

# The Munday Times

Volume 36

Munday, Knox County, Texas, September 26, 1940

Number 13

## LUNCH ROOM WILL OPEN MONDAY AT NOON

### Moguls Face Powerful Crowell Team Friday

#### Last Non-Conference Game; Haskell Is Next on Docket

The toughest game of the season thus far is scheduled for the Munday Moguls next Friday night, when they oppose the powerful Crowell Wildcats on Scruggs Field. The game is called for eight o'clock.

Crowell always boasts a strong team and this year's lineup is expected to be no exception although word comes from the Wildcat camp that only three of last year's regulars are seeing service on the team this year.

Not entirely satisfied with the way the Moguls have been showing up in the past two games, Conches Cooper and Hest have been giving them strenuous workouts this week in preparation for the tilt with Crowell. The Moguls are being drilled on both offensive and defensive play, as well as on kicking extra points, an important phase of the game at which they have been rather weak thus far.

Crowell has started the season off well, having played the strong Paducah team to a tie last Friday night. Relative strength of opposing teams is always problematical, but fans may rest assured that the Mogul-Wildcat tilt will be a battle from start to finish.

The Crowell game ends the non-conference schedule for Munday's Moguls. Their next game on schedule is with Haskell, which will be played at Munday on Friday, October 4, to officially open the Moguls' schedule.

Probable starting lineups for Friday night's game are as follows:

Player	Wt.	Pos.	No.
W. D. Hudgeons	153	l.e.	80
T. L. Owens	168	l.t.	94
Bob Spears	145	l.g.	93
Joe Wells	136	c.	89
Daniel Brisco	137	r.g.	73
Charlie Thompson	159	r.t.	87
Junior Haseloff	162	r.e.	90
A. Y. Olds	126	q.	75
Bill Ownbey	159	l.h.	45
Duane Capps	193	r.h.	50
Ralph Fleisher	134	f.	74

Player	Wt.	Pos.	No.
Red Stevens	180	l.e.	71
McGraw	190	l.t.	94
Denham	165	l.g.	70
J. Stevens	163	c.	92
Kitchens	180	r.g.	67
Walton	220	r.t.	72
Morrow	180	r.e.	68
Cadwell	160	q.	61
Patterson	149	l.h.	59
Moore	165	r.h.	60
Carden	126	f.	90

#### Creamery Moving To Clover Farm Store This Week

A. T. Voyles, manager of the Farmers Co-Operative Cream Station announced this week that the station is being moved to the Clover Farm Store. The station has been located in the Piggly Wiggly Grocery, which is now enlarging for a greater stock of merchandise.

Mr. Voyles solicits the patronage of all old customers as well as new ones, and assures them he will render the same type of service at the Clover Farm Store.

#### Plummer Edwards Injured as Battery Explodes Saturday

Plummer Edwards, operator of Edwards 66 Service Station, narrowly escaped permanent injury to his eyes last Saturday evening when a battery exploded, throwing acid into his eyes. He was bending over the battery examining it when it exploded.

He received medical treatment here and at Stamford, and it was Sunday afternoon before he regained his sight. Prompt emergency treatment is all that saved permanent injury to his eyesight, it was reported.

Mrs. Ida Davis left last Sunday for Stillwater, Okla., to spend the winter months. She has been visiting here for several weeks with her daughter, Mrs. E. W. Harrell.

#### To Entertain

Petite little Dixie Dunbar, pictured above, will be featured in the Cavalcade of Stars floorshow to be presented before the grandstand at the West Texas Fair in Abilene three nights, October 10, 11 and 12.

The brunette beauty is famous for her successes in moving pictures, and on Broadway. She will appear with Scat Davis' orchestra and a galaxy of other stars.

#### CEMETERY ASSOCIATION TO MEET ON MONDAY

The Cemetery Association will meet next Monday night at the city hall at 7:30 o'clock, it has been announced. A discussion will be held on present needs for the cemetery and the work being done there.

All who are interested in beautification of the Johnson cemetery are urged to attend this meeting.

#### Sunset School Closes Friday

The summer term of Sunset Rural Consolidated School was brought to a close last Friday, and school was dismissed for the cotton picking season. Teachers and students report a very successful summer term.

Sunset school opened on Monday, August 12th, and ran for a period of six weeks. Enrollment was pretty nearly the same as the number enrolled last year, it was stated.

#### Cotton Bagging Being Used Here

One method of consuming the Souths chief product, cotton, is being practiced by Farmers Union members of Knox county 100 per cent, according to an announcement made last week.

Peter Loran, president of the Texas Farmers Union, stated that members of local unions at Munday and at Rhineland are 100 per cent for cotton bagging and are having all their cotton wrapped in this bagging this year.

The second car of cotton bagging, consisting of 2,500 pounds, was unloaded here last week, and other cars will be received as they are needed to take care of the 1940 crop.

"Cotton is our main crop," Loran said, "and cotton bagging is our product. Let's use it."

#### Otis D. Simpson Is New Recruit In U.S. Marine Corps

Otis D. Simpson, Jr., son of Mr. and Mrs. Otis D. Simpson, Sr., of route two, Munday, joined the forces of the U.S. Marines in Dallas on the 12th day of September.

Young Simpson was transferred to the Marines base in San Diego, Calif., on the same date for recruit training prior to going to duty with the regular "Leather-necks."

Simpson attended school in Munday, and through the opportunities available to every Marine, he will be able to continue his educational studies at Government expense.

Mrs. Ulric Lea of Union Grove, was a business visitor here last Monday.

#### To Inspect All School Busses On October 8th

Anthony Hunt, new deputy state superintendent for this district, will be in Benjamin, and all busses will be in Benjamin last Saturday in conference with County Superintendent Merick McGaughey.

Mr. Hunt said the state department is going to expect all schools of the county to meet the state's requirements of having the highway department inspect all busses of all state aid schools.

Mr. McGaughey has made arrangements for Patrolman Conner of Wichita Falls to meet the drivers of busses and check their vehicles on Tuesday morning, October 8th, at ten o'clock. Conner will also make the drivers a talk on state safety regulations for drivers and busses. The meeting will be in Benjamin, and all busses will be taken there for inspection.

"Any bus drivers, whether state aid school busses or not, may avail themselves of this opportunity," McGaughey said. "I feel that it is well worth while for all drivers to meet Patrolman Conner, hear his safety talk and have their vehicles checked for safety."

#### Cake Sale On Saturday Night Huge Success

#### P.-T.A. Thanks Those Who Donated Cakes For This Sale

The cake sale which was sponsored last Saturday night by the Munday P.-T.A. was a big success, in spite of the inclement weather.

The association reports that \$23 was realized from this event, and would have amounted to much more had not the rainy weather hampered the event.

Members of the P.-T.A. are grateful to those who cooked cakes for this event, and publicly expressed their appreciation to everyone who cooperated to make the sale successful.

Those who prepared cakes are Miss Maude Isbell and Mesdames Jack Mayes, Pitzer Baker, Raymond Ratliff, Arthur Mitchell, Sebern Jones, Fred Broach, Grady Roberts, Lawrence Kinsey, B. L. Blacklock, Fidelia Moylette, Oates Golden, Chester Borden, John Ed Jones, Elmo Morrow, R. F. Morrow, Raymond Suggs, J. Arthur Smith, R. B. Harrell, Lee Haymes, Sied Waheed, Layne Womble, Bob Purfoy, Chester Bowden, Oscar Spann.

#### Knox County Hospital Notes

Patients in the Knox County hospital include: Mrs. W. C. Goodrich and son, Knox City; Mrs. E. S. Allen, Vera; Mrs. L. C. Vance, Goree; Mr. Clarence Webb, Rochester; Mrs. G. L. Pruitt, Munday; Mrs. H. M. Baird, Gilliland; Mrs. W. B. Sanderson, Knox City; Charles New, Truscott; Melvin Bryan, Munday; Mrs. Paul Horn and son, Gilliland.

Patients dismissed the past week were: Mrs. A. B. Patton, Weinert; Donald Lamond, Jackboro; William Wooley, Knox City; Betty Wirtz, Seymour; Mrs. Homer Ledbetter and son, Munday; Mrs. Cecil Oliver and daughter, Munday; Elmore Burton, O'Brien.

#### Births

Born to . . . Mr. and Mrs. Homer Ledbetter, of Munday, a son. Mr. and Mrs. Cecil Oliver, Munday, a daughter. Mr. and Mrs. Paul Horn, Gilliland, a son.

Mr. and Mrs. Sebern Jones and children spent Sunday in Mineral Wells with Sebern's parents, Mr. and Mrs. C. B. Jones.

#### A Patriot's Appeal

In a posthumous message to the American people, the late Gov. James Stephen Hogg urged the preservation of democratic ideals by upholding the third term tradition, and endorsed a Constitutional Amendment to limit a presidential administration to two terms.

#### Howard Myers Is Injured Sunday In Car Accident

Howard Myers, son of Mr. and Mrs. Roe Myers of the Sunset community, was seriously injured in a car accident near Lubbock last Monday. Details of the accident have not been learned.

Howard is in a Lubbock hospital with a serious injury to his spine, and his mother is at his bedside. Mr. Myers and Roscoe Partridge visited him at the hospital Tuesday, and said his condition remains serious.

Howard is the star player on Sunset's 6-man football team who was injured in a game here last season.

## Subsidy Payment 85,582 This Year

#### Texaco Service Station Handling Seiberling Tires

Vincent Lane, manager of the Texas Station, has announced that a deal has just been closed whereby he has taken over the well known Seiberling tires, and they may be found at the Texaco station in the future.

Special prices are announced on the Seiberling Challenge tire this week, and Vincent says these low prices are available for a limited time only. He invites motorists to inspect this tire before buying.

#### Skating Starts At Grade School Gym

Skating was started on the grammar school gymnasium at Munday last Saturday night, and will be held regularly twice weekly throughout the fall, Tuesday and Saturday nights.

Seventy-five pairs of skates have been procured by the Board of Education for recreational skating. Music is being planned for the skaters and afternoon sessions will be started for one or two afternoons per week, including Saturday.

#### NEW POSTMASTER TAKES OFFICE AT KNOX CITY

B. C. Anderson, newly appointed postmaster at Knox City, took over the duties of the office on Monday of last week. He received his appointment several weeks ago. Anderson replaced J. A. Wilson, whose term expired and who served as postmaster at Knox City for eight years. Chad Wilson, who was Mr. Wilson's assistant, has been retained by Mr. Anderson.

#### NEW '41 FORD IS ON DISPLAY Bauman Motors Gets Tudor Model

"The Big New 1941 Ford" is now on display at Bauman Motors, local dealers. E. H. Bauman received the new model, a 2-door deluxe, last Saturday night and it has been placed in his showroom.

The new model is the biggest Ford ever built, inside and out. It's wider, has a longer wheelbase, and its seating room is wider by as much as 7 inches. It has new wide doors and semi-concealed running boards.

One of the biggest advantages, the dealer says, is the new soft ride. New, slower-action springs give a slow, gentle, gliding movement and the newly designed stabilizer helps absorb road shocks and maintains balance on sharp curves and in cross winds. More rapid acceleration to match its familiar speed and power makes the new Ford an even livelier car to drive.

Mr. Bauman invites the public to come in and inspect this new model.

#### Keep Your Records

Farmers are again urged to keep an accurate record of their cotton ginnings. Their cotton yield per acre is based on their actual production, and unless their production is correctly reported to the county agent's office, some error will result.

The AAA payments are based on the yield per acre, and farmers should by all means keep records, County Agent Rice stated.

Mack Haymes left last week for Arlington, where he entered North Texas Agricultural College for the school year. His father, Lee Haymes, took him to Arlington.

#### Weinert Farmer Takes Own Life

W. R. (Bill) Bettis, prominent farmer of the Weinert section, was found dead at his farm home four miles northwest of Weinert last Monday afternoon at about three o'clock.

S. L. Coggins, justice of the peace at Weinert, returned a verdict of "death from gunshot wounds self-inflicted." County Attorney Walter Murchison and members of the Haskell sheriff's department assisted in the inquest.

Shortly after he and Mrs. Bettis had returned from Haskell, Mrs. Bettis went into the kitchen to prepare an afternoon meal. She heard a shot and rushed into the living room to find her husband on the floor with a bullet wound in his right temple and a pistol lying beside him. He died almost instantly.

Mrs. Bettis summoned Clifford Williamson, a neighbor, and a physician from Weinert.

Bettis was serious hurt in an automobile accident last spring. His neck was broken and he wore a cast for several months. Relatives believed he had recovered, and they could give no motive for his act.

Survivors are the widow, a small daughter, Marie; his parents, Mr. and Mrs. P. B. Bettis, Sr., of Stamford; a sister, Gladys, and a brother, P. R., Jr., all of Stamford.

Funeral services were held Tuesday, with burial in the Willow cemetery, Haskell.

#### Records Crowds Expected For Church Day

#### October 6 Designated As Church Day

With plans going steadily forward for the observance of Sunday, October 6th, as "Go To Church Day," all pastors of Munday are expecting record attendance at the various churches for this day.

All churches of Munday are cooperating in this movement, which is a nation-wide movement, and all citizens are urged to attend the church of their choice on that date.

A number of business men have been approached on the matter of closing their places of business for the morning service on October 6. All who have, of necessity, been open for business on Sunday have expressed a willingness to cooperate.

"We believe everyone should work toward making this a significant day in Munday," the pastors said, "and we urge everyone to lay aside business matters and pleasure trips and come to church on Sunday, October 6th. You'll find your friends there, and you will be blessed by having attended your church to worship with these friends."

#### Munday Oil Mill Running Full Time

It was announced this week that the Munday Cottonoil Company's mill in Munday has started full time operation. Different shifts of workmen are employed so the mill can operate under 24-hour a day schedule during the busiest of the season.

All workmen employed at the mill received their required medical examinations last week.

The Munday Cottonoil Co. employs a number of workmen during the cotton season, and this payroll means quite a bit to Munday.

#### TO FEDERATED MEETING

Mrs. T. G. Bengt, Mrs. Orb Coffman of Goree, Mrs. John Ed Jones and Mrs. Don Ferris attended the federation day program held in Stamford last Wednesday. They represented the Munday Music Club at the meeting.

#### LEAVES FOR TECH

Willard Bauman, who recently underwent an appendectomy at the Knox County hospital, left Wednesday for Lubbock where he enrolled in Texas Tech for his senior year. His father, E. H. Bauman, took him to Lubbock.

#### Equipment For Kitchen Termed As Adequate

#### Around 200 Students To Take Meals At Lunch Room

The Munday High School lunch room sponsored by WPA has been training ten workers all this week in preparation for the opening Monday noon. There will be from 150 to 200 pupils and their teachers in attendance. The kitchen has been equipped with four stoves, cooking and dishwashing units, a counter and four tables.

The money for meals for the ensuing month will be taken by the teachers this week. This money will be turned over to a designated teacher in each school and they in turn will give it to Supt. Coley, who with Mrs. Reeves, will pay the bills for the food that is bought. Mrs. Reeves will act as the buyer for the food and she will buy from local stores in alphabetical order so that each store in turn may get their rightful share of the business.

Mrs. Jewel Lea, County Lunch Room Supervisor, will plan all meals and supervise this and other lunchrooms in Knox county.

The Lions Club and the Chamber of Commerce will begin a drive to raise the money for equipping the lunch room soon. The P.-T.A. held a cake walk last week and plan a rummage sale this week to help raise their part of the expense money.

It is hoped that all patrons will visit the lunchroom to see the new equipment, say those in charge.

Each worker holds a health certificate and has had a blood test. Their food-handlers certificates will be exhibited in the lunchroom. The dishes are thoroughly sterilized and only the best food will be served.

"From all indications we will have one of the outstanding lunchrooms in this section according to equipment and food. Patrons should be proud of what they have helped accomplish. Teachers will supervise the students during lunch period; and will also collect the pay for the lunches at the first of every month. Several children who are needy and undernourished will be fed free of charge. The first month will contain 24 days at 7½ cents a meal, which will amount to \$1.80 for each student."

#### Wife of Officer Nabs Peeping Tom

(From the Amarillo Globe) The wife of an officer last night set an example for other women who must stay at home alone at night to follow.

When Mrs. C. O. Layne, wife of Highway Patrolman Layne, saw a man peeping in at her she first called the station, then her next door neighbor, and she did not turn on a light.

Mrs. Layne then joined the neighbor in capturing and holding the window peeper until officers arrived. The irony of the situation was that Patrolman Layne and Bill Abbot happened to be at the police station when the call came in, and six minutes after the call Layne radioed the dispatcher that the peeping tom was under arrest and on his way to the police station.

The man was jailed and charged under the city's new ordinance setting a maximum fine for window peeping at \$200.00.

Both Patrolman and Mrs. Layne are well known in Knox county. Mrs. Layne is a daughter of A. L. Martin of Goree.

#### County Schools Get Transportation Aid

The state aid schools of Knox county received \$1,310 in transportation aid, it was announced Tuesday by County Supt. Merick McGaughey. This represents 16 1-4 per cent payment on last year's transportation aid grant from the state.

"This is the final payment," McGaughey said, "the state paying 91 1-4 per cent of transportation requests to the state aid schools of Knox county."

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On"—

## ALIEN REGISTRATION

In accordance with the Alien Registration Act of 1940, about 3,500,000 aliens now in the United States must appear at designated post offices for registration and fingerprinting, and also answer for record 15 questions which are to be asked.

Registration was started August 27 and must be completed by December 26. For willing failure to register or falsification of replies to the questions, the penalty is \$1,000 fine or six months in jail. Aliens found to be illegally in this country are liable to deportation.

Among the questions is one regarding the alien's activities during the past five years, and another respecting affiliations with organizations devoted in whole or in part to "influencing or furthering the political activities, public relations, or public policy of a foreign government." One question requires a statement of the criminal record, if any, of the alien, except minor traffic violations.

Earl G. Harrison of Philadelphia, appointed director of the registration, says the enforcement of the law will not carry any stigma or implication of hostility toward aliens who are loyal to this country and its institutions. It will, however, give officials a better means of checking up on those whose presence in the United States is a menace to our national safety.

Unfortunately this law does not reach those who enjoy American citizenship yet are disloyal to the country which affords them freedom and protection.

## PEACE PARACHUTISTS

The use of parachute troops has been tried in war with varying success, but the United States Forest Service has been training a group of parachutists for use in time of peace. This new force will be composed of fighters, too, but they will fight fires instead of human beings.

It is estimated that an average of about 172,000 forest fires occur in this country each year, resulting in a loss of timber valued at between 50 and 60 million dollars. Much of this loss might be prevented if the fires could be attacked quickly when they start, and thus prevented from spreading over wide areas.

Observation towers throughout the large forests have been of great value in enabling lookouts to locate fires promptly, but even when they are thus located it is often impossible to cover rough or mountainous country in time to stop their spread. It is to enable fire fighters to reach a beginning blaze more quickly that the parachute force, to be dropped near the fire by airplanes, is being tried.

In experiments already made, the parachutist carries a light portable radio for reporting the progress of the fire, and a coil of rope to enable him to descend safely if he lands in a tree. Fire fighting equipment is dropped near him by another parachute. Officials of the Forest Fire Service believe that this system can be developed so as to prevent much fire damage that would otherwise occur.

## 1940 CENSUS FACTS

Data gathered by the 1940 census enumerators last April are being sorted and compiled into usable form by more than 7,000 workers in the Census Bureau in Washington, who still have a large task ahead of them.

Preliminary figures concerning the present population of many cities or other areas are being given out. One of the most striking facts revealed by the census, but one which was not unexpected, is that during the last 10 years the population of the United States has increased only 8 per cent, the smallest rate of increase in any similar period in the nation's history. Between 1920 and 1930 the increase was about 18 per cent.

If the present trend continues, it is estimated that the country will reach its highest population peak about the year 1980, with 158 million people. The 1940 census will show about 132 million.

After 1980, unless some now unforeseen factor enters into our national life, it is believed that the country's population will actually begin to decline, because of a diminished birth rate.

We have more old people and fewer children than we had 10 years ago, and there are fewer children today in the elementary schools. Later on both high school and college enrollments may be expected to decline.

As usual, census-takers this year found poor parents have more children on an average than well-to-do parents. It will probably always be so.

The portion of the steel sales dollar going for taxes last year was 40 per cent higher than in 1929.

Gasoline by-products, formerly wasted, are now being made into resins which find widely varied uses, including the manufacture of airplane fuselage, bottle stoppers, and even dental plates.

Last years' taxes on 183 representative American companies amounted to \$611 for each of the more than six million jobholders.

A recent study of noted inventors benefiting from the American patent system showed that one out of six came from farm families.

It is predicted that 25 per cent of the textiles that will be in general use five years from now will be made from materials not now available.

## THE MUNDAY TIMES

Published Every Thursday at Munday

Grady G. Roberts, Editor, Owner and Publisher  
Aaron Edgar, News Editor  
Harvey Lee, Foreman

Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.

SUBSCRIPTION RATES: \$1.50 in first zone, per year; \$2.00 in second zone, per year.

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

Education has for its object the formation of character.—Herbert Spencer.

## INDUSTRY DOES ITS JOB

Frankly, we occasionally get a little tired at all the learned debating as to whether or not our armament program in the United States is really moving ahead.

If anyone really wants to take the trouble to look at the facts, he will find that industry is engaged in defense production at a fairly good rate, everything considered; and that it would be speeding along even faster if a number of artificial obstacles were removed from its path.

Key figures in the picture have already testified to the intensiveness of industry's efforts to make this country secure. Here, for instance, is what Robert P. Patterson, Assistant Secretary of War, says:

"In fairness to industry I should add that to my knowledge industry has cooperated thoroughly and wholeheartedly with the War Department, just as it did in 1918 . . ."

Next, the remarks of General Wesson, Chief of Army Ordnance:

"We have had the finest cooperation . . . The spirit of American industry is absolutely fine and patriotic . . . I do not think they are out to make any unreasonable sum of money."

And General Brett, Chief of the War Department's Material Division, comments:

"The army would have been entirely out of luck if it had not been for the fact that industry was willing to take a chance. Today men have as much as \$1,000,000 over and above normal facilities invested in material and machinery, tools, and so forth, in anticipation of the work they are going to do for us, although they do not have a signed order."

Meanwhile, the New York Times has quoted the President himself as satisfied with industry's attitude. There is, Mr. Roosevelt says, no evidence of dilatory tactics by industry . . . he is satisfied with the progress of materials of many types, including airplanes . . . he flatly declares that industry is not holding up the defense program because of a desire for excessive profits.

The testimony of these men who are in a position to know the facts and tell the truth bears witness to the effect that industry today recognizes the gravity of the country's need, and in characteristic American fashion has not paused to weigh the pros and cons of the matter as cautiously as most of its detractors would have done in a similar case!

## HE FEARED THE OUTCOME

The late Senator Borah of Idaho was truly a great American—sometimes wrong, which is the common lot of humankind, but able to comment upon significant facts with intelligence and the force of real logic. In one of his last addresses to the Senate, in the early days of this year, Senator Borah offered an analysis of legislation to conscript industry that has developed even more pertinence today than when it was first spoken.

Borah's remarks themselves are the most powerful kind of an editorial to confound those who would give government complete control over all the processes of production. We think you'll agree when you've read his words:

"If we could do what is provided in this bill because of an emergency . . . then we could also provide, in case of an emergency, for the suspension of the Bill of Rights. We would prohibit free speech, free press and the right of trial by jury . . ."

"Mr. President, Democracy is having a pretty tough fight with arbitrary power and with arbitrary governments . . . Such legislation as now proposed and the seizure of every opportunity to discredit democracy and democratic processes, hastening at all times to advertise the efficiency and the necessity of arbitrary powers, are telling most against democratic principles and democratic processes . . . the glory of the Bill of Rights is that it is a restraint upon government as well as upon individuals."

Thus the eloquent "final words" of a great legislator serve to remind us that political assumption of power does not stop halfway—and that the next step after the drafting of property is the drafting of free thought and everything else that democracy values most highly!

## GEMS OF THOUGHT

It is the temper of the highest hearts to strive most upwards when they are most burdened.—Sir Philip Sidney.

## THE SWORD OF DAMOCLES

## THEY SAY!

"The place to defeat radicalism and spendthrift policies is at the polls where senators and representatives are nominated and elected."—David Lawrence, editor, The United States News.

"The death sentence provision of the utility law is the first really far-reaching attack on the American system of private ownership ever made."—David Lawrence.

"I want to congratulate the people of Texas upon the election of so many good men as Senators and Representatives to the next legislature at Austin."—Governor W. Lee O'Daniel.

## PROTECT TEXAS WHEAT STANDARDS

Steps are being taken to avert the possibility of a decline in the Texas reputation for growing good baking varieties of wheat.

Concerted effort is being made by various educational organizations to encourage the planting of adapted high quality varieties of wheat for the purpose of maintaining the high reputation that Texas wheat enjoys on the market. The reputation of Texas wheat can be maintained only by the production of high quality varieties as Kanred, Tenmarq, and Turkey, which fortunately are among the best yields.

Pledging its aid to the movement to encourage the use of good varieties of wheat, the state AAA committee, meeting here, expressed the opinion that an effort should be made to establish a differential in the Commodity Credit Corporation loan rates on the Chiefkan, Early Blackhull, Superhard Blackhull and other poor varieties of wheat.

"It is too late to do anything about it on the 1940 loan," Charlie Thomas, state committeeman and wheat grower from Pampa, declared, "but a lower loan rate for the poorer varieties might be requested in the future if Texas producers continue to plant such varieties."

Thomas emphasized that nothing could be done about loan rate differentials against the poorer varieties of wheat this year but declared the committee would pursue the matter further before next year's loan is announced.

A State Park Romeo wrote the following note:

"Dear Jane: Pardon me, but I'm getting so forgetful, I proposed to you last night, but really forgot whether you said yes or no." He received this reply: "So glad to hear from you. I knew that I had said no to somebody last night, but couldn't remember who it was."

Slogan of the Burkburnet Star is: "Liked by many, cussed by some, read by everybody."

## Plunkett Motor Freight Lines

## Gems Of Thought

Instruction increases the inborn strength, and right discipline increases the strength of the heart.—Horace.

We understand best that which begins in ourselves, and by education brightens into birth.—Mary Baker Eddy.

Enlighten the people generally and tyranny and oppressions of both mind and body will vanish like evil spirits at the dawn of the day.—Thomas Jefferson.

Real knowledge, in its progress, is the forerunner of liberality and enlightened toleration.—Lord Brougham.

Mere knowledge is comparatively worthless unless digested into practical wisdom and common everyday sense as applied to the affairs of life.—Tryon Edwards.

## 40,000 TRENCH SILOS FOR 1940

It seems like he might be stretching it a little, but E. R. Eudaly, dairyman with the Texas A. and M. Extension Service, looks for 40,000 trench silos in Texas by the end of 1940.

At that he has a pretty good basis for his estimate. In 1931 there were 18 trench silos in the state. By 1933 there were 435; by 1935, 1,187. From then on, by years the story is 1936, 5,841; 1937, 9,483; 1938, 17,948; and 1939, 28,831.

To reach the 40,000 estimate, Texas farmers and ranchmen will have to build 11,169 trenches over and above what they did in 1939.

Eudaly admits that the weather from now on will have a lot to do with it. For instance, an early freeze might kill several hundred thousand acres of late sorghum, and make it almost worthless for grain or bundle feed. On the other hand, experience has shown that frostbitten feed makes good silage.

Hen houses are being 'air conditioned' in California, where evaporator type coolers capable of holding the interior under 90 degrees as compared with outside temperatures ranging upward to 110 resulted in lowered mortality rate among hens and raised egg production 11 per cent.

## SPECIAL AAA PROGRAM GETS RESULTS

Wind erosion control and moisture conservation are tough problems in the far northwest corner of Texas, but farmers in seven Texas counties for the past year have been working in an organized way to solve them.

For in those seven counties—Dallam, Deaf Smith, Hansford, Hartley, Moore, Oldham and Sherman—the farmers have adopted a special AAA program requiring co-operators to earn all payments by carrying out soil-building practices. The special program was devised by the farmers themselves with the cooperation of the Extension Service and the AAA to combat wind erosion and lack of moisture in their areas.

A summary of reports from six of the seven counties shows that 5830,000 acres are being protected from blowing by leaving a cover of stubble at least six inches high on the land until the next spring, while 575,000 acres are being protected by contour listing or pit cultivation of cropland.

Other practices adopted in these counties are contour farming of intertilled crops, 51,579 acres; leaving a natural vegetative cover or small grain stubble of crops on the land, 184,653 acres; contour seeding of small grains, 112,296 acres; border planting of Sudan grass, sorghums or millet, 27,940; strip-cropping, 42,186; and deferred grazing, 77,000 acres.

In addition, 161,847 acres of cropland has been restored to grass, AAA records show, although part of this acreage was put back in grass under the regular program prior to the adoption of the special program.

This is the second year of operation of the special program in Sherman county, while the other six counties are using it for the first time this year. Farmers in six other Texas counties will be given the opportunity to consider adoption of the special program this year.

## SANTA FE CARLOADINGS

The Santa Fe System carloadings for the week ending Sept. 21, 1940, were 21,506 compared with 23,368 for the same week in 1939. Received from connections were 6,592 compared with 6,705 for the same week in 1939. Total cars moved were 28,098 compared with 30,073 for the same week in 1939. The Santa Fe handled a total of 27,070 cars during the preceding week of this year.

The number of farms served by electricity in the United States increased more than 90 per cent from 1932 to 1938, with more than 1,400,000 farms reached by electricity in the latter year.

# WEINERT SCHOOL NEWS

## Weinert vs Peacock

The kickoff was at three o'clock sharp, and Peacock chose to receive.

In the first quarter both teams were struggling desperately to make a touchdown, but nothing really happened until the last of the second quarter.

The ball was in possession of the Bulldogs and it was on the 22-yard line. The Bulldogs came out of the huddle with lots of chatter. The signals were called, and it was a line plunge over center. "Earthquake" Ammons got through and ran 22 yards for a touchdown. The Bulldogs also made the extra point with a line plunge.

We are proud to say that the Bulldogs won with a score of 7 to 0. Both teams did some real playing, and we wish to congratulate the boys from Peacock in that they certainly gave our boys some real competition.

## Sophomore News

Friday night, September 20, our class was entertained with a lawn party at Mrs. Palmer's home.

We enjoyed the games Miss Montgomery directed, especially "Who Sir, Me Sir?" "Coffeepot" and the "Magic Game" which was very difficult for some of us to learn.

Our sponsor, Mrs. Palmer, and a room mother, Mrs. Perrin, served refreshments.

The Freshman class had a weiner roast Thursday, September 19, at the roadside park. Twenty members of the class were present and the following mothers: Mrs. Taylor, Mrs. Aycock, Mrs. Bettis, and Mrs. Honea. Games were played, and marshmallows and weiners were roasted.

## F.F.A. Elects Officers

The Weinert chapter of Future Farmers met at noon Tuesday and elected the following officers:

President, Bernard Cooley.  
Vice President, Philip Cadenhead.

Secretary, Clay Griffith.  
Reporter, Cooper Rutherford.  
Parliamentarian, Alfon Dunnam.  
Historian, Harlan Weinert.  
Watch-dog, Grancer Jenkins.

The above pledged themselves to their offices and to do their best in the coming year.

## Present

As you enter class the teacher is taking out his record book and beginning to call the roll. Each in turn answers with the word

'present', or 'here.' It is interesting to note the many ways in which the word 'present' is used. John answers with a loud and thunderous 'present.' Mary answers with a meek and low-toned 'present.' After five or six have answered by saying present, someone gets smart and answers with a 'here.' The next present doesn't like 'here' and uses 'present' that seems to say "I'm here, but I wish I wasn't," or "I'm here, start asking me questions." The next one who doesn't like the teacher, answers with a 'present' that has the sound, "Well, can't you see, what do you wear 'specks' for?" And then there are those who answer with a present that merely means "I'm here."

## It Really Happened

Time—Seven minutes after class bell.

Place—Civics Class.  
Mr. Davidson (with that ever-present grin): Raymond, I'll give you a hundred if you will recite the American Creed.

Raymond: We the people of the United States . . .

Mr. D. (interrupting): This is one good grade you'll get. I didn't think you knew it.

## Precious Time

Mr. Allen was telling his Public Speaking class the principles of radio programs. The more he talked, the faster he got. Finally it became impossible to understand him.

Clarence jumped from his chair and cried—Sold to the American Tobacco Company.

## Long Live the Star Spangled Banner

"I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation, indivisible with liberty and justice for all."

The pride of any soldier is the banner which he follows. With the American soldier it is Old Glory that makes his heart swell with pride and patriotism. That patriotism can never die; nor can the Star Spangled Banner ever fall.

At the present time the American public is thinking more than ever before about the prospect of losing the Stars and Stripes forever. The common civilians will pray and work to keep the Symbol of Freedom; the combatant soldier will fight and die to keep it.

Friend, had you ever considered being forced to salute the Nazi swastika; had you ever thought about the possibility of being forced to work gratis in some fiendish concentration camp for nothing whatever in return?

We who live here in liberal America do not have any idea what it means to live through the hell which Belgium, Norway, Denmark, Holland, Poland, and France are now enduring. We think we know, but we can only imagine; we can only know for certain how it feels if and when Herr Hitler and Signor Mussolini conquer the United States of America and the morale of our citizens.

Pledge your unqualified allegiance to the American flag. You are a true and energetic people, Americans; do not let the Flag of our country down.

In the very near future all of us are going to be asked to make sacrifices for the survival of America. This fact is indisputable. After the deadline, talk will be in vain; ensuing will be the bloodiest struggle the world has ever witnessed. And most of that blood will be the blood of American youth who fall before the blows of a hostile army.

Prepare, American people, for the inevitable. Give yourself voluntarily to the righteous cause for which America stands.

If you are to be a non-combatant, then be a good non-combatant; have impregnable morale, and pledge allegiance to the flag of the United States. If you are to be a soldier then be a good soldier; have the will to fight and be prepared to die.

We must all . . . pledge allegiance to the flag of the United States of America and the republic for which it stands, one nation, indivisible with liberty and justice for all."

## Senior Elect Staff

Last Wednesday the senior class had a meeting for the purpose of electing the staff for the school paper. The staff included the following:

Editor-in-Chief, David Sanders.  
Assistant Editor, Delphia Lain.  
Feature Editor, Grancer Jenkins.  
Boys Sports Editor, Joe Gray.  
Girls Sports Editor, Juanita Gordy.

Joke Editor, B. L. Melton.  
This is a school paper. It will be what we students make it. We beg of you, as members of the staff, to contribute as much as possible. Let us make it a paper everyone will enjoy, and one of which we will be proud.

## Initial Necessity

Place: English III classroom.  
Time: Morning of book-report examination.

Characters: Philip Cadenhead and Junior Walker.  
Philip (taking his seat with a look of despair): I couldn't get a

book to make my report.

Junior: Why couldn't you get one?

Philip: They had all been checked out.

Junior: Why don't we ask for donations for buying more books for our library?

Philip: Aw, people get tired of making donations, and it wouldn't do any good.

Junior: That's what they are doing at Haskell.

Philip: Well, their schoolhouse burned, and they lost theirs.

Junior: Well, we never did have any, so what's the difference?

The Weinert School band paraded in town Friday afternoon and performed for the spectators just before the game began. After forming a circle and playing three march tunes directed by Mr. Allen, the teacher, they returned to school and played during the football game. Our new drum-major, Peggy Palmer, directed the maneuvers.

## Pep-Squad

The pep-squad has elected their leaders, co-leaders, and mascots. The leaders are: Margie Cooper, Bernice Pickering, Ioma Logsdon, and Frances Reagan. The co-leaders are Evelyn Gordy, Gloria Kane, Louise Taylor and Martha Jean Aycock. Some of the girls have their suits made. We hope to have them all made by Friday. We are practicing to do our part to help beat Lueders.

## SUREST WAY

"What is the best way to approach you for a loan?"

"Well, if I were you, I'd make the request by telephone, then hang up before you received the answer."

## These Stories Sound Fishy

Corydon, Ind.—Fishing to pretty Alice McGrain, 20-year-old art student at Miami University, is duck soup.

Here to spend the summer vacation with her parents, she rowed upstream from their camp on Big Indian creek, baited her hook and prepared for an hour of quiet fishing.

Abruptly, a 13-inch bass leaped out of the water and landed with a thud in the bottom of the boat.

Miss McGrain simply took off a slipper and dealt the fish a fatal blow with the heel.

She told her story to an unbelieving cousin, Jeanette Rowe, 15, and offered to show her where it had happened. As the two rowed to the spot, Miss McGrain said: "It was right here."

The words hardly had been spoken when another bass of almost the same size leaped out of the water and landed with a thud in the bottom of the boat.

Used to the routine by this time, Miss McGrain took off the slipper and dealt the fish a fatal blow. "Now maybe you'll believe me," she told her cousin.

Greenville, Miss.—C. C. Neal hung his catch of two small bream over the side of the boat and, wishfully trying for bigger game, began to angle. His arm grew tired, but he got no more fish.

Resigned to packing home the poor catch, Neal pulled in the two bream. And then he found a four-pound bass had swallowed one of the small fish and couldn't get

loose.

Hopkinsville, Ky.—How two water moccasins cooperated to kill a 1 1-2 pound fish they had pulled from a lake is told by two fishermen who watched the five-minute battle.

The witnesses—City Prosecutor W. E. Rogers, Jr., and John Winfree—say one of the snakes held the fish in its coils while the other butted the fish with its head. Several times the fish flopped free, only to be trapped again and butted until finally killed.

What the snakes did with the fish, too large for either to swallow, remained a question. They dragged it away. The fishermen were unable to follow.

Mr. and Mrs. Carl Mahan and children of Abilene visited with Mrs. Mahan's mother, Mrs. E. M. Wilson, and other relatives and friends here over the week end.

Woodrow Bragg, government cotton classifier who is stationed here, was a business visitor in Abilene over the week end.

Dr. and Mrs. N. C. Farrington of Fort Worth spent a few days here last week with Dr. Farrington's mother, Mrs. W. P. Farrington, and other relatives. They came for the wedding of Arthur Smith, Jr., and Miss Lucille Neff.

Wade Mahan and S. Vidal Colley were business visitors in Haskell last Monday morning.

Mrs. C. C. Wright and son of Mentone, Texas; Mrs. C. E. James and son of Seminole, and Mrs. Leon Reagan and daughters of Spur visited their mother and grandmother, Mrs. Etta Webb over the week end. They also visited their brother, B. Tom Webb, and family of Knox City.

Mr. and Mrs. Don Ferris were in Seymour Sunday, attending the wedding anniversary dinner of Mr. and Mrs. Will Yoe.

Mr. and Mrs. Aaron Edgar visited Mr. and Mrs. W. J. Bridge and Mr. and Mrs. Roy Rogers near Quanah last Sunday.

## ANNOUNCEMENT

I will be at the Terry Hotel in Munday, Texas, Tuesday, October 8, from 8:30 a.m. to 11:30 a.m. Next trip Tuesday, October 22. If you have any trouble with your Eyes, Ears, Nose and Throat, or need Glasses—consult me there on that date, or call at my office at any convenient time.

# Announcing the big NEW FORD 1941 FORD

In some years, some cars take a big jump ahead. *The Ford does that for 1941.*

It has jumped ahead in size. It's the *biggest Ford* we've ever built, *inside and out. It's wider.* It has a *longer wheelbase.* Its seating room is *wider* by as much as 7 inches. It has *new wide doors* and *semi-concealed running boards.*

You'll notice also a new beauty, achieved by a skilful blending of mass with *longer flowing lines.* *Larger windshield* and *windows* give better vision all around.

One of its biggest advantages is the *new soft ride.*

New, slower-action springs give a slow, gentle, gliding movement. A *newly designed stabilizer* helps absorb road shocks, and maintains balance on sharp curves and in cross winds.

*More rapid acceleration* to match its familiar speed and power makes this new Ford an even livelier car to drive.

These are only a few of this new car's outstanding features. It represents all the rich experience gained in building more than 28 million motor cars.

Any Ford dealer can give you many good reasons for making this your 1941 car.

Get the Facts and You'll Get a Ford!

## Breakfast Given To Open Season For Music Club

Formally opening the fall season, the Munday Music Club held a breakfast at the Munday Study Club's clubhouse last Friday morning honoring the new president, Mrs. Orb Coffman of Goree.

Mrs. W. E. Braly greeted the guests. The receiving line was composed of Mrs. Don Ferris, Mrs. Coffman, Mrs. Travis Lee, Mrs. S. E. McStay and Mrs. Carl Jungman. Autumn flowers were featured in decorations for the table.

Miss Fannie Isbell, Mrs. C. P. Baker and Miss Hylen Holloway gave the program.

Mrs. Ferris presented Mrs. Coffman, who introduced the new members; Mrs. Tom Paul Frizzell, Mrs. Fred Broach, Jr., Mrs. W. W. Rice, Mrs. Gene Harrell, Mrs. Helen von Baumann and Miss Eugenia Gentry. Mrs. D. J. Brookreson of Benjamin and Mrs. Joe T. Hext were elected to membership.

The new president also outlined the new year's work.

New officers of the club were recognized. They are Mrs. Don Ferris, first vice president; Mrs. W. R. Moore, second vice president; Mrs. W. E. Braly, recording secretary; Mrs. John Ed Jones, corresponding secretary; Mrs. P. V. Williams, treasurer; Mrs. L. M. Palmer, critic; Mrs. T. G. Bengel, telephone, and Miss Fannie Isbell, publicity chairman.

Other members of the club are Mrs. Billy Cooper, Mrs. Louise Ingram, Mrs. M. H. Reeves, Mrs. W. M. Taylor of Goree, and Mrs. H. A. Longino, honorary member. The singing of "God Bless America," the newly adopted club song, closed the morning's program.

## J. M. Railsbacks Celebrate Wedding Anniversary Sunday

The children of Mr. and Mrs. J. M. Railsback surprised their parents with a dinner on Sunday, September 22, in the home of Mr. and Mrs. R. L. Brown.

Mr. and Mrs. Railsback had been married 39 years.

All the children were present. They were: Charlie Railsback and family of Goree; Mrs. Howard Peek and family, Goree; Mrs. Beacher Peek and family, Seymour; Floyd Railsback and family, Vera; Mr. and Mrs. James Bright, Munday; Miss Pearl Railsback, Vera; Granule Bright of Arkansas, and Mr. and Mrs. R. L. Bright and family of Munday.

## Wesleyan Service Guild in Meeting For Installation

Members of the Wesleyan Service Guild of the Methodist church met last Monday night for the installation of newly elected officers.

Following the installation, Mrs. Joe Bailey King, new president, completed the appointment of various committees. The organization will hold regular meetings on Monday night of each week.

Members present included Mesdames M. B. Bounds, Joe B. King, Layne Womble, Cecil Cooper, Levi Bowden, Oscar Spann, Rupert Williams and Misses Ruth Baker and Merle Dingus.

## Sunday School Class Has Annual Chicken Barbecue

The Willing Workers Sunday school class of the First Methodist church held their annual chicken fry on Wednesday evening of last week on the lawn of Mr. and Mrs. Paul Pendleton's home.

Forty members and several guests were present to enjoy the food prepared over the barbecue pit.

This class is one of the most active in the Methodist Sunday school, and its members invite those who are not attending Sunday school elsewhere to attend the interesting studies held in this class each Sunday.

## New Deal Club Enjoys Luncheon In Mayes Home

Mrs. Jack Mayes was hostess to members of the New Deal Club at a covered dish luncheon at her home on Wednesday of last week. After the luncheon several games of bridge were enjoyed.

Members and guests present were: Mesdames Wade T. Mahan, J. C. Harpham, Helen von Baumann, Grady Roberts, Carl Jungman, W. M. Huskinson, Sebern Jones, Lawrence Kimsey, W. M. Mayo, Miss Louise Atkinson and the hostess.

## Bridge Club Has Meeting Tuesday In Pendleton Home

Mr. and Mrs. H. A. Pendleton entertained the Monday Night Bridge Club in their home last Tuesday night.

High score honors went to Mrs. W. R. Moore and Grady Roberts. Refreshments of pumpkin pie and coffee were served to the following members and guests: Mr. and Mrs. C. P. Baker, Mr. and Mrs. Fred Broach, Mr. and Mrs. W. R. Moore, Mr. and Mrs. Grady Roberts, Mrs. Paul Pendleton, Mr. and Mrs. Arthur Mitchell, and the host and hostess.

## Auxiliary Ladies Hold Meeting On Monday Afternoon

The Ladies Auxiliary of the Presbyterian church met for their regular social hour in the home of Mrs. Don Ferris last Monday afternoon.

Mrs. Ferris gave the devotional, and Mrs. Fred Broach, as leader gave a most inspiring talk on the topic: Home Missions.

Mrs. Winston Bryant discussed the program of Synods and Presbytery's mission work.

After the program, Mrs. Herbert Barnes, who recently moved to Haskell, was complimented with a handkerchief shower.

Mrs. Martin Singleton of Anson, director of religious education of the Fort Worth Presbytery, was a guest and expressed her appreciation of the Auxiliary's work.

## HERE FROM SAN ANGELO

Mr. and Mrs. Guy Rutherford and children of San Angelo spent the week end here visiting with relatives and friends. They returned home Sunday evening.

WANT your house wired. Ceiling drops \$1.75, switches or plugs \$1.85. All work guaranteed to pass government inspection. Will appreciate your business. Clarence Jones, Goree, Texas. 12-2tp

SEWING WANTED—Let us do your slip cover, upholstering, etc. See us at once, or call 69, Mrs. A. U. Hathaway and Mrs. Addie Layne. Mrs. Layne will be in Munday a few weeks only. 14-2tc

## Church Wedding At Twilight Unites Lucille Neff and Arthur Smith, Jr.

A twilight wedding at the First Methodist Church in Munday united Miss Lucille Neff and Arthur Smith, Jr., two of this city's most prominent young people, last Thursday evening. Rev. S. E. Stevenson of Goree, uncle of the groom, read the beautiful ring ceremony before an altar of woodwardia fern and white chrysanthemums, flanked by candelabra.

Mrs. Louise Ingram played the wedding music and also the accompaniment for the pre-nuptial solos by Mrs. Harley F. Goble of Wichita Falls, who sang "For You Alone" and d'Hardelot's "Because." The bride was given in marriage by her cousin, Dr. Nolley C. Farrington of Fort Worth.

The bride, entering on the arm of Dr. Farrington, wore an ivory satin gown with a fitted lace bodice. The neck was square and the sleeves glove-length. The full length skirt fell into a train. Her veil was of illusion and rose point lace worn with a seed pearl tiara. She carried an arm bouquet of gardenias and lilies of the valley.

Serving as bridesmaids were friends of the bride made while she attended Baylor university. They were Peggy Stone of Nacogdoches; Barbara Smith of Van Horn and Elsie Fay Barron of Wichita Falls. Their dresses were of periwinkle taffeta and they wore corsages of American beauty asters. Nell Harris of Amarillo, cousin of the bride, was maid of honor. Her corsage was of Talisman roses.

Barton Carl of Goree was best man and Tol Ware II of Amarillo, cousin of the bride; and Fred Broach, Jr., of Knox City and Carroll Blacklock of Littlefield were ushers.

Mrs. R. Holbrook Neff, mother of the bride, was attended in a black marquisette frock with which she wore a corsage of white gardenias. Mrs. A. A. Smith, mother of the bridegroom, wore a gown of soldier blue and a corsage of Talisman roses.

## RECEPTION HELD

Immediately following the ceremony, a reception was held in the home of Mrs. R. H. Neff, with Mrs. Helen von Baumann, Mrs. Paul Pendleton, Mrs. W. M. Huskinson, Mrs. Fred Broach, Jr., of Knox City, and Mary Couch of Haskell and Louise Atkinson, assisting hostesses. The colors of periwinkle blue and white were used throughout the reception rooms and one the lawn where the refreshments were served.

The bride is the only daughter of Mrs. R. Holbrook Neff. She is a graduate of Munday high school and Baylor university. Mr. Smith is the only son of Dr. and Mrs. A.

A. Smith. He also graduated from Munday high school and attended Texas Christian university. He is engaged in the farming and ranching business with his father. After a short wedding trip, the couple will live in Munday.

## Freshman Class Has Picnic At Cartwright Park

About 30 members of the Freshman class of Munday High School accompanied by Mr. and Mrs. Howard Cobb, class sponsors, and Mrs. Worth Gafford, Mrs. Edgar Jones, Mrs. Jennings Barton, and Mrs. Ardelle Spelce, room mothers, went to Cartwright Park Monday night for a picnic.

Games were played and then sandwiches, cakes and punch were placed on the cement tables for the group.

Room mothers surprised the group with the cakes and punch. Transportation was furnished by members of the class. Hulen Montgomery, class president, appointed all committees for arrangements.

## Pioneer Circle Meets Thursday With Mrs. Nelson

Members of the Pioneer Circle met on Thursday, September 19, with Mrs. Nelson. Quilt blocks were pieced during the meeting. Twelve members were present.

The next meeting will be held on Thursday, October 3, at the J. R. Burnison home. Mrs. Burnison and Mrs. Russell will be hostesses.

## Girl Scouts Hold Meeting Tuesday

The Munday Girl Scouts met Tuesday afternoon in room four in the elementary building and Miss Dorothy Crawford, captain, had charge of the meeting. The girls discussed possible projects for the year and decided to sponsor a nursery for the P.T.A. on regular P.T.A. meeting days.

A picnic was planned for Saturday evening at the city park. Fourteen girls were present at the meeting and the next meeting is scheduled for Tuesday, September 24, at four o'clock.

Orrin Joe Bowden, a student in Hardin-Simmons University in Abilene, visited home folks here over the week end.

1941 Ford DeLuxe Coupe. Like the rest of the Ford line for 1941, it is longer, wider, easier to drive, with added beauty of line and finish.

## Home Making Club Names Its Officers

The Home Making Club of the 1940-41 season met Tuesday afternoon and organized. The dues for the year are 25 cents. Each and every girl of high school is asked to join this club.

The following officers were elected: Flora Bell Ratliff, president; Evelyn McGraw, vice president; Patsy Mitchell, secretary and treasurer; Dixie Atkinson, parliamentarian; Sue Stodghill, reporter; Polly Silman, song leader, and Lola Jones, publicity chairman. The club will hold its next meeting on Wednesday afternoon, October 9.

## THE SUMMER CLUB

The Home Making summer club plans to hold its achievement day on Tuesday, October 1. Each mother whose girl took part in this project is invited to attend.

The program will begin at four o'clock. After a short program a buffet supper will be served to the girls and their mothers.

## MOVE TO JONES FARM

Mr. and Mrs. Jim Lewis announce this week that they have moved to the Alex Jones farm, 8 miles southeast of Munday, where they are now making their home.

Mrs. A. T. Pace will return to her home in Alba this week end after a two weeks visit with her mother, Mrs. McElya.

## Irvin Cobb to Speak at Houston

Irvin S. Cobb, famous Kentucky colonel and humorist, will fly from Hollywood to appear at the No-Third Term rally at the Coliseum in Houston Friday night, Sept. 27. He will divide time with Hon. Samuel B. Pettengill, Hoosier author and former Democratic congressman from Indiana. Announcement of the rally is made by Elwood Fouts, senatorial chairman from the Sixteenth district.

Payne Shannon of Sunset and Billy Arthur Lee left last week for Arlington, where they enrolled in North Texas Agricultural College for the school year.

## GIRLS SERVE BREAKFAST

The girls in Homemaking served a breakfast, Saturday morning, September 21, to the Music Club at the club house. Flora Alice Haymes said, "I know we made some mistakes, but we enjoyed serving and the experience will help us do better the things we want to do." Cora Jean Martin acted as hostess. She was assisted by Florone Pippin, Margaret Womble, Juanice Jones, and Mary Jo Cox.

## DIST. SUPT. HERE

Rev. T. M. Johnston of Stamford, district superintendent of Methodist churches of this district, was here Wednesday conferring with officials regarding church matters.

# Moguls Conquer Seymour by Score of 20-0

## "Red" Stevens Leads Attack

### Moguls' Power Drives Gets "Pay Dirt" On Three Occasions

Coaches Billy Cooper and Joe T. Hext watched their powerful charges, the Munday Moguls, turn on the heat at Seymour last Friday night to defeat the Seymour Panthers to the tune of 20 to 0 in the Moguls' second non-conference game of the season. Three long marches by the Moguls were pushed into "pay dirt" by sheer power over the lighter and inexperienced Panthers.

Raymond Carden and Red Stevens were the spark plugs of the Munday attack, and they showed up well on their slashing running game. Stevens did lots of the running and most of the kicking during the encounter.

Taking the Panthers' kickoff, Carden and Stevens opened a 60-yard drive down the field to within a foot of the goal, and Carden went across the goal stripe. Stevens booted the extra point.

Soon after the next kickoff, Munday took a Seymour punt and pushed the oval to the one-foot line again. Stevens rushed it over, then having his punt for extra point blocked, he picked up the pigskin and crossed the goal

line for the added point. Seymour's defense stiffened in the second half, and the game was played on more even terms until the fourth stanza. A bunch of line plays were followed by a long pass from Moore that put the ball in scoring position. From this point, Stevens drove the needed two yards for the counter.

Substitutions were frequent—Coaches Cooper and Hext giving some of their second string men a chance to play, and Coach Orr trying to halt the Mogul drive. "They're trying to gang us," said Cedric Harrison, announcer, as a mix-up in substitutions left 12 Moguls on the field, for which they drew a 15-yard penalty.

Munday held an edge in first downs, 6 to 3, and gained 140 yards to Seymour's 96. Seymour completed two passes for 23, one incomplete, one intercepted; Munday had three incomplete, one good for 30 yards.

Seymour punted three times for 104 yards, while Munday had to punt only once, for 45. Munday had 5 penalties for 50 yards, Seymour 5 for 25.

Nicholson and Thornhill led Seymour's efforts against the Moguls.

## At The Churches

### FIRST PRESBYTERIAN CHURCH

God has blessed our church richly and we are steadily growing day by day under His leadership. The Sunday school membership is growing also. We want every member of our church to be a member of the Sunday School too. If you have never been to our Sunday School, then will you not come out this next Sunday at ten o'clock and study God's Word with us? Let us study together that we may know Gods will more perfectly and become more useful Christians in His service.

The mid-week service was held in the home of Mrs. D. G. Hambrick Wednesday evening at eight o'clock. Those attending these services in the homes of the people are being blessed and have occasion to see how the Gospel will first spread by the early disciples. We feel that the place for the Gospel is not only at the church house but it must be taken into every home and the family altar must be established again before Christ can truly live with His people. We invite all our people and our friends to attend these services.

The pastor hopes to be able to announce a schedule of where these meetings are to be held in the near future. If you would like to have a Christian service held in your home among your friends and discuss your problems and Christianity then let the pastor of this church know. He will be only too glad to come at any time and be of any service that he can. Let us preach the Word together.

We invite you to attend church Sunday morning at eleven o'clock. A cordial welcome awaits you and a blessing may be yours.

Winston R. Bryant, Pastor

### FIRST BAPTIST CHURCH

Let us keep in mind that the first Sunday in October is National Go To Church Day. May we make our plans now to find our way that day to a place of worship. All services next Sunday at the usual hours. We will observe the Lord's Supper in the morning service. You are always welcome to any or all of our services.

W. H. Albertson

Mrs. Cecil Cooper visited her husband in Lubbock last Wednesday. Cecil is employed in a shoe store there.

### FIRST METHODIST CHURCH

There is a general feeling throughout the land that America needs a "Back to Christian Principles" movement. Not just something else to form a new organization around, but a turning toward our churches and every day Christian living as a kind of pledge to God that we have had enough of our waywardness and want to know a better way through life. There is no question but that the teachings of Jesus adhered to would bring a new day morally, socially, and economically through clean living. The feeling is in the air and is taking form through numerous attitudes and purposes molded into actions. May God grant us a new day in thinking and purpose to the end that we may know that "Man does not live by BREAD alone." The material things seem to be betraying us, or vanishing when we seem to be most reliant on them. Any one who is not moved to deep thoughts now should have their thinker in the repair shop for inspection, at any rate. It might be that the church does not have what the general public needs in each instance but it is a pretty sure guess that most people could find something both to give in service and receive to their benefit.

October 6 is our national "Go to Church Sunday." Won't you hold that date open for worship services? Even the stores that are prohibited by law to stay open on Sunday could give a few hours and sustain no loss financially. Even though one might lose a few dollars, a clear conscience is worth something. Your friends will be looking for you at church Sunday.

## Funeral For W. D. Parkhill Is Held on Friday

### Is Killed When Struck By Automobile East Of Haskell

Funeral services for W. D. (Bud) Parkhill were held last Friday afternoon at four o'clock from the Gillespie church, with interment being made in the Gillespie cemetery. Parkhill was killed instantly Wednesday night of last week on the Haskell-Rule highway seven miles west of Haskell when he was struck by a car driven by Jimmy Roberts, young Haskell county farmer.

William David Parkhill was born January 7, 1887, and was 53 years, 8 months and 11 days of age. He had recently been employed as a cook in the Hap Smith cafe at Rochester. Accompanied by Joe Scarbrough of Rochester and E. E. Williams of Haskell, Parkhill was enroute to Haskell when Scarbrough's car ran out of gas. The three were standing beside the stalled car when the automobile driven by Roberts approached and Parkhill was hit when the oncoming car sideswiped the parked vehicle. The victim suffered severe head lacerations and fractures of both legs and his left arm. None of the other occupants of the two cars were hurt.

Roberts stopped immediately, and an ambulance was summoned from Rule and officers were notified. Roberts said he failed to see the parked car in time to avoid hitting it.

Olen Dotson, Haskell sheriff, said after investigating the circumstances the accident was unavoidable, and that no charges would be filed in connection with the wreck.

Parkhill is survived by several children and one brother, Ernest Parkhill of Knox City.

### MOVE TO MUNDAY

Dr. and Mrs. Jim J. Roberts of Goree have moved to Munday to make their home. At present they are at home at the Sessions Apartments. Dr. Roberts, chiropractor, has his office over the First National Bank.

Mr. and Mrs. Grady Roberts spent the week end in Byers, Texas, with Mr. Roberts' mother, Mrs. A. Roberts, and other relatives.

Mr. and Mrs. Riley B. Harrell and daughter, Joan, attended the circus in Wichita Falls last Friday.

Mr. and Mrs. Dave Mauldin and family of Abilene visited relatives and friends here last Sunday.

County Supt. Merick McGaughey of Benjamin was a business visitor in the city Tuesday.

Tom Haney of Wichita Falls was here Wednesday, attending to business matters.

## Munday School News

The picnic planned by the Girl Scouts for Saturday evening at 6:30 was turned into a party by a sudden downpour of rain at the scheduled time for departure for the park. Miss Crawford, captain of the troop, invited the girls in for a party at the home of Mrs. Billy Cooper. Parlor games were played by the group, and the picnic supper was served in the dining room.

Those attending were: Helen Haynes, Sue Haynie, Sue Barton, Latrece Johnson, Larue Johnson, Betty Jane Snody, Noraline Moylette, and Martha Ann Reynolds, members. Visitors present were: Ruth Baker and Myra Jonson of Crosbyton, and Miss Crawford.

### Third Grade News

The children in the third grade are working out a farm unit. We are making a miniature farm on our sandtable. The boys have built a house, a barn, a windmill, chicken coops, and fences. They are going to paint them this week. The animals for our farm are to be molded from clay.

We are also making booklets about farm life. We have designed the covers for our booklets with potato printing.

We are having a good time and enjoying our work. We invite you up to see our farm when we get it finished.

These pupils of the third grade met with the following experiences this week end and are very much the same as those we have read about in our readers "Billy Boy on the Farm."

John H. McClaran almost fed himself to the cows instead of the hay he was throwing from a trailer—for he fell overboard.

Bobby Joe Lawson visited his cousin in Stamford and they went to a farm and saw a combine.

Sonny Boy Williams visited on a farm and helped milk the cows. He also met Mr. Billy Goat, who butted him over.

### First Grade News

We are still working on our playhouse. Today we finished putting the roof on the house. George Spann says he is going to be a real carpenter like his father, and he is showing marked ability in that direction. Herbert Wayne Ford showed the children how to make chairs for the house.

Carolyn Hardegrege and Robert Jones and Joe Bob Barnhill went Friday night and say the many queer animals and other interesting sights at the circus. Carolyn said, "It was more fun."

Robert and Joe Bob enjoyed the clowns most; while Carolyn had much to say about the acrobatic and aerial stunts. "The queen of the air was wonderful," she mused.

Perry Reeves has just returned from a trip to Fort Worth where he visited his cousins. While there he attended kindergarten with Joyce, his cousin. Also he bought an American flag pin.

Other members of the class told what they did over the week end. Doyle Purifoy went to the airport at Wichita and saw a big airplane. George Spann went to Abilene to the zoo and saw bears, lions, and monkeys.

Thomas Franklin caught grasshoppers and put them in a box. La Veta Gehrels went to the

park. Glynn Weaver pulled bolls. Janet Harrison helped her mother clean house. Loys Gray pulled bolls, washed dishes for her mother, and went to the show.

Bobbie John Jones was ill over the week-end so he didn't have a very good time.

Marjorie Hill and Norma Smith had company and made pictures. Joe Bob Barnhill and Lynn Reynolds visited briefly with their teacher at her home Friday afternoon.

Wilma Hamilton went to a picnic at the church.

### Second Grade News

Mildred Lovell enrolled in the second grade Monday morning. She had been going to school at Bomarton.

Junior Howeth visited in Goree Sunday.

Patsy Peek went to her grandmother's anniversary party at Sunset.

Royce, Loyce and Joyce McGraw went to the city park. They had fun.

Juanita Browns sister is visiting her from California.

Charles Elmo Morrow went to Seymour Saturday on a shopping trip.

Alfred Ben Guinn came back to school after a two weeks visit in Greenville. We are glad to have him come back again.

We are making a story book. We call it "Our Own Stories." There are five stories in it now. Here is one of the stories we have written:

About A Squirrel  
A squirrel has a bushy tail. Squirrels eat nuts. They store nuts for winter. They bury some in the ground and put some in hollow trees.

Squirrels chatter when they talk to each other. We think they are clever.

J. B. Stevenson of Wellington was a business visitor here last Tuesday.

## Medical Group In Meeting Here

Members of the Knox-Baylor-Haskell counties medical society held their regular monthly meeting here on Tuesday night of last week. This was the first meeting since June, it being voted at that time to discontinue the meetings during the summer months.

The doctors met at the home economics cottage, where their luncheon was served by the home economics department of the Munday schools.

Visiting doctors who took part on the program were Dr. C. A. Wilcox and Dr. W. B. Whiting of the Wichita Falls Clinic Hospital.

Members of the association present were Drs. F. E. Hudson, E. P. Bankley and Ike Hudson, Stamford; O. J. Emory, Rule; Temple Williams and Frank Scott, Haskell; T. P. Frizzell and T. S. Edwards, Knox City, and D. C. Eiland and R. L. Newsom, Munday.

Mr. and Mrs. Isham Brown and daughter of Wickett, Texas, visited with Mrs. Brown's mother, Mrs. Ora Collins, and with Mr. and Mrs. Howard Collins and other relatives here over the week end.

**SCHOOL CLOSURES AT RHINELAND**

The Rhineland Public school closed six weeks of summer term last Friday, according to an announcement made by Supt. John J. Hoffman. The school opened early in August, and ran for a period of six weeks.

The school vacation period will continue for several weeks, in order that students may help their parents during the cotton picking season.

Teachers at Rhineland, other than Supt. Hoffman, are Billie Faye McGraw, Dorothy McGrath and Genevieve Albus.

**Paving of Knox City Road Started First of Last Week**

Actual work was started last week on the Munday-Knox City highway last week by J. A. Barnhill, contractor of Turkey.

For several weeks, since highway workmen and those employed on the R.E.A. lines in the county have been coming to Munday, the city has been faced with the problem of housing those who are making their homes here while work on these projects is under way. Every available house and apartment house in Munday has been taken, it is reported, with many wanting places to live who could not secure them.

The paving now under construction, consisting of 3.77 miles, will connect with the paving two miles east of Munday and will run to 6.25 miles of Knox City.

Two carloads of gravel to be used on the project arrived in Knox City last week.

Paul Jones is enrolling for aviation training at Randolph Field, San Antonio.

**Goree Students Leave For Work In Various Colleges**

A number of Goree students left last week to enroll at various colleges and universities of the state for the fall semester. Among those leaving were the following:

Charles Arnold, Marjorie Arnold and Lorena Cowser, North Texas State Teachers College, Denton; Joe Clifford Butler and Randall Butler, Weatherford College; Raymond Butler, Texas Tech; Francis Mayfield, Decatur Baptist College; Edward Goode, McMurry College, Abilene; and Betty Monette Becknell, John Tarleton College, Stephenville.

**TEXAS OUT-O-DOORS**

Austin, Texas.—Texas is enjoying one of its best dove hunting seasons in many years, according to reports received from throughout the state by the executive secretary of the Game Department. Hunting was excellent in most parts of North Texas after the season opened there Sept. 1. A cold snap about Sept. 10 drove some birds south, but most of them apparently did not travel far and the central and southern portions of the state are getting their share of good sport.

An excellent breeding season and a plentiful supply of weed seed and other food for the birds has brought Texas one of its best dove seasons in some years. Following the suggestions of the Game Department, more farmers are each year allowing vegetation to grow in their fence rows and are planting food stuffs for game birds. Others are leaving a row or two of small grain standing on the edges of their fields.

**Raccoon Suckles Dog**  
A dog in Liberty County has an unusual family. In addition to her several puppies, she is suckling a small raccoon. The young coon gets as much attention from the dog as does her puppies, according to the state game warden who reported the existence of the unusual family to the executive secretary of the Game Department.

**Javelina Caught in Traffic**  
Houstonians are still wondering just how a javelina, the only native wildhog in North America, found its way onto the streets of Houston recently. The javelina was dodging in and out of traffic during the morning rush hour when it was finally caught by F. L. Dodson. It was presented to the

Houston zoo. Just where the wild hog came from is still a mystery. Most javelinas in Texas are found in the southwest portion of the state, a considerable distance from Houston.

**Fishing is Better**  
With the coming of cooler weather, fishing is reported better from many parts of Texas, according to the executive secretary of the Game Department. Texas lakes and streams have been stocked with many millions of fish this year and much stream and lake improvement work has been carried on by the Game Department's aquatic biologists.

Persons who put away their fishing tackle with the coming of cool weather are missing some of the best angling during the year. Fishing is generally better over a large portion of the day when the temperatures do not run so high. Many ardent anglers put away their tackle with the coming of hot weather and are just now starting to get it out of the mothballs.

**Skunk Tackles Terrapin**  
Whether a skunk which was recently seen attempting to bite the head of a terrapin was trying to get a meal or was merely playing with it like a cat does a mouse is problematical.

The skunk was watched for a half hour by a state game warden. Frequently it would hold the terrapin down with one foot while attempting to bite its head every time the terrapin came out of its shell. Then the skunk would back off and quietly watch for the terrapin to emerge. The "game" was still going on when the warden drove away.

**The Wages of Sin**  
While Game Department wardens have not been able to gather sufficient evidence to prove a case, it is believed a headlighting deer hunter came to grief recently in East Texas by being shot in the knee by his companion on their illegal hunt. The accident appeared to happen in this manner: Both the hunters were in the same field. The light carried by one failed to operate properly and he sat down to overhaul it. The other hunter, seeing something reflected in his light and believing it to be deer eyes, blasted away. His companion went to the hospital with a knee shattered by buckshot.

**Aviator by Necessity**  
Farmer: "You're a brave boy to come down with a parachute in this gale."  
Billy: "I didn't come down with a parachute. I went up with a tent!"

Little Tommy had been to church for the first time. When asked what his impressions were he replied: "The scenery was lovely, the chorus was quite good, but the comedian, oh, he was terrible!"

Mr. and Mrs. Howard Collins, Miss Delores Campbell and Mrs. A. L. Smith were visitors in Wichita Falls last Thursday.

Mrs. Ray Holcomb came in last week to join her husband who is the new superintendent of the Munday Compress. Mr. and Mrs. Holcomb are making their home at the J. C. Campbell residence.

Modern Electric Service Is CHEAP in West Texas

**WE CAN THANK OUR LUCKY STARS ... and stripes**

SCHOOL BELLS are ringing for American boys and girls.

Electric service is another good example. Electric service brings us light, music, refrigeration, easy washing, cool ironing, good coffee... for only a few cents a day.

Not only does electric service give us more of the good things of life but it brings them to us at a steadily lowered cost. Because of your increased demand for electricity, and our economical operation, electric rates during the past twelve or fifteen years have been cut about in half. And you can automatically reduce the average rate you pay still further; the more electricity you use each month, the lower your average rate will be.

The employees of your electric company are proud to be members of an industry that has always been among the leaders in giving the public more and better service for its money. And we are grateful to you for your help in making our efforts succeed.

INVITE A VISITOR TO WEST TEXAS "The Land of Opportunity" **West Texas Utilities Company**

**PURE BRED HEREFORD CATTLE**  
**For Sale at Auction**  
**TUESDAY, OCTOBER 1**  
**MUNDAY SALES RING**

There will be offered at auction on Tuesday, October 1, by the B BAR ANCH of King County, Texas, ten head of Hereford bulls, two and three in age, all guaranteed by the Ranch to be pure Hereford blood, from registered cows and bulls, and the majority of them registered already.

These bulls are just exactly the right age for a life of use. They are thoroughly used to living on pasture lands, wheat fields or stalk fields, are gentle and can be fed at the lot or barn. They will not "blow up" like a pampered bull, because they have lived all their lives under pasture conditions.

They are not going to be cheap, but they are going to be reasonably priced—far below what the "show" bulls bring at auction. However, they are in good flesh, are a good weight, and even on the market would not be "cheap" bulls. If you want good ones, ready for stock farm or ranch use, come to our Tuesday, Oct. 1 sale and you will not be disappointed in these cattle.

All these bulls carry the customary livestock producer's guarantee that they are without damage or blemish.

Come to this sale and see these bulls—they might be just what you want.

**Munday Sales Ring**  
Munday, Texas

## I GIVE YOU TEXAS

By Boyce House

It all depends upon the point of view, as Grandpa used to say:

One time when I was in town and walking along with a kill-joy named George, he kept up a running fire of criticism of the men who drove by in their automobiles. (This was back when cars were not so common). "Look at 'em," he'd say, "all reared back, feelin' better than folks that have to walk, as much as to say, 'Git outta my way!'"

Well, a friend happened to see me and he stopped and invited us to ride in his big touring car and we accepted. He turned around to say something to George and looked back just in time to keep from hitting a pedestrian.

"I'll have to be more careful," the driver remarked. But George, sitting back on the cushions, said, "Let the so-and-sos look where they're going."

Readers of these weekly vapo-rings may recall previous mention of Brann Garner, Ranger theatre manager. The latest story is that the banker called on Garner and said, "I've employed a new man in a business enterprise of mine. I'm paying him that his services justify but he is going to make the town a good citizen and I wish you'd issue him a season pass—he won't use it often but would make him feel welcome in Ranger."

"Of course," Garner replied. "By the way, I have a young fellow working for me; I can't pay him as much money as I'd like to but he is a mighty good citizen and I wish you would give him a bank account down at your bank. He won't write checks very often—not more than once or twice a week . . ."

"You win, you win," said the banker, waving his arms and backing out the door.

Lobby of Hotel Texas in Fort Worth is in the grand manner that was customary until a few years ago when hotel-builders started designing lobbies with the dimensions of band-boxes and oversized telephone booths. A big lobby suggests an equally broad hospitality and, if there is a hotel in the state with as large a lobby as the Texas, I've missed it. Above the balcony is a high-vaulted ceiling, the whole scene flooded with light which makes for easy reading of your newspaper or for readily recognizing friends. And I've never gone in there but what I've seen at least one familiar face. Cattle-men, oil men, business men, prosperous farmers, traveling men and just travelers—they fill that football field-sized lobby, because Hotel Texas in Cowntown is the meeting place of Texas.

There was a young man from the city Who met what he thought was a kitty.

He gave it a pat, Saying 'nice little cat,' They buried his clothes out of pity.

### PHILL-UP WITH PHILLIPS 66

Gasoline and Oils

Edwards '66' Station  
AT ISBELL MOTORS

The joke-of-the-month is the one about a Mr. Cohen who called every day for a week at Buckingham Palace to see the king. At last he was ushered in and gave the monarch this advice: "Ring, if I yuz you, I would put Canada in mine wife's name."

And L. B. Mayes of the Whitney Messenger wonders why the "old joke" contest missed this one: "Frist Drunk: 'Do you know John Smith?'"

Second Drunk: "No; what's his name?"

First Drunk: "Who?"

Most popular tune at the moment in the taverns is a melancholy ditty entitled "All You Have Left Me Is A Worried Mind."

Postmaster Dick Brown of Pioneer, one-time oil boom town in the corner of Eastland county, gives curb service, sells stamps and money orders on credit and hasn't lost two bits by it, writes Jack Scott of the Cross Plains Review.

"Our nation rose with Roosevelt—why wilt with Willkie?" asks hard-hitting Frank Harrison, Corpus Christi Press editor.

## LOCALS

Douglas Dozier of Benjamin was a business visitor here the first of this week.

Miss Maggie Lee Harwell and Mrs. Rogers Gilstrap of Haskell were visitors in Munday last Friday.

Earl Garrett, Jr., of Yoakum, Texas, was here last Friday and visited with his aunt, Mrs. Dave Eiland, for a short time.

Dr. and Mrs. D. C. Eiland son, David Chase, and Bobbie Jones attended the circus in Wichita Falls last Friday night.

Mr. and Mrs. Buell Bowden and son, Robert Lynn, attended the circus in Wichita Falls last Friday.

Supt. and Mrs. W. C. Cunningham of Benjamin were in town last Saturday, visiting friends and shopping.

Mrs. John Mayfield of Weinert was shopping in town last Saturday.

ACCEPTS POSITION AT FARMERS UNION GIN

Miss Katie Sweatt, daughter of Mr. and Mrs. Lloyd Sweatt, who has been attending school in Lubbock, has returned home and has accepted a position as bookkeeper at the Farmers Union Cooperative Gin in Munday.

Mrs. Bess Porter, who is teaching in the Rochester schools, visited friends here last Saturday. Mrs. Porter is a former teacher in the Munday schools.

Mrs. Albert White of Sudan visited in the home of Mr. and Mrs. Layton Lansford last week.

Eugene Patty of Westover was a visitor in Munday last Tuesday.

Mr. and Mrs. Raymond Stapp visited relatives in Anson last Sunday.

Mr. and Mrs. P. V. Williams were in Fort Worth last week, going there to attend the premiere showing of "The Westerner."

IN FORT WORTH AND DALLAS

Mr. and Mrs. Jim Reeves spent last Sunday and Monday in Fort Worth and Dalas. Mr. Reeves attended a showing of the new 1941 Dodge cars with fluid drive, and Mrs. Reeves visited her sister in Fort Worth.

## Local Dodge Dealer Returns From Preview Showing of New 1941 Models

With enthusiastic prophecies that motorists will be surprised and delighted with the styling, mechanical innovations and other features of the new cars and trucks for 1941, J. E. Reeves, of Reeves Motor Co., returned Tuesday from a meeting of Dodge dealers and their sales personnel at Dallas.

At this gathering, sales officials from Dodge headquarters in Detroit presented a review of activities during the model year just closing and detailed plans for merchandising activities in connection with the soon-to-be-announced Dodge lines for 1941 passenger cars, "Job-Rated" trucks and commercial cars.

"I was greatly impressed," said Reeves, "by reports given at the meeting relating to the large volume of orders for 1941 Dodge cars and trucks that are being placed not only by dealers but by consumers who have still to see what these new products are like. This, together with the picture given us of bustling business activity in all lines in the nation's automobile manufacturing capitol and also the unprecedented new home building expansion that Detroit is experiencing, seemed to me to be a fair indication of the expectancy in that quarter of continuance of automobile selling at high levels during the ensuing months.

"Naturally, the most interesting part of the meeting," Reeves admitted, "was the dealers' preview of the new vehicles, factory samples of which have been specially shipped to the conference. Though

the cars impressed the dealers who saw them by their obvious, eye-filling beauty, no public statement of mechanical changes and innovations is authorized just yet. These details will be revealed at 'announcement time,' when the whole story of the new Dodge will be told to the public.

"Many motorists," Reeves said, "may think that automobile engineers had reached their limits in what they could do, in design and otherwise, to make their offerings smooth-riding and comfortable; I can assure them however, that they will be in for a surprise when the new jobs arrive in this city . . . soon."

### GOES TO HOSPITAL

J. C. Campbell and daughter, Dorothy, took Mrs. Campbell to Wichita Falls last Sunday, where she entered the hospital for a few days medical treatment.

Mr. and Mrs. George Harrell and daughters, Ruth Agnes, Ann and Jane, all of Anson spent last Sunday here visiting in the home of Mr. and Mrs. E. W. Harrell.

Dr. Frank Scott of Haskell was a business visitor here last Tuesday.

G. R. Eiland, Jr., of Lamesa visited friends and relatives here over the week end.

Mrs. Elliott of Electra and Miss Katherine Jones of Wichita Falls visited with their mother, Mrs. Louie Jones, last Friday.

## Marine Band To Visit Abilene

Visit of the famous U.S. Marine Band to the Hardin-Simmons University campus in Abilene, next Tuesday, will make the H-S.U. auditorium, scene of its two concerts, a mecca for the day for musicians throughout West Texas.

The band will play matinee concerts, at 3:30, and night concert at 8, under the direction of Capt. William F. Santelmann, 18th in the list of its distinguished conductors who include John Phillip Sousa, and his father, W. H. Santelmann.

Capt. Santelmann became leader on April 1 when Capt. Taylor Branson, former leader, retired after 41 years of service. His father was leader for nearly three decades everywhere.

Known as "The President's Own Band," a distinction it has held since 1800, the band is making its current tour by approval of President Roosevelt. Current interest in national defense adds interest to its programs, entirely by American composers, and it is playing to capacity audiences.

Its concerts at Hardin-Simmons

1941 Ford Super DeLuxe Fordor sedan. Like the rest of the new Ford line, it is larger, easier riding, and more beautiful outside and in.

are the only ones in West Texas, and throughout the area high school bands are already making reservations to attend enmasse. The first to be received, from Richard Young, Merkel director, called for 110 seats. Last year, the U.S. Navy Band played to two capacity audiences at H-SU as well.

County Judge E. L. Covey at Benjamin was a business visitor in the city Wednesday.

## Cattle, Hogs Sell Steady At Auction Sale

The Munday Livestock Commission Co., reports a good sale last Tuesday with a good run of cattle and hogs. Good butcher hogs sold over the scale and brought as high as \$6.25 per hundred, which was Fort Worth packer top for that day.

A good run of cattle sold fully steady with last week, with good fat cattle a little higher. Some of the prices paid during the day were:

Good beef bulls, 4.50 to 5.60 cents per pound; good butcher bulls, 4 to 5.50; good butcher cows, 4.50 to 5.50; canners and cutters, 2.75 to 4; good fat yearlings, 8 to 9.40; plain butcher yearlings, 5.50 to 7; good fat calves, 7 to 8.50; plain calves, 5.50 to 7; rannie calves, 4.50 to 5. Two loads of good stocker heifers sold at \$35.50 each.

The list of sellers included: C. P. Baker, A. M. Moore, Bully Ratliff, W. A. Baker, Henry Jones, Bill Mitchell, Elmo Morrow, Grady Thornton, Will Herring, E. B. Bosten, I. E. Goodsen, E. R. Colman, Charlie Haynie, C. E. Conwell, Levi Bowden, A. H. Wilde, Killian Homer, C. L. Mayes, A. L. Roden, G. R. Elliott, C. A. Foreman, Munday; Vernon Packing Co., Roscoe Jordan, Vernon; C. L. Patton, Van Thornton, Ed Bowman, W. H. Kelley, Lester Bowman, Eugene Marak, Jno. Cure, N. G. Jordan, W. E. Brown, Goree; Ira Grinstead, Rochester; C. Drummond, Dundee; Jack Ratliff, L. H. Highnote, Haskell; J. C. Allison, R. L. Dieke, Rule; J. L. Jackson, I. L. Barton, Roy Tankersley, J. O. Warren, Sam Carter, E. L. Tankersley, O. L. Jamison, D. O. Graham, J. M. Bradberry, M. A. Teaff, E. H. Tankersley, Knox City; Leroy Melton, Bruce Burnett, Grady Hudson, P. W. Laird, John Welch, Wayne Dolan, Benjamin; R. T. Haynie, O. R. Miller, Truscott; L. Pierce, L. C. Mosier, Walter Williams, Bomarton; O. P. Hall, Westover; J. Richards, Olney; E. Kinnibrugh, E. S. Burgess, Ed Feemster, Vera; Perry Woods, Seymour; Matt Cooley, A. J. Sanders, G. A. Newton, Weinert; J. O. Cure, J. A. Ryan, Gilliland.

## Shelterbelt Strips Inspected Here

Thomas C. Croker, in charge of shelterbelt work in this area, spent Monday in the county with County Agent W. W. Rice, inspecting the 14 miles of shelterbelt strips planted here last spring.

The trees have made exceptionally good growth, considering the dry spring and early summer. The belts consist of ten rows of trees, the rows being ten feet apart. The trees selected were resistant to root rot that kills many of our trees, especially Chinese elms.

The shelterbelt will be enlarged in 1941, and farmers desiring to have these strips planted on their farm should make application to County Agent Rice. The shelterbelt officials will select those farms most adapted for the trees.

## 4-H Club Girls In Recent Meet At Benjamin

On Monday, Sept. 23, a group of 4-H club girls and their sponsors assembled in the Benjamin courthouse for a meeting.

Rhineland girls who attended the meeting are: Alma Schumacher, Elsie Schumacher, Lucille Petrus, Genevieve Herring and Margaret Birkenfeld. They were accompanied by Mrs. George Petrus, sponsor, and Mrs. August Schumacher.

Miss Onah Jacks, state 4-H girls sponsor, gave a very interesting talk on organizing a county council. Everyone who attended the meeting favored the council, therefore it was adopted. The various clubs will elect a delegate, and the council's first meeting will be held on Saturday, October 5, at 2:30 p.m. at the county courthouse.

## LEAVES FOR SCHOOL

Miss Joyce Jones, daughter of Mrs. Raymond Jones, left Tuesday for Weatherford College where she will attend school this year. She was accompanied to Weatherford by her mother, who returned home early this week.

Mr. and Mrs. J. R. Alexander of the Lone Star community were in town Saturday, shopping.

Mr. and Mrs. Arthur Lawson and children visited relatives in Stamford last Sunday.

Mr. and Mrs. Lee Haymes and family attended the circus at Wichita Falls last Friday.

Evangelist M. M. Young and wife of Swenson, Texas, and Mrs. Wood of Peacock, Texas, visited in the home of Mr. and Mrs. S. T. Easley last Monday.

George Hammett was a business visitor in Haskell last Monday.

"Don't you enjoy those slow motion pictures of horse races?" "No, they remind me too much of the horses I've bet on."

IT PAYS TO ADVERTISE

In a fast impromptu doubles match on the courts of the British Colonial Hotel, in Nassau, the Bahamas, a hard volley is smashed down the middle for an ace. Most popular sport in Nassau, tennis is played the year round by fine club players. This winter, visiting tennis stars from the United States and Europe have entered many of the winter tournaments which are the sports attractions for thousands of American visitors in Nassau.

## Dr. J. H. Bass Is Now Teaching At A. and M. College

A letter to The Times this week announced the appointment of Dr. J. Horace Bass as instructor in the history department of A. and M. College. A portion of his letter follows:

I received an appointment for the year in the History Department at Texas A. and M. earlier in the week, and we are now located here. Please have The Times sent to us here.

The enrollment at the college has broken all records and we were unable to get an apartment at College Station, but we hope to get out there later in the year. I think I shall like my work here very much. It is different at least, and I like the spirit of the institution.

Of course we anticipate great times at the Aggie football games, and we do not expect to miss any of them if we can avoid it. We play T.C.U., Arkansas and Rice here, and we shall see them; and I am sure we shall go to Waco and Austin for the Baylor and Texas games.

## Picking Cotton Pays

"It certainly pays to pick our cotton this year," one prominent cotton grower told County Agent Walter Rice. "It costs 50 cents per hundred to have it ginned, 30 cents per hundred to have it pulled, and it takes about 2,000 pounds of this green snapped cotton to get a 500-pound bale of lint. Only 1,250 pounds of picked cotton will turn out a 500-pound bale; it costs 75 cents to get it picked and it is being ginned for 25 cents; therefore, by picking my cotton, I make from \$8 to \$10 more than when it is pulled. Picking improves the grade at least \$5, the seed check is about \$3.75 more, and I save about \$1.50 in ginning and picking, so you can see it pays me to pick my cotton."

A good many farmers report the same experience, especially where their cotton goes into the domestic subsidy program being operated over the Rexall Drug Store by Ray Kelly. The value of cotton here today was 30 points above the loan value of the same grade of cotton, or \$1.50 per bale premium on the one-variety Acala cotton.

Neva VanZandt spent Wednesday in Wichita Falls, serving as a judge in the division of home demonstration exhibits at their county fair.

## Local Legionnaires Asked to Parade In Wichita Falls Celebration Oct. 4

The following letter, which is of interest to all Legionnaires of Knox county, was received this week by Lowry Post No. 44 of American Legion:

To All Legion Buddies:

Wichita Falls is going to have its 58th Birthday on October 3, 4 and 5. Friday, October 4th, at 10:00 a.m., they have their grand parade. The American Legion has been asked to take part in this parade which will have a military note throughout. Two batteries of artillery, a company of infantry and an 85 piece band from Fort Sill, Okla., as well as our own National Guard units will parade.

Since our department commander, Ed Ridel; department adjutant, Fred F. Young, and many other state officers from the Legion and Auxiliary are going to be here, we wish to extend to you and your

post this special invitation to come and bring your Legion banners and colors. Color guard and especially all Legionnaires who have Legion uniforms are urged to come, as we want to mass colors in this parade and would like to have every post in the district represented.

Other Legion activities of interest to visiting Legionnaires and auxiliary members will start on Thursday at 4:00 p.m. Kindly advise us if you can attend the parade.

Tom W. Gahagan, chm. parade arrangements.

C. L. Tillerson, Post Adj. All local Legionnaires who can attend on Friday, October 4th, are asked to please notify Jimmie Harpham, post commander.

## REXALL STORE REMODELS; TO GIVE SERVICE

### SHOP WHERE THEY'VE GOT IT!

"Shop where they've got it," is a slogan that is typical of the service offered by the Rexall Drug Store in its many departments.

An up-to-date fountain is maintained there and everything from fountain drinks to radios, stoves, electrical appliances and lumber may be had at the Munday store.

If it's hard to find, look for it at the Rexall Store!

### Fine Assortment Of Pipes Shown At Rexall Store

Lovers of pipe smoking will find what they want at the Rexall Store. Five outstanding brands of pipes, nationally known, and made of the best materials, are accessible to those who desire pipes, at this store.

One of the best smoking and lightest pipes sold, meerschaum, is stocked at the Rexall. Kaywoodie, Smoke Master, Bakelite and Yello-Bole are also popular sellers at this store.

One of the new 140 features in pipes is the Yello-Bole Carbuera-tor smoker.

Filters, clearers, lighter flints, wicks and fluid are carried to make pipe smoking a pleasure for Rexall patrons.

Rexall, buy where they've got it!

### Day and Night Service On Prescriptions

If a person is ill, they want service when they order medical supplies and medicines. They also want more than service—they, as well as the attending physician, want the best that can be had in their compounded prescribed medicines.

The Rexall Store can and does for 30 years, furnished citizens of the Munday trade area both service and quality.

We have one of the largest and most complete prescription departments in this section, stocked with only the best medical compounds that money can buy.

Parke-Davis, Upjohn, Lilly, Sharp and Dohme, and Abbot head the world medical supplies when it comes to quality. They make their preparations with only one aim in view, to give the best that medical science has developed. Each company has large laboratories that are manned by the world's greatest medical scientists and developers of medicines.

"We must put quality first because we carry only quality products," A. L. Smith, manager, stated. "Another feature in using our prescription department is day and night service and free delivery service."

Two registered pharmacists are on duty at the Rexall Store.

### At University

Jack Pippin, above, son of Mr. and Mrs. C. C. Pippin of Munday, recently started his freshman work at Texas University at Austin. Jack is taking a pre-medical course.

### BUTANE GAS SYSTEMS SOLD BY REXALL

#### Many Installations In This County

A means whereby country people who are not located where they can be supplied with natural gas may have the luxury of gas for every purpose is furnished through the Rexall Store of Munday.

This need is met by means of the Butane Gas systems, for which the store is agent in this territory.

Many rural people have switched from the old out-of-date coal systems of heating and cooking to this new and modern Butane way, and many installations have been made by the Rexall during the past few months.

"A complete Butane Gas service is maintained," A. L. Smith, manager, said, "and we can furnish you with the storage tank and system, as well as with stoves, water heaters, Electrolux refrigerators and other items designed to burn Butane Gas. You'll find this gas an economical and satisfactory way of heating and cooking."

### Schools Should Be Inspected For All Fire Hazards

Austin.—A large number of fires occurring each year in school buildings throughout the state are extinguished without loss of life and with small property damage, but there is the ever present possibility that a fire, no matter how small, may result in a disaster. Marvin Hall, state fire insurance commissioner, reminded school officials today.

Hall recommended that inspection be made each month by a representative of the local fire department accompanied by the school custodian and a member of the teaching staff.

"There will be no expense to this type of survey," the Commissioner said, "and it will serve to remind school officials of the necessity of keeping their buildings free of dangerous hazards. Good housekeeping is of prime importance in the prevention of school fires, but all too often the teachers themselves are not qualified to inspect a building for fire hazards. Local firemen, trained in this type of work, will conduct inspections upon request."

Heating equipment, being the cause of a large portion of school fires, should be given careful attention. The clearances between combustible material and furnaces, smokepipes, steam pipes and all other hot surfaces should be examined to see if they are adequate. Electric wiring should be watched for improperly made extensions, hazardous use of flexible cord and broken fixtures; and fuses checked to see that they are not oversized.

Cowboy: "What kind of saddle do you want—one with or without a horn?"  
Dude: "Without a horn, I guess. There doesn't seem to be much traffic out on these prairies."

### Display Space Is Increased

#### Greater Display Of Merchandise Now Possible

Workmen have been busy for several weeks remodeling the Rexall Drug Store of Munday, transforming it into a larger and more attractive store. This work is in keeping with the motto of the store: "The Most Complete Drug Store in Knox County."

Some time ago, the interior of the store was repainted in a light ivory color, and among recent installations were the new fluorescent lights which add to the attractiveness of the store, giving it a more brilliant light in all departments.

The partition which separated the front of the store from the rear, has been moved back several feet, giving much more room for displaying merchandise. With the new arrangement, such merchandise as radios, stoves, refrigerators and other items can be conveniently displayed for the buying public.

The prescription department was also moved and rearranged, making it more convenient. Pharmacists may now compound prescriptions with greater speed than under the old arrangement. Two registered pharmacists are on duty at the store.

In order to make the store larger, it was necessary to prepare a store room for items that are stocked in too large quantities to be displayed. A. L. Smith, manager of the store, has built a store room at his home in Munday, where this merchandise is stored and is brought to the local firm as needed. A complete supply of merchandise is placed in the store room, so there is little danger of the Rexall running low on these items which are in most demand.

The radio repair and service shop is the only department in the rear of the building which was left intact. Melvin Strickland is in charge of this shop.

"With this added room, we feel that we can make a more attractive display of our merchandise, having it where the buying public can see it conveniently, and at the same time give you a service that is second to none in this section," A. L. Smith said.

### ERROR—NO!

A woman whose husband had joined the navy, gave a note to the minister the following Sunday. The note said: "Mr. Tom Smith, having gone to sea, his wife requests the prayers of the congregation for his safety."

The minister was nearsighted and as he read aloud the congregation heard: "Mr. Tom Smith, having gone to see his wife, requests the prayers of the congregation for his safety."

### Graduates Of M.H.S. Are Doing Advanced Work

One third of the graduates of the Munday High School during the last half decade are now doing advanced work in college or other type schools. Some of the girls are taking nursing work and other boys and girls are in business college or have remained in high school doing post graduate work.

Wedding bells have rung out merrily for some 20 members of the group; and, according to school officials, the courses in home making and in business training offered by this school make worthy bread-winners of boy students and worthwhile home-makers of the girls. And the general education makes all graduates more efficient and attractive for marriage partners.

Employment of others ranges all the way from the sky to the good earth. Farming employs 11 and aviation 3. Business managers of three important industries have come from Munday High School.

Other work being done by 24 other members of recent graduating classes include baking, waitressing, stenography, teacher, policeman, typist, railroad clerk, service station, stockman and others of like nature.

Eleven of the past graduates are at home making useful members of the family group, according to their parents, who place credit in large measure to the good training received in the local schools.

### Rexall's Purchase Plan Is Big Saving To The Buyer

#### Complete Supply Of Cosmetics In Rexall Store

For cosmetology and beautification applications, ladies will find their every need in the cosmetics department of the Rexall Drug Store.

This store features the nationally advertised and exclusive Cara Nome and Dorothy Gray products. Oils, shampoos, astringents, bath salts, shampoos, creams, powders, perfumes, lip sticks, lotions and rouge are some of the many items carried in the large cosmetic stock at the Rexall.

Large variety of shades to blend in with your complexion in powders and other facial beautifiers.

#### Hospital Supplies Sold by Rexall

A complete line of hospital supplies is stocked by the Rexall Drug Store in Munday, including all items needed in the hospital or sick room.

"This stock, coupled with our up-to-the-minute prescription department, is a service to with the Rexall management points with pride. Two registered pharmacists are on duty at the store.

Hospital supplies include absorbent cotton, gauzes and bandages, adhesive tape in various widths, and many other items.

Rexall, buy where they've got it!

#### Middleman Is Eliminated Thru Rexall Buying

#### Means Saving To Local Consumers of 15 To 25 Percent

Persons who must purchase drugs, medicines and other drug store items can save money, money that will amount to dollars over a short period of time by purchasing Rexall products.

This fact was made known through what is known as "The Rexall Plan." "What we mean when we say 'Rexall Plan,'" A. L. Smith, manager of the local Rexall store commented, "is that there is no jobber connected with Rexall products."

Rexall merchants purchase their merchandise direct from the factory, eliminating the middle man, so common in other merchandising lines, who must have their profit, just as the factory and local merchant must have. By eliminating the middle man in process of buying and selling, the public is saved from 15 to 25 per cent on every drug store item purchased.

Another outstanding feature to be found in all Rexall stores is the guarantee that accompanies their products. The factory guarantees their products to the local merchant, and in turn the local merchant places his personal guarantee on the product sold to the consumer.

That feature is well worth considering, Smith stated, in that the local merchant will sell his merchandise.

"The Most Complete Drug Store in Knox County"

## Mattresses Are Multiplying As Low Income Families Supplied by Program

As many as 9,675 low-income farm families in Northwest Texas are going to sleep better this winter as a result of the U. S. Department of Agriculture's plan for providing surplus cotton and ticking for mattress making.

Of the 9,675 applications for mattress materials, 9,612 were filed by white families and 63 by negro families, according to reports released by Mrs. Isla Mae Chapman, district agent for the A. and M. College Extension Service, who supervises home demonstration activities in 17 counties of this area known as Extension District 3. Under the program, the Extension Service is charged with training rural leadership for supervision of the community mattress making centers, while the surplus cotton and ticking are provided by the Surplus Marketing Administration. Community supervisors do not receive pay for their services.

Regulations for the program provide also, that only farm families with a gross income of less than \$400 in 1939 are eligible to participate in the program, and eligibility is determined by county AAA committees.

There are 129 community centers in the district where mattresses are being made. Some are in schools, bins, vacant buildings and fair grounds. Since the program was inaugurated in the district this spring, 4,187 mattresses have already been made and members of 8,206 families have worked in the centers.

In counties where there are no home demonstration agents, agricultural agents are charged with the responsibility for arranging the programs operation and actual training of the community chairman in the principles of mattress making is done by Mrs. Chapman.

Counties in District 3 and county extension agents who are assisting with local administration of the program include: Archer, Beatrice, McCurdy; Baylor, Pontilla, Johnson; Clay, Mary Frances Branch; Cottle, Pauline Hargrove; Foard, Joellene Vannoy; Har-

man, Margaret Leuty; Haskell, Mildred Vaughan; Jack, Louise Mason; King, R. O. Dunkle; Knox, Neva Van Zandt; Montague, Winnie Dee Michie; Stonewall, I. L. Studivant; Throckmorton, Hugh F. Barnhart; Wichita, Ruth Farquhar; Wilbarger, Nannie Hill; Wise, Jewel Patterson; Young, Velma Anderson.

### A PHILOSOPHER By John Kendrick Bangs

To take things as they be—  
That's my philosophy,  
No use to holler, mope or cuss—  
If they was changed they might  
be wuss.

If rain is pourin' down  
An' lightnin' buzzin' roun',  
I ain't a-fearin' we'l lbe hit  
But grin that I ain't out in it.

If I got deep in debt—  
It hasn't happened yet—  
And owe a man two dollars, Gee!  
Why, I'd be glad it wasn't three!

If someone came along,  
And tried to do me wrong,  
Why should I sorta take a whim  
To thank the Lord I wasn't him.

I never seen a night  
So dark there wasn't light  
Somewhere about if I took care  
To strike a match and find out  
where.

—Food 4 That

### Trusses Fitted By Rexall Store

Another service available at the Rexall Store is the fitting of trusses.

A. L. Smith, manager, has announced that the store carries a complete line of trusses, including many different styles, sizes and varieties.

"We don't have to order your truss for you," he said, "but we fit them right here in our store, thus saving you the inconvenience of waiting several days for an order to reach you. Persons who suffer from rupture will find this service of great value. This service is equal to that received in towns much larger than Munday."

In Texas, for every \$100 received by a farmer from regular farming operations, the government payments amounted to \$21 in 1939.

### A LEGACY FROM COVERED WAGON DAYS

Green tomato mincemeat comes to us from the pioneer women of the covered wagon days who tried to reproduce, from the foods they had at hand, those dishes their families had enjoyed back east. Not all of these makeshift concoctions, however, would appeal to our present-day tastes. For instance, vinegar pie. I think we'd all prefer our usual lemon pie. But here is a recipe that is entirely in accord with our present-day standards of food. It's green tomato mincemeat with a modern touch.

You'll find that it makes truly delicious pies.

#### GREEN TOMATO MINCEMEAT

- |                                  |                 |
|----------------------------------|-----------------|
| 1 peck green tomatoes            | 2 tsp. cloves   |
| 1 cup ground suet                | 2 tsp. cinnamon |
| 1 1/2 lb. seeded raisins, ground | 1 tsp. nutmeg   |
| Peel of 1/2 orange, ground       | 2 tsp. salt     |
| 4 cups brown sugar               | 1 cup vinegar   |
| 4 cups white sugar               | 1 cup hot water |

Wash, clean and cut the tomatoes. Put them through the coarse food chopper. Place the tomatoes in a kettle, cover with cold water, and bring to the boiling point. Drain well and repeat this process 2 more times, being careful to drain thoroughly the last time.

Mix together the suet, raisins, orange peel, sugar, spices, salt and vinegar, and add to the hot drained tomatoes with the hot water. Bring to the boiling point, stirring constantly.

Pour immediately into hot sterilized jars and seal tightly. This recipe makes 4 quarts.

#### GREEN TOMATO MINCE PIE

- |                                     |                                       |
|-------------------------------------|---------------------------------------|
| 1 1/2 cups sifted all-purpose flour | 1 tsp. melted butter                  |
| 1/2 tsp. salt                       | 4 cups green tomato mincemeat (1 qt.) |
| 1/2 cup shortening                  |                                       |
| Ice water (3 to 4 tbsp.)            |                                       |

Sift the flour and salt together. Add most of the shortening to the flour . . . cutting it in with a pastry blender or 2 knives until the mixture looks like meal. Then add the remaining shortening . . . cutting it in particles the size of giant peas.

Sprinkle water lightly over the mixture . . . blending it in until the dough can be just pressed together into a ball. Round up on a lightly floured cloth covered board.

Divide the dough, using the more generous half for the under crust. Roll out this bottom crust 1/8 inch thick . . . to fit a 9-inch pie pan. Put the dough into the pan loosely to avoid stretching. Let the pan rest on the table while cutting off any extra dough. Brush the dough in the pan with melted butter and chill thoroughly.

#### ROLL OUT REMAINING PASTRY

Roll out the other half of the dough for the top crust . . . leaving a little extra to extend beyond the edge of the pan. Fold in half . . . making several slits through which steam may escape. Unfold, place on waxed paper, and chill thoroughly.

Fill under crust with green tomato mincemeat. Wet edge of under crust. Lay top crust gently on top of filling . . . folding extra rim of pastry under the edge of the lower crust. Pinch the 2 edges together, and build up a fluted edge. Bake 40 minutes using a hot oven, 450° F. for the first 10 minutes, then reducing the heat to moderate, 350° F., for the remaining baking time.

## Eight Texas Cities Claim Honor Of Once Being Capital of Texas Republic

Austin, Texas.—Any school boy can tell you Austin is the capital of Texas, but it was a different story 100 years ago, University of Texas records show.

In fact, the capital of the Republic of Texas was moved so frequently there were probably times when even some of the nation's officials couldn't lay their finger on it. In the ten years before it joined the U.S., Texas had eight capitals, and juggled the honor between them eleven times.

The eight capitals, according to the University records, were San Felipe, Washington, Harrisburg, Galveston, Velasco, Columbia, Houston and Austin, in that order. After Austin's "first term" as capital from 1839 to 1842, Houston and then Washington each had the honor a second time, but in

1845, when annexation took place, the capital of the new state was established at Austin, and a general election in 1872 made that site permanent.

It was at San Felipe, that the settlers of Texas, under the leadership of Stephen F. Austin, set up their first independent government; and it was there that Sam Houston was made commander-in-chief of the regular army.

At Washington, on the Brazos River, the general convention, March 2, 1836, declared Texas "a free, sovereign and independent Republic." The Alamo fell four days later.

Harrisburg had probably the shortest reign of all, as well as the most hectic. During the month of March it was established as the

capital, evacuated and burned by the Mexicans who were so close on the heels of the fleeing government that they dropped cannon balls all around the boat which was carrying David G. Burnett, president of the provisional government, to Galveston.

In May, the government moved from Galveston to Velasco, where the treaties with Santa Anna were signed, and Texas was first recognized as an independent nation.

By October, the capital was Columbia, in Brazoria county, and by May of 1837, Houston, which had just been laid out. There it remained until October 1839, when it was moved to Austin.

When Mexico again invaded Texas, in March, 1842, President Houston moved the capital once again to Houston, and from there again to Washington in November, university records show. But in 1845 it was returned to Austin permanently.

## 1940 AAA Farm Program Closes November 30th

College Station.—In all Texas counties except a few in the extreme southern portion of the state, the 1940 AAA program closes November 30.

For 12 counties—Brooks, Cameron, Duval, Hidalgo, Jim Hogg, Jim Wells, Kennedy, Kleberg, McMullen, Starr, Willacy and Zapata—the closing date has been set for October 31.

Farmers and ranchmen participating in the AAA program must complete soil-building and range-building practices by these dates if they expect to receive credit on this year's program, Geo. Slaughter, chairman of the state AAA committee, explained.

The chairman urged that all farmers and ranchmen cooperating with the program try to complete as much conservation work as possible before the deadline in order to earn the bulk of the maximum amount available for the purpose under the program. The maximum amount for each farm is determined on a basis of the acreage of non-depleting crop land, non-crop open pastureland, vegetable allotment, and commercial orchards on the farm. To receive these payments, the producer is required to carry out approved soil-building practices. For ranches a similar allowance is set up, based on the

number of animal units in the grazing capacity and the acreage of rangeland.

Customer: "This is a good restaurant isn't it?"

Waiter: "Yes, sir. Best in town. If you order a fresh egg, you get the freshest egg in the city, sir. If you order hot soup, you get the hottest soup on the city, sir. If— Customer: "I believe you are right. I ordered a small steak."

"So you have two sets of twins in your family, Bobby? My, my, what a wonderful family. And are you one of the twins?" "Naw. I'm just a spare."

United States farmers in 1940 have feed grains, including Ever-Normal Granary supplies, to produce enough beef to feed everyone in the nation as much beef as each ate in 1939, with enough left over for 23,000,000 other people.

## R.E.A. Progressing With Electric Lines

Construction of electric lines in Knox county under the R.E.A. program has been under way now for some two or three weeks. In almost every direction from Munday, poles for the new lines can be seen.

On the lines which run from Rhineland west to the Riverside store, and from there west to the Union Grove school and on to the Grace school, the holes have been dug and poles are being erected. North of Munday, as well as to the south, the poles have already been erected.

An office for R.E.A. officials has been established in Munday, being located first door east of the Clover Farm Grocery. Officials expect to have the lines completed within six weeks.

### 30 Years Of Service Builds Rexall Business

Over thirty year of continuous, satisfactory service has built for the Rexall Drug Store one of the largest volumes of drug business in this section of Texas.

Each year the store has increased its lines of merchandise, and accordingly increased the volume of business. During the past six years the firm has been under the management of A. L. Smith, former Weinert druggist.

Aubrey Smith is still connected with the Weinert firm, which is rendering a like service to the people of that trade territory.

Smith pointed out the fact that "Rexall" products are sold in reason enough to cite for the steadily increasing business volume enjoyed by his firm.

The Smith family includes four children besides Mr. and Mrs. Smith; A. L., Jr., 11 years old; Gwynalee, age 8; Wayne, age 4; and Waymon, age 2.

The family takes an active part in civic enterprises. Mr. Smith is a member of the Munday Chamber of Commerce, and was elected city councilman by the voters of Munday last spring. Mrs. Smith is serving as president of the Munday Parent-Teachers Association and, by virtue of this office, has a leading part in school and community affairs.

They are affiliated with the First Baptist church.

### Six-Wheel Bus Foreshadows New Era In Transportation

NEW YORK—Traffic experts who have observed the performance of a new 57 foot long, six wheel bus on this city's bus lines for more than a year, believe that it foreshadows a new era of convenience and comfort for passengers and greater efficiency and economy for operators.

Three units of the Super-Twin buses, two of which are trolley-electric and one diesel powered, were designed and built by the Twin Coach Co. of Kent, Ohio.

Capable of carrying twice the load of the conventional four-wheel bus, passengers have less trouble securing a seat. Even if compelled to stand during rush hours, they no longer must endure "strap hanger fatigue"—shiny duraluminum stanchions provide comfortable support for standees.

New type springs level the ride over the roughest pavement.

### People, Wanting To Be Helpful Often Prove Hazards to Seeing Eye Dogs Guiding Masters On Crowded Streets

The helpful and kindly intentioned public is a grater hazard to Seeing Eye dogs than the traffic of Times Square in New York, according to reactions received from its graduates by the Morristown, New Jersey school which educates dogs as guides for blind people. The public, even though realizing that the dog is capably and efficiently taught, interferes constantly with its efficiency by attempting to lead blind graduates of the school across streets, intersections, and ever around obstructions on sidewalks.

"While the intention of the pub-

lic is only to be kindly and helpful," Mrs. Harrison Eustis, president of The Seeing Eye, said, "the result produced is similar to that which would occur if you grabbed the arm of a man who was driving an automobile rapidly in heavy traffic. Seeing Eye dogs are perfectly competent to guide blind people who have been educated to use them, in all kinds of traffic wherever they would care to go. However, Seeing Eye dogs cannot be expected to watch for speeding automobiles and at the same time cope with the interfer-

ence of some person who may have taken their master's arm and be pushing or pulling in an opposite direction or who may be shouting words of warning.

"The public shows also a perfectly natural, but a very harmful tendency to pet Seeing Eye dogs who are busily engaged in guiding their blind charges among pedestrians on the sidewalk. While Seeing Eye dogs normally ignore pedestrians, they cannot help but be distracted when as many as 50 affectionate pals or caresses are received in one block. The public can be most helpful by allowing a Seeing Eye dog and its blind master to meet and solve the problem of traffic as they have been taught at Morristown, New Jersey. If the public could understand that these two do not need help and don't want it, even if such help were't definitely harmful, the problems these blind people face in relation to their own handicap would be more easily solved. At present, the kindly public is a greater hazard than the traffic of Times Square in New York could be."

At present, there are approximately 370 blind men and women using Seeing Eye dogs in 42 states. The dog learns its job through an intensive three months course at the Seeing Eye school in Morristown, New Jersey. After the dog has been thoroughly educated, a selected blind person spends one month learning how to follow the dog's guiding and how to direct the dog by means of spoken commands, the spirit of which, if not always the letter, the dog follows.

The Seeing Eye is a philanthropic organization, established in 1929, supported by memberships. Back of the system of educating the dogs which it uses are ten years of research and experimental breeding work for dog intelligence conducted in Europe by its president and the vice-president of the Division of Training. The organization will this year educate 125 dogs and as many blind men and women. The organization hopes to double the annual number in the next few years.

When cooking fruit, add the sugar at the beginning of the cooking period to retain the shape of the fruit and keep the pieces whole.

Three million farm families of the nation, 53 per cent of them in the South, are living on gross incomes averaging \$615.

An attic that rises in temperature to 120 degrees occasionally is a good place to store winter clothes, for moths cannot live at that heat.

## Munday School News

### THE DRUM CORPS

Mr. Paul Martin, director of the Munday High School Band, has announced that he will instruct a drum corps. This corps will be made up of pep squad girls who wish this instruction. The lessons will be one dollar per month.

There must be from twenty to thirty-five girls enrolled before the course is assured.

### RIP, TIP, ZIP OCCUPY HOME EC. COTTAGE

Because of the industry of the summer project girls, Rip, Zip and Tip found a welcome home in the home economics cottage. They are goldfish that live in a little stone castle in our goldfish bowl.

The freshmen girls are in care of their diet, and you may rest assured that it is well balanced.

Their nesting place is on an end table. Just above the table is a wall bracket that contains devils ivy. This constitutes the beauty spot of the sewing room that the girls worked on this summer.

A bit of Old Spain has been worked into the home economics cottage. We added it in the gay curtains in the kitchen.

### FIRST YEAR STUDENTS IN HOME ECONOMICS GET PRACTICAL TRAINING

The first year class in home economics has just finished a unit on personal appearance. Since learning to look good, they are learning to be good as well by studying a unit on personality.

Should you walk in on the second year class you would find them busy at canning. They are canning apples, pears, beans and peas. Their goods have kept well thus

far, but whether it will continue to do so only time will tell.

The third year class is making an intensive study of the home and family. In addition to that, their cooking is being put to the test by serving the doctors' banquet.

## Weekly Health

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

Austin, Texas.—In spite of the great advances that have been made in dental instruments, local anesthesia and operative methods in recent years, there yet are many persons who have an unjustified fear of the dental chair. Unfortunately, this attitude influences thousands to postpone the visit to the dentist until there is actual pain or until an accident to tooth structure occurs. Such a fear-complex is not only foolish but often produces real suffering, loss of teeth, serious illness in addition to unnecessary expenditure of money, Doctor George W. Cox, state health officer, states.

"It is true that some discomfort is connected with dental corrections, though often this fear may be psychological fear of pain rather than the pain itself. However, in view of the actual damage that can result because of delay, temporary inconvenience deserves no consideration whatsoever in a wise and economical personal dental program.

"Common sense suggests that early discovered dental faults are more easily and painlessly corrected than those that are permitted to become aggravated through neglect and for which a cure is sought only as a last resort. The time to discover dental defects, therefore, is before one is aware that such trouble exists. Prevention of dental defects is less painful than correction.

For this reason, it is excellent practice to adopt a regular semi-annual schedule as the minimum number of visits to be made to your dentist. Of course, if the necessity for dental attention should arise in the meantime, it is wise to make an immediate appointment with the dentist. Postponing a consultation on the fear-alibi increases the probability of

real discomfort not to mention more serious complications.

In short, what one should fear is not the slight discomfort of the dentist's office when the visits are placed on a routine basis, but the pain, illness and unnecessary loss of money and time because of a fear-postponing attitude.

## Boy Scouts Hold Recent Meeting; Plan Activities

The Munday troop of Boy Scouts held their regular meeting recently at the American Legion Hall. Rev. W. R. Bryant was in charge.

Cecil Cooper, former scoutmaster, is now living in Lubbock. A letter from Cooper was read to the group by Ted Longino, assistant scoutmaster.

Boxing was participated in by all present. Hikes to be taken soon will be discussed at the next meeting.

Any boy who is twelve years old can apply for membership and become a member if he successfully passes the test and is voted in by the troop.

## Rexall Maintains Up-to-Date Radio Service Dept.

An up-to-date radio department, including the servicing and repairing of radios, is maintained at the Rexall Drug Store.

One of the largest stocks of radios in this section is carried at the local store. Chief makes in new radios are the Philco and R.C. A-Victor makes. Radios carried in electric and battery models, including the ever-popular portable models.

The Rexall also has a large stock of used radios, most of which are in first class condition.

Melvin Strickland is in charge of the service and repair department, and he keeps a large stock of tubes, bulbs and other repairs.

With 1940 feed supplies, and with pastures improved by conservation farming, farmers could provide every person in the nation with 45 quarts more milk and cream and 81 pounds more cheese, butter, ice cream and other manufactured dairy products than each person ate in 1939.
