Munday, Knox County, Texas, November 28, 1940

Number 22

Bonner Baker, Army's Recruit, Writes Folks

Bonner Baker, one of the three Knox county youths who left last week for U.S. Selective Service training, has written his parents, Mr. and Mrs. W. A. Baker, of how things are at Fort Sam Houston, where he was first stationed. Baker's letter follows:

Fort Sam Houston
Thursday, 11-21-40.

Dear Mama:
I can't tell this morning what we are going to do today if anything, but so far our bunch seems to be doing OK. It seems like we have been here a week. Our bunch of 84 didn't get to wash our hands from the time we left home and all had been up about 36 hours when we got a chance to clean up last night. We are sleeping in barracks instead of tents, which I hope keeps up. We won't be here more than 3 more days, I think, and that will be scattered to different places.

I have learned to make up a bed without a wrinkle before 6 a.m., and that a cigarette is not to be even thrown on the ground without tearing the paper off and rolling the paper into a tight roll and scattering the tobacco in the wind.

Got my typhoid shot and smallpox shot yesterday, along with about a thousand other things. I asked for a place in the signal corps with radio work, but doubt if I will get it. I would like to get into radio work, but imagine will wind up at bookkeeping.

Haven't seen anyone I know yet. Got measured for uniforms and shoes yesterday but don't have them yet. The shoes are going to fit, but I have my doubts about the first clothes.

Looks as if I brought exactly the right things, only they issued us shaving brushes, razor and comb. Am going to enjoy seeing a lot of these boys getting their haircuts.

Continued Friday Night: No shots or not much work yesterday or today. The reason for no work today is that it has been raining all day. The mud is neck deep to a giraffe. Got our uniforms yesterday—mostly work clothes, and I am better fitted than I expected. Even the shoes fit, but weigh about 5 pounds each. The meals are excellent and Thanksgiving dinner was really fine.

I will be glad to get out of here, however, and had rather live in a tent with three others than in barracks with 60.

That just about winds up the journal for this time. Will write more later.

Much love,

Bonner.

Bookout To Open Bakery At Haskell

Cecil Bookout, owner of Bookout's Bakery in Munday, is opening a bakery in Haskell this week, it was announced. Equipment for the bakery was moved from Munday to Haskell and is being installed this week.

The new firm is expected to be opened to the public on Friday or Saturday, specializing in a complete line of breads, cakes, pastries and other products.

Cecil Bookout is in charge of the new firm, while the bakery at Munday will be in charge of Cliff and Kenneth Bookout.

Rainfall Totals Almost 3 Inches

As Amarillo, Pampa and Borger became isolated when ice forming on wires, etc., cut them off from all communications, and as East Texas suffered floods from overflowing rivers, Knox County enjoyed one of the best rains of the year last week end.

Strating Friday night, the rain continued into Monday, falling constantly but slowly during most of the time. Reports are that Munday received almost three inches of moisture, and other portions of the county fared equally well.

The rains give us a good winter season, and will be a great help to winter wheat which was planted in dry dirt at planting time.

RETURN HOME WITH 16-POINT BUCK

Leroy Melton, Benjamin druggist W. T. Ward, and Homer T. Melton spent several days last week in the Davis Mountains deer hunting. They returned home the latter part of the week, exhibiting a prize 16-point buck, which they bagged on the hunt.

Santa Claus To Be Here Saturday

Santa Claus himself will be in Munday next Saturday for a gigantic street parade to be given in his honor. Merry Old St. Nick will ride in a gaily decorated sleigh mounted on an elaborately caprisoned tableau wagon drawn by

Walton's Studio Moves To Haskell

Mrs. Laura J. Walton, owner of the Walton Studio, moved her studio to Haskell the first of this week. She will be located there in the future.

The studio has been located in Munday for the past seven months.

"My business here has been much better than I expected," Mrs. Walton said, "and I hate to leave Munday, although I feel I will be better located in Haskell."

Mrs. Walton invites her Knox County customers to come to Haskell for their pictures, stating that they should come early for photographs for Christmas.

Truscott Baptist Church Is Started

Construction work on the new Baptist Church at Truscott got under way last week, and work will be rushed just as rapidly as possible.

The new building, a rock structure, will be large enough to take care of the church needs of this congregation for some time to come. The old building was torn down last week, and work was started on the foundation for the new structure. About fifty men were working on the site Friday.

The Methodist Church at Truscott is also adding a new room to lessen the crowded conditions of the present structure.

Mogul "B" Team To Play Anson On Saturday Morning

Following their tilt with Rochester on Wednesday night of this week, the Munday Moguls "B" team is primed for a battle with Anson next Saturday at 10:30 o'clock.

This team tied the strong Anson team, 6 to 6, in a game recently. Plenty of good, fast football will be on tap for this game, and fans will get to look at such prospects as Punk Cude, Delmar Cadwell, Tony Denham, Billy Frank Armstrong, M. Kitchens, Elvin Darter and others.

Admission to the game will be 10 and 25 cents.

Mr. and Mrs. Delmar Hill and Mrs. Emma Hill visited relatives in San Antonio several days last week.

Mrs. J. A. Wiggins was taken to a Wichita Falls hospital for medical treatment the first of this week.

Store Windows To Be Judged On Friday Night

Out-of-town Judges to Award Prizes

Carrying out the desire of merchants to have their Christmas windows judged before the displays are disarranged by sales to shoppers, a Chamber of Commerce committee voted Monday to have these windows judged on Friday night of this week.

Merchants will probably take the opportunity offered by observance of the traditional Thanksgiving date to complete their decorations. Windows will be unveiled on Friday night for the Santa Claus parade to be held on Saturday.

Store windows will be divided into three classes: merchandise windows, artistic window displays, and exterior displays. Prizes are being offered as follows:

Merchandise displays: \$10 first prize, \$5 second prize.

Artistic displays: \$10 floor lamp as first prize, \$5 cash for second prize.

Exterior display: \$10 first prize, \$5 second prize.

A committee of five out-of-town ladies will do the judging, it was reported.

Due to failure of local firms to get the Christmas greenery here on time, it was announced the exterior displays would not be judged Friday night, but would be judged on the night of December 6th.

By placing the prizes in three different classes, it was thought every business house in town would have an opportunity to decorate and compete in one or more classes. Christmas lights will be turned on for the first time Thursday night.

WHAT THE CCC IS DOING

Fifteen hundred CCC amps, each containing 200 boys, staffed with men trained in administrative and executive duties, provide employment, training, and healthful surroundings for 300,000 boys the year round. Over 2,750,000 have been members of the corps since its organization in April of 1933; in Texas alone, over 135,000 have been selected, returning to their families more than \$40,000,000.00.

Each county welfare agency has the responsibility to carefully select only the very best available boys, those with anti-social ideas are not desired as members of the CCC.

Good citizenship is stressed and boys are returned home with greater understanding of their responsibilities, trained to work, healthy and ambitious as a result of having been members of the Corps. In our national preparedness one of the first needs is to have strong healthy and alert citizens, and this is what is being accomplished by the CCC. Their outdoor life tends to toughen and build them up and become immune to diseases. The educational programs develop their minds and awaken ambitions toward the better things in the American way of life.

Applications for enrollment in January should be made at once with your County Welfare Worker.

Mrs. W. W. Pusey returned to her home in Lexington, Virginia, the first of this week after several days visit here with her mother, Mrs. Maggie V. Smith, and sister, Mrs. Helen von Daumann.

Supt. S. Vidal Colley attended the state teachers convention in Fort Worth the latter part of last week.

Knox County Hospital Notes

Patients in the Knox County hospital at Knox City this week include Paul Jones, O'Brien; Jas. H. Metcalf, Mankins; Wilmeth Daugherty, Stamford; Mrs. Mollie Moffett, O'Brien; Baby Mary Ione Tidwell, Munday; Howard Myers, Munday.

Dismissals the past week included Mrs. Bryan Hewitt and baby son, Aspermont; Mrs. Alvin Dofert and baby son, Weinert; J. T. Cypert, Knox City; Kenneth Rasco, Knox City; Mrs. Sam Hart and baby daughter, Munday; Mrs. R. H. Lain and baby son, Munday; Mrs. W. L. Bolin, Knox City; Mrs. B. G. Watson, Munday; Mrs. Dave Eiland, Munday; Leo Crothers, (col.) La Grange; Johnny Reeders, (col.) LaGrange; Sammie Moore, (col.) Swenson.

BORN TO . . .
Mr. and Mrs. Sam Hart, Munday, a daughter.
Mr. and Mrs. R. H. Lain, Munday, a son.

REPORT CARDS ARE ISSUED WEDNESDAY

Students in the Munday schools again received their regular six weeks report cards last Wednesday.

The teachers report good attendance during the six weeks just closing, although attendance was hampered some by adverse weather conditions during the past few days.

Munday Merchants Ready For Santa Claus' Arrival

FEED FOR THE BAND

Chamber of Commerce officials have made arrangements for all band members participating in the Santa Claus parade here next Saturday to be fed at the school's hot lunch room.

Plans are being made to feed approximately 100 band members at noon Saturday, including members of the Munday high school band. The same type of balanced meal as that served school children will be served.

Valve Machines Are Installed By Moore Chevrolet

They're the very latest, folks—these new grinding machines which Moore Chevrolet has installed for grinding and seating valves.

They're the Sioux' electric hard rock valve seating machine and the Black and Decker electric valve lathe—representing an investment of over \$250 which Moore Chevrolet has made to assure all automobile owners precision in valve grinding and a service that is absolutely up-to-date.

"Valve grinding jobs done by this new method costs auto owners no more than by the old method," the Chevrolet dealer said, "and you're assured of 100 per cent performance when this new method is used. Old methods of motor reconditioning soon become obsolete, and we're assuring our customers that our shop is keeping up-to-date."

Many Attend 4-County Meet Here Monday

Discussion Held On Food Stamp Plan

Interest in obtaining the surplus commodities stamp plan for this section was shown last Monday night by representatives of Haskell, Knox, Throckmorton and Baylor counties who attended the meeting at the Munday school gymnasium. A number of merchants and county officials of the four counties were present.

Due to weather conditions the representative who was to explain the setup could not get here. Towns represented at the meeting were Haskell, Throckmorton, Seymour, Truscott, Knox City, Benjamin and Munday.

County Judge Jim Tuggle of Throckmorton presided at the meeting and Judge E. L. Covey of Benjamin, and Judge McDaniels of Seymour took part in the general discussion.

It was decided to let committees from each county go to Dallas and determine what could be done toward securing the stamp plan. These committees will appear in the Dallas office as soon as a date can be arranged.

An effort will be made to secure the stamp plan for each county, and if this plan is unsuccessful the four counties will form a district for the purpose of putting the plan into practice.

SCHOOLS RECEIVE PER CAPITA MONEY

Three dollars per capita in state money was received by the schools of Knox County this week.

Fifty-five cents of this money goes to county administration, and \$2.45 goes for scholastic aid, County Supt. Merick McGaughey said Wednesday.

Transportation report for the county has been sent to the state department, amounting to around \$10,000 to the county. This will enable the state to make transportation payments earlier this year.

GOES TO HOSPITAL

Howard Myers, son of Mr. and Mrs. Roe Myers, was taken to the Knox City hospital the first of this week for medical treatment. Howard is suffering a head injury, and it was thought Wednesday he would be taken to a Dallas specialist.

Hamlin Champs Of District 10A

To Play Chillicothe On Piper's Field On December 6th

The outcome of Hamlin's tilt with the Anson Tigers on Thursday afternoon won't matter, other than Hamlin is defending an unbeaten, untied season record. The Pied Pipers are already champs of District 10A, and are headed for the district playoff against the Chillicothe Eagles.

The Pied Pipers meet Chillicothe in the bi-district game, at Hamlin, Friday, December 6.

All teams in the district will complete their 1940 football schedule. Munday goes to Rule on Thursday; Stamford plays at Haskell, and Baird goes to Albany.

The standings:

Team	W	L	T	Pct.
Hamlin	6	0	0	1.000
Stamford	4	1	1	.750
Anson	4	2	0	.667
Munday	3	2	1	.583
Baird	2	2	2	.500
Albany	2	4	0	.334
Haskell	1	5	0	.167
Rule	0	6	0	.000

County Agents To Talk Farm Problems Here

Meeting To Be Held On Friday Night

Educational meetings are being held over Knox county by County Agent Walter Rice and Neva Van Zandt, home demonstration agent, for the purpose of discussing farm problems with Knox county citizens.

These meetings are for entire families, and such problems are being discussed as: Land use planning in Knox county; the 1941 mattress program; Soil Conservation under the State Law; Frozen Food Lockers, and the 1941 AAA program.

The meeting for the Munday territory will be held at the school auditorium on Friday night of this week, and a large representation is urged at this meeting.

Meetings are scheduled at 7:30 p.m. over the county as follows:

Goree, December 2, at school auditorium.

Rhineland, December 3, school auditorium.

Vera, December 4, at Methodist church.

Gilliland, December 5, tabernacle church.

Truscott, December 6, at school building.

One of the large implement companies has loaned County Agent Walter Rice their sound projection equipment and several interesting films will be shown in Munday, Rhineland, Vera, Gilliland, and Truscott. The showing of films is a new feature for Knox County Extension Program, explained County Agent Rice.

Meetings have already been held in Union Grove, Knox City and Sunset.

HERE FROM ARKANSAS

Mrs. Lula Fitzgerald and son, Austin, and daughter, Mildred of Fayetteville, Ark., spent last week end here visiting in the home of Mr. and Mrs. George Isbell. Mrs. Fitzgerald is Mrs. Isbell's sister, and this was the first time they had seen each other in 14 years.

BIRTH ANNOUNCEMENT

Mr. and Mrs. R. H. Lain are the parents of a son born Nov. 21. The youngster weighed 9 pounds and 2 ounces, and has been named Teddie Hershel. Mother and son were dismissed from the Knox City hospital last Friday and are doing nicely.

HERE FROM SWEETWATER

Mr. and Mrs. John H. Patterson and little daughter, Marilyn, Mrs. Weldon Patterson and little daughter, Shirley, and Mrs. Gene Witt, all of Sweetwater, spent last Thursday here visiting with Mr. and Mrs. C. E. Binnion and Mr. and Mrs. Don Ferris.

Parade To Be At One o'Clock

Large Crowd To View Mammoth Parade Here Saturday

A riot of color, the greatest crowd in the history of the city, an amazing spectacle, a fairyland in a modern day city—that is the story in brief of the great Santa Claus parade that is to be given in Munday next Saturday.

Never has an event of such magnificence of such great proportions, been presented in this city, and it may never be presented on such a great scale again.

Munday is ready! A glimpse of downtown streets tells the stranger that something of importance is about to happen. Streets have been decorated—the holiday lights in festive colors going up several days ago—stores and store windows are full of Christmas gifts, and everyone is in a hustle and bustle of excitement.

Every part of the county is to have part in the Christmas celebration. School children will be here from surrounding towns, many of them participating in the procession, wearing beautiful costumes or large comic character heads.

There will be elaborately decorated floats, some motorized, others drawn by plumed, caprisoned ponies, the cutest little animals you've ever seen, and on these floats will ride beautiful young women, wearing gorgeous important Tehuana and China Poblano costumes.

The best part about it is that it will all be free. It is better than any parade Munday has ever witnessed. It is Knox County's parade, and it will be something of which to be proud. Sponsor of this gala event is the Munday Chamber of Commerce.

Everyone is invited. There are no restrictions, except that everyone will be on the streets along the route of the parade at one o'clock Saturday afternoon.

Honor Roll Is Announced For Grades

The Munday Public Schools this week announced a list of fifth, sixth and seventh grade students who have made the honor roll during the past six weeks. They are as follows:

Fifth grade: Ronald Foshee, Curtis Gollehon, Ray Hamilton, Carolyn Hannah, Jean Ratliff, Arledge Suggs, Lloyd Haynie and Patsy Kitchens.

Sixth grade: Mary Alice Beck, Patsy Massie, Martha Ann Reynolds, Lyndal Smith, Janie Spann and Patricia Walton.

Seventh grade: Latreace Johnson, McCreely Jones and Cal Dodson Lowry.

Business Men To Ride Donkeys Here On Monday Night

A donkey basketball game will inaugurate the basketball season here next Monday night, the game opening at 7:30 o'clock in the school gym. Business men will be mounted on the backs of donkeys.

The donkeys are especially shod to prevent marking the gym floor. The game is expected to provide thrills, spills and laughs for those who attend.

The donkeys have played in this section before, and large crowds have seen business men and school officials hook up in a game enjoyed by young and old alike. Admission for the fray will be 10 and 25 cents.

HERE FROM TRUSCOTT

Harris Harwell, manager of the L. Simpson Lumber yard at Truscott, was a business visitor in the city last Tuesday. While here, Mr. Harwell was a pleasant caller at The Times office and had the Munday Times sent to his address for another year.

Mr. and Mrs. Elmer McPherson and children of Vernon were visitors here last Sunday.

EDITORIAL PAGE

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

REALLY ROLLING

The nation's big defense program is really going full blast. A short time ago, we notice, ground was broken for a structure that represents the largest individual aircraft production expansion effort in the country—perhaps in the world. It will increase the production of one particular type of plane from the present rate of about eight a day to around seventy a day. And it shows how fast industry can move—the moment government gives the "go ahead" signal.

Robert P. Patterson, Assistant Secretary of War, was there for the ceremonies, and declared: "The rearmament program has gathered good momentum and is going forward fast."

And Emil Scramm, Chairman of the Reconstruction Finance Corporation, offered a mild word of approval for industry, saying there had been "no sit-down strike by industry."

Anyway the defense program is really moving along. And even at this early stage, there seems to be no doubt that industry is moving rapidly and efficiently enough to put fear into the heart of any potential aggressor who is even dallying with the thought of striking at our country and our way of life.

TIME TO WORK

This is the time for labor, no less than capital, to show its patriotism.

There can be no further excuse for unjustified strikes, which could be prevented by honest arbitration, for labor racketeering of any kind, or for wage and hour demands which go beyond all reason, and which slow defense production.

If labor has any just grievances, conciliation can cure them. Public opinion, that mightiest of corrective forces, will always support the exploited, and see that the exploiter is controlled. And, by the same token, public opinion will, and rightly, give short shrift to those who seek to promote industrial warfare.

MAKE US STRONG—KEEP PEACE—PRESERVE AMERICAN WAY

It will be the task of the historians of the future, with all the evidence at their disposal, and the passions of the campaign dissipated by time, to weigh and evaluate the factors that led to the reelection of President Roosevelt for a tradition-shattering third term. For us, as American citizens, our duty is crystal clear. It is to vigorously support the President whenever we believe him to be right, whatever our party affiliation, and to oppose him on principle, without bitterness or rancor, when we believe him to be wrong. That is the way democracy can and will be preserved. A healthy, free minority is vital to our system of government.

On November 5, the people bestowed on the President an honor given to no other Chief Executive in our history. And on that day, the President accepted his gravest responsibility. He and the Congress are confronted by problems and obligations of an importance which is without precedent since the Civil War. In his appeal to the people for a third term, he said, time and again, that he will make us strong, that he will keep us at peace, that he will preserve the American way. All Americans look forward to the consummation of that program.

The opposition party need feel no regrets. Wendell Willkie made a gallant campaign, and he fought a good fight. Tens of millions of our citizens voluntarily enlisted under his standard and voted for him because of the principles he stood for. He cemented together that intelligent, responsible opposition which is so essential to democratic government. He will remain a force to be reckoned with in American life.

A HEALTHY EXAMPLE

While some of this country continue to talk as though group strife is the necessary order of the day, it is all too easy to forget the real truth: That the American way of cooperation and mutual respect for the other fellow's opinion is in practice daily in thousands of communities in every part of this broad land of ours, and under every conceivable circumstance.

Its just one example among many, but we were interested the other day to read about the manner in which the Package Machinery Company of Springfield, Mass., deals with representatives of its employees. Whenever a joint meeting is held, a record is kept and this record is sent to every employee and his family.

Commenting on this procedure, Vice-President George A. Mohrman has this to say: "Both labor and management have often forgotten that there is a third party vitally interested: the public. Therefore, these minutes are made available to any citizen of the community desiring to see them."

"America has always favored open discussion . . . This is the American way."

It's just one interesting case among thousands, of course. And they all show a healthy realization on the part of different groups that our domestic problems can be solved if we all work frankly together—a result that would in the end make our "world" problems a whole lot simpler!

The concrete used recently in a superhighway built in one single American state would have built four pyramids equal in size to the famous Cheops pyramid in Egypt.

The final proof of greatness lies in being able to endure contumely without resentment.—Elbert Hubbard.

AMERICA'S "WALLOP INDEX"

Now that this nation is really swinging into its national defense program, there is a good chance to look around and judge some of the factors that would give any possible aggressor pause before it—or he—went looking for trouble with the United States.

Examining the facts of the case, the conclusion is inescapable that it is the industrial might of this country that is our best insurance against getting embroiled with any other nation in the world. Col. Willard M. Chevalier, publisher of Business Week, has, for instance, collected some very pertinent statistics on this subject. Col. Chevalier has estimated America's "wallop index" based on the national capacity to produce the essentials necessary to carry on a modern war—times like, coal, oil, steel, autos and electric power.

"Setting at 100 the German capacity to produce these resources, our own capacity would figure at 242," he declares. "Stacked up against the totalitarian powers, the United States still has the edge despite the recent industrial and agricultural acquisitions of Hitler and his Axis partners."

Citing the steel industry as an example, the noted analyst continues: "The capacity of U. S. mills at the beginning of 1940 was \$1,619,500 tons. This is nearly twice last year's output in Germany and the countries that have come under German control where mills were operating at a feverish pace. It is 50 per cent greater than the production of the Rome-Berlin-Tokyo axis; and it only falls 15,000,000 tons short of the output of the entire world outside of the United States, but including Russia and the British Empire."

Industrial production alone does not make a country strong. National faith and national unity are vital, too. But when all work together, the result surely is foreordained.

A NEEDED LAW

The enactment of the Transportation Act of 1940 marked the culmination of 18 months of labor on the part of the House and Senate committee on interstate commerce, labor begun after the Congress received recommendations of the President's special committee of six, consisting of management and labor.

While the law does not by any means include all the recommendations made by the President's committee, it does accomplish certain things desirable from a railway standpoint, and also in the public interest.

It declares a national policy of treating all modes of transportation fairly and impartially; makes a beginning toward regulation of water carriers; improves the mechanics of consolidation; relieves some of the railway burden of reduced land-grant sales; improves the long-and-short-haul rate situation; establishes a board to determine the relative economy and fitness of carriers, the extent to which they have been subsidized by the government and the extent to which taxes are imposed upon them.

By this new law duties are laid upon the Interstate Commerce Commission, which railway men regard as a tribute to the public confidence in which that body is held.

The United States produces more electric power than the total of the next six or eight countries of the world combined.

Forty thousand manufacturing firms process the food that is produced and sold to them by America's six million farmers.

American tourists last year spent a billion and a quarter dollars for equipment, gifts, and souvenirs.

The automobile industry uses more than two-thirds of all the leather industry processed in the United States.

Today, according to a noted military expert, there are cases in which American companies have invested as much as a million dollars in new production facilities to aid in defense work without having received a single signed order from the Army.

THANKSGIVING, 1940

Gems Of Thought

GREATNESS
Nothing can be great which is not right.—Samuel Johnson .

Great minds would rather derive contemporaneous applause without attaining it, than attain it without deserving it. If it follow them it is well, but they will not deviate to follow it.—Colton.

Every luminary in the constellation of human greatness, like the stars, comes out in the darkness to shine with the reflected light of God.—Mary Baker Eddy.

Strength of character lies not in demanding special circumstances but in mastering and using any that may be given.—Canon Scott Holland.

The workshop of character is everyday life. The uneventful and commonplace hour is where the battle is won or lost.—Maltbie D. Babcock.

MORE KITCHEN TRICKS

It's good business to save time and energy in the kitchen, and one of the biggest assets a homemaker can have is adequate and well-arranged storage space for both food and equipment.

"You don't have to call in an efficiency expert to save wear and tear on the cook," says Louise Bryant, specialist in home management for the A. and M. College Extension Service. "Just plan for more shelves, more cabinet space, or at least rearrange and use to better advantage the space you have. Analyze your kitchen and see what you can do to save steps."

Here are some of her tips:
A round, shallow cake tin makes a good container for spices and flavorings, for you can revolve it until the right can or bottle is found. It can also be moved to your work table when several spices are needed.

A knife rack made of leather, wood or metal helps preserve the cutting edges of your knives.

Garden and flower seeds stored in small mayonnaise jars or peanut butter glasses are safe from bugs and mice and are kept dry. Tops should be loosened slightly.

An apple or carrot stored in your can of brown sugar will keep it from becoming lumpy.

A baking powder can with nail holes in the lid, filled with flour, and placed on or near the stove, is convenient for thickening gravy, making sauces or flouring meats.

Be sure your refrigerator is placed so you won't have to walk around the door to get what you want from it.

Have a pad and pencil hung on a handy hook so you can quickly jot down your kitchen needs and reminders.

A "lap table," a small table or

THEY SAY!

"In administering the hundreds of millions that we invested in TVA (the authority) developed an almost fantastic formula . . . they allocated about 30 per cent of the money to power, the rest to flood control and navigation, and then they predicted rates on that 30 per cent. You show me a utility in this country or any other country that can stay in business competition with the Federal government where only 30 per cent of its investment is made the basis of rate making."—Everett M. Kirksen, congressman from Illinois.

"We must accept the disciplines of democracy as well as its freedoms. And those disciplines must come from ourselves, they must be reflections of our own attitudes. Discipline from without flourishes when discipline from within grows weak."—Harry Woodburn Chase, educator.

pul-out board just high enough to slip over the worker's thighs when she is seated with both feet on the floor, provides one way the homemaker can sit down to do part of her work.

AN OLD THEORY EXPLODED

Rats won't eat matches. Not even hungry rats.
This is the opinion expressed by State Insurance Commissioner Marvin Hall. The theory, said Hall, that fires are started by rats eating on matches "cannot be substantiated."

Hall cited an instance in which fire prevention engineers had the rats starved nearly to death and then offered them matches to eat. "They refused," said Hall, "even to sample the heads."

Fires are caused, Hall believes, by rats using matches in the construction of their nests. If the nests which include matches are built in a warm place there is "great danger of heat igniting the matches."
"Fires from such a cause are infrequent," Hall said, "but have been known to happen."

Representative Courtney Hunt of Haskell was a business visitor here last Monday.

ALIENS MUST REGISTER BY DECEMBER 26, 1940

Alien registration will end on December 26 and all non-citizens who have not yet registered are warned that severe penalties will follow failure to comply with this federal law.

All aliens, 14 years of age and older, must register in person and be fingerprinted.

Alien children, under 14, must be registered by their parents or guardians.

Registration takes place at the post offices.

There is no charge of any kind connected with alien registration.

The Department of Justice has warned aliens to beware of racketeers.

The Post Office Department and the Department of Justice will willingly assist the alien in every possible way.

Earl G. Harrison, Director of Alien Registration of the Department, suggests that those aliens who have not yet registered, do so as soon as possible and avoid the Christmas rush at the post offices.

All aliens are also warned that, having registered, they are required to report any change in their permanent residence address within five days to the Immigration of the Department of Justice in Washington. Forms for this purpose are obtainable at all post offices.

No alien need be unprepared for the questions he will be asked. Sample registration forms which show him exactly what information he will need at registration are available in all post offices.

Administration of justice is the oldest function of counties in New York State.

There are 371 soil conservation districts in 38 states of the union. In Texas, 46 have been voted in, but are not operating.

"Make this Christmas Cotton Christmas is a slogan adopted by the National Cotton Council this year in its campaign to increase the consumption of American cotton.

To avoid reduction in yield, the strawberry plants should be covered with a clean straw mulch about three inches deep when the temperature reaches a temperature of 20 degrees F., says George E. Beach of the Colorado State College experiment station.

As many as five million low-income, single cash-crop American farmers should leave the land and go into defense industries, Chester C. Davis, representative of agriculture on the National Defense Advisory Commission has advocated.

Munday Moguls Outplay Albany's Lions to Win Last Home Game

In an attack which showed pronounced superiority over their opponents, the charges of Coaches Billy Cooper and Joe T. Hext completed their home game schedule last Friday night by downing the Albany Lions to the tune of 12 to 0. It was a 10-A conference game which sent the Lions further down the ladder of district standing. The game turned out to be a muddy affair, with rain falling during most of the encounter.

The Moguls had nice command of the ball, in spite of the rain and mud, and this was the first game which the Moguls have played this year without a costly fumble. Albany fumbled on several occasions, the Moguls taking command of the ball on one of these.

The Munday attack was led by Red Stevens who played three positions to good advantage. On the offense Stevens was a powerhouse against the Lions. On defense he switched to end position until Albany would kick on the fourth position, when Stevens went to the safety position.

Both of Munday's counters came in the second period. Stevens accounted for the first with a run from the Harvard line, going over

standing up and with plenty of steam to spare. A little later, Moore fooled the Albany defense on a reverse around the weak side of the line, got into the clear and scooted 40 yards for the second counter. Stevens' toe failed to send the oval through the uprights on either try.

Albany's only serious threat came in the third quarter, when the Lions gained a first down inside Munday's 15. Three plays failed to gain much yardage, and a fourth down pass was intercepted by the Moguls who quickly kicked out of the danger zone.

McGraw was pretty well bottled up during the entire game, and Moore was rushed too much to make Munday's passing attack effective. Kitchens' toe accounted for a number of nice "boots" which saved the day for Munday when the Lions threatened to score.

As the rain grew harder in the second quarter, many fans deserted the stands and watched the remainder of the game from their cars. Horns tooted on all sides of the field to applaud the Moguls on their good playing.

Munday gained a total of 144

yards to Albany's 60 on running plays. Passes accounted for 45 more, while Albany's passing attempts brought them a net loss of 12 yards.

Only remaining game on Munday's card is with Rule, and is slated for November 28.

The lineups:
Munday (12) Pos. Albany (0)

Carden F.B. Williams

Snake Catcher

It's "Tex" Sullivan's Way Of Making A Living!

Here's a business in which insurance solicitors bother you; catching rattlers live for a living.

Tex "Rat" Sullivan, who supplies the Museum in San Antonio has not been able to buy an insurance policy, but he's done fairly well at catching and selling snakes for the last 57 years—and he's still very much alive at 73, although bitten by rattlers of all sizes from foot to head.

Good Eating
And whether business is good or not, Tex always eats—rattlesnake meat when the cash runs low.

Fanged 12 separate times, Sullivan has been hospitalized all the way from 3 days to three weeks, but he keeps right on hunting. He does his hunting by hand—walks up behind the reptile and grabs it by the back of the neck.

Living in a tent, Sullivan moves from place to place as the supply

diminishes; but he finds that he doesn't have to move often, for rattlers can be found just about any place in Texas.

Season Right

From his rattlesnake lore, Sullivan reports that his slack season is June, July and August, because the snakes can't stand more than 20 minutes in the hot sun; and in December and January when the weather's too cold for them to be about.

Best places to look for rattlers are armadillo holes, tree roots, and rock ledges. Wet, cool weather is good hunting for Tex, and he recently brought in 16 snakes that weighed 73 pounds—slightly under five pounds per snake.

When the demand is not good, Tex keeps the prisoners in captivity, finding no difficulty in getting them to eat while penned up—The State Observer.

LETTERS FROM THE PEOPLE

The election to be held December 14 to try to create a Soil Conservation District out of all of Knox County and the North part of Haskell County may conceivably be the most important this county has held. Because of its importance I wish to offer a few observations through your paper.

(1) The proposal is to create a new political subdivision with officers and employees. In a nation that already has too many political subdivisions, and is already being crushed by a horde of office holders, we are to set up another political subdivision and add to the vast army of office holders, to be supported out of our earnings.

(2) The propaganda fed to us says, "No taxes and no bond issue," but it also says "46 new districts already completed and 21 to be voted on." At an estimated five officers to each district; these 67 districts will mean 335 new officers. These new officers want money and power. They will become at once a potential and in all probability an actual working lobby for an amendment to the law allowing both taxes and bond issues by Soil Conservation Districts. The Legislature can easily amend.

(3) The propaganda says, "The law provides for the sponsorship of WPA soil projects by Soil Conservation Districts. Sponsorship of WPA projects costs money and the proposed district must either levy taxes of issue bonds to raise money.

(4) The voters and land owners north of the Brazos River and in Haskell County may well wonder whether the proposed district can be made to serve their interest. Certainly it means in effect three County Agent offices. One at Benjamin, one at Munday and one at Haskell. Goree and Knox City will find that it would be much more convenient to confine the district to Knox County, and have headquarters at Benjamin where the County Agent's office is located.

(5) Consider the topography of the country. According to the Texas Almanac, Knox City is 1517 feet above sea level and Goree is 1454 feet above sea level. The fall from Knox City to Goree, a distance of 21 miles, is only 63 feet or three feet to the mile. This is only a little over 1-2 inch to 100 feet. Knox Prairie barely has fall enough to handle its surplus water and not enough for erosion. Knox Prairie needs a Soil Conservation District less than any area of similar size in Texas. But Knox Prairie and north Haskell County have the land values and will pay most of the taxes in the new Soil Conservation District.

(6) Why include Haskell County land in the District? If part of Haskell County is to be included because of the same topography and soil as Knox Prairie, why include the country north of the Brazos? Certainly a Haskell County farmer should look with suspicion upon a new political subdivision organized ostensibly for his benefit, that includes Knox County north and west of the Brazos River, and certainly the north part of the county does not belong in a soil conservation district with Knox Prairie and the north part of Haskell County. Somebody is looking for special privileges. Somebody is playing politics.

(7) Those most competent to know tell us that not only Knox County but the whole nation is facing a time of hardships, and that the next few months may change our whole scheme of life. During these critical months that lie ahead, Knox Prairie will not damage from erosion and will probably have water to spare. Knox Prairie can well afford to

wait a few months or even a few years, and let the 46 Soil Conservation Districts that are already established be tried out and fail or prove their value.

If they are of value we can profit by their experience and possibly escape some of their costly mistakes. If they turn out to be "new instruments of power" to be used to shackle liberty and enslave the people, we will be better off without a district. It won't cost anything to wait. It may be very expensive to go ahead now.

If these districts demonstrate their value, we can sponsor a district that either leaves out the north part of Knox County or the north part of Haskell County. They don't belong together. Don't fail to vote.

ROSS BATES,
Goree, Texas.

LOCALS

Mrs. C. C. Coates of Knox City spent the week end here, visiting in the home of her son and daughter-in-law, Mr. and Mrs. Curtis Coates.

Mr. and Mrs. Lee Womack and daughter, Betty, of San Antonio spent the week end here visiting in the home of Mr. and Mrs. Grady Roberts. They were enroute home after a visit with relatives in Chillicothe.

Mr. and Mrs. S. C. Ameen and family of Lubbock spent the latter part of last week here, visiting in the home of Mr. and Mrs. Sied Waheed.

Chas. Moorhouse of Benjamin was a business visitor in the city last Monday morning.

ON VACATION

Mr. and Mrs. Riley B. Harrell and little daughter, Joan, left the latter part of last week for Fort Worth and Wolfe City, where they are visiting relatives. Mr. Harrell, who is city secretary here, is on vacation and expected to return home Thursday.

Mr. and Mrs. G. B. Hammett and daughter visited friends and relatives in DeLeon and Goldthwaite last Sunday.

Misses Maxine Elland and Wilma June Burnison, students in Texas Tech, visited home folks here during the college's Thanksgiving holidays last week.

Mrs. A. L. Smith was a visitor in Hico, Texas, last Thursday.

Willard Bauman, a senior student at Texas Tech, Lubbock, came in Thursday and spent the Thanksgiving holiday with his father, E. H. Bauman.

Bill Dingus and Willard Bauman were visitors in Wichita Falls last Friday.

W. A. Polster, who resides five miles west of Benjamin, was a visitor here last Friday. While here he was a caller at the Times Office and had the Munday Times sent to him address for another year.

Judge: "Have you anything to offer the court before sentence is passed upon you?"

Meek Prisoner: "No, your honor my lawyers took my last dollar."

Did you ever meet with an accident?" inquired the insurance agent of the farm applicant.

"No, replied the farmer. Then, as an afterthought, he added, "A mule kicked in two of my ribs at one, and a rattlesnake bit me on the leg a couple of years ago."

"Great Scott!" gasped the agent, don't you consider those accidents?"

"Naw," said the farmer, "They done it a-purpose."

"You mean, Liza, your husband got concussion of the brain in the accident, not conclusion of the brain."

"No, suh. Ah means conclusion of de brain. He's daid."

Mother: "Now, Johnny, would you like to give doggie as a birthday present to that poor little boy who hasn't a father?"

Johnny (clutching doggie): Yes—but couldn't we give him father instead?"—Kablegram

Mr. and Mrs. J. O. Bowden, and Mrs. George Duval and Mrs. Sam Morgan, who were visiting here from Lubbock, visited in Sipe Springs last Friday.

Tea Friday Is Compliment For Mrs. D. E. Holder, Jr.

Mrs. D. E. Holder entertained on Friday November 22 from 2:30 until 5:30 with a lovely tea honoring her daughter-in-law, Mrs. D. E. Holder, Jr., a recent bride.

In the receiving line were Mrs. D. E. Holder, Mrs. D. E. Holder, Jr., Mrs. E. L. Williams of Abilene, sister of Mrs. Holder, and Mrs. Cretia Brooks of Haskell. Assisting Mrs. Holder with hostess duties were Mesdames P. B. Baker, P. V. Williams, M. F. Billingsley and G. R. Eiland.

The dining table was covered with a lace table cloth centered with snapdragons and ferns with white tapers. White chrysanthemums and white tapers decorated the reception rooms.

Tea was poured by Misses Ilah Moody and Kathleen Burnett. Approximately 80 guests called during the afternoon.

Mr. and Mrs. Gaylord Russell of Denver City and Miss Colleen McCarty, a student at Texas Tech, Lubbock, spent the latter part of last week here, visiting in the home of their parents, Mr. and Mrs. W. W. McCarty.

Varied Program Enjoyed by Study Club Members

Mrs. Fred Broach was hostess at the club house last Friday afternoon for a meeting of the Munday Study Club. Miss Maud Isbell was director of the program.

The program opened with two piano selections, "Polichinelle" and "Juba," given by Miss Helen Hart of Mineral Wells. Miss Hart read two poems of her own composition, "Ropes," and "My Music and I."

The topic of study for the afternoon, Edith Wharton's "Hudson River Bracketed," was discussed by Miss Isbell and Mesdames W. L. Barber and M. H. Reeves. Mrs. Chandler Hughes, club president, told of activities at the federated club women's convention in Austin.

Sewing Club Meets Tuesday In Wallace Reid Home

Members of the Mystic Weavers Sewing Club met last Tuesday afternoon, with Mrs. Wallace Reid as hostess.

Mrs. Deaton Green, president, presided during a business session. After members had spent some time at needle work, the hostess served a dessert plate to the following:

Mesdames Chester Borden, Deaton Green, L. S. Hardegree, H. B. Douglas, Chester Bowden, Aaron Edgar, R. B. Bowden and the hostess.

School Faculty Is Entertained At Monthly Social

Members of the Munday school faculty were entertained in the regular monthly social last Monday evening. The social was held in the home of Miss Mayme Crouch, with Miss Mayme Crouch, Miss Eugenia Gentry and Mr. and Mrs. Joe T. Hext as hostesses.

Several games of eighty-four were played, and refreshments were served to the entire faculty. Honors in eighty-four went to Coach Cooper and Joe Hext.

Mrs. P. B. Baker was a guest of the teachers.

Mrs. Helen von Baumann and Mrs. W. W. Pusey were visitors in Dallas over the week end.

Mr. and Mrs. Jimmie Harpham were visitors in Abilene and Balinger over the week end.

Truscott 4-H Club Girls Have Meeting Monday

The Truscott 4-C Club girls met last Monday afternoon in the home of Lannette Chowning. Neva Van Zandt, home demonstration agent, and Mrs. Marie Gillespie, club sponsor, gave a demonstration on making cookies and candy.

All club members were present, and everyone enjoyed the meeting and demonstration.

The next meeting will be held at the school building with the sponsor, Mrs. Gillespie, who will teach the girls how to crochet.

Bridge Club Has Meeting Tuesday In Broach Home

Mr. and Mrs. Fred Broach entertained members of the Tuesday Night Bridge Club in their home last Tuesday night.

High score at the games went to Grady Roberts and Mrs. Louise Ingram. After the games, the hostess served a dainty refreshment plate to the following:

Mr. and Mrs. H. A. Pendleton, Mr. and Mrs. W. R. Moore, Mr. and Mrs. Grady Roberts, Mr. and Mrs. A. H. Mitchell and the host and hostess, members; Mr. and Mrs. L. M. Palmer and Mrs. Louise Ingram, guests.

Friendly 84 Club Meets Thursday In Borden Home

Members of the Friendly Eighty-Four Club held their regular meeting last Thursday night in the J. C. Borden home, with Mr. and Mrs. Borden and Mr. and Mrs. Leland Hannah as hosts.

The entertaining rooms were beautifully decorated with fall flowers. At the close of the games a dainty refreshment plate was served.

Members present were Mr. and Mrs. T. G. Bengel, Mr. and Mrs. Chester Bowden, Mr. and Mrs. M. H. Reeves, Mr. and Mrs. C. R. Elliott, Mr. and Mrs. E. W. Harrell, Mr. and Mrs. John Ed Jones, Mr. and Mrs. S. E. McStay, Mr. and Mrs. G. R. Eiland, Dr. and Mrs. A. C. Smith, Mrs. W. V. Tiner, J. C. Campbell and the hosts and hostesses. Guests were Mr. and Mrs. C. P. Baker, Mr. and Mrs. Walter Phillips, Mr. and Mrs. R. B. Bowden, Mr. and Mrs. Oscar Spann and Mr. and Mrs. Jim Reeves.

Amigos Sunday Schol Class Has Party Tuesday

Members of the Amigos Sunday school class enjoyed their regular social meeting on Tuesday night in the home of Mr. and Mrs. Arthur Lawson. Mrs. Lawson and Mrs. M. C. Hallmark were hostesses.

Pecan pie and hot coffee were served to the following members: Mr. and Mrs. T. R. Buzby, Mr. and Mrs. R. B. Harrell, Mr. and Mrs. Don Wardlow, Mrs. M. L. Bernard, Mrs. Ima Reese, Mr. and Mrs. Chester Bowden, Mr. and Mrs. Melvin Jennings, Mr. and Mrs. Lloyd Patterson, Mr. and Mrs. Raymond Stapp, Mr. and Mrs. H. Brumley, Mr. and Mrs. Clyde Yost, Mr. and Mrs. Howard Cobb, Dr. and Mrs. H. B. Douglas and W. L. Barber.

Mrs. Hart and daughter, Helen, and son, Jerry, of Mineral Wells, visited in the home of Misses Fannie and Maud Isbell last Friday.

Plastic Surgery Works Miracles

Too-long nose may hinder her ambition.

Tip shortened, she is eligible for television.

Hump may make face seem older and coarser.

Straight nose plays up youth and refinement.

Jean Williams Is Member of College Chorus

Denton.—Celebrating the Silver Jubilee of the Music Department at Texas State College for Women, Miss Margaret Jean Williams of Munday will sing with the college chorus on a program climaxed by the two-day celebration December 9 in the college auditorium when the college symphony will also be presented.

Daughter of Mr. and Mrs. P. V. Williams, Miss Williams is majoring in piano and is a freshman student. She has also been invited to attend a Jubilee Dinner December 9 honoring musicians and composers from the state and the TSCW music faculty.

Music was taught at the college as early as 1903 when TSCW opened, but it was not until 1915 that a separate department of music was created and courses were offered toward a bachelor or music degree. Marking the twenty-fifth active year of the department, the enrollment this fall is the largest in its history.

Dr. William E. Jones, director of music at TSCW, will open the Jubilee celebration December 9 at 12:30 p. m., with a talk over radio station WFAA to be followed by a choral selection.

Other features of the Jubilee program will be the dedication of a new organ for the Little-Chapel-in-the-Woods, a concert by outstanding ex-students of the music department December 8 and an address by John Rosenfield, music critic of the Dallas News, on the same day. Texas composers will be presented in recital the afternoon of December 9.

H. A. Pendleton was a business visitor in Abilene the first of this week.

Bill Shipman and son of Vera were business visitors in the city Wednesday morning.

Two Couples Are Married Here By Baptist Pastor

Last Thursday evening, November 21, at 7 o'clock, James C. Usery of Munday, son of Mr. and Mrs. J. A. Smith, and Miss Lorene Nicholson were united in marriage at the Baptist parsonage by Rev. W. H. Albertson. The bride's parents live at Paris, Texas, where the newlyweds will make their home.

On Saturday afternoon at 5:30, Rev. Albertson read marriage vows for Willie Clark Floyd and Miss Verna Mae Loving.

The bride is the daughter of Mr. and Mrs. I. E. Loving of Goree, and the groom is the son of Mr. and Mrs. Alvin Floyd of Weinert. They are making their home at Weinert.

SMOKED TURKEY

People who have never eaten a smoked turkey have a treat in store for them. And while smoking a turkey requires more time than just roasting one, the finished product pays big dividends, according to George P. McCarthy, poultry husbandman for the A. and M. Extension Service and Nora Ellen Elliott, extension food specialist in food preparation.

Curing the turkey is the first of the steps. Prepare the turkey for roasting, removing the tendons of the legs, and cool the bird over a night. Then make a brine solution containing six pounds of salt, 3 pounds of sugar, three ounces of salt peter, and four and one-half gallons of water. This mixture is sufficient to cover two turkeys packed in an 8-gallon crock. Should you desire to cure more than two turkeys make sufficient brine to cover all of them. Be sure to use an earthenware crock. The size will be determined by the number of turkeys to be cured. Submerge the birds and weight them down to see that all parts are covered with the mixture. Then place in a cooling vault with a temperature of 34 to 40 degrees F. for two weeks.

At the end of the first week, stir the mixture and change the positions of the turkeys. At the end of the second week remove the turkeys from the brine, wash in tap water and place back in the cooling vault for twenty-four hours.

The turkeys are then ready to be smoked. Hang them in a cloth sack made of thin cheese cloth or a similar material and smoke for 8 to 12 hours, or until a good nut-brown color is obtained. Good woods for smoking are hickory, oak and pecan. Other good materials are clean corn cobs or any of the hard woods. Be sure to avoid resinous woods, such as pine, McCarthy warns.

In cooking smoked turkey, Miss Elliott says: "Place turkey in a utensil large enough to cover it with cold water and bring it to a simmering point (185 F) and then drain. Add 3 cups of water, over and bake in a moderate oven (300 F.) for 20 minutes per pound. Baste occasionally. If covered roaster is not available, strip with bacon or place a cloth dipped in melted fat over the turkey to prevent bursting of the skin as much as possible. Smoked turkeys are seldom stuffed, but if stuffing is desired, very little salt should be used in the seasoning. Smoked turkey may be served hot or cold. It makes a delicious cold meat for lunch or supper. Baked apples, broiled pears and peaches, and sauteed apples make nice garnishes for these turkeys.

IT PAYS TO ADVERTISE

Famous Recipes For Cooking Venison

Austin, Texas.—Tens of thousands of Texas deer hunters are bringing home venison this season and many wives do not know how to properly prepare venison. The results of their attempts are often soggy, greasy pieces of meat which is as tough as the hide of a long-horn. Thus the following recipes, tested and approved by members of the Game Department may be of some help.

Venison is a dry meat. The Fernandez family recipe, which is famous in the Rio Grande Valley, overcomes the dryness. A roast, or an entire leg is prepared for roasting by making numerous deep slits in it. Into these are thrust pieces of ham or bacon which have been rolled in pepper and salt. The meat is then seared and placed in a roaster. A bay leaf or two and cloves are placed on top. The top of the roast is then well moistened with orange juice or a combination of citrus fruit juices and juice is added as needed in quantities sufficient to keep the roast from drying out. It is simmered in a slow oven until it is tender. The juice imparts a decidedly different and delicious flavor to the venison.

Venison steaks are best when they are fried rare. The Tucker recipe calls for the steaks to be cooked in very hot fat, deep enough to cover the steaks. Too many of the steaks should not be cooked at once because that will cool the grease and cause the steaks to become sodden. Sear a half minute on both sides and remove to a hot platter.

The Skell recipe for roasting venison calls for covering the meat with sour wine and leaving it to stand four or five days in the refrigerator. Then place bay leaves and cloves on top of the roast and place it in a slow oven. If the venison has absorbed all the wine, add more and continue to baste the roast with wine until it is tender.

Mr. and Mrs. Grady Roberts left Wednesday morning for Austin and San Antonio where they will visit over the Thanksgiving holidays.

Jack Pippin, who is attending Texas University at Austin, spent the latter part of last week here, visiting his parents, Mr. and Mrs. C. C. Pippin.

J. G. McCarty returned to his home in Yuma, Ariz., the latter part of last week after a week's visit here with his brother, W. W. McCarty, and family.

News From Weinert

All Church, Sunday School Activities Are Rained Out

Church and Sunday School at all Weinert churches were rained out Sunday, November 20.

Rev. and Mrs. Ross were returned to the Weinert-Union Chapel charge at the Pampa conference, and the people of both places welcome them back.

All social features have been postponed, the Club Lovefeast, which was to have been in the home of Mrs. Bird on Tuesday November 26, and the social and quilting at the Methodist church November 25 were postponed.

The rain was welcomed by the wheat farmers of this section. Rain began falling Thursday, November 21st.

Students Home for the Holidays

J. W. Lisles was in Denton Wednesday and the following students at N.T.S.T.C. returned with him to their homes here: Misses Aletha Lisles, LeVera Guess, Helen Thomas and Juanita Duff.

Miss Aletha Lisles and Frank Cadenhead were at Abilene for the football game at H.-S.U. Saturday night.

Messrs. H. T. Sullivan and Ramon Lisles transacted business in Wilson, Texas, Wednesday.

Virgil Brown of Haskell was a business visitor in the city Monday.

Rev. and Mrs. Ross had as their guests last week end Mr. and Mrs. Emory Ross and children of Lubbock.

Misses Elizabeth Medley and Leona Ford visited in Stamford Sunday.

Mr. H. T. Bergefrede of the Seguin Bank and Trust Co., of Seguin, was a business visitor in Weinert Monday.

Mrs. J. W. Medley has returned home after spending last week at the sanitarium at Stamford with her daughter, Miss Inez Medley, who is there for surgery.

Mr. and Mrs. Ernest Griffith and Clay were in Abilene last Saturday night for the H.-S.U. football game. Clay remained overnight, a guest of W. T. Johnson, a Hardin-Simmons student.

Frank Cadenhead, a student in Hardin-Simmons University, was a guest of his parents, Dr. and Mrs. Cadenhead, for the Thanksgiving holidays.

Misses Smith and Montgomery, teachers in the Weinert schools, spent last week end with home folks and attended the Hardin-Sim-

mons homecoming.

Mr. and Mrs. Ernest Griffith transacted business in Abilene Wednesday.

Mrs. Frank Ford was a visitor in Stamford Wednesday.

Mr. and Mrs. H. Weinert, Miss Beatrice Weinert, Mrs. Preston Weinert, Nadine and Joella were guests of Mr. and Mrs. Claud Farr in Baylor county Thursday.

Mr. and Mrs. M. L. Raynes are visiting friends in Corpus Christi this week.

Mr. and Mrs. Ellis (Babe) Medley of Santa Rosa, New Mexico, are visiting his mother, Mrs. J. W. Medley, and sisters, Misses Inez and Elizabeth Medley.

Mr. and Mrs. Bob Edwards visited Miss Inez Medley in the Stamford sanitarium Thursday.

Messrs Ernest Griffith, Claud Reid and Irvin Cogins saw the football game between Amarillo and Lubbock high schools.

Jack Baker, student in N.T.A.C., at Arlington, spent the Thanksgiving holidays with his uncle, H. T. Sullivan, and Mrs. Sullivan.

Miss Agnes Lowke of Vernon visited friends here recently. She was enroute to Abilene.

Haskell Will Open Holiday Season Dec. 4

Haskell will be the scene of a gala pre-Christmas holiday Festival Wednesday afternoon, December 4th, in which a number of surrounding towns and communities have been invited to take part. The event, sponsored by the Haskell Chamber of Commerce, has been planned along lines to avoid conflict with similar programs in neighboring towns.

Beginning the Festival Wednesday afternoon will be a parade headed by Santa Claus in person, who will distribute free candy, gifts and souvenirs to all the children. Following will be a gaily-decorated float carrying "Miss Mary Christmas" selected for the role as the most beautiful young woman in Haskell whose name will be kept secret until she makes her appearance in the parade float. Other sections of the parade will include school bands and carol singers from a number of towns and communities in this area, along with other varied entertainment features.

During the afternoon groups of school children will take part in a program of Christmas Carols, with awards for the best presentations. Highlight of the evening program will be the unveiling of window displays and opening of retail stores for inspection of holiday merchandise on display.

Mrs. Dave Eiland received hospitalization several days last week for injuries received in a fall last Wednesday, when she slipped on the wet sidewalk. She is back on duty at Dr. D. C. Eiland's office.

Sixth Grade News

The following in the sixth grade are on the honor roll: Mary Alice Beck, Janie Spann, Patricia Walton, Patsy Massie, Martha Ann Reynolds, and Lyndal Smith.

Mary Tom Kirk has entered the sixth grade from Lubbock. We are happy to have her.

One of the sixth grade honor roll students, Patricia Walton, withdrew and moved to Haskell.

Third Grade News

The third grade has been working on a "Good Manners" unit. We are going to have a "Make Believe Thanksgiving Dinner" Wednesday and practice some of the things we have studied.

Below is a copy of our Thanksgiving Prayer which hames some of the things we are so thankful for this Thanksgiving season.

A Thanksgiving Prayer

Give thanks on glad Thanksgiving Day
 For blessings great and small,
 Our health, our homes, our parents kind,
 The dear Lord gives them all.

Our privilege to live and learn
 In a country great and free,
 For all these things and many more,
 Dear Lord, our thanks to Thee.

Music News

A quartet of girls from the sixth grade, directed by Miss Gentry, has been organized recently. The members are Mary Alice Beck, Martha Ann Reynolds, Bobbie Marie Boggs, and Betty Jane Spann. This quartet sang at a recent chapel program held at the elementary school.

Indoor Recreational Games

Played by Ward Groups

During inclement weather students in the elementary school participate in indoor games that give exercise in the gym and in other rooms to the enjoyment of other students.

Teachers supervise indoor games of volleyball, basketball, two-in, one-out games of basketball, and ping pong. Five tables have been arranged by Mr. Palmer, principal for the students to play. A tournament is being arranged and students vie during the lunch period and play periods weekly.

Freshmen Nudge Upper Classmen in Race

The freshman class, sponsored by Mr. Cobb, has taken a big lead in the gentle art of swaying over the hardwood floors, known as skating, in the ward school gym each Tuesday and Saturday nights.

Leading by about 60 votes the fish have shown the way all through the contest that has lasted the past six weeks. This Saturday night concludes the contest and the past Tuesday and Saturday nights have been sponsored by the Seniors.

Winners in the contest will receive a cash prize and a skating party in the gym for the winning class.

Speech Class Uses Contest in Work

Munday the Public Speaking Class, under the direction of S.

This last six-weeks Doris Howell's side won with a total of 352 points to 211 points. The highest individual score from either side was 90 points, made by Ben Bowden.

In this manner Parliamentary Law is taught, democratic voting, and responsibility of holding the above offices.

Second Grade News

Several pupils in the second grade went to the circus last Thursday afternoon.

Garon Tidwell thought the elephant trying to pull the tractor was the most interesting thing at the circus.

Jean Green like the trapeze performers best. Marguerite Hammett also liked the trapeze acts.

Joyce McGraw liked to see the animals.

Junior Howeth thought the clowns were funny.

Royce McGraw was interested in the fire-cater.

The monkeys attracted the attention of J. L. Ford.

Alvin Franklin got to ride on a circus horse.

Marguerite Hammett went to Goldthwaite this week end.

Jean Green went to Goree.

Jackie Cockrell went to Goree with her uncle.

Gasoline Cause Of Many Fires

Austin, Tex.—The improper use of gasoline in Texas homes has caused an average annual death toll of approximately 50 persons, Marvin Hall, state fire insurance commissioner, reported today. Thirty-six deaths from this cause were reported during the first ten months of 1940.

The average death toll resulting from the improper use of kerosene stands at about 55, but the report for the current year may be somewhat below the average, as only 25 deaths from this cause were reported through October 31.

"It is extremely hazardous for any person to attempt to use gasoline in the home for such purposes as starting or quickening a fire, cleaning clothes, woodwork and floors, as gasoline vaporizes at ordinary room temperature and the inflammability of gasoline fumes and its explosive power is 19 times greater than dynamite," he said.

"The mere opening of a door between a room where gasoline was being used to clean gloves and a room in which there was a lighted

hot water heater caused a destructive explosion."

Dynamite in the home can be much safer than gasoline, the Commissioner warned, because the majority of people have learned to fear dynamite.

Hall also advised home owners against bringing kerosene in contact with a lighted match, open flame or hot coals.

SURPLUS FOODS UNDER STAMP PROGRAM FOR NOVEMBER

From Washington, the United States Department of Agriculture announces that fresh grapefruit, fresh cabbage and onions, except green onions, have been added to the national list of surplus foods obtainable with the blue food value stamps at local stores in all the Stamp plan areas during the month ending November 30.

Texas counties where the food stamp plan is operating are: Chil-

dress, Dallas, El Paso, Eastland, Hale, Hall, Harris, Lubbock, McLennan, Tarrant, Travis, Taylor, Wichita, and Wilbarger.

Counties to which the food stamp plan has been extended, but is not in operation are: Gregg, Hidalgo and Potter.

The complete list of nationally designated blue stamp foods for November, including the added items, are: White potatoes, apples, pears, oranges, butter, raisins, and rice, pork lard, pork of all kinds, (except that cooked or packed in metal or glass containers,) corn meal, shell eggs, dried prunes, hominy grits, dry edible beans, wheat flour and whole wheat, (gram) flour.

Mr. and Mrs. C. L. Mayes and grandson, Jackie Mayes, left this week for Corpus Christi to visit in the home of Mr. and Mrs. Joe L. Mayes during the Thanksgiving holidays.

We all came trudging back to school Monday and everyone seems as if they had plenty of turkey for Thanksgiving. We enjoyed being with the ex-students who are in college and came home for the holidays. This group included Jack Qualks, Jerry Moorhouse, Billy Joe Sams, Gertrude Laird, Edith Poole, Polly Chamberlain, Frank William Driver and Bob Sams.

Wendell Watson, ex-science teacher of B.H.S., visited school last Wednesday and is back this week. Mr. Watson taught science here for three years and is now executive secretary of the Alumni Association of Texas Tech. We are all glad to see Mr. Watson and hope he stays for a long visit.

 What Senior boys are so polite that they help a certain Senior girl from each room?

Sports

Wednesday evening, November 20, the Benjamin Mustangs were attacked by the Truscott Bulldogs. The game was played on a muddy field at Benjamin. All the time during the first half the Bulldogs threatened the Mustangs, but the Mustangs showed their best defensive power to stop the Bulldogs when they had penetrated with the 2 yard line. Yes, the Bulldogs failed to score, to give the Benjamin "Broncs" a chance to begin their drive against the Bulldogs. The half was over but no score for either team.

Three minutes remained in the last half, but the score board was still empty! The Mustangs and Bulldogs fought incessantly and when the game was over, the score board registered 0 and 0. Every spectator enjoyed the battle and remember that Tuesday evening, November 27, the brave Benjamin Mustangs will meet the Sunset Eagles at the Knox City

field. The Mustangs promise a good game since it is their first one for the 1940 season.

Freshman News

The Freshman class went to Munday last Wednesday night on a theatre party. The following pupils attended: Elaine Galloway, Ruby Salters, Joy Nunley, Bill Spikes, Adrian West, Billy Joe Snailum, Connie Ray Patterson, Keith Cartwright, Calvin Brown, James Wallace Jennings, Paul Bradley, Robert Charles Stephens,

Charles Ray Snailum, Eugene Hamilton, Charles Hertel, and the two room mothers who sponsored the trip, Mrs. Cartwright and Mrs. Galloway. We all had a very enjoyable time.

Senior Personalities

Eva Gray was born in Hugo, Okla., May 26, 1923. At the age of 5 she moved to Brook grammar school and later attended school at Knox City. In 1937 Eva moved to Benjamin and has attended Benjamin High ever since. She will graduate this year—we hope.

Favorite sport—football.
 Favorite Song—New San Antonio Rose.
 Favorite Teacher—Miss Covey.
 Favorite Subject—chemistry.
 Favorite color—American Beauty (wine).

Mr. Vaughn, fourth and fifth grade teacher, left last week to accept a position in the Denver City high school. We were very sorry to see him go, but welcome back Mrs. Wylie, (the former Miss Wells) who was with us last year. Mr. Vaughn was sponsor of the

freshman class and girls volleyball coach. We hated to see him leave here, but here's wishing him a very successful year in Denver City.

Juniors

To make the Thanksgiving holidays more enjoyable the Juniors had a theatre party Friday night. They went to the Knox City theatre and saw the picture "Maryland." Most of the class attended and enjoyed it very much. Refreshments were served after they returned home.

Sophomores

The Sophomores have selected their favorite songs. They are as follows:

Bonnie Parker—Only Forever.
 Jimmie Salter—Worried Mind.
 Glenda Rutledge—Ferryboat Serenade.

Frances Duke—I'll Never Smile Again.

Elda Purl Laird—Blueberry Hill.

Jimmy Moorhouse—Beer Barrel.

We are very sorry to lose our classmate, Charise Austin, but we wish her the best of happiness.

Seventh Grade News

The seventh grade went to the picture show at Knox City on Wednesday night, November 20. Everyone enjoyed the show.

Fifth and Sixth Grade News

The fifth and sixth grades are losing their teacher, Mr. Vaughn. Mrs. Wiley is to begin teaching Monday.

Second Grade News

The second grade had a party Wednesday noon, Nov. 20. After the party the second grade presented a play to their mothers.

Frist Grade News

The first grade seemed glad to get out of school, but they did not mind coming back. John Ed Smith has been sick for the last few days. The first grade is hoping he can come back to school soon.

"Is the Secretary of Agriculture in?"

"Not just now, Madam. What do you want with him?"

"Well, I have a geranium that isn't doing so well."

Paul Stengel, who is attending Texas Tech in Lubbock, visited home folks here the latter part of last week, returning to Lubbock Sunday.

HOME FROM LUBBOCK

Misses Margaret Jean Hardin and Wardelle Sweatt, students in Texas Tech at Lubbock, spent the patetrp art of last week here with latter part of last week here with home folks.

Walter Phillips, Hubert Homer and Ted Longino were visitors in Abilene last Sunday.

DeTroy Trammell, who is attending Texas Tech at Lubbock, visited his parents, Mr. and Mrs. Frank Trammell, here the latter part of last week.

Mrs. J. H. Russell of Wichita Falls visited in the home of her cousin, Mrs. Louise Ingram, several days last week.

County Judge E. L. Covey of Benjamin was a business visitor here Friday.

B. F. Williams of Gorce was a buisenss visitor in the city last Monday morning.

Mr. and Mrs. Howard Collins visited relatives in Mineral Wells and Electra last Friday.

Miss Louise Ingram of Cross Plains and Preston Ingram of Sweetwater visited their mother, Mrs. Louise Ingram, here the latter part of last week.

Mr. and Mrs. Sebern Jones and children spent last Sunday in Mineral Wells with Sebern's parents, Mr. and Mrs. C. B. Jones.

HOW ARE YOU?

A young lady was called to the phone at 5 a.m. The following dialogue ensued:

Voice: "Hello."

Lady: "Hello."

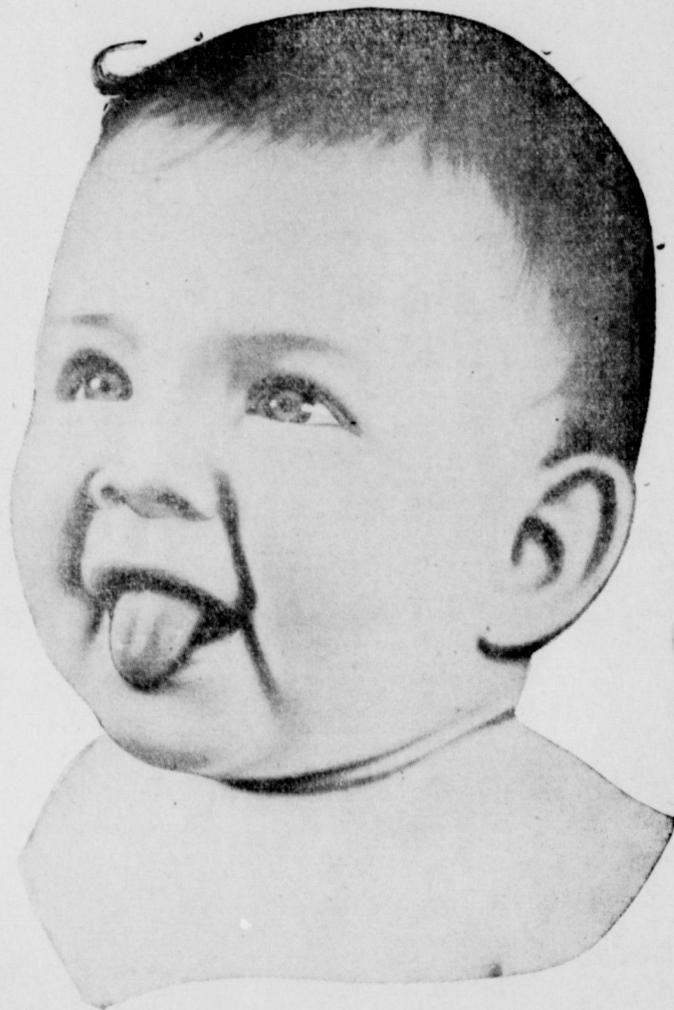

Voice: "How are you this morning?"

Lady: "All right."

Voice: "Then, I guess I have the wrong number."

Sheriff Louis Cartwright of Benjamin was a visitor here Friday.

(a message especially for mothers)

Yes Sir,
 he's "tops"!

... and his welfare is an important responsibility.

Children live in a different world

Children spend a great deal of time on the floor at temperature levels far below those at the "breathing line" of adults.

Because heat rises, room temperatures at floor levels are 5 to 10 degrees COOLER than at heights of five or six feet, depending upon the manner in which your home is heated.

Don't give a cold an even break! See to it that temperatures at floor level are healthfully comfortable for your children during the winter season.

THIS is not an ordinary advertisement.

It offers neither goods nor merchandise for sale.

Its purpose is to remind you of the added obligation of parents during the winter season. At the same time we are ever mindful of our own responsibility in keeping your gas service dependable so that you may have the protection of adequate heat to safeguard your family's health.

You see, we too, have children.

We know of the anxious hours in every mother's life when illness threatens those she loves. We have watched with alarm a child's mounting fever of serious illness that started as a simple, common cold. With sleepless, fear-filled eyes we've watched through the night into the sunrise of a new day—as across our worried mind flashed that grim published warning—one death every four minutes from pneumonia! It was then that "prevention is the best remedy" impressed us with its full significance. It was then we recognized the vital importance of guarding against the simple, common cold.

I GIVE YOU TEXAS

By Boyce House

As long as there remains anywhere a love of oratory, men will read Mark Anthony's speech and the "Cross of Gold" address of William Jennings Bryan—(We were talking about him several weeks ago—remember?) There's a thrill, even in cold type, to such declarations as these:

"We say to you that you have made the definition of a business man too limited in its application. The man who is employed for wages is as much a business man as his employer; the attorney in a country town is as much a business man as the corporation counsel in a great metropolis; the merchant at the cross roads store is as much a business man as the merchant of New York; the farmer who goes forth in the morning and toils all day, who begins in the spring and toils all summer, and who, by application of brain and muscle to the natural resources of the country creates wealth, is as much a business man as the man who goes to the price of grain; the miners who go down a thousand feet into the earth or climb a thousand feet upon the cliffs and bring forth from their hiding places the precious metals to be poured into the channels of trade are as much business men as the few financial magnates, who, in a back room, corner the money of the world.

"There are two ideas of government. There are those who believe that if you will only legislate to make the well-to-do prosperous, their prosperity will leak through on those below. The democratic idea, however, has been that if you legislate to make the masses prosperous, their prosperity will find its way up through every class which rests on them.

"Burn down your cities and leave your farms, and your cities will spring up again as if by magic. But destroy our farms and the grass will grow in every street of the cities of our country.

CALL FOR AND DELIVERY SERVICE!

Want your car serviced right away? Is it gasoline, oil change or a lubrication job? We have them all and we'll call for your car in a few minutes, bring it to your door promptly. NO CHARGE FOR THIS SERVICE.

R. B. BOWDEN Gulf Station

Old Methods...

... Soon become obsolete. Especially is this true in Motor Reconditioning.

Valve grinding on modern motors calls for precision tools.

To make our service absolutely up-to-date, we have just installed a Sioux Electric Hard Rock Valve Seating Machine; also a Black and Decker Electric Valve Lathe. This represents an investment of over \$250.00, but it makes your job perfect.

We charge no more than those using the old method. Bring in your valve jobs and be assured of 100 per cent perfect performance.

Moore Chevrolet

"Having behind us the producing masses of this nation, and the world, supported by commercial interests, the laboring interests and the toilers, we will answer their demand for a gold standard by saying to them: You shall never press down upon the brow of labor this crown of thorns; you shall not crucify mankind upon a cross of gold."

"No man—until the advent of the radio—was ever heard by as many people as was Bryan in the campaign of '96. He made as high as thirty speeches in a single day including brief addresses from the rear platform of his train; and millions came under the spell of his magnificent voice. Few candidates have stirred a greater enthusiasm and those whose hearts were broken when his colors trailed in the dust can understand these lines:

Election night at midnight
Bob Bryan's defeat.
Defeat of western silver
Defeat of the wheat
Defeat of the aspen groves of Colorado valleys,
The blue bells of the Rockies,
And bluebonnets of old Texas.
Defeat of alfalfa and the Mariposa lily,
Defeat of the Pacific and the long Mississippi.
Defeat of my boyhood, defeat of my dream."
(Quoted by permission of the Macmillan Company from Vachel Lindsay's "Selected Poems.")
Though thrice failing to reach the goal of the presidency, Bryan saw many of his reforms made into law, and, even greater than those tangible results, was the influence of his grand character.

Joke of the moment:
An American, planning to visit in Germany, and knowing the rigid censorship, told a friend that, if conditions were bad, he would write a letter in red ink, and then, regardless of the words, the friend would understand. In due course, a letter arrived. It read: Conditions are great in Germany. Everything is wonderful. All these stories you hear are the bunk. We have plenty of food, plenty of clothes, plenty of fuel, plenty of everything. The only thing I have been unable to get is red ink."

A variant of that is the story about the American, writing from Germany to a friend in the United States, who declared, "Everything over here is grand. I wish you would tell this to my father and my brother; in fact tell it to everybody, and above all, tell it to the marines."

Mack Haymes, Billy Arthur Lee and Payne Shannon, who are attending N.T.A.C. at Arlington, spent the latter part of last week with home folks here.

Mr. and Mrs. John Hoffman of Moberly, Missouri, visited in the home of Mr. and Mrs. Gene Harrell over the week end.

Ardelle Spelec, Gene Michel and John Michel spent the first of this week in the Kerrville country, deer hunting. They returned home Monday with three nice deer.

Tom Rigby of Ruidosa, New Mexico, visited friends and relatives here the first of this week.

Mr. and Mrs. B. M. Haymes and family of O'Donnell spent last week end here visiting in the home of Mr. and Mrs. Lee Haymes.

Mrs. Sue Purkisher of Oklahoma City spent the week end here visiting her son-in-law and daughter, Mr. and Mrs. Gene Harrell.

Legal Notice

State Soil Conservation Board of Texas
NOTICE OF ELECTION
On creation of proposed Wichita-Brazos soil conservation district, embracing lands lying in the counties of Knox and Haskell in the State of Texas:

To all persons holding legal or equitable title to land within the proposed district, who are otherwise qualified voters under the general election laws of the State, and who reside within the proposed soil conservation district, comprising the territory, a description of which is attached hereto:

Notice is hereby given that on the 14th day of December, 1940, between the hours of 7 a.m. and 7 p.m. an election will be held in the said territory upon the proposition of the creation of the Wichita-Brazos Soil Conservation District as a governmental subdivision and a public body, corporate and politic, under the provisions of the soil conservation law of this state. All persons holding legal or equitable title to land lying within the proposed soil conservation district, who are otherwise qualified voters, under the general election laws of the State are eligible to vote. Only such persons are eligible to vote.

Eligible voters residing within the proposed district shall cast their vote at the designated voting box within precinct or territory as below described in which they reside.

Eligible voters who will be absent from their voting precinct on the day of the election may apply in person or in writing to the State Soil Conservation Board, 613-22 Professional Building, Temple, Tex. for absentee ballots. Each absentee voter shall state his name, residence, location, and acreage of land to which he holds legal or equitable title, and such other information as is required under the general election laws of this State.

Voting divisions and polling places for the election are as follows:

Senior Report

The Sunset Seniors are happy to announce that Billy Dean and his play boys will be here at Sunset on December 6, 1940. We are planning to have a great time. The performance will be held in the auditorium and it will begin at 8:00. Their program can be heard every day at 7:45 a.m. from station KWFT, Wichita Falls. Their program will consist of string music.

We would be very glad to have a large crowd Friday night, December 6. Don't forget the date and time. Everyone come and enjoy it with us.

The Junior Report

Six weeks exams are here again and by glancing around in the study hall you can easily see notebooks snapping open and closing.

The Juniors enjoyed the Thanksgiving holiday and are eagerly waiting for Christmas, because they know they have been good this year and are sure Santa will be good to them.

In Civics the Juniors (and Seniors) have been taking the President's oath, the result being that Donnie Partridge will become President in latter years.

Volleyball Started

The Sunset girls started practicing volleyball last week. There was about 20 girls who came out for it.

With Mrs. Savage as coach of the team this year, we are certain that the girls will strive to be

real players. We think that Sunset will put another good team out this year, and with the aid of Mrs. Savage we know that our opponents will have an extremely difficult job ahead.

Freshman Report

The Freshmen came back from the Thanksgiving holidays fit as a fawn and spic and span, ready to fight their way through these six weeks exams coming up. They are studying extra hard for their exams and intend to burst through them and come out on top. (We hope).

First and Third Grade

The first and third grades had their Thanksgiving dinner last Wednesday; they had so much to eat that they had to invite the second grade in to help them eat it. Both the second and first grades are working on Christmas decorations, the third grade will make a castle.

Second Grade

The second grade has finished its Thanksgiving booklets, and are beginning to work on their Christmas booklets. Patricia Johnson brought a new pot plant for the room. The second grade has a new pupil.

Sophomore Report

The Sophomores are not liking this rainy weather so much. It seems as if it has spoiled a lot of their holidays, and just think...

six weeks exams with this muggy weather!

Chatter Box

Glyndalin is so smart in her books, it looks as if the rest would be too. They are all time getting her to help them. Victor cannot get a little O'Brien girl off his mind. Two Sophomore girls are going to get into trouble if they don't quit talking so much that last period in the study hall. Harold is not so bashful as he used to be. Say, Watson, who have you been around?

Johnnie takes a good picture. Gee! I wish I had one!

It has been rumored around the rooms that Frances and Polly really go to town in the pep squad.

Fifth Grade News

The most polite pupils this week are Leroy Russell and Jo Ann Whittemore.

Friday of this week the English Club of this grade is to present a character study program. The following will present numbers: Leroy Russell, Ray Tidwell, Riley G. Hoover, J. A. Brewer, Enda Earl Travis and Randall Walling.

Friday our English notebooks are to be graded for neatness and completeness. The best notebook will be given a prize.

Nature study ranks among our most important subjects. The word 'chlorophyll' is now a part of our vocabulary.

Until next week this is your reporter-Dorman Followill-signing '39'.

Sixth Grade News

The sixth grade is sorry that Mr. Ingram, our home room teacher, is away, but Mrs. Ingram is teaching in his place.

This week is our second six weeks examination. We are hoping for good grades. After our examinations are over we will start our Christmas program.

Seventh Grade

During the past week the Seventh Grade has been reviewing for six weeks exams. We hope to be ready for them as they are given.

We were glad to get Thursday and Friday off for Thanksgiving. On Thursday we observed Thanksgiving and on Friday we got our notebooks or reviewed for exams. We enjoyed the holidays very much.

FIRST BAPTIST CHURCH

The bountiful rains that have fallen the past few days are of untold benefit to the country; even people are looking to a good wheat harvest next June and July. We are grateful to the Lord for His Providential care. This week we are celebrating the old traditional Thanksgiving which we have thought of since we were children. We think of our forefathers and their gratitude to God for His care and protection. We have much to be grateful for in this free land of ours. We are not under a dictator. We can at least buy our beans with our own money and eat them in the privacy of our own homes.

All services at the regular hours next Sunday. On account of the weather we did not have our regular monthly meeting of the Sunday school teachers and officers this week. We will have some special announcements to make next Sunday concerning it. There will be an all-day meeting in Rochester December the 10th, directed by some of our best workers. We are hoping that all of our teachers and officers will attend this meeting.

See you Sunday,
 W. H. Albertson

Das Billingsley, who is attending Tarleton College in Stephenville, visited his parents, Mr. and Mrs. M. F. Billingsley, the latter part of last week.

Lone Star Gas System Receives National Salute

A salute to Texas and its gas industry has been given the nation by Gas Age Magazine, which has devoted its entire current issue to the Lone Star Gas System. The magazine is published in New York and circulates throughout the United States and Canada, being one of the leading gas publications of the country. The issue traces the history and operations of the Lone Star Gas Company and affiliated companies—the Community Natural Gas Company, the Texas Cities Gas Company, the Dallas Gas Company, and the Lone Star Gas Company. Numerous pictures of company executives, scenes along the pipe lines, in the various plants of the gas company, and in cities served by the system illustrate the many articles.

The foreword, illustrated with the Texas State flag, is entitled "Thirty Years of Natural Gas Service."

"The story of the growth of the Lone Star Gas System is the story of the growth of Texas," says the foreword. "It took pioneers with great vision and courage to bring natural gas service to Central Texas in 1909. It has taken continued vision and courage to build from this small beginning one of the nation's leading public utility systems—an efficient combination of men, materials and natural resources providing a population of a million and a half people in some 150,000 square miles of territory with the benefits of dependable and economical gas service."

"First, find out what is the right thing to do... then, what is the right way to do it, has been the Lone Star company slogan for many years. Past accomplishments and present performance of the company evidence the success of this constructive policy."

CURING PORK

Curing pork for home consumption is so simple the layman may practice it with assurance of success, says Roy W. Snyder, originally meat specialist of the Texas A. and M. Extension Service.

The recipe is very simple—a mixture of salt, sugar and salt-peter in the ratio of 8 pounds of salt, 2 pounds of sugar and three ounces of salt peter. This quantity would provide enough for one hundred pounds of meat. Anticipating inquiries regarding the possible superiority of brown sugar, Snyder says he used commercial white granulated and "just a little more than one half of the mixture in the first rubbing of the meat." A week later he rubbed the hams, bacon and shoulders a second time. The carcass was thoroughly chilled in cold storage before cutting for treatment. The small, thin pieces, such as the loins which had been boned, the top end of the shoulders, or boston butts, and the jowls, were not treated again as they had received enough salt in the first rubbing to cure them sufficiently.

Snyder says the thin pieces like the loins should be cured within ten days and the bacon within two weeks, allowing one and one-half days to the pound, per piece. The hams and shoulders, in order to keep through hot weather without refrigeration, should be in cure three days for each pound, or to be specific, a 15-pound ham should be cured 45 days.

To make ham or bacon milder in salt flavor, Snyder says soaking thin pieces one hour and thicker pieces like hams three hours in cold well water is helpful. After soaking, the pieces should be hung to dry, preferably over night, and then smoked for color and taste. Usually fires built on two consecutive days, and not too much

UP TO HIS OLD TRICKS

fire," will make the meat a bright lustrous brown. Hams and shoulders can always stand a little more smoke than can bacon and loins.

Snyder cautions that if the weather this winter gets quite warm before the salt has penetrated to the center of the meat, it may be necessary to put it in cold storage.

The Texas Extension Service has a bulletin on curing pork available at the county agricultural or home demonstration agent's office.

Mr. and Mrs. Sebern Jones and Dr. and Mrs. D. C. Eiland left Wednesday afternoon for Austin to attend the Texas University-A. and M. football game.

HERE FROM ROSWELL

Mr. and Mrs. Morton Coffman of Roswell, New Mexico, spent the week end here visiting with their grandparents, Mr. and Mrs. J. A. Hendrix, and Mrs. O. C. Caughran, and with other relatives and friends.

County Supt. Merick McGaughey of Benjamin was a business visitor in the city Wednesday.

Miss Joyce Jones, a student in Weatherford Junior College, visited her sister, Miss Bonnie Jones, here over the week end.

Mrs. J. R. Smith and daughter,

Mrs. Helene von Baumann, were visitors in Wichita Falls last Monday.

Miss Mayme Crouch spent the week end visiting relatives in O'Donnell.

Mrs. Mary Peabody of the New York College of Home Economics says it is a good health practice to keep growing plants in living rooms in day hours during winter because they increase the amount of oxygen and decrease the amount of carbon dioxide in the air. She adds that they should not be kept in sleeping rooms at night because in the absence of sun or strong light they give off carbon dioxide.
