

DOUBLE HONORS FOR MUNDAY TWINS: While Angie and April Offutt shared the honor of Outstanding Girl Athlete, Perry and Terry Collier were named co-winners of the Most Valuable Player award. The honors were announced at the annual All-Sports Banquet last week.

All-Sports Banquet Honors MHS Athletes

"Moguls, Toppin' The Charts" was the theme of this year's All-Sports Banquet at Munday High School. The banquet, held Thursday night at the high school gym, was a salute to all the students who participated in the athletic and band programs.

Following the theme, the gym was decorated with ice cream sodas, balloons, records and miniature jukeboxes. Each record on the gym wall was inscribed with a different phase of the MHS athletic program, ranging from football to golf to band. The decorations were provided courtesy of Mrs. Marilyn Bennett and the MHS cheerleaders.

The program began with an invocation by Larry Thompson, and a welcome by Doyle Lowrance, school superintendent.

The first group to be recognized was the Purple Cloud band. Band director Rodney Bennett praised the band members for a very successful year. The band won their seventh consecutive first division in marching competition, breaking the previous school record. Bennett recognized the senior band members and commended them for their dedication. He then introduced the entire Purple Cloud band.

All of the students who participated in athletics during the 1990-91 school year were introduced by their respective coaches.

Director of athletics, Jim Edwards, introduced the football and boys' track teams. Dan Sloan presented the cross country teams and the girls track and basketball teams. Ralph Klinkerman recognized the boys basketball teams and participants in the tennis program and Mark Dobson introduced members of the golf teams. Marilyn

MHS Trio Places At State Academic Meet

A trio of MHS seniors, Kacy Longan, Beth McPherson and Chris Burnett, placed at the State UIL Academic Meet last weekend in Austin. More than 2,000 students, competing in one or more of the 20 UIL academic contests, placed at district and regional contests to earn a berth in the State Meet.

Kacy placed third in the Prose competition. She is the daughter of Bill and Karen Longan. Beth, the daughter of Jim and Susan Edwards, tied for third place in Literary Criticism. Chris, who also participated at the State Golf Meet, placed seventh in Poetry. Her parents are Bob and Judy Burnett.

The girls were instructed by Nahwana Donoho and Becky Ratliff.

Bennett presented the cheerleaders and the mascot with plaques in recognition of their dedication and spirit.

The announcement of special awards was the highlight of the evening. As an unexpected treat, the football sweetheart and hero were announced at the banquet this year. Jae-Jae Reneau, daughter of John and Jean Reneau, was crowned football sweetheart. Football hero was Tyler Thompson, son of Larry and Cindy Thompson.

Coach Sloan announced Kacy Longan and Christy Williams as co-recipients of the Sammie Rayburn Bowman award. This award is given each year to the Mogulletee who has exhibited an abundance of team spirit and effort. Kacy is the daughter of Bill and Karen Longan. Christy's parents are Bill and Maurine Williams.

In announcing the Outstanding Girl Athlete award, Coach Sloan again declared a tie. Co-winners of this honor were April and Angie Offutt, twin daughters of Dan and Becky Offutt. As a coincidence, recipients of the boy's Most Valuable Player awards were also twins, Perry and Terry Collier, sons of Lonnie and Norma Collier.

Named Outstanding Lineman was David Wilde, son of Kay Beck and Edwin Wilde. Jerry Wayne Branam, son of Jerry and Vickie Branam, received the 1991 Fighting Heart Award.

Coach Jim Edwards worded the benediction to close the banquet.

Rain Ends Dry Spell

Just as local residents were beginning to wonder if it would ever rain again...the skies opened and dropped over four inches of much-needed moisture.

Last Thursday's rain was a welcome sight for all. Local gardeners could put away their rubber hoses for awhile and cotton farmers could breathe a sigh of relief. Some farmers who pre-watered their cotton ground are now having to wait for it to dry out before planting. That's quite a change from a few weeks ago.

According to local weatherman, Goodson Sellars, Munday received 4.25 inches of rain on Thursday to bring the yearly total up to 8.33. Some outlying areas received more, while others got less. But, no one is complaining!

The most common first name of U.S. presidents is James.

City-School Elections Draw Large Number Of Voters

Munday residents turned out in large numbers last Saturday for the local elections. Over 200 voters cast their ballots in the contested races for City Council and School Board. This compares to 138 voters in last year's city election.

The City Council met in special session Monday night and declared the Council election results final. Three positions were available, with five candidates vying for the honors. The results are as follows: Jessie Andrade, 146 votes; David Booe, 142; Gary Tidwell, 137; Jessie Tucker, 108; and Coyt Smith, 46. Mark Reed and Don Bunton each received one write-in vote.

Winters Matthews ran uncontested for the one-year Council term and received 152 votes. She is the first woman ever to be elected to a Council position in Munday.

Extension Club Plans Bake Sale

The Munday Home Extension Club will host a Bake Sale this Friday at the M-System. The sale, which will feature many homemade baked goods, will begin at 9:00 a.m. This is the only fundraising project the club sponsors for the entire year.

Be sure to come and pick up lots of goodies for your Mother's Day crowd! For special orders, call 422-4696.

Commercial Drivers License Tests Offered

Commercial drivers license tests will be given in Munday on May 17 at the high school. Tests will begin at 8:30 a.m. and continue throughout the day. All who wish to take the test are urged to be there early.

Tests are for all commercial drivers who carry gross weights over 26,000 pounds, as well as drivers of vehicles which carry 15 or more passengers (such as school and church bus drivers).

Rhineland Cancer Crusade Successful

The annual American Cancer Society crusade in the Rhineland community netted \$550.00 to be used in research to combat cancer.

Valera Hertel, who has served as chairman for the Rhineland crusade for the past 25 years, stated that it was the most successful drive ever held in the community. She expressed her gratitude to the volunteer workers and those who contributed so generously to this worthy cause.

Emergency Phone Numbers Combined

For your convenience and to aid in better service in the future, the emergency phone numbers for fire and ambulance are now the same at 422-4111. The number for the local police remains 422-4223.

WEATHER REPORT

Following is the weather report for seven days ending Monday, April 22, 1991, as compiled and recorded by Goodson Sellars, local U.S. weather observer.

	HIGH	LOW
April 30	91	62
May 1	79	48
May 2	78	58
May 3	87	60
May 4	87	65
May 5	68	47
May 6	77	56

Rainfall May 2 - 4.25 inches
Rainfall to date - 8.33 inches

Write-in votes were as follows: Ray Lynn Hardin, one; Bobby Hutchinson, two; Don Bunton, two; and Jimmy Urbanczyk, one.

In School Board elections, four candidates competed for three positions. The results of Saturday's election were: Joe Tidwell, 196 votes; Larry Smith, 169; Dan Offutt, 138; and Robert Bowen 133. A total of 217 voters cast ballots in this race.

In the Hospital Board election, Greg Clonts ran unopposed for the one seat available.

D-FY-IT Begins Fund Raising

Last Saturday marked the beginning of the D-FY-IT fund raising activities. The organization sponsored a Car Bash and Give-Away in downtown Munday to help raise funds for the drug and alcohol-free youth promotion.

Several local residents tried their hand at "bashing" the car donated by Ralph's Auto Repair. For a small fee, participants were given three swings at the vehicle with a sledge hammer.

In the Give-Away contest, Tony Hunter won first place and Varney Moore received second.

Over \$200 was raised with Saturday's activities. All of the money raised in Munday stays in the community to benefit local youth.

In a recent survey of ninth through eleventh grade students, 95% showed an interest in joining the organization. Many of these have signed up for summer volunteer work. If community support proves to be as strong as the youth interest, the program should be a big success.

Munday Tries For Fourth State Track Championship

The Munday High School boys and girls track teams will go to Austin this weekend to participate in the State Track Meet...that in itself is a major accomplishment. However, if the girls win, it will be their fourth consecutive state title. A win for the boys would be their fourth in seven years. Now, that's impressive!

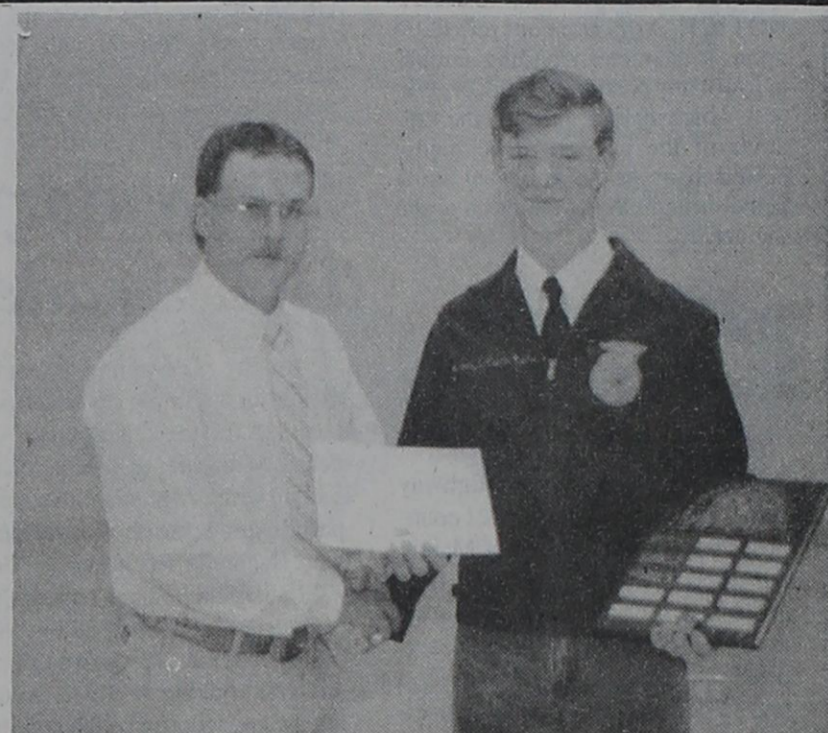

Angie and April Offutt will join teammates Michele Berryhill, Sherita Jones, Brandy Branam and Kacy Longan in going for the gold in relay competition. The Offutt girls were on the 400, 800, and 1600 meter relay teams that won the state contest last year.

The boys 400 and 1600 meter relay teams will also compete for the state title. Tyler Thompson, Bobby Dockins, and Perry and Terry Collier comprise this year's relay teams. Munday's 1600 meter team won first place at the meet last year.

Moguls entered in individual events are Terry Collier, Perry Collier, Bobby Dockins, Brett Bruce, Jerry Branam, David Wilde and Andrew Serrato. Both Collier boys will compete in the 400 meter dash. Terry will also enter the high jump, while Perry will enter the long jump.

Both Brett Bruce and Jerry Branam will advance in shot put and David Wilde will enter discus competition. Andrew Serrato, an outstanding distance runner, will compete in the 1600 and 3200 meter runs.

Friday's events include the discus at 2:00 p.m. and the long jump at six p.m., followed by the 3200 meter run at 6:15. The schedule for Saturday morning includes the high jump and shot put at 10:00 and 11:00 a.m.,

TONY HUNTER, MHS senior, receives the DeKalb Agricultural Accomplishment award from Ag Science instructor, Ricky Moeller, at the annual FFA Banquet. Hunter was presented the award in honor of his scholarship, leadership abilities and active participation in the ag program.

Tony Hunter Named Outstanding Ag Student

Tony Hunter, son of Mr. Johnny Hunter of Munday, was recently named winner of the 1991 DeKalb Agricultural Accomplishment Award. The award, sponsored nationwide by DeKalb Plant Genetics, is presented to the outstanding senior agriculture student demonstrating superior scholarship, leadership and supervised agricultural program. Presenting the award to Tony was Ag Science teacher, Ricky Moeller.

Tony has been an active FFA member for four years, serving as sentinel his junior year and secretary his senior year. His agricultural program consists of show pigs, dairy cattle and farming. He has been active in varsity athletics for three years and is a member of CLIC (Community Life

Involvement Counsel). Tony was elected class officer for three years, serving as secretary of his sophomore and senior classes and reporter of his junior class. Following graduation, Tony plans to attend Howard Junior College in Big Spring.

As this year's winner, Tony receives a pin and certificate, and his name will be inscribed on a special plaque displayed in the ag building. The DeKalb award, often considered the highest honor a vo-ag student can receive on the local level, is presented at nearly 3,000 schools annually.

OTIS DIXON

Goree Track Star Advances To State

Otis Dixon, Goree High School track star, will advance to the State track meet in Austin this weekend.

Dixon placed first in the 200 meter dash and second in the 100 meter dash at the Regional Meet in Abilene to earn the honor of participating in the state contest. He currently ranks first in the state in Class A in the 200, with a time of 22.03. His regional time in the 100 was 11.08, a scant .01 seconds behind the winning time of Maurice Ray of Rotan.

With this record to build on, Dixon will no doubt aim for the gold at the State meet. Best wishes for continued success!

County Wheat Tour Set For This Friday

The Knox County Wheat and Canola Tour will be held on Friday, May 10, at 9:30 a.m. at the Rhineland Co-Op Gin.

Topics to be discussed at the tour include wheat variety performance in forage and grain production, insect and disease pressure, alternative wheat management and marketing.

Featured speakers for the tour will be Al Alexander, Extension Agronomist; Emory Boring, Extension Entomologist; Stan Bevers, Extension Entomologist; Dr. Norman McCoy, Extension Plant Pathologist; Donnie Peters, Knox County Extension Agent and Betty Kramp, Research Associate at the Vegetable Research Center.

The tour will provide 2.5 continuing education units for licensed private applicators and certified private applicators who wish to be recertified in 1995.

THESE FIFTH AND SIXTH GRADERS were named winners at the District UIL Academic Meet recently in O'Brien. Pictured are Maria Sosa, Timmy Perez, Robby Vaughn and Terra Searcey in back row; Nathan Urbanczyk, Nanette Hernandez, Lanesa Wilson, Kandis Longan and Mindy Zeissel, middle row; and Jaclyn Esquivel, Andrea Brown, Jennifer Yates, Kizzie Shields and Shelley Scott. Not pictured is Danny Caram.

Elementary Wins District UIL Academic Meet

Munday Elementary students racked up an impressive 321 points recently for the District UIL Academic Meet title. Knox City came in second with 272 points. Other schools participating in the two-day event were Benjamin, Rochester and Goree. Munday had 32 entrants in the 15 categories at the competition. All of these students, third through sixth graders, underwent extensive training for weeks prior to the contest.

Those who placed and their categories include:
Oral Reading (4,5,6) - Kandis Longan, fourth; Lanesa Wilson, sixth.
Ready Writing (3) - Lane Murphy, first; Amber Reed, third; Laci Myers, fourth.
Ready Writing (4) - Tracee Tomlinson, fourth; Briana Alexander, sixth.
Ready Writing (5) - Andrea Brown, second; Danny Caram, third.
Ready Writing (6) - Terra Searcey, third; Mindy Zeissel, fourth; Kandis Longan, fifth.
Spelling (3-4) - Nicolas Lara, second; Amber Reed, third; Laci Myers, fourth.
Spelling (5-6) - Kandis Longan,

first; Jaclyn Esquivel, second; Lanesa Wilson, fourth.
Storytelling (2-3) - Larinda Smith, first; Michael Josselet, third.
Number Sense (6) - Robby Vaughn, first.
Number Sense (5) - Timmy Perez, third; Maria Sosa, fifth.
Picture Memory (4-5) - Andrea Brown, Briana Alexander, Brandon Sosa, Jennifer Yates and Nathan Urbanczyk, second place team.
Music Memory (5-6) - Mindy Zeissel, Kizzie Shields, Nanette Hernandez, Kandis Longan and Shelley Scott, second place team.
Listening (5-6) - Terra Searcey, first.
Dictionary Skills (5-6) - Terra Searcey, first; Lanesa Wilson, second; Mindy Zeissel, tie for third.
Calculator Applications (6) - Mindy Zeissel, fourth; Robby Vaughn, sixth.
Others who participated at the event, either as contestants or alternates, were: Jessica Carlson, Lois Reneau, Renea Maston, Susan Baker, Jennifer Carden, Jason Hise, Junior King and Ambra Welch.

Insurance Bill Passes In House

Passage of H.B. 2 by the Texas House of Representatives signaled major changes for the insurance industry in Texas.

Rep. David Counts (D) Knox City, who served on the Insurance Subcommittee that worked their way through the bill line by line, made the comment, "This bill will add strength and stability to the insurance industry by reducing the chances that consumers will be stuck with worthless policies and make insurance coverage more affordable."

The bill re-organizes State Board of Insurance into the Texas Department of Insurance and would require Texas motorists to show they have insurance or otherwise can pay liability claims resulting from automobile accidents. Proof of insurance would be required when registration takes place, at annual inspection, or when renewing drivers licenses.

Other highlights of the bill include de-regulation of rates for general liability and commercial property insurance, and gives insurers some flexibility in setting rates for personal property and auto insurance.

VRJC To Offer June China Painting Class

The popular course "Beginning China and Porcelain Painting" has been scheduled by the Continuing Education Division of Vernon Regional Junior College for the Summer '91 semester.

The class will meet on Mondays from 1:30 to 4:30 p.m. at the Chaparral Center in Vernon, beginning June 3 and ending July 8. The regular fee for the course will be \$18, while the fee for persons 60 and over will be only \$6.

Early registration is necessary as class size will be limited. For further information, call the continuing Education Office at (817) 552-6291.

National Drinking Water Week On Tap for May 5-11

Children have special needs for safe drinking water, according to a water expert at Texas A&M University.

Rep. David Counts (D) Knox City, who served on the Insurance Subcommittee that worked their way through the bill line by line, made the comment, "This bill will add strength and stability to the insurance industry by reducing the chances that consumers will be stuck with worthless policies and make insurance coverage more affordable."

The specialist said nitrates, for example, are a concern for infants up to six months of age. Rural water wells can be subject to nitrate contamination, either through natural causes or from such sources of ground water pollution as agricultural chemicals.

Exposure to relatively low levels of lead over time can cause serious damage to young children also.

Generally lead found in tap water is from lead pipes or the solder used in some household plumbing, rather than in the water supply itself.

Many good private water testing labs are located around the state, and the Texas Agricultural Extension Service has operated such labs since 1959. The labs can test for 23 chemicals and compounds, including nitrates, lead and flouride, another substance in water that can affect a child's health -- but in a beneficial way. While high flouride levels in water can stain a child's teeth, many cities add flouride to their water systems because it prevents cavities in teeth of people of all ages, but especially those under age eight.

The U.S. receives more legal immigrants than any other country. Between 1820 and 1984, about 52 million people officially arrived on our shores.

District DPS Issues Report For March

Captain L.A. Reinhart, District Supervisor of the Lubbock Highway Patrol District comprised of 21 counties, said, "For the month of March, our troopers investigated three fatal accidents, 50 personal injury accidents, and 59 property damage accidents. There were four persons killed and 85 persons injured in these accidents."

Sgt. Sam Wester of Haskell stated, "In Knox County, our troopers investigated no fatal accidents, one personal injury accident, and no property damage accidents in the month of March. No one was killed and one person was injured in this accident."

For additional accident information, contact the Lubbock Highway Patrol Office.

Mother's Day is Sunday, May 12th.

Send A Porcelain Treasure.

Let Mom know she's on your mind by sending the lovely Carousel Horse Bouquet. Filled with fresh flowers, it features a porcelain carousel horse that will be a lasting reminder of your affection. We can send one anywhere in the U.S. or Canada, so drop by our shop today.

NURSING CENTER NEWS
By Virginia Williams

Marguerite Gray is a new employee in the kitchen.
Nancy Cypert called bingo for the residents with Virginia Williams winning the blackout game.
Alice Reneau and Annie Smajstrla of St. Joseph Church called bingo on Thursday with Euris Reid winning the blackout game.
Leona Blankenship came to visit friends at the Nursing Center.
Buddy Mayo of Wichita Falls came to visit his parents, Ray and Fleta Mayo, who are new residents at the Nursing Center.
Charles Taylor Hutchinson is here from Louisiana for a few days visit with his mother, Helen Hutchinson.
Gwen, Toni, Tonya, Cody, Hollie and Lacy of Wichita Falls visited Ray and Fleta Mayo.
Maxine Sanders and Frances Pendleton of Wichita Falls visited Nina Pendleton on Wednesday.
Dortha Donawho of Mt. Pleasant and Dean Harper of Iraan visited Louise Hamilton.
Brenda Davis of Glen Rose and Belinda Stone visited their grandmother on Saturday.
Bill and Maurine Williams came to see his mother, Virginia Williams, and took her to vote on Saturday.
Kenneth Baker visited Ruth Baker. First Baptist Church was in charge

of the service on Sunday. Bro. Pete Bradfield brought the message, Stan Ellis led the singing, and Leona Elliott played the piano. Others attending from First Baptist Church included Dorothy Howry, Louise Fruehwirth, Marie Smith, Dorothy Brown, Leona Blankenship, Christine Nelson, Harold Schwartz and Carolyn Welch.

Back then, I couldn't decide whether Deer Hunting or Football (jacket) was most important . . . but, at **39 I know!!!**

ONE-TWO PEST CONTROL HIGHER QUALITY CROP.

Protecting your cotton crop from weed competition and insect damage can pay off in higher yields. And we have a great combination to help you do just that.

WEED CONTROL PROWL® herbicide delivers long-lasting control of certain broadleaf weeds, without root pruning, stunting or carryover. And less root pruning helps improve insecticide uptake. That means your cotton gets off to a fast, healthy start, for a higher-yielding quality bottom crop.
INSECT CONTROL THIMET® 20-G soil and systemic insecticide provides early-season control of

aphids, thrips and mites in cotton. And applied at planting, it also controls aphids, leaf miners, leafhoppers, black cutworms and white flies.

See us today about the one-two combination that helps you get the most out of your cotton crop. We're your local Cyanamid AgriCenter® dealer.

Always read and follow label directions carefully. THIMET is a Restricted Use Pesticide. Trademark, American Cyanamid Company © 1991.

MEMBERS OF THE MUNDAY FFA paused for this picture following the annual FFA Banquet recently. Mr. Ricky Moeller, advisor, and the FFA officers are shown kneeling in the front row. The group was honored at the banquet for a year of outstanding accomplishments in the field of agriculture.

Benjamin News

By Mrs Gladene Green

CONCERNING OUR ILL

Kathleen Melton was admitted to Haskell Hospital Saturday. Her condition was serious, but she has made lots of improvement.

Gloria West continues to recuperate nicely from her recent surgery.

Slick Benson remains a patient in Wichita General Hospital. His wife, Darlene, has been there with him all week. His condition remains very serious.

Our prayers and best wishes go to each of these people and to their families.

CITY POLITICS

In the city election, Bud Clower was elected mayor. Bud gathered in 50 votes to 38 cast for the incumbent, Buddy Tolson.

In the council race, Gladene Green, incumbent, received 70 votes; Dennis Duke, 78 and Julia Trepanier, 17. In the School board, Stephen Kuehler got 78 votes and incumbent Ronnie Simmons, 77. The voter turnout was unusually good for a city and uncontested school election here.

HERE 'N THERE

Troy, Julie and Danielle Pratt of Lubbock were weekend guests of his parents, Jim and Barbara.

Kathy Zapata of Wichita Falls visited her parents, Joe and Julia Trepanier on Sunday.

Buddy and Janice Tolson and Buster and Louella Tolson were in San Angelo over the weekend to be with their daughter and sister, LaRue Row, who is critically ill in Angelo Community Hospital.

Mr. and Mrs. C.W. Harbert of Grand Prairie were Benjamin visitors on Friday.

Imagean and Dutch Young were in Wichita Falls for the weekend. They visited Wylie Joe Meinzer, who underwent major surgery twice during the past month. They report him to be doing real well at this time.

Audrey Nolan was returned to the Brazos Valley Care Home Monday after a couple of days in a Lubbock

hospital. She's doing pretty well at this time.

Michelle Bufkin spent the weekend visiting her sister and brother-in-law in Ft. Worth.

Bo Milson visited her son and his wife, David and Val Milson in Cedar Hill during the weekend.

Collins Moorhouse is the most recent donor to the Cemetery Association, and, as always, much appreciated.

UIL ACADEMIC MEET

Many Benjamin students participated in the District UIL Academic Meet recently in Knox City.

The following students placed: Ready Writing - Jacy Collins, (Grade 4), fifth; Julie Meadors (5), fourth; Ivy Bolanoes (6), first; Michelle Conner (7), fourth; Jason Simmons (8), fifth; and Russell Carroll (8), sixth.

Number Sense - Jeremy Simmons (5), sixth; Michelle Conner, first; Zeke Duke (7), sixth; Edward Estrada (7), seventh; Rebel Rainwater (8), fourth; Jim Bob Conner (8), first; and Russell Conner (8), fifth.

Life Science - Rebel Rainwater, fifth; Zeke Duke, seventh.

Music Memory - Dihandra Grill, Amanda Bufkin and Julie Welch, third place team.

Listening Skills - Ivy Bolanoes, fifth.

Spelling - Ivy Bolanoes, sixth; Dihandra Grill, fifth; Michelle Conner, fourth; and Rebel Rainwater, sixth.

Oral Reading - Julie Welch (6), fifth; and Michelle Conner, fifth. Picture Memory - Gina Bolanoes, Amanda Bufkin and Julie Meadors, first place team.

Calculus - (Grade 6) Ivy Bolanoes, first; Julie Welch, second; Rachel Duke, fifth.

Calculus - (Grade 7) Zeke Duke, third.

Calculus - (Grade 8) Rebel Rainwater, first.

Others who participated in the

competition were: Blaine Conner, Cory Kimmell, Justin Waldron, Lacy Carver, Tyler Carroll, Wade Pierce, Bobby Condron, Cathy Rainwater, Jason Patterson and Tacy Condron.

Rebekah Duke attended the State Literary Meet in Austin and placed sixth in Spelling.

I hope I didn't miss anyone. If I did, please let me know. Congratulations to all of you!

Munday Schools Lunchroom Menu

May 13-17

BREAKFAST

Monday - Cereal, juice and milk.

Tuesday - Cinnamon toast, juice and milk.

Wednesday - Sausage, toast, jelly and juice.

Thursday - Toast, jelly, juice and milk.

Friday - Cereal, juice and milk.

LUNCH

Monday - Barbeque, bun, beans, cole slaw, cobbler and milk.

Tuesday - Macaroni and meat, green beans, lettuce, batter bread, peanut clusters and milk.

Wednesday - Fish, blackeyed peas, carrot sticks, cornbread, cake and milk.

Thursday - Chalupas, corn, lettuce, rice krispie cookies and milk.

Friday - Hamburger with trimmings, potatoes, fruit and milk.

Dear Mr. Waggoner,
Find herewith my \$15.50 check for renewal of my subscription. I have missed very few Munday Times (or Courier) since 1947 when I left Munday for college. The fine folks at Munday are always on my heart and in my prayers.

My 85 year old mother, Claudia Harrell, reads every line and refreshes her memories of her about 81 years around there.

Thank you for helping us keep posted on our "home town" about which we are so very proud and a little homesick from time to time.

Wayne R. Rodgers

WHITNEY BAKER

Local's Granddaughter Wins State Bible Drill

Whitney Baker, daughter of Bobby and Teresa Baker of Weatherford, recently received a State Winner perfect score in Children's Bible Drill. This is Whitney's third consecutive year to have a perfect score in the state competition.

To qualify for participation in the state contest, individuals must demonstrate proficiency in scripture quotation, locating designated Bible passages, and books of the Bible, both at church and associational competition. Drills consist of calls in four categories with only ten seconds being allowed for the participant to answer.

Whitney is the granddaughter of Mr. and Mrs. Charles Baker of Munday and Mr. and Mrs. Sammy B. White of Knox City.

IDA AND TOM OUSTAD of 350 North Fifth won the Yard of the Week honors this week. The overall neatness, shrubs, spring flowers and beautiful shade trees caught the judges' eye. Be sure and check out the big, shady backyard, too! Lots of dedication and love went into this yard.

Little League Season Begins This Week

Spring is in the air and so is baseball! After weeks of practice, the Little League season in Munday got underway this week.

Due to the number of players, there are only three Little League teams and three T-Ball teams this year. Therefore, T-Ball will be held on the same nights as Little League, with the T-Ball games being played first. The Little League is composed of the Cardinals, Braves and Red Sox. The Eagles, Giants and Reds are the T-Ball teams. Their games will be on Mondays and Thursdays.

There are four PeeWee teams this year. The Mets, Astros, Twisters and Rangers will play their games on Tuesdays and Fridays.

Warm-up for the first games will begin at 5:30 p.m., with the game following at 6:00. The second game begins at 8:00 p.m. with the pre-game warm-up beginning at 7:30. The second team listed below will be the home team and will occupy the first base dugout.

ROLLING PLAINS PCA directors and management received the top-achieving award for the third consecutive year. Standing left to right are directors Lloyd Blackwell; Lance D. Morris; vice-chairman Dan Henard Jr.; and Garon Tidwell of Munday, chairman. Seated are director Dean Turner; first vice president Mike Sloan and president John S. Rike III.

Rolling Plains PCA Receives Award

For the third consecutive year, Rolling Plains Production Credit Association (PCA) has received a Farm Credit Achievement Award from the Farm Credit Bank of Texas (FCBT).

Rolling Plains PCA has offices in Munday, Stamford, Abilene, Childress, Matador and Spur. FCBT officials commended the

PCA on its financial strength and high-quality portfolio. In accepting the award, Association Chairman Garon B. Tidwell said, "We have always placed the best interest of our member borrowers first and that has been the foundation for our strength as a PCA. We will continue to abide by that philosophy, as we strive to meet the credit needs of farmers and ranchers in our area in the years to come."

*** Baseball's walk record is held by Babe Ruth: 2,056 walks.

Farm and Ranch Report

By Donnie Peters

NEW COTTON CLASSING WILL AFFECT PRODUCERS

By now, many cotton producers have heard about the procedures for classing cotton. There may be some confusion so this article will put the information in written form.

In Phase I and effective for 1991, all cotton will be High Volume Instrument (HVI) classed. USDA will no longer offer the manual classing system.

Micronaire classing changes include: base micronaire will be 3.5-3.6 and 4.3-4.9 with a premium being paid for 3.7-4.2 micronaire. Under 3.5 and over 4.9 micronaire will be discounted. Strength will become a more important factor. The base strength will be 24-25 grams/tex. Cotton above 25 grams/tex will receive a premium while cotton testing below 24 grams/tex will be discounted.

Table 1 shows recommendations for premium and discounts for strength.

Str. (Gr/T)	Premium or Discount
31	+ 300 pts.
30	+ 250 pts.
29	+ 200 pts.
28	+ 150 pts.
27	+ 100 pts.
26	+ 15 pts.
24-25	Base
23	- 50 pts.
22	- 100 pts.
21	- 150 pts.
20	- 200 pts.
19	- 250 pts.
- 19	B. G.

In Phase II to be implemented in 1992, changes will be made in the grading system. In past years, grade has been determined by individually evaluating color and trash content, and then assigning a grade based on the lower of the two factors. In 1993, colored trash will not only be determined individually, but a price differential for each will also be estab-

lished. This price differential will favor color. This should discourage gins from overcleaning and damaging fibers.

Services Held For Dana Jo Kubezka

Funeral services for Dana Jo Kubezka, 31, of Brenham, were held April 17 in St. Mary's Catholic Church in Brenham, with Monsignor Ralph Brennan officiating.

Mrs. Kubezka passed away April 15 in Trinity Medical Center in Brenham.

She was born February 19, 1960, in Knox City to W.C. and Colleen (Brockett) Nance. She was baptized November 22, 1970 in the First Baptist Church of Munday, and was confirmed June 12, 1983 in St. Mary's Catholic Church.

She is survived by her husband, Mark Kubezka, and sons, Brian and Paul Kubezka, all of Brenham; her parents, W.C. and Colleen Nance of Somerville; her brother and sister-in-law, Rickey and Cherie Nance and nephews, Rickey, Jr. and Clint Nance, and niece Shannon Nance, all of Madisonville; and grandparents, Mr. and Mrs. G.C. Brockett of Weinert and Mrs. Frank Nance of Munday.

*** The world's longest beard was grown by a Norwegian named Hns Langseth. It was 17 1/2 feet long and is now in the Smithsonian Institution.

THE 1990-91 FFA OFFICERS of Munday High School are pictured above following the annual FFA Banquet. Left to right are: Tony Hunter, secretary; Kevin Oustad, reporter; Joe Hernandez, vice-president; Jae-Jae Reneau, sweetheart; Tyler Thompson, president; Kent Latham, treasurer; and Jerry Valencia, sentinel.

STAR FARMERS were announced at last week's FFA Banquet by Ricky Moeller, center. Shown with Mr. Moeller are Jake Jordan, who won the Star Greenhand Award, and David Tidwell, recipient of the Star Chapter Farmer award.

Genealogy Society To Visit Abilene Library

The Tri-County Genealogy Society is planning a visit to the LDS Genealogy Library and the genealogy collection at the Abilene Public Library on Thursday, May 16.

Foard and Hardeman County members will leave from the southside of the courthouse in Crow-

ell at 7:30 a.m. Knox County members may call Clara Brown at Truscott (817-474-3288) to make arrangements to join the group along the way.

This excursion is not limited to club members. Current members will assist newcomers in learning to use census microfilm and other aids. Anyone wishing to participate may contact Mrs. Brown.

Summer fruits and vegetables will make their first appearance at Texas supermarkets in May, with some prices discounted as supplies increase.

Expect lower prices for green beans, yellow squash, green peas, bell peppers, okra and tomatoes, said Dr. Dick Edwards, a food marketing expert with the Texas Agricultural Extension Service.

"Good prices will be found on strawberries, cantaloupes and sweet onions, and prices will be dropping during the month on table grapes, mangos, pineapples and sweet corn."

Watermelon supplies will increase in May, he said, but prices will continue high compared to expected July price levels.

Edwards said both beef and pork prices historically rise as the demand increases for cuts that can be grilled outside. Some pork and beef cuts will be on sale, but the prices may not be

as low as they were last year.

Beef on sale in May includes round steak, hamburger, sirloin and chuck steak and fresh brisket. Pork items to be discounted will include chops, loin and spare ribs.

Best buys on poultry items will include whole birds and leg and thigh cuts. Cookout favorites, such as boneless or bone-in breast cuts, will trend upward during the next four months. Sales of fish and other seafoods will remain virtually unchanged from recent months, except for catfish. Catfish production will increase with the warmer weather, causing everything from whole fish to nuggets to be on sale. Medium shrimp will be an excellent buy when it can be found for \$3.50 to \$3.75 per pound.

Look for discounts on foods promoting celebrations for Cinco de Mayo on May 5, Mother's Day on

May 12, Armed Forces Day on May 18 and Memorial Day on May 27.

Increasing daylight hours and warmer weather also means an increased consumption of snack items by youngsters in families. Therefore, snack items such as ice cream, cook-

ies, snack packs, raisins and nuts will be promoted by supermarkets.

May promotions directed to older family members will include tanning creams, sunglasses, tea for iced drinks, charcoal for grilling and gardening accessories for lawns.

The Cross and The Flame
First United Methodist Church
Loren Gardner, pastor
Munday, Goree

"For this reason, make every effort to add to your faith, goodness; and to goodness, knowledge; and to knowledge, self-control; and to self-control, perseverance; and to perseverance, godliness; and to godliness, brotherly kindness, love. For if you possess these qualities in increasing measure, they will keep you from being ineffective and unproductive in your knowledge of our Lord Jesus Christ."
II Peter 1:5-8

TRUSCOTT-GILLILAND NEWS

By Mrs. Clara Brown

Crystal Dishman was on the girls' team and Demetria Moya was on the boys' team of seventh and eighth graders from Crowell who participated in the National Little Dribblers Tournament at Cayuga last week. Ila Mae Bullion helped provide transportation for the teams.

Bill Lux from the Methodist Children's Home in Waco visited Curtis Casey last Tuesday.

Visitors in the Shirley Moore home Friday and Saturday nights were their granddaughter and family, Sherrill and Ronnie Hudson, Haylie and Jarrett.

Patty Alexander was in Abilene visiting her brother Sunday.

The Gilliland Extension Homemakers met for a salad luncheon last Wednesday in the new home of Lavita Burgess in Weinert. Jane Rowan, agent, gave the program on car maintenance. The Truscott Extension Homemakers will meet at the Community Center on Tuesday, May 14.

At a Gilliland Cemetery Committee meeting last week, Johnny Cook was elected president and Mildred Cook was named secretary-treasurer. Others on the committee are Homer Martin, L.D. Welch, A.L. Cook, L.G. McGuire, and Dwight Burgess.

Mrs. Ruby Troweck was buried at Crowell Saturday, May 4. She was preceded in death by her husband. The Trowecks lived on Antelope Flat at the Big 4 Ranch for many years. Her children, Peggy Joyce, John Boggs and Jerry, were present for the graveside service.

Sagerton Community Plans Homecoming

The Sagerton Homecoming has been set for Saturday and Sunday, May 25-26, at the Sagerton Community Center.

This homecoming will be the tenth one since the original, which was held on July 4, 1954. Registration will begin at 1:00 p.m. on Saturday. The scheduled events for that day include bus tours of the town, followed by refreshments.

Sunday's activities begin with registration at 9:00 a.m. A lunch will be served at noon. (Since no tickets will be sold for the lunch, registration is necessary. Contact Mrs. Charles Clark at 817-997-2680.) Following the meal, a short program will be held in the auditorium at 1:30 p.m. At this time, a homecoming queen will be announced and the classes of 1940-41 will be recognized.

In the spiritual area of our lives, goals and direction are sometimes difficult to define and focus upon. Since we are saved by God's grace through faith, with no performance required other than receiving the gift, it is hard to know which goals are correct, and what is necessary to attain these goals. But without spiritual directions and goals, we as Christians seem to just drift along in our spiritual life, wasting the precious opportunities we have to grow in the Lord.

In the passage above, Peter gives us direction to go in the areas of our lives. He lists for us seven progressive qualities a Christian should seek. These qualities are all basis to the character of Jesus--goodness, knowledge, self-control, perseverance, godliness, brotherly kindness, and love. To develop these qualities will require commitment and effort which will be aided by the Holy Spirit. We should seek to grow in these things as we practice daily the spiritual disciplines of prayer, Bible study, praise and worship, and service to the Lord through fellowship and participation in the ministry of the church. As we do these things, the qualities will grow, we will be blessed, and we will be effective and productive in the Kingdom of God.

With the Lord's help through the Holy Spirit, I encourage you to set a spiritual direction and goal. With the Holy Spirit supplying the power, you can grow in the good qualities that reflect the nature of Jesus.

We hope that you will be in study and worship this week!

At Your Service

by Dr. Larry Fitzgerald
Minister, Munday Church of Christ

Q: Why is it so difficult for Christians to accept the fact that their Bible is filled with myth and superstition?
A: I would be interested in knowing specifically which parts of the Bible you label as "myth and superstition". In fact, if you wish, I would not mind entering into public discussion on the issue.

It is interesting to note that throughout the centuries "scientific facts" that supposedly contradict the Bible have a tendency to change often in favor of the biblical witness. A good example is the Genesis chapter 1 account of the creation of light. Not too many years ago, "science" said that light came from suns, first. The Bible was denounced because Genesis 1:3-19 has a different account. The Bible indicates that light was created first, then the sun. Today, Einsteinian astrophysics gives us an "updated" cosmological model of creation, and guess what? Science now says that light was created first...in harmony with the biblical creation account.

Some of the people that the Bible describes did, in fact, have strong, uneducated superstitions. God did not always rebuke these superstitions nor did He endorse these beliefs if they did no harm. Examples of these include Jacob's attempt to manipulate genetics in Genesis 30:25-43. The Bible does not endorse the use of poplar, almond and plane rods to

produce spotted sheep and goats. Likewise God does not endorse the use of mandrakes for increasing fertility. Yet the wives of Jacob thought that they would increase their chances for conception. That is why Rachel gave Leah permission to produce additional children by their common husband. The only thing that the mandrakes had to do with this event is that they provided a motivation for Rachel's agreement (Genesis 30:14ff).

The miracles of the Bible are beyond our ability to understand how they were accomplished. That is because they were done by a being with far greater mental abilities and superior knowledge. This being is Yahweh (Jehovah-God). God told Isaiah: "For my thoughts are not your thoughts, neither are your ways my ways...my ways are higher than your ways and my thoughts are higher than your thoughts" (Isaiah 55:8-9).

Write again and share with me some specific examples of where you think that the Bible embraces superstition or myth and we'll look at those scriptures.

P.S. To all readers. Remember Mother's Day is this Sunday. Don't forget to honor those special people! We will have a special sermon next Sunday, titled: "Like a Mother's Comfort". Services begin at 10:30 a.m.

If you have a question for this column write c/o Box 211, Munday, TX 76371.

NUTRITION ADVICE FOR WOMEN

Consumers today are subject to many dietary do's and don'ts, many of which are deceiving. Women are particularly vulnerable to nutrition misinformation because of cultural factors emphasizing a slender figure. In hopes of achieving this, women turn to fad diets and quick fixes. This misinformation, along with poor food choices and inconsistent eating habits may be compounding the problem.

Recent research cited by the U.S. Department of Agriculture by Alanna Moshfegh showed that although women are now eating leaner meats and drinking lower fat milk, at the same time they are eating more rich desserts, salty snack foods, cheese higher in fat, mayonnaise, regular salad dressings and other fat at the table such as margarine or butter.

Nutritious, quick weight-loss solutions that classify foods as good or bad or eliminate certain food groups from the diet do not make good sense, scientifically. However, there are some types to use in evaluating nutrition advice from various sources:

* **Read between the lines.** Not all nutrition news can be immediately translated into food choices, so try not to cut out certain foods or go overboard on others.

* **Don't make too many assumptions.** Just because a product has a no cholesterol label does not ensure that it is a heart healthy choice. This cholesterol claim offers no clue of the amount of saturated fatty acid within.

* **Put diet/nutrition into context of your total life.** No perfect foods

exist. Diet is only one factor contributing to wellness. Consider your exercise habits and total lifestyle (smoking, alcohol use), too. Realizing that simply adding or eliminating a single food will not be the only remedy.

* **Question claims portraying food as good or bad.** No good or bad foods exist. What's important is your overall meal plan and how to fit in moderate portions of a variety of foods.

* **Consider whether this is something you can live with.** Quick fixes offer short-term results, and repeated dieting makes each pound hard to lose. For lasting results, make small but permanent changes in the way you eat. Balance, variety and moderation are keys to healthful eating that will serve you for life.

It's A Girl!

Look who's here! Kourtney Nichole has come to bless the home of Albert and Melissa Sosa of Seymour.

Born on April 12, 1991, Kourtney weighed 9 pounds and was 21 1/2 inches long. She has two sisters, Carli and Kayla, to help spoil her.

Proud grandparents include Mr. and Mrs. Blaz Sosa of Munday, Mr. and Mrs. Ed McDonald of Holiday and Mr. and Mrs. Edward Boyd of Seymour. Mr. and Mrs. Luis Blair of Dundee are her great-grandparents.

Wildflowers have been known to bloom in the Arctic-- even at the edge of glaciers.

WEDDING ANNOUNCEMENT: Amy Sue Hansen and Gregory Jon Massey were united in marriage at the Seattle L.D.S. Temple on May 9, 1991. The bride, a graduate of Riverside High School, Riverside, Washington, is the daughter of Mr. and Mrs. Gaylen Lee Hansen of Elk, Washington. She currently attends Ricks College in Rexburg, Idaho. The groom, who served a two-year mission for the L.D.S. Church in Spokane, Washington, also attends Ricks College. His parents are Mr. and Mrs. John W. Massey of Amarillo. He is the grandson of Juanita Massey and Mr. and Mrs. Jeff Anderson, all of Munday. Following a wedding trip to the Mexican Riviera, the couple will complete their education at Ricks.

Massey Named Head Of Amarillo Company

John Massey, former Munday resident, was recently named president of Ordway-Saunders Company of Amarillo.

John, who has been with the company for the past 21 years, was made a partner of the firm in 1977. Since that time, he has had responsibility for the company's mortgage business and their savings and loan agency, later moving into overall operations management. As the economy changed, fewer mortgage loans were made and John became more involved with strictly insurance. He was partner in charge of the insurance agency until the first of January, at which time the company restructured from a partnership to a corporation. At that time, John was named president of the organization.

Following his graduation from Munday High School, John attended the University of North Texas at Denton. He became involved in the banking business while in college, which prompted a change in his career plans from law enforcement to banking.

John is the son of Juanita Massey of Munday and the late Joel Massey. He is married to the former Judy Anderson, daughter of Jeff and Merle Anderson, also of Munday.

Tea To Honor Nursing Center Volunteers

The Munday Nursing Center will salute their volunteers at a Volunteer Tea on Friday, May 17 at 2:30 p.m.

This reception is being held to show appreciation to the volunteer workers who devote many long hours of their time to the residents of the center.

Watch for further details in next week's paper.

The Lord's Corner

by Dr. Pete Bradfield, pastor
First Baptist Church

MOTHER'S DAY

Nothing is as contemporary as the question of women's rights and roles - both inside and outside the home. And nothing generates more heat and less light than debating the issue without first consulting God's Word on the subject.

Read Proverbs 31:10-31 and you'll

find a woman who is godly, industrious, creative, sensitive, multi-talented...and a wife and mother!

She wears many different hats: seamstress, merchant, cook, real estate agent, gardener, physical fitness enthusiast, community volunteer. But her energies are directed primarily toward the home.

Wives, are you chaffing under the title "housewife"? God has placed you in the home, not to stifle your creativity, but to stimulate it!

See you next week, and remember: virtue has more admirers than followers.

Words fail as we try to express our heartfelt thanks to our family and friends back home. Your beautiful cards, calls, flowers and prayers helped us so much in the loss of our Dana Jo. Your love and concern was so deeply appreciated.

We sincerely treasure your expression of love for us.

Mark Kubecyka, Brian & Paul
W. C. and Colleene Nance

What Is The DUAL-FUEL HEAT PUMP?

It's an Add-On Cooling and Heating System that offers you an **ENERGY EFFICIENT** way to **COOL & HEAT** your home with **ELECTRICITY** and **GAS**, helping you to save money on your energy bills!

HERE'S HOW IT WORKS...

The DUAL-FUEL Heat Pump allows you to use your present gas furnace, duct system and electrical wiring. It replaces your old worn out air conditioning unit, but does much more - it cools and heats. The heat pump provides the most efficient heating for your home during normal winter weather and uses your existing gas furnace to assist during extremely cold conditions if needed.

REMEMBER

When you need to replace your old air-conditioner ask a **COOLING & HEATING DEALER** about the Dual-Fuel Heat Pump that both cools and heats.

As a WTU customer you can qualify for

\$500⁰⁰ cash

when you install an Electric Heat Pump with a SEER rating of 10 or more and your home meets WTU Energy Saving Plan requirements

WEST TEXAS UTILITIES COMPANY

 Jim Slayton, City Administrator

NOTICE
POOL MANAGER WANTED
 The City of Munday will begin accepting applications for a Pool Manager for the 1991 summer season. Applicants must be 21 years or older and must hold current State Lifeguard and Water Safety instructor certificates. Application blanks are available at the Munday City Hall during normal business hours and must be submitted before 5 p.m. on May 10, 1991. Tentative opening day has been scheduled for May 24, 1991.
 Jim Slayton, City Administrator

Senator Lloyd Bentsen
Watching Washington
 Americans spend more on health care than the citizens of any other country in the world. The Department of Commerce estimates that national health spending grew from \$249 billion in 1980 to \$675 billion in 1990, that's more than 12 percent of our GNP.
 Polls taken last year show that people worry more about the rising prices of health care than they do about taxes, interest rates or even losing their jobs.
 As Chairman of the Finance Committee I am presiding over hearings on the twin issues of access and affordability of health care. Small business owners, worker representatives, insurance and health care providers and experts in the field of health care are participating in these hearings. Their advice will help us determine what changes need to be made to improve our health care system, particularly for middle-income Americans who are really feeling the squeeze.
 Employer-based health insurance accounts for almost one-third of all national spending on health care. In a survey of chief executives from Fortune 500 companies, more than a third rated health care costs as a top concern when it comes to business expenses. According to a survey by the National Federation of Independent Business, two-thirds of small business owners believe that the rising cost of health insurance is a serious business problem.
 The cost of health care compounds the problems of the uninsured. More than 30 million Americans, 9 million of them children, have no health insurance. Many work for small businesses, which often cannot afford to provide health insurance to their employees.
 A young pastor in Texas recently described the health care problem in a letter he sent to me. "In the past year," he wrote, "our total payments for health insurance were \$2,430. Anticipating a relatively substantial rise, I raised the budgeted line item in our church's budget by 10 percent, double the rate of inflation. When the new rates arrived yesterday from the insurance company, the annual premium had risen to \$3,408....
 "This is outrageous, not only for my sake but also for the sake of all middle-income wage-earners who are literally being priced out of our nation's health care system.... Our nation is evolving into a state where only the very rich who can afford it, and the very poor, for whom Medicaid is available, can have access to health care. This cannot continue without permanently impairing our economy...."
 The reverend is correct. He has accurately described the squeeze on middle income Americans. It's not fair and it shouldn't continue. We need answers, not excuses. We need to initiate a national search for better ways to make affordable, quality health care available to more Americans.
