WTU Offers New Service To Help Boost Economy

Boosting the area economy just got a little easier. West Texas Utilities Company now has available a new economic development service designed to offer significant incentives to new or expanding businesses. The service option was approved September 30 by the Public Utilities Commission of Texas.

"The Economic Development service is a rate that offers a discount on electricity to qualifying businesses such as manufacturing and industrial facilities," said Paul Brower, vice president of marketing and business development for WTU. To qualify a new business would have to locate in WTU's service territory. An existing business would have to, among other things, add more employees and equipment to their operation and be served by WTU.

The amount of the discount a qualifying company could receive depends on the number of new jobs they create. An industry that adds 21 or more employees would enjoy the greatest discount.

The new rates will not mean higher costs for other customers. "Actually other customers will benefit from improved economic opportunities which this service can help produce," Brower said.

The discount for a new or expanding business will gradually be phased out over a four year period, allowing time for the business to establish itself.

The service allows any community industrial development program within the WTU service territory to include the new Economic Development service rate

in their portfolio to attract and encourage new business and promote growth in existing business.

For more information, contact your local WTU office.

We wish Kim the best of luck at Munday High School.

Cubs Beat Moguls At Olney Homecoming

Olney Cub fans were greeted with a Homecoming win Friday night. The Cubs beat the Moguls 19-0 in the final preseason game of the year.

Olney's first score of the game came with 6:30 left in the first quarter after forcing the Moguls to punt. Quarterback Cody Slator connected with Bo Hutchinson on a 69 yard touchdown pass. The extra point failed.

Mogul Aaron Kiser wasn't put down by the Olney touchdown. Kiser took the kick-off 53 yards

down to the Olney 23 yard line. The Moguls were stopped two plays later when Jerry Shore intercepted a pass from Jake Jordan.

The Moguls soon forced Olney to punt. A fumble by Dustin Kiser gave the Cubs the ball back after 2 plays. Kiser made up for it by intercepting a pass by Cody Slator. The Moguls tried to make yardage in the air but had to punt after two incomplete passes.

Olney began their second scoring drive from their own 43 yard line. Two short runs and an 11

yard pass put the Cubs on the Mogul 42 yard line. Unable to gain any yardage on a fullback trap and an incomplete pass, Cody Slator kept the ball on the next two plays. On third and ten he ran a draw play gaining 7 yards. On fourth down Slator ran around the right side for 20 yards putting the Cubs on the Mogul 15 yard line. A 5 yard run and a 1 yard loss put the Cubs on the 11 yard line. Slator connected once again with Bo Hutchinson for an 11 yard touchdown pass with 10:22 left in the second quarter. The Cubs tried for two but were stopped by the Mogul defensive line.

The rest of the second quarter remained scoreless. Munday punted four plays later after the kickoff. The Mogul defense toughened up and forced the Cubs to punt twice before the half. The Cubs intercepted another pass stopping the Moguls on their second possession of the quarter. Neither team could make any

yardage in the third quarter. Each team was forced to punt twice with Munday having a fumble in between punts.

The Moguls punted to the Cubs at the end of the third quarter. Cody Slator received the punt at the Cub 35 yard line and returned it to the Mogul 23 yard line.

Olney couldn't go anywhere on the run so they tried to pass. After one incomplete pass in the endzone, the Cubs tried the same play again. Ronnie Whitfield was ready for it. He intercepted the pass from Slator and downed the ball in the endzone to give the

Focus On Home Fire Prevention During Fire Prevention Week

The Texas Commission on Fire Protection challenges all Texans to ask themselves, "How fire safe is my home?" during Fire Prevention Week October 4-10. By focusing on home fire prevention, the commission is striving to continue a four-year trend of reduced fires in the state.

The Texas Fire Incident Reporting System reported that although the number of outdoor fires went down almost 7,000 in 1991, building fires increased by about 300 and vehicle fires went up about 100. The fire reporting system collected data from 373 fire departments protecting 72 percent of the state's population.

Because home fires continue to account for the largest number of structure fires and fire casualties, State Fire Marshal Ernest A. Emerson encouraged families to focus on home fire safety. All family members can help check for fire hazards, such as unsafe cook-

ing and smoking habits, improper use of heating equipment, and improper storage of flammable liquids.

Every home should have more than one smoke alarm, and it should be tested each month. Fire extinguishers are also very important.

Fire Prevention Week is traditionally observed during the week of October 9, the anniversary of the 1871 "Great Chicago Fire" that killed 250 people and destroyed 17,430 buildings valued at the time at \$168 million. Even the best fire suppression capabilities were unable to contain the fire. As a result, the public and the fire service began thinking in terms of fire prevention.

Additional information on fire safety is available from the Munday Fire Department or the Texas Commission on Fire Protection, Fire Prevention Information, P.O. Box 21286, Austin, TX 78768.

One Hundred Years, What A Legacy!

When several pioneer families settled in Knox County in the territory surrounding what is now the town of Munday, they felt the need of an organized church where they could meet together and worship. A pioneer Baptist Missionary, Rev. D. James, met with these pioneers in 1892 to help organize a church, which they called New Hope Baptist Church.

From the date of organization, the church was affiliated with the Lake Creek Baptist Association, a branch of the Baptist Missionary Association of Texas.

In 1903, Rev. J.H. Nicholson was called as pastor. Succeeding him were twenty other pastors who served through the years. Eight are still living to this day.

In 1905, the name of the church was changed to *First Baptist Church*. The first parsonage was built during this time.

Early in 1907, the first church building was erected. The church was then able to change from half-time preaching to full time, meeting every Sunday each month for worship services. Sunday School and BYPU were organized during this year.

On May 28, 1910, the church building was destroyed by fire caused by lightning. A new building was erected and ready for services by October of that same year.

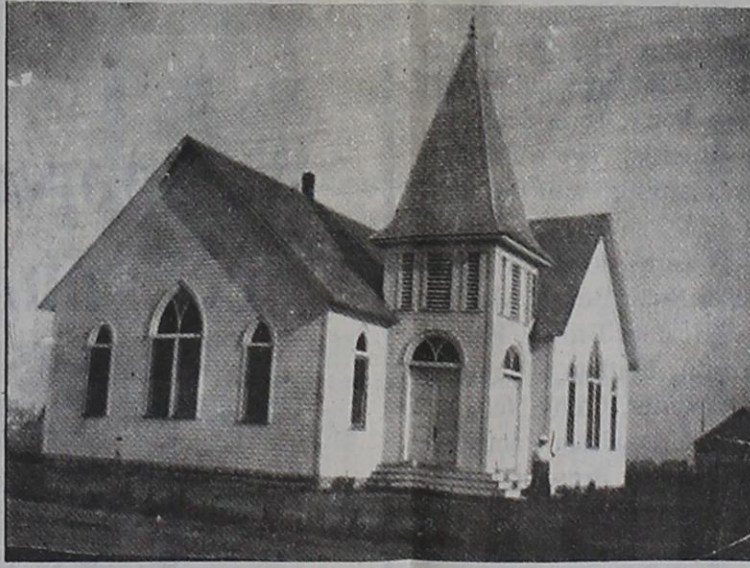

Forty years later, another new

church building was erected, with dedication services conducted April 30, 1950.

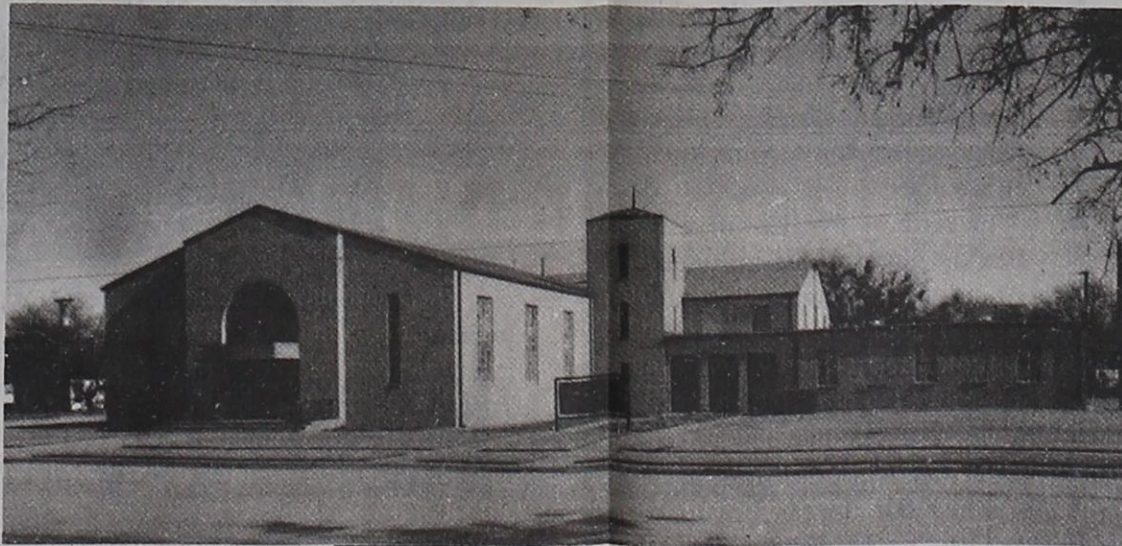

One of the most unique events in the history of the church took place when fourteen people from Takiwada Baptist Church, Tokyo, Japan, came for a Return Partnership Mission July 25-28, 1976. The Japanese worshipped, visited, and stayed in homes of some of the members. They in return received a little concept of the American way of life and a Baptist Church in Texas.

In 1981, a building program was started for the purpose of completely renovating the present building. Every floor, ceiling and wall in the church building was changed. Carpet was laid throughout, with special attention to the auditorium where decorative railing was placed around the balcony, the platform was enlarged, centering the choir loft, and a new baptistry installed. A new sound system and central heating and cooling were also installed.

During the renovation, members opened their homes for church functions, and Sunday School

First Church Building, 1907-1910

classes were held in different homes of the members. The high school building was also used for

worship services. Dedication services for the newly renovated building was held

August 22, 1982.

Following the resignation as pastor of Bro. Jim Way, Dr. Pete Bradfield and his wife, Jea, began their ministry with the First Baptist Church on August 9, 1987.

Bro. Pete turned in his resignation effective August 31, 1992. Dr. George Knight, Professor of New Testament, Hardin Simmons University in Abilene, is serving as interim pastor at this time.

The Historical Committee began meeting early in 1991 to make plans for the Centennial Celebration. Committee members are Norene Hawkins, Olga Jim Reid, Claudia Tidwell, Pat Smith, James Smith and Garon Tidwell.

It was decided to make a Centennial quilt for the celebration. Twenty-one people had a part in putting together this "Masterpiece" depicting the 100 years of history for First Baptist Church in Munday. It shows the names and date of service of their twenty-two pastors, with pictures of 14 of these men, three churches and the three parsonages. It will be on display at the church during the celebration.

After many months collecting

information and pictures, Norene Hawkins, Historical Committee Chairman, put together a book on the last 100 years of the church. It contains approximately 175 pictures of former pastors, church members and groups, dating back to 1904 through 1992. The book has been printed with a hardback cover, and can now be purchased at the church.

Members of the First Baptist Church of Munday cordially invite everyone to their 100 Year Celebration this weekend, October 10 and 11.

The celebration will highlight returning former pastors and staff members of the church. All eight living former pastors will speak at the three services scheduled. Six former music directors will be featured musically.

Saturday will begin with a come and go registration and open house at the church building from 3:00 to 5:45 p.m. This will be a time of fellowship between former and present members, pastors and staff of the church. An evening meal is scheduled for 5:45, with a Praise Service to begin at 7:00 p.m.

Sunday morning worship will begin at 10:30. A catered luncheon will be held at 12:15, with a Testimony and Remembrance Service scheduled for 2:00 p.m.

The church welcomes all current and former members, and guests to this very special event.

Moguls the ball on the 20 yard line.

The Moguls began to drive the ball down to the Cub 38 yard line. The Moguls made it to the 38 on a fourth down fake punt. The Moguls set up to punt the ball but snapped the ball to running back Ray Hernandez. Hernandez took the ball around the left side 22 yards for the first down. The Olney defense stiffened holding the Moguls to 1 yard on three plays. Quarterback Jake Jordan set up to pass the ball on the next play. As Jordan was passing the ball he was hit from behind. The ball wobbled in the air and an Olney defender intercepted the ball.

Olney got the ball on their own 24 yard line. The Cubs soon had to punt. The Cubs punted the ball 43 yards down to the Mogul 32. On the next play quarterback Ronnie Whitfield was sacked for a 12 yard loss putting the Moguls on their own 13 yard line. The Moguls fumbled the ball on the next play and the Cubs recovered it on the Mogul 7 yard line. On the very next play Pat Pina ran the ball in for the final touchdown of the game with 3:42 left in the fourth quarter. Curtis Jordan kicked the field goal to make the score 19-0.

After a penalty and four plays the Cubs ran the clock out to end the game.

GENE BROWN AND SON, DANNY

Gene Brown Retires From Local Highway Department

A retirement party was held August 21, 1992, at the Texas Department of Highways and Public Transportation honoring Gene Brown for his 38 years of dedicated service to the Highway Department. He was presented with a money tree.

Ice cream and cookies were served to the honoree, his family, and fellow employees. Danny

Brown, Gene's son, was able to attend. He is following in his father's footsteps with 10 years service as Area Engineer at the Highway Department in Wellington.

Also on hand to wish him well on his retirement were Area Engineer Gary J. Mizer, P.E., District Engineer Vance L. Castleberry, P.E., District Construction Engineer James G. Freeman, P.E., and District Administrative Engineer Terry L. Keener, P.E.

Brown began working for the Highway Department August 2, 1954, as a semi-skilled laborer. He worked his way up to Chief Inspector, before retiring this year. His plans are to do a lot of fishing.

Phase II Disaster Deadline Extended

The sign-up deadline for Phase II Disaster, 1992 wheat, oats and barley, has been extended to February 12, 1993, the same as for Phase III.

The payment for both Phase II and Phase III will be at 50.04 percent of the eligible amount, the same as for Phase I paid last spring.

The final date to buy multiperil insurance for 1993 wheat, oats and barley has been extended through October 31. If you are filing for disaster on 1992 wheat, oats or barley and you made less than 35% of your yield, you must buy the insurance for 1993 in order to be eligible for disaster.

Harmon Cable Launches The Sci-Fi Channel

Gus Cagle announced today that Harmon Cable Communications launched the Sci-Fi Channel on October 1. The cable network features science fiction, fantasy, classic horror and science fact programming.

A USA Network, the Sci-Fi Channel is a 24 hour service based in New York. A conceptual network for the next millennium, the Sci-Fi Channel will go beyond typical television by introducing unprecedented programming ventures and unique video technologies.

The Sci-Fi Channel will offer a diverse mix of programming. The network will be programmed by daypart and will include newly developed movies and series, popular feature-length motion pictures such as *Alien*, *Star Trek: The Motion Picture* and its sequels *Star Trek II*, *Star Trek IV* and *Star Trek V*, animated programs, documentaries and specials; and a myriad of classics and current popular series including *Alien Nation*, *The Prisoner*, all 1,225 episodes of *Dark Shadows*, and the popular British sci-fi series *Dr. Who*.

"We are excited to be bringing a wide variety of science fiction programming to Munday with the launch of the Sci-Fi Channel" said Cagle. "With its unique entertainment offerings for viewers of all ages, the service will make an outstanding addition to our cable line-up."

MHS To Participate In KTXS Academic Challenge

On Sunday Oct. 11, be sure to watch Munday High School as they compete against Ira High School in the exciting first round of the KTXS-TV Academic Challenge.

The Round 1 action on the Academic Challenge can be seen every Sunday night at 5:30 p.m., beginning September 27th.

The Academic Challenge Round 1 matches will feature 32 schools from across the Big Country, trying for the championship title and trophy.

Even though there can be only one champion team, every school participating is a winner. Each team receives a \$50.00 check every time they appear on the Academic Challenge. The money is earmarked for book replenishment for the school libraries.

"We, at KTXS were very pleased with the level of commitment from the team members, as well as their coaches and schools during the last year's Academic Challenge match-ups," says Clay Milstead, KTXS-TV General Manager. "We are looking forward to an exciting season this year and anticipate some very spir-

ited competition between the teams."

The participating team members for the first round are Phillip Bowen - captain, Kerri Smith, Andrea Longan, Heather King, and alternate, Zane Donoho.

Other Quiz Bowl members are Jai Reed, Andrew Dancer, Chad King, Kole Sanders, Lance McWhorter, Jennifer Baker, and Heather Brown.

About Our Ill

Don Ervin was in Wichita Falls Monday for a series of heart tests and looks like some sort of corrective surgery is ahead for him. We wish Don well.

Brenda Gollaher underwent surgery Friday. She is doing well and will not have to have any followup treatments. Her parents, Dutch and Imagean Young, were with her Friday.

Henry Rogers received a hand injury in a farm accident Friday and is in a bit of pain.

Zula Conner spent a couple of days in the Knox County Hospital after inhaling too many cleaning fumes resulting in a breathing problem. She's okay now.

New Arrival

Megan Ciara Goforth is the new baby daughter of Richard and Debbie Goforth of Fort Worth. She arrived Tuesday, September 22, 1992 at 8:26 p.m. at the All Saints Hospital in Fort Worth. She weighed 7 lbs. 12 ozs. and was 20 inches long.

Gilliland Baptist Church Revival Starts Sunday

The Gilliland Baptist Church would like to invite everyone to their six-day revival which starts this Sunday, October 11, and continues through Friday evening, October 16.

Services will be held at 7:30 nightly, with Sunday morning services at 11:00.

There will be a Youth Night on Tuesday, with a supper scheduled for 6 p.m.

Paul Cheatham, evangelist at Eastside Baptist Church in Haskell, will be the speaker. He and his wife, Lisa, will also provide the music.

Addie Barnett, Former Munday Resident, Dies

Funeral services were held Thursday, October 1, in Clovis, New Mexico, for Addie Barnett, a former Munday resident.

She was the wife of Joe B. Barnett who was minister of Munday Church of Christ from 1950 to 1953. Their daughter, Caruth, married Melburn Johnston in Munday.

If you would like to send a sympathy card, the address is: Joe B. Barnett, 2329 South Prince, Clovis, NM 88101.

Her maternal grandparents are Sonny and Doris Bufkin of Benjamin. Paternal grandparents are George and Lee Goforth of Perrin and Linda Goforth of Arlington. She has a great-grandfather, Alvis Petty of Seymour.

Megan can also boast about lots of other relatives including her aunt, Michelle Bufkin, who says she's going to be "Nanny Michelle".

Here And There

Tres Pierce, a student at WTSTC in Canyon, spent the weekend with home folks.

Art and Mary Story of Hereford spent the weekend with his sisters, Bea Parks and Jessie and Kenneth Roberts.

Don and Louise Hertel met their son, Kent, in Jacksboro Wednesday night for a visit.

Stanton Brown spent the weekend with Doug, Karen, and Colton Brown in Teague. On Saturday her and Doug attended the A&M and Tech game. It was the 35th reunion of Stanton's graduation class from A&M and he saw many of his former classmates.

Jack and Mary Young and Dutch and Imagean Young spent the weekend in Fort Worth and Watauga.

Patsy and Rich Meinzer of Rhineland honored their son, Trapper, with a weiner roast Saturday for his 8th birthday.

Attending were Micah Yates of Munday, Jared and Curt Groves of Rhineland, Pate and Hunter Meinzer, and grandmother, Earlene Meinzer, and his parents.

Shirley and Shari Brown and I were in Vernon Saturday. We visited former resident, Oliver Woolley in the Vernon Care Center. She seems to be doing very well and says she always likes to see her friends from Benjamin.

Reports are that about 20 people attended the meeting on Thursday sponsored by the Sorosis Club. Rob Harrison gave the program on 9-1-1.

Hes and Louise Hall have purchased a home in Vernon and are in the process of moving. They will be near their daughter. We wish them well as they make this change.

Doug and Bobbie Meinzer of Knox City visited Earlene Meinzer one day last week.

Johnnie Williams returned last

Friday from a several days trip to Pueblo, Colorado visiting relatives and doing lots of sight-seeing.

Sunday guests of Bud and Von Conner and Hazel Stockton were Randy, Kim and Samijo Russell of Spur.

Betty Mancille of San Antonio is spending a few days with her sister, Juanita Burnett.

NOTICE

All the men of the community are invited to a breakfast at the First United Methodist Church at 8:00 a.m. Saturday, October 10. They plan a regular second Saturday morning of each month get-together and all men in the area are invited.

Abuse Treatment Program Offered By Noah Project

Noah Project is proud to announce a reinstated program now being offered.

The Abuse Prevention Treatment Program provides services to perpetrators of domestic violence. It is now available for people with a history of verbal, emotional or physical abuse.

The program is designed to serve 20-40 participants this year by offering two groups with a maximum of twelve members in each group. Participants are required to have one to three individual intake sessions for assessment and evaluation of their suitability for group work. Self-referred participants are requested to commit to a minimum of six months of participation, and they are monitored through contacts with their spouses as well as self-report.

Dr. Bill Gustavus, a Certified Alcohol and Drug Abuse Counselor, a National Certified Addiction Counselor, and a Certified Trauma Resolution Therapist, will be an associate in conjunction with the implementation of this program. He will be leading group therapy sessions as well as conducting the initial assessment for those wishing to participate.

Sponsored by the Texas Department of Criminal Justice, Community Justice Assistance Division, the Abuse Prevention Treatment Program is available to participants for a nominal fee.

For more information about this program, call the Noah Project at 915/676-7107 or 1-800-444-3551.

THE HOME OF Charles and Betty Baker, 250 N. 15th, is always so neat and well kept. The Munday Garden Club chose this spot to put their Yard of the Week sign. The trees, shrubs, mums and periwinkles make this a very colorful Autumn yard.

GOREE NEWS

By Joyce Greenwood

Under The Weather Report
Mrs. Lennie Coffman returned home last Wednesday after a week's stay in Bethania Hospital in Wichita Falls. She is doing much better at this writing.

All Around The Neighborhood
Marcie and Todd Harward and children, Robert, Jeremy and Whitney of Abilene visited Marcie's grandmother, Elizabeth Watson last week. Visiting last Sunday were Mr. and Mrs. Dennis Watson and Johnny of Seymour. Elizabeth visited her daughter and family, Marsha and Gary Hale, Donna and Leslie of Abilene last week.

Barbara and Pam Bowman returned to Breckenridge on Saturday to see their grandsons, Dean and Alan Haskin, play soccer. Nothing quite compares with watching one's grandchildren participate in competitive sports!

Visitors in Faye and Felton Lambeth's home last Saturday were Cordas Ray and Shirley Lambeth and Debbie and Crystal Choat all of Wichita Falls.

Visiting Ruby and Nettie Hammons last week were their daughter and son-in-law, Ginger and Ward Cooksey of Throckmorton. Grandson Danny and Lisa Cooksey and twins, Hunter and Dana of Cumby visited the Hammons last weekend.

Merle and Fannie Bell Lambeth and Lois Howard went to Lubbock last Wednesday for a scheduled medical check up for Fannie Bell. They visited Blanche Atkinson while they were in Lubbock.

Buster and Francelle Echols visited her sister, Mr. and Mrs. Charles Barron in Seymour on Sunday. Also visiting in the Barron home were a sister-in-law, Wilma Underwood and her granddaughter, Adrian, of Woodland, California; Dorothy William of Oregon; Jerry and Judy Underwood of Throckmorton and Wayne and Marquitta Echols of Megargal.

Visiting Curtis and Allene Seale over the weekend were their son and daughter-in-law, Jim and

Velma Seale of Arlington.

Ethel Birkenfeld spent all last week in Snyder at the home of her daughter, Marsha and Tony Scott. Ethel went to Snyder to stay with her granddaughter, Amanda Scott, while Marsha and Tony were out of town on business.

Berniece and Jack Steward went to Ranger over the weekend to visit their daughter, Pat Steward, and her friend, Janie. They all went to Trade's Day in Weatherford on Saturday and then on to Cleburn to visit Berniece's brother, Joe and Linda Hudson.

Lloyd and Dixie Bradley have returned home after a two week visit with their son, Jerry and Carolyn Bradley in Arlington. While they were there, their other son Mr. and Mrs. Skip Bradley visited in Arlington.

Mutt and Doris Chamberlain have returned home from a sightseeing trip to Arizona. Along with daughter and son-in-law, Jeanette and Ronald Coody, they flew from Dallas to Phoenix, Arizona. From there, they rented a car and drove on to Chandler, Arizona, where Jeanette and Ronald have a condo. The condo became headquarters for a week as they traveled for 50 to 300 miles each day taking in the vast beauty of the desert and the mountains in the Arizona area. Doris reported that the cactus and the mountains were lovely, but Texas was even more beautiful when they returned home.

Visiting John and Evie Jones last weekend were her sister, Linnes Graham of Paris, Texas; a niece, Earline Brown of Shreveport, Louisiana; and sister-in-law, Eva Baker, of Cunningham, Texas.

Dickie, Peggy, and Justin Green of Crowley and Wade Green of Tarleton State University in Stephenville spent the weekend with their parents and grandparents, DeWitt and Marion Lee Green.

Visiting Jim and Audra Cooke last week was Jim's sister.

Q: What is the name of the God of the Bible?

A: The standard Semitic word for God is **elohim**. It is the first term we find in the book of Genesis (1:1). This comes from the general term of a god (**el**). It means The God of Eternity, a being of reality who never ends. It is opposite of the false gods who come and go.

The very special name for our God is **Yahweh**. Many English speaking people pronounce this as "Jehovah." This name is first found in Genesis 2:4. It is written without vowels in the original language and is very important. This name (called by scholars the "tetragrammaton") is used 6,828 times in the Bible. It is God's personal name. It probably is a play on the Hebrew term "hayah" which is translated as "I am who I am" or "I will be who/what I will be" (Exodus 3:14). The name of our God is so special that the Hebrews refused to say it out loud. Instead they would say "Lord" (Master) when they came to the term in the Bible. Thus many of our English translations substitute the word "Lord" for Yahweh.

El saddy is the third special name for God in the Old Testament. It means "God of all power." "And God (**elohim**) spake unto

Moses, and said unto him, I am the Lord (**Yahweh**); And I appeared to Abraham, unto Isaac, and unto Jacob, by the name of God Almighty (**el saddy**), but by my name **JEHOVAH (Yahweh)** was I not known to them" (KJV).

In the New Testament (which was written in Greek), two major words are used for our God. First, He is known as **Ho Theos** which means THE God. This is opposite simply **theos** (a god). Also, He is known as **Ho Kurios** (THE Lord or THE Master). This is opposite the simple **kurios** (a master or a god). The New Testament translates Yahweh as "Lord" and applies the term to Jesus (1 Peter 2:3 which is a quote of Psalm 34:8).

Knox County Profile

Ronnie Cude came up with the idea of getting a profile of someone in Knox County to be printed in the *Courier* each week. We thought it sounded like a good idea, so we gave her the go-ahead.

Ronnie states, "The informational profiles which I will be submitting in the following weeks in no way reflect a promotion or endorsement by me or the Munday Courier, nor is it an attempt to interview the most prominent or interesting persons in our area, but rather to depict the common people, their values and interests. Hope you enjoy them."

Farm and Ranch Report

Knox County Extension Agent - Ag.
Texas Agricultural Extension Service

Producer Alternatives For Cotton Defoliation

There is increasing concern in the cotton industry and within regulatory agencies regarding the use of arsenic acid as a cotton desiccant and cotton producers should be concerned.

In October, 1991, the Environmental Protection Agency issued a preliminary notice to cancel all agricultural uses of arsenic acid because of concerns about exposure of handlers, applicators, harvester operators, gin personnel and persons living in close proximity to gins. EPA had previously classified inorganic arsenic as a human carcinogen. More recently, the American Textile Manufacturers Institute has also expressed concern about arsenic acid. Some cotton merchants have stated that they will require producers to verify that arsenic acid was not used on their crop. It seems inevitable that EPA will cancel registration of arsenic acid.

Arsenic acid continues to have full label registration in Texas and cotton treated with acid remains eligible for government loan and storage. The desiccant has been used in cotton since 1956 with little or no problems as related to human exposure. In addition, millers may discount 5-10 cents per lint pound or may not accept the cotton at all. Because of the concerns and increased scrutiny surrounding arsenic acid, growers may choose to consider alternatives.

Recently a team of Extension specialists and cotton researchers reviewed production and harvest-

ing practices and results of field trials with currently labeled harvest aid compounds.

Letter To The Editor

Dear Editor:

I'm a news buff and as I recently watched the Democrat and Republican Conventions and since have watched and read all of the political rhetoric, I can't believe what I hear. Do the American people have amnesia? If my memory serves me right, when Jimmy Carter was President we had double digit unemployment, lines at the gas pumps, hiring freezes; we were laughed at around the world because we wouldn't stand up to anybody so they took our people as hostages and the Soviet Military was a real threat. I also think I remember that it was Carter who gave us the grain embargo. Am I the only one that remembers all of these problems? And, by the way, I voted for Jimmy Carter because I believed he was a man of integrity and a farmer who would understand the common man and his problems.

It occurred to me as I watched the conventions that there has been a big change in the parties. It looks to me like the Democratic Party has been taken over by the Homosexuals and the Feminist (who by the way say a true Feminist must identify with the lesbian to be a true Feminist). I am sorry for the people who have aids. One of my best friend's granddaughter contracted aids from a blood transfusion and I grieve for them - but Magic Johnson is crazy if he thinks spending more money will stop that deadly disease. Magic got the HIV virus because of his promiscuous lifestyle. More tax dollars are spent on aids than all of the other diseases. My sister died of cancer at age 35 which was 28 years ago. I'd like to see more money spent on cancer research but hasn't anybody told Magic Johnson that we've slightly over-spent our budget. I can't vote for anybody that won't vote to balance the budget.

The Republican Party seems to have moved to the Conservative side. They at least had prayer at their convention. Most of them voted to put prayer back in the schools and to get the government out of the abortion business. I believe in life and I don't like my tax money spent on abortion on demand. Neither party is perfect *by far*, but frankly, as a Follower of Christ, I can identify with the Republican Party Platform. I don't know if I can ever vote for a democrat unless they take a hard look at their liberal platform.

One day, if we're a believer of Jesus Christ, we will stand before the Lord and give an account of our life. I hope I'll hear, "Well done, thou good and faithful servant".

Thanks for listening,
Wilma Hogan

LAURIE HESTER and PAUL B. IRBY

Engagement Announcement

Laurie Renae Hester of Weinert has recently become engaged to Paul B. Irby of Haskell. Laurie is the daughter of Jerry and Wanda Hester, also of Weinert. She is a 1988 graduate of Weinert High School and a 1992 graduate of Tarleton State University where she received her Bachelor of Science in Interdisciplinary Studies, with a minor in Kinesiology. The bride elect is currently the Transitional First grade teacher at Wylie Elementary.

Paul is the son of Mr. and Mrs. Robert N. Smith and Mr. and Mrs.

Robert Irby of Harlingen where he graduated from Harlingen High School in 1987. The prospective groom is a 1991 graduate of Howard Payne University where he received a Bachelor of Arts in Religious Education, with a minor in Bible. He is currently serving as Youth Minister at Eastside Baptist Church in Haskell and is also pursuing a Master of Arts in Family Ministry from Hardin-Simmons University.

The couple will be married at the First Baptist Church in Weinert on January 1, 1993.

"Lead On!" Theme Of WMU Annual Meeting

Woman's Missionary Union of Haskell-Knox Baptist Association will meet in the 82nd Annual Session on October 13, 1992 at First Baptist Church of Weinert. The theme will be "Lead On!" and the session will begin at 9:45 a.m. with the Call to Order given by Mrs. A.D. May, Director. Mrs. Patterson of Munday will bring Prayer Patterns, and reports will be heard from local WMU Directors, Council officers, and special committees. Weinert First Baptist is arranging special music, and guest speakers for the morning will be Garry and Charlotte Wester, missionaries to Ecuador, now home on furlough following their first tour of service as church planters. Garry's grandfather, Brother Jack Wester, will be fondly remembered as a former Baptist pastor and teacher in Haskell-Knox Association. The Garry Westers are furloughing in Roby, near Charlotte's parents, the Perry Thomsons, until January 1993. Both the Westers graduated

from Angelo State University in 1978, and Garry earned a Master of Theology from Southwestern Baptist Theological Seminary in 1985. He pastored Red Springs Baptist Church until their appointment by the Foreign Mission Board of the Southern Baptist Convention in November 1987. Following a year of language study in Costa Rica, the Westers went to Machala, Equador where he has been involved in starting an developing new churches, and Charlotte has been teaching their two children, Tara, 13, and Daniel, 8 in a home schooling program. She also is involved in developing and teaching Bible classes for women and children.

All interested persons are invited to be a part of this Annual WMU Meeting, and WMU members are especially urged to make plans to attend. Nursery will be provided.

Elementary School Forms Committee To Create Goals

Munday Elementary School has formed a new committee called the Campus Performance Objectives Committee.

The purpose of this new group is to establish goals, to improve educational opportunities, to assist in implementing activities and programs, and to evaluate the results of these programs.

Members of this committee represent the entire school and various student populations. School, parental and community involvement includes representatives from special education, migrant education, Chapter I, limited English education, and computer technology.

Committee members include Doug Donoho, Debbie Pankhurst, Nancy Wilde, Kristi Bufkin, Melissa Josselet, Linda Chapman, Andrea Estrada, Becky Wall, Darla Santisteven, Mary Denise Groves, Vicky Toliver, Carla West, Brenda Brown and Dorothy Myers.

The Munday Elementary School Campus Performance Objectives Committee held their first meeting Monday evening, October 5. The following school goals were created:

1. The improvement of test scores as measured by the Texas Assessment of Academic Skills
2. The improvement of test scores as measured by the Standardized Achievement Tests
3. The narrowing of the achievement gaps between various student groups
4. The maintenance of high attendance
5. The establishment of a detention period after school for students with incomplete work
6. The development of a homework workshop for parents.

This is not all the goals set by the committee, but are some of the main ones to work toward.
