 p.m. on September 14 and 21 when they met for their regular monthly meeting September 7. The monthly singing will be held from 7-9 p.m. on September 28.

Ella Gresham, Senior Citizens president, presided at the regular meeting held at Patton Community Center. To open the meeting, those in attendance repeated the 23rd Psalm in unison, followed by the Pledge of Allegiance. Minutes were read and approved and the treasurer's report was accepted as given.

Suggestions on how to make meetings more interesting were asked for by the president. Members are to consider suggestions and programs and report ideas at the October 5 meeting. The group decided that each member would invite a prospective member to the next meeting.

Ella Gresham and Virginia Cary entertained the group with readings, followed by singing led by Maggie Gaines with accompaniment by Eunice Raynes.

A covered dish meal was enjoyed at noon, followed by a time of fellowship. Rennie Patterson offered thanks for the meal.

The Senior Citizens will meet again at 10:30, October 5 in the Patton Community Center.

**Golf Scramble, Contests Set This Sunday**

A three-person golf scramble will be held Sunday afternoon, September 17 at Lake Creek Club. Tee-off time is 1 p.m.

Prizes will be awarded for the longest drive on holes 3 or 11, nearest the pin on 5 or 14, and the longest putt on 8 or 17.

All area golfers are invited to participate.

**Typing Classes Offered At VRJC**

Two typing classes have been scheduled at Vernon Regional Junior College by the Division of Continuing Education.

Fee for either course will be \$40 and pre-registration is advised.

For further information contact VRJC at 552-6291.

**The Lord's Corner**

by Dr. Pete Bradfield, Pastor  
First Baptist Church

Love is truly a "many-splendored" ... and oft mistaken...thing.

There's BECAUSE LOVE: "I love you because you're beautiful...because you're talented."

There's WHEN LOVE: "I love you when you're good...when you're faithful."

There's IF LOVE: "I'll love you if you please me...if you don't hurt me."

And then there's GOD'S LOVE: He doesn't say, "I love you because, or when, or if." Rather, God simply says, "I love you, period." No conditions. No fine print. No timetable.

See you next week, and remember: Love is something you do, but it is something God is.

MEMBERS OF THE 1989-90 MOGUL JUNIOR VARSITY squad will host Holliday Thursday night for their second game of the season. Kickoff time is 7:30 p.m. The junior varsity lost to Haskell by a score of 6-0 last Thursday. Team members include: (back row, left to right) Andy Dancer, Freddie Sosa, Christopher Clem, Chad King, Jay Kingston; (middle row) Jayson Zeissel, David Tidwell, Jay Nuckols, Charlie Terrell, Matt Angerer, Philip Bowen, Junior Macias; (bottom row) Kenny Forehand, Mike Bunton, Kent Latham, Jimmy Guerrero, Gene Shields, and Ray Hernandez.

**Nursing Center News**

By Virginia Williams

The residents played bingo Tuesday afternoon, with Evelyn Browning and Tom and Ida Oustad of the Munday Church of Christ doing the calling. Everyone who could play enjoyed the games.

Rev. and Mrs. James Sinclair, pastor of the First Baptist Church in Paint Creek, visited Thelma Hubbers and played the piano and sang for all the group that had been taking exercise.

Everyone looks forward and always enjoys the singing and devotional on Saturday afternoon. Mrs. Ruby Myers played the organ, Mrs. Eunice Raynes played the piano, Mrs. Virginia Cary held the devotional, and Mr. and Mrs. Archie Struck and Tom Hamilton sang

with the group.

DeTroy and Margie Trammell of Tulsa, Oklahoma visited his mother, Mrs. Trammell, on Wednesday and Thursday of last week.

Robert and Winnie Trammell of Springtown visited his mother, Susie Trammell, on Wednesday.

Rev. and Mrs. John C. Davis of Seymour visited Mrs. Ruby West.

Dr. Larry Fitzgerald and seventeen members of the Church of Christ held a very interesting service of songs and sermon.

Dora and Charles Krumtum of Leslie, Arkansas and Gepe, SuRita and Darren Hucklin of Wichita Falls visited Ruth Hammons.

Bob and Norma Thornhill of Seymour visited Mrs. Dora Patterson.

Mrs. Mildred Fitzgerald of Seymour visited her brother, Glen Draper, and friends in the nursing center on Saturday.

Visiting Mary Johnson on Saturday were Sibyl Chandler of Lakeside, California, Johnnie Chandler of Santu, California, Betty Chandler Fitzgibbons of Alameda, California, Don and Gwen Johnson of El Cajon, California, Burl Johnson of Ranger, Ellis Johnson of Hamlin, Mr. and Mrs. George Rowlet of Duncan, Oklahoma, Alton Rodgers of Big Spring, Doyle D. Johnson of Pasadena, and Wanna Hunter of Iowa Park.

# Truscott-Gilliland News

By Mrs. Clara Brown

## FROM LAST WEEK

Most of the past week was hot and humid, but without rain. A humidity reading in the 80s is pretty high for the Divide, especially several days in a row. Monday morning the humidity was only in the 60s.

Dove hunters were everywhere over the weekend. Most seemed to be having good luck.

A certain Truscott citizen has been seeing a lot of poems, etc., lately on the subject of forgetfulness and it must have affected her. She had to go to Annis Brown's wedding twice before she got the date right. She showed up at the Crowell Baptist Church on Saturday, registered, and began to suspect something when she was handed a name tag to wear. Sure enough, she was at the 100th anniversary party of the church, and had to go back the next day for the wedding. It was the only time in her life she has been early for anything. I'd tell you her name, but I can't remember it.

The Mike Shaw family of Mansfield were at their Truscott home for the weekend. Ann and the children plan to remain here for the school year. Jennifer will be a freshman and Perry will be in the fourth grade.

Shirley and Ruth Moore spent the weekend in Amarillo helping with great-grandchildren while the children's parents, Sherrill and Ronnie Hudson, attended their tenth high school class reunion.

Jackie Miller and sons of Slaton visited his parents, the O.R. Millers, last Monday and Tuesday. On Tuesday Jackie and Royce Miller worked cattle.

Tommy Shaw and Robin Harwell visited the A.L. Cooks Sunday. Corinne New got home late Friday night after being gone for eight weeks. Visiting here during the weekend were Jack and Katy New of Andrews, Lawrence and Ginger New of Amarillo, and Parker and Janice New of San Angelo. She had several local visitors Saturday and Sunday plus quite a few telephone calls to welcome her back.

Corinne says she is very happy to be home and wants to thank everyone for their prayers during her illness because, "If it hadn't been for that I wouldn't be here."

The Grandmas of Truscott are reminded that Sunday, September 10, will be Grandma's Sunday Dinner and to be sure to check their assignments if they missed last week's meeting.

Truscott Extension Homemakers will meet Tuesday, September 12, at the center about 1:45 and then go together to the Corps of Engineers office for a program about the Truscott Brine Lake.

Tommy Davis of Paducah and Dallas has been talking to several Foard, Knox, Cottle, and King County landowners about hunting leases by the gun instead of by the acre. As far as is known all arrangements are still in the talking stages. Davis is interested in birds, coyotes and wild hogs.

Visiting in the home of Irene and Owen New over the weekend were her

nephew and his wife, H.B. and Zina Maddox of Lubbock, and Zina's parents, Mr. and Mrs. Howard Bostick, also of Lubbock.

Visiting Scottie Burgess over the weekend were Jack and Patricia Cobb of Ft. Worth and Jan Richardson. Jan will be teaching first grade at New Deal this year.

Kent and Tracy Smith and children of Graham visited her parents, Elmo and Billie Shaw over the holiday weekend. Also visiting the Shaws were Elmo's brother and wife, Tommy and Linda Shaw of Hurst, and Linda's daughter and husband, Mr. and Mrs. Robin Harwell of Haslett.

Owen New had a fall last Tuesday and had to have several stitches near his eye. He and Tommy Tapp were inspecting a fence for repairs. A trip to the emergency room at Quannah followed and Owen has had a swollen eye this week.

Owen and Irene New's daughter, Peggy Plunk, in addition to recent foot surgery, is now recovering from a bite by a brown recluse spider on her left hand.

Ila Mac Bullion, Gail Whitley, and Crystal Dishman were in Abilene Saturday shopping for school things.

Kristi and Johnny Kimmell moved over the weekend from the Moorhouse Ranch to their house in Truscott.

The coin operated telephone by the telephone building in Truscott has been removed. The public phone is now located in the post office lobby. Since it will not accept coins, long distance calls must be made with a credit card or as third number calls.

Loys and L.D. Welch had a houseful of company for the weekend. Guests included Wanda, Bob, and Robert Partridge of Arlington; the Lloyd Welch family from Munday; Dovie and T.J. Partridge of Munday; and Wendell, Leona, and Dave Partridge of Munday. Some of the crowd attended the Vera Homecoming Saturday and Sunday, some went dove hunting, and all were enjoying a fish fry Sunday evening.

Loys Welch will enter Bethania Hospital at Wichita Falls for surgery on Tuesday.

Sybil Simmons had dove hunters on Sunday. They were her nephew, Robert Spain, and his son, Latham, of Iowa Park.

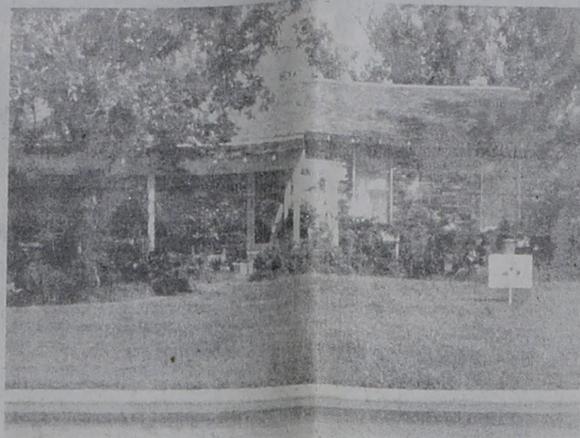

The Gilliland Club ladies quilted a quilt for Sybil Simmons last Monday, Tuesday, and Wednesday. Sybil pieced the top.

**ARE YOU PUTTING ME ON?**

**MAKE THE CONNECTION FOR SAFETY!**

**THE HOME OF** Mr. and Mrs. Leland Floyd at 330 South 7th earned the Yard of the Week plaque this week from the Munday Garden Club. Beds and borders of coleus, crepe myrtle, and large shade trees make the yard a pleasing site for passersby.

## 4-H Parent Orientation To Be Held Monday

A program for 4-H parents and leaders will be held at 6:30 p.m. Monday, September 18, at the Knox City Community center.

Harry Campbell, District 3 4-H Specialist, will present information on "Exploration of 4-H Projects", an overview of projects offered to 4-H youth.

All 4-H parents, adult leaders and youth are invited to attend.

## Reader Praises "Views" Writer

Dear Joyce,

Thanks to Lorena Cowsor Kilsart, I was introduced to your "Views from Another Point". She sent me her copy about Tanya's strep throat. I loved it! Now Dr. Heard's grandchildren and great-grandchildren (7 boys and a girl) have copies of your column.

When Judy, my younger daughter had read it, she said, "What a writer! I want a copy of her first book - you know she has to write one."

The article filled me with nostalgia and thanksgiving that I grew up in the midst of all these loving and real people.

The Harlans and your dear parents were so special to my parents, as they were to so many people. Please give Pauline my love.

Now that I can read again, after almost ten years, I am looking forward to having your "Views" every week. Will you please see that my subscription is entered for the next year.

I am so glad to have found you; you will certainly add to my week.

Sincerely,  
Angie Heard Richter

Dallas, Texas 75208

## Future Farmers Elect Officers

The Munday Future Farmers of America Chapter held its first meeting of the 1989-90 school year recently. The group enjoyed a hamburger supper prior to officer and sweetheart elections.

This year's officer include Jeff Herring, president; Jon Smith, vice-president; Bryan Latham, reporter; Kent Latham, treasurer; Kevin Oustad, secretary; Jason Brown, sentinel; and Shawna Simpson, photographer. The 1989-90 chapter sweetheart is Lisa Steedly.

Adult leaders present were George Oustad, Rickie Herring, Lloyd Welch, Jim Reid, and Mr. and Mrs. Rick Moller, along with about 30 members of the FFA.

Bryan Latham, reporter

## Around And About Town

The Courier has had many requests from out-of-town subscribers to include a column about Munday people, such as in the Weinert and Goree news.

If you know of someone who is ill, in the hospital, bereaved, or if you had visitors or went visiting, let us know

Visiting in the home of Marguerite and Pat King during the Labor Day weekend were Sue Hash of Seymour, Billy Bumpas of Arlington, Brett and Judy Bumpas, B. J., Sammie and Rebecca of San Antonio, Bryan and Gay Bumpas, Brittany, Brad and Barrett, of Jacksboro, Mrs. LeAnn Butin, Kellie and Jenny of Oklahoma City, Oklahoma.

Also Walter and Mary Ellen Warren, Tim and Kim and Heather Holtman of Fort Worth, Mrs. Rene' Howerton and Jared of Fort Worth, Steve Partridge and a friend of Wichita Falls, Jerry and Sandy King and Chad, Donnie and Dena King, Heather, Jr. and Justin, Keith and Annette Offutt and Courtney, all of Munday.

Everyone enjoyed a dove supper on Sunday night.

Mr. and Mrs. Gerald Mayo of Garland visited his aunt, Daisy Gauthier, last Saturday.

The children of Tom and Maud Clarke attended the Sunset Homecoming, starting with a Sunday morning breakfast. Attending were Elvis and Grady Phillips, Lemuel and Thena Clarke, Hallie Phine and Orville Strickland, and Lomerae and Earl Senter.

Visiting Lloyd, Nancy and Tony Shahan over the weekend were Joe, Glenna, Chris and Kevin Shahan and a friend, Reuben Cruz, all of Seymour.

## County 4-H'ers Show Stock At WT Fair

Three Knox County 4-H'ers competed at the West Texas Fair and Rodeo held September 9 in Abilene.

Jason Patterson of Benjamin exhibited his Hereford heifers, placing third in the open division and fifth in the junior show with a spring yearling. His winter calf placed second in the junior division and seventh in the open division.

In the rabbit show, Tressie Boyd finished fifth with a lightweight Lop buck, sixth with a heavyweight Californian buck, eighth with a lightweight Lop doe and tenth with a lightweight Californian doe.

Lane Boyd, also of Knox City, exhibited rabbits, placing second with a lightweight Rex doe and fourth with a heavyweight Rex doe. His lightweight Rex buck and lightweight Californian Doe earned fifth and ninth place finishes, respectively.

Also attending the fair were Kynn and Trenna Patterson and Joetta Boyd, parents of the exhibitors.

KEEPING SPIRIT HIGH for Goree Junior High football players are these 1989-90 junior high cheerleaders. Pictured clockwise from top are Mandie Bradley, Shea Trainham, Betsy Peck and Donna Hale.

**She's Here!!**

A tiny Southern Belle with black hair and blue eyes arrived in Southern Louisiana on Saturday, September 9, 1989. She is called Ashley Ann Fournier. Ashley weighed in at 7 lbs., 13 ozs. and measured 18 1/2 inches long. She belongs to Marcel and Suzanne Fournier of Houma, Louisiana. Her grandparents, Jerry and Pat Lemley, aunts Belinda and Kristi, and cousins Betsy, Blain and Gerrit, were at Terrebonne Medical Center to greet her. Also the Fournier clan of Houma were present. Then the telephones started ringing in Munday to Kenneth, Joyce, and Chris Baker, and Mike, Kerri, Brian and Jeffrey Urbanczyk, to Hawaii to Mike, Julia, Jared, Jimmy and Jesse Cole Polman, and to the proudest of great-grandmothers, Dorothy Putnam.

By Mrs. Grace Smith

**BIRTHDAY PARTY**

Mr. and Mrs. Dewitt Green and Mrs. Hallie Campbell visited Mr. and Mrs. W. T. Green in Olney on Sunday and helped him celebrate his 96th birthday.

**HERE AND THERE**

Visiting Mr. and Mrs. Billy Moore a few days last week was her sister, Polly Williams and Tim Love of Port Aransas. They also visited Lanny and Marion Cunningham and the Dolan Moore family.

Mr. and Mrs. Greg Melton Brady and Taylor of Haskell and Taylor and Marge Allen were dinner guests in the Elkin Warren home on Sunday.

Billy and Gina Simacht of Seymour visited his grandmother, Grace Smith, Sunday afternoon to help her celebrate Grandparents Day.

Visiting Mr. and Mrs. Carl Echols on Sunday was their daughter, Cassa Dormier, Josh and Sara, of Throckmorton.

Jerry Brown of San Antonio visited his mother, Goldie Brown, on Friday. Jerry will be leaving soon for a three year tour of duty in Germany.

Mrs. Edwin Reeves, Wemert visited Mr. and Mrs. Felton Jackson on Thursday. Mrs. Daisy Gauthier of Munday visited in their home last Sunday.

Mr. and Mrs. Carl Echols visited their mothers, Mrs. Addie Underwood in Seymour and Mrs. Allie Echols in the Olney Nursing Home, on Saturday. Grace Smith visited her sister, Helen

Patterson, in Munday Saturday afternoon. Other visitors in the Patterson home were Raymond and Cleo Melton, Danny Brown and children, Brandon, Amanda and Chelsea, and Joey Brown and his friend, Kim, all of Weatherford, and Margie Melton and Jackie Blisson of Richardson.

Visiting Mr. and Mrs. Wallace Roberts during the weekend was his daughter, Mr. and Mrs. Micky Laney and family of Ft. Worth.

Mr. and Mrs. Malcolm Jacobs and sons of Fort Worth visited his mother, Mrs. Mable Jacobs and Jeanette, during the weekend.

Jim Roberts of Arlington visited his mother, Mrs. Ina Roberts, and in the Wallace Roberts home a few days last week.

One important tool parents can use to help their child in school is goal setting.

**1989 Crop Disaster Program Provisions Are Announced**

Secretary of Agriculture Clayton Yeutter has recently announced provisions of the 1989 crop disaster program and that payments will be made in generic commodity certificates.

The program will be administered by the U.S. Department of Agriculture's Agricultural Stabilization and Conservation Service.

"We stand ready to implement the Disaster Assistance Act of 1989 in a timely manner," Yeutter said. "Our ASCS field staff will process disaster payment requests as quickly as possible to get financial aid to those farmers who have suffered crop losses due to drought, excessive moisture, and other perils."

Producers who suffered crop losses because of adverse weather or related conditions in 1988 and 1989 may be eligible for 1989 crop disaster payments, which are expected to total about \$900 million, Yeutter said.

Additional provisions of the 1989 disaster program are:

--Applications for payments will be accepted by ASCS county offices September 15 through April 2, 1990. To qualify for disaster payments, producers must submit production records no later than April 27, 1990.

--The value of a replacement crop will be used to determine the producer's disaster payment for losses on the first crop. However, the value will be determined by reducing the actual replacement crop production by 25 percent, then multiplying the result by an average market price.

--Producers who are prevented from planting crops or whose crops are planted and subsequently fail in a flood or flowage easement area will be eligible for disaster benefits even if such losses result from flooding.

--Honey producers will be eligible for crop loss payments based on the difference between actual production per hive compared with historical production.

--Producers will not be permitted to use multiple peril crop insurance yields for determining losses under the 1989 disaster program.

--Additional disaster payments to producers will not be made on crops that suffer losses resulting from reduced quality other than on nonprogram crops which are considered unmarketable. Seventy percent of the production that is determined unmarketable by the ASC committee will be excluded in calculating disaster benefits.

--Replanting assistance is available in the form of a cost-share payment for orchard and nut trees planted at any time to produce annual crops for commercial purposes that died because of freezing or a related condition in 1989.

--Cost-share payments are available to replant seedlings planted in 1988 and 1989 for the production of trees for harvest for commercial purposes that died in 1989 because of drought or related conditions.

--Under the emergency feed assistance program, producers will not be allowed to purchase farm-stored feed grain pledged as collateral for Commodity Credit Corporation price support loans.

General crop loss criteria and payment rates are as follows:

Program crops with crop insurance - 35-100% loss - 65% of target price. No crop insurance - 40-100% loss - 65% of target price.

Program crop nonparticipants - 50-100% loss - 65% of price support level. Sugar, tobacco and peanuts

With crop insurance - 35-100% loss - 65% of price support level. No crop insurance - 40-100% - 65% of price support level.

Soybeans and sunflowers - 45-100% loss - 65% of market price. Nonprogram crops 50-100% loss - 65% of market price.

Further information can be obtained from the ASCS executive director in your county.

## Knox County Konnections

By Jane Rowan  
County Extension Agent

### FOR THE LOVE OF YOGURT

Americans are consuming more than a billion pounds of yogurt a year. This increased love of yogurt and yogurt products is good news for the consumer concerned about calcium intake. While a cup of milk provides about 37 percent of the adult Recommended Dietary Allowance for calcium, plain yogurt supplies 52 percent and plain nonfat yogurt provides 57 percent.

### LEAD-IN-DRINKING WATER?

High contaminations of lead in water can be serious.

Most lead in household water comes from plumbing, not the local water supply. Lead levels in drinking water are likely to be highest if your home has lead pipes or copper pipes with lead solder, if you have a water softener, if water sits in pipes for several hours, or if your home is less than five years old (mineral deposits in water form a protective coating in the pipe after that time).

You do have some direct control over lead in your water, even though you can't see, taste or smell it when dissolved. One simple precaution, with any faucet that has not been used in six hours or more, is to "flush" the pipe by running cold water about five seconds. Use only water from the cold tap for drinking, cooking and especially making baby formula (hot water is likely to contain higher lead levels).

The only way to be sure of the amount of lead in your water is to have it tested by a certified laboratory.

### BREAST CANCER RISK

Research suggests that a diet rich in fat, saturated fat and animal proteins may be associated with a threefold increase in a woman's risk of breast cancer. Specifically, women who reported a higher intake of whole milk, high-fat cheese and butter were found to be at higher risk. A lowered risk was a benefit for women who consumed less than 6 percent of calories from animal protein.

## Daisy Johnson

### Buried Saturday

Graveside services for Daisy Irene Johnson, age 84, were held at 11 a.m. Saturday, September 9, in Johnson Memorial Cemetery under the direction of McCauley-Smith Funeral Home.

She died Sunday, September 3, 1989, in a California nursing home.

Mrs. Johnson was born February 7, 1905 in Haskell County. She was a homemaker and a member of Primitive Baptist Church of Rule. She and John Keifer Beauchamp were married April 2, 1922, in Haskell County. He died October 23, 1926. She and Wylie B. Johnson were married October 14, 1929, in Knox County. He died March 30, 1981. She moved to California in April, 1981.

Survivors include five sons, Burl of Ranger, Delbert Beauchamp of Ripley, Miss., Ellis of Hamlin, Doyle Dean of Pasadena, and Don of El Cajon, California; two daughters, Sibyl Chandler of Lakeside, Calif., and Betty John Chandler of Santee, Calif.; two sisters, Myrtle Beauchamp and Fannie Ballew, both of Wichita Falls; 21 grandchildren; 37 great-grandchildren; and one great-grandchild.

## ASCS Director Reviews 1990 Farm Program

Limited cross compliance requirements will be in effect for all 1990 program crops except for oats and extra long staple (ELS) cotton, according to

Glenn Brzozowski, County Executive Director of the Haskell County Agricultural Stabilization and Conservation Service.

"This means to participate in the program for one crop on a farm, the producer will be prohibited from planting in excess of the crop acreage base for each other program crop on the farm," Brzozowski said. Offsetting compliance will not apply, he said, meaning that eligibility for a program payment and a loan will not be affected by actions taken with respect to that commodity on another farm.

The 1990 wheat, feed grain, upland cotton and rice programs also prohibit farmers from producing nonprogram crops on land removed from production by the acreage reduction programs. Grazing of acreage conservation reserve (ACR) and conservation use (CU) land is permitted except during a five-consecutive-month period designated by the State ASC committee. "Haying of these acres in the same period will not be permitted unless the State ASC committee determines that haying will not have an adverse economic effect in the State," Brzozowski said.

As in 1989, next year's farm program participants will not be allowed to upwardly adjust any crop acreage base with a corresponding downward adjustment in other crop acreages on the farm. However, adjustments in crop acreage bases will be considered when producers need to change cropping practices to carry out conservation compliance requirements on highly erodible land, according to Brzozowski.

The ASCS official said advance deficiency payments will be made for wheat, feed grains, upland cotton and rice at 40 percent of the projected deficiency payment rates. The sign up will run from January 16 through April 13, 1990.

## Birthdays And Anniversaries

September 14 - Joe Tidwell; Mr. and Mrs. Bobby Cude, Troy and Faye Stone.

September 15 - Elaine Guley, Gerard Kuehler.

September 16 - Angie Stone, Melissa Berryhill, Michele Berryhill, Amy Parker, Lynn Parker, Matthew Dorough, Jan Wilson, Barbara Zeissel, Norman Tolleson.

September 17 - Eric Beaty, Jerry King, Kevin Allen Brown, Linda Jackson.

September 18 - Mike Cypert.

September 19 - Curt Groves, Pam Reed, Brandi Matthews, Lorin Clem, Chris Meers, Angie A. Partridge.

September 20 - Kandis Longan, Charlette Brown; Bill and Johnnie Smith.

## PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 7, 1989

### PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 102 proposes a constitutional amendment that would increase the salary of members of the legislature to one-fourth of the Governor's salary and increase the salary of the Lieutenant Governor and the Speaker of the House of Representatives to one-half of the Governor's salary. The annual salary of members of the legislature, the Lieutenant Governor, and the Speaker of the House of Representatives is currently \$7,200. Under this provision, the annual salary of the Lieutenant Governor and the Speaker would be \$46,716, and the annual salary of members of the legislature would be \$23,358, based on the Governor's current annual salary of \$93,432. The increase for the Speaker and the members of the legislature would take effect when the legislature convenes for its regular session in January 1991. The increase for the Lieutenant Governor would take effect when the term of that office begins in 1991. The salary increase for the Lieutenant Governor would not make members of the legislature ineligible to run for the office of Lieutenant Governor.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to limit the salary of the lieutenant governor and the speaker of the house of representatives to not more than one-half of the governor's salary and to limit the salary of a member of the legislature to not more than one-fourth of the governor's salary."

### PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$500 million of Texas water development bonds. The additional bonds are to be used as follows: \$250 million of the bonds are to be used for water supply loans and facilities acquisition; \$200 million of the bonds are to be used for water quality enhancement projects; and \$50 million of the bonds are to be used for flood control. The legislature may provide that \$100 million be used for subsidized loans and grants to economically distressed areas of the state for water and wastewater facilities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$500 million of Texas water development bonds for water supply, water quality, and flood control purposes."

### PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 51 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds to provide money to establish a Texas agricultural fund, a rural microenterprise development fund, a Texas product development fund, and a Texas small business incubator fund in the state treasury. The Texas agricultural fund would be used to provide financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced in Texas by Texas agricultural businesses. The rural microenterprise development fund would be used to stimulate the creation and expansion of small businesses in rural areas. The Texas product development fund would be used to aid in the development and production of new or improved products in this state. The Texas small business incubator fund would be used to stimulate the development of small businesses in the State.

The principal amount of bonds outstanding at one time could not exceed \$25 million for the Texas agricultural fund and \$5 million for the rural microenterprise develop-

ment fund. The financial assistance offered by both funds could include loan guarantees, insurance, coinsurance, loans, and indirect loans or purchases or acceptances of assignments of loans or other obligations. To carry out the Texas product development fund, the legislature could authorize loans, loan guarantees, and equity investments, and the issuance of up to \$25 million of general obligation bonds for initial funding. To carry out the Texas small business incubator fund, the legislature could authorize loans and grants of money, and the issuance of up to \$20 million of general obligation bonds for initial funding.

Bonds authorized under this amendment would be paid out of the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in any interest and sinking account at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the recovery and further development of the state's economy, with goals of increasing job opportunities and other benefits for Texas residents, through state financing of the development and production of Texas products and businesses."

### PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 13 proposes a constitutional amendment that would authorize the legislature, by general law, to exempt from ad valorem taxes property owned by nonprofit veterans organizations that are chartered or incorporated by the United States Congress.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to exempt property of nonprofit veterans organizations from ad valorem taxation."

### PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 11 proposes a constitutional amendment that would provide an exemption from ad valorem taxation for goods, wares, merchandise, other tangible personal property (including aircraft), and ores (other than oil, gas, and petroleum products) if the property is acquired in or imported into the state and is destined to be forwarded out of the state, regardless of whether the intention to forward the property existed when the property was acquired or imported into the state, if it remains in Texas for 175 days or less for assembly, storage, manufacture, processing, or fabrication. The proposed amendment would authorize the governing body of a county, municipality, school district, or junior college district to prevent the exemption of this tangible personal property from taxation by taking official action before April 1, 1990. A county, municipality, school district, or junior college district could rescind a decision to tax the property, in which case the exemption would become effective in the year of the rescission and the property could not thereafter be taxed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment promoting economic growth, job creation, and fair tax treatment for Texans who export goods to other states and nations by restoring and allowing, on a local option basis, an ad valorem tax exemption for certain personal property that is in Texas only temporarily for the purpose of assembling, storing, manufacturing, processing or fabricating."

### PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment that

would enable the legislature to provide, by general or special law, that members of a hospital district board may serve terms not to exceed four years. Currently, hospital district board members' terms are two years.

The proposed amendment will appear on the ballot as follows:

"Authorizing the members of a hospital district governing board to serve four-year terms."

### PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 40 proposes a constitutional amendment that would change the format of the oath of office for officeholders in this state. All elected and appointed officers would be required to take an oath or affirmation swearing to faithfully execute the duties of office and to preserve, protect, and defend the constitution and laws of the State and the United States. In addition, each elected and appointed officer would be required to sign a sworn statement that he or she had not paid, offered, or promised anything of value for a vote or to secure appointment to an office, as applicable. The written, sworn statement would be filed with the secretary of state. The information in the statement is currently contained in the oaths of office taken by elected and appointed officials.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to require that a member of the legislature, the secretary of state, and an elected or appointed officer, before assuming office, sign a written oath stating that the member, the secretary of state, or the officer did not engage in bribery to obtain the office."

### PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 24 proposes a constitutional amendment that would allow the legislature to authorize the issuance of up to \$400 million in general obligation bonds. The proceeds of the bonds could be used to acquire, construct, or equip new corrections institutions, mental health and mental retardation institutions, youth corrections institutions, and statewide law enforcement facilities and to repair and renovate existing facilities of those institutions. The bonds would constitute a general obligation of the state. The bonds and interest on the bonds would be paid from the first money coming into the treasury that is not otherwise appropriated by the constitution, less any amount in a sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds for projects relating to facilities of corrections institutions, youth corrections institutions, and mental health and mental retardation institutions and for the expansion of statewide law enforcement facilities."

### PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 101 proposes a constitutional amendment that would authorize the legislature to pass laws to organize and combine state agencies that perform criminal justice functions. The legislature could combine into one or more agencies all agencies that have authority over the confinement and supervision of convicted criminals, that set standards for or distribute state funds to political subdivisions with authority over the confinement and supervision of convicted criminals, and that gather information about criminal justice administration. Agencies that could be combined would include the Texas Department of Corrections, the Board of Pardons and Paroles, and the Texas Adult Probation Commission. The amendment would also authorize the legislature to pass laws authorizing the appointment of members of more than one department of government to serve on the governing body.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to organize and combine various state agencies that perform criminal justice functions."

### PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would authorize the legislature to enact laws requiring or permitting judges to advise juries that a defendant convicted of a criminal offense can receive credit for good conduct that results in a shorter prison term and that eligibility for parole or mandatory supervision can also affect the length of time a convicted criminal serves in prison.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to require or permit courts to inform juries about the effect of good conduct time and eligibility for parole or mandatory supervision on the period of incarceration served by a defendant convicted of a criminal offense."

### PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 102 proposes a constitutional amendment that would increase the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount allowed for federal income tax purposes as of January 1 of that same year as a deduction for living expenses incurred by a state legislator. The per diem of \$30 would increase to \$81, which is the current maximum living expense deduction.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to set the amount of per diem received by a member of the legislature at the amount allowed for federal income tax purposes as a deduction for living expenses incurred by a state legislator in connection with official business."

### PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 53 proposes a constitutional amendment that would authorize the legislature to provide for the use of the permanent school fund and the income from the permanent school fund to guarantee bonds issued by the state for the purpose of providing loans or purchasing the bonds of school districts to acquire, construct, renovate, or improve instructional facilities. If the permanent school fund were required to make payment as a result of its guarantee of bonds issued by the state, the fund would have to be reimbursed immediately from the state treasury. The amount of bonds guaranteed by the permanent school fund could not exceed \$750 million unless a higher amount was authorized by a two-thirds vote of both houses of the legislature. If a school district were to become delinquent on a loan, the amount of the delinquency would be offset against other aid to which the district was entitled.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for using the permanent school fund and its income to guarantee bonds issued by the state for the purpose of aiding school districts."

### PROPOSITION NO. 13 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would provide a bill of rights for crime victims. This constitutional amendment would give crime victims the right to be treated with fairness and respect and to be reasonably protected from the defendant. On his request, the crime victim would have the right to notification of court proceedings, the right to be present at all public court proceedings unless a court determines that the victim's testimony would be affected by hearing other testimony, the right to confer with a representative of the prosecutor's office, the right to restitution, and the right to information about the conviction, sentence, imprisonment, and release of the defendant. The legislature would be authorized to enact laws to define the term "victim," to enforce the rights of crime victims, and to provide that certain public officers and agencies are not liable for a failure to protect a victim's rights.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment

providing a bill of rights for crime victims."

### PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 71 proposes a constitutional amendment that would require the district attorney in Fort Bend County to be elected and serve terms at the same times as criminal district attorneys in the state. Currently, criminal district attorneys are elected in gubernatorial election years and district attorneys are elected in presidential election years.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment requiring a district attorney serving in Fort Bend County to be elected and serve a term in the manner provided by general law for criminal district attorneys."

### PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 32 proposes a constitutional amendment that would authorize the legislature, by general law, to permit charitable raffles conducted by qualified nonprofit organizations. The amendment would require that the raffles be conducted, promoted, and administered only by members of the qualified nonprofit organizations and that the proceeds from the sale of raffle tickets must be spent for the charitable purposes of the organizations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to permit and regulate raffles conducted by certain nonprofit organizations for charitable purposes."

### PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment allowing the legislature to pass general laws authorizing the creation of hospital districts upon approval of a majority of the qualified voters of the district. The amendment would also permit the legislature to authorize the creation of hospital districts by general or special law in counties with populations of 75,000 or less and to authorize the commissioners courts of such counties to levy ad valorem taxes and issue general obligation bonds for the support and maintenance of such districts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting to the people the right to decide whether to create and maintain hospital districts to protect the public well-being in a manner independent of the legislature."

### PROPOSITION NO. 17 ON THE BALLOT

House Joint Resolution 33 proposes a constitutional amendment that would allow the legislature, by general law, to authorize the use of public money to provide local fire departments and other public fire-fighting organizations loans or other financial assistance to purchase fire-fighting equipment and to aid in complying with federal and state law. The legislature would also be allowed to authorize the use of public money for scholarships and grants to educate and train members of these organizations. Part of the money could be used for administrative costs of this program. The legislature would provide for the terms and conditions of all such scholarships, grants, loans, and other financial assistance.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the state to provide scholarships, grants, loans, and other financial assistance to local fire departments and other public fire-fighting organizations to purchase fire-fighting equipment, to aid in providing necessary equipment and facilities to comply with federal and state law, and to educate and train their members."

### PROPOSITION NO. 18 ON THE BALLOT

Senate Joint Resolution 44 proposes a constitutional amendment that would repeal subsection (e) of Article III, Section 50-d of the constitution. Article III, Section 50-d currently allows the Texas Water Development Board to issue and sell Texas agricultural water conserva-

tion bonds in an amount not to exceed \$200 million, if two-thirds of the members of each house of the legislature approve. Under subsection (e), this authority will expire in November, 1989. Repeal of subsection (e) by passage of this amendment would continue in effect the authority to issue and sell the bonds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to eliminate certain time limitations relating to the issuance of Texas agricultural water conservation bonds."

### PROPOSITION NO. 19 ON THE BALLOT

Senate Joint Resolution 59 proposes a constitutional amendment that would allow local governments to invest their funds as authorized by the legislature. Currently, the constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company prevents local governments from making some kinds of investments. This proposed amendment would allow local governments to make any investments authorized by the legislature.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize local governments to invest their funds as provided by law."

### PROPOSITION NO. 20 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment which, if passed, would abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris, and Webb Counties. A majority of the voters in an affected county must vote in favor of this proposed amendment before the office is abolished in that county. If the office of county surveyor is abolished in any of these counties, the powers, duties, and functions of the office are transferred to a county officer or employee designated by the commissioners court of the county in which the office is abolished.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris, and Webb Counties."

### PROPOSITION NO. 21 ON THE BALLOT

Senate Joint Resolution 74 proposes a constitutional amendment that would authorize the legislature to enact laws authorizing the Texas Higher Education Coordinating Board or its successor to provide for, issue, and sell an additional \$75 million in general obligation bonds as college savings bonds. The form, terms, and denominations of the bonds would be prescribed by law. The interest rate and installments would be prescribed by the Texas Higher Education Coordinating Board or its successor. The maximum net effective interest rate would be set by law. Proceeds from the sale of the bonds would be credited to the Texas opportunity plan fund, which is used to make loans to students to attend institutions of higher education in Texas. The bonds and interest on the bonds would come from the first money coming into the treasury in each fiscal year that is not already appropriated by the constitution, less the amount remaining in the sinking fund at the close of the prior fiscal year.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of general obligation bonds as college savings bonds to provide educational loans to students and to encourage the public to save for a college education."

Estos son los informes explicativos sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 7 de noviembre de 1989. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.

**THE LAMB WHO HEARD VOICES**

Once there was a little lamb who heard voices. It was grazing peacefully in green pastures when it first happened. The voice seemed to come from behind a large rock.

"Come over here, little lamb," the voice said. "I have something important to tell you!"

But the little lamb would not stray far from the shepherd. The kind shepherd sat on the hillside and when the sheep strayed too far, the soft notes from his flute would call him back.

The little lamb knew there was danger behind the big rock, away from the shepherd's watchful eye, so at first it ignored the voice.

But every day the voice would call, and every day it would say the same thing. "I have something important to tell you!"

One day, overcome by curiosity, the little lamb sidled over near the rock and said, "If you have something to say to me, say it, for this is as near as I am coming."

So the voice said, "Very well, then I will tell you. The truth is that you are not a lamb at all - you are really a shepherd yourself. You need not follow your shepherd's commands. He is jealous and does not want you to find out who you really are!"

The little lamb leaped and ran for joy! So he was not a sheep! He was different from the rest. He needed no shepherd for he was one himself. He could go where he wanted and do as he pleased. His life was his own.

So the first place the little lamb wanted to go was over behind the big rock. He wanted to see from whence the voice had come.

Well, of course by now you already know what happened. There was a big hungry wolf lurking behind the rock.

And it wasn't long until that little lamb was in a stew.

Since that time every lamb has heard the same voice and every lamb has had to make the same decision.

Are we the sheep of His pasture? Or are we the shepherds of our own lives?

If you are in doubt, you can find out right over there behind that big rock. And you will find a lot of people who are in a stew over their decision.

All sheep and shepherds are always welcome in our church!

## Haskell County Fair Begins September 19

The 24th Annual Haskell County Fair will begin Tuesday, September 19 and continue through Saturday, September 23, at the Haskell County Fair Grounds in Haskell.

All residents in and around Haskell County are invited to make entries in any of a number of different categories.

Categories for both adult and youth include canned goods, crops, arts and crafts, textiles, educational exhibits, art, baked foods, photography and flower show. Three categories for adults only include Old Things and Collectibles, China Painting, and Grandparent's Corner.

Entries in these categories must be made between 2 and 7 p.m. on Thursday, September 21 at the Civic Center in Haskell, with the exception of baked foods, which should be brought in on Friday, September 22 between 8 and 3 p.m. Judging of all exhibits will be 9:30 a.m. on Friday, September 22.

All entries for the livestock show, which will be held Saturday, September 23, are due in the Haskell County Extension office by Friday, September 15. Livestock classes include cattle, sheep and rabbits and are open to all 4-H and FFA members in Haskell, Jones, Shackelford, Throckmorton, Baylor, Stone-wall, King and Knox Counties.

## Weinert News

By Mrs. Myrtle Phemister

The cool front that blew in Saturday night was a welcome relief from the hot weather, and the 1.5 inch rain was just a part of the 3 inches Charlie Stenholm promised we'd get! We accepted it, gladly, and wait for the rest.

Rex Herricks is responding to treatment, and is improving in his battle for recovery at St. Mary's Hospital in Lubbock, where he suffered a heart attack last week and had to undergo by-pass heart surgery.

Russell Rainey is recovering from gallbladder surgery and doing well. Our prayers continue for each of these two good guys.

Buck and Helen Turnbow rushed to Midland on Thursday night to be with their daughter, Jeanene Perry, who was hospitalized there. She had emergency surgery on Saturday for the removal of a kidney. Our prayers are on her behalf, also.

Many are suffering with hay fever, sinusitis, allergies and sore throats, as is usual for this time of year, as well as viruses and such.

Among them is Tabitha and Malarie Sadler, granddaughters of Linda and Leonard Mahan, who were quite ill over the weekend, and Jean Forehand was also quite ill last week.

We are so appreciative of our streets since the Highway Department did such a good job of the street through town, and on to the main highway. Those who walk each day also say "Thanks, a million!"

We know the highway north to Munday will be great IF they ever get it finished.

A record crowd attended the Haskell Indians vs. Munday Moguls game on Friday night, and some were confused as to whom to cheer for, as we are a divided city. The Moguls came out very victorious. The bands of both schools performed extremely well.

The Home Extension Club has revealed plans for their Arts and Crafts Show that will be presented in the Weinert school gym on Monday night, October 2, from 6 to 9:00.

Betty Sanders, president, has announced there will be no charge for booths, and participants may sell, or take orders for sales, for their handmade crafts. Please contact Mrs. Sanders, Mrs. Harlan Weinert, or Mrs. Toby Yates for reservations.

Myrtle Phemister and Alice Yates left Tuesday morning for Corpus Christi where they are voting delegates to the Texas Extension Homemakers Association Convention to be held this week in that city. They will return on Friday.

Lucindia Davis, Calvin and Frank, were surprised with a visit from her nephew, Oscar McCammos, whom she had not seen in close to thirty years. Oscar travels to where his job takes him, and Weinert was not included, he said. He is the son of Mrs. Davis' sister.

The Canton, Texas Flea Market seems to be a major attraction for antique buffs, and every first Monday (or the weekend before), many in our area head for East Texas.

Mary and Ed Murphy, Joe and Caron Yates, were in the crowd on Labor Day. Brenda Sanders has an old rocking chair on her front porch that they brought back for her at her request.

Mr. and Mrs. Don Welch of Beeville were guests in the home of their daughter, Cherie and Wayne Hutchinson, over the weekend.

Don says, "Beeville is nice, but it sure isn't Munday."

Dieter and Lisa Hutchinson and Lauren spent Sunday with his parents, and enjoyed a fish fry.

The Weinert Church of Christ had their monthly fellowship dinner on Sunday, in the home of the M. W. Phemisters.

It was postponed from last Sunday to allow the Weldon Wallings to attend the Sunset School reunion.

Erma Liles attended a T.F.W.C. State Meeting in Anson last week, held in the home of past Mesquite District President, Mrs. A. J. Smith.

Erma is a Life Member of T.F.W.C., and serves on that committee.

R. S. and Betty Sanders took a sight-seeing tour of East Texas last week, and toured the rose gardens in Temple and other scenic things. R. S. also looked up some relatives he had never met, as is his usual "thing" since he loves genealogy and history.

Joshua and Justin Briles of Odessa spent several days in the home of their aunt, Doris and Dale Carroll, Diane, Denise and Douglas.

On their way home, the Carrolls took them on a camping trip, and met the boys' parents who enjoyed the weekend visit.

Over the Labor Day weekend, the Thurman Stouts and the Floyd Stouts had in their homes their sister, Myrtle Bailey, and nieces, Kathy Russell, Heather and Courtney Russell, of New Boston and Malta, Texas.

Also visiting were Mike Russell, a nephew, who with his brother and a good friend took advantage of the opening of dove season, and got their limit while here.

The ladies class is making a quilt for the orphans home the church helps to support, and they quilt some each Tuesday when they meet.

Mr. and Mrs. Bobby Hester and Mr. and Mrs. Hugh Miller were entertained on Grandparents Day in the home of Jerry and Wanda Hester, Stacy and Laurie.

Johnny Earp III dropped by for a visit in the home of his parents on Saturday.

Bob and Audra Schindler of Abilene spent the weekend with her mother, Bertie Alexander, and brother, Mr. and Mrs. Herschel Alexander.

Herschel has recovered well from his heart problems, and is again behind the wheel of his "18 wheeler".

Celebrating birthdays last week were H. H. Grimes, Gilbert Jimenez, Sr., Russell Rainey, Jerry Don Hudgins, Rubye Castorena, W. R. Hager Jr., and Tinka Herricks.

This week we will sing the birthday song to Alton Sanders, E. S. McGuire, Bob Wood and Douglas Boling.

Happy Birthday to each of you, and many more!

Happiness and Health to each of you.

## Vera News

By Mrs. Thelma Coulston

### VERA CELEBRATES 10TH HOMECOMING

It wasn't the patter of little feet that everyone heard bright and early Saturday morning, September 2, 1989. It wasn't the echo of gunshots due to the opening of dove season. It was the hustle and bustle of the menfolk's last minute preparation for Vera's 10th Homecoming Centennial Celebration.

Cars, pickups and motor homes were already busy parking and reparking. Thermen were hanging flags, transporting folding chairs, swapping handshakes and stories, and staking off walking areas. Laughter rung out everywhere as alumni gathered from every point of the states. Even the mail run became unimportant for the first time since the closing of the service station, the last business to vacate this little "DoDa" town in North Central Texas and once called "White Flat" back in 1889.

People gathered and soon dispersed to find his or her own class reunion at appropriate sites Saturday afternoon.

The class of 1941-42 met at the senior citizens center in Seymour. For the first time in forty-seven years, the classmates enjoyed reminiscing about the days of the great depression, Pearl Harbor, and how they coped with the times; listening to the Big Band Sounds, the "Zoot Suits", the jitterbug and watching the real romantics like Clark Gable and Ginger Rogers.

Everyone enjoyed the football balloons and banners that decorated each table and the delicious meal provided by the local alumni.

Class members of 1946, '47 and '48 met in the basement of the Vera Baptist Church. Billy Dan Richards was master of ceremonies. Each member presented a brief commentary on their past. They recognized four of their favorite teachers. The teacher who was remembered for the longest fingernails was Maurine (Boyd) Parris. Mrs. Helen (Collier) Randolph was acknowledged as the teacher who inspired everyone to improve their penmanship, Beatrice Talbot and Leota Cardwell kept the patriotism flying through their husbands' adventures as overseas service men while on active duty during World War II.

Leota Cardwell was also acknowledged as the coach who took the girls to district in volleyball, which made Vera the Champions of the County in 1946.

Reese Richard continued to entertain the group with his unique personality, just like days of old. Signs of the times were - dancing in Viola Sander's Cafe, dating soldiers returning from the war, the entire class getting to go to the movie, gas stamps, tire ration coupons, Jan Wyman, Robert Taylor, sugar ration coupons and Mr. Erdman putting the German flag on the wall in the study hall. The classmates were all touched by the recent, sudden loss of their dear friend, J'ne Hurd Feemster. The afternoon ended with a delicious meal served on tables decorated with banners and balloons in school colors.

Members of the classes of 1956-1960 enjoyed the great outdoors as they gath-

ered for a fish fry under a shed in the Seymour park. "Nehi" Gore furnished fish and all the trimmings for all the classmates and their families while Stanley Ray and Travis Bradford kept the fires hot. Everyone enjoyed the tall tales remembering birthday parties in the breaks and swimming under the old Gilliland bridge while Rock and Roll music drowned out their laughter.

Old senior pictures were viewed as well as newspaper clippings and banquet paraphernalia. After 30 years, everyone was happy to see former classmate Lyndal Struck.

Each class supports a trophy. Each trophy holds a dear memory. At last the trophies are home where they belong, in the arms of those who cherish them most. The school trophy case with Vera's trophies are now placed in the community center. Special thanks to Wanda Patterson Holland of Burkburnett for contacting Aleitha Beck who spurred the idea.

Thanks to Thelma Coulston and June Trainham, who thru the cooperative efforts of Benny Grill, received permission to move the case and trophies from the Knox County Courthouse to the community center. We are especially grateful to Bobby and Philomae Roberson for carefully packaging and delivering them to the center. Also our thanks to the ladies, who later helped with cleaning and shining each one.

As folks began to gather Saturday evening, the first thing they saw was a banner with bold maroon letters welcoming them to Vera's centennial celebration. The banners were donated to the community center by Ileta and Wallace Gore and Donnie Gay Nelson of Seymour, former students in Vera school. The activities began at 7 p.m. with the opening of the Country Store. Homemade ice cream, cakes and cookies were available. Cakes that were not sold were then auctioned by Royce Miller, along with other items donated by different folks.

Teresa Weiss was highest bidder for the basket quilt donated by Dorothy Bland Yates in memory of her brother, Holden Bland. Howard Jones was highest bidder for the 27 year old string quilt donated by Viola Gore and quilted by ladies of the "Quilting Bee" (a group of ladies from Vera and Seymour). Billy Ward Patterson was highest bidder on the block quilt donated by Lula Grace Murphree Trainham.

Beatrice Talbot donated an Earth Tone Afghan which was purchased by Ron Hardin. A broom was donated and auctioned with several buyers re-donating it when it was learned proceeds would go for the purpose of cleaning the building after everyone had left.

The community cookbook *Vera Vittles* is now available and offers good hometown recipes collected since the last homecoming. The book was coordinated by Edith McGaughey Beck with Carol McGaughey Brooks doing some unique sketches of Vera's historical sites. The cookbooks are on sale for \$8.00, and yes, even "Nehi's" famous hushpuppies are included.

Those who arrived early were invited to enjoy hot coffee and donuts, compliments of Viola Gore's Upholstery Shop, Sunday morning.

Also, Saturday evening MC Jim Coulston asked a representative from each class reunion to report on their activities during the afternoon, then invited seven former Vera high school cheerleaders to lead the crowd in a cheer and conclude by singing the Alma Mater school song. Ileta (Hughes) Gore, Edith (McGaughey)

**ENGAGEMENT ANNOUNCEMENT:** Debra Birkenfeld and Ricky Graf, both of Vernon, are pleased to announce their engagement and forthcoming marriage. She is the daughter of Ethel Birkenfeld and the late Joe Birkenfeld of Goree. His parents are Alvin and LaVera Graf of Vernon. The couple will exchange wedding vows on Saturday, November 18, 1989, in St. Joseph's Catholic Church in Rhineland.

Beck, Barbara (Coffman) Moore, Lauraine (Huthes) Montgomery, Nelda (Dowd) Coulston, Rittie Lour (Parham) Gilstrap and Barbara Kay (Weiss) Robertson led the cheers with Two-bits, Four-bits, which got the crowd on their feet, then closed with the Alma Mater "We're Loyal to you Vera High".

At 10 a.m. Sunday morning, Jim Coulston, master of ceremonies, opened the program with a history of the schools, which was first known as White Flat and later changed to Vera. As this was the Centennial Anniversary of the community, he presented a review of the schools: Cottonwood Hole District 4 (1884-1915), Cold Corner, later changed to Lone Star, (1901-1907), Tolson School (1904-1915), Lone Star (1907-1937), Blackburn School (1910-1915), Cottonwood and Red Creek schools, all of which transferred or consolidated to become Vera consolidated school.

Vera consolidated school continued to serve the students of the Vera community until the 1959-60 school term when it was dissolved and students went to Benjamin, Seymour and Goree.

Mrs. Mae Gibbens was honored with the reading of her life's history and presented with a *This is your Life* booklet. Mae is a former resident of the community. She is eighty-nine years of age and still actively engaged in ranching near Santo.

A moment of silence was held while the following list of residents and former residents who had departed this life since the last homecoming two years ago was read: Ralph Feemster, LeVoy Kinnibrugh, Cecil "Red" Shipman, Jim Kinnibrugh, Frances Coffman, Lillie Taylor, Bessie Hobbs, Joearis Kinnibrugh, "Wes" Clelan Russell, Ailyn Hayes Laws, Alma Boyd, Plenna Hardin, Olen Coffman, Bobby Paul Laws, Mrs. Melvin Bratcher, Rose Shoopmen Gleghorn, Alice Massey, Vail Horn, Lestel Trainham, Rayford Shipman, James Stone, Imogene Hardin Polzin, Arthur Hughes, Lucius (Pete) Adams, J'ne Hurd Feemster, Joe McGaughey, Eddeth Copeland, Thelma Mae Copeland, Paul Wiggins, Lillina Spinks Roberson, Luther Shoopman, James Feemster, Travis Boone, Holden Bland, Fayteen Timberlake Moorhouse, Claud Funderburk, Lula Faye Wiggins, Mrs. Ethel Thompson and Leslie Sutton.

Eugenia (Jeffcoat) Dartt had traveled the furthest coming from Wisconsin.

Announcement was made that the compiled volumes of the Vera cemetery are now complete, under the guidance of the Knox County Historical Commission. Preparations of the history of the cemetery has been recorded; one copy will be retained in the community center and one copy will be presented to the Knox County Historical Commission to be held for placement in the Knox County Museum and archives along with other Knox County cemeteries.

Our thanks to the cemetery survey members: Clyde Beck, Wilma Beck, Alma Jean Boone, Mary Bratcher, Carol Brooks, Wilma Feemster, Viola Gore, Betty Kinnibrugh, Frances Kuchan, Maurine Parris and Teresa Weiss who "walked the cemetery", Doris LaFrance for assisting with the typing, Nina Claire (Gray) Perry of Olney for writing the history, Edward and Cozette Marek for compiling the directory, and Aleitha Beck for serving as the Vera chairman.

The books will be presented on Sunday, September 17, in the assembly room in the Knox County courthouse in Benjamin. Everyone is invited to attend. Rev. Douglas Crow, former pastor of the Vera Baptist Church, will give the invocation and benediction.

Contributions and memorials made to the Vera Cemetery Association during homecoming were: Kenneth Trainham and family, Nelva and Ted Drummond, Olen and Patricia Ray, Wayne Richards, Hardie Lee Richards, George and Corrine Parrish, Leroy (Bud) Roberts and the class of 1941-42.

Please keep in mind the principal in the Vera Cemetery Fund can never be used for any purpose other than to draw interest. Only the interest from this fund is used for the care and upkeep of the cemetery, along with any contributions and memorials. Any memorial contributions to the Vera Cemetery Association in memory of family or friends should be sent to Mrs. Frances Kuchan, Vera, TX 76383.

Approximately 480 registered at the homecoming. Due to lack of space, we could not list all the names.

**What Jesus Taught**  
by Dr. Larry Fitzgerald  
Minister, Church of Christ

On a starlit night, camping in the mountains of New Mexico, I sat amazed at the lanterns of the sky. A blazing campfire and an occasional wolf howl were the only breaks in the tranquil silence. A sliver of a moon hung on the horizon as the stars spoke a silent praise of God.

Meditation took over as constellation after constellation displayed themselves. I marveled, knowing that our galaxy is about 100,000 light years across and filled with around a billion stars.

I marveled, because looking down from the mountain, I saw the lights of man's existence as if they were microscopic fireflies. And I knew that God must see us that way -- yet He cares for each one of us. It made me recall these words from Psalms 8:

"Oh Lord, our Lord, how majestic is thy name in all the earth!

Thou whose glory above the heavens is chanted... When I look at thy heavens, the work of thy fingers, the moon, the stars which thou hast established; what is man that thou art mindful of him, and the Son of Man that thou dost care for him?"

God, His Son and His Spirit care for each one of us. His blood has washed His disciples clean.

For this we should rejoice.

\*\*\*  
Successful students are not always the straight A's, but rather the ones who are working close to their potential abilities, who...enjoy learning, who are willing to take risks at trying something new..."

\*\*\*  
The word "accord" comes from the Latin *ad corda*, meaning "heart to heart."
