Views From Another Point

by Joyce Beecher Greenwood

(Note: Please keep in mind as you read this week's column that the opinions of the writer are not necessarily the opinions of the paper. These are my views and my views have been known to be quite unpopular... JG)

Are you tired of hearing about the flag burning incident? Do you suppose it has ever occurred to government officials that some little nerd who probably never had any recognition for anything in his life flicked a 79¢ Bic and set fire to the American flag just to be remembered for something? Now I guess his name will go down in history books if the Constitution is amended. I wish somebody would have just suggested to the little twerp, "Why don't you drape it around your shoulders before you set fire to it?" You'll get even more attention."

I don't suppose anybody remembers the name of the Viet Nam veteran who, following the Viet Nam conflict, planted himself squarely beneath a flagpole on a court house lawn and told some freaky radicals who were threatening to take it down, that whoever took it down would have to go through him. I don't remember his name, but I remember the way he looked as he stood there--and nobody took the flag down.

I wonder if George Washington has turned over in his grave yet? It almost seems as if we in America need to stop and start over. Top ranking officials take oaths on the Bible to uphold the integrity of the United States and then get caught in bald-faced lies. Television evangelists preach the word of God and request that people "keep those dollars coming in to help us continue to serve the Lord" and then we discover that at least some of those dollars - sent in by God-fearing, honest people - were not exactly used to "serve the Lord".

Men have burned their draft cards and women have burned their bras to "make a statement". People have shaved their heads or walked barefoot carrying placards in front of government establishments to "make a statement". Now, some creep burns the same flag that men have died to protect and others planted proudly on the hills of low Jima in World War II - to "make a statement". Who cares what any of them have to say?

As long as I'm griping, there's something else. How can America justify sending millions of dollars to help other countries when we have people living in cardboard boxes and searching for food in garbage cans in our own city streets? When our own people die from heat because they can't afford air conditioning or die in fires from faulty old heaters or even open fires in wash tubs, just trying to keep from freezing to death, all within a hundred mile radius, can we really afford to give money to people in far away places?

I know some wonderful elderly people who have worked hard at low income jobs and pinched pennies all their lives, and now their social security benefits are so inadequate they can't be really comfortable, but keep their homes "tolerably cool" in the summer and "tolerably warm" in the winter. They would love to call their kids who live hundreds of miles away and hear the sound of their grandchildren's voices, but the money spent on long distance phone calls would mean doing without a loaf of bread and a gallon of milk next week. And these are the people who, through back breaking labor, helped to make America the greatest country in the world. Do we not have a responsibility to our own people first?

"Do you not understand, you fool,"

School Board Trustees Hire Two New Teachers

The Munday Independent School District Board of Trustees officially accepted the resignation of Coach Bill Green and hired a new coach and one new teacher at the regular board meeting held last Thursday evening.

Charles Meurer has been hired to fill the position vacated by Green. A native of Windthorst, Meurer holds a BS degree from McMurry College, with a major in history and a minor in physical education. He has eight years experience in coaching and teaching, serving six years at Muenster and two years at Era. He is married and has two children.

Kristi Moeller has been hired as third

grade teacher to replace Mrs. Alta McGuire, who retired. Kristi is a graduate of Tarleton State University with a degree in elementary education. Her husband, Ricky Moeller, is Ag Science teacher at MHS.

In other business, the board discussed at length the newly mandated increases in the average daily attendance figures for Munday schools and the projected state funds based on these figures. This year's ADA for the local school has been set at 407, an increase from 395 last year, and is expected to increase to 417 in the 1990-91 school year.

Larry Fitzgerald Is New Church of Christ Minister

The Church of Christ in Munday announces the appointment of a new minister, Dr. Larry Fitzgerald.

Fitzgerald came from Fort Worth where he was president of a public relations and advertising agency. In addition to ten years experience as a business journalist and seven years as a scientist, Fitzgerald also has eight years experience in ministry. He holds degrees in communication and Bible, including a doctorate of religious education. He also has studied graduate-level physics, business and counseling.

In addition to his regular preaching duties, Fitzgerald plans on being active in youth programs and community affairs.

He is no stranger to west Texas, having grown up in Abilene where he attended Abilene public schools and Abilene Christian University. His father is retired Abilene newscaster Larry Fitzgerald Jr.

Churches of Christ he has served include the Minter Lane and Woodlawn congregations in Abilene, the Church of Christ in Shep, and the 8th Avenue Church of Christ in Clinton, Iowa. His secular work has included public relations director for the West Texas Chamber of Commerce, communications director for a regional electric utility and observatory director for Abilene Christian University. He has also served as an adjunct professor of journalism at Texas Christian University in Fort Worth.

A prolific writer, he has authored 14 books, numerous newspaper and magazine articles in both the religious and secular fields (such as business magazines, farm trade publications, sports magazines, science periodicals). He also served as a staff editor for a religious publishing company in Abilene.

Fitzgerald is married to the former C. Lynn Wilson of Abilene, and they have two preschool children. They plan to complete their move to Munday by August. Fitzgerald will be preaching on Sundays starting this week.

Sales Tax Rebates Continue Upward

Sales tax rebates across the state continue to climb this month, increasing by 12 percent over last year's July payments, says State Comptroller Bob Bullock.

"National economic indicators seem to be showing a slowdown, but the trend in Texas remains upward," Bullock said. "Our diversifying economic base should ensure that we continue to do well."

Rebate checks totaling \$68.7 million were sent Monday to 939 cities that impose local sales tax at either one or one and one-half percent, Bullock said.

Munday's check for \$4,039.79 reflected the upward trend, showing a 37.87% increase for the same period last year. Knox City's check for \$4,807.21 is a 37.35% decrease from its July 1988 payment. Goree's check added \$583.45 to that city's coffers.

July's checks represent taxes collected by monthly filers in May and reported to the Comptroller's office by June 20.

LARRY FITZGERALD

Moguls Rated #1 In Texas Football Poll

For the first time in several years, the Munday Moguls have been named the "perfect choice" by Dave Campbell's *Texas Football* magazine for the top spot in Class A football this season. Bartlett, last year's number one pick in Class A, was rated second.

The rest of the pre-season top ten selected by Campbell include Sudan, Union Hill, Baird, Skidmore-Tynan, Rankin, Flatonia, Ladonia Fannindel and Thorndale.

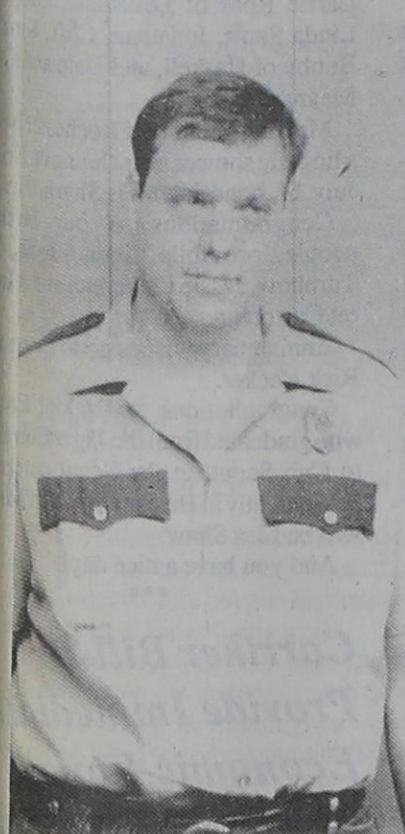

The magazine is quoted as saying, "There is no overwhelming favorite in sight for 1989, not that overwhelming favorites have fared that well recently. But among the preseason Top 10, only Munday seems to possess the intangible that makes champions out of also-rans - the absolute certainty that, even on an off-day, your team is going to win."

"That's a definite advantage," noted coach Jim Edwards. "They go into a game thinking they are going to win and are surprised when they don't. I've always felt that if you think you can, you're halfway there. And our kids think they can win state."

Munday lost their first round of last season's playoffs, 16-8 to Lindsay, with a lineup that included eight underclassmen. Texas Football writer David Baron predicts that if the Moguls can replace linemen like Lowell Hutchens, they could have their second title of the decade.

"The Moguls are led by all-state DB Marc Andrade, who also returns at quarterback, twin RBs Perry and Terry Collier, LB Bobby Dockins and LB Tyler Thompson."

"The Moguls will be small but speedy this season, as evidenced by quarterback Marc Andrade, 5'8", 160 lb. senior, who completed better than 50 percent of his passes during the '88 season for a total of 790 yards. Twins Terry Collier, 6'1", 175 lb., who rushed for 1,389 yards and Perry Collier, 6'1", 175 lb., who caught 16 passes for 240 yards, will no doubt have opposing offenses seeing double. Guards Brett Bruce and Jeff Herring are the only veterans in the offensive line and defensive end Jon-

STEPHEN LUSK

Stephen Lusk Is New Patrolman

Stephen Lusk, a native of Rule, has assumed duties as patrolman for the City of Munday, effective July 11. He began work on a temporary basis June 15.

A 1985 graduate of Rule High School, 22-year-old Lusk received his associate degree in Criminal Justice from Western Texas College in Snyder and graduated May 15 from the West Central Texas Law Enforcement Academy in Abilene.

Lusk says he became interested in law enforcement while he was still in high school and is looking forward to his work in Munday.

Council Awards Seal Coat Bid, Hires New Patrolman

The City Council of the City of Munday met in regular session at 7 p.m. July 11, 1989, at City Hall.

Members present included Aldermen Richard Albus, Gene Brown, Jessie Tucker, Jessie Andrade and David Booe. Mayor Doris Dickerson was absent due to illness.

Mayor pro-tem Albus called the meeting to order in the absence of Mayor Dickerson. Minutes of the June 12, 1989 regular meeting were read. Andrade moved minutes be approved as written. Tucker seconded; all in favor.

The Council next made final examination of the 1989-90 audit. Andrade moved the audit be approved as submitted. Booe seconded; motion carried.

Next business was consideration of hiring a police patrolman. Resumes of eight persons were examined. After examination and discussion, Brown moved that Stephen Lusk be hired on a six months probationary period at an annual salary of \$12,600 per year. Andrade seconded the motion; all members voted in favor.

Bids as recorded on the 1989 Seal Coat Project were examined by the council. Coltharp Construction Co. was low bidder at \$15,587.27, unit price was .6732 cents per square yard. Bid bond was found to be in order. Andrade moved the bid be awarded with three additional streets to be added due to the price bid, streets to be included as submitted in additional proposal. Brown seconded the motion; all members voted for. Agreed order date to be given Coltharp to commence is August 7, 1989.

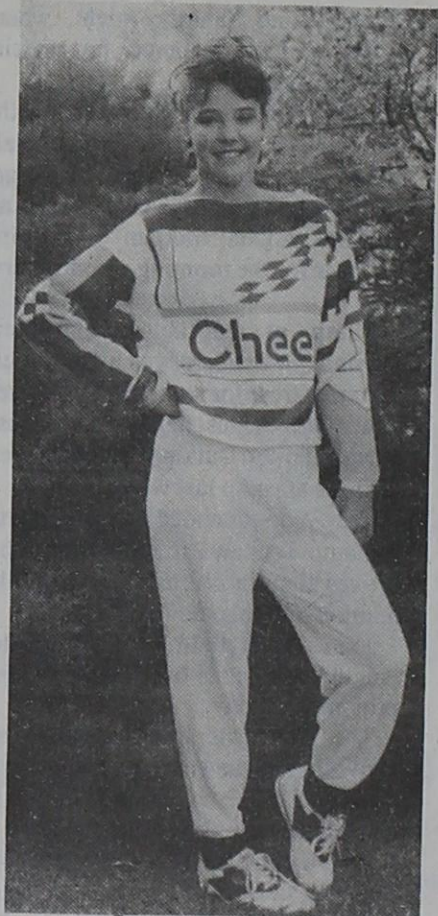

The council next considered the airport farm lease (operator is required to

shred strip except roadway). Following discussion, Brown moved the one-year lease be made to Reinhart Redder on exactly the same time period, terms and conditions as the 88-89 lease. Andrade seconded. All members voting for.

The City Administrator was authorized to negotiate the insurance settlement on City Hall damage from the hail on May 15, 1989. Work to be done will be determined later.

Next considered was a request from the Red River Authority for Munday to participate in a \$20,000 expenditure for a study on a four-county landfill. Munday's part, based on population, would be approximately 5% or \$954.95. The Council discussed various avenues that Munday can pursue. Following discussion, Brown moved that Munday decline to join in this study at this time and that the City Administrator contact Haskell and other areas south of Munday to try to find a solution to the garbage problem that would be as feasible as possible. Booe seconded; all in favor. (Note: The council did not rule out the four-county proposal, but believed other avenues should be explored first). Next the council discussed Workers' Comp costs for volunteers. The cost would be approximately the same premium as for all full time and part time paid employees. The council decided Munday would not change its present coverage at this time due to cost.

In regard to retirement benefit proposals for regular employees (all would have to participate), the City Administrator is authorized to prepare a questionnaire for each employee that could be (See City Council, Page 2)

KACY LONGAN AND TESSA KISER will represent District 3 at the State 4-H Fashion Show August 17-19 in Tyler. Kacy was first place winner in the senior buying division and Tessa placed first in the senior tailored daywear division at the District 4-H Fashion Show held July 11 in Quanah. The girls are the daughters of Bill and Karen Longan and Danny and Ann Kiser.

Munday 4-H's Advance To State Fashion Competition

Munday 4-H's Tessa Kiser and Kacy Longan will participate in the State 4-H Fashion Show following their first place wins at the District 3 show held Tuesday, July 11 at Quanah. Tessa placed first in the senior division tailored daywear and Kacy's win was in the senior buying division, active sports and specialty wear.

Themed "Under the Big Top with 4-H Fashion," the show was sponsored by West Texas Utilities, and hosted by 4-Hers and leaders in Hardeman County. Nine contestants from Knox County competed against 4-Hers from 21 other counties in the district.

Candace Longan, of Munday, was first place winner in the junior buying division and her sister, Andrea, placed

third in the intermediate evening wear division. Andrea was also third place recipient of the intermediate cotton award which is given for garments constructed of a minimum of 50% cotton. Youlanda Wright, also of Munday, was fifth place winner in the senior evening wear division.

Julie Webb of Knox City was second place winner in the junior division popover skirts and Stefani Stephens of O'Brien placed fifth in the junior non-tailored daywear division.

Other county participants were Suzanne Stephens and Cody Alderson, of O'Brien.

The state fashion show will be held August 17-19 in Tyler and will include winners from 13 other districts across the state.

some people will say, "that our subsidiary organizations are running out of money because we've doled it out for so long to shrill individuals who'd rather sit under shade trees in their yards with a bottle of "Who Hit John" or a little sack of grass than to work?"

I realize many people receive government aid who are able to work for a living and we get tired of handing out. Ask any elementary teacher, though, how easy it is to forget those people don't deserve help when a little girl in a coat that smells like a rat's nest clutches her sister's hand and asks, "Do we have time to eat breakfast in the cafeteria? Mama didn't have anything at home." When we have people in America with inadequate food and shelter, can we just ignore them and help somebody else? Is that not a little like a mother saying to her own children, "I don't care if you are hungry. You get on outside. The neighbor's kids are eating your supper tonight."

Our nation has survived for over 200 years, and earned the title of 'the land of milk and honey' because we have stood as "one nation under God, indivisible, for liberty and justice for all". It's a nice idea and it used to be true. It still could be true if everybody united and told the wolves in sheep's clothing to practice what they preach or stay out of sight; if we told the pitiful little creatures who strive for notability by burning flags, if they don't like the neighborhood, the thing to do is to move. If America once again adopted the perhaps harsh policy of Captain John Smith who told his men in Jamestown in 1608, "if you don't work, you don't eat," for the people who are too lazy to work, and helped the elderly and the truly handicapped before giving all our money away, then we could all pledge allegiance and mean it. We could stand with our hands over our hearts and feel that particular tugging at our emotions when we face "Old Glory" and sing the national anthem. Nobody would dare burn our symbol of freedom because he would know he'd be mobbed and shipped to Siberia.

Now, before I receive whispered death threats on my phone at midnight, or little ticking packages in the mail - I'm getting down off my soapbox. I really am. Who's next?

Weinert News

By Mrs. Myrtle Phemister

The family of Ben and Ellen Redwine met in the home of Weldon and Nova Walling for their annual reunion, with twenty-two in attendance at the two day event held July 15 and 16.

Several family members had only one day to spend at the Walling home, but ten of the family spent Saturday night and attended worship services at the Church of Christ on Sunday where many of the family attended when they were small children, and where Weldon now serves as minister.

Those present for worship services included Barbara Sue and Carl Gillette of Lampasas, Sandra and Bill Vannoy, Amy and Aaron, of Breckenridge, Frankie and Tom Carlisle of Canyon, and Nova and Weldon Walling of Weinert.

These "dog days" of July were very distressing to Lorene Marsh Allen of Denver, Colorado, but she enjoyed a few days in Weinert in the Marsh home here.

Billie Schwartz Finney of Arlington drove up to keep her former classmate company and to rehash old memories with Lorene, and with Vera and Marvin Berry of Haskell.

Andrea Estrada and Angie Costello joined a group of other relatives to attend a bridal shower in Sweetwater last week, honoring her nephew, David Gonzales.

While in Sweetwater, they paid a surprise visit to Monica Estrada, her daughter, who is a student at TSTI and lives in the dormitory. Monica is fine, loves school and sent greetings to all her friends in Weinert.

Melanie and Bob Wood entertained his nephew from Des Moines, Iowa, last week, and they all were in Lubbock for a family reunion on Saturday and Sunday.

Cal and Peggy Leuning, Heather, Jennifer and Ryan, of North Hollywood, California, have spent their vacation with friends in Weinert, and filled the pulpit on Sunday at the Foursquare Gospel Church, which he formally pastored before moving to California.

Donny Moeller and daughter, Amy, have spent a few days with his parents, Mr. and Mrs. Willie Moeller, before moving into their own house in town. They will be living in the Foursquare parsonage. Donny is employed by Roger Moeller of Haskell. We welcome Donny and Amy to town.

The Foursquare Church was the scene of the area ladies "Prayer Lock-in" for Saturday and Saturday night, where eighty women gathered for special worship services.

Terry Isabel of Haskell presented the song service, and Jackie Hamit of Hale Center and Linda Morgan of Borger were special speakers. After a breakfast together, Linda Morgan was pulpit minister for the morning worship service.

Camp at Baptist Encampment Grounds in Leuders was a special enrichment treat for some of the Weinert youth. Jace Yates and Heather Guess, along with Will Dutton of Munday, spent the time at camp last week.

Cory Wood attended Boy Scout camp at Camp Toukawa at Buffalo Gap, but arrived home in time to attend his family reunion in Lubbock.

John A. Mayfield is home after his lengthy stay in the hospital, and is improving each day.

The Mayfields are announcing the arrival of their newest grandchild, Elyse Nicole, 8 lb. 12 oz., 20 inch doll, who arrived on July 11 to bless the home of Alexia and Duane Rimmer of DeSoto. She was welcomed by her older sister, Adrienne Wynn. Congratulations, all!

Congratulations to Sharla and Andy Jackson who were married Saturday, July 15, at the Weinert Church of Christ, with Weldon Walling performing the nuptial ceremony. Reception and shower was hosted in the community center.

Out-of-town relatives included the couples' grandparents, Mr. and Mrs. Bill Sims of Olney and Mr. and Mrs. W. A. Dutton of Dallas.

Others were Rob Buzzard, Peggy Stephens and Debbie Parker of Abilene, Carrie Rose of Levelland, Larry and Linda Short, Jonathan, Cliff, Kim and Bobby of Haskell, and Dale and Cindy Maynard of Dallas.

Mrs. Larry Short of Rochester hosted a lingerie shower in her home on Friday, July 14, honoring Miss Sharla Timms.

Congratulations to our birthday people, Jose Abila, Linda Adams, Greg Turnbow, Jessie Castorena and Margaret Castorena.

Anniversary wishes go to Deena and Rick Hacker.

Congratulations to Ezekiel Estrada who graduated from the Tiger Cub Scout to Cub Scout, at the Scout ceremony held recently in Haskell. His Den Mother will be Lisa Shaw.

And you have a nice day!

Carriker Bill To Provide Immediate Economic Impact

A bill approved Thursday by the Texas Senate will result in a needed and immediate boost to the state economy by moving up the effective date of Enhanced Oil Recovery legislation passed during the regular session.

A bill sponsored in the Senate by Sen. Steve Carriker of Roby, and signed by the governor on June 15, provides a 50 percent severance tax exemption for oil produced from new enhanced recovery techniques. The legislation is aimed at recovering billions of barrels of oil still in the ground which can only be produced through enhanced recovery.

House Bill 40, also sponsored in the Senate by Carriker and passed recently, moves the effective date of the enhanced oil legislation passed in regular session from January 1, 1990, to September 1 of this year.

"Many enhanced recovery projects have been on hold waiting for the new incentive to take effect," Sen. Carriker said. "Potential operators are anxious to begin production, and this earlier effective date will provide an immediate positive impact to the Texas economy."

The bill is headed to the governor for his signature.

VIRGIL REAGINS, former NAIA all-district performer, has been named graduate assistant coach of the Wayland Baptist University Pioneers, according to head coach Rick Cooper. Reagins received his bachelor of science degree in physical education from Wayland Baptist in May and will begin work immediately on his master's degree in education. Virgil's brother, Randy, a senior at Wayland Baptist, plays forward for the WBU Pioneers. They are the sons of Mr. and Mrs. Johnny Reagins of Goree.

Hill Family Holds Annual Reunion

Descendants of the late J.A. and Agnes Hill met for their fifth annual family reunion July 14-16 at Possum Kingdom Lake.

Attending the get-together were Mr. and Mrs. Gene Shackelford of Stamford, Mr. and Mrs. Sonny Shackelford, Kelly and Jennifer of Decatur, Mr. and Mrs. Larry Jones, Dustin and Travis of Brownwood, Mr. and Mrs. Jerry Cobb, Jo Marie, Chris and Shelly Scott, and Judy and Michael Wilde, all of Munday, Mr. and Mrs. Tommy Cloud and Lisa of Arlington, Mr. and Mrs. Charles Sargent, Loudee, Tracy, Dana, James, and Jamie Riley of Pleasanton. Also attending were Mike Rae of Knox City and Justin Hobbes of Pleasanton.

covered in this regard. After the poll is complete, which would require a 5% employee salary deduction, the result is to be returned to the council. The council, by this order, places itself under no obligation to institute the program since the city contribution would have to be over 8% to match (due to our employee ages, etc.). The poll is to secure employee feelings in this regard.

In regard to the Pioneer Hall air conditioner, the council felt the evaporative air conditioner will do a reasonably good cooling job if put in good repair.

A letter from General Telephone Company was read. It offered some explanation of the company position in regard to a recent roll back order on bills by the Public Utility Commission. A further PUC reduction order is being contested in Travis County District Court by General Telephone Company, they said.

A letter from the Texas State Department of Health was recently sent to City Administrator Hertel. It cited needs as follows: 1. Additional elevated storage; 2. Cleaning of tower bowl; 3. Chaining of chlorine drums to avoid possible damage by falling. Items 2 and 3 will be handled prior to the end of 1989.

Andrade next moved bills be paid as follows: from airport funds, \$33.87; from ambulance funds, \$215.90; from swimming pool funds, \$192.18; from operating funds, \$17,445.83. Tucker seconded; all for.

Brown moved meeting adjourn. Tucker seconded; all in favor.

The Lord's Corner

By Dr. Pete Bradford, Pastor
First Baptist Church

God is a God of order and harmony. Doing things "decently and in order" is more than just a catchy phrase. It's a pattern for divine activity throughout the pages of Scripture. Planning your work - and then working your plan - can both be God-honoring activities.

How are you doing in the "decently and in order" category of your life? Start with one specific assignment - your room, your checkbook, your personal appearance, your time management - and set aside a few minutes today to begin to replace chaos with order!

See you next week, and remember: people who fly into a rage always make a bad landing.

Truscott-Gilliland News

By Mrs. Clara Brown

If the weather around here got any more summerlike we would all have to move to the Sahara Desert to cool off. Maybe we are suffering through the greenhouse effect being written so much about these days, but it feels just like an average hot, dry Texas summer. A line has been drawn off to the east of here and no moisture is allowed to escape to the west. We are almost ready for another nine inch rain along China Creek and out at Antelope Flat. (Except that the Flat only got two inches when China Creek got that nine incher.)

Jack and Clara Brown left for Colorado on Thursday and got back on Wednesday. That same old rock in South Fork is doing fine. Ray and Ruth McGee are in South Fork and doing well and now have four grandchildren. That news is for the friends of the McGees who have turned out to be spotted over north Texas. Jack went glider flying in Durango. On the way back to Texas, they visited his cousin, Bonnye, and her husband, Dick Pitchford, in Albuquerque.

Visiting Mildred Cook from July 6 to the 10 was her brother, Raymond Black of Halstead, Kansas. Raymond's wife passed away in June. While here he also visited Ruth and Shirley Moore and his aunt and her husband, Exa Faye and Monty Penman of Knox City.

Several from Truscott attended the bridal shower for Kim Cash Miller at Benjamin Sunday afternoon. Kim and Donald Lee got many lovely and useful gifts. They are living in Vernon.

Carrie and Harold Barry attended the Seymour rodeo this past Saturday night. Corinne New recently had surgery in Andrews. A duct connecting the gall bladder and pancreas had to be un-stopped. She was in intensive care for awhile but on Monday was said to be expected to get out of ICU.

Joe Heard says she doesn't have any news except that she is gardening and canning, and that the family met Saturday at the home of her mother, Mrs. Lois Chilcoat, in Olney, to celebrate the fourth birthday of the Heard's granddaughter, Amanda.

Sybil Simmons was vacationing in Ruidosa last week with her sister, Bobbie Kinnibrugh of Floydada, and two of Bobbie's friends, Mammie Wood and Ruby Higginbotham of Floydada.

Lois and L. D. Welch had her sister

and brother-in-law, Louise and Louis Clark of Olton, as guests Saturday night. Lois also reported that a family reunion was held Sunday for the family of the late E. S. and Lorella Allen.

Marck and Matthew Bullion have been visiting their grandparents, Paul and Ila Mac Bullion, and having fun with their cousin, Crystal Dishman.

Bill Brown left Saturday for a trip to Glacier National Park.

Norma Leeann of Vernon and her daughter, Sonsequahray Cline of Lubbock, visited Vernon and Edgar Jones and Clara Brown on Sunday afternoon.

The women of Truscott will be serving lunches to the wagon train and trail ride Wednesday, Thursday and Friday of this week. The Wednesday meal will be at the Truscott Community Center and open to the public. Those who do not wish to eat might like to stop and visit the people and look at the wagons.

Housing Agency To Offer Low-Interest Mortgage Loans

If you have been planning to buy a home, now may be the time to give that purchase serious consideration.

Approximately \$114 million in low-interest mortgage money became available to first-time homebuyers in Texas on July 17, 1989, a Texas Housing Agency official announced last week.

The FHA-insured loans will be offered to eligible low- and moderate-income borrowers at a fixed interest rate of 7.69 percent or 8.69 percent, with the lower rate generally reserved for buyers of the least expensive homes.

"With this latest cycle of home financing, we have been able to provide the citizens of Texas with the lowest interest rate financing ever offered in our 10-year history," said Tim Kenny, Executive Administrator of the housing agency.

A low- to moderate-income homebuyer needs about 24 percent less income to qualify for a below-market loan using our financing as compared to market-rate financing, Kenny said.

The housing agency has established maximum income limits and a ceiling on home prices to direct the program more effectively to households least able to afford conventional interest rates.

To qualify for a home loan, an applicant generally must be a first-time homebuyer and be of low to moderate income. The permitted income for a household of 2 or fewer persons is \$33,100. For a household of 3 or more persons, the maximum limit is \$38,065 a year. In major metropolitan areas, slightly higher incomes are permitted. In addition, an applicant must be considered a reasonable credit risk.

The Texas Housing Agency was created by the state legislature in 1979 to provide affordable home financing to low- and moderate-income families. It fulfills its mission by managing two rental housing programs and two home ownership programs, all of which are self-supporting. The Agency receives no state or federal appropriations. This newest cycle of mortgage funds is expected to finance 2,075 homes.

FRANCINE REDDER

Benjamin Grad To Compete In All-Star Game

Francine Redder, a 1989 graduate of Benjamin High School, is one of 30 girl basketball players from the state of Texas who will be playing in the first-ever Texas 6-Man Coaches Association All-Star Girl's Basketball Game. The game will be played in Tarleton State University's Wisdom Gym, Stephenville, at 3 p.m. Saturday, July 22.

As a climax to the annual Six-Man Coaches Association Coaches Clinic, a full weekend of all-star games will be taking place in the Stephenville area.

The boy's basketball game will be at 8 p.m. Friday, July 21, also to be held in Wisdom Gym on the TSU campus.

The football game will be at 8 p.m. Saturday, July, at Dublin High School Stadium, 12 miles west of Stephenville.

The all-stars, 32 football players, 30 boy's basketball players, and 30 girl's basketball players, arrived in Stephenville on July 16, for a week's preparation prior to the games.

Trees Can Make Your Home More Valuable, Livable

Add thousands of dollars to the value of a home, bring songbirds to a neighborhood, and cut energy costs up to 25% by planting and caring for trees.

A free booklet from The National Arbor Day Foundation, Conservation Trees, can show how.

Conservation Trees is a colorfully illustrated, easy-to-use guide. It will show how to cut fuel bills by properly locating shade trees so that they provide cooling summer shade, but don't block the warm winter sun. And it describes how to plant a windbreak for maximum winter protection and minimum of upkeep.

KNOX COUNTY MELON SHOW SET JULY 29 IN KNOX CITY

Knox County will have a new activity taking place this month. This activity will be the Knox County Melon Show and will be held in conjunction with the Knox County Watermelon Festival, Saturday, July 29, in the Knox City park. Judging will begin at 11 a.m. The melon show is being hosted by the Knox County Horticulture Committee and sponsored by the Knox City Chamber of Commerce.

There will be three divisions, including junior, 19 years and younger; senior, 20 years and over, and commercial. Classes to be held include: seed-red watermelon, seed-yellow watermelon, seedless watermelon, cantaloupe, other melons and largest melon. Growers and immediate family may enter the classes.

Homeowner classes for junior and senior divisions may enter one watermelon or three cantaloupe or other

melons per class while commercial exhibitors will enter three watermelons or 1/2 bushel of cantaloupe or other melons. Exhibitors must be from Knox County or an adjoining county.

Awards will be presented to first, second and third place winners for each class and plaques for grand and reserve grand champion exhibitors.

Entries may be brought to the covered picnic areas of the park on Saturday, July 29, from 8-10 a.m. Entries will be open for public sample beginning at 1:30 p.m.

General rules to the melon show are available at the Knox City Chamber of Commerce and Feed and Garden Supply in Knox City, Texas A&M University Vegetable Research Station in Munday and the Knox County Extension office.

Seymour Wins Area Little League Tourney

The Seymour Little League All-Stars earned the right to represent the area in the District 6 Little League tournament being held in Haskell this week.

On Monday, July 10, post-season playoff action got underway with Seymour defeating the Munday team by a score of 5-0. The second game on Tuesday found Seymour pitted against Knox City, and the Knox City team slipped by Seymour 18-17. Wednesday games

matched Seymour and Munday again, and Seymour knocked Munday out of the running with a 19-4 victory. On Thursday, Seymour managed a 15-2 victory over Knox City, leaving both teams with only one loss each. In the final game of the tournament on Friday night, Seymour blanked Knox City 17-0 to take the championship.

In the first night of district action in Haskell on Monday, July 17, the Seymour all-stars defeated Graham 7-5, and Haskell edged Iowa Park 4-3. Seymour and Haskell were scheduled to play on Tuesday night, with Haskell and Graham to play on Wednesday.

The eventual tourney winner will represent the district in the sectional tournament slated August 31-September 2 in Graham.

To obtain a free copy of the booklet, send name and address to: Conservation Trees, The National Arbor Day Foundation, Nebraska City, NE 68410.

Allergy Testing Is Available In Area

Allergy sufferers can now have their allergy problems diagnosed and treated closer to home. The Haskell Clinic has recently added allergy testing for patients to the list of services offered.

Testing is done under the direct supervision of Dr. Wayne Cadenhead, and if necessary, two screening tests can be administered by allergy technician Charles Harvey. Test results will be received within three days.

Injections to combat a detected allergy will be mixed at the Haskell Clinic and can be administered at the clinic or by remote physicians for referred patients.

The cost of allergy testing varies with the testing done, and all testing will be done on a private pay basis, by appointment only.

For more information concerning the allergy test contact the Haskell Clinic at 864-2636.

Knox County Konnections

By Jane Rowan
County Extension Agent

Last week we began a series on "Kids In Safety Seats" and we discussed "Which Seat To Choose." This week we will cover selection and installation.

How To Select a Seat - A safety seat is acceptable if it is federally approved and has been dynamically and crash tested. Seats built after January 1, 1981, must pass a 30-mile-per-hour crash test as well as meet other government standards. Look for a label on the restraint which states the date of manufacture.

Also keep in mind:
* The seat must be suitable for your child's age and weight range.

* Select a convenient model, since the more complicated the seat, the greater the temptation not to use it.

* Make sure the seat will fit your vehicle's safety belt system properly.

When you purchase a used safety seat from a private party, the risks are your own. The manufacturer's guarantees probably will not be valid.

* Safety seats manufactured before 1981 were not required to meet standards for crash protection. Check to see if date of manufacturer is visible on the seat.

* Ask if the car seat has been involved in a collision. Never buy such a seat - it may be damaged in a way that is not apparent.

* The safety seat must be used correctly in order to provide adequate protection. If manufacturer's directions are not included with the seat, contact the manufacturer for a copy.

* Examine the car seat for the following details:

- locks and buckles and moving parts functioning properly.

- make sure the harness is complete and not fraying or discolored. Only a 3 or 5 part harness is acceptable.

- is the metal frame bent or corroded, rusty or have cracks? (swinging up arm rests and check snaps)

- is the plastic shell broken anywhere?

- is there still a good connection between webbing and metal fittings?

- if top tether is required, are strap and

anchoring hardware there?

How To Install and Use The Seat - When you install a safety seat, be sure to follow the manufacturer's instructions that come with it. For example, if the seat has various reclining positions, the instructions will help you determine the safest one for your child.

An infant seat should face backward, while toddler and booster seats face forward. Whichever seat you have, use your car's safety belt to hold the seat in place (even if the set also requires a top tether); if the belt continually slips, you may need a "locking clip" to fasten it snugly. If the seat itself has any straps, a harness, or a top tether, always secure them properly.

Should the safety seat be in your vehicle during an accident, remove it and return it immediately to the manufacturer. Do not use it again under any circumstances.

1963 MHS Graduate Receives Employee Of The Year Honors

Kathy Yeager Reim of Bellingham, Washington, an English teacher at Sedro-Woolley High School in Sedro-Woolley, Washington, was recently selected Employee of the Year for the Sedro-Woolley School District.

Kathy, a 1963 graduate of Munday High School, has been an employee of the district for 19 years and is the Natural Helpers' Advisor, teaches the peer helping class, works with the community health coalition, and team teaches classes for the Puget Sound Writing Program through the University of Washington.

The award stated, "Kathy possesses all the skills required for a successful and positive teacher, and in addition, she loves and understands kids. Through this combination of qualities, Kathy has been able to institute many new programs which promote and train students to help themselves and their peers. Kathy's contribution to the quality of Sedro-Woolley Schools is immeasurable."

In addition, Kathy recently attended the National Peer Helpers Conference at Loyola University in New Orleans, Louisiana.

Recipient of the Knox County Teachers' Association Tuition Scholarship, Kathy awarded similar scholarships to outstanding students in the high school in which she teaches.

Upon receiving the award, Kathy commented, "I feel privileged to complete a cycle of support that began with my school in Munday, Texas. It is my hope that this tangible vote of confidence will be as meaningful for you as it was for me."

GINA HARRIS and CINDY POLACEK

Goree Teen Makes Visit To "Big Apple"

by Joyce Beecher Greenwood

Last summer, a girl whose name Gina Harris of Goree found in an Archie comic book when she was 11 years old, came to visit. Cindy Polacek of Flushing, New York, currently serves as "bat girl" for the New York Mets and Texas was very different from a lifestyle of subways, taxis, and carriage rides through central Park.

On June 21, Gina returned Cindy's visit, landing in New York's LaGuardia Airport for a 10 day dream vacation that included renting a limousine one evening for a tour of New York City's famous night spots; taking a carriage ride through Central Park, and walking across Manhattan to the South Street Seaport. There were some unplanned incidents such as getting lost on the subway for two hours and ending up in

Brooklyn, but Gina reports that New York City is overwhelming.

"Everybody in the whole world must have a twin who lives in New York," Gina said. "And everyone of them is in a hurry."

Gina met many new friends who found her Texas drawl as fascinating as Texans found Cindy's clipped northern accent. She had an opportunity to sample many new foods she had never tried, and even served for one day as assistant bat girl for the Mets.

Gina will always remember her visit to the whirlwind city, but admitted she was glad to walk on Texas soil when her plane landed in DFW airport.

"I want to go back to New York someday," Gina said. "It is a fascinating place. But I would never want to live there. Texas will always be home."

Vacation Planning Should Involve Entire Family

Every family should have a planning session long before a vacation begins, said Dorothy Taylor, family life specialist with the Texas Agricultural Extension Service.

Even though parents may have the final say about vacation plans, they should listen to their children, she said. Each family member should have the chance to express his or her wishes.

If children don't want to go to the same place as their parents or are not having a good time, it could ruin the holiday.

"It's not just, 'It's a good idea. Let's go for it,'" Taylor said.

Families should always consider the developmental stages of its different members and the amount of money and time spent on the vacation when planning, she said.

Goree Church To Hold Marriage Enrichment Retreat

The First Baptist Church of Goree will host a Marriage Enrichment Retreat July 21-22. Meetings will begin at 7 p.m. on Friday and resume at 9 a.m. on Saturday. A covered dish luncheon at 11 a.m. on Saturday will conclude the meetings.

Dr. Frankie Rainey, professor of New Testament at Howard Payne University and trained and experienced in counseling, will lead the seminars.

The seminars, which are open to the public, are set up for couples, however, arrangements can be made for singles or those whose spouses are unable to attend.

A love offering will be taken at the close of the meetings.

Local Resident's Sister Dies In Coleman

Ida (Mrs. George) Glasson, age 82, died Thursday, July 13, 1989, at a Coleman nursing home. Graveside services were held at 9 a.m. Sunday, July 16, in the Coleman City Cemetery with the Rev. Gary Boyd officiating, directed by Henderson Funeral Home.

Mrs. Glasson was born in Silver Valley and was a lifelong resident of Coleman County. She attended Silver Valley schools, graduating from Tuscola High School in 1932. She earned a bachelor's degree in 1942 from Daniel Baker College in Brownwood and received her master's degree from Hardin-Simmons University in 1946. She taught in the Coleman Independent School District for many years, retiring in 1972.

She was a member of the Baptist church.

Survivors include two sons, Nonnie Smith of Odessa and Lester Smith of Fort Walton Beach, Fla.; three brothers, Worth Gafford of Munday, J.C. Gafford of San Marcos and Warren Gafford of Coleman; seven grandchildren; and eight great-grandchildren.

Hard to believe its already half way through July. The summer is almost gone and school will begin again before we know it. Of course, that will mean cooler days, we hope, and football season. That is something we can look forward to. I'm ready for it!

UNDERGOES EYE SURGERY

Bea Parks had cataract surgery last Thursday at Bethania Hospital in Wichita Falls. She's home now and is doing well.

Dutch Young was dismissed from the Wichita General Hospital Monday following his recent back surgery. He is at home and, though still in lots of pain, his progress is coming along nicely.

Vernon Smith is home after several days in the Haskell Hospital. He also consulted a lung specialist in Wichita Falls last Tuesday and he told me he got a good report. It's always so good to hear encouraging things about our friends.

HERE 'N THERE

Dub and Jo Cartwright and Tracy, Susan, Ashley and Mathew Cartwright spent last week in Bronson, MO and Eureka Springs, Arkansas. They said they attended Box Car Willie, Freddie Fender and Mel Tillis variety shows in Bronson and saw the Passion Play in Eureka Springs. Dub said everything was pretty and green up that way, but he was glad to get home.

George and Corrine Parrish of Franklin were weekend guests of the Bobby Robersons, and Corrine's mom, Lona Feemster, in the care home.

Bea Parks and Kenneth and Jessie Roberts, accompanied by the ladies' brother and his wife of Herford, joined other family members recently for a "cousins" reunion at Terral.

Harold and Beth Welch and Oleta Welch left recently for Gorman where they will make their future home. Harold and Beth had lived here five or six years, moving here from Seagraves. Oleta had been here many years and had lived in her home where she moved from for 38 years, so I imagine she's having some adjusting to do. I wish them well in their new home.

David and Val Milson of Cedar Hill visited here briefly on Wednesday. They were enroute to the mountains for a few days of rest and relaxation.

Recent guests of his mom, Leola Isbell, and his sister and family, the Don Hertels, were Mr. and Mrs. Kenneth Isbell and family of Enid, Oklahoma.

Mr. and Mrs. Troy Golden and family of Abilene visited his mother, Lois Golden, and other relatives and friends during the weekend.

Gary and JoAnn Hamilton and Jeremy attended an assembly of Jehovah's Witnesses in Fort Worth last weekend.

Craig Hertel, who has been teaching at Northside the past few years, is visiting his parents, Don and Louise Hertel, a few days. He has been going to school in Austin the past few weeks and has

accepted a position with the Lindsey school system, where he will be moving to shortly.

Pam and Dennis Duke and family vacationed in Colorado recently.

My Munday Kids, Rick and Diane, and I were in Ft. Worth for the weekend. I visited a sister and they just enjoyed getting away for a couple of days.

Cathy Tomlinson and girls of Valley View are spending this week with her family, the Leroy Wests, and the Bud Clowers and other relatives and friends.

We continue to receive donations for the cemetery. We are still a long way from where we'd like to be financially, but every check we get is very much appreciated.

Latest donations are from Louise Burnett, Jamie Hall, Reba Nix, Mabel Moorhouse, Charles Nall, Willie Nall, Barbara McGaughey, W. T. Ward, Lucille McCanlies, Lucille Marlow and Nye Glenn.

He Is Alive!

by Rev. Wayne Varnell
First Baptist Church, Goree

Paul, the Apostle, was run out of the large, first century town called Thessalonica because of opposition to the gospel of Christ. Thessalonica was a large metropolitan city of that day. He was taken to a little city called Berea.

The Bible says that the people of Berea were of "more Noble character" than those of Thessalonica (Acts 17:10-15). Berea was not on the main highway. It was on the byway. Yet, sometimes you will find God's choicest people along the byways of life. In Berea, they "received the message with great eagerness" and they "examined the scriptures every day to see if what Paul said was true" (Acts 17:11). Eagerness to hear God's Word and examination of God's Word makes us Noble in the spiritual realm.

Every city in those New Testament days received the gospel of Christ in a different way. Jesus said, "Woe to you, Korazin! Woe to you, Bethsaida! For if the miracles that were performed in you had been performed in Tyre and Sidon, they would have repented long ago" (Luke 10:13). Just before that verse Jesus had spoken of any community which had rejected Him. He said, "I tell you, it will be more bearable on that day for Sodom than for that town."

How does your community show its reverence for Christ? We ought to do it by eagerly receiving the Word of God as it is preached every Sunday and brought to our homes by Christians and by examining the Bible regularly. What kind of reverence are you demonstrating in your life for Christ?

He Is Alive!

County Melon Show Scheduled July 29

Knox County will hold its first Melon Show Saturday, July 29 in conjunction with the Knox County Watermelon Festival at Knox City. The show is being hosted by the Knox County Horticulture Committee and sponsored by the Knox City Chamber of Commerce.

Melon entries will be accepted between the hours of 8 and 10 a.m. at the city park, and judging will begin at 11 a.m. Following the judging, entries will be served to the public beginning at 1:30 p.m.

Entries will be divided into three divisions including junior, 19 years and younger; senior, 20 years and over, and commercial. Classes include seed-red watermelon, seed-yellow watermelon, seedless watermelon, cantaloupe, other melons and largest melons.

Awards will be presented to first, second and third place winners for each class and plaques for grand and reserve grand champion exhibitors.

THANK YOU

We, the family of Joe Birkenfeld, would like to express our deepest gratitude for all the many flowers, plants, food, masses and for all the kind words of sympathy from our many friends and relatives. This was a very hard time for us all, and we couldn't have gotten through it without all of you. We know that we all will miss our beloved husband, dad and friend.

Thanks also to Richie Smith, the ambulance service, Father Gary, Father Fisher and the choir.

The Joe Birkenfeld Family

Gonzales-Barjas Family Gather In Arlington

The Gonzales-Barjas family met at the convention center in Arlington for their first annual reunion, with over 300 in attendance.

Some of the family had not seen each other in 33 years, so it was a gala, happy occasion, and the picnic lunch gave them an opportunity to mix, mingle and make merry with long lost relatives.

The family had a planned program, with most staying in motels in Denton, and gathering for Mass at 1 p.m. in Grand Prairie. They drove the 70 miles from Denton to the reunion site, and were caught in the terrible wind storm that hit the area on July 1 and 2. The caravan of cars had to stop because of the velocity of the rain and wind, and the visibility was zero on the freeway, but they made it with no injuries.

The Gonzales-Max band played for the dance at the convention center, and everyone danced, including the little children.

Attending from Weinert were Mr. and Mrs. Julian Estrada and family, and Mrs. Augie Costello and family.

Phemister Reunion Held In San Antonio

The Seven Oats Hotel in San Antonio was the gathering place for the annual reunion of the descendants of the late Virgil and Ida Phemister family, with eight of the original nine children in attendance, and a total count of 80 present.

There were sixteen Texas towns represented, including Rule, Odessa, San Angelo, Abilene, Bedford, Austin, Canyon Lake, Harlingen, Edinburg, Avoca, Haskell, Solado, Montague, Weinert, Sweetwater, and the host city, San Antonio.

There were also family members from Evansville, Indiana; Orlando, Florida; Chicago, Illinois; Phoenix, Arizona; and Los Angeles, California.

Mildred and Tommy Perry and their three daughters hosted the family reunion, with a series of planned events, including a swimming party, a barbecue dinner in Brackenridge Park, a barge ride on the river, a tour of the S.A.S. factory, the river walk and shopping mall, the zoo, Alamo, Science museum, with pizza lunch, sandwich supper and a worship service on Sunday to end the busy schedule of visiting.

At the business meeting on Saturday, the Perrys were unanimously elected to host the gathering at the same place next year, with the third week in June being the time to gather because of the heat of the July weather.

Clyde and Birdie Terrell were presented a plaque honoring them for the five years they hosted the family reunion in their home town of Abilene.

Those in attendance included Carlos and Ozell Phemister of Sweetwater; Alma Terrell of San Antonio, with 13 of her family; Marvin and Myrtle Phemister of Weinert, with 23 of their family; Helen Boykin of Weinert, with 5 of her family; Edith Davis and Richard of Haskell; Rith and Coy Keahey of Rule, with 15 of her family; Roy and Leta Phemister of Edinburg, with 10 of their family; and Hugh and Norma Phemister of Montague. Jenell and Emmitt McCoy of Wichita Falls were not present.

The family had a special prayer service for their missionary families, which included Kenneth and Andrea Terrell and children of Nebraska, son of Jimmy and Brenda Terrell; and Wimon and Linda Walker and their children of Botswana, Africa, daughter of Lola Williams. Bobby Tipton is in Africa for a 3 month visit with his sister's family at this time.

The ball room of the hotel was the meeting room for the family, and the hotel staff were efficient and very courteous, and made everyone feel welcome.

By coincidence, the Haskell graduating class of 1939 were celebrating their 50th anniversary at the same hotel and had adjoining meeting rooms with the Phemister family. The difference was, they made headlines and TV. Congratulations! It was nice to meet neighbors so far from home.
