Resurrected Hospital In Better Shape For New Year

Knox County Hospital administrator D.L. Stout recently made some announcements concerning the condition of the hospital as the new year begins.

"Knox County voters refused to let their only hospital stay closed," Stout commented in preference to his statement. "Taxes were increased and the doors were reopened on September 1, 1987." He also referred to a quote, "Saved from the grave by the community it serves" which was published in a recent article about the county hospital in a nationally distributed publication, "The Healthcare Financial News."

Stout said the hospital's condition is much better going into 1988 than it was in September because the facility is now approved by Life Safety Code, approved by Medicare and Medicaid, licensed by the State Hospital Board, the State Pharmacy Board and the State Health Department and is a member of the Texas Hospital Association.

The hospital's governing board of directors for 1988 includes W.R. Baker, president; Vernal Zeissel, vice-president; Jerry Williams, secretary; Ray Lynn Hardin, Ber-

nard Brown, Benny Grill and Greg Clonts.

The hospital's chief of staff is Dr. N.D. Neufeld, D.O. Aspirations for 1988 include the placement of a new physician in Knox County.

Stout said Dr. Grant Craig, M.D., may be that physician. Dr. Craig has been to the county to investigate the hospital, clinic facilities, school systems and other aspects of life in our rural community, and is showing a strong interest in the county. In fact, Stout said, he is contemplating moving with his wife, Beth, and son, Nathan, from Wichita Falls to Knox County. Dr. Craig comes highly recommended by former local physician Dr. R.G. Howell, under whose tutelage he is currently serving.

Dr. Craig will be covering the hospital emergency room to relieve Dr. Neufeld on some weekends. This month, Dr. Craig will be on call duty at the hospital from 6 p.m. Friday, January 15, until 10 p.m. Sunday, January 17. Dr. Neufeld will continue to cover the ER every day except on the days when he will be relieved by Dr. Craig. Dr. Neufeld's office is open six days a week, and his patients are asked to use his time wisely and only use the hospital emergency room in true emergencies.

"Considering these circumstances and the past adversities already overcome, the prospective condition of the hospital appears to be greatly enhanced and we are looking optimistically towards the new year," Stout concluded.

Skeletal Remains To Be Dated At A&M

Knox County sheriff Gene Nix says many persons have asked about the bones recently discovered on a ranch near Knox City. After learning that area colleges were not interested in the skeleton, Nix was surprised to receive a call from a representative of Texas A&M University.

Dr. Michael Bradle, a forensic anthropologist for A&M who is working in Graham, came to Benjamin recently to take the bones back to the college. He will carbonate the samples to determine their age, preserve the bones chemically and send them back to Knox County.

Nix said the anthropologist confirmed that the bones are at least 100 years old and he estimated, at a glance, that they belonged to someone 25 to 35 years of age at the time of death.

INS Clarifies I-9 Form Filing

The Immigration and Naturalization Service (INS) has made a further clarification regarding I-9 form recordkeeping (employee documentation) for producers of perishable commodities.

An earlier interpretation was that I-9 forms need not be filled out for persons hired in the production and harvesting of perishable crops until December 1, 1988. This interpretation has now been somewhat modified, points out Dr. Richard Edwards, economist with the Texas Agricultural Extension Service.

"Producers of perishable crops will not be penalized for hiring production and harvesting persons who cannot present proof that they have the legal right to work in this country," notes Edwards. "This is not a change from the earlier interpretation; the change relates to filling out and filing an I-9 form."

According to the INS, perishable crop producers must fill out an I-9 form within three working days and ask for qualifying documents. If documents are presented, the I-9 should be completed. If acceptable documents cannot be produced, the employer simply writes SAW (Season Agricultural Worker) on the I-9 form.

When the employee obtains an employment authorization card, it must be shown to the producer, who then should complete the previously incomplete I-9 form.

"This process is to continue until November 30, 1988," says Edwards. "At that time, no persons should be hired unless they can present proper employment documents."

Cagers Looking For Wins In District

The holidays weren't particularly pleasant for members of the Mogul and Moguette basketball teams, as the squads took on a total of ten teams, with only two games resulting in Munday wins. But both coaches were expecting things to look up this week, as district play began Tuesday night in Benjamin. The Moguls will play in Seymour Friday night.

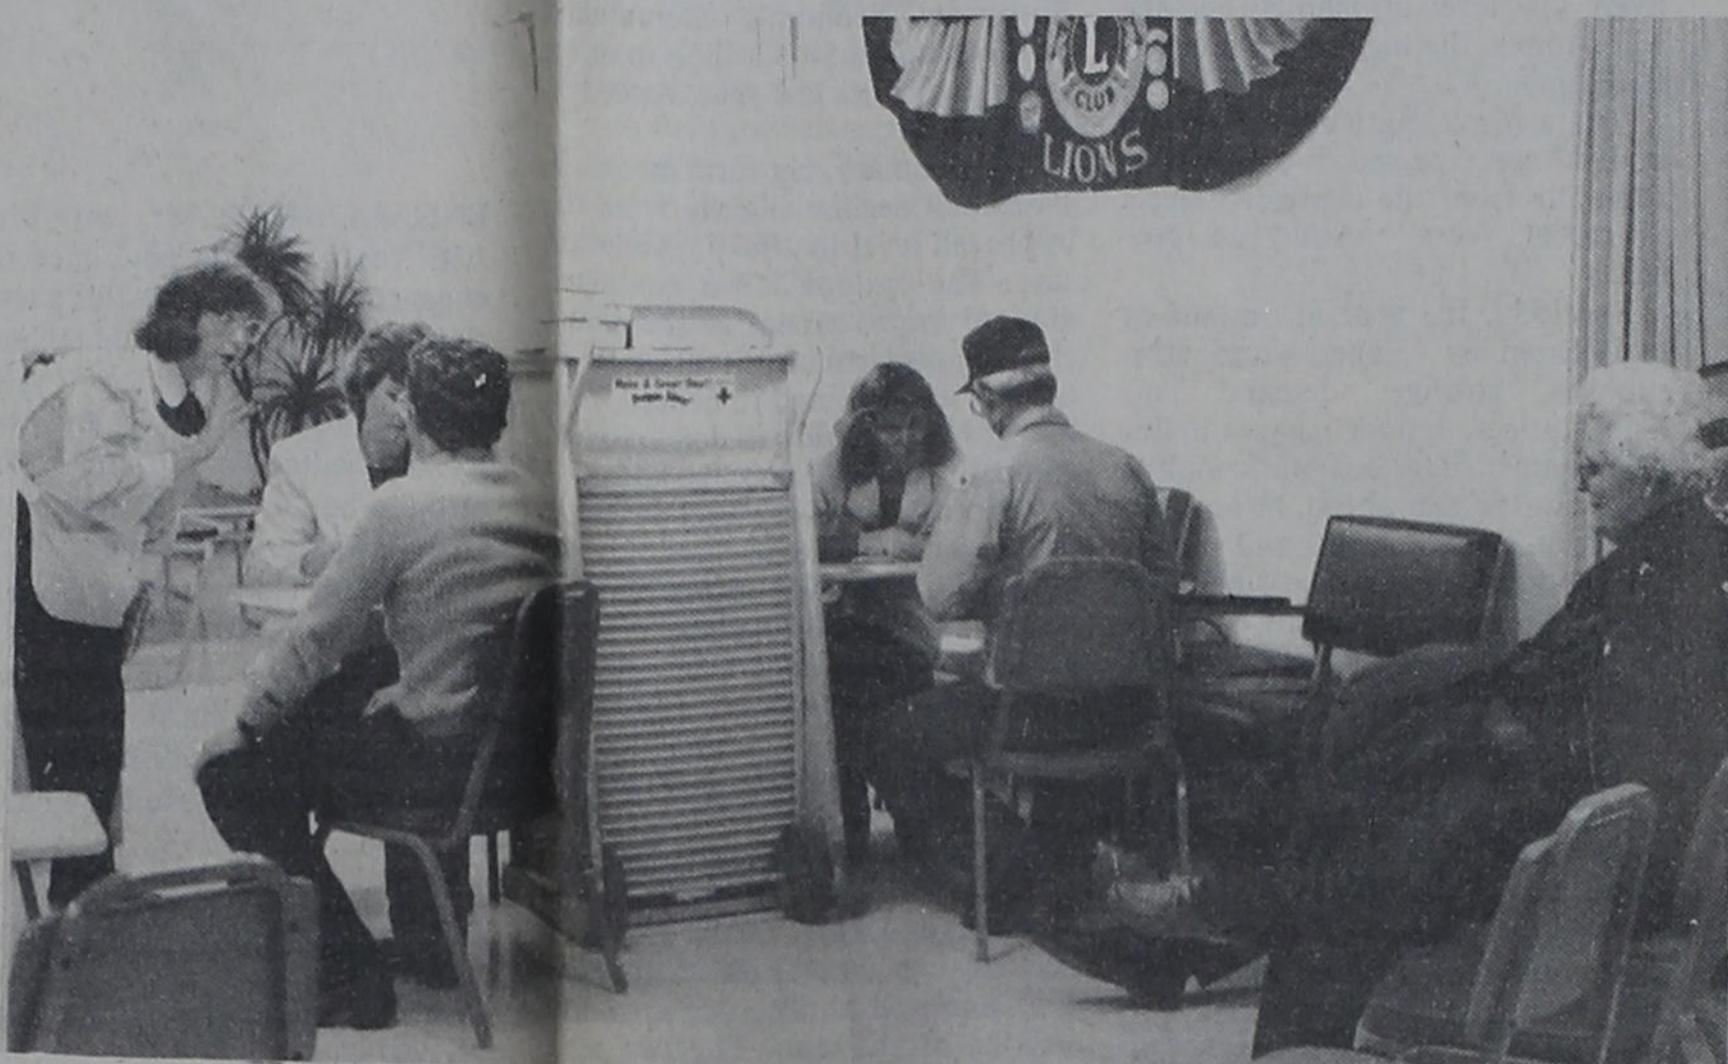

Competing with Munday in the district are Knox City, Goree, Benjamin and Weinert. In the girls' race, Munday, Knox City, Goree and Benjamin appear to be closely matched, and Munday and Knox City should fight it out for the top spot on the boys' side of the slate. District play ends February 5.

When the local teams visited Paducah, the Moguettes suffered a 49-35 loss in a game that was close until the last five minutes. The JV Moguettes also lost, 18-13. It was the second match in a month for the Moguls and Dragons, only the sports were different. Paducah, defending state basketball champions in Class A, handily achieved revenge for Munday's win in the quarter-finals football game by defeating the cage Moguls 91-44, which is not any worse than the Dragons beat nearly everyone else. Paducah's JV boys made it a clean sweep.

Munday took on Stamford on December 29, and the host teams again took a four-game sweep over their opponents. The JV Moguettes lost 36-17, while the varsity team went down 55-38. The Moguls dropped a 61-38 game to the Bulldogs, and the junior varsity also lost.

At the Olney tournament last weekend, the Moguettes fought hard before finally losing to the Bowie junior varsity 48-40. The Olney varsity defeated Munday 65-33, then the Moguettes handed the Lady Cub second string a 48-28 defeat.

The Moguls notched a 50-30 win over the Olney junior varsity in the tourney behind Perry Collier's 20 points. Kent Sanders added 10. But the varsity Cubs proved to be much stiffer competition, beating Munday 69-54 before eventually winning the tournament over Seymour. Corey

PART OF THE PROCEDURE: Rev. Wayne Varnell and Mickey Jackson, with backs to the camera, go through the various steps of donating blood at Monday's Bloodmobile visit here. Waiting her turn at right is Margaret Hill. Donors must register, fill out a medical history form, have their temperature checked and a blood sample taken before they get around to the cots where blood donations are procured. It sounds more complicated than it is, and the entire procedure seldom takes longer than 45 minutes. Many local donors are very familiar with the steps, as they return time after time to donate blood.

54 Brave Cold Monday To Donate At Bloodmobile

Fifty pints of blood were collected Monday at the city's first Bloodmobile visit of 1988. A total of 54 volunteer donors registered, and four were deferred.

First-time donors were Phillis Urbanczyk, Lisa Booe, Tracee Herring and Marty Alexander. Earning gallon certificates were Carmen Munoz and Betty Kuehler, one

gallon; James Smith, two gallons; and Floyd Reed, four gallons.

Volunteers who helped with the Bloodmobile included Winters Matthews, Anita Hosea and Virginia Cary, who registered donors, Ernestine Dickerson, who distributed the blood bags, and trained personnel Betty Hamilton and Jeanie Duncan, who was a first-time volunteer. Canteen workers who served refreshments to the donors were Elaine Gulley, Marie Smith and Lisa Booe.

As usual, members of the Munday Volunteer Fire Department helped load and unload the Bloodmobile truck for the afternoon's operations. Helping with this job were Buford Berryhill, James Merrell, Freddie Caram, Spike Bryan, Mickey Jackson, Stan Decker and Henry Ramirez.

Providing food for the canteen were Lisa Booe, Evelyn Browning, Diana Bruce, Jinx Burnison, Mary Cartwright, Jean Collins, Tommie Crawford, Leona Elliott, Martha Andrade, Rosemary Bellinghausen, Jea Bradford, Bernice Carden, Dorothy Brown, Sue Bryan, Stella Caram, Donna Cypert, Janice Dutton, Cheryl Crawford, Zelma Harper, Waunita Bellinghausen, Cheryl Berryhill and Debi Sellers.

The Bloodmobile visit was coordinated by Latrace Lane, local volunteer chairman. All these people are to be commended for their volunteer efforts, and the 54 persons who came to give blood should be greatly appreciated by everyone in the community for their willingness to do a service for unknown hospital patients who may live because someone gave a few minutes Monday afternoon to donate blood.

Munday Lions To Clean Up Highway

Members of the Munday Lions Club are being asked to ignore the cold weather for a couple of hours for the good of their community. The Lions have scheduled another clean-up day on the two miles of Highway 277 just east of town for 9 a.m. Saturday, January 9, according to project chairman Mike Wulf.

The Lions are responsible for keeping this particular two-mile stretch of highway clean in compliance with the agreement they made with the Texas Department of Highways and Public Transportation's "Adopt-A-Highway" project. Unfortunately, this means the men have to get out and pick up litter on and near the highway during blazing sunshine and frigid winds alike, and they are due a big vote of thanks from everyone in the community for their willingness to provide this service.

March 8 Ballot Set For County

Knox County voters will decide only one contested race in Super Tuesday's Democratic primary March 8. But this important election should draw a big turnout, as voters will join others in the 50th Judicial District to pick a district attorney, in the 13th Congressional district to pick a representative and throughout the state in choosing a senator and presidential hopeful.

Knox County Democratic primary chairman David Counts said Tuesday that, when filing deadline passed, candidates for election in the county are:

Philip Homer of Munday, incumbent, commissioner of Precinct 3; Billy Gene Johnston of Knox City, incumbent, commissioner of Precinct 1; Oscar Mangis of Knox City, incumbent, tax assessor-collector; Bobby D. Burnett of Munday, incumbent, county attorney; Morris E. (Gene) Nix of Munday, incumbent, Randy Russell of Benjamin and Henry Dancer of Munday, sheriff.

Judicial district races include that of district attorney, in which Chad Williams, Tom Schrandt and Larry Evans are squaring off; and for district judge, a position sought by incumbent David Hajek.

No one filed for a county or judicial district race on the Republican ticket.

Firemen, Youths To Help Rehab Telethon

Firefighters from Munday and other Big Country towns are assisting the West Texas Rehabilitation Center with its 1988 telethon, which will be aired on January 9. The firemen will recruit young people for a door-to-door campaign in their community during the week of the telethon.

In Munday, children will work with the firemen on Thursday, Friday and Saturday, January 7, 8, and 9, for a Rehab Center fund drive. After they have gone house to house in this endeavor, the young people will receive prizes for their efforts, and the Munday fire department will be recognized for its dedication to community service.

The Junior Firefighters for Rehab program began in 1987 in Abilene and San Angelo to increase public awareness of the needs of the handicapped in the community - particularly the children. Firefighters are known for their help with worthwhile community programs, and because of their successful involvement in 1987, the program has been expanded to outlying communities this year.

The Rehab Center provides therapy and other forms of assistance for a large number of adults and children in the Big Country area, and it derives much of its budget from donations. When local youngsters participate in this door-to-door campaign, everyone is urged to give generously.

Goree Preacher To Visit Philippines

Rev. Wayne Varnell, pastor of the First Baptist Church in Goree, has accepted an invitation to do two weeks mission work in the Philippines. The invitation came from evangelist Tom Popelka in an effort organized by the Foreign Mission Board of the Southern Baptist Convention.

Rev. Varnell will be part of a team of ministers from the United States who will go to the Philippines to organize new churches at the end of January. Their work will include evangelistic rallies, Bible studies and organizing Christian groups into Baptist churches.

Members of the Goree church have expressed their views, in a churchwide business meeting and in the deacons' meeting last Sunday, that this is an opportunity for the church to participate first-hand in foreign missions.

Street Lights Used For BB Targets

Munday police chief Henry Dancer has alerted the Courier to a problem which has occurred in town since Christmas. A total of 20 street lights have been shot out with BB guns since the holiday. It is easy to make the connection that over-anxious youngsters have been doing some target practice with their new guns.

Security lights in yards cost some \$23 or more, and the city's residential street lights are priced at \$6.36, with an \$18 installation charge. Multiply this cost by 20, and it is obvious that the city is going to have to spend quite a bit of money to replace these lights - money that could be well spent somewhere else.

Youngsters and their parents are reminded that there is no safe place to fire a gun or any type inside the city limits, and that street lights are not approved targets for budding marksmen. This type of sport is better left to areas outside the city, and empty tin cans and dead tree limbs provide less dangerous targets.

No charges have been filed in the incident, which police are still investigating.

Two Moguls Named All South Plains

Two members of the Munday Mogul football team have come in for more post-season honors. Senior Anthony Stinnett and junior Lowell Hutchens have been named to the All South Plains team selected by a Lubbock newspaper.

Stinnett, who was named Player of the Year in District 5-A south, made the All South Plains team as running back and defensive back, and Hutchens was chosen as top Class A kicker in the area. He won the same honor in all-district selections, as well as being recognized as All-District guard and defensive lineman.

They are the sons of Mrs. Ida Jo Stinnett and Mrs. Bunny Hutchens.

BASKETBALL

(Continued from Page 1)

at halftime. They outscored us in the last quarter to win it, but I felt good that we were able to keep it close until near the end of the game. Angie Offutt had a good night. Our JV played a close game, losing by only five points. Jae-Jae Reneau did a good job on free throws.

The Stamford game was our first one after the holidays and we just had the blahs. Our shots weren't falling, and we only shot 44 times, which is not near enough. Kathy Wilde did a great job under the basket, grabbing 14 rebounds. Our JV played a better game than they did the last time we met Stamford.

Even though they were billed as the junior varsity, Bowie had three varsity players down on the JV team, and they were every bit as good as some of the 2A teams we've played. April Offutt had a good game, shooting 60 percent from the floor. We had a bad game against Olney, getting very few rebounds. Again, our shots just wouldn't fall when we had the opportunity to shoot.

We looked a lot better in our win over Olney's JV. We were probably playing kids our own age, since the majority of our players are sophomores and freshmen. Our press worked real well and everybody moved like they were supposed to. We did better on the fast break, too. Kathy Wilde had another good game with 10 rebounds. She's not afraid to fight for the ball. Everyone showed some improvement - they played together as a team, had a lot of assists and not as many turnovers.

Our most valuable player for the week is Mindy Myers, who had the most assists. Rebounder of the week is Kathy Wilde, defensive player is Angie Offutt and offensive player of the week is April Offutt. Alicia Cook started in some of our games and gave a real good effort.

I'm optimistic about our chances at the district title. The other teams have very good records, but they have not played the tough competition we have, and I think those tough games will pay off if the girls will just keep a good attitude. I think we have a good shot at winning district.

Outlook Is Fairly Bright For Agricultural Families

The agricultural outlook for 1987 remains fairly bright, according to an economist in marketing with the Texas Agricultural Extension Service.

"Texas farm and ranch income will continue to be supported by strong cotton and cattle prices and sizable government payments," says Dr. Carl Anderson. He emphasizes that moderate inflation and a relatively low level of planted acreage will dampen the increase in production expenses.

"As a result, agricultural incomes in 1987 are expected to be up substantially from the depressed levels of recent years," Anderson predicts.

For 1988, the general outlook is highlighted by smaller world crop supplies, stronger demand and higher prices. Larger meat supplies will dampen livestock and poultry prices for the year ahead, he notes.

"Most Texas farmers and ranchers likely will experience stable income in the New Year. Lower prices for beef cattle, pork, poultry and cotton may about offset slightly higher prices for wheat, soybeans, corn and rice," Anderson says.

In the coming year, U.S. farm exports are expected to increase moderately because of low and competitive prices. The weaker dollar also will boost sales, the economist predicts.

He notes that farm financial stress is easing somewhat with improved incomes, lower land and capital costs. In addition, the downturn in farm land prices is beginning to show signs of stabilizing.

"The structure of agriculture continues to change in the direction of fewer and larger commercial farms that are integrating with supply and processing firms to increase efficiency. The result is higher and more stable income per family," Anderson says.

Many part-time farmers remain who derive most of their income off the farm. These families are seeking a rural lifestyle rather than farm income, in most instances. The result is fewer middle-sized farm operations, the economist adds.

Anderson adds that a modest increase in food prices of 2 to 4 percent is in prospect for 1988. Large meat supplies will probably dampen food price gains, he notes.

U.S. farmers are idling 70 million acres, and as a result, input sales have fallen sharply. Farmers are using cash flow to pay on debt, rather than purchasing inputs. Sales of manufactured inputs are down

about 30 percent from the peak, due to the idled acreage, Anderson says.

Layoffs and plant closings in recent months have led to a rapid consolidation of input and processing industries. Exports of broilers, flour, soybean products, meat and other value added products have dropped sharply because of highly subsidized sales of these products by many foreign competitors. The European Economic Community paid out about \$8.5 billion in direct export subsidies last year, Anderson reports.

"In summary, net farm income in 1988 may decline slightly from the improved level in 1987," Anderson says. The outlook is for continued gradual improvement in the global crop supply-demand situation. U.S. exports are expected to benefit from the growth in global demand and competitive U.S. prices, he adds.

"World animal-product output is expected to increase modestly in 1988, with expanded output of poultry and pork offsetting less beef and veal," Anderson says.

Lions Honored For Long Membership

Munday Lions Club members Bob Brown and E.B. Littlefield were honored at Tuesday's weekly meeting of the club. The two men received chevron awards for 35 years of membership in the nationally known organization.

Other longtime members recognized were Richie Smith, W.H. Bellinghausen and J. Weldon Smith, who have been associated with the Lions Club 20 years. Marion L. Waggoner and Bobby D. Burnett each received awards for 15 years of membership, and Gary W. Schur earned a ten-year membership award.

Brown and Littlefield are charter members of the Munday club, which was organized in February, 1953. Since then the organization has been responsible for many charitable projects in Munday, and members strive to help and improve their community. The Lions Club is probably best known for its annual sale of items made by blind and handicapped workers, and is also involved in the state's "Adopt-A-Highway" anti-litter campaign.

Baker Appointed Republican Chairman

Bill Baker of Knox City is a candidate for chairman of the Republican party of Knox County. His name will be on the ballot in the Republican primary March 8.

Baker, retired superintendent of Knox City schools, was recently appointed chairman of the Knox County Republican party by the executive committee to fill the vacancy left by the resignation of Clara Brown of Truscott. Prior to his appointment as county chairman, Baker was a Republican precinct chairman. He will be in charge of Republican primary preparations for "Super Tuesday" in Knox County.

Mrs. Brown served as county chairman from 1984 until her recent resignation. She will continue to serve as Bush chairman for Knox County and has filed for a place as Republican chairman of Precinct 2, Truscott.

THE TREE'S DOWN. Ornaments boxed. Christmas has been packed away for another year.

Wait a moment. I'm not through with Christmas. Nor should you be. Anyone who finishes with Christmas in a day, or even a week, didn't begin with the real item. Mary, the mother of Jesus, didn't box the baby and wait for his first birthday. Reflecting on the mystery that had illuminated her life, she "kept all these things and pondered them in her heart." Mary is our example for the deep meditation which Christmas should inspire.

Christ's birth should send us back to our work with new zest. God is with us. Christmas continues.

How was your Christmas? Per-

haps I should ask after several months. By that time you will have meditated on Christ's meaning to you. You will have returned to work. And you will have exercised your trusteeship of Emmanuel.

See you next week and may I wish each of you... a merry continuing Christmas!

Dana Haynie Is December Tech Grad

Among the 1,300 degree candidates taking part in the December graduation ceremony at Texas Tech University was Dana Haynie, a former Munday resident and graduate of Munday High School.

Mrs. Haynie received a bachelor of business administration degree in accounting, graduating magna cum laude. During the ceremony, she was recognized as the top December graduate of the college of business.

While attending Tech, Mrs. Haynie was a member of Beta Alpha Psi and Beta Gamma Sigma. She was included on the National Dean's List and received the national collegiate business award.

Her husband, Andy, son of Mr. and Mrs. Gene Haynie of Munday, their children, Andrea and Jason, and her parents, Robert and Valera Hertel of Munday, attended the commencement exercises. Others present for the occasion were Rick, Dee Ann and Kristin Annett and Danny and David Hertel, all of Denton.

Mrs. Haynie has accepted a position with Coopers and Librand in Midland, where the family resides.

Locals' Granddaughter Becomes Bride In Louisiana Ceremony

The marriage of Miss Suzanna Kit Lemley and Marcel Paul Fournier was solemnized Friday, December 18, during a seven o'clock candle-light ceremony at the First United Methodist Church in Houma, Louisiana.

The bride is the daughter of Mr. and Mrs. Jerry Lemley and the granddaughter of Mrs. Dorothy Putnam and Mrs. Edna Lemley of Munday. The groom is the son of Mr. and Mrs. Paul Fournier Jr.

Revs. John Winn, Carol Cotton Winn and Gerald Hays officiated at the double ring ceremony which saw the bride given in marriage by her father.

She was attired in a gown of ivory organza. The bodice of pearly Alencon lace featured a Queen Anne neckline and leg-o-mutton sleeves. The straight skirt flowed from a Basque waist into a cathedral train adorned with Alencon lace and seed pearls. The bride's headpiece was a Juliet cap of Alencon lace with pearls which held a fingertip veil of silk illusion. Her bouquet was a cascade of roses and stephanotis.

Serving as matron of honor was Dawn Bourg. Bridesmaids were Belinda Boni, Kristi Jordan and Annette Fournier. The attendants were dressed in burgundy moire gowns featuring strapless bodices and straight skirts with puffed peplums. Long gloves of moire completed their ensembles, and they carried mauve poinsettias tied with burgundy and mauve velvet cord.

Joey Foret was best man, and Luis Liana, Jody Bourg and Jerry Pitre were groomsmen. Glen Jordan and Melvin Fournier ushered guests. The men all wore black tuxedos.

A reception was hosted by the couple and their parents at the St. Louis Parish Center following the wedding. Guests also attended a Cajun-style dance later in the evening.

The new Mrs. Fournier is attending Nicholls University in Thibodaux, La. Her husband is a graduate of Nicholls and is employed by the Terrebonne Parish school system.

Wax On Produce Not Harmful

Which would you choose -- a bright, shiny orange or one with a dull matte finish? The average consumer will choose the shiny orange which is one reason why more varieties of fruit and vegetables are being waxed before they reach the market. Marilyn Haggard, a food marketing expert with the Texas A&M University Agricultural Extension Service, says that over 20 varieties of fruits and vegetables, including apples, cucumbers, eggplants, citrus, sweet potatoes and tomatoes, are waxed. "In spite of the fact that people like the look of waxed produce, we also get questions about its safety," says Haggard. "Like other food additives, food waxes made in the U.S. have been tested and found safe by the Food and Drug Administration."

★ Weinert News ★

By Mrs. Myrtle Pheaster

When the last holiday house guests left the premises, a sigh was heard all over town. The washing machines started, the trash was collected, and eventually order returned to each household in Weinert! Happy holidays were over.

School got off to a good start for winding down the first semester, as teachers and students look to mid-term tests next week.

District basketball games start this week as the Bulldogs face Goree Friday night here at 6:30 p.m. You will want to see these students in action, so come and eat at the seniors' concession stand and enjoy a visit with neighbors as you watch.

In case you have not heard, our community was without water and electricity a few days during the holidays, due to the severe ice storm that broke the power lines. We do depend a lot on Reddy Kilowatt! We suffered no serious illnesses or injuries because of it, but it brought back memories of water buckets, "path" rooms and kerosene lamps.

Sales of wood-burning stoves soared and total electric homes lost favor as many sought gas jets almost forgotten and borrowed a neighbor's extra heater.

Thelma Boone, as did others, spent a day visiting friends and sharing their fire, when she, Judy and Brenda, came into town to visit Kathi and Lester Hutchinson's family.

"Cold turkey" meant just that, as cold turkey sandwiches joined the menu of other cold cuts served as holiday fare. The cook had a leave of absence from the kitchen if an electric stove was her only means of cooking.

Many of our residents missed the ordeal as they were out of town. Raymon and Bernice Mathison spent several days in Houston with their daughter and grandson. They attended a ballgame at the Astrodome while there.

Marvin and Myrtle Pheaster spent several days in Harlingen with their daughter's family, Lola and F.D. Williams, who had all five of their children, with 6 grandchildren, home to make merry!

Our out-of-town visitors included:

Larry and Linda Sanders, Lynette and Robert, of Los Alamos, N.M., who spent several days in the home of his parents, R.S. and Betty Sanders. They shared some time with Linda's family, Mr. and Mrs. Bill Griffis of Paint Creek. Other guests of the Sanders' were their daughter, Janice and Randy Boatright of Brady.

Mr. and Mrs. Bill Harlan, with

their daughter, Mr. and Mrs. Chuck Rogers, all of Houston, were here to spend New Years with their parents, Mr. and Mrs. J.T. Alexander.

Dara Bruggeman and her sister, Francis Moeller, entertained their brother, Mr. and Mrs. Ernest Moeller of Haskell on New Years. Mrs. Effie Solomon was also present for the day. Larry has not found the owner of the bird dog who came to their home, but the bird dog found Larry's chicken house and mistook the chickens for birds. Anyone need a dog?

Justin and Rance Parrott of Wichita Falls spent the New Years holidays with their grandparents, Doris and Jerry Walker and Barry. Doris was in Lubbock last week to visit her mother and her brother's family who reside there.

J.T. and Florence Alexander spent a week in McKinney with their son's family.

Alton and Mildred Sanders were in Abilene and spent several days at the bedside of their granddaughter, Amanda Sanders, who was hospitalized with hepatitis. Amanda is the daughter of Jerry and Joyce, who reside near Merkel.

Donnie and Debbie Crump, David and Tabitha, were in Hurst recently to visit her sister there, and also her parents who came up from Edinburg. The Crumps attended Donnie's high school homecoming at Midway High School on January 1 and spent some time in the home of his parents in Blue Grove.

Dacia, Joseph, Deshea and Geoffrey Pheaster of Haskell spent New Years with their great-grandparents in Weinert.

Other out-of-town guests were Mr. and Mrs. David Pheaster, Greg and Marcus of Wimberley.

Lem Mahon has returned to Mineral Wells after spending the holidays with his parents, Mr. and Mrs. Leonard Mahon and Donald. Other guests in the Mahon home were their daughter, Mr. and Mrs. Scott Saddle and daughters.

Ted and Faye Jetton had 4 generations of their family home for New Years: Mr. and Mrs. Donald Stafford and Mr. and Mrs. Anthony Stafford with Travis Don of Denton, Mr. and Mrs. Earnie Frantz with Jana of Dallas; Mr. and Mrs. Brett Frantz and Amanda of Early, Mr. and Mrs. Claude Young with Jody of Holliday; and Paul Maturi of Memphis, Tennessee, a friend of Jana Frantz.

Ruby LaRoque of Odessa with her young grandson, Justin, was here to visit her mother, Frances Mahan.

Kerry and Darlene Therwhanger of Megargel were in town to visit her parents, the Dale Carrolls.

The Roy Pheasters had all their children and grandchildren home for the holidays, and they all attended worship services at the Church of Christ where Roy serves as minister.

Our sick are recovering from colds, flu, the "bug", and are readying for the predicted arctic front coming our way.

We extend heartfelt sympathy to Gracie Griffis and her family on the death of her mother, Mrs. Reid, formerly of Rochester.

Visiting Lala Morgan during the New Year's holidays were Mr. and Mrs. Dennis Morgan of Manor, Mr. and Mrs. Melton Morgan and girls, Mr. and Mrs. Gerald Morgan and boys, Mrs. Ursel Phillips and Otis Spann, all of Munday, and Mr. and Mrs. Norris Morgan of Ft. Worth who also visited her parents, Mr. and Mrs. Joe Morrow.

ENGAGEMENT ANNOUNCEMENT: Judy Gilbert of Seymour and Joe Wade Gore of Venus announce the engagement and approaching marriage of their daughters, (at left) Kandy Annette to Ricky Don Allison, son of Mr. and Mrs. V.H. Allison Jr. of Seymour, and Sherrie Dawn to Stacy Wayne James, son of Mrs. Phyllis Barrick of Seymour and Wayne James of Tyler. Stacy is the grandson of Mr. and Mrs. J.B. Booe of Munday and Mrs. Kate James of Knox City. Vows will be exchanged in a double wedding ceremony February 13 at the Seymour Country Club.

TAX CHANGES FOR 1987

Whenever you start preparing your income taxes this year, it won't be a moment too soon. With changes in the tax laws brought on by the Tax Reform Act of 1986, it may take extra time to figure out the forms and how much you owe or will have returned.

Here is a list of deductions you can no longer claim:

- *60% deduction for capital gains.
- *Dividend exclusion
- *Deduction for state and local sales taxes.
- *Deductions for qualified adoption expenses.
- *Deduction for a married couple when both work.
- *Credit for political contributions.

Extra exemptions for age and blindness are no longer allowed, but they have been replaced by the additional standard deduction. Also, income averaging is no longer an option.

But many deductions and credits are still available. You are allowed deductions for real estate taxes and personal property taxes along with credits for child and dependent care and care for the elderly or the permanently and totally disabled. Check IRS publications for other deductions that may apply to you.

Although deductions for state and local income taxes are also allowed, Texas has no state or local income taxes. However, if you lived

in another state for part of 1987, you may have paid state or local income taxes there which can be deducted.

With all the changes, filling out tax forms this year may seem more complicated. But help is available. The tax booklet sent to your home will include a form you can fill out to order information pamphlets and phone numbers you can call for help.

MEDICATION ADS CAN MISLEAD

When the advertisement says "our brand is the one hospitals use most," consumers may think that's a sign of quality. But since hospitals buy their drugs through competitive bidding, it's more likely a sign that this company sold their product as cheaply as possible to get the bid. In the drug store, you may pay a premium price for that brand. One brand of aspirin or acetaminophen is as good as another and you can save money by buying the least expensive brand.

Happy New Year! Maybe a few days late, but nevertheless a sincere wish from me to you. I hope everyone enjoyed their New Years weekend. Mine was a mixture of events, some very pleasant, others not so pleasant. Enrollment Period Open For Medicare Insurance

People who failed to sign up for Medicare medical insurance, or who once had this protection but dropped it, will have a chance to get this important protection during the 1988 general enrollment period, January through March 31, Frances Braden, Social Security representative in Vernon, said recently.

Medical insurance is that part of Medicare that helps pay for doctor bills, outpatient hospital services and many other medical items and services not covered by hospital insurance.

Protection for people who sign up during the general enrollment period will start July 1, 1988.

Medical insurance is financed by monthly premiums paid by those who have the protection and the federal government from general

revenues. Presently, the federal government pays three-fourths of the cost. The basic monthly premium in 1988 is \$24.80.

Generally, people who sign up during a general enrollment period may pay a higher premium, Braden said. This is because the premium is increased by 10 percent for each full year a person could have had this protection but did not.

More information about the medical insurance general enrollment period can be obtained at the Vernon Social Security office. Free publications are available there which give more information about medical insurance protection. The office is located at 1701 Cumberland in Vernon and the telephone number is 817-552-9346.

Recap Of 1987 Continues With Months Of Autumn

SEPTEMBER

School bells rang over Knox County, and Munday's enrollment increased somewhat. Football games began, and the Moguls, although struggling, notched wins over Haskell, Knox City, Archer City and Electra in their first month of play. A group of local youths formed the Community Life Involvement Council (CLIC) and has played a part in community affairs ever since.

Munday firemen hosted the 109th semi-annual convention of the West Texas Firemen and Fire Marshals' Association, but a disappointingly small crowd was on hand for the games and meal provided by the local department. Floyd Reed Jr. was elected president of the Brazos Valley Young Farmers. One of the businesses burned in the January fire, Haynie's Barber Shop, reopened south of the WTU building, and although it may lack the atmosphere of the decades-old shop that burned, the new shop is still a popular place for a haircut and a bit of discussion on the Moguls, the government, the farm crisis, the oil crisis and various other topics.

Another sport began gaining popularity in Munday, as the newly-formed Moguette cross-country team surprised everyone by winning their first two meets. Two eighth grade runners, Bridgett Beaty and Missy Reneau, did well at a 10K meet in Ranger.

As usual, Munday entries were among the winners at the annual Haskell County Fair, and S&L Apparel, a new Munday business, opened its doors in the former Munday Furniture location. The western store is owned by Sam and Lidia Tyra. Munday blood donors again reached their quota at the year's last Bloodmobile, and two local FFA's, Jeff Herring and David Wilde, hung on to grab calves at the West Texas Fair calf scramble. Joann Norman was named to fill the vacancy at the City-County Library, replacing Kathy Bowen.

OCTOBER

Moulton Wiggins was named drive chairman for the 1987 United Fund drive. The first Munday cotton for 1987 was ginned this month, and the Texas Education Agency announced that Munday students ranked high on the TEAMS exam. The Moguls defeated Seymour, then went on to take district victories over Rotan and Roscoe and Aspermont.

Goree residents celebrated the 11th school homecoming, with Glenda Mayo Cameron named coming home queen and Stacy Hutchens crowned homecoming queen. The Moguettes kept on winning in cross-country competition, taking an easy victory in the district contest held here.

Kandis Longan, Heather King, Lorin and Robyn Clem, Danette Owens and Anna Kay Kiser were Munday winners in the 4-H food show, and Kacy Longan and Robyn Clem were named Gold Star award winners in the senior and junior

divisions, respectively. Clara Owens of Truscott was named Extension clubwoman of the year, and Mary Groves of Knox City was sweepstakes winner at the Extension achievement day.

Munday Methodists had a harvest festival, and area churches slated fall revivals. Progress was made on the drainage ditch project to aid residents of the far north part of town, and huge crowds of thrill-seekers attended the spook house sponsored on Halloween by the Chamber of Commerce.

The Purple Cloud band put on its usual outstanding show at district and regional marching contests, winning both competitions to advance to state for the second year. Fourteen MHS bandmen were named to "Who's Who in Music." The Benjamin Mustangs edged the Goree Wildcats in the area's most exciting six-man football game, giving Benjamin sole possession of second place in the district behind Rochester.

NOVEMBER

A better-than-expected crowd of voters turned out early in the month to vote on a long list of amendments to the Texas constitution. The vote counts here pretty much followed the trend around the state except in the pari-mutuel gambling issue, which failed locally but passed statewide, leaving the door open for legalized horse racing in Texas.

The Moguls clinched the zone title with a win at Aspermont, then pounded Roby for a clean record in regular-season play. Fans filled the stadium at Seymour to watch the Moguls obliterate the Knox City Greyhounds, and a week later Sterling City fell before the big team. Baird was their last victim in the month, losing to Munday Thanksgiving weekend.

The Moguettes cross country team came in second at both regional and state contests, and sophomore Mindy Myers finished second in the individual competition at state. The band bettered its performance of last year at the state marching contest, qualifying for the finals at Austin, eventually being judged fifth in the contest. A downtown rally was held one afternoon to recognize the cross country and band students.

Alexis Bordovsky was crowned band queen and football sweetheart at the last home football game. Anthony Stinnett won football hero honors and Ronald Edrington was named band king. Danette Owens, Kandis Longan and Anna Kay Kiser took blue ribbons at the district 4-H food show.

The United Fund drive, under the leadership of Moulton Wiggins, hit 103 percent of the dollar goal for 1987, so local United Fund personnel won't have to scrimp on the budget this year. Several area organizations benefit from this agency. Several lucky persons received turkeys from Munday merchants in the annual Thanksgiving promotion, and nine sophomores were inducted into the MHS chapter of the

National Honor Society at the school's academic banquet.

Knox County was in the limelight when a portion of a human skeleton was found embedded in an exposed bluff on a ranch west of Knox City. The bones were estimated to be at least 100 years old. Walking enthusiasts walked for turkeys - and for their hearts - at the Heart Association turkeywalk.

DECEMBER

With 1988 elections only a few months away, county officials began announcing their candidacies. By the end of December, races were shaping up in the sheriff's department and the district attorney's office. Incumbent sheriff Gene Nix will be opposed by Munday police chief Henry Dancer and jailer Randy Russell, and Tom Schrandt, appointed to the district attorney position, has drawn Chad Williams and Larry Evans as opponents. Also on the ballot are county commissioners Billy Gene Johnston and Philip Homer, tax assessor-collector Oscar Mangis and district judge David Hajek.

In the match that had been the talk of the Big Country for weeks, the number one ranked Moguls and the number two ranked Paducah Dragons finally tangled at Vernon. The Moguls came out with a 17-14 win, then went back to Vernon the next week flat and tired, letting the Wheeler Mustangs get revenge with a relatively easy 18-0 upset. Wheeler won the state championship the following week over Bremond.

All-district teams were announced, and Munday dominated the 5-A south squad. Mogul coach Ron Steele resigned to become assistant football coach at Midwestern State University, and the local school didn't have to look very far to replace him. Former coach Jim Edwards resumed his duties as athletic director when school began this week.

Edwin Johnson won the in-shell pecan award at the Knox County Pecan Show. A.C. Tackitt was reserve champ in the shelling pecan division, and other awards were

won by L.D. Welch of Truscott, the Harold Becks of Vera and Michael McGaughy and Aaron Large of Knox City. Munday firemen and their guests celebrated the Christmas season with their annual party, and new officers for the department and the ladies auxiliary were announced.

Munday folks attended a holiday tour of homes and Christmas demonstrations at the WTU office and the homemaking department at the school. But bad weather forced Santa to stay at the North Pole instead of making his grand arrival at the long-planned parade. David Bordovsky was put in charge of the Texas A&M University Vegetable Research Station at Munday.

Alexis Bordovsky was named Miss Merry Christmas at the annual pageant, with Jae-Jae Reneau and Esther Escamilla as runners-up. MHS teacher Dan Sloan was appointed to a committee to develop a criteria for Texas teachers to reach level four of the career ladder.

What will 1988 hold? No one knows. But as far as it is within our power to control, let's all of us try to make this a good year for Munday, because what benefits the town benefits the people who live in the town. Let us mark the clean slate with civic-mindedness, with whole-hearted contributions and a spirit of cooperation throughout the community. And let us add good will toward our fellow man, a willingness to serve in whatever position we are needed and an increased appreciation of the freedom we take for granted to our recipe for a happy new year.

And finally, readers, please accept the wishes of everyone at the Munday Courier for your health, happiness and prosperity during the coming year. We appreciate you, and we hope you still stay with us through 1988 as we try to report the news and items of interest that make Munday a unique and unforgettable place in which to live.

Happy New Year!

Have A Nice Day!

Schrandt Files For Re-Election As DA

Tom Schrandt, district attorney for the 50th Judicial District, filed for re-election last week on the Democratic ticket. Schrandt was appointed to the position of district attorney in July, 1986, and voters of Baylor, Knox, King and Cottle counties elected him in November of 1986.

Schrandt moved to Seymour in January of 1981 and lives there with his wife, Michele, and 2 1/2 year old child, Michael. The Schrandts are expecting a second child at the end of February.

Schrandt is a 1976 graduate of Baylor Law School and went to Wichita Falls to serve at Sheppard Air Force Base and later as assistant district attorney and Wichita County attorney before moving to Seymour. Since he has lived in Seymour, he has been the Baylor County Attorney, the acting Knox County Attorney, judge of the 50th District and is now the district attorney of the 50th District. Schrandt has more than eight years experience as a prosecutor for the State of Texas. He is a graduate of the Career Prosecutors Course accredited by the National College of District Attorneys and attends various professional development courses and seminars each year in order to keep abreast of revisions of the law.

He has served the community as a member of the Seymour Volunteer Fire Department since 1982 and is an elder in the First Presbyterian Church in Seymour.

Christmas, New Year's Day and the ice storm are behind us. Sunday, the third day of the new year, was warmer, in the 40s. The northside drifts shrank a little more and through the afternoon ice chunks rumbled down northfacing roofs to crash landings. It was good to see a skyful of sunshine again after so many days of cold, gray clouds.

The students of the 70's open house planned for late in the afternoon of December 25 was lost in the snow, sleet and ice that fell that day...but maybe next year it will work out.

The first of the 1988 Grandma's Sunday Dinners will be served Sunday, January 10, at the Truscott Community Center, barring ice storms.

Paul and Ila Mae Bullion had planned to go to Plano for Christmas, but the weather changed their minds. Instead, they ate at home with Christmas guests Gail and Lee Whitley and Crystal and Rose Ann Riggs. Clara Owens was invited but decided not to chance the weather. On New Year's Day Murry, Shelley, Marek, Matthew and Carter Bullion of Plano came to Truscott for a delayed holiday get-together.

Randy Alexander and Wrenda Couthran of Abilene and Jamie Alexander of Carthage were New Year's visitors in the Patty and Sydney Alexander homes.

Harold and Carrie Barry spent Christmas in Seguin and missed the worst of the Christmas weather here.

The Louis Batys had Louis Lee Baty and Allen Baty and family over for Christmas. Then last week Lula and Louis visited Steve Baty and his family at Dumas. They came back to Gilliland by way of Muleshoe, where they visited Baty cousins Joe Farris and Barbara and Junior Matthews.

Visiting Vivian Brown over Christmas were Wayne and Laverne Brown of Blanco and Mary, Mac and Kim Harbour of Owassa, Okla.

Holiday visitors in the D.E. Burgess home were Randy and Kay White, Brian and Tracy, of Fort Worth. Wayne and Barbara Zeissel of Munday were hosts to the family at Christmas. The Burgesses spent the New Year weekend in Abilene with friends.

Much of Gilliland was out of electricity December 25 and 26. About 15 poles were down east of Vera, plus several poles were down near the Ronnie Simmons place. Truscott B-K Co-op customers had a power outage for a short time Sunday morning.

Kay Carroll's sister, Martha Wilham of Grapevine, and her husband, Ricky, and their children visited the Charles Carrolls through Christmas and the New Year.

Curtis Casey had visitors from Hawaii during the holidays. They were Rick and Linda McQuain and boys, Matthew and Brian, and her nieces, Jamie and Jenny Cheever. Linda is the former Linda Branum, whose father was Ralph Branum, once pastor of the Truscott Baptist Church. The McQuain family lives at Waipahu, Hawaii and her sister and family live at Allen, Texas.

Christmas Day Trenna and Kynn Patterson and Jason were hosts to a family gathering which included Edith and Jim Cash of Crowell, Mr. and Mrs. Lamoine Patterson of Benjamin, and the Kerry Cash family of Quanah and the Fred Cash family of Gilliland.

Francis and A.L. Cook spent Christmas Eve with the Jerry and Sherry Miller family at Merkel. Then the Millers and Cooks went to Mesquite for Christmas Day with Phil and Fred Cook. Francis said the weather was not bad in Mesquite.

Attending a Miller family reunion

at the Gilliland Community Center January 2, were Mr. and Mrs. Ronnie Campbell, Tad and Shelley, of Arlington; Faye and Morris Robertson of Red Springs and their daughters, Linda Cantrell and Evelyn Slaggle and their families; Wanda Beth Partridge and son of Arlington; L.D. and Lois Welch of Gilliland; Rhonda Miller of Stephenville; Mrs. Jody Miller of Gilliland; and Jerry and Kay Miller Hays of Abilene. Due to the weather, Ina Miller Jones of Denver City was unable to attend, but perhaps she can make the next gathering as everyone had such a good time that plans are already being discussed for another meeting.

The Don Daniel family had a big crowd Christmas day including Margaret's aunts, Ruth Stoker and Marjorie Yeager of Mineral Wells, and Duane, Jerry Bob and Michael Daniel and families. Since this included the six grandchildren, you can be sure that there was a lot of action at the Daniel home that day.

Mrs. Susie Turner of Amarillo wrote Margaret Daniel that she received and appreciated the card signed by all those who attended the Truscott Christmas community dinner.

The Whitleys started their holiday early with Christmas guests the Saturday before Christmas. Gail and Lee Whitley and Crystal hosted his three sisters' families. They were Kay, Donald, Donald Lee and Clint Miller of Guthrie; Pam, Charlie and Christopher Key of Shallowater; and Debbie, Roger, Krista and Timothy Mullenix of Littlefield.

Randall Hord of Odessa visited his parents, Darrell and Vula Hord, December 24-28. Their son, Jimmy, and grandson, Shad Hord, of Corsicana visited December 27.

The members of the Roy Daniel family held what is becoming their annual New Year gathering at the community center. Those attending were Roy Daniel, R.C. and Joan Daniel, Johnny, Janet and Lindsey Daniel of Grapevine; Mr. and Mrs. Robert Kubichek of Margaret; Edward Cheryl, Mark and Karen Daniel of Knox City and Richard of Dallas and three friends of the Daniel children; Buddy and Janice Tolson of Benjamin, Alan and Beverly Baty and son of Gilliland; Don and Margaret Daniel; Duane, Nancy, and Zane Daniel of Guthrie; and Jerry Bob, Eugenie, Colton and Becky Lee Daniel of Paducah. Mary K. Daniel had to work and was unable to attend.

Son Propps entered the Knox City hospital this week. Avis has remained at their home in Truscott.

The Truscott History Committee sold several copies of "Between the Wichitas" before Christmas and the Knox County Museum fund, part of the Knox County Historical Commission, had a good response to their advertisement for copies of the Knox County History. The Knox County History reserves are steadily shrinking, and for a good cause, since all profits will go to the county museum and archives project.

Glenn and Valoise McGuire spent Christmas at Waco with their son and his wife, Lewis and Carol McGuire and their two granddaughters, Susan and Angela. Other guests in the McGuire home at Waco were Elise Deffenbaugh of Arlington; Lori Cypert of Arlington and her son, Jason; and Terry Patterson of Arlington.

Visiting Clarence and Jody Miller at Christmas were their daughters and families, Mary Nell Hinds and Kay Hays.

Several Republican polling places will be open in Knox County for the Super Tuesday primary. *****
