## Mrs. J. C. Harpham Hostess Monday at Luncheon Bridge

Mrs. J. C. Harpham was hostess to a number of friends at a lovely luncheon last Monday at twelve o'clock. Following the luncheon bridge was enjoyed, with high score honors going to Mrs. Grady Roberts.

Present for the occasion were Mesdames Roberts, Lawrence Kimsey, Troy Warren of Lovington, N.M.; W. M. Huskinson, Helen von Baumann, Carl Jungman, R. C. Johnson of Chickasha, Okla.; Wade Mahan, W. V. Tiner and the hostess.

Henry Kuehler and John Homer of Groom, Texas, spent the week end with friends and relatives in Knox county.

Mrs. Roy Smith and daughter of Knox City were shopping in town last Saturday.

## Huskinsons Hold Reception Last Sunday Evening

Mr. and Mrs. W. M. Huskinson were hosts at a reception in their home last Sunday evening from 5 to 7 o'clock, when a number of their Munday friends came. This was in the form of an open house, and the reception rooms were beautifully decorated with fall flowers.

Calling during the evening were Mr. and Mrs. Grady Roberts, Mrs. J. C. Harpham, Mr. and Mrs. Robert Green, Mr. and Mrs. Lawrence Kimsey, Mrs. R. C. Johnson of Chickasha, Okla.; Mrs. Helen von Baumann, Miss Louise Atkinson, Miss Gail Preston, Mr. and Mrs. Wade Mahan, Mrs. Jack Mayes, Dr. and Mrs. D. C. Eiland and Mr. and Mrs. Sebern Jones.

## Bridge Club Has Meeting Tuesday In Roberts Home

Members of the Bridge Club met last Tuesday night in the home of Mr. and Mrs. Grady Roberts. High score honors went to Mrs. Fred Broach for ladies and to Mr. Roberts for gentlemen.

At the close of the games, the hostess served pie and coffee.

Members present were Mr. and Mrs. Fred Broach, Mrs. and Mrs. W. R. Moore, Mrs. H. A. Pendleton and the host and hostess. Guests were Mrs. J. C. Harpham and Mrs. Carl Jungman.

## Wesleyan Service Guild in Meeting Monday Night

The Wesleyan Service Guild met in its usual meeting last Monday night. An interesting spiritual life program was given by Mrs. Ed Bowden, Mrs. Boudin, Mrs. L. M. Palmer and Mrs. Levi Bowden.

On Monday night, October 7, the guild will meet in the home of Mrs. Aaron Edgar, with Mrs. Ruth King assisting in a social program. Members present were: Mrs. Oscar Spann, Mrs. Layne Woble, Mrs. Verna Roberts, Mrs. Joe B. King, Mrs. Edgar, Mrs. Ed Bowden, Mrs. Levi Bowden, Mrs. Boudin, Misses Ruth Baker and Merle Dingus, and one visitor, Mrs. L. M. Palmer.

## Dorcas Class Has Meeting in C. R. Parker Home

The Dorcas Class met Wednesday, September 25, in the home of Mrs. C. R. Parker, at which time a book review and social hour was enjoyed.

During the social hour refreshments of sandwiches, cake and punch were served to the following: Mesdames A. U. Hathaway, A. C. Brock, C. N. Smith, J. D. McClaran, Bruce Dobbs, Eva Belrose, L. L. Keel and the hostess, Mrs. J. J. Keel. Guests were Mrs. Adyde Layne and Mrs. Brock's mother, Mrs. Moore.

Mr. and Mrs. T. L. Fore of Happy, Texas, visited in the home of Mr. and Mrs. W. E. Braly last Friday night.

Mrs. R. C. Johnson of Chickasha, Okla., is here for a visit with Mrs. Helen von Baumann and with other relatives. Mrs. Von Baumann met her in Wichita Falls last Sunday.

Presenting one of the greatest all-star casts in the history of motion pictures, and utilizing this billion-dollar talent in a story that is built for fast action and thrills, "Boom Town" opens next Sunday at the Roxy Theatre for an engagement of 3 days as one of the most thrilling and spectacular productions to come out of Hollywood in some time.

With Clark Gable, Spencer Tracy, Claudette Colbert, and Hedy Lamarr in stellar roles, "Boom Town" surpasses in star names even that former "greatest of thrill pictures," the air epic "Test Pilot" which had Gable, Tracy, Myrna Loy and Lionel Barrymore at the head of the cast.

The supporting cast of the picture is as distinguished as its stars, including such well-known names as Frank Morgan, Lionel Atwill, Chill Wills, Marion Martin, and Minna Gombell, with lesser roles played by Joe Yule, Horace Murphy, Roy Gordon, Richard Lane, Casey Johnson, Baby Quinntanilla of "Forty Little Mothers" fame, George Lessey, Sara Haden, Frank Orth, Frank McGlynn, Sr., and Curt Bois.

These players join hands in presenting a thrill-packed human-interest story which shows Gable and Tracy in a total of five fights, one of which is a terrific battle between themselves, the frantic fight to blast out a roaring oil well fire, gushers tearing upward with a mighty roar, a spouting water geyser, Gable on a bucking mule, a dive into a sea of mud by Tracy and Gable, to escape the bullets of two gun fighters, a fight between two dance hall girls, a dramatic holdup of a load of oil field equipment, in addition to comedy by Morgan, Wills and Miss Gombell and even the songs of the men who spud in for oil.

Through a heart-tugging story of two men who are friends through all the heartaches and vicissitudes of oilmen runs a cavalcade of the oil business, with a brief history of its intense thrills. In the picture Gable and Tracy form a partnership which exists even after Gable marries Miss Colbert, Tracy's sweetheart. It breaks dramatically and is reunited just as dynamically when Tracy evolved a startling plan to break up Gable's affair with lovely Hedy Lamarr and send him back to Miss Colbert.

The picture, which was three months in the making and took filming units to more than thirty location sites, was directed by Jack Conway, maker of such thrill pictures as "Too Hot to Handle," "Libeled Lady" and "Viva Villa!" Admission will be 10c and 40c.

## Bridal Shower Is Given Honoring Miss Billie Swain

Miss Billie Swain of Munday, who was married September 28 to Dick Wardlow, was honored with a lovely shower on Wednesday afternoon, September 25, in the home of Mrs. P. F. Fincannon. Hostesses for the occasion were Mesdames Fincannon, R. B. Jones, Arthur Howard and Misses Mildred and Lodean Fincannon. The home was decorated with garden flowers.

Miss Lodean Fincannon presided over the bride's book, in which she registered the guests while Mrs. R. B. Jones and Miss Mildred Fincannon received the gifts.

Guests were ushered into the living room and from there a treasure hunt was started by the bride and ended in the bedroom. Here the bride unwrapped more than 70 gifts which were placed on display. A refreshment plate of cake and punch was served to the many guests. Clever favors were tiny cellophane bags of rice, tied with pink ribbon, with slips of paper saying: "Billie and Dick—Sept. 28."

## Sewing Club Has Meeting Thursday In Ferris Home

Mrs. Don Ferris was hostess to members of the Mystic Weavers Sewing Club in her home last Tuesday afternoon. At the close of the sewing period, a dessert plate was served to the following members: Mesdames Deaton Green, Riley B. Harrell, Chester Bowden, H. B. Douglas, R. B. Bowden, Chester Borden, Wallace Reid, Aaron Edgar and L. S. Hardegree.

Neva Van Zandt, county home demonstration agent, was a visitor here last Monday afternoon.

Forrest Bryant, D. P. Morgan and Maurice Stapp, who are attending Austin College in Sherman, spent the week end here with home folks. Forrest visited his brother, Rev. W. R. Bryant, and his family.

## Farms for Sale—

## WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent

Health in the community at present is very good.

Mr. and Mrs. J. W. Kemp have recently moved to Weatherford to make their home.

Mr. and Mrs. Homer Wardlow and children of Childress visited in the home of Mr. and Mrs. A. L. Smith and Mr. and Mrs. J. A. Hill last Sunday.

Mr. and Mrs. Emmett Wallace of Corsicana, Texas, are here for an extended visit.

Miss Ada Gulley of Decatur, Texas, is visiting her brother, J. W. Gulley and family here this week.

Mr. and Mrs. Pink Lansford of Muleshoe visited their daughter, Mrs. J. R. King, here last last week end.

Mr. and Mrs. Elmer Dean of Haskell are visiting here this week.

Mr. and Mrs. V. C. Donaldson are visiting relatives at Merkel, Texas, this week.

Mrs. Melvin Cooksey of Goree visited Mrs. J. M. Smith here last week.

Mr. and Mrs. Redden Parramore and family of Dallas are visiting relatives here this week end.

Delma Hill and family of Sunset visited relatives here last Saturday.

We are sorry to report Thomas Yates is ill at this writing. We hope he will soon be able to be back in school.

Rayford Thompson of Bridgeport visited his uncle, G. W. Gulley, here last Sunday.

Mr. Guy Simpson of Arizona visited his brother, Otis Simpson, here last week.

Mr. and Mrs. Tom Harlan of Goree visited in the Yates home last Monday afternoon.

Tom Wilson and family of Goree visited relatives in this community recently.

Mrs. Cliff Moorman of Goree was a business visitor in the city one day last week.

Mrs. W. R. Moore was a business visitor in Abilene last Saturday.

Pitzer Baker and son, Kenneth, and Bully Ratliff were business visitors in Wichita Falls last Friday.

## Luncheon Club Meets Thursday With Mrs. Moore

Members of the Thursday Luncheon Club met on Thursday of last week in the W. R. Moore home, with Mrs. Moore as hostess.

Members present for the luncheon were Mesdames T. G. Bengel, Fred Broach, S. E. McStay, Effie Alexander, A. A. Smith, John Ed Jones, C. R. Elliott, W. E. Braly, Miss Shelley Lee and the hostess. Guests were Mesdames H. A. Pendleton, Pitzer Baker and A. H. Mitchell.

## Dick Wardlow Miss Billie Swain Mary Saturday

Dick Wardlow and Miss Billie Swain, both of Munday, were united in marriage on Saturday, September 28. The wedding ceremony was read by Rev. W. H. Albertson, pastor of the First Baptist church in Munday.

The bride wore a navy dress with black accessories and a corsage of white carnations. For something old she wore her mother's locket. Attendants were Miss Marie Swain of Wichita Falls and Douglas Busby of Munday.

Mrs. Wardlow is the daughter of Mr. and Mrs. W. J. Swain of Munday. She was a member of the 1940 graduating class of Munday High school, and is well known in and around Munday.

Mr. Wardlow is the son of Mrs. J. H. Wardlow and is employed at the Banner Ice Co. The couple are making their home in Munday.

# WEINERT SCHOOL NEWS

**School Turns Out**  
On Friday, October 4, the Weinert school closes its doors for the purpose of gathering the cotton crop. Some students will welcome the chance to make some money; some will be glad to get out of school, while others will hate to see it close.

We should be satisfied. We have completed six weeks of work. When school starts again (which has not been decided) let us be ready to take up where we left off for the remainder of the year.

**Six Weeks Examinations**  
Everyone is busy, or least he

should be. "Six weeks exams"; these words pack a lot of trouble. The students worry more about getting prepared for the tests than they do about the tests. Note-books, themes, book reports; it all seems so sudden. Everyone is saying, "Will I pass? What is my average?" Or "Do I have an average?" We look forward six weeks to the two days of examinations. Why do we have to have examinations, anyway? Why not compromise with the teachers? Oh, Well, I guess we will live over it.

**E.F.A. News**  
The Future Farmers of Weinert

met Monday night and nominated four girl candidates one of which will be elected sweetheart of the Weinert Future Farmers.

These four girls will have boys working as hard as they can until the latter part of October when the lucky girl will be announced. The announcement will be made at a pig roast which the Future Farmers are now planning.

The four candidates are as follows:

Margaret Duff, Jewel Norman, Frances Reagan, Pauline McBeth. One penny will be the price of a vote, and the girl who receives the greatest number of votes will be elected.

**Fair Exhibit Planned**

The Weinert boys are all "in a fluster" . . . the fair is coming on, and school tiring out Friday.

But the boys intend to have an educational booth that will take the blue ribbon. Besides this booth we are going to have a booth to sell food articles. Arrangements for this venture are going

## Firestone Official Says Synthetic Tires Were Built Seven Years Ago

Akron, Ohio.—In a recent talk on rubber as it applies to national defense plans, Harvey S. Firestone, Jr., revealed that the Firestone company has been carrying on a steady experimental program with synthetic rubber since 1932. While Mr. Firestone's outlook takes into consideration all the disturbing factors of a rubber shortage, it is sufficiently reassuring to allay fears that there would be disastrous results should the major sources of crude rubber be cut off from the United States.

"As far back as in 1933," said Mr. Firestone, "we produced synthetic rubber tires, and our company was the first to provide the U.S. armed forces with tires made from synthetic material. This early experience and the research and development activities that have followed since, place us in a good position to fulfill our obligations to car and truck owners of America as well as our defense organizations."

**Raw Stock Ample**

"The United States is fortunate in having within its borders all the elements needed for synthetic rubber. Perhaps the most important of these is butadiene, a by-product of petroleum. Unfortunately, only a small quantity of butadiene is being made at the present and it now appears that the creation of manufacturing facilities for large quantities presents the greatest problem in connection with obtaining synthetic rubber in volume. It is estimated that 18 months would be required to design and erect mass production plants for butadiene. Before that time the rubber industry could have plants ready for making synthetic rubber from this basic raw material."

To take care of America's needs at the front and at home prior to a complete switch to synthetic production, the Firestone official enumerated two other steps. The first would be to conserve our stocks of crude rubber and finished products, and the second would

forward under the faithful direction of Claude Harrison, Harlan Weinert, Joe Gray and Pete Young. We are going to have some livestock, too, and we expect to give somebody competition at the fair.

All classes have met this week for the purpose of nominating candidates for Queen of the Halloween Carnival. Juanita Gordy was elected Senior queen with Granger Jenkins as her escort. The Juniors selected Jewel Norman for their queen and Clay Griffith for her escort. Leona Havran was chosen Sophomore queen, with Jim Perrin her escort. The Freshmen elected Martha Jean Aycock for their queen, with Clifford Thomas as an escort.

The P.-T.A. is an organization which benefits the school. The membership drive is now in full blast. Each class is interested in this, as a picnic has been promised the class which gets the most members for them.

**HOME ECONOMICS II**

The members of the Home Economics II class plan to have their first meeting Wednesday, October 2, 1940.

The program committee has planned the following program: "A Girls Creed", by Ruby Drinnon.

Motto, Color, Flower, by Mary Frances Howard.

Articles 7 and 8 of the Constitution, explained by Earlene Driggers.

Articles 13, 14, 15 of the Constitution, by La Vern Linville.

Articles 16, 17 of the Constitution, by Fern Baldwin.

Report of the Parliamentarian, by Gloria Kane.

We hope that everyone will enjoy this program.

**Football**

The football game between Weinert and Luaders was rather a defensive one for Weinert.

Although the Bulldogs fought diligently, they lost the game by a score of 0 to 12. Luaders made a touchdown in the first half and one in the last of the fourth quarter.

Be prepared to read the results of the football game which will be played at Swenson Friday afternoon, or better still, go and see it for yourself, because it promises to be more interesting than last Friday's game.

**Junior Bulldogs Play**

Mr. Hawkins' Mighty Midgets played the freshmen gridsters to a thrilling 0 to 0 deadlock Thursday afternoon. Both teams showed much ability, but neither managed to score. These puppies have possibilities of making first class gridiron material in a year or so.

materials and finished products would last nine months. Steps have already been taken to extend this supply. Recently our government and the rubber industry jointly formed the Rubber Reserve Company, to buy and store 150,000 tons of raw rubber. With this reserve stock added to present supplies, our country will have a full year's protection against any emergency which might occur."

Considering this natural crude supply together with the greatly expanded production of reclaimed rubber and the transition into synthetic products, the effects of a major interruption in natural rubber supplies would not seem disastrous. Present high prices have retarded synthetic rubber but they would be sharply reduced on the large scale manufacture brought about by a state of emergency.

Lynn Fore, a student in Hardin-Simmons University in Abilene, spent the week end here with his uncle and aunt, Mr. and Mrs. W. E. Braly.

Miss Colleen McCarty, who is attending Texas Tech in Lubbock, visited her parents, Mr. and Mrs. W. W. McCarty, over the week end.

Miss Louise Ingram, who is teaching in Cross Plains, Texas, spent the week end here with her mother, Mrs. Louise Ingram.

Jimmie Harpham was a business visitor in Colorado City, Texas, the first of this week.

Roy Mayo of Goree and Mrs. Jack Mayes were visitors in Fort Worth last Monday.

J. T. Bookout was a visitor in Wichita Falls and Iowa Park the latter part of last week.

Jeff Dean Bowden, who is attending Hardin-Simmons University at Abilene, visited home folks here over the week end.

**BIRTH ANNOUNCEMENT**

Mr. and Mrs. A. D. Allred are the parents of a boy, born Saturday morning, September 28th. Both mother and son are reported doing nicely.

Mr. and Mrs. Melvin Jennings visited relatives in Abilene over the week end.

Andy Elland was a visitor in Wichita Falls last Sunday.

## Passenger & Truck Tires

Our Policy of Furnishing the Best at Money-Saving Prices Applies Doubly on FIRESTONE TIRES

Yes Sir! We Will Trade

SEE US BEFORE YOU BUY!

Now YOU CAN BUY A Firestone Gum-Dipped Tire \$5.45 FOR AS LITTLE AS . . .

FIRESTONE cuts the cost of Tire Safety just at the time when you need a new set of tires. At this time of the year you should replace tires that are worn and smooth for greatest safety during the summer driving season. Tires may look alike on the outside — but inside they are different. The name FIRESTONE on a tire is your assurance of extra safety and long mileage because only Firestone Tires are built with these patented and exclusive construction features:

**Gum-Dipping**, the Firestone patented process by which every fiber of every cord in every ply is saturated with liquid rubber, counteracts tire-destroying internal friction and heat which ordinarily cause blowouts. Nine extra pounds of rubber are added to every 100 pounds of cord.

**Two Extra Layers of Gum-Dipped cords** under the tread, another patented Firestone construction feature, protect against punctures.

**Scientifically - Designed Non-Skid Tread** made of tough slow-wearing rubber, assures safer stops and longer non-skid mileage.

Now that Firestone gives you all of these safety and economy features at these low prices, you cannot afford to take chances with unsafe tires this summer. Come in today and join the Firestone Save-A-Life Campaign by equipping your car with a set of new Firestone Convoy Tires — the safest tires that money can buy at these low prices.

### 5,000 Texas Boys to Enter CCC During August; Enrollment is August 17-18

Five thousand Texas boys will have opportunity to enroll in CCC camps October 17-18, it is announced by Washington and Austin authorities. Every county in the state will be permitted to enroll some of its boys.

The popularization and enlargement of the CCC program, its approval by the President and Congress, have caused enrollment to be eagerly sought by youths all over the nation.

Admission to the CCC camps does not make a boy more liable for military call. Nor are the enrollees given distinct military training. The training is of a non-combatant type, calculated to aid the country in case of a national emergency. But it is primarily intended to fit the boys for profitable places in civil life.

Vocational and business training of many types are given in the camps, as well as regular school work for those needing it. A competent staff of technical and academic teachers is on duty at camp. Instructions and books, as well as good food, shelter, and medical care are provided the boys in CCC. The purpose behind the Civilian

Conservation Corps is not chiefly to keep the boys off the streets, but to make of them good American citizens. Right leadership, work habits, and sportsmanship combine to develop these boys.

Thousands of boys each month go directly from the camps to worthwhile jobs, as a result of the training. Only ambitious boys are sought for enrollment, those willing to work and take instructions.

All boys are required to enroll for six months. A shorter period accomplishes nothing and is expensive for the government.

CCC rules now permit enrollment of all boys "employable and in need of employment." This included the sons of families receiving some type of public assistance, and hundreds of worthy boys whose families are not on public assistance rolls, but who are in need of employment and training. Youths without families or proper support can enroll.

Boys between the ages of 17 and 23 1-2 years are accepted. They must be of good normal character, and able to pass a reasonable physical examination by camp physicians. Boys with police records

will be rejected. All CCC boys with dependents, and this includes the vast majority, are required to remit \$22.00 monthly to their families, or other dependents. They retain \$8 for spending money. Enrollees without dependents must deposit a \$22 allotment with the government's finance officer, to be returned to them in full upon completion of enrollment.

County Welfare Agencies all over Texas are now taking applications for CCC. Their offices should be visited at once by parents and youths interested in enrolling.

### Gas Officials Attend Meeting Held in Dallas

The gas industry's responsibility in the national defense program, ways to improve customer service, and preparations for meeting the peak demands for winter fuel were studied by more than 400 Lone Star Gas System foremen, managers and other key men who have just completed their annual conference in Dallas, according to H. L. Dyer, manager of the Seymour district, who attended the meeting.

"The Lone Star Gas System is equipped better than ever before to furnish an adequate supply of gas in the face of extreme demands," he said. "This will be particularly beneficial in the national defense program on operations requiring natural gas service. An interconnected system of thousands of miles of pipe lines bringing gas from more than 1200 wells in Texas and Oklahoma gives an adequate supply under the most extreme demands.

Methods of helping consumers get maximum service from heating equipment through minimum operating costs was one of the chief concerns of the conference. According to a survey, many customers failing to utilize their present heating equipment in a manner to obtain the most healthful and beneficial results. Because of this condition the company has shouldered the responsibility of educating customers in the proper use of heating appliances. Newspaper advertising is one of the ways by which we are teaching customers healthful heating habits. This campaign is incidental to the sale of appliances. We are trying to show how to use present equipment to get the best results from the standpoints of health and efficiency.

## At The Churches

### METHODIST CHURCH

"Tie a string around your finger NOW!" Next Sunday is nation-wide "Go-To-Church Sunday." It will be observed by all denominations now in America.

Make it "Family-Go-To-Church" Day at your house. Bring 'em all along, like they used to do back home. They tell me that our church seating capacity is less than our membership. What a shame not to have a seat for each member of the family. You come on, and we'll find you a seat. If you like a back seat remember to come early.

Sunday School, 10 a.m.; Church, 11 a.m., and 7:30 p.m. Leagues, 6:45 and W.S.C.S. 3:00 p.m. and W.S.G. 7:45 p.m. on Mondays of each week.

Everybody's talking it. Read it in your paper. You just can't afford to miss being there Sunday.

H. A. LONGINO

### FIRST BAPTIST CHURCH

Next Sunday is National Go-To-Church Day. All over the nation the appeal is being sent out to everyone to go to church. Make

your plans now to go somewhere to church on that day. If you are planning to go visiting that day you will not go yourself and will keep someone else from going, as is always the case when we go visiting on Sunday. Wouldn't it be great if all the wheels of industry would stop from nine Sunday morning until one that afternoon and honor God with our worship and devotion. Help make it 100 per cent in Munday.

Sunday school at ten, preaching at eleven and eight, and the Training service at seven p.m.

We are calling a meeting of the deacons of the church at 2:30 Sunday afternoon. Next Sunday begins a new associational year. Let's make it better than the last one.

We'll be looking for you Sunday. You don't have to "dress up," come as you are. You will find a cordial welcome and will enjoy the services.

W. H. ALBERTSON

Mr. and Mrs. Tom Haney and children of Wichita Falls visited relatives and friends here over the week end.

# Crowell Trounces Moguls To Tune Of 12-0

A limber-legged, fast and shifty back by the name of A. Y. Olds, whose weight was given as 126 pounds, proved to be so many pounds of dynamite to the Munday Moguls last Friday night on Scruggs field. Olds accounted for the 12 points that were chalked up against the zero on Munday's side of the ledger.

Bill Ownbey, Crowell's 159-pound half, started as a real threat in the opening plays, ripping off about 25 yards on the first play, but he was soon calmed by the Moguls. Olds, however, made two jaunts during the game that caused mourning in the Mogul camp.

After battling through the first quarter with the odds about even, the Moguls gained possession of the ball early in the second stanza. After Patterson had picked up 15 yards, Ray Moore began letting loose those passes, two of which accounted for 37 yards. The third one was intercepted by Olds, who tucked the ball away and raced 70 yards of Crowell's first counter. The try for extra point failed.

Munday again kicked to Crowell to open the second half, and it was then that Olds scooped up the kickoff and scampered 85 yards down the sidelines for their second six points. Again Crowell failed to make the extra point.

The Moguls penetrated the Wildcats' 10-yard line four times during the game, but lacked the necessary power to make the grade. Several times while in scoring position a Wildcat player would break thru Munday's heavy line to throw the Moguls for a loss. Ray Moore's passes wouldn't connect at those critical periods.

Other than the two touchdowns jaunts, statistics showed the Moguls more adept at gaining ground than the Wildcats. During the second period Munday ripped off 81 yards on running plays, and

gained 49 with 7 completed passes. Six of Munday's passes were incomplete and two were intercepted during this period.

Most effective ground gainers for Munday were Stevens and Patterson, while the pass combinations were Moore to Patterson and Stevens.

Olds and Ownbey were outstanding on the Wildcat eleven.

## Munday School News

### MOTHERS OF HOME MAKING GRILS ARE ENTERTAINED

The mothers of the Homemaking group in the summer work were entertained Tuesday evening. A short program was given in the auditorium. A pantomime, "The Dilemma of a Bachelor," by Vera Mae Conwell, Sue Stodghill, Evelyn Reeves, Cora Jean Martin, Evelyn McGraw, Dixie Atkinson, Nell Veda Clayborn and Thelma Hamilton. A piano solo was given by Patsy Hannah. The trio, Patsy Mitchell, Polly Silman and Mary Lois Beaty sang "Sierra Sue"; Patsy Mitchell sang "Alice Blue Gown." After the program the girls escorted their mothers to the Cottage on the school grounds where the second year girls served refreshments.

### BOOKS RECEIVED FOR HOME MAKING CLASS

New books for the Homemaking classes have been received. Patsy Ruth Mitchell says, "I like 'The Questions Girls Ask' by Helen Welshimer, because they are the things I want to know the answers to." Flora Bell Ratliff asks, "Does 'Pictures of Family Life' tell how other families live—if it does—I'm interested—I want to compare these true life stories with my own family." Sue Stodghill said, "I like 'A Home of

Your Own," who knows, I may have one of my own some day." Betty Golden disagrees with most of the other girls. She stated "I rather have The Day by Day Cook Book. It's going to help me know." Mary Lois Beaty and Juracy Jones both agreed on "Meal Planning and Table Service". Dixie Nell Atkinson is interested in the buying phase—"I'll read 'When You Buy,' then I'll know how and when to make a bargain."

### SCHOOL FACULTY HAS FIRST MEETING

Public school relations with the community was the subject of the first of a series of monthly topics for discussion in the initial professional faculty meeting of the year of the Munday public school faculty.

L. M. Palmer, principal of the grammar school gave a discussion on the importance of giving the correct publicity to the public in order that they might understand new methods and im-

provements in the school.

Noble Wright, science and English teacher, discussed the methods of writing newspaper articles and where news may be obtained in the schools for the interest of the public.

Principles of good publicity and school interpretation was discussed by Miss Burnett, elementary teacher. Studies have shown that the people are interested in what the children are doing in the school, in progress and achievement of the students, methods of teaching and the course of study.

"Unless there is a continuous, weekly, flow of interpretation to the public concerning the schools of today, we lag behind the best examples set by all good forms of business," stated Mr. Palmer. The people should be told through newspapers, exhibits, programs, school bulletins and other agencies concerning the workings of the school. Such will prevent misunderstanding and will advertise the school, he showed.

### NEW TYPEWRITERS

Four new typewriters have been added to the typing room this year thus allowing more students to take typing and cut the numbers of periods open for juniors and seniors to use.

Two of the typewriters were Royals and two were L. C. Smiths; the remainder of the 15 typewriters used in the commercial department are of various kinds, thus enabling the students to gain knowledge on various kinds of typewriters.

Each year the students are charged a fee for the use of the typewriters and this is used to replace old typewriters and to keep the typewriters cleaned each summer and in good running order.

### NEW BOOKS ADDED TO SCHOOL LIBRARY

Twenty-five new books have been added to the high school library the past few days. The books consist of fiction and non-fiction books to enable the students of the school to keep up with current lit-

erature. Several of the books concern vocations, the principles of Democracy and give the students extensive reading.

The library also has bought several paper holders and has subscribed to three regular newspapers for the benefit of the students. The entire library has been indexed and put in running order through the work of several librarian students and Miss Hulen Hol-

loway, teacher in charge of the library.

Fees on the library paid by the students consisting of fifty cents per school year, paid for the materials that have been purchased. In this manner, many students get the benefit of several newspapers, extensive reading and library materials other wise not available to them.

### Cattle Prices Some Lower At Sale Tuesday

A good run of cattle and hogs were offered for sale Tuesday at the Munday Livestock Commission Company.

Cattle sold mostly cheaper, in sympathy with the major markets. Hogs sold well in line with Fort Worth markets. Choice top hogs sold as high as \$6.20 per hundred, which was tops for the day. Hogs weighing from 140 to 160 pounds sold from \$5.50 to \$5.80 per hundred, with hogs of other weights ranging upwards to the \$6.20 top prices.

One load of good stocker cows sold for \$53 per head. One load of good 2-year-old stock bulls, some registered, sold from \$60 to \$71 per head. Other prices paid for cattle were as follows:

Beef bulls, \$5.25 to \$5.50 per 100; butcher bulls, \$4.50 to \$5; fat cows, \$4.75 to \$5.25; butcher cows, \$4 to \$4.50; canners and cutters, \$3.25 to \$4; fat yearlings, \$7.50 to \$8.50; common butcher

yearlings, \$5.50 to \$6.50; fat calves \$7 to \$7.75; common butcher calves, \$6 to \$7; rannies, \$4.50 to \$5.35.

Sellers included: C. R. Elliott, A. M. Moore, Tolle Welborn, John Michalik, Jack White, J. A. Caughran, Claude Hill, Jack Mayes, E. R. Lowe, C. N. Smith, Cecil Hutchinson, Griffith Bros., F. A. Omer Cure, Gilliland; Velta Bowman, P. F. Weinert, Weinert.

### Premium List Of Haskell Fair Over \$1,500

With opening day for the annual Central West Texas Fair in Haskell scarcely more than one week away, fair officials announced this week that preparations had been made to entertain a record-breaking attendance of visitors from surrounding towns and communities during the exposition's four-day run Oct. 16-19.

Anticipating increased exhibits in all departments, the premium list for the 1940 Fair has been boosted and cash awards amounting to more than \$1,500 will be paid to exhibitors in the poultry, livestock, agricultural, textile and culinary departments this year. Additional awards are offered in the various divisions of the opening day parade and in the 4-H and FFA judging contest open to all West Texas clubs and chapters, an added division to this year's fair.

Young women sponsors from area towns and cities have been invited, together with school bands and pep squads, who will compete for substantial cash awards in the fair parade.

Opening day parade will be held at 1 o'clock Wednesday, October 16, and will include more than a dozen separate divisions. All school children will be admitted to the fairgrounds free on opening day, October 16.

Visiting sponsors and the young lady chosen as "Miss Haskell of 1940" will be presented in a pageant on Indian Field Wednesday night, and following will be the "Sponsors' Dance" in a downtown building with music furnished by Joe Buzzie and his orchestra.

Other night attractions during the fair will include a regular 10A conference football game between the Haskell Indians and Baird on Friday night, October 18. T. J. Tidwell's Shows will furnish carnival attractions during Fair week.

County Judge E. L. Covey was over from Benjamin attending to official business Tuesday.

Mrs. W. M. Mayo and Mrs. Jack Mayes were visitors in Fort Worth the latter part of last week.

Mrs. H. L. Butler of Goree was shopping in Munday one day last week.

Mr. and Mrs. E. A. Burgess of Gilliland were business visitors in town last Tuesday.

Mr. and Mrs. A. H. Mitchell visited friends in Abilene last Sunday.

### F.S.A. Supervisor To Furnish Copies Of Farm Leases

It's leasing time among tenant farmers of Knox County, or at least it ought to be, says Joe B. Spears, supervisor for Farm Security Administration.

"Overwhelming sentiment among both landlords and tenants shows that best farming is done by those tenants who are secure on their farms, with a written lease," the supervisor said. "A gentleman's agreement will not do the job. It is all right to say a tenant can stay as long as he does a good job. But if the tenant is to be really encouraged to do his best, he must have the agreement in black and white."

The supervisor will furnish any with copies of the Farm Security Administration's "Flexible Farm Lease," or livestock lease, with annual supplements to fit the crop or livestock conditions coming up each year. This lease provides for practically the same things as were recommended by 55 county Land Use Planning committees of the State, in answer to a questionnaire which was sent out recently by FSA.

A heavy swing of sentiment was noted toward long-term leases.

All answers but two were signed by landowners, the suggestions being made by owners rather than by tenants themselves.

A heavy majority favored legislation which would require advance notice when either the landlord or tenant planned to terminate a lease. Time which it was suggested should be given before termination ranged from 30 days to 5 months in case of the one-year lease, while for longer leases the suggestion was up to 8 months. Compensation was favored for either the tenant or the landlord in case the other party abruptly terminated a lease or abandoned the farm without due notice.

Compulsory arbitration of disputes was favored by a heavy majority, but most answers opposed "professional" arbitration boards. A special committee in each case was favored, one member selected by each party to the dispute, and a third by those previously selected.

It was generally agreed that the tenant is at a disadvantage in bargaining, because of the shortage of rentable farms. Most frequently quoted evidence of the tenant's disadvantage was "unlawful and unethical retention by the landlord of government benefit payments." Other inequities listed were excessive rents, and acceptance by tenants of the responsibility for making improvements which should be done by landlords.

Tenants should be compensated for improvements, it was held, when made with the landlord's approval. Compensation favored was the assessed value at the time of lease termination. Replies were practically unanimous in opposing adoption of the English plan of permitting tenants to receive compensation for certain improvements made without the consent of the landlord.

All the suggestions made by the County Land Use Planning committees are provided for in the FSA "Flexible Lease," which also provides for desired modifications. Copies will be furnished gladly to anyone by his office, the FSA supervisor reports.

### Amendments To Constitution To Be Voted Upon

(By Senator "Cotton" George Moffett)

The State's present Constitution was written 65 years ago—in horse and buggy days. Our forefathers, being farsighted, provided that the Constitution might be amended, through the submission by the Legislature of the proposed change, to a vote of the people. In the past 65 years a total of 150 proposed amendments have been submitted. The people voted favorably upon 80 of these amendments, and they have become a part of the Constitution. The others they rejected.

In November, at the same time that the voters express their choice for president, 4 proposed amendments to the Texas Constitution, will appear on the ballot.

Number One: Applies only to Red River county, which desires to refund a heavy indebtedness and secure lower interest rates. It is necessary to amend the Constitution to permit them to do so. Red River county favors the amendment and since no other county is affected, it seems proper to vote for it.

Number Two: Provides that Notaries Public may be appointed at any time. Under the Constitution as it now reads, Notaries can be appointed only while the Legislature is in session, which is usually about one-fourth of the time. If amendment number 2 is adopted, Notaries may be appointed by the Secretary of State at any time. This amendment can do no harm

and might do quite a lot of good, and therefore should be adopted. Number 3: Applies to Civil Service for State, County and Municipal appointive employees, with particular reference to the appointment of an employee for more than two years. There seems to be little or no opposition to this amendment, and as far as the writer knows it is not objectionable.

Number 4: Is probably the most important of the four amendments, as it makes a definite attempt to hasten court procedure so that the Constitutionality of a law may be more quickly determined. Because of the long pathway that a case usually travels, it is sometimes three years or more after a law is passed before anyone can be sure that it is constitutional.

Amendment No. 4, if adopted, will hurry up the matter of providing for direct appeals from the trial court to the Supreme Court in matters involving constitutional-ity.

The writer (Senator Moffett) is the author of Amendment No. 4, and earnestly urges its adoption.

### SET DATES FOR FAIR SCHOOL DAYS

Dallas, Texas.—Friday, October 11 has been set for Children's Day at the State Fair of Texas, and Friday, October 18 for high school students. Requests for tickets for this annual pilgrimage of Texas school children are already being received by the State Fair from over the state.

Last year the kiddies chalked up the largest single day's attendance and not an accident occurred and when the roll was called and time came to go home, not a child was among the missing.

Numerous amusements, most of them altogether new, will greet the children this year. The Midway, always their mecca, will offer them more than a dozen new and thrilling rides. The old standbys also will be in full operation.

There will be ice cream cones, hot dogs, and hamburgers at every turn. The grounds and all the folks working on it will be at the disposal of Young America on these special days.

A naval fleet of eleven men-of-war was built as one of the first acts of the Republic of Texas after its establishment in 1836. University of Texas records show. Six years later, all of the vessels were docked, however; and after July, 1843, no warship ever sailed, flying the Lone Star flag.

## Don't Take CHANCES

When you butcher hogs bring them to our Meat Curing Vault and have them cured.

This vault gives you a complete cure. It keeps the same temperature, and your meat will not spoil because of weather conditions.

... IT'S SAFE ... IT'S ECONOMICAL!

# COTTON PRODUCERS:

## Better Grade and Staple Mean MORE MONEY AND HIGHER LOAN VALUES!

... Our Thermo-Dryer Cleaner improves your sample from One to Two Grades!

... Our Split-Rib Gins—the very latest in ginning machinery, which were installed this summer—protects your staple, giving you a bale that is more desirable to the buyers and spinners.

... The difference in value of Strict Low Middling cotton of 1-inch staple and Middling cotton of 1-inch staple is \$3.00 per bale.

## Ginning 25 cents per 100

(We have trained workers who will prepare your loan papers. This service is rendered to you without additional charges.)
