

## WORLD WAR VETERANS ASKED TO REGISTER

### Building Program Started For Presbyterian Church

Actual work on the building program for the Presbyterian congregation was started this week. Final approval of plans was given by the building committee last Monday, and work of tearing down the old building was begun.

Members of the building committee are W. E. Braly, Fred Broach and E. H. Bauman. Possibly ten days will be taken in razing the old structure and salvaging the lumber to be used in the new one. This old building was formerly the Munday Baptist church and was purchased by the Presbyterian people in 1925.

County machinery, furnished through the courtesy of Ed Jones, commissioner, graded the lot where the new building will be constructed last Tuesday.

The new structure will be of Luaders rock. S. E. Vandever of Goree has been employed as contractor for tearing down the old and constructing the new building.

Rev. W. R. Bryant, pastor, announced there would be no church services for the Presbyterian people next Sunday because no place has been selected for these services. Announcement regarding further services will be made later.

The new structure will afford ample room to care for the needs of Presbyterian people here for some time, and when completed it will be an office of which the entire community will be justly proud.

### County Tourney In Basketball To Be Held Here

Fast action is expected in the county basketball tournament to be held here Friday and Saturday of this week, according to L. S. Hardegree, athletic director of Knox county.

County winners will be decided in two divisions: a junior boys group consisting of Gilliland, Truscott, Vera, Benjamin, Knox City, Goree, Sunset, and Munday; and a senior boys group consisting of the above list with the exception of Gilliland. This classification gives 7 teams in the senior group and 8 in the junior group.

Games will be held on Friday night, Saturday morning and Saturday afternoon and Saturday night. Snappy offense, rapid recovery on defense, smooth handling of the ball, and close scores have been outstanding in the games so far this season and fans expect the best competition in several seasons.

### CHANCEY HOBERT HOME FROM A. & M. COLLEGE

Chancey Hobert, who has been attending A. and M. College, came in last week for visit with his parents, Mr. and Mrs. L. W. Hobert.

Chancey, who majored in agricultural administration, has completed his work and will receive his B.S. degree in March.

the program. Principal talks were made by Wade T. Mahan and Joe T. Hext, assistant coach. Mrs. Hext and Miss Hylan Holloway gave solos; Bonnie Jones gave the welcome address, and response was made by Ralph Tidwell. Rev. R. L. Kirk, Methodist pastor, gave the invocation.

Coch Billy Cooper introduced the football players, making complimentary remarks about each one. Bonnie Jones presented next year's pep squad leaders: Jimmie Henslee, head leader, and Bobbie Floyd and Patsy Ruth Kirk, assistants. Miss Holloway led the assembly in singing "Auld Lang Syne" as a climax to the program.

The splendid banquet was served by the first year home economics class, under the supervision of Miss Irah Moody, teacher.

### W. F. Hutcheson Funeral Is Held On Wednesday

W. F. Hutcheson, well known resident of Knox county, passed away last Tuesday night at 9:45 at the Knox county hospital, where he had been taken for treatment.

William Franklin Hutcheson was born in Santa Fe, Tennessee, on February 7, 1875, and was 66 years and 4 days of age when death came. He was engaged in farming here for a number of years but had retired during recent years. Mr. Hutcheson had been a resident of Knox county for 25 years.

Survivors include the widow, Mrs. Virginia May Hutcheson of Munday, two sons and three daughters, who are: H. C. Hutcheson, Longview; D. V. Hutcheson, Munday; Jessie Pearl Henderson, Rule; Freddie Mae Morrow, Munday; and Amelias Magdalene Guinn, Munday.

Funeral services were held from the Church of Christ in Munday at four o'clock Wednesday afternoon. Services were conducted by J. C. Scott of Rule, and interment was in the Johnson cemetery by the Mahan Funeral Home.

### Father of Mrs. Jimmie Silman Dies At Chowifat, Syria

A letter from Mrs. George Salem, received here last Friday, informed relatives of the death of R. Richards at Chowifat, Syria. Mr. Richards was the father of Mrs. Jimmie Silman of Munday.

Richards, who was 80 years old, is survived by two daughters and three sons: Mrs. Silman, Mrs. Salem of Syria, Marouf Richards, Syria; and Arief and Fouad Richards, both of Venezuela.

### Colored Lunch Room to be Open

The lunch room for the colored school will be opened for inspection next Sunday afternoon from 2 to 5 o'clock. The public is invited to visit the room during these hours.

The colored P.T.A. is very grateful to Mrs. E. W. Harrell for the utensils, glasses, dictionary and many other things she has given the school.

G. M. Bryan, Munday justice of the peace, became ill the first of this week and was taken to the Knox City hospital for treatment. His many friends here wish him a speedy recovery.

Mrs. Lou Parkhill and Ralph Brown of Wichita Falls visited with Mr. and Mrs. H. H. Harrison last week.

### Carden and Moore Named Co-Captains of Moguls

As a highlight of the banquet honoring last seasons Munday Moguls, the captains of the 1941 team were announced. Raymond Carden and Ray Moore have been elected as the boys who will pilot the Moguls next season in their new district, 9-A.

Valentine colors of red and white were featured in decorations and plate favors when the pep squad girls honored the Moguls at this banquet, which was held in the school auditorium last Friday night. Paper baskets filled with candy Valentine hearts were used as favors.

Supt. S. Vidal Colley directed

### MUNDAY'S ONE-MAN FIRE DEPARTMENT

Munday had a one-man fire department early last Monday morning. A truck caught fire on the highway about two miles south of Munday and a request for aid was sent in.

Buell Bowden hopped the "fire wagon" and rushed out there, where he succeeded in putting out the fire before the truck was badly damaged. No alarm was sounded, and other firemen knew nothing of the "one-man job" until it was completed.

### Munday Bank Is Depository For County Funds

In a telephone conversation Thursday morning, County Judge J. C. Patterson stated that the First National Bank in Munday had been selected as the depository for Knox county's funds for the next year.

Bids were asked for by the commissioners' court for their February meeting, which was held last Monday.

The Munday bank was the only one submitting a bid for those funds, and the commissioners selected it to handle the funds for 1941.

### Officers For Home Guard Are Elected Here

Around 60 persons were present last Thursday night at the American Legion hall when those who had signed for service in the Home Defense Guard met to organize the unit.

Walter Rice of Benjamin was named captain of the local company, which will be Company C. John Ed Jones is first lieutenant, and Lee Haymes is second lieutenant. Non-commissioned officers will be appointed by these officers.

The company will meet on Thursday night of this week at the school auditorium for the first drill. Regular drills will be held on Thursday night of each week from 8 to 9 o'clock. All members are urged to attend the meetings Thursday nights.

The charter and other equipment will be issued within the near future, it is believed.

### HOME GUARD BILL GETS SENATE OKAY

Tacking on an amendment specifying when it shall disband, the Senate last week finally passed the House bill setting up a defense guard for Texas.

The guard would serve only while the National Guard is on Federal duty, and will disband, under the amendment, the moment the National Guard returns to home stations.

### Aristel Thompson Takes State Job

Aristel Thompson was called to Austin last Thursday by State Supt. L. A. Woods and accepted a position with the State Department of Education. He will possibly be stationed at Palestine.

Both he and Mrs. Thompson and graduates of Munday high school and ex-students of Texas University. They have been teaching for the past four years, resigning their places to take the new post of service. Mrs. Thompson will join her husband in a few days.

J. L. Hill, Jr., secretary-treasurer of the Stamford Production Credit Association, was a business visitor in the city last Tuesday.

### Knox County Hospital Notes

Patients in the Knox county hospital February 11, 1941, included: Miss Louise Allen, Vera; H. M. Montgomery, Munday; H. D. Warren, Munday; Elwood Hackney, Seymour; Alsites Cruz (Mex.), O'Brien; Mrs. C. T. Cochran and baby son, Knox City; S. M. Clonte, Knox City; Mrs. C. F. Fincannon, Munday.

Dismissals since February 4, included Roy Woodward, Knox City; W. L. Bivins, Truscott; Mrs. Casey Jones and baby son, Knox City; T. H. Dolan, Benjamin; Mrs. W. J. Matura, O'Brien; Mrs. Joe Richards and baby girl, Vera; Mrs. Esker New and baby son, Truscott; Mrs. Ida Belle Gray, Abilene; Hugh Webb, Knox City; Mrs. Kevil Coffman and baby son, Goree; William Hershel Kimbrough, Munday; Andy Eiland, Munday; Mrs. Ethel Cogdell, Knox City; Mrs. Homer T. Melton, Benjamin.

### BIRTHS

Born to . . .  
Mr. and Mrs. Esker New, Truscott, a son.  
Mr. and Mrs. Kevil Coffman, Goree, a son.  
Mr. and Mrs. C. T. Cochran, Knox City, a son.

### Free Show To Be Given Here February 20th

A free picture show will be shown at the Rexoy Theatre on Thursday, February 20, any one who wishes to see this picture show is cordially invited to attend.

The show, sponsored by Guinn Hardware Co., and Allis-Chalmers Manufacturing Co., will be one of special interest to farmers and their families. It contains many interesting, educational and entertaining features, and everyone who attends is sure to enjoy the show.

There will be no admission charge and no ticket required. Everyone is invited, and a cordial welcome will be extended you by the sponsors.

### Local Dealers Invited to Opening Of Vernon Packing Co., February 24

Vernon—Twenty-six food dealers and butchers from Munday and the nearby towns have been invited to the formal opening of the Vernon Packing Company on February 24-28.

Five days have been designated to honor the customers of the rapidly growing business, and more than 2,700 invitations have been mailed. Customers visiting the new plant, as well-equipped as any in the southwest, will be entertained with guest tours and with daily banquets.

Those invited from the Munday area include the following: Munday—Sied Waheed, Hugh Beatty, Cecil Fitzgerald, Dick Atkinson, Curtis Coates, D. E. Holder, Jr., D. E. Holder, Sr., Raymond Stapp, Cliff Bookout, Carl Booe, Ben Blacklock, Joe McGraw, Sebern Jones, Earl Clayburn, Ralph Loran, J. M. Terry and E. A. Hollar.

Rhineland—John Albus, C. J. Albus, H. N. Claus.  
Weinert—Payne Hattox, Vernon Baird, Jack Rich, H. G. Monke, Mrs. Pearl B. Monke and J. M. Martin.

### POST OFFICE BUILDING IS BEING REMODELED

Remodeling work was done on the post office building this week. The building has been given a new coat of paint, which makes the interior appear lighter.

Postal employees will also have a cooler place to work next summer. An air cooling system has been installed and will be placed in operation when such an act is merited by rising temperatures.

### TO SALES MEETING

E. W. Harrell spent last Monday in Vernon, where he attended a district sales meeting given for John Deere tractor and implement dealers. He reported a very enjoyable and profitable meeting.

S. N. Reed of O'Brien was a business visitor in the city Tuesday.

### Legion Posts Sponsor Movement To Secure Iron Lung For Knox County

Lowry Post No. 44 of American Legion voted last Tuesday night to sponsor a drive to secure an iron lung for Knox county. The Knox City post has joined the Munday Post in this movement and the Legionnaires will work together for this worthy cause. Committees from the two posts have been selected, and the movement will get under way after a meeting of the committees at Knox City next Monday night.

The committee from Lowry Post is composed of Don Ferris, chairman; Charlie Stengel, Frank Borden, Buell Bowden, Chester Cervenly, Louis Cartwright, Lee Hayes, Dick Atkinson and George Webber.

The lung which will cost \$1650,

will be placed in the Knox county hospital and its use will be free of charge to anyone needing its service.

Legionnaires feel that this is a movement every citizen will want to help with and one which will certainly meet with acclaim over the entire county.

The banks of Knox county—at Munday, Knox City and Truscott—has been named depositories for funds, and those wishing to donate to this cause should send their contributions to their bank. Names of contributors will be published from time to time.

It is believed the necessary funds will be raised in a short time, and the lung will be purchased as soon as funds are available.

### Red Cross To Have Knitting, Sewing Work

Mrs. Chandler Hughes, who was Red Cross roll call chairman last November, announced Tuesday that the local chapter is expected to do sewing and knitting work to be used by the National Red Cross for relief purposes.

A representative of this work was here the first of this week, in conference with Mrs. Hughes regarding the work. Sewing and knitting chairmen for Munday have been appointed, and all ladies who will do this work are asked to get in touch with the chairmen as early as possible. The chairmen are as follows:

Knitting chairman, Mrs. M. F. Billingsley; sewing chairman, Mrs. P. B. Baker.

### TO CHURCH CONFERENCE

Rev. and Mrs. Luther Kirk, Mrs. Ellen Bounds, Mrs. M. F. Billingsley, Mrs. P. B. Baker, W. A. Baker and Lee Haymes were in Stamford last Tuesday, where they attended a district evangelistic conference of Methodist churches of this district.

### Colley Elected Superintendent For 2-Year Period

At the regular monthly meeting of the Munday school board last Monday night, S. Vidal Colley was re-elected superintendent of the Munday Independent School System for a two year term.

Mr. Colley was elected last year for just one year, and he moved his family here from Strawn last July. The schools have run smoothly under his leadership, and approval of his work was given when the board elected him for another two years.

Mr. Colley was largely instrumental in establishing the WPA lunch room in the local schools, where nearly 200 students receive a balanced meal at noon each day. His experience in this, as well as other phases of school work, is guiding the schools through a successful year, and school patrons and friends will welcome the news that Mr. Colley will remain at the helm of the local schools for two more years.

### Union League Meeting Is Held At Bomarton

A number of young people from Munday, Goree, Seymour, Westover and Bomarton attended the Methodist Epworth league meeting held in Bomarton last Monday night.

The worship program was in charge of Munday young people. During the business session it was decided to have a training school in Seymour during the first week in March. The school will be conducted by Rev. Lynn of Westover, returned missionary from Africa. Plans were also discussed for a district meeting in Seymour the last of this month.

Present from Munday were; Rev. and Mrs. Luther Kirk and children, Patsy, Mary and R.L. Jr., Charles Baker, Margaret Womble, Billy Womble, Flora Alice Haymes, Hugh Longino, Jimmie Silman, Jr., Polly Silman, Louise Gafford, Lorene Silman, Betty Golden, Levena Counts, Ida Belle Sherrod, Henry C. Dingus, Mrs. J. C. Borden, Betty Jane Spann and Helen Haymes.

S. N. Reed of O'Brien was a business visitor in the city Tuesday.

### February 22 Day For Registration

### Local Veterans Will Be Registered At The City Hall

The American Legion working through its 11,715 posts is going to register all of its 1,078,119 members, if possible, for national defense service. Unaffiliated World War veterans also will be asked to register. The registration will be entirely voluntary. Its purpose is to provide the local, state and national leadership of The American Legion with a complete inventory of the assets of the organization in manpower, experience and special training that could be made available to the government if needed in the defense of the nation.

National Commander Milo J. Warner has proclaimed Saturday, February 22, the 200th anniversary of the birth of George Washington, as national defense registration day for all Legionnaires and unaffiliated World War veterans who care to do so.

On that day every American Legion post in the country will ask its membership and local World War veterans generally to fill out a questionnaire. This form will be in triplicate. It will chronicle every Legionnaire's capabilities and talents which could be used in national defense. The post will retain the original copy of the questionnaire. The second copy will go to the department headquarters. The last copy will go to national headquarters. From these copies will be compiled post, department and national indices of American Legion national defense assets. These indices will enable the American Legion quickly to locate any member or veteran for whose special services governmental agencies might have a need.

### Local Post Ready

The Lowry Post No. 44 of The American Legion in this city will undertake to register all Legionnaires and unaffiliated World War veterans in this community and surrounding area.

"This is a summons for possible important service to God and Country whom we served as young men in 1917-18," Commander J. C. Harpham of the local post said. "I feel certain every Legionnaire and World War veterans generally will welcome this opportunity of perhaps doing another bit for their country. We do not expect to be called for active military service. Most of us are beyond that age. But there are many home defense duties to be performed."

"I urge every Legionnaire and other interested World War veterans in this community to register on February 22. If you are going to be out of town on that date, fill out your questionnaire before you leave. It is a patriotic duty, and we of The American Legion have never shirked our duty, or lagged in our patriotism. The time has come again when we may be called upon once more to stand up for America, and I am sure every Legionnaire in this community is ready."

For the convenience of the veterans, J. C. Harpham, post commander, has made arrangements with Riley B. Harrell, city secretary, for registration of those in the Munday territory at the city hall in Munday. If you care to do so you may register any time between now and February 22.

For Goree veterans, W. W. Coffman has kindly consented to handle the registrations. Other registration points will likely be established at different points in the country.

### Mrs. J. A. Felty Dies at Celeste

Word was received here Wednesday of the death of Mrs. J. A. Felty, 80, who died at her home in Celeste on February 12. She was buried at Wolfe City beside her husband.

Mrs. Felty had been an invalid for more than 10 years. She was the mother of E. N. Felty, who married the daughter of Mr. and Mrs. R. B. Davy of Munday. Other survivors are Mrs. A. C. Jones, Celeste; Jim Bob Felty, Celeste; Mrs. Bob Frank Felty and Charles Felty, both of Lubbock.

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On"—

## A SCHOOL PROGRAM FOR AMERICANISM

Recently there was sounded a word of praise for John E. Cox, State Superintendent of Education of Louisiana and quoted him on the obligation of our public schools to teach pupils the principles of democracy and Americanism.

Mr. Cox didn't stop there. He has some definite ideas as to how this can be accomplished. He believes that in the lower three grades of school a few minutes should be spent each day in teaching patriotism and that beginning with the fourth grade and running through the eleventh, good-citizenship clubs should be formed and regular meetings held for at least thirty minutes once a week. He suggests that each room or organization have a President, a Vice-President and a Secretary, and that the necessary committees be appointed to make the organization and program function smoothly and efficiently.

As to what should be taught, he offers the following objectives as a guide for the program:

1. Ability to understand and appreciate the meaning of the flag.
  2. Ability to sing the National Anthem and other patriotic songs.
  3. Ability to understand what our national heroes stood for from the time our government was founded.
  4. Ability to understand wherein our government is superior to a State ruled by a dictator.
  5. Ability to understand the long and costly struggle of mankind to establish the basic freedom guaranteed by the Constitution of the United States.
  6. Ability to understand how our civil liberties are safe-guarded.
- Ability to understand how democracy is or can be made the best form of government and the best way of living together.
8. Ability to condemn dishonesty, corruption, graft and inefficiency in government.
  9. Ability to keep the body in good health and physically fit.
  10. Through the pupils to strengthen the parents against insidious propaganda.

We strongly recommend this program or one similar to it, for every State in the Union. If such a plan of teaching Americanism is not in effect in your state, clip this article and mail it to your State Superintendent of Education.—Exchange.

## THE LARGE AND SMALL OF IT

The United States is extremely proud of its big industries, steel and automobiles, and the rest. Our mass production abilities have made us respected in every part of the world. Every other nation has imitated and envied the ways in which we can handle the raw materials of industry and shape them to our will.

On that account, it caused violent tremors in the capitals of the world when it became plain that American industry was devoting its full energies to the task of producing armaments for our own defense, and also for the other democracies.

Now, it seems, it turns out that observers have not even really appreciated the half of it. Of course we have the biggest industries ever conceived by mankind! But now, the small companies of this nation—tens of thousands of them—are also joining up for the vast rearmament task ahead. They're being asked to pitch in as sub-contractors for the larger companies—being asked to make many of the small parts that go into the big completed jobs for the Army and Navy—and they're being urged to help in this task by William S. Knudsen and the others in his Office for Production Management.

Helping to make this "sub-contracting" as effective as possible was the survey recently conducted by the National Industrial Council, with tens of thousands of plants of every size giving the Council complete information on their defense facilities. This is a job industry did on its own hook in the service of the nation. And with the survey completed, this country possesses the picture of large and small companies working—down to the last lathe in the smallest shop—to achieve the largest task ever set for American industry. It has already been proved that the private enterprise of a free nation is handling, and can handle, the assignment supremely well.

## CHANGE IN "CLIMATE"

Writing in "Banking," Albert W. Atwood says: "The 'climate' in regard to the relationship between banks and the government has changed decidedly for the better. Bankers are no longer 'money changers' to be driven from the temple, but an essential and integral part of the defense program. Considering that the commercial banks of the country made 24,998,000 credit extensions in 1939, for an aggregate of \$39,810,810,000, it is plain enough that they will have a central role to play in serving their country in 1941."

We must rely on private banking to a very large extent to finance defense—the building of new factories, the expansion of existing plants, etc. If government did this, the drain on taxpayers would be ruinous. Government has a terrifically difficult job in raising money needed for purely governmental purposes which are outside the sphere of banking and business. In order to preserve the democracy our defense program is intended to save, it should be our fixed policy for government not to spend one cent which can be provided by private sources.

## THE MUNDAY TIMES

Published Every Thursday at Munday

Grady G. Roberts Editor, Owner and Publisher

In second zone, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party politics, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

There is more heroism in self-denial than in deeds of arms.—Seneca.

## NOT FORGETTING DEPRESSIONS

This country of ours lived through ten years of depressions recently, during which as individuals and groups most of us went through experiences which we would not care to repeat again. Naturally, too, we had our bad moments. Therefore, if we are wise, the fact that today our national income and employment are both at high levels should not lead us to forget entirely about depressions.

It is encouraging to note that industry, at least, realizes this truth. Through the Committee on the Study of Depressions of the National Association of Manufacturers, it has been conducting a long-term study of this "depressing" but all-important subject. Just the other day, this Committee published an interim report in which it discussed impartially and factually the kind of sound economic policies which seemed most likely to alleviate or prevent future depressions.

The suggestions made covered a number of fields—governmental activities, the fiscal situation, employment relations, and many others. There were no panaceas among them, but there were the first parts in a pattern of national behavior that might go a long way towards keeping our economy on an even keel.

Industry deserves a few plaudits, in these rocky and chaotic times, for keeping the nation's long-term future so clearly in sight. It is indeed good news that this Committee on Depressions will continue to study its subject in the months immediately ahead.

## YOU AND SAFER HIGHWAYS

Realization of the staggering economic loss from highway and street accidents in Texas during the past year has spurred safety leaders of the state into more intensive effort. The efforts of those who have interested themselves in traffic safety received a set-back during 1940 when the state fatalities rose nearly 11 per cent over traffic deaths in 1939.

Faced with the loss of over \$49,000,000 as a result of these accidents which claimed the lives of 1,757 persons in the state, safety leaders have been able to unite the forces of more than twenty state organizations of business and professional leaders in a concentrated drive for safer highways.

These organizations working in close cooperation with official groups and recognized engineers in traffic safety have devised a program which has proven successful in reducing traffic accidents elsewhere. This program calls for Legislative action in the passage of a standard driver's license law; an increased highway patrol; a strengthened drunk driving law; a revised speed limit; and a uniform reporting system for serious accidents.

The matter of safety isn't one that should be left for a few interested leaders of the state to struggle with. It is a matter that is of primary concern everywhere. Death and destruction from highway accidents can strike anywhere. It concerns every person in Texas.

Many a careless and reckless driver would mend his way if he only knew that he would be deprived of his license under the provisions of a law that has enforceable features. If a person has no regard in his driving for the rights of others, we need provisions to make him respect these rights.

The part you can have in this drive is to make the streets and highways of Texas safer for you and your loved ones will be to let your Senator and Representative know that you want a recognized standard law in the licensing of drivers. The time it takes to write a letter and the cost of a postage stamp may help save hundreds of lives.

We wonder if we'll see the day when the author of a novel lets all the characters get out of it alive.

Booked on a begging charge in Chicago, Patrick Murray told the court that the reason he wore rubber gloves was to protect himself from germs he handled in his day's work.

Industry has developed brakes for the modern car that are five times more powerful than the average auto engine.

Railway taxes last year averaged \$1,000,000 a day.

## THE VOICE OF HISTORY

## Gems Of Thought

SELF-CONTROL  
He that is slow to anger is better than the mighty; and he that ruleth his spirit than he that taketh a city.—Proverbs 16:32

Prove that you can control yourself, and you are an educated man; and without this all other education is good for nothing.

Know then, that you possess sovereign power to think and act, and rightly, and that nothing can dispossess you of this heritage and trespass on love.—Mary Baker Eddy.

There are seasons when to be still demands immensely higher strength than to act.—Channing

In vain he seeketh others to suppress, who hath not learn'd himself first to subdue.—Edmund R. Spenser.

## ST AUGUSTINE GRASS MAKES DENSE LAWN TURF

College Station—Saint Augustine grass is establishing its suitability for lawn-making in Southeast Texas, but, cautions R. R. Lancaster, Extension Service Pasture specialist for Texas A. and M. College, such a lawn can be had only by planting pieces of sod. Seed of St. Augustine grass is not available.

The usual practice of plowing manure into the soil, preparatory to setting out cuttings of the grass Lancaster explains, seems to be inadvisable in that it makes conditions favorable for the growth of a fungus disease known as brown patch. It would be better to apply appropriate commercial fertilizer and turn this under before planting. Pieces of the sod should be planted about two feet apart in rows spaced about three feet.

As the grass grows rapidly, it is advisable to apply light applications of some nitrate fertilizer every three or four months and to water the lawn immediately afterward to prevent the fertilizer from burning the leaves.

St. Augustine grass for many years has been established on the lawns in the Rio Grande Valley, and more recently is replacing the Bermuda as a lawn grass at Houston. The specialist says its northern limits have not been definitely established, but it has survived the zero temperature. Seemingly it has no equal in enduring shade. It also grows well in sunlight, and seems adapted to any soil type from sand, and sandy loam, to clays and blackland, provided the soil is fertile. St. Augustine remains green after the frosts kill Bermuda above the soil, and endures summer drought better.

St. Augustine is commonly mistaken for carpet grass, but the two are readily recognized when the seed stalks or flowering heads are present.

Sweet sorghum for syrup is raised from the Gulf of Mexico to Minnesota and Wisconsin.

## THEY SAY!

"Unless we Americans are prepared to discipline ourselves, roll up our sleeves and get down to work, we shall not move along very rapidly in making industry fulfill her destiny."—James D. Mooney, vice-president, General Motors Co.

"Industry has been regarded in the past as a way to make a living. I believe it is the great new realization of busy America that industry can be something far finer and bigger—a way to make a life."—Ernest T. Trigg, Manufacturer.

"American individuals throughout the years have found in the encouragement offered by freedom the reason for inventing and manufacturing and creating products that will add to the enjoyment and the better living of their fellowmen. Now, faced with the challenge of a chaotic, destructive world, that might bring these gains to naught, they will be no less ingenious in finding ways and means to insure that our American progress is not attacked and weakened."—Harry Collins Spillman, Lecturer.

## COTTON COATS FOR SHEARED SHEEP

College Station.—The office of information of the United States Department of Agriculture says that Dr. Robert H. Burns of the Wyoming Experiment Station, in cooperation with the New Orleans regional laboratory, is experimenting with the idea of clothing sheep in cotton "coats" after shearing. The purpose would be to protect the animals from exposure after shearing.

Last year Dr. Burns tried out 72 of the "coats" and this year ordered 500 more. This new use for cotton might mean a potential consumption of 50,000 bales of the staple yearly.

Early hatched chicks not only pay best, but they are the easiest to raise.

The Vitamin A content of butter varies with the diet of the cow that produced the cream.

## Legal Notices

### NOTICE OF SHERIFF'S SALE

State of Texas,  
County of Knox.

By virtue of an order of sale issued pursuant to a judgment decreed of the 50th District Court of Knox County, Texas, by the Clerk of said Court on the 14th day of January A.D. 1941, in a certain suit No. 4114, where in the City of Munday is Plaintiff, and Intervener, and the State of Texas and Knox County, Texas and Munday Independent School District Impleaded Parties Defendants, and Mrs. Louise Ingram Defendant, in favor of said plaintiff, for the sum of Six Hundred and Eighty-One and 93/100 Dollars for taxes, interest, penalty and costs, with interest on said sum at the rate of six per cent per annum from date fixed by said judgment, together with all costs of suit, that being the amount of said judgment rendered in favor of said plaintiff, and impleaded parties defendants by the said 50th District Court of Knox County, on the 6th day of November A.D. 1940, and to me directed and delivered as Sheriff of said Knox County, I have seized, levied upon, and will, on the first Tuesday in March A.D. 1941, the same being the 4th day of said month, at the Court House door of said Knox County, in the City of Benjamin between the hours of 2 o'clock P.M. and 4 o'clock P.M. on said day, proceed to sell for cash to the highest bidder all the right, title and interest of said defendant in and to the following described real estate levied upon as the property of said defendant, the same lying and being situated in the County of Knox and State of Texas, to-wit:

Being the South one-half of Lot Four (4) and all of Lots Five and Six in Block No. One Hundred Thirteen (113) of the Reeves and Musser Addition to the town of Munday in Knox County, Texas.

or, upon the written request of said defendant or his attorney, a sufficient portion thereof to satisfy said judgment, interest, penalties and costs; subject, however, to the right of the plaintiff for any other or further taxes on or against said property that may not be included herein, and the right of redemption, the defendant or any person having an interest therein, to redeem the said property, or their interest therein, at any time within two years from the date of sale in the manner provided by law, and subject to any other and further rights the defendant or anyone interested therein, may be entitled to, under the provisions of law. Said sale to be made by me to satisfy the above described judgment, together with interest, penalties and costs of suit, and the proceeds of said sale to be applied to the satisfaction thereof, and the remainder, if any, to be applied as the law directs.

Dated at Benjamin, Texas, this 14th day of January, 1941.  
LOUIS CARTWRIGHT,  
Sheriff Knox County, Texas.  
32-3tc

### PUG CARRIES EQUINE SLEEPING SICKNESS

College Station — Dr. C. H. Kitzelman of Kansas State College reported recently to the American Association of Economic Entomologists that a bloodsucking insect that feeds on horses, mules and other animals in the west carries the equine encephalomyelitis, or the horse sleeping sickness. The office of information of the United States Department of Agriculture quotes Dr. Kitzelman that this constitutes the first case in which neotropic virus has been isolated from an insect in nature.

The experiments, Dr. Kitzelman said, numbers of the insect which had been captured in pastures where horses had died of the sleeping sickness, were ground up and

a filtered germ-free extract from their bodies was injected into guinea pigs. The guinea pigs developed symptoms of encephalomyelitis and died. The virus able to cause the disease in other guinea pigs was isolated from their bodies. The insect is known in Kansas as the 'Mexican bedbug.'

Corned beef is beef pickled with salt, saltpeter and sugar. The salt and saltpeter cure the meat, and the saltpeter gives the reddish or pink color to the meat. The sugar is for flavor. It cuts the harshness of the salt.

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

# Mystery and Humor To Be Staged In One-Act Play

Have you ever ridden a wild horse? You should see "Wild Hobby Horses" February 28 to get the proper technique. It is a combination of thrills and heartaches. One man can poison his whole family—the man is William Carey, known hereabouts as Dick Harrell. When a family consisting of Patsy Ruth Mitchell as Mrs. Carey, Wayne Blacklock as Arthur and Milton Thompson as Donald, try to find a hobby for poor father it is time to start seeing things. Only calm persons in this one-act play are Nurse Torrance, Alene Jungman, and Secretary Ann Martin, who is none other than Bonnie Jean Milstead. The frightened nurse is Mary Lois Beatty. This play is the county Interscholastic League entry for one-act plays. Make your plans to see "Wild Hobby Horses" on Feb. 28, now!

**Annual Football Banquet Is Enjoyed by Many**  
Last Friday evening the annual football banquet was held in the Munday Ward School Gymnasium. The banquet was started with a

**Lemon Juice Recipe Checks Rheumatic Pain Quickly**  
If you suffer from rheumatic, arthritic or neuritic pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ro-Ex Compound today. Mix it with a quart of water, add the juice of 4 lemons. It's easy. Pleasant and no trouble at all. You need only 2 table-spoonfuls two times a day. Often within 48 hours—sometimes overnight—splendid results are obtained. If the pains do not quickly leave and if you do not feel better, Ro-Ex will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ro-Ex Compound is for sale and recommended by THE REXALL DRUG STORE

prayer by Reverend Luther Kirk, pastor of the First Methodist Church. The toast-master of the evening was Mr. S. Vidal Colley. A solo was given by Mrs. Joe T. Hext and one by Miss Hylen Holloway. These were enjoyed by everyone very much. The man speaker of the evening was Mr. Wade Mahan. Other speakers on the program were Mr. Billy Cooper, who introduced the football players and Mr. Joe T. Hext.

The welcome was given by Bonnie Jones and the response was given by Ralph Tidwell. Bonnie also announced the pep squad leaders for next year, who are Jimmie Henslee, Bobbie Floyd and Patsy Ruth Kirk. Mr. Cooper, in his talk, announced the football captains for next year: Ray Moore and Raymond Carden. Many interesting talks were given by people attending the banquet and everyone that attended the banquet can truthfully say that they spent a very enjoyable evening.

**Debators Go To College**  
The Munday High School boys and girls debate teams, under the direction of Mr. S. Vidal Colley, are going to Abilene, March 8th to enter an all-day tournament there.

The boy's team is composed of Ben Bowden and Charles Baker; and the girls team is composed of Audrey Phillips and Polly Silman.

**Basketball Tournament Is To Be Held in Munday**

The county basketball tournament is to be held in the Munday ward school gym on Friday and

Saturday, February 14th and 15th. All the basketball teams in the county will compete in this tournament; and it will conclude this year's season of basketball.

**Seniors on Review**  
This Senior girl is five feet seven inches and has blue eyes and brown hair. Her favorite color is blue and her favorite food is apple pie. Bonnie Jones is the name of this girl, who insists her most enjoyable time is mealtimes. Bonnie enjoys shorthand classes but not as well as collecting what-nots and rocks. She does not like spinach but she does like Spencer Tracy and Bette Davis. The height of Bonnie's ambition is to make a successful nurse.

Collecting artificial dogs and eating corn on the cob are Johnnie Maud Hendrix's favorite past-times. Her favorite sport is football and her favorite color is white. English IV is her most enjoyable subject. When asked her parting wish for the Seniors of next year, Johnnie said, "I hope they may have as much fun their last year in high school as I have."

Although Johnnie has little left, her smile is large. More than anything else she enjoys embroidering and horseback riding. At the present time she likes date loaf and the comic strip, Popeye. Always she is interested in the sports of next year and what they may get out of school. Beyond the shadow of a handkerchief it's Miss Thelma Hamilton.

**Seniors Celebrate Valentine With Party**  
The room mothers of the Senior class, who are Mrs. Arthur Mitchell, Mrs. Mann Broach, Mrs. Lyle Stodghill, and Mrs. Erin McGraw, are sponsoring a party on Thursday for the Seniors. The party is to be held in the Homemaking cottage; and decorations and plate favors are to be carried out in Valentine style. Table games and other games will be played.

**Entertainment Given School Children**  
Monday afternoon a program was given at the Munday Ward school by a performer of many tricks. A small admission charge was made to all who wished to see it and the school received half of the gate receipts. The program consisted of whip tricks, magical tricks, tests of strength by the performer, ventriloquism, and many other entertaining features.

**Seniors Begin Work on Play**  
Members of the Senior class have begun work on a play for the purpose of raising funds for the Senior trip. The name of the play is "Feudin' in the Hills," and it is under the direction of Miss Hylen Holloway. The characters have not yet been selected. It will be given in the near future so everyone watch for the date, because this play is going to be worth seeing.

**First Grade News**  
The first grade will give a Valentine program in chapel Friday afternoon at one o'clock. The numbers on the program are: "The Valentine Store," a play by twenty-five children. "Kitty Muff's Valentine," a story by Mary Carolyn Hardegreer.

"Snow Man's Valentine," a poem by Thomas Franklin. "Our Valentines," a dialogue by six children. "A Valentine Dane," by twelve girls. "A Valentine for Mother," a song by the group.

**Second Grade News**

**A Winter Bud Awakes**  
A month ago the Second Grade put a branch from a peach tree in some water and set it in a warm place near the radiator. Monday when the pupils came to school there was a lovely pink blossom on the branch. There are several more buds and some green leaves putting out. The experiment was interesting in that the pupils have learned that trees do not die in winter, but are only asleep waiting for the warm sunshine of spring to awaken them. The pretty blossoms will be nice for the Valentine party Friday afternoon.

**Items of Interest**  
The Second Grade has been enjoying the Third Grade post office. Monday the girls and boys wrote letters to the third graders, and in return they received letters. Two postmen from the third grade came in and delivered the letters to each house. Second Grade Town had six streets, namely: Orange, Apple, Cherry, Plum, Peach and Flower. The boys and girls all agree that the third graders can write nice letters. Friday afternoon the room mothers will entertain the second grade with a party. A committee composed of Garon Tidwell, Juanita Brown and Arlene Zeissel helped Miss Crawford decorate the Valentine box. Richard Manire brought a hat box for the children to decorate.

Mrs. Mae Belle Vickery from Stamford visited her cousin, Miss Crawford, Sunday. Garon Tidwell spent Saturday night with his grandparents. Faye King spent the week-end in Seymour.

Charles Emo Morrow was a visitor in Graham Sunday. Jean Green has a new collie puppy at her home. She has not named her dog. There are three puppies at Charles Emo Morrow's house. The dog stork brought them to his dog, Trixie. They are two days old now.

**Health Program**

The Munday elementary school can boast of a 100 per cent vaccination record for smallpox and diphtheria. It has been the policy of the school not to let a child enroll unless he has been vaccinated for the two diseases. We can truthfully say that out of 350 students only two have not been vaccinated, or at least under treatment at the present time. This is a record no other school can boast of; the citizens of Munday should be happy to know that their youth is safe from these diseases, at least temporarily.

**4A News**

Thelma and Velma Ford have returned to 4A class after an absence of two months due to sickness from whooping cough. Other 4A students expressed their pleasure at the return of their classmates. The cause of deserts, the value of proper farming methods to prevent "dust bowls," and how men and animals adapt themselves to desert life have been some of the topics in which 4A students expressed interest in their unit of study on desert life the world over. Cairo, a desert city, was the subject of a story for reading in class, desert animals were discussed in nature class, and language class made written outlines of the whole study of desert life. Thus all classes helped in carrying out the study of the unit.

A patriotic play, "Jo-Jo Pleases the General," will be presented by students of 4A in school assembly February 21 in the school auditorium. Mrs. N. M. Wright, teacher of 4A, will direct the play. The Good Citizenship Club of 4A met last Monday and heard reports

from committees on safety, good manners, and fire prevention.

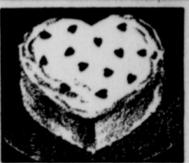

Mrs. Ethel Meadors of Hartley, Texas, is here for a two weeks visit with her parents, Mr. and Mrs. George Isbell.

Hal Pendleton, who is attending A. and M. College, spent the mid-semester holidays here with his parents, Mr. and Mrs. H. A. Pendleton.

Mrs. A. F. Huskinson returned to her home here last week after a two months visit with relatives in Wichita Falls.

Frank Silman of Rochester spent last Sunday here, visiting in the home of Mr. and Mrs. Jimmie Silman.

Mr. and Mrs. Don Ferris and Mr. and Mrs. Aaron Edgar were visitors in Haskell and Stamford last Sunday afternoon.

# YOUR HOME, TOO, MUST FACE YOUR FRIENDS!

## Which Do You Want?

In its day this automobile was the last word. But, it cost more than the modern car. And its speed, service and comfort didn't compare with what we can get for less money—value-for-value today. Yes! We know what your choice would be.

Yes! These old-fashioned dresses will protect you from the elements. And you'll be able to travel a few miles in the old automobile. But would you want to? No—you wouldn't be seen in either except in a "Founders' Day" Parade or Masquerade. But—your home, too, must face your friends!

Your grandmother was the envy of the town in this home. Homes newer than this are out-of-date today. But they don't have to be. Home modernization is simple, inexpensive, value-giving today, the Cameron Way. You, too, can modernize your home for an amazingly low cost, the Cameron Way.

A HOME is the reflection of its owner. Its appearance and modern, smart styling is just as important in your friends' impression of you as your clothes, your automobile or your youthful outlook on life. And out-of-date, work-making, drudgery-building homes are no needful today. Government figures show that building costs (for either new homes or modernization) are below normal. Modernization financing costs are low with small, easy, monthly payment terms.

**Home Modernization Easy**  
YOU can make your home a "dream home"—modernized with colorful styling. Equipped with the latest step-saving conveniences. YES, home modernization is simple and easy today—if you use the Cameron way.

**A Complete Building Service to Help You**  
Cameron men are equipped to consult and advise you on your modernization problems. They can inspect and survey your property; design "last-word" modernization; arrange low monthly-cost financing; and install and supervise the converting of your home into a treasure-chest of beauty and convenience as up-to-date as Park Avenue.

However, Home Modernization is not something you should hastily rush into without first consulting a professional adviser, such as your trained Cameron representative. Successful and permanently satisfactory remodeling is not thought up today and carried out tomorrow. Without properly trained assistance in working out your modernization problems you can waste money and not achieve the results you had hoped for.

**Cameron Men Are Trained Modernization Specialists**  
That is why Cameron Men are especially trained and equipped to:  
1. Survey your property.  
2. Be completely familiar with the latest building materials, methods, styling and ideas.  
3. Advise you on the best solutions for you of your Modernization needs in value, style, beauty and comfort.  
4. Deliver and supervise the installation of a quality job to meet those carefully pre-determined needs.

Wm. Cameron & Company is interested in satisfied, repeat customers—not just one-time sales. We know that satisfactory construction results from a combination of planning in advance by trained experts, such as ours; quality materials, and conscientious craftsmanship. But first, and most important, must come thinking, surveying and planning. From these only come satisfied customers. That is why we emphasize the importance of our trained men and their advice to you. Don't overlook the vital necessity of this trained advisory service in securing for you a fully satisfying home modernization.

**Know the Joy of a Modern Home**  
You can scarcely realize the beauty, work-saving and lower operating cost improvements that now are in modern homes. Cameron's can put these improvements in your home. Many pay for themselves in lower heating costs, less dust and dirt damage to your other household goods, and lower repair bills. All more than pay for themselves in greater comfort, convenience and joy of living. After all, we have only one life to live. What contributes more than a modern home?

Worn-out paint, out-of-date frills, leaky roof, unscreeded porch, dust and cold air pouring ground windows and doors. Yes! It's a shelter, but not a home. It's a house—not a joyous pride and comfort-giving home which practically calls you home every moment you are away.

A bathroom is one of the most important and used rooms in a home. You start the morning and end the day here. Why have this important portion of your home dull, drab and inconvenient? Your Cameron man will draw up complete home modernization plans, tailor-made for your home needs. This remodeling can be paid for on easy monthly terms.

The kitchen is the woman's workshop. It can be a work-making, extra-step-making, impossible to keep spotlessly clean workshop. Or, it can be an efficient, step-saving, modern IDEAL Kitchen. It can be a drab place of drudgery. Or it can be the home of delicious meals prepared in a happy atmosphere of bright colors with efficient equipment and arrangement.

In the old days most millwork was built on the job by hand with whatever materials and tools that were available. Today, IDEAL MILLWORK—Doors, Windows, Frames, Mouldings, Built-in IDEAL Cabinets and Kitchens—are manufactured by costly and large machines. Machines which can be set to a hundredth of an inch to secure uniformity and perfect fit. The workmen are specialists in their field. Mass production methods permit lower price. So, today, you can get a better product in IDEAL MILLWORK and CAMERON HOMES for less cost than in the past.

## A FEW OF THE MANY IMPROVEMENTS IN MODERN HOMES

<p><b>Insulation Keeps Out Summer Sun Heat—Reduces Winter Heating Bills</b></p> <p>Insulation has done more to make Southern homes more comfortable than any other recent building development. Our hot Summers and sudden changes of Fall and Winter temperatures make home insulation important in the Southwest. Insulation combined with IDEAL Lock-joint Windows pay for themselves. In heating-cost savings alone. In hot Summer weather, take the oven off your home with insulation. It lowers Winter heating bills also.</p>	<p><b>Improved, More Lasting Paints</b></p> <p>Wm. Cameron &amp; Co., as the largest retailers of paints in the Southwest, naturally had a wide choice of brands of paint to sell. They were interested in finding a brand of paint that would meet their quality specifications and stand up under Southwestern weather conditions. Minnesota Brand Paints met those specifications. Weld-Tite, Minnesota's newest product, gives 3-coat results with only two coats. Since labor is the major painting cost, here is a nearly one-third saving on this new development alone.</p>	<p><b>New, Improved, Lower-Cost Wall Finishes With the Newly Developed Wall Boards</b></p> <p>This is the "Plastic Age." Countless new materials developed by chemistry and research are revolutionizing every industry. Building is no exception. There are new wall boards which give the finish and appearance of costly woods but can be installed at a popular price. Others offer all the colors of the rainbow—are water-proof and replace tile. Elimination of wall cracks; insulation; sound deadening; quicker, lower cost installation; color and finish effects never before possible at any price are some of the advantages these new products offer.</p>	<p><b>A Complete Efficiency Kitchen NOW at a Price You Can Afford</b></p> <p>A few years ago only the most expensive homes could afford a complete IDEAL Built-in Kitchen. A kitchen with ample storage space, scientifically designed by cooking experts for the greatest cooking efficiency, step and work saving. But NOW, through mass production economies, we can offer you an IDEAL Kitchen, machine-factory precision built, at a remarkably low price. This built-in kitchen is made up of units which will fit into all kitchen room shapes. No hotel or fine restaurant has more efficient working facilities than your own IDEAL Step-Saving Kitchen.</p>	<p><b>Modern Factory-Made Millwork Improves Quality and Fit—at Reduced Costs</b></p> <p>In the old days most millwork was built on the job by hand with whatever materials and tools that were available. Today, IDEAL MILLWORK—Doors, Windows, Frames, Mouldings, Built-in IDEAL Cabinets and Kitchens—are manufactured by costly and large machines. Machines which can be set to a hundredth of an inch to secure uniformity and perfect fit. The workmen are specialists in their field. Mass production methods permit lower price. So, today, you can get a better product in IDEAL MILLWORK and CAMERON HOMES for less cost than in the past.</p>

## 4-H Club Council Holds Meeting At Benjamin Recently

The clubs present at the 4-H Council at Benjamin last Saturday were: Benjamin, Knox City, Gilliland, Truscott, Rhineland, Union Grove and Vera. Committee meetings were held before the regular council meeting to talk over the different achievement projects.

The exhibit committee decided that: 1. Each club should have an achievement event; 2. Each club exhibit work in the community in May; 3. Each take part in county-wide exhibit.

Recreation committee: 1. County-wide picnic June 12 with 4-H Club boys; 2. Each club sponsor two recreational events during the year; 3. Take part in district encampment.

Education committee: 1. Reported Munday as being the only community in Knox county not having a 4-H girls club. Plans are being made to contact some Munday girls, telling them of the work. 2. The committee will report to the council in March and August on work being done in the county.

Finance: The following budget was proposed: Yearbook, \$5; delegates to short course, \$40; miscellaneous, \$5; total, \$50.

Each 4-H girls club is to pay \$5. After the committees reported on these achievements, council rules were read by one of the members. The council discussed parliamentary procedure. Questions were asked by Mrs. Van Zandt.

## 4-H Club Girls Of Gilliland In Two Meetings

The 4-H Club girls of Gilliland met on Thursday, January 30, when their sponsor, Mrs. Orville Burgess, gave a demonstration on making sweet milk biscuits and Swedish tea rolls. A tea talking of projects for making money this year, and enjoying several games, the meeting was adjourned.

Then on Wednesday, February 5, Neva Van Zandt, home demonstration agent, met with the girls and they talked of good grooming and ways of keeping oneself neater and better in every way.

## Mrs. Roy Jones Hostess to Goree Woman's Club

Mrs. Roy Jones was hostess to the Goree Woman's Study Club in her home last Thursday.

Mrs. S. F. Farmer was director of the lesson on "Southern Music" and gave an interesting talk on the life and works of Stephen C. Foster.

Miss Lila Fletcher, member of the Goree school faculty, provided the program, presenting the high school girls: Cloel Stalcup, Billy Joe Ratliff, Virginia Goode, Elaine Moore, Mary Jean Stephenson, Betty Glo Norris, Ethelda Robinson, Betty Sue Stephenson and Helen Hunt, in singing several negro spirituals.

Miss Billy Joe Ratliff played a medley of piano selections, including "Beautiful Dreamer" and "Jeannie with the Light Brown Hair," and others. Mrs. Orb Coffman conducted the business session.

Thirteen members and two guests, Misses Jessie Lenora Danzell and Hazel Ratliff, were present.

## Mrs. Douglas Is Hostess to Mystic Weavers Club

The Mystic Weaver's Sewing Club met in the home of Mrs. H. B. Douglas last Wednesday afternoon from one-thirty until five o'clock. A desert plate was served to the following:

Mmes. Wallace Reid, Chester Bowden, L. S. Hardegre, Riley B. Harrell, Chandler Hughes, Chester Borden, M. L. Barnard, John Ed Jones, R. B. Bowden, Deaton Green, Aaron Edgar and a guest, Mrs. Fred Broach, Sr.

## Munday H.D. Club To Meet Friday With Mrs. Offutt

The Munday Home Demonstration club will meet at two o'clock Friday afternoon, February 14, in the home of Mrs. L. D. Offutt, instead of with Mrs. Dorothy Phillips, as announced at the last club meeting.

The demonstration agent, Neva Van Zandt, and the agricultural agent, Walter Rice, will attend this meeting and will demonstrate the building of a frame garden.

All members are urged to attend, as there are two committees to be elected. The club is always glad to have visitors attend the meetings.

## Bridge Club Has Meeting Tuesday In Moore Home

Members of the Monday Night Bridge Club met last Tuesday night in the home of Mr. and Mrs. W. R. Moore. High score at the games went to Fred Broach and Mrs. Carl Jungman.

The hostess served a delicious salad plate at the close of the games.

Guests included were Mr. and Mrs. Carl Jungman, Mr. and Mrs. Lawrence Kimsey, Mr. and Mrs. Paul Pendleton and Miss Elizabeth Mounce. Members present were Mr. and Mrs. Fred Broach, Mr. and Mrs. H. A. Pendleton, Mr. and Mrs. C. P. Baker, Mrs. A. H. Mitchell and the host and hostess.

County Treasurer Bob Burton of Benjamin was a visitor here Tuesday afternoon.

## People, Spots In The News

**TOMMIES CAN SMILE** . . . Nestled amid rocks in rough terrain of Libya, North Africa, these British infantrymen took time out in their push against Italians to smile for camera. Judging from the mufflers, it's cold, even in the desert.

**PEANUT PUSH** . . . Miss Olive Cawley, named 1941 peanut queen for festival in Suffolk, Va., and Hunter C. Phelan, representing nation's chain stores, sit on mountain of "goobers" to discuss campaign in which chains are helping 30,000 producers in drive to move South's largest crop in history—1,611,635,000 pounds!

## Wesleyan Service Guild Has Outlook Program Monday

Members of the Wesleyan Service Guild met in the basement of the Methodist church last Monday night. The president, Mrs. J. B. King, opened the meeting with a short business session.

Mrs. Aaron Edgar was leader for the Outlook program. Mrs. O. C. Spann gave a part on "South American Semper," and Mrs. B. B. Bowden gave the story, "A Heritage."

Others present were Mrs. Layne Womble, Mrs. Bounds, Miss Merle Dingus and Miss Ruth Baker. Two new members were Mrs. M. F. Billingsley and Mrs. Basil Reynolds.

## New Deal Club Meets Wednesday With Mrs. Huskinson

Members of the New Deal Club met Wednesday afternoon in the home of Mrs. Ike Huskinson. High score for the afternoon went to Mrs. Jimmie Harpham.

The hostess served a supper plate to the following members and guests: Mmes. Lawrence Kimsey, Jack Mayes, J. C. Harpham, Sebern Jones, Carl Jungman, Howard Harrell of Mexico City, Miss Louise Atkinson and the hostess.

IT'S FREE—the picture show on Thursday, February 20, sponsored by Allis-Chalmers and Guinn Hardware Co. It's educational! It's entertaining!

## HAS OPERATION

Floyd Bowman, who is employed on the Ferris Ranch, recently underwent an operation in a Wichita Falls hospital. He is reported to be doing nicely and is expected to be brought home within the near future.

## Lake Creek News

Mr. and Mrs. Carl Neece and daughter, and Mr. and Mrs. Raymond Kelay and children visited Mr. and Mrs. J. M. Voyles Sunday afternoon.

Mr. and Mrs. R. L. Stubblefield and daughter, Mr. and Mrs. Martin Voyles and children, Mr. and Mrs. Alton Voyles and children and Mr. and Mrs. J. M. Voyles spent Saturday night and Sunday together, celebrating Mrs. R. L. Stubblefield's birthday.

Mrs. Sammie Griffith and children spent Tuesday afternoon with Mrs. Lloyd Griffith and son.

Mrs. J. M. Voyles and Mrs. R. S. Edwards visited Mrs. Reynolds Tuesday afternoon.

Mrs. R. L. Stubblefield spent Monday morning with Mrs. R. S. Edwards.

Mr. and Mrs. Monroe Mayfield visited Mrs. R. L. Stubblefield last Friday afternoon.

Mrs. Voyles and daughter visited Mrs. R. L. Gaines and Florence last Wednesday afternoon.

Several in this community have had colds the last few days, but none are seriously ill.

## County Council And Clubs Plan For Year's Work

Plans for the 1941 home demonstration work in the county were presented to the council by its various committees at the regular meetings in the assembly room, Friday, February 7.

A new feature of the program will be the organization of a county recreational association recommended by the recreation committee. Other recommendations include county-wide parties and the annual Knox-Haskell County encampment.

A tentative budget was presented by the finance committee and means of raising the necessary amount of money were suggested by Mrs. Jack Whitaker, of Truscott, chairman of the committee.

For one phase of the expansion committee's work, Mrs. T. J. Partidge of Sunset recommended that the council sponsor a guest day for home demonstration clubs in the county. Members of each club will be guests of the council once during the year.

Plans for exhibiting special projects and informing the public of extension work were given by the committees on education and exhibits of which Mrs. Harry Beck and Mrs. Grover Coffman of Vera are chairmen, respectively.

Thirty-two attended the meeting and the group considers it a splendid beginning for 1941.

## Rhineland C.Y.O. To Sponsor Dance

The C.Y.O. of Rhineland is sponsoring a Valentine dance on Thursday night, February 15. Admission will be fifty cents for gentlemen, ten cents for ladies and ten cents for "onlookers."

Music will be furnished by the Dixie Playboys of Cisco, Texas. Everyone is cordially invited to attend.

District Judge Lewis Williams of Benjamin was a business visitor to this city Saturday.

Mr. and Mrs. Jim McDonald and little daughter of Wichita Falls spent the week end here visiting with friends.

County Judge J. C. Patterson of Benjamin was a business visitor here Saturday.

## METHODIST NOTES

by R. Luther Kirk

It really happened! We had a beautiful day last Sunday. And for the benefit of those who did not attend I want you to know that we had fairly good attendance. In fact we had the largest crowd at the evening service that we have had at an evening service in the Methodist church since I have been its pastor. But with this report I am sorry to say that many who should have been with us were not present. In which group were you to be found; with the stay-at-home, go-a-visiting, indifferent group, or the group who attended? If you were absent we missed you. We need you because you can be of help to us. Think it over. It's nice to be helpful.

In order to overcome the feeling in the Texas Legislature that "only old women and worn-out preachers are interested in liquor laws" the United Texas Drys are proposing to march on the capitol with 5,000 young people, representing every section of the state. The date is Tuesday, February 18, and the hour of arrival in Austin is eleven o'clock, a.m. Dallas churches promise 100 cars.

The plan is for each church in Texas that possibly can to send at least one car of selected young people. Let's have Munday well represented. The idea is to convince our lawmakers that our young people are concerned with

positive and constructive reforms in liquor legislation. We need to help make Texas sober and safe for our youth.

We will be looking for you at church Sunday.

## MISS MAXIE DINGUS IS MOVED TO FORT WORTH

Miss Maxie Dingus, junior interviewer for the Texas State Employment Service, was recently transferred from the Wichita Falls office to the one in Fort Worth. She started her duties in Fort Worth on Thursday of last week.

Miss Dingus was transferred from the Fort Worth office to Wichita Falls in October, 1939. She is the daughter of Mr. and Mrs. G. W. Dingus of Munday.

Mr. and Mrs. Worth Gafford and family and Mr. and Mrs. Everett Foster were visitors in Abilene and Coleman last Sunday.

Mr. and Mrs. Morris of Rule spent last Sunday here, visiting with their son-in-law and daughter, Mr. and Mrs. Douglas Busby.

Ed Bookout and family of Wichita Falls visited relatives here over the week end.

Arthur Mitchell was a business visitor in Quannah last Monday.

County Supt. Merick McLaughley of Benjamin was a business visitor here Tuesday.

## BUTANE

A complete line of Butane systems and Butane appliances. Let us figure your requirements.

**We Will Save You 25 to 40 per cent!**

### Ninety Knox County People Attend Annual P.C.A. Meeting at Stamford

The annual stockholders' meeting of the Stamford Production Credit Association was held Wednesday, February 5th, at the Bankhouse of the Cowboys' Reunion ground in Stamford. From Knox county there were forty-two stockholders in attendance, thirty-one of whom brought their wives; there were also thirteen visitors from Knox county in addition to the members.

Mr. Clark Forbis of Afton, director of the Association, gave a summary of the activities of the association during the year 1940. Mr. J. L. Hill, Jr., secretary-treasurer also made his report giving a concise statement of the financial status of the association for the past year. Over one and a quarter million dollars worth of money was loaned during 1940, the year ending with a little less than one hundred thousand dollars locally owned capital; with a membership totaling seven hundred farmers and ranchers.

Mr. J. B. Pumphrey was the only director whose term expired in 1940 and he was reelected for a term of three years.

Mr. O. G. Tomlinson was our guest from the Production Credit Corporation of Houston, and made a timely talk on Production Credit Cooperatives.

At the conclusion of the business session a chuck wagon lunch was served to 800 members, their wives, and visitors from the eight counties served by the association.

Mrs. O. V. Brown and children of Artesia, New Mexico, visited in the home of Mr. and Mrs. H. H. Harrison last week. Mrs. Brown is Mrs. Harrison's sister.

Orrin Joe Bowden, who is attending Hardin-Simmons University in Abilene, spent the week end with home folks here.

A. J. Manuel and Mrs. Bertha Stancill and children of Poteet, Texas, spent last week end here, visiting in the home of Mr. and Mrs. H. H. Harrison.

R. D. Atkinson was a business visitor in Wichita Falls last Thursday.

P. S. Bailey and Bill Alderman, out of the district office of the Texas Highway Department at Childress, were business visitors in the city Tuesday afternoon.

### Spring Edition Texas Highway Maps Are Out

The 1941 spring edition of the Texas Highway map issued by the Texas Highway Department is now available to the public. The cover of the spring edition is a natural color photograph picture showing a sunrise scene on the Gulf Coast of Texas, and the new map shows all State highways, cities and towns, and as with every issue of the map, shows that pavement has been placed on many unpaved gaps since the last map was issued in the spring 1940.

Features of the 1941 spring edition map are the new Federal census figures for Texas cities and towns. Shown on the map itself are oil and gas regions, national forests, and principal lakes and streams. Inserts around the map show in larger scale the routes into and thru larger cities. On the back is a brief description of State parks, and other attractions; facts about Texas, and interesting pictures of industry and development in the State. The data include comparative distances showing that it is farther between some cities in Texas than from the same cities to Los Angeles, Chicago, and Jacksonville on the Atlantic Ocean.

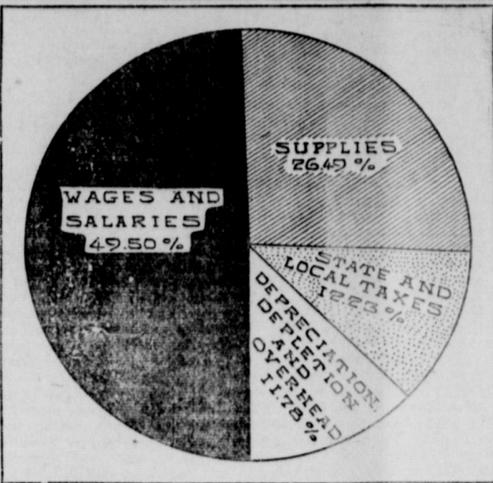

The Highway Department constantly strives to improve the map, and this edition is the most complete yet issued. While new paving is shown, it is impossible, of course, to indicate on the map the many miles of old type paving on which reconstruction, improvement and modernization has been done.

The map is free to the public and copies may be obtained by writing the State Highway Department at Austin, or any of its District offices.

Mrs. J. S. Pickard of Dallas, a sister of Mrs. Fred Broach, visited in the Broach home several days last week. Mrs. Broach and son, Bobbie, took her to her home in Dallas and spent last week end visiting there.

Joe Cade of Vera was here Monday, visiting friends and attending to business.

### Workers Get Half of Texas Oil Cost Dollar

Dallas, Texas.—Texas workers receive half of the money spent in the production of Texas oil, according to a booklet just issued by the Texas Mid-Continent Oil and Gas Association. The booklet, entitled "Important Facts On Texas Oil," is now being distributed by the association from its headquarters in the Continental Building here.

Wages and salaries to Texas oil production workers amount to 49½ per cent of the net cost of producing the average barrel of oil in Texas, the booklet shows. One-eighth of the net cost dollar goes to Texas tax-collectors for State and local taxes. Supplies cost about 26 1-2 per cent, while depreciation, depletion, overhead and Federal taxes make up the remainder of the 11 per cent.

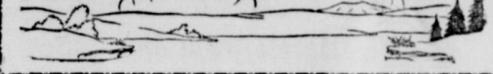

Tot his net cost must be added an extra one-eighth of the price of the oil which is paid as royalty to the Texas farmer or rancher who owns the land on which the oil is produced.

Texas petroleum workers and Texas farmers together receive \$400,000,000 a year in wages and

salaries and lease and royalty payments from the Texas petroleum industry, the book shows. Of this huge sum, the workers get \$272,000,000 annually and the farmers and other landowners \$128,000,000. The \$400,000,000 paid these two is four-fifths of the total value of all crude oil produced in Texas. Texas tax-collectors get from the petroleum industry an additional \$75,000,000 a year.

These huge sums are spent and respect in Texas to benefit every Texan, the book points out. "Fortunately for Texas and its people," it states, "the development of this great national resource has not only revealed the existence of underground supplies of oil and gas to last for many years, but also has created a permanent home industry which directly provides living for one-sixth of the State's population. Directly or indirectly, practically everyone living in Texas today shares in the distribution and redistribution of money created by this one industry. Every Texan has a stake in the future of this business."

### TEXAS OUT-O-DOORS

**Bags White Quail**  
North Texas appears to produce more than its share of albino quail. During the last several years four or five have been reported from that section of the state. The latest is one killed by Hugh Dow of Fort Worth while hunting on his farm near Lake Worth.

"When I first saw the white quail my thought was that it was a small chicken which had taken up its abode in a covey of bobwhites," Dow said. "However, I realized just as I shot the bird that it was a white quail."

The bird was white with the exception of a brown spot on each wing about the size of a half dollar.

**Javelina Cripples Foreman**  
A South Texas ranch foreman who has for years warned all hunters on his place to be careful of javelinatas and be sure they are stone dead before approaching them after shooting, was injured seriously shortly before the close of the hunting season by a wounded javelina.

The foreman was accompanying a man who shot a boar. The foreman warned him to be sure the animal was dead. The hunter hit it over the head with a club. Then the foreman started to cut the boar's throat. The javelina reared up, clamped down on his hand and they had to cut the muscles away before they could loosen the hog's hold on the foreman's hand. He spent several days in the hospital and has three broken bones in his hand.

**GAME TRAPPING CONTINUES**  
Austin, Texas, Feb. — Trapping of game on areas which have a surplus, and planting it in sections from which the various species have been shot or trapped out, continues, and reports to the executive secretary of the Texas Game, Fish and Oyster Commission indicate this will be by far the most successful year in the Department's history.

More than 500 deer have already been trapped, a considerably higher number than were captured all of last year. New methods of trapping deer, turkey and antelope have made it a comparatively simple matter to gather in the game birds and animals. The only bottleneck encountered by the Department is the lack of trucks upon which to transport the trapped game to the new areas. They are sometimes taken as far as 600 miles. More than 600 antelope, more than twice as many as had been previously trap-

ped in a year, have been captured in West Texas on areas where they were over-crowded, or were too many sheep were being grazed and thereby cutting down on the supply of food.

Turkey trapping continues with considerable success. Raccoons are trapped successfully, and a new project, that of trapping beaver, appears to be highly successful, although definite figures on the numbers of animals taken are not available.

**A BOY AND 3 SHOTS EQUAL 2 BUCKS**

Stories of the recent deer hunting season continue to trickle in. One of the best of them has 11-year-old Judson Hargrove as its hero. The lad killed two large bucks within a 2-minute period, and needed only three shots to get his limit of deer.

Young Judson was hunting with his Dad. Suddenly he saw a big buck, asked his father where to shoot it, and upon being told to hit the deer right behind the shoulder, he fired. The deer fell. Then another buck jumped up, headed

**SMILE**

**THE TIMES**  
Want Ads

toward the Hargrove's nearby motor car, and the lad downed him with his third shot in two minutes. The bucks were six and eight-pointers, according to the Pharr City Press.

**Quail Bathes in Flower Pot**  
Leave it to denizens of the wild to find a way to do things. The area surrounding Houston has had much rain over a period of several weeks, and there were few dry places left in the countryside. However, that didn't deter a quail on the ranch of Bill Freeman. The bird discovered a large flower pot on the porch of the Freeman home and was observed by Mr. Freeman, Bill Walker, outdoor editor of the Houston Post and a state game warden, taking a bath on the front porch. The bird, according to Mr. Freeman, uses the flower pot regularly.

**CAPTURES ALBINO BUZZARD**  
A snow-white buzzard has been added to the Herman Park Zoo in Houston. It was captured by C. W. Farrell of Auguste, Houston County. It is the first white buzzard reported to the Texas Game Department.

**TO HOME GUARD MEET**  
J. C. Harpham, L. S. Hardegree, E. L. Foster, Ralph Burrow and Buell Bowden, J. L. Stodghill and Lee Haymes were in Throckmorton last Monday night where they attended a drill meeting of the Throckmorton unit of the Home Defense Guard.

Mr. and Mrs. Carl Mahan and family of Abilene spent the week end here with Mrs. Mahan's mother, Mrs. E. M. Wilson and with friends.

"During a dust storm in Kansas a prairie dog was seen 100 feet in the air, burrowing."

**MEET US**, and your friends at the Roxy Theatre, on Thursday, February 20, at 2:30 p.m. for the big free picture show, Guinn Hardware Co.

### Are You Using The Library?

Are you using the Munday Public Library? If not, why? The library is open six hours a day now—from 11:30 to 5:30 o'clock. Two new books have been added since last week:

"The Desert of Wheat," by Zane Grey. This book deals with the wheat lands of the northwest. It has the same action, suspense and vigor that have made Zane Grey's books loved by so many thousands of readers.

"The Family," by Nina Fedorova. The story is laid in China during the Japanese invasion in 1937. The Family, composed of five members, is White Russian with all the vital, heart-warming qualities the nationality implies. Nina Fedorova is, herself, a White Russian. In 1935 she and her husband and their two sons came to America to begin life anew in the small university town of Eugene, Oregon. She has written stories and articles for newspapers in China. This is her first novel.

### Girl Scout News

The Girl Scouts of Troop No. 1 were entertained last Friday night at the home of Rosa Marie Stodghill.

Valentine decorations were used. Favors were dainty paper baskets filled with candy hearts. Games and contests were enjoyed during the evening.

Refreshments of hot cocoa, cookies and smack sandwiches were served to the following members and visitors:

Miss Crawford, Ruth Baker, Joan Snody, Joan Chamberlain, Jean Ratliff, Elma Lowe, Joyce Speck, Noraline Moylette, LaRue Johnson, Patsy Ruth Massey, Betty Jean Snody, Martha Ann Reynolds, Lola Faye Cumba, Frances Hallmark, Bobbie Boggs, Margie Marie Coody, Charlotte Ann Williams, Geraldine Boggs, Mary Tom Kirk, Emma Jean Loving, Laura Beis Moylette, Waama Allen Johnson, and the hostess, Rosa Marie Stodghill and Betty Jane Spann.

"This isn't a very good picture of the girl, is it?"  
"No, but then, she isn't a very good girl."

"PAY CASH AND PAY LESS"

# I GIVE YOU TEXAS

By Boyce House

There must be fairer fields somewhere  
Beyond this wayside inn,  
Of life as we have known it here  
With all its care and sin.  
Perhaps we'll find new glory there  
Unmarked by greed or shame,  
Where one may keep his honor clean  
And still know wealth and fame,  
Somewhere beyond the tall skyline  
That crowns our waning day—  
Beyond the low green borderlands  
That hold our flesh at bay—  
Beyond dim hills when twilight falls  
Where star-swept rivers flow—  
There must be fairer highways there  
For restless feet to know,  
What if the way is long and rough,  
And hills are swept by gales?  
No bold heart fears the tortured trip  
To far, uncharted Trails,  
And if, throughout the long dark night  
No ghostly shadows creep,  
Thank God, beyond the tumult here  
We'll find eternal sleep.

The above beautiful poem was republished recently in the Wharton Spectator by Editor Frank S. Shannon, and was written by his uncle, the late H. M. Shannon, who was editor of the Richmond Texas Coaster.

Llano is a land of legend and of delight to tourists. In the south-western part of the county is the famous Enchanted Rock, a solid block of granite, a mile square. It was named by the Indians, perhaps because, when struck a very hard blow, it gives an odd but inspiring sound. The story is told of a frontiersman who, being pursued by redskins, took refuge on the rock and his foes would not follow him.

Then, 18 miles southeast of Llano, stands old Packsaddle Mountain. Editor Bill Collins of the Llano News says this was the scene of the fight which drove the Comanches out of the State, a force of ranchmen defeating a far larger band of Indians. The only man still living who took part in the victory is A. F. Moss, a rancher. Llano county is, of course, a hunter's paradise. Five thousand deer, it is estimated, are killed during the hunting season. There are quail, doves, wild turkeys and ducks. Hardware windows a few weeks ago, when this observer was there, were filled with trophies of the hunt, and the Buckhorn Cafe walls were lined with deer heads. As for fishing, Buchanan Lake is only a few miles away—the largest in the Southwest and the second biggest artificial lake in the world. The two-mile concrete dam is the longest on earth. There are parks along the waterfront and a scenic drive runs beside the lake. There are cottages for rent; stores, rowboats, motorboats—in short, everything for one who is seeking sport, recreation, beauty, or just a soothing rest.

Imagine a line of trucks and other motor vehicles, bumper to bumper, extending all the way from Texarkana to El Paso—almost a thousand miles—and you have an idea of how many new pieces of motorized equipment the United States army is buying this year.

The total will include 27,000 motorcycles, 5,900 passenger cars, 3,400 ambulances, 37,800 two-and-a-half ton truck-tractors, each with one trailer unit, and 283,100 other trucks, ranging in size from "pig-mies," which carry a load of only a quarter of a ton, up to several thousand with a capacity of six tons or more each.

The "pigmy" can haul three men and a light field piece at 60 miles an hour, yet it is so small it can be tucked into the hold of a transport plane. The next-larger sizes will have many duties, such as reconnaissance, command, pickups and infantry weapon carrying. Bigger ones are for movement of 75 mm. field guns, 105 mm. howitzers, gasoline and animal carrying. The biggest of all will transport three-inch guns and 90 mm. anti-aircraft gun mounts.

Only because the trucking industry of America has provided a market have factories been made possible that can now furnish this equipment so vital to national defense. And the trucking industry in Texas has had an important part in creating those factories, even though the 7,000 pound load limit in this state has retarded the industry. Incidentally, that absurdly low restriction is expected to be changed by the present Legislature. The logical solution is felt by many who have given the problem close study to be the adoption of a scientific load-limit bill.

HERE FROM DALLAS  
Rev. and Mrs. W. R. Bryant had as their guests over the week end Mrs. Bryant's mother, Mrs. McBrayer, and Mr. and Mrs. Elmer Kapp and little son, all of Dallas.

### Junior News

The Juniors are very sorry to report the loss of one of their most popular and active members, Juanita Rogers, who moved to Munday the first part of last week. Juanita had been with the Juniors since those good old fourth grade days and they all hated to see her leave.

Juanita has been a great volleyball player ever since her entrance into high school, and took active part in all the games she participated in. She was always rooting for her team.

The Juniors wish Juan much happiness and success in her new home and school-life, hoping she will visit them as often as possible.

The Juniors are having a terrible time reading Shakespeares Julius Caesar. Several have threatened to rewrite it so the lower classmen will not have such a time reading

it when they reach that great moment. However, the Juniors say it's beginning to get almost as clear as mud, now.

The Home Economics III girls have finished a unit of Medical Care, and really believe they would be good nurses if they had half a chance.

The Juniors are all looking forward to the Valentine Party with eagerness and impatience, hoping it will be one more big success.

Don't forget to keep watching this column for the name of the Junior play, because it's really going to be mentioned soon. Have your specialties ready to get the name, date, and time of the play down pat!

### Freshmen

The freshmen are very sorry that one of their classmates, Billy Bob Burton, is ill. They will be

glad when he becomes able to come back to school.

The Home Ec girls completed their first article, a dish towel, and all of them made good grades on them. They are planning to make a simple dress or skirt for their next project.

In General Science the freshmen are starting the study of electricity and magnetism.

### Seventh Grade

The seventh grade saw the ball game last Monday between Munday and Sunset and of course was very glad to see Sunset win. Both teams played a very good game.

Some of the seventh grade have 'pet' sayings, they are:  
Mart Hardin: Is that so?  
Christine Lindsey: My! My!  
Leita Gentry: Oh Dear!  
Billy Matthews: Huh!  
Mildred Yost: Oh yes, but I am!  
Utah Groves: Oh Oh!  
Eva Henderson: Oh Johnny!  
Grace Scroggins: Well, well!

### Sixth Grade

Best citizens for last week were Margie Lowrey and T. W. Hertel. New officers for the Citizenship Club are Barbara Almanrode, president; John Voss, vice-president; Margie Lowrey, secretary; Betty Nell Walker, reporter; and J. B. Walling, parliamentarian.

Each Friday this semester the sixth grade has court in their club meetings, and the prosecuting attorney for that week brings us the cases of the class against any student who has been guilty of violating any law of good citizenship. Seven offenders were apprehended last week.

### Seniors

Well, since our first trial in civics is over, the Juniors and Seniors can tell you what the verdict was. Since the guilty one may not want to be known, we'll just say that the young man was proven guilty of kidnapping a Senior girl. Now that their other trial is nearly concluded they will tell you the outcome next week.

The Seniors had a theatre party last Monday night. They went to see "Tin Pan Alley." Most of the party enjoyed the show and they hope to have another party before long.

### Seniors on Parade

Roy D. Simmons was born two and one-half miles west of Sunset school on April 19, 1922, where he has lived ever since. He started to school at the age of seven. Roy was salutatorian when graduating from the seventh grade.

He is five feet eleven inches tall, has brown hair and blue eyes.

Some of his favorites are:  
Song: New San Antonio Rose.  
Teacher: All.  
Subject: All.  
Roy hopes to go to A. and M. College after graduating this year.

### Eagle Basketball News

Who said those Eagles couldn't play ball? They defeated the Goree Wildcats 27 to 11 Friday night at Sunset. The Eagles made their rally in the first half of 20 points to the Wildcats 7. Those Eagles really played ball. Thomas of Sunset was high point man with 11 points. Frost was second with 8 points. Thornton was high man point man for Goree with 5 points all in the first half. The Eagles did a good job of holding the ball the last half. If the Eagles play the way they did Friday night they can win the county meet February 14 and 15, at Munday. The boys need their pants now since they have learned to play ball. Maybe the speeches helped the boys. Well, anyway the Eagles played a real ball game.

### Fourth Grade

The fourth grade met last Friday in its regular weekly meeting. The students elected committees and chose the best citizen of the week. The best citizen of the week was Charles Hardin. The chairman of each committee is:

Good manners: Charles Hardin.  
Safety first: Cora Fayne Tidwell.  
Thrift: Carlyne Jones.  
Character Study: Carrie Bell Smith.

This week the fourth grade is working on Valentine decorations, and they are looking forward to a good time on Friday when they are to have a Valentine party.

Jack Williams, who is attending A. and M. College, spent the week end here with his parents, Mr. and Mrs. P. V. Williams.

## Puerto Rico Consumes Much of Texas' Own Wheat

Washington, D. C.—Puerto Rico's appetite for wheat flour grown in Texas and other wheat states has reached the highest peak in twenty years during 1940, according to a statement by the Puerto Rican Trade Council.

Sales of flour to the territory totalled 91,400,000 pounds, a gain of 17 per cent over the preceding year, the Council said. Puerto Rico grows no wheat because of unfavorable climatic conditions, and obtains its entire supply from the United States mainland.

The increased buying power last year is attributed largely to heavy Federal spending for national defense bases and public housing, inasmuch as the income from Puerto Rican crops and industries declined somewhat, owing to sugar quotas and other restrictions, the report stated.

Sales of all goods to the island from continental United States were valued at \$103,980,000, or 20 per cent more than in the year before.

Of 20,000,000 bushels of onions that bolster the breath of citizens of the United States yearly, Texas supplies more than 3,000,000 bushels.

Miss Maxine Eiland, who is attending Texas Tech at Lubbock, spent the week end here with her parents, Mr. and Mrs. G. R. Eiland.

Winston Blacklock of Vernon visited his parents, Mr. and Mrs. B. L. Blacklock, over the week end.

Mrs. Ralph Blanton and little son, Ralph, Jr., of Stamford visited in the home of Mr. and Mrs. A. U. Hathaway several days last week.

G. R. Eiland and Leland Hannah were visitors in Lamesa last Sunday.

THOMAS ALVA EDISON  
February 11 1847

My desire is to do everything within my power to free the people from drudgery and create happiness and prosperity.

# ELECTRIC POWER FOR U. S. DEFENSE IS READY NOW!

The Electric Industry Has Prepared Without Tax Money Or Government Subsidies

Nation's Power Facilities Total More Than 40,000,000 Kilowatts...

Greater than France, Germany and England Combined

Present U. S. Capacity 40,318,000 Kilowatts

EDISON, through his invention of the incandescent lamp, laid the ground work for an industry that today holds a key position in the nation's defense program. It is a credit to his successors that electric power today is plentiful both for national defense and for the purpose he intended.

"... to free the people from drudgery and create happiness and prosperity."

FOURTEEN BILLION DOLLARS for national defense—but not a dime of the taxpayers' money is required to prepare the electric industry to meet the emergency!

Present-day generating capacity of 40,000,000 kilowatts, with an increase to 45,000,000 by the end of 1942, is ample to supply a vital need in the defense program, in fact, 50 per cent above demand. It is greater than the combined total of Germany, England, and France, each of whom has less than 9,000,000 kilowatts.

### NO BOTTLENECK IN POWER INDUSTRY

Today sees the power companies, made up of men and women who are your friends and neighbors working under the tremendous job of energizing the country's wartime industries. There is no bottleneck in electric power.

Over 82,000 miles of high voltage transmission lines link the country's raw material production centers with every important concentration point. They are interconnected and organized in integrated systems for economic operation, guaranteeing not only industry but each individual community a dependable, continuous supply of electricity at low cost.

### NOW PAYING \$400,000,000 IN TAXES

The electric utilities now are providing jobs for 275,000 persons, all of whom are highly trained and experienced to do their jobs expertly and efficiently. They are paying \$400,000,000 a year in taxes.

An important feature of the nation's interconnected power systems is that they are ALREADY available, built and owned by men and women who invested their savings in sound business enterprise and who represent the American way of living which we now are preparing to defend.

### PREPARED IN ADVANCE FOR EMERGENCY

Because the utilities built ahead of demands and have prepared for just such emergencies, every dollar of the fourteen billion defense fund is going for other necessities in the preparedness program such as aircraft, guns, ships, food, clothing, shelter, tanks, and for the training of men. The expenditure of this vast sum is required to maintain and guarantee the nation's freedom, the American way of living!

The usage of Electric Service has contributed more than any other single item to creation of what we call "the American way of living." It has brought light, household comforts and conveniences, to the average home in greater quantities than has ever been known in other countries.

Your Electric Servant is ready NOW to help defend that way of living.

West Texas Utilities Company

 Sadie.....? ? ? ?

### Sports Report

The Benjamin Mustangs once again met the Vera Pilots in a couple of basketball games last Thursday night and Saturday night. Both games were full of excitement and thrills throughout. Seemingly, luck was with the Pilots Thursday night, for they had very little trouble in chalking up a victorious score. This did not prove to be the case Saturday night. The scoreboard stayed so nearly the same that it was hard to determine just who would be victorious. To our disappointment, the scores at the end of the game were 16-12, in Vera's favor. We did, however, thoroughly enjoy the games and are proud of the way they were played.

The Mustangs will participate in the final tournament this weekend at Munday. We are expecting the Mustangs to "bring home the bacon" in the form of first place. Luck to you, Mustangs!

### Sadie the Snoop

What teacher thinks she would like ranches?

E.C., why did you want to go to church Sunday night??

Cidy, what was wrong with you and Bud in chemistry class Monday??

Mr. Barton, did you say that was your sister visiting you this week-end?

Squirrel, did you get tired of

playing volleyball?

Bud, you and Cidy needn't feel so smart about making a good grade on the chemistry test. There is another one this week that might be harder to er-pass.

### Senior Report

The Seniors all seem to be very well pleased with their first semester grades, at least, their talk is all of graduation, and it is the opinion of your Senior reporter that they are going to study hard this last semester and try to make a B average and be exempt from the final examination.

The Seniors are planning to begin work on their play in the near future.

### Junior Report

The Juniors are still working on their play and are going to try to have it ready to present by the 20th of this month.

Last Wednesday, Mr. Lonnie Smith, representative of the Herff-Jones Company, was here to measure us for our Senior rings, which will be here in September.

We are taking Literature this semester instead of grammar.

We all like Miss Reynolds, our new typing teacher, very much, and we are sure that we will all cooperate with her to the best of our ability.

### Sophomore Report

Well, here we are, and the Sophs, as usual, are not having much to say. We wish to take this opportunity to say how sorry we are to lose one of our dearest teachers, Miss Covey. We hope she will enjoy her work as well as we enjoyed having her teach us. We will see you next week—we hope.

### Freshman Report

The "Fish" were very sorry to lose Miss Covey, but were very fortunate to get Miss Reynolds for our sponsor. We are all going to like her just as well as we did Miss Covey. The Freshmen have decided it would be a good idea to study a little more this next semester than they did the last one.

Last week Miss Covey, home ec-

## RIGHT OUT OF THE AIR

By EARLE FERRIS

GENEVIEVE ROWE, pictured here, soprano star on "Johnny Presents," is now introduced in an unique manner. The entire Swing

is to be a variety highlight of the season. Bing Crosby, Bob Hope and Betty Grable will be co-starred on the program.

Because the action often takes place all over the studio, "Crime Doctor" uses more microphones than probably any other dramatic show on the air. Engineer Bill Gage really has his work cut out for him.

Exciting news on the radio drama front is the anticipated appearance of Judy Garland on the

CBS Sunday "Silver Theater" within the next few weeks. Advance inkings are that Judy will do her first straight dramatic role sans song.

Fourteen, harmony group, precedes her with a special jingle, words and music by Ray Block, bandleader on the series.

Results of a survey just completed by Wayne University show Kate Smith many thousands of votes ahead of her nearest competitor in the field of woman commentators. With her Friday night singing bringing her in ahead of the pack in polls for popular vocalists, Kate is the only entertainer to win top honors in two widely separated fields.

Joan Banks, pictured here, of "The Home of the Brave," new CBS serial, studied to be a dancer

and now hopes to be a night-club singer. One of radio's best little actresses, Joan, like everyone else, finds the grass greener in the other pasture and even though she averages ten radio programs a week, thinks she could find time for something else.

Director Roger Pryor, of the CBS "Screen Guild Theater," has set a trio of Hollywood stars for a forthcoming broadcast that prom-

Helen Hayes missed a line during a radio rehearsal for her air theater when she said "cake" instead of "sake." Commented the actress: "Well, I certainly frosted up that one!"

Bess Johnson, pictured here, is the star of "Hilltop House" on CBS and is considered one of the

finest actresses in radio. That's not surprising because her mother, who played with Lillian Russell and the older Barrymores, started her on her career.

onomics teacher of Benjamin high school, resigned, and Miss Reynolds, of Texas Tech, took her place. Miss Reynolds teaches typing, economics, and home economics. We all wish to welcome Miss Reynolds, and offer her our full-fledged cooperation. We hate to lose Miss Covey, but we are sure that Miss Reynolds is well-qualified for the job, and will be a good teacher.

Times presents in "Arms and the Men" will bring a feeling of great pride and satisfaction. This strong visual presentation of an armed Democracy shows convincingly and honestly how a belatedly aroused America unites to defend itself.

Mrs. Wesley Marr and children, Jim Edd and Helen Ruth, of Knox City, were visitors here last Monday.

Donald Hobert, who is attending A. and M. College, spent the week end here with his parents, Mr. and Mrs. L. W. Hobert.

Levi Bowden and family, who are residing at Mineral Wells at the present time, visited relatives here over the week end.

## West Texans Congratulate Knox County Pioneer, 80

Tales of the West Texas of 50 years ago were swapped Sunday afternoon when old friends from that section joined new one in Fort Worth at an eightieth birthday party for Mrs. M. A. Reeder.

The occasion was an open house entertainment at the home of Mrs. R. G. Vaughan, a daughter, at 2005 Avenue B, where Mrs. Reeder has lived since moving here from Knox City.

It was a double celebration for Mrs. Reeder, who was born in Texas and was a resident of Knox County before there was a Knox City. It was the first time in 25 years that she had seen all five of her children together.

Here for the day were two sons, J. C. and W. A. Reeder, both of Knox City, a third son, T. P. Reeder, of Crowell, and the other daughter, Mrs. J. M. Sawyers, Ryan, Okla. J. C., a druggist, is rarely able to get away on the days the others hold reunions.

Also here and sharing honors with Mrs. Reeder was Mrs. J. W. Smith, 69, of Knox City, friend of 60 years' standing.

Other guests included Mrs. Earle Benedict, Mineral Wells; H. K. Lyle and Mrs. H. N. Lyle, both of Cisco; Mrs. Otto G. Bound, Ryan; Mr. and Mrs. John Tankersley, Arlington; Mrs. Guy Farmer, Cedric Farmer and Mrs. Sam Jones, all of Seymour; and Miss Mittie Homes, Dallas.

A grandson, James Reeder Sawyers, Ryan, played the violin, accompanied by Dorothy Jean NeSmith, also of Ryan. Ben and Cleo Matheson, children of Dr. and Mrs. D. N. Matheson, 2500 Cockerell Avenue, who are second cousins, also played. Betty Kimball, a neighbor, gave a birthday greeting recitation.

Mrs. Reeder was born Mary Artimecia Scott in Alto, Texas. As a

girl of 16 she moved to Hood county, and then to Baylor county in ox-drawn wagons.

She was married to Thomas P. Reeder in 1880, the second couple wed in Baylor county after its organization. They moved to Knox county in 1886, taking up a section of school land at \$1 per acre.

She and her husband gave 50 acres of land to form the town of Knox City, and the main street of that town now lies along the border-line of their section.

She recalls that they first had no neighbors nearer than 12 miles, and mail was received once a month.

It was a time when wild horses, antelope and lobo wolves roamed the country, and prairie fires were a constant threat.

She and her husband hauled lumber from Wichita Falls, a sprawling little village, when they decided to build their home. The trips often took weeks, she said.

She told an amusing example of frontier hospitality that arose when a Baptist Association met at the Reeder school house. The Reeder had only a two-room house, but accommodated 45 guests for three days.

Although she received a broken hip three years ago, Mrs. Reeder was emphasized on Fifth received several presents from small children—the only ones, she said, who are as neighborly as West Texans.—Fort Worth Star-Telegram.

Carlton Mooney of Seymour was a business visitor in town Friday.

Mrs. G. R. Eiland, Mrs. Clarence Eiland and Mrs. D. C. Green went to Fort Worth last Sunday to take Mrs. James N. Walker, who went on to join her husband in Galveston.

Dr. W. M. Taylor of Gorse was a business visitor here last Monday morning.

Mack Hayes of Vera was a business visitor in the city Tuesday. While here he called at The Times office and renewed his Munday Times for another year.

## U.S. Defense Shown in New March of Time

Film Takes Movie-Goers Inside Training Camps; Shows How Young Soldiers Live

The first complete film story of America's current defense program will be shown at the Roxy Theatre in an exciting and timely new March of Time entitled "Arms and the Men—U.S.A." The film shows not only how the nation is speeding up production of weapons, machines and munitions for defense, but also how the young men in Uncle Sam's new citizen army live, what they are learning, and how they are being welded into a well-disciplined and well-trained defensive fighting force.

Congress has already appropriated an initial sixteen billion dollars, for the gigantic defense program which is to give the nation an army of five million active and reserve troops, including ten full divisions of mechanized and motorized units; a two-ocean navy totaling more than three million tons of fighting ships; and an air force of 30,000 planes that will be superior to that of any other nation in the world.

Taking movie-goers inside U.S. training camps, the March of Time film shows the daily routine of work and the use of leisure time in the life of the young U.S. soldiers newly recruited from cities, farms and towns, from a thousand businesses and trades, and even from the ranks of those who never had a steady job. The film shows in detail the specialized tasks of the infantry, artillery, tank corps, and other branches of the Army which are today putting into practice many lessons learned from the wars abroad.

In "Arms and the Men—U.S.A.," the March of Time also shows how the civilian population of the nation, realizing the immense extent of the task it has undertaken, is backing up its young men-in-arms by carrying forward in every business and industry the work necessary for the attainment of America's unparalleled goal in armament for defense.

To every American movie-goer the stirring story which March of

### Prices Higher On Cattle And Hogs in Auction

The Munday Livestock Auction Co., reports a big run of cattle and hogs for last Tuesday's sale. Top hogs sold from \$7.25 to \$7.40; heavy butcher hogs, \$6.75 to \$7.20; sows, \$6 to \$6.50 and shoats from \$6 to \$7.

Fat cattle sold fully steady with last week, while stocker cattle were 25 cents higher than a week ago. Some of the prices were: Beef bulls, \$6.50 to \$6.80; butcher bulls, \$5.75 to \$6.25; fat cows, \$6.25 to \$6.75; butcher cows, \$5.25 to \$6; canners and cutters, \$3.25 to \$4.50; fat yearlings, \$8.50 to \$9.80; butcher yearlings, \$7 to \$8.50; fat calves, \$8.25 to \$9.50; butcher calves, \$7 to \$8; Jersey calves, \$5.75 to \$7.

Some of the buyers here for Tuesday's sale were Blue Bonnet Packing Co., and City Packing Co., Fort Worth; Wichita Packing Co., and John Ruddy, Wichita Falls; E. J. Killough, Clovis, N. M.; Vernon Packing Co., Vernon; R. L. Dickey, Rule; S. M. Middlebrook, Crowell; R. J. Jordan, Vernon; L. S. Furr, Stamford; W. W. McCraw, Leuders; T. M. Westbrook, Trusecott; B. E. Smith, J. E. Adams, H. F. Newbrough and Bois Grady, Rochester; J. M. Bradberry and James Tankersley, Knox City; A. W. Kline and J. H. Anderson, Haskell; C. E. Elliott, G. C. Conwell, Bill Gaither, Crely Edwards and C. F. Suggs, Munday; Roy Jones, Goree; V. B. Bowman, Griffith Bros. and Clyde Mayfield, Witteth.

#### WATCH FOR SABOTAGE

Austin, Texas.—Texas Highway Department employees throughout the state are being instructed to be on the alert against any possible attempts at sabotage to state highways, bridges, or warehouse properties.

The Texas Highway System is indispensable to the national defense program, it is emphasized, and 6,375 miles, or about one-twelfth of the nation's strategic military highway network of 75,000 miles designated as part of the defense program, are Texas highways.

DON'T FORGET—the free Picture Show at the Roky Theatre on Thursday, February 29, at 2:30 p. m. We'll be expecting you. Guinn Hardware Co.

### Many Out For Legion Meeting Tuesday Night

Between 65 and 75 men were present last Tuesday night for the regular meeting of Lowry Post No. 44 of American Legion. A number of visitors were present from Throckmorton, Knox City, Benjamin, Trusecott and Goree.

The post had as their special guests the young men who leave soon for selective service training and a number of talks were given in their behalf. Inspiring talks were made by Chas. Clowe and Rev. Gregory, both of Throckmorton. Short talks were made by Henry Smith, also of Throckmorton, Walter Rice, Jack Idol and R. B. Davy.

Don Ferris explained the proposed movement for securing an iron lung for Knox county, and the post voted to sponsor the movement. Around 65 men were present for the meeting.

Those serving the birthday feed are Dan Ferris, Omar Reid, Norman Fry, Glen Higginbotham, and Mr. Albright of Vera.

### Texas Ranches Ship Livestock

Austin, Texas.—Texas ranches marketed 80,577 carloads of livestock during 1940, the University of Texas Bureau of Business Research estimates.

Total shipments were 9.4 percent below those of 1939, with sheep marketings showing the only increase—11.8 percent, to 11,466 cars.

Cattle shipments—47,125 cars—dropped 14.4 percent; calves—13,672 cars—declined 10 percent; and hogs—8,344 cars—fell 1.5 percent.

During December total shipment was 4,296 cars—5.5 percent fewer than in December 1939. Cattle shipments were down 10.8 percent, calves about the same as a year ago, and sheep movement slumped 33.3 percent. The movement of hogs, however, showed a gain of 27.8 percent.

Meat scientists report that a frozen lamb will keep successfully at a temperature of 18 degrees Fahrenheit or lower, but that the ideal temperature is from zero to ten degrees below.

### WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent

Health in the community is very good at the present.

Mr. and Mrs. Frank Brown spent Sunday with Mr. and Mrs. Willie Floyd of Weinert.

Mr. and Mrs. Otis Simpson are attending the bedside of Mrs. Simpson's father, J. A. Hendrix, of Hood who is seriously ill.

Mr. and Mrs. J. W. Kemp of Weatherford, visited Mr. and Mrs. C. H. Brown last Sunday.

Miss Peggy Joyce West is ill at this writing.

Mr. and Mrs. C. N. Smith were in Stamford on business last Friday.

Bill Brown spent Friday night with Floyd Yates.

Little Marilyn Rhea Searcy is ill this week.

Mr. and Mrs. Jay Baker of Mineral Wells visited in the home of Mr. and Mrs. G. A. West Sunday.

Mrs. Lamar Searcy, Mrs. Thurman Guley, Mrs. Aubra L. Smith and Miss Frances Smith were Haskell visitors recently.

Miss Marguerite Ford, who has been ill for some time, is reported doing nicely.

Mr. and Mrs. Frank Brown and Miss Helen Brown were Seymour visitors last week.

C. N. Smith and family visited friends near Weinert last Sunday.

The county grader is very busy terracing farms and grading roads in this community this week.

Mr. and Mrs. Charley McAfee and family of the Sunset community visited Mr. and Mrs. J. R. King Sunday.

revolutions which in 1821 finally gave it its own freedom. For some months it had known no such thing as consistent civil order.

Augustus Magee, a lieutenant of the United States Army in Louisiana, just three years out of West Point, knew all this. Moreover he was young, ambitious, and imaginative. He dreamed of conquering Texas and setting it free, and in the summer of 1812 he set his own dreams into action.

On June 14, an army of 158 assembled on the east bank of the Sabine River. As its nominal chief Magee appointed Don Fernando Gutierrez, an exiled Mexican republican leader, in an attempt to win the backing of Mexicans in Texas. This move, apparently wise, proved to be his most costly mistake.

By October, nevertheless, the Americans had swept victoriously across Eastern Texas and were secure in Goliad, while a force under the Spanish governor tried in vain to rout them out of its former stronghold. The rebels now numbered almost a thousand and were living comfortably off of the millitary stores captured in the town. They had no fear of the Spaniards.

One day, however, Magee had a gentlemanly chat with the governor over dinner. Just what happened no one knows; but Magee returned to his men with the news that they were to surrender and go home.

Enraged, the army, stronger than ever before, and joyfully optimistic, absolutely refused to obey. Colonel Kemper was chosen commander, and the Spanish were immediately defeated with such losses that they withdrew to San Antonio. That night, Magee, who had sulked in his quarters all day, committed suicide.

In March, 1813, the Americans, now 1500 strong, marched out toward San Antonio. Almost 2,500 of the governor's men challenged them nine miles out of the capital, but after a short battle, fled in disorder, leaving 1,000 dead and wounded on the banks of the Salado. Next day, San Antonio was surrendered without resistance and the governor and his staff were made prisoners. Thus intronched, in the capital of the province, Kemper and his men seemed to have gained complete success.

Immediately, however, came a crisis which shattered all their hopes. The Spanish leaders, being taken to the United States for safe keeping, were murdered at a place scarcely two miles out of the city by their escort. Finding that the massacre was Gutierrez planned revenge for old injuries, Kemper and his fellow American officers washed their hands of the cause and left in disgust.

Without these leaders, the army had little chance, and within a few months a new Spanish force trapped it and almost wiped it out. On

ly ninety-three Americans escaped and reached Louisiana ahead of their pursuers. Then, at last, was the long-dying revolution of 1812-13 definitely dead.

### Electric Power Ample for Nat'l Defense Needs

West Texas and the nation now have an abundance of electric power to meet the national defense requirements over and above present consumption in home and business.

Present day plant generating capacity in the United States is more than the combined electrical output of England, France and Germany, a recent survey showed.

The nation's utilities companies owned and operated by men and women who invested in sound business enterprise, and who have already learned to render emergency service through long experience, have prepared in advance, and without the use of tax money or government aid.

U. S. Electric power facilities now exceed 40,000,000 kilowatts, as compared to less than 9,000,000 kilowatts each in England, France and Germany.

The West Texas Utilities Company, now entering its thirtieth year of service to West Texas, already is serving three national defense units, the Army Air base at San Angelo, Camp Barkeley at Abilene, and the air training school at Stamford. Present facilities are sufficient to fill the requirements of many other defense projects, if they should be located in this area.

The company has three major generating stations and 14 standby power plants, operated as a reserve supply of electricity. Eighteen interconnections give added security against shortage or prolonged interruptions.

A total of 2,713 miles of transmission lines form a network giving nearly every community served by the company at least two incoming sources of electric power and many communities three sources of supply.

Such transmission systems located throughout the nation have replaced small, isolated plants, subject to frequent breakdowns and expensive overhead, depreciation, and operating costs. The first such line in West Texas was constructed by the company in 1914 and extended from Abilene to Merkel.

Supplying the nation as a whole are 82,000 miles of high voltage transmission lines, 60,000 volts and over, interconnected to give U. S. a higher peak of service efficiency and cost economy than any other country in the world.

IT PAYS TO ADVERTISE

### J. OMAR CURE HAS STORE AT GILLILAND

J. Omar Cure is the person who purchased the Gilliland grocery store from Garland Coltharp and is now active in its management.

Since there are two J. O. Cures in that section, J. Omar, and John O., Mr. Cure asked that this explanation be given readers of The Munday Times.

Cecil and Kenneth Bookout were business visitors in Crowell last Sunday afternoon.

#### 100 YEARS AGO IN TEXAS

"A party of five Indians, supposed to be Towaccannies, were killed in Webber's prairie, twelve miles below this city, on Monday last. A large party of citizens are in pursuit of another party, discovered in that neighborhood."

"We regret to mention that our late esteemed citizen, the hon. J. W. Smith, late chief justice of this county, was murdered about three miles above this city, on Monday inst., by a party of four Indians, supposed to be Towaccannies. His little son, aged ten years, was with him, and has probably been carried into captivity by the murderers."

University of Texas library services are free to all Texas citizens on request.

### Weather Report

Weather report for period February 6th to 12, inclusive, as recorded and compiled by H. P. Hill, Munday, U.S. Co-Operative Weather Observer.

#### DANCE

A. A. Wallace and his KNOX PRAIRIE RAMBLERS all blind band, will play at Seymour, Texas, at Lodge Hall Tuesday Night, Feb. 18. Sponsored by Seymour Fire Boys . . . Admission 75c. Play over KXOX, Sweetwater, every Friday at 4 p.m.

Cream containing 30 to 35 percent milk fat is ideal for whipping. "Coffee cream," with 18 to 20 percent milk fat content is not suitable for whipping, but may be found satisfactory if whipped cold and at least one day old.

Quoting the Pathfinder, the Department of Agriculture says that farmers in Northern Maryland try to raise wormwood seed for profit—\$4 a pound for the distilled oil. The yellowish green weed, when it is processed, gives out ascardole, a drug capable of ridding cattle of hookworm.

A. L. Smith was a business visitor in Abilene last Tuesday afternoon.

Mrs. R. M. Gehrels returned home last week after a several days visit with her mother, Mrs. J. T. Davis of Winters, Texas.

#### CORRECTED GRAMMAR

Teacher: "What is the meaning of the word, matrimony, Robert?" Robert: "Dad says it isn't a word—it's a sentence."

The film agent had advertised for a stenographer. One of the partners was interviewing a very pretty girl who had applied for the position. The other partner came in, took a look at the girl, and called the other member of the firm aside and whispered: "I'd hire her."

"I have."

"Can she take dictation?"

"We'll find that out later. I didn't want any obstacles to crop up."

IT'S FREE—the picture show on Thursday, February 20, sponsored by Allis-Chalmers and Guinn Hardware Co. It's educational! It's entertaining!

### Side Glances On Texas History

The inspired determination for freedom, culminating in 1836 in the permanent establishment of the Republic of Texas, was not a new and unusual thing in the pioneer land of the Southwest. Rebellion had bubbled up before; and once, in fact—24 years before—Texans had suddenly found independence actually within their grasp.

Today few remember. Who can tell of Magee, of Gutierrez, of Kemper? Few even know their names, but records in the University of Texas' Library's famous Texas Collection show that they actually changed the course of history of this land.

It was in 1812. For four years a puppet king had ruled Spain for Napoleon Bonaparte, and Mexico had been rocked to and fro by
