Munday, Texas, Thursday, April 2, 1931.

Number 495

## GO TO CHURCH ON EASTER SUNDAY

### MUNDAY CHURCHES ARRANGE FOR SPECIAL SERVICES SUNDAY IN OBSERVANCE OF EASTER

#### Membership Drive on Easter Program At M. E. Church

Well, here it is Easter—the day of all days with the Christian. This is the day on which every person in the church and out of the church should attend a place of worship.

You are cordially invited to worship with us at the Methodist church. The message will be "The Resurrection: Our Reassurance." This is the last of a series on the Resurrection.

I covet your presence for the sake of the message. It will do your soul good. Come and worship with us.

Rev. Geo. S. Slover will be with us for the evening service and will hold our second quarterly conference at the close of the service. Too, this is the last day to redeem your "Courtesy Cards of the Kingdom." Come to our Easter service.

We have some fine people coming into the church Sunday, a thing that every Methodist living in Munday should do and will do if they really know what it is to be a Methodist and really want to be one. So, if you have not spoken to us about coming into your church, just come right on for we need you and you need us, and you need God and the church. So, do not let this opportunity pass.

W. C. HOWELL, Pastor.

#### Revival Services Continue With Interest By Baptists

You are missing a great deal if you are not attending the services at the Baptist church. There were some interruptions at the first of the week, cold weather, funeral and other things. Now the weather is better and the people are coming. Brother Whatley is preaching the gospel in the demonstration and the power of the Holy Spirit. His messages of sin, repentance, faith, and the wonderful love of God are touching our hearts and moving us out toward God and His Kingdom. Make your plans now to come to the services from here out. Forget hard times, forget about clothes, forget everything except that we need God in our lives. He will supply our every need. Let's put God first. Give Him the place that He rightfully should have.

The song services under the direction of Brother Henderson are fine. If you sing fall in and help us put over the song services.

Again we extend to those of the other churches a cordial invitation to come to any or all of the services. We urge you one and all to come.

"But seek ye first the kingdom of God, and His righteousness; and all these things shall be added unto you." (Mat. 6:33).

Services each morning at 10:00 and each evening at 7:45.

W. H. ALBERTSON.

#### Presbyterians Will Commemorate Death and Resurrection

Easter is one of the "high days" in the religious life of many people. Although each Christian Sabbath is a memorial of our Lord's resurrection, Easter is the annual commemoration. Some people grow careless about church attendance, but it bespeaks a low spiritual life of the individual who is not drawn to the house of worship on the day we celebrate the resurrection of our Lord.

We will also celebrate the death of our Lord at the morning worship with the Lord's Supper.

The evening hour will be devoted to the study of the Eighth Commandment: "Thou shalt not steal." Come and join in on the round table discussion.

A welcome awaits all—Come and see.

C. A. TUCKER.

C. R. Elliott was over from Benjamin Tuesday afternoon.

#### Church of Christ Pastor's Subject, "What Is a Christian?"

J. E. L. HARRISON, Minister

Sunday:

10:00 a. m.—Bible Study.

11:00 a. m.—Preaching, Subject: "What Is a Christian?"

11:45 Communion Services.

7:00 p. m.—Young Peoples' Program.

7:45 p. m.—Song Service.

8:00 p. m.—Preaching, Subject: "What Is a Christian?"

Mid-Week Bible Study—Wednesday

7:45 p. m.—Subject: Christian Growth.

We cordially invite you to attend these meetings with us and assist us in the work of The Master.

Mrs. Foy Easley and children and Mrs. W. E. Murphy motored to Abilene Sunday where Mrs. Murphy will remain several days under the care of a specialist. They were accompanied by Joe Aycock.

#### Eliz: Crossing the Ice—Modern Version

By Albert T. Reid

### Society

#### Mrs. R. B. Davy Entertains Wednesday Bridge Club

Mrs. R. B. Davy entertained the Wednesday Bridge club at her home from 2:30 to 6 o'clock. In the games Mrs. Joe Davis won high score honors. A delicious salad course was served. Mmes. F. S. Broach, T. G. Bengt, E. H. Bauman, H. H. Langford, C. L. Mayes, Joe Davis, Mrs. Roy Aycock and the hostess.

#### Kethleys Entertain Monday Evening Club

The Monday Evening Bridge club met this week at the J. D. Kethley home with Mr. and Mrs. Kethley hosts. The springtime note was emphasized in the pretty flowers placed in the rooms and on the refreshment plate, which held sweet peas in dainty pastel shades as favors. In the games Mrs. E. W. McGlothlin and E. Duval were holders of high score.

A lovely salad course was served. Messrs. and Mmes. F. S. Broach, W. H. Chapman, E. Duval, W. R. Moore, H. A. Pendleton, H. F. Barnes, E. W. McGlothlin and the hostess.

#### Mrs. Silas Poe and daughter of Cisco, Texas, were weekend guests of Mrs. Poe's sister, Mrs. C. R. Parker.

Mrs. Jack Ladd and daughter came in Sunday from Lamesa for a visit with her sister, Mrs. Walter Baggett, and other relatives.

#### Mr. and Mrs. J. C. Borden and Mrs. J. N. Campbell spent the week end in Abilene visiting in the home of Mr. and Mrs. P. O. Campbell.

Leland Hannah and D. T. Mauldin were business visitors to Wichita Falls Monday.

#### Mr. and Mrs. Moore Entertain Ace High Bridge Club

Friday evening Mr. and Mrs. W. R. Moore entertained members of the Ace High Bridge Club and a number of guests at their attractive home. Bowls filled with Lilacs and other spring blossoms were used throughout the entertaining suite. Honors in the games went to Mrs. Wm. P. Farrington for ladies' high score and to John Lane for men's high score.

An unusually attractive refreshment plate, consisting of pressed chicken, buttered rolls, olives, coffee and frozen fruit salad, was served. Dr. and Mrs. W. P. Farrington, Messrs. and Mmes. W. H. Chapman, Tom Haney, J. A. Kennedy, John Lane, M. F. Billingsley, H. F. Barnes, J. W. Ryan, E. S. McCard and the hostess.

The next meeting of the club will be at the home of Mr. and Mrs. W. H. Chapman on Friday evening, April 10.

#### Knights Templar Easter Services At Knox Sunday

Haskell Commandery Knights Templar will hold their regular annual Easter service at Knox City on Sunday afternoon at 3 o'clock, and all local members of the order and the public in general is extended a cordial invitation to be present.

All Sir Knights are requested to meet at the Masonic hall at 3:30, and the services will be held at the Baptist church, with Sir Knight B. W. Dodson, D. D., of Anson, delivering the address.

#### Routen Citizen Loses Eye In Auto Accident

Nugent Strickland of the Routen community suffered the loss of an eye in an automobile accident last Saturday afternoon when the car in which he and J. D. Williams were driving left the highway and plunged into a telephone pole.

The injured man was brought into Munday and given first aid treatment after which he was rushed to Wichita Falls, where the injured eye was taken out.

#### R. D. Rawls Urges Early Planting Of Watermelons

Some seem to think following our recent cold weather we should delay first planting. As to what the weather holds for us in the future we have no way of telling, other than one extreme generally follows another, whether or not this will hold true in this particular instance, again we do not know.

With present low price of farm commodities, the more early melons we get on the market the larger will be our profits. We agreed to make three planting in the same hill five days apart, with this arrangement I believe if I had any gambling blood in me I would risk the early planting. If the weather gets the first planting, plant again, for what we want is early melons.

We do not want to seem dictatorial in this matter but merely to impress upon you the real value of an early melon.

From my weekly farm clippings over the state there is going to be an unusual large acreage in melons this year, therefore, if I were you I don't believe that I would delay the early planting.

#### Burglars Make Haul In Munday Wednesday Night

Burglars paid this city a friendly little visit on Wednesday night, and from the best check-up possible it is evident that they carried away approximately \$100.00 worth of merchandise and about \$25.00 in cash.

The heaviest haul was from The Fair Store, where they gained entrance by breaking the glass out of one of the side doors with a large rock. Here they took some half dozen suits of clothes but did not molest the cash register, which contained some two hundred dollars in money.

At the Piggly Wiggly grocery they gained entrance by breaking the rear window glass and secured about \$25.00 in cash and about \$100 in checks as well as some cigarettes.

Local officers were notified of the burglary early Thursday morning and they, together with Sheriff C. R. Elliott, began work, but state that they have no clues as yet.

On Friday night an attempt was made to break into the E. E. Akers Dry Goods Co. store, but the burglars were evidently frightened away after breaking a panel in the rear door and encountering a sheet-iron reinforcement.

#### Service Men Urged To File Claims On War Risk Policies

Department Judge Advocate Urges Post Officers to Investigate All Claims.

By JOE M. HILL, Judge Advocate

In a letter addressed to Post officers Department Judge Advocate Joe M. Hill of Dallas emphasizes the importance of filing claims and suits under War Risk Insurance Policies. The letter follows:

"As the Legion's lawyer, I feel that it is my duty to emphasize what National Commander Bodenhamer said about filing claims and suits under War Risk Insurance Policies, which have been burned by limitation until recent legislation extended that time to July, 1931.

"In spite of the publicity given this, a great many veterans and their survivors do not realize there is still a possibility to collect on many of these policies, notwithstanding the fact that no premiums have been paid since the veteran left the service.

"If you know of any veteran who has died, become insane, has been suffering with tuberculosis or some lingering disease since discharge, that prevented him from 'pursuing a substantially gainful occupation continuously,' have him file his claims for his insurance, and for all other benefits. If he has died, have his beneficiary file claim; if he is insane have his guardian do so.

"A great many of these claims will be allowed without suit, if proper evidence is submitted. But if claim is refused the veteran can bring suit and in many instances the jury or court will grant the insurance.

"Please look after this at once, so you will not forget it. These claims are again barred next July. —Texas Legion News.

#### Three Aldermen To Be Elected In City Tuesday

Three aldermen are to be elected in the city election next Tuesday to succeed John Lane, Henry Chapman and J. A. Kennedy, whose terms of office expire. Messrs. Lane and Chapman will file their names for re-election but J. A. Kennedy will not again be a candidate for that honor, due to the fact that his law office requires his undivided attention.

At least three other names will be on the ballot, and there is a possibility that others will be added. We have been authorized to announce that the names of J. C. Campbell, J. C. Borden and W. H. Atkinson will be on the ballot, therefore it is safe to say that the voters of the city will have a goodly number from which to choose.

#### H. D. Club Member Specializes In Making Cheese

By Miss Grace Nelson, H. D. A. Mrs. Marion Ryder of Gilliland, before Demonstration club surplus milk in making American cheese. She has made 80 pounds of cheese since the American demonstration was given to her club on February 4.

For milk valued at 16 cents per gallon made into cheese is worth 30 cents. Mrs. Ryder makes cheese once or twice each week and so has cheese cured ready to serve to her family when she wishes. The cheese is cured six weeks.

The equipment used in making cheese is a cheese press made from a gallon bucket and two soft pine boards sawed round to fit the bucket. A five gallon container, and a dairy thermometer, which cost 35 cents.

Five gallons of milk is used each time and this makes 5 pounds of cheese. About one hour is the time required to make the cheese and put it in the press.

Mrs. Ryder values the 80 pounds of cheese at \$24.00. "A nice saving on our grocery bill," she says, "and my family enjoys it, we all like cheese."

About 300 pounds of cheese has been made by Gilliland club women. Reports from other clubs have not been received.

Mr. and Mrs. J. D. Kethley and children visited her brother, Carl Maples and family, in Haskell Sunday.

Mrs. Paul Poe and niece, Louzell Gury, of Carbon were here the week end guests of Mrs. Poe's sister, Mrs. B. L. Blacklock.

#### Freeze Damages Grain and Ruins Fruit Prospects

The month of March has literally lived up to the old adage—in like a lion, out like a mouse—but what it has given us in the way of weather is nobody's business.

Two of the worst blizzards of the winter have come during March, and the one that came bearing down on this section last week left much damage behind it. The local weather observers say that it was colder by two degrees than it has been at any time this winter, the thermometer descending to 16 degrees early Friday morning. The cold north wind brought with it rain, sleet, snow, and what have you.

And yet it is impossible to say just what the extent of the damage has been over this section, but it is certain that many young gardens that had gotten off to a good start have been completely ruined, as has all of the fruit that had escaped the frigid breezes of previous storms. It is quite likely that many fields of oats and wheat which had advanced further at this season of the year than usual, have suffered much damage. However, the extent of the damage will not be nearly so great as was first expected.

But, through the cloud there comes a beam of sunshine, and the farmers of this section have the best planting season to begin the planting of their row crops than ever before, and everyone is optimistic over the outlook, despite the damage wrought by Jack Frost in his belated visit.

#### McCarty - Counts

Houston McCarty of Nara Vista, New Mexico, a former citizen of Munday, and Miss Inez Counts of this city motored to Frederick, Oklahoma, on Thursday morning, where they were united in marriage.

Both the bride and groom are well known in Munday and vicinity. Mr. McCarty having resided in this community for many years up until a few years ago, where he owned extensive land holdings, and a few years ago he moved to New Mexico, where he is engaged in ranching and in the real estate business.

The bride is a daughter of Mr. and Mrs. J. R. Counts of this city, and is a young lady of refinement, and we join their many friends in wishing for them a long and happy married life.

They will make their home at Nara Vista, New Mexico.

M. H. Lee of Wichita Falls was here Thursday.

#### OFFICIAL STATEMENT OF FINANCIAL CONDITION OF The First State Bank of Munday

at Munday, State of Texas, at the close of business on the 25th day of March, 1931, published in The Munday Times, a newspaper printed and published at Munday, State of Texas, on the 2nd day of April, 1931.

#### Three Trustees To Be Elected Here Saturday

Three trustees are to be chosen in the election to be held Saturday in the Munday Independent School District, and of the three members whose terms of office expire, two have consented to again submit their names, M. H. Reeves and P. C. Phillips, while D. C. Fritz has declined to do so.

At this time only one name has been placed on the ballot in addition to the two who are standing for re-election—that of W. R. Moore, but others will likely ap-

## HENRY-LESSON RADCLIFFE

---

### THE RESURRECTION

---

International Sunday School Lesson  
for April 5, 1931.

**GOLDEN TEXT:** "Now hath Christ been raised from the dead, the first fruits of them that are asleep."—1 Cor. 15:20.

**(LESSON TEXT—1 Cor. 15: 1-8, 58-58.)**

Two of the more famous chapters of the Bible are found in Paul's first epistle to the Corinthians. The thirteenth chapter is about love and the fifteenth about the resurrection and its application to all mankind. Our Easter lesson comes from the latter.

In his second missionary journey Paul heard the Macedonians cry and crossed into Europe. Shortly afterwards he reached Corinth, where he remained approximately eighteen months, leaving many who believed. While at Ephesus, on the Asian mainland, during his third tour, Paul wrote this epistle to the believers at Corinth. The time was around 54 A. D., about twenty-five years after the death and resurrection of Jesus.

dividual immortality. When Jesus lived there were two schools among the Jews—the Pharisees believed and the Sadducees denied a personal immortality. The experience of Jesus, therefore, a further step in divine revelation, proving beyond question the value and pertinency of the question asked by the "certain 11 year" and the rich young ruler.

In his epistle to the Corinthians Paul pointed out that a denial of belief in personal immortality likewise a rejection of the resurrection of Jesus, which was, itself, an entire repudiation of any claim to divinity and destruction of all hope and faith in the inevitability of the triumph of God's kingdom. Our question being the current question being in association with this faith the inevitability of the triumph of God's kingdom. Paul sought answer the current question being asked in association with faith—how are the dead raised with? What body? What will happen to those still alive? Christ's second coming? He differentiated between the physical and natural body of man and spiritual and eternal characteristics. Paul preached a com-

realized that the noblest part of man which would live forever was the nobler, eternal element of God continued therein. Only the good, the true, the beautiful, have the qualities of life eternal. On earth we try to evolve ourselves for this eternal existence, by shaping our characteristics to fit the conditions of life hereafter. So, sin, which degrades, means death, while faith in Christ, which makes us live nobly, means life eternal.

**MASONS' ATTENTION!**

All members of Knox Lodge, No. 861, A. F. & A. M. are urged to attend a meeting of the lodge on Monday night, April 6th, at which time business of interest to every member of the lodge will be discussed. Don't fail to be there.

# The new Ford is an economical car to own and drive

*Low first cost, low cost of operation and up-keep, and low yearly depreciation mean a distinct saving to every purchaser*

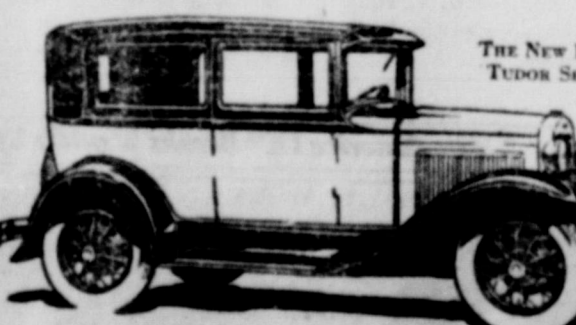

THE NEW FORD is a splendid car to own and drive because of its attractive lines and colors, safety, comfort, speed, reliability and long life.

There are, in addition, three other features of importance to every far-seeing automobile owner . . . low first cost, low cost of operation and up-keep, and low yearly depreciation.

During the life of the car, the day-by-day economy of owning a Ford will amount to considerably more than the saving on the first cost. You save when you buy the Ford and you save every mile you drive.

The reasons for this economy are simplicity of design, high quality of materials and care in manufacturing and assembling. Many vital parts are made to limits of one one-thousandth of an inch. Some to three ten-thousandths of an inch. Throughout, the new Ford is an outstanding example of fine craftsmanship in automobile engineering.

The more you see of the new Ford—the more you talk to Ford owners and experienced mechanics—the more certain you become of this fact. . . . It brings you everything you want or need in a motor car at an unusually low price.

THE NEW FORD  
TUDOR SEDAN

**LOW PRICES OF FORD CARS**  
**\$430 to \$630**

*F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at retail cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the National Credit Company.*

**A DREAM OF  
TOMORROW ....**

The great captains of industry today are men who had merely a vision and energy a generation ago. They worked hard, they made their dreams take shape in concrete and steel and glass—in lands or other property : : Most likely it was their banker whose counsel and advice and financial aid gave them their start. : : It is to the weaver of dreams of tomorrow that this bank dedicates its support.

### "All Quiet on the Western Front"

Had you stopped to think how everything had been reversed this year? Maybe it is because of the reversal of winter and spring. Instead of students taking the annual spring fever, they have left off their foolishness and started to work. The agricultural class has changed the appearance of "Our House" to such an extent that they have changed the attitude of careless, "don't care" pills. Mr. Rawls and Miss Clifford are working earnestly in the vocational development of our school.

—MHS—

The American history class has been giving reports on interesting topics in history. We have had reports on generals that served during the civil war; reports on the history and development of the tariff question, and the development of the greenbacks; we are now going into the study of the world war. Reports will continue to be given on this part of the course.

—MHS—

The County Interscholastic League will be held at Truscott on April 3 and 4. Munday was 30 points ahead of Knox City Monday morning. Tennis will be played Tuesday, and then the week-end will be for literary events. Munday will be represented in:

Arithmetic by Janell Williams and Florene Kendall.  
Sub-Junior Spelling by James Wyche and Clay Dingus.  
Junior Spelling by Sylvia Barnes and Lucille Neff.  
Junior High Spelling by Betta Lou Greer and Myrtle McNeill.  
Senior Spelling by Lucille Williams and Margaret Stodghill.  
Junior Essay Writing by Allene Morrow.  
Senior Essay Writing by Hazel Deane Eiland.  
Sub-Junior Declarations by James Wyche and Wanda Ray Wilhite.  
Junior Declarations by J. O. McMahon and Sylvia Barnes.  
Senior Declarations by Vera Tate and Hubert Isbell.  
Girls' Debate by Helen Francis Eiland and Hazel Deane Eiland.  
Boys' Debate by Jesse George Kennedy and Lowry Riggsby.

—MHS—

SMILES.  
A smile is one of the best methods in the world of making friends. If you cannot do anything else to help along, just smile. If you cannot smile, just go to Mr. Riley and tell him to screw your face the other way and see how it will feel—then you surely will smile. The question is asked, "How can you smile when you feel like doing nothing?" Just try it and you will soon get the habit, and the smile will remain on your face even if you don't want it to.

—MHS—

The school was surprised Thursday morning to see the trustees walking shyly and unannounced into the rooms and classes. They have not told us so, but we are positive that they were favorably impressed. We are always glad to have visitors, and more especially the trustees.

—MHS—

Volume ten of the "Americano" has been misplaced. Any person finding the book is asked to place it on the book shelf, please.

at Knox City Tuesday, March 31. Literary events will be held at Truscott next Friday, April 3. The results of the track and field events which were held at Benjamin last Saturday are as follows: Munday High School Junior Boys 29 points; Knox City 14½ points. Munday Grammar School Junior Boys 15½ points; Knox City 33 points. Munday Senior Boys 79 points, Knox City 69 points.

In class B division of Senior boys' track and field events, Gilliland won by a margin of 35 over 23½ points for Goree.

—MHS—

SENIORS.  
During the life history adventure we are going to have a ship named "M. H. S." on which all of the seniors are going to ride. At first this ship, "M. H. S." is traveling in the waters of "Ignorance," but its destination is to be at the port of "Higher Education." "M. H. S." must have a good pilot, for without one it would never overcome the waters of Ignorance. We see as its pilot Mr. H. H. Riley. "M. H. S." not only must have a capable pilot, but it also must have a good "crew" to help it over the waves of "harshness" and "failures."

The crew consists of Miss McNutt, our first grade teacher; Miss Lucy P'Pool, second grade teacher; Miss Thelma Atkinson, third grade teacher and Miss De Shields and Miss Kennedy, fourth grade teacher; Mr. Petty, Miss Naomi Bowden, Miss Wallace, Miss Hodge, Mr. A. D. Starling, Mrs. P'Pool, Miss Fincher, Mr. F. E. Starling, Mrs. Mann, Miss Lane and Miss Briggs, fifth, sixth and seventh grade teachers; Mr. and Mrs. J. E. Rhodes, Mr. and Mrs. R. F. Kuncompton, Miss Jewel Paxton, Miss Kle, Mr. Stanley, Miss Mills, Miss

Maides Watson, Miss Elizabeth Moncrief, Mr. Harrell, Mr. Hardegro, Miss Clifford, Miss Kendall and Miss Wimberly, our high school teachers.

One bright and early morning "M. H. S." started on its cruise. Its first stop was at Farrar, Texas, in Limestone county, and here it picked up Mildred Allison.

Mildred Allison Mildred started in the first grade but after he had completed his fourth year's work he went to school at Hood. He joined us again when we were Freshmen and has never departed from us since. Mildred has always been a true classmate and we are very proud of him. He has done good work in school, especially in his science work. Mildred has been an outstanding man on the football team for the past two years. He is a member of the "M" club. Mildred intends to attend the North Texas State Teachers College at Denton. He says that he intends to teach school until he can do something better.

The next stop that "M. H. S." made was at Munday, where it picked up Louise Atkinson.

Louise Atkinson Louise was born in Munday and has struggled with us through every grade. Louise says her "one word" is "faithfulness." She has been a bright spot in all of our grades. She is a great sport and takes a part in all school sports—if not there in person she is there in spirit. She was our Sophomore reporter and former member of the Choral club. Louise wants to attend Oklahoma University and she intends to major in journalism.

—MHS—

JUNIORS.  
We hope others have recognized the good points of Munday High

School as the Juniors have. One fine thing we have is a very well organized home room club which meets every two weeks. Last Thursday was the time for the club meeting, and we were glad to go to the meeting this time, because everyone should be a member of some club. Since we have two important days in April, the first part of our program was about Easter. The latter part was "foolish" or "nonsensical" to carry out "April Fool's Day" spirit. The foolish selections were in the form of jokes, stunts, poems and foolish sayings.

Can you take advice as well as you can give it? Here's a bit we want to give you to see if you take it:

"Today will be yesterday tomorrow; get busy!"

—MHS—

SOPHOMORES.  
The Sophomores will give their program next week. It would make a monkey laugh, it is so cunning and clever. The program is sponsored by Mr. Harrell.

The following story was written by C. B. Sexton:

"I Was Born Four Thousand Years Ago" "In the Baggage Coach Ahead." Everything went well until "Springtime in the Rockies," when I saw "Sonny" (Turn to last page, please)

## Cotton Seed

EXCHANGE YOUR OLD SEED FOR PEDIGREED SEED

It is necessary during these times that we grow a better grade of cotton than we have heretofore, as our foreign competitors have taken the short staple market away from us.

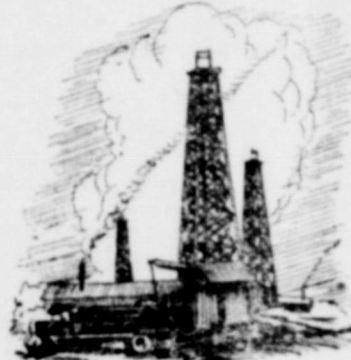

We have a limited amount of CERTIFIED SEED on hand and about 1500 bushels of "first year" seed of the Rowden and Sunshine varieties for distribution.

We will exchange our "first year" seed for your old seed on a basis of two bushels for one. These seed are stored at our Munday and Weinert plants. The germination test of the seed shows to be about 84 per cent.

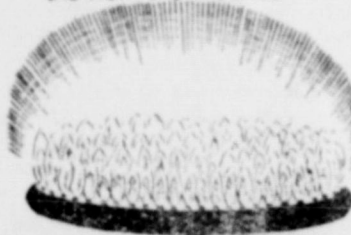

Pendleton Gin Company

## "SERVICE"

—the reason for the difference—

The Average Price of Gas at the Well is Six Cents

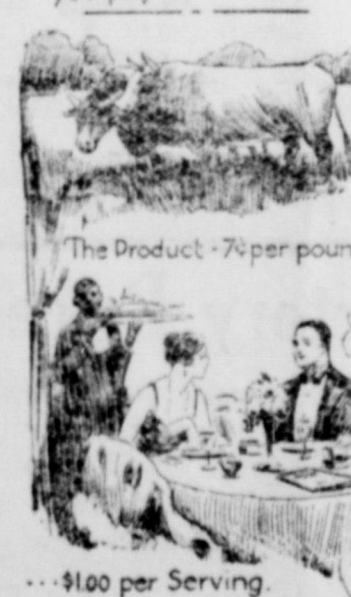

The Average Price of Domestic and Industrial Natural Gas SERVICE is Forty-five cents

Water at the Source of Supply is FREE

It is the Service delivering water to your home that you pay for

The Product - 70 per pound

WHEN YOU LIGHT THE BURNER of your gas appliance and the flame springs to life instantly, you see results—comfort—convenience—not costs.

Seldom, if ever, do you see the Service agencies that make this ideal fuel supply possible. Pipe lines, gas compressor stations, gas wells and manpower, Service—the combination of efforts that brings natural gas to your burner and which plays a major part in the cost of your fuel supply.

The average price of gas at the well is six cents per 1,000 cubic feet while the average price of NATURAL GAS SERVICE delivered to the customer's burner for domestic and industrial purposes is 45 cents per 1,000 cubic feet. The former is fuel, the latter, a fuel Service that provides heat at the burner automatically, when and as you want it, without ashes, smoke, or soot, or the need for extra labor or storage. Back of the flame of your burner stands the Service of your gas company with its skilled employees and its facilities for delivering the gas. Service must be maintained! Service is what you are paying for!

The fact that your gas company must maintain the year round, at great expense, pipe line and compressor capacity equal to the coldest day of the year—even though this peak capacity is not required except on a few cold days in winter—is merely one of the items of this responsibility called Service. A vast army of employees and large capital resources are continually engaged in maintaining this dependable fuel supply. Drilling, the laying of pipe lines, the equipping of compressor stations, telephone lines, production, transmission and distribution activities represent a colossal investment in materials, equipment and personnel. A correlated system of Service that is synchronized with the broader development of the vast territory we serve.

Your Gas Company takes pride in the fact that it pioneered the production and transportation, in this section, of the only available fuel that can be utilized by the consumer without special handling or the use of costly mechanical accessories. Realizing our responsibility, we take the utmost precaution to assure you permanent fuel satisfaction by providing a dependable flow of gas—regardless of the weather.

Stamford and Western Gas Company

\*SERVICE

The combination of efforts that brings any product to you.

### —Always On the Job to Give You What You Want!

We strive to keep a fresh supply of your favorite bread all the time. We also carry a fresh stock of cakes, cookies, pies, etc., which are baked in our sanitary bakery daily.

Get your favorite loaf from your grocer or come to our bakery for it.

#### YOUR FRIEND, THE CHURCH

The word has come from some "wise" man that the church is losing influence, that it is not what it used to be and that the people of the nation are less religious.

Pardon us, if we don't believe a word of it! Pardon us, again, if we say that whenever the people of this nation lose interest in religion and forget the church, that their attitude spells less disaster for the church than for the people.

Sensible men and women know that most of the progress of mankind has been due to the influence of religion. They know furthermore that the church is the instrumentality that affords people an opportunity to express their religion in a practical way, and what is more to the point, if they are educated, they know that much of their so-called liberty and civilization is due to the activities of the organized church, as a whole, in the thousands of years that have elapsed since man began to dominate the world.

If the people on the streets, who criticize the churchgoers, would go to church, and the people in church, who criticize street loafers, would loaf on the streets awhile, things might be better all around.

#### NOT WORTHY OF EMULATION

Freely admitting that it is none of our business, and that the people of the state of Nevada are entitled to what they want, we note with regret that the legislature of that commonwealth has legalized gambling.

It seems to us that in this year 1931 most of the civilized people of the United States have realized that gambling should not be encouraged and that, taken altogether, it is a vice.

Munday will have to depend upon its inhabitants for its progress; visitors, including peddlers, haven't any reason to give it permanent success.

Advertising in The Times is not guaranteed to sell your goods, but it will probably do so if they are up-to-date merchandise, priced right and something that the people want to buy. Advertising will speed-up sales by reminding buyers; it will net, and should not, compel anybody to buy what they do not want.

Bridge is not as bad as it seems; we know of a husband and wife in Munday who played together the other evening without a cross word.

#### NOTICE OF ELECTION

By virtue of the laws of the State of Texas, notice is hereby given that an election will be held within the corporate limits of the City of Munday on the first Tuesday in April, 1931, for the purpose of electing three aldermen to succeed J. A. Kennedy, John Lane and W. H. Chapman.

The place of holding said election shall be at the city hall in said city and all persons residing within the corporate limits of said city, otherwise qualified to vote, shall be entitled to vote in said election. H. P. Hill is appointed presiding officer of said election and shall make returns thereof as provided by law.

Said election shall be held in accordance with the laws of the State of Texas governing city elections. C. L. Mayes, Mayor, City of Munday, Texas.

Wyche Beauty Shop

#### THE TOM TOM \*\*\*

(Continued from page 1)  
Boy" riding "The Old Gray Mare" with "Betty Co-Ed" along "The Banks of the Ohio."

I traveled "Eleven Months and Ten Days" until I came to "The Beautiful Isle of Somewhere. Then I camped on "The Big Rock Candy Mountain" by "The Little Log Cabin in the Lane," near "The Red River Valley." It was there that I received a cool drink of water from "The Old Oaken Bucket" which I had received from "Old Black Joe." Then I saw the crows and they sang "The Crow Song" and I saw "The Cross Eyed Butcher" "Bringing in the Sheaves." "I'm in the Jailhouse Now" "Away Out on the Mountain" "All By Myself in the Moonlight" "With My Banjo on My Knee."

—MHS—

FRESHMEN.  
Say, didn't we tell you we were going to have fun Freshman Day?—and we did! The weather was very disagreeable on our special day but we did not have to get outside for our fun. Rosalyn Houser was initiated, but that would not have happened if the other Freshmen girls had known about it in time.

Our class was well represented at school Friday. The girls wore green and white ribbons on their heads and some girls wore the Freshman Jackets. The boys wore white shirts and green ties. We wish for the other classes a much prettier day than our Freshman Day was.

The assembly program given by our class was a success in spite of the fact that some of the people who had parts in the program were absent.

We are glad to have Opal Armstrong back with us. We were enjoying a practice game of volleyball, when Opal suddenly came in contact with the ball. She let it tackle her and the result was a hurt limb.

We Freshmen have been working hard in a mental way this past week. As our thoughts seem to be very clever, you will give you an example of a poem composed by some of our poetic classmates:

Quite often as we thread life's way  
Forgetting those misdeeds we  
And sad mistakes made yesterday  
We feel we need to start anew.

Then by new hope and courage led,  
We toward a new goal make  
Our start,  
With skies all cloudless overhead.  
And springtime gladness in our hearts.

—MHS—

We are sure Opal wishes her other limbs were as strong as her arm.  
Ila Dean wishes she had been smart instead of "guffey."  
Bessie Sue's lucky day seems to be "Munday."

Billie True thinks she can see some difference between her last name and a level piece of land. Don't think Cleve is greedy because his name is "Hogue."  
Miss Atkinson prefers the state of "Virginia."

Wouldn't it be great if Earl were dollars instead of "Nichols." If you hear Albert trying to crow, don't get excited, just refer to his last name.

Jeff tries to tell fathers not to "bender" their sons.  
Inez wishes she were a "dear" instead of a Campbell.

John says go West for good luck. Mrs. Albertson's daughter is a rose in her class instead of a "Lily."

When we Freshmen go fishing we call to Arnold for "Bates."

GRAMMAR SCHOOL NOTES.  
This has been a quiet week for Grammar school. Even a hike that we sixth and seventh grade girls had planned for Friday afternoon after school was put off on account of the weather.

The Junior Choral Club sang at the regular meeting of the Munday Study Club Friday. They received many compliments and the Grammar School is very proud of them.

We are now looking forward to May and the closing of school.

#### Kidney Acids Break Sleep

If Getting Up Nights, Backache, frequent day calls, Leg Pains, Nervousness, or Burning, due to functional Bladder Irritation, in acid condition, makes you feel tired, depressed and discouraged, try the Citrate Tru-Kidney.
