Number 15

750 KNOX PEOPLE EXPECTED TO REGISTER

Moguls Play At Baird Friday Night

Since their victory over Haskell by the small margin of two points, Coach Billy Cooper's Moguls have been training hard for their first conference game away from home. They will journey to Baird Friday night for their second conference game.

Both the fans and players realize, since the Moguls defeat at the hands of Crowell and their small margin over Haskell, that the team has been over-rated this season. This realization, it is believed, will strengthen the team for their future games, since they know that one of the remaining games will be easy victories.

Other games in the district include Albany at Stamford, Haskell at Anson, and Tule at Hamlin. The outcome of these games are expected to prove the comparative strength of all the district teams.

Baird has yet to win a conference game and they will be gunning for the Moguls Friday night. Many Munday fans are expected to accompany Coach Cooper's team to Baird, believing the game will be the same type of thriller as the one last Friday night, since Baird has one man who always makes sensational runs for touchdowns.

TRUSCOTT BEATS VERA TO REMAIN UNBEATEN

Truscott, Oct. 9.—Coach Clyde Wood's Truscott team retained its unbeaten record last week by defeating Vera, 20 to 0, in a six-man football game.

A. Smith made all the Truscott touchdowns, catching three passes for the payoffs. Stout threw two of them and English one.

Vera led in first downs but was unable to get the sustained punch necessary for a score.

Truscott plays its first conference game Oct. 11, meeting O'Brien at O'Brien. Other games in the district find Sunset meeting Mattson and Vera playing Benjamin. Knox City takes on Sagerton in a non-conference game.

Degree Team From Abilene to Confer Master's Degree

The first musical Master Masons degree to be conferred by Knox Lodge No. 851 will be conferred here next Wednesday night at 8 o'clock, when the Abilene degree team will be here to put on this work.

An invitation is extended to all Master Masons in this section to attend this meeting, which was called last Monday night for the musical master's degree. Approximately 25 Masons from the Abilene lodge compose the degree team.

Refreshments will be served. The refreshment committee is composed of Wade Mahan, L. M. Palmer and Lee Haymes.

Loran Urges Greater Use Of Cotton Bagging

Pete Loran, president of the Farmers Union of Texas, was a visitor in town Monday, and was still preaching the use of cotton bagging by farmers of this section as a means of further consumption of the farmers principal crop.

Loran stated he made a trip through parts of Knox and Haskell counties recently and was somewhat disappointed in the number of bales of cotton that had been wrapped in jute or sugar bagging.

"Farmers should insist upon the use of cotton bagging for their cotton," he said. "You may preach that it's higher than other types of bagging, but we should be proud of the fact the price of our products are a little higher."

"Silk and rayon are higher in price than cotton products," he pointed out, "and many of us use silk and rayon when we could have the same articles made of cotton. We should by all means use our own products wherever possible, and farmers can best begin at their own gin."

Pep Rally Is On For Moguls

A pep rally, which is expected to send the Moguls off to Baird full of pep and full of appreciation for their fans and supporters, will be held Thursday night at 7:30 o'clock.

The rally will be held on the north side of the square. Talks will be made by a number of football fans who will speak over a public address system.

Let's all come and root for the Moguls!

Munday P.-T.A. To Meet on Wednesday

Second meeting of the Munday P.-T.A. will be held October 16 with Miss Kathleen Burnett in charge.

The theme of the program will be "Growth for Parent and Child," and speakers will be Miss Burnett and Mrs. Jim Reeves.

Music will be furnished by Mrs. Helen von Baumann. Many new members are expected to attend this meeting, as a drive for new members has been under way this week.

4-H Club Girls Form Council In Knox County

After hearing Miss Onah Jacks, state girls' club agent, discuss 4-H Councils, 60 club girls and sponsors of Knox county voted unanimously to organize a 4-H council in this county.

Presidents and delegates of the 4-H clubs met at the courthouse in Benjamin on Saturday, October 5, at which time the organization was completed. The following officers were elected:

Leota Patterson, Vera, president; Betty Mae Reeves, Union Grove, vice president; Maida Belle Parris, Truscott, secretary and treasurer; Mildred McGee, Union Grove, parliamentarian, and Mary Ann McGuire, reporter.

The council is a committee representing all of the 4-H clubs of the county, which, with the county home demonstration agent, plans the work for the county as a whole. It is hoped that by this method, the needs of the girls may be met better than heretofore.

Knox county is the first to organize a 4-H council in this district, which is composed of 16 counties.

Davy Taking Contributions For Roosevelt Drive

R. B. Davy of Munday has been named by Myron G. Blalock, Texas Roosevelt campaign manager, as chairman of the Knox county finance committee and is in charge of collecting local contributions for the Roosevelt drive. Democrats here have been urged to contact the county democratic chairman.

Funds collected in Texas, Blalock stressed, will be used by the National Roosevelt campaign committee to combat the vast financial backing of the opposition. Every Texas democrat, he said, is to be offered an opportunity to make a contribution, no matter how large or small, to the Roosevelt cause.

VISIT IN NEW MEXICO

Mr. and Mrs. Albert Fetsch and daughter, Catherine Marie, and Mrs. Fetsch's mother, Mrs. L. C. Franklin, visited several days at the bedside of Mrs. Fetsch's brother, Henry Franklin of Fort Sumner, New Mex., who had an operation. They also visited with Mr. and Mrs. Martin Franklin and Albert Franklin, who are employed there. On their return they visited Mr. and Mrs. Leonard Albus and friends in Pep, Texas.

Mr. and Mrs. Sebern Jones and children visited friends and relatives in Throckmorton last Sunday afternoon.

Utilities Co. Safe is Robbed Early Tuesday

Around \$25 in Cash is Taken; Safe is Blown Open

Burglars entered the local office of the West Texas Utilities Co., last Tuesday morning, used nitro glycerine to blow the safe open, and robbed it of about \$25 in cash.

Entrance to the office was made by forcing a window open. The combination of the safe was blown off, and a charge of "soup" was placed in the small opening and set off. The door of the safe was practically ruined, but its contents were not damaged by the explosion.

After checking the safe, Arthur Mitchell, local manager said about \$25 was missed. The money drawer, checks and other papers were left scattered about the floor.

It is estimated the robbery occurred between 3:30 and 4 o'clock Tuesday morning. The night-watchman reported hearing the blast, which, he said, sounded like an automobile backfiring.

Membership Drive is Begun By Local P.-T.A.

The Munday Parent-Teacher Association began its annual membership drive this week. The goal in this campaign is to enroll every parent as a member of the Parent-Teacher Association. Every one interested in this organization is invited to become a member at the nominal fee of 25 cents for the school year.

The Parent-Teacher Association holds monthly meetings in which the parents and teachers come together for the purpose of promoting the educational welfare of the children. The organization seeks to correlate and integrate the home and school, and to supplement finances of the school in supplying materials and equipment.

The one big project undertaken by the Parent-Teacher Association last year was the equipping of the school band with new uniforms. Many smaller projects were carried through also. Some important goals to be reached during this year have already been set. Together with the Lions' Club and the Chamber of Commerce, the Parent-Teacher Association is sponsoring the WPA lunch room.

Weather Report

Weather report for period of October 3rd to 9th, inclusive, as recorded and compiled by H. P. Hill, Munday, U.S. Cooperative Weather Observer.

	LOW	HIGH
1940 1939		
Oct. 3.....	65	90
Oct. 4.....	68	94
Oct. 5.....	62	88
Oct. 6.....	66	82
Oct. 7.....	46	71
Oct. 8.....	46	71
Oct. 9.....	54	65

Rainfall to date this year, 17.77 inches.

Rainfall to this date last year, 15.76 inches.

MISSIONARY TO PREACH AT FRIENDSHIP CHURCH

Elder Evans, a missionary, will preach at the Friendship Baptist church on Friday night, October 11, this was announced Wednesday.

The entire public is cordially invited to come out and hear this interesting message.

Mr. and Mrs. J. E. Edwards arrived this morning from Bandera for a visit with relatives and friends over the week end. Mr. Edwards reports good hunting and fishing as well as a good time at Bandera.

Director

Colonel Earl D. Irons, above, of the North Texas Agricultural College at Arlington, will again direct the Fall Band Festival at the State Fair of Texas. The festival, in which school bands from all sections of Texas participate, will be held on October 17, 18 and 19, in the band shell beginning each day at 12 noon.

School Busses Have Inspection By Patrolmen

All school busses of the state aid schools in Knox county were inspected at Benjamin last Tuesday morning by Patrolmen Conner and Young of Wichita Falls, who are with the state highway department's safety patrol. Thirteen busses of Knox county were inspected at this time.

Inspection included a detailed check of the doors, lights, horn, windshield wipers, fire extinguishers, mirrors, tires, and lettering on the busses.

Following the inspection, one of the patrolmen made an interesting safety talk and pointed out the fact that more persons are being killed in traffic in America than are being killed by bombs in Europe.

He complimented Knox county schools upon having their busses and drivers meet the state's requirements in every respect in regard to safety of their vehicles.

Knox County Hospital Notes

Patients in the Knox county hospital at Knox City this week are: Mrs. W. C. Goodrich and baby son, Knox City; Clarence Webb, Rochester; Mrs. L. C. Vance, Goree; Mrs. G. L. Pruitt, Munday; Mrs. H. M. Baird, Gilliland; Bob Jarvis, Munday; Hugh Rogers, Knox City; Ben W. Bowden, Munday; Master Dean Jackson, Goree; Mrs. W. C. Tanner, Rochester; Mrs. J. N. Ballard, Rochester; Joe Dean Clough, Munday; Grady Weaver, of Big Spring.

Dismissals the past week included Mrs. J. M. Mansell, Rule; Mrs. C. C. Pelton and baby son, O'Brien; Mrs. J. O. Cure, Gilliland; Mrs. P. M. Helton, O'Brien.

BIRTHS
Born to Mr. and Mrs. C. C. Pelton of O'Brien, a son.

DEATHS
Mr. M. N. Cosstevens, Rochester.

FORMER RESIDENT IS VISITOR IN MUNDAY

Dr. Hobson Martin and daughter, Ella, of Georgetown, Texas, were here last Wednesday visiting with old friends. Mr. Martin was reared and attended high school here, leaving here in 1911.

This is the first time he had seen many of his old friends since leaving Munday 29 years ago.

Bargain Rate On The Times Is Now in Effect

Many Subscriptions Expected During Bargain Days

Since the announcement of The Times' annual bargain rate last Thursday several subscribers have already renewed their subscriptions.

This new rate of \$1.00 in Knox county and \$1.50 outside the 50-mile zone is expected to attract some 2,000 subscribers who are enjoying The Times and who want to keep this Knox county paper coming to their address. The bargain rate brings a saving of 50 cents to each and every subscriber.

Other subscribers are expected to renew their subscriptions during the coming week end. Subscriptions will be accepted either by mail or by personal visit to The Times office—or you may send your check by a friend.

The Times brings you a message each week—a message of events in Knox county and personal mention of your friends, and a message of Munday business firms who are serving this county by furnishing a good shopping center for Knox county people. These messages you can receive only through your county newspaper.

The Times bargain rate will, of course, be withdrawn after each and every subscriber has been given ample time and opportunity to renew while the rate is in effect. Bring in your subscription today and be assured of the saving offered through this bargain rate.

Joe Bowden Is Made Member of Cowboy Band

Joe Bowden, son of Mr. and Mrs. J. O. Bowden of Munday, has qualified for membership in the celebrated Cowboy band of Hardin-Simmons University, in Abilene. He is a freshman student and plays in the cornet section of the band.

The Cowboy band, composed of 80 student musicians, with well balanced instrumentation, is much in demand for programs, concerts and radio performances. Director M. B. McClure, for the seventh year is its composer-conductor.

Early fall appearances for the band including participation in the Rose Festival at Tyler, where the H-SU football team meets Arizona State, at Odessa for the H-SU and College of Mines game. The band played at the annual Bill Day at Ralls, with Dr. W. R. (Bill) White, H-SU president, as the principal speaker.

Coming events are a West Texas day at the State Fair, in Dallas, which the band will delegation, and participation in the annual Baptist Training Union convention, in Dallas, on November 22. The summer trip to the Democratic national convention, in Chicago, in July, was an alltime highlight in band annals.

John J. Hoffman To Give Address On Radio Station

John J. Hoffman, superintendent of the Rhineland school, will deliver an address over Radio Station KWFT, Wichita Falls, next Saturday evening at seven o'clock, it was announced Wednesday.

Mr. Hoffman's address will be on the Columbus Day program. He will speak for about 15 minutes. The entire public is invited to tune in at seven o'clock Saturday night and hear his address.

DINGUS FAMILY MOVES INTO THEIR NEW HOME

Mr. and Mrs. G. W. Dingus and family moved in to their new home which has just been completed in the southwest part of Munday.

Construction on the new home has been under way for the past three of four weeks, during which time the family has resided in the Jones residence just south of the high school.

COUNTY DRAFT BOARD IS APPOINTED

Draft boards for Texas counties were appointed Tuesday by Gov. W. Lee O'Daniel. The appointments are subject to approval by President Roosevelt. A board of three members was named for each county, or for each 30,000 population in a county.

Knox county's board, as appointed is composed of Jack Idol, Benjamin; A. E. (Buck) Propps, Knox City, and T. G. Bengé, Munday.

The board will begin classifying men of conscription age immediately after registration day October 16.

Nice Crooks—

Gratex Station Gets Checks Returned After Robbery

Although they robbed his station last Friday night, Elmo Morrow of the Gratex Service Station appreciates the nice way in which the crooks treated him.

The station was robbed some time after midnight. Admission to the station was gained by breaking a glass in the back door, then turning the lock. After they had gotten their "loot," which was \$216 in cash and checks, a Colt pistol and the cash drawer, the thieves closed the back door as they went out.

Elmo found his cash drawer by the warehouse Sunday morning, and he supposed the robbers returned it and place it where he would be sure to find it. In Sunday morning's mail came his checks—mailed to him from Abilene—in the amount of \$169.80. Elmo figures all but two small produce checks were returned. His gun was not returned.

Total loss, Elmo figures, is \$44.60 and his gun.

Elmo appreciates the crooks being nice enough to return those things they could not use.

Chas. Giddings Graduates From Flying School

Charles Giddings, son of Mr. and Mrs. C. H. Giddings, was one of the 233 flying cadets who graduated from the Air Corps Advanced Flying School at Kelly Field, Texas, on October 4th.

Due to a larger class to enter the advanced flying school from Randolph Field, the graduates received their diplomas and pinned on the silver "wings" of the U.S. Army Air Corps without the usual fanfare. The fledgling pilots received the congratulations of Col. Hubert R. Harmon, commandant at the flying school, and took their oaths of office as second lieutenants, in Dallas, on November 22.

Giddings completed his preliminary training at Love Field, Dallas, and was transferred to Randolph Field, then to Kelly Field.

Margaret Tiner Elected Member Of H.-S.U. Cowgirls

Newly elected to the Cowgirls, coed social organization at Hardin-Simmons University in Abilene, is Margaret Tiner, junior daughter of Mr. and Mrs. W. V. Tiner, Munday.

Initiation ceremonies climaxed a week of activities, beginning with the annual tea at the Abilene Woman's Club. Miss Helen Margaret Robbins is faculty sponsor and the president for the year is Miss Dee Agnew, Abilene, senior.

The Cowgirls are active in student affairs, and two trips to Tyler to the Rose Festival and the Arizona State-Hardin-Simmons football game, and to Odessa, for the H-SU game with Texas College of Mines, are on the early fall calendar.

At Hardin-Simmons, Margaret is a member of the Players Club.

Miss Bonnie Dell Lytle of Peasater, Texas, visited in the home of G. H. Beaty and family over the week end.

To Register At Voting Places

Those Employed Here May Be Registered In This County

The setup for registering of all Knox county men between the ages of 21 and 35 has been completed, and around 750 youths of Knox county are expected to register on October 16.

County Clerk M. T. Chamberlain has announced the persons who will be in charge of registration at the various voting boxes in Knox county. They are listed below by voting precincts:

Prec. No. 1, Thos. R. West.
Prec. No. 2, A. S. Tarpley.
Prec. No. 3, Earl Burgess or W. T. Cook.

Prec. No. 4, H. A. Patterson.
Prec. No. 5, Ben B. Hunt.
Prec. No. 6, J. C. Borden.
Prec. No. 6A, Lee Haymes.
Prec. No. 7, A. F. Homer.
Prec. No. 8, N. T. Underwood.
Prec. No. 9, Vance Jones.
Prec. No. 10, T. H. Jones

Prec. No. 11, Mrs. A. C. Tackett or Miss Bessie Sue Munday.

"I wish to ask the cooperation of all people who have employees to notify such employees that they can register in this county," Mr. Chamberlain said, "and that it will not be necessary for them to return to their homes to register."

"Those who are using Mexican labor should inform them of the necessity of registering, advising all of the penalty for failure to do so."

The penalty is a heavy fine and prison sentence for failure to register. Registration officials will make up a list of those failing to register, and this will be turned over to law enforcement officials who will round up the truants.

Mr. Borden and Mr. Haymes have announced that registration for both north and south boxes of Munday will be at the city hall. Mr. Haymes, in charge of Munday's north box, will be in the room across the hall from the city secretary's office, while Mr. Borden, for the south box, will be in the chief of police office. They expect around 250 to register in Munday.

Boy Scouts To Register For The New Year

The following notice regarding re-registering of Munday Boy Scouts was issued Wednesday by Winston R. Bryant, scoutmaster:

Attention Boy Scouts and all boys 12 years old or over who want to become Scouts:

Next Tuesday is set as the deadline for registration for the new scout year. Old scouts come out and bring your registration fee of 50 cents. Boys who would like to be scouts are invited to meet at 7:30 p.m. Tuesday at the Legion hall. We have a good troop and are planning an active program for next year. Now is the time to join, and we invite you to line up with one of the best troops in West Texas.

We will be looking for you next Tuesday night at 7:30 at the Legion hall.

Knox City Girl Grid Queen At Canyon College

Miss Marilyn Edwards, of Knox City, a junior in West Texas State College at Canyon, has been elected 1940 football queen by the varsity squad—an honor voted each year. Coronation of the gridiron queen will take place a few minutes before the kickoff at the homecoming football game Saturday afternoon, October 19.

Miss Edwards is studying speech and hopes to have a career in radio. She is a brunet, 5 feet 6 inches tall, and weighs 124 pounds. She is the daughter of Dr. and Mrs. T. S. Edwards of Knox City.

Miss Edwards is president of Gammi Phi. She is a transfer from Texas State College for Women, at Denton.

EDITORIAL PAGE

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

THE SKILLED LABOR PROBLEM

There's been a lot of talk recently about the problem of skilled labor in the light of the national defense emergency. Until recently, almost all of it was of necessity ill-informed, because there weren't sufficient facts on hand to justify much in the way of generalizations on the subject.

Now that sad state of affairs has been remedied by the appearance of a timely and comprehensive study of the skilled and semi-skilled labor situation conducted by the National Association of Manufacturers. Now, instead of acting on the basis of all the wild talk in the land, industry can settle down sensibly to the task of clearing up any shortages when and where they exist.

The survey in question went to over six hundred representative companies, and the results are illuminating. They show one out of four companies troubled with a present shortage of skilled labor, and twice that number predicting that in the event of a real emergency they would have a similar problem.

This is important to know. It would indeed be serious were it not for the great advances made by industry in recent years in perfecting improved methods of job-training. Here again it has been a case of industry's long-term planning paying dividends for the whole nation. The value of that planning will become increasingly apparent as our defense program moves from its tentative stages into speedy production.

EVER READY . . .

The New York City classified telephone directory is a "best seller" that goes each year into hundreds of thousands of homes. The cover of this bulky volume is, therefore, an excellent place to use in putting across an advertising message.

This year however, instead of the customary commercial advertisement, the Ever Ready Label Corporation, which purchased the space, offered the public a Decalogue of American Principles and added merely the following sincere statement: "We the people of Ever Ready, Employer and Employee alike—living in constructive accord—have resolved that this space, which for ten years has successfully vended our product, be dedicated in tribute to the American Way under which our business has grown great from humble beginnings."

The sentiment expressed is a worthy one. And this company, in thus emphasizing the value of this nation's way of life to millions of readers, is performing a genuine service to Americanism at a time when those who love that institution must stand "ever ready" to defend it!

NO APEASEMENT HERE

"Apeasement" has become a shameful word during the last year or two—and justly so. Today all of Europe is a tragic monument to the futility of attempting to appease the dictator powers. The appeasement may have been sincere, but they were terribly wrong. Dictators' ambitions know no limits. And each fresh attempt at appeasing the dictators simply gave them more confidence, and led to still greater demands.

In this country, the majority of the people are opposed to any efforts to appease those who may threaten the destruction of our way of life—which is the democratic way of life, with free men working under a free system. But there is a minority whose thoughts turn to the possibility of appeasement. "All over the world," their arguments run, liberty has been abrogated, and government has been made supreme. Civil rights have been dissipated like leaves in a storm. It is logical to expect that we shall see a similar trend take root at home. So we might as well make the best of it. After all, even total governments must have the services of men with brains—there will always be jobs. So let's see if we can get on more friendly terms with our potential enemies."

A child can see what that argument must lead to, once accepted by the people. It would lead to a dictatorship as brutal and as thorough as any in Europe. For democracy is one thing that can't go half-way. weaken it, and you are helping dig its grave. No nation, said Lincoln, can exist half slave and half free. And no nation can hope to strike a balance between representative government and total government. It must choose between on or the other, with no "ifs, and, or buts" involved.

A system worth having is a system worth fighting for. The United States prays for peace—but the United States was never a country to give an inch to its possible enemies. If the appeasers should have their way, we will go the way France went—and all that America has stood for in the past will become meaningless. Let's make up our minds that this one corner of the world where democracy, social and economic, will be defended to the last ditch.

Due to research, half of this country's supply of synthetic vanilla now comes from formerly wasted byproducts of paper manufacture.

There are twice as many motor vehicles in the United States as in the entire rest of the world.

More than one out of every five jobs in this country are provided by manufacturing industry.

Due to industrial research, phonograph records can now be played by photo-electric light.

THE MUNDAY TIMES

Published Every Thursday at Munday

Grady G. Roberts Editor, Owner and Publisher
Aaron Edgar News Editor

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially, character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

LET'S TEACH DEMOCRACY

Since public schools closed down late last spring, important changes have taken place in the world. Adolf Hitler's legions have blitzkrieged their ruthless way through the Low Countries and France, and the Nazi philosophy now dominates most of continental Europe. A new preparedness program has been launched in the United States.

To American children returning to their books, these changes in Europe and at home may seem remote. True, their parents may feel the weight of increased defense taxes and their older brothers may be affected by conscription, but to the children revolutionary world changes may make little difference.

Here, then, is a vital new problem for our schools. Officials in general have been militantly alert for trends toward radicalism in our instruction; now they must be just as militant in their efforts to teach their charges that democracy remains the only right way of life.

It is improbable that there will be curriculum changes, at least for the present. Secretary of State Cordell Hull has urged that more schools offer instruction in Spanish as a means of tightening bonds with Latin America, but in general courses of study will remain about the same as they have been in the past years.

But those courses must be given new meaning. Studies such as civics and problems of democracy are ideally suited for highlighting the contrast between totalitarianism and the American way. Current events, too, often a stepchild in our educational systems, should be given new stress.

In success or failure of our schools' efforts to instill the democratic credo in the minds and hearts of American children lies in the outcome of the fight for freedom.

THE PIONEERS

(From the South Bend, (Wash.) Journal)
They lived within nature, sustaining
Themselves by their labors reward;
Existence was won, uncomplaining,
Relying on neighbor's accord.

They vanquished the forests and mountains
By sheer perseverance and will;
The deserts were turned into fountains
Of bounty, the fruits of their skill.

The nation was built by the vision
Which crisscross o'er the future with care.
When crisis arose, the decision
Was made in the spirit "to dare."

Awake, ye old pioneer spirit,
And enter our people anew!
Rouse dormant intelligence, sheer it;
Through self-help retrace imbue.
—John J. Langenbach

A COTTON CHRISTMAS

As a feature of its program for promoting a more extensive use of cotton, the National Cotton Council will put forth more intensive efforts this year in behalf of the Cotton Christmas idea, in which it is expected that not less than 20,000 retail stores will participate.

The plan is designed to encourage greater sales of cotton goods of all kinds during the Christmas shopping season, as was done for the first time last year with much success, with about 10,000 stores cooperating.

Merchants making purchases for winter sales are assured of the active support of the Council according to President Oscar Johnston, and a wide variety of promotional material will be supplied by its headquarters in Memphis.

Such material furnished last year included newspaper advertising mats and publicity stories, theatre trailers featuring the Cotton Christmas theme, announcements for radio stations, and retail store posters, banners and window cards. Plans for this year's project are being laid along the same basic lines of last year, but this year a wider variety of material will be made available.

This effort to increase the consumption of cotton is most commendable, as the American cotton surplus presents one of the nation's most serious economic problems.

Americanism: Thinking it is all right to sell war material to Japan, but an act of war to help Britain.

A psychologist declares that women are as intelligent as men. Which is rather faint praise for the ladies.

GOOD ADVICE!

THEY SAY!

"Japan's friendship need never have been alienated, particularly since America has neither economic nor strategic considerations of any importance in the Far East. We were unable to understand America's concern over areas of the world where America's interests hardly exist."—Japanese high official.

"I shouted 'Look! An airplane!' Everybody looked up and was glad. We started praying. All us children did. We prayed and prayed that the plane would come near enough to see us. The plane circled us. One seaman signalled, and the plane signalled us back with a light."—Kenneth Sparks, describing rescue of children from the Canada-bound refugee ship "City of Benares" which was sunk.

BRASS BUTTONS FOR THE LADIES

Feminine styles, which are just as sensitive to the times as the stock market, are going patriotic this fall! That's the fashion reveller sounded by Mrs. Dora R. Barnes, clothing specialist for the A. and M. College Extension Service. As evidence she lists such popular colors in fall apparel as patriot red, khaki green, soldier blue, and yankee doodle. Costume jewelry, too, is definitely patriotic. Counters everywhere are beginning to display flag pins, liberty bells, British emblems, "God Bless America" bracelets, vanities in red, white and blue, patriotic handkerchiefs and belts.

Colors which aren't patriotic are mostly "woody." Selections are including bitter sweet red, winter berry red, sumac red, lava green, hunting green, meadow gold, sand dune, shadow blue, camel beige, toffee tan, and plantation tan.

Some Texas colors for hosiery shades have been recommended by J. Frank Dobie, authority on Texasiana, for blending with fall costumes. They are alamo, a dusky mauve; taupe, road runner, wine tinted beige, mesquite, medium brown bronzes, spring beige, pinto bean tile beige, saddle, and golden coffee tan.

As to the cut and design of this fall's dresses, the flare and swing of last season disappear in favor of the straight and narrow silhouette. "There is a fullness, but it is used in such a way that it gives a slim, willowy effect," as Mrs. Barnes puts it.

Fullness may be acquired by graceful godet pleats in front, side saddle drapery, or the new side-buttoned drape. The apron front dress is quite new, too.

In sleeves some of the old styles are being revived, such as raglan, dolman, and saddle shoulders, all with a new touch.

Mr. and Mrs. Verne Justice of Goree were business visitors here last Monday.

Gems Of Thought

LABOR
Labor is discovered to be the grand conqueror, enriching and upbuilding the nations more surely than the proudest battles.—William Ellery Channing.

Joy in one's work is the consummate tool.—Phillips Brooks.

The man who does not work for the love of work but only for money is not likely to make money nor to find much fun in life.—Charles M. Schwab.

The richest blessings are obtained by labor.—Mary Baker Eddy.

God is living, working still.
All things work and move;
Work, or lose the power to will,
Lose the power to love.
—Dwight

CLOTHES HIBERNATION

In no time at all Texas housewives will be gathering up the family's summer clothes to store them away in a closet, attic, or trunk until warm weather next spring. As a corollary to that, Mrs. Dora R. Barnes, specialist in clothing and Louise Bryant, specialist in home management for the A. and M. College Extension Service, gives this first commandment on clothing storage:

"The first requisites of storing away clothing are thorough brushing, airing, and sunning and thorough cleaning to free it of any substance upon which insects feed."

In addition, Miss Bryant has collected a number of "time savers" on storage of clothing. Here are a few of them:

White shoes will stay white longer if put away in socks or bags.

If clothes are packed away in a trunk or large wooden box, a list of the clothing should be pasted on the outside of the lid. This may save hours of looking for a needed article.

All boxes or paper dress bags should be labeled giving description of contents such as: "Mary's pink party dress"—"Tom's gray spring suit." Labels should be pasted on the side of hat boxes giving description of the contents.

Soft silk fabrics and heavily trimmed or knitted garments should be folded carefully with

paper in between the folds and stored in sealed, labeled suit boxes or in chests of trunks.

Wash garments, such as cotton or linen, may be left unironed after washing and folded and placed in a clean dresser drawer or in a labeled suit box and stored in a dry place to prevent mildew.

Partitions in drawers where clothes are packed are a convenience in seeing contents of a drawer at a glance.

"THE GOOD OLD DAYS"

The good old days are here again, When loafing time is through, No fishin' poles or swimmin' holes It's Back to School for you.

The good old days are here again, And 'larm clocks ring anew; Come my dears, and wash your ears, It's Back to School for you.

The good old days are here again, How that vacation flew! It's time for books, not fishin' hooks, It's Back to School for you.

The good old days are here again, And honest, kids, it's true; There's much less fun when they are done, It's Back to School for you.

The good old days are here again, And though they make you blue You'll realize they're days you'll prize, It's Back to School for you.

Fire Deaths For 1940 Reaching A New High

Austin.—The Texas fire death record for the first eight months of 1940 has been the worst in many years, Marvin Hall, State Fire Insurance Commissioner, reported today.

Hall said he had records of 290 deaths for the eight months as against 383 for the entire previous year. He stated that during the past five years when the annual property loss by fire in Texas has been the lowest in the history of the state, the annual death loss by fire has been the highest, which is definite proof that Texans are not applying the principles of fire prevention to their daily routine.

Sixty-seven persons lost their lives by getting trapped in burning dwellings. Fifty-seven deaths were caused by standing too close to open fires. Automobile wrecks caused 38 fire deaths to rank as the third leading cause.

Records of other fatalities were: Burns, various causes, three; burns from electricity, three; acetylene torch burns, four; butane gas explosions, one; explosions, various causes, four; gas explosions from improper installations, nine; asphyxiated by gas, seven; cleaning clothes with gasoline, five; improper use and care of gasoline, 27; explosion of gasoline washing machine, one; starting fires with kerosene, 14; children playing with matches, three; murder (arson) three; falling into open fires, five; oil well fire explosions, four; scald from escaping steam, one; coffee, tea and grease scalds, two; scalds from falling into hot water, 15;

Munday Moguls Throttle Haskell Indians 14-12

Haskell Leads In Part of Game

Red Stevens Sparkles To Bring Moguls From Behind

Fans were treated to a thriller on Scruggs Field last Friday night as Coach Billy Cooper's Munday Moguls defeated the Haskell Indians, 14-12, in a game that kept fans on their feet and on the edge of their seats constantly.

Holcomb of the Indians broke loose twice for lengthy sprints and two touchdowns, but in between times the Munday Moguls rolled up 17 first downs and enough scores to win their first conference game.

Munday scored early in the first period, shortly after Haskell had punted from near its own goal line. Stevens crossed the double mark for the tally, then kicked the extra point. Later in the same period, Haskell got the ball on its own 40-yard line through the aid of a 15-yard penalty on the Moguls for roughing the Indian punter. At that point Holcomb scampered around end for 60 yards and the Indians first touchdown.

Haskell scored again in the third period when Holcomb ran wild for 56 yards and the second counter, again scooting around end. On each of his scores, efforts to convert by placekick failed.

With only three minutes remain-

ing for play, the Moguls were stopped on the Indian 3-yard line. Haskell kicked, and Carden returned to the Indian 37-yard mark. Five plays put Stevens over for the second counter, and added the extra point from placement.

The Moguls led in first downs, 17 to 1, and Haskell's only first down came as the result of the Moguls' 15-yard penalty.

Carden substituted for J. E. Cure in the last quarter and sparked his team up for the last touchdown effort.

STEVENS HEROES IN CLUTCH TO GIVE MUNDAY DECISION

(By Howard Green in Abilene Reporter-News)

The Munday Moguls may meet and vanquish stronger teams than the Haskell Indians in their bid for District 10A supremacy.

And chances are this morning that Billy Cooper, energetic young coach of the Moguls, would rather play any team in the district than again go through with an ordeal similar to that of night before last.

Haskell wasn't supposed to hold Munday to less than a three touchdown victory. It was merely another game to be played to complete the 10A district slate. True, Haskell hadn't lost a game in district play, but the Indians had been little short of "lousy" in beating out some rather mediocre opponents.

For 57 minutes of Friday night's ball game, Haskell was on top of the score. Munday pushed the verdant Indians around about as they pleased. First downs don't mean a thing in football, however, unless you can mark up sufficient pointage. And the latter was what Munday seemed unable to do.

There was a fiery red head in the Munday lineup, though. His name was Clayton Stevens. With three minutes left to play he climaxed a second half drive with a one yard plunge for a touchdown. Stevens kicked the extra point and Haskell's gallant Indians were squelched, 14 to 12.

The sorrel-topped Munday quarterback was credited with all of the Munday points and must be acknowledged as the Class A hero of the week. Because when all hope was almost lost, he came through in the clutch like a Horatio Alger story would have him.

If Stevens starred in victory, A. Holcomb, Haskell back, sparkled just as brightly in defeat. He reeled off two touchdowns runs, one for 60 yards and another for 56 yards. His team made only one first down to Munday's 17, but his pair of sizeable touchdown sprints evened up the old yardstick considerably.

THESE ARE REMINDERS OF BILLY THE KID
Lubbock, Texas—A pistol belonging to Billy the Kid, and a rifle and a pair of handcuffs which were owned by Pat Garrett, New Mexico sheriff who killed the Kid, have been left to the Texas Technological College museum by Judge Arthur E. Hays of Monahans. Judge Hays has affidavits verifying the authenticity of these relics.

The pistol is an 1860 model Colts 6-shot, .36 calibre. The rifle is a Sharps .50, widely used as a buffalo gun during the period when so many of these animals were slaughtered on the western plains.

After being thoroughly cleaned and oiled by Dr. E. F. George, Tech physics head, both firearms are in good shooting condition.

County Judge E. L. Covey and Tax Collector-Assessor Earl Sams of Benjamin were here Monday, attending to official business.

People, Spots In The News

TO TOUGHEN CIVVIES... John B. Kelly, 51-year-old physical culturist and former world's champion oarsman, has been assigned to direct civilian physical training program to "toughen up" Americans for national defense. He's angling for aid of Bobby Jones, Jack Dempsey, Gene Tunney, Connie Mack and others in muscle-hardening campaign.

TROPHY TOPS TOT... Jackie Egan, age 1, from Camden, N. J., finds that the trophy he won in 34th annual baby parade on Ocean City's boardwalk is more of a man-sized than infantile bauble. More than 200 children competed in the six divisions.

OPPORTUNITY MAN... Marvin E. Coyle (left), general manager of Chevrolet division of General Motors, received Goodrich award at World's Fair from John Lyon Collyer, rubber company president, who said he typifies opportunities nation affords to ambitious and deserving youth. Col. David M. Goodrich, board chairman, is at right. Coyle said his company's million-cars-a-year pace was "tribute to American workmanship."

I GIVE YOU TEXAS

By Boyce House

Sometime maybe I can write a trioute to Hick Halecomb, my friend who passed on the other day. But not now—the suddenness of his going and the depth of affection which I held for him are such that adequate words just won't come. He was unique—humorous, philosophical, brilliant—and lived a full life, enjoying every minute of his all-too-brief years.

Born in Arkansas, he was successively linotype operator, editor of a West Texas weekly, eloquent stump speaker, assistant Secretary of State and manager of Jerry Sadler's upset victory two years ago for railroad commissioner. He was deeply devoted to Sadler and named his recently-completed home in Austin "Hickory Grove," a play on his own name and the name of Jerry's birthplace.

A great throng of friends were in that home, on the lawn and out on the sidewalk the other morning, while soft music was sung and tender words were spoken about Hick, and while the sunshine beamed gently down and birds twittered and chirped in subdued tones, as though nature too sorrowed, there were tears on every cheek.

Last Christmas, Hick sent out a card with his "platform," consisting of three "planks":

- 1 I love my friends.
- 2 I love my friends.
- 3 I love my friends.

And he garnered friendships in every walk of life—rich or poor, high or low, scholarly or unlettered, none of these things mattered; Hick looked at the individual, and tawdry tinsel meant nothing to him.

No nobler eulogy could have been paid to one of such broad and democratic character than was uttered, as the heavy-hearted hundreds turned reluctantly from the flower-heaped mound, when colored Gus—Hick's faithful servant—sobbed "I followed him as far as I could."

That was the kind of loyalty that Hick gave his friends, and that was the loyalty that he inspired in others.

having broken the switch key of my car, I took the spare downtown to get a duplicate. Noticing a sign, "Keys Made," in a 5-and-10 cent store, I handed the key over to a young lady, who clamped it in place and at the same time put a blank key in another grip. She turned a switch and a machine began feeling the pattern of the key and another machine began cutting the design into the blank key. In three minutes the duplicate had been completed.

Tom Martin, humorous "Sage of the Sagebrush," backed Irvin Cobb, Kentucky humorist, out of a debate on politics. If it had been held, that debate might not have been a laughing matter at that.

Speaking of speaking, this columnist has been a little in demand here lately. Clubs and student groups in Temple, Breckenridge, Ranger, Weatherford and Fort Worth seem to have been interested in an informal talk on Hollywood, based on observations while serving as technical adviser on the Texas oil picture, "Boom Town."

Easterners are looking for "local color" when they come to Texas, so manager Henry Love of Hotel Texas in Fort Worth "where the West begins," has fixed up a Pioneer Suite, suggesting a ranch life. Beds and chairs are made of highly-polished wood that apparently was carved with crude tools; the mirror frame is a huge, wooden horseshoe; the stand of the reading lamp is an ancient shotgun; a little table is supported by a big wagon-wheel hub, and cattle brands have been burned into the frames of pictures showing life on the range. A long dining

table is flanked with benches. Eastern executives are delighted, and marvel that the ranch theme of furnishings is combined with the most modern luxuries.

Somebody, speaking of the town skinflint, asked, "How much is he worth?"

My grandpa answered, "He ain't worth a durn cent, but he's got a hundred thousand dollars."

Men have many conceptions of happiness. Nat Floyd, now on an English language newspaper in China, used to say in his Fort Worth Star Telegram days, "I would like to have enough money that I could throw away a razor blade after using it just once." My own idea of happiness would be to buy an alarm clock, set it for 7 a.m., and next morning when the bell started ringing, throw the durn thing out of the window, turn over and go back to sleep.

LETTERS FROM THE PEOPLE

To the Editor:
Knox county has approximately 67,000 acres in cotton this year and will make about 25,000 bales of cotton. This cotton is at present bringing about 9 cents per pound, or \$45.00 per bale. The seed brings the value of the bale up to about \$50.00.

At \$50 per bale 25,000 bales of cotton will bring about \$1,250,000. Government payments for reduced acreages of cotton, wheat and general including subsidy for both wheat and cotton, will total about \$40,000 for the county. These payments, added to what the cotton will bring, makes the total income for the county from cotton and government about \$1,690,000.

\$1,690,000 is a whole lot of money. It is \$169 for every man, woman and child in the county, and means better than ordinary prosperity for the county.

Of course Knox county has done better in the past. In 1932, for instance, Knox county had unrestricted cotton acreage and produced 67,000 bales of cotton. That year cotton and seed brought about \$40 per bale through the season, and Knox county without any government payments received over \$2,500,000 out of its cotton—or about \$80,000 more than it will receive this year from the government and its restricted cotton acreage.

The picking of this year's crop in Knox county will cost, at 50 cents per 100, about \$300,000. Of this sum probably \$200,000 of it will go to pickers who live in other parts of the state; but much, in fact most, of the money will be spent in Knox county with Knox county merchants.

In 1932 with unrestricted acreage and cotton picking at 25 cents per 100, the picking of the larger crop amounted to around \$335,000, or about \$35,000 more than the picking of this crop. However, in 1932 the dollar had not been devaluated, and 25 cents would buy almost, if not quite as much as 50 cents will buy now.

Knox county averages a larger feed acreage than it did in the years of unrestricted cotton acreage. But a ton of cottonseed will bring as much as three tons of maize and milo maize in 1940, or in any average year will not produce three times as much grain as the same acreage of cotton will produce cottonseed.

These facts indicate that Knox county has a lower income under restricted cotton acreage than it had under unrestricted acreage. All the government payments Knox county is receiving are small compensation for what the "program" is costing Knox county in actual dollars and cents.

In addition to the cost in dollars and cents there is an intangible cost in loss of essential freedom and rights that is so great that it cannot be compensated.

When once we did our own planning we must now do what a government bureau tells us to do. Where once we were a self-reliant, competent people, developing a great frontier with an increasing

Sunset Home Demonstration Club Meets on Tuesday

The Sunset home demonstration club met on Tuesday, October 8, at the home of Mrs. R. M. Almanrode, with the agent, Mrs. Van Zandt, giving a demonstration using animal glands in the menu. Dishes of brains a la King and Virginia tongue were prepared. Music was furnished by Misses Earlyn Offutt and Barbara Jane Almanrode. The club party to be held on Thursday night, October 19, was discussed and plans were made for the achievement event which is to be next month. Refreshments were served to 12 members and visitors.

Gift Shower Is Given In Home Of Mrs. Edgar Lowe

A gift shower was given in the home of Mrs. Edgar Lowe on Friday, September 27th, in honor of Mrs. Nored Boone, the former Durene Lowe.

The house was beautifully decorated with fall flowers. The bride's chosen color was carried out in small cellophane blue and white umbrellas as favors.

Hostesses were Mrs. Paul Pruitt and Mrs. Gill Wyatt. Miss Betty Davis of Wichita Falls presided over the bride's book.

Those attending or sending gifts were Mesdames E. D. Earle, J. L. Williams, D. E. Routon, Doris Williams, Walter Rutherford, Tom Price, W. T. Ford, Morris Ford, Cody West and Tommy, O. O. Putman, Ples Routon, Vernon Routon, Ruby Cowan, J. W. Cowan, Ina Cowan, Norene Patton, Walter Patton, Raymond Pace, R. M. Atchison, J. D. Boone, Jerry Williams, Lura Mayfield, E. E. Routon, J. B. Jordan, Ara Jordan, Fayette Chamberlain, Floyd Bowman, Roy and Drey Lowe, T. J. Brittain, Orvil Brittain, R. S. Edwards, E. R. Lowe, E. C. Lowe, J. D. Hicks, Joe Gordy, Jim Booe, Maurice Price, C. T. Jones and Rozella, R. S. Walton, S. W. Boone and Dorothy and E. P. Poer.

Out-of-town guests were Mesdames C. C. McDonald, W. T. Hamilton, Shelton Davis and Betty Gene Davis of Wichita Falls; J. L. Stodghill, E. E. Jones, Henry Jones, G. F. Adams, B. B. Bowden, Otis Golden, Gena Beth Griffith, Walter Rodgers, Earl Pruitt, Jewell Warren, Elizabeth Mounce, Peggy Haynie, Howard Collins, Elmo Morrow, Melvin Gray, Marvin Branch, Raymond Ratliff, and D. D. Clough of Munday; Dennis P. Ratliff, J. S. Boone, Tommie B. Hawkins, Tom Davis, E. M. Frierson, H. R. Jones, Ramia Lee Bradford and Miss Cathey of Haskell; A. H. Golden and Emmett Golden, of Seymour; D. A. Bowles, Bomarton; J. F. Cadenhead, W. D. Henson, Jr., J. B. King, G. C. Newsum, H. F. Monke, Scotch Coggins, Pete Reid, D. A. Ross, Weibert; Lenell Ferguson, Abilene; Lon Chamberlain and Robert Poer and the hostesses.

Home Demonstration Club Council In Meeting October 5th

The Knox county council of home demonstration clubs met in Benjamin on Friday, October 5, in the assembly room. Eight clubs had representatives present. Mrs. Geo. W. Soloman presided at the meeting. Clubs represented were Benjamin, Gilliland, Hefner, Munday, Vera, Union Grove, Sunset and Truscott. The noon lunch was served picnic style. It was decided to not have the county exhibit this year.

Plans for the fall harvest party were discussed, and all are to wear cotton clothing to the party.

Mrs. T. J. Partridge moved to entertain another club at each Club's achievement day. Reports of the finance and yearbook committee were heard. All clubs are requested to send in suggestions to fill the yearbook for 1941.

Mr. and Mrs. G. R. Eiland were visitors in Wichita Falls last Monday.

Miss Alma Meyer, Philip Zeissel Are United During Marriage Mass

Miss Alma Meyer of this city, daughter of Joseph A. Myer of Alford, became the bride of Philip A. Zeissel, also of Wichita Falls, in a beautiful ceremony read Saturday morning at the Sacred Heart church.

Msgr. Patrick J. F. O'Bierne, pastor, read the service before an altar decorated with pink gladioli, blue delphinium, wine celosia and maiden fern. Vases of varicolored blossoms were placed on either side of the sanctuary.

Proceeding the rites Mrs. Carl Edwards, organist, presented the traditional wedding march from Lohengrin as the bride entered. Mrs. M. M. Bates and Mrs. Fred Sharp offered vocal and violin solos of "On This Day Oh Beautiful Mother" and "Ave Maria." Mrs. Edwards continued the organ music with "Paniff's Angelica" following which Mrs. Bates and Mrs. William Reynolds sang a duet of "Lambertotte." "Liebestraum" and the traditional recessional completed the musical program.

The bride was handsomely attired in a wedding gown of ivory slipper satin fashioned on princess line. Her soft bridal veil reached a finger tip length and she carried a shower of tuberose, white carnations, white gladioli and feverfew.

Miss Bertha Meyer of San Antonio, sister of the bride attended

as maid of honor. Her costume was of wine velvet and she carried blue delphinium and pink gladioli. Burnett Zeissel of Fort Sill, Okla., attended his brother as best man.

After the ceremony, Mr. and Mrs. A. O. Meyer, 1622 N. Beverly, entertained members of the family and close friends with a breakfast and reception. For the latter affair, decorations featured the bridal motif. A three-tiered wedding cake formed the table centerpiece. Mrs. E. V. Meyer served the guests, and Miss Bertha Meyer presided at the bride's book.

Mr. and Mrs. Zeissel left after the reception for a trip to Munday to attend the silver wedding anniversary of the groom's parents, Mr. and Mrs. George J. Zeissel.

For travel the bride chose a brown suit cut on tailored lines with brown and beige accessories.

Out-of-town guests for the wedding were Mr. and Mrs. George J. Zeissel, Mr. and Mrs. B. F. Cornett of Knox City, Mr. and Mrs. Adolf Hanke of Coleman and Mr. and Mrs. Joe Hanke of Coleman.

Mrs. Zeissel is a graduate of Burk Burnett High school, the nursing school in this city and attended Colorado State College of Education. Her husband was graduated from Munday High school and has attended Texas A. and M. The couple will make their home here.—Wichita Daily Times.

Wesleyan Service Guild Has Social Meeting Monday

The Wesleyan Service Guild met in the regular monthly social and business meeting last Monday night in the home of Mrs. Aaron Edgar. Mrs. Edgar and Mrs. Joe Bailey King were hostesses.

A very interesting program was given by Miss Merle Dingus, Miss Ruth Baker, Mrs. O. H. Spann, and Mrs. Layne Womble as leaders.

Other members present were Mrs. Ed Bowden, Mrs. B. B. Bowden, Mrs. Rupert Williams, Mrs. M. B. Bounds, Mrs. Levi Bowden, Mrs. O. H. Spann and Mrs. Sied Waheed.

Zeissel Family Observe Wedding Anniversary Sunday

Many relatives gathered at the home of Mr. and Mrs. G. J. Zeissel in Munday last Sunday in celebrating their 25th wedding anniversary.

Their son, Philip Zeissel was married to Miss Alma Meyer in Wichita Falls Saturday, that being his parents' wedding anniversary, and the celebration was held Sunday.

Guests who were here for the occasion were: Mr. and Mrs. Felix Kuhler, and Mrs. Nash of LaSara, Texas; Mr. and Mrs. G. L. Hanke

of Coleman, Texas; Mr. and Mrs. J. E. Hanke and children, Mr. and Mrs. Alfred Hanke and family and Louis Hanke, all of Cross Plains; Mr. and Mrs. R. R. Hanke, Mrs. Adolf Hanke, Burkett, Texas; Mr. and Mrs. Joe Essler and family, Scotland; Mr. and Mrs. S. E. Williamson and daughters, Mr. and Mrs. J. W. Zeissel and sons, Franke Zeissel, Mr. and Mrs. Mike Bruckner, Mr. and Mrs. Nick Peysen and son and daughter, and Mrs. Addye Layne, all of Munday; Mr. and Mrs. B. F. Cornett, Knox City; Burnett Zeissel of Fort Sill, Okla., and Mr. and Mrs. Philip Zeissel of Wichita Falls.

Those who were unable to attend but who sent gifts were Mr. and Mrs. W. M. Franke, Mr. and Mrs. M. Hanke and Mr. and Mrs. Hubert Hanke, all of Cross Plains, Texas, and Mrs. W. P. Farrington, of Munday.

Bridge Club Has Meeting Tuesday In Baker Home

Members of the Monday Night Bridge Club were entertained last Tuesday night in the home of Mr. and Mrs. C. P. Baker.

High score honors went to Mr. and Mrs. Fred Broach. At the close of the games a refreshment plate was served to the following members:

Mr. and Mrs. W. R. Moore, Mr. and Mrs. Grady Roberts, Mr. and Mrs. Fred Broach and Mr. and Mrs. C. P. Baker.

Pioneer Circle Meets In Home Of Mrs. F. Burnison

Mrs. Frank Burnison, Mrs. Jennings and Mrs. Russell were hostesses to members of the Pioneer Circle in their meeting on October 3, in the home of Mrs. Burnison.

Various games were played, and piano solo were furnished by Mrs. Nelson. Punch and cake were served to the 19 members present.

The next meeting will be with Mrs. Dingus on October 31, at 3 p.m.

Carl Norwood And Anna Kirkpatrick Marry Saturday

Announcement was made this week of the marriage of Carl Norwood and Miss Annie Zeola Kirkpatrick. The couple were married last Saturday night at the Baptist parsonage, with Rev. W. H. Albertson reading the marriage ceremony.

Both the contracting parties live in the Hefner community north of Goree, and are well known in that section of the county.

John Brown of Odessa spent the week end here, visiting in the home of G. H. Beaty and family.

A. D. Starling of Cisco, former teacher at Munday, visited friends here last Sunday.

BARGAIN
1937 Dodge sedan in A-1 shape, will run 1500 miles on change of oil and not add any oil. Thousands of miles of satisfactory driving for only \$400. George Isbell. 1t

At The Churches

THE FIRST PRESBYTERIAN CHURCH

We are entering our third week of our Fall program of work. Our attendance at Sunday School and church has increased a great deal. For the last two Sundays we have had the best attendance at both services that we have had. We feel that God has blessed our work and continue to urge all our members and friends to keep the good work going.

We cordially invite you to attend our Sunday School. We have a class for all of you, old or young. Come next Sunday at 10 o'clock, and study the Bible with us.

We are still holding our mid-week services in the homes and having a full home each Wednesday night. This service is held at 7:30 each Wednesday evening and everyone is invited to attend. Last Wednesday we met in the home of Miss Maud and Miss Fannie Isbell. Come to church Sunday at 1 o'clock and worship with us.

Winston R. Bryant, Pastor

FIRST BAPTIST CHURCH

The go-to-church day last Sunday was helpful to all of us. A house full for the morning service—224 in Sunday school, and an excellent crowd for the evening service. You should have heard the choir sing Sunday evening. The Haskell Association, of which we are a member, is meeting at Rule this week.

There has been considerable talk of either remodeling the church we have or building a new one. Many of our people are tithing and are happy in doing it. When all of us bring our tithe into "the storehouse of the Lord" as He has commanded, it will be easy to build a new church. May we have faith enough to do what we are taught in the Bible that we should do. Trust God, do His will, and see what happens.

W. H. Albertson

H. A. Pendleton was a business visitor in Dallas on Wednesday of this week.

Sam Acton of Wichita Falls, representative of the Southwestern Paper Co., was a business visitor in the city Tuesday.

Mr. and Mrs. C. E. Binnion returned home last Sunday from Sweetwater where they had been visiting relatives for the past two weeks.

Mr. and Mrs. Jimmie Silman and family and George Salem were visitors in Hamlin last Sunday.

Mr. and Mrs. Sied Waheed and family visited friends and relatives in Halmin last Sunday.

Henry Atkinson of Haskell was here Friday night to visit his father, W. H. Atkinson, and other relatives and to attend the football game.

MUNDAY METHODIST CHURCH

There was a nice increase in attendance at services last Sunday brought about by a bit of special effort to get the people to attend church on our national "Go To Church Sunday." We appreciate this boost and hope you will not neglect to be in the services again this next Sunday. Anyone feels better after having gone to church and how it does encourage the ones who have been faithful in attendance. Do it again, won't you!

Sunday school classes are now arranged for every age group from the tiniest babies to the aged and shut-ins. A fine staff of teachers and convenient rooms for class work with a host of friends there to meet you. If you want to be good we will do our best to help you in any way possible.

From all sources of information we are constantly being informed that "Our nation is no stronger than its moral and spiritual impulse."

Of course a nation may spurt ahead through sheer exertion of willpower, but that does not register the nation's endurance.

That frequently is a sign of ebbing strength and the last effort to rally back to normal. One has said that our surest defense against Totalitarianism is in proportion to our adherence to the principles of right and honest living. Our churches are here in our nation to assist in right living.

They are here to serve you where service is needed and anxiously awaiting that opportunity.

"Life is not all a battle or a race; life is a walk with God, life is a growth."

H. A. Longino

Seymour Firm Is Destroyed by Fire

The Producers and Consumers Inc., a farmers cooperative firm, was practically destroyed by fire early Tuesday morning at Seymour. This was termed Seymour's most disastrous fire in nearly a decade.

A grain elevator containing several thousand bushels of wheat and oats burned to the ground. A filling station and store were gutted with a complete loss of stock, including oil, tires and other items. The loss was estimated at around \$15,000.

A transformer was shorted by the blaze, which put the fire alarm out of commission. The Seymour fire department arrived late on the scene as a result and experienced difficulty in getting the flames under control.

HERE FROM GRAHAM

Mr. and Mrs. W. E. Maggart and daughter, Sandra Gail, of Graham, Texas, spent last Sunday here visiting in the home of Mr. and Mrs. J. T. Bookout. Mrs. Maggart is their daughter.

Mrs. Jesse G. Thompson of Vera was a visitor here last Monday.

UNCLE SAM'S SELECTIVE SERVICE

(Editor's Note: The following is a series of questions and answers on the peacetime military training program which have been prepared under the direction of the State director of selective service, J. Watt Page.)

Registration—Who is Affected

1. Q.—Who must register on October 16 under the selective service program?

A.—Every male citizen of the United States and every male alien who has declared his intention of becoming a citizen, must register unless he is specifically exempted by law, providing he has reached his 21st birthday and has not passed his 36th birthday.

2. Q.—What classes are exempted from registration?

A.—The Selective Service Law provides that the only classes exempt from registration are members of the armed forces of the United States, the National Guard, the reserve corps, the coast guard, the coast and geodetic survey, the public health service, and cadets and midshipmen at national military academies. The staffs of foreign diplomatic establishments in the United States are also exempt.

3. Q.—Suppose a man is absent from his home voting box on registration day. What procedure does he follow?

A.—Many registrants, such as college students, traveling men, and business men, will be away from home on registration day. They must go to the nearest polling place on that day and register. Their registration card will then be forwarded to the proper place.

4. Q.—Suppose a registrant is sick on registration day. What should he do?

A.—He may deputize some person to get a registration blank for him and to assist him in filling it out. In some cases the filling will be too sick to permit registration, so he will be allowed to register later on presentation of a doctor's certificate explaining the reasons for his non-registration.

5. Q.—Suppose a man is married or suffers from some physical ailment which would make it impossible for him to perform military service. Does he have to register?

A.—Yes. All persons between the

ages of 21 and 36, regardless of physical handicaps or conditions of dependency, must register on Wednesday, October 16.

6. Q.—Can a man register late without being penalized?

A.—Only if he can produce sufficient evidence to justify his failure to register on the national registration day.

7. Q.—What is the penalty for the failure to register?

A.—A heavy fine and prison sentence is provided for failure to register. Registration officials will make up a list of those failing to register, and this will be turned over to law enforcement officials who will round up the truants.

REGISTRATION—The Actual Procedure

1. Q.—What, exactly, will the registrant have to do on October 16?

A.—He will report to his local polling place between the hours of 7 a.m. and 9 p.m. on Wednesday, October 16, 1940, to answer questions on a registration form which will be asked by the registration officials.

2. Q.—How long will this registration take?

A.—The registration of each individual will require about 20 minutes.

3. Q.—What questions will be asked?

A.—The registration form includes questions on the registrant's name, age, mail address, telephone number, employer's name and address, the place and date of birth, the citizenship, and the name of a close relative of the registrant.

4. Q.—Is a physical description required on the registration blank?

A.—A brief physical description will be made by the registrar noting the race, height, build, color of hair and eyes, complexion, and obvious physical defects of each registrant.

5. Q.—Will the registrant swear to his answers?

A.—Yes. After the form is filled, the registrar will read the answers back to the registrant who will then sign the registration form with the declaration that his answers are true. The registrar will also sign the form.

6. Q.—What proof will an individual have that he has registered?

A.—After the form is filled in, each registrant is given a certificate showing that he has already registered.

7. Q.—Will it be necessary to keep these registration certificates?

A.—Yes. The registration certificate must be carried at all times so that it can be presented on demand to law enforcement or selective service officials. The registrant must also notify his local board immediately of any change of address.

Housewives used to spend much time stringing 'string' beans, but new varieties brought out in the past few years have few or no strings. That's why 'string' beans are now called 'snap' beans.

Probable production of peanuts in the United States for 1940 has been set at 1,521,705,000 pounds, 29 per cent above last year's production. In 1939 Texas produced 129,429,000 pounds, and estimates place the 1940 figure at 159,000,000.

"Give me a chicken salad," said a student in the Co-op.

"Do you want the 40-cent one or the 50-cent one?" asked the waiter.

"What's the difference?"

"The 40-cent ones are made of veal and pork, and the 50-cent ones are made of tuna."

New Slogan For Month Adopted By W. T. U. Co.

Better times for West Texas are foreseen by the West Texas Utilities, which this month is changing its advertising slogan from "Invite a friend to West Texas" to "Invite a new business to West Texas—the land of Opportunity."

The company, according to Arthur Mitchell, local manager, anticipates a shifting of industry and business and believes that the Southwest will capture a good-sized portion of the flow from eastern commercial centers.

"We in West Texas have many advantages to offer most types of industry," he declared, "and it is up to all of us to help publicize the fact and secure new concerns which will bring new money to our community as well as consume more of our agricultural products."

He mentioned West Texas mild climate, "good, clean air and plenty of space," cheap, ample supply of fuel and power, and superior living conditions as being among assets which would prove attractive to business once "we build up the reputation of welcoming private initiative and enterprise."

The tendency toward widespread distribution of industry, he added, gives West Texas an unusual opportunity to secure self-supporting and community-building business institutions.

The utilities company maintains an industrial department, headed by T. J. McCarty and R. M. Fielder, that devotes full time to work with business concerns either already here or seeking desirable locations. The department has just completed a detailed survey of the region's mineral resources and now has available much valuable information on the location of numerous minerals, which there is a wartime demand, such as magnesium and iron ore.

Information also includes data on the quality and quantity of the minerals, the possibilities of processing, cheap fuel and power sources, ample water, labor, housing, and transportation facilities.

Local groups were invited to call upon them "if they can be of any help."

The slogan, "Invite a new business to West Texas—the Land of Opportunity," will be carried in the company's institutional advertising in more than 80 newspapers this fall and winter.

class Tuesday and Wednesday. They are working to be more natural while speaking before a group, and to use more gestures.

The Speech Class has discovered that it would be sensible to start the preparation of a speech by asking and answering the following questions:

1. What is the occasion for the meeting?
2. Who are to be in the audience?
3. Why have I been invited to speak?
4. Who else is to be on the program and what will be the nature of the other contributions?
5. How much time will I have?

Other points concerning speeches studied are: How to approach the audience and how to hold interest. A short method to use in speech making studied is as follows: Think yourself empty, read yourself full, curl your notes, make a long outline, then a short outline, memorize the short outline and the first few words of your speech.

HOMEMAKING CLASSES

The Homemaking Club of Munday High School had their first regular meeting Wednesday, October 9, at 3:15 in the Homemaking Cottage on the campus of Munday high school. Mrs. Conner of Haskell was their guest speaker. Her subject was "Flowers for the Home." She gave demonstrations on how to arrange flowers in various shaped vases and bowls. A large number attended. Some of the mothers came. Margaret Womble said, "We are always glad to have our mothers attend our club meetings because their interest helps to increase our interest."

The first year Homemaking Class is learning how to sew on the machine. Some of the girls have never sewed before, but with the help of the instructor and some of the girls who are familiar with the operation of the machine, they are learning.

The second year group has stopped cooking and is making new curtains for the lunch room.

The third year girls have been studying color and line. They are ready to select the material for their afternoon, semi-formal and formal dresses.

SCIENCE CLASSES

Latest scientific chemical applications to agriculture are being studied by the science classes at M.H.S.

Soil-less farming on a small scale is being demonstrated. This type of farming makes it possible to produce on one acre in troughs of scientifically balanced solutions the same number of potatoes that would be grown on many more acres by the old method.

The effects of vitamin B-1 on

RIGHT OUT OF THE AIR

By EARLE FERRIS

VERA GILMER, pictured here, radio's "cameo Cinderella" was set for an appearance on Radio Theatre, Sept. 23, as the guest of

Cecil B. DeMille, after Russell Patterson, famed illustrator, named her "the classic cameo profile." She flew from New York to Hollywood, returning the "Gone With the Wind" cameo brooch to Vivien Leigh.

Baseball, basketball and football are three things which help James Melton, six-foot singing star of the Monday phone hour over NBC, keep in trim. This summer he captained the softball team known as the Crescendos and is currently organizing a basketball quintet composed of radio artists.

When Eddie Cantor, shown here, returns to the air on Wednesday, Oct. 2, in his new "Time to Smile"

program, he will follow the advice of Jack Benny and use one of NBC's smaller studios. Benny insists they are better for intimate comedy.

Two of Hollywood's most avid boat lovers are Dick Powell and Ken Niles. This month, producer-announcer Niles has entered his new skimmer in several races, with Dick serving as crew. On al-

ternate Sundays Powell races his own boat, with Ken doing the hard work.

Arthur Schwartz, famous as one of America's outstanding composers, recently made two radio guest appearances in two days—one with Lanny Ross and the other with Ilka Chase.

Helen Hayes not only will be the star of "The Helen Hayes Theatre," which will be heard every Sunday

night over CBS starting Sept. 29, but the diminutive radio, stage and screen actress will be an associate producer of the series as well. This marks the first time Miss Hayes has had her own radio theatre.

Nomination for radio's busiest tenor goes to Frank Luther, just renewed for "Luncheon at the Waldorf" over NBC, heard daily over MBS in "I'll Never Forget" and kept continually on the hop making numerous record albums. In addition, he writes hit songs.

Kate Smith's return to the air on Friday, Sept. 20, found her ready to give her biggest air series

to date. Tie-ups with movie companies allow the songstress, pictured here, to bring the season's biggest pictures to her program in aerial preview.

Leaves are falling
Down and down.

That's because
The fall is here
Bringing winter
Very near.

FIRST GRADE NEWS

We are papering our house this week. Carolyn Hardegree brought material to make curtains and rugs. We shall begin to furniture next week.

Jackie Mayes brought his color book to school.

Donald Yarbrough pulled bolts last week-end and earned three nickels.

Norma Smith made a playhouse at home.

Bobbie and Dickie Waheed went to Sunday School and church Sunday.

SEVENTH GRADE NEWS

The seventh grades have selected the names of their English clubs, and elected the officers recently.

The 7-B English Club elected the following students as their officers:

- President, Troy Bookout.
 - Vice-President, Roy Bookout.
 - Secretary, Helen Haymes.
 - Reporter, Davie Lee Morgan.
- The 7-A Citizenship Club elected the following officers:
- President, Dick Owens.
 - Vice-President, John Spann.
 - Secretary, Bernice Douglas.
 - Reporter, Billie McGraw.

Since this is Fire Prevention Week, they have studied about it, and written fire posters and hope to make them successful.

RESPECT FOR "STAR SPANGLED BANNER"

When M-Day comes students of the fourth grade of Munday Elementary School will know what to do when the flag goes marching past and the band strikes up the national anthem.

Carrying out one of the objectives set by Supt. S. Vidal Colley, that of patriotism, the fourth grade has made a special study of this project for the past several weeks.

Under the direction of Mrs. Noble Wright and Mrs. Billy Cooper the students have learned the pledge of allegiance due the flag of the United States of America, and they have sung the national anthem. Each student has drawn the flag and also made an intensive study of its history. Each student was given a flag by his teacher. The pledge of allegiance was printed in chart form and used in the classroom.

Principal of the school, L. M. Palmer, expressed the opinion that a project of this nature is very worthwhile for young and old alike.

GIRLS PRESENT VOCAL PROGRAM

Presented in a vocal program last week were 70 girls of the M.H.S. chorus, the high school trio and sextette, all under the direction of Miss Hylen Holloway, director of music in the high school and head of the English department.

Bringing extended applause were the numbers, "Honey," "Orchids for Remembrance," by the trio, composed of the following students: Polly Silman, Patsy Ruth Mitchell and Mary Lois Beaty.

Other numbers roundly applauded by the high school students and teachers who met in the auditorium of the elementary building was a song by the sextette. The song sung by this group was "Beautiful Dreamer." The students of the sextette were Polly Silman, Patsy Ruth Mitchell, Jean Martin, Evelyn McGraw, Mary Lois Beaty, and Audrey Nell Phillips.

Greatly appreciated according to those present were the old and new compositions, "Kentucky Babe," "The Glow Worm," "Sierra Sue," and "God Bless America."

SENIOR ENGLISH

Some of the Sophomore and Senior English students of Munday High School read many as 40 stories in a unit of study on the short story that is being finished this week.

The objectives of this unit, according to the teacher, Miss Hylen Holloway, were to widen the horizon of extensive reading, to develop a better understanding of human nature and a more sympathetic and tolerant attitude toward others, to develop desirable attitudes and ideals, to develop an appreciation of the beautiful, to develop an appreciation for the artistry of expression, and finally to develop an appreciation of good literature and the habit of reading as a leisure time activity.

The average number of stories read outside of class was twenty. Students said their favorites were Poe, O Henry, Bret Harte, Jack London and A. Conan Doyle.

The Seniors' stories were not confined to English writers and their favorites included Kipling, H. G. Wells, Mansfield and Doyle. The culminating activity was the writing of an original short story. The subjects were selected by the students and among the subjects used these appear most interesting: "Victory," "Highway Eighty," "The Chinese Reporter," "The Smugglers," "At the Stroke of

Midnight," "Frozen Alaska," "The Lone Bullet," "My Initiation to Arkansas," "Roy's Ghost" and "The Title at Stake."

Entertainment Promised For Abilene Fair

Abilene.—West Texas' best square dance teams will vie in a contest at the Supper Club of the West Texas Fair the first three nights of the exposition, October 7, 8 and 9. Cash prizes will be awarded.

In addition, an orchestra will play for square dancing each night. Each night, prizes of \$10, \$5 and \$2.50 will be offered winners, and on Wednesday night, October 9, all teams will compete for the grand prize of \$50.

Square dance teams wishing to enter the contest may do so by writing the West Texas Fair, Grover Nelson, manager, Abilene, Texas.

Spectator seats will be available for those not caring to participate in dancing. The square dancing completes a versatile entertainment program for the Fair which will supply fun needs of Mom, Pop and the kids.

On the grounds all six days and nights will be the big Goodman Wonder Shows, with its 15 carnival

rides and 15 shows, in addition to various game booths. A feature of this will be the scientific feat of freezing in ice a beautiful young lady clad in a bathing suit.

The last half of the week will headline the Cavalcade of Stars. It includes Dixie Dunbar, who with her Rhythmaires will be featured in the nightly grandstand show; Johnny Davis, who will play for supper club dancing; Bud Hughes, and his trained dogs and magic act; the Dorothy Byton dancing girls and Kollo and Verna Pickert, fancy dance artists.

For more practical Dad, there'll be the big Palomino horse show the first three days and nights before the grandstand. For all the family, a spectacular four-mile parade is being arranged. In it will be beautiful floats from Abilene businesses, and bands and pep squads from your own communities.

Mr. and Mrs. Don Ferris were week end visitors in Dallas, where they visited Mrs. Ferris' brother, Ralph Binnion, who is teacher and coach in a Dallas high school.

ATTEND SALES MEETING

E. W. Harrell was in Abilene last Friday where he attended a sales meeting of John Deere Tractor dealers of this area. He reported a good meeting, with attendance from all over the southwest.

N. Woodrow Bragg spent the week end in Galveston visiting with Mrs. Bragg.

Story of "The Law West of the Pecos"

Gary Cooper recently shook hands with a man who heard Texas' historic Judge Roy Bean sentence eleven cowmen to their death, who saw Bean escape from a hanging, and who took part in activities prior to Bean's trip to Fort Davis to see the beautiful Lily Langtry.

The man is 82-year-old Cal Cohen, former clown and associate of Bean's as bartender in his combination saloon and courthouse and later as a friend of the redoubtable saloonkeeper who forced his rulings upon a frontier population "West of the Pecos."

Cohen's identity was revealed when he visited the set of Samuel Goldwyn's "The Westerner," which stars Cooper and is slated to begin a run at the Roxy Theatre on Sunday and Monday. He came at the invitation of Director William Wyler, who desired first-hand information about Bean, whose part in the film is played by Walter Brennan.

When Cohen's association with the Judge was confirmed by letters and other documentary evidence, Star Cooper pleaded with Producer Goldwyn to give the old man a job. Shortly after that, Cal Cohen was again behind the bar of Judge Roy Bean's saloon.

"Twenty years of my life were in close association with Bean," Cohen revealed. "He was the West's most talked-about man in the early eighties. I saw at least a dozen men shot down in his saloon. He was a frightening person, almost completely illiterate, who nominated and elected himself justice of the peace in the little Texas town of Vinegarroon.

"His one virtue was his love for Lily Langtry, whom he never got to see after all his plans. She never stopped at Fort Davis, as was advertised — she merely passed through Texas at a later date by train. Bean ordered me and a few other friends to hold up the train and bring her into Langtry. Fortunately, we never got that far. He died from a natural death, and I attended his funeral. I think Mr. Brennan has copied his character perfectly."

Dr. R. L. Newsom was a visitor in Austin over the week end.

Mr. and Mrs. W. J. Wiggins of Vera visited in the home of Mr. and Mrs. C. L. Belcher and Mr. and Mrs. J. C. Call last Saturday and Sunday.

Weekly Health

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

Austin, Texas.—Reports to the State Health Department this week from physicians indicate that the prevalence of mumps over Texas is reaching a new high in the seasonal trend. Total reported cases of mumps during the summer just ended have exceeded all previous years, and the opening of schools with attendance increased contagion-possibility among children has pushed the total mumps cases to additional higher levels to date, Dr. Geo. W. Cox, State Health Officer, announced in Austin this week.

Mumps, in itself, is not a particularly serious disease, but the after-effects may be very serious. Encephalitis (inflammation of the brain) is a most serious complication which may follow mumps since it is apparently caused by the virus responsible for mumps. In large epidemics, as many as one in each hundred mumps patients has developed encephalitis. Encephalitis may be followed by personality changes of such character as to make the individual useless in future life. It causes paralysis and palsies, and four per cent of the total deaf mutes can trace their condition to mumps in early infancy.

Another serious complication which may follow mumps is the involvement of other glands in the body by the mumps virus. Severe pain accompanies this manifestation, and such involvement results often in sterility of the individual for life. It may so closely resemble appendicitis that the individual is subject to an operation. Peculiar infections of the kidney and pancreas may also result from the mumps virus.

Mumps is contracted through close contact with a person who either has mumps or is in its preliminary stages. Usually there is a period of twelve to twenty-one days between exposure and illness. Typical mumps reaction is the swelling of the parotid or salivary glands. These glands, lying beneath the angle of the jaw, produce typical swelling of the side of the face and neck.

The Texas statutes require that mumps cases shall be isolated from school for a period of twenty-one days at the discretion of the local health official. And since complications following mumps may be quite serious, every person with mumps should remain in bed under a physician's care.

The theory that a person who had mumps on one side (involvement of single parotid gland) was not immune on the other side has been disproved by recent scientific knowledge. Immunity produced from mumps (single gland, double gland or many glands) is a long lasting immunity and since this disease is a constitutional disease,

the immunity is not one that applies to a single isolated gland, but protects the entire system against a recurrence of mumps.

Roomer: "I hear there is a scandal out on our rooming house."
Landlady: "I don't know, but there will be a rumor (roomer) out Saturday if you dont pay your back rent."

"We have been married a year and never quarreled. If a difference arises, and I am right, my husband gives in."
"But what if he is right?"
"That has not yet occurred."

The will was opened and read by the lawyer, as the widow listened in rapt attention.
"To my beloved wife I bequeath all my property, both real and personal," read the lawyer, "including my pants, which she has wanted to wear for 35 years."

"And now, doctor, that I've told you I am going to marry Anne there's one thing I want to get off my chest."
"You just tell me about it, my boy."
"A tattooed heart with the name Mabel on it."

COURT DECISION TO GIVE PROTECTION TO UTILITIES INVESTORS

A federal court decision, giving needed protection to the millions of people who have invested their savings in utilities property only to see its value endangered by threats of public ownership confiscation, recently was handed down in the State of Washington which forces payment of a fair price for any part of a utilities system taken over by government agencies. Legal authorities regard it as having potentially great importance, according to news reports. It was held by the court that a utility company is entitled to severance damages when it is compelled to sell a portion of its system to a public utility district. In the case on which the court rendered this decision, the public ownership promoters involved must pay \$5,000,000 for the property they tried to force the private company to sell for \$3,000,000.

"It is obvious that the value of any part of an integrated utility system cannot be accurately judged by the worth of the physical property it represents," it is pointed out in the decision. "Instead, the value must be established in its

relation to the whole system if it is to be fair and equitable."

"In other words, "the mere money value of the distribution lines serving the city are no arbiter of their worth to the utility as a whole."

One technique of the power socialists, it has been recalled, "has been to force private utilities to sell the best parts of their systems, at low prices, and without severance damages."

It is expected that, in the interest of fair play, to say nothing of the welfare of millions of people who actually own the utility properties, that the Washington decision will do away with a gross injustice.

Famous Stars Of Radio To Visit In O'Brien on Friday

Bob and Joe Shelton and their recording Sunshine Boys will present a program in the O'Brien high school gym on Friday night, October 18.

These boys are heard twice daily except Sundays, over radio station KGKO, Dallas. They promise a full evenings program of good

clean fun and music. A loud speaker will be used, and everyone can hear the entire program.

Mr. and Mrs. Lee Haymes and family spent Sunday afternoon in Stamford, visiting with Mr. Haymes mother, Mrs. C. R. Haymes, and his sister, Mrs. C. D. Hopkins and family.

HAS APPENDICITIS
Ben Wanslee Bowden was taken to the Knox City hospital on Tuesday of last week, where he is reported to be doing nicely.

John C. Spann spent last Sunday in Denton, visiting his daughter, Miss Zell Spann, who is a student in T.S.C.W.

Munday Community Leaders See Prosperity Coming For Territory

Editor's Note: The following article appeared in the Abilene Reporter-News on Sunday, October 6, and is being reprinted in The Times by request:

A general feeling of optimism and forthcoming prosperity inspires Munday merchants and farmers of surrounding territory.

A bumper cotton crop is being harvested, livestock are in good condition and an ample feed supply is laid in for the winter. It all adds up to the rosiest outlook Munday has had in years.

Here are typical comments of representative business and farm leaders:

W. R. Moore, president of the chamber of commerce: "The material accomplishments of the Munday chamber of commerce are many and of much value, but above all is the wonderful spirit of co-operation manifested in the development of the citizenship of Munday. The fine crops we now have will help to extend our work in every line of activity."

J. M. Terry, "As a pioneer hotel operator and mayor of Munday, I feel the prospects for good business are the best in years."

C. R. Elliott, stockman: "Knox county farmers are feeding more livestock. Plenty of feed is being harvested, silos are being filled, and more farmers will begin to feed cattle. Munday is the central livestock market, and there is a ready market through local buyers and the community livestock auction sales held each Tuesday."

C. P. Baker, of Baker-McCarthy: "With general conditions unusually good and the fine crops we have, I feel that we are all set for the best fall business we have had in years."

R. D. Atkinson, grocer: "I think we will have the best business, covering a longer period, that we have had in several years."

L. B. Patterson, farmer: "Munday is fast becoming noted for its fine quality of Acacia cotton. You will find in the Munday trade territory a good livestock business, and with the splendid crops and Munday's cooperative spirit, our community has a bright outlook for the future."

Peter Loran, president of the Texas Farmers Union: "Farmers are happy, guns are humming with our good crop of cotton. Our government is trying to help us use as much of our cotton as possible by making mattresses through gov-

W. R. MOORE

ernment aid. We are prospering."

J. C. Borden real estate dealer: "Crop conditions in the Munday trade territory are the best we have had for several years, and with the known price structure being somewhat better than in the past, business conditions for a good fall trade for Munday merchants should be good. The location of government cotton classers assisting our local cotton firms in handling the 1940 crop has caused a demand for additional office space and help in the various lines."

Mrs. Beas C. Neff, insurance broker: "Due to excellent crop and range conditions throughout the trade territory, Munday should enjoy a greater volume of business than in several years."

Fred Broach, implement dealer: "After being in business in Munday for 30 years, I am more convinced than ever that the 'Heart of the Famous Knox Prairie' is one of the greatest farming communities in Texas. Most of our farmers have tractors and are practicing the feeder-breeder program, using surplus feed for cattle, hogs and sheep, and doing a good job of it. Trench silos are going over big. Our one-variety cotton program is getting bigger each year. And our sales barn furnishes as good a market for all livestock as Fort Worth."

Mrs. Louise Ingram, secretary of the chamber of commerce: "Four residences have been erected under the F.H.A. plan and more are planned for the future. The Western

U. S. Is Haven for These Students

No more eager newspaper readers can be found on the Texas State College for Women campus than these six students from foreign countries who find the daily papers a much better medium for keeping up with war-torn homelands than the slow and censored mails.

Silvia Marquez, looking on from the rear, is from Puerto Rico, wants to be a court interpreter. Conchita Genoves fled Valencia, Spain, in January 1939 with her mother and brothers while her father was still a political prisoner.

Sonja Aiken, front row left, hasn't been home to Venezuela since the summer of 1939. Claude Hegar of Brussels, Belgium, came to Connecticut to spend a holiday, thinks it safer to stay here. Maria Luisa Garzon's parents are still in Madrid, Spain; letters from them are always censored. Marthe Thomas, French girl from Algiers, had her education in French and German universities interrupted by war. All are glad to be in the United States.

Auto Supply Co., a new firm, has just moved to Munday, and the REA has established an office here to build 200 miles of line in the Munday territory. Due to all this, and good crop conditions, many unemployed have found work."

Mrs. W. P. Farrington, property owner and business woman: "Munday is looking forward to one of the best cotton crops in a long time, and good cotton crops make good business and so Munday is prosperous."

W. E. Braly, president of the First National Bank, and chairman of the committee on good roads, is optimistic over not only good prospects for crops, but for highway development. He said the highway department recently let contract for four miles of paving on highway 222 from Munday, and he expects the road to Benjamin, county seat, to be paved before many months pass. Another objective is completion of the highway from Munday to Throckmorton.

George Isbell was in Wichita Falls the latter part of last week, attending the Jubilee celebration.

Mr. and Mrs. Jess Burnison were in Wichita Falls the latter part of last week, attending the jubilee celebration.

"It's scandalous to charge us \$10 for towing the car only three or four miles," protested the motorist's wife.

"Never mind dear" replied hubby as "He's earning it. I've got my brakes on."

A Centenarian

J. R. (Dad) Rawlins of Goree celebrated his 100th birthday on Thursday, October 8. He had been a resident of Knox county for 31 years, and had been active and in good health until December 4, 1937, when he suffered a stroke and has since been confined to his room.

Present for the birthday celebration were his daughters, Mrs. G. B. Peck, Goree, Mrs. J. F. Lowrance of Munday; sons, J. C. of Goree and H. M. of Hamlin. Two other sons who were unable to attend are D. P. of Italy, and J. R. Jr., of Weaton, Ill.

"Dad" has 28 grandchildren and 9 great grandchildren.

Out-of-town relatives and friends who called are: Mr. and Mrs. Clyde Huff, Mrs. H. M. Rawlins of Hamlin, J. F. Lowrance of Munday; Mr. and Mrs. Herbert Jenkins and two daughters, Mr. and Mrs. Edd Worlow of Sweetwater, Okla., the latter a sister of Mrs. Rawlins.

MOVE TO MIDLAND

Mrs. Raymond Jones and daughter, Mildred, former residents of this city, moved to Midland, Texas, last Friday. Miss Bonnie Jones, another daughter, will remain in Munday for the remainder of the school year.

County Supt. Merick McGaughey of Benjamin was here Tuesday on official business.

Higher Prices Paid for Stock During Auction

A somewhat lighter run of cattle and hogs were sold at the livestock auction sale last Thursday, although prices were in line with those of last week.

Top hogs brought as high as \$6.10 per hundred, and packer sows sold from \$4.75 to \$5.25. Prices paid for cattle during the day were:

Beef bulls, \$4.50 to \$5.50 per hundred; common light bulls, \$4.75 to \$5.25; beef cows, \$5 to \$5.50; butcher cows, \$4 to \$5; canners and cutters, \$2.50 to \$3.75; fat yearlings, \$7.50 to \$9.25; common yearlings, \$5.50 to \$7; fat butcher calves, \$6.50 to \$8; common calves, \$5.50 to \$6.50; rannie calves, \$4.75 to \$5.15.

The list of sellers included C. R. Elliott, C. H. Giddings, Thomas Allen, Jack Mayes, W. C. Barley, A. M. Moore, John Ed Jones, A. A. Smith, H. H. Russell, Henry Jones, Buster Ford, H. F. Roden, Lyle Stodghill, Lloyd Griffith, Bill Gafford, J. A. Caughran, Fred S. Broach, L. Speed, Geo. Hammack, R. E. Hutehinson, Munday; Jim Cook, Crowell; E. W. Hamuy, Megargel; A. F. McMin, Truscott; J. O. Cure, J. A. Coates, Gilliland; T. M. Westbrook, Gilliland; J. G. Hudson, Clyde Barnett, League Ranch, Benjamin; E. R. Lowe, W. L. Thornton, Clyde Patton, John Gooch, Ross Bates, Bill Swain, Howard Walker, R. B. Jetton, Dionizo Carmona, Goree; Frank Cerveny, C. N. Smith, Munday; Fred Broach, Jr., Buddy Tankersley, O. T. McElroy, J. V. Denton, H. B. Teaff, M. H. Wood, Knox City; J. C. Allison, G. E. Sellers, E. R. Carpenter, Rule; Perry Woods, Pete Cooper, John Olson, Seymour, Bob Melton, Haskell; V. L. Bowman, Weinert.

Buyers included Wichita Meat and Provision Co., Wichita Falls;

HERE FROM PAMPA

Mrs. Bob Couch of Pampa spent last week end here visiting her mother, Mrs. Ora Collins, and with Mr. and Mrs. Howard Collins.

Mrs. G. B. Smith of Floydada, Mrs. Guy Guinn and son of Hereford, and Mr. and Mrs. A. P. Barker and son of Lockney were week end visitors in the home of Mr. and Mrs. C. P. Baker.

M. T. Chamberlain and family of Benjamin were visitors in town last Saturday.

Sewing Club Has Meeting Wednesday With Mrs. Hardegree

The Mystic Weavers Club met Wednesday in the home of Mrs. L. S. Hardegree. At the close of the sewing period, a dessert plate was served to the following members and guests:

Mesdames R. B. Bowden, H. B. Douglas, Chester Borden, Deaton Green, Aaron Edgar, Chester Bowden and the hostess, members. Guests were Mesdames R. D. Atkinson, S. Vidal Colley and Oates Golden.
