One of life's most devastating emotions--perhaps ranked second to extreme grief--is fear. We are all, at one time or another, afraid of something. But until we have experienced the possibility of a violent or life-threatening situation toward us or one of our loved ones, we haven't really known fear.

Every woman fears having car trouble on the road alone, especially at night, or walking across an empty city parking lot long after dark. I hate getting into an elevator alone and if ever I am held at gun or knife point, the assailant might just as well use it, because I'll be just as dead.

Everybody has a scary story. That's what makes sitting outside after dark or around a table with friends so much fun. Of course, it's fun to tell a scary story after the fact--to describe the situation, probably embellish it just a little--sometimes maybe, a lot.

"I'll tell you what happened to me one time," somebody will begin and everybody kind of settles in, watching the storyteller intently as he describes his most frightening experience.

But there's nothing fun or exciting about the actual experience of fear. There's nothing pleasant about that rush of adrenalin that makes your mouth bone dry and your heart start to pound so that you can hear it.

"I've got a gun," I've heard people say, "and I'm not afraid of anybody." But having a gun sometimes only heightens the possibility of tragedy.

When Tommy and I lived in Fort Worth, the only place that would fit our very skimpy budget was a furnished apartment that happened to be located behind a seedy-looking bar. Nobody ever bothered us, but I was afraid when Tommy would be late coming home from work, so Daddy gave me a little .22 pistol. It just about fits in the palm of my hand and holds seven rounds of ammunition. It gave me a certain sense of security, but I almost made the worst mistake of my life with it.

When our first two were babies, Tommy worked at the cotton gin every fall to make money for Christmas. He worked at both the Goree and Hefner gins, but that particular fall, he was working at Hefner. He didn't get home until long after midnight and we lived miles away from any neighbor. We didn't have a phone and he took our only old car to work every day, so from early in the morning until I saw the car lights on the window each night, I was totally stranded and when darkness began to fall, I was usually terrified.

One bitterly cold night, the wind was howling around our old farmhouse, rattling the piece of loose tin on the roof of the little "lean-to" room where we slept in the winter. The branches of the old paradise tree outside the window kept up a steady, ghostly rhythm as they scratched against the pane, sometimes quietly, and then growing in intensity as the wind increased.

I put my babies to bed and lay down to read a bedtime story. I had fallen asleep when I heard the sound of a car pull into the yard. Instantly awake, I ran into the kitchen and looked at the clock above the refrigerator. It was after ten, too early for Tommy and too late for visitors.

Peeking out, I saw a red car I didn't recognize just as somebody stepped up onto the front porch and started to knock. I didn't answer the knock, but pressed against the wall silently, hoping one of the babies didn't call out.

After several moments, I heard his footsteps across the porch, but when I

Trailing in the fifth inning by a score of 11 to 5, Munday's turn-around came in the sixth inning when Gerald Taylor hit a home run with the bases loaded. Rallying to the challenge of a possible victory, Danny Ramirez's team dug in and edged past their opponents by a final score of 12-11.

Assistant Coach for the team is

Trey Gardner. Team members include: Ky Edwards, Roberto Nunez, David Flores, Gerald Taylor, Nathan Kuehler, Zane Donoho, O'Keith Taylor, Robby Vaughn, Jason Ramirez, Will Dutton, Kyle Myers, Jason Hise, Charlie Browning, Cody Perry, and alternate Greg Blake.

Additional Sales Tax Effective July 1

State Comptroller Bob Bullock reminds everyone who collects or pays sales tax that beginning July 1, there will be an additional quarter percent sales tax collected on all taxable purchases.

"This change means we'll all be paying a little bit more to help fund education and human services in Texas," Bullock said.

The new rate of 6 1/4 percent was approved by the Texas Legislature after a fourth special session on the issue ended in early June. This increase brings the sales tax rate in Knox County, including Munday, Knox City, Goree and Benjamin to 7 1/4 percent, of which 1 percent is city sales tax. Maximum Texas sales tax rate is 8 1/4 percent.

Bullock's office estimates that a family of four making \$35,000 per year will pay an additional \$24.65 a year in the state sales tax.

Bloodmobile Successful In Plus One Campaign

Latreace Lane expressed gratitude to the many donors and volunteer workers who helped to make the Red Cross Bloodmobile drive a success last week. Fifty-seven people offered to donate blood with four differentials resulting in fifty-three pints taken.

The highlight of the day was a donation by Tony Shawver which brings his total blood donations to eight gallons. Latreace Lane contributed her fourth gallon with two gallon totals each for Charlie Cooks and Bill Longan, and a one gallon total for Glenn Herring. First time donor was Terri Wallace.

Without the help of many individuals who are willing to donate time and/or talents to this organization, the Bloodmobile Unit could not function in small areas. Some of the people who volunteered services were Paula Schur and Virginia Cafy who registered donors; Ernestine Dickerson who distributed donor bags; Marie Smith and Elaine Gulley who presided over the canteen; the Firemen's Auxiliary ladies who called for canteen food; Mickey Jackson and James Merrell who placed street signs; Leon Sellers and Larry Fitzgerald who unloaded trucks for the unit; and the

trained personnel which included Theda Jackson, Marion Lee Green, and Betty Hamilton, all LVN's.

Ladies who supplied food for the canteen were: Alta McGuire, Helen Homer, Anna Decker, Ruth Griffith, Jeannie Wren, Donna Browning, Lisa Cypert, Hazel Cypert, Selma Choucair, Barbara Zeissel, Marguerite King, Dolores Stewart, Kelly Myers, Margaret Hill, Mendie Hendrix, Jacquita Welch and Kerri Urbanczyk.

MINDY MYERS

Mindy Myers To Play In All-Star Basketball Tourney

Mindy Myers is the kind of athlete coaches watch for, wish for, and dream about, and Munday's Dan Sloan is the lucky coach who has had the opportunity to mold all that raw talent into an All-Star winner.

Miss Myers' outstanding ability has been evident to Munday fans for a long time, but last season she was recognized as one of the top state contenders in basketball as well as track. She will once more have a chance to display her talent as she takes the court in the girls' 1990 All-Star Basketball game in Haltom City this weekend. Played in conjunction with the Clinic for Girls' Coaches in Arlington, the game is sponsored by the Whataburger fast food chain and is the pinnacle of Texas high school girls' sports.

Coach Dan Sloan will accompany Miss Myers to Arlington where she will begin training Wednesday afternoon as a guard for the north division team in the North-South competition. The game will be played Saturday, July 14 at 4:30 p.m. at the Wiley G. Thomas (formerly Birdville) Coliseum in Haltom City near Arlington.

During half-time ceremonies, Miss Myers will also be awarded a certificate honoring her as All-Star Girls' Track participant.

A reception will be held after the game for the girls, their coaches and parents.

Munday High School girls' coach, Dan Sloan, nominated as one of five finalists for Texas Girls' Track Coach of the Year, will attend a banquet in the convention center in Arlington Friday afternoon to honor Texas coaches nominated for this award. The coaches will be presented with a ring for his/her accomplishments and the winning coach will be announced at that banquet.

Area sports fans are encouraged to attend the game in Haltom City Saturday and cheer for Mindy and her teammates as they aim for the All-Star Championship title.

County Commissioner Of Precinct 4 Retires

Lee Patterson of Goree, who has served Precinct 4 as County Commissioner for the past seventeen years, has announced his retirement effective June 18.

Patterson was appointed to his office at the death of the late George Nix and has served the people of Knox County in this capacity since that time. He has served under three Judges; Sam Clonts, Homer T. Melton, and current Judge David Perdue. Patterson did not seek office in the past election.

His retirement plans include fishing, reading, traveling, maybe playing golf--but, most of all, cleaning out his desk.

Patterson expressed gratitude to all those with whom he has worked, especially the Commissioners Court, the Courthouse employees and his road employees, Grady Howry and Rudy Jacques. He stated that he wishes the very best for his successor as Precinct 4 Commissioner.

Patterson and his wife, JoNell, are the parents of two sons, Randy and Susan, of Round Rock and Terry and Judy of Wichita Falls. They have four grandchildren: Kellye of Round Rock and Mandy, Adam and Whitney, of Wichita Falls. The Pattersons are planning to spend more time with their children and grandchildren following his retirement.

Birkenfeld Sworn In As Precinct 4 Commissioner

Johnny Birkenfeld of Goree was sworn in by Judge David N. Perdue in Benjamin Monday at 3:30 p.m. as Knox County Commissioner for Precinct 4. The swearing-in ceremony follows the June 18 retirement of former Commissioner Lee Patterson.

Birkenfeld is the owner and operator of Johnny's Tractor Repair in Goree. He is 33 years old and a graduate of Goree High School. A lifelong Goree native, he is the son of Ethyl and the late Joe J. Birkenfeld.

Correction

In the article concerning the retirement of Walter Hertel of Munday, three errors were made and should be corrected.

First, the Hertel granddaughter's name is Kristi, not Christian as was stated; Tim Hertel is employed as Assistant Construction Engineer for the Texas Highway Department out of Wichita Falls, and not the City of Wichita Falls; and the long time mayor of Munday who held office when Mr. Hertel began his association with the city office was J. E. (Jim) Reeves and not M. E. Reeves as was stated. We apologize to Mr. Hertel for these errors.

peeked out again, I couldn't see him returning to his car in the light from the front porch. Frantically, I dashed into the front bedroom just in time to see his hat over the "cottage curtains". He was going to the back door! There was no light on the back porch, and a curtain covered the glass pane in the door, so I couldn't see out and I hoped he couldn't see me as I ran across the kitchen in a crouched position and took my pistol from high on the kitchen shelf.

By this time, he was knocking louder on the back door and in my panic-stricken state, I imagined he was pounding or even kicking the rickety old screen door. I opened my box of shells, dropping them--watching them roll noisily across the floor.

"Who is it?" I shouted, not realizing in my fear that he could not hear me over the howling wind.

With trembling fingers, I managed to shove seven shells into the chamber and snap it closed.

"Who is it?" I shouted again, pointing the gun toward the glass pane in the door. There was still no response and the knocking continued.

"Tell me who you are!" I cocked the pistol, but God was watching out for both of us that night, because the knocking suddenly stopped.

I ran back to the front, crouching below the curtains, and peeked out as the man's hat went back by the windows and disappeared behind the lilac bushes. In a moment, I heard his car start and I watched as he backed out and drove away down the road.

A flood of relief washed over me, but it was only momentary as I considered the possibility of his returning when he thought I might be asleep. In my youth and excitement, it didn't occur to me that if he had really wanted in, the rickety old doors and insecure chain locks couldn't have kept him out for long. I positioned a kitchen chair so I could see both doors and sat waiting with the loaded pistol in my lap.

The wind increased and thunder began to rumble somewhere in the distance as the minutes crawled past midnight. At a little past one, I heard the far away, unmistakable sound of our old car.

By the time Tommy had stopped, I had unlocked the door and was running, sobbing hysterically, to meet him. He quickly took the pistol out of my hand and led me back to the house as I calmed down enough to tell him about the man who had tried to get into the house.

Tommy sat down at the table and began to empty the pistol as I described how I had almost fired through the pane in the door. Suddenly his face paled.

"Do you know," he said, quietly, "that you almost shot Mr. Coffman?" I stared at him in disbelief, knowing my own face was as ashen as his.

"Don't you ever load this pistol until you know without a doubt that somebody intends to hurt you," he scolded as we looked at each other, both of us realizing the horrible mistake I had almost made.

Mr. Coffman owned the gin in Goree and had put on a night crew. When one of his hands didn't show up for work, he remembered that Tommy

had worked for him before and since he couldn't call us, he had driven out to offer him a job.

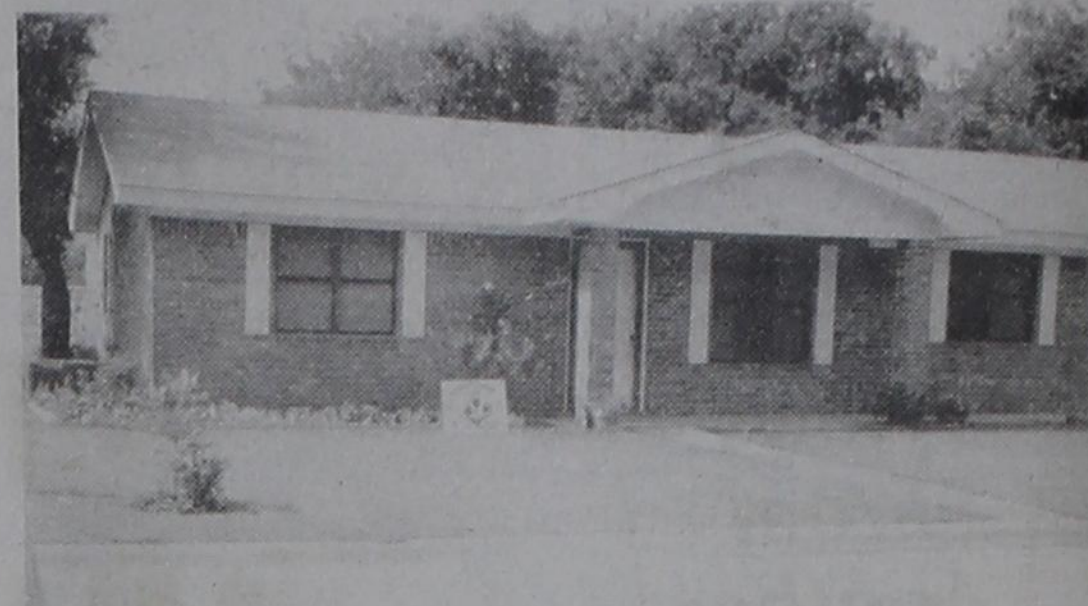

After he had left our house, he had stopped by the Hefner gin and talked to Tommy. He told him he had been to the house and saw the lights on, but nobody ever came to the door. It was then he realized Tommy must be working at Hefner. The man had very innocently knocked on both doors because he thought we might not have heard him at the front. He never knew how close he came to being the victim of a tragic mistake. If I had fired through that glass pane, it would surely have been point blank.

Everytime I saw Mr. Coffman after that, the same sick feeling came into my stomach. But I learned a valuable lesson. Guns are made to kill. We may use them to try to scare or threaten someone, but unless we really intend to kill, we'd better not point them.

Many things that happen to cause us fear are usually just circumstantial or practical jokes. The worst result of fear is the trouble we bring on ourselves because of it. And weapons in the hands of untrained persons can be tragic.

We all have memories of sitting in the yard after dark, listening to the grown-ups tell their scary stories of uncanny experiences, prowlers in the chicken house or footsteps somewhere in the house late at night. Even as a child we knew the story of the white horse that appeared in a ghostly light, crossing the road on the nights when the moon was full was just a story, but it was scary, shivery fun to hear.

Some people have a real knack for the telling, voices lowered at just the right places, long pauses as the listeners paint mental images. It's interesting past time on a cold winter night, a good way to establish comradery. But scary incidents are not fun to experience, there're only fun to tell. Many years later.

Mrs. Ponder Returns From South Texas Vacation

Mrs. Frankie Ponder recently returned to Munday after visiting relatives in south Texas and touring some interesting sites there.

Mrs. Ponder and her daughter, Phyllis Dunn of Moore, Oklahoma, visited for several days in the home of Ray and Tracee Herring and daughters in Freeport. Their stay there included playing on the beach, sight seeing and visiting some of Houston's famous restaurants.

After leaving Freeport, Mrs. Ponder and Mrs. Dunn drove to Rockport to visit the summer home of another daughter and her husband, Mr. and Mrs. Felton Raynes. Also visiting in the Raynes home were their daughter and son-in-law, Major John and Shelley Moseley and Megan of O'Fallon, Illinois. The Moseley family was enroute to Ramstein, Germany where Major Moseley will be stationed with the United States Air Force for the next three years. The Herring's joined the family get-together on Saturday for a week-end of fishing and visiting.

The Raynes family accompanied Mrs. Ponder and Mrs. Dunn on a sight-seeing tour of the Fulton Mansion between Rockport and Corpus Christi. The mansion was built in 1870 to withstand hurricane force winds. Cisterns in the basement provided an adequate water supply and a tank located on the tower attic gravity-fed water to bathrooms equipped with flush toilets and three feet deep bath tubs, unusual modern conveniences for the nineteenth century.

They also visited other points of interest in Corpus Christi and San Antonio. After returning to Munday, Mrs. Dunn spent the night with her mother and returned to Moore on Monday.

At Your Service

by Dr. Larry Fitzgerald
Minister, Munday Church of Christ

Q: How can intelligent people actually believe in real Satan. I believe "Satan" to be symbolic of the evil men do.

A: You are right in line with those religious people who claim all the Bible is symbol and myth and not God's word without error. It's amazing to me that "intelligent" people cannot conceive of a real being as God or Satan but have no problems believing in advanced extraterrestrial life-forms.

Jesus, himself, believed in a real Satan. He didn't think of him as myth (Luke 4:1-13). Satan was apparently created by God but he rebelled against our Father (2 Peter 2:4; Jude 6; Matthew 25:41; 1 Timothy 3:6). Satan caused Adam and Eve to sin (Genesis 3:1-6; John 8:44; 2 Corinthians 11:3). This made Jesus' sacrifice necessary (Romans 5:10; Ephesians 2:13-18). This also necessitated women being left out of the public preaching ministry (1 Timothy 2:11-15).

Satan is known by several names such as the "Adversary" (Job 1:6-2); "The Slanderer" (Revelation 2:10; Luke 4:1); "The Tempter"

(Matthew 4:3); "Beelzebub, the Prince of Demons" (Matthew 12:24-28); The Father of Lies (John 8:44); "Prince of this World" (John 14:30; 12:31); "The god of this world" (2 Corinthians 4:4); "The Devil" (Matthew 4:1).

Satan is very powerful and should not be fooled with in any form (Satanic worship, occult practices including astrology, or false religions). Christ, however, is more powerful than Satan and Christians will prevail over the Devil through Christ (James 4:7; Ephesians 4:27; 6:11-19; 1 Peter 5:8-9; 1 Corinthians 10:13; Revelation 17:14).

Satan's greatest tool is the power to deceive (2 Corinthians 11:3; Genesis 3:1; 2 Thessalonians 2:10-12). In fact he can even appear as one of God's angels bringing about false doctrine which leads people astray in the name of God (2 Corinthians 11:3-4; 2 John 7-11; Revelation 2:9; 2 Corinthians 11:13-15; 1 Timothy 4:1-4).

The Lord's Corner

by Dr. Pete Bradfield, pastor First Baptist Church

In English the word "tragedy" is used to describe any adversity, regardless of its cause. But more specifically, a tragedy is a calamity that results from a wrong decision based upon a flawed character.

Becoming a Christian doesn't mark the end of your battle with sin and temptation; in many ways, it marks the beginning! As a Christian you still have a fallen nature that seeks to express itself in your daily actions. You also have a personal will that desires to direct your life. Both need to come under the Lordship of Jesus Christ. Take the four major areas of your life (spiritual, social, physical, emotional) and give each back to God right now, claiming His help to make your attitudes, decisions, and actions pleasing to Him.

See you next week, and remember: the number of times the average person says "no" to temptation is once weekly.

HAPPY BIRTHDAY

Firebreaks, A Defense Against Wildfires

With the abundance of grass, coupled with the extremely hot weather that has occurred during June, ranchers should seriously consider installing permanent firebreaks on rangeland according to Gary Conner, district conservationist with the Soil Conservation Service.

"Firebreaks are the simplest and cheapest means of fire protection you can provide on your rangeland," said Conner. "They serve several important functions. They divide the range into compartments, containing a fire

to a smaller area and providing less fuel for it."

L. D. Offutt, chairman of the Wichita-Brazos Soil and Water Conservation District stated that access is important in fighting grass fires. Fires which burn many acres do so because firefighters cannot get through the pastures to the front of the fire.

"Firebreaks and firelanes can provide ready access for firefighters to get around the fire," Offutt added.

Speed is also important. Plowing firelanes through the pasture during a fire is slow and dangerous. Firelanes can help. The sooner firefighters can safely get in front of a wildfire, the better the chances of preventing a small fire from becoming a raging monster.

Firebreaks should be planted with suitable grasses, legumes, or other plants and must be properly constructed to prevent erosion.

HELPING YOUR CHILD ACQUIRE LITERACY SKILLS

The U.S. Department of Education has noted that "parents are their children's first and most influential teachers". Most parents want their child to learn to read and write, but often they don't know what they can do to help them.

Parents can do several things to help their children acquire the skills and concepts needed for reading:

*Play matching games with the child. The ability to categorize things (such as buttons, blocks, beans or toys by shape, color, and size or groceries by food groups) is an important thinking skill.

*Knowing the letters of the alphabet can be encouraged when children look for the letters of their name on signs, in magazines, or in the newspaper.

*Visual discrimination, or being able to identify small differences between such letters as p, q, b and d, is an important skill for reading. Matching pictures in a deck of cards, playing lotto games or matching the dots on dominoes can help children with this skill.

*Auditory discrimination, being able to distinguish between such similar sounds as b or d, m or n, is also an important skill in learning to read. Matching objects beginning with the same sounds (house, hut, hamburger) or listening for different sounds (sound boxes can be made by placing beans, nuts, bulk tea, salt, soda, etc. in metal bandage boxes; tape the boxes closed). Talking about which makes the loudest or softest noise or how the sounds differ can assist children with this important skill.

*Praising children for their efforts and displaying their work enhances the child's sense of self worth. When children feel good about themselves

and their abilities, acquiring reading skills is easier.

*Modeling reading enhances the child's interest in reading. As they see you read and hear you talk about what you learned from reading, they will be encouraged to learn to read.

Parents are often unaware of the important role they play in their child's achievements. Parents are sometimes intimidated by school professionals who, they feel, have an expertise that they don't have. Sometimes parents don't feel competent enough to deal with school work and may not understand how important they are in helping their child learn to read.

Parents should remember that they are key players in their child's school success. Spending time playing games, reading together, and working with the child can help the child acquire reading skills.

COOKING TIP

The standard egg used in recipes is grade A large unless otherwise noted. Don't substitute other sizes, or you won't have the right amount of liquid to successfully complete the recipe. For example: 1 large egg, lightly beaten, equals 4 tablespoons; a jumbo egg is 5 to 6 tablespoons.

The Cross and The Flame
First United Methodist Church
Loren Gardner, pastor

Dear God,

I'm sorry you made Sunday where you did. You see, it is like this...we could attend church more regularly if YOUR day came at some other time. You have chosen a day that comes at the end of a hard week and we are tired out. Not only that, but it is the day following Saturday night.

Saturday evening, you know, is the one time we feel we can and should enjoy ourselves, so we go to the movies or to a party, and often it is after midnight when we reach our home. It's almost impossible to get up on Sunday morning. You have chosen the very day we want to sleep late and it makes it mighty hard to get the children off to church school and especially when they have it so early. And there are dishes to wash and we always do have some things we just have to wash out.

I mean no disrespect, dear God, but you must realize you have picked out the day on which we have our biggest dinner. Not only that, but the church has fixed the hour of worship at the

very time we must prepare the dinner.

Then, too, you must think of John. He's cooped up in his office all week and Sunday morning is the only time he has to mow the lawn and tinker with the car. When he gets into his old clothes and his hands are all greasy, you couldn't expect him to be able to get off to church.

I'm telling you these things, dear God, because I want you to get our viewpoint. It is not our fault that we are not able to get to church on Sunday mornings. We would like to go, and we know we should go, and need to go. But it must be clear to you...the real reason we cannot go is because you have chosen the wrong day. You select another day and we shall be able to go to church and church school, and be more faithful.

Sincerely yours,
I. M. Busy

MARY REDDER IS SHOWN HERE with three of her seven children at the celebration to commemorate her 90th birthday. More than 125 friends and family members were on hand to help make Mrs. Redder's day special.

Mrs. Redder Honored With Birthday Party

The family of Mary Redder gathered at the Knights of Columbus Hall in Rhineland on Saturday, June 30 and Sunday, July 1 for a combination family reunion and reception honoring Mrs. Redder's 90th birthday.

The hall was decorated with colorful helium balloons which also graced the table where a giant-sized birthday cake was on display beside the register book for all her guests to sign.

The refreshment table was covered with a white tablecloth trimmed in intricate crochet. A huge birthday cake was decorated with beautiful spring flowers and a "Happy 90th Birthday" greeting. Punch was served from a large country crock tied with pink ribbons and accented by a blue enamel dipper. Plates, cups and napkins were also in the colors of spring. Flower baskets and balloons completed table decorations.

Gifts and cards were presented by more than 125 guests during the day with special cards received from President and Mrs. Bush and from Texas Governor and Mrs. William Clements. The cards, photographs and other mementos of her special weekend will be included in a scrapbook to commemorate the occasion.

Weekend activities included exchanging stories, taking pictures and catching up on family news as the family came together to honor their matriarch. Bingo and baseball, a hamburger cook-out and an auction were also part of the host of activities planned for the occasion.

The highlight of the celebration was a special blessing by Rev. Gary Geurtz at the end of Saturday evening mass at the St. Joseph's Catholic Church. Most of Mrs. Redder's family was in attendance at the mass.

Mrs. Redder was born June 30, 1900 in Rhineland to Stephanina and Joseph Decker. She was one of nine children and was raised with her siblings in Rhineland where she has lived for most of her life. She married Joseph T. Redder in 1921 and they made their home northwest of Rhineland just across the Brazos, raising wheat, cotton and cattle. Seven children were born to this union. They include Albert of Waco; Robert and Herman of Rhineland; Agnes of Windthorst; Phillip of Seymour; Charles of Fort Worth; and Lucille of

Wichita Falls. Following Mr. Redder's death in 1960, Mrs. Redder moved from her farm home to her home in Rhineland where she now resides.

Mrs. Redder has been blessed with good health and a sound mind and continues to enjoy many hobbies. She is a special lady who serves as a wonderful example for her family.

Mrs. Redder's brothers, Joseph of Rhineland and Frank of Albuquerque, New Mexico and her sisters, Rose Birkenfeld of Nazareth and Lena Haggard of Fort Worth were in attendance at her party. Also attending were her children and the majority of her 33 grandchildren and her 29 great-grandchildren.

Letter To Editor

I am writing in behalf of the sons of George Gaines, a former resident of Munday, to ask if the enclosed obituary could be printed in the *Munday Courier*.

George loved Texas! Over the years we heard so many stories and fond remembrances of Munday, Goree and the people he knew that it just seems right to have his obituary published in the *Munday Courier*. George was a faithful subscriber to the *Courier* until his death, as are many transplanted Texans, and I suspect there are many who will remember George.

His three sons characterized their father as one who loved the Word of God, the Church and its people. His fond remembrances of Texas and struggles as a cotton farmer illustrated his assurance that God knows our need, He cares, and provides. His life exemplified I Thessalonians 4:11,12.

The *Courier* meant so much to George that I've kept three of the issues for my collection of family archives. Reading your paper has been delightful. It is refreshing to read a paper that so obviously cares about its community and isn't ashamed of values that esteem God and family.

All three sons would like to have a copy of the *Courier* containing their father's obituary. I have enclosed a check to cover the costs and I would appreciate so much your attention to this request.

Mrs. Dennis (Susan) Gaines

BENJAMIN NEWS

By Mrs. Gladene Green

We have had a few on the ailing list. Little Katlyn Kuehler, 2-year-old daughter of Steven and Sheila, has had the measles but is getting over them without too much discomfort. And by the way, Katlyn won the baby contest at the Knox County Vegetable Festival baby show held recently in Munday. She's a cutie and ever deserving of this honor.

Shannon Worthington spent a couple of nights in the Knox County Hospital. It was first believed he had a heart attack, but the doctors aren't real sure, so are sending him to a specialist soon for a more complete checkup and diagnosis.

Bud Clower was in Dallas last week for a checkup since his recent back surgery. He got a good report but will continue to be off work until around September 1. As always, with any kind of surgery, the recuperation period is several weeks.

Bo Milson was in Dallas a couple of weeks ago for a checkup with a specialist. Her tests were all positive. No real problem, so she came home very relieved. And after her good news from the doctor there, she enjoyed a three day visit with her son and his wife, David and Val Milson, at Cedar Hill.

Nell Hudson underwent a series of tests in Seymour last week. She too got a good report. Just told to take it a little slower. She has been going at a fast pace all summer and has tired herself out. I think she plans to heed her doctor's advice and rest a few days.

Bill Pierce fell last Monday and fractured his hip. He spent a night in Bethania Hospital in Wichita Falls and is now recuperating at the home of his son and family, Sammy and Barbara Pierce. Barbara says he's doing pretty well, but will take a while to be back up and around.

Let's try to remember all our friends who are not well as we go about our daily lives.

NEW ARRIVAL

Gage Elliott is the newest member of the Moorhouse family. He arrived June 25 at the Wichita General Hospital. He weighed 8 lb. 2 oz. and his parents are Tom and Becky Moorhouse.

He has three brothers, Jed, Brad and Seth, and a sister, Jodi, who are all mighty proud of him.

His grandparents are Togo and Lucille Moorhouse of Benjamin and Manfred and Ann Elliott of Seymour. Lots of uncles, aunts and cousins are also eager to help care for and spoil him.

Amy Moorhouse, daughter of Bob and Linda Moorhouse, who reside on the Pitchfork Ranch, was injured recently in a Play Day event accident. She was taking part in the "Cow Hide Run" which is where a horse and rider pull a cowhide with someone sitting on the hide. Amy was being pulled by her dad when the horse "spooked" and ran away slinging her off and throwing her into a post.

It was first thought she was not injured too badly, but she was taken on to Lubbock where she was checked and found to be quite seriously injured internally. She had to have her spleen and one kidney removed. She was in Methodist Hospital several days but was dismissed Sunday. She's home now and recuperating well.

The accident occurred at the East Camp of the Moorhouse Ranch west of Benjamin during a benefit roping for the upcoming senior class of Guthrie High School. (This information given to me by Amy's grandmother, Lucille Moorhouse.)

Brenda Driver of Albuquerque, NM visited relatives and friends here a couple of days recently. Her son, Blake (not Heath) returned home with her after several days visit here. (How about that Blake out in Albuquerque? I got it right this time!!)

Jim Bob Conner is spending a few days visiting his dad in Lubbock.

Cathy and Junior Tomlinson and family of Valley View are spending

this week with Leroy and Gloria West and the Bud Clowers and other relatives and friends in Rhineland and Munday.

Recent guests of Nell Hudson have been Johnny Tom and Cynthia Hudson of Pilot Point, Heath Hudson, also of Pilot Point, and Belle Zoch and Tasha of Paris.

Kathy Reim and daughter, Rachel, of Bellingham, Washington, visited me last week. Kathy is my niece, the daughter of Troy and Margie Yeager. She has lived in Washington 24 years and teaches high school English there. She doesn't get to come home as often as she would like but says she keeps up with everything by reading her county newspapers.

I visited Audrey Nolan, Mrs. Jones and Lona Feemster in the care home on Sunday. They all seem to be doing quite well. I can't emphasize enough the importance of company to our friends over there. Just a minute of our time helps them so very much.

Kathleen Melton returned home Saturday after several days visit with her kids. She went to Abilene for a couple of days to visit Jim and family, then went on to Lubbock to visit Jack and Mary Young. She said Ruby Melton fell Friday and broke her left

The Munday Courier, Thursday, July 12, 1990, Page 7

hip. She underwent surgery for repair and is recovering nicely. She is in room 547 in St. Mary's Hospital. I'm sure she would love to hear from her many friends in the area. Certainly our best goes to Ruby for a speedy recovery.

Bo Milson had her kids, David and Val of Cedar Hill, Shane, Patsy and Ronda of Brownfield, Kermit, Kathy, Daniel and Jamie Woolley of Spur, and Kelly, George and Sam Slade of Austin on Saturday. They all attended a reunion of Bo's family in Graham.

The children and grandchildren of the late Grover and Thelma Nunley enjoyed a reunion Sunday at the Vera Community Center. Those attending were Joy Yancey, Mike, Ann, Cory and Carey Yancey and Brenda Gallagher of Wichita Falls, Shannon, Inez and Amber Brown of Ft. Ord, California, Lana and Tony Patterson of Goree, Joe Nunley of Dickens, and Joe's daughter, Gail, and family of Tulsa, Oklahoma, Mike and Collette Young, Jack Nunley, Jeannette Houts and daughters, Christi and Kelly, and Bobby Brasher, all of Seymour, and Slick and Darlene Benson, Toni Benson, and Daniel and Trevar Benson, Dutch and Imagean Young, Dee Ann Lamb and Anthony, Jane and Sue Gideon, and Weldon Gideon, all of Benjamin. All reported a very enjoyable day.

Jeff Conner and Cheryl Gray of Vernon spent the weekend with relatives here.

Shari Brown returned home Wednesday after several days at 4H camp at Lake Brownwood.

Jan, Steve and Cory Wilson of Falfurias visited Stanton, Shirley and Shari Brown Sunday. The Wilsons are former Benjamin residents.

I attended the wedding of Johnny Andrade and Kathy Sosa in Rhineland on Saturday evening. Also attending from Benjamin were Imagean Young and Dee Ann and Anthony Lamb. Dee Ann and I attended the reception and dinner that evening at the Civic Center in Haskell.

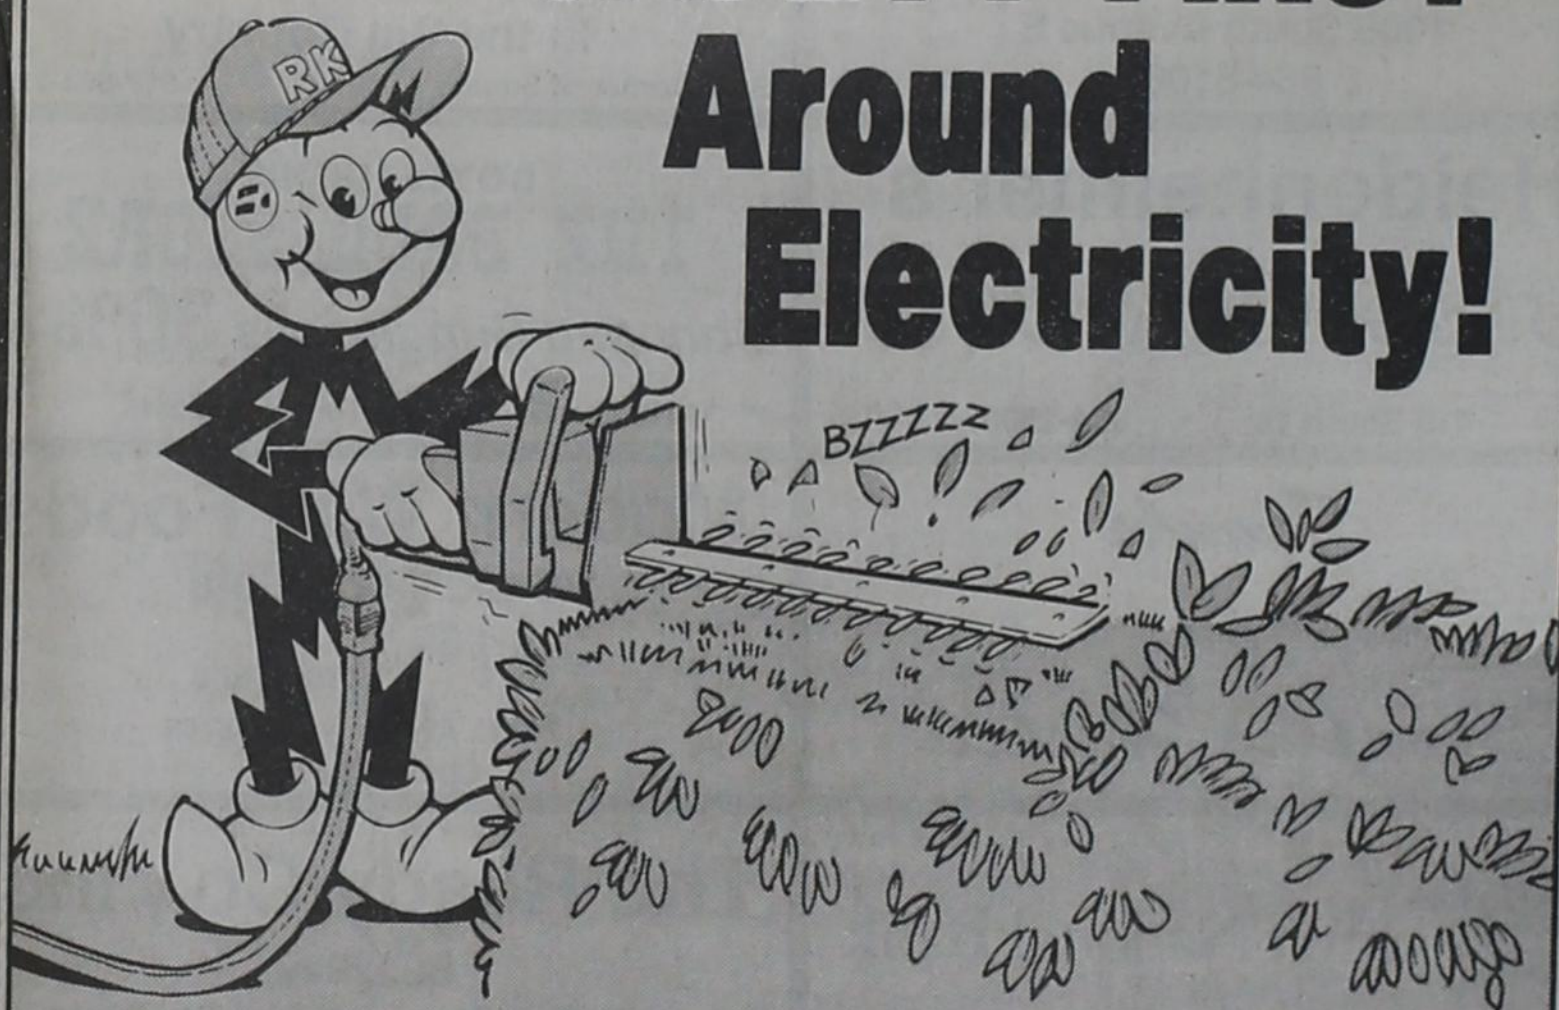

June cemetery donations have been made by L. J. Johnson, the Bobby Robersons and Clodell Duke. Jim Pratt also donated 25 steel posts and a roll of wire for fence repair. We are very grateful for all the help we get.

12 YEAR OLD LORIN CLEM recently participated in the American Trampoline and Tumbling Association's National Gymnastics meet in Rockford, Illinois. The daughter of Daron and Christi Parker, Lorin is a member of the R&R Acrostars team coached by Larry Robards of Rotan.

She qualified for the National meet on May 27 in Levelland at the Tri-State Regional meet which encompassed Texas, New Mexico and Oklahoma. In a two pass competition in the national contest, Lorin was in seventh place following her first pass. She pulled a leg muscle in the beginning of her second pass, but placed 27th out of 54 contenders from almost every state in the U.S. Lorin was accompanied by her mother to the National meet.

Summer Employment Counts For Social Security

Many young people in this area will take a summer job this year, many for the first time. There are many things they should know about social security.

First, a social security card is needed. If the young person does not have one, they should call 1-800-234-5772 for information on obtaining a card.

In 1990, one social security credit is earned for each \$520 up to a maximum of four credits for the year if earnings total \$2,080 or more.

All covered wages and self-employment income are recorded in the young person's name and social security number on a lifetime earnings record. His entitlement and the amount of future benefits will depend on the accuracy of that record.

There are special rules that apply if the young person receives cash tips in his job. Tips must be reported in writing to employers within ten days after the month ends if they amount to more than \$20 or more.

For more information, call the Social Security 800 number.

Happy 46th Butch

Congratulations are in order for Mark Jimenez, son of Gilbert and Sophia Jimenez, who graduated on May 25 from Western Texas College in Snyder as a TDC Certified correctional officer.

Mark graduated with a gpa of 98, and was second in his class. He has been assigned to a post at C.C.A. in Dallas and was highly recommended by his superior officers.

His brother, Nick, is also a certified officer, and he and his wife, Eva, attended Mark's graduation.

Belated congratulations to Mr. and Mrs. Mark Jimenez upon the birth of their daughter, Adriana Rechelle, who arrived on March 30 to bless their home in Dallas. Grandparents are Mr. and Mrs. Gilbert Jimenez.

Congratulations are due Robin and Renita Raynes on the June 21 birth of their daughter, Rechele DeAnn.

Marcus Plemister, Steven Andrade and Jeff Hollingsworth of Rochester accompanied Wayne Hester on a weekend visit to Dallas and McKinney.

SMALL TOWN FOLKS ARE GREAT!!
Sometimes we tend to forget the little things that make living in a small town so special. We were reminded of this last week, when two incidents occurred within two days to reinforce our appreciation of small-town folk.
During our family reunion, some guests from Waco spent the night in the motel at Michels' Corner. They left several items of clothing in their room when they checked out. Upon discovery of the clothing, Ernestine Michels called us and the items were returned. Our guests were pleasantly surprised at this act of honesty.
On Saturday of that same week, my son went to Trainham's Grocery in Goree to get a large order of broasted chicken. I sent a \$20.00 bill to pay for it, but when he picked up the chicken at the back of the store, a piece of paper bearing our name and order and the \$20.00 bill somehow became clipped together and dropped onto the floor. Greg paid for the chicken himself, and we decided he had just lost the money.
Then, on Monday morning, Kent Trainham called me. The money had been found on the floor of his store and turned in at the counter.
I'm sure there are instances in large cities of honest people helping others, but we seem to have an abundance of them in our area, and we'd just like to take this opportunity to say "thank you".
Dorothy and Douglas Myers
