WHITE'S Wagging Tongue

by Cynthia White

It has been said that living in the U.S. is a lot like being in a big restaurant - but don't you get the feeling that folks in Washington aren't dining off the same menu as everyone else.

wag

You can always tell what kind of day it's going to be when the coffee, sugar, and cereal containers all come up empty at the same time.

wag

I know that I'm getting older - my back goes out more than I do.

wag

It seems that the problem with acting normally these days is it rules out a career in television.

wag

There is one good thing about the baggy clothing that teens are wearing these days - they'll still be able to wear them at age 30.

wag

An Texas oil millionaire got lost in the maze of Washington bureaucracy while seeking some simple information and had to call on his congressman to bail him out, which he did quickly. The Texas millionaire was extremely grateful and asked the congressman if he could return the favor. The congressman explained that what he had done was all in the line of duty, but the Texan persisted. Finally, the congressman said that, with golf so popular in Washington, perhaps he would take up the game but he didn't own any clubs. The Texan took the hint and a few weeks later the congressman received this wire: Have bought eight golf clubs for you - regret only three have swimming pools.

wag

The talk this week at the Barber Shop centered around the dry weather situation. One man said he observed a local fisherman at Miller's Creek who had to pull the ticks off the fish before he could skin them.

wag

Country girl's advice to visiting city girl: don't ever slap a cowboy in the face - it might be full of tobacco juice.

wag

A visitor from the North came down to spend a week at a Texas Dude Ranch. Upon registering he announced, "I've never ridden before so please give me a horse that has never been ridden - that way we can start even."

wag

A champion bronc rider from Wyoming was visiting on a Texas ranch. His host invited him to test ride one of the local broncs. It was on-and-off as quick as a flash as the Texas horse sent the visitor sailing into space. "By gollies," commented the visitor when he picked himself up. "These Texas hosses sure can buck!" "He ain't bucked yet," replied his host. "He was just hiccuppin'."

wag

Have you noticed the commercial on T.V. lately about plastic milk cartons absorbing light and depleting the good stuff in milk? This brings back the old debate - does the light in the refrigerator stay on when the door is shut?

wag

Two file for school board election

The final day to file for a position on the ballot for School Board terms is Wednesday, March 20 and to date only two residents have applied for the slots.

Mark Reed and Gary Wilde have both filed for three year terms on the School Board but no one has yet to file for the two year position. The current terms of Maynard Moore and Floyd Reed, Jr. will be expiring and the vacated term once served by Larry Smith will be open. Gary Wilde has previously been appointed to fill Mr. Smith's term until a new candidate can be elected.

Interested parties may file for their place on the ballot by appearing in person at the Administration Building, Monday through Friday, 8:00 a.m. - 4:00 p.m. Write-in candidates also need to file their declaration.

Voting on the School Board positions will take place on May 4 during the general election.

Tidwell to run for Mayor, City Council slots still open

Candidates have until March 20 to apply for a position on the ballot electing members to the Munday City Council and for the position of Mayor.

To date, only one candidate, Mayor Pro-Tem Gary Tidwell has applied for the job of Mayor for the city. Tidwell was appointed as Mayor Pro-Tem when former Mayor, Richard Albus, resigned his position.

Winters Mathews has applied to return to the City Council due to the expiration of her current position but no other candidates have filed as of press time.

City Council members (aldermen) over see bond issues and city personnel, make city ordinances, approve budgets and expenditures, award contracts on capital improvements, and, in general, make sure the city and it's equipment run as they should.

Munday will be electing a Mayor and three aldermen. However, if Mr. Tidwell is elected mayor then his current position on the City Council will be open and four aldermen will be needed.

Persons interested in becoming a candidate for City Council should

NATHAN KUEHLER, ROBERTO NUNEZ, AND JASON HISE have qualified to compete in the regional powerlifting events in Sun-down. Should they win there they will compete at the state level in Houston.

Track teams have good showing at Mogul Relays

The chilly winds of last week didn't cool the attitudes of the students from Munday High School as they gave their all at the Mogul Relays held last week.

Thursday's field events were cancelled due to the cold weather but

the junior high girls did an excellent job of competing in the events that were held. The team took first place with 141 points. Rotan came in second with 82 points.

When discussing the high school girls events Coach Curtis Goforth stated, "I was pleased by our effort and three new meet records were set in the girls division." The varsity girls came in second place with 111 points. Hamlin took the first place position with 124 points and Crowell was third with 79 points.

Also competing well were the boys teams with several individuals placing first in their events. The Varsity Moguls took second place at the meet.

Junior High Girls

2400m run - Jennifer Carden, 3rd, 11:55.

400m relay - Amanda Myers, Nicole Urbanczyk, Kiesha Collier, Nicole Allen, 1st, 54.92.

800m run - Laci Myers, 1st, 2:50.83. Jessica West, 2nd, 3:09.57.

100m hurdles - Miranda Zeissel, 3rd, 20.21. Krissy Harlan, 4th, 20.34.

100m dash - Kiesha Collier, 1st, 13.93.

800 relay - Amanda Myers, Nicole Urbanczyk, Kiesha Collier, Nicole Allen, 1st, 1:58.40.

300 hurdles - Miranda Zeissel, 2nd, 57.24.

1600m run - Laci Myers, 1st, 6:14. Jessica West, 2nd, 7:21. Jennifer Carden, 4th, 7:39.

1600m relay - Amanda Myers, Nicole Urbanczyk, Nicole Allen, Laci Myers, 1st, 4:50.92.

Varsity Girls

High jump - Mindy Zeissel, 4th, (Continued on page 2)

Wanted: Local people with crafty talents!

The Chamber of Commerce and Agriculture is looking for local crafters in order to show off our many talented residents. On April 13 the Chamber will be hosting a craft show in the downtown park from 12:00 noon until 4:00 p.m. We are not inviting participants from outside our area, even though we know there is an abundance of talent out there, but, instead, are offering this to our local crafters as an outlet to them.

The date of April 13 has been chosen due to a 4-H event that is scheduled at the High School that same day. The 4-H Fashion Show will draw students from a 25 county area and since parents of these participants are not allowed to stay for the judging events they will be searching for something interesting to do.

We have had several craftsmen sign up for the event and we have one concessionaire who has pledged to be at the craft show but we are in hopes that many more of you will participate.

The Chamber of Commerce and Agriculture will provide one table to each craft booth entered free of charge. Should you need chairs or an extra table it will be up to the individuals to provide them.

This will be a festive occasion so plan to display your wears in a creative fashion and have an enjoyable day. A sheltered location will be provided in the event of rain.

Call Cynthia White at 422-5558 or the Chamber of Commerce Office at 422-4540 to request an entry form.

FBI joins hunt for former resident accused of murder

The FBI has joined in the nationwide search for a former Munday resident who is accused of murdering a Quannah man in January.

The body of Catalina Delgado Lopez, 45, was doused with accelerants and burned after he had been stabbed to death in his Quannah home.

The FBI is now looking for Rose Mary Martinez, 19, of Quannah, and Ana Mendiola, 19, of Crowell who is a former resident of Munday. A

murder warrant was issued on January 19 by the Hardeman County Sheriff's Department for Martinez and three days later they issued a warrant for Mendiola.

One suspect, Joey Coronado, 17, of Crowell, also faces murder charges and has been arrested in Homestead, Florida. He was returned to Quannah and is in the Hardeman County Jail.

The victim's car, a 1991 Oldsmobile Cutlass, was found in the lake adjacent to the Golf Course in Munday just a few days after the body of Lopez was discovered by a hunter who spotted the smoldering body under a bridge.

The investigation began to center on Coronado, Martinez and Mendiola shortly after Lopez's death. The three had worked in a cap factory in Crowell and had suddenly quit their jobs about a week prior to the murder. All three had disappeared from the area on January 8, one day after Lopez's body was discovered.

First Baptist Church to host guest speaker

On March 24, First Baptist Church welcomes Dr. Sylvia Hathaway to be their guest speaker. Dr. Hathaway is a licensed Christian counselor and a behavioral consultant. Sylvia survived twelve years of brutal sexual abuse from various relatives. Her moving testimony of what God can do in lives to change painful memories and deep scars into tools to be used for His honor and glory will no doubt minister to others who experience this same type of tragedy.

Love and stability were rare experiences as Sylvia grew up with alcoholic parents. She grew up in foster homes and orphanages. Yet, because of her faith in God and trust in His promise of Romans 8:28, He has allowed her to minister to countless people through television appearances, seminars, workshops, conferences and concerts.

John Hall, pastor of the Baptist congregation, states, "This is an opportunity FBC would like to extend to the entire Munday community."

Chamber of Commerce and Agriculture to say "Thank You" at 75th celebration

The theme of "Pictures of the Past...Framed by the Future" will come to live at the Chamber of Commerce and Agriculture's Annual Appreciation Banquet slated for Thursday, March 14. The event is to be held in the High School gym at 7:00 p.m. and tickets may be purchased at the Chamber office or at the door on the evening of the event for \$10.00.

Master of Ceremonies, Charles Baker, promises to entertain all with a look into past events that have been significant in the live of the Chamber for the past 75 years. Past Presidents and Chamber Managers are expected to attend the celebration, as well as Senator Thomas Haywood and his wife, Pat. One of the highlights of the night

will be the announcement of Munday's Citizen of the Year and The Spirit of the Chamber award. Attendees will also be introduced to the new Chamber Board of Directors for 1996.

Entertainment will feature a local quartet complete with instrumental accompaniment and volunteers are working daily on the decorations which, like the meal served that night, will be reminiscent of small rural Texas communities of the past.

This promises to be one of the most unique and meaningful celebrations of the year so make your plans now to attend. Don't miss the 75th Anniversary celebration of the Chamber of Commerce and Agriculture in Munday.

WE NEED A LOVING HOME! These adorable puppies and their mother were abandoned and need a good home. If a home is not found for these and other stray dogs, they will be destroyed. If you or someone you know would be interested in adopting these animals, please contact the City Hall of Munday at 422-4331. These canines would thank you!

Powerlifters muscle their way to Regionals

The Mogul Empire lifting team competed very well at the Lubbock High School meet held on Saturday, February 24. Coach Wesley Teeters proudly states, "We went to the Lubbock High meet which was the largest powerlifting meet in the state of Texas with 381 lifters. There are two divisions in Power Lifting - the Division I is 5A-4A and Division II is 3A-1A. We competed only with our division and competed very well. Each one of our athletes had their personal best on pounds. I am very proud of the improvement. The athletes proved that they could step up to the level of competition needed to compete in the Regional meet which will be in Sundown on March 16."

At the Lubbock meet, Jason Hise competed in the 163 pound class and took 2nd place by lifting 1060 pounds. Roberto Nunez competed in the 123 pound class and took first place honors when he lifted 780 pounds. Nathan Keuhler and Ricky Serratto competed in the 148 pound class where Nathan lifted 920 pounds for second place and Ricky took fifth place by lifting 755 pounds.

Three athletes qualified for the Texas High School Powerlifting Association Regional meet: Roberto Nunez, Nathan Keuhler, and Jason Hise. They will be competing in Sundown on Saturday, March 16, to qualify for the state meet which will be held in Houston.

Cool night makes hot races for Junior High boys

by Coach Scott Miller

On a cool, windy night in Munday, Mogul fans got a sneak peek at the future of Track and Field in District 3-A. With a cancellation of the field events due to the weather, the running events quickly became a particular interest to all spectators. Even though most events were slowed by the cool temperatures, overall the Munday Junior High competitors shined bright. One particular bright spot was the 1600 meter relay which consisted of David Dockins, Brian Urbanczyk, Jason Key, and Eric Beaty. Together, they finished first and turned in a time of 4: 13. 86 in approximately 20 degree weather. Their respective splits were: 65.2, 64.4, 63.7, 59.9.

Another group of young Moguls appeared to be fearless in this al-

Extension service to offer computer short course

The Knox County Extension Service will be offering an Introduction to Quicken computer short course. Stan Bevers, economist with the Texas A&M Center at Vernon, will teach new and experienced computer users the features of Quicken Version 8 for DOS, a popular checkbook computer program, during a financial record keeping workshop. This introductory session has been scheduled for March 19, 1996 from 9:00 a.m. to 4:00 p.m. at the Knox County Courthouse in Benjamin, and covers the basics from setting up accounts and entering transactions to printing reports.

The class is limited to twelve participants. Each student will have individual hands-on computer access. "While the pace of instruction will be geared toward the new computer user, current Quicken users will discover many features they've been overlooking," said Bevers.

Bevers has been teaching Quicken and other computer applications to farmers and ranchers across the state for many years. Vast improvements in low-cost financial software have made them far easier to learn, he said. Participants will enter transactions in the register and write check screens. They will learn to categorize by type of income and expense, to split and memorize transactions, and to develop meaningful reports. Tips for use will be discussed throughout the course. While the features of the DOS version of Quicken will be covered, persons currently using a Windows version will also benefit from this course.

This workshop is part of The Texas Agricultural Extension Services' "Have Computer Will Travel" project. This innovative project was initiated in the fall of 1992 and involves the lease purchase of a notebook computer lab. This computer lab is used throughout the state and affords the flexibility of teaching a computer course anywhere there is a demand.

Registration fee is \$40 and is on a first come, first serve basis. For more information, contact Paul Weiser, Knox County Extension Agent-Ag., P.O. Box 167, Benjamin, TX at (817)454-2651.

most sub-Arctic weather. Mogul distance runners Chris Anderson, Chris Rocha, Adam Garza, Will Longan, Lane Murphy, and Noel Perez battled the elements to add several points to the team totals. Anderson had a 7th place showing in the 2400 and then returned for a 4th place finish in the 1600, followed closely by teammate Chris Rocha finishing 6th.

Speed was most definitely an asset on this crisp, Thursday evening. Mogul sprinters Brian Urbanczyk, Justin Key, Johnny Dockins, Keith Wilde, Jarred Crowover, and Joey Valencia led the field of competitors. Together their efforts combined for a total of 12 points toward the team standings. The sprint relays were a dominant force. Munday-Gold team, 52.17, but due to an exchange zone violation, they were disqualified. Munday-Purple team, consisting of Johnny Dockins, Miscal Yzaguire, Alan Albus, and Joey Valencia finished 5th with a time of 56.74.

Mogul hurdlers, Eric Beaty and Alan Albus turned in a valuable 18 points to aid the team in its effort for victory. Beaty started his day off with a second place finish in the 110H hurdles. Later in the evening, Beaty returned to win the 300I hurdles in 45.07, with teammate Albus not far off the pace.

Local Obituaries

Yates, Floyd M.

Floyd M. "Bud" Yates, 72, of Wichita Falls died Sunday, March 3, in a Wichita Falls hospital.

Graveside services were at 2:00 p.m. Wednesday, March 6, in Goree Cemetery with the Reverend Larry Brownfield, officiating. Arrangements are under the direction of Owens and Brumley Funeral Home.

Mr. Yates was born February 26, 1923, in Munday. He had lived in the Wichita Falls area for 41 years. He was the retired owner of Yates Construction Company and a member of the Faith Baptist Church. He was a Navy veteran, serving aboard the USS Wasp during World War II.

Survivors include two daughters, Shirley Milam and Patty Johnson, both of Wichita Falls; a brother, Toby of Weinert; three sisters, Jinx Burnison and Mary Reynolds, both of Munday, and Dorothy Pierce of O'Donnell; three grandchildren; and a great-grandchild.

THANKS FOR READING THE MUNDAY COURIER!

With Sincere Appreciation...

We are overwhelmed and humbled by the many expressions of love and esteem displayed to Herbert and our family. The support for the family and concern for Herbert evidenced by the prayers, calls, personal visits, and cards during the long hospital stay were a great source of strength and encouragement.

After his death, we were comforted by your sympathy, the lovely flowers, memorial gifts, cards, food, and visits.

We appreciate the beautiful tribute to a very unique and good man.

The month of March has been designated by the American and Texas Dietetic Associations as National Nutrition Month. This week

Weinert FCE club reports on March meeting

The Erma Liles home was the location of the Weinert Family, Community and Education Club meeting on March 5.

Alta McGuire shared one of her favorite subjects, growing tomatoes. She has produced a garden for many years and is willing to share her knowledge with you at any time. Some of her favorites are carnival, celebrity, president and sure fire.

Erma Liles continued the program with the thought that everyone should have an "enrichment" in their lives that is beyond their daily routine. She stated that F. C. E. clubs (formally Home Demonstration) were organized to instruct, encourage, inform and enrich lives and help to better family living. This can be one of their enrichments. Erma used some excerpts from "Chicken Soup with Soul" and "Coming Home." She concluded with some of her "enrichments" by showing her beautiful collections of hats, bells, music boxes and dolls from her travels through out the years.

A short business meeting was held to make plans to attend Rally Day, March 26, in Munday, and the District III Spring Meeting, April 10, in Henrietta.

The Spring Highway clean-up was planned for March 30. All volunteers are asked to meet at the school house at 8:00 a.m.

The April 2 meeting will be hosted by Alta McGuire.

I want to take a brief look into consumer attitudes and behavior about nutrition and diet. A Food Marketing Institute study interviewed over 2,000 supermarket shoppers to obtain the following results: 65 percent felt diet could be healthier, 56 percent were concerned about the high nutritional content of food they eat, 59 percent since 1986 are more concerned about fat in food, less concern about cholesterol, sugar and sodium in foods, 94 percent say eating habits to help ensure a healthful diet have changed, trend of eating more fruits and vegetables to achieve a healthful diet, 33 percent eat less fat and oil, few reported dietary changes of eating more fish and fiber and less salt.

What this report really tells us is that consumers are more concerned than ever before about the nutritional quality of their diets. Many consumers are indeed making dietary changes by increasing fruits and vegetables while decreasing fats and oils. However, the average American has an unbalanced diet when compared to the recommended servings from the USDA Food Guide Pyramid. Although they have the information of how to eat healthfully, they fail to connect the impact of a well-balanced diet to their health.

These dynamic changes will continue to impact the food system. Like the consumers' healthful changes mentioned above, start making some of these changes in your life style and nutrition or eating habits whether eating at home or out. Right now during nutrition month is the best time to start following the USDA Food Guide Pyramid.

Quits is a game in which players toss metal rings, called quits, at one of two pegs set in ground level. Quits also come in useful in another game-as a rare Q word in Scrabble.

Commissioners Court holds three February meetings

The Knox County Commissioners' Court met in a session at 9:00 a.m. on February 9, in the Commissioners' Courtroom in the Knox County Courthouse with following members present, Jerry Parker, Philip Homer, and Johnny Birkenfeld and Judge David N. Perdue, presiding. Also attending were Mike Carlson and Danny Speck.

Judge Perdue made a motion to appoint Jerry Parker to the Railroad Committee. Philip Homer seconded the motion. All voted in favor.

Philip Homer made a motion to appoint Steve Pepper, Kim Brockett, and Juanita Wilcox for the Knox County Child Welfare Board. Jerry Parker seconded the motion. All voted in favor.

Court agreed that Judge Perdue would pre-register Johnny Birkenfeld, Jerry Parker, and himself for the West Texas Judges and Commissioners Conference.

Sheriff Carlson asked about acquiring needed items for the Sheriff's Office through Federal surplus. The court stated for the sheriff to inquire about the items available, but they were to be advised of any acquisition.

Sheriff Carlson informed the court that the cost for an extended warranty for 70,000 miles, on the new police vehicle, would cost \$2,500. No action taken.

Philip Homer made a motion that the final draft of the Child Abuse Prevention Plan be ready for the March meeting. Jerry Parker seconded the motion. All voted in favor.

Jerry Parker made a motion for the court to sign the collection contract for 1996-97 for Appraisal District. Philip Homer seconded the motion. All voted in favor. The collection contract #96-004 is on file in the Clerk's office for public viewing. Philip Homer made a motion to have the County Attorney draw up a contract between Knox County and the Appraisal District. Johnny Birkenfeld seconded the motion. All voted in favor.

Concerning the claim to Benjamin School District of former Gilliland School, Jerry Parker made a motion to have a Quit Claim Deed from Knox County to Benjamin ISD drawn. Johnny Birkenfeld seconded the motion. All voted in favor.

Johnny Birkenfeld made a motion to sign the Drug Taskforce Enforcement Resolution. Jerry Parker seconded the motion. All voted in favor. The Resolution #96-005 is on file in the Clerk's office for public viewing.

The Court asked Johnny Birkenfeld to serve as liaison to 9-1-1.

The Knox County Commissioners Court met in regular session on February 12 in the Commissioners Courtroom in the Knox County Courthouse with the following members present: Jerry Parker, Philip Homer, Johnny Birkenfeld, and Judge David N. Perdue, presiding. Also attending were Judie Whitten, Mike Carlson, and Danny Speck.

Joe Grimes, of Grimes and Associates, talked about the procedures concerning the Federal Enhancement Project Grant. Jerry Parker made a motion to run an ad in appropriate newspapers and proceed with selecting an architect. Philip Homer seconded the motion. All voted in favor.

The court agreed that each Commissioner would make a list of equipment that they wanted to sell from their precinct. The court will decide later on how to sell the equipment.

Judie Whitten presented all accounts and financial statements to the court. Philip Homer made a motion to pay all bills. Jerry Parker

seconded the motion. All voted in favor. The Trend Report #96-006 is on file in the Clerk's office for public viewing.

Condley and Company will present the annual audit on February 27.

Court recessed until February 27.

Court was called out of recess on February 27 with all present and Judge David Perdue presiding.

Richard Agee, with Condley and Company presented the 1994-95 Annual Audit for Knox County. Johnny Birkenfeld made a motion to accept the audit. Philip Homer seconded the motion. All voted in favor.

The foregoing minutes were read and approved on the 11th day of March, 1996.

We have a place for you!

Garage Sales - one of the rites of Spring

by Cynthia White

Okay, ladies, it's time to clean out those closets and tackle those garages. Bargain hunters are awakening from their hibernation and are eagerly awaiting the announcement of those first garage sales of the season. If you listen closely you can almost hear the tinkle of all that change you will make as you turn your unwanted junk into another person's treasure.

I usually muster up the desire to begin the clean out much earlier than my husband - he might be ready around the year 2020 - and he hates the mere mention of the words "garage sale." I really think he is just afraid that I will turn into a "garage sale junkie" and start getting rid of his treasures at a rapid pace.

Getting ready for a garage sale is an art. First, when you decide to hold a sale you must keep it a secret from your family. Go through your closets, drawers, and cabinets while no one else is home or while everyone else is asleep. You should consider a secret location where you can store the belongings that are to be sold and transport them to this location in the dark of the night.

Under no circumstances should you ever clean out your husband's things or your children's toys while they are present. Boots that are mildewed, cracked from dryness, and two sizes too small can suddenly "be expensive boots. All they need is to be stretched and mink oiled." Never mind the fact that he hasn't worn them in the history of your marriage. And toys that have gathered dust and gone unnoticed for over a year will automatically be "my favorite plaything. I just

LOVE that toy and I promise that I will play with it everyday for the rest of my life." Yes, husbands and kids can reduce your profit and the items that you bring out for sale will slowly disappear from view and will end up back in their original location.

The other thing that you will need to keep to yourself is your pricing procedures. Any garage sale expert knows that items sale for pennies at these things, but your husband won't agree with your prices on his extra tools that he hasn't used in seven years which are obsolete and have no real market value. Even if you offered him the \$1.50 that you stand to make IF they sell, his opinion still won't be swayed as to their worth. There is no doubt in his mind that the fifteen year old electric drill that has lost its electrical cord is worth at least \$5.00. True, it might be worth \$5.00 to the right buyer but chances are that person won't come to your garage sale so why not offer it to whomever for \$1.50 and just get rid of that dinosaur.

You will also need to find an alternate activity for your family on the day of the sale because if you don't your real troubles will begin. In fact, your best bet is to send the rest of the family on an over-nighter so that they will not be available when the rush begins. And since garage sale goers believe that the early bird gets the worm activities usually begin around 7:00 a.m. You will need to be ready and have the family out of the way at least by sun up.

Here is a short example of what can happen if your family is allowed on the sale premises:

"Mom, don't sell that toy. Please don't sell that toy."

"But, honey, you never play with this toy and I can get a whole dollar for it."

"Please don't sell it. It's my favorite and I'm gonna cry if you sell that toy."

"I'm telling you one more time - I'm gonna sell that toy - you never play with that thing and 'm tired of it just laying around."

(The child leaves and returns in

two minutes flat.)

"Mom, Dad gave me a dollar to buy that toy from you!"

(Well, you've made a dollar - sort of - but you'll still have that toy that no one plays with laying around. The problems continue...)

"Honey, I can't believe you'd sell my favorite sweat shirt for 50 cents."

"Dear, it has holes in the arm pits where sweat has rotted the material away."

"Those aren't just holes - they're ventilators. Besides, it's a great work shirt."

"Well, it's embarrassing for the neighbors to see you in it and you haven't worn it in several years. Why not get rid of it and make 50 cents in the process."

(At that very moment a lady comes up and offers you 25 cents for the sweat shirt.)

"Sure I'll take 25 cents for it,"

Retired School Personnel enjoy young Music Makers

The Knox County Retired School Personnel met Tuesday, February 27, at 2:30 p.m. in the Munday First United Methodist Church Fellowship Hall with 13 members and 3 guests present.

The meeting was called to order by Dan Sloan, president, and Bill Baker gave the invocation.

Dan Sloan introduced Marilyn Bennett and the Fourth Grade Music Students. The students sang songs from the 50's which included "Rock Around the Clock." The program was very delightful.

Scott McLaughlin, candidate for the 70 District State Representative from Big Springs, spoke to the members briefly.

A short business meeting followed with Bill Baker sharing the latest legislative update. The meeting was adjourned.

Sexual assault lands county man in penitentiary

William Watson, 47, of Knox City was sentenced in the Knox County District Court to five years confinement in the penitentiary after pleading guilty to a charge of sexual assault, according to District Attorney Bill Neal.

The plea was entered on Tuesday, February 20, before District Judge David Hajek. The investigation leading up to the charges was conducted by Knox City Police Chief Dean Homstad.

In other court action, Alan Lee Benedict, 36, of Lubbock, and Carl David Engbrock, 43, of Benjamin, both plead guilty to indictments charging them with a felony DWI. Benedict was sentenced to five years in the penitentiary and Engbrock received a 3-year penitentiary sentence probated for 3 years with the special condition that he voluntarily commit himself to a felony substance abuse treatment facility for at least 90 days.

Both Benedict and Engbrock were represented by Carl Quisenberry of Seymour.

The State was represented by Bill Nel, District Attorney.

you answer.

"Oh, no, she won't," he butts in, "it's not for sale."

"Yes, it is, and I'll take 25 cents."

"No she won't."

While your arguing over the shirt your one and only customer of the day thus far leaves.

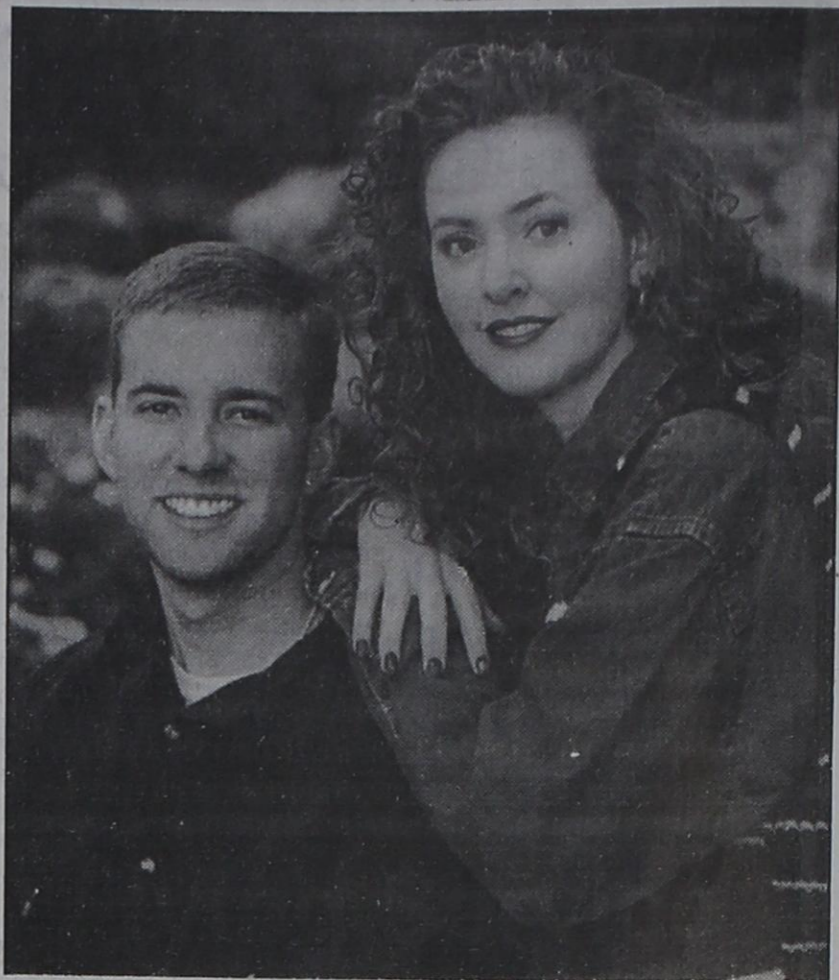

In just a matter of seconds a car load of bargain hunters pulls up and people roll out from all four doors - including three small children. Your youngest child sees the other kids prying at his old bicycle with the broken training wheels and starts to panic. He rushes out the back door, charges across the yard and promptly tackles the child on the bike. The victim is howling, sprawled out on the ground, blood gushing from his forehead, and his mother is yelling even louder than he is. All you can think of is questions concerning your insurance coverage. You offer assistance, get a wet cloth and some band-aides, then offer the bike to the child free of charge. You notice that the mother is somewhat consoled but you offer her two really nice pieces of clothing free "just to make sure."

During all this commotion there have been four other cars pull up and your husband is attempting to wait on them. They are interested in some of "his" items but he won't come off the price marked so they now are bargaining with him over the price of one of your older, but truly nice, picture frames. He lets them have it for 75 cents rather than the \$1.50 price that you marked.

Five hours later you are \$43.75 richer and dog tired. You have been up since 5:30 a.m. and have been on your feet ever since. There are items left over from the sale scattered in odd places all over the garage and yard and your house is a disaster since your husband allowed all the neighborhood kids to play inside while you were outside.

After putting the garage back in shape you count up your pennies then figure that you spent 21 hours of your time locating items, storing the items, marking the prices on the items, setting up tables, putting out your merchandise, holding the sale, cleaning up and sorting through the left overs.

Let's see - \$43.75 profit divided by 21 hours of work = \$2.08 per hour!

Engagement Announcement

Mr. Arnold Schouten and Mrs. Anita Schouten, of Tulsa, Oklahoma, and Mr. and Mrs. Jim Cottingham of Munday, are proud to announce the engagement and approaching marriage of their children, Rebecca Ann Schouten and Brandon James Cottingham.

A July 6 ceremony is planned at the South Tulsa Baptist Church in Tulsa, Oklahoma.

After a wedding trip to Colorado the couple will reside in Seymour where Brandon will work for Petty Flying Service of Munday and Becky plans to resume her college studies.

If you tow a trailer, know the speed limit

If you tow a trailer with a passenger car or a light truck, you should be aware of the following which is taken from the transportation code (traffic law book).

"Light truck" means a truck with a manufacturers rated carrying capacity of not more than 2,000 pounds, including a pickup truck, panel delivery truck, and carry-all truck. (This would cover 1 ton, 3/4 ton, 1/2 ton, and smaller pickup trucks.)

Unless a special hazard exists that requires a slower speed, the following is the speed limit: 60 miles per hour in daytime and 55 miles per hour in nighttime if the vehicle is a truck, other than a light truck, or is the vehicle is a truck-tractor, trailer, or semi-trailer, or a vehicle towing a trailer, semi-trailer, another motor vehicle, or a house trailer of an actual or registered gross weight lighter than 4,500 pounds and a length of 32 feet or shorter, excluding the tow bar; 45 miles per hour if the vehicle is towing a house trailer of an actual or registered gross weight heavier than 4,500 pounds or longer than 32 feet, excluding the tow bar; 50 miles per hour if the vehicle is a school bus (55 miles per hour on interstate highways).

The important point to remember is that if you are towing a trailer, the speed limit is 60 MPH during daytime and 55 MPH during nighttime. This includes any size or type of trailer.

"Daytime" is the period from 30 minutes before sunrise to 30 minutes after sunset.

GTE announces new "888" toll free numbers

A second option for toll-free calling begins March 1 with the introduction of 1-888 telephone numbers. The 888 telephone numbers will supplement existing toll-free 800 numbers and also will be free to the caller.

The popularity of toll-free 800 numbers has nearly depleted its supply. Toll-free 888 numbers open up more than seven and a half million new telephone numbers to consumers and businesses.

Toll-free 800 number service began in 1967. By May 1993, there were approximately three million toll-free numbers in use. Usage doubled during the next two years.

Today, there are more than seven million numbers being used and only 700,000 combinations left.

GTE is one of the largest publicly held telecommunications companies in the world. GTE is also the largest U.S.-based local telephone company and a leading cellular-service provider with wireline and wireless operations that form a market area covering more than one-third of the country's U.S. population.

Momentum building for Texas FFA Endowment Campaign

Familiar to thousands of rural and suburban area Texans are the bright blue and gold jackets worn by young men and women who study the agricultural sciences in Texas schools. The jackets sport the emblem of the FFA, an organization that today is threatened by the ever-widening circle of federal and state budget-cutting.

The good news, however, is that FFA has many friends. They are now joining forces to develop an endowment fund that will preserve the structure of FFA for future generations of students.

Former FFA members, current and past teachers and students, and Texas agricultural leaders have signed on to broaden the funding base for FFA state leadership training, coordination of meetings, conventions, seminars and contests, and scholarship funds.

Durwin Hill, executive director of the Texas FFA Foundation and statewide coordinator of the endowment campaign, reports that more than 60 percent of FFA chapters pledged to underwrite the foundation's current budget. Cash donations, some as high as \$10,000 have helped launch the endowment campaign. Contributions in varying amounts, plus vehicles, farm equipment and other donations that can be raffled or sold have pushed the total toward the eventual goal of \$500,000 for 1996.

Momentum is building, and it could not happen at a more critical time in FFA history.

"It's really a simple story," said Hill. "State and national funds have been significantly downsized." In the case of FFA, core program responsibilities that were carried out in 1985 by 16 professionals and eight staff support personnel must be provided now by four professionals and one half-time support person.

"There is no reason to believe that the budget cuts will stop at current levels," Hill said.

Early contributions and pledges to the endowment campaign reflect an understanding of the dilemma, and a serious commitment to help by those who already know FFA or have participated in it.

The letters FFA once stood for Future Farmers of America. With the technology revolution in agriculture, fewer farmers are needed to grow food for the rest of the population. Today's FFA, however, continues to prepare students for careers in agricultural science. Even students who choose careers

outside of agriculture say the hands-on skills they learned in FFA are valuable to them. In addition, the emphasis in learning and practicing FFA traditions of personal responsibility, productivity and community-building, is attracting growing numbers of parents and students who are participating in FFA chapters in suburban Texas.

"Parents would rather have their youngsters learning about the environment, our food and fiber system, and problem-solving and leadership skills than to have them hanging out at the mall," said Elvin Caraway, a past state and national FFA officer, attorney and FFA Foundation board member.

Interest from the permanent endowment fund will be spent in two ways, Hill explained. It will fund the support staff needed to carry out Texas FFA activities. This includes the state convention, state office, coordination, leadership training, career development and the Texas FFA magazine. The funds will also be used to continue and expand the FFA scholarship program.

"For the students and teachers who've experienced FFA, it is difficult to imagine education in Texas without a significant role for the organization," said Hill. "Make no mistake, current funding will eventually disappear, and if we are not ready with the endowment, FFA as we have come to know it will cease to exist."

To help build a strong Texas FFA for future generations of our young people, send your contribution to Texas FFA Foundation; 614 E. 12th St.; Austin, Texas 78701 or call 512-472-3128 to find out how you can become a volunteer. Contributions are tax deductible to the extent allowed by law.

Tri-County Genealogy Society changes date of trip

The trip to the Lawton LDS Library for the Tri-County Genealogy Society has been changed from March 26 to the first week in February. Once the library approves the visit a definite date will be set and more details will be released.

Those desiring more information or reserving a seat on the trip may call Clara Brown at 817-474-3288.

Vera News

by Mrs. Thelma Coulston

Ward Brooks of Wichita Falls visited Sunday in the home of his aunt, Edith Beck.

Mrs. Lometa Doss and Mrs. Dixie Peacock of Red Springs were business visitors in Vernon Tuesday.

The Friday evening supper was held at the Community Center March 8. It was a Pot Luck dinner and the hostesses were Wilma Ruth Feemster, Edith Beck and Wilma Beck. Others brought a covered dish and all enjoyed visiting.

A donation has been made to the Cemetery Association by J.L. and Joyce Trainham in memory of Cecil Dowd.

Memorial services for Barbara Kay Weiss Robertson of Dallas were held at the First United Methodist Church Saturday, March 2, at 10:30 a.m. Barbara Kay was reared in the Vera community and was the daughter of Paul and Teresa Weiss. She graduated from Vera High School in 1960 and among those attending the service were graduating classmates Floyd Brown, Gary Hardin, Peggy Jackson Woods and Barbara Kuchan Hodges; also school mates Gloria Webb, Carol Brooks, Ruby Jean Petty McPherson, Larry Dan Gore, Stanley Ray, Freida Brown and Bill and Melba Parham. She is survived by her husband, Jack of Dallas; two daughters, Tina of the Colony and Staci of Arlington; one brother, Gary Wayne Weiss of Carrollton.

Wayne and Jane Sutton were business visitors in Wichita Falls, Thursday.

Gaylon and Joyce Scott and Aleitha Beck returned home Saturday from a weeks tour of points of interest in the Texas Valley. They were members of a group on the Agape tour from Seymour.

Donations to the Vera Community Center in memory of Barbara Kay Robertson have been made by Joe Wayne Roberson, Claudell and Mary Bratcher, J.L. and Joyce Trainham and Harold and Edith

Beck.

Mrs. Carol Brooks of Floydada visited Friday through Sunday with her sister, Edith Beck. Also visiting in the Beck home was Peggy Woods of Longview.

Russell and Carolyn Beck of Lubbock and Edward and Cozette Marek, Jason and Christopher of Holliday were visitors with Mrs. Aleitha Beck Sunday where they celebrated Carolyn and Jason's birthdays.

LOCAL NEWS

Norris and Sandy Morgan and daughter Kym of Fort Worth and Weatherford visited his mother, Lala Morgan, on Saturday. They also visited part of the Gerald Morgan family. They visited other friends and relative by phone and his brother Melton while traveling home.

Letter to the Editor

Dear Editor,

I am doing family geneology and would appreciate any information on the following families:

Lanes, Alexander C. and, wife, Frankie A.

Their children were Nancy A., Joseph W., Mary J., Noah S., Virgie Emly Bell, and Clerrisca Arminda.

I would also like information on the Howrys, James Monroe and wife, Elizabeth Jane Pate.

Their children were William Fate, Nealie Monroe, F.M., Minnie Bell, Mary Ellen and husband Thomas Higgins, Lillian, Franklin, and Ora May.

Please send information to: Rayma Lou Edgar, 2304 Sha Lane, Brackenridge, Texas 76424

Thank you.

Sincerely, Rayma Edgar

We received a letter this week concerning the Democratic Party Primary which we were not able to print. It is a policy of the Munday Courier, as with most other newspapers, to publish only 'Letters to the Editor' that are signed. We regret any inconvenience to the writer of the afore mentioned letter and we will consider printing the letter should we receive a signed copy.

Thank you.

Cynthia White, Editor

Local students participate in literary meet

Students from Munday Junior and Senior High School participated in the Stamford Invitational Literary Meet held on March 2.

Students participating in Ready Writing were seventh graders Jennifer Carden, Will Longan, and Jenny Ramirez. Eighth grade students Mandi Myers and Lane Murphy also participated in this event with Lane taking fifth place. Angie Stone represented the ninth grade and Lanesa Wilson represented the eleventh grade. Haley Hutchinson was a senior participant.

In Current Issues and Events, senior Haley Hutchinson competed and placed sixth.

In the Journalism division seniors Robin Bowen and freshmen Angie Stone and Adam Quintero competed in the Editorial event.

Senior Robin Bowen took sixth place in the Headline event with Freshmen Ranea Maston and Julie Patton also competing.

In the News category freshmen Julie Patton and Ranea Maston competed along with senior Michelle Phillips.

Freshman Ranea Maston took third place in the Feature writing category with freshman Angie Stone and junior Mindy Zeissel also participating in this event.

There is nothing so consoling as to find that one's neighbor's troubles are at least as great as one's own.

-George Moore

Delta Kappa Gamma elects new officers

The Beta Chi Chapter of Delta Kappa Gamma Society International met Sunday, March 3 at 2:30 p.m. in the home economics department of Rule High School. President Vida White called the meeting to order and Mary Martin gave the invocation.

Betsy McManamon introduced Bob Baker of Haskell who is a computer consultant for several area schools. He spoke on "Literacy-Computers in the Classroom" and used humor to tell the group that it was necessary and important to learn all they could about computers and technology. He said the home computer selection should depend on what it would be used for and admitted that even he feels overwhelmed at times with the options available through computers.

Secretary Betsy McManamon read the minutes of the previous meeting and the chapter voted on the new slate of officers for 1996-1998. These are as follows: President, Maribeth Williams of Knox City; 1st Vice-President, Lillian Hicks of Rochester; 2nd Vice-President, Glenda Drinnon of Haskell; Treasurer, Sherry Hacker of Knox City; Corresponding Secretary, Kathyeleen Bowen of Munday; Recording Secretary, Judith Burnett of Munday; and Parliamentarian, Vida White of Rule.

President White read recommendations for membership and the group voted on these recommendations.

Christie Stapleton presented the Red Rose Salute to Wanda Thompson, teacher in Haskell. The Beta Chi Birthday Salute was presented by Cheryl Urbanczyk of Munday and Janice Vacek and Sherry Hacker of Knox City.

50 year Delta Kappa Gamma membership certificates were presented to Rozelle Wilkinson of Haskell, Grace Mullen of Aspermont, and Willie Geer of Rule. 25 year certificates were presented to Dorothy Myers, LaRue Reeves, and Ann Therwanger all of Munday.

Mary Martin led the group in the Delta Kappa Gamma song and the meeting was adjourned. Members enjoyed delicious almond and strawberry cake and beverages served by hostesses from Rule and Rochester.

SOPHOMORE JONATHAN REAGINS, SENIOR ZAN DONOHO, JUNIOR ROBBY VAUGHN, AND JUNIOR GERALD TAYLOR were recently named to the All District Basketball team.

ALL DISTRICT BASKETBALL TEAM MEMBERS junior Mindy Zeissel, sophomore Jennifer Yates, sophomore Ambra Welch, and senior Lori Clem are all smiles after learning of their recent honor.
