By Katie Burleson

Hackberry Johnson, former resident of Baird, producer of the first rodeo held in Baird in 1920, was a visitor at the Baird Star, Monday.

Johnson who now resides in Austin, also visited his sister, Mrs. John Bolton, in Baird. His comment about the town of Baird was that he had seen lots of bad things happen, and lots of good, to this town he had lived and visited so many times. He said he would like to end his rodeo career here by scheduling a buffalo rodeo here in the Callahan County Sheriff's Posse Rodeo Arena sometime in the near future, ending some 48 years in the rodeo profession.

He has had many experiences throughout his life and seen many changes in his life time from the early day rough, roaring rodeos to the modern day events. Speaking of one event that happened not long ago when he named a rodeo animal Martin Luther King, and his rodeo was termed very unsuccessful due to the pickets by followers of King. He tried to explain to the people that rodeo stock is named for people that are widely known and receive a lot of publicity, but to no avail, his show bit the dust. Rodeo fans were afraid to attend because of rumored trouble at the show. They knew the show would be good, produced by this man who had long experience in his field, but due to the fact, harm would come to a member of their family, they chose to stay away.

The rodeos have indeed changed since 1920, when the arena would be jumping with excitement with more than one rider in the arena at a time. Today only one rider is allowed, and this is done for the safety of each contestant.

An order of election by the Commissioners Court of Callahan County will be held Saturday, July 13, for additional ad valorem taxes for the construction and maintenance of Farm-To-Market and Lateral Roads in Callahan County.

After a full and complete investigation of all facts and circumstances of the county by the Commissioners Court, it was ruled that this election be held for the best interest of the county.

The proposition read as follows: Shall the Commissioners Court of Callahan County, Texas, be authorized to levy, assess and collect an ad valorem tax upon all taxable property within said County (except the first \$3,000.00 valuation of residential homesteads) at a rate of not to exceed the sum of Thirty Cents (\$.30) on each ONE HUNDRED DOLLARS valuation in addition to all other ad valorem taxes authorized by the Constitution of the State of Texas, provided that the revenue therefrom shall be used for the construction and maintenance of Farm-To-Market and Lateral Roads within said County as provided for in Article 7048a of Vernon's Annotated Civil Statutes of the State of Texas?

The main drive in all Farmers Home Administration programs is to strengthen the economy of rural America, to make it a place that will attract rather than repel people, Mr. Cappleman said.

He estimated that 4 million people would benefit from the services of the Farmers Home Administration in fiscal 1969.

The Farmers Home Administration through 1,600 county offices located in rural areas in all states provides development credit advanced by management aid. Funds advanced by the agency are used to help low-income rural families obtain needed resources and raise their incomes, and to help disadvantaged rural communities obtain modern community facilities.

As of December 31, 1967, the agency reported losses of less than one percent on funds advanced through current programs. Loans outstanding total \$4.2 billion.

## Oplin Observations

DAPHNE FLOYD

As much rain as the Oplin vicinity has received since the first of the year, we still were expecting a drought since it had been about 10 days since we had received any moisture. Luckily, Sunday afternoon we received approximately 1 1/2 inches of rain. Most everyone was glad to see it too, oh maybe a few of the grain farmers, who have not finished combining had rather it didn't rain, but generally speaking, it was appreciated.

Yep, 'tis true, that Commissioner Glen Swor and Mrs. Lee Knight of Abilene exchanged wedding vows while on this trip. All I could think to say was Congratulations, and personally speaking, I was quite impressed with his new bride for she seems to be a very sweet lady and I'm sure we will all learn to love her as much as Glen does. So again I say, Congratulations, Glen and Lee.
