

## LOCAL SCHOOLS SET FOR OPENING MONDAY

### Voters Elect Culberson, Alexander To State Posts

Dallas, Aug. 26.—Texans chose Olin E. Culberson of Edna as a member of the railroad commission and James P. Alexander of Waco as Chief Justice of the Supreme court in Saturday's Democratic runoff. In addition they finished turning out of office an unusually large percentage of their state legislators.

The final tabulation by the Texas election bureau gave Culberson former gas utilities supervisor for the commission 458,061 votes to 410,656 for Pierce Brooks of Dallas, second high man in the July primary.

Alexander had 438,050 against 399,050 for Hal S. Lattimore of Fort Worth.

The election bureau said it would make no additional compilations. It estimated less than 20,000 votes were missing.

**Brooks' Third Defeat**  
It was Brooks' third defeat in as many tries for state office. Once he was defeated for lieutenant governor. He told newspapermen he did not intend to seek office again. In a telegram to Culberson, he promised his "full cooperation as a citizen."

Culberson was head of the gas utilities division when Railroad Commissioner Ernest O. Thompson and C. V. Terrell constituted a majority of the commission. He was discharged from the commission employ by Commissioner Jerry Sadler and retiring Commissioner Lon A. Smith.

**Legislative Results**  
Reports indicated that the state house of representatives would contain approximately 90 new members of a total of 150, and the 31-man senate would include 10 new members.

Senators apparently defeated in runoffs were the veteran Will D. Pace of Tyler; Morris Roberts of Pettus, chairman of the finance committee; Gordon Burns of Huntsville and J. Manley Head of Stephenville, among the house victims was W. E. "Uncle Elmer" Pope of Corpus Christi, who began his legislative service about 25 years ago.

**Garrett Defeated**  
Only two of Texas' 21 national house positions were at stake in the runoff, 19 incumbents having been renominated in July.

Representative Clyde Garrett of Eastland, who had ousted Thomas L. Blanton four years ago, was defeated by District Judge Sam Russell of Stephenville. Complete unofficial returns to the Texas bureau gave Russell 27,584 votes to 24,495 for Garrett.

Eugene Worley, young state representative from Shamrock, was chosen for the congressional post to be relinquished by Marvin Jones of Amarillo, chairman of the house agricultural committee. Returns from all 28 of the district's counties, 25 complete gave Worley 30,111 votes against 22,596 for Deskins Wells, Wellington newspaper publisher.

### Dickie Owens Is Injured Wednesday While Playing

Dickie Owens, son of L. E. Owens, received an injury while playing Wednesday, which will likely mean the loss of one of his eyes.

Dickie was knocking cans and bottles around with a stock, when one of the bottles burst and a fragment of glass hit him in the eye, cutting into the eye ball.

He received medical attention here and was taken to a Dallas hospital for an operation in an effort to prevent loss of sight in the injured eye.

### Griffith Elected As Commissioner In Election Saturday

In Knox county's only run-off, William Griffith was elected commissioner of precinct one, Knox City, last Saturday. Griffith defeated E. L. Park present incumbent, by a margin of four votes.

The vote was: Griffith, 319; Park, 315. In July primary, Griffith led the ticket by only one vote. He received 268 votes to 267 for Park.

This was the only precinct which August Primary last Saturday, and experienced local interest in the precinct only 22 votes less than in the primary.

Light votes were cast Saturday at the other boxes in Knox county.

### Opening Dates Of Knox Schools Are Announced

**Seven County Schools To Open Monday**

Dates for the opening of the 1940-41 terms of Knox county schools were announced last Tuesday by Merick McGaughey, county superintendent.

Seven schools of the county will begin their terms next Monday morning. The schools, the superintendents and principals are as follows:

Knox City, A. M. Whitis and W. C. Cook; Union Grove, Mrs. E. F. Branton, principal; Munday, S. Vidal Colley, L. S. Hardegree and L. M. Palmer; Goree, H. D. Arnold and Jas. H. Bardwell; Vera, J. G. Thompson and Roy Tomlinson; Truscott, A. F. McMinn and Mr. Jameson; Gilliland, S. H. Thompson and Forest Carter.

Sunset school, T. W. Harber, supt., and N. T. Underwood, principal, and the Rhineland school, John J. Hoffman, supt., have been under way for some three weeks.

The Brock school, Miss Myrtle Munday as teacher, will open on September 9.

Benjamin school opens September 16, with W. C. Cunningham as superintendent and Wendell Watson, principal.

Hefner school will not open until around Sept. 30th, Mr. McGaughey said. E. R. Ingram is teacher at Hefner.

### Annual Meeting Of N.F.L.A. To Be September 10th

John Ed Jones, secretary of the Munday National Farm Loan Association, announced Wednesday that the annual directors meeting of the association will be held on Tuesday, September 10, at the Roxy Theatre. The meeting will open at two o'clock in the afternoon.

A feature of this meeting will be a picture in technicolor, and \$25 in prize merchandise, one \$15 prize and one \$10 prize, given by Baker-McCarty.

There will be plenty of room for all members of the association and their families, Mr. Jones said. The building will be air-conditioned, and you will enjoy the program.

Members of the Munday N.F.L.A. and their families are especially urged to attend.

### Wilson Harber Gets M.A. Degree

Thomas Wilson Harber, superintendent of the Sunset Rural High School, received his Master of Arts degree from Hardin-Simmons University recently.

Harber, whose graduate major was education, wrote as his thesis a scholarly "Study of Bus Transportation Costs in the Sunset Rural High School, Knox County, Texas."

Harber has made a detailed study of these costs during the past ten years, and is considered an authority on this subject.

Without formal ceremony, 59 candidates for bachelor of science, arts and music, and master of arts degrees, completed degree requirements with the close of the annual summer session at the university.

By custom H.S.U. holds only one commencement each year, with annual recognition exercises held in June.

Dr. W. R. White, newly named president of Hardin-Simmons, signed the diplomas for the graduates.

### Farmers Asked To Keep Records Of Ginnings

Cotton growers are urged to keep an accurate record of their cotton ginnings this season. Errors were discovered in arriving at cotton yields for individual farms last year because cotton had not been reported correctly to the county agent's office.

Cotton yields for every farm will depend on the cotton as reported to the county agent's office, each farm being given its actual production as nearly as possible.

Farmers should certainly cooperate fully to get their full ginning reported, stated County Agent Walter Rice.

### Applications For Wheat Insurance Close Saturday

Saturday, August 31, is the closing date for wheat growers to make application for wheat insurance on their 1941 wheat crop.

Thirty-eight Knox county wheat growers have insured their crops against loss under the Federal Crop Insurance Corporation.

"I believe all wheat growers should investigate these policies carefully before the closing date," Walter Rice, county agent, said. "Last year \$11,000 was paid back to growers for losses they had incurred, and certainly this was a big help to these wheat growers with a short crop."

Mrs. Cliff Moorman of Goree was a business visitor in the city Tuesday morning.

### Crops Of County Damaged By Hail

#### 24 N.Y.A. Jobs In County Schools

County Supt. Merick McGaughey announced Tuesday that 23 jobs under the National Youth Administration have been made available to the schools of Knox county.

These jobs are for employment of white students, and, in addition, Munday has one job available for colored student.

The 23 jobs are divided among the schools of the county, as follows: Munday, five; Goree and Knox City, four each; Vera and Truscott, three each; Benjamin, two; Rhineland and Gilliland, one each.

#### Stockholders Of Sales Barn In Annual Meeting

The annual meeting of stockholders in the Munday sales barn was held Wednesday afternoon at the First National Bank. This is a voluntary company which built the barn and leased it in 1938 to Ratliff Brothers.

A cash dividend of 15 per cent was declared at his meeting. The barn started operation on September 20, 1938, and has paid a dividend each year. In addition, a nice balance is left in the sinking fund. About 15 of Munday's business men form the company.

Officers who have served since the organization were re-elected for another year. They are: C. R. Elliott, chairman of the board; W. R. Moore and Pitzer Baker, directors, and W. E. Braly, secretary and treasurer.

A number of matters were brought up for discussion and will be worked out by committees, including drainage of the grounds, sanitary conditions, and installation of scales at the barn.

It is generally understood that the barn will be under the same management, that of Will and Raymond Ratliff, who have successfully operated it since its organization.

Mrs. Boyd King and Miss Thelma McPherson of Abilene, and Mrs. G. T. Hardberger of Knox City visited in the home of Mr. and Mrs. Chester Bowden the first of this week. Mrs. King, Mrs. Bowden and Miss McPherson are former schoolmates.

George Isbell was a business visitor in Pecos last Tuesday and Wednesday.

### Rhineland 'Raiders' Win County Softball League

#### Playoff To Begin On Next Sunday

The Rhineland Red Raiders brought a highly successful season to a close last Sunday with a 3 to 1 triumph over Knox City, in a well played game at Rhineland.

While Lefty Decker delivered his usually reliable brand of hurling, the big bats of Len and Lou Kuehler and Montgomery, with a pair of safeties each, figured prominently in the scoring. Knox City threatened on several occasions to overtake the Raider lead, but bullet-like throws to the dish rendered these scoring threats futile.

Although Knox City failed to finish in the "top money," they nevertheless are to be complimented as they merited number one rating with their highly sportsman-like activities and sense of fair play in the field of battle. These actions, which won them acclaim throughout the league, established them as a credit to themselves, to their town, and to the league.

### Miss Holloway Is Employed As English Teacher

Miss Helen Holloway, teacher in the Strawn school the past year was selected to take the place of Miss Mary Couch, who resigned. Miss Couch has taught English in the high school for several years, and resigned to accept a position in her home town schools, Haskell.

Miss Holloway, with several years experience comes highly recommended as an English teacher and director of choral work in the high school. Last year at Strawn she directed a trio, quartet, sextette, an octette, a girls' choral club and a boys' choral club. Her groups won several first places in the interscholastic League meets.

Miss Holloway, whose home is in Howe, Texas, holds a B.A. degree and has done extensive work on her Master's degree.

### First Bale Of 1940 Cotton Is Ginned Here

Munday's first bale of cotton was ginned by the Pendleton Gin Company the first of this week. It was brought in at about nine o'clock last Monday night by Clarence Hutchinson, who farms the W. H. Howell place, about six miles northwest of Munday.

Mr. Hutchinson was in Tuesday afternoon with his second bale, and reported he had around six or eight bales open at this time.

The first bale weighed a little better than 450 pounds; and, according to the usual custom, was ginned free of charge by the Pendleton Gin Co.

Bale number two was brought in at nine o'clock Tuesday morning by I. E. Day, who resides on Mrs. W. P. Farrington's farm, about two and one-half miles north of Munday. It was somewhat lighter than the first bale brought in by Mr. Hutchinson, weighing a little better than 400 pounds.

Mr. Hutchinson stated Tuesday that neither of the three bales had been sold, both farmers awaiting the arrival of their "white slips" before selling.

Mr. Day stated that this was the only bale he had open at this time, but cotton is expected to be coming in at a fast rate within the next two weeks.

### R. B. Davy Named County Chairman

#### Anderson Resigns To Become Knox City Postmaster

The county democratic committee met last Wednesday afternoon at the court house in Benjamin and canvassed returns of Saturday's run-off primary.

B. C. Anderson, county democratic chairman, resigned at this meeting, having accepted appointment as postmaster at Knox City.

### Colley Lists Faculty Members

#### Patrons Are Invited To Opening Exercises Next Monday

The Munday Public Schools will open its 1940-41 session next Monday morning, September 2, with opening exercises scheduled in the auditorium of the ward building at 9 o'clock.

Four new teachers will greet students this year. Mr. and Mrs. Noble Wright of Denton will teach in the places of Mr. Allen and Mrs. Garner respectively, and Mr. Joe T. Hext has taken the place of Howard Garner, resigned. Superintendent Colley, who took over his new position here in July comes from Strawn where he was superintendent three years. Miss Helen Holloway, recently replaced Miss Mary Couch, who took a position in the Haskell Public Schools.

Opening exercises in the ward building will include all students, faculty members and patrons who wish to attend the beginning of school. Some musical numbers are being planned and a few talks and announcements will be made.

Students will then be asked to go to their respective schools and rooms and there be scheduled for their classes and enrolled. Elementary school students and those who have finished their enrollment in the high school will then be allowed to go home.

Teachers in the high school are: L. S. Hardegree, principal; Coach Billy Cooper, Mr. Howard Cobb, Noble Wright, Miss Irah Moody, Miss Helen Holloway and Superintendent Colley.

Elementary school teachers are: L. M. Palmer, principal; Joe T. Hext, Mrs. Billy Cooper, Mrs. L. M. Palmer, Mrs. Noble Wright, Mrs. Howard Cobb, Miss Burnett, Miss Eugenia Gentry, Miss Mamie Crouch, Miss Sims and Miss Crawford.

### Local Youths Get Scholarships

Pendleton & Stodghill have just received word that 10 Knox county young men have been awarded scholarships in the National Farm Youth Foundation and will start their studies and field work immediately.

During the next four months they will complete a course of home study in farm management and engineering and will attend classes locally and receive practical training under the supervision of Pendleton & Stodghill, dealers, and W. E. Braly, T. W. Harber and W. W. Rice, advisors.

They also will compete for salary jobs paying as high as \$150 a month, affording specialized factory training and experience in distributor organizations.

The Foundation which awarded the 10 scholarships here is sponsored by the Ferguson-Sherman Mfg. Corporation of Dearborn, Michigan, with the active cooperation of Henry Ford and Edsel Ford.

Local recipient of the scholarships, as verified to Pendleton & Stodghill by the Foundation are: Don Estes, Floyd Raymond Frost, Clarence Herring, John Robert Hill, Foreman Nix, Delmar Price, Gaylon Scott, M. L. Verhalen, W. G. Wilborn.

### Mrs. von Baumann To Speak Sunday at Methodist Church

Mrs. Helen von Baumann will speak next Sunday morning at the eleven o'clock services of the Methodist church. Her talk will take the place of the regular preaching service, as Rev. Longino is in a revival at Lakoview, Texas.

Mrs. von Baumann will tell of her visit abroad, giving an interesting discussion of people of other lands and presenting their habits, interest and human traits. She will also tell of their methods of dress and will exhibit some hand-made trinkets which are some of her prized possessions.

The entire public is invited to hear this interesting talk.

Mrs. Homer Lambeth and Geraldine of Goree were visitors in town Saturday.

### Weather Report

Weather report for period ending August 28, 1940, as recorded and compiled by H. P. Hill, Munday, U.S. Co-operative Weather Observer.

	1940	1939	HIGH	1940	1939
Aug. 22...	67	70	90	98	
Aug. 23...	66	68	91	98	
Aug. 24...	65	70	92	100	
Aug. 25...	68	70	97	101	
Aug. 26...	68	71	97	103	
Aug. 27...	72	68	99	95	
Aug. 28...	64	67	99	99	

Rainfall to date this year, 15.30. Rainfall to date last year, 12.61 inches.

Mrs. J. Driggers and Imogene Driggers of Knox City were shopping in Baylor county next year.

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On"—

## TOBACCO TROUBLE

Can advertising be too successful? Various people in our government have flirted with the idea from time to time. Now the Department of Justice is accusing the tobacco companies of achieving "public acceptance" on a large scale.

Here in its own rather heavy-footed language, the Department has to say on the subject, "Said defendants have by extensive and continuous nation-wide advertising and by various sales promotions schemes created and maintained such public acceptance and demand for their major brands that, the offering of such products for sale being necessary adjunct to the conduct of numerous wholesale, retail, and service establishments, such establishments, are forced to handle the products of defendants and others even on unreasonable and arbitrary terms, and at such prices."

All this might make some sense if the current level of cigarette prices had been established by tobacco companies and arbitrarily maintained there. But any smoker knows that the increase in prices in this field is the work of the government itself—the very outfit that is doing all the hollering. While advertising—which increases sales and hence aim at lowering prices for the pack—takes less than half a cent for every twenty cigarettes, Federal taxes alone amount to six and a half cents, or thirteen times as much. And that takes no account of state and city levies, which frequently run two or three cents more.

It strikes us that in the present instance those who live in a glass house are throwing stones at the far more solid structure of their neighbors, in the hope perhaps that the noise that ensues will confuse the public mind.

## THE AMORTIZATION ISSUE

Currently in Washington, Congress and its committee have been considering measures that would help industry to protect the investments now being made to increase defense production capacity.

"Amortization" is the term that is commonly applied to the operation involved.

Experts are generally agreed that for these new defense plants, five years is about the proper period during which the original investment should be redeemed. In case of the factories making peacetime products, the period is usually much longer—twenty years or more.

There is a reason for the difference between the two amortization periods. The five year period is based on the knowledge that, once the emergency has passed, plants making war equipment are likely to become useless. The only fair protection for the investors who have put their money in these enterprises to aid national security is to be as sure as possible that the proper reserves are established in a reasonably short time.

Though it is sometimes forgotten, funds invested in industry come from average individuals all over the country. Besides the eleven million people in America who are stockholders, there is the vastly greater number who have invested directly in the welfare of industry through banks, insurance companies and institutions of that type.

The security of tens of millions of American families—and the security, too, of our entire economic structure—is involved in this question of amortization. It is no mere technical matter; it has a very direct and practical relation to the average home and the average American community.

Congress will be making a real contribution, not only to sound operation of our armament program but to the future security of American families and the savings upon which those families depend, by passing the five-year amortization measure as soon as possible.

## LET'S KEEP OUR STANDARDS UP

In spite of continued depression, the people of the United States are blessed with the highest standard that civilization has ever known.

We use two-thirds of the world's automobiles, half of its telephones and forty per cent of its railroads. We consume a third of the world's coffee sugar and electric energy, better than half of its rubber and silk.

The mechanical labor saving devices in the homes of American workers are the envy of even the wealthy people abroad. Our personal standards are up. We shave and bathe once a day instead once a week or once a month. We have learned to loathe unclean teeth and unwholesome breath.

All this had to be sold to us, says Nation's Business. We had not just happen to gravitate upward and people don't do that. It would be untrue to say that advertising inspired and stimulated it.

It is the job of advertising to quicken the exchange of goods in the nation's market places. To fulfill its mission, advertising not only tells you about these goods but tries to excite your desire for them. It pictures them as a means toward lightening your burdens, increasing your leisure, enhancing your attractiveness, building your health, protecting your home and family, putting more satisfaction into your life.

Advertising should be encouraged to go on its cheerful, constructive way, helping to build the nation to greater economic strength, maintaining our living standards through whatever may come to us in a troubled world.

In Prayer it is better to have a heart without words, than words without a heart. —Bunyan.

## THE COUNTRY COMES FIRST

A strike in one of the country's major aircraft factories was recently averted by a narrow margin. The factory plays a key role in the new arms program.

One wonders when makcontents will realize that the people will no longer stand for industrial disputes which menace national security. If labor and management can't get together and settle their troubles without disrupting production, the authority of government will of necessity be used to control them.

Labor and industry have a chance today to show the stuff they are made of. When the nation dictates the policy that will take men for national defense, it cannot allow labor or industry to dictate terms of employment or production.

## SPEED IN FALLING

If one should fall from an airplane or balloon at a height however great, his velocity would never exceed 118 miles per hour at any point before reaching the ground, according to the conclusions of the Army Air Service as a result of experiments made with dummies.

This is contrary to the belief formerly held by most persons that a body continually increased its speed when falling from any distance. The fact is that this rapid increasing speed in the case of a body similar to that of a man continues only until it has fallen about 1,200 feet, after which it maintains a constant rate due to the resistance of the air.

This discovery also explodes the theory that a person falling from a great height would lose consciousness and perhaps be dead before striking the ground, for it is well known that aviators have driven their planes more than 400 miles an hour on a straight-away course, and at much greater velocities when diving.

The knowledge that falling speed is limited is not of much practical benefit to one who falls from a great height however, for the 118 miles an hour possible of attainment is quite sufficient to effectively put him out of business when he strikes the earth.

## FIRES MOTTO

When you consider that no industry would operate, no automobile would run no home would be livable, no airplane would fly, that travel would come to a standstill, the miracle that happened when man learned to create fire and turn it into energy, is realized.

Another miracle will happen on the day man awakens to the destructive force that a dwelling in which he lives demands the utilization of fire for heat and that fire is located in a furnace, a stove or fireplace. But there are too few persons who know that a leaky flue is potential disaster, or that a cigarette can be the harbinger of the evil that is constantly present with our friend, fire. Neither do they know that rags packed away with old paint cans, brushes, oil, etc., can under proper conditions create enough heat to burst into a magical flame that can devour our home and family.

Man can control and release the deadly heat of thermite, he can create electricity from water power and direct its use, but he can never safely disregard the danger, as well as the benefits of fire, in his everyday life. Fire is our indispensable ally and also one of our principal enemies when used carelessly. Fire's motto could well be: "Where a man is careless, I am reckless; where a man disregards me, he finds death and destruction."

"The man who is hard to satisfy moves forward. The man who sits back comfortably and is contented with what he has accomplished moves backward."  
"If I were able to bequeath to every young man one virtue, I would give him the spirit of divine discontent, for without it, the world would stand still."  
Charles P. Steinmetz

## A RIZING LIVING STANDARD

Nearly 21 million telephones are now in use in the United States. This number represents an all-time peak for any country.

A recent survey of a large group of companies showed that yearly taxes equalled \$283 for each common stockholder and \$576 for each jobholder.

## THEY SAY!

"A bureaucracy, with its indirect control over legislators, its vast spending power, its access to the avenues of public opinion, its multitudinous means of rewarding and punishing, is the real threat to our democratic process... Personalities will be important in this campaign but government, not by the will of the governors but by the consent of the governed, will be the issue at stake. And, despite the growth of bureaucracy's power, the public is still free to make its choice."—Raymond Moley

"Liberties of speech, of religion, of assembly and of personal control over one's own life are taken for granted by Americans, but the majority have no conception of what life would be like if they were withdrawn... We cannot break down free enterprise and the competitive system and expect our present form of government to survive. Private enterprise is indispensable to democracy."—Col. Ralph Strassman.

## SUIT FILED TO RECOVER GASOLINE TAXES

Texas governmental subdivisions which, according to a court ruling, do not have to pay the gasoline tax, last week were embarked upon an attempt to get back taxes already paid.

Filed in Travis district court was a suit by the Texas Company on behalf of 99 towns and 144 counties to collect approximately \$20,000 in taxes which the company claims were paid under protest.

Recent court rulings have been to the effect that governmental subdivisions are not subject to the gasoline tax, but it was believed that only those towns and counties which protested the payment could recover them.

Absent a protest at the time of payment, the only recourse of the agency which called the hearings would be to obtain an authorization from the Legislature to file suit against the state.

## ALWAYS PUNCTUAL

Employer: "Now, I hope you thoroughly understand the importance of punctuation."  
New Steno: "Oh, yes, indeed. I always get to work on time."

At a dinner recently, a man sitting next to a lady was, to say the least inebriated. He leered at her and commented: "Shay, you're the homeliest woman I've ever seen."

With a show of spirit she replied: "Well, you are drunkest man I've ever seen."  
"I know, madam," the souze answered, "but I'll get over that in the morning."

## Football Game To Be Feature Of Coaches School

## Jiggs Thompson to Be East Team Player

Plainview, Tex.—Jiggs, Thompson of the 1939 Munday high school football team will play at Plainview, Friday, August 30 at 8 p.m. in an all-star grid game that climaxes the Plains Coaching School to be conducted at Plainview August 26 to 30.

For this game Star Class A performers who have completed their high school football career, are divided into two teams, the East and the West, the former coached by Frank Kimbrough, head football coach at Hardin-Simmons University and the latter by Jack Curtice, West Texas State College mentor.

Kimbrough and Curtice will lecture and direct conferences at the school which is being sponsored by the Plainview Chamber of Commerce for the benefit of football coaches and fans of this section. The program will be devoted to practical coaching problems. The instructors will lecture on various phases of the game and then devote a period of each daily session to questions and answers whereby individual problems may be ironed out.

The school is not exclusively for coaches as grid fans who are anxious to improve their knowledge of the game are invited to attend at the regular \$5 fee which will include admission to the East-West football game and attendance at all sessions including football films of several Southwest conference and other games.

Following is the complete roster of the two games which will take the field Friday night, August 30: East Team—Colie Huffman, Clarendon; Marion Reeves, Seymour; Jimmie Allen, Lockney; Holman Owen, Lockney; Harold Coleman, Roscoe; Hone Coleman, Roscoe; N. A. Waters, Jr., Nocona; James Day, Rotan; Marvin Jones, McLean; Kenneth Simpson, Matador; Hank Brown, Silverton; F. J. Windom, McLean; E. J. Tyler, Floydada; Wyne Cavun, Crowell; Virgil Kelley, Lockney; John Bond, McLean; Boyd Williams, Wellington; Roy Reed, Spearman; Jim Baugh, Aspermont; Jiggs Thompson, Munday; Bud McBride, Nocona; and O. E. Ramplly, Silverton; West Team—James Statts, Slaton; Bill Hinkley, Skellytown; Clifford Cox, Panhandle; Clifford Estes, Hereford; Elwood Turner, Tullia; Lowell Farmer, Wheeler; Elvin Lyon, Olton; Steve Sharrock, Tullia; Curtis Anderson, Little-

field; Teddie Karr, Crosbyton; Leonard Scott, Slaton; George Dennis, Panhandle; Denver Farley, Canyon; Jack Boone, Dimmitt; Geo. Huggins, Olton; Tom Sechrist, Dalhart; Pete Brown, Brownfield; Jack Smith, Colorado; Bill Hawkins, Skellytown; Harold Brown, Dalhart; M. L. Kittrell, McGregor; Lloyd Bradshaw, McGregor.

"Hurrah! Five dollars for my latest story!"

"Congratulations, young man! From whom did you get the money?"

"From the express company, they lost it."

You probably wouldn't worry about what people think of you if you could know how seldom they do!

## Rhineland Register

**Editor** Genevieve Herring  
**Sponsor** John J. Hoffman  
**Published by** Senior Reporter Florine Williamson  
**Students of the** Junior Reporter T. J. Hoffman  
**Rhineland Public** Sophomore Reporter Bernard Kuehler  
**Schools** Freshman Reporter Anna Fetsch  
 Grade School Rose Marie Kuehler

Tick-a-tick, tick-a-tick tick,  
 Type right along. It seems as  
 Though the Juniors have  
 Adopted this as their song.

We hope that County Superintendant Merick McGaughey enjoyed visiting with us Monday as much as we enjoyed having him.

Earmarks of a well-balanced young man. To improve yourself check to these standards.

He gladdens the hearts of his parents.

He makes a confidant of his mother and a pal of his dad.

He thinks before he acts.

He does not lie, steal, or tattle.

He is a good sport.

He does not whine when he loses nor does he exult when he wins.

He is respectful toward all women and girls.

He is not afraid to do right.

He is as pleasant and considerate toward his own brothers and sisters as he is toward those of other fellows.

He prays and works as hard as he plays.

### Senior Report

By the time you read this, our exams will be only a week off. But since we have studied hard we have no reason for fearing them.

Our class had the pleasure of having their former classmate, Ethel Stengel, visit them.

Last Monday the air became very warm, especially when the Senior boys tried to out-talk each other.

Cletus said: "Two years ago I had cotton 28 feet tall."

Albert replied: "Oh, peaches! We had some that grew in trees!" (Pity the pickers, don't you.)

Something That Puzzles Us

Why Mr. Hoffman calls the hair snoods, fish-traps.

Why the editor should begin her topic with a different sentence form.

What makes Mr. Hoffman think that the Seniors should go in front of the broom.

Natural Conclusion  
 Teacher (enrolling new pupils): "What is your name, little boy?"  
 First pupil: "Jule, ma'am."  
 Teacher: "You shouldn't abbreviate, your name is Julius. Next, what's your name?"

Second Pupil (half frightened): "I . . . ah, I guess my name is Billious."

### Junior Report

The Juniors are beginning to know the horrors of Geometry, but Mr. Hoffman says we are progressing very nicely.

In English III we elected our class officers. They are:  
 President, Florine Decker.  
 Vice-President, Theresia Andrae.  
 Secretary and Treasurer, Albert Brown.

Reporter, T. J. Hoffman.

### We Wonder Why—

Florine was so lonesome Tuesday. (Was it because someone was absent?)

Miss McGrath thinks so much of Rosalia.

What brought about Joe's change in Room III?

### Sophomore News

At school Monday morning we learned that our classmate, Urban Bellinghausen, has returned home from the hospital and will be up again in a short time.

This week we are studying the life cycle of the gypsy moth and butterfly. Both of these insects have a complete metamorphosis, which means going through four stages: egg, larva, pupa, and adult.

The larva of the moth is very destructive. In parts of the United States men are employed to knock down the cocoon of the moth.

### We Wonder Why—

Theresia went fishing Monday? Kenneth likes to listen to a certain program on the radio.

Francis likes to write about the Lone Ranger.

Helen is so quiet during study periods.

### Freshman Report

In English the Freshmen are studying about writing letters. Some of the different kinds of letters are: friendly letters, business letters, letters of sympathy, letters of congratulation, imaginative letters, thank-you letters and bread and butter letters.

We also learned how to introduce people. We must remember that when we introduce people we must introduce a younger person to an older one, or a boy to a girl.

In science we made some more experiments. We prepared oxygen and learned what it is like. We found out that oxygen is colorless, odorless, and tasteless. When the oxygen was prepared in bottles, we lit a splinter, blew it out, and then thrust it into a bottle of oxygen. The splinter burst into flame, with a pop.

### POINTERS FOR TEXAS AGRICULTURE

The actual cash income of cotton growers from their staple crop alone advanced from \$464,300 in 1932 to \$815,000,000 in 1939, including AAA payments.

In 1939, the United States imported merchandise from Latin America valued at approximately 500 million dollars. agricultural

## Petroleum Pays Heavy Taxes To School Funds

Dallas, Texas.—Taxes paid by the Texas petroleum industry for school purposes now equal 4 and one-half cents for every barrel of petroleum produced in the state.

Figures just compiled by the Texas Mid-Continent Oil and Gas Association from official records of the state Comptroller and tax collectors of several hundred independent school districts show that the Texas petroleum business last year paid \$14.14 in school taxes for each of the 1,549,443 children attending Texas public schools. Based on the per child educational cost of \$55.30, petroleum taxes were sufficient to pay all expenses of educating one-fourth of the entire school population of Texas, or about 338,000 Texas school children.

Although the statewide average paid by oil is one-fourth of the total school taxes paid, petroleum pays an average of four-fifths of all school levies, including the state apportionment, in forty larger oil districts.

In these districts, also, the average cost of schooling per pupil is much higher than in non-oil districts. In these 40, the per pupil cost averages \$132.36, or approximately 2 and one-half times as much as the average of \$53.93 for all other Texas school districts. In the oil districts the average for all independent school districts included in the survey is \$56.86 per pupil.

Last year the Texas oilmen paid in state taxes approximately \$32,000,000 of which around \$13,000,000 was allocated to the public schools. In addition, he paid over \$38,000,000 in local taxes of which more than \$8,000,000 went to the schools. Altogether \$21,915,000 was paid by the petroleum industry to Texas public schools last year. This 21,915,000 divided by the 478,192,887 barrels of oil produced in Texas in 1939 gives the average of 4.56 cents per barrel in school taxes for each barrel of oil produced in Texas.

The \$21,915,000 paid in school taxes by the Texas oilmen is equivalent to the entire yearly salaries of 20,655 white Texas school teachers, or more than half of the entire 38,620 instructors in all the white public schools of the state. In addition, taxes on gasoline paid by the consumer and collected by the oil industry at its own expense provide the schools with \$10,500,000 more, the equivalent of the yearly salaries of nearly 10,000 more Texas school teachers. Thus Texas petroleum and its products now bear taxes equal to annual salaries of more than 30,000 Texas teachers, or four-fifths of all of the white school teachers in the State.

## Rhineland News

Miss Monica Loran of Wichita Falls is here visiting friends and relatives.

Mrs. K. G. Homer and son, Hubert, returned home from New Mexico last Thursday. They were accompanied home by Miss Pauline Homer, who will visit here for a week or two.

Mr. Martin Wilde and Mrs. Breisen of Windthorst were visitors here last week.

Miss Helen Myers of Kansas City, Missouri, visited here last week.

Rev. Father Redder of Scotland is visiting here. He is accompanied by Miss Clara Schumacher.

Mr. and Mrs. Martin Franklin and brothers, Henry and Albert, of Fort Sumner, New Mexico, are visiting in the home of their parents.

Urban and Alvin Bellinghausen returned home from the Wichita Falls Clinic hospital last week and both are feeling fine.

Rev. Father Wiederkehr, O.S.B., and Rev. Father Fabian, O.S.B., made a business trip to Wichita Falls last Thursday.

Mr. and Mrs. Jones and family of Wichita Falls were visitors here recently.

Miss Helen Bert of Pep, Texas, was a visitor here last week.

Mr. Bill Brown, district C.Y.O. supervisor, was a visitor here the first of this week.

Items made up as much as 80 percent of these imports.

Three million farm families of the nation, 53 percent of them in the South, are trying to "keep soul and body together" on gross incomes averaging \$615 per year.

A dip of 100 pounds of wetttable sulphur, and 10 pounds of five percent rotenone cube or derris to 1,000 gallons of water, developed by the U. S. Bureau of Entomology says Howard R. Tolley, chief, Bureau of Agricultural Economics, and Plant Quarantine in cooperation with the Texas Agricultural Experiment Station and the Texas A. and M. College Extension Service, is showing promise in the control of the short nosed ox louse. Livestock are dipped at 17 to 19 day intervals.

H. O. Muston, of Goree, was a business visitor in town Saturday.

## "2 GUN GAL"

Pretty Clono Price, one of the Fair's Golden Forties Girls, takes two rare firearms relics and "goes Western" in a big way on Treasure Island in San Francisco Bay. The guns are from the \$10,000 Krobol collection now on display.

### LONDON CARRIES ON

Despite dire developments and forbodings, places of amusement in London seem to be as well patronized as usual. In the first weeks of the war, theatres displayed notices about air raids in great prominence in their programs. These notices have now been relegated to obscure type and insignificant positions. The old practice of wearing evening dress for the theatre has almost ceased. Even at a first night it is possible to appear in lounge clothes in the front rows of the stalls without being conspicuous.

It would be wrong to say people give the impression of being in high spirits. That would be foreign to the British nature. British people are not accustomed to mood either of elation or despair. A temper of steady, moderately optimistic determination is their usual habit; and that is what they are wearing now.—Christian Sci. Monitor

Lewis Jackson left last week for Los Angeles, Calif., where he will make his home.

Mrs. Erna Mae Lee and Mr. L. B. Lee of Wichita Falls visited with relatives here last Sunday.

Mr. and Mrs. W. E. Harrison of Morton, Texas, visited Mrs. Harrison's brother, Paul Brogden, and other relatives here over the week end.

Mrs. W. A. Campbell and daughter of Roaring Springs came in last Monday for a few days visit with their mother and grandmother Mrs. G. C. Spann, and with other relatives.

Mr. and Mrs. Wade Mahan re-

## New Dodge Coming Out With Fluid Drive, Jim Reeves, Local Dealer, Says

### NEWS COMES AS SURPRISE BUT FORESHADOWS MANY DRIVE DEMONSTRATIONS

Dodge will have fluid drive for 1941—according to information just received from factory headquarters in Detroit by J. E. Reeves owner of the Reeves Motor Co. in Munday.

"This news was a complete surprise," said Mr. Reeves. We did not expect to see this vital feature adopted so soon for a car in the popular price range of Dodge. But now that the news is out, we can promise the public an automobile driving sensation they will remember as the most exciting chapter in all their motoring experience.

"One of the really surprising things about Dodge Fluid Drive, aside from the sensational ride it gives is its mechanical simplicity. The Fluid Drive unit takes the place of the engine flywheel and consists of only two working parts two bowl-shaped shells into which vanes or fins are welded. One shell is mounted on the engine crankshaft, the other on the drive shaft. Both shells, which do not touch each other, are enclosed in a sealed housing filled with oil.

"It is this oil which set in motion by the turning of the forward shell, passes the power rotations to the rear shell and the drive shaft."

"Simple as the Fluid Drive mechanism is, the different driving results it produces are exceedingly interesting. You can climb a hill at speeds as slow as a mile an hour with gears in 'high' and the car will keep going smoothly without straining the engine or any other mechanism.

"You can also stop the Fluid Drive car, leaving the transmission in 'high' without stalling the engine you can start in 'high' without bucking, and drive all day, at any desired speed, slow or fast, without having to bother about shifting gears. You can do these and many other things, and in addition enjoy a smoothness in getaway, stopping and speed variation that is a downright revelation.

"Where the new Dodge Fluid Drive differs from most mechanical improvements is that its advantages can be experienced," Mr. Reeves pointed out. "That is why we expect to have a busy time demonstrating the remarkable new drive to the people of this city from the moment the first Fluid Drive cars are received—which will be soon."

turned home Sunday after several days visit with Mr. and Mrs. Jim McDonald of Wichita Falls.

Mr. and Mrs. R. E. White visited Mr. White's mother in Haskell over the week end.

### HERE FROM KANSAS CITY

Miss Helen Meyers of Kansas City, Mo., spent several days here last week visiting in the home of Mr. and Mrs. K. G. Homer of the Rhineland community.

## Wichita Falls To Stage Celebration

Papas and mamas, brothers and sisters, aunts and uncles and folks who do the square dance: in fact, every citizen in the Knox county area who is under 100 years of age, is invited to be the guest of Wichita Falls on October 3, 4 and 5th, as the citizens of that North Texas city stage a celebration which they plan to make an annual event, according to information received here this week.

For the first time in the history of celebrations, the citizens of Wichita Falls are staging a three-day celebration with many interesting events to be staged free of charge to out-of-town visitors, sticking the home folks for the price of admission to pay for the visitors, according to Merrill W. Blair, general chairman.

"Wichita Falls has visited every celebration within a radius of 100 miles for the past eight years without once inviting her friends to pay her a return visit and now we are asking every citizen in this area to come in and enjoy our hospitality as our guest," Blair said.

Included in the program are a horse show, street dances, style

show in the auditorium, rifle shoots and sailboat races, square dance and old fiddlers contests, and they are all free to folks from out of Wichita Falls. The visitor will register and be given a badge which will entitle him to one admission to the innumerable programs of fun and entertainment, Blair said.

"Fun galore, free to our visitors, on October 3, 4 and 5th, will be the slogan of every citizen of Wichita Falls for the next several weeks," Blair announced.

Mr. and Mrs. M. L. Barnard returned home last Thursday night from their vacation. While away they visited relatives at various points in Oklahoma and Arkansas.

Ray Ameen of Austin visited with relatives in Munday over the week end.

Bill Hardin of Vernon visited his Aunt, Mrs. Hardin here over the week end.

### ATTEND DENTON EXERCISES

Mr. and Mrs. H. H. Cowan, Mrs. G. W. Dingus and Miss Merle Dingus spent the week end in Denton, where they attended the graduation exercises at N. T. S. T. C. Mrs. Cowan received her B. S. degree in the exercises.

Mrs. Arthur Lawson and children returned home last Saturday from Dallas, where they had been visiting Mr. Lawson's mother, Mrs. Mary O. Lawson.

## Wade Mahan And Miss Cloe Mayo Marry August 20th

Announcement was made last week of the marriage of Wade T. Mahan and Miss Cloe Mayo, both of Munday.

Rev. Earl Hoggard, assistant pastor of the First Methodist Church of Wichita Falls, read the marriage vows on Tuesday night, August 20th, at the home of Mr. and Mrs. Jim McDonald of Wichita Falls.

Mrs. Mahan was reared in Knox county and is well known here. She received her high school education at Goree, and is the daughter of Mr. and Mrs. W. M. Mayo, who are well known over this section.

Mr. Mahan is the son of Mr. and Mrs. J. A. Mahan of Wellington, pioneer couple of Collingsworth county. He is a graduate of Wellington high school and of the Dallas School of Embalming. After completing his course in embalming, he was employed at Wellington and Abilene. He has operated the Mahan Funeral Home in Munday since 1936.

Mr. and Mrs. Mahan returned to Munday last Sunday afternoon, and will make their home here.

## George Beaty And Miss Ellene Baker Marry August 17th

George Beaty of Munday and Miss Iris Allene Baker of Goree were united in marriage on Saturday, August 27th. The wedding ceremony was read by Rev. Willett, pastor of the Methodist church in Seymour.

The bride wore an aqua blue dress with pink accessories. Attendants were Mr. and Mrs. A. J. Beaty of Munday.

Mrs. Beaty is the daughter of Mr. and Mrs. J. L. Baker of Goree. She has resided in the county for a number of years and is well known at Goree.

Mr. Beaty is the son of Mr. and Mrs. G. H. Beaty of Munday. The couple are making their home at the Smith apartments in Munday.

## Brdige Club Has Meeting Tuesday In Baker Home

Members of the Monday Night Birdge Club met last Tuesday night in the home of Mr. and Mrs. Pitzer Baker. This was the first meeting the club has held since opening of the harvest season.

After several games of bridge, the hostess served a refreshment plate of ice cream and cake.

Present were Mr. and Mrs. H. A. Pendleton, Mr. and Mrs. W. R. Moore, Mr. and Mrs. Fred Broach, Mr. and Mrs. Grady Roberts, Mr. and Mrs. W. E. Braly and the host and hostess.

## Hefner H.D. Club Meets Thursday In Home of Mrs. Jones

The Hefner Home Demonstration club met Tuesday, August 27, in the home of Mrs. Marion Jones. The meeting was opened by singing "God Bless America."

After the regular business session, a report of the Haskell-Knox counties women's encampment was read and discussed. A lesson on better speech was taught by Mrs. S. Johnston.

During the social hour refreshments were served to eight members and two visitors.

The crocodile is the largest living reptile.

## Bridal Shower On Last Sunday Honors Bertha Schumacher

The home of John Albus was the scene of a lovely shower, given Sunday afternoon, complimenting Miss Bertha Schumacher, bride-elect of Leo Herring.

Miss Leona Schumacher secured the signatures for the bride's book. Mrs. Francis Albus offered several appropriate musical selections on the piano.

Flowers of pink and white, chosen colors of the bride, were arranged throughout the rooms. A delicious refreshment plate was served to Mesdames August Schumacher, John Albus, John Brown, Joe Brown, Anna Urbanczyk, Henry Decker, George Petrus, Mike Bruckner, Agnes Blake, Carl Schumacher, Victor Redder, Albin Homer, V. F. Albus, W. A. Jungman, Leo Kuehler, Henry Herring, Tony Kuehler, C. J. Stengel, W. H. Ledbetter, D. C. Chandler, C. J. Albus, F. L. Stengel, Leonard Kuehler, P. W. Albus, Herman Friske, Frank Herring, Bill Borwn, T. B. Hertel, Joe Blaschke, F. J. Cerveny, Joe Smajstrala, Peter Loran, L. Loran, Joe Bellinghausen, Geo. Steinbach, C. J. Wilde, Louis Blaks, Josie Mingle, Louis Homer, K. W. Homer, W. C. Hertel, John J. Hoffman, Herman Jungman, Albert Andrae, Fred Redder, H. N. Claus, F. L. Decker, Magdalene Albus, Joe Redder, J. C. Koenig, Francis Albus, J. W. Zeissel, S. E. Williamson, John Andres, J. C. Kuehler, L. J. Kuehler, A. F. Homer, Joe Wilde, Tony Wilde, Carl Jungman.

Messes Betty Marie Brown, Corrine Urbanczyk, Lucille Petrus, Leone Schumacher, Alma Schumacher, Elsie Schumacher, Willie Marie Snapka, Cleo Herring, Eleanor Kuehler, Matilda Kuehler, Bertha Stengel, Ethel Stengel, Theresa Jungman, Rosalie Chandler, Rosalie Wilde, Geneva Wilde, Bernice Decker, Genevieve Herring, Angeline Decker, Jean Wilde, Clara Wilde, Doris Lambeth, Alice Michalik, Sophie Michalik, Wilma Michalik, Alice Steinbach, Monica Loran, Rosa Lee Andrae, Martha Brown, Rose Brown, Bertha Urbanczyk, Bertha Herring, Georgeine Claus, Dorothy McGrath, Dorothy Koenig, Margaret Koenig, Florine Williamson, Margaret Birkenfeld, Adeline Albus, Mary Alice Albus.

Those not attending but sending gifts were: Mesdames Chris Birkenfeld, H. M. Michela, M. A. Verhalen, August Loran, Eugene Michela, John Michela, A. M. Moore, A. B. Wilde, Frank Kuehler, John Michalik, Hubert Bellinghausen and Misses Lillian Verhalen, Dale Wilde, Dorothy Hertel, Josephine Cerveny, Billie Faye McGraw.

## 100 Delegates Attend Women's Encampment Club Women To Meet At Midway in 1941

Over 100 home demonstration club women registered for the annual encampment which was held on August 29 and 31 at the city park, southeast of Munday. The encampment was for club women of Knox and Haskell counties.

Mrs. Don Phillips was chairman and Mrs. George Weber was secretary.

New officers were elected for 1941. They are: Mrs. Estel Byrd, chairman, and Mrs. Juanita Perrin, secretary. Both reside in Haskell county.

After a business session, a recreational period was enjoyed in which the club women engaged in various contests, foot races, seasawing, swinging, and singing. Each club gave an account of outstanding work done this year.

Home demonstration agents present were Miss Vaughn of Haskell and Mrs. Neva VanZandt of Knox county.

Club plays were presented on Tuesday night, and the following clubs were winners: Josselit, first place; Hefner, second place, Marcia, fourth place.

The club women voted to meet at Midway, in Haskell county, next year. The encampment will be in August.

Mr. and Mrs. Howard Cobb, who have been attending school at Commerce, Texas, came in last Tuesday, to be here for the opening of the Munday schools. They are to teach in the Munday schools again this year.

Mrs. Louise Ingram was a business visitor in Wichita Falls last Tuesday.

Members of the pioneer circle met in the home of Mrs. Vernie Nelson on Thursday, August 22. Iced watermelon was served to the twelve members and one visitor present. The afternoon was spent at sawing and visiting.

The next meeting will be on September 5 with Aunt Alice Campbell.

CLUB WOMEN THANK MERCHANTS FOR HELP ON THEIR ENCAMPMENT

Members of the Women's Home Demonstration Clubs expressed their sincere thanks this week to Munday business houses for their cooperation in making the women's encampment a success last week. Those who helped out during the encampment are as follows:

Bookout Bakery, Musser Lumber Co., Banner Ice Co., General Foods Corporation, Cameron Lumber Co., and Commissioner Ed Jones.

## Rowell and Harrison Families Hold Yearly Reunion at Lueders on Week-end

### Bridal Shower Is Given, Honoring Mrs. Buford Lawson

Friends of Miss Ida Lou Walling, who became the bride of Mr. Buford Lawson of Burkburnett on August 1, gathered in the home of Mrs. R. C. Partridge on Thursday afternoon, August 22, for a shower honoring the bride.

Receiving the guests as they arrived were Mrs. Partridge, Mrs. W. H. Walling, mother of the honoree, Mrs. Buford Lawson, and Mrs. W. A. Lawson, the honoree's mother-in-law.

Mrs. F. A. Shirley presided over the brides book, in which she registered the guests as they were ushered into the dining room. There on a lace table cloth covering a lovely gold, centered with beautiful red verbenas, the refreshments were placed. The guests helped themselves to assorted cookies and mints. Favors were tiny cellophane bags of rice, tied with pink and blue ribbons, with double hearts saying: "Buford and Ida Lou—August 1."

Punch was served by Miss Rachel Walling.

Guests were then ushered into the bedroom by Miss Faye Marie Partridge and Mrs. Alvie Russell. There the beautiful gifts were on display.

Musical selections by Mrs. N. T. Underwood were enjoyed. Songs to the bride were "If I Had My Way," and "I Love You Truly," sung by Misses Nellie Prather and Rachel Walling. Miss Lola Tate gave interesting numbers on the piano during the afternoon.

An annual reunion of the Rowell family was held last week end at Lueders, which will be the scene of next year's get-together unless changes are made in the place.

The Rowell family was joined this year by the Harrison family, and both reunions were held jointly. Relatives began gathering on Friday night. All had gathered Saturday, and the week end was spent in visiting with loved ones and enjoying various games. Relatives departed for their homes Monday morning, after naming Lueders as the meeting place for next year.

Present for the reunion were Mrs. Nettie Rowell, Mr. and Mrs. J. L. Yost and children, Foy Lee, Mildred, Joe Lynn and Betty; Mr. and Mrs. A. T. Voyles and children, Rex, Faye, Maxine and Joyce; Mrs. Laura W. Walton and Bill McGregor, all of Munday; Mr. and Mrs. W. A. Rowell and A. J., Mr. and Mrs. Virgil Baldwin and Jackie Duane, Mr. and Mrs. Lowell Rowell and Vivian and Melvin, Mr. and Mrs. Frank Mercer and Gail Francis, Mr. and Mrs. Chas. Rowell, J. W., Orval Gene, Chester, Edna Pearl, Charles Anderson and Ina Beth, and Billie Janice Trotter, all of Silvertown. Mrs. H. L. Wilborn and Verna Ruth, Mr. and Mrs. C. W. Rowell, Stanley, Iris Lee, Bill, Martha, C. W. and Jackie; Mr. and Mrs. Bud Rowell and Loraine, Gladys, Elsie, Mary Belle, Flora Lea and Alice; Mr. Fred Rippetoe, Callie Rowell and Wayne of Richland Springs, Texas; Mr. and Mrs. H. L. Rowell and Lola Jean, J. D., H. L. Jr., and Francis of Knox City; Mr. and Mrs. Ervin Wilborn and Bobby, Miss Effie Wilborn, Mr. and Mrs. H. C. Thomas, Henry, Alton, Clara Joyce, all of Big Spring.

Mr. and Mrs. Curtis Rippetoe and Gaynor Lee and Rhadean, of Denver City; Mr. and Mrs. J. M. Voyles of Weigert, Misses Nadine and Lois Lemley of Graford, Mr. and Mrs. W. H. Frost and Eugene of Mercury, Mr. and Mrs. Carl Rowell and Bobby, Imogene, Wanda, D. C., Ruth and Janice of Breckenridge; Mr. and Mrs. Oliver Wilborn and Cleta and Norris of Knott, Texas; Mrs. S. L. Harrison, M. and Mrs. B. F. Lee and Dane and Floyd D., Mr. and Mrs. F. A. Hollis and Elvis and Richard Churchhill, of Mullen, Texas; Mr. and Mrs. W. E. Harrison and Sylvia Jean, Gwendolyn and J. V., of Morton, Texas; Mr. and Mrs. J. H. Harrison and H. K. of Santa Anna, Texas; Mr. and Mrs. J. L. Harrison of Bangs, Texas, and Mr. and Mrs. P. D. Harrison and Warner of Weatherford, Texas.

## 100 Delegates Attend Women's Encampment Club Women To Meet At Midway in 1941

CLUB WOMEN THANK MERCHANTS FOR HELP ON THEIR ENCAMPMENT

Members of the Women's Home Demonstration Clubs expressed their sincere thanks this week to Munday business houses for their cooperation in making the women's encampment a success last week. Those who helped out during the encampment are as follows:

Bookout Bakery, Musser Lumber Co., Banner Ice Co., General Foods Corporation, Cameron Lumber Co., and Commissioner Ed Jones.

## Drusilla Jones Receives Degree

Miss Drucilla Jones of Munday received her bachelor of science degree at the close of the summer session in Hardin-Simmons University in Abilene.

Miss Jones was employed by Jones & Eiland here for some time. She entered H.S.U. at the spring semester and completed her degree requirements during the summer session.

She is the daughter of Mrs. Raymond Jones of Munday.

Guests of Mr. and Mrs. Joe Brown of Goree last Sunday were Mr. and Mrs. J. A. Ward and children, Alton and Alyne of the Sunset community, Miss Virginia Bess Guinn and Cecil Smith, Jr., of Munday.

Pauline Goodson of Knox City, route one, was visiting in the city Saturday.

Mrs. Helen von Baumann spent last Sunday visiting in the home of Mr. and Mrs. R. C. Johnson of Sweetwater.

Munday — Texas

# At The Churches

## MUNDAY METHODIST CHURCH

We are in the second week of the meeting at Lakeview and are having good interest and resulting in definite decisions for Christ. By the closing service we hope to have had a revival that will bring new life to the church and many who have made clear their relationship with God.

I am especially interested that you, in and about Munday, give Mrs. Helen von Baumann a full house Sunday, 11:00 a.m. She has had many personal visits with peoples of other lands and has an interesting discussion in presenting their habits, interests, and human traits. You will be interested in their methods of dress and hand-made trinkets exhibited. Plan to be at this service Sunday at 11:00 a.m., and share with her a deep interest in the people of Palestine of today.

Next Monday, I will be back in the community for work and hope to follow up the fine work begun in our recent meeting.

H. A. Longino

## FIRST BAPTIST CHURCH

Over the top again Sunday with good services. 260 in Sunday School, 94 in the Training Union, even if it was raining; five were baptized at the close of the evening preaching service, four came for membership in the morning service.

Sunday School at Ten, preaching at Eleven; Training Service at Seven, preaching at Eight.

The morning service will be in the special interest of the youth. The young people will fill the choir, will furnish one special number, the sermon subject will be, "The Secret of Noble Living." The youth of our land is being called and challenged from many angles today. They need our interest, help and cooperation. Help us make this service what it should be.

Our offerings have been good. God's blessings have been abundant. "Bring ye all the tithes into the storehouse, that they may be meat in mine house, and prove me now herewith, saith the Lord of Hosts, if I will not open to you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it." (Mal. 3:10.)

W. H. Albertson

## Knox County Hospital Notes

Patients in the Knox County hospital at Knox City this week included Mrs. W. C. Goodrich and baby son, Knox City; Margaret Gordon, Truscott; Mrs. O. L. Yarbrough, Rule; Glydolin Frost, Munday; Mrs. Johnny Tidwell and baby daughter, Goree; Mrs. Hubert New, Truscott; Mrs. E. S. Allen, Vera; and Mrs. Bill Collins, Knox City.

Dismissals the past week were: Mrs. J. A. Warren, Munday; Baby Bounds, Rule; Howard Lee Black, Truscott; Anita Black, Truscott; Mrs. W. F. Rutledge, Benjamin; Hubert Partridge, Munday; Mrs. J. S. Cullum, Jr., and baby son, Bryan; Mrs. D. D. Clough, Munday; Nita Fay Hughes, Benjamin; George Wesley Coates, Knox City; Mrs. Joe Richards, Vera.

## BIRTHS

Born to . . .  
Mr. and Mrs. J. S. Cullum, Jr., Bryan, Texas, a son.  
Mr. and Mrs. Johnny Tidwell, Goree, a daughter.

W. W. McCarty returned Tuesday night from Dallas, where he attended the annual gift show.

P. V. Williams was a business visitor in Dallas the first of this week.

Mr. and Mrs. G. W. Russell of Denver City are here as guests of Mrs. Russell's parents, Mr. and Mrs. W. W. McCarty and family.

Mr. and Mrs. Lon Garrett and children Jerry Lynn and Janice, of Rockwall, visited their father, Judge G. M. Bryan, over the week end.

## Phillips Reunion Held August 25th; 142 in Attendance

The annual reunion of the Phillips generation was held August 25 at the home of Mr. and Mrs. Press Phillips. Around 142 relatives and friends registered for dinner.

A very enjoyable day was spent, especially with the renewing of old acquaintances. Among them were Mr. B. B. King, Everton, Ark.; Mr. and Mrs. Thurman King, Everton, Ark.; Mr. and Mrs. J. D. Phillips, Bronte, Texas; Mr. and Mrs. T. G. Phillips and family, Seminole, Okla.

Registering for the reunion were Mrs. J. B. Phillips, Munday; Minister Carl Collins, Sulphur Springs, Tex.; Mr. and Mrs. T. I. Phillips and Roy, Munday; Billie Clark, Harrah, Okla.; Mr. and Mrs. Gene Horne and sons, Oklahoma City; Mr. and Mrs. Wilbur Morrison and family, Faxon, Okla.; Mr. and Mrs. Herbert Thomas, Lawton, Okla.; Mr. and Mrs. Cecil Gulley and Pauline McAfee, Munday; Mr. and Mrs. H. S. Phillips, and Mrs. T. G. Phillips, and family, Seminole, Okla.; Mr. and Mrs. Dale Phillips and son, Munday; Mr. and Mrs. Ross Johnson and family, Walters, Okla.; Mr. and Mrs. J. E. Grantham, Straw, Texas; Mr. and Mrs. B. O. Norville and family, Munday; Mr. and Mrs. Grady Phillips and family, Munday; Mr. and Mrs. Tom Martin and family, Munday; Mr. and Mrs. Don Phillips and family, Munday; Mr. and Mrs. O. D. Huff and son, Westbrook, Texas; Mrs. Mart Hardin and family, Munday; Mr. and Mrs. J. P. Phillips and family, Lamesa, Texas; Mr. and Mrs. A. L. Young, Holliday, Texas; Joe Ann Smith, Fort Worth, Texas; Mr. and Mrs. J. D. Phillips, Bronte, Texas; Mrs. Pat Richman and sons, Danbury, Texas; Mr. and Mrs. Troy Phillips, Phoenix, Ariz.; Mr. and Mrs. Henry Henson and family, Munday; Mr. and Mrs. Albert Johnson and family, Munday; Gaynelle Phillips, Munday; Mike Phillips, Munday; Mr. and Mrs. Coy Phillips and family, Munday; Mr. and Mrs. Lauris Huckabee and family, Munday; Mr. and Mrs. B. B. Dodd and family, Tulsa, Okla.; Howard McCloud, Tulsa, Okla.; Mrs. Bertie Merit, Tulsa, Okla.; Mr. and Mrs. Jim Phillips and family, Munday; Mr. and Mrs. Nolan Phillips, Munday; Mr. and Mrs. Shelton Phillips, Munday; Mr. and Mrs. John Phillips, Munday; Mr. and Mrs. H. S. Fatheree, Abilene, Texas; Mr. and Mrs. W. R. Phillips and family, Munday; Mr. G. L. Grantham and family, National City, Calif.; Mr. and Mrs. Clay Grove, Munday; Mr. and Mrs. Elb Phillips, Lamesa; Mrs. Fatheree, Abilene; Mr. and Mrs. Ben Yarbrough, Munday; Mrs. Manera Savage, Munday; Mr. and Mrs. John Reneau, Munday; Misses Nellie Prather and Faye Partridge, Munday; Mr. and Mrs. Carl Sexton and family, Munday; Mr. and Mrs. Press Phillips and family, Munday.

## Wounded Man At Haskell Reported To Be Improved

The condition of Clarence Lewellen, Haskell laborer, who was seriously wounded when shot several times Saturday night, was reported improved Wednesday. His condition was pronounced serious Monday, when he developed pneumonia.

Lewellen was shot Saturday night, three bullets piercing his right side, right arm and his chest. Charges of assault with intent to murder were filed against Dan Kirkpatrick, 53, deputy constable. Kirkpatrick was released when a \$6,000 bond was perfected. Lewellen was shot on the crowded streets at Haskell, and, according to reports, ran into a theatre when the shooting started.

District Attorney Ben Charlie Chapman declined to comment on the examining trial held Monday morning. The charge will be investigated by the Haskell district grand jury, scheduled to meet September 23.

Mr. and Mrs. Mart Waldron and Newt Waldron of Amarillo are visiting relatives and old friends here this week.

## ACHIEVEMENT DAY IS POSTPONED

The home making girls who took the summer project will not have their achievement day until after school begins. These changes are being made because the instructor, Miss Hah Moody, is unable to be in Munday before Saturday or Sunday.

Mrs. Lennie Crouch and Purvis Crouch were visitors here Saturday.

## Program For Hot Lunch Room Is Discussed

### May Be Installed In Local Schools

At a called meeting of the Board of Education last week the WPA Hot Lunch project for the Munday Public Schools was discussed by Mrs. Mary P. Bowles, WPA Lunch-room Supervisor of Fort Worth, and the board accepted the proposal.

The program proposes to feed all students who attend the Munday Public Schools for a small fee each day to be paid in advance, probably \$1.50 for the entire month. The meal will be prepared by WPA workers, will be a balanced diet worked out by a government dietician with a Homemaking degree. Those who serve the food will have Food Handlers' Health Certificates.

Present plans call for a joint community-wide sponsorship with the Parent-Teachers Association and the Lions club taking the lead with the local Chamber of Commerce.

Equipment for the lunch room including cooking utensils, stoves, counters, tables, utilities, ice boxes, storage space, eating utensils, a place for the lunchroom and part of the food is to be furnished by the local community. The WPA furnishes all the workers, the dietician, and a large amount of the food. Several are expected to be fed free. The meal usually consists of a full plate, the same to all, with plenty of bread and butter, and often a dessert besides.

A typical menu for one meal is: Spanish beans, mashed potatoes, congealed pineapple salad, corn bread, butter, raisin pie, milk. It is especially adapted to provide a free lunch to every needy and undernourished child within the district.

A large amount of the materials and equipment needed to put the project over for the schools is being accepted from donations of utensils, and other equipment that can be raised in this community; committees from the P. T. A. and Lions club are working with me in starting the program which should be valuable to the entire community," stated Superintendent Colley.

One committee is expected to visit the Seymour school lunch which operated on the WPA basis last year. Knox City, according to Superintendent Whitis, is also planning the project, as is Rochester.

The Union Grove school will also have the project.

People in the community interested in aiding the program are urged to contact Mr. Colley at the school this week. A list of equipment needed at once follows:

Standard measuring cups, spatulas, water pails, large iron skillet, one deep frying pan with basket, bread knife and board, measuring spoon, butter plates for each table, large serving bowls, pancake turners, granite or aluminum baking pans, serving trays for each table, mixing bowls, sifters, rolling pins, cheese graters, potato mashers, juice extractors, chow girls, roast pans, (large), cans for flour, meal, etc.

If this program can be installed in the schools of this county, a hot, well-balanced meal can be served to any or all students and teachers in the Munday schools for seven and one-half cents per meal, or \$1.60 per month, with several being fed free.

## F.S.A. to Hold County Educational Meet on Sept. 5th

The Farm Security Administration is holding an educational meeting for explaining the F.S.A. program from Knox county. The meeting will be held on Thursday, September 5, at 2:00 p.m., at the high school auditorium in Munday, according to Joe B. Spears of Seymour, rural rehabilitation supervisor.

This educational meeting is open to the public. Any person who is interested in this phase of agriculture is strongly urged to attend. The meeting will start promptly at two o'clock and will last approximately two hours.

Any family desiring help from the Farm Security Administration is urged to attend the meeting. It is necessary that an explanation of the F.S.A. program be given before a loan is made.

## LOWRY RIGSBY TO MOVE TO RUIDOSA

Lowry Rigby, who has been employed at the Guinn Hardware Co. as bookkeeper for the past several months, stated this week that he will leave around September 1st for Ruidosa, New Mexico, to make his home.

Rigby will be employed at Ruidosa. Mrs. Rigby and little daughter have been visiting there for several weeks, and will establish their home there soon after the first of September.

## Ex-Official Of Haskell Dies Of Heart Attack

J. Frank Simmons, prominent Haskell county farmer and former county official, died of a sudden heart attack at ten o'clock Saturday night at his home in the Post community, southeast of Haskell. He had spent a day in Haskell and became ill while on his way home.

Simmons had been a resident of Haskell county since 1900, and is well known over the county. He served four years as county commissioner and was director of the Haskell county hospital at the time of his death.

Survivors include his widow, two sons, Milton of Dallas and Robert of Rule; his father, R. P. Simons of Haskell; two brothers and three sisters.

Funeral services were held at 4:30 afternoon, from the first Methodist church in Haskell.

## VISIT IN OKLAHOMA

Mr. and Mrs. Ardelle Speece and family spent the first of the week in Frederick, Oklahoma, where they visited with relatives.

## HERE FROM TRENTON

Mrs. W. H. Sheedy, formerly of this city, together with her sister, Mrs. Mamie Summers and son, William H., were here Tuesday looking after business interests.

Mr. and Mrs. Melvin Burnett and children of Denver City, visited relatives and friends here the first of this week.

Sheriff Louis Cartwright of Benjamin was here Tuesday on official business.

Walter Braly of Brady is here this week, visiting in the home of his uncle and aunt, Mr. and Mrs. W. E. Braly.

Mrs. W. E. Braly, Mrs. Don Ferris, and Mrs. Herbert Barnes returned home last Friday from Kerrville, where they attended the Presbyterian Auxiliary encampment.

Mr. and Mrs. B. H. Jones and son and daughter, B. H. Jr., and Cordia Mae, visited relatives west of Weinert for some two weeks. Their home is in Los Angeles, Calif.

Spurgeon Tarpley, postmaster at Truscott, was a business visitor here last Friday.

County Supt. Merick McGaughey of Benjamin was a business visitor here last Tuesday afternoon.

Leland Hannah was a business visitor in Dallas on Wednesday and Thursday.

John Ed Jones was a business visitor in Wichita Falls on Wednesday.

Mr. and Mrs. Joe Turner Hext came in Tuesday night from Eldorado, Texas. Mr. Hext will teach in the Munday schools and will be Coach Billy Cooper's assistant with the Munday Moguls this season.

Mrs. Joe Gordy and daughters, Juanita and Dorothy of Weinert, were visitors here Saturday.

## RETURN TO MUNDAY

Dr. and Mrs. A. B. Russell have returned to Munday from Megargel where they have resided for the past six months. They will be at Grandma Burnison's in the southwest part of town.

With the financial backing of a Savannah, Georgia, bank the Negro state 4-H club agent in Georgia recently arranged for cooperative purchase of 98 Texas calves which he distributed to club members in 20 Georgia counties.

The ringtail cat is protected in both Texas and Louisiana as fur bearers. They are numerous in

Texas. None have been taken alive in Louisiana, it is reported.

Game birds cannot be legally shot in Texas with a gun larger than ten-gauge.

To be called lynx-eyed is to be complimented. The name lynx is derived from the Greek word meaning "to see." Lynx are so named for their extremely sharp vision.

It is a penitentiary offense to transport or turn loose a wolf in Texas.

Many Texas counties have closed seasons on fox, but some allow owners of poultry to kill fox destroying poultry. The pelts, however cannot be in possession.

Deer, elk, antelope, wild sheep, bear, squirrels and javelinas are classed as game animals in Texas.

## THOMAS RIGSBY NOW IN THE U. S. AIR CORPS

Word was received here last week that Thomas Rigby, son of Mr. and Mrs. Tom Rigby of Ruidosa, New Mexico, former resident of Munday, is now in the U. S. Air Corps and stationed at Lowry Field in Denver Colo.

Thomas is in the quartermaster corps, and writes that his work there is very interesting.

## MAURICE STAPP NAMED MANAGER OF FOOTBALL TEAM, AUSTIN COLLEGE

Maurice Stapp, son of Mr. and Mrs. Raymond Stapp of Munday, has recently been named manager of the Kangaroos, football team of Austin College, at Sherman. Maurice will have charge of all equipment, etc., and will make all trips with the team.

As manager of the Munday Moguls for two years, Maurice has had experience which will be of value to him in managing the Kangaroos. He is visiting his parents here this week and will return to Sherman to enter school next week.

# This Gin Plant is Ready For Your....

Nothing has been overlooked in making your gin one of the best plants in the country. All repairs have been done by skilled workmen. New installations have been made where needed.

Two of our gin plants will be especially prepared for handling the one-variety cotton grown in this territory.

This organization was organized by farmers for farmers. Everyone who patronizes it is helping to make the profits. Therefore, everyone who gins a bale of cotton here, shares equally in the patronage dividends.

## TEXAS OUT-O-DOORS

### DON'T CONFUSE REGULATIONS

Austin, Texas, Aug.—While the changes of migratory bird hunting regulations were few, the executive secretary of the Texas Game, Fish and Oyster Commission is warning sportsmen to become familiar with the new regulations and not to get them confused.

The greatest confusion is likely to come from the shooting hours on ducks and doves. Under the new federal regulations, with which Texas laws conform, duck hunting may now start at sunrise and must end at 4 P. M. Dove hunters can start shooting at sunrise, but must quit at sunset.

Too, there is only one duck season in Texas, it opening at sunrise Nov. 2 and ending at 4 P. M. Dec. 31, but there are two dove seasons and some special regulations. The dove season will be from Sept. 1 to Oct. 31 in the counties of Yoakum, Terry, Lynn, Garza, Kent, Stonewall, Haskell, Throckmorton, Young, Jack, Wise, Denton, Collin, Hart and all counties north of them and Parker, Tarrant, Dallas, Rockwall, Kaufman, Johnson, Hopkins, Ellis, Delta and Franklin counties. In the remainder of the state the season runs from Sept. 15 to Nov. 16. Below the Texas-Mexican Railway, however, only four days of shooting each week during the open season is allowed—on Thursdays, Saturdays and Sunday but this exception does not apply to the counties of Webb and Zapata.

The bag limit on doves, the executive secretary points out, has been cut from fifteen to twelve, but remains at ten on ducks. However the limit on geese is now three instead of four, as it was last year. The possession limit is twenty on ducks and six on geese.

The closed season has been maintained by federal regulation on wood ducks, Ross' geese and swans. No hunter may kill more than three canvasbacks, redheads, buffleheads and ruddy ducks or have more than six in possession at any one time. Hunters are also reminded that

their guns must be plugged to hold not more than 3 shells. A federal duck stamp must be obtained by persons hunting migratory waterfowl in addition to the regular state hunting license.

### ANDY STICKS NECK OUT

Andy Anderson, sports editor of the Houston Press and a hunter and fisherman for twenty years who is famous for his monthly calendar, which runs in the Press, has stuck his neck out and a lot of hunters of this area will be checking up on him. However Andy doesn't care and is confident he'll "hit" 58 days out of 60. Andy publicly predicted the weather for Texas for the entire hunting season.

### HOW ABOUT CRAWDADS?

Ever wonder how crawdads got into newly-built ponds so quickly? One way for them to arrive at a lake or stream bank is for them to migrate overland. Otto Sens once saw one of the most amazing pilgrimages ever witnessed in Texas. He watched tens of thousands of crawdads migrating near Sandy Point Lake. The crawdads, so thick they were crawling over each other, covered an area a block square. Tens of thousands of them were killed by motor cars when they crossed a road near Sandy Point. So many were killed that the road became slippery.

### KILLS LION WITH 410 STOTGUN

A Mexican lion measuring more than 7 feet was recently killed north of Bruni in Webb County by a Mexican hunter who used a 410 gauge shotgun with which to bring down the huge cat it is reported to the state Game Department by a game warden.

Mrs. Elzie Marion of Weinert, was here last Thursday, shopping.

### HOME FROM SCHOOL

Miss Wanda June Williams, who has been attending Texas Tech during the twelve weeks of summer school, came in last week for a visit with her parents, Mr. and Mrs. P. V. Williams.

### WHEAT LOANS PASS 10,000 MARK

College Station.—More than 10,000 Texas wheat farmers already have placed their 1940 crop under the loan to hold it for a better market and yet obtain some cash for immediate needs.

During June and July (The first loans were made late in June) the county AAA committees approved 10,179 warehouse-storage loans for a total of \$7,469,485 on 10,279,099 bushels, according to P. C. Colgin, state AAA wheat loan supervisor. The loans approved are far in excess of the number and amount approved at the same time last year the supervisor said.

Meanwhile, more applications for farm storage loans already have been received by the state office than were made during the entire time the loan was offered last year. No figures were yet available as yet to the number and amount of farm-storage loans approved.

Since the loans will be available until December 31, and since the wheat market shows no signs of picking up Colgin believes the number of loans made under the 1940 program will greatly surpass the number made under the 1939 program. Last year 10,807 loans were approved, including 239 farm storage loans.

Producers who have collected crop insurance indemnities are taking advantage of the loan, the supervisor said, predicting that a good part of the indemnity wheat would be placed in the loan. This is the first year in which indemnity wheat has been eligible for the loan.

### POINTERS FOR TEXAS AGRICULTURE

Ice cream cones were first served at the World's fair in 1904. That was the beginning of the commercial ice cream industry.

A new type of flax recleaner has been perfected that blows chaff out of the flax. The machine has a capacity of four tons an hour.

On January 1, 1940, there were 32,245,000 persons living on farms in the United States, according to the bureau of Agricultural Economics.

A 22-foot section tractor harrow now on the market is so built that it will go through a farm gate 11 feet wide. The two outside sections may be folded in on top of the two entire sections.

The upward trend in 4-H club enrollment in the United States which has been evident during the past few years, was further accelerated in 1939 when 95,566 more boys and girls participated in 4-H Club activities than in the previous year.

British scientists have recommended 12 slices of bread a day as the foundation for a minimum ration to maintain the health of British people during the war. Britain recently bought 100,000,000 bushels of Canadian wheat.

Fatalities from farm accidents still number about 4,400 a year. The country's total cash loss from accidents including death, injury, loss of time etc., has been estimated at 2 and one-half million dollars annually, with from 27 percent to 35 percent of this loss of time on farms.

Another increase in import duties on tobacco by the United Kingdom makes the tax on a package of cigarettes there about 20 cents as compared to 6.5 cents in the United States. The increase is the fourth since April, 1939.

### Fire Chiefs Are Asked To Send In Reports of Drills

Austin, Texas.—Fire chiefs in all Texas cities where members of the fire department attended the annual training school at College Station, have been advised by Marvin Hall, state fire insurance commissioner, that drill reports must be sent in promptly every three months.

The chiefs are required to submit a detailed report of the work carried on each drill night, and a majority of the membership must be present at least twice each month throughout the year with the instruction extending over two hours.

During the periods of inclement weather, it was suggested that first aid work, salvage, knots and hitches and ventilation be studied. Cities having fireman at the training school are eligible for a credit, the Commissioner said, and the engineering department is in the process of adjusting key rates in these cities.

Mrs. G. H. Forehand of Weinert was shopping in town last Thursday.

Mrs. V. V. Williamson and Vonnie Besse of Goree, route two, were business visitors here last Thursday.

Mrs. U. E. Pyree of Weinert, was a visitor in town Tuesday.

## RIGHT OUT OF THE AIR

By EARLE FERRIS

MAX MARCIN'S new "Johnny Presents" series of original dramas, "Crime Doctor," being heard Sundays over CBS, calls for one of

the largest casts in radio, and more than 300 actors are on the casting list. Permanent member, to play leading feminine roles, is Jeanette Nolan, outstanding radio actress, pictured here. Ray Collins, who plays the title role, will also be heard each week.

Cecil B. DeMille has a new testing method for Radio Theatre productions. He takes recordings of former programs along on his yacht to entertain his movie star friends with an eye to picking the type of vehicles they prefer to appear in during the new season which starts Monday, Sept. 9 over CBS.

Most solid smash of the summer season has been scored by Jerry Lester, 29-year-old comic

who stepped from the night clubs to a starring spot on the NBC-Red network, Tuesdays. Signed for one guest appearance, then for three more, Lester, pictured here, has been signed for the entire summer series.

James Melton, handsome singing star of the Monday night "Telephone Hour," will be in the company of several very pretty as well as talented opera stars during his

Mrs. Quannah Gordy of Weinert, was shopping and visiting in the city last Saturday.

Mrs. M. T. Chamberlain and children of Benjamin were visitors here one day last week.

Miss Florence Freeland of Weinert, route one, was shopping in town Thursday.

Mrs. Vernon Jenkins of Weinert was shopping in town last Friday.

Carleton Struck of Goree route two, was a business visitor here Friday.

Miss Mary Davis returned to her home in Ada, Oklahoma, last Tuesday after some two weeks visit here with Dr. and Mrs. H. B. Douglas and daughter, Burnice. Miss Davis is Mrs. Douglas' sister.

Miss Geneva Jenkins of Weinert route one, was a visitor in the city Friday.

Mrs. F. C. Conwell of Goree and Mrs. C. E. Conwell of Bonarton were visitors here one day last week.

Pitzer Baker and son, Kenneth, were business visitors in Ft. Worth the first of the week.

Mrs. Ira Loving and Verna Mae and Welda Loving of Goree were shopping in town Monday.

engagements in the next few weeks. Among those with whom he'll sing are Lily Pons and Helen Jepson.

No studio guests are permitted at the broadcast of the new "Manhattan at Midnight" dramas. This suits the cast entirely as the performers prefer to be informal for tense dramatics.

Benay Venuta's comedy work with Abbott and Costello on their "Hour of Smiles," over the NBC-

Red network Wednesday nights, is nothing new for the singer. She has done comedy on practically every program on which she has appeared. Her last routines were with George Jessel.

Look for some Kostelanetz presentations of Hawaiian music on the air this fall. Conductor Andre Kostelanetz, always an enthusiastic student of all types of folk music, spent his vacation on the islands, worked out some streamlined versions of their native melodies.

It was "hello" and "good-bye" for Bob Burns in the Thursday night Music Hall when he returned

from his vacation. The "good-bye" was to Bing Crosby who left the hour show long enough to look after his Del Mar racing track which just opened its season.

Mr. and Mrs. W. A. Harris and family of Goree were visitors in town last Saturday.

Mrs. H. A. Marsh of Weinert, was a business visitor here last Saturday.

Mrs. R. L. Gaines and daughter, Florence, of Goree, route two, were visitors here last Monday.

Mrs. Wilbur Morrison of Faxon Okla., visited friends and relatives here last week.

Mrs. Gordon Shipman and Claudia and Bill Shipman of Vera were visitors in town last week.

Eva and J. T. Strickland of Knox City were in town last Monday, shopping.

Mrs. Paul Brogdon and daughter Emogene, of Knox City, route one, were business visitors here the first of last week.

Winston Blacklock of Vernon, visited his parents, Mr. and Mrs. B. L. Blacklock last Sunday.

### RETURNS TO ALBUQUERQUE

Miss Thelma Atkeison left last Friday for Albuquerque, New Mex., where she will teach again next year. She spent the summer months here with home folks. Before leaving she had the Times sent to her address during the school year.

## Rodeo Prizes Increased For Graham Fair

Rodeo prizes have been increased \$400 by the rodeo committee of the North Central District Fair and Rodeo, thus guaranteeing a show with better riders and performers. The show will be open to the world but will have special calf roping and wild cow milking events for amateurs.

The only admonition handed to Frank Rush Jr., arena director, is that he put on a better show than last year, which was Graham's first attempt at a large rodeo. With this

MISS MAE EDNA HARRELL Sponsoring North Central District Fair Rodeo, Graham, Texas

in mind, such contract talent as Elmer, and his work mule, from Pine Ridge, Arkansas, and Senor Guadalupe Partida, professional crarro from Monterey, Mexico, have been secured. Both these acts have been presented at the Madison Square garden Rodeo in New York and other nationally famous rodeos.

The program will consist of bronc riding, steer bull-dogging, wild steer riding, professional and amateur calf roping, amateur wild cow milking, and local and out of town girl sponsor's contests. The latter will consist of a flag race, in which the contestant will be graded on time, riding ability, horse, and appearance. First prize will be a \$75 dollar saddle.

Comedy will be handled by Elmer and through a Colorado Relay Race and a cheyenne Potato Race. Official greeter for the out of town contestants will be Miss Edna Harrell, who is sponsor for the North Central District Fair Rodeo. Two performances daily on September 20-21 will be held while a rodeo square dance will be given on the Fair grounds each night of the rodeo.

Misses Ruth and Ekhela Robinson of Goree were visitors one day last week.

Mrs. Tom Price of Goree spent Tuesday afternoon here, visiting friends and shopping.

Miss Fannie Isbell, Mrs. W. V. Tiner and Miss Margaret Tiner were visitors in Abilene on Wednesday of last week.

### FREAK PEACHES

J. F. Simpson brought The Times some small peaches Tuesday, which he said is the second crop this year for one of his trees. This particular tree, he said, is loaded down with these peaches.

The first crop of peaches, which were as large as teacups, has already been gathered. Simpson says it's the first time he's seen this happen in all of his 70-odd years of living.

As for those skeptical fellows who don't believe, he's ready to take you out and show you!

### Nickel-A-Bale War Chest For Cotton on Way

Pendleton Works This Section in Interest Cotton Movement

As a special representative of the National Cotton Council, H. A. Pendleton has completed his work in the northwest section of Texas in the interest of "100 per cent allegiance in cotton's total war for increased consumption."

Mr. Pendleton covered territory from the Oklahoma line south to Brady and west to the New Mexico line. He traveled better than 10,000 miles contacting cotton mills, cotton oil mills, ginners, warehouses and other cotton firms in an effort to further this campaign. He reported that 98 per cent of those contacted were favorable toward this plan.

The new plan, which went into effect August 1, calls for a defense fund of five cents on every bale of lint and three cents on every ton of seed, mobilized with the help of each of the five primary raw cotton interests. The movement is designed to "smash down the blitzkrieg of substitutes, surplus, and foreign competition" in the cotton industry.

Mr. Pendleton stated Tuesday that he had completed his work and will be at home in Munday in the future, looking after his ginning interests here.

Mrs. E. T. Honea and Donna and Aubrey Lee Honea of Weinert, were shopping in town Tuesday.

Mrs. Virgil Cowser of Goree was shopping here last Tuesday.

Mrs. R. E. Hutchinson of O'Brien visited friends here the first of last week.

Did I get the Horselaugh when I said electric rates had been cut in half!

YOU see, I work for the electric company and so the other night at a little party I got to sounding off about the way electric rates have been steadily reduced to about half what they were twelve or fifteen years ago.

Boy, did I get the horselaugh!

"Sure," says one of the fellows, "I suppose that's why my electric bill is higher than it ever was."

"Hold on," I said. "I know what's bothering you. Your bill is as big as it ever was. Maybe bigger. So is mine. But you forget we're using more juice. We didn't always have radios, refrigerators, clocks, and percolators, and irons, and maybe a dozen other things."

"That's not all," I said. "You not only get twice as much juice for your money. You get better service than you ever got. And what does it cost?" I ask. "For most of our customers it's less than a dime a day. Light, music, refrigeration, cool breezes, good coffee, hot toast, cool ironing, and it costs about a dime a day. It's the biggest bargain there is, and it's getting bigger all the time."

When we were saying goodbye on the porch I gave them one more shot.

"You not only get twice as much electricity for your money," I said, "but you cut your own rate every time you use more. The way modern electric rates are now, the more you use, the lower the price." So I say good night and what a good time I had.

P.S. It sure was a swell party! They asked me to come again.

Invite a visitor to West Texas—the Land of Opportunity

## I GIVE YOU TEXAS

By Boyce House

What is a Hollywood "story conference" like?

Well, "Boom Town" conferences were held in Sam Zimbalist's office, the producer presiding behind his big mahogany desk. Jack Conway, the director, would come in, seat himself in a chair in the corner, squirm around, get up, fold the chair cushion, sit back down, bending one foot under him and dangling the other over the arm of the chair. All of which consumed about three minutes.

But we weren't ready to start yet. Conway would begin squirming again and, in a querulous voice, would ask, "Sam, doesn't it seem cold in here to you?" So Zimbalist would pick up the phone and summon the assistant building custodian who would arrive with a miscellany of wrenches and a step-ladder and would work on the air-conditioning equipment for several minutes, then would remark:

"Mr Conway, your chair is right in front of the opening that admits all the cool air into the room; if you would move your chair to one side . . ."

And then we were ready to begin.

"Well, what did you think about Saturday's game?" Zimbalist would ask the technical adviser and I would oblige with a fine exhibition of broken field, Monday morning quarterbacking. "And how does our football on here on the coast," he would continue the examination, "compare with football back in Texas?" To which I would reply, "Well, if you eliminate from consideration the T.C.U. team of '38 and the Aggies of '39, Coast football compares rather favorably to the run-of-the-orchard teams in the Southwest Conference."

With these important matters out of the way, we were ready to talk about the story. The Chesterfieldian Zimbalist, only a time or two, ever got stirred sufficiently to rise to his feet and then he would talk rapidly while crossing and re-crossing the room in long strides. But not so the mercurial Conway. A former star of stage and screen, the red-haired Irishman would act out a scene, playing all the roles himself.

Say, for example, it was a quarrel between Big John and Square John, the two principal characters in "Boom Town," to be played respectively by Clark Gable and Spencer Tracy, Conway would leap to his feet and first he was Gable, then Tracy, with angry features and wild gestures, winding up with his face thrust into mine and his eyes as wide as wash-tubs. It was all I could do to keep from laughing as I thought, "This is a better show than lots I've paid 50 cents to see—and I'm getting paid for this one."

Zimbalist would say, "Imagine a convention of oil operators and write about what would happen and what they would say"—so I'd go back to my office, light my pipe, slouch down in the swivel chair, put my two feet two feet higher than my head, gaze at the palm trees—low, chunky ones in the foreground; tall, slim ones in the middle background and at the misty hills in the distance. After I had turned the matter over in my mind, I'd write out the assignment and turn it in.

At the next story conference, something would come up and I'd say, "But that's not consistent with the convention scene," and they would say, "Oh, the convention is out."

Then they'd say, "Why would a big Southwestern oil man want to move in on New York?" And I'd

## THE POCKETBOOK of KNOWLEDGE

### A HIGH LIVING STANDARD—

AMERICANS SPEND NEARLY A BILLION DOLLARS YEARLY ON GAMES, SPORTS, AND OUTDOOR LIFE

INDUSTRIAL RESEARCH IS NOW EXPLORING THE POSSIBILITY OF MAKING CIGARETTE PAPER FROM APPLE TREE PRUNINGS

IN CHINA SPINACH IS PICKED FROM BEATS—WHICH "GROW" ON THE SUCCULENT LEAVES

ONE U.S. CHEMICAL COMPANY ALONE BUYS COTTON VALUED AT \$1,500,000 ANNUALLY FROM THE FARMER

IT IS A RARE THING EVEN FOR A FISHMAN TO SEE A REALLY LIVE HERKING—THE FISH DIES THE INSTANT IT IS TAKEN OUT OF THE WATER—HENCE THE PHRASE "DEAD AS A HERKING"

go back and write it all out and then, at the next session, they'd say, "We've decided it would be more in keeping with our hero's character if he just moved in on New York for no reason at all."

But I did write a few passages of dialogue that stuck and pounded out the speech for Spencer Tracy at the climax of the play (that being no trouble as I've ghost-written Texas political speeches)—at least, some of my lines were still in the shooting script when I left. (I hadn't seen the picture when this column was written.)

Some times, I'd go three days—and once went a whole week—without anybody connected with "Boom Town" dropping by or phoning me or calling me into a story conference. But the salary check would be waiting just the same.

And, looking back on those three months and a half, not once did Zimbalist or the other executives utter an unkind word or even direct a sharp glance in my direction. That "Hollywood interlude" was an idyllic chapter in a turbulent journalistic life.

Ancient jokes: Remember the one about the fellow who was in jail and called out to a passerby, "What time is it?" and the other said, "What do you care—you ain't going nowhere?"

Maybe not quite so old (maybe): One man was in jail for stealing a cow; another for stealing a watch. The first, to have some fun, called, "What time is it?" But the other came right back, "I think it's about milking-time."

J. C. Walker of Knox City was a business visitor here Saturday.

Mrs. George Stout of Weinert, was a visitor in town Saturday.

Mr. and Mrs. G. R. Eiland returned home last Saturday from points in Missouri, where they spent several days vacation.

Mrs. J. C. Rice and her son, J. C. Rice Jr., of Seymour, left last Tuesday for points in Colorado and New Mexico on a vacation trip. While away they plan to visit Mrs. Rice's sister.

Mrs. M. E. Beatty and Mrs. W. W. Beatty of Goree route one, were visitors in town Saturday.

Mrs. R. L. Lambeth and Mrs. Felton Lambeth of Goree were here last Saturday, visiting friends and shopping.

Dr. R. L. Newsom and Jack Pippin spent the first of the week visiting in Austin.

Mr. and Mrs. George Spann of Abilene and Miss Ida Mae Spann left last week for points in Tennessee, where they are spending their vacation.

## Fall Checkup Of Tires Urged By Local Dealer

NINE DAY BUYING EVENT IS SCHEDULED TO INSURE GOOD TREADS FOR WET ROADS

For years it has been the custom of many motorists, looking toward Fall driving to use the period just preceding labor day to get his car ready for bad weather, since vacations for the most part are over and with them the long Summer drives have ended. Looking to his car's battery, cables, ignition system and especially to tires, has become an annual routine.

Coupled with this is the fact that tire engineers have proved through road and laboratory tests and observations, over a period of years that when new tires are applied to automobiles in cool weather, their owners gain as much as 20 per cent longer wear from them than would be the case were the tires applied in hot weather. Besides this, new tire treads are sharp and clean cut, providing necessary protection against skidding on wet pavements prevalent in Autumn.

Important news to car owners this year, J. E. Reeves, local Good-year dealer told The Times in an interview today, is that he will be able to offer Good-year G-3 tires with the All-American Tread that is protection against wet pavement skids, at a special price for the 6.16 16 size, which is what 70 per cent of the cars in service use.

"When they learn the price, which is but \$9.99, and that similar reduction apply to other G-3 sizes, those discerning car owners who want quality and appreciate it the more at lower prices, will certainly be interested."

"The tires," Mr. Reeves explained, "are protected by a life time guarantee, and the price includes turning in the consumers old tires." "Despite an increase in tire prices which took place in July, this nine-day offer is a very unusual departure in merchandising," said Mr. Reeves, "but is being made to give car owners an opportunity to do their part in helping make Fall highway driving safer, preventing these dangerous skids which are a big factor in the total accident toll."

Local car owners are invited to make use of the no-obligation, no-charge tire inspection which is offered at Reeves Motor Company, to anyone who drives in for it.

"Good tires with adequate treads is one way of insuring a reduction in highway accidents the rest of this year, by enabling drivers to stop their cars quickly when they need to," Mr. Reeves said.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Johnnie Tidwell are the parent of a daughter born at 11 a. m. last Sunday at the Knox City Hospital. Both mother and little daughter are reported doing nicely. The child has been named Mary Ione.

## Fair Hostess

The Harvest Queen Beauty Revue has become one of the brightest spots on the program of the annual North Central District Fair and Rodeo in Graham. This year, the entertainment committee has decided to open the Fair with a brilliant revue from which will be selected the reigning Queen for 1940-41. The Queen selected will be the Fair's representative at the state wide contest held at the State Fair in Dallas.

Young ladies from the twelve counties served by the Fair are receiving invitations from Miss Jo Annice Cornish, above, Graham's official sponsor. Miss Cornish was selected from 20 girls nominated this spring by the students of the Graham High School, and will be hostess to the visiting sponsors.

Miss Christine Tucker, teacher of physical education in the Graham schools, is chairman of the Revue committee.

H. L. Butler of Goree was a business visitor in town Monday.

HERE FROM SHERMAN Rev. W. R. Bryant and D. P. Morgan, who are attending school in Sherman, spent the week end here. Rev. Bryant filled his pulpit at the Presbyterian church, while D. P. visited his parents, Mr. and Mrs. D. P. Morgan, Sr.

Mrs. Earl Pruitt of Seymour was a visitor in Munday one day last week.

## NYA TO ESTABLISH TWO MORE AIRPLANE MECHANICS UNITS IN TEXAS

AUSTIN, August 29—With the establishment of two additional projects in Texas offering work experience in the fundamentals of airplane mechanics that type of training is moving rapidly toward the front among National Youth Administration Projects have been approved and action is being taken to set up NYA Airplane mechanics Projects at the Tyler Municipal airport and at the Rusk School at Dallas.

For this purpose a shop has been completed at the Tyler Airport to provide facilities for the instruction of thirty young men in the fundamental skills of airplane mechanics. With 50,000 square feet of floor space appropriated for the project in Dallas at Rusk School approximately fifty boys will have an opportunity to receive this work experience and related training. The United States Army will furnish the heavy equipment necessary for adequate instruction, and the NYA will provide the lighter machinery.

In keeping with the exploratory character of many National Youth Administration shop projects this basic course in airplane mechanics includes in addition to engine repair, the elementary phases of nine types of aviation training—theory of flight (aerodynamics), mechanical drawing, sheet metal work, welding fabric work, surface finishes, plat-

ing, foundry practice, and machine work. This phase of the NYA Program has been designed to be flexible enough to allow the qualified youth an extra measure of training in any one of the specialties in which he shows interest and proficiency. "NYA Projects in operation at this time," the state Youth Administrator said, "are located at Ranger, Fort Worth, Marshall, South Houston, Waco, and Canyon."

Mrs. Dan Routon and Nettie Eveyin of route two, Goree were visitors in the city Tuesday.

Mrs. Robert Alexander of Knox City visited friends here last Saturday.

Mrs. Otto Vaughn and Mrs. Ollie Vaughn of Weinert were visitors in the city Saturday.

Mrs. Cecil Burton and Billy Ebb Burton of Knox City were here Saturday.

HOME PRO HOSPITAL Mrs. J. A. Warren was brought home from the Knox City hospital last Sunday. She had been in the hospital for some two weeks, undergoing medical treatment, and is reported to be greatly improved.

Matt Coley of Weinert was a visitor here Saturday.

Mrs. W. S. Yates and Alma Yates of Goree were here Thursday, shop-
