Munday, Knox County, Texas, April 13, 1939

Number 42

## DR. J. B. RENEAU TO TEST CATTLE SATURDAY

### Local People Go To Stamford College Meet

Mr. and Mrs. Austin Caughran and Lee Haymes, ex-students of the old Stamford College, attended the reunion of the college's ex-students in Stamford last Saturday.

The all-day meeting was held at the bunkhouse at the Texas Cowboy Reunion grounds. A chicken barbecue was served at noon.

The program was of an informal nature. The reunion was arranged on cowboy lines this year and was called a "round-up" of the ex-students. Otto Smith of Stamford was chairman of the entertainment committee.

### Come To Texas

#### "When You Write 'em, Invite 'em," Says Utilities Co.

When you write 'em, invite 'em to visit West Texas!

That, believes the West Texas Utilities Company, will lead to an enlarged tourist trade during the spring and summer months and a resultant increase in business of all kinds in Munday and other West Texas towns.

"Invite a friend to visit West Texas, the Land of Opportunity," the utilities company's advertising will say this spring. "Urge your friends in other states to plan vacations either in West Texas or through West Texas. Write and tell them about the wonderful climate, the good highways, the scenic beauty of West Texas. Hundreds of thousands of people in other states this year will be motoring to world fairs on both sides of the continent.

"Invite these folks, urge them, to visit West Texas on their way east or west. It will help boost prosperity in West Texas. Remember: when you write 'em, invite 'em to visit West Texas.

### Munday Boxers Used to 'Fill In' At Fight Card

Short, chunky fellows who didn't have the arm length of Munday boys of their weight class. This was the reason given last Monday night for Abilene not being matched with boxers at the local fight card. Although weights were in the same class, Abilene boxers didn't want to be matched with someone with much greater "arm spread."

As an opener Herbert Stodghill, 78, and James Hogan, 75, put on a three round bout with Stodghill winning the decision.

Dorse Wardlow, 90, and Raymond McBeth, 90, were next on the card. Wardlow drew the judges' favor.

Joe Dean Clough, 133, and Avery Hall, 132, staged a good fistic encounter, with Hall getting the judges' vote.

Jack Phillips, 115 of Abilene, and Leroy Milum, 117, staged a good bout, with Phillips being declared the winner.

Gen Hicks, 128 of Abilene, won from Perry J. Stark, 130, by a technical knockout in the second round.

Kenneth Terry, 134, of Abilene, received a smashing blow from his opponent, Floyd Nunley, 136, in the opening blows of the first round. Terry's left eye was ripped open and he forfeited the bout.

Two exhibition bouts were staged between Charlie Ponn, 149, and Troy Denham, 144; Clyde Jones, 174 and Leonard Dabney, 175.

Jack Phillips and Charlie Ponn also gave an exhibition of tumbling and hand balancing which drew applause from the audience.

Hal Pendleton, who is attending A. & M. College in College Station, Texas, visited friends and relatives here for the Easter holidays.

Mrs. M. T. Chamberlain and daughter, Avis, were visitors to Munday last Monday.

### Special Road Bond Election On April 22

#### Voters District Three Will Vote In the Election

The Commissioners Court of Knox County has ordered a special election for Road District No. 3, for the purpose of determining whether or not bonds shall be issued for a hard surfaced road between Munday and Knox City.

The election will be held on Saturday, April 22, with voters in this district voting on the question. The election will be held at the city hall in Knox City and at the Sunset school building.

The election is to determine whether or not the bonds of this road district shall be issued in the sum of \$14,000, bearing interest at the rate to be fixed by the Commissioners Court not to exceed three per centum per annum, and maturing serially not to exceed ten years from date thereof, for the purpose of constructing, maintaining and operating designated State and Federal macadamized, gravelled or paved roads and turnpikes, or in aid thereof, in this road district.

### Six Scouts Get New Uniforms

Scoutmasters Cecil Cooper and Glenn Stone took six more Boy Scouts to Wichita Falls last Saturday, at which time they were fitted out in regulation scout uniforms.

Twenty-six uniforms have been purchased for the local troop within recent months. Included in these are uniforms for the scoutmasters and 24 for scouts.

Cecil Cooper, scoutmaster, stated Tuesday that only about six scouts are now without uniforms. The drive to secure regulation uniforms was started last November, and the entire troop will be suited out within the next few weeks.

### Funeral Held At Goree for Mrs. W. W. Coffman

Mrs. W. W. Coffman, 63, pioneer resident of Knox County, passed away last Monday night at the Littlefield hospital. She had been ill for some time, and was in the hospital at Littlefield, with which her son, Floyd, is connected.

The body was brought to Goree home of the Coffmans, where the funeral services at three o'clock last Tuesday afternoon. Interment was in the Goree cemetery. Services were conducted by Rev. Baughman.

Several from Munday, old friends of the family, attended the funeral services.

Mrs. Coffman was born November 11, 1875, at Cartersville, Ga., and came to Texas when she was 18 years old, settling in Young county. She was married to W. W. Coffman on November 25, 1896, and came to Knox county in 1897. She was a member of the Methodist church.

Her husband, W. W. Coffman, and the following children survive: Mrs. Marshall Kennedy of Roscoe, Floyd Kennedy of Littlefield, Mrs. Ernest Moore of Goree, Walter Coffman of Seymour, Mrs. Mark McWhorter of Monahans, and Bill Coffman of Dallas.

### Ed Foytik Is Now Employed By Atkison's Gro.

Ed Foytik, well known to the people of this territory, announces that he is now employed at the Atkison's Food Store in Munday. Mr. Foytik began his duties there last Tuesday.

"I cordially invite all my friends to visit me at Atkison's," Mr. Foytik said. "I appreciate the patronage you have given me in the past, and I ask that you remember me in my new place with a portion of your business."

### Placed in Historical Society

These photos are of G. B. McCoy of Fort Worth and his 35-year-old boots and spurs which the Panhandle-Plains Historical Society will use in making an old-time cowboy replica for its museum at Canyon. The left picture was made when McCoy was proudly wearing his Justin boots made by the late H. J. Justin before H. J. Justin and Sons moved to Fort Worth and the one on the right is a late one.

### Cameron To Hold Annual Wallpaper Show Two Days

Announcement is made this week of the annual wallpaper and building materials display, to be held at the local Wm. Cameron & Co., lumber yard. The show will be held on April 19 and 20.

This annual showing will be held from nine o'clock each morning until seven o'clock in the evening of each of the two days, and J. A. Caughran, manager, extends a cordial invitation to everyone to see this display.

### WORK OF O. HENRY

Photostatic copy of an illustrated map of Kent and Garza counties, made by the late Sidney Porter better known as O. Henry, has just been presented to West Texas Museum, situated on Texas Technological College campus.

The map, showing typical western scenes along one margin and Porter's prophecy for the future in another, was sent by Bascom Giles, commissioner of the land office, on request of President Clifford B. Jones of Texas Tech. Porter spent several years in the land office.

### Young People Hold Meet Here Tuesday Night

The J O Y union of Methodist Young People met at the Munday Methodist church last Tuesday night. Three places, Munday, Bomarton and Westover, were represented.

A very interesting program was rendered by the Munday young people. Plans had been made to elect new union officers at this meeting, but as there were only 25 members present it was decided to wait until the next union meeting.

A district young people's meeting will be held at Jayton on April 29 and 30, it was announced.

Julius Truelson, of the coaching staff of Riverside High, Ft. Worth, was a guest of Sidney Lee Saturday. Truelson was recently offered the position of coach at Graham, but decided to stay in Fort Worth when the letter school system 'raised the ante.' Towering 6 feet and five inches and weighing 230 pounds, he lettered in football and captained T.C.U.'s basketball squad his senior year at that institution, some two or three years back.

### Bernice Bowden Hurt in Unusual Accident Sat.

An accident which was described as "never happened before" occurred here last Saturday morning, severely injuring Bernice Bowden, employee of the local Gulf Refining Company's wholesale warehouse.

Mr. Bowden was discharging a chemical fire extinguisher at the local warehouse, when the extinguisher exploded. Portions of the container struck him the face and caused severe injuries to the face and forehead. Officials of the Gulf Refining Company stated that they had no record of such an accident upon the company's records.

Mr. Bowden received emergency treatment in Munday and was rushed to a Wichita Falls hospital for examination and treatment. He is resting nicely, according to latest reports from the hospital.

### Electric Line Serving People Of Rhineland

Citizens of the Rhineland community began enjoying the electricity last week, as the community became one of those to enjoy this service.

The electricity was turned on last Saturday morning, and practically all of the homes in that community have been wired for this electric service.

The line to Rhineland was placed through the Rural Electrification Service.

### Haskell Team Is Matched For Munday Bouts

Coming nearer home for bouts for next Monday night's fight card, promoters of the boxing bouts at Munday have matched fights with the Haskell team for next Monday night.

Haskell has some fighters that promise real action in the matches next Monday night, and it is expected that the bouts will be on par with any ever held in the local gymnasium. There's many a wallop in three rounds of good, stiff boxing, and the wallops are expected to be plentiful next Monday night.

The fights will start at the usual time—8:15 o'clock, and a large crowd is expected to be present to see how the experienced Munday boxers will "handle" their visiting opponents.

### Grapefruit To Be Handed Out At Firemen's Meet

H. C. Hawes, chief of the Munday Fire Department, is in receipt of information from the Lower Rio Grande Valley fire chiefs that each delegate to the State convention of the State Firemen's and Fire Marshals' Association of Texas, will be given some choice grapefruit as he registers for the convention.

The annual convocation of firemen is attended by an average 2500 delegates and visitors and is to be held in the Lower Rio Grande Valley, with headquarters at Harlingen, on June 13-14-15 of this year.

Chief Hawes was advised that Valley firemen have selected several tons of choice Valley grapefruit which has been placed in cold storage and as each delegate registers he will be handed several of the famous fruit.

Because the Rio Grande Valley is so near the Gulf of Mexico, the cool sea breezes and opportunity for swimming and fishing is expected to cause many of the visiting firemen to take their families to make a summer vacation of the annual visit to the convention.

### WELL, DAGGONE IT!

Oakland, Calif., April 7—Arriving two weeks after the winner had gone home with the prize money, V. H. Henderson, 37, of San Antonio, Texas, today claimed he was the winner of the pony express race from his native state to the Golden Gate International exposition.

Dusty and grimy, Henderson loped into Oakland and protested the judges' decision. He charged Shannon Davidson, who was awarded the \$750 prize, took short cuts and declared:

"You know, it's all right for the pony express riders to get the mail through as fast as they can, but daggone it, they oughtn't to take short cuts."

### Oil Tests May Be Drilled In Goree Area

Possibility of drilling activities in Knox county are increasing, as leasing is very active in the Goree area.

Several groups are blocking leases for oil tests, and it is likely that a well will be spudded within the near future.

W. A. Casebolt is assembling several thousand acres two miles east and southeast of Goree for a deep test on the E. W. Hunt land.

### Sunset School To Be On Abilene Radio Program

Students from the Sunset school will be featured in a radio program next Saturday afternoon, it has been announced.

This program will be heard over Radio Station KRBC, Abilene, from 4:00 to 4:15 o'clock. A musical program will be featured.

The complete program which will be rendered appears in the Sunset school news this week. All local people are urged to turn their radio dials to KRBC and hear this program next Saturday.

### City of Munday Does Street Work

Considerable street work has been done within the city of Munday during the past few days, being an improvement program sponsored by the city.

Workers have installed a number of culverts, and better drainage facilities have been made in portions of the city. This work was completed on Wednesday, according to Riley B. Harrell, city secretary.

### Braly Is Named C. of C. Delegate

W. E. Braly, cashier of the First National Bank of Munday, was elected as a delegate to the annual convention of the West Texas Chamber of Commerce at a meeting of the local organization last week. Mr. Braly will represent the Munday chamber at the convention in Abilene in May.

Mr. Braly has been active in Chamber of Commerce work for a number of years, and has served as a director in the West Texas organization.

### Moguls To Have Workout Friday

Members of the Mogul football squad, who have been in regular spring training for several weeks, will hold their final workout on Friday evening, beginning at seven o'clock.

Football fans of Munday who care to see the Moguls in action are cordially invited to see this workout. Gates will be open to Munday fans only.

Mr. and Mrs. E. D. Hendon of McKinney visited Mrs. Hendon's mother, Mrs. N. E. Sweatt; her sisters, Bertha and Flora, and her niece, Mrs. Cecil Burton, over last week-end.

Mr. and Mrs. T. G. Bengt spent the first of this week in Dallas, where they attended the winners' convention.

### Blood Test For Cattle Is Urged

#### Control Of Undulant Fever Is Concern Of County

Dr. J. B. Reneau, Jr., veterinarian of Paducah, Texas, will be in Munday next Saturday for the purpose of making blood tests of dairy herds of Knox county.

These tests are being made as a result of discovery of undulant or Malta fever among cattle in this county. This is a disease that can be contracted by people through the use of milk from infected herds of dairy cattle. Two cases of the fever have recently been reported in the county by health authorities.

Dr. Reneau will be in the county last Monday, at which time he drew blood from 100 dairy cows of the county, the blood to be sent to state laboratories for testing. He was accompanied on the rounds by his father, John B. Reneau of Munday.

Farmers wishing to have their cows tested are requested to drop by the city hall and leave their names with Riley B. Harrell, city secretary. Through having the cattle grouped into groups of 50 or more the tests can be made more quickly and economically.

Dr. Reneau stated that his charges for testing the cattle are only \$1.00 per head, and he asks that the cows be penned, having as many as 50 to the group if at all possible. This will speed up the work, and Dr. Reneau stated that he cannot travel over the county and test only one or two cows at a time at the price stated above.

The 100 head which were tested on Monday were the first who had placed applications.

The disease when transmitted to humans runs a very chronic course and treatment generally is very unsatisfactory, according to health authorities. The patient has a small degree of temperature that may last indefinitely and break down the health of the patient.

If any of the animals are found to have the disease, it is recommended that they be sent to the Fort Worth market and sold under restrictions.

### Lions Attend Zone Gathering Held At Abilene

A group representing the Munday Lions Club attended a zone meeting held in Abilene last Thursday night. A banquet was held in the banquet room of the Hilton Hotel, after which a very enjoyable program was rendered. The program was a "specialist" program, with each speaker dealing with his subject on Lionism as a specialist on this particular phase.

Sweetwater was selected as the place of the next zone meeting. Attending from Munday were: W. R. Cabaness, E. W. Harrell, Dr. R. L. Newsom, W. V. Tiner, Lee Haymes, Jimmie Harpham, Paul Pendleton, W. E. Braly, C. P. Baker, Arthur Lawson, George Hammett, W. R. Moore, J. A. Caughran, Dr. J. Horace Bass, Cecil Cooper, John Ingram, L. M. Palmer, Billy Cooper, Aaron Edgar, Boyde Carley, Sebern Jones and Virgil Reynolds.

### Anson Man New Manager Musser Lumber Company

E. B. Littlefield, Jr., formerly of Anson, has been transferred to Munday as new manager of the Musser Lumber Company. Mr. Littlefield has been with the company for the past three years, being employed at the yard in Anson.

Mr. and Mrs. Littlefield moved here the first of this week, and are residing at the Sessions apartments. They come here well recommended by citizens of their former home.

Mr. Littlefield is anxious to meet the people of Munday and Knox county, and invites them to come in and get acquainted.

Miss Betsy Reeves, a student in Texas Tech, visited homefolks over the week-end.

## "Tomboy Jo" and "The Magic Piper"

The third, fourth and fifth grades are presenting two short operettas in the school auditorium, Friday evening at 8:00 o'clock. These operettas are "Tomboy Jo" and "The Magic Piper."

In "Tomboy Jo," briefly, an unexpected half-holiday from school brings the young folks scampering through the woods for a rollicking time. The boys plan to go fishing while the girls pick flowers and "play house." "Tomboy Jo," a shabby, genteel little orphan does not care to play with the girls nor is she wanted among the boys. She will not pick flowers, because "when you pick flowers, they die." Putting on a pair of ragged overalls, she decides to go fishing but takes pity on the worm and finally amuses herself with her pets, Timmy Turtle, Sammy Snake, and Sonny Snake. Suddenly the boys rush in with alarming news; "Run home, everybody, as fast as you can, there's a tramp coming." Tomboy Jo, alone, remains but now you must let the little actors tell you what an important person this wandering tramp is to be in the life of our heroine.

"The Magic Piper" an operetta taken from Browning's poem is to be presented by the third and fifth grades.

The poem will be read by Wanda Sue Nelson.

The stage is full of milling creeping rats that follow the Piper into the river as does the children.

The Piper returns the children, however, who are welcomed by their parents amid great rejoicing of all.

In "Tomboy Jo" the two individual characters are Earleen Brewer as Tomboy Jo and Doyle Dean Johnson as the tramp. Then the other children of the class work in groups.

In "The Magic Piper," Utah Groves plays the magic piper, Gene Floyd plays the mayor of Hamelin, and Wendell Partridge plays the town crier. The other children again figure in groups.

These operettas are given free of charge, and everyone is invited to attend the program Friday evening, April 14th, in the Sunset School auditorium.

### ACTION BEGINS

When the Sunset Seniors present "My Mother-in-Law," a matrimonial mix-up in three acts, April 21, action will really have begun.

Actual practice was begun on the play Monday night. The Seniors didn't realize until then just how much work the play was going to be; but as they knew their parts in the first act, they have some idea of what they will have to do, and they are taking great interest in preparing the play.

There certainly is some talent in the class that no one knew about until play practice started.

For instance: Peggy Armstrong, a baby-voiced wife who can also make her husband move about, is played by Wardell Sweatt.

And does E. G. Parkhill move about when he really realizes his mother-in-law is in the house. E. G. plays Art Armstrong.

Now the Mother-in-Law, played by Dorothy Garrett, is one character that makes them all move about.

Sheila Stover, Peggy's sister, is played by Traphene Wren. She can make the young men fall, I mean for her.

Alan Armstrong, J. E. Hunter, may be an automobile salesman, but he can also make the women fall for him. It must be some sort of trick.

Beulah Hamtree, colored maid, whose kinsfolk all try to die at once—Winters Groves.

Fred Webb, played by H. D. Matthews, is the employer of Alan.

Bernard J. Ledbetter, the person that really thinks the mother-in-law is grand.

Hallie Phine Clarke certainly knows how to strut her stuff and show that she knows how to live on a higher plane. She plays the part of Laura Bradley, a girl who is interested in automobiles.

Rose Caldwell, who also wants to buy an automobile, Mary Herring.

The Sunset Seniors invite you to remember: The event is: "My Mother-in-Law."

The date is: April 21. The place is: Sunset auditorium. The time is: 8:00 o'clock, p.m. The admission is: 10c, 15c-25c. The sponsor is Mrs. Ottis Cash.

Sunset School to Broadcast. The Sunset people will be interested to know that a number of Sunset students along with their teachers will go to Abilene, Saturday to broadcast over station KR BC from 4:00 to 4:15, p.m. This fifteen minute program will be made up entirely of Sunset talent. Be sure to listen in. The program

is as follows: Seventh grade quartette, "Santa Lucia," Italian folk song, Francis Walling, June Stockton, Edna Hardin, Gene Beth Griffith.

Solo, seventh grade boy, "Wild Irish Rose," Victor Thomas. Accordion solo, Virginia Parkhill. High school solo, "Destiny Waltz," High school trio, "The Rosary," Cleta Jones, Virginia Parkhill, Katie Bell Sweatt.

Piano solo: E. G. Parkhill. Sixth grade quartette, "Whispering Hope," Wynelle Cluck, Madolyn Henderson, Virginia Tankersley, Wanda Sue Partridge.

Grade school girls solo, "Umbrella Man," Wanda Sue Partridge.

### Junior-Senior Banquet

Members of the Junior-Senior class and the faculty gathered at the Sunset High School auditorium April 8, for the annual Junior-Senior Banquet. Strips of black and white paper hung from the top of the door and were drawn back to each side. The gym was divided in half by white paper with black strips running horizontally. Over this hung the black letters, "Junior-Senior" with '39 under it. The tables were in the shape of a 'U,' and were very attractively set with a center piece of a mirror with a large kodak and two small ones on top. Carrying out the "Backward Glances" theme further, small miniature kodaks were used as placards. On the napkins were pinned small snapshots of a student or of the faculty. These were rolled to resemble a diploma and tied with a black and white ribbon. The program was attractively made in a black and white booklet with "Junior-Senior" and snapshots of '39 on the front. Turning the cover you saw the menu printed on the left hand side and the program on the right. The menu was as follows:

Ginger Ale Cocktail  
 Baked Chicken  
 Giblet Gravy Dressing  
 Green Beans New Potatoes  
 Radish Roses  
 Nut and Pickle Salad  
 Angel Food Cake  
 Fresh Strawberry Ice Cream  
 The program was as follows:  
 Toastmaster, Cecil Joe Burton.  
 Welcome, Margaret Hardin.  
 Song, Jo Smith, Rachel Walling, Nellie Prather.  
 Response, Wardell Sweatt.  
 Reading, LaVern Bumpas.  
 Music, E. G. and Virginia Parkhill.

The Senior Will, Nettie Griffith.  
 Song, Dorothy Garrett, accompanied by E. G. Parkhill, Jr.  
 Radio Program.  
 Backward Glances, N. T. Underwood.

### Senior On Parade

H. D. Matthews was born in Corpus Christi, February 15, 1920. He started his increase of knowledge at Faxon, Okla. While still in the first grade he moved to the Texas Plains. He went to several schools in Hale county, finishing his grammar school career at Cotton Center, in that county. The next year he moved back to Oklahoma and entered school at Faxon as a Freshman. At mid-term of that year he came down to the good old Sunset High. He stayed here for one year, then enrolled in the high school at Freer, Texas. After one semester he came back to Sunset. He has never left us since.

He doesn't know where he will enter school next year.  
 Favorites: Basketball.  
 Subject: Typing.  
 Actress: Myrna Loy.  
 Actors: Clark Gable and Don Ameche.

Song: "Coconut Grove."  
 H. D., better known as 'Junior,' is 5 feet, 8 1-2 inches high and weighs 148 pounds. He has blonde hair, blue eyes and a fair complexion.

Junior has played basketball for three years and has been a substitute

## Campus Favorites at Hardin-Simmons

These seven coeds, named by fellow students at Hardin-Simmons University, in Abilene, Tex., as popularity and beauty queens, have places of honor in the beauty section of the thirty-second annual edition of the HSU Bronco, university yearbook published each spring. They are: Jeannell Green, Abilene, university queen; Kathleen Nunnally, Anson, Bronco sweetheart; Doris Surles, Cisco, summer queen; Jane Gracey, Roscoe, senior favorite; Nell Gee, Abilene, junior favorite; Clarine Marsh, Eastland, sophomore favorite, and Anita Jo Simmons, Haskell, freshman favorite.

tute on the basketball team for the past three years.  
 At present he is busy working on the part of Mr. Fred Webb, the automobile exchange manager in the Senior play "My Mother-in-Law."

### SUNSET PERSONALS

Austin Varner was called to Gililand Sunday to conduct the funeral service of Owen Cure.

Oliver King of Howard Payne College, visited friends in the Sunset and Knox City communities during the holidays.

Miss Faye Marie Partridge, a freshman at Hardin-Simmons University, was home over the Easter holidays.

Buddy Bumpas, a freshman, and Woodrow Myers, a sophomore, both of A. & M. College, were home for the Easter holidays.

Herbert and Myrtle Partridge, both of the University of Texas, visited homefolks and friends in the Sunset community while home for the holidays.

Miss Shirley Gray, home economics teacher at Sunset, returned to her home in Roscoe, Texas, for the Easter holidays.

Mr. and Mrs. E. G. Parkhill and son, E. G., Jr., visited in Clyde, Texas, last Sunday.

Mrs. Roe Myers returned home from the hospital last Sunday morning. Mrs. Myers underwent a minor operation but is doing nicely now.

Hallie Phine Clarke visited in the home of her sister, Mrs. Grady Phillips, last Saturday night and Sunday.

Troy Harrell, who is attending Draughon's Business College at Wichita Falls, visited friends and home folks during the holiday and

Frank Smith, bus driver at Sunset, has been ill for the last few days. Mr. Clyde Russell has been driving the bus in Mr. Smith's place.

Fuller Shannon, a freshman at John Tarleton, was home for the holidays.

Mr. and Mrs. Clifford Brock of Throckmorton visited Mrs. Brock's parents, Mr. and Mrs. F. T. Jarvis, during the Easter holidays.

Mr. and Mrs. A. P. Garrett are visiting in the home of W. H. Chapman of Texas City while on business there.

Mr. and Mrs. N. T. Underwood, both teachers in the Sunset School, visited friends and relatives in Cisco and Paint Rock last Sunday.

Lemuel Clarke who recently underwent an appendicitis operation at the Knox County Hospital, returned home and is reported to be doing nicely. Lemuel is a student in the Draughon's Business College at Dallas.

The most outstanding event to happen in the Sunset community this week-end with the Junior and Senior banquet, which was held in the Sunset auditorium.

The Sunset volleyball girls will play in the district meet next Saturday at Breckenridge.

Three track men, Cecil Joe Burton, Howard Payne Shannon and Howard Myers will enter the district

track meet at Breckenridge next Saturday, April 15th.

### The 4-H Club

Miss Astin came to see the pupils of Sunset Grammar School, who were eleven years of age or more. She asked them about being in the 4-H Club. Most of the girls showed a desire to be in the club

work.  
 Miss Astin showed them how to remove varnish and to paint things. They all enjoyed her demonstration.

Miss Astin will be with the Sunset girls on the second Tuesday of every month.

The club has not selected their sponsor yet.

The next meeting they will make an apron. They are all very enthusiastic over the work.

The following are the officers of the club: President, Gena Beth Griffith, she has been president two years. Vice-president, Edna Faye Hardin, secretary, Juanita Mincey; reporter, Madolyn Henderson.

### Freshman Report

The English I class has just finished a chapter on Social Letters. They found this chapter very interesting and important.

Six weeks exams are over but the sophomores have not heard from all of their tests.

Saturday night, the sophomore girls acted as waitresses at the Junior-Senior banquet. All of the girls reported a nice time and the sophs are looking forward to the banquet next year when they will be the Juniors.

Spring is evidently here, and it is getting time for picnics. The sophos hope to have one in the near future. Most of the class want a wiener roast.

B. Hanks went to Midland last Saturday night and moved his family to Munday. They are occupying the house formerly occupied by Mr. and Mrs. Virgil Reynolds.

Donald Hobert and Fuller Shannon, who are attending John Tarleton College at Stephenville, spent the Easter holidays here with home folks. Mr. and Mrs. L. W. Hobert took them back to school Tuesday morning.

Mrs. Erna Mae Lee and Billy Arthur Lee of Wichita Falls visited Mrs. A. F. Huskinson and other relatives here last Sunday.

Misses Mattie and Mamie Mayes of Fort Worth visited Mr. and Mrs. Charlie Mayes and other relatives here last week.

Mr. and Mrs. Lawrence Kimsey and Larry Rex were visitors in Crowell over the week-end.

Mr. and Mrs. Fred Broach, Jr., of Knox City, visited friends and relatives in the city Sunday.

Mr. and Mrs. Gordon Stone and little daughter of Midland visited relatives in the city over the week-end.

Jeff Dean Bowden, who is attending Hardin-Simmons University in Abilene, visited friends and relatives here last week-end.

- V-TYPE 8-CYLINDER ENGINE—Eight cylinders give smoothness. Small cylinders give economy.
- HYDRAULIC BRAKES—Easy-acting—quick, straight stops.
- TRIPLE-CUSHIONED COMFORT—New flexible rail-edge seat cushions, soft transverse springs, double-acting hydraulic shock absorbers.
- STABILIZED CHASSIS—No front-end bobbing or dipping. Level starts, level stops, level ride.
- SCIENTIFIC SOUNDPROOFING—Noises hushed for quiet ride.
- LOW PRICES—Advertised prices include many items of desirable equipment.

THERE are more Ford cars in use today than any other make. And there are more Ford V-8s than any other 8-cylinder car.

The 1939 Ford V-8 represents the broadest experience in building cars any manufacturer ever had. You will find values in it far beyond what any other maker can put into a car at the low Ford price.

Ford performance, traditional for a generation, has reached new heights in the 1939 V-8.

And now Ford style leadership is equally outstanding. "The smartest cars on the road" is the way owners describe their new Fords. Smartest in appearance. Leaders, as they deserve to be.

## FORD V-8

APRIL IS FORD INVITATION MONTH! Your Ford dealer invites you to drive America's most modern low-priced car. Make a date for a new experience.

# Society

## Final Program For P.-T.A. To Be April 25th

The Munday Parent-Teachers Association will meet in the elementary school auditorium on April 25 for the final program of the school year.

Mrs. P. V. Williams will be director of the program, "Looking Ahead." The following numbers will be rendered.

The Forward Stretch, Mrs. Burdison.

Style Show, home economics classes of Munday High School, directed by Mrs. Dillon.

Business session.

Hostesses will be Mrs. Wahend and Mrs. Cabaness.

## Hefner H.D. Club Meets With Mrs. Ed A. Jones

The Hefner Home Demonstration Club met Tuesday, April 4, at 2:00 p.m., with Mrs. Ed A. Jones for a bed spread demonstration.

Miss Nina Astin gave a demonstration on reversible spreads. She lectured on color scheme, even or smooth material, quality, weight and proper length. She told of her trip to Natchez, Miss., a very old city, on a garden club pilgrimage; also a trip to the capitol of Louisiana at Baton Rouge, and other places of interest.

In a business session plans for the district meeting at Benjamin on Friday, May 12, were discussed. Delegates volunteered to attend the one day short course at Denton on April 14.

Refreshments carrying out the Easter motif were served to 23 ladies.

## Tiny Tots Are Entertained With Easter Egg Hunt

The "Tiny Tots" Sunday School class of the Baptist church was entertained with an Easter egg hunt last Friday at the home of Mrs. Riley B. Harrell. Hostesses were Mrs. Harrell, Mrs. Strickland, Mrs. Ingram and Miss Heath.

Prize eggs went to Jo Ann Harrell and Evelyn Franklin.

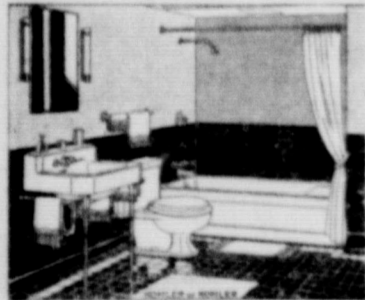

Kiddoes enjoying the hunt were: Peggy Massey, Reva Ann Voss, Jo Ann Harrell, Marion Elliott, Jerry Hawes, Josephine Franklin, Evelyn Franklin, Janis Jabe, Norma Jane Perdue, Robert Lynn Bowden, Betty Lyle Stodghill, Charlotte Hannah, David Chase Elliott, Doyle Roy Johnson, Kenneth John Patterson, Shirley J. Patterson, Gloria Sue Lawson, Anna Ruth Stodghill, Sue Hallmark, Mary Charles Mahan, Marshall Barnes and Julie Massey.

Mothers present were Mrs. J. C. Elliott, Mrs. Lawson, Mrs. Clint Hawes, Mrs. Johnson, Mrs. Perdue, Mrs. Jabe, Mrs. Patterson, Mrs. R. B. Bowden and Mrs. Pierce Voss.

Miss Drocilla Jones, who is attending Hardin-Simmons University, spent the Easter holidays here with homefolks.

W. R. Moore, Jr., of A. & M. College, visited his parents, Mr. and Mrs. W. R. Moore, during the holidays.

J. C. Rice of A. & M. College visited homefolks during the Easter holidays.

## Modern Plumbing For Livable Homes

A more usable bathroom than the one illustrated would be hard to imagine. Kohler Metric bath with seat offers soaking, showering, foot-bathing in a single compact fixture. Integra shelf-back one-piece toilet flushes very quietly. Gramery shelf-back lavatory has metal legs and convenient towel bars. Increase the value of your home—its comfort, too—by installing Kohler planned plumbing. Ask about the new P.H.A. finance plan for plumbing.

**Munday Plumbing & Electric Co.**  
Tin Shop Radiator Cleaning

## Study Club Gives Open Program At Methodist Church

The Munday Study Club had an open program at the Methodist church on Friday, March 31. This program was given as a courtesy to the senior class of Munday High School.

The program was arranged by Miss Katherine Boyd of the speech department of Hardin-Simmons University.

The male quartet of the university gave a very splendid program of varied numbers.

Miss Boyd reviewed the play "Our Town." She is a very talented and capable reader, and the audience was greatly impressed by her excellent portrayal of each character in the play.

A large audience enjoyed this very splendid program. Out of town guests included the following: Mrs. Beavers and Mrs. Rice of Benjamin, Mrs. J. Edwards and Mrs. T. P. Frizzell of Knox City and Mrs. Taylor and Mrs. Orb Coffman of Goree.

## Mrs. Pendleton Hostess At Bridge Party Tuesday

Mrs. Paul Pendleton entertained with a delightful bridge party last Tuesday afternoon for a group of her friends. Spring flowers were used throughout the rooms, making a beautiful decorative scheme.

High score during the games went to Mrs. W. E. Braly. Mrs. Jim McDonald received the low score prize.

At the conclusion of the games, the hostess served a dainty salad course to Mrs. J. C. Harpham, Mrs. E. M. Roberts, Mrs. Earl Owens, Mrs. Carl Jungman, Mrs. Cecil Cooper, Mrs. Jim McDonald, Mrs. Sebern Jones, Mrs. Aaron Edgar, Mrs. Travis Lee, Miss Mary Couch and Mrs. Lawrence Kimsey.

## Sunshine Circle Met Monday Night At Local Church

The Sunshine Circle of Methodist Missionary Society met last Monday night at the church. A very interesting program was enjoyed, with Miss Cloe Mayo as leader.

The following members were present: Mrs. Levi Bowden, Mrs. Beas Porter, Mrs. Ralph Burrow, Mrs. Glenn Stone, Ruth Baker, Mrs. Joe B. King, Cammie Beaty, Cloe Mayo, Mrs. Cecil Cooper, Mrs. Aaron Edgar, Mrs. E. Clayborn and Mrs. H. B. Leathers.

Mrs. H. S. Fatherree and daughter, Virginia, are visiting in the home of Mrs. Fatherree's parents, Mr. and Mrs. W. R. Phillips. They are going to Hobbs, New Mexico, the latter part of the week to visit in the home of Mr. and Mrs. W. Armstrong, being accompanied by Mr. and Mrs. Phillips and sons, Murray and Kenneth.

Miss Mary Moore, daughter of Mr. and Mrs. W. R. Moore, visited homefolks during the Easter holidays. Miss Moore is attending T.S.C.W., in Denton, Texas.

Joe Albertson, who is attending Howard-Fayne College at Brownwood, visited his parents, Rev. and Mrs. W. H. Albertson for the Easter holidays.

A. L. Smith was a business visitor in Dallas and Fort Worth the first of the this week.

## FIRST BAPTIST CHURCH

Next Sunday morning we will have a special song sermon. If you like good songs well sung you will enjoy this service. The reading of the Scriptures, comments, and the songs will go along together.

The Sunday School lesson is Planting the Gospel in New Fields, taken from the fourteenth chapter of Acts.

The attendance held up well last Sunday and the spirit and interest were excellent. We are indeed grateful for this fine showing. Several classes made high-tide reports. We are anxious for all the regulars to be in their places, and if you haven't been coming, come Sunday and see what you have been missing. We have had well over 200 for three Sundays. Our goal for the present is an average of 250. What about our spiritual pride, Church pride? Community pride? Let's call on the Lord, stick out our chins, straighten up our backbones and march forward triumphantly. Let's enjoy the happy thrill of doing our best.

W. H. Albertson

## PLEASANT VIEW

Mr. and Mrs. Tuck Whitworth of Lone Star visited in this community Sunday.

Mr. and Mrs. R. B. Jacobs of Thorpe took supper with Cecil and Louise Suggs Saturday evening.

Mr. and Mrs. Floyd Conwell of Washburn and Mrs. Lynn Cooke of Corn visited Mr. and Mrs. G. C. Conwell Friday.

Miss Lera Irick of Throckmorton spent the week-end with homefolks.

Mr. and Mrs. C. H. Suggs of Burk Burnett spent the week-end with relatives in this community.

Mrs. R. B. White of Haskell spent the week-end with Mr. and Mrs. Raymond Suggs.

Norville Howerly spent Saturday night with Reuben Ed White.

Vera Mae Conwell spent Saturday night with Louise Jacobs.

Mr. and Mrs. Jack Suggs are visiting relatives in Electra and Burk Burnett at this writing.

## CARD OF THANKS

With sincere gratitude in our hearts, we take this means of expressing our appreciation to each and every one who were so kind and thoughtful during the illness and death of our beloved daughter and sister.

Mr. and Mrs. J. C. Phillips and Family.

Ted Longino, son of Rev. and Mrs. H. A. Longino, visited his parents during the Easter holidays. Ted is attending McMurry College in Abilene, where he is classified as a Sophomore.

Preston Ingram, son of Mrs. Louise Ingram, visited home for the Easter holidays. Preston is attending A. & M. College at College Station, Texas.

D. E. Holder, Jr., visited homefolks during the Easter holidays. He is attending Hardin-Simmons University, at Abilene.

Boyd Carley and Miss Frankie Sanders attended the Easter pageant at Lawton, Okla., last Sunday.

Miss Margaret Tiner, who is attending Hardin-Simmons University, spent the Easter holidays with her parents, Mr. and Mrs. W. V. Tiner. Miss Frances Fouts of Haskell, also a student in the university, accompanied her home.

Paul Jones, who is attending Texas Tech at Lubbock, visited his parents, Commissioner and Mrs. Ed Jones during the Easter holidays. He is a sophomore at Texas Tech.

## Miss Webb To Be In Charge Local Sewing Room

Miss Bernadean Webb, formerly of Vernon, is being transferred to Munday as superintendent of the Munday sewing room. Miss Webb succeeds Mrs. Addye Layne, who has served in this capacity for three and one-half years.

Mrs. Layne has resigned as superintendent of the local room, and will leave Monday for Amarillo to make her home with her son, C. O. Layne, who is a member of the Texas Highway Patrol.

## The Checkerboard

\$1.98

Your move! And you'll swing along very gaily in these devastating little sandals, with their tan and white checks making a giddy-day pattern over your toes! They have merry peeping toes and are on smart medium heels . . . and you'll find they feel marvelous!

In smooth kid, it comes in all white or Japonica with white.

"The Store With the Goods"

## Real Battle Expected This Week Over Crippled Sales Tax Amendment

Legislative observers in Austin expect this week to see the solons settle down to a real battle over the issue of a sales-tax constitutional amendment vs. a tax bill, which may be with or without a sales tax feature included, before this week is out.

The lines have been closely drawn. The Senate unexpectedly revived the sales tax amendment, after killing it, but students of the situation believe that vote on reversal was not a true reflection of the strength of the sales tax, but rather a reflection of the desire of the Senators to keep the sales tax amendment alive, so that if a deadlock develops in the House, and no tax bill comes over from the lower body, the Senate can still have something to submit, thus clearing the political skirts of its members, before the session ends. Several senators who voted "aye" on reviving the sales tax amendment admitted they would never support it on final passage, and since the 21 votes in its favor represent a bare minimum to submit the issue to the people, the defection of even one senator would prevent it going through the Senate finally.

## Work on Tax Bill

Meanwhile, the anti-sales tax bloc in the House has taken matters into its own hands, and this week were to bring out an omnibus tax bill that will include new or increased taxes on all mineral products produced in the State, together with sales or "luxury" taxes on numerous other items, including a tax on public utility bills to be paid by consumers. They estimate it would yield about \$20,000,000, which many consider adequate for the financing of the social security program, including pensions, teachers' retirement, the blind and dependent children. That would certainly not finance \$30 pensions for everybody, nor a \$50 minimum income for everybody, but it probably would take care of around 200,000 aged, and likely would remove 90 per cent of the pressure from pension-seekers, as it would permit disregard of the ability of relatives to support the aged as a factor in determining their need.

## Sales Tax Weak, But Not Dead

The sales tax amendment program, which was not so strongly supported by the special interest lobby during the early battle, is

not completely dead in the House either, as still another sales tax amendment is pending there, but the decisive vote against the Petsch amendment in the lower House left the sales-taxers little hope that they would ever get the sales tax written into the organic law of the State. The division of opinion among House members is so great that there is still the possibility of a deadlock on taxes there, with nothing being finally passed. In that event, the Senate could pass the Redditt substitute amendment, and put themselves in the clear with the voters who want pension money.

But the House members realize this, and there is every evidence that the bloc which wants a constitutional amendment will weaken rather than face a sterile session, so far as taxes are concerned. So the opinion of the best informed sources here is that a tax bill of some kind, originating in the House, will be sent to the Senate, and many students of the situation believe the sentiment against the sales tax has developed so strongly in the House that no general sales levy will even be included in whatever tax bill may be passed there.

## Hope for Economy

Disregarding the tax fight, the economy bloc in both houses this week is pounding away at the biennial appropriation bills in committee, with several being about ready for floor action. Unless the members stamped the economy program on the floor, the indications are that substantial reductions in expenditure of the principal departments will be accomplished, and with the appropriation bills coming out three or four weeks ahead of the usual schedule, it is certain that sufficient time will be given the legislators to make intelligent appropriations adapted to the genuine needs of the state, rather than facing the customary necessity of passing appropriation bills which they do not even have time to read, much less study, during the hectic closing hours of the regular session.

Miss Wanda June Williams, of T.S.C.W., Denton, and Rupert and Jack Williams of A. & M. College, visited their parents, Mr. and Mrs. P. V. Williams, during holidays.

## Rhineland News

Mr. and Mrs. J. A. Frazier and son, Thomas, of Vernon, Texas, visited in the home of Mr. and Mrs. John Herring.

Mrs. Fred Stengel and sons, Paul, Gerald and Herbert, motored to Pep, Texas, Sunday. Paul returned to Lubbock, Texas, after visiting in Rhineland a few days.

Messrs Alfred Homer, Wilfred Britton and Martin Homer of Groom, visited here last Monday.

The following were visitors here over the Easter holidays: Mr. Albert Loran and Miss Veronica Schumacher of Abilene, Misses Georgetown Claus and Monica Loran of Wichita Falls, Messrs Charles Koenig, Fidelius Loran and Ed Reininger of Groom, and Mr. Leonard Albus of Pep.

Mr. J. H. Franklin of Holliday, visited in the home of Mr. and Mrs. L. C. Franklin.

Mr. Leo Fetsch, Mrs. Fred Fetsch and daughters Angelina and Marie and son Paul, and Mr. Leonard Albus motored to Muenster, Texas, Sunday.

Mr. and Mrs. A. B. Wilde and Robert Albus visited relatives and friends in Pep, Texas, over the Easter holidays.

Miss Jean Walsh visited in Wichita Falls over the week-end.

Mr. and Mrs. John Mingle and Miss Alice Birkenfeld of Wichita Falls visited in Rhineland.

Messrs Lawrence Decker and Arnold Wilde made a business trip to Bridgeport last week.

Mr. Alvin Wilde and Miss Olivia Barent of Windhorst, Texas, visited here last Saturday.

Mr. and Mrs. William Kuehler of St. Francis, Texas, visited friends and relatives here Sunday.

## Don't Move

### Judge Bryan Warned Of Poor Business At Rhineland

Judge Bryan's joking threat to move the office of justice of the peace to Rhineland if he didn't get some patronage here, has been greeted with an appeal not to move his office there.

The Times received the following this week:

"Judge Bryan, please don't move to Rhineland unless you have another job besides justice of the peace. You will surely go broke with the law-abiding citizens they have out there.

Civil cases are so few that their court fees wouldn't afford candy for a child, and criminal cases are never heard of. So, Judge, don't move . . . please don't!"

Miss Dorothy Crawford spent the Easter holidays with home folks in Floydada.

Willard Bauman, who is attending Texas Tech at Lubbock, visited his father, E. H. Bauman, over the week-end.

Sophomore: Ethel Stengel Freshman: Teresia Andrae  
Grade School: Elsie Schumacher

### Senior Class News

The Seniors came to school on Monday morning with smiles on their faces. It seemed as if the Easter Bunny treated them nicely, and they enjoyed themselves during the Easter holidays.

Exams are creeping up and we are very much afraid the smiles will disappear from our faces when they arrive. Oh, Well! All good things must come to an end.

In English IV we have finished the play "Macbeth," and found it to be one of the most interesting parts in our literature book. We also received a good compliment from Miss Walsh for being about the only class that really enjoyed it and read it without grumbling.

We have been kind of puzzled over Angeline's new nickname.

### Juniors

We were very pleased to have Mr. McLaughlin visit us during our English III class Friday.

In English III we have written descriptive themes. According to Miss Walsh we will next write short stories.

Our study of American History has been especially interesting for the past week, since we are studying about the World War and the events following it.

Something that has been puzzling us for a long time is the Seniors' sudden interest in Hitler when they start to have an economics class. But we think we have just about found the solution, especially as they seem to have a grudge against him.

### Sophomore Report

The Sophs are having tough luck with their algebra. It seems as though we just cannot understand how to make a graph. Our teacher thinks it is because we do not study enough.

Sometimes the Sophs make some pretty good discoveries. Here is a poem which was discovered by the Sophs:

*Going FAST*

### Alien Lands

Time was I sailed across the sea  
A selfish dream or two pursuing,  
To study archaeology,  
And learn what other folks are doing.

And though their speech to me was strange  
And different colors marked their banners,  
I found that there was little change  
In joys or sorrows or in manners.

### Freshman Report

Everyone was very disappointed when they had to come to school Monday morning after expecting a holiday. No one wanted to work as they should.

We have been wondering:  
Why Rose wanted Monday off.  
Why Nadine was sick Sunday.  
Why Roselia wanted to go home Monday at dinner.  
Why Florine likes the back of the room.  
Why Willie Mae writes so many letters to Waco.  
Why Theresa watches some certain car.

Miss Walsh—If you do not put enough oil in your car you not run it.  
Albert—You won't ruin your car, but the car motor.

We are very glad that the indoor ball meet will be at Rhineland April 22.

### Grade School News

Examinations are coming again soon, but some of us are very happy because it will be our last.  
Since baseball is in season we give you this poem.

### Baseball

Baseball is the sport of sports.  
It takes control of many sorts;  
For when the umpire calls you "out!"  
You can't get mad and yell and shout,  
You have to hold your temper in,  
And try your best to force a grin.

Through some error Lucille Schumacher's name was omitted from the honor roll for the past two months.

### GENERAL NEWS

Many improvements are being made on the school grounds lately. The old board fence around the school needed much repair, so the trustees decided to remove it on the north and east sides rather than spend a considerable sum of money for repairs. The old fence was a quaint sight, but it had served its purpose, and was not needed any more. Its removal has not only improved the looks of our school site, but has also solved some very objectionable features.

Our playgrounds were cleared of all mesquite and are looking very good. We are proud of them now. The church yard, cemetery, and principal streets were also cleared. Electricians are at work wiring and installing electric fixtures in our school. The entire building, including the stage, is being wired and equipped with electric lights.

We noticed in the last issue of The Times that a certain official said: "How do you expect me to live? I've been threatening to move my office to Rhineland if folks don't start patronizing me here." Good people are always welcome to our little town, but for an officer to quit his home town because of lack of business and come to Rhineland expecting to better himself in his "business" is like jumping out of the frying pan into the fire.

Comparatively speaking, Rhineland record as a law-abiding community is excellent, and as it's facilities for relief work or assistance is very inadequate, due to the fact none of its citizens depend on it, we would advise law-enforcement officials who wish to make a living from their trade to look for greener pastures.

### Their Last Resort

In a class of Greek history a youth was asked to tell the story of the battle of Thermopylae.

The lad had unusual descriptive powers and proceeded with great zest. The heroic stand was described vividly.

"—and they fought and fought and fought," said the pupil. "They fought until they lost their arms. Then they used their hands."

Boyd Carley visited his parents in Tipton, Okla., last Monday, returning home Tuesday.

## San Jacinto Memorial Shaft To Be Dedicated on April 20 and 21

Houston, Texas—According to George A. Hill, Jr., president of the San Jacinto Museum of History Association, patriotic societies throughout the civilized world have been invited to participate in the celebration on Texas' one hundred and third year of freedom.

It was in 1836—on April 21—that General Sam Houston won the sixteenth most decisive battle of the world's history.

On April 20 and 21, this year, the younger generation is going to do something about it.

Jesse H. Jones, chairman of the Reconstruction Finance Corporation, felt that there should be a fitting memorial, which he planned.

Today there stands upon the San Jacinto battleground a shaft—larger than any masonry monument in the entire world.

The shaft was dedicated to General Sam Houston and his tiny band of patriots who wrested Texas' independence from Mexico.

In this vast structure, whose apex is 12 feet higher than that of the Washington Monument, are to be found literally thousands of relics of Texas of yesteryear.

San Jacinto Memorial towers 567 feet above the hallowed soil in this state park. The memorial is reinforced concrete faced with variegated golden buff Texas limestone quarried near Austin, the state capital. Polished limestone is used for the interior, rough sawn rock for the exterior. The limestone is of shell formation and takes a high polish, which makes it appear quite similar to Travertine marble.

An idea of the immense size of this monument may be gained from a scrutiny of the huge star on its apex. This star is 35 feet high and 27 feet in breadth, and weighs 220 tons. Yet from the ground it appears to be a mere plaything.

The foundation of this memorial was built to last through the centuries. In it are 120 carloads of gravel, 90 carloads of sand, 25 carloads of cement and 11 carloads of steel. It is 124 feet square and 15 feet thick.

The base has two broad approach terraces. One rises six feet and has a spread of 244 feet.

The base building is 124 feet square and 36 feet high. The entrance to this is through a hall of honor 44 by 45 feet, in which niches are provided for the statues of pioneer men and women, who, by their courage, stamina, faith and patience, fashioned an empire from the heritage of the Montezumas.

To the left of this hall of honor will be a museum of historical relics—a room 36 by 103 feet. The exhibits will offer wide insight into the settlement of the state as well as evidence of the deeds of heroes of the turbulent days in Texas.

Upon entering the museum, one dons the raiment of today and travels back through the corridors of time and meets General Houston, Davey Crockett, and other of the boys who made Texas Texas.

At the right of the hall of honor is a meeting hall and art gallery of the same size as the museum hall. Here will hang portraits of the early settlers of note and dedications of scenes in the state's history.

At the rear of the base building is an amphitheatre seating more than 5000. On the opposite side is a lagoon wherein the shaft will be mirrored from base to tip.

Through the hall of honor a large entrance lobby leads to an elevator which will whisk visitors up through the shaft to the observation tower.

The shaft is 47 feet square at the base and tapers to 30 feet at the top. Its total weight is 70,300,000 pounds.

Mural paintings, the subjects of which have not been definitely decided upon, will adorn the plastered portions, above the marble finish in the Museum of Historical Relics.

The cost of the project, not including the statuary, paintings, and exhibits, has run well over a million dollars. This cost is borne equally by the state and Public Works Administration, the Works Progress Administration and the Federal Government through a direct grant.

Every day the sun shines, it pushes the San Jacinto Memorial away from it, first to the west, and then toward the east.

That sounds impossible, doesn't it? But the sun's heat expands the huge stones on the side that it is shining from, causing the largest stone monument to lean away from it. The wind sways the giant shaft about two inches when it's blowing hard, but it could be swayed several feet without damage.

An idea of its actual height may be gained by electing to climb the 850 steps leading from the base—most to the observation tower. It took a young Houston athlete 15 minutes to make this journey and 10 to descend.

From the observation tower visitors can see Houston, Texas City, the Tri-Cities, and many towns

and Hamlets.

When the shaft is dedicated, the grounds will present a picture of beauty almost unbelievable to those who remember its wood-covered hills. Many improvements already have been made. A new highway system has been built, with roadways offering easy access to the many historical monuments and markers that dot the grounds.

In the past the roads were narrow and formed an endless network which did not always pass near the scenes of historical importance. The present system is a symmetrical layout.

Seventy-three large trees and 100

or more smaller ones were moved during the road-building program. None were destroyed.

### METHODIST CHURCH

The Easter attendance and interest was very gratifying. With the better weather and spring's new life, more people are taking a new interest in church and its programs. Within the last three months sixteen persons have placed their membership in the local Methodist church and letters of three others are enroute. There are others in the community contemplating the transfer of membership with us. Why should people leave their church membership in the home community while they take everything else with them, even to the dogs and chickens? The presence and cooperation of each person is needed in the local community in all walks of life. Align yourself with some church and you will find a real benefit in the association as well as a contented mind and conscience.

Our spring revival will begin Sunday, April 23rd, and continue throughout that week. Rev. Finis Crutchfield, of Vernon, Texas, will preach for us and Rev. O. B. Her-ring of Lockney will lead the singing and conduct Young People's meetings. The new song books are here in sufficient numbers that each person may have one to sing from. There will be a good choir of some thirty voices and do they sing? Just to be sure that you do not miss the meeting, why not start in this Sunday to church and Sunday school, if not already attending?

"There is nothing which God will not do for a man who dares to step out upon what seems to be the mist; though as he puts down his foot he finds a rock beneath him." H. A. Longino

Sheriff Louis Cartwright of Benjamin was a business visitor here last Tuesday.

Sheffey Mahan and Earl Preston of Childress, students in Texas University at Austin, spent a while here last Saturday visiting Sheffey's uncle, Wade T. Mahan.

Miss Thelma Atkinson, who teaches in New Mexico, spent the Easter holidays here with relatives.

Mrs. Don Ferris spent the week-end with her parents in Sweetwater.

Mr. and Mrs. Aaron Edgar visited in the home of Mr. and Mrs. Roy Robers near Quanah last week-end.

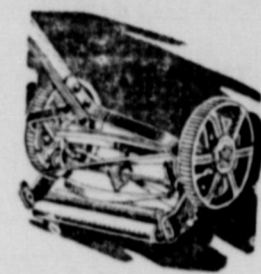

Mr. and Mrs. Virgil Reynolds and children left last Saturday for Austin, where they are visiting with friends and relatives.

Miss Dallas Smith spent the holidays with relatives in Abilene.

Do You Want a Beautiful Garden?

—You Need The Right Tools...

Klicker Lawn Mower—Ball-bearing 4 self-sharpening blades. Medium size \$5.95

Small Garden Set—Just the thing for garden work! Trowel, fork, rake, 30c

You certainly can't expect good results from your garden if you don't prepare the soil right and take proper care of the growing plants... and for this you need GOOD tools from GUINN'S.

WE CALL IT OUR SILENT PARTNER

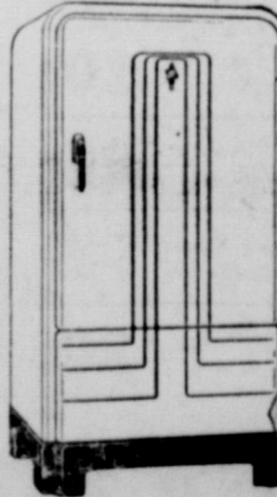

Because Servel Electrolux Helps Balance the Budget

A "silent partner" is someone who furnishes the money, or part of it, to help run your business. Well—is your business running a home? Then Servel Electrolux, the gas or kerosene refrigerator, is a real "silent partner."

It furnishes money, all right. In savings on ice and grocery bills. Many a family here with a grocery bill of \$12 to \$15 a week, saves \$8 or \$10 a month with Servel Electrolux—often more. Over and above the small cost of gas.

And its convenience and protection to your family's health—well, that's "thrown in." The steady, even, constant cold, that keeps foods fresh, crisp, safe. The abundant ice-cube supply—and ice cream every day if you like.

And—it's really silent. Now and forever. The only one with no moving parts in its freezing system. With nothing to make a noise—and nothing to wear, to cause trouble and costly repairs. What a partner! Shall we make it your partner—NOW?

**SERVEL ELECTROLUX**  
Operates on NATURAL GAS  
KEROSENE (Coal Oil)  
BOTTLED GAS • BUTANE

## The REXALL Store

No Moving Parts in its freezing system means PERMANENT SILENCE  
CONTINUED LOW OPERATING COST • SAVINGS THAT PAY FOR IT

## Junior Class Report

We were very much surprised last week when we looked up from our studies and saw our old classmate, Kate Nell Mauldin. Like all of us, she has grown a little, but she still reminded us of the same old Kate Nell. We are very glad to have any of our old classmates visit us at any time.

Wanted—A newly arranged dictionary for Marvin McCarty. Last week he spent a whole period looking in the dictionary for the word 'humorous', and he had almost convinced himself that it wasn't there, when someone told him if he looked in the 'h's he might find it. A whole period in the 'u's. Not bad!

What boy in the Junior class has his mind set on being an aviator? What boy intends to be a beauty operator?

What girl intends to just settle down and be a modern little housewife?

What boy says he will make all-district guard this year? What Dorothy is? It might be that Lamoine might know, because he is pretty good at writing her name. Just look on his notebook!

I saw the old Model T a-ryin' But then I know the reason I just happened to think Large hats are out of season. So pa went out and released the top

And down it came a-flying. Such a smile, I've never seen, And it took off without half trying.

4-H Club work was actively organized Monday morning under the supervision of Mr. Rice.

Some of the freshman girls, it seems, have the real spring fever. One day at noon two of the girls were heard singing love songs to an invisible image.

Friday night the annual flag fight was held. I've heard that the Juniors and Sophs took the Seniors and Freshmen flag down. I know also that there were a few cars that were covered with eggs that night.

To whom it may concern: Believe it or not, Mac Haynes now has two kids. To those who do not know it: kids are goats.

We were glad to have the college students back in town for the Easter holidays. Many of them visited school, and we certainly were glad to have them.

**Sophomore Report**  
 A number of Sophomores were absent Monday. Could Easter have been a little too much for them? The Sophomores are planning to go on a skating party to Haskell Tuesday afternoon if the weather permits. We had a class meeting last week with our new president, Forrest Yancey, presiding.

**Professor Quiz**  
 Does anybody know who was the proudest fellow at the Easter Parade? (in Munday).  
 Who was the fish who climbed to the top of the flagpole?  
 What little blonde is beating a senior blonde's 'time' with a fish?  
 Where did Grady get a black and who tried to keep him from it?  
 What was the big idea of the senior girls standing up a bunch of out-of-town lads Sunday night?

What town do Zell and Jane par-tronize?

Why should Jean be worried?

Who are the captains of next year's football team, and what caused them to get the football spirit at practice the other day?

What senior girl has a "Mrs." attached to her name?

Why has school work been neglected lately?

Where are the Seniors going on their spring trip?

If you can answer all of these questions correctly give yourself a pat on the back. If you can't, we give the answers below:

There wasn't a proudest fellow because we didn't have an Easter parade.

Billy Orrell.  
 The best hint we can give is that the fish's name is Ralph.

He got it at the flag fight, and his girl tried to stop him. Don't ask who his girl is or how he got the black eye.

They were giving the home-town boys a break... get it, boys?

How should I know? It seems to be a tossup between Muenster and Knox City, although Zell rather favors Austin.

She shouldn't be.  
 Marvin and A.B. The band played on the field.

Why, Mildred Barley.  
 Who said it was neglected?

Nobody knows, but they probably won't go far unless their financial conditions are improved?

## Senior Report

There is an incident which occurred the night after our senior play which deserves being mentioned. The entire cast of the play went to the show to do a little celebrating after our "first night." Mrs. Williams refunded our money, thus making herself hostess to our theatre party. We wish to express our sincere appreciation to her for her thoughtfulness.

Easter is over, and since the annual flag fight between classes occurred Friday night we see (by the tattered school ground) that the boys didn't bother to put all their eggs in one basket.

By the way, we were told that the fight ended in a draw, after fighting until four o'clock Saturday morning. Of course, between attacks the boys refreshed themselves with a little sleep and a bite to eat. Two of the boys said they ate 6 fried eggs apiece when they got home. You'd think that after wiping several rotten eggs off their faces that they certainly wouldn't want to eat eggs in any fashion. Some of the mothers held their heads when they saw the clothes that their dear boys wore. A greasy flagpole is no laugh, except when one of the boys got hit with an egg while climbing the pole; and then the whole fight seemed unfair even if a few did laugh!

We are glad that Miss Darnell is back with us. The students enjoyed Mrs. Barnes as a substitute.

After a lot of figuring some of the students have decided that the main reason we don't have chapel in high school more often is because no one will get up a program.

Being a senior is, in a way, something to be proud of. We don't deny that we have accomplished a little even if some of the teachers hesitate in thinking we know enough to graduate in the spring.

Having all the ex-seniors home from school causes us to realize that next year we will be ex-seniors, maybe. A year makes a lot of difference. Anyway, we were glad to see all of the old "exes."

If anyone wants to know why Wilma June was so elated Monday just mention the Easter bunny (I think he left some candy) visiting her and watch her smile.

**Freshman News**  
 Juannie has been seen with a senior ring and now a wristwatch. It must have come from Goree.

Vera is very friendly toward her mail carrier—maybe he knows something.

Maurine Johnson has been holding her head a little bit higher. She should, for the Johnsons have welcomed a "petite femme" to their household.

A. B. has been visiting Mary Joyce's brother quite a lot—or is it the brother he's interested in?

Juray was so proud of her Easter ensemble that in a wild rush to remove herself from the eye of the public, she nearly lost a good friend and nearly killed herself (falling).

Dixie got tired of school so she decided to take a long vacation. However, she hadn't planned it as it turned out, and she enjoyed it in bed.

Frances was blue all day Sunday—even to her clothes (blue dress and a blue hat). She has always been one to express her mood in clothes.

Florine is still undecided about her new boy friend; or is she?

Bobby hasn't forgotten the show Saturday night—could it be the picture?

The Home Economics Club met last Monday night and a very interesting talk was given by Ann Atkinson. It is as follows:

## HOBBIES

Riders of hobbies are happier

and live longer than those who do not have a hobby. A good insurance salesman will usually inquire about his prospective buyer's hobbies and the way he spends his leisure time, because a person with a hobby has learned the art of relaxation, of losing himself in his hobby. He has learned to play, how to make the happiest use of his leisure, so that he returns to his work refreshed.

The person with a hobby is never bored. He knows the satisfaction of creating his own pleasure. Neither is he dependent on others for amusement nor necessarily his pocketbook. Hobbies need not cost money. There are hobbies for the millionaire collectors, and high school students with no allowances!

No one is too old or too young to find a hobby. Tastes may change with the years but a surprisingly large number of hobbies begun in childhood last through maturity. Frequently hobbies adopted for pastime develop into a serious profession. Margaret Bourke-White, the noted young photographer, specialized in biology in school and college. Photography was "only a hobby" which helped pay university expenses. Today she is internationally known for her beautiful prints. Beginning as an amateur, one who does something for the love of it, she has emerged as a professional of the front rank. Make your hobbies an investment in fun rather than as an income. When your hobby has developed into income find a new hobby along with your "hobby-work."

What is your hobby? Does your eye light up, your heart miss a beat, when stamps or chess or music are mentioned? Do you haunt old bookshops or follow skyline trails? Do you carve or paint or model?

What is your hobby? Do a little research work. Investigate the hobbies of interesting people in your community. Do not be bashful. You will find that everyone likes to talk about his hobby. After looking over several hobbies, choose one and ask yourself these questions: Does it really fit me? Will it give me fun and relaxation? Does it promise pleasure for the present and enchanting vistas for the future? Can I afford it?

Here are a few wide-field hobbies: Puppets, books, stamps, sports of any kind, crafts, photography, wild life, music, native flowers, birds, rare coins, butterflies and book binding.

Everywhere you look, everything you hear offers a challenge. People who have great responsibilities or are before the public eye a great deal need relaxation. Most famous people have a hobby some kind to serve this purpose. Sailing is one of President Roosevelt's hobbies. He also likes fishing and has a notable collection of stamps and ship models.

Fishing is one Grey's hobby. Helen Wills Moody, tennis star, rides a hobby enthusiastically. When she is not on the courts, she is at her easel.

Martinelli, the tenor, carves wood for a hobby. Eugene O'Neill's hobby is swimming. Edna St. Vincent Millay gardens between sonnets.

For a lasting hobby, give me books. Odd, rare, and old books attract devotees in each generation and from every walk in life to the pursuit of collecting them. At first glance, it might seem as if book collecting were the sport of kings, a hobby possible only to the wealthy, but this is a hasty conclusion, not borne out by facts. Money is always a help in fulfilling one's wishes, particularly if one has set his heart on something very rare and finds that half the world desires. But the joys of collecting are not cornered by the

wealthy. Most collectors began in a small and humble way, a book at a time, with little money but with unflagging interest and growing discrimination. To all whom books are friends there is forever the joy of building one's own, select library—in fine editions if one wishes, or in whatever garb seems most friendly. For the books you select are selected because they fill some special need.

To most people a postage stamp is just a nasty tasting costly little piece of paper that has the strange ability to connect you with any part of the world that is penetrable by man. Therefore I would like to point out just a few of the main purposes and characteristics of postage stamps.

By studying the various issues of a country, large or small, you will notice that they present a pictorial history of that country's particular development in architecture, economics, politics, geography, and the like. The stamps are commemorating kings, presidents, rulers, heroes and heroines, famous men and women, the beauty of their land-

scape, world affairs, international and other exhibitions and shows, agricultural wonders, their trade and commerce, and important events and other commemoration. Governments recognize the postage stamp as an international advertising medium. To represent their government best to the world, many governments hold contests open to any artist. The painting or work is chosen because it represents that country, its people, and the other governments.

Stamps can be not only entertaining and educational but also an aid to the pocketbook. Many stories may be told of the fortunes and unexpected wealth gained by collecting stamps.

Everyone should have at least two hobbies, one for indoors and one for out. A pair of hobbyhorses can safely be ridden in opposite directions. You can have a hobby. Vacation days with their long leisure hours will soon be here. Why not mount your hobby horse and canter joyfully along?

Maybe We Can Help You  
 'Make Up Your Mind'  
 There Is a Solution to Every Electrical Problem

Your Electric Servant Offers these

# FREE SERVICES

"I wish I could make up my mind" is a common complaint. It is then that you need the seasoned experience of an expert if your problem concerns electrical usage. That is why Your Electric Servant maintains a staff of trained men and women at vantage points throughout West Texas, available to you almost at a moment's notice. Their services are FREE. They want to help you. In addition to industrial power engineers, serving cotton ginners, oil and gas producers, and similar industries, this company offers you the service of lighting advisers, air conditioning experts, and home economics specialists to assist in planning your all-electric kitchen. Either telephone, or mail the clipping below, to our nearest local manager if you need any of the free services listed here.

**F. H. A. INFORMATION**—In most cases you can include modern kitchen equipment in F. H. A. loans for building or reconditioning homes. Electric appliances, giving you an ALL-ELECTRIC kitchen with the cost included in the F. H. A. loan, may be purchased on this low-interest, long-term arrangement.

**KITCHEN PLANNING**—If building a new home or remodeling, let us help arrange the kitchen to save steps, time and labor. Complete plans in color will be drawn (free of charge) so that you may have an exact picture of your kitchen before construction begins.

**ELECTRIC COOKERY**—One of the home economists is located in your vicinity to help you obtain all the many benefits of the electric range. Her service is free. She gladly will visit your home and provide any information you may need, i. e., home-canning, menu-planning, operation of the range, or similar varied usages.

**LIGHTING ADVISORS**—Educational work in the lighting field, helping you to eliminate glare, injurious to eyesight, and the proper placement of I E S lamps and usage of lamp shades, as well as information as to proper-sized bulbs, is a free service.

**AIR CONDITIONING**—If you plan to air condition either one room or your entire home, office or business firm, let us help make a free survey and obtain for you complete information about equipment and costs. It is particularly desirable to "plan ahead" if building or remodeling. You can save on wiring and air duct expense.

**ELECTRIC REFRIGERATION**—It is essential to plan for the future. The size of the refrigerator and its location should be based on your individual requirements with regard to convenience and step-saving. Our refrigeration engineers will assist you with either residential or commercial problems. Their services are free.

## INVITE A FRIEND TO VISIT WEST TEXAS

Tourists annually spend approximately \$10,000,000 in West Texas. This amount might easily be doubled. Invite friends in other states to visit or pass through West Texas on their way to or from World's Fair during 1939. Tell them about the wonderful climate, the fine highway and railway transportation, and the scenic beauty of West Texas. Remember: When you write 'em, invite 'em to visit West Texas, the Land of Opportunity!

### P.-T.A. Meets

The Parent-Teachers Association met last Tuesday afternoon, and an interesting program was presented. Mr. Watson and Miss Diersing talked in "Athletics in the School," and "The Social Side of the School," respectively.

The next meeting of the P.-T.A. will be May 9. This will be the last meeting of this year's organization.

### Senior Sorosis Club

The Senior Sorosis Club sponsored a cakewalk and an interesting program last Tuesday night. The one-act play "The Elopement," was presented.

### The Easter Parade

Easter was spent in several different ways by the Benjamin students. Several students who attend college spent the holidays at home. Among those present were: Jack Qualls, Gertrude Sams, and Elton Groves, from Texas Tech; La Mayne Patterson, Russell Gibson, and Pat Propps from Texas A. & M.; Jim Bob Bisbee from Texas University; Avis Chamberlain from N.T.S.T.C.; Elizabeth Covey from W.T.S.T.C. at Canyon; Eugenia Jeffcoat from C.I.A. at Denton.

Several from this city attended the Easter Pageant at Lawton, Oklahoma.

### Seniors

The Seniors are happy as examinations are over; and they have only five more weeks of school. Some of them are not so happy as others, however, because they do not like to think of their last days in high school. They enjoy the thoughts of no more examinations, but there is hard work ahead for each and every one of them.

The Seniors and their assistants from other classes are working on the annual; but can not do much more work until the material is secured from the depot. As soon as this material is secured the annual will be completed within a short time.

### Junior-Senior Banquet

The Junior class acted as host to the annual Junior-Senior banquet at the club house, Friday night, April 7. The Senior class, the faculty, the school board, Mr. L. M. Williams, Miss Rhea Wiggs, Mrs. Burnett and her small daughter, Joardis, were the honored guests.

The tables were decorated to carry out the Easter theme. Down the center of the white table covers green fern had been placed. Nestled among this fern were red and white roses, cornflowers, Easter rabbits and nests of colored eggs. A soft glow was produced by lighted candles and blue lights. A rose trellis having a large 'S' and 'J', to represent Juniors and Seniors, was placed in the center of the room.

During a well-prepared three course meal the following program was given:

Invocation, Mrs. Clyde Gibson.  
 Welcome, Buddy Sams.  
 Response, Nathan Mitchell.  
 Music, Mrs. Burnett.  
 Reading, Gertrude Laird.  
 Song, Joardis Burnett.  
 Class Pledge, Clodell Jackson.  
 Song, Four Girls.  
 Speaker, Mr. L. M. Williams.  
 Dance, Joardis Burnett.  
 Class Will, Robye Jo Trainham.  
 Benediction, Mr. C. C. Cunningham.

Following the banquet a dance was given in the Boy Scout hall. Everyone spent very enjoyable evening and the Junior class looks forward to the banquet next year.

## THE POCKETBOOK OF KNOWLEDGE

FEDERAL, STATE AND LOCAL GOVERNMENTS IN THE U.S. ARE ESTIMATED TO BE SPENDING AT THE RATE OF \$602.4 SECOND, OR \$36,120 A MINUTE.

IN SWEDEN MACHINES ARE CONVENIENTLY LOCATED—ON THE STREET CARS!

IN 1923 THERE WERE ONLY 500 INDUSTRIAL LABORATORIES SEARCHING FOR NEW AND BETTER PRODUCTS. TODAY THERE ARE 1700—AN INCREASE OF 240% IN 15 YEARS!

PAPER MONEY IN THE DENOMINATION OF 10 CENTS WAS ONCE USED IN THE UNITED STATES... THE TEN-CENT BILL'S BORN A PORTRAIT OF GEORGE WASHINGTON

IN ENGLAND, PRIVATE SCHOOLS ARE CALLED PUBLIC SCHOOLS.

### Freshman News

The Freshman class feels a certain improvement in spirit since six weeks exams are over. Most members of the class were well pleased with their grade.

Nadine Parker, Bonnie Parker, Louise Spikes, and Edna Earl Russell served at the Junior-Senior banquet. The girls were dressed in white food smocks, with red, white and blue aprons, and headbands of flowers.

### Old Boots And Spurs To Go Into Canyon Museum

Fort Worth—Boots and spurs purchased by O. B. McCoy of this city 35 years ago when he was a young ranch hand will be used by the Panhandle-Plains Historical Society as models for an oldtime cowboy replica which is to be placed in the society's museum at Canyon.

Recently H. J. Justin & Sons received a request from L. F. Sheffy, secretary of the society, asking help in finding old boots and spurs for this purpose. McCoy was located and he produced the boots which were made by the late H. J. Justin before the company moved to Fort Worth from Nocona.

"We had shipped some cattle to Kansas City from Greer County, Okla.," recalled McCoy, "and I met a cowboy from Montana. I admired his boots and he told me they were Justins. When I got back to the ranch I went to Nocona to get a pair. I remember they fit so snugly that I first thought they were too tight and I filled them with wet beans to stretch them."

"Later when I worked on the T-Stripe Ranch at Midland I decided I wanted a real fancy pair so I called on Mr. Justin again. He personally stitched in my initials with different colors. But because such soft leather was used I was afraid they would 'wrinkle' so to prevent this he sewed corset staves on the inside. What a dandy pair of boots I had to wear when I called on the girls!"

McCoy studied to be a physician. His health failed and he went to a ranch to recuperate. That started his career as a cowboy and rancher. He moved to Fort Worth in 1914.

### Noted Violinist To Be In Abilene

Rubinoff and his Violin are coming to West Texas Saturday night.

The noted violinist, artist of the radio and concert stage will appear in concert at the Hardin-Simmons University auditorium, in Abilene.

Rubinoff, who will play his favorite Stradivarius, valued at several thousands of dollars, holds many distinctions. As soloist with the Chicago Philharmonic Orchestra he drew the largest crowd ever to attend a concert in the United States, 225,000 persons by official estimate, gathered in Chicago Grant Park.

Miss Virginia Bess Atkeison, teacher in the Haskell schools, visited relatives in Munday during the Easter holidays.

Mr. and Mrs. R. W. Hightower of Dallas visited Mrs. Hightower's mother, Mrs. A. E. Womble, and relatives here over the week-end.

Mrs. C. P. Baker, and sons, Charles and Kenneth, visited relatives in Floydada last Sunday, returning home Monday.

Mr. and Mrs. Duane Johnson of Oklahoma visited Mr. and Mrs. Cecil Cooper and other relatives here over the week-end.

Mr. and Mrs. Gordon Stone and son of Stanton, Texas, visited friends and relatives here over the week-end.

Jimmie Walker, a student in the Texas Medical School at Galveston, visited in the home of Mr. and Mrs. G. R. Eiland, and with relatives in Wichita Falls during the Easter holidays.

Mrs. Frank Moorehouse and Mrs. Louis Cartwright of Benjamin were shopping here last Monday.

Mrs. G. W. Hawkins of Sweetwater and Mrs. M. L. Joyce of San Angelo spent the week-end in the home of their parents, Mr. and Mrs. J. B. Bowden.

To Grand Opera  
 Mrs. Jim McDonald, Mrs. C. P. Baker, Mrs. Louise Ingram, Mrs. W. M. Taylor of Goree, spent Tuesday and Wednesday in Dallas, attending performances of the Metropolitan Opera Co., which is playing in Dallas.

### NOTICE—GENERAL PUBLIC

When in need of "First Class" electric or acetylene welding and blacksmithing, we are completely equipped to do you a first class job.

We invite you to also come in and see a 4-row cultivator attachment, 4-row lister and planter which we have built and installed on the Oliver tractor of Mr. Dave Griffith, whom most of you know.

We believe that we have something good to offer you, and a piece of equipment that we know you will be proud of. We cordially invite you to come in and check it over.

O. V. Milstead Gen. Repair Shop

### MRS. ADDYE LAYNE THANKS PEOPLE FOR MANY KINDNESSES

In resigning as superintendent of the Munday Sewing Room, I wish to express my sincere appreciation to the city officials, Chamber of Commerce, Phelps Ice Co., and all others who have cooperated so loyally with me for the three and one-half years I have served you in this capacity. Only in this way could I have made this project the success it has been.

Mrs. Addye Layne

### GRAMMAR SCHOOL NEWS

We wish to take this means of thanking the Banner Ice and Creameries for the big 9'x6' linoleum wall map of the United States. We now have it swung in the study hall, where all the students can get some benefit from it.

Sunset girls and boys came and defeated us in playground ball last Monday. The boys by a score of 5 to 1, and the girls by a score of 7 to 5. We will go out there before long and do our best to get revenge.

This precinct, including Munday, Goree, and Rhineland, will play April 22, for the championship of this precinct. The winner there will go to Sunset on May 6, to play the champions of the other three precincts for the county championship. We are really having fun playing games during play periods these

nice, pretty days. Playground ball, marbles, jacks, skates, and any other game you might think of. Come up and join us, we'd be glad to have you. Everyone should play.

### 6B NEWS

6B was glad to have Mr. Jones visit our Language class Monday. We would like to have more visitors every day.

Our Easter projects were very nice and we made nice grades. We enjoyed the chapel given by the 4th Grade. They had a program on Arbor Day. It was very nice.

We are very sorry that J. W. Willis has been ill for the past week. The seniors put the play entitled "Bashful Bobbie," on last Tuesday and it made a big hit with us.

We were very sorry that our playground ball teams lost both games to Sunset, but maybe we can win next time.

We would like for more of our class to go to Sunday School each Sunday so we can win the flower once in a while. It is getting a little monotonous to hear continually that "5A won the Sunday School flower."

Miss Virginia Smith, who is attending Texas University at Austin, visited homefolks here during Easter.

Mr. and Mrs. Louis Rainey of Childress visited Mr. and Mrs. Chester Borden on Thursday of last week.

Mrs. Ralph Layne of Houston and Mrs. Addie Layne spent the week-end in Amarillo, guests of Mr. and Mrs. C. O. Layne. Mrs. C. O. Layne accompanied them home for a visit.

Curtis Coates visited his brother, John Coates, in Abilene last Monday.

C. O. Layne of Amarillo visited his mother, Mrs. Addie Layne last Tuesday.

Mrs. Ford Fetsch and son, Paul, and daughters, Mary and Angela, spent a few days at Muenster, Texas, where they attended the wedding of their son and brother, Leo Fetsch, to Miss Emma Hoening. They were accompanied by Leonard Albus of Pep, Texas.

### Weather Report
