ROOSEVELT IS ELECTED FOR THIRD TERM

Hamlin Next Foe For Mogul Tribe

Pied Pipers Stand At Top of District

The Pied Pipers of Hamlin will play hosts to the Munday Moguls next Friday night in what will be the top game of the district. And the Moguls will receive a cool reception at Hamlin, with the Pied Pipers throwing on the heat when the game opens.

The Pipers remain in undisputed possession of first place in district 10-A this week, having mauled the Haskell Indians 37-0 last Friday night and remaining the only team of the district with an unbeaten and untied record.

Fearing that injuries might keep two of the Moguls main players out of the conflict, there was gloom in the Mogul camp the first of this week. Both Ray Moore and Red Stevens were injured in the Anson game, but it is believed they will be able to take to the field against Hamlin.

Pepped up over a victory over Anson... one which seemed very doubtful to many fans before the game... supporters of the Moguls are hopefully looking forward to next Friday night when they journey to Hamlin, and Munday will have many rooters in the sidelines. Win or lose, the game is sure to develop into a lively tussle.

Coaches Cooper and Hext are on the job with the Moguls this week getting them into condition for Hamlin. Should the local boys show as much fight as they did against Anson, Hamlin's apocryph is likely to be upset Friday night.

A special Armistice Day attraction will be the game between Munday and Stamford at Anson. This will be an afternoon game.

Games This Week
Nov. 8—Albany at Haskell; Munday at Hamlin.
Nov. 11—Stamford at Anson.

Team	W	L	T	Pct.
Hamlin	4	0	0	1.000
Anson	4	1	1	.800
Stamford	2	1	1	.625
Munday	2	1	1	.625
Baird	2	2	0	.500
Albany	1	2	0	.333
Haskell	1	4	0	.200
Rule	0	5	0	.000

Results, Last Week
Munday 7, Anson 6.
Hamlin 37, Haskell 0.
Stamford 19, Baird 19.

Conservation Payments

During the past week, 365 conservation farm payments for 1940 were received in the county agent's office, in the amount of \$52,122.11. To date, 426 checks have been received in Knox county with a total payment of \$77,629.03.

The county AAA office is completing the other applications for payment. Those farmers who have not, and do not plan to earn the soil building allowances should call at the county agent's office and show their application for payment. The soil building allowances will be a part of the conservation payment.

The unearned portion of the soil building allowances will revert to the federal treasury. Last year Knox county failed to earn \$5,808. This amount of money would have been paid for about 150 miles of standard terraces which are badly needed on many farms in Knox county.

Service Officer To Make Visit To Munday Nov. 18th

Gray, field representative of the Veterans State Service Office will be in Munday on Monday, November 18.

Gray says he will be glad to assist any veterans or dependents with any claims growing out of military service. Anyone having such claims that they feel will justify them for compensation are urged to get in touch with Mr. Gray while he is in Munday.

Funeral For Pioneer Mother Held Saturday

Mrs. J. D. Henderson Dies Friday at Her Home Near City

Mrs. J. D. Henderson, beloved resident of Knox County for many years, died at her home northwest of Munday at 4:10 o'clock last Friday morning. Mrs. Henderson had been in poor health for some time.

Mrs. Ada Leona Henderson was born in Naples, Ill., on April 7, 1866, and died November 1, 1940. Her husband preceded her in death by about three years.

Mrs. Henderson had resided in Knox County for 32 years and was well known and beloved by many Knox County citizens.

Surviving her are a daughter, Mrs. E. G. Pettit, of Wheeler, Texas, and five sons, who are: J. B. Henderson, Portales, New Mexico; H. R. Henderson, Dallas; M. M. and J. W. Henderson, Munday; and T. J. Henderson, Dallas. She is also survived by two sisters, 22 grandchildren, and 9 great-grandchildren.

Funeral services were held from the Bethlehem Baptist Church at 2:30 o'clock last Saturday afternoon. Services were conducted by Rev. H. A. Longino, pastor of the Munday Methodist Church, and interment was in the Johnson cemetery by the Mahan Funeral Home.

Palbearers were Joe Voss, Herbert Howell, J. K. Johnson, D. B. Bowen, L. C. Guinn, and John Burns.

Munday Hardware To Handle Greater Implement Line

E. W. Harrell, manager of the Munday Hardware and Furniture Co., has rented the Jones building which joins his firm on the west, and is using this building for his John Deere tractor and implement house.

A greater line of implements will be carried in stock and displayed in this building. Included in a shipment his week were John Deere tractors and implements, John Deere hammer mills and Van Brunt grain drills.

Sheriff Louis Cartwright of Benjamin was here Monday on official business.

Atkeison's Fruit and Vegetable Depot Is Very Latest Merchandising Idea

Bringing to Munday a type of service not found in the larger cities, Atkeison's Food Store this week announces the completion of their crisp cold fruit and vegetable depot. The new addition to this store was completed Wednesday, was filled with fruits and vegetables and it presented a picture of color and beauty never before seen in Munday.

All fruits and vegetables—and they have every item available—are arranged to bring out the beauty of a picture, as well as to bring out the efficiency it affords customers in shopping.

The depot is kept at the proper temperature to insure freshness of all fruits and vegetables. Enclosed so flies and insects cannot enter, items in the depot are always sanitary, crisp and fresh. It is a "self-service" department, where customers may come and help themselves.

"We've tried to make this a place where you can get what you want when you want it," R. D. Atkeison said Thursday. "It is the very latest in marketing, and is the type of vegetable depot that very few grocery stores in large cities have. Atkeison's has always tried to have the best for their customers, and this is just another forward step in our efforts to reach

Snow White and Seven Dwarfs to Parade Here

These popular little characters of story book land and the movies, Snow White and the Seven Dwarfs will participate in the Santa Claus parade to be given in Munday on Sat., November 30. Snow White will be impersonated by a popular local girl, and the seven dwarfs will be first graders who will ride on a large decorated float pictured above. The grotesque heads of Doc, Sleepy, Dopey and all the rest, were fashioned by Hollywood movie studio artists.

Parade of Santa Claus To Open Christmas Season

Gets 3rd Term

Franklin Delano Roosevelt, completing his second term as Democratic president of the U.S., was re-elected to a third term in the national election last Tuesday. Roosevelt was elected by a vote of about 4 to 3, and lead 40 of the 48 states.

Deal is Closed On Property For Local Church

Presbyterian People Have Plans For New Building

Officials of the Munday Presbyterian church have closed a deal for the purchase of the Bildeback property in Munday, and tentative plans call for constructing a church building on this property.

The property is 100 x 200 feet, and is located just east of the Methodist church property here. Plans which are now under way call for the construction of a modern church building where the Bildeback residence now stands. The residence will be moved back to another position on the property and remodeled into a Presbyterian manse, it was stated.

If plans are carried out, materials from the old church building will be used in the construction of a new rock church. The church will have a basement for housing departments of the Sunday school.

The local Presbyterian church has made rapid progress during the past year under the leadership of Rev. W. R. Bryant, local pastor. Having been re-organized a little more than a year ago, the church now has a membership over three times as large as that which went into the re-organization plans.

If plans for building are carried out, this congregation will have a building that will care for their church needs for many years to come.

Cotton Ginning Report

The cotton ginning report of the Department of Commerce, bureau of the census shows that 13,835 bales of cotton were ginned in Knox County from the crop of 1940 prior to October 18.

This report shows 2,722 more bales than the amount ginned up to October 18, 1939, there being 11,113 bales ginned in the same period in 1939. The report was sent The Times on October 30, by Hoyle H. Sullins, of Vera, special agent for the department.

Rev. J. W. Baughman, pastor of the Goree Methodist church, was a business visitor here Wednesday morning.

Poppy Sale Will Be Held Saturday

Girls of Senior Class To Sell Flowers

Several hundred poppies—tiny replicas of the Flanders Field flower that marks the graves of America's world war dead—have been received by Lowry Post of American Legion to be sold in remembrance of these world war buddies.

The tiny paper flowers are made by ex-soldiers who still bear the scar and the pain of the world war of 23 years ago. These are buddies who inhabit the U. S. Veterans hospitals and who while away many lonely hours forming the crepe paper into replicas of the original poppy.

Those who wear a poppy next Saturday will be helping these disabled ex-service men, the local Legion post and the senior class... as well as signifying that they haven't forgotten that terrible conflict of 1917-18.

Emmett Branch Is Buried Here On Saturday

Funeral services were held Saturday for Emmett Royce Branch, 18, who died Friday at Abilene.

Branch was born November 20, 1822, and died November 1, 1940, at the age of 17 years, 11 months, and 10 days. He had resided with his parents in Knox County for a number of years.

Surviving are his parents, Mr. and Mrs. Emmett Branch of Munday, a sister, Mrs. Agnes Augusta Nesbitt of Dallas, and a brother, James Clyde Branch of Aspermont.

Funeral services were held from the family home in Munday at 4:30 o'clock Saturday afternoon, conducted by Rev. W. H. Albertson and Rev. Cates. Interment was in the Johnson cemetery by the Mahan Funeral Home.

Palbearers were Marvin Branch, Plummer Edwards, Bud Vaughn, Joel Massey, Doyle Hughes and R. E. Hughes.

Loran Preaching Cotton Bagging

Peter Loran, president of the Texas Farmers Union, was in town Wednesday, still "preaching" cotton bagging. Loran made a trip into Haskell and Jones counties in the interest of this bagging.

"It's to the farmers' advantage to use their own product," he said. "When the government was going to bring in Argentine beef, some time ago, the citizens set up a howl, and I howled with them, because I didn't think it was right. Yet, the farmers bring in jute and other bagging from foreign countries, use it on their products and then have their cotton 'set up on the shelf' through the loan."

Has Early Lead Over Willkie

Knox County Strong For Roosevelt

As Americans went to the polls Tuesday and broke a precedent as old as America herself, President Franklin D. Roosevelt was swept into office for a third term by a landslide of votes.

And Knox County did her part for Roosevelt. The county, according to returns announced Wednesday, voted 903 for Roosevelt and 147 for Willkie. A Tuesday afternoon count gave Willkie a lead at Rhineland, and it is likely this box went for the Republican nominee. It was explained however, that the vote was more anti-third term than it was Republican.

The latest count available showed Roosevelt leading in 39 of the 4 States. He had received 468 electoral votes to 63 for the Republican candidate, for in excess of the 266 electoral votes necessary for election.

The election ended one of the bitterest national campaigns in America's history.

But Americans are quick to adjust themselves. Barely had the ballots been counted until both parties laid down their political warring machines, buried politics and issued pleas for national unity.

The popular vote was closer than the electoral vote indicates. With many ballots to be added on both sides at the latest count, the popular vote stood at 25,694,747 for Roosevelt and 21,427,832 for Willkie.

All four constitutional amendments appeared to have passed.

Authorizing legislative appeal: For, 163,035; against 79,271.

Secretary of state appointing notaries: For, 144,536; against, 91,259.

Remove municipal appointments term limitation: For, 131,533; and against, 90,141.

Red River county tax: For, 112,760; against, 111,975.

MUNDAY TO OBSERVE ARMISTICE DAY

W. E. Braly, president of the First National Bank, announced Thursday morning that the bank will be closed all day Monday—Armistice Day. The U.S. Postoffice will also close, as will The Munday Times, Atkeison Food Store, Piggly Wiggly, Keck Food Store and Sebern Jones.

It is generally understood that practically all other business houses in Munday will close in observance of Armistice Day.

LEAVES FOR CALIFORNIA

Lieut. Charles H. Giddings left the first of this week for March Field, Calif., where he will be stationed with the U. S. Army Air Corps. A recent graduate of Randolph Field, San Antonio, Charles spent last week here with his parents, Mr. and Mrs. Charles H. Giddings.

James C. Eubank of Truscott was a business visitor in Munday last Tuesday. While here he had The Munday Times sent to his address for another year.

Tax Collector Names Schedule

Community Centers to Be Visited On Tax Collections

E. B. Sams, county tax assessor and collector, announced Saturday his schedule for collecting taxes at the various community centers of Knox county. Sams announced he would be at the following places on the dates given to collect taxes:

Truscott, Tuesday Nov. 12; Gilliland, Wednesday morning, Nov. 13; Vera, Wednesday afternoon, Nov. 13; Rhineland on Thursday afternoon, Nov. 14; Goree, Friday, November 15; Munday, Saturday, November 16; and Knox City, Tuesday, November 19.

Mr. Sams is making this schedule in order to save taxpayers the inconvenience of a trip to Benjamin, and he asks those wishing to pay their taxes to contact him on the date he is in the community.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

THE END OF THE ROAD?

You have to ask questions if you want to find out the facts. That's an elementary American principle, though it's one that's been forgotten or ruled out by edict in a great many foreign lands.

One important rally into constructive questioning occurred in this country only a short time ago. The man who did the querying was Bert H. White, Vice-President of the Liberty Bank of Buffalo and Director of the Research Advisory Service, and this was the information he sought: "What new product, process, or material might industrial research develop that would be valuable to YOUR industry?" Mr. White put this question to well over a thousand manufacturers, and then he sat down and compiled a summary of the answers he received.

The result is an extremely useful analysis covering 34 broad fields—all the way from adhesives to wood—and illuminating many new fields that can open up before the eyes of the industrial research worker. Many of the new ideas suggested in the opinion of the National Inventors Council, and of the Advisory Commission to the Council of National Defense, will—once they have been explored successfully—add greatly to our national security. All of them would mark real contributions to the well-being and the happiness of American families everywhere.

This list offers impressive testimony from key sources to the effect that America still has a great future—that our tremendous past progress does not mean that this nation has no room to continue to forge ahead in the future. We need still better products and more of them—and we'll get them, too, if industry and research have anything to say in the matter!

Maybe if the gloomy prophets of economic decay and a stagnant national future would ask a few more progressive questions, as Mr. White has done, the common task of keeping this country moving forward on an even keel would be considerably simplified. At any rate, if these naysayers really believe in America, they ought to consider the possibility of trying that approach for a while at least.

THE WRONG KIND OF MANEUVERS

The greatest danger this country need fear as it goes about the serious business of national defense is so-called "clever maneuvering" by parties with special interests, designed to win some particular short-term advantages for themselves. Those in question wouldn't, of course, admit that their actions might hamstring the rearmament program—but the damage happens, just the same.

Sidney Hillman, labor's representative on the Defense Commission and also a CIO vice-president, has toyed with the idea that manufacturers who are not in favor of the notorious Wagner Labor Relations Board should be barred from receiving defense contracts.

There are, in connection with this matter, two points to consider:

1. A large section of the public, plus leading representatives of all important groups in the country—including labor itself—have sought to get the Labor Act amended in the interests of fair play and certain changes made in the personnel of the Board on the same basis.

2. This same ill-favored Board has rendered decisions against a number of the companies most vital to quick and efficient rearmament production, and in many of the cases, appeals are now pending before the federal courts.

Meanwhile, the picture of a short-sighted plan to win supposed "advantages" for labor at the possible expense of American security is one that would surely make foreign dictators smile with self-satisfaction and contempt for what they are pleased to call the "weaknesses of democracy."

IRONY

Here's a little news item that might be termed the height of irony.

Some time ago a group of unemployed hosiery workers decided to create their own jobs by going into business for themselves. They made a deal with a bank for possession of an abandoned hosiery mill.

Shortly after opening they signed an agreement with their union to pay themselves union wages. However, they found that this was a financial impossibility, and so they had to petition the union for the right to cut their own pay.

The union refused. Result: The enterprise faces bankruptcy, which would mean a return of the worker-partners to the relief rolls.

Mind your own business, the Japs warn us—or you'll get back your scrap metal. In the back, no doubt.

Motorists of the nation were cheered recently by the announcement of a new nozzle for filling station pumps that automatically shut off the flow of it when the gasoline in the auto tank reaches the end of the nozzle. Other new gadgets expected to be announced shortly indicate that motorists may soon enjoy any and every pleasure that motoring inventors can think of—except automatically paying for the gas and oil they use.

Practice in life whatever you pray for, and God will give it to you more abundantly—Pusey.

Unless you bear with the faults of a friend, you betray your own.—Publius Syrus.

INDUSTRY'S ONE JUMP AHEAD

American industry in general is setting not only a record of fine patriotism but one of far-sightedness in the present national defense program. Other groups might well learn some valuable lessons from industry's sane approach to the whole broad problem.

One recent example naturally comes to mind. It is the action of a sub-committee of the Employment Relations Committee of the National Association of Manufacturers, which after careful study has submitted certain proposals concerning defense and to the nearly 8,000 members of the Association.

The proposals deal with the alien employees in defense industries, with drafted employees and with the new workers who replace them, and with espionage and sabotage. They are notable for the fact that they steer far clear of "alien-baiting," without at the same time, losing sight of the realities this country must face in the line of possible sabotage and espionage activities by foreign agents. The N.A.M. group in particular insisted that alien employees should be "encouraged and assisted" to become citizens; that there should be no fingerprinting of employees except as required by the government; and that in cases where the government prohibits employment of aliens because of the confidential nature of the work in progress, particular thought should be given to shifting present alien employees to other jobs.

These problems are ones that this country will soon be forced to face. And surely no one can deny that American industry is exercising both patriotism and initiative of the highest order in seeing that sound policies of handling these matters are put on record right now.

THEORY?—IT'S ALREADY PAYING OFF!

Industrial leaders and most of the responsible economists of the land were pointing out a while ago that it was important to our national defense program to see that new facilities for armament production were protected against post-emergency economic havoc.

Practical men in business, who didn't want to see the national economic picture turned into a shambles at some future time, suggested that a five-year amortization period for plants built to aid national defense—that is, a five year period in which the costs of building these factories could be recovered—would be a sound idea. A lot of people were inclined to laugh at this, and exclaim that it was mere haggling over a "theoretical point."

Now that the amortization principle has been accepted, look at just one practical result. All by itself, it should go a long way towards proving the worth of the "theoretical" provision:

General Electric company recently announced that it would spend \$15,000,000 in the next 15 months in order to expand seven of its plants so that they would be better equipped to produce defense materials for the Navy. Company officials indicated that the amortization proposal had aided greatly in clearing the way for this expenditure.

These new plant facilities are going to be a big help to American preparedness. And they're only the harbinger of a lot more to come. In this light, it might not be out of place to suggest that occasionally the suggestions of the practical men involved aren't merely theoretical—that, instead, they represent an effort to accomplish desired results in the most effective way and the one least harmful to our economy.

Science says white lightning is deadlier than other kinds, but so far there are no volunteers for blind fold tests.

Interior of Guatemala still uses the Maya calendar of 18 months to the year. Those of us who have to dodge the instalment man only 12 times yearly should feel fortunate.

Magnesium, vital to our national defense needs because of its use in the manufacture of airplanes, now costs 30 cents a pound as a result of industrial research. In 1915, magnesium cost five dollars a pound.

Mr. and Mrs. W. M. Wilson of Marshalltown, Ia., are grandparents for the 50th time, and they boast of 101 living descendants. They have been married 63 years.

The Priceless Ingredient

THEY SAY!

"The success and prosperity of Americans in every field of enterprise rests on cooperation, tolerance and understanding which will keep every part of the entire machine operating. Let there be an end to bickering and quarreling; let there be recognition that we are all in the same boat, that we will remain afloat together or we will sink together and that the surest way we can keep ourselves afloat is to keep our neighbors afloat."—Geo. A. Eastwood, president Armour & Co.

Gems Of Thought

GENTILITY
Gentility is the ability to ignore in others those faults or blemishes we will not tolerate in ourselves.—Anon.

We should remember that we must not reflect on the wickedness of men; but contemplate the divine image in them; which, consoiling and obliterating their faults, by its beauty and dignity allures us to embrace them in the arms of love.—Calvin.

Who hath not learned that when alone he has his own thoughts to guard, and when struggling with mankind his temper, and in society his tongue?—Mary Baker Eddy.

We love ourselves notwithstanding our faults, and we ought to love our friends in like manner.—Cyrus.

There is no outward sign of true courtesy that does not rest on a deep moral foundation.—Goethe.

WHEAT LOANS FOR 1941

A few farmers are thinking of planting their entire farm in wheat for the harvest of 1941, and it has been announced by the state AAA office that loans on wheat will be made only to those who comply with the farm program.

CONSERVATION PAYMENTS NEAR 4 MILLION MARK

College Station.—Nearly \$4,000,000 already have been received by Texas farmers and ranchmen cooperating with the 1940 AAA program from an estimated \$50,000,000 to be paid.

Cotton and wheat parity payments, meanwhile, neared completion, George Slaughter, chairman of the state AAA committee, announced at a committee meeting in College Station this week.

An estimated 405,000 agricultural conservation payments will be made under the 1940 program, the chairman said. To date, 25,453 payments totalling \$3,711,429 have been made. Last year at the same time only 8,000 payments had been made.

Cotton parity payments amounting to \$21,827,802 had been made to 297,737 producers out of an estimated 350,000 totalling \$25,000,000. Wheat parity payments are 99 per cent complete, \$3,475,864 having been paid to 47,858 producers.

The majority of 1940 agricultural conservation payments will be issued after December 1 because of the requirement that the total soil-building allowance must be earned if payments are to be made prior to the closing date for compliance in the program, November 20.

Question: If east is east and west is west, where are the twain?
Answer: On the tracks.

EDITORIAL SET-UP CHANGES

College Station.—Louis Franke, editor of the Texas Extension Service, has been granted a temporary leave of absence by the Board of Directors of the Texas A. and M. College and will accept a special assignment with the advisory commission to the National Defense Council.

Laura Lane will serve as acting extension editor during the period of the leave. C. A. Price will join the Texas Extension Service as assistant editor, Director H. H. Williamson said in making the announcement.

Price for the past four years has been in charge of the Associated Press mail service in Dallas and on October 19th rounded out 45 years of service with AP. His "Texas Today" column has been a popular feature for the past few years.

Miss Lane has been assistant extension editor since July, 1939, when she left the staff of the Vernon Daily Record to join the Extension Service.

Franke, former county agricultural agent of Brooks County with headquarters at Falfurrias, came to headquarters in 1935 as assistant editor. He was named extension editor in July, 1939. His new headquarters will be Washington, D.C.

POINTERS FOR TEXAS AGRICULTURE

A light switch at the doorway of every room makes it possible to avoid encounters in the dark with large, heavy furniture.

Sales at homemakers markets in Bexar, Nacogdoches, Polk, Smith and Taylor counties increased considerably during the month of August.

There are still nearly 39,000,000 rural people in the United States who do not have easy access to permanent public library services.

Scientists say that a Vitamin D deficiency in wild fur-bearing animals is rare, but in captivity a deficiency of that vitamin is fairly common.

Topography and geography of Texas make rural line construction much less expensive than had been expected in early surveys at the time the REA was created.

A bulletin entitled "More Facts About School Lunches," available from the U.S. Department of Agriculture, explains briefly the provisions under which state welfare agencies may make surplus foods available to schools for lunches for needy and undernourished children.

News From Weinert

Mrs. Richard Weinert Honored With Gift Shower

Mmes. Bailey Guess, Iva Palmer, Vern Derr, R. H. Jones, H. F. Monke, H. R. Bettis, J. F. Cadenhead were hostesses Saturday, Nov. 2, at 2:30 p.m. in the home of Mrs. Guess for a farewell party honoring Mrs. Richard Weinert, who left Tuesday, November 5, for San Antonio to make her home.

Several musical numbers were rendered by Mmes. Iva Palmer and J. F. Cadenhead, who gave several whistling numbers. Mrs. Bailey Guess read Edgar A. Guest's "An Old Friend" and "The Making of Friends." The gifts were presented to the honoree from a lace-covered table centered with orchid and yellow chrysanthemums. Punch was served to the guests who brought gifts: Mmes. J. F. Cadenhead, Miss Smith, C. F. Owen, A. D. Bennett, Sam Bird, Jr., Georgia Bell, P. F. Weinert, J. W. Medley, Everet Medley, Frank Ford, I. J. Duff, R. L. Edwards, S. L. Coggins, Mother Williams, G. C. Newsom, Jack Rich, Vern Derr, Iva Palmer, R. H. Jones, H. Weinert.

Terrell, Arlos Weaver, Payne Hattox, Irvin Coggins, H. M. Monke, Harry Bettis, Misses Jew Williams, Le Verne Burgess, Inez and Elizabeth Medley, A. D. Ross, Mrs. Josie Price and Mr. S. L. Coggins.

Study Club Entertains Husbands and Friends

Miss LaVerne Burgess, Mrs. Fred Monke, Mrs. R. P. Hattox, Mrs. Vern Derr and Mrs. J. V. Perrin were hostesses for a forty-two party last Wednesday evening. After a number of games were played, hot coffee and cake were served to Mmes. G. C. Newsom, Clyde Taylor, Bill King, Mr. and Mrs. Garland Davis, Mr. and Mrs. J. W. Lisle, Mr. and Mrs. Bailey Guess, Mr. and Mrs. J. B. King, Mr. and Mrs. T. L. Hawkins, Mr. Lloyd Hefner, Mr. Fred Monke, R. P. Hattox, J. V. Perrin and the hostesses.

Regular Club Meeting Held in Guess Home

Mrs. Bailey Guess was club hostess for the regular semi-monthly meeting of the Weinert Matron's Club in her home Thursday, October 30.

The program "Texas Resources and Conservation" was directed by Mrs. Vern Derr, who was assisted by Mrs. J. W. Lisle and Miss LaVerne Burgess.

Refreshments of nut pie and coffee was served to Mmes. R. P. Hattox, Bill King, R. H. Jones, J. W. Lisle, Fred Monke, W. D. Hinson, Jr., W. L. Johnson, H. S. Sullivan, Garland Davis, Clyde Taylor, Vern Derr, J. V. Perrin, P. F. Weinert and H. Weinert and Miss LaVerne Burgess.

Mrs. R. P. Hattox was elected delegate and Mrs. Fred Monke alternate to the Texas Federated club convention which meets in Austin November 12-14.

Weinert People Go To Funeral in Lubbock

Those who attended the funeral services of Superintendent Duff's brother, who died Sunday at Wilson, Texas, were Mr. and Mrs. C. A. Thompson, Mrs. R. H. Jones, Mrs. H. F. Monke, Mr. and Mrs. Claude Reid, Mr. and Mrs. Irvin Coggins, Mr. and Mrs. Ezra MeBeth, Mr. and Mrs. John Cooper, Mrs. Burkett, Philip Davidson, Jr., Mrs. W. L. Johnson, Mr. and Mrs. R. P. Hattox, Mr. and Mrs. Bailey Guess, Garland Davis, and Rev. D. VanPelt. Funeral services were held at Wilson, with burial at Lubbock.

Weinert Women's Society of Christian Service Meets

Monday, November 4, at 2 p.m. eleven members of the W.L.C.S. met at the Methodist church and observed the week of prayer service which was conducted by Mrs. Fred (Toke) Trice.

The subject was "New Roads Untried," a service of worship and meditation. Mrs. T. C. Walker had charge of the music. The opening song was "Tis So Sweet to Trust in Jesus."

Meditation was given by Mrs. D. A. Ross, a poem by Mrs. H. Weinert, Weinert, Scarritt's "New Day," was given by Mrs. H. Weinert.

Mrs. D. A. Marsh told of the new need in a warring world. Mrs. Sam Bird, Jr., read a musical poem with Mrs. T. C. Walker accompanying. The offering was taken while Mrs. Walker played soft music.

Those present were Mmes. J. W. Medley, Frank Ford, G. L. Walker, Milton Walker, Everett Medley, Fred Trice, D. A. Ross, P. J. Josselot, P. F. Weinert, T. C. Walker, Richard Weinert, Sam Bird, Jr., W. A. Marsh and H. Weinert.

Those attending Mrs. Agnes Bennett's funeral services at Littlefield last week were: Mr. and Mrs. Alvin Bennett, Mr. and Mrs. Lewis Bennett and son, Tommie, Mrs. Ernest McGuire and daughter, Becky Sue, Mr. and Mrs. Marvin Teaff and children, Mr. and Mrs. Archie Teaff and children.

Weinert Couple Attend Red and White Convention

Mr. and Mrs. Payne Hattox attended the Red and White convention which was held in Houston last week at the Rice Hotel.

The convention visitors were entertained by various business firms, part of whom were Brown Coffee Co., Gebhardt Chili Powder Co., Imperial Sugar Co., of Sugarland. A large crowd was in attendance, including Red and White grocery store representatives from all over Texas, Louisiana and Mississippi districts.

Mrs. Sam Bird and Miss Inez Medley were shopping in Wichita Falls Wednesday.

A. R. Couch of Haskell was a business visitor to Weinert Wednesday.

Deputy Sheriff Isbell of Haskell transacted business in Weinert Thursday.

Mr. and Mrs. T. L. Hawkins and son Otis, have returned from Dallas and Sulphur Springs, where they spent the week end with relatives and friends.

Mrs. Josie Price was in Haskell Monday on business.

Conference Held at Union Chapel

Thursday night, October 3, the fourth quarterly conference was held at Union Chapel. Rev. T. M. Johnston, dist. supt., preached and conducted the business conference with Mr. R. M. Walker as secretary. A number of members of the Weinert Methodist church attended.

Sunday night, November 3, there was a fellowship meeting and the pastor, Rev. D. A. Ross, conducted the installation service of the church and Sunday school officials.

Bro. Sargent gave the closing message and benediction. The Weinert people who attended were Rev. and Mrs. D. A. Ross, Mrs. Josie Price, Mr. and Mrs. Henry Smith and children, Mr. and Mrs. Preston Weinert and children, Mr. and Mrs. Garland Davis and Don, Mr. and Mrs. Hershall Cowan, Mr. and Mrs. R. M. Walker and children, Mrs. G. L. Walker and son, G. L. Jr., Mr. and Mrs. Paul Josselot, Mr. and Mrs. V. P. Terrell, Mrs. Iva Palmer and Mrs. D. Weinert.

The Union Chapel members will attend church at Weinert Methodist church on Nov. 10, at 7:30 p. m., for a fellowship program.

Miss Ann Weinert Is Honoree at Farewell Party

Friday evening, Nov. 1, Miss Elizabeth Medley entertained with a surprise farewell party in her home, honoring Miss Ann Weinert, who is moving to San Antonio this week.

Games of checker-checks, tiddly-winks, table tennis and forty-two were played.

Hot chocolate, sandwiches and cookies were served to Clay, Griffith, Clarence Sparkman, Pauline MeBeth, Inez Medley, Burnard Cooley, Philip Cadenhead, Huland Edwards, the hostess and the honoree.

Mrs. P. J. Josselot entertained her Sunday school class, composed of the young people of the Methodist church with a Hallowe'en party Friday night. The Hallowe'en motif was carried out in decorations and refreshments. Guests wore Hallowe'en costumes and were entertained with ghost stories and pranks. All joined in thanking Mr. and Mrs. Josselot for a good time and will look forward to the next party in the Josselot home.

Hallowe'en Party for Class
Mrs. V. P. Terrell entertained her Sunday school class and several friends in her home Thursday, October 31. The class came in costumes, and the Hallowe'en motif was carried out in the games, refreshments, etc. The little ones

enjoyed the ghost stories.

Those present were Dickie Weinert, Otis Hawkins, Irma Fay, Buddie, Mary and Sonnie Walker, Bobbie Bear, Helen Rea West, Russell West, Mrs. Frank West, Mr. and Mrs. R. M. Walker, Mr. and Mrs. H. R. Bettis, Mr. and Mrs. Paul Josselot and Mr. and Mrs. V. P. Terrell.

B. A. Burgess, Miss LaVerne Burgess and Miss Bill Webb spent several days in Fort Worth last week.

Recent visitors in the S. L. Coggins home were their son, Clay Coggins of Rotan, Mr. John Coggins, another son, his wife and son, James Tyler Coggins of Abilene and Bonner Baker of Guthrie, Texas.

Mr. and Mrs. T. D. McKinney and sons, Tom and Billy, of Abilene were guests of Mr. and Mrs. H. W. Johnston Sunday.

Bob Rich of Fort Sill, Okla., spent the week end with his parents, Mr. and Mrs. H. R. Rich.

Mr. and Mrs. Hallie Chapman of Haskell attended the singing convention in Weinert Sunday.

Mr. and Mrs. H. W. Johnston visited in Haskell Sunday afternoon.

Max Merchant of Rochester visited his parents, Mr. and Mrs. Jack Merchant Saturday.

Mrs. J. O. Merchant has returned from a two weeks visit with her son, Carlton Merchant and Mrs. Merchant.

Miss Gussie Caddell of Waco spent the week end with relatives here.

Mr. and Mrs. Bill Lane and Mr. and Mrs. Willie Lain of Haskell visited friends in Weinert Saturday night.

Mr. and Mrs. Bill Johnson and sons visited her parents, Mr. and Mrs. Sprattin, at Lueders Sunday.

Attending the show in Haskell Saturday night were Misses Peggy Palmer, Gloria Kane, Louise Taylor, Granger Jenkins and Clarence Sparkman.

Cotton Prices Being Studied

The price of cotton in the past has been based on the grade and the staple of the cotton. Some experiments have been carried on by the Department of Agriculture, through which it has been learned that another factor has an important place in establishing the price of cotton. This factor being taken into consideration is the spinning quality or the character of the cotton fibre. It must be able to take and retain dye, have strength and stretch, size of fibre of staple diameter, twist, and cellulose structure.

The Surplus Marketing Administration of the Department of Agriculture is buying cotton at points where quality is being produced—Dallas, Paris, Floydada, Greenville and Munday. Around 6,000 bales will be bought at each point, if enough suitable cotton is available.

The cotton is sent to mills where it will be subjected to spinning tests, and this information will be made available to the cotton growers to be used in selecting a variety of cotton that has the most desirable spinning qualities and yet has a high yield per acre, or returns the farmer the most money per acre.

A CORRECTION

Due to an error either originating in the university or in The Times office, the name of Charles Haynie, Jr., was left off the list of Hardin-Simmons university students last week.

Haynie is certainly down there in a big way and is one of the outstanding players on the H.-S.U. freshman team, having already been instrumental in adding two victories to the list for his team.

John C. Spann and sons, Joe and John, were in Abilene last Sunday to attend the birthday dinner of their mother and grandmother, Mrs. G. C. Spann.

At The Churches

MUNDAY METHODIST CHURCH

This next Sunday brings us to the closing services of the conference year. Our conference will be meeting in Pampa, Texas, Nov. 15. The closing day will come on Wednesday, 20, this year instead of Sunday. You will want to hear these fine young people in song and message. My closing message of the year will be on Sunday evening at 7:30.

Brother Johnston, our District Superintendent, is asking that each church in this district observe Dollar Day Sunday. The money secured will go toward paying each local church out in full and the amount left over will be used to meet the deficits brought about by the disbanding of country churches during the year. Some are already paid in full on all items for the year. Let your offering come along to church with you Sunday.

Remember, Sunday School meets at 10:00 a.m. Preaching by a McMurry young minister 11:00 a. m. League at 6:45 and the final message of the year at 7:30 p.m. We will be looking for you at church Sunday.

H. A. Longino

FIRST BAPTIST CHURCH

We are happy over the fine response that our people are making to the work of the church and to the Kingdom program. Our State Mission offering went over in a good way. The attendance is good, and the general spirit is inspiring. The Sunday school has been running well over 200 for quite a while. The spirit of gratitude seems to be possessing all of us. Surely the Lord has been good to us! When we turn our minds to eternal issues we are made to think upon God, and His providential care and blessings. We are far into the fall season. Soon our National Thanksgiving Day will be here. The war clouds are hanging over much of the world, and we sorrow with those who are distressed, but we rejoice in our freedom of thought, life and worship.

We give you a cordial welcome to our services next Sunday. Miss Holloway will bring us a special song for the morning service. The special music for the evening service has not yet been arranged, but it is being planned.

W. H. Albertson

County Judge E. L. Covey of Benjamin was a business visitor here Tuesday.

Mr. and Mrs. George Hammett were business visitors in Knox City last Monday.

County Assessor-Collector Earl Sams of Benjamin was a business visitor in the city Saturday.

Miss Mary Couch of Haskell visited friends in Munday over the week end.

Burnett Zeissel, who is stationed at Fort Sill, Okla., visited home folks here over the week end.

Jones & Eiland

SERVING THIS COMMUNITY continuously for over 35 years and assuming its present name and ownership in 1924, the Jones & Eiland Insurance Agency in Munday carefully analyzes and protects its patrons insurance needs with correctly written contracts purchased in strong, reliable, old line stock companies.

This agency sells fire, tornado, hail, automobile, casualty, accident, life and in fact any kind of insurance you may require. They invite you to avail yourself of any service which you may seek touching on insurance needs.

Orrin Joe Bowden, a student in Hardin-Simmons university in Abilene, spent the week end here with home folks.

Rev. and Mrs. F. T. Johnson of Gore were business visitors in the city Monday.

Linn Owens spent the week end with relatives in Vernon.

Miss Mary Lane Mosby of Wichita Falls spent several days here last week with her sister, Mrs. Robert Green.

Mrs. K. G. Homer and Philip and Helen Homer visited relatives in Wichita Falls last weekend.

Pioneer Club Has Hallowe'en Party Thursday

The Pioneer Club was entertained with a Hallowe'en party in the home of Mrs. Nan Dingus last Thursday afternoon.

Guests were greeted by the members dressed in Hallowe'en costumes, and the reception room was decorated in Hallowe'en colors and fall flowers.

Six members having birthdays in October were presented with gifts, as was the club mother, Mrs. Collins.

Refreshments were served to Meses. John Martin, A. B. Russell, U. S. Rogers, A. C. Campbell, S. A. Bowden, Bertie Wilson, A. E. Womble, Geo. Redwine, J. F. Simpson, Nan Sweatt, F. H. Russell, Dan Weaver, J. R. Nelson, A. H. Beaty, Frank Burnison, Henry, W. A. Baker, Beacher, Emily Carden, Lizzie Brownfield, Misses Bertha and Dora Sweatt, and the hostess.

Wesleyan Service Guild Meets For Monthly Social

The Wesleyan Service Guild met last Monday night in the home of Mrs. Boudin in a business and social meeting, with Mrs. B. B. Bowden as leader.

Mrs. Ed Bowden gave the scripture reading, and Mrs. Sied Wahed gave a very lovely story on "Good Tidings of Christ's Love."

Other members present were Meses. Aaron Edgar, Roberts, Levi Bowden, Boudin, Joe Bailey King, Layne Womble and Misses Merle Dingus and Ruth Baker, members. Visitors were Mrs. S. E. McStay, Mrs. M. F. Billingsley and Silina Pearl Roberts.

County Council Of Women's Clubs Meets on Friday

The county council of home demonstration clubs met in the assembly room at Benjamin last Friday. All clubs except one were represented.

Members discussed the yearbooks for 1941, and arrangements are under way to have them made. Election of council officers was held, the following being elected:

Mrs. J. O. Cure, Gilliland, president; Mrs. Harbert, Benjamin, vice president; Mrs. Oral Patterson, Benjamin, secretary-treasurer; Miss Myrtle Munday, reporter, and Mrs. R. M. Almanrode, parliamentarian.

THANK YOU JACK

These are the words of Jack Whitaker of Truscott as he sends The Times a dollar for his subscription:

"Hi, gang! Just can't live without the good old Munday Times. Keep 'er a comin'."

Thank you, Jack. We appreciate those words as well as the dollar.

Bridge Club Meets Tuesday in Pendleton Home

Mr. and Mrs. H. A. Pendleton were hosts to members of the Tuesday Night Bridge Club in their home last Tuesday night.

Other than the games, a feature of the meeting was listening to national election returns as they came in over the radio. High score at the games went to Ray Holcomb and Mrs. A. H. Mitchell.

The hostess served a refreshment plate to Mr. and Mrs. W. R. Moore, Mr. and Mrs. Grady Roberts, Mr. and Mrs. Fred Branch, Mr. and Mrs. A. H. Mitchell, Mr. and Mrs. Ray Holcomb and the host and hostess.

Sewing Club In Meet Wednesday With Mrs. Jones

Mrs. John Ed Jones was hostess to members of the Mystic Weavers Sewing Club in her home last Wednesday evening.

After members had spent some time at needlework, the hostess served a salad plate to the following:

Mrs. H. B. Douglas, Mrs. R. B. Harrell, Mrs. Deaton Green, Mrs. Aaron Edgar, Mrs. L. S. Hardegreene, and a guest, Mrs. Noble, of San Angelo.

Hefner H.D. Club Meets Tuesday With Mrs. Clarence Jones

The Hefner home demonstration club met last Tuesday at the home of Mrs. Clarence E. Jones. Mrs. George Weber presided.

A report from the county council was given by Mrs. E. F. Payne. Plans for achievement day were made and a committee was appointed.

New officers were elected: Mrs. Ernest Ingram, president; Mrs. J. T. Murdock, vice president; Mrs. Marion Jones, secretary-treasurer; Mrs. Eugene Payne, council representative; Mrs. E. J. Jones, reporter, and Mrs. J. E. Cure, parliamentarian.

WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent

Mr. and Mrs. Tip Womble and children and Mr. and Mrs. V. C. Snyder and daughter of Dallas visited in the home of their father, A. M. Searcey and family, last week end.

Mr. and Mrs. J. W. Kemp and son, J. D., of Weatherford, visited relatives and friends here recently. Miss Estillene Gully of Wichita Falls visited in the homes of Mr. and Mrs. J. W. Gully and Mr. and Mrs. Thurman Gully last week.

Mr. and Mrs. Lamar Searcey and Mr. and Mrs. Alvin Reid were Knox City visitors Tuesday evening.

Miss Angeline Yates visited Dean Wilson of Goree last week.

STORY BOOK SHOES BECOME A REALITY

Three models of shoes using "Vynlite" plastic; a sandal of clear plastic with black suede; a black suede pump with plastic trim; and brown gabardine with stitch-trimmed clear plastic saddle and bow, blond wood heel.

THOSE glamorous, fairy-tale shoes you've been coveting since mid-summer are out of the story book world now, and a reality in most shoe shops where you can touch them and feel the remarkable stuff they're made of.

The new transparent plastic shoes, made with "Vynlite" sheeting, are now in the moderate price market, with country-wide distribution at \$8.75 and \$10.75.

These shoes, made of combinations of "Vynlite" flexible plastic sheeting with suede or leather, have been the talk of the shoe world ever since they made their bow last summer. The plastic sheeting, with amazing and practical characteristics, is a chemist's development from natural gas, coke, salt, limestone and water.

This new plastic for shoes is elastic, though it never binds, grips or snaps; it is waterproof, and unaffected by grease, dirt, alcohol or most chemicals; it doesn't scuff, crack or peel; and it is beautiful.

Shoe "Vynlite" plastic may be transparent or opaque, either crystal clear or in lovely colors. It takes stitching, draping or embossing for decoration, and provides fit, comfort, and perfect protection for the feet.

Most popular use is clear "Vynlite" sheeting in combination with black or brown suede, or amber "Vynlite" sheeting with brown suede, wine with wine, and blue or green with matching suede. Evening slippers make use of the colored plastic more extensively, the most popular using clear "Vynlite" sheeting with gold or silver kid trimming or binding.

Some of the shoes in the moderate price range combine the "Vynlite" plastic sheeting with gabardine—black, brown or blue—looking to evening. Some models have rigid plastic heels. Evening sandals combine the plastic with satin, which may be dyed to match an evening gown without harm to the crystal plastic.

Prizes To Be Awarded Homes On Decorations

Members of the Munday Lions Club voted Wednesday to award three prizes for the best decorated homes in Munday during the Christmas season.

As has been in previous contests, the Christmas decorations at the homes must be so arranged that they can be judged from out outside.

First prize will be \$5 in cash, and second and third prizes will be \$3 and \$3 respectively.

Business houses will also be decorated, and are to be unveiled at the time of the Christmas parade to be held here on November 30. A prize for the best decorated store window will be given by the West Texas Utilities Co., according to the company's custom of the past two years.

It is hoped that all citizens will cooperate in this movement to decorate the town for the Christmas season.

Woodwork Shop For N.Y.A. To Be Placed in Haskell

The National Youth Administration's woodwork shop for this area has been designated for Haskell, it was announced this week by Orman L. Kimbrough, area director.

Sponsors are Haskell county, Weir school and city, Rochester school and city, Rule school and city, Mattson school, Irby school, and other organizations.

This shop will provide facilities for instruction in the fundamentals of woodworking for 40 young men between the ages of 17 and 25 who are interested in learning the trade. Young men interested should contact Mr. Kimbrough, whose office is in the Haskell courthouse.

This phase of the N.Y.A. has been designed to help young men of Texas to qualify for jobs in private industry, and is in line with the national defense program.

Around \$10,000 worth of equipment has been ordered and will be received soon.

There is a possibility of other units, such as radio and mechanics, being added.

The primary purpose of such a unit is to give young men employment and work experience, and at the same time, sponsors and political subdivisions can have furniture constructed and reconditioned when the material is furnished.

Weekly Health

M.D. State Health Officer
Issued by Dr. Geo. W. Cox,
of Texas

Austin, Texas.—To minimize the danger of carbon monoxide poisoning during winter months, motorists are urged by Dr. Geo. W. Cox, state health officer, to check up now on the exhaust systems of their automobiles for defective connections and leaks.

"Colder weather will soon be here, and it will be necessary to drive in closed cars. Carbon monoxide may seep inside from leaky connections and overwhelm occupants of the car," Dr. Cox warned.

He said that "warming up" the car in a closed garage is the great-

est cause of carbon monoxide deaths. Leaks from manifold connections, cracked manifolds, defective manifolds, defective mufflers, leaks from loose muffler connections, and leaks from hot air heaters are potential sources for release of carbon monoxide and should be checked Doctor Cox pointed out.

"Pay particular attention to those items and remember that proper carburetor adjustment causes minimum production of carbon monoxide and that the highest proportion of this gas is produced an idling motor."

The state health officer said that headaches which occur during long drives may be an indication that carbon monoxide is leaking into the car. "Sleepiness, dizziness, fatigue and in extreme cases, paralysis, are other symptoms of carbon monoxide poisoning. Truck drivers on long drives are particularly vulnerable," Dr. Cox stated.

Carbon monoxide is colorless, odorless and tasteless. When it is in the air it gives no sign of its presence and it taken into the blood instead of oxygen. Suffering or collapse result from lack of oxygen.

The same carbon monoxide produced from exhaust gas of cars may also be a by-product of the incomplete combustion of fuel in homes, whether the fuel be gasoline, wood, coal, gas or oil. Such incomplete combustion is usually brought about by using heating equipment improperly adjusted or constructed. Periodical check-ups of heating equipment and connections should be made to forestall any possibilities of carbon monoxide poisoning.

LEAVES FOR BOWIE

George W. Nelson left last Monday for Bowie, Texas, where he will be employed on a highway construction job between Bowie and Montague. Mr. Nelson is one of the workmen who has been in charge of construction work at the city park here.

Miss Faye Marie Partridge, who is attending Hardin-Simons University in Abilene, spent the week end here with her parents, Mr. and Mrs. R. C. Partridge.

Want Ads Will Pay In The Times

DISILLUSIONED

Young Man (walking into cigar store): "I'd like to be a salesman for you. I'm regarded as the best salesman in the city."

"All right," replied the manager. "Take a dozen boxes of these cigars out and sell them."

The salesman tried hard to make a sale, but nobody wanted the cigars. Returning to the manager, he apologized by saying: "I'm the second best salesman. The man who sold you those cigars is the best."

"The only way to keep your health is to eat what you don't want, drink what you don't like and do what you'd druther not!"—Mark Twain.

Defensive Play of Munday Moguls Against Anson Last Friday Night

Editor's Note: The following is a detailed account of the Munday Moguls' defensive play against the Anson Tigers, which reached us too late to be combined with the story of their victory:

Red Stevens, end: Three plays were tried outside end for a loss of 5 yards, 71 yards gained inside Red's end on 7 plays, average 6.8 yards.

Joe Morrow, end: No plays were tried outside end; 63 yards gained inside this position and 2 yards lost. Four plays tried inside Morrow for an average of 15.2 yards per try.

Wm. Walton, tackle: 69 yards gained inside tackle and 2 yards lost; 8 plays tried inside tackle; 4 plays outside tackle. 63 yards made outside tackle. 12 pass plays tried over Walton for a total of 130 yards gained, average 10.9 yards per try.

Denham, guard: 53 yards made outside Denham on 7 tries; 12 yards made inside Denham on 6 tries; 2 yards lost inside guard position; 52

yards gained at Denham's guard on 13 tries, average 4.8 yards per try. Milstead, guard: 61 yards gained on this position on 2 plays for average of 30 yards per try.

Tidwell, guard: 53 yards gained outside Tidwell and 2 lost on 7 plays; 12 yards gained inside Tidwell on 6 tries; 65 yards gained over Tidwell for an average of 5 yards per try.

Red Stevens, tackle: 71 yards made outside tackle on 7 plays; 40 yards made inside tackle on 6 plays; 121 yards gained over Judge in 13 plays for average of 9.2 per try.

Red Stevens carried the ball 30 times for an average of 5 yards per try.

Joe McGraw carried the ball 20 times for an average of 8 yards per try.

"Jim, have you a warning signal on the front of your car?"
"Yes, Doc, I have a little round thing that says Dodge Brothers."

Athletic Fund Pays Old Debt

According to information received from Supt. S. Vidal Colley, all athletic bills have been paid to date.

Two athletic concerns were paid a bill of \$912.20 for athletic goods bought the past three years. This has been made possible by the success of the football teams, the cooperation of the merchants in advertising, and the loyalty of the Munday fans. A bill for \$650 was brought over from last year.

According to the figures released \$1,687.69 has been grossed through the gates, advertisements and other means. Disbursements have totaled \$1598.41.

Many perhaps do not realize the expense connected with football and caring for a football team. Among expenses listed other than actual football equipment are: lights, pay for officials, scouting expenses, gas expense for trips, advertising, gatekeepers, medical supplies, tape, towels, food for the team after a game away from home, lights for the field, lime for the field, equipment repairs and paying the visiting team for the game.

The team now needs warm-up jackets, several more suits for about 25 more boys that are coming out for the B team, and to replace old suits and equipment. In order to aid the ward school boys in starting their training so they will know something about football when they get in high school as other schools are now doing, the school athletic fund needs to buy some equipment for them.

One more game is slated for Munday; the Albany team comes here week after next.

R.E.A. Lines Are Nearing Completion

The rural electric line that is being built in Knox County is just about completed, and the current will be turned on in the near future, T. E. Craddock stated to County Agent Walter Rice last week. This extension must be inspected and approved by an engineer of the Rural Electric Administration, and the wiring completed on approximately 80 per cent of the houses before the current can be turned on.

Plans are under way to get another extension built, consisting of about 100 miles.

Electricity will be made available to farm homes that did not get in the two previous programs. Any farm family that has not previously made application for this service can secure information and application blanks at the county agent's office, stated County Agent Walter Rice.

RIGHT OUT OF THE AIR

By EARLE FERRIS

GINNY SIMMS, pictured here, is looking forward to next spring, when she'll accompany Kay Kyser and the "College of Musical

Knowledge" troupe back to California to make their third motion picture for RKO. The pretty songstress grew up there and is a tremendous favorite on the west coast.

Mary Margaret McBride, CBS Columnist of the Air, is completing a semi-autobiographical novel called "How Dear to My Heart," which will be published late this fall. A story about prairie life in Missouri where Mary Margaret was born, the book covers the period from her earliest memories until she was eleven and was sent to boarding school.

Pictured here is Walter Compton, the young man who says "double or nothing" on the program of

the same name heard Sundays at 6 p.m. e.s.t. over the Mutual network Compton flies between New York and Washington, D. C., to put the program on the air each week.

NBC waived its no-record rule so that Bob Burns' baby could go on radio. Burns set up a portable apparatus outside his wife's room shortly after the infant was born and recorded Stephen Foster Burns' first wails, thus making

him the youngest radio performer in history.

Each fall it's necessary for Andre Kostelanetz to increase his secretarial staff just to take care of the mail from schools and colleges. Leading educational institutions all over the country request use of his scores for study in their music courses.

Gwen Williams, pictured here, is a featured singer on Harry Saltzer's "Song of Your Life" program

being heard Fridays at 9:35 p.m. e.s.t. over the NBC-Blue network. She has been with the program since it made its network debut.

"Mr. District Attorney" reached a high mark in the listener surveys in September, and kept right on going upward, because radio listeners have indicated a great liking for the straight-forward manner in which "The Case Of" is dramatized.

Tony Wons, pictured here, will read his 10,000th verse on radio this season. The idea for the pres-

ent "Tony Wons and His Radio Scrapbook" series originated in a hospital in France following World War No. 1. Tony, recovering from a wound, compiled his first scrapbook, which he later used to start his radio broadcasts, essentially the same as the ones on the air today.

Broach Implement Co.

Horse Show is Announced For Seymour Area

A district horse show will be held in Seymour on Wednesday, November 13. This is the only horse show in this section of the state, and has drawn a fine number of fine horses in the past, stated County Agent, Walter Rice.

The show has grown and has expanded into five classes:

- Class 1: Thoroughbreds and half thoroughbreds.
- Class 2: Light horses.
- Class 3: Cowboy horses.
- Class 4: Draft horses.
- Class 5: Jacks and mules.

Knox County has always competed in this show, and some horses from here will be exhibited there again this year.

Further information regarding the horse show can be secured at the county agent's office. The Seymour Chamber of Commerce is sponsoring the show and has put up about \$200 in prize money.

The Acala Cotton Program

The Munday-Seymour one-variety cotton area has already sold 4,400 bales of cotton. The cotton is moving to the American cotton mills in uniform lots of high quality to make spinning tests, explained Ray Kelly, local manager of the cotton marketing association.

The program was originated for the purpose of attracting buyers for high quality cotton, in competition with foreign growers of cotton who have adopted American cotton machinery and cotton to expand their markets. Local growers are receiving \$4 to \$5 premium for their cotton over the prevailing prices. Some cotton buyers insist that the cooperating farmers are getting from \$5 to \$10 per bale over what they would have gotten without the program.

Munday cotton growers have made very rapid progress in their cotton improvement and standardization work. In 1937 about 75 per cent of the cotton grown in the Munday section was of an inferior quality, and now 90 per cent of cotton grown in this same area is Acala cotton having a staple length of an inch of better. Cotton yields have increased also during the past three years, according to AA Acala county records, and this cotton seems to withstand the drought and has a good turnout at the gin.

The present program is sponsored by the Texas Extension Service and the U.S. Department of Agriculture, will supplement experimental spinning tests and demonstrate what Munday cotton will do under practical mill operation. Four other points in Texas have been selected to carry on a similar program—Greenville, Acala cotton; Paris, Texas Rowden cotton; Floydada, Paymaster cotton, and Munday-Seymour, Acala.

Each bale carries a tag on the inside which permanently identifies the bale as having been produced in the area and gives the name of the sampler. Each bale is wrapped in cotton bagging, having a very attractive appearance, since it is not cut several times for samples as the common run of bales are.

After coming in from a twenty-mile hike, the officer in command of a Negro company said, before dismissing them, "I want all the men who are too tired to take another hike to take two paces forward."

All stepped forward except one big, husky six-footer. Noticing him the officer said, "Well, Johnson, ready for twenty miles more?"
"No, sah," replied Johnson, "I'm too tired to take even dem two steps."

Conservation Meeting Held Here Monday

Mr. C. Hohn, staff member of the Texas Extension Service, gave a very clear and concise explanation of the state conservation law to a group of 75 farmers at the Munday elementary school building last Monday afternoon.

All communities in Knox county were represented at this conservation meeting, as well as a good group from Haskell county. The good attendance clearly illustrated that local people are very much interested in soil conservation and in the coming election to be held in Knox county on December 14 to determine if a majority of the landowners favor organizing a soil conservation district under the Texas conservation law.

Mr. Hohn stressed the fact that a district can set up on a voluntary basis after the farmers have voted

a 2-3 majority favoring it. A district cannot levy taxes nor vote bonds.

After a district is set up the farmers have an organization under 5 directors, elected by themselves, who can request any state or federal aid deemed advisable, are eligible for WPA assistance, CCC camp, and loans from the Farm Security Administration. Hohn stated that this is a grave train ... you people will have to work for everything you get.

County Agent Walter Rice was in charge of the meeting and was assisted by G. R. Shuman, county agent of Haskell county, and News Van Zandt, home demonstration agent.

Contrary to popular belief, the use of snuff is not dying out. Around 38 million pounds went to market in 1939.

"Doing an injury puts you below your enemy; revenging it is making you but even with him, but forgiving it sets you above him—Benjamin Franklin."

NOTICE! To The Public:

I have severed my connection with the Cooper Motor Company, Oldsmobile dealers of Seymour, Texas, and after careful consideration and thorough investigation, have selected the Ford and Mercury line of cars.

As I believe the 1941 Ford and Mercuries to be the outstanding quality cars on the American market today, and I have accepted the position of head salesman of the Mercury line for J. O. Butler, Inc., of Seymour, Texas, including the counties of Baylor, Knox, Haskell, Throckmorton and Archer.

I now have a 1941 Mercury demonstrator and will be glad to call and demonstrate the qualities of this car.

I will appreciate any assistance that my old customers and friends may give me in my new line of endeavor, and invite you to call and see me in my new location. Do not hesitate to call on me at any time, as I am very enthusiastic over my selection and am sure you will be once you get the facts regarding this car.

Sincerely Yours,
Cecil Lewis

Moguls Come to Life Friday Night To Down Anson's Tigers, 7 to 6

McGraw-Stevens Plow Through Tigers For Gain After Gain

The charges of Billy Cooper and Joe T. Hext went to town last Friday night, upset the dope bucket for Anson, and won the approval of every Munday fan by defeating the Anson Tigers by a one-point margin. The score was 6 to 7.

With Joe McGraw and Red Stevens logging the mail, the Moguls fought the Tigers from one end of the field to the other and turned in one of their wildest offensive battles of the season. It was a ground-gaining affair for both teams, with the ball going up and down the field between the 10-yard lines.

Trailing 6-0 at the half, with Anson's score coming on the last play of the half, the Moguls came back to drive 80 yards in the third to tie the score. Stevens stepped back and booted the oval squarely between the uprights for the extra point and the victory.

Joe McGraw, who likely will never play a better game, tabbed the touchdown, going over standing up from the Anson 1-yard line. The Tigers made a stubborn goal line stand, but McGraw and Stevens pounded the line, and Stevens went over on the fourth down. The locals had chalked up a first down on the Anson 5 and gained only 4 yards in 3 tries.

Anson's touchdown came on the closing play of the half. It featured a sensational 47-yard sprint by Billy Joe Rust and a lateral to Tackle Harris, who stepped off the final 20 yards untouched. Rust took off from his own 27, slipped past left tackle, cut to the sidelines, and was really "burning the wind" until he was tackled and lateraled to Harris.

Both teams chalked up enough yardage to have tabbed several touchdowns. Anson took the opening kickoff, failed to gain a yard and punted to the Munday 22. The fireworks started then, when Stevens churned around right end for 34 yards. After other gains, the off-side penalty halted the drive and the Tigers took over on their own 35.

Ball, 150-pound fullback, retaliated with a 25-yard jaunt to Munday's 39. Rust and Ball added 12 yards for a first down on the locals' 27. Rust then fired a pass to Thurman that ended on Munday's 10 for a first down. After two plays picked up six yards for Anson, Rust fumbled and Munday recovered to end this threat.

Moguls Again Fail
Taking over on the 18, the Moguls again started "acting up" with McGraw adding 17 yards and Stevens 11. Stevens went wide around right end to the Anson 35, and three more plays moved the "pill" to Anson's 23 for a first down. McGraw again took off and was finally pulled down on Anson's 12. There the Moguls drew a 15-yard penalty, after which Anson intercepted a pass to get possession on the 12-yard line.

Two lightning-like thrusts and the Tigers were down to the Munday 23 for a first down. Ball started this drive with a 22-yard sprint to his own 34. Rust then passed to Ward, left end, who breezed to the Munday 23 before being hauled on down. There the drive ended.

Munday kept the brilliant offensive show rolling by driving back 61 yards to the Anson 16 before losing the ball on downs.

Taking over there, the Tigers were off again. Rust started by chalking to Ward for 16 yards

and a first down on Anson's 32. Rust then ran right end for 28 yards, but the Moguls put the brakes on there, taking over on their own 35. Munday bounced back to the Anson 39 and then came the Tigers' payoff play.

After a running play lost two and a pass was grounded, this Rust boy slipped through the Munday line and threw it in high to the Moguls' 20 where he lateraled to Harris, who completed the 63-yard scoring play.

MISS OPPORTUNITY
Munday muffed a scoring opportunity early in the third quarter when Stevens fumbled on the Anson 12. Rust recovered. Munday had gained possession on the Anson 29 on a fumble.

Starting from the 12, Rust raced through left tackle to his 35 and on the next play went around his right end to the Munday 34. There the drive bogged and Thurman booted into the end zone, Munday taking over on the 20.

From there the Moguls launched their touchdown drive. McGraw and Stevens alternated logging the mail on the 80-yard stretch with Stevens finally going over. Starting lineup:
Munday—Patterson, and Morrow, Ends; Tidwell and Walton, tackles; Denham and Kitchens, guards; J. Stevens, center; Moore, quarterback; McGraw and Carden, halfbacks; Red Stevens, fullback.

Anson—Ward and R. Greer, end, Harrison and Snyder, tackles; Martin and Farnsworth, guards; J. Greer, center; Rust, quarterback; McCoy and Thurman, halfbacks; Ball, fullback.

Officials: Brookshire (McMurry), Hays, (Tulsa), and Bently, (HSU).

LOCALS
Mrs. Johnnie McElhaney and Mrs. Reba Courtney of Fullerton, Calif., visited W. H. Atkinson and family the latter part of last week.

Miss Louise Ingram was home from Cross Plains for a visit with relatives over the week end.

Mrs. J. A. Wiggins spent several days last week in Mineral Wells, where she attended a state convention of the Order of Eastern Star.

Ike Shipman of Vera was here Tuesday, attending the livestock auction sale. While here he called at the Times Office and had the Munday Times sent to his address for another year.

Lot Keffer, of Seymour, Don Ferris and Aaron Edgar were visitors in Brownwood last Sunday.

Mrs. Fred Glover of Benjamin was a business visitor in the city Monday.

CARD OF THANKS
We wish to express our sincere thanks to the many kind friends for the assistance, the words of sympathy and the beautiful floral offerings. We shall ever be grateful to each of you.

Matress Program to be Continued Next Year, State Officials Announce

40,000 new cotton mattresses for rural families in Texas.

That's the estimate state Extension Service and Triple-A make on the number of new mattresses to be made in Texas as a result of the 1941 cotton mattress demonstration program just announced by the Department of Agriculture. Forty thousand bales of cotton plus the necessary ticking will be furnished Texas for the program by the Surplus Marketing Administration.

In general, the 1941 program will operate in the same manner as the 1940 program, under which 191,990 mattresses are being made Horton, vice-director and state home demonstration agent for the Extension Service. The scope of the program is limited to groups financially unable to purchase mattresses from commercial concerns and will interfere in no way with the sale of mattresses through commercial channels, she explained.

Families are eligible if they live in the country and had a total income of not more than \$500 for the previous calendar year. For each member of the family in excess of four, this figure may be raised fifty dollars.

They are eligible if they live in a village, town or city and receive at least half of their total income during the previous calendar year from agricultural occupations, providing, of course, the total income was not more than \$500.

Each eligible family may receive one mattress for each two persons in the family, not to exceed a total of three mattresses.

In interpreting the regulations for the program, R. T. Price, the state administrative assistant of the Agricultural Adjustment Administration and AAA supervisor for the project, explains that "to-

tal income" means the cash income received from all sources and all collectible, plus the local market value of all unsold farm products raised for sale or received as payment for services or rent and held for sale, minus farm rent paid or to be paid in cash. As in the 1940 program, eligibility of rural families will be determined by county agricultural conversation committees.

Applications for mattresses under the 1941 program will be filed in the offices of county home demonstration agents. In counties having no home demonstration agents, county agricultural agents will receive them.

Already, nearly 12,000 bales of cotton have been ordered from the Surplus Marketing Administration for November and December delivery, so in some counties, operation under the new program will likely begin prior to the first of the year, Miss Horton said.

THE TOM - TOM

MUNDAY PUBLIC SCHOOLS

EDITOR: Buddy Gafford
SOCETY EDITOR: Maxine Harrison
SPONSORS: 8th Grade English Class

LAURA BESS MOYLETTE TO HEAD PLAY CAST

A patriotic program which will include a play to be presented by pupils in the classes of Mrs. Cooper and Mrs. Wright. There will be 45 students in the play—this is the entire membership of the two grades. The part of "America" will be played by Laura Bess Moylette.

STUDENTS LEARN OF ELECTRICAL AIDS

The principles on which home electrical devices work are being studied by senior science students. They have made a list of 15 such devices and have made diagrams of several. They are studying such instruments in order to make simple repairs on them and to keep them in good condition. After a thorough study of the vacuum cleaner, electric iron, electric stove, fan, churn, and other devices from books and drawings the group will be shown these devices in actual operation.

CANDY DRESSES TO EMPLOY HOMEMAKERS

The first year homemaking girls are completing their pinafors this week to be used as aprons in their second semester foods class. Geneva King said, "I think we are going to look very nice all dressed alike."

The second year class was quite interested in candy making and therefore had several lessons on sugar cookery. They are now continuing their lessons on luncheons and dinners.

The third year class is still working on their Sunday afternoon dresses and evening dresses. The class decided that it would be wise to buy some pinking shears.

WPA LUNCHROOM TERMED AS "A GROWING SERVICE"

Lending a home-like effect to the WPA hot lunch room are the new curtains made by the second-year homemaking class. Each curtain is made of unbleached sheeting and has three bright stripes applied on them.

At present some 218 students are eating at the lunch room at the nominal sum of 7 1-2 cents a meal. Many students who are undernourished and unable to pay for their lunch are being fed free of charge at the request of their parents or guardians. School authorities state that about \$1,000 has been invested in the lunch room and that the school spends some \$250 every month for groceries. These groceries are in addition to the surplus commodities furnished by the Federal government. A

high standard, one set by the U.S. Government, is met by the balanced diet served to the patrons of the lunch room. Every worker has a blood test and is the holder of a food handler's certificate.

ACCIDENTS PLAGUE PRIMARY STUDENTS

Several students in the second grade have had accidents this week. Junior Howeth cut his head while playing football. Five stitches closed the wound.

Patsy Peck has a sore finger. J. L. Ford has been going to see the doctor for an infected hand.

Personal Mention

The following students have visited out of town: Charles Elmo Morrow went to Haskell Saturday. Omer Yarbrough went to Benjamin Sunday.

Eighteen boys and girls in the second grade went to Sunday school and church Sunday.

TRAITS OF GOOD CITIZENS INTEREST SECOND GRADE

This week is American Education Week. Special emphasis is being placed on good citizenship for boys and girls.

The second grade is observing this week. Listed by the pupils as worthwhile traits are: 1. A good citizen helps Mother. 2. A good citizen takes care of his pets. 3. Good citizens work and play happily at home. 4. Helpfulness to other people. 5. Industry at school. 6. Good citizens work and play happily at home and at school.

NEARLY \$200 NETTED BY PTA CARNIVAL

According to Mr. L. M. Palmer, principal of the Munday Elementary School, the PTA Carnival, held in the school gymnasium netted \$188. Best money making booths were Bingo, Chunk the Teachers, Cat Stand, and Cake Walk. Preceding the Carnival the King and Queen of the occasion were crowned with ceremony on the stage. King was Forrest Yancy and Queen was Johnny Maude Hendrix.

A Want Ad in the Times Pays

CARD OF THANKS
We are indeed grateful for the kind words and acts of our friends in our time of trouble. Occasions such as this are the supreme tests of friendship, and words cannot express our love and appreciation to those who have proved true. We can only wish that God's richest blessings may be bestowed upon each one of you.
Mr. and Mrs. Emmett Branch and Agnes and Jimmie

HERE FOR MEETING
H. T. Sullivan, vocational agriculture instructor in the Weinert schools, was here last Monday to attend a soil conservation meeting.

Mr. and Mrs. Tug Nesbitt of Dallas were here the latter part of last week, coming to attend the funeral of Mrs. Nesbitt's brother, Emmett Royce Branch.

BIRTH ANNOUNCEMENT
Mr. and Mrs. Mrs. S. E. Seay are the proud parents of a baby daughter, born on Wednesday, October 30, 1940. Both mother and daughter are reported to be doing nicely.

The Adventurous Mind
 by G. M. Adams

Nothing in all creation can compare with the human mind. Everything of progress, of art, literature, of beauty, or of happiness, is conceived within the folds of the brain. Its vast, compact groups of cells are always hungry, always adventurous. It is as if each one were forever crying, "I want to know." Stimulate this mind of yours and at once it wants to learn—to find out. The appetite for knowledge is never satisfied. There is no limit to the amount of knowledge that the mind can hold. From every book read, from every travel trip, from every other thing with which

your mind comes in contact, something new is presented, and something new may be learned.

No child should ever be discouraged in its desire to know. Every faculty of its mind should be given encouragement. Much of the foundation of our own philosophy of life was initiated 2000 years and more ago, in far away Greece where men like Plato, Socrates, Aristotle, and others, formulated their ideas and encouraged the youth of the time to gather about them for study and meditation.

There is more concealed in the look of a face than any of us ever quite realize. To contact people, a every opportunity is to contact life. And always it means a new adventure for the mind. Those who live an adventurous life live a happy life and usually a long one!

 You'll see war as it is
 today in London.

People, Spots In The News

MAN MAKES SUNSHINE... Although this 10,000-watt mercury vapor lamp was encased in cooling jacket of running water, its infrared radiations—producing light one-fifth as bright as sun's surface—quickly set fire to wrapping-paper torch held by S. G. Hibben in demonstration before college scientists at Bloomfield, N.J.

RAMPAGING REAGAN... Brushing off Princeton tackle on one of his long runs that made him one of nation's most spectacular ground gainers is Frank Reagan, U. of Pennsylvania halfback who scored 10 touchdowns in first three games as Penn powerhouse walloped Maryland, Yale and Princeton.

51-A-YEAR MAN... John Hay Whitney, board chairman of Freepoint Sulphur company and motion picture executive whose company produced "Gone With the Wind," signs with government at \$1 a year. He will direct motion picture division of office for co-ordination of commercial and cultural relations between the American republics.

Three-Day Armistice Celebration At Rule to Begin Sunday at 2:30 P.M.

The largest celebration to ever be held in Rule will be the Armistice celebration on November 10, 11 and 12, when over ten thousand visitors are expected. The attractions this year will exceed anything ever attempted by the Armistice Celebration Committee.

Sunday, November 10 at 2:30 p.m., an Armistice service will be held in the high school auditorium for the public. All ex-service men and Spanish-American war veterans are especially invited to attend this service. This event will be a home-coming for all World War veterans, and ex-service men from the state and Oklahoma and New Mexico have been contacted and have promised to be present for this occasion.

Monday, November 11, at 11 a.m., senator-elect John Lee Smith, a nationally known speaker and Legionnaire, will make an address from the sound truck on main street. At 12 o'clock a "Bean Feed" will be given all American Legion and ex-service men who attend. The big parade will form at 1:00 o'clock at the school grounds. This parade last year was said to be the most unique and interesting ever held in West Texas, and promises to be even greater this year. Immediately after the parade the football game will be called Monday night at the football field a unique fireworks display will be given at 7:30. This will be similar to the huge fireworks display at the State Fair in Dallas last month. Immediately after the fireworks display two dances will be in progress—square and round.

Tuesday morning at 10:45 the Pet Parade will be held. John A. Lee will be in charge of this event. All entries must be in by 9 a.m. At 2 p.m. the Old Fiddlers contest will be held. Immediately after this event a "Sadie Hawkins Day" event will be held, and a number of entries have been placed. Any couple anywhere is eligible to enter. Tuesday night at the football ground a Square Dance on Horseback will be staged. This team will be from Throckmorton, and is said to be one of the best attractions in West Texas. After this event two dances will be in progress.

There will be amateur programs over the loudspeaker in the sound night after the football game. Guy and Joe went ginning to Munday Sunday night. Gena Beth went to Munday carnival Thursday night. Ruby and Loma Rae were scared all Thursday night after seeing the midnight show. Kenneth went to bed so late Thursday night. Guy, Jean, and Joe went to bed so early Thursday night. Polly Goodson likes to go to K. C. on Saturday night, especially last Saturday night. Roy still goes to Lake Creek. Or does he? Katy was so lonesome Saturday night.

permont, Swenson, Peacock, Jayton, Dean Bogard of McMurry college will have the Drum Corps girls present and will participate in the parade Monday at 1 p.m. The usual band contest will be held and awards given.

LOCALS

Mrs. Tom Haney of Wichita Falls visited friends and relatives here last Thursday.

Preston Ingram of Sweetwater spent the week-end here with his mother, Mrs. Louise Ingram.

D. Hassan and family of Stamford spent last Sunday here with Mr. and Mrs. Jimmie Silman and family, Mr. and Mrs. Sied Waheed and family and George Salem.

Mr. and Mrs. Oran Driver of Benjamin were business visitors here last Monday.

Mrs. C. R. Haymes and Mrs. C. D. Hopkins and son, Joe Carroll, of Stamford spent last Sunday here, visiting in the home of Mr. and Mrs. Lee Haymes.

Tractor Operating Contest Thursday Is Won by Two Knox County Youths

To Compete in State Contest at Dallas

Two Knox county boys won the tractor operating contest held on the Roy Maples farm near Goree. The contest was sponsored by Pendleton and Stodghill of Munday and other dealers of Ford tractors and Ferguson implements in this territory.

First place winner was Foreman Nix, with a score of 86.5 out of a possible 100. Second place winner was Delmas Price, whose score was 86.3. These two young men will compete in the final contest to be held in Dallas on November 7, in which the first prize is a completely equipped new Ford tractor and a Ferguson system two-bottom plow.

Six other boys competed in the district contest. They are Chester H. Chapel, T. C. Richardson, J. B. Johnson and Clayton Boldwin. The contest was sponsored by Parker Bros., Abilene; J. and F. Sales Co., Wichita Falls; Wilbarger Farm Machinery Co., Vernon; and Pendleton and Stodghill, Munday.

Pendleton and Stodghill was host to the boys and a group of contest sponsors at a luncheon on Thursday at noon at the Terry hotel. About 22 were present for the luncheon.

All of the contestants are members of the National Farm Youth Foundation, which is an educational program sponsored by the Ferguson Sherman Mfg. Corp., of Dearborn Mich., with the cooperation of Henry and Edsel Ford. Its purpose is to provide opportunity for young men from farms to acquire education in farm engineering and management, along with practical experience, that they may become better farmers and better citizens of rural communities.

At the conclusion of the course of study offered by the foundation, the young man who achieves the best record in this district will be given a contract covering a well paid job with the Ferguson Sherman Mfg. Corp., and the one who stands next highest will have a similar position with the company's distributor at Dallas.

The district contest was between boys from the following counties: Taylor, Jones, Haskell, Knox, Baylor, Archer, Wichita, Clay and Wilbarger.

Winners in the Dallas contest

will receive the tractor and plow as first prize, an automatic shotgun as second prize, and a Zenith radio as third prize. Judges in the local contest were Walter W. Rice, Benjamin; R. D. Sexton, Abilene; O. A. Clark, Dallas, and R. W. Maples, Goree.

Good Run Of Stock Sells At Auction Tuesday

A good run of cattle and hogs were sold at auction last Tuesday with prices steady to higher on cattle and somewhat higher on hogs.

Good smooth hogs weighing from 180 to 250 pounds sold from \$6.00 to \$6.20 per hundred; 160 to 180 weights brought \$5.80 to \$6; and 250 to 300 weights brought \$5.90 and \$6. Good packer sows sold around \$5.25 and \$5.50, and shoats weighing from 75 to 110 sold for \$4.50 and \$5.

All classes of cattle moved out well in line with all major markets, and brought good prices. Some of the prices paid were:

Good beef bulls, \$5.50 to \$5.90 per hundred; butcher bulls \$5 to \$5.50; good butcher cows, \$4.50 to \$5.25; canners and cutters, \$2.75 to \$4. Two exceptionally good heifers in cow weight sold for \$9.25 and \$7.65. Good fat yearlings brought \$7.75 to \$8.50; butcher yearlings, \$6.75 to \$7.50; good fat calves, \$7 to \$8; common butcher calves, \$6.50 to \$7; plain light calves, \$5.25 to \$6.50; good stocker-steers, \$8.50 to \$9.50; good stocker heifers, \$7.75 to \$8.50.

The list of sellers included C. R. Elliott, Walter Coody, J. I. Hudson, A. M. Moore, John Albus, Albert Andrae, E. R. Lowe, Grady Thornton, D. G. Griffith, J. D. Shirley, C. A. Ryan, R. D. Fox, Ab. Boone, J. A. Hill, W. R. Moore, George Zeissel, Claude Hill, Buck Tidwell, L. B. Baty, Munday; N. J. Jordan, Buster Coffman, A. L. Haslin, Van Thornton, Lloyd Bradley, Ross Bates, Roy Jones, Roy Perdue, A. L. Hord, T. M. Hutchens, E. V. Vaughn, Goree; Roy Day, C. H. Keck, E. H. Tankersley, J. M. Bradberry, B. F. Cornett, Knox City; E. G. Navratil, Floyd Causey, Joe Orsak, Elton Scott, Perry Woods, S. A. Ondrick, Seymour;

Dolls From Dixie

There's no danger of these Castro Valley, California, girls breaking their dollies, for they're all cotton. Wearing dainty old-fashioned cotton dresses, the dolls are made from cotton stockings and their hair and faces are made from cotton thread and yarn. True daughters of the South, the Dixie Dolls are proving popular throughout the Pacific Coast area where they were introduced. All hand-made, each a different design, the Hollywood products are said by the National Cotton Council to be gaining favorable attention from novelty and gift stores.

Jack Ratliff, Chas. Conner, Dick Frierson, Luther Highnote; Haskell; O. R. Miller, O. R. Gilliland, S. C. Colthamp, O. L. Iseng, E. R. Sprague, Gilliland; Vern Derr, Bud Derr, Clyde Taylor, H. A. Saunders, J. B. Stewart, V. Bowman, Mrs. Elva Stewart, Arlis Weaver, Clay Kimbrough, Weinert; Zack McWhorter, Throckmorton; Jim Cook, Crowell; R. L. Diekey, Rule; D. H. Adkins, Rochester.

Buyers present were Wichita Meat & Provision Co., Wichita Falls; Vernon Packing Co., Jordan & Sargent, Vernon; W. S. White, Jr., Sentinal, Okla.; Harold Motley, Hollis, Okla.; Jim Cook, Roy Steele, Z. Bell, Crowell; M. E. Smart, Lueders, Morgan Williams, Stamford; C. R. Elliott, C. L. Mayes, D. G. Griffith, Griffith Bros., E. R. Lowe, Henry Jones, Coy Phillips, Munday; V. J. Peek, Van Thornton, Ruby Hammons, E. O. Bowman, Roy Perdue, Goree; Floyd Causey, C. B. Vaughn, G. S. Snapka, G. L. Forrester, Henry Barnes, Seymour; O. A. Iseng, O. O. Iseng, J. O. Peemster, Gilliland; J. H. Tankersley, J. M. Bradberry, C. A. Hull, Knox City; R. L. Diekey, Rule; J. A. Mayfield, Weinert; C. W. Stephens, Weinert; H. C. Corley, Rochester.

NAVAHOS ARE READY FOR WARFARE BUT PAPAGO BRAVES WON'T SIGN

Window Rock, Ariz.—Supt. E. R. Fryer of the far-flung Navaho reservation announced today the registration for selective service totaled 4,520 braves, about 300 more than was estimated.

Several tribesmen appeared at registration stations with rifles, ready to take up the war path at once. Another showed up with his horse and pack animal "ready for trip to Germany," officials said. One Indian offered to sell his sheep to help feed the army.

Are You On Our Honor Roll?

Many Knox county citizens have made our honor roll this week. Are you among them? Our honor roll consists of those who have brought in, or mailed in, their subscriptions to The Munday Times.

Listed below the those who have subscribed since the list was published last week. This list includes those who subscribed up until six o'clock Wednesday evening:

Parade of . . .

(Continued From Page One)

event. All Knox County clubs, churches, schools, women's organizations, bands and individuals will be asked to cooperate in making the event one long to be remembered in the history of Knox County.

The parade has the endorsement of Mayor Terry, who plans to issue a proclamation setting aside the day of the parade for the express purpose of paying tribute to Santa Claus, and school children will be permitted to witness the spectacle through the generosity of the City School Board.

Legion Feed Is Tuesday Night

Will Discuss Plans For Home Guard

Members of Lowry Post No. 44 of American Legion, all ex-service men and their wives will gather Tuesday night at the Legion hall for the regular meeting and feed. Bring your knife, fork and spoon to this meeting. That's all that's necessary to enjoy this feed. Not only Legionnaires, but all ex-service men and their wives are urgently requested to attend this meeting.

The possibility of organizing a Home Defense Guard has been discussed for some time, and the Munday Legion post will discuss this organization at Tuesday night's meeting. It is important that all Legionnaires be present.

Knox City Romps On Sunset Team

Knox City 6-man football team trampled the Sunset team last Friday by a score of 40-0 on the Knox City field.

Ratings for Knox City's touchdown boys were: King, two; Hill, three; Jones, one, and Carpenter kicked four conversions.

Outstanding for Sunset were Tidwell, Myers and Freeman.

This was a conference game, and Knox City is now tied with Truscott and Vera for conference leadership.

The vicar had just returned from a visit abroad, and a big crowd of his parishioners had collected in the schoolroom to meet him. Beaming with pleasure, the vicar got up to speak to the people.

"My dear friends," he started, "I cannot call you ladies and gentlemen, because I know you too well."
