SUNSHINE DOESN'T DETER CROWDS

Town Swells During Vegetable Festivities

Recipe for success: take assorted vegetables, such as potatoes, onions and cucumbers, plus a handful of watermelons, stir in lots of pretty girls, mix with arts and crafts, music, flowers and small children playing games, fold in a large tub of cold water and bake under hot sunshine all day long. What do you get? A successful Vegetable Festival such as the one held here Saturday. The ingredients were all there, and the entire mixture came out to suit everyone's taste.

Kacy Longan, a 15-year-old sophomore at Munday High School, was crowned queen of the 1988 Knox County Vegetable Festival at the pageant held Friday night. She is the daughter of Bill and Karen Longan.

Runners-up in the field of 30 were Alicia Cook, 16, daughter of Johnnie and Stacia Cook, and Robin Reneau, also 16, daughter of John and Jean Reneau.

Charming her way to the title in the kindergarten division was five-year-old Jennifer Carden, daughter of Jim and Jeanie Carden. First runner-up was Amber Reed, 6, daughter of Mark and Pam Reed, and Miranda Zeissel took the second runner-up spot. She is the six-year-old daughter of Wayne and Barbara Zeissel.

Dark-eyed Kaci Urbanczyk, four-year-old daughter of Johnny and Suzette Urbanczyk, won the crown in the pre-school division and enjoyed the evening immensely! Coming in second was three-year-old Jayla Decker, daughter of Rick and Juli Decker, and four-year-old Laurie Welch, daughter of Larry and Annelle Welch, won third place.

Assisting with the coronations were Annette LeFevre, Andrea Brown and Krisi Harlan, 1986 vegetable festival queens. Ray Hunter did an admirable job as master of ceremonies, and the Minor Chords serenaded the contestants. Kelli Smith, Kevin Smith and April Offutt modeled formal wear from several years ago.

Other finalists in the high school division were Denise Kuehler, Bridgett Beaty, Jae-Jae Reneau, Amber Mahan, Shawna Simpson, Dixie Reid and Tonya Kuehler.

Preliminary events leading up to the festival included a team penning, parade and Anything Goes contests. Winning the top prizes in the parade was Kidstuf Preschool, which was named the best overall theme entry. Honors in the adult division went to Betty Kramp on her

four-wheeler, and children's winner was Sandy Baker, who gave Brian and Jeff Urbanczyk and Larinda Smith a ride during the parade.

The parade viewers then proceeded to the football field for the Anything Goes fun, as four

teams of participants tried to outdo each other in driving a golf cart while blindfolded, climbing in and out of a tire, balancing on a log and catching water balloons while sliding into a tub of water. The winning team was composed of Perry

Kuehler, Jan Zeissel, Terry Hendrix, Norma Frazier, Stan Decker and Mary Ann Melton.

Martin Martinez took first place in the 10K run that kicked off Saturday's activities. His time was (See Vegetable, page 4)

VEGETABLE FESTIVAL BEAUTIES for 1988 were crowned at the pageant held Friday night. Winning the high school division crown and reigning over Saturday's activities was Kacy Longan, center, 15-year-old daughter of Bill and Karen Longan. Robin Reneau, left, 16-year-old daughter of John and Jean Reneau, won the second runner-up award, and Alicia Cook, 16-year-old daughter of Johnnie and Stacia Cook, who was first runner-up at the 1986 festival pageant, won the same title this year.

THESE PRETTY LITTLE LADIES are the kindergarten division royalty of the 1988 Knox County Vegetable Festival. Jennifer Carden, center, five-year-old daughter of Jimmy and Jeanie Carden, won the crown at the pageant Friday night. Miranda Zeissel, 6, daughter of Wayne and Barbara Zeissel, at left, was second runner-up, and Amber Reed, 6, daughter of Mark and Pam Reed, was named first runner-up for the second time.

WHO COULD HELP BUT RESPOND to a trio of cuties like these? The cast on her arm didn't bother Kaci Urbanczyk, center, who made herself very comfortable on stage and won the crown in the preschool division of the Vegetable Festival beauty pageant Friday night. She is the four-year-old daughter of Johnny and Suzette Urbanczyk. At left is first runner-up Jayla Decker, 3, daughter of Rick and Juli Decker, and Laurie Welch, 4, daughter of Larry and Annelle Welch, was second runner-up.

BRINGING IN THE GOLD in the adult 10K run Saturday morning, the event which kicked off the day's vegetable festival activities, was Martin Martinez, who ran in the 18-to-24-year-old male division. He is shown receiving his award from Dan Sloan, race coordinator.

EDWARD SMITH, standing left, the eldest son of the late B.E. Smith, receives a plaque from Munday Chamber of Commerce president James Amerson during ceremonies Saturday morning at the Knox County Vegetable Festival. The festival was dedicated to the Smith family for their efforts in promoting agriculture in Knox County. Watching the proceedings are Chamber manager Kay Looney and Munday mayor Doris Dickerson.

Letter To The Editor

Dear Editor,

I would like to express my sincere appreciation to City Secretary Walter Hertel, Mayor Doris Dickerson, and the Munday City Council for repairing the city pool. The pool is the main recreational resource the City of Munday provides its residents.

As a parent, I am happy that my children are able to break up the long summer day by biking to the pool for some supervised recreation. The pool contributes a better quality of life for our community. Thank you to all those who were instrumental in its construction and to the city for its maintenance.

Sincerely,
Kathy Bowen

1988 Vegetable Festival Is Dedicated To Smith Family

The 1988 Knox County Vegetable Festival was dedicated to the late B.E. Smith and his family for their efforts and service toward improving the quality of agricultural production in this area. Munday Chamber of Commerce president James Amerson presided over a dedication ceremony Saturday morning.

Edward and James Smith, sons of the county agricultural pioneer, accepted a plaque of appreciation at the dedication. Both men have remained active in Knox County farming operations.

B.E. Smith spent his boyhood days in Lipan, lived later in Poolville and Rule and moved to a farm three miles south of Munday in 1934, growing watermelons, cantaloupes, cotton, milo and other crops. In 1946 he bought the Bardwell farm east of Munday. With the onset of drilling in this area, he drilled an irrigation well in 1952 and eventually bench-leveled the land so all the farm could be irrigated. An underground irrigation system was added so all the wells could be tied together, providing better coverage of water.

A firm believer in fertilization, Smith tried it on his hay, cotton, milo and alfalfa crops and on pastureland. He grew his own feed for the cattle and swine he raised. Smith also bought one of the first cotton pickers in the county, but the machine was not as successful as later models proved to be.

One of the first potato producers in Knox County, Smith and his sons, Edward and James, who were in the family business with him, built a shed on their farm to provide on-site processing and shipping of potatoes in 1964. Today, his local descendants still make their living growing potatoes and cotton, as well as cucumbers, onions and other vegetable crops.

Smith and his wife, Stella, raised six children on his farm. In 1953 the family received the Progressive Farmer award from the magazine of the same name and was named a Master Farm Family of Texas.

Smith served as a director for the Farmers Co-op, as a director of the Farmers Home Administration and was instrumental in the building of

Knox Prairie Seeds Inc., now Knox Prairie Co-op. He was also a member of the First Baptist Church in Munday.

Mrs. Smith died in 1976, and he followed her in death in 1979.

Following is a proclamation honoring the Smith family signed by Amerson and by Boyd Lynn Meers, chairman of the Chamber of Commerce agriculture committee.

Whereas the agriculture industry is vital to Knox County and the vegetable growers represent an important part of the industry.

Whereas B.E. Smith made his livelihood in a "risky" industry, and successfully maintained a farming business.

Whereas he established his family in this area and maintained a good moral character in the community that continues through his family.

And Whereas he supported his church, school, and city to make it the best it could be,

Be it therefore resolved that the citizens of Knox County wish to publicly thank the family of the late B.E. Smith for outstanding contributions made.

Presented this 18th day of June, 1988, by the Board of Directors of the Munday Chamber of Commerce and Agriculture in Munday, Texas.

James Amerson, President
Boyd Lynn Meers
Chairman, Agriculture Committee

Large Crowd Attends Benjamin Homecoming

by Gladene Green

Homecoming 1988 in Benjamin, Texas is now down in the history book. And although the crowd was not as big as it has been in the past, the enthusiasm was there and lots of visiting went on for part of three days. Festivities began Friday afternoon at 5 when the doors to the Memorial Building were opened and registration began. Hosts and hostess were LaMoyn Patterson, David Kyle and Louella Hudson Tolson. Registering the guests were Jonnie Jackson Williams and Bobby Frank Hudson. A buffet table was also available beginning at 5 and continuing throughout the evening. Sandwiches, chips, dips, relishes, tea and coffee were available for the guests to enjoy.

At 9 p.m. Wayne Melton and his band from Munday struck up the music and the dance began. And at about 9:15 the 1989 Homecoming Queen was crowned. Jonnie Jackson Williams relinquished her crown to Gertrude Sams Jones, a 1938 BHS graduate. Jonnie also presented Gertrude a beautiful mum corsage. Crown bearer was Ashley Cartwright, daughter of Tracy and Susan Cartwright and granddaughter of Dub and Jo Cartwright,

all four of whom are BHS graduates. Hunter Meinzer was corsage bearer. Hunter's parents are Wyman and Sara Meinzer and his grandparents are Earlene Meinzer and the late Pate Meinzer. Dancing and visiting went on until 1 a.m., and folks departed for their homes and other places of lodging and caught some sleep before starting a busy day on Saturday.

Most of Saturday morning was spent just milling around town and visiting. The main spot of interest was the rodeo arena where all rodeo events were taking place. The 1988-89 seniors were selling hamburgers and although I didn't get one, I'm told they were very good. (Belle Grill is the class sponsor and was helping to keep things going.) Also for those who preferred just a plain sandwich and lemonade, those were available back at the Memorial Building from the Little Ole Hens H.D. Club.

At 3 p.m. a parade marched down through town. Hot as it was, there were several floats, four wheelers, bikes, motorized vehicles and horseshoes. The entries were judged and at the business meeting following the

Sisters Attend Anniversary Party

Mrs. Irene Carmichael of Antioch, California, and Mrs. Lala Morgan of Munday visited their sister and her husband, Mr. and Mrs. Melvin Wainwright, in Dallas last week.

During the weekend they stayed in the home of Mrs. Morgan's daughter and family, Mr. and Mrs. Roger Johnson of Alvarado, who were celebrating their silver wedding anniversary. Other relatives visiting the Johnsons on their special day were his parents and brother, Mr. and Mrs. Vernon Johnson of Abilene and Mr. and Mrs. Mark Johnson of Grand Prairie, and her brothers and sister, Mr. and Mrs. Norris Morgan, Kenneth and Kym, of Fort Worth, Mr. and Mrs. Dennis Morgan of Manor, Mr. and Mrs. Bill Biggs and Scott of Austin and Mr. and Mrs. Melton Morgan, Christy, Amy and Sheila, and Mr. and Mrs. Marty Alexander and Sheena of Munday. The Wainwrights also visited in the Johnson home, as did Mr. and Mrs. James Gibson of Fort Worth and Mr. and Mrs. Chris Boggs and sons of Austin and many other friends.

Everyone had a wonderful time visiting, taking pictures and helping the honorees open their gifts. Mrs. Morgan and Mrs. Carmichael returned to Munday on the afternoon of June 20.

Social Security Extends A Longer Reentitlement Period

A recent change in the law has extended the period during which benefits may be automatically reinstated for Social Security disability beneficiaries who return to work but are unable to keep working because of their disability, according to Frances Braden, Social Security representative in Vernon. The reentitlement period increased from 15 to 36 months as of January 1, 1988.

"This should be a tremendous help to disabled beneficiaries who want to attempt work but are fearful of losing their benefits if their impairment forces them to stop working," Braden said. "Under this rule, they will be able to receive a benefit check for any month during the reentitlement period that they are unable to perform substantial gainful work."

Social Security disability benefits are paid to people who have a physical or mental disability which is expected to keep them from engaging in any substantial gainful activity for at least a year or to result in death. Benefits start with the sixth full month after the onset of disability.

To help disabled Social Security beneficiaries who wish to return to work, the law provides a trial work period of up to nine months (not necessarily consecutive) during which they continue to receive disability benefits regardless of the amount of their earnings. Social Security may find that a beneficiary is no longer disabled in the first month they engage in substantial gainful activity after the trial work period. If so, the beneficiary receives benefits for that month and the following two months.

"A person who must stop working during the automatic reentitlement period because of disability may resume receiving benefits without filing a new application. All the person has to do is let us know and benefits can start right up again," Braden said. "Also, as under the old law, Medi-

Savings Bonds Sales Increase In Texas

Sales of United States savings bonds in Texas amounted to \$28,200,757 during March, 1988, for a six-month total of \$152,635,454, according to T.J. Morrow, district director for the U.S. Savings Bonds Division in Texas. These sales represent 43.6% of the state's fiscal year 1988 assigned dollar goal of \$350 million.

Sales of Series EE Bonds amounted to \$16,512 during the October 1987-March 1988 period in Knox County, M.L. Wiggins, volunteer county chairman, said.

Nationally, total sales for the first half of fiscal 1988 amounted to \$3,669 million. The amount outstanding in U.S. savings bonds as of March 31, 1988 reached \$104 billion -- increasing by \$5,491 million since October 1, 1987, the start of the fiscal year.

All Series EE Bonds purchased on or after Nov. 1, 1982 and held at least five years will earn 85% of the average market yield on Treasury marketable securities. The average yield for bonds held since the beginning of the market-based interest rate on Nov. 1, 1982 is 8.50%; the six-month rate for the period May 1-October 30, 1988 is 6.90%. Outstanding Series E/EE Bonds and savings notes held for at least five years after Nov. 1, 1982 are also eligible for this market-based yield. Bonds held less than five years earn interest on a fixed, graduated scale.

Since May 1, 1988 United States savings bonds may now be ordered by telephone, using a VISA or Master Card credit card. Current interest rates and other information may be obtained by calling toll free 1-800-US BONDS.

It's A Girl!

Brooke Anne Brown, age 4, wishes to announce she has earned the title of "big sister" at the birth of Bracie Michelle on Friday, June 17, 1988. Bracie weighed 7 lbs. 4 1/2 ozs., and measured 20 1/2 inches long.

Proud parents are Danny and Sherri Brown of Childress.

Paternal grandparents are Gene and Dorothy Brown of Munday, who were in Childress to welcome their new granddaughter. Maternal grandparents are Ida Wester and Cleatus and Virginia Wester, all of Guymon, Oklahoma.

The girls also have a great-grandmother, Stella Wester of Eric, Oklahoma, and a great-grandfather, Oscar Lundegreen of Amarillo.

BRAD JOHNSON, 3, may be the top junior home gardener in the county, but he had a hard time holding on to his award plaques at the vegetable festival Saturday. Brad had the champion junior entry, and reserve champion entry was grown by Todd Faulk, who was not present for the picture. At left is David Bordovsky, winner of the best overall home gardener plaque and the reserve champion vegetable entry, and Lloyd Welch won the champion entry plaque with his black-eyed peas.

STEER VALIDATION DATE SET

The Knox County steer validation will be held on Friday, June 24, beginning at 9 a.m. at the Jack Whitten residence on the R&W Cattle Co. Ranch (Beaver's Ranch).

All 4-H'ers and FFA members who plan to exhibit steers in any major show in 1989 must have animals present at the validation.

Steers will be photographed, nose printed and tagged so permanent identification can be made. In addition, a hoof trimmer will be available to correct hooves on show calves.

All services will be done for a nominal fee.

ONION AND POTATO STORAGE

As harvest of onions and potatoes in home gardens and commercial fields is being completed, there are a few things you can do to keep vegetables longer.

The first thing to do is remove all loose dirt with a brush but avoid damage to onions. The bacteria found in soil can cause deterioration

of the onions. Cut roots off the onions to be sure onions are free of soil.

Onions will store for 2-3 months if kept in the crisper of the refrigerator. Other onions should be stored in a dry cool place with low humidity. Temperatures should remain about 80-90 degrees. My wife, Amy, offered a good tip to me a few years back which was used by her family. Amy suggested using old pantyhose to store onions. The hose will hold many onions and can be tied in the limbs of trees, garages or other storage areas. If onions are small, knots should be tied between onions to avoid contact with other onions.

To store potatoes, it is best to keep in total darkness; a cellar or storage shed will be best. Allow potatoes to be accessible to air so deterioration will not occur. Potatoes should be stored at 85 degrees.

If potatoes are constantly exposed to light, the vegetable will turn green and won't be digestible to humans.

Shawn Cude, Miss Smith Are Wed In Lubbock Ceremony

Miss Keila Suzanne Smith and Shawn Garland Cude were united in marriage at three o'clock in the afternoon on Saturday, June 18, in Highland Baptist Church in Lubbock. Rev. Kenneth Stanton, associate pastor of the church, officiated.

The bride is the daughter of Mr. and Mrs. Dewey Smith of Lubbock. Parents of the groom are Mr. and Mrs. Bobby Cude of Goree.

Queda Crutchfield provided wedding music at the piano and Mandy Eldred of Plainview registered guests. The couple pledged their vows amid a setting of baskets holding arrangements of peach and cream silk flowers. A matching arrangement stood on the piano, and the staircase was outlined with ivy and peach bows. The unity candle stand was decked with greenery, and peach bows accented with baby's breath marked the pews.

Given in marriage by her father, the bride wore an Alfred Angelo design of satin and Venise lace. The princess bodice was fashioned with short puffed sleeves and a scalloped V neckline and was dotted with three-dimensional lace medallions, cameo and satin flowers. The sleeves and basque waistline were accented with satin cording. The gathered A-line skirt was hemmed with lace and extended into a chapel train. Her two-tiered pencil-edged illusion veil featured a pearl-dotted ruffle pouf and was attached to a small-brimmed hat of satin and peau d'ange lace enhanced with pearls and flowers. The bride's bouquet was a cascade of peach and white flowers.

Jan Zeissel of Munday was matron of honor. Her tea length gown was of peach satin with a pale peach lace overlay featuring short lace sleeves. The square lace-edged neckline dropped to a V in back and the natural waistline was tied with a sash of peach satin. She carried long-stemmed peach and cream silk flowers tied with peach ribbons.

MRS. SHAWN CUDE
the former Keila Smith

Bridesmaids, all dressed identically to the matron of honor, were Rhonda Gale Smith of Lubbock, Angela Herricks of Haskell, cousin

of the groom, and Shelly Clausen of Lubbock.

Barry Ratliff of Munday served as best man, and groomsmen were Brand Cude of Lubbock, the groom's brother, and Todd Meers and Jeremy Hutchinson of Munday, both cousins of the groom. Ushering guests were John Moore of

Plainview, Kent Pope and Shane Craven of Lubbock and Todd Herricks of Haskell.

The groom chose a grey tuxedo with tails complemented with a white shirt and peach accessories. His attendants also wore grey tuxes with white shirts and peach cummerbunds and ties, and their boutonnières were peach silk blossoms.

The bride's parents hosted the reception at the church following the ceremony. An arrangement of peach and cream silk flowers in a crystal bowl decorated the bride's table, which was covered with a white cloth. The three-tiered cake was iced in white with peach flower accents and topped with a crystal heart-shaped ornament of wedding bells and doves. Serving cake and punch were Jana Vaughn, Vicki Kupko and Christie Nelson.

A large brass coffee urn dominated the groom's table. The centerpiece was a boot worn by the groom as a boy which had been bronzed. It was filled with peach, cream and blue flowers, and a coiled rope at the side complemented the setting. German chocolate cake surrounded with greenery was served by Kimi Moon and Holly Hutchinson of Munday, both cousins of the groom.

The groom's family entertained the wedding party and out-of-town guests at the rehearsal dinner held at the County Line Restaurant in Lubbock the evening before the wedding.

The bride is a graduate of Lubbock Coronado High School and plans to attend Texas Tech University. The groom graduated from Munday High School in 1986 and is a junior agriculture economics major at Tech. He is employed by Great Plains Chemicals.

After a wedding trip to Mazatlan, Mexico, the couple will make their home in Lubbock.

To conduct Social Security business by telephone, call the Vernon office at 817-552-9346 from 9 a.m. to 4:45 p.m. Monday through Friday.

STRESS AND ITS EFFECTS

Stress is a common event of everyday life and is related to the pressures everyone faces from day to day. No one is free from stress.

Babies as young as eight months of age can detect stress in their mothers and show signs of depres-

sion as a result. Only in death does one have freedom from complete stress.

Excessive stress stems from meeting the demands of family, maintaining a household or work. Sudden expenses, unemployment, sickness and death can also produce unexpected pressures.

However, some pressure serves as motivation to get things done. Stress is like medication: the right dose is good for you, but too much can be a poison.

Like poison, stress also affects the health. The body may signal the mind that stress levels are too high. The signals should be listened to before serious conditions such as emphysema, ulcers, colitis or a heart attack develop.

Some of these health signals include:

- * quickened heart beat
- * increase in hormones produced by the adrenal glands
- * increased circulation
- * increased lung activity
- * high blood pressure
- * full energy as a result of glucose in the muscles and brain
- * improved muscle function
- * acceleration in blood clotting mechanisms
- * improved hearing and eyesight
- * cold hands and feet
- * suspension of digestive processes resulting in indigestion.

Everyone reacts to stress differently, so there are different ways of managing stress. Breathing deeply to improve oxygen intake, exercising, or taking an imaginary 10 minute mind vacation to a peaceful place are all helpful methods of relieving stress. Talking to someone about the problem can also help.

Abuse of alcohol or drugs can worsen stress. In the long run, you have to get over both the stress and the side effects.

Since stress cannot be avoided, there are things a person can do to minimize the effects of it. Eating right, getting enough sleep, allowing time for relaxation and organizing personal life, home, or work area can all be helpful.

Cultivation and use of faith and values also provides a source of support.

BREAST CANCER DETECTION UNIT AVAILABLE TO AREA WOMEN

Tuesday, June 28, 1988
Baylor County Extension Bldg.
500 N. Main
Seymour, Texas

A SERVICE OF
Cancer League of Seymour

CALL FOR APPOINTMENT

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

APPOINTMENTS: 817-888-5582, 817-888-3852 or 817-888-3341.

The Mobile Breast Cancer Detection Unit will be in Seymour on Tuesday, June 28.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

1. 35-40 years of age - One baseline mammogram.
11. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.
111. 50 years of age and over - An annual physical examination and annual mammogram.

IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appro-

priate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50. The Unit accepts cash, check, Visa, Mastercard and American Express.

39.40. Other finishers were, in order, Douglas Michalik, Bobby Baker, Danny Sloan, Mindy Myers and Mark Dobson.

A larger group of runners was on hand for the children's one-mile run. Jeffrey Cook came in first with a time of 3:49. Following him across the finish line were, in order, Lorin Clem, winner in the girls' division; Keith Myers, Andrea Haynie, Jason Haynie, Jennifer Baker, Ambra Welch, Chris White, Cody Perry, Whitney Baker, Brian Urbanczyk, Sandy Baker, Larinda Smith, Ross Baker and Jeffrey Urbanczyk.

Winners in the on-site vegetable decorating contest were Andrea Longan, first; Melissa Berryhill, second; and Kandis Longan, third. Other participants were Susan Baker, Michele Berryhill, Jennifer Baker and Teddy Rueffer.

Best home-decorated vegetable honors went to Sandy Baker, first; Whitney Baker, second; and Jared Putnam, third. Also participating in this contest were Brian Urbanczyk, Jeffrey Urbanczyk, Jason Haynie and Andrea Haynie.

Taking part in infant and toddler contests and receiving ribbons for their efforts were Michael Wilde and Kristin Annett, diaper derby for crawlers; Andrea Cypert, Lindsey Wilde, Kari Sue Kuehler and Jocelyn Decker, walkers; and Tiffanie Myers, Kylie Myers, Kaci Urbanczyk and Krystal Urbanczyk, obstacle course.

David Bordovsky, research scientist in charge at the Texas A&M Vegetable Research Station in Munday, won best overall home gardener honors for the second year. Some 107 entries were judged in the vegetable show. Beautiful pods of black-eyed peas grown by Lloyd Welch were named the champion senior entry, and Bordovsky's fat carrots were the reserve champion entry.

Brad Johnson, three-year-old son of Mr. and Mrs. Dwayne Johnson, who live near Bordovsky between Munday and Knox City, won the best overall junior gardener plaque. His pepper entry was named champion in the junior division, and Todd Faulk's okra was the reserve champion junior vegetable.

Commercial championship went to TXS Vegetable Producers, Larry Smith and Joe Tidwell, with their red potatoes. Onions grown by members of the Knox County Vegetable Co-op won the reserve champion ribbon. Other results of the vegetable show can be found at the end of this article.

Of the 82 entries in the baked and preserved foods show, Jacquita Welch and Tommie Crawford, both of Munday, garnered the highest number of points to take sweepstakes awards in the different sections of the show. Mrs. Welch won the baked foods category and Mrs. Crawford shone in preserved foods. Senior youth winner in baked foods was Michele Berryhill, and Cody Perry took the junior youth prize. Senior youth winner in preserved foods was Kathy Welch, and Heather King was tops among junior youths. All the young people are from Munday.

Some 100 entries were judged in the flower show. Top honors went to Jessie Roberts, Best of Show in arrangements and the flower show award; Kathryn Moorhouse, Award of Merit in horticulture; Flora Lee Floyd, Sweepstakes in horticulture, Best of Show in horticulture and the Award of Distinction; Sara Offutt, Sweepstakes in the artistic division; Merle Anderson, Award of Merit;

and Paul Richwine, education award and award of appreciation.

But judged shows were not the only part of Saturday's festival. Arts and crafts booths ringed the square in downtown Munday, and owners of the items said they did a booming business. Most popular among the craft ideas were pieces of country decor in wood and fabric, but clothing, toys, jewelry and knick-knacks sold well, also. It's been guessed that a number of fathers unwrapped presents Sunday which had been purchased at the vegetable festival the day before.

Clara Brown, who directed activities of the Knox County Historical Commission, said her cake walk and bingo booths brought in over \$700, and she was very pleased with the day's effort. Bakers from throughout the county contributed cakes for the project, and bingo prizes were also donated.

In the area between Munday Auto Supply and the Fair Store, commercial exhibits took a back seat to the entertainment, with recording artist Gary Hale of Goree taking top billing. Hale drew quite a crowd of listeners, both near him and across the street on the square, during his part of the program. His daughter, Donna, also performed, as did other local acts.

Children (and some not so young!) ran around the square with clown-painted faces, ate burgers and fajitas, drank cokes and added cotton candy and snowcones to their totally nutritious diet for the day. Watermelon was also in big demand, as Donald and Kay Dean Johnson sold seedless Sunmelons grown in New Mexico. This booth, which also featured TXS potatoes and onions, operated on behalf of the Noah Project, a shelter and counseling service for battered wives and families. The Noah operation for this part of the country received proceeds from sales made during the festival, which amounted to approximately \$1,300.

Sitting under what natural shade there was on the square was County Republican chairman Bill Baker of Knox City, whose festival guests included Bobby Albert of Wichita Falls and Rod Waller of Sweetwater, both of whom will likely be on the Republican ballot in the November general election. They spoke with area news media representatives during the day.

Decorated vegetables took up a few tables on the west side of City Hall, and the dunking booth next to that had to be the coolest spot under the sun. It was one of the most popular, too, as hordes of young pitchers-to-be tried out their throwing skills as whoever sat poised above the water-filled tank alternately taunted the less accurate aimers and squeezed their eyes shut in anticipation of a cold dunk.

Then that night, those same persons who were so hot and tired during the day from either coordinating, assisting with, browsing through or taking part in all the festival activities shed their fatigue to dance the night away to the country and "good old days" rock sounds of T-Bone Road. In all, it was another hot but successful festival with many out-of-town visitors and shoppers, and Kay Looney and her crew of committee chairmen and helpers deserve a collective pat on the back for the months of planning and work that went into making the festival a fun day for everyone.

Complete results of the judged shows follow.

★ VERA HAPPENINGS ★

By Mrs. Thelma Coulston

Bob McGaughey was in Abilene recently to attend the 59th reunion of his senior class at Abilene High School. Bob then went from Abilene to Lubbock where he attended a reception honoring his wife, Janie, who is retiring from the nursing profession after 40 years in the Lubbock area.

The girls of the third and fourth grade Sunday school class of the First Baptist Church in Seymour were recent visitors in the Vera Baptist Church and performed sign language to the song "He Grew the Tree." They were accompanied by their teacher, Mrs. Dara Trainham, who also sang. Those present were Kelly McCord, Marci McCord, Kim Willings, Stacy McMorris and Crystal Cooksey.

Eric Trainham of Texarkana and Mr. and Mrs. Murl Trainham and children, Neil, Murl Jr. and Brandy, of Azle are spending a few days in the home of Eric and Murl's parents, Mr. and Mrs. J.L. Trainham.

Bill Beck and children, Nancy, Brian and Cathy, of Lamesa spent Father's Day weekend with his parents, Mr. and Mrs. Ernest Beck Jr.

Jonathan Coulston of Sanger is spending a few days with his grandparents, the Carl Coulstons and the Ferman Dowds, while his parents tour points of interest along the west coast. Bret Crooks of Seymour visited Jon Thursday and Friday afternoon.

George and Bertha Faye McKinney were patients in the Seymour hospital where both underwent surgery Wednesday morning. They are now home and recuperating nicely. Visiting in their home were a daughter, Mrs. Lynda Herrington of Abilene, and Mrs. Willie Jennings of Rule.

Mrs. Keith Beck accompanied her parents, Mr. and Mrs. Billy Daniels of Crowell, to Wichita Falls Sunday. An aunt, Joyce Gill, 54, of Wichita Falls had passed away.

Plans are being made for a community picnic to be held at the community center, Saturday evening, July 2, beginning at 7 p.m. A fireworks display and music are being planned. The entertainment committee is in need of more recipes for the cookbook to be published before the next homecoming. We

are asking you again to look through some of your favorite recipes and mail them to the committee. Just address them to the Vera Community Center, Vera, Texas 76383. Also, they are asking anyone who has a quilt top that they would donate to the ladies and they will furnish the material and quilt it at their quilting-bee.

Mr. and Mrs. Dickie Patterson, Heather and Ryan and Rusty Rogers of Plano, Dale and Linda Ward and son, Cody, of Arlington, Allen Dement of Wylie and Mr. and Mrs. Bill Miller, Gidget and Heidi, and Lance Patterson of Seymour were visitors in the home of Mrs. Loran Patterson during the weekend. Sunday morning they attended worship services at Benjamin homecoming in the assembly room of the Knox County courthouse, where Dickie was guest speaker. The Wards, Allen and Rusty are members of the Friends-For-Life Church in Plano, where Dickie is pastor. Dickie, Dale, Rusty and Christy Miller also ministered in music at the homecoming services.

Mr. and Mrs. Tom Crawford of Lubbock were Sunday visitors in the home of her grandparents, Mr. and Mrs. Bill Townsend.

Mr. and Mrs. Clyde Beck visited her brother, Mr. and Mrs. Jerry Russell, in Tulsa, Okla. last week, and met for the first time Jerry and Pat's new granddaughters, Morgan and Megan, twin daughters of Garrett and Tammie Russell of Tulsa. The Becks also visited their son, Mr. and Mrs. Russell Beck and family in Wichita, Kansas, and were accompanied home by Charity and Daniel for a two week visit. Enroute home they stopped for a visit with their daughter, Mr. and Mrs. Edward Marek and children in Wichita Falls.

 THE ARMY MADE EUGENE A MAN, BUT DAISY GAVE HIM BASIC TRAINING!

WET AND WILD after their win in Thursday night's Anything Goes competition was the Six-Pack team of Stan Decker, Norma Frazier, Terry Hendrix, Mary Ann Melton, Perry Kuehler and Jan Zeissel, shown from left. The contestants ended up soaked after the last event, a water slide race to catch water balloons.

TOP FIVE FINISHERS in the one-mile run held for children age 12 and under at the Knox County Vegetable Festival were, from left, Lorin Clem, Andrea Haynie, Jeffrey Cook, who won the race, Keith Myers and Jason Haynie. Andrea and Jason were in Munday to visit their grandparents, the Gene Haynies and Robert Hertels.

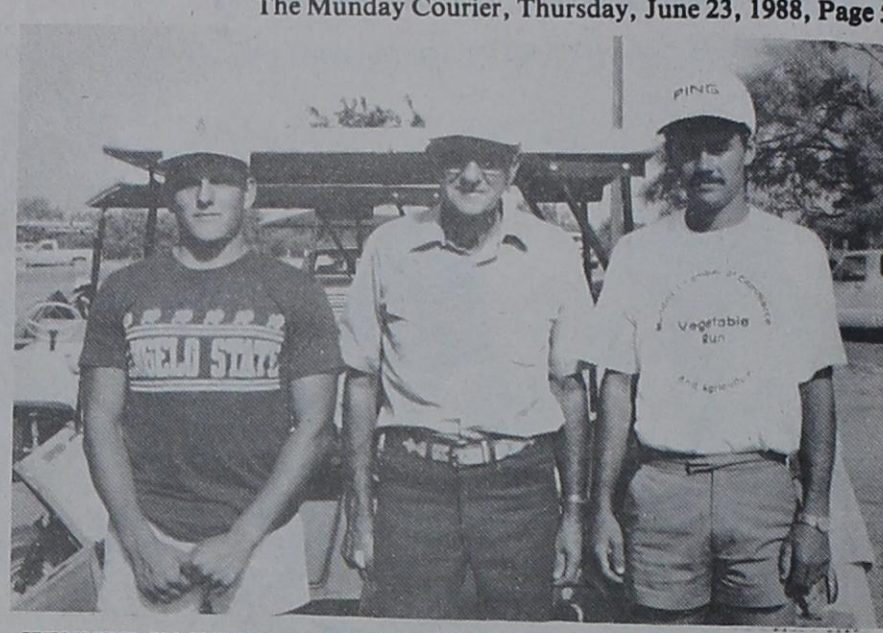

THANK YOU

We express our sincere gratitude to the ladies who prepared the family meal at the First Baptist Church after our Mother's funeral Wednesday, June 15.

Mother loved so many of you dear people in Munday.

WINNER IN THE Lake Creek Golf Club scramble Sunday were, from left, Neil Waggoner, W.O. 'Bully' Ratliff and Mark Brown. Waggoner and Brown are taking advantage of their summer vacation from Angelo State University to play a few rounds of golf.

Lake Creek Golf Scramble Results

W.O. Ratliff, Neil Waggoner and Mark Brown followed a 34 on the first nine holes of play with a four-under-par 31 on the back nine for a combined five-under 65 score and the purse at the Lake Creek Golf Club scramble Sunday. Coming in second with a 66 were Jack Nuckols, Jerry Jetton, Ed Jetton and Oscar Cypert.

Tying with a score of 68 were teams of Jerry King, Marion Waggoner and Louis Wise; Don Coffman, Alvin Michalik and Chris Moore; and Felton Jackson, Johnny Earp and Stacia Cook. Ronnie Baker, Kin Baker and Barbara Ratliff finished with a one-under-par 69.

NEW!

GOURMET COFFEE WITHOUT THE "GOURMET PRICE."

Introducing New Maryland Club® Hand Picked 100% Colombian Coffee.

Now you can enjoy the better coffee flavor of a real gourmet coffee, without paying high gourmet prices. Because new Maryland Club Hand Picked 100% Colombian Coffee costs less than a penny a cup more than ordinary coffee!

This distinctive coffee comes from the high slopes of the Colombian Andes mountains, the home of some of the world's richest coffees. We carefully select only hand picked Colombian Arabica beans. We hand sort them twice to find those good enough for Maryland Club 100% Colombian Coffee. We then specially roast and grind these beans for paper filter coffee makers, and vacuum pack them in cans for guaranteed freshness.

Once you try new Maryland Club Hand Picked 100% Colombian Coffee, you'll never drink ordinary coffee again.

(continued from page 1)

REPEATING HER SWEEPSTAKES win at the preserved food section of the Knox County Vegetable Festival Saturday was Tommie Crawford, who won the same award in 1986. Senior youth winner was Kathy Weloh, center, daughter of Lloyd and Jacquita Welch, and winner of the junior youth award was Heather King, daughter of Donnie and Dena King.

AMONG THE VARIOUS AWARD winners at the flower show held in conjunction with the Knox County Vegetable Festival last weekend were, shown left to right, Sara Offutt, Paul Richwine, Jessie Roberts, Flora Lee Floyd and Merle Anderson. Not pictured is another top award winner, Kathryn Moorhouse. The show was sponsored by the Munday Garden Club.

WINNERS IN THE baked food division of the Knox County Vegetable Festival were Jacquita Welch, adult category; Michele Berryhill, daughter of Buford and Cheryl Berryhill, senior youth; and Cody Perry, son of Joe and Judy Lowe, junior youth.

parade, Pam Duke presented ribbons and trophies to the winners. In the bike and motorized vehicle division, Jo Cartwright and grandchildren, Ashley and Matthew Cartwright took first place. Second place went to Stephanie and Casey Conner. Stephanie had her riding lawn mower decorated and a trailer behind it with Casey taking a ride! Third place went to Jim Bob Conner riding a bicycle pulling a homemade cart.

In the horseback riding division, Herbert Bellinghousen riding with his grandsons, Pate and Hunter Meinzer, won third place. Second went to Sandy Patterson riding side saddle and her brother, Cory, took first with his "Wanted: Dead or Alive" rig.

As I mentioned, a business meeting followed the parade and president Sammy Pierce presided and superintendent of schools Ben Grill was master of ceremonies.

Lamoyné Patterson gave the nominating committee's recommendations for officers for the coming two years. They were the same as the past year with the exception of the secretary-treasurer Jonnie Williams, who has served in that capacity for many years and elected not to be re-nominated. Kathy Roberson Waldron was nominated to fill her position. With no nominations from the floor, the nominees and the same board of directors were elected. Ben Grill gave a brief update on the school and school activities and invited the guests to come by for a look at the building.

An evening meal Saturday and noon meal Sunday catered by Fraziers of Aspermont were available at the Memorial Building. A dance and more visiting were Saturday night with music by "Sage."

Sunday morning, community worship services were held in the district courtroom. Dickie Patterson of Plano, son of Violet Patterson and the late Loran Patterson of Vera, and friends brought an inspirational service in message and song. His sister, Christy Miller, also took part in the service.

Following the noon meal, friends and relatives began saying their good-byes, already looking forward to the next homecoming.

It was sad for some of us as we have lost loved ones since the last homecoming. Also several friends, still experiencing illness in their family found their main interests elsewhere but did manage to do a little visiting.

All in all, it was nice and I hope Benjamin Ex-Students who were not able to get "home" this weekend can get a general idea of what you missed by reading this column.

Bertha Driver and granddaughters, Elisha Speck of Knox City and Joy Speck of Aledo, vacationed in Albuquerque, N.M. with the Mike Drivers and with Joe and Carol Jediscak in Red Valley, Arizona, and in Mesa Verde, Colo., Four Corners and other points of interest last week. Blake and Heath Driver returned home with her and their mother, Brenda, came after them on Monday.

Homer and Jan Rolston were in Lubbock during the weekend to be with his mother who underwent major surgery on Friday. They report that she's much improved but her recuperation period will be quite lengthy.

CONCERNING OUR SICK

Sue Moorhouse returned to her home on Saturday after several weeks stay in Baylor Medical Center in Dallas. She is pretty weak after being in bed so long but is feeling pretty well. She will return to Dallas in about a month for another treatment. An R.N. spent the weekend with them helping to get her situated and helping Tom learn how to administer her medication. Sue is at the ranch and I bet the days get long. Send her a cheery note to help break the monotony. Correspondence may be mailed to Sue Moorhouse, Benjamin, Texas 79505.

Grace Snailum's kids were here for Friday night homecoming activities. They say Grace is holding her own; has good days and bad ones.

When she is more improved, she will come to the care home and stay until her recovery is satisfactory enough to come home.

Bill Benson is still awaiting the result of his last test at M.D. Anderson. He will see his doctor tomorrow (Tuesday) again and hopefully will get a good report.

Please continue to pray for our sick friends and their families.

CLASS OF '68 MEETS

The Class of 1968 celebrated their 20th year out of school Saturday. The group met in the home of Jonnie Williams. Refreshments and visiting were enjoyed by Glenda Conner Ainsworth of Columbus, Miss., Gayle Chilcoat Morgan of Munday, Kathy Clower Tomlinson of Valley View, Jimmy Melton of Abilene, Jerry Leaverton of Amarillo and Mary Barker Bohannon and Jan Barton Rolston of Benjamin. Those class members unable to attend were Brenda Conner Johnson of Houston and Brett Bumpas of San Antonio. Brett did call, however, to wish them all a good time.

It's A Boy!

Mr. and Mrs. Jerry Gray of Munday are proud to announce the arrival of their son, Daniel Sean, born Saturday, June 18, 1988 at Haskell Memorial Hospital. He tipped the scales at 8 lbs., 13½ ozs., and measured 20½ inches long.

Waiting at home to help with him were his two sisters, Erica and Jara.

Maternal grandparents are Mr. and Mrs. Carlos Martinez and paternal grandmother is Mrs. Johnnie Gray, all of Munday.

THANK YOU

We wish to thank all Knox County vegetable growers and home gardeners who supported the Knox County Vegetable Show and especially the Paint and Whittle Shop for furnishing the plaques.

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97 percent five year survival rate and a 90 percent 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Appointments may be made by calling 422-4222.

The Mobile Breast Cancer Detection Unit will be in Munday, July 9, 1988.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

- I. 35-40 years of age - One baseline mammogram.
- II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.
- III. 50 years of age and over - An annual physical examination and annual mammogram.
- IV. Asymptomatic women under 50 years of age with

significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination. The charge for the screening mammogram is \$45.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

Early-Day Munday Resident Is Buried

Ruth Giles Kimrey, 83, of San Angelo, a long-ago resident of Munday, died Saturday, June 11, at her home. Services were at 10 a.m. Monday, June 13, at the First Baptist Church in San Angelo with Dr. Jerold McBride and Rev. James Andrews officiating. Burial was in Lawnhaven Memorial Gardens.

Born June 11, 1905, in Durham, North Carolina, she moved with her family to Munday at an early age. She attended schools here and married W.E. Kimrey January 20, 1924, in Munday. He preceded her in death in 1979. She had lived in San Angelo since 1928, was active in the Tom Green County 4-H Club, Lakeview Home Demonstration Club and the Texas A&M Mothers Club and was a member of the First Baptist Church.

Survivors include two sons, W.E. Kimrey Jr. and James G. Kimrey, both of San Angelo; six grandchildren and four great-grandchildren.

THE YARD OF Mrs. Fred Broach at 321 North Third won the Munday Garden Club's Yard of the Week placard this week. Accenting Mrs. Broach's well-kept red brick house are an equally well-maintained green yard and a profusion of hedges and other greenery. But what really stands out this time of the year is the beautiful magnolia tree that towers over the neighborhood.

★ Weinert News ★

By Mrs. Myrtle Plemister

Weinert is still very dry, hot, dusty and windy. We are happy some of our neighbors received rain, but we measured only one tenth of an inch.

In days gone by, a farmer could take his family a few miles away and "pick cotton" to supplement the farm income during a bad crop year, but those "good ole" days are past.

Nowadays we have a generous Uncle Sam who provides with subsidies, welfare, etc. Does it tend to take away a man's ambition, initiative and pride with the provision? We live in a changed world.

We hope you were especially blessed on Father's Day, 1988. Weinert fathers were honored with gifts, calls, cards, dinners and reunions.

A favorite card at this house depicted a magnificent bull with the caption reading, "For the Head of the Herd," and as my "head" surveyed the 44 descendants in his "herd", he felt mighty special. He is!

The atmosphere has been very edifying around town as all the churches have had special planned programs.

The Four-Square Church had a very special day with several preachers on Sunday; the local pastor, Paul and Sandra Chambers, and guests, Val and Sallie Chavez of the Philippine Islands, Chris and Debbie McDaniels of Longview.

The McDaniels were in charge of the morning service, and featured Debbie as she ministered in song and Chris as he brought the devotional.

At the evening service, Val Chavez, a minister and teacher at a Four Square College in the Philippines, was the featured speaker. He gave a brief history of the islands, related the size of them as being approximately the size of the state of California, if they were combined into one land mass.

There are over 800 Four Square churches on the islands, and several schools, colleges and camps.

The ministers spent last week at Whispering Oaks Four Square family camp in Buffalo Gap, at which several from Weinert were in attendance. The list included Paul and Sandra Chambers, with daughters, Kim, Kristi and Jodi; Clifford and Karen Byrd, with Jenna Leigh and Janet; Rene Vojkufka with grandson Cory Wood; Tinka

Herricks with daughter, Tina, and granddaughter, Tiffany.

Visitors for the special Father's Day services at the Church of Christ included Mr. and Mrs. Roy Lynn Plemister with Stephanie of Odessa; Marcus Plemister of Round Rock; Joshua and Jason Briles of Odessa; Celestynie Griffin of Phoenix, Arizona and Jackie Frantz of Dallas.

The Weinert Baptist Church is involved in a series of revival services, scheduled for each night through Wednesday at 8 p.m.

Evangelist Paul Burleson of Broken Arrow, Arkansas, is bringing the messages, with Doug Bromley of Kennewick, Washington, now a student at Hardin-Simmons, in charge of the music and singing. Paul will be a guest in the home of Betty and R.S. Sanders while here. Mr. and Mrs. Doug Bromley will be staying in the home of Donnie and Debbie Crump.

The First United Methodist Church had the regular minister, James Patterson of Knox City, as their speaker for Father's Day, 1988.

Because he serves two churches, the Weinert Church always has its services early in the day on Sunday, and visitors are welcomed any time.

Those who need our prayers this week include Bunt Herricks, who is hospitalized in Stamford and requires constant care.

Garth Garrett, brother of Ida Farrel and Lenora Griffis, is in an Abilene hospital, and they request our prayers on his behalf.

Erma Liles was bubbling with delight this week as she related about a visit from some cousins she had never met. Len and Nancy Cornett of Murchison, who knew they had Monke relatives, finally, through their delving into genealogy, discovered Erma and called her.

They drove out and met their first "Monke". They spent the weekend poring over family pictures and family trees and exchanging memorabilia.

Len is a grandson of Erma's "Aunt Kate", her father's sister. I know he and Nancy returned to their job with the telephone company in Murchison feeling it was time well spent to find a cousin as pleasant and lovely as Erma.

Erma's week was made more happy with a visit from her cousin on her mother's side of the family. Jim and Lorene Schwede of Anderson, came for the Toliver reunion and spent some time with her. She attended the reunion with them and later they visited all the country cemeteries in the area. Erma had a memorable week.

Jimmy and Gayle White had a memorable week also, as they traveled to Des Moines, Iowa to the Worlds Hog Show and saw the world champion hog sell to Korea for \$10,000. The champion was a red Duroc. There were 55,000 people fed at the dinner that had guests from all over the world. Wouldn't you know the menu featured pork, and not Texas beef?

The Whites were accompanied on the trip by Jimmy and Sue Hackney of Ft. Worth. Both families raise hogs for the market and purchase their breeding stock in Iowa.

Carl and Evelyn Ellington of Muleshoe spent last week in the home of her mother, Bertie Alexander.

Todd and Tolanda Hackney have returned to their home after a few days with their grandparents, the D.I. Whites, in Weinert. Todd was

D.I.'s chauffeur for a time, as he recuperated from the surgery on his hand.

It was not a barn-raising at the Mahan residence this week, but very similar, as Francis' "menfolk" gathered to remove the old shingles and install new ones on her home. She is ready now for that long awaited rain. Three generations of boys came to help with the task, with only three women to cook, serve and clean up after the nine males.

Those helping were her sons and wives, Jim and Joy Allen, Bill and Pat Allen and Celestynie Griffin of Phoenix, Ariz.; Pete Jordan of Hamilton; Bruce, Chad and Junior La Roque, Jim Hill and Brian Holloway of Odessa and Tim Marshall of Weatherford, Oklahoma.

REUNIONS Maples-Frazier

Sixty-five descendants of Enoch Maples-Captola Frazier Henderson gathered at Bass Hollow at Possum Kingdom Lake for their annual reunion, with Lavonna and Captola of Odessa, daughters of Ben Ed Maples, in charge of affairs.

Francis Maples Mahon of Weinert was the oldest of her generation in attendance, and her children, Bill and Jim Allen, with their families of Phoenix, Arizona, came the longest distance to attend.

The Sunday family devotional was led by Pete Jordan of Hamilton directing the singing and Tim Marshall of Oklahoma bringing the message.

Margie Jordan was selected by the group to plan next year's reunion.

A highlight of the gathering was the showing and telling of the Maples family Crest, and the presentation of quilt blocks of the insignia made and presented to each one by Francis Mahan.

FOREHAND

The reunion grounds at Fort Belknap echoed with laughter and good will on June 19, as 46 descendants of Sylvester and Emily Forehand gathered for their annual family reunion.

Only three of the original family members survive and they are Hobert (C.D.) of Arlington, Lois of Ladonia, and Burgess (C.B.) of Haskell. Lois was unable to attend.

Burgess received a plaque for being the eldest family member in attendance, and his great grandson, Paden Stewart, received one for being the youngest one there.

Those in attendance from Weinert were Chet and Jeanie Forehand, with sons Shannon and Ken-

ny, and daughter, Kim Stewart with Paden.

CARROLL REUNION

The descendants of Mr. and Mrs. Woody Carroll gathered at the Civic Center in Haskell on June 18 and 19 for their annual get together with 29 family members in attendance.

The family originally resided in Weinert, but now are scattered over 3 states and many cities.

Dale and Doris Carroll with Denise of Weinert, acted as hosts for the gathering and registered guests. Those in attendance were Pete and Johnnie Carroll, Haskell; James and Mary Carroll, Houston; Doris and Layne Wells, Trent; Steve and Debbie Carroll and Amy, Clyde; Jeffery and Belinda Wells, Brian and Lindsay, of Trent; Robert and Jeanette Rogers, Oklahoma City; Bobby and Carol Danner, Shawnee, Okla.; David Busby, Clarksville; Darlene and Kerry Therwhanger, Megargel.

Friends who came were Elmus and Bea Miller, Haskell; Jason and Joshua Briles, Odessa; and Gary Gregory, Trent.

R.W. RAYNES REUNION

Bob Raynes was honored on Father's Day by a celebration of his 75th birthday as the family gathered at the Stamford lake cabin of his son, Bobby and Betty Raynes, who hosted the party on June 18 and 19.

Bobby broiled steaks for Saturday, and Frankie Jenkins fried fish for Sunday, and 40 of the Bob and Crystella Raynes' descendants enjoyed it all.

Bill Jetton and Betty Raynes were

in charge of the devotional services for the affair, and everyone helped with the entertainment of water sports and cabin games.

Only four of the family were unable to attend, but all the Raynes children were in attendance.

All roads will lead to the Kiva Inn in Abilene June 25 and 26 as the family of Jim and Ophelia Alexander gather for their annual family reunion.

Our birthday balloons will go this week to Shelia Castorena, Kelly Earp, Brenda Sanders, Jerry Hester and to Donald Mahan, way out in Phoenix, Arizona. Happy Birthday, all.

Have a Nice Day!

The Lord's Corner by Dr. Pete Bradfield, pastor First Baptist Church

Don't stay away from church... Because you are poor - there is no admission charge. Because it's raining - you go to work in the rain.

Because it's hot - so is the golf course. Because we have an emotional religion - how about ball games?

Because no one invited you - people go to the movies without being asked.

Because your job makes you tired - you may lose your job.

Because your clothes are not expensive - our church is not a fashion show.

Because our church standard is too high - take a look at the Bible standard.

Because you have plenty of time to get right with God - are you sure?

See you next week, and remember: going to church doesn't make you a Christian any more than going to a garage makes you an automobile.

Arthritis Detection Can Prevent Damage

There is no cure for arthritis, but early detection and treatment can help prevent permanent or further damage to arthritic joints, says the Texas Medical Association.

As many as 36 million people in the United States suffer the stiffness and pain of more than 100 different forms of arthritis. The two most common types are rheumatoid arthritis and osteoarthritis.

Osteoarthritis, sometimes called degenerative joint disease, occurs in most people as they age. The often-used joints such as the knee, hip, and spine are affected.

Pain in the joint begins as mild discomfort then progresses to severe pain. The pain and swelling develops because bone ends become rough and begin to wear.

Another type of arthritis, rheumatoid arthritis, is a long-lasting disease in which chemicals in the joint damage the surface. Rheumatoid arthritis develops in joints throughout the body. It usually occurs in people between the ages of 20 and 30, but can occur in anyone. Symptoms include weakness, fever and appetite and weight loss.

If you have any signs of developing arthritis, TMA advises you to contact your physician for proper diagnosis and treatment.

Your doctor may perform a physical examination and take x-rays among other tests to diagnose arthritis. Blood tests and other laboratory tests help determine the type of arthritis the patient may have.

The Texas Medical Association is a professional organization with more than 28,000 physician and medical student members. It is located in Austin and has 116 component county medical societies around the state.

AWARD WINNING BROTHERS: David Lynn and Steven Ray Yeager, sons of Charles and Bonnie Yeager of Collinsville, received several honors during the past school year. David, a sophomore at Collinsville High School, was named most valuable player in the track program after winning the district gold medal in high jump competition and placing fourth in the event at the regional meet. He was also first baseman on the school baseball team and was a member of the Pirate football and basketball teams. David is a member of the Sherman Judo club and participated in the Texas statewide judo tournament, receiving a third place medal in the men's division. Steven, an eighth grader at Collinsville Junior High, won school gold medals in high jump and long jump and placed second in district long jump competition. He also was active in basketball and football and is shortstop on the baseball team. He received a gold medal for first place in his division at the Texas judo tournament. The boys are the grandsons of Troy and Margie Yeager of Seymour and Leonard and Carolyn Welch of Munday and the great-grandsons of Sam and Maurys Stone of Munday.

GOP Candidates Visit Festival

Knox County Republican chairman Bill Baker spent a busy day Saturday at the Knox County Vegetable Festival, introducing GOP candidates Bobby Albert and Rod Waller.

Albert, of Wichita Falls, has announced his candidacy for the 30th Senatorial District seat formerly held by Ray Farabee. Thus far, Albert is unopposed for the August special election to choose a senator for the remainder of the term. If he wins that election, he will face Steve Carriker of Roby in the November general election.

Waller, of Sweetwater, is the GOP candidate for representative in the 78th District, a seat just vacated by Steve Carriker. Knox County Democratic chairman David Counts was recently chosen as the Democratic nominee to face Waller in the November election.

Baker also was promoting Larry Milner, who will face Bill Sarpalius for U.S. congressman in November.

Reduce Summer Utility Costs By Not Over-Cooling House

Temperatures are beginning to rise toward their summer peak, and without some energy-saving steps your utility bills will rise right along with them.

"No matter what kind of system you have, carefully set thermostats can hold down utility bills," according to Dr. Peggy Owens, a housing specialist with the Texas A&M University Agricultural Extension Service.

"Many of us are in the habit of over-cooling our homes. In the winter we set the thermostat at 78 degrees to stay comfortably warm and then in summer put them all the way down to 68 degrees," she said.

"For every degree below 75 degrees that you set your thermostat, your operating cost goes up six to ten percent," said Owens. "So in a 1600 square foot home, setting the thermostat at 76 degrees rather than 72 degrees will save about \$220 during a cooling season."

"When you're going to be gone during the day, turn the thermostat up to 83 degrees. You can save about 25 percent of your energy by cooling the house once you get home, instead of keeping it cool all day," said the specialist.

Owens advised turning the air conditioner off entirely when you will be gone for more than 24 hours. "Thermostat control won't have

much impact on your utility bills unless you also clean or replace the air conditioner filter regularly," Owens said.

"A clogged air filter causing a 10 percent reduction in air flow will increase your operating costs by 11 percent," she said. "The air conditioner has to work harder to reach the thermostat setting, so you're paying for energy that doesn't make the house feel any cooler."

"Also check the ductwork in the attic for air leaks," said the specialist. "Use duct tape to seal any leaking joints so you aren't paying to cool the attic."

Owens said a fireplace can pull cool air out of the house and increase cooling costs by up to 20 percent. A tight-fitting damper will reduce any cool air loss.

Local's Son Earns Diploma From Tech

Among the more than 1,650 students who received degrees during spring commencement ceremonies at Texas Tech University was Mark Claud Farr, son of Weinert Farr of Munday.

Farr earned his bachelor of arts degree in English.
