Benson Named Scoutmaster Of Munday Troop

Plans Being Made For Successful Year In Scout Work

B. A. Benson, science teacher in the local school, was elected scoutmaster of the Munday Boy Scout troop at an executive meeting held one night last week. Executive committee members met for the purpose of naming a scoutmaster, passing various boys on merit badge tests, and taking up other matters.

Farmers Urged Vote on Cotton Program Dec 9

If you produced cotton in 1939, you are eligible to vote in the 1940 cotton marketing quota referendum Dec. 9, George Slaughter, chairman of the state Agricultural Conservation Association committee, announced at a state committee meeting this week. Slaughter pointed to the instructions for holding marketing quota referendums which set out that landlords, tenants and sharecroppers are all eligible to vote if they produced cotton in 1939.

"They are not only eligible to vote but are urged to vote," Mr. Slaughter declared. "The important thing is to get as many of the eligible voters as possible to the polls, so the results will be really representative of the cotton farmers' wishes."

"Any cotton farmer who fails to vote on cotton marketing quotas is not as interested in his own business as he should be. The outcome of the referendum means a lot to individual farmers as well as farmers as a whole, and each vote will have its effect on the result."

For cotton marketing quotas to be in effect in 1940, he pointed out, two-thirds of all farmers voting must favor them.

Since marketing quotas are not applicable to cotton with a staple length of 1 1/2 inches or more, farmers raising such long staple cotton will not be eligible to vote, the chairman said. Each farmer, whether landlord, tenant, sharecropper, partnership, corporation association or firm will be entitled to one vote only.

The county ACA committee will be in charge of all arrangements for the referendum on the county, and voting will be carried out just like any regular election. The committee will choose three local farmers to serve as election officers in each community and see that a ballot box is provided at the voting place.

Voting will be by secret ballot, Slaughter said, with each farmer marking his ballot privately and casting it in the customary manner used in secret ballot.

Clinic For Crippled Children to be Held at Wichita Falls, December 7th

Cotton To Play Important Role This Christmas

Memphis, Tenn.—Adopting the slogan "give cotton—the King of Gifts," the National Cotton Council announced today that it was enlisting the support of shoppers, merchants, and the press in making the 1939 Christmas shopping season the biggest cotton sales month of the year.

The Council stated that its Cotton Christmas campaign would extend into each of the 850 counties of the Cotton Belt, with its county units cooperating with merchants, civic clubs, city and state governments and individuals to make the program a success.

"There is no reason why the sale of cotton goods should lag behind others during the Christmas shopping season," a Cotton Council spokesman said today. "Manufacturers of cotton goods ranging from dresses to automobile seat covers are offering more attractive products than ever before."

"The list of cotton products suitable for Christmas gifts is so long and varied that no shopper need be fearful of duplications when he or she makes out the family gift list."

Pointing out that the Cotton Christmas plan offers great opportunities for a large volume of cotton goods sales, the Council said that should every person in the Belt doing Christmas shopping this year buy one cotton gift more than usual, the sales of cotton products would be boosted by millions of dollars.

"Every time a person buys a cotton article for Christmas he is buying just that much prosperity for himself and the people of the American Cotton Belt," the Council declared. "It is an opportunity for cotton people to lift themselves by their own bootstraps."

"This year has been a banner year for sales of cotton. Since early spring mills have been running to capacity turning out scores of fine cotton articles. By joining together to make this Christmas a Cotton Christmas, we of the Cotton Belt can make history for King Cotton."

Holiday Lights To Shine Again

Stores Will Decorate In Yule Colors

Getting the jump on some of the larger towns, the city of Munday is again donning her "holiday dress," and the vari-colored lights will attract those who pass through the town during the next thirty days.

Work of stringing the holiday lights was started last Monday and was completed the first of the week. The lights are strung along the business district, with most of them being along the main street. At street intersections strings of lights are made to cross each other in the center, making a very beautiful display.

Business houses of Munday are "following suit" by decorating their stores in the Christmas colors. Some of them started putting up their decorations last Monday, while others have indicated their decorations would go up soon after the first of the month.

So for thirty days—from now until the New Year dawns—Munday will wear her holiday dress. This is expected to do much toward reminding folks of the Christmas spirit, and will also serve as a reminder that they should do their Christmas shopping early.

The move for installing street lights was taken up at the last meeting of the Munday Chamber of Commerce, at which time it was voted to have the town decorated again this year.

With the movement sponsored by the Munday Lions Club to have both the business houses and private homes decorated for the Christmas season, Munday should present an even more attractive appearance than during the last Christmas season.

Fireboys Will Sponsor Benefit Feed December 7

A benefit banquet, to be served at the Coates Cafe on Thursday night, December 7, is being sponsored by the Munday Volunteer Fire Department. Arrangements for the banquet have been completed, tickets have been printed and are now on sale.

This will be a "stag" affair, and the committee in charge says there will be plenty of entertainment and a good feed for all who attend. Tickets are on sale at \$1.00 each, and all of "the boys" are urged to get their tickets and help in furthering the work of the local fire department.

Moguls Close District Schedule With 20-0 Victory Over Albany's Lions

After having been held in check for three periods, the Munday Moguls flashed to a glorious finish of their 10-A football schedule last Friday night by downing the Albany high school Lions, 20 to 0, in the last 12 minutes of play.

The game was a highly defensive game throughout the three quarters, with both teams holding the other scoreless. The Moguls gained only 92 yards from scrimmage; while Albany's gain was considerably less, in the first half.

Munday was in scoring position several times, but the Moguls were unable to break the stubborn Lion defense to force the ball over for a counter. They failed by inches several times, either in scoring or in gaining a first down on the fourth attempt. Munday penetrated the Albany 20-yard stripe a number of times, only to lose the ball on downs.

Breaking loose in the last frame, the Moguls gained the 3-yard stripe on a beautifully executed pass from Jack Pippin to Broach. On the next play the Moguls drew a 5-yard penalty for offsides, then Jack made up the 5-yard loss, and Clifford Pippin carried the oval across from the 3-yard line for the first counter.

Seeming to baffle the Lions defense by this counter, the Moguls had little trouble in scoring the other two touchdowns. The second came the aerial route, with Jack Pippin tossing to Broach over the goal line. Jack kicked both points with the piskin going squarely between the uprights.

J. Pippin accounted for the third touchdown, but failed on the conversion, thereby accounting directly for eight of the 20 points. Yancy turned in his best brand of defensive playing, being in on almost every tackle. Although low on the scoring end of the game, Yancy was instrumental in setting the ball in scoring position by his gains through the line. Albany seemed to have Jiggs Thompson's number Friday night, but in spite of this Jiggs turned in some nice gains. Clifford and Jack did most of the "ball toting" work during the game.

Standouts in the Munday line were Captain Kitchens and McCarty, who stood out on defense. Starring on the Albany defense were Hammons, back, and Williams, Morrison and Stewart, linemen.

The Albany victory clinched second place in 10-A standings for Munday, having been defeated only by Stamford in the district race.

The crowd which witnessed the game seemed to be almost 50 per cent Munday fans.

Linesup: Munday—Broach le, Stevens lt, Denham lg, Kitchens c, McCarty rg, Walton rt, Morrow re, J. Pippin qb, Yancy lb, C. Pippin rh, Thompson fb.

Albany—Morrison le, Stewart lt, R. Tackett lg, Crislip c, Huddleston rg, Davis rt, Williams re, Whatley qb, Freeman lb, Fade rh, Hammons fb.

The Game Play by Play
Captain Kitchens of the Moguls won the toss and chose to kick. Yancy kicked off over the goal line and returned 20 yards. Albany passed down the middle for a 11 yard gain on an attempted hideout play. Captain Hamons went over the middle of the Munday line for 4 yards. Kitchens and Yancy bringing him down. Hammons went outside the Munday right tackle for 5 yards. Kitchens getting the tackle. Fourth down with a yard to go. Albany kicked 33 yards to the Munday 36 yard line. Thompson attempted a reverse inside the Albany left end and lost 3 yards, caught from behind by Hammons. C. Pippin hit over the Albany left tackle for 6 yards, the left halfback making the tackle. With 7 yards to go for a first down J. Pippin kicked 21 yards to the Albany 46 yard line.

No. 71 for the Lions gained 1 yard around the Mogul left end. Freeman, No. 74, passed incomplete over the middle. Hammons got 1 yard at center, being brought down by Denha mand McCarty. Albany punted to the Munday 10 yard line and Pippin returned 14 yards to the Mogul 24 yard line.

C. Pippin got 4 at center. J. Pippin on a cutback inside the Lion left end got 9 yard for the second first down of the game. Jiggs Thompson gained 3 yards on a reverse inside the Albany right end.

Munday drew a 5 yard penalty for offside and on the next play C. Pippin got 5 yards over the Lion left guard. J. Pippin went around the Lions right end for 3 yards. From his own 37 yard line Pippin kicked 35 yards with no return to Albany's 28.

Capt. Hammons fumbled on an attempt at the Mogul left tackle and Blacklock fell on it for the Moguls. Thompson lost 1 yard on a reverse and then picked up 6 yards inside the Lions left tackle. Pippin punted 17 yards out of bounds on the Albany 8 yard line.

No. 72 for Albany hit over the Mogul right tackle but was brought down by Stevens for one yard gain. Albany punted to the Mogul 30 yard line where J. Pippin was tackled on a fair catch and Albany was penalized 15 yards to their own 15 yard line.

Munday was penalized 5 yards on the next play when Thompson was in motion. Thompson got the 5 back and 1 yard to boot inside the Albany left tackle. Thompson lost 6 yards on an attempted reverse and then lost 4 more on the same play again. J. Pippin hit inside the Lions left tackle for 4 yards. Thompson then went around the Lions left end for 13 yards but lacked one inch of making a first down. The ball went over to the Lions on their own five yard line.

Penetrations were now 2 to 0 in favor of the Moguls. Albany kicked out to the 34 yard line but Pippin returned 23 yards back to the Albany 11 yard line for another penetration.

Jiggs Thompson got 4 yards outside the Albany left tackle. J. Pippin added 2 more inside the left tackle. C. Pippin drove 2 more down to the 5 yard line on a plunge over the middle. Thompson drove to the 1 yard line, but lacked 2 inches of making a first down. The Lions kicked out to their own 24 yard line. C. Pippin hit center for no gain. Thompson lost 5 yards on an attempted reverse and was tackled by Hammons. The Lions were gradually paving the way for a swift death by using a seven man line and a crashing line backer to stop the Mogul powerful reverses. Thompson got 3 yards around the Lions left end. On his own 26 J. Pippin attempted a quick kick and kicked C. Pippin on the leg, the ball rolling free and finally picked up by Albany on their own 30 yard line. This was one break for each team.

No. 74 passed incomplete over center. On the old hideout pass to the Albany right end, the Lions gained 40 yards and put the ball down on the Munday 31. The receiver being blocked out of bounds by J. Pippin. No. 74 threw 2 incomplete passes. On an attempted line plunge the Lions drew a 5 yard penalty for the backfield being in motion. No. 74 passed to his right end incomplete. Senior Class News

At last the time has come when the Seniors will get a day off. We have been looking forward to this day, because we have much to be thankful for.

However, it seems Alma was a little sad when she wrote the following:

Dear Jean:
 On the verge of despair I am writing you this letter. No doubt, you will say that I should be glad he has become serious at last. You are right of course, but this is about cooking.

You know mother always cooked at home and all I did was to go to the table and eat, without bothering about cooking. But now it is different and I hope you will answer the following questions.

In making coffee is it necessary to split the beans or should I let them soak over night? How much salt is required for four cups?

How long must eggs boil to become soft? Do you think thirty minutes is enough? My... hates hard boiled eggs.

To make a juicy steak do I have to soak the meat in water before boiling? Or would vinegar be better?

Do you wash the vegetables in soap and water, or is it better to use scouring powder?

... loves fried chicken. Should I dress them in silk or cotton?

I would feel terrible if I should cook something for my... that he wouldn't eat, so please answer right away. I would ask mother these questions, but you know how mothers are. She would laugh at me.

Alma
 Jean promptly answered:

Dear Alma:
 I really think you are lucky and ought to be glad. I will answer your questions the best I know how.

I think it would be better to use ground beans and very little salt.

Don't boil eggs more than twenty minutes. If you boil them thirty minutes they will be slightly hard.

It is not necessary to soak the steak first if you fry it in water.

Scouring powder is best to use on vegetables, provided it isn't too strong.

You better dress the chickens in cotton. Remember your budget.

I do hope that these answers will help you in cooking a meal for...
 Good luck!

Junior Report
 Now that Thanksgiving is near

everyone is very happy, because he knows that he will have a holiday. Really, we do have a lot of things

to give thanks for.

After someone gave the definition of emphatic like this: "It means to make something strong," the teacher asked Richard how he would make something strong.

Richard, not thinking very much, as usual, answered, "I would put hot pepper in it."

We are glad to welcome Albert and Catherine back to school after they were absent nearly a whole week.

The Juniors wish each and every one of you a very gay and happy Thanksgiving.

Sophomore Report
 Your Sophomore reporter will devote his column this week to a few Thanksgiving statistics.

In the United States a definite stated time is set aside annually by proclamation of the president and by the governors of various states for a day of thanks to God for His bounty and mercy during the past year.

The first Thanksgiving in America was held by the Pilgrims in Plymouth in the autumn of 1621. Governor William Bradford decreed that they hold a day of thanksgiving.

Other New England colonies adopted the custom of public thanksgiving. It became an annual event in Connecticut in 1647.

Many of the states after the Revolutionary War had days of thanksgiving but there was no uniformity of date. George Washington, during his presidency, set aside two special days of thanksgiving, one in 1789 and another in 1795. President James Madison designated a day of thanksgiving at the close of the War of 1812.

Abraham Lincoln was the first president to set aside the last Thursday in November as a day for a national Thanksgiving in 1863.

President Roosevelt set it one week earlier this year.

Freshman News
 In science we are studying water, one of the many things we could not do without. Many of us seem not to remember this until we read about how wonderful it is or do not have enough to use freely.

We wonder why paper was rattling where three girls sat. Were they eating candy or just pretending?

Most of the freshmen regard the mathematics class as the most interesting and educational class. Besides mathematics, we learn all about Thanksgiving, where places are, and how Ford's use oil. (I was threatened with something unpleasant for this, but I'll take a chance.)

Senior Report

As I have written this report twice, it should be pretty good, but I'm afraid that is out of the question. Too, the holidays are coming on, and we know that you will be too busy to read about us, so we will start with a little nonsense.

A human is the only animal that can be skinned twice.

The reckless driver dents the front of his car—the cautious one, the back.

Sophomore Report

The sophomores had a class meeting last week. The subject foremost was the planning of a Thanksgiving play for chapel. We have been spending nearly all of our leisure time on that.

Amidst continuing excitement and favor over the football game last Friday night, we have managed to take a few six-weeks exams.

Freshman Class

We freshmen have done nothing this week but study. Miss Moody gave us an examination and so did Mr. Benson. Mr. Benson said we did very poorly. On our examination in English we had to write an essay on geese, and here is the paper handed in by Margaret Womble.

Isn't it the cutest thing?
 Geese

"Geese is a low heavy old bird which is mostly meat and feathers. He ain't got no between the toes and he's got a balloon in his stomach so he will float. Some geese when they get big has curls on their tails and is called ganders. Ganders don't have to sit and hatch but just eat and loaf. If I was a goose I'd rather be a gander."

Yesterday in math class Margaret turned over a bottle with mercury in it. She was going to be very nice and tried for about a half hour to pick it up.

here Sunday.
 Father Matthew, Sisters Adelaide, Bernarda and Margaret, Dale and Clara Wilde, Mr. Joseph Kuehler, Alphonse Kuehler and Mrs. K. W. Homer attended the Golden Jubilee celebration at Muenster, Texas, last Thursday.

Misses Clara Schumacher, Angeline Fetsch, and Marie Fetsch and Paul Fetsch, and Lenoard Albus of Pep, Texas, and Mr. and Mrs. Leo Fetsch also attended the celebration.

Mr. and Mrs. Albert Fetsch and daughter, Hettie Ann, and Mr. Clint Franklin were in Wichita Falls last Thursday.

Mr. and Mrs. K. G. Homer and son Philip, Mr. and Mrs. K. W. Homer and children went to Groom, Texas, Saturday where they will attend the wedding of Alfred Homer on Tuesday.

Future Homemakers

The Future Homemakers of Munday High School met Monday night, November the 20, at the Homemaking cottage. The main purpose of the meeting was to decide upon the constitution. When we had done this, we chose our colors, blue and silver, and our flower, the chrysanthemum.

We also decided upon a formal initiation for the new members of the club.

The Homemaking classes have found their time well occupied this week. The first year class has been busy sewing on their pajamas and slips. The second year class has nearly completed a unit in canning. They have canned watermelons, pears, green tomatoes, and apples.

Wednesday afternoon we are planning to have a Thanksgiving tea. Can you wait to hear about it?

Don't forget that the Moguls play their last game of the season Thanksgiving. They will play Seymour there. We are sure that this will be a good game and that the victory will be the Moguls.

LOCALS

Paul Mansell of Austin visited friends in Munday a few days last week.

Mr. and Mrs. D. T. Mauldin and family of Abilene visited relatives here last Sunday. Mrs. E. H. Stodghill accompanied them home after a visit here.
