STIMSON TO DRAW FIRST DRAFT CAPSULE

Munday-Stamford Game To Highlight District 10-A

Highlighting the District 10A schedule this week will be the Munday Mogul-Stamford Bulldog game at Scruggs Field in Munday next Friday night. With both teams "gunning for each other," this game is expected to draw the largest crowd of any game in the district.

Stamford was taken to task last Friday night by the Hamlin Pied Pipers, and reports from the Stamford camp are that the Bulldogs' stock has just about hit bottom, but the team is going to be plenty keyed up for the Munday game.

Coaches Cooper and Hext have had the Moguls doing secret practice during the past two weeks. As this practice and grueling workouts have been under way, the Mogul coaches hope to have a system of play that will bring the locals through to victory.

The Mogul lads, who to many fans have appeared to be loafing this year, are expected to have plenty of fire and fight Friday night, since they'd rather emerge from the battle victors over Stamford than any team in the district.

Bleachers on both sides of the field have been reserved for this game, and reserved seat tickets are on sale at all Munday drug stores. Since Munday expects the largest crowd of the season for this game, those who do not have reserved seat tickets must watch the game from the sidelines. Football fans are urged to get their tickets as early as possible, as they are going fast.

Local Girl Scouts Observe National Girl Scout Week

October 27 to November 2 has been designated as National Girl Scout Week. Special emphasis is being placed on community service and international fellowship.

The Munday girl scout troop will participate in the activities. The girls will have charge of the assembly room program on Friday afternoon.

Five girls are working on tenderfoot tests. They are Betty Jane Spann, Patsy Massey, Patsy Walton, Martha Ann Reynolds and Frances Hallmark. Fifteen girls are now enrolled in the Munday troop.

Tractor Operating Contest to be Held at Maples Farm

Pendleton and Stodghill, local dealers for Ford Tractors and Ferguson farm implements, will hold a tractor operating contest on October 31 on the Roy Maples farm, 1-2 mile west of Goree.

The contest is to decide which member of the National Youth Foundation is more proficient in operating his Ford tractor. This will be a semi-final contest between boys from the following counties: Taylor, Jones, Haskell, Knox, Baylor, Archer, Wichita, Clay and Wilbarger. Winners of the contest will have an opportunity to qualify for a final contest to be held at a later date, in which first prize is a completely equipped Ford tractor with Ferguson implements.

Further details of the contest are given in Pendleton and Stodghill's ad elsewhere in this issue. The public is invited to attend this contest.

Two More Gins Buy Cotton Bagging

The Pendleton Gin of Munday and the Orb Coffman Gin of Goree have recently purchased a number of patterns of cotton bagging for farmers ginning at their gins who want their cotton wrapped in this product.

This makes Munday gins 100 per cent for cotton bagging, and Peter Loran, president of the Texas Farmers Union, stated that it's up to the farmers now as to whether their cotton is wrapped in their own product. Loran is local representative for the San Antonio Cotton Mills, which makes cotton bagging from Texas cotton.

Pep Rally and Bonfire Slated For Thursday

A huge pile of boxes, pasteboard, wood and debris has been gathered for the pep rally and bonfire which will be staged Thursday night of this week in "putting the spirit" into folks for the Mogul-Bulldog football game on Friday.

The pep rally and bonfire will be held just west of the high school building, and it's going to be a roaring and turbulent crowd that gathers to yell their heads off and watch the great pile of woods, etc., blaze up and finally die down to glowing embers.

A large crowd is expected for this event. Several good speakers will "say their piece" in behalf of the Moguls, trying to put them into the proper spirit for beating Stamford. Be there!

Farm Officials Feted Here On Friday Night

75 in Attendance For Banquet Given For U.S.D.A. Officials

A number of officials with the U. S. Department of Agriculture, who have been visiting farms in the Munday-Seymour one-variety cotton area, were guests of the Munday Chamber of Commerce last Friday night at a banquet at the high school auditorium.

These officials visited the 15,000 acre Acala one variety area and marketing center at Munday. At many of the places, pictures were made of the farms, cotton, etc.

A number of business men, farmers and ginners from the surrounding territory joined the local folk for the affair. There was a large delegation from Seymour. Total attendance was 75.

In 1938, Munday was selected to carry on the export program in the one variety field. As a result of the splendid work done here and the records made, this place was selected again in 1940 by the department of agriculture to carry on the one-variety cotton improvement program—one of the four places in the state selected for this purpose.

A. M. Dickson, in charge of cotton improvement work in Washington, conducted the round-table discussion of the problems confronting one-variety cotton centers and made recommendations for improvements. Other speakers included M. C. Jaynes, extension service A. and M. college, H. W. Spielman, supervisor of domestic cotton program in Texas; D. D. Reynolds, department of information of the agricultural department, in Washington.

W. R. Moore, president of the local chamber of commerce, presided. W. W. Rice, county agent, and Wallace Reid, manager of the Farmers Union gin, spoke briefly.

Transportation Aid Forms Mailed Out

The state is sending out transportation forms to be filled out by all schools receiving transportation aid, Merick McGaughy, county superintendent, said Tuesday.

Transportation aid for next year will be based on the second month's attendance in each school during the 1940-41 school term. This will enable the state to pay transportation aid earlier than heretofore, it was said.

BIRTH ANNOUNCEMENT

Mr. and Mrs. R. L. Stubblefield are the proud parents of a baby girl. The child was born October 16, and weighed 9 pounds. She has been named Barbara Ann. Both mother and baby are doing nicely.

P.C.A. Office is Opened Here on Last Monday

Officials Are Here For Opening of Local Business

Formal opening of the Munday office of the Stamford Production Credit Association was held last Monday. C. R. Elliott, local manager, said a number of farmers called during the day to discuss their financial problems.

The Munday office is now ready to make loans for any general agricultural purpose to farmers and ranchers who can qualify for a loan on a sound basis. Loans are made at the rate of 4 1/2 per cent interest.

Officials of the association here for the opening Monday are: J. B. Pumphrey of Gld Glory, president; J. P. McCulloch of Stamford, vice president; and J. L. Hill, Jr., of Stamford, secretary manager.

All of the officials were well pleased with general conditions in and around Munday. They contacted several farmers and ranchers of this territory, and they anticipate a good business with the local office.

The association has approximately 600 farmer and rancher members and has loans outstanding at this time of approximately \$550,000.

FOURTH QUARTERLY CONFERENCE TO BE HELD HERE NEXT SUNDAY

Rev. T. M. Johnston, district superintendent, will be here next Sunday and will hold the fourth quarterly conference for the Munday Methodist church next Sunday afternoon. This is the last visit of the district superintendent before the Northwest Texas conference convenes.

All church officials are urged to attend this conference, which will begin at three o'clock Sunday afternoon.

TO WALLPAPER SHOW IN ALTUS, OKLAHOMA

J. A. Caughran, manager of the Munday yard of Wm. Cameron & Co., accompanied by Carroll Blacklock, manager of the yard at Littlefield, spent the first of this week in Altus, Okla., attending the annual wallpaper show.

Mr. Caughran purchased the annual supply of wallpaper for the Munday store.

Fun Promised at P.-T.A. Carnival on Hallowe'en Night

Fun for everyone is promised for those who attend the P.-T.A. Hallowe'en carnival on the night of October 31. The carnival will be held in the elementary school building.

Some of the booths which carnival visitors will have a chance to visit are: Fish pond, cake walk, chunking the teachers, dart throwing, fortune telling, chunking the cats, pie walk, bingo and fun house.

Candy, pop corn, drinks, sandwiches and ice cream will also be on sale, and everyone is invited to come and join in the fun.

KNOX COUNTY SINGERS TO MEET AT SUNSET

J. C. McGee, president of the Knox County Singing Convention, announced Wednesday that the convention will be held next Sunday afternoon at Sunset.

The meeting will convene at two o'clock in the Sunset school auditorium, and everyone is cordially invited to attend.

Mrs. John Labrey of Silver City, New Mexico; Mrs. Cora Draper and Mrs. Tom Ballard of Haskell are guests of Mrs. P. B. Broach this week.

WATCH THE DATE

Watch the date that appears after your name on The Munday Times. If that date is 11-1-40, your subscription will expire on November 1, 1940.

There's a saving of 50 cents for every subscriber who pays his subscription to The Munday Times during the bargain days.

Since announcing the bargain rate a few weeks ago, The Times has received a number of subscriptions. Prompt response to our bargain offer will assure you of the 50-cent saving.

The bargain rate will be withdrawn some of these days. See that your expiration date is extended now!

North Wichita River Bridge To Be Improved

Highway Department To Spend \$26,000 On Project

County Judge E. L. Covey announced Saturday that the bridge on the North Wichita river between Benjamin and Crowell will be improved within the near future.

Both Knox and Foard counties have been notified of approval on this project by the Texas Highway Department. The river is the dividing line between the two counties, and the project is listed for both counties.

This bridge is the old wooden structure which is too narrow for two way traffic, and because of this, it presents a traffic hazard on this highway.

Judge Covey said the highway project calls for the expenditure of approximately \$26,000. The bridge will be widened and reinforced with concrete, including a concrete flooring.

Because of the nature of this stream, it will not be necessary to build as strong a bridge as over other streams of this territory in which the water flows more rapidly, it is said.

15 Will Take Exams for Goree Postmaster's Job

Fifteen persons residing in the vicinity of Goree have filed applications for the position of postmaster at Goree, and will take the civil service examination.

The examination will be held next Saturday at the Munday high school building. Ardelle Speake of the Munday post office will conduct the examination.

Mexican Shot Sunday in Brawl

Dan Garza, Mexican, was shot last Sunday afternoon by Mike Moldesto in a brawl the two engaged in on the C. R. Elliott place, southeast of town.

Investigating officers said the two had been drinking and got into an argument which resulted in the shooting. Officers stated Modesto shot at Garza five times with a .380 automatic, only one bullet hitting the victim in the shoulder.

Officers from Munday were called and learned the shooting occurred in Haskell county. Garza was taken to a Haskell hospital and Modesto brought to the Munday jail and was later turned over to Haskell officers.

ED THOMPSON ADDED TO SALES FORCE AT MUNDAY HARDWARE

Ed. Thompson, well known Knox county resident, has accepted a position as "outside salesman" at the Munday Hardware and Furniture Co., beginning his duties there this week.

Mr. Thompson was employed at the City Drug Store during the summer months, and is well known in this section.

ATTENTION MEMBERS AMERICAN LEGION FREE FEED

All Buddies who are eligible to belong to the local post of the American Legion, whether you have paid your dues or not, are invited to attend the regular meeting of the post on November 12 and bring your wives to a BIG FREE FEED given by a representative of Wear-Ever Aluminum in this county. The only thing you are supposed to bring beside the wife is a knife, fork and spoon to do down their victuals. Be sure and come and tell your buddies about it.

JIM HARPHAM
Post Commander

Visit of Deputy State Superintendent Being Postponed

The visit of Deputy State Supt. Anthony Hunt to the state aid schools of Knox county, which was scheduled for the week of October 29, has been postponed to the week of November 11, it was announced Tuesday.

Mr. Hunt was in County Supt. McGaughy's office this week and stated his work was crowding him, making it impossible for him to be here on the date first planned.

Beginning on November 11, Mr. Hunt will visit all state aid schools of Knox county.

Photo of Col. Knox is Given To Vera School

A picture of interest to every citizen of Knox county was donated to the Vera Consolidated School recently by M. J. and R. C. Spinks.

The Messrs. Spinks visited the school for a short time, and presented the picture of Col. Henry Knox to Supt. Thompson. It is a reproduction of a large picture that was recently on display at M. J. Spinks' bank in Dallas.

The picture is that of Col. Knox and an original check given by him in 1791. He was then Secretary of War under President Washington. Because M. J. Spinks was interested in Knox county and its history, when he saw the picture he had it reproduced for the Vera school.

R. C. and M. J. Spinks are the sons of J. A. Spinks, who was one of the first four commissioners of Knox county when it was organized in 1886.

Costume Dance To be Given at Rhineland Hall

A Hallowe'en costume dance will be given at the Rhineland club hall on Tuesday night, October 29, sponsored by the Rhineland C.Y.O.

No masks will be allowed, the committee has announced, and prizes will be awarded to the best costumed person, the prettiest and the funniest. Admission to the dance will be 45 cents for men, 25 cents for ladies and 10 cents for "onlookers."

Music will be furnished by the Dixie Play Boys. Everyone is cordially invited to this dance.

Knox County Hospital Notes

Patients in the Knox county hospital this week are: Mrs. W. C. Goodrich and son, Knox City; Clarence Webb, Rochester; Mrs. G. L. Pruitt, Munday; Mrs. Raymond Anderson, Rochester; Chas. A. Reynolds, Vera; Mrs. J. A. Reid, Munday; Chas. Moorhouse, Benjamin; C. V. Hackney, Munday; Dean Jackson, Goree.

Patients dismissed were: Miss Blanche Elliott, Knox City; Mrs. J. N. Ballard, Rochester; J. J. Foshee, Knox City; Quincy Mills, Knox City; Mack Farquhar, Abilene.

DEATHS:
Mr. H. E. Whiteside, Rochester.

Mr. and Mrs. Wallace Moorhouse of Benjamin were business visitors in Munday last Saturday night.

Teacher Meet To be Tuesday At Benjamin

League Events Will Be Planned For This County

A county-wide meeting of teachers of Knox county will be held next Tuesday night at Benjamin, beginning at 7:30 o'clock.

The purpose of this meeting is to set up machinery for the county Interscholastic League meet to be held next spring. Merick McGaughy, county superintendent, explained that directors of all events will be named, and places for holding the events will be selected.

This is a meeting of importance to all teachers and school patrons. Teachers are urged to be present, and any others wishing to attend the meeting are cordially invited.

The teachers meet each year, usually at the county seat, and organize the league work, deciding where the events will be held and those in charge of various activities.

Delegates to Attend Wichita Falls AAA Meet

Seven representatives of Knox county will attend a district AAA meeting at Wichita Falls November 6th & 7th to study the 1941 AAA program and discuss the cotton situation in connection with the cotton marketing quota referendum to be held December 7, J. W. Smith, chairman of the Knox county AAA committee, has announced.

Delegates to the meeting from this county will be:

J. W. Smith, chairman, Knox county committee
August Schumacher, member of county committee
E. A. Beck, member county committee

J. S. Harper, secy Knox county A.C.A.
W. W. Rice, County Agricultural Agent

Neva Van Zandt, County Home Demonstration Agent
Mrs. J. O. Cure, member Land Use Planning committee.

Chairman for the first day of the two-day meeting will be J. A. Geofield, extension service agent for this district, while J. H. Watson, the district's member of the state AAA committee, will preside the second day.

On the program the first day Fred Kennels, who is in charge of the Range Conservation Program in the state, will discuss the 1941 range program; R. T. Price, state administrative assistant, will report on the "Mattress Program" and "Appeals"; B. F. Vance, assistant state administrator, "Status of the 1940 Program"; Lester Young, state administrative assistant, "1941 Handbook." Separate meetings will be held in the afternoon.

County committeemen, county agents and county administrative officers will hear George Slaughter, chairman of the state committee, and B. E. Nowotny, state accountant, discuss "Fiscal and Association Matters," while county home demonstration agents will confer with the district home demonstration agent, Mrs. Isla Mae Chapman.

The second day's speakers will include G. D. Scott, state office statistician, "State and County Allotments and Yields," and a closing summary by E. N. Holmgren, state administrative officer.

STATE DEFICIT REACHES ALL-TIME HIGH

The deficit in the state's general revenue fund this month stands at an all-time high, according to reports of Charlie Lockhart, state treasurer. Lockhart reported the deficit as of October 5th had reached \$26,125,278.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Leo Fetsch are the happy parents of an 8-pound boy, born October 23. Both mother and son are reported doing nicely.

Mrs. Fred Broach is in Cameron, Texas, this week attending the bedside of her sister's husband.

Mr. and Mrs. M. C. Hallmark spent last Sunday in Altus, Okla., where they attended a family reunion of the Hallmark family.

Drawing To Be At Noon Tuesday

800,000 Young Men To Be Called to U. S. Military Service

At noon Tuesday, October 29, Secretary of War Stimson will draw the first number in a nation-wide lottery in which nearly 17,000,000 young men hold tickets—800,000 of them good for a year's military service.

Plans for the lottery were completed at Washington last Monday. At first it was announced that President Roosevelt would draw the first number, but later announcement said that the president wished this honor to go to Stimson. The president will attend the historic ceremony.

Knox county's draft board has completed assigning serial numbers to 1330 men of Knox county who are interested in the lottery. Names and serial numbers of these men appear on pages two and three in The Munday Times this week. All registrants are urged to get their serial numbers because these will determine the order in which they will be called for military service.

It is likely questionnaires will be sent to draftees within the next few days, the board said.

Within three weeks after Stimson lifts the first blue number capsule from a big goldfish bowl, the initial contingent of 30,000 draftees will be on their way to training camps. Men will be called to training in the order in which their numbers are drawn from the bowl, unless they volunteer without waiting to be called or unless they are deferred from military service.

A supplemental list of Knox county draftees—those who were registered out of the county—will be published in The Times at a later date.

Honor Roll for Grade School Is Announced

The honor roll for the Munday elementary school was announced this week by L. M. Palmer, principal. The list contains the names of 5th, 6th and 7th grade students who have made an average of "A" or above during the first six weeks.

No honor roll is published in the first four grades because of the system of grading. Thirty students were listed on the honor roll, as follows:

Fifth grade: Margaret Caraway, Ronald Foshee, Curtis Gollehon, Frances Hallmark, Ray Hamilton, Carolyn Hannah, Rosaloe Pippin, Jean Ratliff, Arledge Suggs, Lloyd Haynie, R. L. Trammell and Kellon Tidwell.

Sixth grade: Mary Alice Beck, Bobbie Marie Boggs, Jackie Bookout, Joseph Borden, Patsy Massie, Oleta Norman, Robt. Purfoy, Martha Reynolds, Janie Spann, Mavourneen Thompson and Patricia Walton.

Seventh grade: Joylene Ford, Latreace Johnson, McCelvey Jones, Cal Dodson Lowry, Neta Joan West, Roy Bookout and Troy Bookout.

7,532 Bales of Cotton Ginned

Reports from the Munday gins at noon Thursday showed that 7,532 bales of cotton have been ginned in Munday from the 1940 crop. Cotton continues to come in rapidly and all Munday gins are running 24 hours a day and ginning their greatest capacity.

Reports from farmers in this section of the county are to the effect that the 1940 cotton crop is more than half out. Some Munday merchants stated this week that pickers have started leaving the county.

Mr. and Mrs. M. C. Hallmark spent last Sunday in Altus, Okla., where they attended a family reunion of the Hallmark family.

Numbers Given Local Registrants By County Board

Numbers of Knox county registrants was given last Monday by the Knox county Selective Service Board, which is composed of Jack Idol, chairman, H. A. Pendleton, secretary, and Sam Clontz, John Wilson of Knox City is clerk for the board.

In turning over the list, Mr. Pendleton said there would be a supplementary list of Knox county registrants who were away from the county on registration day and whose cards would be mailed to the home county. This list will be supplied The Times later.

The following is the list of registrants and numbers given by the local board:

- 1 Robert Homer Linn
- 2 Claude Deanshan
- 3 August Rebbe Lehman
- 4 Joe Wesley Walker
- 5 Alfred Winford Blaine
- 6 Elmo Austin Todd
- 7 William Raymond Black
- 8 Joseph Gilbert Adcock
- 9 Dale G. James
- 10 Cleve Napoleon Gordon
- 11 Leslie J. Durr
- 12 Elzie B. Gibson
- 13 Milton J. Rouse
- 14 Charles Carl Herring
- 15 Bill Adams
- 16 Jesse W. Moore
- 17 Oscar Jesse McNally
- 18 Forrest Neil Perkins
- 19 Edward Burns Taff
- 20 Oscar Stuart Mangus
- 21 Nathan Edward Millard
- 22 Paul Holton
- 23 Sam Houston Cooper
- 24 John Leamon Wyatt
- 25 Pedro Morales
- 26 David Lawson Pears
- 27 William Edwin Sorensen
- 28 Elmer James Jones
- 29 Carl Lynn Horton
- 30 Kasil Taylor Reynolds
- 31 Howard Griffin
- 32 Homer Lee Lambuth
- 33 Warren Mack Carter
- 34 Carl Floyd Pritchard
- 35 James Freddie Alley
- 36 Alvin Leroy Rosen
- 37 Jesse Jackson Cochran
- 38 Elmer Fulton Roush
- 39 George Elmer Ryder
- 40 Cecil Julian Saunders
- 41 William Giles Anderson
- 42 William Rowland Bennett
- 43 Homer Glen Anderson
- 44 Melburn Henry Jones
- 45 Earnest Wayne Duke
- 46 James Jefferson Stephens
- 47 John Granville Lewis
- 48 Leonard Rudolph Corcoran

Be Quick To Treat Bronchitis

chronic bronchitis may develop if your cough, which is not treated and you cannot afford to take a chance with any medicine less potent than Prospan which goes right to the seat of the trouble to help loosen and expel mucus, reduce inflammation and soothe the irritated, tender, inflamed bronchial passages.

Prospan bronchitis lozenge with other tried and true ingredients for cough relief is available.

No matter how many medicines you have tried, get your doctor to get you a bottle of Prospan with the understanding you must use the lozenge quickly and the cough, phlegm, and sore throat, or you are to have your money back. (Ad.)

Mrs. C. H. Giddings Is Hostess to Luncheon Club

The No. 8 Luncheon club met Wednesday October 16, in the home of Mrs. C. H. Giddings. After lunch, 84 was the diversion of the afternoon.

Six members and one guest were present. Mesdames C. H. Giddings, S. E. McStay, M. F. Billingsley, T. G. Bengé, Deaton Green, D. E. Holder, and Miss Maud Isbell.

Mrs. W. E. Braly Hostess Thursday to Luncheon Club

Mrs. W. E. Braly was hostess for the Thursday Luncheon club in its regular meeting last Thursday.

The reception rooms were colorful with fall flowers and ferns. The dining table was centered with a lovely arrangement of varied flowers.

After lunch, 42 was played. Members present were Mesdames S. E. McStay, Effie Alexander, A. A. Smith, Fred Broach, C. R. Elliott, W. K. Moore, T. G. Bengé, W. E. Braly, and Miss Shelly Lee. Guests were Mesdames J. A. Wiggins, R. L. Ratliff, C. P. Baker and Miss Maud Isbell.

Bridge Club Has Regular Meeting In Mitchell Home

The Tuesday Night Bridge club held its regular meeting last Tuesday night in the home of Mr. and Mrs. Arthur Mitchell.

High score honors at the games went to W. R. Moore and Mrs. T. G. Bengé. A refreshment plate was served to the following:

Mr. and Mrs. W. R. Moore, Mr. and Mrs. H. A. Pendleton, Fred Broach and Mr. and Mrs. Mitchell, members; Mr. and Mrs. Carl Jungman, Mr. and Mrs. T. G. Bengé and Mrs. Paul Pendleton, guests.

Former Munday Man and Stamford Woman Wed Tuesday

Announcement was made here last week of the marriage of Harvey Busby and Mrs. Ruby Cantrell, both of Stamford.

The marriage ceremony was performed on Tuesday night of last week at Avoca, with Rev. Grimes reading the marriage vows.

The groom is well known in Knox county and is the son of Mr. and Mrs. Tom Busby of Munday.

HALLOWE'EN COSTUME DANCE

Tues. October 29, 1940, at Rhineland Club

No masks allowed . . . Prizes will be awarded for best costumes, the prettiest and the funniest.

MUSIC BY THE DIXIE PLAY BOYS

EVERYONE COME . . . THE MORE THE MERRIER!!

A Credit System Operated By and For the Farmers Who Use It . . .

Who knows better than farmers themselves what kind of loans they need? This production Credit Association is founded upon the idea that the men who get the loans should take an active part in managing the system which makes the loans. Therefore, when farmers borrow from this Production Credit Association they are not merely getting a loan—they are becoming members and stockholders in the farmers' own credit system.

Progressive farmers everywhere are enthusiastic about their local Associations in which they share the ownership and control. They find that the local directors, whom they elect from their own number understand their problems because they are themselves farmers.

Recognized Leaders . . .

Year by year this Association has become known as an excellent source of short term credit for responsible farmers. Its leadership in the short-time field is founded upon several factors, among which are these: (1) Although a local organization, this Association is not dependent on local funds; (2) It is a farmers' organization; (3) Its loans can be adapted to fit the needs of the individual members; (4) The interest cost and other charges are reasonable; (5) As a part of a Nation-Wide system, this Association is a permanent source of credit for responsible farmers.

MUNDAY METHODIST CHURCH

There are some things so essential to America that without them our nation would not mean the same to us, nor could it fill its place among nations. Those from America traveling abroad notice the difference and are glad to return to our beloved America. Foreigners who come to America are not eager to leave, a few hundred who have not caught the national spirit linger when should be traveling. What is it about this country that fascinates? Sift it down and you will find that that something that emanates from our religious belief is so imbedded in our nature as to wield its influence in our home, social and economic life. Can we be 100 per cent for America and neglect those institutions that build into us the fundamental principles of our Great Nation?

In our homes we sing "God Bless America." Our children sing it lustily in our schools, thanks to the instructors. We sing our patriotism at our games and along the highways. On Sunday let us pray "God Bless Us Americans," and lead us Americans to keep our nation free to the great principles that are so fundamental. There is something "Beneath the waterline" in America that we need to strengthen. That old Negro spiritual may have something for us. "Tain't my O Lord, nor my sister, but it's me O Lord, standing in the need of prayer." With the rank and file of America we could stand a bit more loyalty to some of the things that the early Americans thought very essential. Find your way to church Sunday and become a little nearer one-hundred-percent in possessing the true "American Spirit."

Wesleyan Service Guild Meeting is Held on Monday

The Wesleyan Service Guild met at the Methodist church last Monday night in a very interesting and inspiring spiritual life program.

Mrs. O. H. Spann, leader, gave the devotional. Miss Merele Dingus gave the scripture, and Mildred Bowden gave a very lovely story on the 6th chapter of John.

Other members present were Mrs. M. B. Bounds, Mrs. Ed Bowden, Mrs. Aaron Edgar, Mrs. Joe B. King, Mrs. Layne Womble, Miss Ruth Baker, and a visitor, Mrs. M. F. Billingsley.

The guild invites every young woman of the church to these Monday night meetings.

MUNDAY MUSIC CLUB TO MEET THURSDAY

Mrs. Orb Coffman will be hostess to members of the Munday Music Club on Thursday afternoon at 3:30 o'clock in her Goree home.

Mrs. T. P. Frizzell will be director of the program, the topic of which is "America's Musical Awakening."

Mystic Weavers Club Meets With Mrs. Riley B. Harrell

The Mystic Weavers Club held its regular meeting last Wednesday afternoon in the home of Mrs. Riley B. Harrell. The afternoon was spent in needlework.

A refreshment plate was served to Mesdames R. B. Bowden, H. B. Douglas, Chester Borden, Aaron Edgar, Deaton Green, L. S. Hardegre, Chester Bowden, the hostess, and Mrs. S. V. Colley, a guest.

Dr. and Mrs. N. L. Davidson of Raymondville are here for a week or ten days, visiting with old friends and looking after business interests. Dr. Davidson formerly practiced dentistry in Munday.

County Supt. Merick McGaughey of Benjamin was here Tuesday on official business.

E. H. Bauman was a business visitor in Wichita Falls last Monday.

Jim Reeves was a business visitor in Abilene last Monday.

ATTEND PRESBYTERIAL

Mrs. W. E. Braly, district chairman, Miss Maud Isbell, Mrs. Melvin Strickland, Mrs. Joe McGraw, Mrs. C. E. Binnion, Mrs. Don Ferris, Mrs. W. R. Bryant, Mrs. Jack Mayes, Mrs. Albie Russell, Mrs. Daugherty and Miss Rachel Walling were in Anson last Wednesday where they attended a district conference of the Fort Worth Presbyterian.

Waterfowl Food Varies

Ducks eat a large variety of food, as is attested by the fact that 30 different kinds of food were found in the crops of 101 ducks take last winter from four lakes in northwest Texas, according to a biologist's report to the executive secretary of the Texas Game Department. The plant menu is typical of practically every county in East Texas. All the plants can be transplanted and the practice is recommended to persons desiring to improve lakes for waterfowl.

Acorns head the list of food eaten by ducks in northeast Texas. Corns, chiefly saggittaria, is second and watershield is third. Among the other foods are snails, insects, crustaceans and pondweed. Plants furnishing cover as well as food are sedges, butterwallow, and the various smartweeds.

FIRST BAPTIST CHURCH

The following program will be given in the Workers' Meeting of the Haskell Association, which will be held with our church next Tuesday, October 29. Theme: The theme: The Church, God's One Unit Through Which He Promotes His Kingdom.

10:00-10:20, Song and devotionals—Rev. Van Pelt
10:20-10:50, The Value of a W. M. S. in a Growing Church—Mrs. Bob Speck
10:50-11:25, The Value of Storehouse Tithing in Growing a Church—Rev. H. R. Whatley
11:25-12:00, Sermon, The Value of Missions in Growing a Church—Rev. C. A. Powell
12:00, Lunch will be served at the church.

1:15-1:45, W.M.U. and Association Board meetings.
1:45-2:20, The Value of the Sunday School in Growing a Church—Rev. J. S. Tierce
2:20-2:55, The Value of the B. T. U. in Growing a Church—Rev. Aubrey Short.

We are urging our membership to attend this meeting next Tuesday. You see from the program that we have a good one, and the speakers are the best to be had. You will be glad to hear Bro. Powell, the last speaker on the morning program. He has recently accepted the Rule church and is moving back to our association.

Last Sunday there were 206 in Sunday school. We are setting our goal at 225 for next Sunday. Let's not fail God. Come, and bring your neighbor.

W. H. Albertson

WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent

Health in the community is very good at present.

Lucy Ann Morris of Rule visited in the home of Mr. and Mrs. C. N. Smith last week.

Mr. and Mrs. A. L. Smith, Mr. and Mrs. T. B. Gulley and Frances Smith attended the Haskell fair last Saturday night.

Dean Wilson of Goree visited Angelina Yates last week end.

Mr. and Mrs. Clarence Booe visited relatives near Weinert last Sunday afternoon.

Mr. and Mrs. S. J. Wallace are visiting at Seymour this week.

Mr. O. Smith, Jr., of Oklahoma, visited relatives here recently.

Mrs. Mann Broach had as her guests relatives from Knox City last Monday.

Mrs. Charley McAfee visited Mrs. J. R. King last week.

Mrs. Joe Paterson of Sunset visited Mrs. C. N. Smith last Tuesday.

Mr. and Mrs. Mann Broach were in Wichita Falls on business Tuesday.

Mrs. Lewis of Fort Worth is visiting her parents, Mr. and Mrs. Curt Bradley.

Mr. and Mrs. C. N. Smith, Mr. and Mrs. J. M. Smith and little daughter Jeanette attended the funeral of their cousin, E. K. Smith, at Cisco last week.

C. B. Yates and J. M. Smith were in Seymour on business last Wednesday.

Janice Jones and Vera Mae Conwell visited in the home of Mildred Davis last Tuesday evening.

Mr. and Mrs. Joe Bailey King were visitors in Wichita Falls last Wednesday morning.

Togo Moorhouse of Benjamin was a business visitor in the city last Monday.

J. O. Feemster of Benjamin was visiting with friends in the city last Sunday.

Miss Pauline Harlan spent last Sunday in Bryson, Texas, visiting with relatives.

W. R. Moore, Jr., returned home Wednesday from Dallas, where he attended a Chevrolet motor training school.

Markets for about 65 per cent of former European cotton exports have been cut off by naval blockade as a result of the war.

Baker - McCarty
"THE STORE WITH THE GOODS"

I GIVE YOU TEXAS

By Boyce House

Recent elevation of Sam Rayburn to the speakership of the National House of Representatives—generally regarded as the second most powerful position in the nation, calls to mind the time that this writer interviewed the Bonham congressman.

It was really a double-header interview because Rayburn had as his guest Raymond Moley, who in those days was known as Brain Truster No. 1. The scene was the living room in the Texan's comfortable farm home. Not wishing to show more interest in one celebrity than in the other, I would ask Moley a couple of questions; then turn to Rayburn and ask him two questions on another subject; then back to Moley—and so on for half an hour. Both men were secretly amused and next day, when they were guests of Publisher Amon Carter in Fort Worth, were kind enough to tell him that his reporter was an unusual sort of fellow.

Incidentally at a dinner that night at Shady Oak, Dr. Moley started to say something of a confidential nature in his informal address but paused with "There's no reporter present, I believe"—

not seeing me over at one side. There was a laugh and Carter, with the graciousness that gives him the esteem of all in his services, said: "There is one here—but he and I work for the same paper."

Melancholy meditation on the passing of a friend recently in his mid-thirties brings to mind the beautiful words of Bob Ingersoll at his brother's grave:

"He had not passed on life's highway the stone that marks the highest point but, being weary for a moment, he lay down by the wayside and, using his burden for a pillow, fell into that dreamless sleep that kisses down his eyelids still. While yet in love with life and raptured with the world, he passed to silence and pathetic dust."

"And yet it may be best, just in the happiest, sunniest hour of all the voyage, while eager winds are kissing every sail, to dash against the unseen rocks and, in an instant, hear the billows roar above a sunken ship; for whether in mid-sea or among the breakers of the farther shore, a wreck at last must mark the end of each and all, and every life—no matter if its every hour be rich with love and jeweled with a joy—becomes at last a tragedy as dark and deep as can be woven of the warp and woof of mystery and death."

But in that hour of supreme sorrow, the orator—agnostic though he was—could not consign the body of his brother to the earth with the thought that it was a parting that would be forever:

"In the night of death, Hope sees a star and listening Love can hear the rustle of a wing."

A gigantic parade with governors of four states, more than 1,000 horses and riders, queens from a hundred cities and towns with the winner to be crowned All-American Girl of the Southwest and receive a trip to Hollywood—these are a few of the features of the World Championship Rodeo, November 15-24, along with a great horse show and the first fox-hunt ever held in an arena, according to Pat Flynn, Amarillo newspaperman who is publicizing the event. Seventy-five top hands of the Southwest will compete with an equal number from the Southwest for the undisputed world's rodeo championship in the Will Rogers Memorial Coliseum in Fort Worth, the cowboys themselves selecting the place.

Hither-and-yon:

It used to be that when a piece of lumber with a knot was found, it was rejected if a building was to be really fine. Now, a study with knotty-pine walls is just the thing.

And this observer, knowing little about the delicacy, used to eat the solid stalk of asparagus and ignore the upper part which looked like it had gone to seed—only to learn after quite a few years that it was the best part. Lots of folks are that way about things in life more important than asparagus.

The picture-quey-titled Sundown Sun, Vol. 1, No. 1, has been received. The new paper, of which Sam Drake is managing editor, is published in the Hockley county oil town.

And speaking of oil, in the opening scene of the motion picture, "Boom Town," Clark Gable objects to stepping off the plank across the muddy main street of Burkburnett, telling Spencer Tracy that he is wearing a new pair of a certain kind of boots. The technical adviser (for some reason or other, mainly probably because I'm from Texas) was suspected of being responsible for that line, so the Justin boys of Fort Worth—Earl and Sam—presented me with a pair of boots.

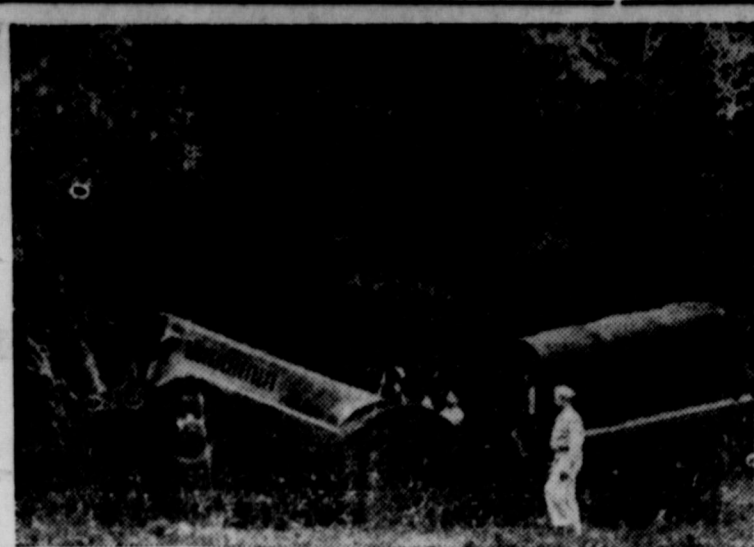

What could be more delightful than hearing the light patter of acorns on the roof of a log cabin on a bright blue October morning.

Mr. and Mrs. M. L. Joyce of San Angelo were visitors last week end in the home of Mrs. Joyce's parents, Mr. and Mrs. J. B. Bowden.

M. B. Caughran, who has been employed with the highway department in Wheeler county, came in Sunday night for a visit with home folks.

DeTroy Trammell, who is attending school in Lubbock, visited home folks here over the week end.

D. E. Holder, Jr., who is employed in Hobbs, New Mexico, visited his parents, Mr. and Mrs. D. E. Holder, here over the week end.

New 'Jeep' Type Military Tractor Climbs Trees That Block Its Path

Capable of pulling a 155 mm howitzer at 42 miles an hour over most any kind of terrain, this Minneapolis-Moline tractor is the talk of preparedness experts. It performs under conditions where even the caterpillar-type tank has the greatest difficulty in maneuvering.

During a recent test the "Jeep" climbed 70 inches up the side of a 23 inch white oak tree before the tree gave way, then rode rough shod over the fallen oak. The "Jeep" can turn on a 20 foot radius and has a "pintle" hook at the rear that permits the operator to hook on to a big gun single handed. It can climb a 40 percent grade with a 5-ton load.

It has separate brakes on the rear wheels. If one wheel gets stuck, the brake is on the other, so that all the tractive power is applied to the embedded wheel. The bumper, instead of being a flat bar, is composed of several free moving rollers and can ride up on otherwise insurmountable objects. Sixteen Timken tapered roller bearings eliminate friction in all the vital moving parts.

Because they are manufactured almost entirely of standard parts which are now in quantity production, "Jeeps" could start rolling off the assembly lines in 90 days, it is reported.

Farm Security Explains Forms For New Leases

Landlords want to get a good tenant and keep him on their farm as long as he will stay, was the comment of Joe B. Spears, Farm Security supervisor, in explaining the "Flexible Lease" of FSA, which he is distributing to all who want it free of charge.

"This lease does not necessarily provide for a long-term lease, but it sets up conditions under which the tenant and landlord will be helped to work out arrangements which will benefit both of them and will cause them to want to continue such arrangement," said the supervisor. The lease usually is made with the "automatic renewable clause, which provides that it is renewed at the end of every year unless written notice is given within a certain time. This time is recommended by most land use planning committees as at least

30 days before the lease expires, some committees recommending as much as six months.

Copies of the FSA "flexible lease" may be had from the county office of Farm Security Administration, county courthouse in Seymour, or from the county agent, or it may be obtained by writing the Farm Security Administration, Dallas or Oklahoma City. There is no charge.

Cooking vegetables with soda in the cooking water causes them to lose much of their vitamin C.

The 1940-41 season is the fourth consecutive year that the world supply (carry-over production) of American cotton has been close to 25 million bales.

Four Texas farm homes out of five on REA lines have installed radios, a survey made by the Rural Electrification Administration shows.

Early fall is the best time to apply superphosphate to pastures.

TRACTOR OPERATING CONTEST

Pendleton and Stodghill will hold a tractor operating contest on October 31, on the Roy Maples farm, 1-2 miles west of Goree.

The contest is to decide which member of dealer's group in the National Farm Youth Foundation is most proficient in operating his Ford Tractor.

The Foundation, as you know, is an educational program for young men from farms, sponsored by the Ferguson-Sherman Manufacturing Corp., Dearborn, Mich., with the active co-operation of Mr. Henry Ford and M. Edsel Ford.

This will be a semi-final contest between boys from the following counties: Taylor, Jones, Haskell, Knox, Baylor, Archer, Wichita, Clay and Wilbarger.

Winner of this contest will have an opportunity to qualify for a final contest to be held later, in which the first prize is a completely equipped New Ford Tractor and a Ferguson-System two-bottom plow.

This contest is sponsored by the following dealers:
PARKER BROTHERS, ABILENE . . . J. and F. SALES CO., WICHITA FALLS . . .
WILBARGER FARM MCHINERY CO., VERNON . . . and PENDLETON & STODGHILL, MUNDAY.

You are cordially invited to be present and see your favorite contestant perform. Remember the time and place . . . ROY MAPLES FARM at ten o'clock sharp, on October 31st.

Hamlin Back is Ruled Eligible

Tommy Hill, backfield man on Hamlin's football team, was ruled eligible at a district 10-A executive committee meeting in Anson Wednesday.

Eligibility had been questioned by Munday upon participation records which had been received from Fort Worth. Supt. S. Vidal Colley produced evidence that Hill's transcript from Jennings junior high in Fort Worth to Paschal high, Fort Worth, showed he had participated in basketball and tennis in junior high in 1937. Other evidence produced by Colley was that Hill had not attended Hamlin high school continuously for two semesters prior to this fall, and was ineligible under the transfer rule.

Records introduced by Supt. Bennett of Hamlin showed the questioned player was on the eligibility at Jennings, but they "had no written record" of his having participated in basketball.

The committee voted unanimously that Hill was eligible. Supt. Breedlove of Haskell, committee chairman, contending they did not have conclusive proof that Hill had participated in basketball.

150 YEARS OF GINNING

College Station.—The month of October 1940, marks the 150th anniversary of the invention of cotton ginning by Eli Whitney.

Prior to 1790, seed and lint were laboriously separated by hand. No other event can claim equal economic importance in Texas and the South, F. E. Lichte, ginning specialist of the Texas A. and M. Extension Service, has pointed out. It paved the way for great development in agriculture, industry and world trade.

While the first cotton was ginned on Whitney's gin at Mulberry Grove Plantation near Savannah, Georgia, the first complete bale was turned out in Wilkes county, in the same state, where Whitney established a gin house in 1793. He made many improvements on his gin in Wilkes county. One of these was removal of the lint from the saws by means of a brush.

When Whitney's patent was granted March 14, 1794 by President George Washington and signed by Thomas Jefferson, it was for a period of 14 years. At the end of that time he faced competition from a number of gins that had been developed in the interim.

When his application for renewal of the patent was refused, Whitney became discouraged with the whole cotton business and moved to New Haven, Conn., where he was successful in the manufacture of firearms.

Although many improvements have been made in gin machinery, the actual principle of ginning as worked out by Whitney remains unchanged.

IN THE RED

Forty words a minute with a typewriter in the eighth week of practice. That's what in the red means in Mr. Cobb's typewriting classes.

They play a dart game with it! You know, the kind where they throw toward a board marked in circles, five of them—in different colors. Only in this device for typewriting motivation the students are placed on the dart board according to their typewriting speed and accuracy.

Red means forty words a minute—blue, thirty—pink, twenty—and green ten words a minute. Two of the students are within the blue—Dixie Atkinson and Dick Hazzell. Most of the remainder are in the yellow coloring and the remainder in the pink—all have gotten out of the white and green.

Combining grape juice with the juice of another fruit, such as apples in making jelly prevents formation of small crystals in the product, according to the Bureau of Home Economics.

Only 25 out of Texas' 254 counties have county libraries.

Indications are that the total cash farm income in the nation for 1940, including government payments, will be about \$5,900,000, five per cent more than the income in 1939.

A record total of 365,833 crop insurance contracts on the 1941 crop were taken out by winter wheat producers in the United States, an increase of 60,000 over last year's numbers.

"Ah, so you are the man who is giving my wife lessons in elocution." said the long-suffering husband. "What kind of a pupil is she?" "I find her very apt, to say the least," answered the teacher. "Strange," came the reply, "I always find her very apt to say the most."

LETTERS FROM THE PEOPLE

COOPERATIVE ADJUSTMENT

Munday, Texas, October 15, 1940.

Security, freedom from fear or hunger, assurance, is the most desired and sought after of all human emotions. In the attainment of this security man has been forgetful and negligent of his duties and relations with his fellow man. However there has been a gradual evolution and change for the betterment of mankind, and in recent years that have been two words in the conversations and thinking of man in connection with the present problems and conditions, and more especially with the producers of agricultural products, than any others, namely, Cooperation and Adjustment.

Why? What are these words and what do they mean? Cooperation with whom, and adjustment from what to what? When the original and rightful owners and producers of the very necessities of life itself have come to a point in the economic life of the nation causing a condition where the general welfare of the entire population of the nation is concerned, and then national government itself goes into special called session to consider these conditions and suggest remedies for their relief, there is something radically wrong with the economy or systems having to do with their well being. Cooperation is a principle of human action and is as old as mankind itself. The story of civilization is to a great extent the recording of the efforts of man, in association with his fellowman, to influence the trend of this for the common good. It is the generative and driving force of his nature. Cooperation is the act of working together jointly for the same end. Cooperation is mutual help or assistance for the benefit or guidance of the whole or any group, giving and receiving anything whatsoever that will promote the happiness and wellbeing of the associated group. Isolation is inhumanity and unnecessary. It is natural, from the standpoints of economy and fellowship, that men have always banded themselves together in groups and communities for their own protection. Adjustment is the art and operation of adjusting, or making exact and secure, or accurate. The word implies a misplacement and a re-alignment is necessary.

Do present conditions require an adjustment of the marketing system? Yes. The fault lies in the sphere of human relations and human organization. The present state of affairs is not the result of man's inability to produce, but rather his inability to adjust production to the changed economy. Agricultural production in the United States involves many thousands of individual farm units. Most of these farms produce one or more commodities which enter into the channels of trade. It is therefore the function of any marketing program to perform the services necessary to make these products available to the consumers of these commodities. It must be kept in mind that the complicated maze of difficulties in which agriculture finds itself has been de-

veloping and accumulating for several generations and cannot be altered overnight. A proper consciousness of our inter-relationship and our inter-dependence on each other must be developed. It is admitted that the trouble with the present system is a disparity of values of farm commodities and an unequal division of income. The relative values of all commodities must be the same, otherwise when an exchange is made on an unequal basis one of the parties to the trade will be penalized. Parity of values cannot exist under the present conditions where one commodity is protected and exchanged for another commodity which is penalized to raise the price of the protected commodity. Those who actually pay the difference in parity prices without receiving any benefits must be compensated for their loss. We can have no national prosperity until agriculture can return a fair and reasonable profit and can afford a reasonable security to those engaged in its practice.

The market price of cotton is regulated by the proportion between the quantity of cotton which is actually brought to market and the demand of those who are willing to pay the natural price, or that price which is equal to the combined costs entering into its marketing. When producer requirements are under production, operations are at a loss. The difference between the price the producer receives and the price paid by the consumer for any product consists of the expense and profits of the distributing system and the waste in handling.

In recent years vast changes have been wrought in the economic conditions. The United States has changed from a creditor nation to a debtor nation. Foreign countries have developed a nationalistic trend and are endeavoring to live at home. Tariff walls have been raised, shutting out foreign commerce. There have been changes in the custom of producers in the manner of producing crops. Substitute fibers and compositions have displaced thousands of bales of cotton. The system of marketing must be changed to meet this crisis. Marketing is essentially the distribution of goods from the producer to the consumer, and the producer has been the least important factor in the marketing system. The farmer's interest in marketing has been less direct than his interest in production, and as an individual he has been forced to accept the marketing system as he found it. The nature of agriculture does not permit it to be separated and subdivided as in industry. This seeming impossibility in making a complete separation in agriculture is perhaps one of the reasons why it does not keep pace with industry. Men are much more likely to discover easier and readier methods of attaining an objective when the whole attention of their minds is directed towards that single objective, than when it is dissipated among a great variety of things. The improvement of the skill of the farmer necessarily increases the quantity and quality of the work he can perform. This improvement is occasioned by the oneness of his thoughts and duties. The producers condition has become so acute, and has affected his income to such a degree, that he is turning his attention to, and is becoming more interested in the method of marketing his product. But the

marketing of cotton from the producer to the consumer involves a series of transactions which the producer as an individual is not able to perform. It must be financed, transported, warehoused, classed, assembled and merchandised over a period of time required to put the cotton into consumption. To carry on any business successfully there must be a delegation of responsibility. It is apparent therefore that this responsibility must be assumed by the private merchants or delegated by the producers to their own marketing agencies. This agency offers the producer greater protection as to receiving full value, and allows him greater freedom of expression in the management of his own affairs. It is only natural that these organizations should take the lead in developing new methods and ideas in the disposition of their members products. They should provide the marketing machinery through which the producer may sell his cotton direct to the consumer of the cotton, the cotton mill. Cotton is the only product raised on the farm which must be sold. The sale of the product must therefore be in the market where the greatest part of the consumer's dollar may be obtained.

Farmers of the Munday territory should be very grateful to the Department of Agriculture for the help it has given them in the realization of a program which will greatly benefit the whole community. You have a setup here that is the forerunner of a system of marketing that will eventually cover the entire southland. There has never been a doubt in my mind but that it will succeed beyond the fondest dreams of the ones responsible for its organization. I paid my own expenses to Washington in order to persuade the Department to let Munday have one of the closing offices and I am proud that I have had my own little part in the formation of the present office. I want you to know that I am for you and the Association and will do everything possible for its continuance. I know one thing for sure that it has done, and I am almost in the position of one who has run himself out of town. The pooling of the scientific knowledge of the department and the earnest cooperation of the members will be one of the greatest factors in its success. Here's to you.

JIM HARPHAM TO THE PEOPLE OF THE CITY OF MUNDAY

WHEREAS, October 27th has been designated by the United States Navy Department for nation-wide dissemination of information relating to the activities and importance of the Navy in our national defense, and WHEREAS, it was in the month of October, in 1775, that our forefathers decided that to have a nation we must have a navy, and WHEREAS, from the very beginning of our national life, the Navy has always been, and justly deserves to be, an object of special pride to the American people, and WHEREAS, its record is indeed one to inspire such sentiments, and WHEREAS, the Navy is not only the first line of defense, but it is the most important line of defense, and WHEREAS, the Lions International club of this city, through its officers and individual members, is cooperating with the United States Navy in recruiting and information activities:

THEREFORE, I, J. M. Terry, Mayor of the City of Munday, call upon our citizens this week preceding and including Navy Day, October 27, to join in Navy Day observance by displaying the Stars and Stripes; and upon all young men who can do so to call upon our Lions International club members of this city and obtain without obligation information on the naval service of our country. IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the City of Munday to be affixed this 18 day of October, 1940.

LOCALS

C. B. Jones of Mineral Wells visited his son and daughter-in-law, Mr. and Mrs. Sebern Jones, over the week end.

Rev. T. M. Johnston of Stamford, district superintendent of Methodist churches of this district, was visiting Rev. H. A. Longino and friends here last week.

Mr. and Mrs. H. L. Gay of Abilene visited in the home of Mr. and Mrs. Riley B. Harrell last Sunday.

Mr. and Mrs. Tom Haney and children of Wichita Falls visited relatives and friends here over the week end.

RETURNS FROM HOSPITAL
Howell Franklin spent the latter part of last week in the Scottish Rite hospital at Dallas, where he had been taking treatment for his foot. The plaster of paris cast was removed from the foot, and it is reported to be doing nicely.

Howell returned Sunday and stated he would report back to the hospital for examination again in about three months.

Mr. and Mrs. J. C. Harpham were visitors in Abilene and Brownwood over the week end.

Mr. and Mrs. Travis Martin of Seymour spent last Sunday here with Mrs. Martin's parents, Mr. and Mrs. M. H. Reeves.

Miss Louise Ingram, who is teaching at Cross Plains, visited home folks here over the week end.

Mr. and Mrs. Grant Farmer and son of Seymour visited in the home of Mr. and Mrs. Arthur Lawson last Sunday.

Hal Dyer of Seymour was a business visitor here last Saturday.

Rev. C. E. Cogswell of Knox City was a business visitor here last Monday.

Jim F. McCulloch of Stamford, vice president of the Stamford Production Credit Association, was here Monday for the opening of the branch office in Munday.

Mrs. Nell Hardin and family visited relatives in Konawa, Okla., over the week end.

Bob Billingsley returned home last Sunday from Odessa, where he had been visiting for several days.

Mr. and Mrs. Truman White and daughter of Paducah visited relatives and friends here over the week end.

Mr. and Mrs. Grady Roberts visited relatives in Vernon last Friday. Mrs. Roberts remained over the week end to visit relatives there and at Quannah and Chillicothe.

Deputy Sheriff Orville Capehart of Benjamin was a business visitor here last Saturday.

Mr. and Mrs. Lavell Bilibrey of New Mexico spent several days in the county last week, visiting relatives at Munday and at Gore.

Mrs. Lawrence Kinsey was a visitor in Fort Worth the latter part of last week.

Mrs. Don Ferris and Mrs. W. R. Bryant were visitors in Seymour last Saturday.

Mrs. Bob Meimzer and her sister, Miss Edna Earl Russell, both of Benjamin, were visitors here last Friday.

Mrs. Bert Johnson and daughter of Throckmorton were visitors in Munday last Friday.

Mr. and Mrs. S. T. Easley spent last Sunday in Anson, visiting their son and daughter-in-law, Mr. and Mrs. Foy Easley. Mr. and Mrs. Easley have recently moved to Anson from San Saba.

Mrs. A. B. Warren spent last Sunday in Rochester with her sister, Mrs. Ed Heaster.

HOME FROM HOSPITAL
Ky Hunter, who has been taking treatment in the Hines Memorial Hospital in Chicago for the past several weeks, returned home the first of this week. He is reported to be greatly improved as a result of treatments there.

Preston Ingram of Sweetwater visited his mother, Mrs. Louise Ingram, over the week end.

Burnett Zeissel of Fort Sill, Okla., visited home folks here over the week end.

Miss Maxie Dingus of Wichita Falls visited her parents, Mr. and Mrs. G. W. Dingus, last week end.

Mrs. S. A. Bowden, Mrs. Oscar Spann, Mrs. Chester Bowden, and Mrs. Ima Reece were visitors in Wichita Falls last Friday.

Mr. and Mrs. P. V. Williams were visitors in Dallas a few days last week.

Mrs. W. M. Mayo was a business visitor in Fort Worth one day last week.

Mrs. Bob Couch returned to her home in Pampa last Tuesday after a week's visit with relatives and friends in Munday.

THREE R'S TAUGHT INTERESTING WAY

The housing problem is being solved in the first grade.

First graders have or will come built a five-room house in their room under the direction of their teacher, Miss Flora Belle Sims.

Joe Bob Barnhill is at present the housekeeper, Kynn Reynolds is the doorkeeper, Glendon Wallace and Billy Royce Weir have been selected monitors and several others are democratically elected to special duty in a systematic way.

Furniture for the house built by the eager students is also in place. The house has five windows and two doors; is two stories; with a sharp-slanting roof.

The above is all in the plan for unit on the home as prepared by the teacher and recommended by the Department of Education.

Through the above methods the students learn to count, see they need to add, read, cut-out, build

and write to learn and their duties in a constructive American home.

TRUSTEES ENTERTAINED TEACHERS

The trustees of Munday Independent school entertained the faculty of the Munday schools with an 84 party, Monday evening, October 27, at eight o'clock at the Home-making cottage. Cake squares and coffee were served to Mesdames Pitzer Baker, Worth Gafford, E. H. Nelson, S. M. Jones, Billie Cooper, L. B. Paterson, L. S. Hardegre, Joe Hext, Noble Wright, Howard Cobb, L. M. Palmer, S. V. Colley, P. B. Baker, and Jack Mayes, Misses Flora Bell Sims, Dorothy Crawford, Kathleen Barnett, Eugenia Gentry, Hylene Holloway, and Iiah Moody; Messrs. Pitzer Baker, E. H. Nelson, Worth Gafford, S. M. Jones, L. B. Patterson, S. V. Colley, L. S. Hardegre, Howard Cobb, Billie Cooper, Noble Wright, L. M. Palmer, Joe Hext and Dr. R. L. Newsom.

Two hundred and twenty-five students are being fed daily in the school WPA luncheon at noon through the cooperation of the civic organizations of the city. The past week several cases of canned peaches were sent by the government and about 400 pounds of apples were brought from Benjamin by Mr. Jones, county commissioner.

Last week the Missionary Society of the Methodist church donated a large number of knives and forks. The Baptist Ladies Missionary Society contributed several knives, forks and 25 glasses. Church of Christ individuals brought several plates, forks and spoons. The lunchroom is yet in need of several plates in order to take care of the large number of students and the two periods for lunch.

FACULTY DISCUSSES PHYSICAL EDUCATION

Development of the physical ability of every boy and girl by a well-rounded play program at recess, noon and physical education period by supervised play and the use of games was the general topic for discussion when the Munday school faculty met for their monthly social at the home of Mr. and Mrs. Howard Cobb last Monday night.

A play program in which there is an activity for every child was stressed by L. S. Hardegre, high school principal in his talk to the faculty. Game and team play develop leaders, teach group action, and reach students that now do not have a chance for physical development as given in major sports.

The classroom teacher, in a school the size we have, steps into the vacancy, with the aid of books bought by the school for games, can have a well-regulated and productive playground period in games where competition is keen and real rivalry takes place on the playground," stated Mrs. Noble Wright, fourth grade teacher in discussing elementary school playground activities.

Basic skill learned in the primary grade are ability to throw and catch a ball, jump from a short height, walk up an incline, hop on either foot forward and backward, pointed out Miss Sims, first grade teacher. Often popular in the primary groups are tag games, singing games. A thorough physical education is also necessary as is a thirty-minute period for physical education in all schools in Texas.

MICE ATTACK MAPS IN WARD SCHOOL

7B last week completed their salt map of Texas and it is now on display in their room.

Led by Ethel Mae Stone 7B finished its map in one day, while Dick Owens as leader of 7A had to ask for another day and finally called it a day with the map unfinished. To their surprise Tuesday morning they found that the mice had visited the maps and taken all the animal cakes from their places. Anyway, more maps are to be made during the year and both classes have discovered that improvement can be made.

SECOND GRADE NEWS

James Simpson and his mother spent all last week with his grandmother, Mrs. Hendrix, who has been ill. He reports that his grandmother is better.

Garon Tidwell and family walked over to his cousin's Sunday and spent the day.

Arcle Zeissel's cousin from San Antonio visited her.

Edna Yarbrough's aunt from Rule visited her.

Jean Green and Carolyn Hardegre visited Jean's grandmother in Goree Sunday.

Garon Tidwell had an aunt from Alabama visit him over the week end.

Jackie Cockrell went to Seymour to visit her daddy and little brother. They returned home with her.

The second grade is working on a unit of Time. Friday they made clocks of paper pie plates. Many pretty designs were worked out on the borders. As one of the pupils said, it is a good thing all of our clocks do not "tick tick" or there would be a lot of noise.

The fifth grade wrote stories and plays on "Good Manners." Jimmy Massey wrote the best story for 5B, called "Bobby's Bad Manners." Margaret Caraway and Carolyn Hannah wrote the best plays in 5A.

The 7A and 7B English classes are working on outlines. They have found by making an outline first their themes are much easier to write and their talks much easier to give.

Little Red Riding Hood, Black Sambo and other immortal child-favorites will perform for children of the Elementary School soon as the 4A class goes into a unit on marionette construction. Mrs. N. M. Wright is teacher.

As an aid to modern teaching puppet or marionette construction is a handy device. Children work with interest on the puppets, representing characters about which they have read.

SOPHOMORE NEWS

At the beginning of school two members of our class were married. They were Mary Ruth Jacobs and Gilbert Green. Mildred Jones moved to Midland about October 1.

At the first of school the sophomores elected as their president, Troy Denham; vice president, Lovell "Honey" Cure; secretary, Jean Womble; reporter, Betty Jean Golden; committee chairman, Jean Milstead, Jean Golden, and Jean Womble. Sponsor, Mr. Cooper.

The sophomores had a party Thursday, October 17. Even though the attendance was small we had a good time.

The sophomores elected as their queen, Betty Jean Golden.

Honoring the birthday of a great American explorer and weather observer members of Munday High school physics class who have been studying weather in relation to agriculture and commerce will hear on oral report on the experiences of Commander Richard E. Byrd at the south pole.

Clayton Stevens, senior student, will give this talk commemorating the birthday of Byrd on the anniversary of his birth which was Sept. 25, 1888.

SPEECH CLASS NEWS

The speech class has finished the unit on "Kinds of Speeches." They have begun the chapter on "Debating as a Game." Several debates have been assigned. One of these debates is "Resolved, that the WPA should be continued." Participating in this debate are Charles Baker on the affirmative side and Thelma Hamilton on the negative side.

PUBLIC SCHOOL MUSIC NEWS

In the process of learning to appreciate music, the fourth grade has learned the scales of C major, E flat major, F major and G major; the fifth grade has learned the scales of C major, E flat major, and G major; the sixth grade has learned F minor, A flat major, G major and C major; and the seventh grade, C major, G major, and E flat major.

New songs books have also been acquired which contain songs specifically for each grade. According to the specifications set forth by the State Department of Education, much progress has been made, so far, in the public school music program.

CHAMBER OF COMMERCE BANQUET

The homemaking classes prepared and served dinner to 65 people at the chamber of commerce ban-

quet Friday, October 18. Dixie Nell Atkinson, Patsy Mitchell, Flora Bell Ratliff, and Betty Golden acted as hostesses. Flora Alice Haymes, Thelma Hamilton, Juracy Jones, and Margaret Womble assisted in the kitchen.

NOTICE OF SHERIFF'S SALE

The State of Texas County of Knox

By virtue of an alias order of sale issued pursuant to a judgment degree of the 50th District Court of Knox county, Texas, by the Clerk of said Court on the 21st day of September A.D. 1940, in a certain suit No. 2393, wherein Munday Independent School District is Plaintiff, and H. D. McGraw Defendant, in favor of said Plaintiff, for the sum of Twenty-Six and 32-100 Dollars for taxes, interest, penalty and costs, with interest on said sum at the rate of six per cent. per annum from date fixed by said judgment, together with all costs of suit, that being the amount of said judgment rendered in favor of said plaintiff, by the said 50th District Court of Knox County, I have seized, levied up, and will, on the first Tuesday in November A.D. 1940, the same being the 5th day of said month, at the Court House door of said Knox county, in the City of Benjamin, between the hours of 2 o'clock p. m., and 4 o'clock, p. m., on said day, proceed to sell for cash to the highest bidder all the right, title and interest of said defendant in and to the following described real estate levied upon as the property of said defendant, the same lying and being situated in the County of Knox and State of Texas, to-wit: Lots Number One (1) and Two (2) Ruff Addition to the Town of Munday, Knox County, Texas; or upon the written request of said defendant or his attorney, a sufficient portion thereof to satisfy said judgment, interest, penalties and costs; subject, however, to the right of the plaintiff for any other or further taxes on or against said property that may not be included herein, and the right of redemption, the defendant or any other person having an interest therein, to redeem the said property, or their interest therein, at any time within two years from the date of sale in the manner provided by law, and subject to any other and further rights the defendant or anyone interested therein, may be entitled to, under the provisions of law. Said sale to be made by me to satisfy the above described judgment, together with interest, penalties and costs of suit, and the

proceeds of said sale to be applied to the satisfaction thereof, and the remainder, if any, to be applied as the law directs.

Dated at Benjamin, Texas, this 7th day of October, 1940.

LOUIS CARTWRIGHT, Sheriff Knox County, Texas.

By Orvel Capehart, Deputy

Miss Margaret Tiner, who is attending Hardin-Simmons University in Abilene, visited her parents, Mr. and Mrs. W. V. Tiner, over the week end.

Mrs. Nell Hardin and Mrs. B. L. Blacklock were visitors in Abilene last Thursday.

Mr. and Mrs. Howard Collins were visitors in Mineral Wells last Sunday. They were accompanied home by Howard's mother, Mrs. Ora Collins, who had been there for treatment.

Mr. and Mrs. Ike Huskinson were visitors at the Stovall Wells in Young county last Sunday and were accompanied home by Mrs. A. F. Huskinson, who spent last week there taking the mineral baths.

Auction Sale Prices Remain At High Figure

A somewhat lighter run of cattle and hogs than usual were offered for sale Tuesday at the livestock auction sale. Prices were about the same as a week earlier.

Good hogs weighing from 180 to 250 sold from \$6 to \$8.20 per hundred. Light hogs, weight 150 to 180, brought \$5.75 and \$6. Packing sows from \$5.25 to \$5.50.

Some of the prices paid for cattle were: Good beef bulls, \$5.50 to \$5.90 per hundred. Good butcher bulls, \$4.75 to \$5.25; good beef cows, \$5.25 to \$5.85; good butcher cows, \$4.75 to \$5; plain butcher yearlings, \$7.50 to \$8.50; good stocker heifers, 8.50 to \$9; heavy steers, \$8 to \$9.

Ratliff Bros. report good outlets for all classes of cattle and hogs, with some good buyers here each week.

Sellers included: Jones & Eiland, G. R. Eiland, Lloyd Griffith, C. H. Giddings, C. R. Elliott, S. M. Hoden, Henry Jones, J. B. Williams, L. G. Thomas, John Albus, S. J. Warren, Mrs. Prudence Sessions, S. L. White, C. P. Baker, T. W. Johnson, L. D. Offutt, E. R. Colman, W. W. Jarvis, A. Rutledge, K. W. Homer, Jr., Cap Ores, Munday, J. H. Weather Report

Weather report for week ending October 17, 1940, as recorded and compiled by H. P. Hill, Munday, U. S. Co-operative Weather observ-er.

	LOW	HIGH
	1940	1939
Oct. 17.....	49	87
Oct. 18.....	49	86
Oct. 19.....	50	85
Oct. 20.....	50	89
Oct. 21.....	50	90
Oct. 22.....	57	91
Oct. 23.....	58	84

Rainfall to date this year, 18.02 inches.
Rainfall to this date last year, 15.76 inches.

TEXAS OUT-0-DOORS

Wildlife as a Crop

Austin, Tex.—Wildlife on farms in the wooded areas of East Texas has become a major industry for the farmer, his family and part of his stock, a survey, one of several to be made by the Texas Game, Fish and Oyster Commission, discloses, according to the executive secretary. In addition, insectivorous birds do far more good in capturing insects which destroy crops.

Squirrels rank first in importance in many sections of East Texas. The survey, made in Wood county, shows. Families kill an average of 154 squirrels per year. At 35 cents per squirrel this totals \$53 a year. Each family catches an average of 165 pounds of fish, which, at 20 cents is worth \$30. Of families questioned, 31.5 per cent trap fur-bearers, earning \$30 a year.

Rabbits, opossums, ducks, quail, doves and various fruits made into preserves, make up the remainder of the natural resources used by the average farm family. The total of \$140.81 does not take into consideration that 36.7 per cent of the farmers own an average of 18.47 hogs that feed on acorn mast. Various other methods of turning natural resources into income were found in the survey. The evergreen spineless greenbrier with red fruit from Wood county was used to fill a \$1,000 contract for the decoration of buildings at the Fort Worth Fat Stock Show. One farmer, with a six-acre lake near Gilmer earned from \$17 to \$25 an acre each of the four years since the lake was constructed. He charges 50 cents per day. None of the other acres on his farm yield as much easy cash.

More Ducks This Year

Texans will have an opportunity to shoot at from 20 to 30 per cent more ducks this year than last, according to surveys by state and federal biologists. The U.S. Fish and Wildlife Service biologists who travel the flyways from far north to as far south as Cuba estimate there will be from 20 to 30 per cent more migratory waterfowl in the Lone Star State this year.

There were a large number of ducks and geese in Texas, especially on the coast, last year, but poor hunting weather held down the kill. Sportsmen are fervently hoping for colder weather this year.

Into the Stomach of the Whale Many peculiarities are found among animals, reptiles and insects, although few are witnessed except by persons interested in nature study. When spiders bite each other's legs off, new legs grow back. The black widow spider eats her mate and makes herself a widow. A snake recently ate another one, but the victim didn't die, as was witnessed by a group of Texans, according to the Fredericksburg Standard.

Emil Patsch, Pete Weber and Harold Puhl came upon a coach whip and another snake fighting viciously. One snake measured about five feet in length and the other one about threefeet. The larger snake finally started swallowing the other. The smaller snake was eaten head first, but when two-thirds of it had been consumed the men used rocks to kill the larger snake. They thought they had also killed the smaller one, but were amazed when the three-footer crawled all the way into the large snake, turned around and emerged head first, unharmed.

Rattler Eats Two Squirrels That rattlesnakes do considerable damage to the wildlife of Texas, as well as aiding farmers by eating rodents, is evidenced by the fact that a six-foot rattler was killed recently in Tyler county that contained a full-grown squirrel freshly killed and another squirrel partly digested.

If all the boys and girls in the United States who were members of 4-H Clubs in 1939 were to join hands and form a circle it would have a diameter of about 500 miles. Texas was second among the 48 states in enrollment.

IT PAYS TO ADVERTISE

Weinert F.F.A. Wins Awards At Haskell Fair

The boys of the Weinert F.F.A. groomed their livestock and led them into the show ring at the Central West Texas Fair at Haskell last week, and when the judging was over they counted their awards. They found they had 49—including two grand champions and a reserve champion.

Highest among the winners was Philip Cadenhead, who showed in the money 12 times. Then he took his Hereford calf and showed him to grand champion of the Haskell county club calves and reserve champion of the show, winning a banner each time.

Next in line was Clifford Thomas, Jr. He took away nine ribbons and a banner. The banner was for showing his 15 months old heifer to grand champion of the show.

Other boys and the number of times they placed were: J. D. Zahn, 7; Bernard Cooley 5; Roderick Duff 3; R. C. Gordy 2; Boyd Yandel 2; Jim Perrin 2; Billy Cooley 2; J. R. Merchant 1, and Bobby Hutchinson 1.

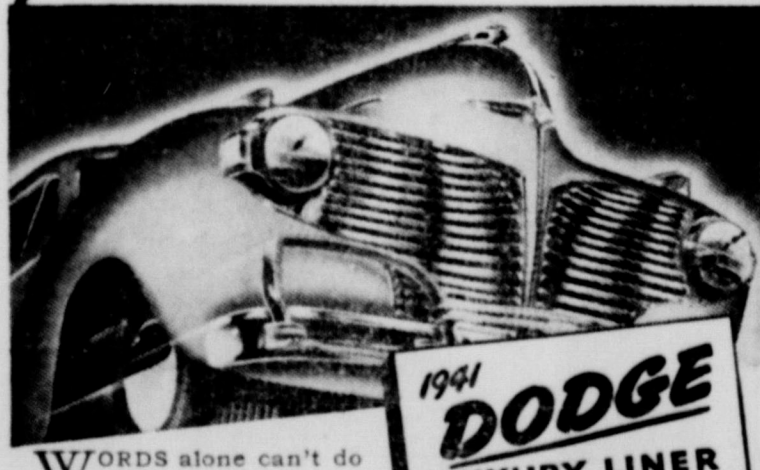

This group of boys win first place in half the classes they showed. They entered in 28 classes and came out with 14 firsts, 10 seconds, 13 thirds, 7 fourths, 1 fifth and 1 seventh. Only 4 of these classes paid above fourth place.

Harlan Weinert placed first, second and third with his capons.

From a chapter standpoint the above winnings were all on an individual competitive basis, but the boys demonstrated they could work together just as well as separately by putting in an educational exhibit and an eat and drink concession. Almost every boy in the chapter helped in putting these two enterprises over. As a result they won second place with their educational exhibit and made a little money from their concession.

Clay Griffith, Bernard Cooley and Philip Cadenhead had charge of the educational exhibit and Harlan Weinert, Claude Harrison and Joe Gray had charge of the concession. The three boys with the concession stayed on the job from 18 to 20 hours a day during the entire fair.

You're Next TO DRIVE THIS 1941 DODGE LUXURY LINER!

WORDS alone can't do justice to the beauty and luxury of this bigger, wider 1941 Dodge! You've got to see it and drive it to get any idea of all the good things this new Dodge gives you! Wider, roomier interiors! Gorgeous upholstery! Dozens of new refinements and appointments! Stop in today for an experience that comes once in a lifetime—your first Fluid Drive* in the '41 Dodge!

*Fluid Drive optional at slight additional cost
