

MUNDAY VOLUNTEER FIREMEN TIM HENDRIX AND BILL WILLIAMS pause for a breath of fresh air after extinguishing a fire in this house west of Beauty's Grocery on Main Street. The fire resulted from a burner left unattended and yielded mostly smoke and water damage to the residence. The fire department responded quickly to the Monday morning fire. No injuries were reported.

Munday Teams Bound For State Track Meet

The fleet-footed Munday track teams have done it again! Both boys and girls teams will be on their way to Austin May 10-11 to participate in the State Track Meet.

The Munday teams used their speed and experience to lock in first place victories at the Regional Track Meet last weekend in Levelland.

With a collective score of 139, the Mogsuls far outdistanced their nearest competitor, Memphis, by a whopping 91 points. Seven Munday boys, as well as the 400 and 1600 meter relay teams, will be entered in events at the state meet in Austin. The seven individuals advancing are Perry and Terry Collier, Bobby Dockins, Brett Bruce, Jerry Wayne Branam, Andrew Serrato and David Wilde.

While the Munday girls didn't fare too well in individual events, they more than made up for it by winning two of the three relay races and placing second in the other. The relay teams will advance to the state meet. The girls racked up a total of 73 points for the first place title, compared to second place Vega's 42 points.

Complete results of the Munday teams at the regional meet are as follows:

BOYS

- High Jump - Terry Collier, second, 6-4.
- Long Jump - Perry Collier, first, 21-11 3/4.
- Shot Put - Brett Bruce, first, 51-4 1/4; Jerry Branam, second, 50-6.
- Discus - David Wilde, first, 149-0; Brett Bruce, sixth, 136-11.
- Triple Jump - Terry Collier, fifth, 42-5.
- 3200 Meter Run - Andrew Serrato, second, 10:32.22.
- 400 Meter Relay - Munday, first, 43.12.
- 800 Meter Run - Tyler Thompson, fourth, 2:07.93.
- 110 Meter Hurdles - Bobby Dockins, first, 14.71.
- 400 Meter Dash - Perry Collier,

Band Boosters To Meet Monday Night

The Munday Band Boosters will hold their regular monthly meeting on Monday, May 6, at 7:00 p.m. at the band hall.

All interested persons are invited to attend.

first, 49.31; Terry Collier, second, 49.35.

1600 Meter Run - Andrew Serrato, first, 4:44.23.

1600 Meter Relay - Munday, second, 4:15.60.

GIRLS

Discus - Christy Williams, sixth, 92'.

Long Jump - Angie Offutt, third, 16-11 1/2; Sherita Jones, fourth, 16-9 3/4.

City Council Meets In Three Sessions

(The Munday City Council met in three sessions for the month of April. Following are the minutes of those meetings.)

The City Council of the City of Munday met April 9 in regular session at Munday City Hall at 7:00 p.m. All members were present.

Mayor Albus called the meeting to order. Minutes of the March 12 regular and March 18 special meetings were read. Motion by Matthews to approve minutes as read. Seconded by Oustad. Motion carried.

Coyt Smith had requested to be on the agenda, along with his family, his attorney and a representative from the State Attorney General's office. In preparation for this meeting, the City had requested that the City Attorney and an attorney from the Fort Worth law firm that had handled the previous lawsuit filed against the City by Mr. Smith attend. Mayor Albus noted that Mr. Smith had not arrived and elected to move forward with the other business at hand. The attorneys were requested to stay, in the event that Mr. Smith might arrive later.

Representatives from Harmon Cable met with the Council. The Cable Company announced that they will increase the basic cable rate, probably on June or July 1, by approximately \$1.25 per month. Also, on July 1, the new one-half cent sales tax will begin and will be added to cable customer bills after that date. The Cable Company also announced that they propose to add KTVT to the Basic Cable selections. Anyone having problems with their cable service is encouraged to call 1-800-527-4331 in Stamford.

Triple Jump - Sherita Jones, third, 35-1 3/4.

400 Meter Relay - Angie Offutt, April Offutt, Michele Berryhill and Sherita Jones, first, 51.10.

800 Meter Relay - Angie Offutt, Brandy Branam, Sherita Jones and April Offutt, first, 1:47.9.

1600 Meter Relay - Brandy Branam, Kacy Longan, Angie Offutt and April Offutt, second, 4:15.28.

Motion by Booe to adopt a new NO-BURNING Ordinance as presented to the Council. Seconded by Andrade. Motion carried. (Full text in City Ordinance files and to be published in the Munday Courier.)

The Birch Street ROW was discussed. The Council instructed the City Administrator to work out the details with the City Attorney for the proposed sale of 20 feet of ROW on each side of Birch Street in the area North of the G Street intersection.

Mayor Albus noted that Mr. Smith had not arrived yet and elected to continue with other business.

Motion by Oustad to adopt a Resolution approving the city's participation in a Telephone Franchise Steering Committee. Seconded by Booe. All in favor. (Full text in City Resolution files.)

The Development Corporation met with the Council regarding the adoption of Bylaws for that Board. Several corrections were deemed necessary, therefore no action was taken at this time.

Employees were discussed. In the future, ambulance calls will be made ONLY in the ambulances.

Motion by Matthews to pay bills as follows: Airport \$67.97, Ambulance \$855.45, and Operating \$19,197.94. Seconded by Tucker. All for.

Mayor Albus noted that Mr. Smith had failed to appear and apologized to both attorney's for what apparently was a waste of their time. The attorney from Fort Worth stated that his part was that he would have to charge the City for his time. Mayor Albus

(Continued on Page 2)

Large Turnout Expected At Elections This Saturday

With five contenders vying for the three City Council terms and four candidates seeking the three school board positions, local officials are predicting a large voter turnout for this Saturday's elections.

Three two-year terms are up for grabs in the City Council election, with the terms of Jessie Andrade, Jessie Tucker and David Booe expiring. Vying for these three positions will be incumbents, Andrade, Tucker and Booe, as well as Coyt Smith and Gary Tidwell. Winters Matthews has filed for the one year remaining on the term of her late husband, Hank Matthews.

In the school board elections, the terms of Dan Offutt, Joe Tidwell and John Reneau will expire. Contending for these positions are Robert Bowen,

Larry Smith and incumbents, Offutt and Tidwell. All school board terms are for three years.

The Knox County Hospital Board of Directors has one two-year position to fill. The term of Greg Clonts has expired. Mr. Clonts has filed for

re-election, with no opposition.

Exercise your rights as an American citizen and vote. Local voters may cast their ballots for all races at the Munday City Hall between the hours of 7:00 a.m. and 7:00 p.m. this Saturday, May 4.

Touch-A-Truck Display Set For This Saturday

Has your inquisitive four-year-old ever asked what was inside of an ambulance...or a police car...or a tractor? These questions may be answered this Saturday in downtown Munday.

Trucks and vehicles of all kinds will gather in downtown Munday on Saturday, May 4, for a free children's display. All area children are invited to see an ambulance, fire truck, police car, farm equipment, earth moving equipment and other vehicles at the free display from 9:00-12:00 noon. (Parent supervision is requested.)

Local merchants providing equipment for inspection will include Parker Implement, Quality Implement, Crownover Transport and Dozer Service, the Munday Volunteer Fire Department, Emergency Medical Services, the Munday Police Department and West Texas Utilities.

While downtown, be sure to register for drawings held at Ben Franklin's and Imaginations. Several merchants will also be offering specials throughout their stores to celebrate the display.

Other activities planned for the day include drawings for a large stuffed

angel and Teenage Mutant Ninja Turtle and a Car Bash, both to benefit D-FY-IT (Drug Free Youth In Texas) and a carwash to benefit Project Graduation. Parents may also bring their children by the Chamber of Commerce office for a free piece of candy or bubble gum.

With the local city council and school board elections set for the same day, this Saturday in Munday should offer something for everyone. What better way to spend your Saturday!

"Car Bash" Is This Weekend

The local chapter of D-FY-IT (Drug Free Youth In Texas) will host a "Car Bash" this Saturday, May 4, in the burned out area in downtown Munday.

Participants will be given the opportunity to "bash" a vehicle donated to the cause by Ralph's Auto Repair.

All proceeds will go to the D-FY-IT fund to promote a drug-free program in the local schools.

Commercial License Test To Be Given

Tests for commercial driver's license will be given in Munday on Friday, May 17 at the high school. Testing will begin at 8:30 a.m. and continue throughout the day. It is best to arrive at the 8:30 starting time, in order to allow plenty of time for completing the tests.

Tests are for all commercial drivers who carry gross weights over 26,000 pounds, as well as drivers of vehicles which carry 15 or more passengers (such as school and church bus drivers).

WEATHER REPORT

Following is the weather report for seven days ending Monday, April 22, 1991, as compiled and recorded by Goodson Sellers, local U.S. weather observer.

TEMPERATURE

	HIGH	LOW
April 23	78	45
April 24	71	63
April 25	84	55
April 26	93	71
April 27	80	51
April 28	83	53
April 29	79	44

Rainfall April 24 - .16
Rainfall year to date 4.08

LOCAL

Buddy and Betty Gafford of Missouri, and Warren and Virginia Gafford of Coleman visited Mr. and Mrs. Worth Gafford last week.

Reminder!

Just a reminder...the Munday High School All-Sports Banquet is tonight (Thursday, May 2) at 7:00 p.m. at the high school. The top athletes of the year will be honored at the event.

CHRIS BURNETT

Chris Burnett, the senior daughter of Bob and Judy Burnett, will participate in the State Golf Tournament in Austin, May 9-10. This will be the second consecutive year for Chris to earn this honor.

She recently competed as a medalist in the regional golf tournament in Levelland for the third consecutive year. Following the first day of competition, Chris was in second place with a 90, one shot behind Booker's Kristel Pinchard. The second day, she shot an impressive score of 86 to nudge out Pichard, who again scored 89. This gave Chris a two-day lead of two points for the first place title.

The state tournament will be played at Lions Municipal Golf Course in Austin.

Cheerleaders Chosen For Coming Year

"Give me an 'M'!" Many familiar cheers were heard around the Munday schools last week, as "hopeful" cheerleaders practiced their yells.

Cheerleader try-outs for the 1991-92 school year were held last Wednesday at Munday High School. Cassie McCord and Melissa Boliver, MSU cheerleaders, served as judges.

Selected to be varsity cheerleaders were seniors, Bridgett Beaty, Missy Reneau, and Shanna Murphy; junior Brandy Branam; and sophomores, Michele Berryhill and Andrea Longan. Heather King, a sophomore, was chosen to be the Mogul mascot. Robyn Clem was selected as alternate.

Junior varsity cheerleaders will be sophomores, Melissa Berryhill, Robyn Clem, and Michelle Wilde; and freshman, Gina Vaughn. Christi Walker was named alternate.

Cheering for the junior high teams will be eighth graders, Heather Brown and Lori Clem, and seventh graders, Lanesa Wilson and Mindy Zeissel. Kizzie Shields is the alternate.

All of these girls will train this summer in preparation for cheering another successful year of Mogul sports.

Sarpalius Receives Chamber Award

It was recently announced that Congressman Bill Sarpalius will be presented the 1990 "Spirit of Enterprise" by the U.S. Chamber of Commerce in recognition of his support of American business during 1990. The award will be presented at a special ceremony on June 11.

Sarpalius, a member of the House Small Business Committee, said he is deeply honored to receive the award for a second straight year.

"Throughout my public service career, I have tried to promote legislation that will create a positive business climate and oppose those bills that place unnecessary regulations on businesses," the congressman said. "I am flattered that a respected organization like the U.S. Chamber of Commerce has recognized these efforts, and I thank them for the honor."

Disabled Can Earn And Receive Benefits

People with disabilities may work and still receive Social Security disability insurance benefits or Supplemental Security Income (SSI) disability payments. And, they may be able to earn more than they think under changes in the law, according to Patricia Brandt, resident representative in Vernon.

"The law has changed considerably in recent years and many people may not be aware of how much they can earn and still keep their cash benefits and Medicare or Medicaid coverage," Mrs. Brandt said.

Special rules, called "work incentives," are designed to continue cash benefits and health care assistance, help with special work expenses caused by the disability, and provide rehabilitation and training to help people enter or re-enter the workforce. The rules are different for Social Security and SSI, but under both programs they are designed to provide the support and assistance a person needs while attempting to work in spite of a disability.

There are 4.7 million registered motorcycles in the United States.

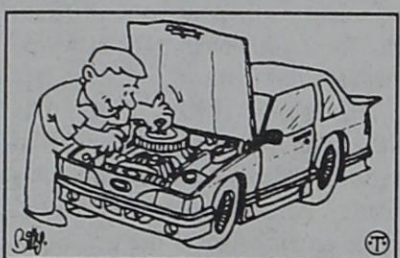

THESE KNOX COUNTY EXTENSION HOMEMAKER CLUB members were honored recently for 50-year membership in the organization. Pictured above with County Extension Agent Jane Rowan (second from right) are Jodie Miller, Sybil Simmons and Frances Cook, all of Gilliland. Not shown, but also honored, was Loys Welch, also of Gilliland.

CAR CARE CORNER

Motorists wanting to enjoy care-free driving and good mileage this summer should heed some simple advice from leading car maintenance experts.

First, check under the hood to see if cold temperatures have caused hoses and belts to become cracked and crumbly. Even if they look all right, it's best to change them every three years.

Next, make sure your radiator and the overflow tank next to it are filled with a fresh 50/50 mixture of water and antifreeze coolant. A premium product such as Zerex® antifreeze coolant helps to prevent overheating as well as corrosion.

Oil should be changed every three to four months, regardless of how far you have driven the car. In warmer weather, heavier weight oil like 10W30 is recommended for extra engine protection and lubrication.

Winter also puts a particularly heavy load on a car's electrical system, so the battery and alternator should be tested, especially if they are more than two years old.

Finally, remember that warmer temperatures expand the air inside your tires. Overinflated tires wear unevenly and can be a hazard. Underinflation is equally bad, causing drag and reducing the number of miles your car gets to the gallon.

Historians believe that the folding fan was invented in Japan about A.D. 700. The inventor may have made the fan after noticing the way a bat folds its wings.

About half as much hot water is used in the average shower as in the average bath.

Project Graduation To Hold Carwash

Project Graduation will sponsor a carwash this Saturday, May 4, at Pankhurst Exxon. For a small fee, students will clean your vehicle, inside and out. After the recent rain showers, no doubt many area cars and pickups need to be "spiffed up".

This is the last fundraiser of the year for the organization. All funds raised will go toward a drug and alcohol free graduation party for all MHS students.

April Memorials To Ambulance Fund

The following memorial donations were made to the Munday Ambulance Service during the month of April.

In memory of Robert Hertel: Mr. and Mrs. Floyd Reed and sons, Quality Implement Employees, Mrs. Virginia (Jinx) Burnison, Mr. and Mrs. Richard Albus and family, Mr. and Mrs. Truman Cypert.

In memory of Ida Jungman: Mr. and Mrs. Floyd Reed and sons, Quality Implement Employees, Mr. and Mrs. Richard Albus and family, Mr. and Mrs. Lee Patterson.

In memory of Red Thompson: Mrs. Mary Johnson and daughters and their families.

In memory of Grace McMahon: Mr. and Mrs. Rhiney Redder and family, Mr. and Mrs. Jim Carden and Jennifer, Mr. and Mrs. Billy Redder and family, Mr. and Mrs. Robin Raynes and Rechele.

In memory of Whitney McAfee: Mr. and Mrs. Leo Koening, Mr. and Mrs. Paul Pendleton, Mr. and Mrs. L.B. Patterson Jr.

In memory of Bertha McNeill: Mr. and Mrs. James Gaither, Mr. and Mrs. James David Gaither, Mr. and Mrs. Timothy Gaither.

In memory of Carol J. Thomas: Mr. and Mrs. Floyd Reed Jr. and sons, Quality Implement Employees.

In memory of Billy Oustad: Mr. and Mrs. Floyd Reed Jr. and sons, Quality Implement Employees.

People once believed that a branch of juniper wood would keep the stables safe from lightning...and the devil.

City Council

(Continued from Page 1)

told both attorneys that the City fully expected to be charged by both for their time and thanked both for coming.

Motion by Booc to adjourn. Seconded by Andrade. Motion carried. Meeting adjourned.

The City Council of the City of Munday met April 22 in special session at Munday City Hall at 7:00 p.m.

Members present: Mayor Richard Albus and Councilpersons David Booc, George Oustad and Winters Matthews.

Members absent: Councilpersons Jessie Tucker and Jessie Andrade.

The purpose of this meeting was to hold a Public Hearing on the proposed 1991-92 Budget. The public was encouraged to attend. Lone Star Gas manager Mike Greenwood was the only citizen in attendance at this meeting. Mayor Albus called the meeting to order and ordered to forego the reading of the minutes. A draft copy of the proposed budget was presented to the Council. A few changes were made to the draft copy. The final hearing on the budget will be held on May 14.

(A draft copy of the proposed budget is on display at City Hall.)

The Development Corporation was also on the agenda, but no action was taken at this time.

Motion by Oustad to adjourn. Seconded by Booc. All in favor. Meeting adjourned.

The City Council of the City of Munday met April 24 in Emergency Session at Munday City Hall at 7:00 p.m.

Members present: Mayor Richard Albus and Councilpersons Jessie Andrade, Winters Matthews, Jessie Tucker and George Oustad.

Members absent: David Booc.

Mayor Albus called the meeting to order and ordered to forego the reading of the minutes. The purpose of this meeting was to discuss overall Ambulance operations. All EMS personnel were asked to attend. After discussion, changes to the Procedure policies were made to deal with new regulations imposed by the State Health Department.

(Full text in the City Procedure Policy Guidelines.)

Motion by Matthews to adjourn. Seconded by Oustad. All in favor. Meeting adjourned.

Before hard-boiling eggs, pierce the rounded end with a needle: the shells will not crack and peeling will be easier.

ONE-TWO PEST CONTROL FOR A HIGHER QUALITY CROP.

Protecting your cotton crop from weed competition and insect damage can pay off in higher yields. And we have a great combination to help you do just that.

WEED CONTROL
 PROWL® herbicide delivers long-lasting control of grasses and certain broadleaf weeds, without root pruning, stunting or carry-over. And less root pruning helps improve insecticide uptake. That means your cotton gets off to a fast, healthy start for a higher-yielding quality bottom crop.

INSECT CONTROL
 THIMET® 20-G soil and systemic insecticide provides early-season control of aphids, thrips and mites in cotton. And applied at planting, it also controls aphids, leaf miners, leafhoppers, black cutworms and white flies.

See us today about the one-two combination that helps you get the most out of your cotton crop. We're your local Cyanamid AgriCenter® dealer.

Always read and follow label directions carefully. THIMET is a Restricted Use Pesticide. ® Trademark, American Cyanamid Company © 1991.

Farm and Ranch Report

By Donnie Peters

TOP FORAGE WHEAT NAMED

Wheat producers and area cattlemen are quick to recognize that wheat has had a dry growing season this year. Nevertheless, producers should stay current on a wheat variety's performance.

In a wheat variety result demonstration conducted on the B.M. Brown Farm of Rhineland, yields of 15 wheat varieties were compared this year. The plots harvested were two 1/1000 of an acre blocks which were clipped March 25.

These plots were planted on October 15, at 85 pounds of seed per acre. 200 pounds of 19-9-2-4 sulfur was applied prior to planting.

Table 1 shows the top yielding varieties on a percent dry matter basis. Percent of crude protein (% C.P.) and total digestible nutrients (T.D.N.) are also reported.

WHEAT VARIETY FORAGE YIELDS ON A PERCENT DRY MATTER BASIS

GORÉE NEWS

Weekend visitors in the home of Mrs. Winnie Howry were her daughter, Mrs. Evelyn Harlan of Mesquite, her son, David Harlan of Denton, and Jeff and Mindy Simon and son, Jeffery, of Dallas.

Mrs. Linda Allen and children of Abilene visited Mr. and Mrs. Taylor Allen last Thursday.

Carl Echols visited his mother, Mrs. Allie Echols, and Mrs. Addie Underwood in Seymour on Saturday.

Visiting Grace Smith on Sunday were Gordon and Shirley Smith and Steven of Munday, and Billy Simaichl of Seymour. Billy attended church service at the First Baptist Church Sunday morning with his grandmother, Frank Jr. and Glenda Simaichl of Seymour visited her mother last Wednesday evening.

Visiting Dale and Beth Maxwell during the weekend were Mrs. Anna Gray and children, Tara, Casey and Evan Gray of Burleson. Also visiting were Joseph and Linda White, of Burleson.

Amy Huffman of Munday spent the weekend visiting her grandparents, Mr. and Mrs. A. G. Huffman.

Visiting Mrs. Mable Jacobs and Jeanette on Sunday was her daughter, Mrs. Janet Mitchell of Wichita Falls and Mrs. Bea Mitchell of Munday.

Mrs. Ron Hardin of Wichita Falls

visited her mother, Mrs. Gladys Lambeth, on Friday. She also visited her father, Homer Lambeth, at the Munday Nursing Center.

Mrs. Wynelle Hellums of Haskell visited in the Billy Moore home Sunday afternoon.

Wally Roberts and wife, Robbie and son, Joseph of Dallas, have been visiting his mother, Mrs. Helen Roberts, several days.

Mrs. Bobbie Crane of Abilene visited her sister, Mr. and Mrs. Wallace Roberts, and her mother, Mrs. Genevieve Tyler, on Sunday.

Mr. and Mrs. Felton Jackson visited Mrs. Nelta Reeves in Weinert recently. Also visiting in the Reeves home were Nan Reeves of Abilene and Mr. and Mrs. Sam Benichie of Laverne, California.

Mr. and Mrs. Marshall Gass attended a birthday party for their great-granddaughter, Ashton Smith, at the home of Mr. and Mrs. W. O. Smith in Munday Sunday afternoon.

Dewitt Green visited his father, W. T. Green, at the Seven O Nursing Home in Olney last Thursday. He also visited Mr. and Mrs. George Green while in Olney.

Mrs. Blanche Atkinson of New Deal visited her sister, Mr. and Mrs. Merle Lambeth, a few days last week. Other visitors in their home during the weekend was their daughter, Mr. and Mrs. Randy Hanes of Azle.

Munday FFA Hosts Annual Awards Banquet

The Munday High School FFA Chapter hosted their annual awards banquet Monday, April 29, at 7:00 p.m. in the high school gym. Approximately 60 members and 100 guests attended the affair.

Tyler Thompson, FFA president, welcomed the crowd and introduced Dr. Pete Bradfield, who gave the invocation.

Tyler and Joe Hernandez, vice-president of the organization, presented Greenhand Degrees to the following first year students: Tanya Dunnam, Kathy Welch, Mandi Moore, Michelle Wilde, Brandy Branam, Michele Berryhill, Laura Burnett, Missy Reneau, Jason Bowman, Dustin Kiser, Aaron Kiser, Daniel Castorena.

Also, Brandon Milhoan, Jake Jordan, Terry Tomlinson, Trae Harlan, Tony Garcia, Leon Sanchez, Jessie Nunez, Augustine Aguilar, Allen Gray, Brian Huffman, Jason Blake, Christopher Clem and Tyler Thompson.

Ricky Moeller, Chapter Advisor, presented the Star Greenhand Award to Jake Jordan.

Chapter FFA Degrees were then presented to the following students: Gene Shields, Shannon Saffel, Lance McWhorter, Ray Hernandez, Jason Zeissel, Kent Latham, Nicolas Yzaguirre, Joe Hernandez, David Tidwell, Jai Reed, Brandon Cottingham, Chad King, Freddie Sosa, Shane Massey, Matt Angerer, Ray Martinez and Kevin Myers.

David Tidwell was presented the Star Chapter Farmer award by Mr. Moeller.

Mr. Moeller then introduced the Chapter Sweetheart, Jae-Jae Reneau, and presented her with a red rose. Jae-Jae represented the local chapter at the district sweetheart contest earlier in the year, where she was named runner-up.

Tony Hunter, a senior at MHS, was named the winner of the 1991 DeKalb Agricultural Accomplishment Award.

Mr. Moeller then acknowledged members of the Junior FFA organization and praised them for their enthusiasm. These students range in age from third graders to eighth graders.

Lance McWhorter was recognized for serving as treasurer of the Oil Belt District FFA this year. Lance recently attended a district meeting in Seymour where he was elected reporter for the coming year.

Mr. Moeller presented proficiency awards to the outstanding students in the following categories: Ag. Electrification, Jason Zeissel; Animal Production, Tanya Dunnam; Horse Production, Tyler Thompson; Poultry Production, Allen Gray of Goree; Livestock Production, Kent Latham; Beef Production, David Tidwell; Dairy Cattle, Tony Hunter; and Swine Production, Chad King.

David Frazier, a senior ag major at Texas Tech, was the featured speaker for the evening. Mr. Frazier, who holds the American Farmer Degree, is the former New Mexico State FFA president. He urged the youth to strive for the best in each of them and not to be stopped by minor failures.

George Oustad, local implement dealer employee, was awarded the Honorary Chapter Degree. In presenting the award, Mr. Moeller cited Mr. Oustad's cooperation and support of the organization on a long term basis.

Certificate of Appreciation awards were given to Doyle Lowrance, Dr. Bill Kingston, Sue Haynie, Cheryl Berryhill, Juanita Bellinghausen, Jimmy Reid and Leon Jordan for their support of the FFA program.

Local farmer, John Lee Nelson, was honored with the Outstanding Leadership Award. Mr. Moeller cited him as an excellent example of adult guidance for FFA youth.

A special Citizenship Award was presented to Matthew Munsell of Knox City for his willingness to help the Munday chapter and his devotion to FFA.

Mr. Moeller saluted the 1990-91 FFA officers and introduced them to the audience. They are: Tyler Thompson, president; Joe Hernandez, vice-president; Jerry Valencia, sentinel; Kevin Oustad, reporter; Kent Latham, treasurer; and Tony Hunter, secretary.

Mr. Moeller then presented his wife, Kristi, with a red rose in appreciation for her patience and support. Following a look at the FFA year in

slides, the banquet concluded with the pledge to the flag.

Chris Burnett Honored With Formal Luncheon

Christine Burnett, Munday High School senior, was honored with a formal luncheon on Sunday, April 21, at the home of Mrs. Robert Bowen.

Upon arriving, guests were greeted by the honoree. A luncheon of shrimp cocktail, chicken salad and sherbet was served at formal place settings of crystal and china by Robin Bowen, Kate Grill, Diahndra Grill, and Laura Burnett. Hostesses for the luncheon were Kathy Bowen of Munday and Belle Grill of Benjamin.

Pictures were taken, and as a remembrance of their senior year, each guest received a frame imprinted with "Friends Of '91". Guests attending included Rosalinda Castillo, Kristi Dutton, Kacy Longan, Beth McPherson, Angie Offutt, Dixie Reid, Jae-Jae Reneau and Christy Williams.

Chris, the daughter of Bob and Judy Burnett, plans to attend Baylor University in the fall.

Calendar Of Events

Thursday, May 2 - Munday VFD Auxiliary meets; MHS All-Sports Banquet.

Friday, May 3 - State UIL Academic Meet in Austin.

Saturday, May 4 - State UIL Academic Meet in Austin; Project Graduation Car Wash.

Monday, May 6 - Extension Homemakers Council meets; Band Boosters meet; Munday Volunteer Fire Department meets.

Tuesday, May 7 - Purple Cloud Musicade at 7:00 p.m. at high school auditorium; Garden Club meets; Lions Club meets at noon; Young Farmers meet.

Wednesday, May 8 - St. Anne's Mother Society meets.

GOLDEN ANNIVERSARY: Wayne and Ruby Clark of Graham will be honored with a reception Saturday, May 11, from 2:00-5:00 p.m. at the Megargel High School home economics building in celebration of their 50th Wedding Anniversary. The couple were married May 15, 1941 in Gilliland, moved to Megargel in 1945 and to Graham in 1980. Mr. Clark is retired from Megargel Drilling Company. Their children, Dale and Wenvea Clark of Dallas, Johnny and Barbara Geis of Archer City, and Rhonda Aylor of Graham, will serve as hosts for the celebration. They have nine grandchildren and three great-grandchildren.

Benjamin News

By Mrs Gladene Green

Gloria West underwent surgery last Thursday at Hendrick Medical Center in Abilene. She is doing fine and was expected to return home Monday. I'm sure cards from her friends would help to pass the days during her recuperation. Just send them to her at Benjamin.

Slick Benson entered Wichita General this week to begin radiation therapy. Cards may be sent to his home here. Our prayers certainly are with Slick and all our friends who are facing difficult times.

Audrey Nolan was taken to Lubbock General Hospital in serious condition with double pneumonia and is being tested for other problems. According to her daughter, Virginia Griffith, her condition has been stabilized.

HERE AND THERE
Pat Benson was in Henderson recently to visit her sister, Billie Faye and Bill Cummings. They went to Tyler to see the Kilgore Rangerettes in a review and also attended a performance of "The Sound of Music" by a local group. The Cummings visited Pat on Sunday and attended Hee-Haw at Sagerton.

Burlene Glaze and Ladean Benson and Trevor of Seymour visited Slick and Darlene Benson on Saturday.

Sam and Clara Loper of Lubbock visited his sister, Hazel Stockton, and other relatives and friends during the weekend.

Kent and Craig Hertel of Gainsville were weekend guests of their parents, Don and Louise.

Era Brown returned home Thursday after several weeks visit with her daughters and families at Hawley and in the Metroplex.

I visited Gloria West in Hendrick Medical Center on Saturday.

Bill and Lorene Powers of Midland were weekend guests in the Bud Clower home.

Jan, Homer and Jennifer Rolston took their daughter and granddaughter, Lorrie Coop and Britt, to San Angelo on Saturday to join their husband and father. The lonesome grandparents will probably be making regular trips to San Angelo.

Recent visitors in the home of their mother, Odessa Cox, were Reba Morrill of Humble and Linda Cox of Silver City, New Mexico.

Benjamin folks attending the Sagerton Hee-Haw Thursday night were James and Jimmie Klutts, Virginia Griffith, Earlene Meizer, Nora Duke, Nora Hertel, Ruth Ressel, Eunice Friday, Bea Parks and Goldie Pierce.

Clodell Duke and Polly Marion of Knox City were in Whitharrell Sunday for a bridal shower honoring their granddaughter, Marian Duke, who will be married June 1. They also attended the track meet in L'evelland.

SCHOOL NEWS

Benjamin ISD students involved in spring activities included:

Golf: Tres Pierce, Jimmy Barrientez, Jason Redwine, Ricky Trepanier,

Robert Estrada, Kate Grill and Rhonda Whitten. Kate placed fourth in district.

Tennis: Rebekah Duke and Rhonda placed second in doubles and went to regional; Kate placed third in district singles and Ricky also placed third.

Track: Jimmy, Tres, Ricky and Jason ran in the 400 meter relay; Kate placed fifth at district in the 800 meter run; Tres, Ricky and Jimmy threw the shot and Tres threw the discus.

Academics: Rebekah and Kate competed in Spelling. Rebekah placed first in district and regional and is going to Austin to participate in the state meet. Kate placed third at district. Jeremy Amburgey has the top Physics score and also competed at regional.

Soil and Water Conservation Essay contest: Rebekah placed first, Kate placed second and Vickie Clower placed third at the local level. Rebekah also placed second in district.

Junior High: Rebel Rainwater, Jim Bob Conner, Zeke Duke and Michele Conner attended the Texas Math and Science Coaches Association state meet at San Antonio.

Our best wishes to Rebekah Duke in the State Spelling competition. She is the daughter of Dennis and Pam Duke.

And it's best wishes to all the Knox County "kids" who will be going to Austin to compete in academics and sports. We are proud of all of you!

Texas Is Tops In New Jobs

"Nearly one out of every five new jobs created last year in the United States went to a Texan," State Comptroller John Sharp said recently, releasing figures that showed Texas added more new jobs than any other state in 1990.

"While many states saw their work forces dwindle in the wake of the national recession, the Texas economy continued its moderate growth, gaining 168,700 new jobs between January, 1990 and January, 1991.

"Most of Texas' 2.5% increase in employment came in the service industry, followed by new hires in government to keep pace with growing school enrollment and reforms of Texas prisons and mental health and retardation facilities," Sharp said.

Data contained in the April edition of *Fiscal Notes* shows California came in second with 147,500 additional jobs, and Ohio third with 77,100 jobs. Two of the nation's largest states, New York and New Jersey, lost employment in 1990.

The Texas Employment Commission reports a total of 7.1 million non-farm jobs in Texas as of March 1991.

U.S.-Mexico Trade Is Mixed Bag For American Producers

Fewer trade barriers would send more U.S. grain to Mexico, but the increase probably wouldn't greatly improve prices for American producers, researchers at Texas A&M University said.

"Given the relative sizes of the grain industries in the two countries and the current excess capacity existing in U.S. agriculture, it is unlikely that the increase in U.S. exports to Mexico would substantially change prices in the United States," according to research results released this week.

Mexico produced almost 19 million metric tons of wheat, corn and sorghum in 1989, the most current available data, compared to almost 275 million metric tons harvested in the United States. (A metric ton is about 2,205 pounds.)

Mexico traditionally has been a "major but fairly erratic" importer of

U.S. grain, according to the study conducted by A&M. The A&M researchers believe Mexico will stay in the U.S. feedgrain market regardless of results in a free trade agreement.

But, if an agreement is reached, the study showed, the most benefit would be felt by U.S. grain producers -- especially for Texas producers of sorghum, wheat and corn and for corn farmers in the Midwest. Losers would be U.S. users of the grains (such as livestock feeders and millers) and Mexican producers. Consumers also could face higher prices for wheat products if the trade agreement requires an elimination of subsidies in both countries.

The researchers said most gains and losses from grain trade, however, will be small. The biggest impact could be short-term displacement of farm workers in Mexico.

U.S. trade talks with Mexico could

begin by June if Congress grants "fast-track" negotiating authority, set to expire at the end of May, according to Dr. Gary Williams, coordinator of the Texas A&M Agricultural Market Research Center.

Since negotiations have not begun, no clear terms have been set forth. The Texas A&M study pinpoints the issues that should be considered to best serve both nations as: the time frame over which the trade barriers will be reduced; domestic policies in both countries; possible easy and unfair access to U.S. markets through Mexico from another country; the inadequate transportation system and

infrastructure in Mexico; internal trade liberalization in Mexico; non-tariff trade restrictions and labor concerns.

The Fishing Doc

By "Doc" Fitzgerald

MILLERS CREEK RESERVOIR
Temperature & Condition: Full, clear and 65° F.

Black Bass: Good to 8 lbs. on spinners, plastic worms and large live minnows. Hitting all depths.

Striper: Good to 15 lbs. on deep running trolling lures near dam areas. Some hitting in shallows on lures and live bait.

White Bass: Slow to fair. Not running in creeks but some in main lake. Water temperature needs to be a little higher for spawn run.

Crappie: Good, but mostly small. Largest reported in 1 1/2 lb. range. Best on tube jigs and lively minnows.

Hitting all depths.

Catfish: Excellent on trotlines in the 50-lb. range. Best on goldfish and large minnows. Not taking shad. Best pole baits include: TAN Bait, live minnows and small perch.

SPECIAL NOTE

This is my last column for a while. Time demands, due to my job and other factors, necessitate my stopping the column. I thank the newspapers and their owners/editors for their interest. I also thank my readers and conservation-minded sportsmen for their support.

By the way, "The Fishing Doc" is a trademarked name and this column continues its copyright.

Area Beta Chi Chapter Inducts New Members

The annual initiation meeting of the Beta Chi Chapter of Delta Kappa Gamma Society International was held recently at Aspermont Elementary School.

President Phyllis Letz invited Melodee Christian, Chairman of Ceremonies, to commence the initiation. Those presented to take the oath of membership were: Susan Blanks, Jo McGuire and Betsy McMannan, all of Haskell; Patty Sedberry, Karla Smith and Karen Noble, all of Aspermont; Judy New of Paint Creek and Kim Kuehler and Cheryl Urbanczyk, of Knox City.

The new members were welcomed by President Letz, who then introduced the Area Coordinator, Carmen Camp of Brownfield. Mrs. Camp spoke to the group about their society of key women teachers in the world. Gerre Lamed presented the "Red

Rose Salute" to Margaret Chafin, a teacher of 27 years and longtime treasurer of Beta Chi Chapter. Members then voted to award a \$250 chapter scholarship to Mary Beth Williams. Mrs. Williams will pursue graduate studies in her field.

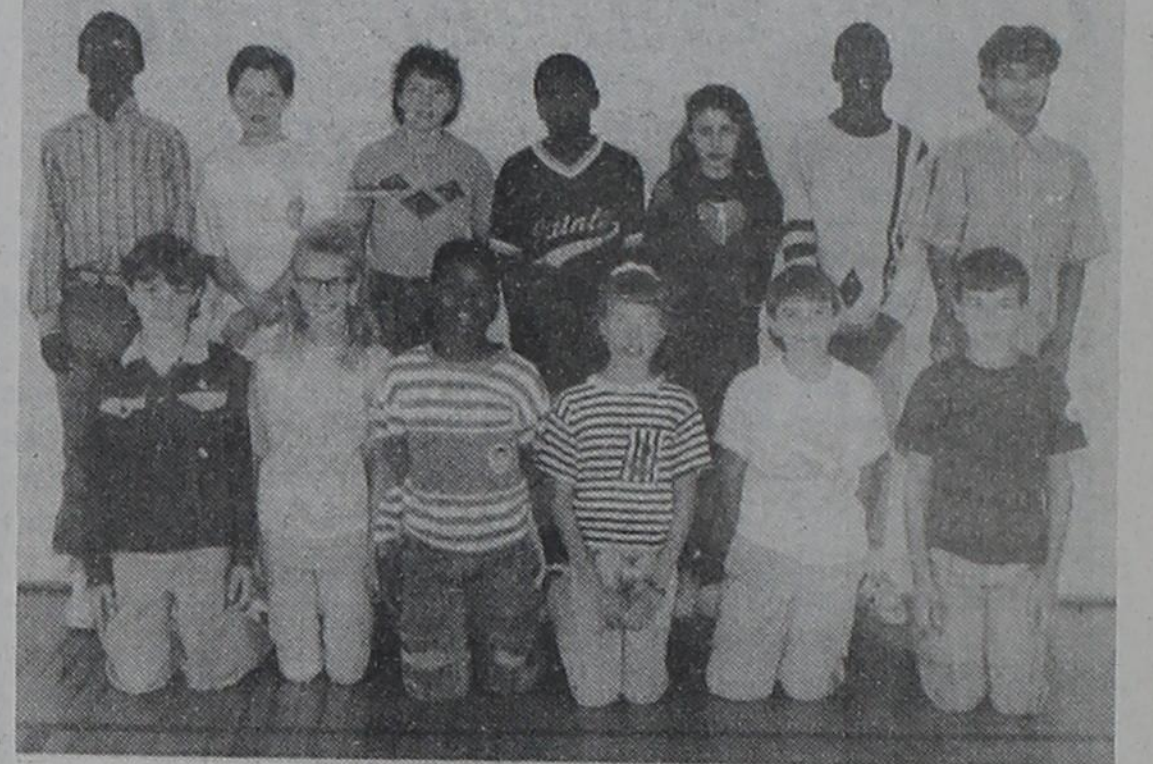

LOCAL

Mr and Mrs. Douglas Myers visited Mr. and Mrs. Danny Parchman, Todd and Tami in Lubbock last week. They watched Todd play on his Little League team Thursday night. Then on Saturday the Myers went to the regional track meet to watch the Moguls in action. On Sunday they attended St. Luke's Methodist Church to hear Tami sing in the Cherub choir.

The oldest known song written in English is a ballad called "Judah". A manuscript of this survives from the 13th century.

RECEIVING ATTAINMENT CERTIFICATES for accomplishing outstanding and attainment requirements in the Amateur Athletic Union's Physical Fitness Test were the third and fourth graders pictured above.

THESE FIFTH AND SIXTH GRADERS completed the five events of the Amateur Athletic Union's Physical Fitness Test to receive attainment certificates. The test included an endurance run, set-ups, a shuttle run, flexed arm hang (girls), pull-ups (boys) and set and reach exercises.

ATTENTION BENJAMIN VOTERS

Please show some interest in your City Government. Go to the polls and vote on May 4, 1991, for the candidate of your choice. When thirty people out of a possible one hundred voters go to the polls to vote, this is not very encouraging to your City Government Officials to do a better job to serve you.

OSBORNES

The Cross and The Flame
 First United Methodist Church
 Munday, Goree Loren Gardner, pastor

There's the story about the fashionable restaurant whose menu did not list the prices, because, it was said, "If you have to ask, you can't afford it anyway."

Do you ever wonder about the price of our salvation, what it cost God to buy God's saving grace; there is no way we can do enough to merit it; and in no stretch of the imagination do we deserve it. God's love is an amazing thing, far beyond our ability to fully comprehend.

Have you ever gotten a "martyr-complex"? I have. Things seemed especially rough, and the pressures seemed to "get to me". About that time, I heard a then-new song by Ralph Carmichael, the chorus of which goes: "Just to think of the

cross, moves me now. The nails in his hands, his bleeding brow; to think of the cross moves me now - It should have been me, Instead I am free, I am free." Suddenly I thought, "Who am I to feel persecuted and somewhat afflicted? Just look at what Jesus did for me! My very salvation was made possible by his death on the cross. How ashamed I am to feel sorry for myself."

We cannot afford the price of our salvation, but the Good News is that Jesus "paid the price for us." During the Lent and Easter season we have the opportunity to reflect on the meaning of the passion, death, and resurrection of Jesus. Like the words from an old gospel hymn. "Lest I forget Gethsemane; Lest I forget thine agony; lest I forget thy love for me, Lead me to Calvary."

I hope that you will be in study and worship this week!

Sitatunga, an African antelope, has the rare ability to sleep under water.

THE BEAUTIFULLY MANICURED LAWN of Oscar and Hazel Cypert at 121 West L Street won the Yard of the Week honors this week. The lovely red geraniums, the roses and iris accent the well-trimmed lawn and hedges. The beautiful shade trees complete the picture of this cool, inviting yard.

Local Garden Club Enjoys Field Trip

Several members of the Munday Garden Club enjoyed a field trip recently to study and identify roadside wildflowers.

The group left Munday at 9:30 a.m. on Tuesday, April 23, and began their tour via Seymour and Lake Kemp. From there, they journeyed to Vernon, stopping along the way to identify different varieties of wildflowers.

After pausing for lunch in Vernon, the ladies proceeded to Copper Breaks State Park near Quanah. There they were shown a film and viewed the displays in the Visitors Center. They then toured the Park, paying special attention to the plants and wildflowers

growing along Juniper Ridge Nature Trail.

The next stop on their agenda was the museum at Crowell. This visit gave the members time for a little reflection on the early history of this part of the country.

Following a refreshment break at the Crowell Park, the ladies returned home by the Gilliland route, observing many beautiful and interesting wildflowers along the way.

Those enjoying the trip were: Louise Amerson, Verna Matthews, Tommie Crawford, LaRue Reeves, Aree Tidwell, Cordell Offutt, Flora Lee Floyd, Sara Offutt and Connie Boone.

At Your Service

by Dr. Larry Fitzgerald
Minister, Munday Church of Christ

Q: When will Christ establish his kingdom on earth?

A: This is a very important question and is one that the apostles asked Jesus after his resurrection from the dead (Acts 1:6, literally "restore the kingdom of Israel").

In the Bible, the original language translated "kingdom," really means "kingship", "royal power", "royal rule". In other words, the biblical "kingdom" refers to a reign and not a realm (see Revelation 11:15 and Daniel 4:31,36). The Kingdom, therefore is something that God does and not something that man achieves. Since kingdom does imply a people living under that rule, then the realm concept can sometimes be derived.

When you realize that "kingdom" refers to God's rule or authority, then it is evident that he has always had a kingdom with different manifestations. The following Old Testament passages refer to God's kingdom (rule) in the present tense not the future: Exodus 15:18; 1 Samuel 12:12; Psalms 103:19; 145:11-13, etc. However, the Old Testament looked to a future manifestation of God's kingly rule, as well (Isaiah 24:23; 33:22; Zechariah 14:16ff; Zephaniah 3:15).

When Jesus proclaimed that the "kingdom is at hand", he taught that the time was being fulfilled when God would manifest his kingdom in a new way. Jesus expressed this kingdom both in the present tense (Luke 11:20; 17:21) and the future (Matthew 6:10; 25:34; Luke 13:29). Likewise, there is both a present kingdom and a future kingdom. God has delivered Christians "from the rule of darkness and transferred (Christians) to the kingdom (rule) of his beloved Son ..." (Colossians 1:13). Notice that this passage indicates a present membership in the kingdom. Those who are in the kingdom now are those who have received redemption, the forgiveness of sins according to the next verse (Col. 1:14). In

other words, Christians are already in the kingdom. This assembly is called the Church. In Matthew 16:18-19, Jesus used the terms "church" and "kingdom" interchangeably. This same truth is taught in Hebrews 12:23, 28 and Revelation 1:4, 6, 9. The fact is the present day kingdom and the church are the same thing!

The future manifestation of the kingdom is not a material or earthly kingdom. In every instance in which a future kingdom is mentioned it is qualified by the fact that it is to be in heaven. For instance, Paul writes that he was looking forward to his future life in 2 Timothy 4:18. "The Lord will rescue me from every evil and save me for his heavenly kingdom."

The new age (Joel 2:28ff) is realized (past tense) in the person of Jesus Christ (Acts 2:36). To confess him is to confess him as your ruler (Romans 10:9, Lord-ruler). The kingdom came when Christ overthrew the evil powers which ruled (Luke 10:17ff; Colossians 2:15), but their influence has not been abolished (Ephesians 6:10ff; Galatians 1:4). Instead of restoring the kingdom to Israel, Christ established the new Israel (Romans 2:28ff; Philippians 3:3). It is with this new Israel that God established his new covenant (the new Testament) (Hebrews 8:8-9:28).

Therefore the kingdom was established when the church was established in the first century A.D. "He (Christ) is the head (ruler) of the body, the church...that in everything he might be pre-eminent (highest rulership)" (Colossians 1:18). The future manifestation of the kingdom will be when Christ returns to take all Christians to heaven (2 Thessalonians 1:5-10). I can find no clear passage that teaches that there will be a future kingdom on earth.

If you have a question for this column, write Dr. Fitzgerald c/o Box 211, Munday, Texas 76371.

Area Schools Set Advisory Meetings

Several area schools will be conducting Parent Advisory Committee meetings for special programs in the coming week.

Programs to be discussed will include Chapter I Regular, Chapter I Migrant, Chapter II, Vocational, English as a Second Language, Special Education, Technology, Gifted and Talented, Library and At Risk Students. These programs will be evaluated and plans for the coming year will be made. Committees for each of the programs will also be elected at the meetings.

Meetings have been scheduled at the following schools: Paint Creek, Friday, May 3, 12 noon in the library; Rule, Tuesday, May 7, at 2:30 p.m. in the school cafeteria; Benjamin, Wednesday, May 8, at 12 noon in the school cafeteria; and Goree, Thursday, May 9, at 2:30 p.m. in the home-making department.

Maine is the only state in the United States whose name has one syllable.

THESE 4-H'ERS WERE NAMED WINNERS in the 1991 Knox County Fashion Show last Monday in Knox City. Shown in the back row are: Amanda Baker, Tressie Boyd, Andrea Longan, Kacy Longan and Terra Searcey. In the front row are: Stefani Stephens, Lane Boyd, Cari Trojak, Kandis Longan, Amber Reed and Ranea Maston. All winners will advance to the district competition in Quana on July 23.

4-H Fashion Show Winners Announced

4-H Club members from throughout Knox County participated in the annual 4-H Fashion Show on Monday, April 22, at the Knox City Community Center. Theme for the evening was "Step Into The Future With 4-H Fashions".

Andrea Longan of Munday served as Mistress of Ceremonies for the evening. Amber Reed, also of Munday, led the audience in the pledge to

the American Flag and Lane Boyd of Knox City led the 4-H motto and pledge.

Stacy Thompson of Knox City provided the commentary for the style show. She presented information about each participant and their outfit as they modeled their clothing project.

Participants who chose to make their garments were judged on construction and appearance, while those who bought garments were judged on their knowledge of comparison shopping and appearance. Darlene Draper, King County Extension Agent, judged the contestants.

Following the style show, Virginia Cary of Munday, presented the 1991 Knox County Extension Homemaker Scholarship to Kacy Longan of Munday. Kacy, a ten year member of 4-H, will graduate from Munday High School in May. She had held various 4-H club offices and served as delegate to the district 4-H council for two years.

While in 4-H, Kacy has received the Gold Star Award and was named district winner in fashion show and home design contests numerous times. She is very active in school and community affairs and plans to attend Midwestern State University, where she will major in Mass Communications.

Highlight of the evening was the presentation of awards by Joetta Boyd, chairman of the Knox County 4-H and Youth Committee, and Jane Rowan, Knox County Extension Agent. Winners in each division will advance to the district competition in

The Lord's Corner

by Dr. Pete Bradfield, pastor
First Baptist Church

Question: What do a light bulb covered with mud, a window covered with soot, and a life spotted with sin have in common?

Answer: They are all incapable of allowing light to shine through them for the benefit of others. Regardless of how bright and pure the light, the net result will be darkness until the dirt is dealt with. The problem is not with the source of light, but rather with the vessel through which the light is shining.

Jesus told his disciples, "You are the light of the world," and urged them, "Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven." But he also warned them of the danger of dirtiness: "If therefore the light that is in you be turned to darkness, how great is that darkness!" A life clouded with unconfessed sin is as frustrating as a mud-caked light bulb.

See you next week, and remember: you are only young once, but immaturity can last a lifetime.

Quana on July 23.
First place winners of the fashion show were as follows:

JUNIOR DIVISION

Sportswear - Lane Boyd, Knox City.

Pop-over Skirt - Ranea Maston, Munday.

PROPERTY TAX PROTEST AND APPEAL PROCEDURES

The law gives property owners the right to protest actions concerning their property tax appraisals. You may follow these procedures if you have a concern about:

- (1) The value placed on your property
- (2) Exemptions that may apply to you
- (3) Cancellation of agricultural appraisal
- (4) Whether your property is taxable
- (5) Which local government should be taxing your property; or
- (6) You think the appraisal district has done something else that adversely affects you.

INFORMAL REVIEW: You may wish to contact your local appraisal district at the Knox County Appraisal District Office, P.O. Box 47, Benjamin, Texas 79505 or call telephone number (817) 454-3891. Through this process, you may be able to make any corrections and dissolve any problems that you may have with the appraised value of your property.

REVIEW BY THE APPRAISAL REVIEW BOARD: If you can't resolve your problem informally with the appraisal district staff, you may have your case heard by the appraisal review board.

The appraisal review board (ARB) is an independent board of citizens that review problems with appraisals and other concerns listed above. They have the power to order the appraisal district to make the necessary changes to solve problems. If you file a written request for an ARB hearing (called a notice of protest) before the deadline, the ARB will set your case for a hearing. You'll receive written notice of the time, date, and place of the hearing. The hearing will be informal. You and the appraisal district representative will be asked to present evidence about your case. The ARB will make its decision based on the evidence presented. You can get a copy of protest form from the appraisal district office at the Knox County Courthouse, Benjamin, Texas.

Note: You shouldn't try to contact ARB members outside of the hearing. The law requires you to sign an affidavit saying you haven't done so before the ARB hears your case.

REVIEW BY DISTRICT COURT: After it decides your case, the ARB must send you a copy of its order by certified mail. If you're not satisfied with the decision you have the right to appeal to district court. If you choose to go to court, you must start the process by filing a petition within 45 days of the date you receive the ARB's order. If the appraisal district has appraised your property at \$1,000,000 or more, you must file a notice of appeal with the chief appraiser within 15 days of the date you receive the ARB's order.

MORE INFORMATION: You can get more information by contacting your appraisal district office at the Knox County Courthouse, P.O. Box 47, Benjamin, Texas 79505.

DEADLINE FOR FILING PROTESTS WITH THE ARB

(The deadline is postponed to the next business day if it falls on a weekend or a holiday)

USUAL DEADLINE: MAY 31, 1991

On or before May 31, (or 30 days after a notice of appraised value was mailed to you, whichever is later.)

Late Protests (If you missed the usual deadline for good cause. Good cause is some reason beyond your control, like a medical emergency. The ARB decides whether you have good cause.)

Before the day the appraisal review board approves records for the year. Contact the appraisal district office for more information.

SPECIAL DEADLINES: APPRAISAL REVIEW BOARD MEETING, MAY 22, 1991, 10:00 A.M., KNOX COUNTY COURTHOUSE, BENJAMIN, TEXAS

Change of Use (If the appraisal district has informed you that you are losing agricultural appraisal because you changed the use of your land.)

Before the 30th day after the notice of the determination was mailed to you.

ARB Changes (If the ARB has informed you of a change that increased your tax liability and the change didn't result from a protest that you filed.)

Before the 10th day after the notice of the determination was mailed to you.

If you believe the appraisal district or ARB should have sent you a notice and did not, you may file a protest until the day before taxes become delinquent, (usually February 1). The ARB decides whether it will hear your case based on evidence about whether a required notice was mailed to you.

ONE-TWO PEST CONTROL HIGHER QUALITY CROP.

Protecting your cotton crop from weed competition and insect damage can pay off in higher yields. And we have a great combination to help you do just that.

WEED CONTROL PROWL® herbicide delivers long-lasting control of certain broadleaf weeds, without root pruning, stunting or carryover. And less root pruning helps improve insecticide uptake. That means your cotton gets off to a fast, healthy start, for a higher-yielding quality bottom crop.

INSECT CONTROL THIMET® 20-G soil and systemic insecticide provides early-season control of

aphids, thrips and mites in cotton. And applied at planting, it also controls aphids, leaf miners, leafhoppers, black cutworms and white flies.

See us today about the one-two combination that helps you get the most out of your cotton crop. We're your local Cyanamid AgriCenter® dealer.

KNOX COUNTY KONNECTIONS

By Jane Rowan, County Extension Agent

JUDGE NUTRITION ADVICE BEFORE FOLLOWING

Advice on nutrition has become almost as common as advice to the lovelorn in popular magazines. Most people wouldn't think of experimenting with their health, yet that's just what happens when they indiscriminately follow the advice given in many of these stories.

To get an idea of the prevalence of advertising for possibly fraudulent health items, the Food and Drug Administration contracted with a clipping service several years ago to survey the nation's newspapers and magazines for one month. The clipping service came up with a total of 435 questionable ads in publications ranging from the smallest of weekly newspapers to multimillion-circulation magazines.

The 435 ads hardly indicate the true volume of dubious advertising during that period. With more than 10,000 daily and weekly newspapers

and general circulation magazines in the country, any clipping service asked to do a nationwide search is only going to be fractionally successful.

Freedom of speech doesn't give a person the right to shout "fire" in a crowded theater, Supreme Court Justice Oliver Wendell Holmes, Jr. once noted. Nor should it give cartoonists the right to promote ads in print or on the air. Yet, health fraud lives and thrives, in no small part because of successful advertising.

The following statement is attributed to the Food and Nutrition Board, National Research Council --- "Good food should not be regarded as a poison, medicine, or a talisman. It should be eaten and enjoyed". Despite the wisdom of this statement, many Americans cling to the notion that if something is wrong with the human body, food caused it or food can fix it.

Magical thinking about food is as old as human mythology and is not easily overcome by the relatively new science of nutrition. Our minds may recognize that moderation is the key to a healthy diet, but our hearts are often swayed by the extravagant promises of nutrition extremism.

Consumers need to make their own judgments about the accuracy and usefulness of nutrition advice. Dr. Stephen Barrett, board member of the National Council Against Health Fraud and editor of "Nutrition Forum Newsletter", offers a few principles for helping the public distinguish between nutrition facts and fallacies:

* Don't believe anyone who suggests that most diseases are caused by faulty nutrition.

* Be skeptical of anyone who offers a simple answer to a complex problem. Remember the maxim: If it sounds too good to be true, it probably is.

* Don't believe anyone who says that everyone needs vitamin supplements to be sure they get enough. Most people can get all the vitamins they need by eating a varied and balanced diet.

* Be wary of anyone who uses only anecdotes to support a claim. Testimonials don't prove a treatment works. Look for controlled studies.

* Adopt a healthy lifestyle. Eat a balanced diet; maintain a reasonable weight; and exercise appropriately.

Landscaping A Breeze With Touch Of Keys

Moving an eight-foot oak tree from one side of a yard to the other can take only a few, easy seconds. No shovel. No dirt. No sweat.

Within a year, lots of Texas lawn lovers could have effortless landscaping at their fingertips as computers begin to share shelf space with seed packets at local nurseries.

Landscapes come to life through two types of computer information systems: a pictorial plant encyclopedia on laser disk and a computer program that creates designs based on a photo of one's home and yard.

"Customers often come to a nursery asking for a plant that will do 'thus and so,'" said Dr. Dan Lineberger, head of Texas A&M's horticultural sciences department. "This will allow the nursery staff to put the customer on a computer to pick the right plants."

With thousands of species available, choosing the best vegetation can be confusing for the consumer whose plant knowledge may be limited to grass and roses. The scope of choice in the state translated into total lawn and garden sales near \$2.8 billion in 1989, the most current figures, according to the Texas Association of Nurserymen.

Streamlining the choices is the beauty of the computerized system for the industry, said John Peters, vice president for operations at Cal-loway's, a retailer with nurseries throughout the Dallas-Ft. Worth metroplex.

"When a customer comes in for a tree, for example, we will be able to show pictures of the foliage and bark, the tree at different ages and what the tree will look like in a person's particular landscape," Peters said. "That makes it so much easier for the customer to envision."

Peters said customers often come to the store with specific criteria, perhaps wanting a plant that will grow in the shade with damp soil, that doesn't grow more than three feet tall and that has good color in the fall. Nursery staffers often recommend personal preferences that may not be the ideal choice for the customer, he added.

Appointments Not Required, But Helpful

THE RECEIVING LINE at the gift brunch honoring Karyn Bratz, bride-elect of Lowell Hutchens, included (left to right) Stacie White, Mrs. Sammie Ward, Mrs. Ruth Hutchens, Mrs. Dorothy Rhoads, Mrs. Lila Ann Hutchens, Mrs. Diane Bratz, and the honoree.

Karyn Bratz Honored With Bridal Shower

Karyn Bratz of Jacksonville, bride-elect of Lowell Hutchens, was honored with a gift brunch on Saturday, April 13, in the home of Mrs. Becky Offutt.

Guests were received by the honoree, her mother, Mrs. Diane Bratz of Jacksonville and the prospective groom's mother, Mrs. Lila Ann Hutchens. Also in the receiving line were Lowell's grandmothers, Mrs. Dorothy Rhoads and Mrs. Ruth Hutchens, both of Munday, and Karyn's grandmother and sister, Mrs. Sammie Ward of Jacksonville and Mrs. Stacie White of College Station.

Project Noah Strives For Better Service

Donna Sue Anders, recently appointed as Outreach Coordinator for the Noah Project North, is striving to build a solid volunteer program to better serve her district. Her district covers Haskell, Knox and Throckmorton counties, as well as the city of Stamford.

A "New Life, New Hope, New Beginning" is offered by the Noah Project North, a non-profit organization designed to assist victims of family violence. The organization staffs a 24-hour hotline, offers counseling with victims and provides limited, short-term assistance and shelter.

Paul Cheatham, pastor of East Side Baptist Church and chairperson of the Advisory Committee; Phil Konty, of the Noah fund-raiser committee; and David Rodriguez, of the Noah fundraiser committee and counselor at the Rape Crisis Center in Abilene, will assist Mrs. Anders in the Program.

The refreshment table was centered with a spring bouquet of daisies, spider mums, carnations, asters, iris and wax flowers in a silver vase. Fruit breads, tarts, sausage balls, quiche and fresh fruit were served from silver appointments.

The beverage table was accented with a hand-tied bouquet of spring flowers. Coffee and tea were poured from silver service, while punch was served from a silver bowl.

Hostesses for the brunch were Mrs. Offutt, Shirley Gass, Frances Parker, Leona Partridge, Linda Bunton, LaRue Patton, Stacia Cook, Sammie Kingston, JoNell Cobb, Jane Wilson, Jo Marie Scott, Judy Wilde, Shirley Smith, Nancy Beaty, Willie Smith, Bobbie Kegley, Pat Owens, Joyce Walling, Ann Kiser, Debbie Herrington, and Ernestine Dickerson.

Francis Thackerson and her sister of Anson visited their sister, Dessie Decker, on Saturday. Faith Baptist Church held the worship service on Sunday. Rosemary Martinez played the piano and Linda Reddell lead the music. Coila, Euris, Ola, Clarence and Audrey each read a scripture verse. Edward Smith read from the Bible and reminded residents of God's greatness. Mozelle Smith also attended.

Texas Wheat Field Day May 23 In Amarillo

The annual Wheat Field Day will be held on May 23 at the Texas A&M Research and Extension Center in Amarillo and the USDA Conservation and Production Research Laboratory located 3/4 miles west of Bushland. The morning session conducted by the Texas Agricultural Extension Service begins at 8:30 a.m. in the Texas A&M Center Auditorium, 6500 Amarillo Blvd., West. The wheat research and demonstration bus tour begins at 1:00 p.m.

Thank You

We want to take this opportunity to say how very much we appreciate all you did for us during Claudell's recent illness. Dr. Mendoza, the nurses at Seymour Hospital Authority, the Seymour ambulance crew, our friends, neighbors and family were all so helpful. The cards, flowers, visits, phone calls, and the many other things you did for us will always be remembered. God bless each of you.

Claudell & Mary Bratcher

NURSING CENTER NEWS

By Virginia Williams

Juli, Jayla and Jocelyn Decker came for a visit with their great-great-grandmother, Myrtle Tomlinson, on Monday.

Mr. and Mrs. Bill Smith visited her mother, Vera Carver, Monday afternoon. Mrs. Lambert also visited Mrs. Carver.

Donnie King visited his mother-in-law, Lillie Parker, and also visited Bob Davis.

Mildred Fitzgerald visited her brother, Glen Draper, Friday afternoon.

Emma Fetsch and Theresa Bruggeman of St. Joseph's Church called bingo on Thursday. J.L. Yost won the black out game. Everyone enjoyed playing.

Naomi Barger of Waco visited Etta Mae Frazier and Fleta Mayo.

Tommy Megee, pastor of the First Baptist Church of Goree, had the Bible study on Friday, April 26. Everyone enjoyed the Bible study and the singing that followed.

Elzie and Marcelle Jackson, Vina Clark, and Judy Gouge, all of Dallas, visited Linnie West.

Shawn Stevens of Seymour visited Bob Davis.

Barbara Coffman and Dixie and Lloyd Bradley of Goree visited their sisters, Ella Frazier and Fleta Mayo. Mrs. Mayo's daughter, Glenda Cameron of Azle, visited her mother and aunt during the week. Gail Cooke-Herron and LeAnn Abernathy of Ft. Worth visited on Saturday and Sunday with their grandmother (Mrs. Mayo) and their great-aunt.

Francis Thackerson and her sister of Anson visited their sister, Dessie Decker, on Saturday.

Faith Baptist Church held the worship service on Sunday. Rosemary Martinez played the piano and Linda Reddell lead the music. Coila, Euris, Ola, Clarence and Audrey each read a scripture verse. Edward Smith read from the Bible and reminded residents of God's greatness. Mozelle Smith also attended.

Jane Wilson visited Edith Runnels

and other friends Sunday afternoon. Marguerite Gray of Goree is a new employee in the dietary department.

The Saturday afternoon singing was led by Virginia Cary. Ella Grisham read poems. Ruby Myers was organist and Eunice Raynes was pianist. Archie Struck dismissed the group with a prayer. Later Genevieve Tyler played some religious tapes.

We welcome two new residents, Fleta and Roy Mayo of Goree.

Mid-Year Farm Reports To Be Determined Soon

With land preparations and spring planting getting underway across the state, Texas producers are gearing up for another year. One of the most important production inputs a producer can use in determining production and marketing plans is the mid-year crop and livestock reports released by the Texas Agricultural Statistics Service.

Beginning June 1, representatives from the Texas office will begin contacting farmers and ranchers across the state to help set the 1991 planted acreage estimates and mid-year livestock inventories.

"Information from these surveys will provide Texas producers with solid facts and figures they can use when making their plans for the coming year," state statistician Dennis Findley reported.

"The surveys will be very important this year because they will be the first accurate measure of the impact of participation in the 1990 government farm bill," he added.

Individual reports will be combined to set state estimates. Results of the confidential interviews, conducted by telephone or in person by field enumerators, will be published this summer. The 1991 acreage estimates will be released June 27, while the mid-year cattle inventory will be released July 29.

Senator Lloyd Bentsen

Watching Washington

If a penny saved is a penny earned, Germany and Japan earn twice as much as the United States.

On average, Americans save less than a nickel of every dollar earned. The Germans save more than twice as much, the Japanese more than three times.

Low savings push up interest rates, making it tougher not only for us to buy homes and cars but also for our companies to create jobs at home and compete abroad. We cannot maintain the kind of economic growth that has made America the envy of the world without an increase in our national savings.

That's why I have introduced a proposal to bring the Individual Retirement Account (IRA) out of retirement for all Americans. The Bentsen-Roth IRA bill already has 77 cosponsors in the Senate.

In the 1980s a flood of foreign capital made up for our low savings rate, but that flow may have dried up. The Japanese have problems at home with real estate values and their banking system, the West Germans have recently reunited with a capital starved East Germany and the oil producing nations of the Persian Gulf are going to need their capital for reconstruction in the wake of the recent war. In the 1990s we must increasingly look to ourselves for the investment capital needed to fuel economic recovery and sustain growth. The IRA is a powerful tool to help Americans save.

Who benefits from the Bentsen-Roth proposal to restore full deductibility on up to \$2,000 a year in contributions to an IRA? For starters, 55 percent of all two income families in America who aren't now eligible for it.

All Americans benefit from the Bentsen-Roth proposal that would allow taxpayers to withdraw from an IRA account not only for retirement but also to purchase a first home, pay for education or cover the costs of a devastating illness. A young family could use the IRA to save for a first home. Parents could help their children with the down payment on that house or with college expenses. Grown children could help dependent parents with major medical bills.

Americans have long taken it for granted that succeeding generations could look forward to a step up in life. But that assumption has come increasingly into question in recent years. Home ownership declined in every year of the '80s. The cost of health care increased 250 percent in that decade and at the end of it 37 million Americans had no health insurance. For a child born today the cost of attending a four year public college will be \$60,000, the cost of a private college \$200,000.

The Bentsen-Roth IRA benefits all Americans by helping them save for these basic needs.

For millions of Americans the IRA is an old friend they would like to have back. People understand it and they like it. The Bentsen-Roth IRA might just be the silver bullet that can get this economy moving again and help keep it moving.
