KEEP MUNDAY MONEY IN MUNDAY

## Munday Merchants Support Firemen

### Liberal Contributions Made to Department Through the R. M. Association

Through the efforts of the Retail Merchants association of Munday a fund has been provided for the Munday Fire Department to be used in the purchase of fire-fighting equipment, such as rubber boots, raincoats and other paraphernalia, and the boys have been made to feel that their efforts are really appreciated by the citizenship of Munday.

Various plans have been adopted by the department in the past to secure funds to provide the equipment that is needed, but as some of these plans did not always work for the betterment of the town in general, a meeting of the Retail Merchants Association was called and it was decided that a list be circulated asking for contributions for the department, and that the fund was contributed to liberally as indicated by the list below:

## CHANNING POLLOCK GIVES HIS IMPRESSIONS OF "METROPOLIS"

Pollock, Author of "The Fool" Edited Film for American Moviegoers

Channing Pollock, author of such plays as "The Fool" and "The Enemy" believes that he has seen the first motion picture that will hypnotize the highbrows and enthrall the masses.

He doesn't express it that way, but that is the gist of his analysis of "Metropolis," a spectacular film produced by UFA which is being released in this country by Paramount.

After editing the production which reaches the Peoples Theatre next Monday and Tuesday, he said: "It is overwhelming. It has the greatest theme of modern times—a picturization of the present mad tide of our material progress as opposed to intellectual and cultural and spiritual progress. It is the most important subject today."

**Stimulating and Inspiring!** "But it has entertainment value. It is stimulating and awe-inspiring. It has the greatest quality of all true art; it can reach the masses by stirring their emotions."

When "Metropolis" reached this country it was much too long. Because of his experiences with stage productions and his known ability to make symbolism understandable and in-

## Old Fiddlers Will Hold Contest On Monday, December 5

The fourth annual Old Fiddler's Contest will be held at the city hall in Munday on Monday evening, December 5th, according to announcement made by U. R. Houser, who has sponsored the contest since it was inaugurated, and all old fiddlers who wish to enter the contest are urged to see Mr. Houser and make arrangements for a place on the program.

Substantial cash prizes will be provided for the winners in the contest, and already several of the old-time fiddlers have placed their names on the program, and this promises to be the greatest contest that has ever been held, which is saying a great deal for during the years in which these contests have been held some real old-fashioned fiddlers have participated in the contests.

Other features are being arranged to fill in on the program, and this promises to be one of the most enjoyable events of the holiday season, so begin making arrangements now to attend.

## County Hospital Paying Institution In Knox County

The County Hospital has so far proven to be a paying institution, according to D. C. Fritz of this city, a member of the board of directors, who recently met with other members of the board and took a look into the workings of the institution after three months of operation, and he declares that a most substantial earning has been shown by the institution to date, which he attributed to the capable and business like management of those in direct charge of the institution.

This announcement will likely be a surprise to many, who have predicted that the institution would not pay its way and would prove to be a leech on the finances of the county, and it is indeed gratifying to know that such is not the case.

## One Old Hen Turkey Represented Total Game of Mundayites

One poor and upkept hen turkey represented the total game that was bagged by a party of Mundayites composed of Palmer and Jennings Barton, Dr. Joe Davis and U. R. Houser who last week invaded the wilds of Gillespie county, and while we have it on good authority that Houser really brought down other game, he steadfastly denies the allegation and is inclined to defy the allegator, and we'll have to be content with reporting the lonely turkey hen, which was brought in by the party, prepared by Mrs. R. S. Barton and the entire party feasted on it on Sunday evening.

Interesting to the average audience Mr. Pollock was called on to work with Julian Johnson in cutting and titling it.

"I was overwhelmed at first," Mr. Pollock recently said. "The sets were so tremendous, the handling of the material was on such a vast scale that I could not grasp it. Then it dawned upon me that the rhythm of the machines, and the movements of the masses were the heart beats of men; that the pistons were pounding life out of hearts and that the machines were grinding out their souls."

"I remembered that Edison had once said: 'Scientific achievement has come about as far as it can for the present; it is time for the spirit and human culture to catch up.'"

"New York Inspiration" "I understand that Fritz Lang, the creator of this picture, conceived his idea when he first saw down-town New York. He went back to Europe intending to put on the screen a picture of where this vast pillar of buildings, this burrowing underground, this ceaseless hurry is leading our civilization. He accomplished something that would have been impossible with any other medium of art. He photographed the results of his imagination with no technical limitations.

"My problem was to interpret it, to make it understandable to large numbers of people."

## Joseph Decker Wins Five Blue Ribbons Texas Cotton Palace

Out of seven entries made in field grains at the Texas Cotton Palace Joseph Decker of route three, Munday, was awarded five blue ribbons, or first premiums, and we believe it will be difficult to find an exhibitor in any line who has won so consistently in the shows of the country as has Mr. Decker.

In the Texas Cotton Palace awarded first prize on milo maize—threshed, milo maize in show at Waco Mr. Decker was heads, black amber cane threshed, black amber cane in heads and red top cane threshed, while he was awarded third prize on his entries in peanuts and millet.

In addition to winning on his grains Mr. Decker shipped a pen of his Blue Andalusian chickens to the Cotton Palace and was awarded fourth place on his heavy-laying hen, notwithstanding the fact that she was in moult and in no condition for exhibition. This hen was entered in the egg-laying contest at the Texas A. & M. College last year and made a record of 217 eggs—and there are very few fowls of this kind to be found. In addition to being a heavy layer the hen is of excellent show type and won a number of first prizes in the leading poultry shows of the country as a pullet.

The Decker brothers—Joe and Frank—have made some excellent winnings on their products at the various shows and have convinced everyone familiar with their winnings that products of the Munday country will stand comparison with that produced in any other section, and they derive a great deal of satisfaction out of knowing that their products win in competition with the best, and in addition to the satisfaction their premium checks are not to be sneezed at, and more than repay them for their efforts in

preparing and shipping their products to the various shows in which they have exhibited.

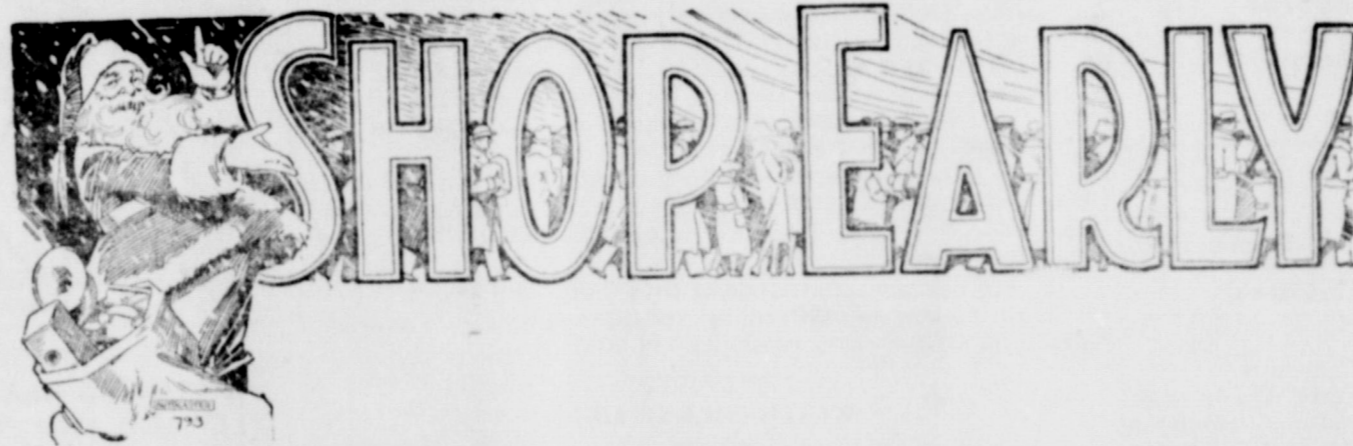

Mr. and Mrs. Walker H. Horn of Cleburne and Mrs. J. C. Coffman of Ft. Worth were weekend guests of Dr. and Mrs. G. A. Trott and left for home Monday morning. This was the first visit of these good people to Munday and they expressed themselves delighted with the town and surrounding territory.

## L. O. F. AND REBECKAHS TO HAVE OYSTER SUPPER

On Tuesday evening of next week the members of the Odd Fellows and Rebeckahs will have an oyster supper at the lodge rooms and all members of these orders are urged to be present, and a good time is being looked forward to by those in charge of the program.

Mr. and Mrs. F. L. Decker and little daughter, Genevieve, and Mrs. Decker's sister, Miss Ruth Swift, left Wednesday for Memphis to spend Thanksgiving with their mother, at which time thirty three members of the family will be present.

Dr. Frank Stone of Paducah and daughter, Mrs. Ruby Norman, of Memphis, Texas, were guests during the week-end of Dr. and Mrs. Arthur A. Smith.

To some people Christmas seems to come suddenly—without any warning—almost a surprise. These are the people who form the dense crowds on December 24—the frantic last-minute shoppers. Fortunately—each year—an increasingly large number of people really heed the annual warning—"Do Your Christmas Shopping Early." For one thing, they have learned that anything worth doing at all—is worth doing well. They have learned that gift giving is a fine art, worthy of time and care and intelligence. Therefore they plan their shopping—choosing with fine tact and taste the gifts most suitable for each friend and relative.

This is a much more sensible plan for all of us. Isn't it better to shop at leisure and in comfort rather than to shop later in haste and in discomfort. The stores are now ready with stocks of new merchandise. New toys—new books, novelties of every kind. For those who choose practical gifts, the new styles in clothing and furnishings for men, women, boys and girls are ready for selection. In furniture stores, at the jewelers—shopping may now be done with plenty of time for thoughtful consideration of each purchase.

At the radio dealers—at the gift shops—at the music stores—on motor row—one may now select important gifts with due regard for proper selection and Christmas delivery. Won't you this year be numbered amongst the early Christmas shoppers? It is the best way, really. You'll enjoy shopping now and your selection of gifts will be better, too. Remember the postal clerks. Mail packages early. The postmaster joins us in saying again, "Do Your Christmas Shopping Early."

## Times Subscribers Remember Paper

### Many Avail Themselves of the Savings Offered By Our Clubbing Rates.

C. H. Harrell came in the other day and handed us his renewal for The Times and the Fort Worth Star-Telegram, thereby saving himself 50 cents on the combination by getting both papers for \$8.45, and we wish to extend our sincere thanks to Mr. Harrell.

Mike Phillips of route 1 came in first of the week and had his figures shoved up a year, for which he has our sincere thanks.

J. H. McAfee handed us his check on Tuesday for \$8.45 for the Times and the Fort Worth Star-Telegram. Mr. McAfee has read the Star-Telegram for many years until the past year, when he took another daily paper, but he's been looking forward to the expiration of the other daily so he could again get the Star-Telegram, and now things on the McAfee premises are going to be more pleasant.

And in came that venerable gentleman, A. J. Morgan, the other day and had The Times sent to his nephew, M. M. Morgan, for a year, for which he has our sincere thanks. We appreciate friends like Mr. Morgan, for we know that if there were not something good about the old paper they would not like it.

G. C. Conwell of Goree, Rt. 2, is a new Times reader, he having come in some days ago and had his name placed on our list, and for which he has our sincere thanks. Mr. Conwell resides in the Grasshopper community and came here last year from the Silvertown country, having traded farms with C. M. Strickland. Mr. Conwell has about 1200 white Leghorns on his farm and has sold during the past year about \$1,000 worth of eggs from about 250 layers, hence it will be seen that he is not a believer in the one-crop idea, and we believe there is no community in Texas more adapted to poultry raising than that in which Mr. Conwell resides.

Ernest Chamberlain dropped into the office some days ago and renewed acquaintance with The Times, he having been lost off the list somehow in his shuffle to the Valley and back, and we're glad that he thinks enough of the old rag to plank down the ready cash to get it started again.

Jack Summers, who is an electrician, and who has recently located in the Munday community, came in some days ago and had us send The Times to W. B. Latham at Knox City, for which he has our sincere thanks.

Dr. E. M. Ammons has been in Munday for a number of months, and all that time he's just been waiting for us to solicit his subscription, and being a poor hand at the soliciting game we'd just naturally overlooked it, and the other day he just hauled away and asked us to send it to him, and we'll not fail to do it.

Somehow folks like this paper, for we're adding lots of new subscribers these days. For instance there's R. B. Armstrong, who has recently located here and is associated with the Land Motor Company, who came in the other day and just laid down the coin of the realm and asked that his name be added to our list—and we'll not skip.

J. W. Alvey on route 2 is another new one on our list, he having taken advantage of our clubbing rate of \$4.00 for the Times and the Wichita Record News—a mighty good combination for the money—and we are glad to have Mr. Alvey back on our list.

E. F. Yeager of route one availed himself of the unprecedented clubbing offer of \$1.75 we have for The Times and the Dallas Semi-Weekly Farm News, and will read and enjoy both papers for the smallest cost they have ever been of-

LAST CALL FOR BONUS

More than half a million veterans of the World War have so far failed to apply for their adjusted compensation, popularly known as the "bonus," under the law enacted for their benefit. Unless they apply on or before January 1, their rights will be forfeited.

More than 3,100,000 veterans have already applied for the compensation provided, which is paid in cash where the amount due is \$50 or less, or by a paid-up insurance policy in cases in which the bonus exceeds that amount.

Service officers of American Legion Posts, officials of the Veterans Bureau, certain representatives of the Red Cross and others will gladly assist ex-service men in preparing and filing their applications, so that no one need forfeit his adjusted compensation through lack of aid in securing it.

The War Department desires that every man entitled to the benefit of the law may receive it, and all who have not filed their applications are urged to do so immediately. This is the last call.

DISCARD BILLBOARDS

In response to letters sent out by the General Federation of Women's Clubs and other organizations, 141 of the largest national advertisers have agreed that the use of billboards which deface the landscape should be abandoned. The same view has been expressed by 16 of the largest advertising agencies.

Advertisers are beginning to realize that billboards which mar the scenic beauty along the nation's highways are a source of annoyance and irritation to tourists and others, which does not make good will for the firms which indulge in their use.

The view of most of the concerns consulted is fairly expressed by the Haines Advertising Agency of Philadelphia, which wrote:

"We have not been able to check any great tangible results from outside billboard advertising. Accordingly we prefer newspapers and can not see why our beautiful landscape should be marred by promiscuous advertising."

Another firm declared that "nobody would suffer very much if all signs and billboard advertisements were abolished, as there are certainly enough other forms of advertising available."

Many large advertisers have voluntarily discontinued billboard advertising during the last four or five years, and it is safe to say that the efforts of the women's organizations in eliminating unsightly outdoor signs will convince many others that they are not only disfiguring to the landscape, but involve a waste of money which might be spent more profitably in other publicity mediums, particularly the newspapers.

JINGOISM AND WAR

There is no denying the fact that over-zealous appeals to patriotism are a fruitful cause of war. The spirit which seeks to install into the youth of any country an undue regard for its own greatness, and a corresponding contempt for the people of other nations, is the greatest menace to world peace.

At a recent conference in St. Louis, Major General Henry T. Allen of the United States Army, who commanded the American forces in Germany after the Armistice, appealed for a more tolerant attitude toward other countries. He declared that the United States should sacrifice some of its nationalism in the cause of peace, "by conferring around a common table in a spirit of compromise with all other sovereign states."

Pride in one's country, love for its institutions and zeal for its advancement are all laudable qualities. It is also commendable to be ready to defend it against actual aggression which can be met only by force.

But to assume an attitude of superiority and assert it in an offensive manner is unbecoming and unnecessary. If persisted in, such an attitude may easily lead to war.

WHITE COLLAR JOBS

Boys should be taught to think less of fitting themselves for "white collar" jobs, says Prof. F. G. Nichols of Harvard, who points out the greater opportunities for promotion in industry than in clerical pursuits.

The young man who starts at the bottom in a factory often soon distances one who begins, say, as a bookkeeper. The idea is that while the clerk or bookkeeper may have a white collar job from the very first, the ambitious and intelligent industrial worker has a better chance to rise to an executive position, so that when he does reach the white collar job it means something worthwhile.

Advice along a similar line is given by President Thatcher of the Massachusetts Agricultural College, who defends vocational schools against the reproach sometimes leveled against them by the classical students. He says that "the idea is erroneous that vocational schools are undignified because they work with materials near at hand and not with a knowledge of things that are ancient and far off."

Literally, however, the proportion of white collar jobs is constantly increasing. With the continual advent of new machines for doing the "dirty work" of the world, the time may come when everyone may have a white collar job.

YANKEES IN THE SOUTH

What the people of the North and South really thought of each other during the years following the Civil War has been the subject of much discussion. An unusual story in this connection is told by Ed Howe of Kansas in a recent issue of his Monthly:

About the year 1880 the general land agent of the Illinois Central railroad visited Vicksburg for the purpose of putting through a land deal which was considered to be desirable for that city, as well as for the railroad. Naturally he expected to be cordially received.

He was accompanied by his wife and a party of friends in his private car. Strolling about the streets at night they were approached by a man who said he was the chief of police; that he desired to warn them that the people were opposed to their visit and he advised them to retire to their hotel and keep out of their sight, which they did.

Later the same man called upon the land agent and further advised him to take his party to their car and leave town by the first train. He also suggested that they leave the hotel by the rear, so as not to be observed. Frightened by these warnings, the party did as they were told. On the way out they passed through the dark dining room, where movements of feet added to their fear.

Then the dining room was suddenly lighted up, revealing many ladies and gentlemen of Vicksburg seated at a banquet table. The guests were invited to join in the banquet, which had been arranged in their honor.

The warning had been a joke. Southern hospitality had been again vindicated.

**TO PREVENT FLOODS.  
 A CLOWN'S DEATH.  
 LET HER MARRY.  
 A NIGHT CLUB LADY.**

Senator Watson says everything that CAN be done, will be done, by Congress to stop the Mississippi floods. If that programme is carried out Mississippi floods will be stopped. Congress can, if it will.

Herbert Hoover will show how it can be done, with the assistance of other able engineers.

If this country doesn't think it worth while to spend half a billion once and for all to stop floods that cost a billion at a time, it is a foolish country.

Marceline, famous clown, rose to the top of his profession. Millions laughed at him, children especially, as he went about, with bright pink nose, baggy clothes, always serious.

He is dead today. He shot himself to death, alone, poor, in a miserable furnished room. Photographs showing him in the day of his glory were spread before him on the bed, as he kneeled to blow his brains out.

"Laugh, and the world laughs with you. Weep, and you weep alone." Ella Wheeler Wilcox wrote her well known poem the morning after her first party when she was seventeen.

In the train, going to the party, she saw a woman weeping. Her dead husband was in the baggage car. Mrs. Wilcox said: "I thought I could never smile again, after crying with that poor woman. But I went to the party and danced all night. I wrote the poem when I woke up in the morning, ashamed to think how easily I had forgotten."

Poor Marceline, now in his last sleep, learned also that the world forgets easily.

Platinum has been found in Alaska, where one man makes \$200 a day by primitive mining. That will start travel to Alaska and what used to be called "Seward's Folly" because Seward paid \$8,000,000 for it. Eight thousand million dollars would not buy it now, and a hundred thousand million dollars wouldn't pay what it is really worth.

John Seybold, seventy-one, a farmer, wants back \$7,500 paid a medium. Seybold talked to a spirit named "Sarah," liked Sarah's voice, paid for Sarah's wedding dress, at her request donated \$300 for wayward girls. Then, after he had spent \$7,500 to please Sarah, in her promise to come to earth and marry him, "Sarah," says the farmer, "never showed up."

Do not laugh. This old farmer simply paid in advance for happiness to come later. Believers in some of many religions on earth, the false ones, are now doing the same and will be disappointed as Farmer Seybold was disappointed. Their disappointment will come hereafter.

William Hohenzollern's sister, Princess Victoria Schaumburg-Lippe, aged sixty-one, wants to marry a young Russian only twenty-seven. Lutheran clergyman refuses to marry them, saying the difference in age makes it "unethical."

To refuse marriage to those entitled to marry seems unethical. The spirit alone counts and many a woman of sixty-three is younger in spirit than thousands of others at twenty-three.

And what about Sarah, whose husband, Abraham, was 100 years old when her son Isaac was born, and Sarah not so much younger? Do Lutherans lack faith in this twentieth century? Let them read the Twenty-first Chapter of Genesis.

A lady who manages a night club marries her daughter to a British peer, and the world wonders for a minute. It need not wonder. Read the memoirs of the Duke de Saint Simon, and learn how the eager were men, with the greatest names, to marry any sort of illegitimate daughter of a queer king. The history of England will also tell you on what many of the great "titles" are based, namely, on "easy virtue, royal caprice." A night club keeper is a REAL lady compared with some well known duchesses in history.

# Mile-Long Highway Under River

## 52,285 Cars Pass Through First Day

New York, Nov. 21.—Fifty feet beneath the silt and sand of Hudson river bed two monstrous and gigantic castiron tubes lie today—through which man drives his newest model automobile without wetting a tire.

For seven years those twin "serpents" have been evolving—taking their toll of human life and brain—until now they are finished, and we look upon one of the greatest engineering feats of the ages.

These great tubes are the Holland Tunnel—the greatest subaqueous highway ever constructed. They are so named after the man, Clifford Milburn Holland, who conceived the great dream—engineered the great feat—but did not live to see the great tubes meet in mid-stream, varying but a mere fraction of an inch from his stupendous calculations. Mr. Holland died Oct. 27, 1924—just three days before the "tapping through."

The opening of this new transportation artery makes it possible to drive into New York City from the west and south without being ferried across the great Hudson. It relieves a traffic congestion which has hourly grown worse during the last ten years. It joins Manhattan island and New Jersey with five minute service for privately owned vehicles. It is the greatest under-way highway ever built.

**Length of Tunnel**  
The actual length of this engineering accomplishment is 9,250 feet; the length of the tunnel actually under water is 5,480 feet—or one mile and 200 feet. Forty-two blowing fans and the same number of exhaust fans are used to ventilate the tubes. 761,000 cubic feet of fresh air per minute are the tunnels maximum demand.

The engineer's estimated capacity of the tubes, both going and coming, was 46,000 vehicles per day. But during the 24 hours of the opening day, November 12th—52,285 vehicles made passage.

The opening of this great highway under the Hudson river was marked by a colorful program, Governor Smith of New York and Governor Moore

For Automobiles to Drive Beneath River

of New Jersey meeting at the state line under the river for official greetings—as President Coolidge, in Washington, pressed a button which automatically opened the flag draped entrances on each side.

**Pay for Self in Ten Years**  
The cost of the tunnel highways was \$48,000,000. The toll charges for automobiles is 50 cents for passenger cars, \$1.00 for trucks of lesser tonnage and \$1.50 for buses. \$9,000,000 annually is expected to be the revenue, the tunnel paying for itself in ten years, after which it is said there will be no charge.

Thirteen lives were lost during the building of the tunnel, including Mr. Holland, and Milton H. Freeman, who succeeded him—both of whom virtually worked themselves to death.

Every phase of danger—fire, explosions, leaking gasoline, gas poisoning, stalled engines, collisions, etc., has been anticipated and overcome in actual tests.

There are but four under-water highways for vehicles in

the world—two in England, one in Germany and one in Scotland. But the longest of these is but a third the length of the Holland Tunnel. It is built to last a hundred years.

There are two roadways, one for coming and one for going traffic. Each roadway is 20 feet wide, carrying a double line of cars with ease. The clearance or headroom in each tube is 13½ feet.

If the opening day capacity of the tunnels was maintained, 15,190,000 vehicles could pass through the tunnels in one year.

## How to Play BRIDGE

Series 1927-28 by Wynne Ferguson

Author of "PRACTICAL AUCTION BRIDGE" Copyright 1927, by Hoyle, Jr.

ARTICLE No. 4  
In a previous article, the writer defines "average expectancy of support" as the average number of tricks which may be expected to be held by a partner who has not bid. For example, if the dealer holds the following hand:

Hearts—A, K, 7, 6, 2  
Clubs—10, 4  
Diamonds—J, 8, 3  
Spades—9, 8, 5

he can justifiably bid one heart. Why? Because his hand, if hearts are trumps, should average to win four heart tricks. As there are thirteen tricks in all, that leaves nine tricks to be won by the other three players, one of whom is the dealer's partner. If these nine tricks are equally divided, each player should win three tricks, the so-called "average expectancy of support." For every trick in excess of these tricks, a player may help his partner's bid once. In this connection it should be noted that quick tricks, such as aces and protected kings and queens, are worth double their quick trick value in support of partner's suit bid.

Here is a hand illustrating these points that came up the other night in one of the New York Card Clubs:

Y : A B :  
A B :  
Z :  
Hearts—A, K, 7, 6, 3, 2  
Clubs—4  
Diamonds—A, 10, 7  
Spades—10, 8, 3

No score, rubber game. Z dealt and bid one heart, A passed, Y bid one spade and B bid two diamonds. Z bid two spades, A bid two no-trump, Y bid three spades, and B bid four clubs. Does Z's hand justify a bid of four spades? Of course it does. With spades trumps, Z's hand should win at least five tricks and, therefore, contains at least two tricks more than the "average expectancy of support." For that reason, Z can raise his partner's spade bid at least twice. The fact that Z has bid one heart is immaterial. The question should be: How many tricks can the hand win, if spades are trumps? In this case the answer is "at least five," so that Z is

justified in raising his partner's bid twice, irrespective of his original heart bid.

Here is an interesting hand, involving, as it does, the question of rebidding your own suit or of helping partner's:

Problem No. 4  
Hearts—A, K, J, 10, 7, 5  
Clubs—9, 8, 6, 3  
Diamonds—7  
Spades—A, 4

Y : A B :  
A B :  
Z :  
No score, rubber game. Z dealt and bid one club, A passed, Y bid one heart and B bid two diamonds. Z and A passed, Y bid two hearts and B bid three diamonds. If Z and A passed, should Y bid three hearts or four clubs? Figure out how many raises Y has for his partner's club bid. Then figure out whether it is a better choice to try for game in clubs or in hearts, with the knowledge that Z has no help in hearts. An analysis of this interesting hand will be given in the next article.

Problem No. 5  
Hearts—K, Q, 10, 8, 2  
Clubs—K, Q, J  
A B :  
Diamonds—8, 6, 2  
Z :  
Spades—9, 2

Hearts—A, J, 7  
Clubs—A, 6, 5  
Diamonds—5, 3  
Spades—A, K, Q, 10, 7  
Score, 20 all, rubber game. Z dealt and bid one spade, A bid two diamonds, Y passed and B bid two hearts. Z bid two spades, A and Y passed and B bid three diamonds. Z doubled and all passed. Y bid the jack of spades and the first three tricks were: (1) Z won with the queen of spades; (2) Z led the tray of diamonds and A (holding A, K, Q, 10, 7) won with the queen; (3) A led the nine of clubs and Z won the trick with the ace. The problem is: How should Z now play to defeat the contract? An analysis of this hand and the cards held by A and Y will be given in the next article.

**Former Knox County Citizen Prospers Near Littlefield**

The following letter from Mr. E. L. Howard, formerly a citizen of Knox county, is self explanatory. Mr. Howard lives near where we have several choice farms for sale. We would like for you to read Mr. Howard's letter and let us tell you about some of the propositions we have to offer.

Littlefield, Texas  
March 21, 1927.

To whom it may concern:  
I farmed my own land in Fannin County for twenty-six years.

Have farmed in Knox county for thirteen years. In 1925, sold my farm in the latter county for \$71.25 per acre.

In March, 1925, I bought two farms from the Yellow House Land Company on the South Plains near Littlefield, which cost me \$35.00 per acre. Having improved both places and made my first crop on sod land here in 1926, which was good.

It is my honest opinion that I can make more per acre on my land here one year with another, and with less labor, than I could on either the Fannin or Knox county land. Am delighted with my purchase and would not exchange my Littlefield land today for the place I sold at double the price paid for land here. This is a fine diversified farming country and presents a great opportunity for people who want a good home.

Very truly yours,  
E. L. HOWARD.

FOR SALE—177.1 acres between Littlefield and Levelland near a consolidated school and new gin. Every acre fine catclaw land, fine water, and good house. This farm is located in one of the best communities on the plains with all modern conveniences. Price \$47.50 per acre. 1-5 cash, balance on long time at 6 per cent interest.

96 acres near Littlefield, all the very finest sandy loam, fair improvements, within a school district that has free delivery for the children to and from school. Price \$45.00 per acre.

177.1 acres four miles from Littlefield, all good catclaw sandy loam, good water, good barn and good small house. For quick sale is priced at \$42.50 per acre. 1-5 cash and balance on long time at 6 per cent interest.

177.1 acres about ten miles from Littlefield and 4 miles Anton, good improvements, good water, 100 acres in cultivation, balance good land, \$37.50 per acre. 1-5 cash balance on good terms at 6 per cent.

207 acres near Littlefield, every acre fine red catclaw sandy loam, located in a section that never fails, practically all in cultivation. Priced at \$45. \$2500 cash with good terms on balance.

SEVERAL TRACTS of 177.1 and 354.2 acres, unimproved, located near town that I can sell for \$25 to \$35 per acre.

Let me tell you more about these fine farms.

**About Your Health**  
Things You Should Know

by John Joseph Gaines, M. D.

**"FLU"**

If there is a dragon—a hydra-headed monster within the domain of serious disease, influenza is doubtless its deputy destroyer. About all the intelligent physician can do when fronted by this enemy, is, to treat the most outstanding symptoms vigorously, in such a manner as to conserve every atom of the patient's strength—and trust to a merciful God for the rest. That we must have a summer variety of this scourge, is quite beyond my understanding; I have met the most widely-differing symptoms in so many patients, each diagnosed "summer flu" that I am more than ever bewildered sometimes.

Summer flu, in my experience, creates its havoc in the stomach and bowels; a short season of depression, with keen pain in the region attacked; a very much disturbed heart-action; very little of nausea, vomiting or diarrhoea; severe headache; a cool, damp skin; a sudden burst into a fever of 105 with delirium at times—at others, the patient's perceptions are greatly heightened; the picture is too terrible to paint here—and we call it "summer flu" which, perhaps, is an appropriate name as we could give.

Put the complaining one to bed; since the offender must be within the digestive tract, it must be removed by that channel. A dose of Citrate of Magnesia is good preliminary treatment—a full dose. Most families know of Salicylate of Soda; five grains every two hours will do good—until the doctor arrives with something better. Allow plenty of good, pure drinking water, and remember: the bed is a very present friend in trouble—stick to it, no matter how early temporary relief comes.

"Summer flu" is not acute indigestion, as generally understood, it is not acute gastritis. Now, don't ask me just what it is!

**AGRICULTURAL NOTES**  
**BOYS LETTERS**

The Knox County Club Boys were represented at the State Educational Encampment, Dallas Fair, recently by Elmo Cure, Vernon Alvey, E. C. Lawrence, and J. W. Melton, Jr. The exhibit of club grain sorghums won half the prizes in milo and feterita for the boys and showed that they deserve the trips given, and the few prizes won at home.

Therefore, I am furnishing a couple of letters received from two of the boys since they returned from that trip.

Mr. W. O. Logan  
Dear Sir and Friend:  
I have been working hard since I came back. When are you coming out to Hefner. I think I will get all the boys to join a club. I need a record book for my pigs. Be sure to bring some books when you do come.

I had the best time I ever had at the Dallas Fair. I had all I wanted to eat, a good place to sleep, and I saw so many things I never saw before. The exhibits were wonderful.

Yours truly,  
Elmo Cure, Goree, Rt. 1.

Mr. W. O. Logan,  
Dear Sir:

I have been a 4-H club member for two years, and I like my work fine. I have accomplished much from the work, and I think it is an organization that

every boy and girl should belong too.

This year on my trip I won the Educational Encampment at the State Fair at Dallas, on milo, was worth all my efforts. While there I saw so many interesting things that I can't tell all of them except by the little. The thing that interested me most was the livestock exhibit. I found out I knew very little about livestock, there were breeds and different kinds of stock there that I never saw before or knew about. The excursion trips they took us on were wonderful and we saw and learned many things. The 4-H club exhibit with over 1,000 exhibits was interesting and I was glad to be from Knox county for we were winners in the grain sorghums. I want to see our 4-H club work grow.

Yours truly,  
Vernon Alvey, Munday, Rt. 2

**Purebred Bulls vs. Scrub Bulls**

There has been a combined fight against scrub sires for some time and Craig county, Va. was the second county in the United States to eradicate all scrub sires. Union county, Ky., was the first. That means that every sire in the entire county is pure bred. That is the roosters, stud, jacks, boars, bulls, all are purebred and not mixed, mongrel stuff. Knox county farmers are striving now to get a carload of real first class high production Jersey bulls. Not bulls with a registration number, for that means very little unless there is real production backing it.

Some fellows are afraid to pay for a Jersey bull with real production backing him. He just rather use a cheaper one. Ranchmen in the county have learned to pay from \$125 to \$750 and some have bought car loads around \$250 to turn out on range. However, the farmers that want milk and cream are afraid to buy one that will give them production. It will take every effort to get

Those present were: Mmes. R. E. Alexander, Fred Broach, T. G. Bengt, S. E. McStay, H. H. Langford, D. C. Fritz, F. L. Decker, C. R. Elliott, F. N. Warren, W. H. Chapman and Miss Ruth Swift.

Mrs. Olga Walters Hostess; Bridge Club Organized.

Monday evening Mrs. Olga Terry Walters was hostess to a number of guests, at which time a bridge club was organized. Miss Mary Langford was elected president, Miss Gladys Johnston, vice-president; Mrs. Olga Terry Walters, press reporter. Much enthusiasm was shown in the planning of the many social functions for the holiday season and the new year.

After several hands of bridge were enjoyed, refreshments were served to the following members: Misses Mary Langford, Gladys Johnston, Thelma Atkinson, Faye Briggs, Francis Atkinson, Opal Maples, Kathleen Mabry, Mmes. Joe Davis, Earl Owens, Erna Mae Lee, Grace Lee Greaver, and the hostess.

Harlan-Donnell Wedding.

On Sunday morning at nine o'clock at the home of the bride's sister, Mrs. W. D. Ford, Mrs. Katherine Harlan and Mr. William E. Donnell were united in marriage, the Rev. P. D. O'Brien officiating.

Mrs. Harlan is a daughter of Mrs. G. C. Spann, one of the pioneer and highly respected families of Munday, and is one of Munday's most popular young women, while the groom is a son of Mrs. Frank Donnell, one of the pioneer families of Throckmorton, and is a young man of the highest character. Only members of the families were present.

To these young people we wish to join the entire community in extending our hearty congratulations and to wish for them a long and happy voyage o'er matrimonial seas.

Rhineland 4-H Club Re-organized.

The Rhineland 4-H club met on November 17, for the purpose of re-organizing the club. All the girls were glad to be acquainted with Miss Grace Nelson, our new home demonstration agent and though regretting the loss of our friend, Miss Maxwell, we feel sure that we have a new friend in Miss

Nelson and that we will have many more pleasant meetings the coming year.

The following were elected officers: Miss Jewel Owen, president; Miss Martha Loran, secretary; Miss Francis Bruckner, yell leader; Miss Veronica Schumacher, reporter. Our club meets every first and third Thursday.

Our Practical Pattern No. 1253

Fashion is doing such interesting things in the way of line and fabric treatments on afternoon frocks. Here, for instance, is the pointed line in yoke and skirt. Crepe satin in black, makes up this model using the crepe side for the blouse and the shiny satin side for yoke and skirt. Crepe Roma and velvet is another combination, developed, let us say, in beige crepe for the blouse and golden-brown velvet for yoke and skirt. This contrast of color and material is its own trimming, no other ornament being necessary, except the smart rhinestone buckle at neck and waistline.

May be obtained in sizes 36 to 44. Size 36 requires 3 1/2 yards of 40 inch material. Patterns will be delivered to any address upon receipt of 25 cents in cash or U. S. postage. Always mention size wanted. Address Pattern Department, This Newspaper.

Young Men's Social Club Entertains.

The opening reception of the Young Men's Social Club, a new organization formed by the young men of Munday, was held on Friday evening of last week in their club rooms in the E. B. Tull building, and some fifty members and guests gathered for the evening's entertainment, which consisted of a number of tables of "84", while some enjoyed the evening playing bridge.

As the guests arrived they were met by the reception committee, composed of several of the young men of the club and Mrs. Joe Davis, hostess, and when all had drawn place cards a brief talk was made by J. A. Kennedy, who told the guests present of some of the purposes of the organization and read

several paragraphs from the constitution and by-laws of the organization, which was done at the solicitation of several members of the club in order that some misinformation might be corrected that had become current.

At the conclusion of the games delicious refreshments, consisting of hot chocolate, chicken salad sandwiches and fruit salad were served by the young men, all of which had been prepared by Chef Jasper Bevers, who can in reality cause the famous Oscar of the Waldorf Astoria to turn green with envy in this capacity.

During the evening several very beautiful solos were rendered by Mrs. Victor Walters, with Mrs. Joe Davis at the piano, while readings were given by Miss Lillian Aycock and Miss Delphine Hendrix, much

to the enjoyment of all present. Brief talks were made at the conclusion of the evening's entertainment by Messrs. T. G. Bengt, Fred S. Broach, Dr. E. M. Ammons, E. W. McGlothlin and others, all of whom expressed pleasure at being a guest of the young men of Munday in an occasion of this kind and commending them upon the formation of such an organization.

Those present were: Mr. and Mrs. E. H. Bauman, Mr. and Mrs. C. A. Barton, Mr. and Mrs. Fred Broach, Mr. and Mrs. T. G. Bengt, Mr. and Mrs. J. A. Kennedy, Mr. and Mrs. E. W. Rhoades, Lowell Hulsman, Jasper Bevers, Lloyd L. Moore, W. M. Huskin-

son, Dr. E. M. Roberts, Dorse Rogers and Sidney Lee. This organization is manned by the following officers: P. G. Barton, president; Dr. E. M. Roberts, vice-president; Jack Mayes, secretary, and these officers together with Dr. Joe Davis and W. M. Huskinson constitute the executive committee.

Bridal Shower For Mrs. Harlan.

Mrs. Katherine Harlan was honored on Friday evening of last week with a bridal shower by Mesdames John Spann and Oscar Spann at the home of Mrs. W. D. Ford.

Upon arriving the guests were requested to register in the bride's book, and were then escorted to the spacious reception rooms, which were lovely with decorations of pink and white hearts, with streamers of the same colors running from the chandeliers to the four corners of the room. The dining table was beautifully arranged with lovely bridal scene, with a doll dressed in white and pink wearing a bridal veil and carrying a bride's bouquet marching down a flower strewn walk with two cupids preceding her.

When the honoree arrived she was met at the door by little Jane Campbell, daughter of Mr. and Mrs. R. G. Campbell, dressed as Cupid, and escorted to the seat of honor.

A number of interesting contests were held, one of which provoked much merriment, in predicting who would be the next bride, and in this Miss Kimmie Lee was winner, with Miss Trudie Isbell as close second.

Little Misses Zell Spann and Marjorie Ruth Campbell, neices of the bride-to-be, entered pulling a pink and white covered wagon which was loaded with gifts for the honoree, and many beautiful and useful gifts were presented to the bride and passed for all to admire.

Mrs. J. A. Kennedy gave a toast to the bride, Mrs. H. F. Barnes, the groom and Mrs. Erna Mae Lee the girls left behind.

A refreshment plate of cream moulded in heart shape with a pink heart in the center and angel food cake, with a card carrying the announcement, "Katherine Harlan-William E. Donnell, November twentieth" was served to Mesdames R. E. Alexander, W. H. Atkinson, J. C. Campbell, H. F. Barnes, M. F. Billingsley, J. C. Rowden, Chester Bowden, S. A. Rowden, J. O. Bowden, Louise Ingram,

F. O. Campbell, R. G. Campbell, A. C. Campbell, W. H. Chapman, J. W. Davy, F. L. Decker, Glenn Dobbs, C. A. Eiland, G. R. Eiland, A. U. Hathaway, C. R. Elliott, R. B. Freeman, Ben Guinn, C. M. Hendrix, J. A. Kennedy, H. H. Langford, D. T. Mauldin, W. R. Moore, S. E. McStay, R. H. Neff, Mike McGraw, J. E. Reeves, W. E. Reynolds, A. A. Smith, Jack Cartwright, Fred Warren, Erna Mae Lee, G. C. Spann, W. A. Campbell and Misses Mildred Guinn, Bessie Isbell, Irene Isbell, Trudie Isbell, Lane, Bertha Manuel, Kimmie Lee, Shelley Lee and the honoree.

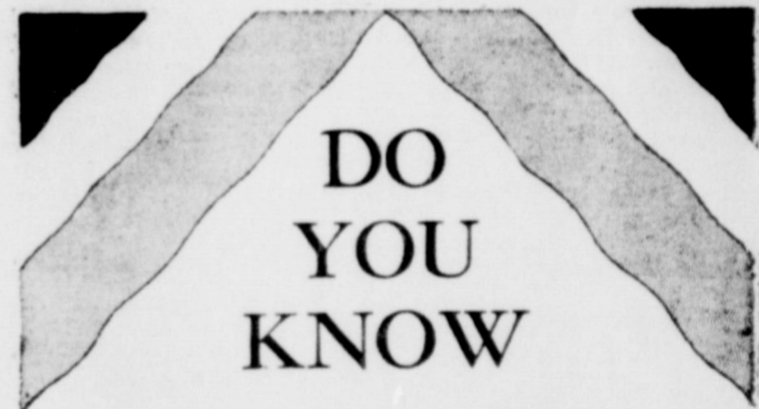

Mrs. Warren Hostess to Thursday Club.

Mrs. F. N. Warren was hostess to members of the Thursday Luncheon Club at her attractive home on last Thursday, at which time Mrs. T. G. Bengt was elected president and Mrs. F. L. Decker press reporter for the ensuing year. A very appetizing luncheon served buffet style was enjoyed. The afternoon was spent playing the game of "42".

### Boys' Band Versus The Gang

By Phebe K. Warner

The average normal boy is an animated music roll, mounted on two legs, with a self-starter attachment. He is more than that. The average boy is not only a roll of music of every conceivable variety, but he is also the instrument through which all the music within him must find expression.

But there is one thing that boy must have before that music which is a part of his soul just as surely as his feet are a part of his body will ever find a way to express itself. The most wonderful instrument ever made with all the possibilities of producing the most beautiful music ever composed would stand silent and useless in your home for ages unless some one played upon that instrument who knew how to bring out the melody and the harmony in it. And it is just the same with our boys.

If there is anything we need most of all in our towns and communities today it is music teachers for our BOYS. If there is one thing that has been most universally neglected in the education of this nation it has been the innate musical talent in our boys.

As a rule, nearly every town of any size will find some kind of a music teacher for a few of its little girls. But even most of the girls are not permitted to study music without an extra high tax. And neither the boys or girls in the country have half a chance to study any kind of music.

Why, our schools in this Twentieth Century A. D. will compel boys and girls to study algebra, Latin and WAR and give it to them absolutely FREE, and give them a credit on it, and they have to take it or not be admitted into our colleges or universities; and then force them to pay for a special music teacher themselves if they ever have their voices or their fingers or their souls trained in the art of music is something few of us have ever had sense enough to understand. It is just one of our educational tragedies. That's all.

Every boy in this nation should be taught the kind of music his boy spirit calls for just the same as we are giving to a few of our girls. Put some gold bands on his breeches and some brass buttons on his coat and get him a horn or something he can blow and he will blow his little head off, almost, to express his pride and patriotism.

Has there ever been a surplus of music in our homes and towns and communities and churches? No! There has never been a surplus of music in

our communities any more than a surplus of cotton. The trouble in both cases has been with the proper use of it and supplying the demand.

What would it mean to our Sunday schools if we had a great big Episcopal choir in every church? Why don't we have them? Every church has the boy voices going to waste by the hundreds of thousands. Why don't they use them? But they don't. Instead, thousands of our churches will pay a big price to somebody to sing some hightoned music that not one in ten in the audience knows what it is all about, and turn hundreds of little boys' voices loose after Sunday school to go howling down the streets and the church won't see them again until next Sunday morning. And after these same boys reach the age of twelve years, thousands upon thousands of them will not even return to the S. S. Our national record is only ten per cent of our boys between the ages of 12 to 20 years attend any kind of a Sunday school. But if we would give these boys something to do and train them to do it, these boys would not only go to Sunday school, but they would stay for church and we might rear some more men to help the women hold down the church seats on Sunday.

Listen to what S. H. Edwards of Wellington has to say about the boys' band for that community:

"The leisure hours in the life of a boy have the greatest influence upon his character. This is one reason why the teaching of music is so strongly advocated by moral workers, for the playing of instruments is not only fine amusement, but it is also a means of developing high culture and brings the boy into relations with one of the finest of arts. It creates a desire for the good and beautiful and brings the boy into close contact with the people of fine taste. It is a means of developing latent powers and enables the boy to make the best of himself. The playing of instruments in groups has developed the deepest of friendships and has been the means of bringing the highest ideals forward in the character of our boys."

What do most of our boys do in their leisure hours? They waste enough time chasing around with a gang to get a good useful music education if there were only somebody to teach them. Someone to play upon their unperishable souls and bring out the beauty and the music that is in them before it is dedicated by neglect to the devil. And the money our boys waste, when they are left to choose their own amusements and follow the gang because we haven't enough men who are willing to be teachers of boys

and we haven't enough fathers who are willing to pay the price of saving their own boys would pay for the bandmaster for all of the boys of America. Which would you rather have your boy belong to Father? The Boy's Band or the GANG?

Since 1864 the last Thursday in November has been set aside as Thanksgiving Day. In 1621, after the first harvest of the New England colonists, a day was set aside for prayer and praise. Is Thanksgiving Day of 1927 observed in the same way as our Pilgrim Fathers observed it for the first time in 1621? Is the day spent in prayer and praise to God, the Creator and Giver of all? It is by some people, by others it is not. Many of us think of it as a day of rest from financial cares, and a day of pleasure, rather than as a day to give thanks.

Is this ingratitude? Are we not thankful for the many blessings received during the year? Certainly all of us are, but we are not as thoughtful as we should be. Ingratitude is a frightful thing for it is injurious to the one who is ungrateful and the one toward whom he is grateful. If we, as young Americans, were taught gratitude, there would be less tears shed by the mothers and fathers that reared us.

Old people who have mature minds realize their helplessness. Many "spoiled" children do not appreciate their parents as they should, and when old age overtakes their parents, they feel ashamed of them because they are "old-fashioned," and wish to get them off their hands. It must be a fearful thing to know that one's child does not want him or her. Is such thoughtless children could realize the sacrifices their parents made for them, they would certainly be more considerate.

Those who have their parents with them should be very thankful. Why not tell them so on Thanksgiving Day? They might be surprised to hear us express our love for them and our gratitude for the unselfish service they have rendered us during our youth. Parents, wouldn't it make a lump come into your throat, and wouldn't it make tears come into your eyes for your children to put their arms around your shoulders and say this? Certainly it would make you happy. People, if your parents are living, please make them happy on Thanksgiving Day.

## A Little Work

A little work, a little play  
To keep us going—and say  
A little warmth, a little light  
Of love's bestowing—and so,  
A little fun, to match the sorrow  
Of each day's growing—and so,  
A little trust that when we die  
We reap our sowing! And so—  
—George Dee Maurier.

## Athletic Notes

The Moguls were idle last week and Coaches Palmer and Elliott elected to give them a few days rest. This week, however, they have donned training togs again and are working harder than ever for their final game Thanksgiving day.

On this historic date the Purple warriors will journey to Ruby for what promises to be the toughest assignment of the year. The Moguls have never played Ruby before but from all the "dope" obtainable they have been moving all opposition this year with top-heavy scores.

These reports do not particularly worry the Moguls, however, as they will be in the finest shape of the season. All injuries have healed and in addition they will have Earl Pruitt and Loys Wilson back in the lineup. Those are two of our very best first string men that have been out of the lineup for several weeks and their return should materially strengthen Mogul chances for victory.

Since Thursday will be a holiday it is expected that a large number of local fans will make the trip to see the Moguls in action for the last time this season.

After this week will turn our attention to basket ball and from all indications we are going to have another great team this year.

## Seniors

We Seniors are very sorry to see Ruby Manuel leave our class. Ruby has been with us for eleven years, and we give her up with deep regret. The Seniors enjoyed themselves immensely Friday evening when Bertha McNeill entertained with a farewell party for Ruby Manuel. The home was artistically decorated in the senior colors. Many games were played and everyone had a most enjoyable time. A delicious plate lunch was served to twenty-seven guests.

Stay in there Moguls, we are for you. Beat Ruby Thanksgiving.

## Juniors

"Less Quantity but More Quality." The Juniors are progressing and gaining in numbers. Our class is getting larger each week. Edwin and Olin Frasure have enrolled in our class and we are sure they will make real Juniors.

The grievances of the Juniors and Seniors are going to have an ending. We are going to stop this in our class and we are sure the Seniors will in theirs. Both are real classes and we hate to make enemies. What would the school be without them? We are going to cooperate with each other and make the purple and gold of M. H. S. stand out.

Now that flag raising and things of that sort are over the Juniors are going to settle down and prepare for the Junior-Senior Banquet.

We are sure that Mr. Rhodes will be more pleased with the Juniors now as we are going to "take to earth" again and cooperate with the teachers and classes of M. H. S. Sebern said if we didn't Santa Claus wouldn't come to see us!

## Sophomore News

From all reports Mr. Stand-

ley is going to be in Brownwood Thanksgiving day to see his team (A. C. C.) in their final battle of the season.

Clara, Naomi, Jack and Chan were visitors in some of the nearby villages last Sunday. After receiving many aches and pains from the bad roads they returned home. The damage done was: one back nearly broken, one head cracked, four knees smashed and one tire ruined.

Boy, Howdy! Watch our boys step in the game with Ruby Thanksgiving. Three cheers for the Moguls.

## Freshmen

Oh, my! What a very trying week we have passed through. The first thing that happened to us was that we had a hot argument in history class (and it did not end when history class did) when our books went so far as to say that boys were more appreciated than girls. They say that boys are superior to girls and of course the girls said, "How absurd." The next thing that happened was in science class. Mr. Standley says, if we do not do just a little better in science, he is going to get hard boiled. If we know anything he is already that way about our notebooks, although he did "loosen up" a little bit this morning and tell us how we could improve on them. We appreciate his good advice and will try to use it, although it all will be hard to do for the notebooks would then be perfect. Mr. Standley said we were the best students he ever had in General Science even if he did have to get after us some times. We thank him for the compliment and will do our best for him.

We are letting Miss Compton have a rest now because we are trying to do better in Algebra and not make so many mistakes in our work so we will not have to stay in.

We can't tell you amusing things about Levi Bowden any more, because he has resolved to "shut-up like a clam" instead of making such funny statements.

## Grade 7-B

We, 7-B, have changed our class meetings from the afternoon to the first period in the morning, every two weeks. In our last meeting our reporter asked for her resignation which was accepted by the president and class.

We have four new pupils, Thora Brown, Willie Bell Carden and Ora Dye, which were in our class last year and Audavee Hogan from Seymour. We surely are glad to have them, and we think that Audavee will like our school as well as Seymour school.

## Grade 7-A

Our room has lost one of our best pupils, which is Eula Lee Gilbreath. We surely do miss her and wish she could have remained with us.

The basket ball goals are being put up, and the girls on the Junior team surely are glad.

Eleanor Jungman visited in Dallas the first week of this month, and tells us it surely is an interesting place.

We still have confidence in the football boys and hope they will win the game Thursday.

Our room had a picnic Friday night a week ago. Very few went as it was too cold. The ones who went reported that they had a good time listening to Cleophas talk about shinnery.

## Jokes

Robert Reeves: "Vincent, how many kinds of onions are there?"  
Vincent: "I don't know."

Robert Reeves: "You don't even know your onions."

Mrs. Standley: "Francis, make me a sentence using 'Boycott'."

Francis: "The farmer chased his son until the boycott on a wire fence."

Mr. Palmer: Young lady what is your name?"

New pupil: "Audavee Hogan."  
Mr. Palmer: "I don't want to know what it ought-to-be (Audavee) I want to know what it is."

Mrs. Standley: "Jay, what did you learn today?"

Jay: "I learned to say, yes mam, no sir, yes sir, and no mam."

Mrs. Standley: "You did?"

Jay: "Yes."

## 'N We Laughed

Mildred: "Quite right, sir, but you see—it's this way: My

brakes are all on the blink, and I wanted to get home before something happened."

Maid: "Madam, please give me a bar of soap."

Madam: "Why, what do you want with soap?"

Maid: "The baby has the hic-coughs, and I want to give him but you see—it's this way: My

## Town Talk

Miss Madge and Maurice Smith spent the past week-end with relatives at Abilene.

Miss Ola May Bradley left Sunday morning for Wichita Falls, where she will enter Draughon's Business College. She was a graduate of the Goree High School in '25.

Mrs. Otis Hardin and C. W. Wyatt of Loveland are here this week visiting their mother, Mrs. C. R. Haymes and other relatives.

Born to Mr. and Mrs. A. A. Kitchens, a daughter, on November 19th.

Edward Amos of Asher, Oklahoma, arrived first of the week for a visit with friends here and at other points in this section.

Misses Orelia Brock and Lois Rowden spent Thursday and Friday visiting friends and relatives in Wichita Falls and Henrietta.

Mrs. L. C. Miller came in Sunday morning from Dallas, where she has been for some time undergoing treatment in a hospital, and she will spend some days here with her mother, Mrs. Lela Newsom, before returning to her home at El Paso.

Miss Elizabeth Gaither came in Tuesday for a visit with her parents, Mr. and Mrs. J. W. Gaither, and after Thanksgiving will return to school at Abilene.

The Rev. E. B. Freeman returned home on Wednesday night and will be at home Sunday to fill his appointments, and he urges that a full attendance be present at church and Sunday school in order that the new year's work may be started off right.

Mr. and Mrs. Thomas Copeland of Estelene came in Monday for a visit with her sister, Mrs. F. L. Decker. Mrs. Copeland will be remembered as Miss Irene Swift, who has visited here several times.

The Times family is indebted to Chas. Barnett and C. L. McAfee for two fine ducks which

they killed some days ago and presented to us. They report ducks as being numerous on the tank in that section and they are certainly fat and fine, and we're looking forward to the time when we can steal away from our duties long enough to try our marksmanship out on a few of them.

Walter Glenn of Haskell has accepted a position with the West Texas Utilities Co. in the commercial department of the local office.

Miss Ola May Bradley has gone to Wichita Falls and enrolled as a student in Draughon's Business College.

The Rev. P. D. O'Brien, Mr. and Mrs. R. L. Priggs, J. B. Bowden and family, J. O. Bowden and family, A. C. Brock and family, M. H. Reeves and family, Mr. and Mrs. Leland Hannah and Dr. and Mrs. E. J. Burns attended the Baptist convention last week at Wichita Falls, and declare that this was the greatest convention in the history of the church in Texas, and that more constructive work has been inaugurated by the convention than has ever before been undertaken by a convention, which will result in untold good for the church throughout the state.

The Rev. and Mrs. J. O. Haymes of Vernon were here Sunday visiting in the home of his mother, Mrs. C. R. Haymes and other relatives, and the Rev. Haymes filled the pulpit at the Methodist church on Sunday evening. The Rev. Haymes has recently been transferred from the First Methodist church at Abilene to the Vernon district as presiding elder.

### Hefner 4-H Club Elects Officers

Miss Grace Nelson met with the girls at Hefner November 21st at 1:00 o'clock. We organized our club, electing our officers as follows: President, Elsie Banks; secretary, Lorine Jones; reporter, Irene Owens; yell leader, Katherine Jones. There were 17 members present and we hope to have more join us later. We will meet at the Hefner school house every first and third Monday afternoon at 1:00 o'clock. We urge all girls to come and be with us. Our aim is to make the "Best Better."

—Reporter.

### Goree Club Holds Interesting Meeting

Monday morning at 10:30 the club met with Miss Nelson at the club house.

The first year girls handed in their cup towels and started their hat pin holder. The second year club girls planned for their patches, and the third year girls will darn a sock next time.

The record books were presented to the girls and we planned to start working for the clothing contest.

The encampment will be at Seymour this year, so let's get started early and get our work done so we will be entitled to go.

Our next club meeting will be at 10:30 December 5. All members be present with your work and bring one new member and if possible bring more. We invite all new members, and give you a "hearty welcome" into our club.

—Reporter.

A plume of steam has waved its threat of power for thousands of years from the brow of old Vesuvius. But now enslaved, steam provides mankind with its smoothest, mightiest power. And now, in its new high-compression motor, Hudson gives the smooth, elastic power that only steam has heretofore delivered.

Through the great companion invention to the Super-Six principle, the new Hudson high-compression motor gives the torque, smoothness and power of the steam engine.

These two Hudson inventions give a performance and reliability supremacy that are immediately and continuously apparent whether you drive your Hudson a city block or a hundred thousand miles.

### TIMES SUBSCRIBERS REMEMBER PAPER

(Continued from front page) fered, and we are glad to have Mr. Yeager back on our list.

J. A. Melton came in a few days ago and had us send The Times to his brother, J. L. Melton, at Gorman, Texas, for which he has our sincere thanks.

Mrs. E. E. Lowe of Goree, Rt. 2, came in some days ago and had The Times sent to her home for a year, and we're glad to have the Lowe family on our large and growing list, and we know that if they watch these columns throughout the year they will save many times the price of the paper by reading and taking advantage of the bargains offered therein.

E. C. Lowe, also of Goree, Rt. 2, came in some few days ago and had his figures shoved up another year and took advantage of our clubbing rate of \$4.65 for The Times and the Wichita Daily Times, which to our way of thinking represents a mighty good newspaper buy.

R. M. Myers of route 2 handed us the wherewithal to shove his figures up for a year some days ago, and we wish to express our sincere thanks.

We are grateful to Mr. R. V. Burton for renewals for his

and Cecil's Times. Mr. Burton gets his mail on Knox City route but resides in the Gillespie community and therefore doesn't always get his paper promptly due to the roundabout way it has to travel to get to him, but he nevertheless appreciates it when he does get it.

J. R. (Dad) Rawlins, the cottonseed man, planked down the cash for his renewal the other day. Dad is getting along in years but is still spry and had rather tell you about the merits of his cottonseed than anything else, and if you should buy his seed you'll make no mistake, for Dad knows his cottonseed.

Joseph Decker of route 3 keeps a sharp lookout for bargains, and when we came out with the offer of The Times and the Dallas Semi-Weekly Farm News for \$1.75, why Joe just hopped into his faithful old Jitney and came in with his renewal, for which he has our sincere thanks.

J. C. Walker is another new one on our list, he having dropped off last year on account of the scarcity of cash, and had we have known his reason he would never have missed a single copy, for we want every man who wants The Times to get it, and we appreciate having J. C. back on our list.
