MUNDAY, KNOX COUNTY, TEXAS, NOVEMBER 10, 1927.

Number 32

Business Houses of Munday Will Close Friday, Armistice

Munday business houses will observe Armistice Day by closing and allowing their employees to take the day off to celebrate in any way they may choose, and the public is urged to supply their needs on Thursday.

There will be no celebration of any kind here but many will enjoy the day on the golf links, others will go to Haskell to witness the horse races and others will go to various other places where entertainment has been provided.

Let everyone take notice, however, that all business concerns of the city will be closed all day, except the drug stores and eating places, and the drug stores will remain closed from 10 a. m. until 6 p. m.

Armistice Day is the one holiday that we of this generation should observe with a greater degree of pleasure, for indeed we can all recall the joy that came to us when news came over the wires that the conflict was over. On this day, nine years ago we celebrated as we had never before celebrated, and we should always keep the memory of that memorable day bright in our memory by observing it in some appropriate manner, regardless of the sacrifices that to do so may necessitate, for regardless of how big may be the financial sacrifice that we may make by ceasing our business activities on this day, we can never approach the great sacrifices that were made by our boys who answered the call and defended our homes against the domination of the war-mad Kaiser in his mad attempt to dominate the world.

AGRICULTURAL NOTES

(W. O. Logan, County Agent)

The following named boys and girls have calves on feed and are planning on making the calves good enough to hold up Knox county's reputation at the 1928 Southwest Exposition and Fat Stock Show, Ft. Worth: At Truscott, Ila Masterson 1, Aubrey Meyers 2; At Gilliland, Doyle Horn 2, Oliver Miller 2; Benjamin, Luella Hudson 3; Kathleen Sams 1, Van Earl Sams 1, Bob Sams 1, Lyndol Shoddy 1, Jim Melton, Jr. 1, Hester Hall 1, Cecil Connor 1, James McCannies 1; Munday, Earl Pruitt 2, Paul Pruitt 2, Gilbert Meyers 2, Weldon Parker 1, Cecil Parker 1, J. B. Reneau 1, Chandler Hughes 1, Otis Burnett 1, Ray Worthington 1, and Jesse George Kennedy 1. Totaling 31 calves.

There were some twelve or fifteen boys that fell down on feeding calves after they had agreed to, and it will work a hardship on those feeding about shipping. Shortage in feed crop was given as excuse in most cases. When we learn to rest our sick land, and burn it out land from cotton every other year we will always have feed. Yes, lots of our land is sick, judging by the amount of dead cotton we see; the number of times it has washed out, blew out, and was packed by showers and baked so the cotton couldn't get through.

Those boys and girls feeding this year represent the ones that are really determined to stay with a thing and do it in a way that will make good. Visit any one of the above named and see for yourself if they are not following up on the best feeding methods, and if their calf or calves are not advancing rapidly. We plan this year to put out finished calves. Heretofore we have put out a few but not our entire carload. This time it will be a hard judging contest to see which of the 31 calves will get into the carload of fifteen.

At a meeting of the boys at Knox City a short time ago a pig feeding contest was discussed. We asked for the boys that would feed three to five pigs on the best known perfectly balanced ration for about 100 days and to our surprise thirty old boys were ready. We have been trying to get high class purebred or grade barrow pigs for this contest. It seems impossible. We only want pigs farrowed after Sept. 10th, and we expect some of them will get too heavy. We wanted about eight weeks to ten weeks old wean pigs December 1st, and then we were going to make them weigh 225 pounds by Fat

Methodist Pastors End Year's Work, Go To Big Spring

The Rev. R. B. Freeman, pastor of the First Methodist church and the Rev. R. R. Gilbreath, pastor of the Munday Circuit churches, left first of the week for Big Spring, Texas, where they go to attend the annual conference of the Methodist church, Northwest Texas conference. S. A. Bowden and M. F. Billingsley left on Wednesday morning for that city to attend the conference also.

Both pastors carried with them reports showing that their charges had met every obligation imposed upon them by their church, and we believe we can safely say that no two pastors can face the conference of the church with the knowledge that they have labored more faithfully during the year than can these two gentlemen.

The assignment of pastors will not be announced until toward the close of the conference and it will likely be Monday before we shall know whether they are to be returned, but it is the general impression that the Rev. R. B. Freeman will be transferred to a larger field, however, it would be gratifying to the members of the congregations to have both ministers returned for another year.

VERA CLUB GIRLS MET TUESDAY, NOVEMBER 1

Miss Nelson, county home demonstration agent, met with the Vera Club Girls on Tuesday, November 1, for the purpose of reorganizing the club for this coming year.

The following officers were elected:

Lula Hurd—president.
Thelma Kendall—secretary-treasurer.
Lillian Spinks—reporter.
Joardis Gray—yell leader.
There were eighteen members present and we hope to make this the most prosperous club of the county.
Our meeting days are the first and third Tuesdays of every month. —Reporter.

LONE STAR SCHOOL WILL BEGIN MONDAY MORNING

The Lone Star school will open on Monday morning, with Prof. George Linstead as superintendent, assisted by Mr. Conger and Miss Alma McNeill, and all patrons of the school are urged to start their children in on the opening day, as it works a hardship on the student to come in after the classes are organized and going. Under the direction of this capable corps of teachers this excellent community is assured a most successful school year.

CHICKEN SUPPER AT GILLESPIE FRIDAY NOV. 11

The Gillespie P. T. A. will give a chicken supper at the school auditorium Friday night, November 11th. The proceeds to be used in putting a water system and electric lights in the school building.

Plates will be sold at a reasonable price.

Stock Show time. We have attempted several places to find quality stuff that would make the necessary gain, and stand the Fat Stock Show competition, but until yet, we have not found same. It seems that Knox County ought to have enough real brood sows, farrowing Sept. and October pigs to furnish pigs for this contest. We find some of the best bred sows in the county fed in a way that runs, small pigs, and small litters hurts the owner. Have we talked pedigree, and good stock and forgotten feeding and care. It's the big thing after all, and there is where your quality stuff will show up scrub stuff, is in the feeding pen, where fed right. How many fellows in this county will furnish pigs farrowed since Sept. 10th to club boys to feed, keep record of cost, feed, show record, and final selling price, and compare with pigs we may get from outside breeders, starting December 1 and finishing March 5th?

If you want big litters, big pigs, and no rints, feed protein supplement all the year. Then if a sow fails you she is certain, and then we were going to make them weigh 225 pounds by Fat

Will Never Forget

By Albert T. Reid

Another "Edison"

Henry W. Lavigne, of Worcester, Mass., hailed by electrical authorities as another "Edison," has perfected a direct-current transformer and a self-generating motor which, it is said, will revolutionize the automobile and airplane industries.

"HERO ON HORSEBACK" LATEST GIBSON FILM MADE ON VAST RANCH

One of the most extensive cattle ranches in the West, the H. J. Whitley outfit, covering more than 40,000 acres over which more than 30,000 head of stock range, figured as the locale of the outdoor sequence in "A Hero On Horseback," a Universal-Jewel production starring Hoot Gibson.

When you see this picture screened at the Peoples Theatre Friday you will gaze upon one of the last strongholds of the old-time cattle kings who reigned over unnumbered acres of rangeland in the great West that was.

Director Del Andrews, accompanied by a troupe of cowhands, headed by Hoot Gibson as tophand cowpuncher, spent a fortnight at the Whitley ranch situated near Pomona, California, shooting a large number of cattle round-up scenes with more than five thousand bovine extras who were put through their paces before the camera by the cattle chaperons.

It is not often that movie cowboys have the opportunity of performing in their natural habitat and they enjoyed themselves thoroughly on the roomy range. Forsaking for the once their cafeteria chow, the cowpunchers again had their meals handed to them from the business end of the chuck wagon.

Supporting Gibson in "A Hero On Horseback" is beautiful, titianhaired Ethlyne Claire, a new leading lady for the effervescent cowboy star, Edwards Davis, Edward Hearn and Dan Mason.

The picture is the screen version of Peter B. Kyne's story, "Bread Upon the Waters," directed by Del Andrews from the film adaptation of Arthur Statter and Mary Alice Scully.

Meet me at Baker-Campbell Company.

Army and Navy Will Stage Golf Contest Here On Armistice

The ex-service men of this section are requested to drag their golf clubs, togs and paraphernalia out of the corner, dust them off and get ready for the big tournament that is to be staged here on Armistice Day—Friday, at which time those who served in the army will contest those who served their Uncle Samuel in the Navy for supremacy in this popular outdoor sport.

The difficulty all started early in the week when an ex-golf made the statement that he would like to take a few swings at the elusive sphere on that day, and the tournament was immediately arranged by a group of ex-service men present.

Among the army representation will be found a number of excellent golfers, including Dr. Davis, "Sleepy" Masley, Ches. Borden, Tom Haney, Dave Mauldin, Carol Neely, Dr. Ammons and John Spann, while in the navy representation will be found some equally excellent golfers, Frinistance, there's L. E. Lovelless, Irvan West, Buel Bowden, Dick Atkinson and several others who swing wicked golf clubs, and it is needless to say that with this line up there's going to be some tournament out on the golf links on Armistice Day.

Every precaution is being taken by the promoters of the tournament to maintain discipline on the links during the tournament, and former members of the marines have been selected to M. P. duty on this day. The entire personnel that will serve in this capacity has not yet been completed, but this will be looked after by Chas. Haynie and Mike McGraw, two former "leathernecks."

Golfers in this community who are ex-service men are requested to report to their department head in order to enter this tournament. If you served in the navy you should see L. E. Lovelless, if you served in the army you should see

Knows His Oil

Dr. Albert Parsons Sachs, of New York, whose complete survey of European oil fields for American interests will result in cheaper oil products there.

Frank Decker Makes Excellent Winnings At Texas State Fair

Not content with winning practically every blue ribbon in the local fairs over this section of the state, Frank Decker of the Rhineland community has been awarded premiums on seven out of eight entries made in grains at the Texas State Fair held recently at Dallas.

Mr. Decker has taken a great deal of pride in his grains and during the year has exhibited and won at both the Haskell and Baylor county fairs as well as at the fairs at Abilene and Wichita Falls.

At the Texas State Fair Mr. Decker was awarded first on higarri; second on oats, red milo maize and red kafir; third on white milo maize and fifth on white kafir corn. Mr. Decker's premium check from the Texas State Fair totaled \$23.00, but the satisfaction he derived from winning on the products of his farm is of far more value to him than are the dollars and cents derived.

But, Mr. Decker's efforts reveal the possibilities of the Munday country in competing for agricultural honors, and we believe that the products of this section will compare favorably with those of any section of the state, and we congratulate Mr. Decker upon his winnings and his desire to excel, which is indeed the foundation of success in any endeavor.

MR. AND MRS. WEST CELEBRATE 60TH WEDDING ANNIVERSARY

Popular Couple of Amity Community Married Sixty Years; Celebrate October 24

(The following item is taken from the Rising Star Record, and the Rev. and Mrs. West are the parents of Mrs. S. A. Bowden and have visited here on a number of occasions.)

Couples who have been married and lived happily together for period of 60 years are few and far between, but such is the case with Mr. and Mrs. T. A. West of the Amity community, who celebrated their 60th wedding anniversary at their farm home on October 24. Mr. West being at the time 83 years of age and Mrs. West 81. The aged couple have made their home on the same farm continuously for 39 years, with the exception of one year while they resided in Rising Star.

Born in South Carolina

In conversation with a representative of the Record a few days ago, Mr. West stated that he was born in Anderson district, S. C., Jan. 19, 1845, but that when he was only one year old his parents moved to Calhoun county, Mississippi, where he made his home until he was grown and enlisted in the army of the South from that state and served with the 4th Mississippi Cavalry Company E and still has his parole which was granted him at the close of the war. In 1867 he was married to Miss S. J. Hardin of Choctaw county. The couple continued to make their home in Mississippi until 1888 when they moved to Jack county, Texas, and living there one year moved to this vicinity, buying the farm on which they are now located and established their home.

Asked as to why he decided to move to this section, Mr. West stated that he could not give a concise reason, but believed that he was influenced by Mississippi friends who had located here and induced him to come here on a prospecting trip. He states that he found the land very productive and a splendid class of people and decided to settle down here to make his home and has never regretted it.

Mr. West has been a member of the Methodist church for a little over 70 years and for 45 years has been a local preacher. He has never taken active work in the ministry, but even yet at times fills the pulpit at the home church upon the occasion of the absence of his pastor, or when requested. Asked as to how many couples he had married during his ministry Mr. West stated that he had no idea, but had solemnized hundreds of wedding ceremonies and was sorry that he had not kept a record of them. Mrs. West has also been a member of the Methodist church since childhood and has always taken an active interest in church

Thousands of Turkeys From Munday Section Being Shipped North

Approximately \$4,000.00 per day is rolling into the Munday country from the turkey market, according to H. B. Monroe of the Munday Produce Company, who states that they are shipping a car of dressed turkeys every other day, and have a large force at work picking and shipping the birds for the Thanksgiving and Christmas dinners of our northern brothers. One car shipped on Wednesday of this week went to Boston, Mass.

Mr. Monroe states that far more turkeys are on the market this year than was anticipated by him and he and his force are working day and night to keep up with the shipments as fast as they are delivered to their local house. The turkeys are being killed, picked and packed into barrels after being chilled, and the refrigeration plant of the West Texas Utilities Company has been packed to capacity for the past several days despite the fact that they are being shipped out as fast as they are chilled.

The Munday Produce Company shipped the first car of turkeys to be shipped from this section of the state during the turkey season, and Mr. Monroe is of the opinion that this year the turkey shipments from this point will be far greater than in any previous year.

At present the company has every available storage place filled with live birds and his crew is working until late into the night each day to make room for the incoming supply. Mr. Monroe states that a car of dressed turkeys represent about \$8,000.00, and as they are shipping a car every other day it will be seen that approximately \$4,000.00 is being paid out daily for turkeys.

HOME DEMONSTRATION WILL SELL GOODIES HERE SAT. MORNING

The Munday Home Demonstration Club will sell cakes, pies and dressed chickens on Saturday morning at the city hall, the proceeds of which will be used in defraying the expenses of publishing the club's year book, and the good ladies solicit the patronage of the public in their efforts.

We also learn that they will within a few days start a selling advertising space in their year book, and we are sure that the merchants will be liberal in their patronage, for indeed this little booklet will go into the home of the members over the county and should prove an excellent advertising medium, and all of the funds will be applied to better living conditions here than paying out our advertising dollars to fly-by-night grafters who leech off the public.

M. H. D. CLUB TO SELL GOOD EATS SAT. CITY HALL

Munday Home Demonstration Club ladies will sell cakes, pies and dressed chickens at the club room at City Hall Saturday morning, November 12, 9 to 10:30 o'clock.

Mrs. J. F. Bolander left Friday for Merkel, where she will spend several days with her daughter, Mrs. W. E. Kimrey.

Mr. and Mrs. West have had born unto them 10 children, six of whom are living and are numbered among the most useful and prominent citizens of the communities in which they reside. Those living and their places of residence are as follows:

T. T. West, Hollis, Okla.
Mrs. Feltie Anderson, Amity community.
Mrs. May Bowden, Munday.
Marvin West, Munday.
E. R. West, Amity community.

E. C. West, Fort Worth.
Mr. and Mrs. West are both still hale and hearty and are frequently seen on the streets of Rising Star. While not making a regular crop, Mr. West still looks after a portion of his farm and takes an active interest in the work on the farm. Friends throughout this section hope to see Mr. and Mrs. West celebrate their diamond anniversary upon the occasion of their 75th anniversary.

The Farmer's Place In Industry

By Phebe K. Warner

"He's just a ha yseed." "He won't stick." "You can't teach that Old Bird anything." Give me the BOYS. I'd rather talk to a group of fifty boys than a whole house full of these old birds."

Such are the complimentary remarks you usually hear when you attend a farmers' meeting and some big gun comes out from the city to tell them how to farm. Just a few days ago I heard some of those very remarks in a farmers' meeting where about fifty boys and a few toil-worn farmers had come for miles to get a little light and inspiration on the subject of farming.

Personally, I doubt the intelligence and the righteousness and the safety of allowing such people to go out into the country and paint such pictures of their toil-worn fathers in the minds of the 1927 farm boys of America. The average high school boy already has an inkling that he knows more than his father and it only deepens the gulf and loosens the bond of fellowship between them.

There may be another reason why some of our farm experts would rather talk to the boys than to their fathers. They know good and well that if their speech is based on some selfish, hidden interest that they can fool the boys easier than their fathers. In fact, most of the farm fathers have been fooled so many times and they have been given so much advice that they really are rather indifferent to most every thing they hear or read relative to their own business. That's why you seldom ever find many farmers at a farm meeting. They would rather go to almost any other kind of a meeting than a farm meeting. They might hear something new at the other place.

But if the day ever comes, and it is coming slowly, when the farmers get together and talk over their own business, and the farmers themselves have something to say and a voice in those meetings, and they are fully convinced that that meeting is called in their own interests, and that there is hope for them and their industry, then the farmers will flock to their meetings the same as the bankers, the politicians, the prize fighters or any other group.

The farmers as a class are not indifferent, they are not stupid, they are not lazy. But they have been told that so often that some of them are about to believe it. And the farmers have been painted and pictured and cartooned all over the nation as a sort of industrial joke until the world that paints these jokes actually believes them. But the farmer don't believe them. Life is no joke with him.

But the farmers, millions of them, are discouraged. They are despondent. And millions of them seem hopeless and helpless because they realize their business is going to the dogs and they are not strong enough individually to knock the dogs

off. Even the dogs themselves call the farmers the "under dogs." And if we don't watch out the United States will soon be putting on a genuine dog fight between the over dogs and the under dogs.

The farmer is a fellow who has always had faith in his fellowmen. He believes in God. He believes in Nature. And he believes in men. So great faith has the farmer had in his fellowman that all his life he has trusted and planted and harvested and trusted the world to deal as fair with him as he dealt with it. The farmers have done their part by the world nobly and faithfully, as the following facts, taken from the report of the National Industrial Conference Board, will testify:

"Agriculture holds second place in our total productive life. Agriculture is a large and determining factor not only in the general economic welfare, but particularly in the prosperity of the URBAN CLASSES.

"Our agricultural industry exercises normally a purchasing power of nearly TEN BILLION dollars annually for goods and services produced by others.

"Agriculture purchases about SIX BILLION dollars worth of manufactured products annually, or about one-tenth of the value of the manufactured goods produced.

"Agriculture supplies, materials upon which depend industries giving enjoyment to over half of our industrial workers.

"Agriculture pays indirectly at least TWO and a HALF BILLION dollars of the wages of

urban employees.

"Agriculture supplies about one-eighth of the total tonnage of freight carried by our railroad system.

"Agriculture products constitute nearly half of the value of

AN ORDINANCE: Regulating and Licensing Traveling Shows and Theatres, providing license fees therefor and prescribing penalty for violations, and making Exceptions.

BE IT ORDAINED by the City Council of the City of Munday, Texas:

Section 1. That from and after the passage and taking effect of this ordinance it shall be unlawful for any traveling theatre, tent-show or troupe of actors to give any performance within the Corporate Limits of the City of Munday, Texas, without first having obtained from the City Secretary of the City a License therefor and paid the license fee hereinafter fixed by this ordinance.

Section 2. By the Term Theatre or tent-show shall mean any person, firm or organization which travels from place to place giving performances or exhibitions in tents whether such performances shall consist of exhibition of plays by actors, or by motion pictures.

Section 3. There shall be collected by the City Secretary as a license fee, from each and every traveling theatre or tent show as above defined the following sums: Twenty dollars for each and every performance of said theatre or tent show for which license is issued, said fee to be paid before issuance of such license.

Section 4. Any person, firm or Corporation owning or taking part in giving any performance of any traveling theatre

or show, as above defined, within the Corporate Limits of the City of Munday without a license first having been procured for the giving of such performance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by fine not exceeding One Hundred dollars and each performance of said show shall constitute a separate and distinct offense and may be prosecuted as such.

Section 5. All ordinances and parts of ordinances in conflict herewith are hereby repealed.

Section 6. Whereas a great many traveling theatres or shows are now passing through the country giving performances and such performances create a condition in the city which requires that the rule re-

quiring reading of ordinances on three several occasions be suspended and it is so suspended and this ordinance shall take effect from and after its passage.

Done and passed the 25th day of October, 1927.
D. T. MAULDIN, City Sec'y
FRED BROACH, Mayor.

WILSON MATTRESS FACTORY

I have taken over the Wilson Mattress Factory, located back of Wilson Hotel. Old mattresses made new and new ones made to order. All work Guaranteed. E. J. McCULLOUGH, Phone 183, Munday, Texas.

THE simple words of man refuse to be grouped to fittingly express the feelings of the great nations of the world on November 11, Armistice Day. Throughout the length and breadth of every land, however, in every wayside hamlet, the day annually brings memories to the citizens, and they pause to pay tribute to those brave souls who gave up all in the great struggle.

Here in Munday we join the nation in observance of the day, forgetting not our state's loyal sons who upheld the traditions of Americanism, equalling and surpassing all great deeds of battle, asking no quarter nor giving none—satisfied with not less than a complete victory.

CLOSED ARMISTICE DAY FROM

Preference for ESSEX almost 2 to 1

In outselling any other "Six" at or near the price, almost two to one, the signal thing is not merely the overwhelming preference for the Essex Super-Six, but the source from which it comes. A great proportion of buyers are owners, former and present, of big and costly cars. They turn to Essex because they find:

- The smoothness and performance of their costlier cars.
- Comfort and riding ease not excelled in any car.
- The roominess and relaxation of their larger cars.
- Traffic nimbleness and handling ease unmatched in larger cars.
- Economy of operation and maintenance exclusive to Essex.

ESSEX Super-Six

2-Passenger Speedabout, \$700; 4-Passenger Speedster, \$835; Coach, \$735; Coupe, \$735; Sedan, \$835
All prices f. o. b. Detroit, plus war cost tax

Queen Race a Great Success

Last Thursday morning Mr. Rhodes announced that each of the four High School classes and the two sections of the seventh grade would be allowed to compete in a race to elect a Queen for the school carnival. The classes immediately met and elected their candidates. The Seniors were represented by Mildred Guinn, the Juniors by Francis Atkinson, the Sophomores by Fern Hogan, the Freshmen by Thelma Hanzell. Section 7 A by Hazel Webb and Section 7 B by Francis McCord. The campaign only lasted two days, but it couldn't have been any warmer than it was. It was of the most enthusiastic and intensive type yet little was known outside each class as to the number of votes that had been obtained. Friday at 2:30 when all the classes assembled for the official count and announcement of the winner a most unusual atmosphere of tension and excitement prevailed. Even the most optimistic had not expected over fifty or sixty dollars to be taken in on the race. But Lo! what a surprise was in store for us. The Juniors won with something over sixty four hundred votes. The Seniors ran a close second with nearly sixty three hundred votes while the other classes were not far behind. A total of \$230.00 was made on the contest. Mr. Rhodes and the other faculty members were so astonished they hardly know what it was all about. The money will be spent on the library and other needs of the school. Needless to say we all feel a pardonable pride in the grand success of the undertaking.

Rev. Freeman Lectures to High School

Last Thursday morning Bro. Freeman gave a very instructive and interesting talk to the high school students. He used as his subject, "The Four P's in Life." These were Purpose, Preparation, Plan and Production. He explained the necessary part that each of these great ideals played in a successful life and admonished us to give them definite consideration. We sincerely hope that we shall have the opportunity of hearing Bro. Freeman again from time to time.

Responsiveness

In every walk of life we will find something to which we will have to respond. As citizens we should co-operate with any movement for the betterment of the community in which we live. The school interests and activities occupy a large part in any city and the patrons and school children should respond to everything that helps to improve it. During the past weeks several campaigns have been conducted in the school for the purpose of raising funds for the side walks and for our library. The whole school has responded wonderfully towards these. Each class tried to "out do" the rest and the result was that more money was raised than would have been had not such "class spirit" been shown. We are very grateful for the support received from the people of the town, and we are hoping that you respond to the carnival with as much enthusiasm as you and the classes responded to the contest for queen.

Athletic Notes

The Moguls lost again last Friday to Throckmorton but we still say that they don't have a three touchdown better team than we do. Any football scholar will tell you that the game should have been a scoreless tie. The Moguls went into the game still under strain and excitement of the Carnival Queen race and didn't realize that they were in a football game till after Throckmorton had scored two touchdowns. After they finally came to life however, they braced and held their heavier opponents to a standstill for three quarters.

But let's forget that and turn our eyes toward Knox City Armistice day. On this date the Moguls will attempt to re-establish their supremacy over our ancient rivals. No doubt they will play their best game of the season and a large crowd of Munday people are expected to take advantage of the holiday and drive over to see the game.

The Knox City team and coach were here last Friday to scout the game and probably think they have all the dope necessary for another victory. However, the Mogul's coaches are adding a lot of new plays and formations to their attack this week that is calculated to somewhat upset the Grayhounds.

Seniors

Nona Floyd of Gillespie has enrolled in the Senior Class. We are indeed glad to have Nona and hope she will like our class.

Mildred Guinn delightfully entertained the Seniors from nine to eleven last Monday evening. Everyone enjoyed themselves immensely. A package was given to each guest, and then we were ushered to the back yard. We found four bon fires in the yard, then we were asked to open our packages. Upon opening the packages we found weenies, marshmallows and bread. When the clock struck eleven we left for the mid-night matinee. After the show we—oh, well, we all went home.

The Seniors had one more good time Friday evening. We met at the school house, and then we journeyed to the North bridge. The class was well represented. We were chaperoned by Mr. and Mrs. Rhodes, Miss Rhodes and Mrs. Hendrix. We were indeed glad to have Elmo Wilson as our guest. Many games were played, such as "Little White House Over the Hill," "Leap Frog," "Three Deep," and "Winding the Clock." Last, but above all, was the weenie roast. We also had pickles, marshmallows, apples and candy.

Juniors

"Less Quantity but More Quality"
 The Juniors again displayed the meaning of their motto when the final report came in on the Queen Race showing the Juniors to have more votes for their queen than any other class in school. The Juniors had the grand total of \$64.83, beating the Seniors \$2.75. Good sportsmanship was shown among all the classes though the Seniors thought it funny that we beat them by so small a margin.

Thanks to the Seniors! The picnic was enjoyed by everyone who attended. We are sure you will be pleased to entertain the Junior class more than once.

We Juniors are certainly proud of our Queen though we did work hard to get her. We are sure she will make one more real queen.

Freshmen

Go to it, football boys. We'll "root" for you.
 The game played by the Moguls with Throckmorton was a good one, although the Moguls were defeated 20-0. The game was one of the real clean type Sportsmanship was displayed by both teams in every way. The Moguls never gave in although their hopes for winning after the first quarter were very few. They showed the real fighting spirit and did their best against their stronger opponents.

Watch this column for one hundred percent of the Sophomore class at the game Friday, when we play Knox City on their own field.

Now for the football game Friday and our only hope and cry is "Beat Knox City November 11." Add another victory to your column boys on Armistice Day! The Juniors are with you.

Sophomores

It's difficult to be a "good loser," certainly, but in the final check-up it's just about as hard to be a "good-winner." There are few winners who eventually do not allow their conquest go to their heads with ensuing development of a swaggering, haughty, braggadocio complex. But is can be said, the Junior class, who raised the most money for the library fund and will have their class representative to be Queen at the carnival, has a rather modest class. If they have the "mon" and are lucky, beat them?—so there cheers for the Juniors.

The Sophomore class had a brief business meeting Monday morning. After the resignation of Vivian Rogers as class reporter, Chandler Hughes was elected to fill her place.

We also decided on the following challenge:
 To the Freshmen:
 We, the Sophomore class of nineteen hundred twenty-seven do hereby challenge the Freshmen class of said year to a formal debate, the time, place and subject of which to be chosen by the Freshmen. Impartial judges shall be chosen by both classes.

To the Freshmen:
 Since the unwritten laws of Sportsmanship teach us to win

Freshmen

Go to it, football boys. We'll "root" for you.
 The game played by the Moguls with Throckmorton was a good one, although the Moguls were defeated 20-0. The game was one of the real clean type Sportsmanship was displayed by both teams in every way. The Moguls never gave in although their hopes for winning after the first quarter were very few. They showed the real fighting spirit and did their best against their stronger opponents.

Watch this column for one hundred percent of the Sophomore class at the game Friday, when we play Knox City on their own field.

Now for the football game Friday and our only hope and cry is "Beat Knox City November 11." Add another victory to your column boys on Armistice Day! The Juniors are with you.

Sophomores

It's difficult to be a "good loser," certainly, but in the final check-up it's just about as hard to be a "good-winner." There are few winners who eventually do not allow their conquest go to their heads with ensuing development of a swaggering, haughty, braggadocio complex. But is can be said, the Junior class, who raised the most money for the library fund and will have their class representative to be Queen at the carnival, has a rather modest class. "With Eddie Cantor I say Luckies never irritate the throat"

Said Andrew Tomles to Claire Luce and Frances Upon during a rehearsal of The Ziegfeld Follies.

Eddie Cantor,
 Famous Comedian,
 writes:
 "My voice must be in condition 365 nights a year and when I smoke, I insist upon Lucky Strikes because I found from experience that they don't irritate my throat."

You, too, will find that LUCKY STRIKES give the greatest pleasure—Mild and Mellow, the finest cigarettes you ever smoked. Made of the choicest tobaccos, properly aged and blended with great skill, and there is an extra process—"ITS TOAST-ED"—no harshness, not a bit of bite.

"It's toasted"

No Throat Irritation—No Cough.

THE LOWEST PRICED SEDAN in DODGE BROTHERS HISTORY

America loves speed and here is her fastest Four.
 America loves luxury and here is her finest Four.
 America, when she starts, likes to start like a rocket and here is a car that asks but 7 seconds, through gears, to register 25 miles per hour.
 Above all, America admires smartness, when value is not sacrificed to achieve it, and here style and stamina bid equally for your faith and favor.
 Asturdy car, commodious yet compact, built from bumper to bumper the good Dodge way.

HONORING A MOTHER

As a graceful tribute to a pioneer Southern mother, a great new hydroelectric dam on the Coosa River in Alabama will be dedicated on November 21 and named Jordan Dam, in honor of Elmira Sophia Jordan, daughter of a veteran of the War of 1812.

Miss Jordan became the wife of Dr. William M. A. Mitchell, and it is through the prominence of their two sons in the electrical industry that this honor is to be done to their memory.

These sons are Colonel R. A. Mitchell, senior vice-president of the Alabama Power Company, and S. Z. Mitchell, a director of the same company and chairman of the board of the Electric Bond and Share Company.

The new dam has been built by the Alabama Power Company as another unit of its rapid growing system, in the development of which these two sons have had an active part.

It is highly appropriate, therefore, that the name of Elmira Sophia Jordan should be perpetuated through this great dam, which will serve the community in which she wrought most nobly for many years.

TO OUST LAME DUCKS

Another effort will be made at the coming session of Congress to change the meeting dates of that body, so that members elected in November would enter upon their duties on the first Wednesday of the following January, instead of thirteen months after election as at present.

There are several logical reasons for the change. It would do away with the participation in legislation by members who had been defeated, the so-called "lame ducks," would obviate the necessity of adjourning the short sessions on March 4 as the present law provides; it would give new members the opportunity to serve in two sessions before going into a campaign for reelection.

The new plan, of which Senator Norris of Nebraska is the author, also provides for the inauguration of the President of the United States on the first Monday in January, instead of March 4. A resolution for submitting these changes to the state in the form of a constitutional amendment has passed the Senate three times, but has never been acted upon by the House, although there appears to be little opposition to it in that body.

Should it be possible to get the measure to a vote in both houses it is likely that it would be approved by Congress and ratified by the states, thus paving the way for the elimination of the objectionable short term with its "lame duck" members.

THE ROLL CALL

Newspapers and the public have become rather tired of campaigns, drives, special weeks and the like, of which we have had more than enough, particularly during the last few years.

But there is one annual effort which should enlist the hearty support of everyone, whatever he may think of the rest. We refer to the Red Cross Call, held each year between Armistice Day and Thanksgiving.

This year the event has an unusual significance, in view of the magnitude of the work performed by that great humanitarian organization during the last twelve months, in which nearly a million persons, victims of 77 different disasters, have had the benefit of its kindly ministrations.

The outstanding disaster of the year was the Mississippi Valley flood, where more than 607,000 unfortunates were grievously needed relief during the emergency period, and because of which further assistance is still being rendered.

So well known and so highly esteemed is the invaluable service performed by the Red Cross, always promptly and efficiently, that no extended argument for its support is necessary. The 5,000,000 members set as its goal for this year should be secured without difficulty.

It only takes a dollar to respond to the call of this great roll, which is indeed a roll of honor.

AFTER NINE YEARS

Armistice Day, marking the ninth anniversary of the end of the World War, again recalls the stern realities of that titanic struggle, which changed the map of the world.

The significance of the events which have occurred since November 11, 1918, may be variously interpreted, according to the viewpoint from which we see them. To some it will appear that great progress has been made toward universal peace, while to others the trend of events will imply grave danger for the future.

Even a single individual must often be imbued alternately with hope and fear—hopeful when some felicitous occurrence seems to draw the nations closer together; fearful when an outbreak here or there threatens to undo all efforts for concord and understanding.

No one is wise enough to foretell the future. Was the "war to end war" the last great clash of nations, or was it only the prelude to more frightful slaughter and destruction yet to come?

Only time can give the answer, but in the meantime it behooves all right-thinking persons, and particularly those in positions of influence and responsibility, to exercise whatever they may possess of tolerance, forbearance and the will to do justice to their fellowmen.

Mrs. Mauldin Gives Interesting Report O. E. S. Grand Chapter.

Last Thursday night was a very happy occasion for some thirty members of the Order of Eastern Star, a sumptuous banquet consisting of chicken and all the fixings was served, during which our worthy matron, Mrs. D. T. Mauldin, gave the report of her trip to Grand Chapter, O. E. S. that met in Mineral Wells October 23, 1927. Her report in part follows:

"Mineral Wells gave us a very splendid reception. All delegates were met at the train and carried to desirable places to stay. Delegates were taken to the many interesting spots about Mineral Wells free of charge.

"The convention hall was tastefully decorated with some fifteen hundred crepe paper wistarias, in orchid and purple, with plenty of greenery. These flowers were made by the women of the city as well as a great many crepe paper roses that were used on Wednesday night, when a beautiful pageant was presented.

"The 45th annual convention was opened officially by Mrs. Margery Peters Wofford, Worthy Grand Matron and Frank Holt, Worthy Grand Patron.

"The session itself was indeed harmonious and reports showed that again and again had the calls of the needy been answered. Those noble principles of charity, truth and loving kindness were exemplified throughout.

"Mrs. Lula LeFan, of Greenville, was elected Worthy Grand Matron, and L. E. Tension, Worthy Grand Patron for the ensuing year.

"The girls of the Ft. Worth Rainbow Assembly initiated a member in an especially impressive manner. The thirty girls, about sixteen years of age, all dressed in white and carrying white baskets filled with flowers made a pleasing picture, indeed.

"Following the work of the Rainbow girls was a brilliant and impressive pageant entitled, 'Pageant of Grand Jurisdiction.' Trumpeters and singers told in a distinctive and delightful manner a story of O. E. S. domain, its broad kingdom and noble service. The portrayal was made in two acts, the first showing a scene of the court of Texas. In a regal setting was introduced the Queen of Eastern Star with the King by her side. Representatives of the five districts entered the court, bowed low in homage to the queen and planted a flag at her side. A Spanish maiden sang 'La Paloma.' Mrs. Della Young of Ft. Worth sang 'The Bonnie Blue Flag,' at the conclusion of the first act.

"The second act was a garden scene in which the queen received the representatives of every state in the union. One pleasing feature was the singing of 'Old Black Joe.' This was given real heart appeal by the fine acting of John Gill as old Black Joe himself. John Gill is a brother-in-law of our fellow townsman, Dick Ford." Knox County was represented by thirteen delegates. Munday Chapter sending one, Goree one and Vera Chapter sending eleven. In the secret work examination Munday and Goree delegates received B certificates and seven of the Vera delegates were given B certificates.

Tables were given B certificates. Lovely Party Held at Home Mrs. F. O. Campbell.

Mrs. F. O. Campbell, Mrs. E. McStay, G. W. Tate and Leland Hannah were charming hostesses at the first party of the season for the Munday Study Club, at the home of Mrs. F. O. Campbell last Tuesday afternoon. This beautiful home was made more attractive with vases filled with chrysanthemums and autumn leaves.

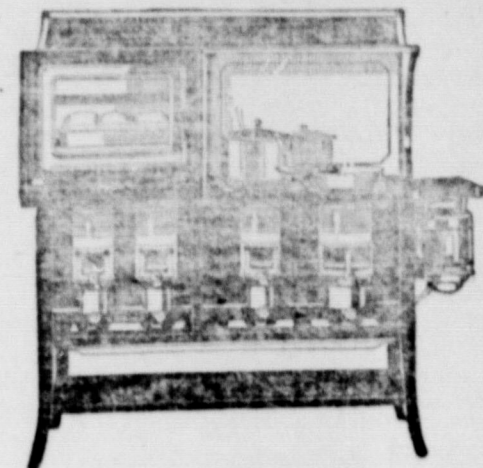

The score cards were shaped and colored like the beautiful red maple leaf at this season of the year.

Tables were arranged for "84," and an especially pleasant series of games were enjoyed until a late hour when attractive plates of delicious chicken salad, bread and butter sandwiches, olives and iced tea, with chrysanthemums as favors, were passed to club members. Mmes. J. W. Davy, L. E. Loveless, H. F. Barnes, J. D. Kethley, P. V. Williams, J. A. Cartwright, M. H. Reeves, F. S. Broach, R. D. Atkinson, C. A. Eiland, H. T. Maples, Fred Warren, D. T. Mauldin, J. O. Bowden, Chester Bowden, Henry Craig, W. H. Chapman, F. L. Decker, H. H. Langford, John Lane, W. E. Reynolds, R. L. Briggs, J. R. Smith, A. U. Hathaway and visitors, Mrs. W. H. Atkinson, T. G. Bengel, D. C. Fritz, J. C. Campbell, E. M. Ammons and Miss Kimmie Lee.

Armistice Day Program Given By Study Club.

The Munday Study Club met in an unusually interesting program last Friday at the home of Mrs. E. Duval to observe a program honoring the soldiers of the World War. Mrs. W. E. Reynolds led the meeting in her pleasing manner. The Rev. P. D. O'Brien gave a splendid address on "Did the World War Bring Peace," in which he brought back many memories of that sad year of 1918. Mrs. W. H. Chapman gave a fine reading of the poem, "Old Ironsides," by O. W. Holmes, and discussed it, together with the history of that historic old ship by that name, in a manner highly satisfactory to all present. Memories were again brought back by the beautiful song, "Keep the Home Fires Burning," as it was ably sung by Mrs. Olga Terry Walters and Mrs. J. D. Kethley with Mrs. Ingram at the piano. The closing number was three companion poems among them "In Flanders Field," very beautifully read by Lela Brock.

You Make the Price!

On This Beautiful PERFECTION Oil Cook Stoves and Ovens

We have on display in our window now a \$110.00 New Perfection Oil Range with four Supersix burners, built-in oven, which we are going to sell at

YOUR OWN PRICE

On Wednesday, November 17th we will put our regular price of \$110.00 on the range, the price of the Range will be reduced \$5.00 each day until it is sold. Better keep an eye on our window each day and when the price gets to the point where you think you're getting a good buy you'd better get in and buy it, for somebody else may beat you to it.

Guinn - Fritz Hardware Company

FOR SALE—Jersey milk cow, Worth the money.—Leslie Smith, one mile south of Thorp.

Statement of the Ownership, Management, Circulation, etc., Required by the Act of Congress of August 24, 1912.

Of the Munday Times published Weekly at Munday, Texas for October 1, 1927.

Before me, a Notary Public

in and for the State and county aforesaid, personally appeared J. A. Kennedy, who, having been duly sworn according to law, deposes and says that he is the publisher of the Munday Times and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912.

1. That the names and addresses of the publisher, editor, managing editor and business manager is: J. A. Kennedy, Munday, Texas.

2. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are, Jones & Eiland, Munday, Texas.

J. A. KENNEDY, Sworn to and subscribed before me this 8th day of November, 1927.

JOHN ED JONES, Notary Public.

"HE suffered that we might smile; he died that we might live. He made the supreme sacrifice that we, on this side of the world, might carry on in the ideals our forefathers died for in '76. He sleeps; but his memory is active in the heart of every American."

The Unknown Soldier and his seventy thousand comrades who fell beside him occupy a shrine in our hearts. Let us not forget our dead. But let us also remember those of our boys whom the gods of war spared.

This bank will remain closed on Friday, Armistice Day.

First National Bank

An Armful of Thanksgiving

Mrs. R. P. Leasure, of Cornith, Va., champion turkey raiser of New England, with a 35-pound gobbler from her pens. She successfully raises 80 per cent of the birds hatched—an unequalled record in large lots.

THANKSGIVING

November's Special Values now showing are all the season's newest fashions. A store-wide demonstration of unequalled economies in dresses, coats, sports and junior wear and small accessories for all occasions. In our coats, suits and dresses each individual model emphasizes some important feature of the winter mode. Here you will find a large and well assembled collection offering you excellent value and impeccable style for your Thanksgiving buying—really the dress-up day for Fall and Winter.

Fur Trimmed and Fur Coats

\$4.50 to \$65.00

DRESSES and COATS

In our dress department you will find satins, Canton crepes, faille, georgette, tweed and velveteen ensembles—each created to sell for a much higher price than we are asking.

Our winter coats for women and misses all have those "Missy" style lines that are the ultimate in chic, youthful fashions. Slenderizing coats that minimize the inches of the larger sizes. Of course they are gorgeously trimmed with fur and each coat a really special offering at these prices.

Women's and Misses Dresses

\$6.75 to \$42.50

In anticipating your needs for Thanksgiving we have for your inspection and careful consideration: The Very Newest Hats out, such as, Gold and Silver Metallics, Gold and Silver Lace Trim, Metallic and Faille Silk—for the young matron as well as the chicken type, and in order to make room for these new numbers coming in we have decided to make

A Breath Taking Price On FELT and VELVET HATS

Perky little shapes—as new as next minutes! Trimmed with bows and bands; with ribbons and jeweled ornaments. In so many of the season's best shades that they resemble nothing so much as a rainbow!

FOR MISSES AND MATRONS

The two outstanding notes in this winter's millinery trend are Felt and Velvet. If you would be correctly smart, choose either of these materials. You will find a wealth of distinctive shapes.

NEW FORD WILL PASS SEVENTY

"WILL SOON BE ON DISPLAY AT LOCAL SHOWROOM OF LAND MOTOR COMPANY"

The new Ford has a speed of more than seventy miles an hour, can exceed fifty miles an hour in second gear and in appearance is a smaller edition of the Lincoln, says John E. Morris, Dallas dealer who returned last week from Detroit, where he rode in the car and talked with Henry Ford about it.

Additional information on the new Ford was gleaned from Raymond Hatton, moving picture star, who flew to Dallas from Detroit last week in a Ford plane, by James L. Price, vice president of the John E. Morris Company.

Then he Ford has a wheelbase of 104 inches, with bodies much lower and roomier, Mr. Morris reported. An average sized man can almost look over the top of the car, which has the flowing lines characteristic of the Lincoln and other large cars. Five wire wheels are said to be standard equipment while the crown fenders are wider and heavier.

New Name Plate

The radiator is rounded and nicked, like a Lincoln, and is decorated with a new name plate. Within a blue-outlined circle is the white name, "Ford," written in the familiar Ford script. A new design radiator cap is topped by a quail, which was chosen to symbolize the fast getaway of the new car. Nicked bullet-type lamps are standard.

A variety of tones of gray, green and blue, with some two-tone effects, is offered in the new Ford. Upholstery is marked by beauty and serviceability, said Mr. Morris.

The new motor is of a much faster type than the old, he declared. The bore has been decreased slightly and the stroke lengthened, he said he had been informed. The engine easily develops thirty-five horsepower.

Cranksaft Counterbalancer Use of counterbalancers and an increase in the number of bearings on the cranksaft were said to have practically eliminated vibration. Mr. Morris, who drove the car at a speed of from one to fifty miles an hour, declared that at no speed was there any vibration noticeable.

Four-wheel mechanical brakes are standard equipment, with an emergency brake at the left side of the driver's seat. The

gear-shift is standard and the steering gear has been changed to the indirect type. Mr. Morris was given a demonstration in sand, through which the car was steered with one hand. Cooling is by a water pump and ignition by storage battery, as on most standard cars, the magneto having been discontinued. Gasoline feed is by gravity.

Change of drive from torque rod to tubular shaft was reported by Mr. Morris. The rear axle was said to be semifloating. He did not have an opportunity to inspect the type springs on the new car.

New Kind of Horn

Two bumpers are standard equipment on the cars. A speedometer, oil gauge and ammeter were said to be members of the dash assembly, while a foot feed and a motor-driven horn are standard equipment. Locks were found on some of the cars, though it is not known whether they will be regular equipment.

Raymond Hatton, movie star who came to Dallas from Detroit last week, was given the use of one of the new Fords to test as he pleased at the Ford Motor Company proving ground. He drove the car sixty-eight miles an hour, and reported to H. M. Beaton of the Dallas assembly plant of the Ford Company that the car could easily have done more than seventy. He made fifty-one miles an hour in second gear. After driving in over the roughest roads he could find and trying it as severely as he could, he gave an order for two new Fords to replace his present cars.

Samples of the new car are expected in Dallas this month. The price will be practically the same as for the models, Mr. Morris reported.

Unusual production as soon as the Ford factories are really started turning out the new cars is expected. The departments of the factories have been rearranged for greater efficiency and the output is due to be unprecedented, said Mr. Morris.

This Week

By Arthur Brisbane

BEAUTY—AND SERVICE. WHAT WILL AMERICA BE? INFANTILE PARALYSIS. THE SOIL OF FLORIDA.

The United States Labor Bureau says American women spend \$5,000,000 a day, \$1,825,000,000 a year, on beauty shops and aids to beauty. Women spending the five million a day would be more beautiful if they kept the money. But spending it makes them happy, and happiness is worth its price.

Conrad Zeller, sixty-five years old, father of twenty children, retires from post office work on a pension of \$60 a month. His average pay from Uncle Sam during twenty-eight years was \$85 a month.

Not very generous from a country rich enough to let its women spend eighteen hundred millions a year on wrinkle eradicators, face lifting, artificial curls and complexion.

Another step in travel by air, German and British dirigibles, each of 5,000,000 cubic feet capacity, will race around the world next year. They expect to make the trip in twelve days with two stops for fuel. That makes the world smaller than it was, and would interest Jules Verne. The Germans, with new light Diesel engines in their dirigibles, will surprise the world.

What is America, as regards its people, what is it destined to be? Indians were here first, Columbus came, then the Pilgrim fathers determined to worship God as they pleased and to make everybody else worship him as they pleased. They would not recognize today's population.

The City of Chicago contains 450,000 Germans, 400,000 Poles, 300,000 Jews, 300,000 Irish, 200,000 Italians, 200,000 Bohemians and Czechs-Slovaks, 120,000 Swedes, 50,000 Norwegians, and 50,000 Greeks. Not exactly what you would call "pure Nordic."

What type, what civilization will come out of that mixture?

Chemists have produced about 200,000 substances unknown in nature.

Infantile paralysis should interest government, national, state and municipal, more than it seems to do. There are 4,000 cases in the United States now. Nobody knows how the disease starts and spreads. The disease breaks out, nobody knows how or why, in dark city streets and in distant sunlit beautiful valleys, more than a thousand miles from either ocean, and five thousand feet above them.

Such a mysterious disease among swine or cattle would be investigated and fought by the Government energetically. The Rockefeller Institute is doing admirable work, but a nation of 115,000,000 should not leave such a fight to the generosity of one man.

Forty Florida newspapers combined to publish, every two weeks, a special supplement, called "The Farm and Grove Section." It will supply people in and out of the State with full information about Florida's agricultural resources and the way to develop them.

Mr. Frank R. Hammett, of Jacksonville, will have charge of this useful work.

Wealth and fertility unlimited are in Florida's soil. The "Orange" will always be one of the great Florida crops, but Florida in a few years will look back with wonder to the day when the State was the "principal" crop of the State, and its chief financial reliance.

Industries will be established and factories built throughout Florida as they are building now in California. No one can estimate the future of that great State, only TIMPO-BARLEY set back by real estate booms and foolishness.

Albert Edward Doles, twenty-eight, was told by doctors that his three-year-old daughter must die of septic pneumonia; it was only a matter of days. The child was in dread of agony. The father drooped her in his arms, to end her suffering. "I could not bear to see her suffer any longer," he said when he gave himself up.

The judge said he was bound to tell the jury: "Had this poor child been an animal instead of a human being the man would have been actually liable to punishment if he had not put it out of its misery. That is the law." The jury acquitted the man.

Birth control ladies will be interested in his case. His wife was tubercular, had four children in four years, died in the fourth childbirth. The law would have punished anybody for showing her how to avoid that.

Facing the music has become harder than ever since the advent of jazz.

A REAL TRUE COUNT PLAYS NOBLE ROLE

Mario Carillo in "Perish of the Devil" Coming to Strand

A real Italian count plays the role of an Italian nobleman in "Perish of the Devil," King Raggo's big Universal production, which comes to the Peoples Theatre Wednesday, 16th.

He is Mario Carillo, who shortened his name from Caricullo for screen purposes, and in the picture plays the character of Marchese Waldonia.

Carillo, or Caricullo, has been in the picture colony for about three years, and in that time has advanced from obscurity to a steady and acknowledged position, recognized as a competent actor.

Before coming to Hollywood he was on the stage in Italy, and also did some picture-work in Europe.

His family is a well-known and distinguished one in Rome, and Carillo holds titles and decorations from the most prominent courts of the continent. He was decorated for bravery during his service with the Italian army during the World War.

Hollywood, he declares, will be his residence for the rest of his life. He has decided to make the acting profession his life work, and has refused several offers to return to Italy to

the stage. About six months ago, he received notice that he had inherited a considerable estate from his family near Naples, Italy, but rather than leave his work as picture actor, he turned the estate over to his brother.

The cast of "Perish of the Devil" includes Mae Busch, Pat O'Malley, Jack Winton, Theodore Von Eltz, Gertrude Oakman, Martha Fraaslin, and others.

The story was adapted by Mary O'Hara from Gertrude Atherton's novel of the same name.

Dodge Brothers Motor Vehicles and Graham Brothers Trucks

TWISTED BODIES AND TWISTED MINDS

The story is told that during the degraded middle ages a group of money getters made a business of buying young human babies and forcing their tiny bodies to grow inside of vases or earthen jugs formed around them. The little body was incased in a frame of the shape and form designed, and after it has become a mass of flesh and bone, the frame was removed, leaving a human being in the shape of a bottle, jug or vase for the amusement of the king and people.

So environment of childhood forces the soul and mind to grow in certain ways. The narrow, sordid, dull and uninteresting surroundings of bad living conditions, unsanitary and crowded business conditions, lack of wholesome amusements will dwarf a child's mind and form its soul into a hideous thing.

You may not have slurs in your town, but do not be too sure that there are not unwholesome surroundings under which some child in your town is forced to live; it is not fit for any child to live in.

Disease, either physical or moral, which may start in the poorer districts, can enter the precincts of the most luxurious home in blight and bloom of the rich men, though it be ever so carefully guarded.

Through your Chamber of Commerce you can work to improve living conditions, sanitation and public health throughout your town. You can work for wholesome, happy play grounds, parks and amusement places, where all the children may have the privilege guaranteed to them under the constitution—"life, liberty and pursuit of happiness."

The Chamber of Commerce in your town is teaching the ideal that we succeed or fail altogether as a community. Working through your Chamber of Commerce and your community leaders, you can bring about a condition that will make your town a better, brighter, happier place to live.

If there are spots in your town that bask in luxury, and other spots that suffer in squalor and filth, do not deceive yourself into thinking that your city is finished, or that the work of your Chamber of Commerce is done. Judge your city by its worst district, for it is by this test that it will some day stand or fall.

A body with only one small sore is a diseased body, and the malady may strike at the heart's blood. A germ of the disease, or a germ of immortality in one district of your town may affect all of your town.

Get together in your Chamber of Commerce, your community clubs, and know the joy of building a better, happier community.

"THE HOUSE OF QUALITY"

for a first down on the Mogul's 40-yard line, and another one on the 30-yard line. Jackson picked up 20 yards and a first down around right end, putting the ball 10 yards from the touchdown line. Beatty finished the touchdown and Jackson kicked goal.

Throckmorton was penalized 5 yards and kicked off from the 45-yard line. The ball was kicked pass the touchdown line and the Moguls got the ball on the 20-yard line.

2nd Quarter
Aycock punted to the Mogul's 30-yard line. P. Pruitt plowed center for a first down on the Mogul's 45-yard line. Throckmorton intercepted a pass on their own 40-yard line. Beatty skirled right end for a first down on the Mogul's 40-yard line. Time was called for Aycock. Wilson tackled Horton for a 2 yard loss. Time out for Wilson. Edwards took Wilson's place on right end. Throckmorton punted to the Mogul's 20-yard line. Aycock punted to the Mogul's 40-yard line. Jackson backed the line for a first down on the Mogul's 30-yard line.

Half
Throckmorton kicked beyond the touchdown line and the Mogul's got the ball on their 20-yard line. Aycock punted to mid-field. Throckmorton punted to the Mogul's 30-yard line. P. Pruitt lost 5 yards and Aycock punted to the Mogul's 40-yard line. Beatty circled left end for 10 yards and a first down on the Mogul's 35-yard line. Throckmorton failed to make a first down and the ball went back to the Moguls on their own 20-yard line. White picked up 5 yards around left end. Aycock punted to the 40-yard line. Throckmorton failed to make a first down and punted to the Mogul's 30 yard line. White lost 1 yards. Time was called for the Moguls and Collins took Aycock's place. P. Pruitt punted and the ball was run back to the Mogul's 25-yard line.

4th Quarter
Aycock went back on the field. Throckmorton failed to make first down and the ball went back to the Mogul's 20-yard line. Aycock punted to the Mogul's 35-yard line. Beatty circled for 15 yards and a first down on the Mogul's 20-yard line. Throckmorton failed to make first down and the ball went back to the Mogul's 20-yard line. Aycock punted and Beatty ran the ball back to the 25-yard line. Cleo Ledbetter made a successful tackle, which held Throckmorton from making great headway. Throckmorton made first down on the Mogul's 7-yard line. Beatty plowed center for a touchdown and Throckmorton kicked goal. Throckmorton

kicked off and Aycock ran the ball back to the Mogul's 40-yard line. Aycock lost 10 yards and punted to Throckmorton's 40-yard line. A complete pass was made by Throckmorton and the game ended with the ball on the Mogul's 30-yard line.

Real Estate Bargains

Residence in Munday, 6-rooms with sleeping porch, barn, storm cellar, close in, 150-foot corner lot. Priced to sell at \$2,500. This property is located on one of the best streets in the city. Will take some trade. This is a real buy at the price.

Our Practical Pattern No. 1245

"Tailored Youngster's Coat"

Tailored the English way, of heavy cinchilla cloth, homespun, or any of the new woolen mixtures, this little coat is hard to beat for its stover-wear-out qualities. And warmly lined and interlined, it will keep the boy or girl comfortable in the coldest weather. Regulation colors for this type of coat are navy blue, brown, dark red or green.

May be obtained in sizes 4 to 10. Size 4 requires 1 1/2 yards of 54 inch material. A perfect fit in every size is guaranteed.

Patterns will be delivered to any address upon receipt of 25c. In cash or U. S. postage. Always mention size wanted. Address Pattern Dept., this newspaper.

How to Play BRIDGE

Series 1927-28 by Wynne Ferguson

Author of "PRACTICAL AUCTION BRIDGE"

ROUNDHOUSE

(Continued from page 6.)

kicked off and White ran the ball back to the Mogul's 35-yard line. Aycock skirled right end for 12 yards and a first down. Time out for Moguls. After failing three times to make a first down Aycock punted to Throckmorton's 30-yard line. Beatty picked up 20 yards around left end, putting the ball in mid-field. An incomplete pass was made by Throckmorton. Beatty circled left end

Under what conditions is a Singleton opening advantageous against a trump declaration? Under what conditions is a singleton opening not advantageous? Explain the question and give a wide variety of answers, but the explanation is not to be given until the explanation is given.

A 5-3-3-1 opening is seldom, if ever, a disadvantage to the opener holding exactly three trumps. With less than three it is a bid opening for the doubler's strategy can lead two kinds of trouble before you or your partner obtain the lead. For that reason a Singleton opening is seldom advantageous with less than three trumps. On the other hand, if you hold more than three trumps, you have a very strong hand and should take the offensive. For that reason, with four or more trumps, always open your long or strong suit, or your partner's suit if he has made a bid, never a Singleton.

The following hands are good examples:

Hand No. 1
Hearts—A, 10, 4, 2
Clubs—7
Diamonds—J, 9, 5, 4, 2
Spades—10, 7, 2

No score, rubber game. Z dealt, bid one spade and all passed. What should A open? A should open the seven of clubs. This is an ideal hand for the Singleton opening.

Hand No. 2
Hearts—A, 10, 4
Clubs—7
Diamonds—J, 9, 5, 4, 2
Spades—J, 10, 7, 2

No score, rubber game. Z dealt, bid one spade and all passed. What should A open? A should open the four of diamonds. With four or more trumps, always open your long suit, unless, of course, your partner has bid a suit, in which case it usually is better practice to open that suit unless your own suit is one that will set up in one round. In this hand, the Singleton opening would be very unsound.

Hand No. 3
Hearts—A, 10, 4, 2
Clubs—7
Diamonds—J, 9, 8, 5, 4, 2
Spades—10, 7

No score, rubber game. Z dealt, bid one spade and all passed. What should A open? A should open the four of diamonds. With four or more trumps, always open your long suit, unless, of course, your partner has bid a suit, in which case it usually is better practice to open that suit unless your own suit is one that will set up in one round. In this hand, the Singleton opening would be very unsound.

Answer to Problem No. 1
: A Y B :
: Z :
Hearts—A, Q, J, 2
Clubs—K, Q, 7, 4
Diamonds—A, Q, J
Spades—Q, 9

No score, rubber game. Z dealt, bid one no-trump. A and Y passed and B doubled. What should Z bid? Z should redouble to tell his partner that he has a much stronger hand than his original no-trump indicated and to play for penalties if A bids Y's long or strong suit.

Answer to Problem No. 2
Hearts—J, 10, 7, 6
Clubs—J, 8
Diamonds—K, J, 8
Spades—J, 8, 7, 3

No score, rubber game. Z dealt, bid one no-trump. A and Y passed and B doubled. If Z redoubled and A bid two spades, what should Y bid? Y should double. The purpose of Z's redouble is to give Y the information that Z's hand is much stronger than his original bid indicated and to play for penalties if A happens to bid Y's long or strong suit. Y's long suit is spades. This fact, coupled with his outside strength, is sufficient to justify a double. The hand in Problem No. 2 is the hand held by the partner of Z in Problem No. 1. Together they represent a sound redouble and the proper response by partner.

Answer to Problem No. 3
Hearts—none
Clubs—J, 8, 7, 6, 5
Diamonds—7, 3
Spades—none

Hearts—K
Clubs—Q, 9
Diamonds—J, C, 5
Spades—3

Hearts—A, J, 6, 4
Clubs—none
Diamonds—K, Q
Spades—4

If spades are trump and Z is in the lead, how can Y-Z win five of the seven tricks against any defense? Z should lead the ace of hearts and the king of diamonds. He should then lead the four of spades, forcing A in the lead. A must then lead a heart. If he leads either the 8 or 7, Z allows him to hold the trick. A must then lead another heart and Z wins the

jack and six. As Z's queen of diamonds is also a winner, A cannot win another trick. If A's first heart lead should be either the 3 or 5, Z would win with the 4 or 6, take his jack of hearts and queen of diamonds, and give A the last heart trick. Played in this way, Y-Z must win five of the seven tricks against any defense.

CEASE FIRING

NOV. 11, 1918

Armistice Day

We Pause Today upon the threshold of this solemn occasion to bow down our heads before the tomb of him who typifies the thousands who have suffered that the world may live again in peace.

It must not be said that we have forgotten the blood they have shed, nor that we are wanting in appreciation of the ideals for which they fought.

It behooves this Nation to love and cherish through the long, dim years of the future the memory of those who suffered their young lives to be extinguished in the cause of world democracy and lasting peace.

We hope that God may give to the nations of the earth the vision to see, and the will to execute for all time—a glorious, lasting PEACE.
