

MUNDAY WILL HAVE CLEAN-UP CAMPAIGN

Garden Project For Lunch Room Is Started Here

The W.P.A. garden project for Knox county is being started this week, and workers will be assigned for the garden plot next week. The garden will be located just west of the Munday schools.

A 10-acre plot of ground for the garden was procured by a committee of the Chamber of Commerce, composed of W. E. Braly, J. C. Borden and S. Vidal Colley. The ground was plowed this week by Broach Implement Co., and Pendleton and Stodghill.

The project proposes to work about 20 ladies in the Munday school hot lunch room, canning vegetables for schools of the county that operate lunch rooms. The City of Munday has promised to give a rate on the water used for irrigation.

About 15,000 cans of vegetables are expected to be canned during the summer for future use in the lunch rooms.

Three Names Filed For City Aldermen

Three names of candidates for the office of City Alderman were filed with Riley B. Harrell, city secretary, Thursday morning.

All present aldermen whose terms expire have filed for reelection, it is reported. They are P. V. Williams, B. L. Blacklock and R. B. Davy. The city election will be Tuesday, April 1st.

Saturday, March 22, is the last day for candidates to file and have their names placed on the ballot.

Knox County Hospital Notes

Patients in the Knox county hospital, March 18, 1941, included Mrs. Esker New, Truscott; Mrs. R. E. Seay, Munday; Mrs. Bill Collins, Knox City; Mrs. Roy Vehon, Wichita Falls; A. E. Whittemore, Munday; Bill Shipman, Vera; Mrs. H. A. Hoover and baby daughter, Munday; Mrs. Carl Chaffin, Knox City; E. M. Server, Rochester; Clifford Orr, Truscott; Mrs. Woodrow Jarvis and twin daughters, Munday.

Patients dismissed from the hospital since March 11, 1941, included Mrs. W. E. Cooper, Knox City; Mrs. Bryan Lee, Whiteface; Ralph Weeks, Munday; Mrs. C. E. Watson, Rochester; Mrs. Edna Melugin, Munday; Miss Eva Dell Ford, Goree; Mrs. E. L. Horn, Vera; Baby Girl Horn, Vera; Mrs. H. F. Johnston, Rochester; A. L. Conner, Benjamin; Mrs. F. D. Roan, Knox City.

Births

Born to... Mr. and Mrs. F. D. Roan, Knox City, a girl.

Mr. and Mrs. Woodrow Jarvis, Munday, twin girls.

Deaths
Mr. J. E. Jeffcoat, Knox City.
Miss Ora Mae Harrell, Rochester.
Baby Girl Roan, Knox City.

FORMER MUNDAY BOY NOW IN TRAINING AT FORT SILL, OKLAHOMA

Jack Hughes, former Munday boy and brother of Chan Hughes, "joined up" with Uncle Sam's army last week. He is with "A" Battery, 2nd Battalion, 8th training regiment field artillery replacement center at Fort Sill, Okla.

Out of 106 boys sent to Fort Sill from Fort Worth only 11 of them remained there. The others were sent to Illinois.

Miss Geraldine Bookout of Haskell visited her parents and others here Sunday.

Chan Hughes Now Owner Of Historic Gun

A muzzle-loading shotgun that is estimated to be around 100 years old now has a new owner in the person of Chan Hughes. The gun was made by Jennings, London, England, and along with it when Chan bought it was the following brief note of the gun's history.

This gun was brought to Texas in the early 60's from Missouri by R. S. Griffin, who settled on Coryell Creek, between Gatesville and Osage. Early in the 70's it killed five Indians at McGee Springs, in Eastland county.

In 1888 it was carried to the pulpit by Elder T. B. Bruce at Chapel Ridge, in San Saba county.

The gun's former owner is W. T. Lowrance of Roaring Springs.

Knox Singers to Meet at Gilliland

The Knox county singing convention will meet on Sunday afternoon, March 23, at Gilliland, according to an announcement made Tuesday by J. C. McGee of Knox City, president of the association.

A good program of songs is being worked up for the enjoyment of those who attend the meeting.

Orville Wilson of Fort Worth was here the first of this week to visit his parents, Mr. and Mrs. W. W. Wilson.

Sidney Lee, who has been employed at Camp Berkeley at Abilene, came in Wednesday of last week with a case of flu.

Knox County Softball League To Be Organized Here On Friday Night

With prospects for warmer weather, minds of many Knox county boys are turning to softball as a means of providing entertainment in the county during the summer months.

Prospects are that a Knox county softball league will be formed again this year, and the league will likely be extended to as to include Seymour, Weinert and Haskell. Probable teams in the league are Rhineland, Vera, Benjamin, Knox City, Goree, Weinert, Munday and Haskell.

A meeting of softball enthusiasts will be held at the city hall in Munday at 8:00 o'clock next Friday night for the purpose of discussing formation of the league and working out a schedule of the games. All those interested are urged to attend this meeting and get "on the ground floor" of the organization.

With these prospective teams, some stiff competition will be experienced during the softball season.

HOME FROM FLORIDA

Mrs. W. P. Farrington returned home last Monday from St. Petersburg, Florida, where she spent the winter with her son, Dr. Charles Farrington, and family. She was joined in New Orleans on the return trip by Mrs. N. C. Farrington, who had been visiting relatives there, and Mrs. Farrington visited with Dr. and Mrs. N. C. Farrington in Fort Worth several days.

RETURNS FROM HOSPITAL

Ralph Weeks was brought home from the Knox county hospital last Monday by an ambulance from the Mahan Funeral Home. Mr. Weeks recently underwent a major operation and is reported to be doing nicely.

Mr. and Mrs. Bob Couch of Pampa spent the week end here with Mrs. Couch's mother, Mrs. Ora Collins, and with other relatives and friends.

Masonic Lodge To Be Host To 91st District

Judge C. E. Coombes Slated to Speak at Local Gathering

Knox Lodge No. 571, A.F. and A.M., will be host to Masons of this section next Monday night at the regular meeting of the 91st District Masonic Association.

T. W. Templeton of Benjamin is president of the association, and W. M. Rowan of Knox City is secretary.

Judge Chas. E. Coombes of Stamford, who has been a leader in Masonic work for a number of years, will be the principal speaker for this occasion. Judge Coombes always has an interesting message for his hearers. His last appearance in this county was for the Masonic ceremonies at the laying of the cornerstone of the Benjamin school last year.

The program committee for this meeting is composed of Lee Haynes, S. Vidal Colley and Aaron Edgar. The refreshment committee is L. M. Palmer, Wade Mahan and Howard Cobb.

More than 100 Masons from this section are expected to attend this meeting.

Mrs. Tom Haney of Wichita Falls visited relatives and friends here last Friday afternoon.

Hardegree, Palmer And Cooper Are Re-Elected To Positions in School

Trustees For Schools Will Be Named April 5

Schools elections over the county for the purpose of electing trustees of the various Knox county schools will be held on Saturday, April 5th, it was announced Tuesday by Merick McGaughey, county superintendent.

Mr. McGaughey said two members of the county board will be elected. Those whose terms expire are Ernest Beck, for precinct two, and Ben Farmer, for precinct three.

Trustees for the various common and independent schools whose terms expire are as follows: Benjamin, Mrs. W. W. Rice; Truscott, Carl Haynie and John Black; Hefner, John Lambeth; Rhineland, August Schumacher; Union Grove, W. H. Cornett; Hood, Aubrey Roden; Brook, F. E. Walker; Antelope Flat, D. B. Traweek; Washburn, J. A. Hill.

Sunset, C. A. Richardson, Ed Whittemore and John Jones; Vera, W. T. Cook, E. A. Burgess, Hugh Eubank, A. T. Bromley, O. Q. Shaw, Joe Cade and F. O. Westmoreland; Knox City, C. E. Ball and L. W. Graham; Goree, Ernest Robinson and Sam Hampton.

Mr. and Mrs. Oliver Lilly of Henrietta visited in the home of Mr. and Mrs. J. B. Bowden last Sunday. Mrs. Lilly is Mr. Bowden's sister.

Clint Helm, who is employed at the local office of Stamford Production Credit Assn., visited his parents in Roby over the week end.

Perdue Child Burned To Death In Fire At Goree

Hendrix Calf Is Winner At Ft. Worth Show

The Aberdeen-Angus calf which was fed by Clyde Hendrix, Jr., 4-H Club of Knox county, was awarded second place in the junior division at the Fort Worth fat stock show last week. The calves were judged on Saturday morning, March 8.

Entries in the calf show produced some of the keenest competition in years, according to County Agent Walter Rice. The Hendrix calf was the only one in the Knox county group to place in the show.

The second place award for Hendrix was \$26, and the Masterson Ranch of Truscott, breeders of the calf, duplicated this amount, said Mr. Rice, making a total of \$52 which Hendrix won.

Weighing 875 pounds, the calf was sold Friday to the Continental National Bank of Fort Worth at \$14.25 per hundred, bringing a total of approximately \$125.

Other Knox county calves which were sold, their buyers and the amount are as follows: Hope Bratcher, Star-Telegram, \$14.25; Mark Koenig, Striping Grocery and Market, Waco, \$12.75; Elton Scott, Harrison-Kennedy Co., \$12.75.

Hardegree, Palmer And Cooper Are Re-Elected To Positions in School

P. H. Hill Named For Science Job

At a meeting of the school board for the Munday Independent school district last Monday night, three teachers were re-elected to their positions in the local school.

L. S. Hardegree was re-elected as high school principal; L. M. Palmer was retained as principal of the elementary school, and Billy Cooper was re-elected as athletic coach for another year.

P. H. Hill of Perrin, Texas, was elected as science teacher, filling the vacancy created by the resignation of Noble Wright. Mr. Wright has accepted a position in Sweetwater.

Mr. Hill is a teacher of several years experience, having taught in the Weatherford schools last year, and he comes to the local schools highly recommended for the position to which he was elected.

The three faculty member who were re-elected have been connected with the local schools for a number of years.

Mr. Hardegree is completing his eleventh year in the Munday schools, and has served as high school principal for most of this time.

Mr. Palmer has been connected with the local schools for 14 years and is one of the most loyal and efficient faculty members.

Coach Cooper is completing his third year here and is recognized as one of the most efficient football coaches in this section. He piloted the Moguls through two very successful seasons, ending in second place in the district during the 1939 season. Cooper expects to have a good team next year, and will likely start spring training within the next few weeks.

Nine Men To Report To Fort Bliss on Monday

The local board has received notice of call No. 11, April 7th. Only three men are required to fill this call from Knox county.

In reply to many inquiries relative to mailing of questionnaires, the board announces that it will be from 30 to 60 days before additional questionnaires are mailed. The following men have been ordered to report to the board at

7:30 a.m. March 24th, and will take the bus at 8:20 a.m. for Fort Bliss: Glenn E. Wiggins, volunteer; John H. Cole, volunteer; Billy J. Garrison, volunteer; Neil G. Cole, volunteer, 128; Jim J. Thompson, V-337; Richard G. Duncan, V-1603; transferred from Young county; John A. Hernandez, 90; Ernest R. Wiggins, 91; and Fred H. Wiles, 110.

Directors Of Munday C. of C. To Meet Monday

C. R. Elliott, president, has called a meeting of the Chamber of Commerce Directors for next Monday. The purpose of the meeting is to determine a program of work for the new year which will be most beneficial for the local organization, Munday merchants, and the people of this trade territory.

A question box was taken to Munday merchants this week, and each was given an opportunity to list the three projects which the local organization could sponsor for the town and community and the ones which would be most beneficial this year. From this list, the major projects will be selected at Monday's meeting.

It is also likely that members of the various committees for the new year will be announced at this meeting. All directors are urged to be present and help map out the new year's program.

Weinert F.F.A. Prize Winners At Fort Worth

The Weinert F.F.A. boys returned Monday from the Southwestern Exposition and Fat Stock show, bringing with them a number of ribbons, \$100.00 in cash premiums and \$585.55 from the sale of four baby heifers.

So far as these boys are concerned, the climax of the show came when their club group of 5 Jersey heifers were awarded first place. In this Class Clifford Thomas showed two animals, Philip Cadhead had one, and Roderic Duff one.

In the Jersey heifer club division, Philip Cadhead placed one animal third and one fourth; Roderic Duff had a ninth place winner; and Clifford Thomas got a tenth place.

In the open Jersey division Philip was fourth with a Jersey heifer and Clifford was eighth with his Jersey bull.

Philip also won fourth in the boys baby beef show with his senior Aberdeen-Angus calf and 32nd with senior Hereford calf.

In the same division Bernard Cooley placed eleventh with his junior Aberdeen-Angus calf and Billy Cooley placed 24th with his junior Hereford calf.

These boys brought back many animals as they took down there. Although they sold 4 beef calves, they bought 4 Jerseys in their stead. Bernard bought one heifer, Clifford bought two and Philip bought a bull.

These boys brought back many animals as they took down there. Although they sold 4 beef calves, they bought 4 Jerseys in their stead. Bernard bought one heifer, Clifford bought two and Philip bought a bull.

Next Week Is Designated As Clean-up Week

Citizens of Munday will welcome the designation of next week, March 24 to 29, as "Clean-Up Week" in Munday, and the cooperation of city officials in an effort to have one of the most thorough clean-up campaigns ever held in Munday.

The city council has designated next week for the clean-up drive, and asks the cooperation of all residents of Munday during the campaign.

Warm spring days will soon be here, it was emphasized, and flies and other harmful insects that spread disease will find many places for breeding unless cans and trash are removed from back alleys, back yards and vacant lots.

A concerted clean-up campaign will help prevent these conditions and will make the city of Munday a better, cleaner and healthier place in which to live.

Riley B. Harrell, city secretary, stated that the city's two trucks will be employed next week in hauling off all trash and rubbish. They will be put into operation on Monday and will continue this work through the remainder of the week, without cost to the citizens.

Residents are urged to burn all trash that can be burned. Remaining trash, cans and rubbish should be piled in places easily reached by the trucks so it can be conveniently loaded and hauled off.

In the event the trucks miss anyone's premises, citizens are asked to call the city secretary and a truck will be sent after the rubbish. Calls should not be made before Saturday however, since this work is expected to require most of the week.

Greek War Relief Week to be Observed

The amusement industry's tribute to the defenders of Democracy will observe "Greek War Relief Week," March 25 to 30, 1941.

The Roxy Theatre of Munday is cooperating, with the aid of the American Legion, in observance of this week. A Melvyn Douglas trailer, explaining this relief drive, will be shown at the theatre at all regular shows this week.

After the "trailer" is shown voluntary contributions will be received by the ladies in the lobby of the Roxy theatre.

W.P.A. is Making Quota Reduction

According to information reaching us through County Judge J. C. Patterson this week, beginning about the last of April, there will be a 30 per cent reduction on all Federal Works Projects now in operation in Knox county.

"This reduction," stated Judge Patterson, "will take some 24 people off the Community Service Programs in this county, which includes sewing room projects and lunch room projects, and any other community service programs that might be in operation in the county."

"This came as a surprise," stated Judge Patterson, "as it came a little earlier this year than usual, and apparently a little more drastic, which according to my information, is due in the main to the national defense program. The district director of community service programs broke the news to the Commissioners' Court Wednesday of this week."

COMPLETES COURSE OF STUDY IN RADIO

H. O. Muston, Jr., who resides on route two, Goree, has recently completed a course of study in radio from the National Radio Institute, receiving his diploma in this work.

He plans to enter the selective service in the near future and hopes that he can continue in this work while in training.

TO HASKELL BANQUET

C. R. Elliott, newly elected president of the Munday Chamber of Commerce, and E. W. Harrell represented the Munday organization at the annual Chamber of Commerce banquet in Haskell last Friday night.

EDITORIAL PAGE

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

THE HOME DEFENSE GUARD

A visitor at the High School gym some Thursday night would find an excellent display of the American spirit which is known as patriotism. Military formations are in evidence with marching and drilling of a regular army. Father marching by the side of his son, men in work shirts next to men with tailored suits, men who were veterans of the last war side by side with men who have never had any previous military experience. The drillmaster gives orders to men probably several times his age with discipline perfect and the military routines accepted willingly.

The Home Guard is a convincing illustration of the American Democracy. It is composed primarily of men who are unable to enter other branches of the service and who are willing to voluntarily without compensation one night of each week drill and instructions toward home protection during the National Defense emergency. They are loyal Americans who realize the present crisis of affairs in international relations and are demonstrating their patriotism and willingness to do their bit to serve their country.—C. A. Dawson, Throckmorton, Major 17th Battalion, Texas Defense Guard.

WORDS TO THE WISE

If there is one nation anywhere on the face of the earth that can comment with real knowledge on the various phases of our current defense program, it is surely England. For under the stress of a need to "get things done" that was even more immediate than is ours today, the little island across the seas made most of the mistakes and achieved most of the discoveries from which we should now be able to profit.

From this point of view, some words written recently in the distinguished London Economist, should be of particular interest to Americans who want to know the facts about defense. The Economist in this particular passage is explaining that it takes time to build military equipment; and what it has to say should help to show why our national defense program is now beginning to offer real returns, after a period when some benighted critics of industry were clamoring for clouds of tanks and airplanes immediately and claiming that the manufacturing effort was at a standstill.

Says the Economist.
"Because tanks and locomotives are both heavy vehicles made of steel, it is far too easy to assume that a shop experienced in making the one can turn over to the other. Even for a diversified and resourceful engineering industry the transformation takes a long time. Munitions are infinitely more complex than peacetime machines; very few of them lend themselves to the method of the conveyor belt. In Great Britain it took something like four years of planning before the real curve of aircraft production really began to rise, and a still longer period for army ordnance. Even a standardized merchant ship takes a year or eighteen months to build when the yards have first to be laid down anew or be brought back into service."

That is the experience of Britain. Among other thoughts it leads to the reflection that the United States is so fortunate in having an industrial system so adaptable and so imaginative that it has already profited from the experience of other lands, and is drastically cutting down on the delays experienced in changing over from a peacetime economy suddenly to one that must turn out vast quantities of articles for defense.

KEEPING AMERICA POSTED

Throughout the country during the next few months, outdoor posters are appearing that tell a story all Americans can understand and appreciate. They speak of matters of direct concern to every one of us at the present moment, and they speak of these matters in simple, effective, terms.

One poster shows Uncle Sam—symbolizing Americans in every walk of life—laying aside his familiar striped hat and putting on a workman's cap, preparatory to doing an industrial job we are all conscious needs doing. The slogan on it reads simply—"Defend American Freedom—It's Everybody's Job." Thus we are reminded that industry can only provide the defense materials to make this country and its freedoms secure if it has the cooperation and the understanding of all other groups and individuals in our economy.

The other poster bears the slogan: "Industry—Working for Your Defense." And it shows a typical American family with a background of busy factories. It complements the first drawing, bearing as it does the reminder that it is industry, productive industry, that provides the real safeguards of our American liberties and our American security, in ordinary peace time and times of extraordinary stress.

These two posters, seen in towns of all sizes throughout the land, have been painted by the distinguished artist McClelland Barclay for the National Association of Manufacturers. Members of the Outdoor Advertising Association have made their widespread appearance possible by donating space for them in the interest of the national welfare and national defense. They leave a thought Americans everywhere will find worth remembering—and a reassurance that, as long as a free productive enterprise is producing for the national welfare, this country and its people will remain a strong and free land!

FERRETING OUT THE FLU

One day, not so very long ago, a doctor walked into his laboratory in the Rockefeller Foundation. He peered through the glass doors of a ferret cage, expecting to see the tiny animal listless and ill from influenza germs with which it had been inoculated. The doctor got the surprise of his life which he had devoted to medical research—the ferret stared back at him with bright vicious eyes, dangerously healthy.

That marked the milestone in a work which began in 1920, after the deadly World War I flu epidemic. The medical profession knew two things—influenza would strike again in twenty years and no preventative had been found.

For 19 years the doctors worked. But vaccines taken from the influenza-infected ferrets proved ineffective—the vaccinated ferrets died as easily as the others. Then fate stepped in. In November, 1939, four ferrets contracted distemper and died. Fear was felt in the Rockefeller laboratories—if the distemper spread, all the costly ferrets might die. Distemper shots were administered. Then, following the two-decades-old routine, the ferrets were inoculated with the flu virus. And they didn't get sick!

Had the long sought flu vaccine been found? For months the doctors worked with their new vaccine, consisting of distemper and influenza solutions mixed. Human volunteers were called for tests. And it was found that the new vaccine put into their blood 70 times the normal amount of influenza-fighting antibodies.

The tests still go on—the medical profession never claims success until it is certain beyond question. In the meantime, hundreds of thousands of doses of the new vaccine are being sent to England, where an influenza plague is a dread possibility as a result of war conditions. Soon the world will know definitely whether a certain immunizing agent for influenza has at last been found.

Here is the way private medicine works. Its war against disease never ends. One by one, the plagues which have killed so many millions are shorn of their menace.

GIVE COTTON A HAND

Again, American business is coming to the aid of a vital American industry—an industry which has suffered heavily because of the war. That industry is cotton.

A few figures tell the story. One out of every ten American depends on cotton for his livelihood. To these 13,000,000 citizens, a collapse of the cotton market brings with it the specter of distress, want, ruin. And the loss of purchasing power they suffer has a direct and immediate bearing on the financial well-being of every other citizen.

Cotton is in trouble. It used to be a major export crop—war has almost totally destroyed its foreign markets. And while cotton acreage has been cut to about 25 million as against 4 million ten years ago, 1941 cotton production will reach 12,000,000 bales. Ten million of these bales must be consumed at home if a flourishing, healthy cotton economy is to be restored. And that is 2,000,000 bales more than the American people have ever used in a single year.

As in the past, aid to cotton will be concentrated during National Cotton Week, May 16-24. Cotton and cotton goods will be "pushed" through window and store displays—through extensive newspaper advertising—through radio announcements—and by every other known means of getting the good word around. "Buy America—buy cotton" will be the motto.

Here is a sound and effective way of helping the growers of a great commodity who are confronted by an abnormal and extraordinarily adverse marketing conditions. The whole country will be helped. Give cotton a hand!

A man wrote Sheriff M. L. Sells of Sioux Falls, S.D., that he wanted his wife back, but he wouldn't pay her fare back home because he thought it the duty of the man she ran away with to bear the expense.

When police in Kansas City asked Fred Straus who cut an 8-inch gash in his throat, all he would say was: "It was just a little friendly argument boys, just a little trouble between friends."

Chemists of one of the country's largest motor companies announced recently that they had evolved a plastic material suitable for auto bodies that is lighter than steel, and is a better insulator against heat and sound.

Gems Of Thought

SELF-IMPROVEMENT
Judge of thine improvement, not by what thou speakest or writest, but by the firmness of thy mind, and the government of thy passions and affections.—Fuller.

Infinite toil would not enable you to sweep away a mist, but by ascending a little, you may often look over it altogether. So it is with our moral improvement; we wrestle fiercely with a vicious habit which would have no hold upon us if we ascended into a higher moral atmosphere.—Sir Arthur Helps.

To remove those objects of sense called sickness and disease, we must appeal to mind to improve its subjects and objects of thought and give to the body those better denunciations.—Mary Baker Eddy.

The mind unlearns with difficulty what has been impressed upon it.—Seneca.

Use your gifts faithfully, and they shall be enlarged; practice what you know, and you shall attain higher knowledge.—Arnold.

Finally, education alone can conduct us to that enjoyment which is, at once, best in quality and infinite in quantity.—Horace Mann.

HOME-MADE FUN FOR 38,851 GIRLS

College Station.—Food in tons and millions, beauty and comfort, and fun home-made—that's the story of 38,851 girls enrolled in Texas 4-H Clubs in 1940. This work, explained Onah Jacks, state girls' club agent, is carried on with rural girls by the A. and M. College of Texas and the U.S. Department of Agriculture cooperating.

The average age of these girls is 12, but despite their youth Miss Jacks says, "they are certainly busy at the job of improving the health of themselves and the folks about them." For example, last year they canned over 2,400 tons of food. And that does not include the vegetables used fresh out of 18,520,530 row feet of gardens they grew. In addition, they're preparing to "make a dent in the countryside" with 111,167 fruit trees and vines and 12,443 ornamental plants they have rooted from seeds and cuttings.

A great many 4-H Club girls in Texas reported clothing themselves for the year on about \$17. They kept their own records to find out about this. The fact that they made 86,791 garments themselves and improved their methods of selecting and caring for clothes made that \$17 expenditure possible, Miss Jacks says.

While their 4-H records don't show great money profits, the girls spent \$68,620 on home improvements and beauty to more people even than their own families.

These girls worked in 2,076 clubs in 191 counties. While they did most of their own planning and carried out their plans, each club had an adult sponsor who is a volunteer local leader.

Things to leave out of the school lunch box are fried foods like pancakes and doughnuts, hot dogs with mustard, rich cakes with frosting, pies that 'run' and any foods that get soft or soggy, according to home economists of the Farm Security Administration.

The Texas Dairy Products Association will meet in Fort Worth April 9 and 10.

Legal Notices

NOTICE OF SHERIFF'S SALE

The State of Texas
County of Knox

Notice is hereby given that by virtue of a certain Alias Execution issued out of the Honorable District Court of Taylor County, on the 17th day of February, 1941, by the District Clerk of said District Court for the sum of Five Thousand and Seventy-Seven and 25-100 Dollars and costs of suit, under a judgment, in favor of Joe Lee Ferguson in a certain case in said Court, No. 11,742-A and styled Joe Lee Ferguson vs. C. R. Elliott, garnishee against A. M. Ferguson, placed in my hands for service, I, Louis Cartwright as Sheriff of Knox County, Texas, did, on the 18th day of February, 1941, levy on certain Real Estate, situated in Knox County, Texas, described as follows, to-wit: Survey 114, Block 45, H. & T.C. Ry., Abstract 1377, 84 acres, and levied upon as the property of C. R. Elliott and that on the first Tuesday in April, 1941, the same being the 1st day of said month, at the Courthouse door of Knox County, in the City of Benjamin Texas, between the hours of 10 a.m. and 4 p.m., by virtue of said levy and said Alias Execution I will sell above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said C. R. Elliott.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Munday Times, newspaper published in Knox County.

Witness my hand, this 18th day of February, 1941.
LOUIS CARTWRIGHT,
Sheriff Knox County, Texas.
by Orvel Capehart, Deputy.

DEADLINE FOR PAYMENT APPLICATIONS

College Station—All applications for payment under the 1940 Agricultural Conservation Program must be signed and in the county offices by March 31, Fred Rennels, assistant administrative officer in charge of the AAA in Texas, has announced.

The deadline applies to payments for soil-building and range improvement work as well as regular payments under the conservation program, the AAA official said. The closing date is applicable all over the United States.

To date, 361,628 applications for a total of \$43,314,700 have been certified for payment in the state office out of an anticipated 405,000 applications for \$50,000,000 payment under the conservation program, Rennels said.

These payments brought to \$71,158,094 the amount received by the farmers and ranchmen for cooperating with the 1940 AAA program, Rennels said. Estimates are that the total will reach \$78,775,000. Status of price adjustment payments on the major commodities follows:

Wheat—48,064 applications for \$3,483,285 out of an anticipated 48,100 for \$3,485,000;

Cotton—337,533 applications for \$24,469,982 out of an anticipated 350,000 for \$25,000,000;

Rice—647 applications for \$246,087, out of an anticipated 800 for \$290,000.

Absolutely no extension will be made on the closing date, Rennels declared, and applicants who fail to meet the deadline will not receive payment.

Burnett Zeissel, who is stationed at Fort Sill, Okla., visited friends and relatives here last week end.

Do You Believe That . . .

When a man argues for victory and not for truth, he is sure of just one ally, that is the devil—not the defeat of the intellect, but the acceptance of the heart is the one true object in fighting with the sword of the spirit.—G. Macdonald.

Senior Report

The Seniors are very grateful to have had the privilege of going to Munday last Wednesday in order to hear a talk delivered by Mr. Riedel of San Angelo, department commander of the American Legion of Texas. We thought his talk was very educational.

We are glad to have our classmate, Richard Albus, back in school. He was ill for some time.

All of us enjoyed the party given by Miss McGraw on St. Patrick's Day.

We Wonder Why—

Richard and Weldon enjoyed going to Goree last Monday night. (Do you know anyone by the names of Jo Lynn and Marjorie?)

Genevieve has been having so many dreams lately. (Has she been dreaming of her future . . .?)

I. J. goes with his dad when he goes to see Mr. Schumacher. (Could it be on account of Mr. Schumacher's daughter?)

Richard claims he sold his class ring, but maybe he has traded it for the ring he has been sporting around.

Junior Report

The Juniors are glad to learn that the sixth month examination had been postponed until Monday, because of the county league meet at Benjamin.

The long-dead problem in geometry was given us. We have a week in which to work it. Joe was the first to finish the problem.

The Juniors wish to thank Miss McGraw for a lovely party on St. Patrick's Day.

We Wonder Why—

Rose is smiling all the time. Florine holds up for Seymour. Is it because of a certain boy?

Albert got the chicken pox. Did he visit the . . .?

Theresia was so happy Monday. Was it because she learned to play . . . ?

Sophomore News

The Sophs are a little sad on account of exams. We will have them Monday on account of county meet.

In Economic Geography we are taking up the study of coal, the most useful of all fuels. It is the basis of modern developments.

In Prose and Poetry we took up the study of Biography. We are studying Edison's personality. We find it very interesting.

The Sophs were surprised Monday afternoon by a surprise party. We all enjoyed it since it was given by our teacher, Miss McGraw.

The Sophs' Favorite Actors

And Actresses
 Mildred: Richard Green, Priscilla Lane.
 Ben: Gene Autry, Ann Sheridan.
 Bernadine: Tyrone Power, Rosemary Lane.
 Weldon: Jack Benny and Linda Darnell.
 Theresia: Gene Autry, Hedy Lamarr.

Calvin: Jack Beany, Deanna Durbin.
 Helen: Mickey Rooney, Judy Garland.
 Francis: Jack Benny; Louise Rainer.
 Urban: Bing Crosby, Ann Rutherford.
 Elsie: Lawrence Olivier, Vivien Leigh.

Freshman Report

The Freshmen are studying hard for the sixth month exams and we hope everyone passes.

Did You Know That

Alvin doesn't have to carry his arm in a sling any more?

Albert L. was all crippled up Monday?

Everett came to school looking different this last week end?

Albert A. asked us if we had our history. (Wasn't it because he couldn't get it?)

Anna's eye was swollen?

Theresia (a sophomore) finds interesting in a certain Freshman boy's foolishness.

Urban and Bernard also watched that certain Freshman's foolishness?

News of Room IV

Alfred, we are glad to have you back with us again. We hope that your knee will be entirely well soon.

Here are the favorite candy bars of Room IV:

- Mrs. Kuehler: Almond Toffee.
- La Verne: Stemwinder.
- Veronica: Stemwinder.
- Arelene: Whiz.
- Margarita: Whiz.
- Mary Ann: Milky Way.
- Sue: Milky Way.
- Lewis: Almond Hershey.
- Jewel Marie: Stemwinder.
- Marvin: Almond Hershey.
- Alfred: Snicker.
- Alvin: Almond Hershey.
- Chester: Power House.
- Clarence: Almond Hershey.
- Fidelis: Almond Hershey.
- Robert: Twin Milk.
- Gene: Almond Hershey.

Did You Know That

Both the sixth and seventh grades are enjoying the new library books very much.

La Verne and Alene have proven themselves excellent librarians. Keep up the good work!!

The boys are not having to stay in so much lately. Even Fidelis is better.

Louis likes having Mary Ann's gloves on. What about it, Louis?

Margarita was absent Monday. We wish Chester could attend school more often.

Mrs. Kuehler got the candy eggs and the dye for our Easter Egg hunt. Now we hope that the

Now It's Cotton Boll Dresses

Marguerite Mustln, Augusta, Ga., debutante, plans a spring formal from the new cotton boll design pique. First cotton boll design ever appearing on the American market, it is being shown this spring both in sheers and heavier weights of cotton such as piques. The cotton boll material was designed late last summer by the National Cotton Council especially for an evening dress for the 1940 Maid of Cotton.

weather will be nice next Saturday.

A Little Bird Told Us That . . .
 A certain girl by the name of Dean from Goree has her eyes on T.J.

Mildred likes dark-headed boys—especially tall ones. (Could this mean someone who is not in school?)

Albert Smajstria prefers Luckies two to one.

Joe Jungman has given up hope of doing any good at the bus corner.

Theresia Andrae thinks that she won't need the state exams to keep home. (For whom, we wonder?)

"Bugger" is a popular name in high school.

Roselia misses that blond, curly-headed ex-student.

Annie and Albert A. are very popular.

Albert Redder has been admiring Rose. (Could it have been her eyes?)

Florine Decker is longing for Easter so she can be on her way to Seymour.

Geneva had a swell time Sunday night.

Richard and C.L. went places last Sunday night. (Where could this have been?)

Albert Brown has had the chicken pox and Florine D. has been exposed often.

Something is up Theresia F. and Urban's sleeve. And it's understood its not their arms.

Kenneth and Elsie enjoy riding in his high top car.

Florine and Richard are passing notes.

Room IV is attractive. (To whom?)

WHAT COTTON FARMERS SPEND FOR THEIR COTTON GOODS

College Station—Texas farm families with a gross cash income of less than \$500 per year spend only \$23.53 for cotton goods in 12 months, despite the fact that most of them get the major part of their incomes from raising cotton.

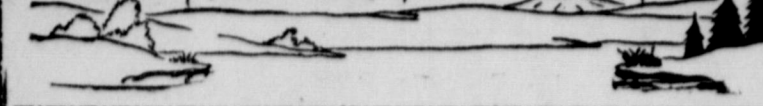

This figure is based on a survey made this winter in 20 leading Texas counties. An average of 21 families in each of the counties responded to a questionnaire which was circulated in community matrons centers. Tabulations made in the Washington office of the Triple-A and relayed to Mrs. Dora R. Barnes, clothing specialist for the A. and M. College Extension Service, showed that the average cash income during 1940 for those families of 5 persons was \$253.26.

Fiftyfive per cent of the reporting families take part in the Triple A program and the average AAA payment for each family is \$79.71. This represents about 30 per cent of these families' incomes.

Mrs. Barnes says the new supplementary AAA provision, which provides that cotton farmers may be compensated with stamps for further reduction in their cotton acreage in 1941, will tend to increase materially the per capita family consumption of cotton goods this year.

Mrs. Addye Layne and Mrs. Cyril Layne and children of Amarillo were here on Thursday of last week for the funeral services for Shannon Layne.

TEXAS OUT-O-DOORS

Better Regulations Needed

Austin, Texas—Need for a different closed season on fishing in Texas, shorter for creel limits and longer legal lengths was vividly demonstrated in a report by a Texas Game Fish and Oyster Commission aquatic biologist.

Several lakes in Northwest Texas and the regulation of fishing in them were compared. One large lake, opened for the first time, was practically fished out in two weeks. It was opened on June 1, when the fish had not started to spawn. The creel and size limits allowed were the same as those prescribed by state law. Two weeks later it took an exceptionally good fisherman to catch anything in the lake. Practically the same thing occurred at another lake open to the public. A third lake, privately owned, but which had been stocked only one year, was not made available to fishermen until Oct. 1. The creel limit was cut in half, the size limit on fish was made bigger and for two and a half months, or until the owner closed the lake, everyone caught fish and plenty of them, fish much longer than those taken from the lakes opened early in the summer. Records and surveys show that the total number of fish taken from the small lake was much more than that taken from the larger lakes in proportion to the number of fishermen.

Woman Kills Cactus Buck

Cactus bucks, deer which have antlers resembling short pieces of cactus, are not common in Texas, nor are they extremely rare. However, Mrs. Leonard Morris of El Paso is the first woman we have heard of who killed one. She almost passed up the buck while hunting last season near Guadalupe, seeing the horns, which consisted of fifteen short "sprouts" but, thinking they were cactus. Then the deer moved and she shot it.

"Cactus" antlers are either caused by the antlers being injured when just starting to grow or there being a deficiency in the diet of the deer, Texas Game Department biologists, say.

4-H CLUB BOYS HELP

Wildlife projects for 4-H club boys are being encouraged by the Game Fish and Oyster Commission in eastern Texas through the stocking of raccoons. The first of the new-type projects has been located on the Arrant farm east of Alto, (Cherokee County) where a farm boy, Duward Arrant, age 17, is protecting 12 'coons which the Game Department delivered last month.

Young Arrant is a member of Our Club chapter at Grange Hall School. In addition to the present restocking work which Duward is doing, a cooperative game protective association has been organized and the club boys have assisted with a survey of the status of game on the area.

Raccoons have been trapped out of the area, hence the need for the new stock. At present Arrant is guarding the raccoons against

trapping on his dad's 350-acre farm and he is getting the cooperation of all his neighbors for extending the area of protection. He is also requesting that everyone save hollow den trees so the raccoons will find the country more desirable for home-making.

The youth has won two trips to A. and M. College and one to Kirbyville for wildlife meetings and in addition won a medal for participation in a contest.

Regional game managers for the Game Department and their assistants stand ready to assist any farmer or farm boy in Texas plan a game restoration program.

DOVE OR DOVES PUNCTUAL

For four consecutive years a dove has built its nest and reared young in a tree just outside the study window of Rev. F. L. Willshire of the First Methodist Church at De Leon, Texas. However, more unusual than that is the fact that the dove, or possibly it is an offspring of the dove nesting there the year before, makes its appearance each spring on a Sunday within a few minutes of the same time, and builds a nest each season within a few inches of the same place in the tree.

Texas Game Department biologists believe, after preliminary study, that doves do return to the same vicinity to nest year after year. Too, doves hatched in one vicinity will often return there to nest the following year.

NEW REA LINES TO BE BUILT

College Station—Letting of contracts for building 1,311 miles of lines to serve 2,777 Texas rural customers has been announced by the Rural Electrification Administration.

Contracts let by seven electric cooperative associations have been approved as follows: Wood County Cooperative of Quitman, 123 miles to serve 328 members; Bailey county Cooperative of Muleshoe, 193 miles to serve 307 members; Cooke County Cooperative of Muenster to serve 172 members with 102 miles; Hamilton County Cooperative of Hamilton, 198 miles to serve 327

members and 271 miles to serve 393 members; San Bernard Cooperative of Columbus, 89 miles to serve 141 members; Deep East Texas Cooperative of San Augustine, 102 miles to serve 261 members; Farmers Cooperative of the City of Greenville, 233 miles to serve 857 members.

Mrs. Jim McDonald of Wichita Falls visited friends here last Friday afternoon.

Mrs. Shannon Layne left last Monday for Oklahoma, where she will visit her sister for several months.

\$6.71 MORE COTTON PER ACRE!

—convinced these growers that CERESAN PAYS

An average increase of \$6.71 an acre amply repaid a group of cotton growers who planted CERESAN-treated seed. In several years tests in 5 states! CERESAN reduces seed rotting and sore-shin, makes stands more uniform, generally increases yields. Oklahoma A. & M. Experiment Station Circular 89 says, "Many Oklahoma and Texas cotton growers have already adopted the practice of seed dusting . . . it is a common experience to find the better quality cotton seed in the market under a 'Ceresan' label." CERESAN costs little; is easily applied. Treat your own seed, or look for the Ceresan Treatment Tag on seed you buy!

BETTER METHODS

. . . of farming have been practiced in Knox county since the advent of power farming . . . and few farmers today still practice the old methods.

Guinn Hardware Co. has kept pace with better methods of farming by making better farming implements available to Knox county farmers. We handle Allis-Chalmers and Avery farm tractors, and all types of implements that go with power farming.

Whatever your farm needs, you'll find them here . . . plow shares, lister shares, stalk cutters, breaking plows and other necessities.

BLACKSMITHING

Better blacksmithing is also practiced here. We have the tools, and we have experienced and qualified blacksmiths to turn out the job for you. We try to please each and every customer. Give us a trial!

Guinn Hardware Co.

"YOUR NEEDS CHEERFULLY SUPPLIED"

Men Becoming 21 After Oct. 16, 1941 Do Not Register

Men who have become 21 years of age since October 16, 1940 are not required to register for Selective Service training unless or until another registration day is proclaimed by the President. Nevertheless they may volunteer.

This announcement was made today by General J. Watt Page, State Director of Selective Service, because of the numerous inquiries being received at State Headquarters and by Local boards.

General Page pointed out that the President's proclamation specifically designated October 16, 1940, as the date for the "first registration under the Selective Training and Service Act of 1940," and that the Act provides for subsequent registrations only at the call of the President. Likewise the Act and proclamation were specific in limiting the first registration to men between the ages of 21 and 36 years on that date.

"The law is clear, therefore," he said, "that any man who was not 21 years of age on October 16, 1940 will not be required to register until the President calls for another registration. However, any male citizen or declarant alien between the ages of 18 and 36 years may volunteer for Selective Service training, unless he is a registrant who has received his order for induction."

On the other hand, Director Page pointed out, a registrant who had passed the age of 36 years since October 16, 1940, remains liable for Selective Service training.

Miss Geraldine Brown of Rochester spent the week end here with Miss Patsy Ruth Kirk.

No Ford has ever carried EXTRA VALUE quite so far!

We'd like you to see and drive the finest Ford we've ever built. You'll find its big bodies longer inside, greater in total seating width, and larger in windshield, than anything else in the Ford price field right now.

You'll find a great new Ford ride, too. A soft and quiet new ride that has surprised a lot of people and may surprise you.

And with its room and ride and view, you get Ford extra power with extra thrift, the biggest hydraulic brakes near its price, and a lot of fine-car mechanical "features" found only in a Ford at low price.

If you are choosing a new car this year, you'll do well not to miss this Ford. And not just because we say so, but because the facts do!

GET THE FACTS AND YOU'LL GET A FORD!

Series of Parties Given to Honor Miss Louise Ingram

The home of Mrs. J. R. Smith in Munday was the scene of a lovely tea and o'idal shower last Friday afternoon, given for Miss Louise Ingram, bride-elect of A. V. Kemnitz of Stamford.

The reception and dining rooms emphasized the bridal motif in white stock, carnations and daffodils with ferns. A bowl of white stock and white carnations over a reflector centered the lace-covered dining table.

Preceding the tea hour, a musical program was given by Mrs. Jim McDunalo pianist, and Mrs. Harley F. Goble, vocalist, both of Wichita Falls, and Mrs. Travis Lee, violinist, of Munday.

In the receiving line were Meses. J. R. Smith, Louise B. Ingram, Fred Broach, Sr., and Fred Broach, Jr., and Miss Ingram. Receiving guests at the door was Mrs. Arthur Smith, Jr., Mrs. H. F. Barnes and Miss Maud L-bell poured tea. Mrs. Bess C. Neff presided at the bride's book.

Hostesses for the affair were Meses. J. R. Smith, John Ed Jones, W. V. Tiner, Bess C. Neff, H. F. Barnes, T. G. Bengel, C. P. Baker, Orb Coffman of Goree, Arthur Smith, Jr., and Meses Fannie and Maud Isbell.

Approximately 100 guests called during the afternoon. Among the out-of-town guests were Meses. Tom Hanev, Homer Lee, Erna Mae Lee, Jim McDunalo, Harley F. Goble and Julia Russell, all of Wichita Falls.

Dinner Party Given

Earlier in the week Mr. and Mrs. Fred Broach Sr., and Mr. and Mrs. Fred Broach, Jr., were hosts and hostesses for a dinner honoring Miss Ingram and Mr. Kemnitz.

The dinner table had white rosebuds in tall white vases, and bridge tables were centered with gladioli, pansies and violets.

Games of bridge followed the dinner. Miss Ingram and Mr. Kemnitz were presented with two lovely gifts of crystal.

Mrs. Howard Harrell Has Party Honoring Miss Louise Ingram

Mrs. Howard Harrell entertained with a tea and bridge party last Monday afternoon, honoring Miss Louise Ingram. The event was in the home of Mrs. Harrell's parents, Mr. and Mrs. W. R. Moore.

The hostess presented the honoree a lovely gift. High score at bridge was made by Mrs. Carl Jungman.

Present for the games were Meses. Gene Harrell, Travis Lee, Fred Broach, Jr., A. A. Smith, Jr., Carl Jungman, Meses Dorothy Campbell and Louise Ingram, and the hostess, Mrs. Harrell. Tea guests included Mrs. Louise Ingram, Mrs. Rupert Williams, Miss Maxine Lane, and Miss Wynette Farmer of Knox City.

Munday H.D. Club Has Its Regular Meeting March 14

The Munday home demonstration club held its regular meeting on Friday afternoon, March 14, in the home of Mrs. J. B. Reneau. The house was called to order by Mrs. Don Phillips and roll call was answered with "How I Can Improve My Grooming," by seven members.

Mrs. Neva Van Zandt, home demonstration agent, helped with the selection of colors and designs for each member.

The next meeting will be on March 28 at 2:00 p.m. in the home of Mrs. Nolan Phillips. A demonstration of knitting and crochet work will be given, and all who are interested are invited to be present.

Cake and coffee were served to Meses. L. D. Offutt, R. H. Howell, Don Phillips, Neva Van Zandt, T. B. Ward, H. E. Edge, J. T. Offutt, and the hostess, Mrs. J. B. Reneau.

Gilliland 4-H Club Girls Have Meeting March 5th

The Gilliland 4-H Club girls held their regular meeting on Wednesday, March 5. Mrs. Neva Van Zandt was present and showed the girls samples of cloth and weaves, including an abstract design, varied stripes and dots.

The girls discussed the use of color and the distinguishing of textures. They also determined which colors one should wear and how to tell colors which are most becoming to the individual.

Ways and means of raising money for the club projects were also discussed.

Sunset Women's Club Meets With Mrs. H. R. Hicks

The Sunset women's home demonstration club met on Tuesday afternoon, March 11, in the home of Mrs. H. R. Hicks. Due to the absence of the home demonstration agent, the ladies continued the demonstration of hand work.

Several lovely pieces of crochet, knitting and fluff rugs were displayed. Refreshments were served to 11 members and two visitors.

Wesleyan Service Guild Meets Monday At M.E. Church

Members of the Wesleyan Service Guild held their regular meeting last Monday night in the basement of the Methodist church. The program was on "Immigrants of America," and Mrs. J. B. King was leader.

Mrs. M. F. Billingsley gave a wonderful discussion of "The Youth of America." Miss Merle Dingus read the scripture.

Other members present were Mrs. Luther Kirk, Mrs. Layne Wombie and Miss Ruth Baker.

CARD OF THANKS

It is with grateful hearts that we attempt to thank each and every one for the many kindnesses shown us during the illness and in the death of our husband and father, Shannon Layne. We pray God's blessings upon each and every one of you.

Mrs. Shannon Layne and Bob The Layne and Thomas Families.

To Be Married On March 28th

Miss Louise Ingram, daughter of Mrs. Louise B. Ingram of Munday, whose wedding date is set for Friday, March 28th. The wedding will take place at the home of the bride's mother.

Music Club To Have Open Program On March 27th

An open program will be given by the Munday Music Club on Thursday, March 27, at the Methodist church. The program will be on advancement of public school music.

Those who appreciate and are interested in good music are invited to attend this meeting. The program is as follows:

Director, Mrs. M. H. Reeves; piano duo, "Stars and Stripes Forever," Miss Eugenia Gentry and Mrs. Helen von Baumann; trio, Mrs. John Ed Jones, Mrs. P. V. Williams and Mrs. L. M. Palmer; vocal selections by the high school chorus, Miss Hylene Holloway, director; band instrument illustrations, Mr. Martin; musical numbers, Munday high school band.

Hostesses for the meeting are Miss Fannie Isbell, Mrs. Don Ferris and Mrs. C. P. Baker.

Hefner H.D. Club Meets Tuesday In Marion Jones Home

The Hefner home demonstration club met on Tuesday, March 18, in the home of Mrs. Marion Jones. Mrs. E. R. Ingram was co-hostess. The meeting opened by singing "God Bless America."

A council report was given by Mrs. Gene Payne. Mrs. Ingram gave a demonstration on cut work, and the club ladies received 12 girls' dresses to be made for the Red Cross. The club will work on a friendship quilt to help secure finances for club activities.

A delicious plate was served to Meses. W. H. Barnett, E. J. Jones, F. Mobley, R. L. Lambeth, Ed Jones, Roy Jones, T. H. Jones, F. M. Lambeth, S. G. Hampton, W. M. Taylor, S. Johnston, E. F. Payne, George Weber, E. R. Ingram, M. J. Jones, members, and one visitor, Mrs. Taylor Couch of Goree.

Mrs. W. M. Mayo, Mrs. Jack Mayo and Mrs. Carl Jungman were business visitors in Wichita Falls last Saturday.

J. L. Stodghill was a business visitor in Crowell last Tuesday.

Nabih Ameen Writes Home From Base In Puerto Rico; Asks For Cookies

Editor's Note: The following is a letter from Nabih Ameen, former Munday resident, who is now in the U.S. service and stationed in Puerto Rico, and was received this week by his uncle, Jimmie Silman:

Dear Uncle Jimmy and family, Sied and Veda and Uncle George: This letter is for all of you, so I will make it a big letter and tell you everything about my trip to Puerto Rico.

First I will tell you about tropical Puerto Rico; what I have seen of it. In my opinion it is the most historical and the most beautiful island I have ever seen. It is a strategic island and a very important one. To America, it is the Malta of the Caribbean, as the Malta of the Mediterranean is to Britain. In other words, it is America's great Gibraltar on the sand. It is about 150 miles long and 40 miles wide. San Juan is fortified by an immense fort which was built by the Spanish long ago. Of what I saw of San Juan from the ship, it is very pretty. We docked in San Juan, took a train from there to Punta Borinquen, about 90 miles northwest of San Juan. We are located at Borinquen Field, on the coast about 7 miles from "Aguadilla" (air field). When this air base is completed, which will be soon, it will be the greatest and largest field in the world.

To make Puerto Rico more beautiful, the scenery is most colorful. They raise pineapples, bananas, oranges, tangerines, coconuts, dates and many other tropical fruits. The structure of the island, in places, level; then you see plateaus, deep 1000 feet gorges and rock cliffs just as a contrast.

So much for Puerto Rico. I will tell you of the sea voyage from Charleston, S.C. We left there February 28th, about 10 o'clock that night. It took us three days and four nights to get here. The first two days the sea was very choppy and angry; we encountered a slight storm crossing the Atlantic. The funniest sights were some of the boys who got sea sick. The first day I got kind of dizzy, and the second morning I ate a pretty good breakfast. I went up on deck and the boat was still rocky. Two hours later I got a little sick in the stomach, and as I had eaten a good meal I did not want it to come up. I tried my best to hold it, first, by looking at the sea and then at the sky, but that didn't do much good. I saw one of the crew and asked him what was the best thing for sea sickness. He told me to go down to the day room and buy a box of milk of magnesia tablets and a pound of lemon drops; then take 2 tablets every 2 hours to counteract all acidity, and eat as many lemon drops as I could. Sure enough, that sea sickness went away and I felt swell.

By the way, I forgot to tell you that the name of our ship was Chateau Thierry. It's about 480 feet long and weighs 7,800 tons. There were 800 of us boys; 500 going to Puerto Rico, and 300 to the Virgin Islands, about 200 miles from here. When we got into the Caribbean sea the weather was warm and the waters were calm. We saw lots of flying fish flying around the boat. These fishes are very small, from 8 to 12 inches long, with wings on them. They only sail about a foot over the water. They follow the waves until a large wave hits them, then they sail up over the water.

We arrived in San Juan harbor Tuesday morning, March 4, at 8:30.

Mr. and Mrs. Barnett Steward have moved to western New Mexico to live.

Mr. and Mrs. Dave Jetton are announcing the arrival of a daughter, March 18th. She has been named Veva Ann.

John Lambeth of this community underwent an appendectomy at the Wichita Falls hospital Tuesday night.

Mrs. M. Ward of Electra is a guest this week in the home of her sister, Mrs. M. J. Jones.

IT PAYS TO ADVERTISE

Clean-up Week March 24 thru 29

All citizens are urged to cooperate with the City of Munday next week, which has been designated as "Clean Up Week."

Residents of Munday are asked to burn all trash that can be burned, and place remaining trash, cans, etc., in places where they can be reached by trucks. The city's trucks will be employed in hauling off all rubbish.

If your trash has not been hauled off by Saturday, March 29, call the city secretary's office and a truck will be sent for it.

LET'S MAKE THIS A REAL
CLEAN-UP WEEK
City of Munday

I presented him my diploma, told him that I had several years of radio servicing. He said there wasn't an opening at the present, but when our classification cards came from the states he would look up my qualifications and see what he can do for me. He said I would be assigned to some radio technicality. You know how much I want to get in this line of work, as I know more about radio than anything else.

Now I want to know how everybody is. I want all of you to write me, as I sure do get lonesome here. Don't forget to send me your pictures, as it will be some time before I get to see you again. Tell Veda and Sied to write, too. And tell Sied that his moustache isn't any good 'cause they grow better ones down here. And, oh yes, send me some cookies. They'll help digest this army food.

Well, that is all the news I know this time. Give my regards to all the kids while I close,

Love to all,

Nabih

P.S.—I forgot to tell you that the mosquitoes are very bad down here. They are just biting the life out of me. They don't hum and sting you; they just sting you and do the humming afterward. I just now slapped one on my ear, but missed him as usual.

L. E. Owens, who has been employed at Camp Berkeley, Abilene, visited friends and relatives here over the week end.

Winston Blacklock of Vernon visited relatives here over the week end.

For the first time since the first World War—when it had the country's largest aerial ground school—uniforms have again appeared on the University of Texas campus. The state school now has a naval R. O. T. C. unit.

Eggs and Cream Bring Farmers Total of \$1,338

Merchants of Munday Furnish Market For Produce

The fact that Munday's merchants are furnishing a ready market for cream and eggs produced on the farms of Knox county is evidenced by the total amount purchased in Munday last Saturday.

A survey was made of the various places buying cream and eggs at the close of business last Saturday, and the figures on the amounts are possibly more than anyone realized.

There are eight firms in Munday that buy eggs from producers as they are brought in, and last Saturday these firms bought 202 cases of eggs. At thirty dozen to the case, people who traded in Munday last Saturday sold 6,060 dozen, or a total of 72,720 eggs to those eight business firms. Assuming that the eggs were sold at their "trade-in" value, which was 16 cents a dozen last Saturday, Knox county producers realized \$969.60 from the sale of eggs alone.

The above figures are those secured from the retail firms alone, and the amount does not include eggs purchased here for hatching purposes.

The four cream stations in Munday that buy the farmers' cream report that they bought 41 cans of cream last Saturday, or 410 gallons. They report the cream will average around \$9.00 per can, which means the producers reaped \$369 from the sale of cream alone.

Adding the two figures together, the total money which went for eggs and cream in Munday on this one day was \$1,338.60.

These firms buy eggs and cream every day in the week, except Sunday, but they always have their largest volume of business on Saturday. Assuming that the business during the remaining 5 days of the week amounts to just half of Saturday's business, this means that the cream and egg business in Munday amounts to over \$2,000 per week.

All those eggs wouldn't last very long in feeding the soldiers at Camp Berkeley, but all this does go to show what Munday merchants are doing to furnish a market for products produced in the rural communities of this trade territory.

Mrs. Drummond of Paducah visited Mrs. Helen von Baumann over the week end.

Mr. and Mrs. Oscar Riddle of Rochester spent last Sunday in the home of Mr. and Mrs. J. B. Bowden.

County Agent Walter Rice of Benjamins was a business visitor here last Friday.

About \$1,000 Is Contributed For Iron Lung

Close to \$1,000 has been secured by the Munday and Knox City American Legion posts to be applied to the purchase of an iron lung for Knox county. Almost every citizen of the county is contributing to this cause, and those who have not yet contributed are asked to see some member of the committee and hand them their donations.

Due to an error last week, Louis Cartwright was credited with a \$1 donation on the list that was published by The Times. Mr. Cartwright's donation was \$5.

The following are those who have contributed since the list was published last week. The list does not include donations received by the Knox City post.

Retail prices in Texas won't rise much for several months, a University of Texas economist predicts. A record volume of sales for the State is forecast, however.

Texas ranked third among all the states in the number of federal credit unions established in 1940. The Farm Credit Administration issued 131 charters in New York, 75 in Pennsylvania and 55 in Texas.

To train technical experts for defense, the University of Texas now offers ten short courses ranging from naval architecture to chemistry.

Texas ships 90 per cent of the Bermuda onions raised in the United States. The seed costs \$1.50 per pound.

Sunset School Lunch Room to Open

After a very short delay the Sunset School lunch room will be opened to serve meals Monday, March 24. It is expected that 200 children will be served. A charge of 5c per meal will be charged where the student pays a month in advance, and ten cents per meal when meals are eaten at irregular intervals.

No Bride for the Groom, April 11

JUNIORS

Monday evening, March 17, Polly and Marvin McAfee entertained several of the juniors and their friends with a lovely party, carrying out the Saint Patrick's Day theme. Several games were played, after which there was served to the guests a delicious plate of hot chocolate and cookies. Every one reported a good time.

Are you ready to hear something that the juniors are putting their whole mind and body into? It's exactly this! NO BRIDE FOR THE GROOM will be presented by the Sunset Juniors April 11, at 8:00 o'clock in the Sunset gymnasium. Admission is 10c, 15c and 25c. NO BRIDE FOR THE GROOM is a play with side-splitting lines and active characters. The entire action of the play takes place in the Selby home near Willowcreek, Missouri.

Time: Present.

Characters for the play are:
 Bess Selby, one of the brides.
 Bernice Henderson

Herbert Prindal, the man she doesn't want to marry.
 Randall Stogner

Jolly, the girl who wants to marry Herbert.
 Jeanell Smith

Sophia Selby, a widow who discovers she is in love again.
 Evelyn Offutt

Digby Prindel, a rich old widower with young ideas.
 Rufus Frost

Libby Little, who is willing to be a bride.
 Pauline McAfee

Boots, a colored boy.
 Marvin McAfee

Salamandy, a colored girl in close touch with the spirits.
 Wynell Lowery

Dot Claiborne, the girl who thinks she is going to marry Herbert.
 Jane Burton

Tom Swanton, in love with Bess.
 Bobby Matthews

Frissy Paluna, a girl who wants to marry Tom.
 Alyne Ward

Belinda Groot, a dressmaker with a wagging tongue.
 Jeanelle Partridge

Mark this date on your calendar and make it an appointment to come see this never-forgotten play. Be sure to bring an extra handkerchief along, because you will laugh until you cry at Salamandy and Boots, especially when Salamandy has one of her spells.

No Bride for the Groom, April 11

Freshmen
 The Freshmen have finished the English novel, Ivanhoe, and found it to be real interesting although it did not appear to be in the beginning.

The Home Ec I girls have their skirts completed and they plan to make a simple dress as their next project.

In General Science the Fish have taken up the study of sound in communication and enjoyment. They have learned a little about

the International Morse Code and their science teacher, Mr. Harber, has been sending them some important messages by it.

No Bride for the Groom, March 11

Second Grade

The second grade girls are making Easter bonnets. We will have a style show when the hats are finished.

We have two new pupils, Malva Jones, who comes from Vernon, and Santos Naborrette.

Marjorie Campsey spent last week end in Amarillo visiting her aunt.

No Bride for the Groom, March 11

Seniors On Parade

Jean Griffith was born in 1925, near Goree, Texas.

Jean started his first schooling at Pleasant View school, while in the sixth grade he started to Sunset where he has gone ever since.

He was in the choral club two years in grammar school. Jean played an important part in the Junior play, and was president of the junior class. He is editor of the Sunset Glow this year.

Jean plans to take an aviation course after finishing this year.

Some of his favorites are:
 Song: "It All Comes Back To Me Now."
 Subject: Shop.
 Sport: Football.
 Teacher: All.

No Bride for the Groom, March 11

Volleyball
 The volleyball girls played their last game with Knox City last Thursday evening at Goree. The first game ended with Sunset ahead, 15-1. However, the girls loafed in the second game and Knox City won with a few points lead, the third game was a little tight, and Sunset won.

Saturday the girls played Truett and the games seemed to be quite easy, at least the substitutes played in the second game. The final game with Vera, which excited the girls very much, was won by Sunset.

The girls are planning on going to Breckenridge, April 5.

The team loses only two girls this year, so they are expecting to have a good team out next year.

The girls they lose are Loma Rae Clark and Ruby Hutchinson, who are graduating.

The girls are planning on ordering their sweaters soon.

No Bride for the Groom, March 11

Seniors
 Since the Seniors haven't had any news in the paper in a long time, it is supposed that they are trying to live again.

They finally succeeded in getting the characters for their annual play, Aunt Susie Shoots the Works. There are 11 characters, seven girls and four boys.

The characters are:
 Aunt Susie Stowe, an eccentric old maid.....Ruth Poyner
 Joy Herbert, her delightful young niece.....Kay Eggleston
 Scarlet Deane, Joy's colored maid.....Willie Mae Pearce
 Laura Dawson, another maid.....Edith Simmons
 Madame Zola, who sees all, knows all and tells nothing.....Doris Walker

No Bride for the Groom, March 11

Mrs. Edward Dunning, (Cynthia) a neighbor. Loma Rae Clark Portia Lark, a female lawyer. Ruby Hutchinson

Omar Graves, a successful businessman. Donnie Partridge

La Salle Johnson, his colored servant. Kenneth Myers

Johnny Rogers, engaged to Joy Slick Conway, who adds to the mystery. Jean Griffith

This side-splitting, hair-raising play is to be presented in the Sunset high school auditorium April 25, 1941; so if all of you want a full evening of laughter and spine-tingling entertainment, come to the high school gym, when Aunt Susie Shoots the Works.

The Senior class is planning to go to Rule to attend the Senior play on Friday, March 21.

No Bride for the Groom, March 11

Seventh Grade
 We wonder why... Mildred likes to play baseball so well. (Could it be because of the teams they play?)

Christene is so struck on a certain boy. (Who could it be?) Ruth is always going to the library. What's back there besides books and the librarian, and the librarian is a girl? (Could it be someone on the way there?)

Utah curls his hair so well every morning, or is it just one of those

To discourage home-builders. Building material has about reached its peak and should gradually return to near pre-war prices within the next few months, according to a University of Texas architect.

SEWING AT HOME PAYS DIVIDENDS
 College Station—Home demonstration club women in Hansford County, who renovated and made over 800 garments last year, report that they "learned a great deal and saved a lot of money" by doing their own sewing. Mrs. Dora R. Barnes, clothing specialist for the A. and M. College Extension Service, says when the women began their "renovation program" they had no idea so many of their families' garments could be used again. They used their foundation patterns when making over clothing for themselves.

ANNOUNCEMENT
 I will be at Terry Hotel in Munday, Texas, Tuesday, March 25, from 8:30 a.m. to 11:30 a.m. Next trip Tuesday, April 8. If you have any trouble with your Eyes, Ears, Nose and Throat, or need Glasses—consult me there on that date, or call at my office at any convenient time.

NOW Is the Time to Buy Your FORD TRACTOR

Due to the defense program, we have been unable to get as many Ford Tractors as we have wanted.

We have also received notice that the next shipment of tractors coming to us will be higher in price. This advance is also caused by the defense program, much of the materials used in Ford Tractors being used in production of war materials.

We have several tractors on hand that came with our last shipment. If you're contemplating buying a tractor, let us suggest that you buy now and avoid this advance in price.

Used Tractors

We have bargains in two good J. I. Case Tractors with rubber tires, and with two-row equipment. Tractors and equipment in good condition. Come in and inspect them.

Munday Times Commercial Printing

I GIVE YOU TEXAS

By Boyce House

A man whose fingers often have been smeared with printer's ink is Homer Leonard who, for years, was publisher of a newspaper in McAllen and still owns a job printing plant there. Leonard is Speaker of the House of Representatives, and colleagues declare that he is handling the duties with impartiality and ability and that the handsome and dynamic solon from the Magic Valley is rendering real service to Texas.

The best possum dog in this State is owned by William Dee Moore, or at least so we read in E. C. Lowe's Lometa Reporter.

This dog is so well trained that all Moore has to do is show him a board that you can stretch hides on, and he makes a break for the woods and soon returns with a possum whose hide fits the board shown him. In this way, it takes a lot of responsibility off the trapper as he does not have to hunt out the right size board to cure the hide on.

But this season, the hound disappeared and, after he had been gone two days, William Dee went to look for him and found him gaunt and hollow-eyed, and had to haul the dog in. He asked Mrs. Moore what was the matter and she said that, two days before when she went to get her ironing board, the hound saw her with it and made for the woods and had been there all that time looking for a possum with a hide to fit the ironing board!

Chief argument against federal control of oil is that the State is doing a good job through its State Railroad Commission. Frank Buttram, president of the Independent Petroleum Association of America, recently pointed out that the advocates of federal control originally had based their arguments on the theory of prevention of waste but that all charges of waste put forth by these advocates were refuted with evidence in Cole Congressional committee hearings. So, when it was proved that federal control should not be adopted since the State Railroad Commission is performing its oil duties efficiently, it was proved also for the same reason that there is no necessity for a separate oil and gas commission in Texas, observers declare.

New Braunfels, founded in 1845 by Prince Solms of Braunfels, already is making plans for a centennial celebration. The city is rich with color—wide streets, venerable stone houses, picturesque, central park with the Confederate monument, the fine old bell tower of the First Presbyterian Church and the beautiful museum which houses a thousand documents, bits of yellowed lace, muskets and paintings that mutely record nearly 100 years of history. The tree is still standing under which the first school was taught and New Braunfels had the first tax-supported public school in Texas. It is known too, as the "city of metal roofs," an ordinance passed in 1893 prohibiting wooden shingles and thereby gaining a reduction in fire insurance rates. If you like "atmosphere" and who doesn't?—you will enjoy visiting New Braunfels.

When the Army reaches a strength of 1,400,000 men, approximately one-third of that number will be driving trucks and other motor vehicles or servicing them. This demonstrates the importance of motor transportation to national defense, a growth which Texas however has retarded by retaining an antiquated 7,000-pound load limit law.

Did you hear about the Coleman man who asked his employer for a raise on the grounds that three other companies were after him? "What companies?" his boss asked. "Light, water and telephone" was the reply.

A Dallas landlord said to a prospective tenant, "We keep our apartment quiet; do you have any children?"

The applicant answered, "No" and then the landlord inquired, "Do you play any musical instrument or do you own a cat, dog or parrot?" and the man replied, "No—but my fountain pen does scratch a little sometimes."

You will get indignant when you read about the sufferings inflicted on the poor and friendless by loan sharks as described in a pocket-sized book, "A Century of Uaury in Texas," penned by the brilliant Edmonds Travis of Austin.

My favorite (and only) niece, Mary, accompanied her mother to the store in Jefferson to make purchases for the spring garden and the 3-year old piped up, "I want some chewin' gum seed."

Mrs. Dinocan: "They say the war is causing a great increase in the number of marriages." Dinocan: "I thought we had agreed not to keep dragging up the horrors of war."

Cotton Acoustic Panels

Developed by a Fayetteville, Ark., firm, the new all-cotton acoustic paneling shown above is based on the principle of harmonics, correcting acoustical faults through regeneration and diffusion of harsh tones into related tones of harmony. The manufacturer reports to the National Cotton Council that the paneling is being used in public buildings, auditoriums, radio stations, churches and other structures where sound control is necessary.

We wonder what Frances and Leslie find so interesting about Gilliland. Could it be the white hats and Ford cars that come from there?

Say, Butch, why were you so interested in getting to Knox City this week-end?

Pete, didn't you used to live at Rule? Is that why you like to go back once in a while? But—Vernie never lived in Rule, but we see that he likes to go there too.

Bill, why haven't you been wearing your school sweater recently? It couldn't have been in the tailor shop all this time!

What's this about the Seniors having a class meeting in the show Saturday night??

Say, Ed, did you really want to show your girl the grammar school part of the school building Friday night?

Who said there were just three girls in the Senior class? From the looks of things Friday night there are 13.

Can You imagine
The Senior boys wearing long dresses with pantalettes??

pected every Senior Class of Knox County but only Knox City came. Both stunts were good. Knox City won the \$5 prize for having the most here and the Benjamin Seniors won the \$10 prize for having the best stunt.

The Seniors are more hopeful about going to Carlsbad now. They made \$60 Friday night.

After the stunts, the room mothers, Mrs. Brookreson and Mrs. Williams, served refreshments to the Seniors. All the Seniors and their guests enjoyed it immensely.

Sophomore Report

Now that we have told you all of our favorites, the Sophs have just about run out of news. Although we are very glad to report that we passed all our exams, and hope that the other classes did also. We are planning to have a party soon.

The Fish don't have much to say this time. We have finished our six-weeks exams, and are very proud of our grades.

We have been writing poems in Literature. We planned to see who could write the best one, but found it difficult to make the selection.

80,000 COLLEGIANS HIT BY DRAFT

Colleges and universities over the nation will lose 11 per cent of their male students to the U.S. defense program this summer, Student Opinion Surveys, predicted last week.

An intercollegiate opinion poll edited at the University of Texas, the surveys reported that its samplings indicate some 80,000 college men anticipate a call from their draft board or intend to volunteer during the summer.

Because of deferment under the Selective Service Act of students until June 1, very few undergraduates are now in the army, the survey said.—State Observer.

Mr. and Mrs. Jim Nelson of Pampa spent the week-end here with Mr. Nelson's parents, Mr. and Mrs. J. R. Nelson.

Miss Quintina Wiggins of Denton spent the week-end here in the home of Mr. and Mrs. J. A. Wiggins.

Mrs. Deaton Green and children spent the latter part of last week in Wichita Falls, visiting with Mrs. Green's parents, Mr. and Mrs. F. H. Newsom.

C. P. Baker attended the Fat Stock show in Fort Worth over the week-end.

J. Watt Page Urges Cooperation Of Draftees With Selective Service Boards

The advantages which come to a Selective Service registrant by closely cooperating with his Local Board were stressed today in a statement by General J. W. Page, State Director of Selective Service.

In outlining a few of the most important things for the registrant to remember in his contact with the Local Board, General Page pointed out that the registrant's full cooperation not only speeds up the machinery of the Selective Service System, but directly benefits the registrant in a number of definite and concrete ways.

"The importance of the registrant's keeping in touch with his Local Board and immediately notifying it when he changes his address and moves from one place to another cannot be exaggerated," General Page declared. "The reason for this is obvious. The registrant who fails in this violates the law, places himself in needless jeopardy, and does himself an injustice, causing the Local Board all kinds of needless trouble."

The State Director also emphasized the fact that registrants can save themselves—and their board—much grief by exercising great care in filling out the questionnaire. "Every Local Board has an Advisory Board," he said, "and the registrant who is in doubt as to how to answer any given question should consult this board and follow its instructions. That's what the Advisory Board is for. And to advise him on any other puzzling matter, also."

"The registrant who believes he has been placed in the wrong classification and wants to make an appeal has it his service the Government Appeal Agent attached to his Local Board. This Government Appeal Agent is charged with the duty of protecting the interests of the registrant, as well as those of the government, and to assist and advise him as to the procedure in making an appeal.

The State Director complimented the Local Boards of the State for their understanding and broad sympathy in dealing with individual cases.

"The registrants appreciate it, too," he added, "as witness correspondence and oral comment from them. We don't want any registrant to forget the Local Board is his friend and that cooperation works both ways. It makes things much easier for everyone."

Start Shelterbelt Cultivation Now

Wichita Falls, Texas.—"Weeds and shelterbelts can't group up together," stated W. E. Webb, State Director of the Prairie States Forestry Project at the conclusion of a meeting of his field men at which plans for obtaining more and better cultivation were discussed.

There are over 1800 miles of active shelterbelts in Northwest Texas, continued Mr. Webb. Some of these shelterbelts were planted in the past few days. In order to give the trees in these belts a fair start this spring, the weeds that are now springing up must be eliminated.

Weeds and trees compete for soil moisture and plant food. If the weeds are permitted to grow they will rob the trees of the much-needed moisture and nourishment, stunting some and choking out others. Soil moisture brings the plant food out of the ground up into the leaves where it is made into usable plant food which in turn is distributed to all parts of the tree. If the weeds are thick and are greedily absorbing moisture, the trees may lose out in its battle for a fair chance in life.

Mr. Webb advises that all farmers who have belts in their farms get at these weeds now before they get too high and make the job of cultivation more difficult.

Mr. and Mrs. Joe Voss and Mr. and Mrs. J. W. Henderson attended the Southwestern Exposition and Fat Stock Show in Fort Worth over the week-end.

Mrs. Forrest Daniels and daughter of Goree were business visitors here last Saturday.

Mr. and Mrs. Garland Hawkins of Sweetwater spent the week-end here with Mrs. Hawkins' parents, Mr. and Mrs. J. B. Bowden.

Mr. and Mrs. Walter Moore were visitors in the home of relatives in Abilene over the week-end.

Mr. and Mrs. Jim Goode attended the fat stock show in Fort Worth over the week-end.

J. N. Hendrix, who is employed at Camp Barkeley at Abilene, visited home folks here over the week-end.

Chad Wilson of Knox City was a business visitor in the city last Monday.

Oscar Spann, who has been employed at Camp Walters, Mineral Wells, for several weeks, returned home the latter part of last week. He has completed his work there.

Mrs. Don L. Ratliff visited her mother in Seymour the first of this week.

Mrs. Sam Bird and little daughter of Weibert were visitors here last Saturday.

Acala Cottonseed

Ginned exclusively on one gin; recleaned; Ceresam treated; State certified; government tested, 92 per cent germination. Approved and handled here by Government Export Program for 2 out of 3 years. Good lint turnout, high grade, long staple. Extra large yield, many averaged 1-2 to 3-4 bale per acre this season with average price over 10 cents on entire crop.

THE ADVENTURES OF REDDY KILOWATT

Dear Friends:
I didn't know what to do, the day those toughies laid their plans to steal Mr. Brown's car. But the idea came to me...

I went to the tool box and got wires and insulators and a hammer and some screws. It doesn't take much to run a line to the garage...

Then I got one of the outdoor flood lamps and hooked it up. I smiled as I finished the job because...

That night those thugs were foiled!
I thought, "Why doesn't everyone depend on good light to protect their home and property?" It's the cheapest insurance you can buy.
Yours for better light—safer living,
REDDY KILOWATT.

PROTECTED at Play — How About Your Home?

WHAT'S THAT NOISE?

You awaken with a startled sense of some disturbance outside. Then is when you want the protection afforded by light... light that floods the premises... light that offers safety from prowlers.

Outdoor flood lighting gives the protection you want—and need. Lights on the porch gives protection against surprise and alarm when the door is opened and also protects against possible injury in stumbling on the steps. Light in hallways and closets prevents fumbling and bodily injuries.

Let our lighting advisers help with your lighting problems. Their service is FREE. Good light is CHEAP. So don't take chances with the safety of your family.

Homemaking Girls Make Interesting Study Trip

Last Thursday the third year homemaking girls made a study trip to Abilene.

First, they went through the Orphans Home. They closely observed all activities in the Home.

They went through Mead's Bakery next. They saw the bread from the beginning of the loaf until it was taken out of the oven and sliced.

The Dr. Pepper bottling plant was not in operation but the class looked everything over and got the general idea of how it was run.

Refreshments were served the class at the Dr. Pepper plant and also at the Banner plant, which was the next stop. At the Banner plant the class saw butter being churned and wrapped. They also saw ice cream in all of its stages.

Not only an educational day was spent but also a very enjoyable one was spent by all the class.

Tiny Tot Tribune

The First Grade is studying the Dutch people in Holland. They have learned to sing songs about the windmills, wooden shoes, and tulips. The colorful landscapes drawn and colored by each member of the class is used as black-board decoration.

The first grade rhythm band gave its initial performance in the auditorium Monday evening, at 7:30 o'clock. The number rendered was "Onward Christian Soldiers." The suits were copies of the United States sailors. The members of the band are: Jackie Mayes, director; Patricia Clowdis, sticks; George Spann, sticks; Charles Beavers, bells; Perry Reeves, song-o-phone; Laveta Gerhels, song-o-phone; Peggy Walker, bells; Thelma Booe, tambourine; Betty Morrow, sticks; Pagy Massey, tambourine; Roy,

bells; Lynn Reynolds, bird whistles; Glenn D. Henson, bells; Norma Smith, xylophone; Marjorie Hill, xylophone; Wilma Hamilton, tambourine; Doyle Purifoy, bird whistles; Don Killian, bells; Bobby John Jones, drums; James Harrison, tambourine; Jimmy Bell, sticks; Kenneth Hendrix, sticks; Glenn Weaver, bells, and Robert Jones, drums.

Withdrawals and Absentees
Jimmy Bell, Omer Brazzell, Kenneth Hendrix and Carolyn Hardegree are absent today. Carolyn Hardegree has gone to Henrietta with her mother.

Dickie Waheed has withdrawn from school and we miss him very much.

Perfect Attendance

Those present every day last week are as follows: Charles Beavers, Billie Brown, Max Donoho, Patricia Clowdis, Thomas Franklin, Loys Gray, Wilma Hamilton, Carolyn Hardegree, Janet Harrison, Don Killian, Doyle Purifoy, Norma Smith, George Spann, Glynn Weaver, Bobby Waheed, Bunky Giles.

Come on First Grade, let's make it 100 per cent attendance every week from now until school closes!

Good Manners Slogan for the Week

We wait our turn to speak.

Our Weekly Reader News

Last week we studied little animals who lived in the ground and the trees. Birds were of most interest to us since we had already discussed building a house to be located somewhere on the school campus. Jackie Mayes and Billie Brown have planned their bird houses. Jackie bought a bird house to build in Wichita Falls.

This week flowers and gardening are in the news. We are planning to make a flower and vege-

table garden. Bunky Giles brought a package of egg plant seeds. Teckie and Erpie made nosebags of carrots, turnips and beans. What a funny thing to do!

Interesting Library Books
The children of the first grade read stories selected from our library books. Fifty Flags and Good Friends are the most popular books.

Jackie Moyes brought the Bobbsey Twins and Robert Jones brought The Adventures of Wee Mouse to be read to the class.

Visitors
Mrs. A. L. Smith, Norma's mother, visited our room Friday afternoon.

Surprise
Watch this column for more interesting news about the first grade next week.

Second Grade Chirp

The Second Grade will present a safety play at P.T.A. Wednesday afternoon at four o'clock. The name of the play is Everybody in Safetyland. The players are: First Messenger, Royce McGraw; Second Messenger, Joyce McGraw; Queen of Safetyland, Jean Green; Sir White Lines, Charles Elmo Morrow; Stop and Go Light, Garon Tidwell; Eyes, Burna Dean Suggs; Ears, Ina Mae Jones; Sunlight, Loyce McGraw; Clown, Richard Manire; Policeman, Alvin Franklin; King of Lawlessness, James Simpson; First Boy, Ike Green; Second Boy, Kenneth Stubblefield; Third Boy, Omer Yarbrough; Fourth Boy, Alfred Guinn; Fifth Boy, Leonard Norman.

The play tells of a little boy who wishes to stay outside late at night and play in the streets. The Messengers take him to the Queen of Safetyland, where Jimmy learns to obey all the traffic rules.

Rhythm Band Will Play

The Second Grade Rhythm Band played Monday night at the Decamation tryouts. The band was dressed out in new white sailor suits. They played "Anchors Aweigh" and "Our Directors March" in keeping with the nautical theme.

Members of the band and instruments they play are: Leader, Royce McGraw; Jean Green, song-o-phone, Betty Conwell; tambourine, Leonard Norman, sticks; Burna Dean Suggs, tambourine; Loyce McGraw, tambourine; Richard Manire, drum; Billie Joe Cadwell, bells; James Simpson, bells; Arlene Zeissel, bells; Kenneth Stubblefield, drums; Ina Mae Jones, Song-o-phone; Alfred Guinn, bells; J. L. Ford, sticks; Garon Tidwell, Bird Whistle; Juanita Brown, Sticks; Clela Jo Trammell, Jackie Cockerell, tambourine; Junior Howeth, sticks; Homer Lowrance, bells; Sara Beth Matthews, xylophone; Mildred Lovell, Tambourine.

Items of Interest

Jean Green spent the week end in Wichita Falls. On the way home she saw a garage burning.

Kenneth Stubblefield went to Haskell.

Betty Conwell's sister has appendicitis.

Ina Mae Jones heard President Roosevelt speak over the radio. She said that he said America would help Great Britain by sending guns and ammunition.

Charles Morrow was a Seymour visitor Saturday night.

Omer Yarbrough saw a woodpecker in a pecan tree.

Poems and Riddles About Texas
The pupils of the third grade are studying Texas and we are enjoying the study of our state very much.

Following are some poems and riddles we have made about Texas and Texas products.

Our State

Our Texas is so strong and great, The largest of the forty-eight. With its fields of cotton and wheat Our Texas can't be beat.

Romona Hayes

The Flag

I love the Texas flag,
Red, white and blue.
You should never make it a rag,
And I'm sure you love it, too.

Betty Hendrix

People, Spots In The News

FAST PUDDING... Lighter side of war zone doings is this shot of official pudding taster doing his stuff aboard a convoy escort Destroyer of British navy. A pretty good-sized "taste," eh?

TAX TACTICS... With "income tax time" boosting amount and fussiness of tabcloth mathematics, New York night spot made it easier for calculating customers, and for the laundry bill, by using spotproof koroseal-coated napery, from which impromptu arithmetic can be removed by swipe of damp cloth.

Texas
I like to live in Texas
Where the beautiful bluebonnets grow.
It's the largest state in the United States,
And the best one that I know
Bonnie Kitchens

Texas I Love You
Texas, I love you,
When I get big I will fight for you.
You are so big and strong
I know you will never go wrong.
Don Haynie

Texas
Texas is the grandest state I know
We have cotton as white as snow
Texas can always stand the test.
I love it because it is the best.
Martha Nell Bullington

Riddles
I am white, I am green on top.
When you bite into me I am hot.
What am I?
Marie Howeth

I am white and fluffy, I am taken from some animal. I keep the animal warm in winter. What am I?
Romona Hayes

I am blue, I am shaped like a bonnet. I grow in the fields in Central Texas. I am very pretty. What am I?
Claude Everett Snoddy

I am little and brown, I grow on a tree. I live in Texas. My mother is a tree. What am I?
William Allen Johnson

I am short and fat, I give you pork. I am sometimes white and at other times black or red. What am I?
Betty Jo Cumba

I am red on the inside and green on the outside. Sometimes I am long and thin, and sometimes I am short and fat. What am I?
Ima Stone

Answers to the riddles
1. Onion, 2. Wool, 3. Bluebonnet, 4. Pecan, 5. Hog, 6. watermelon.

Seniors on Review

Running up the hall comes the brunette football fan. This Senior girl enjoys writing letters and collecting recipes, but not as well as she enjoys roast. Home economics is her favorite subject and Dick Tracy is her favorite comic strip. Flora Bell likes dusk better than any other part of the day, but she insists she likes lunch better than any other meal. Flora Bell who? Ratliff, to be sure.

The sophomores and the seniors just naturally mix.
Some of the high school students were so sleepy Tuesday morning. (It couldn't have been the night before!)

Lunch Room Serving 250 Daily
The Munday school hot lunch room has been reported to be serving about 250 lunches every day. During the month of March more lunches have been served than in any month since the lunch room has been in progress.

Two of the Munday school workers are being transferred to Sunset to help start a hot lunch room there, but they will be replaced by two new workers.

The lunch room supervisors are now planning a garden for next summer. Vegetables and fruits will be grown to be canned for use next year when the lunch room will be in progress.

Characters for the one act play which is entitled, Wild Hobby-Horses, are: Patsy Ruth Mitchell, Allene Jungman, Betty Golden, Bonnie Jean Milstead, Dick Harrell, Wayne Blacklock, Milton Thompson.

It is directed by Miss Burnett.

One-Act Play Tournament

The one-act play tournament will be held at Benjamin Thursday evening, March 20, at 6:00.

Plays that will be presented are as follows: Goree, The Doctor's Affair, 6:00 p.m.; Knox City, Yes Means No, 6:45 p.m.; Vera, Who Gets the Car Tonight, 7:35 p.m.; Munday, Wild Hobby-Horses, 8:25 p.m.; Benjamin, Sparkling Lucia, 9:15 p.m.

Mr. and Mrs. Raymond Ratliff attended the fat stock show in Fort Worth over the week end.

Ralph Layne, who is stationed at Camp Bowie, Brownwood, was here on Thursday of last week for the funeral of his uncle, Shannon Layne.

Mrs. Aaron Edgar spent the first of this week in Quanah visiting her parents, Mr. and Mrs. W. J. Bridge, and with Mr. and Mrs. Roy Rogers and other relatives.

Lee Myers of Dallas spent the week end here with his parents, Mr. and Mrs. R. L. Myers, and with other relatives and friends.

Mr. and Mrs. W. B. Payne of Stamford spent the week end here with Mrs. Payne's parents, Mr. and Mrs. J. M. Terry.

Preston Ingram of Sweetwater visited his mother, Mrs. Louise Ingram, over the week end.

WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent

Mr. and Mrs. J. B. King visited in the home of his brother, Mr. and Mrs. J. R. King last Sunday.

Several from this community went to Miller Creek fishing this week.

H. C. Claborn visited in the home of his sister, Mrs. Jerry Nix, last week end.

Darwin West has returned home from Mineral Wells where he has been employed for some time.

Mr. and Mrs. J. L. Owen visited Mr. and Mrs. C. H. Brown last Sunday.

Mr. and Mrs. Steve McPherson have moved here recently from Fort Worth.

Helen and Louise Brown attended the fat stock show with friends last week.

Mr. and Mrs. Lloyd Jacobs visited Mr. and Mrs. J. L. Owen last week.

Bill Brown is ill at this writing. Mr. and Mrs. Louis Carwright visited Mr. and Mrs. Johnnie Owen last Sunday.

Mr. and Mrs. Mann Branch and Mr. and Mrs. J. R. King were in Wichita on business and shopping last Wednesday.

Mr. and Mrs. J. M. Smith were in Benjamin on business last Monday.

Over 100 Families Contribute To Support of Munday's Public Library

The committee of the Munday Public Library wishes to thank everyone who has pledged to contribute to the support of the Munday library. The objective of this committee is to see every family in Munday and give them a chance to donate a small sum to the library.

One hundred and eleven families have been contacted, and \$68 has been placed in the bank with the promise of \$10.50 to be collected sometime during the year. Many more families are yet to be seen. All of the money contributed will be used for the purchase of books and magazines to be placed in the public library. No one has been asked to give more than \$1 per year. With every family in town giving a small donation, the library should keep enough new reading material for every man, woman and child to read many things they would not have access to otherwise.

Among those who have contributed are the following: Sebern M. Jones, The Hat Shop, Hugh Beatty, R. D. Atkinson, Cecil Fitzgerald, R. B. Davy, R. B. Harrell, P. V. Williams, Burnice L. Bowden, Ray Kelly, Jones and Eiland, Howard Collins, H. F. Barnes, W. C. Bevers, J. C. Stevens, M. F. Barnard, Larene Newsom, Sam Beavers, J. M. Terry, James Rayburn, Keck

Food Store, W. W. McCarty, Worth Gafford, Travis Lee, Louise Atkinson, Paul Pendleton, W. E. Braly, J. A. Wiggins, E. A. Hollar, Fred Broach, Jr., Chas. Haynie.

FIRST BAPTIST CHURCH

Religion makes its call and appeal to everyone. Some yield to it and follow the lead of the divine urge, and some do not. Naaman, the Syrian general, followed the suggestion of a little girl and received a lifelong blessing. Men in their own wisdom do not know God. By humble submission, and becoming as a little child we learn about Him. We are asking you again to read Deut. 33:27; 2 Chron. 7:14; Malachi 3:10; and Luke 11:9. God has never broken a single promise that He has ever made to His people.

It was your distinct loss if you missed last Sunday's services. 205 were in Sunday School. A house full for the preaching service. What a fine spirit we did have!

The Training Union is showing much improvement. There are signs of renewed interest all along the line—in all departments. Let's not wait for the other fellow to do what we should do ourselves.

W. H. Albertson

Mr. and Mrs. A. F. Homer, Mr. and Mrs. Chris Birkenfeld and sons and Leonard Birkenfeld visited Camp Berkeley in Abilene last Sunday afternoon.

Pendleton And Stodghill Sponsors Tractor Service School On Friday

A tractor service school was held last Friday at the shop of Pendleton and Stodghill, local Ford tractor dealers, for the purpose of acquainting their mechanics on the proper servicing of Ford tractors.

Dan McCulloch, a factory representative, and a representative from the Bull-Stewart Equipment Co., of Dallas were in charge of the school.

They secured a Ford tractor that had been used over 1,000 hours, or the equivalent of one and one-half years use on a 160-acre farm, and tore it down to determine the amount of wear on the tractor.

According to a report from Mr. McCulloch, the following was found:

Maximum wear on the inside diameter of the cylinder sleeves was only 38 ten-thousandths; the pistons still had from an 8- to 12-lb. pull on a three-thousandths feeler gauge; wrist pins showed only ten-thousandths wear; timing gears had a backlash of six-thousandths compared to five-thousandths when set up; connecting rod bearing inserts showed no wear whatsoever, and the ring gaps showed only ten-thousandths.

Mr. McCulloch determines in his report that the Ford tractors can really "stand the gaff," and will go for several years under ordinary farm use without need of repairs.

Clyde Burnett and son, Bobbie, of Benjamin were business visitors here Tuesday morning.

Claude Bowden and family of Whiteface, Texas, visited relatives and friends here over the week end.

Frankie Boone of Lubbock visited friends in Munday the latter part of last week.

Mr. and Mrs. H. A. Pendleton attended the presentation of "Hollzapoppin'" in Wichita Falls last Monday night.

Mrs. Ralph Johnson of Chickasha, Okla., came in the first of this week to visit in the home of Mrs. J. R. Smith.

Many Buyers Here For Sale Last Tuesday

The Munday Livestock Co., reports a big run of cattle and hogs for last Tuesday's auction sale. Cattle prices were steady, with some classes selling higher than a week ago.

Top hogs sold from \$7.25 to \$7.50; lights and heavies, \$7 to \$7.25; fat pigs, \$6 to \$6.50; sows, \$6 to \$6.50; shoats, 5.25 to \$6.

Fat bulls brought from \$6.25 to \$7; common bulls, \$5.25 to \$6; beef cows, \$6 to \$6.75; butcher cows, \$5.25 to \$6; canners and cutters, \$3.50 to \$4.75; fat yearlings, \$9.25 to \$10.20; butcher yearlings, \$7.75 to \$8.75; fat calves, \$9 to \$10.50; butcher calves, \$7.50 to

\$8.75; rannies, \$6.25 to \$7.25. Good stocker steer calves brought from \$9 to \$11.25, and stocker heifer calves, \$8.50 to \$10.50.

Some of the buyers here for the sale were C. L. Davis, Graham; G. E. Steen, Knox City; Grady Bell, Fort Worth; Charlie Morris, Abilene; J. M. Bradberry and C. A. Hull, Knox City; Claud Farr, Truscott; Jim Cook, Crowell; Keck Grocery, Knox City; J. E. Adkins, and Ira Grindstead, Mr. Hindley and Watson Carley, Rochester; C. L. Darnell and O. P. Hall, Seymour; L. D. Furrh, and John Trimnier, Stamford; J. C. Eubank and Doc Martin, Truscott; Clyde Mayfield, Weinert; D. E. Routon, Van Thornton, and C. L. Patton, Goree; Charlie Mayes, C. R. Elliott, E. R. Lowe, Payne Hattox, John Albus and Lee Isbell, Munday.

Mrs. Louise Ingram and daughter, Miss Louise, were visitors in Abilene on Wednesday.
