

MERCHANTS WILL AWARD \$1000 IN CASH

Opening Exercises For Schools Are Held Monday

With 290 students in the ward school and 139 students in high school the first day, and with more expected to enter before the week is over, the Munday school began sessions Tuesday after opening exercises in the auditorium Monday morning.

At the opening exercises, presided over by Supt. Colley, several patriotic songs were sung by the students, teachers and patrons led by Miss Mayme Holcomb accompanied by Miss Jessie Merle De Loach. Prayer was led by Bro. Luther Kirk, minister of the Methodist church, and several short talks were given by Bro. W. A. Albertson, minister of the Baptist church, Mr. L. S. Hardegree, principal of the high school; Mr. L. M. Palmer, principal of the ward school, and Supt. Colley.

Several additions to the school have been made. Vocational agriculture for boys in the high school under the direction of Manuel W. Ayers has been added. A band director, Mr. Cecil Hood, has been added so that students will have a regular band period and no fee is being charged. A ward school athletic program under the direction of Mr. Clyde Kennamer is being carried out and equipment has been purchased. A ward school football schedule is being arranged.

Funeral For W. H. Kuhler Is Held Friday

Funeral services for W. H. Kuhler of Amarillo, a former resident of Knox county, were held from St. Joseph's church at Rhineland at nine o'clock last Friday morning, with Father Herman conducting the services.

Mr. Kuhler was fatally injured in a train-truck accident in Amarillo on Wednesday morning of last week. He lived only five hours after the accident, and died at the St. Anthony hospital in Amarillo. William Henry Kuhler was a native of Knox county. He was born at Rhineland on July 3, 1906, and was 35 years and 2 months of age. He was employed near Amarillo and was on his way to work when the accident occurred.

Survivors include his wife and 2-year-old daughter, Jeanelle; his parents, Mr. and Mrs. J. C. Kuhler of Rhineland, and five brothers and three sisters, who are: Lawrence Kuhler, Rhineland; Edmund of Pep, Texas; Albert, Julius and Alphonse, all of Rhineland; Mrs. K. W. Homer, Rose Marie and Adelaide Kuhler, all of Rhineland. Pallbearers at the funeral were Chris Birkenfeld, George Petrus, Alfred Homer, K. G. Homer, Ralph Loran and August Loran. The body was shipped here by train, and interment was in the Rhineland cemetery by the Mahan Funeral Home.

Vocational Classes Being Organized

Two vocational agriculture classes have been organized, it was announced Wednesday by Manuel W. Ayers, instructor. The enrollment will be around 35 boys.

Vocational agriculture is to be taught as a regular high school course. The first few weeks of study will include organization and introduction of the course, as well as setting up supervised practice programs and organizing the F.F. A. chapter.

MR. AND MRS. ROBERTS RETURN TO AUSTIN

Representative and Mrs. Grady Roberts left Sunday for Austin to be there for the opening of the called session of the 47th Legislature.

Mr. Roberts had to be there Monday for a meeting of the advisory committee on construction of new state buildings. He stated before leaving that in his opinion this called session should not last more than ten days.

In Revival

Rex Bernard of Yukon, Okla., above, is doing the preaching in the revival meeting which opened last Friday night at the Church of Christ in the grove. He is an interesting and forceful evangelist and is preaching to a goodly number at each service.

The revival will continue into next week and possibly through all the week. Services are held at 8:15 each evening, and the entire public is cordially invited to attend. This church is one block west and four blocks north of the square in Munday.

Presbytery Has Fine Session At Local Church

The Fort Worth Presbytery held its annual session with the First Presbyterian church in Munday on Tuesday and Wednesday on Tuesday and Wednesday afternoon with registration of delegates. Representatives from 24 of the 27 churches in the Presbytery were present.

Rev. Bruce Brannon of Hillsboro was elected moderator for the session. Tuesday night at six o'clock the Ladies Auxiliary served supper for the delegation at the club house at the city park. At this time, C. R. Elliott, president of the Munday Chamber of Commerce, made an interesting talk in which he gave some highlights of the farming and ranching industry in Knox county.

At 7:30 Tuesday evening, Rev. Frank Crown of Rule preached to the delegation.

Wednesday morning at 8:30 o'clock, Rev. Tom Van Puffelen of Fort Worth held the morning devotional, after which the regular business of the Presbytery was transacted. At eleven o'clock Rev. Shirley Guthrie of Graham preached the doctrinal sermon on tithing.

After the lunch hour the regular business was transacted until adjournment at five o'clock Wednesday afternoon. The Presbytery will meet on the second Tuesday in April at the First Presbyterian church in Fort Worth.

Between 60 and 75 delegates registered for the session. The Ladies Auxiliary express their appreciation to each and everyone for their donations and help toward entertaining the guests during the Presbytery.

GONE TO CHINA

Frank Nance, Jr., son of Mr. and Mrs. Frank Nance of Munday, who is now a member of the Marine Corps, left last Friday for China. Frank is a former employee of Eiland's Drug Store and a 1940 graduate of Munday high school.

Bobby and Bruce Burnett of Benjamin were visitors in the city last Monday.

PRESIDENT'S MESSAGE

Through arrangements for a special radio hook-up, those who attend the appreciation night for members of the Texas Defense Guard here tonight (Thursday) will be able to hear the message of President Roosevelt. This message will be broadcast at eight o'clock tonight.

Plans are being made for observance of appreciation night for the Defense Guard, and a large crowd is expected to attend this event. The president's message will be part of the planned program.

Defense Course To Be Taught On Monday Night

The U.S. defense course, a new addition to the Munday schools, will be started next Friday night at eight o'clock in the vocational agriculture room in the grade school building. All boys between the ages of 17 and 25 in this territory are urged to attend this organization meeting.

The first course offered will be a metal working course, including welding, blacksmithing and machinery repair. It will be taught by A. B. Warren.

The U.S. government is paying for the equipment, supplies, etc., and it was stated about \$750 in supplies has already been approved.

The course will start next Monday night, September 15, in Mr. Warren's welding shop.

Rev. Winston Bryant To Leave Next Week

The Home Missions committee of the Fort Worth Presbytery this week accepted the resignation of Rev. Winston R. Bryant as pastor of the Munday Presbyterian church, effective Monday, September 15.

Rev. Bryant will leave for Austin, Texas, where he will enter the Austin Theological Seminary. He expressed his appreciation of each and everyone in Munday for the splendid cooperation given him during his ministry here.

Rev. Bryant will make his home at 3111 Grandview Street in Austin. Arrangements are under way for a pulpit supply for the local church until a regular pastor is called. If these arrangements are successful church services will be held as usual at the local church.

Phillips Families Visit in Arkansas

Mr. and Mrs. P. C. Phillips and family and Mr. and Mrs. Nolan Phillips and family returned home last Saturday from a ten-day visit with relatives in the Ozark mountains in Arkansas.

P. C. Phillips stated they visited their old home place where he was reared. This was his first visit there in 40 years, and of course the old place looked different to them. It was enjoyable trip for all members of the Phillips families.

MRS. CURTIS COATES BREAKS BONE IN FOOT

Mrs. Curtis Coates suffered a painful injury to her right foot last Monday night when she jumped a puddle of water at the curb in front of the Roxy Theatre. Her weight was thrown on the foot in such a manner that one of the bones in her foot was broken.

After the broken member was placed in a cast, she was taken to the Knox City hospital for an X-ray. She is reported to be doing nicely and is at the home of her mother in Knox City.

Women Will be Proud to Wear 'Em

Cotton stockings aren't what they used to be, judging by the samples being looked over here by David H. Young, hosiery designer for the U. S. Department of Agriculture's Bureau of Home Economics. These stockings represent but a few of the 150 designs for better-looking, better-fitting

and better-wearing cotton hose released by the Bureau of Home Economics to manufacturers in the past two years. Dora R. Barnes, Extension Service specialist for the Texas A. and M. College Extension Service, says beautiful cotton hose, the kind women will be proud to wear, will be one result of the present shortage of silk hosiery.

Four Men Will Enter Service

Four of Knox county's young men will answer the call for induction into service during this month, it was announced Saturday by Jack Idol, member of the Knox county selective service board.

The young men and their order numbers are: Leonard Joe Birkenfeld, 203; Melvin Emory Mayfield, S-238; Lewis Elton Groves, S-254; and Carl Lynn Harlan, 255.

They will report to the local board at Benjamin at 7:00 a.m. on September 26, whereupon they shall be sent to an induction station of the United States Army at Fort Bliss, Texas.

27 Registrants Are Classified By County Board

Twenty-seven additional selective service registrants were recently classified by the Knox county board, it was announced this week by Mr. Wilson, secretary. The registrants are as follows:

Leonard Joe Birkenfeld, 1-A (reclassified); Melvin Emory Mayfield, 1-A; Lewis Elton Groves, 1-A; Alfred Elmo Shaw, 2-A (reclassified); Emmet Pond, 3-A; J. T. Bromley, 3-A; Askalon John Stogner, 3-A; Adolfo Garza, 3-A; Forace Jackson White, 3-A; Dolores Bonilla, 4-C; William Homer Ledbetter, 3-A; Clyde Denham, 3-A; William H. Loflin, 3-A; Denny W. Davis, Jr., 4-F; Ervin Chester Bohannon, 3-A; Ervin Austin Booe, 3-A; John Lovel Phillips, 3-A; James Park Rice, 4-D; Bob Compton, 4-F; James Calvin Hendrix, 3-A; Clifton Ross Vaughn, 3-A; James Ambres Bright, 3-A; Carl Vernon Wallace, 3-A; Clarence T. Cyper, 3-A; John Byron White, 3-A; Arnold Eugene Langford, 3-A; Cecil Abrete Flores, 3-A.

New Plymouth Is On Display Here

A new 1942 Plymouth car was received here this week by Reeves Motor Co., local Dodge and Plymouth dealer, and is now on display at the company's showrooms.

This new car has been called "Plymouth's Finest" and embodies the finer long-life engineering and "great new economy that gives you more miles per dollar." The new Plymouth is lower, closer to the road and is powered by a 95-horsepower motor.

J. E. Reeves, dealer, invites the public to come in and see this new car.

ELIZABETH COVEY TO TEACH IN NEW MEXICO

Mrs. Elizabeth Covey, former teacher in the Benjamin schools and former lunch room supervisor for this county, left the latter part of last week for Reserve, New Mexico, where she is teaching school this term. She is the daughter of E. L. Covey of Benjamin.

John Schumacher Is Found Dead Near Rhineland

John Schumacher, about 33 years old, well known farmer of the Rhineland community, was found dead late Wednesday afternoon near his farm home. He had apparently died of a heart attack.

Schumacher, who was living alone on his farm, was missed Tuesday but was supposed to have gone to a neighboring town or visiting with neighbors, as he frequently did. When he failed to return Tuesday night a search was started for him, and was not found until late Wednesday in the pasture about a quarter of a mile from his home.

His body showed no signs of violence, and it is supposed he suffered a heart attack and died suddenly. He is believed to have been dead around 36 hours when found.

Mr. Schumacher was the son of Martin Schumacher, well known farmer and pioneer resident of Rhineland. He was reared in this county.

Funeral services, which were incomplete Thursday morning, will be in charge of the Mahan Funeral Home.

Stockholders Of N.F.L.A. In Meet Here Saturday

About 30 members were present last Saturday afternoon when the stockholders of the National Farm Loan Association of Knox, Throckmorton and Haskell counties held their annual meeting.

John Ed Jones, secretary, gave the address of welcome. Supt. S. Vidal Colley led the group in singing "America" accompanied on the piano by Miss Jessie Merle De Loach. This was followed by a vocal solo by Miss Mamie Holcomb.

County Agent R. O. Dunkle made an interesting talk on the benefits of land bank loans, stressing the importance of members understanding these loans and their benefits.

Howard Collins explained the financial statement of the association, and John Ed Jones explained the loan activity chart, stating the association has 504 loans in effect for a total of \$1,326,050.

At the election of directors, John B. Reneau and G. R. Eiland were re-elected for three year terms. Carry-over directors are A. J. Bunts, W. A. Baker and R. W. Maples. A meeting of the directors will be held next Saturday afternoon at 1:30 o'clock.

Painting is Done To Bank Interior

Taking advantage of the Labor Day holiday recently, the First National Bank in Munday had painters busy all day refinishing the interior of the bank.

The bank has been painted in a light color and this furnishes more light inside the building. In addition venetian blinds were installed at the windows. Everything looks clean and attractive, making the local bank one of the most attractive in this section.

Shelterbelt Man Visits in County

Marvin G. Angle of Paducah, district shelterbelt forester for this district, was here Tuesday, checking the shelterbelt plantings in Knox county. Mr. Angle stated that Knox county will be served by the Paducah office in the future.

Angle, who has the counties of Cottle, Knox, King, Dickens and Motley under his supervision, was on his first trip to Knox county. He will visit the county regularly and check the 27 miles of shelterbelt trees which are now growing on Knox county shelterbelt projects.

Mr. and Mrs. J. A. Wiggins went to Putnam, Texas, last Wednesday to take their daughter, Miss Quintana, who began her duties as teacher of home economics in the Putnam schools.

First Award To Be October 16th

New Trades Day Idea Is Inaugurated By Local Merchants

Munday merchants are again inaugurating their trades day, an activity which has attracted many people to Munday in the past. The plan is expected to get under way next week.

\$1000 in cash will be awarded by the merchants between now and Christmas, and practically all merchants in Munday are cooperating in the plan.

The first trades day award of \$1000 will be made on Thursday, October 16; then on Thursday, November 13, another award of \$1000 will be made. But that's not all, folks! Listen to this:

On Christmas eve, December 24, the master award will be made. This award will be in the amount of \$800—and what a Christmas present someone is going to receive!

A committee of eight people have been working on this plan for several days, and the plan is being explained to Munday merchants this week. It is expected to attract the greatest crowds to Munday than any other trades day program has ever done.

Every cooperating merchant will award tickets with each purchase at his store, and these tickets will be good for any of the three or all three of the cash awards. Tickets will be distributed to Munday merchants some time next week.

Members of the committee which has worked out the plan are C. R. Elliott, president, and Mrs. Louise Ingram, secretary of the Munday Chamber of Commerce; Gene Harrell, Raymond Stapp, Travis Jones, Dick Atkeison, Leland Hannah and Pitzer Baker.

This "Buy It In Munday" campaign is expected to do a great deal toward bringing larger crowds to Munday and to stimulate business during the fall months.

Reception To Be Given Teachers Next Tuesday

Mrs. W. L. Barber, president of the Munday Parent-Teachers Association, announced Wednesday that a reception will be given for teachers in the Munday schools next Tuesday evening. The reception will be held in the school gymnasium, beginning at eight o'clock.

A short musical program will be rendered, after which parents and school patrons will visit with the teachers. The P.T.A. is sponsoring this event so school patrons may meet the new teachers who are employed in the school, and visit with those who have returned to Munday to instruct their children. All parents are cordially invited to attend the reception.

Fountain Installed At City Drug Store

R. B. Davy's premises at the City Drug Store has been pretty well torn up for the past few days, but at press time Thursday the store was beginning to look different.

The cause of this torn up situation was the installation of a soda fountain at the store. The store is now prepared to serve fountain drinks, and Mr. Davy and his helpers invited the patronage of Knox county people.

Installation of the new fountain adds to the attractiveness of the store.

Foshee Child Gets Arm Broken Sept. 3

R. E. Foshee, Jr., small son of Mr. and Mrs. R. B. Foshee of Munday, broke his left arm at the elbow while playing on Wednesday of last week. This makes the second time the child has broken an arm within a year. He broke his right arm on September 12, 1941.

The broken member was set at the Knox City hospital, and the boy is reported to be doing nicely.

EDITORIAL PAGE

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

WHERE CREDIT IS DUE

Recent criticism in Washington of the "failure" of America's defense program raises the question of responsibility for any negligence that may exist. If the criticism is true, it is time to bring the facts into the open.

But what are the facts? When the defense program was first undertaken, Washington indicated that "business as usual" was to remain the order of the day; defense production was to be piled on top of the existing production load. Appropriations were made for the manufacture of defense equipment, but compared to today's total appropriations, the amounts were relatively small. These figures were later increased, but with each increase, new production problems had to be solved, new factories planned and built, new machine tools manufactured.

When a man changes his mind too often, of course he loses time. It is unfortunate that the large estimates from Washington were so late. Had they been earlier, America would have had many more of its needed weapons than it has today.

As it is, only slightly more than half of the \$45,939,000,000 that had been appropriated for defense by June 30 this year has been let out in contracts, and a disproportionately large amount of these were let just before the end of the fiscal year, June 30. If critics are seeking a primary cause of production delay, there it is. The fault is not industry's. Figures show that manufacturers are running on schedule and sometimes ahead of schedule on orders that have been placed. Told what to produce, industry has produced in record time. Its past performance on defense production suggests that it has not been negligent of its patriotic responsibility.

THE RIGHT TO SPEAK

The recent report from Washington that censorship legislation for newspapers, radio, motion pictures and all other forms of communication in and out of the United States was about to be introduced in Congress brought a prompt denial of any such plans from President Roosevelt. In spite of that, however, the new association that circulated the original story insists that it is true. Americans who value their liberty can only hope that it is not.

Freedom of the press has always been one of the fundamental freedoms of our democracy. Today we are arming to defend those freedoms—all of them. Our eyes are fixed outside our country for signs of aggression against us. But aggression does not always come from abroad. It may be well from time to time to turn back our gaze and search America for signs of internal attack upon traditional liberties.

In the dictator countries, freedom of the press was one of the first freedoms to fall before the axe of government decree. Take away a man's right to say what he honestly thinks, and you set the stage for a nation of puppets, all dancing to the vicious music of subtle propaganda. It has happened in other nations. We dare not let it happen here.

NO PROFITEERING

In spite of the fact that business in many industries is booming and production climbs steadily to new peaks, industry is not getting rich from the billions of dollars that are being turned into weapons.

Such is the conclusion that must be drawn from a recent survey of initial defense contracts placed by the Army and Navy. According to it, many companies are receiving a smaller return on Government contracts than they ordinarily receive on private ones. The average return on material orders was found to be less than 4 per cent, while fees on construction projects averaged 3.2 per cent. In specific cases the profit margin was even lower.

Facts like these indicate that if anyone attempts to drag out that battered boogey-man spectre of "war millionaires" today, he will be talking about the little man who wasn't there. The truth is that industry has rallied wholeheartedly to the defense of America. It is concerned with just one job—making munitions, not millionaires.

New industrial plants and expansions to existing ones authorized since the beginning of the defense program number 2,082, government statisticians estimate, and their cost will aggregate \$3,549,770,000.01

It is estimated that government purchases of office machines this year will approximate \$100,000,000, or one-third of all office machine sales. Directly or indirectly, defense may account for three-fourths of this year's estimated \$300,000,000 office machine sales. Previous to the start of the defense program, Government purchases took about one-sixth of the industry's output.

President Samuel Harden Church of Carnegie Institute, now 83, has returned his decoration as an officer of the Legion of Honor to Marshal Pétain, head of the French Vichy regime, to whom he wrote, "Under your recreant government, it has lost its value."

THE STORY OF TEXAS OIL

Old Spindletop, that oil gusher that roared in on a low hill south of Beaumont 40 years ago, will have a monument dedicated to her next month, when the Texas Mid-Continent Oil and Gas Association holds its annual convention in Beaumont.

The discovery at Spindletop started a new industry in Texas which has grown until Texas now has the reputation of being the nation's leading oil state. Starting with a handful of Texans, the oil and gas industry now supports almost one million people, and the good effects of this ever-growing industry is felt in every nook and corner of our great state.

The story of oil will be inscribed in Texas granite, in this monument to Old Spindletop. This is more than a monument to Texas Petroleum. It is a tribute to Texas enterprise and initiative which in 40 years have built a great industry in our state—an industry in which all Texans share.

PRIVATE ENTERPRISE KEEPS US STRONG

Mainstays of the American economic system are the natural resource industries. These industries keep our normal life functioning, and, in such discordant times as the present, are making the creation of an impregnable military defense possible.

Two of those industries deserve special mention now. Coal, as everyone knows, is absolutely essential to the country. It runs our railroads, is the basic fuel used to generate the greater part of our electricity, and is the prime source of energy for a long list of other important industries. The coal industry has experienced operating deficits year after year. It has had to meet extremely difficult tax, legislative and labor problems. Yet, it is today showing the finest kind of spirit in filling our abnormal current needs. It is doing everything in its power to prevent a coal shortage from occurring in this country.

The oil industry in the United States is another outstanding example of public service. Its output is well over 60 per cent of that of the entire world. And it should be clearly understood that there is no oil shortage in this country. The fact that gasoline rationing may be imposed in some areas, is the result of the transfer of some tankers to the Allies, thus curtailing our distributing facilities. This country has an abundance of oil and engine fuels, of all qualities, types and categories.

These are examples of how the private enterprise system meets the gravest national emergencies. That system has made us great. Today it is keeping us strong.

SOLDIERS OF PRODUCTION

National defense, like charity, begins at home. The man at the lathe is as important in the defense of Freedom and Democracy as the man at the gun.

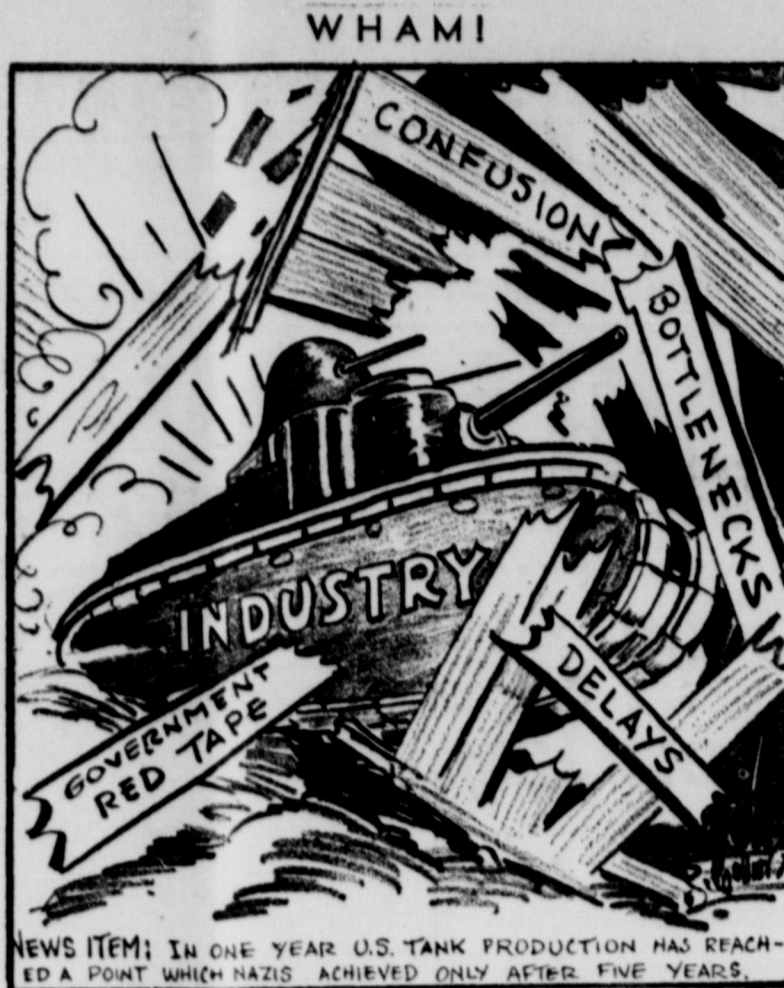

Let us honor the men who go to training camps to become Uncle Sam's armed forces. But let us not forget the men at home who do their daily jobs and thereby also serve their country.

It has been found that it takes 18 workers behind the lines to provide the supplies and equipment for 1 man in a modern mechanized army. This fact focuses attention on the importance of the industrial plants scattered over the length and breadth of this great country.

In the past these plants have operated quietly and often without much notice from the public, while they have produced the goods which have given America the highest standard of living ever recorded in the history of mankind. Now, many of the same plants, operated by local management and labor, are quietly, but dramatically, turning out the weapons of defense to preserve our civilization.

In the plant whose whistle you hear every morning are workers who may be called soldiers of production in this gigantic defense job. The officers of this army are the management. Day and night they are fighting the battle for Democracy and Freedom. Only they—industry—can produce a gun or a bullet to fire from it, an airplane or a bomb to drop from it. Truly arsenal does mean, as the dictionary says, "house of industry."

Industry gave us this civilization where we enjoy blessings unknown elsewhere. Now it is producing the sinews of defense to preserve it.

Gems Of Thought

BROTHERHOOD

Of a truth, men are mystically united. A mysterious bond of this brotherhood makes all men one.—Carlyle.

Down in their hearth, wise men know this truth: the only way to help yourself is to help others.—Elbert Hubbard.

Love for mankind is the elevator of the human race; it demonstrates Truth and reflects Divine Love.—Mary Baker Eddy.

Let brotherly love continue.—Hebrews 13:1.

I do not hunger for a well-stored mind.

I only wish to live my life and find My heart in unison with all mankind.—Edmund Gosse

FARMERS BEGIN MAKING WHEAT LOANS

College Station.—Taking advantage of the higher loan rates made possible by recent legislation, Texas wheat farmers have received \$6,635,821 in loans, P. C. Colgin, commodity loan specialist of the state AAA, has announced.

To secure 10,772 regular warehouse and 912 Federal Crop Insurance loans, 6,894,224 bushels of wheat were used as collateral, Colgin said. Only four "excess" loans have been made on 1,095 bushels.

The small number of farm storage loans, confined to the north and northwest area of the state, is attributed to lateness of the 1941 harvest and the fact that grain must remain on the farm 30 days prior to being used as loan collateral, Colgin said in pointing out that only 10 had been made to date. The number is expected to increase rapidly during the next few weeks, he continued.

Wheat loans will be taken until December 31, 1941 and will mature on demand or April 30, 1942. The notes bear 3 per cent interest.

Regular loans are made to co-operators who plant within farm wheat allotments. "FCI" loans are made on certificates of indemnity issued by the Federal Crop Insurance Corporation. Loans on "excess" wheat are made at 60 per cent of the loan rate made to co-operators, the AAA official said. Loans are available on "excess" wheat and the total amount produced by co-operators, but only warehouse loans may be made on certificates of indemnity.

According to AAA regulations, separate loans are being made and identified respectively as "regular," "excess" and "FCI" loans. Regular loans are made either with the Commodity Credit Corporation directly or through agencies approved by the Corporation, while "excess" and "FCI" loans must be made with the Corporation, he explained.

Foreman Nix of Dallas, who travels for the Bull-Stewart Equipment Co., spent the week end here visiting his father, M. G. Nix, and with other relatives and friends.

Mr. and Mrs. Buddy Bumpas left last Monday for College Station to take Billy Mitchell, who is enrolling in A. and M. College for the school year.

Mr. and Mrs. D. Hassan of Stamford and Mr. and Mrs. S. Hassan of Haskell visited in the homes of Mr. and Mrs. Jimmie Silman and Mr. and Mrs. Sied Waheed last Sunday.

THEY SAY!

A short time ago in the beautiful, historic town of French Fountains, squads of workmen went to work on a wrecking job. That job involved the tearing down of two huge statues. One statue was of a great Frenchman who had fought for democracy.—Marshal Lafayette. The other was of a very great American who led a victorious democratic army.—General John J. Pershing.

There is a tragic symbolism in this, for it indicates how completely France has deserted the democratic way of life, and embraced the doctrines of the total state as laid down and enforced by Hitler.

It is generally felt that the great bulk of the French people hate Hitler and pray for Allied victory. But so long as the present Vichy government exists, there seems no other course than to regard modern France as an ally of Germany. The hope that General Weygand would eventually refuse to use his great African army to help the Germans is, in the view of most experts, futile. The recent appointment of Admiral Darlan as head of French defense shows the way the wind blows. Darlan is anti-democratic and pro-Nazi. It will not come as any great surprise if the French Fleet is in time placed at Hitler's disposal.—The Industrial News-Review.

Mr. and Mrs. J. H. Bilbrey of Goree and Mr. and Mrs. M. L. Barnard spent last Sunday with relatives in Hobbs, New Mexico. Mr. and Mrs. Bilbrey remained for a longer visit.

Miss Colleen McCarty left Wednesday for Lubbock to enroll in Texas Tech for the coming school year. Her mother, Mrs. W. W. McCarty, took her to Lubbock.

Rev. and Mrs. Luther Kirk and family returned home last Friday night from a few days vacation, during which time they visited points in New Mexico, Colorado and Old Mexico.

Mrs. Erin McGraw left last Monday for Weatherford, Texas, to take her daughter, Evelyn, who enrolled in the Weatherford Junior College for the school year.

BRIEF ITEMS

... IN OUR EXCHANGES

T. R. Wilson has a curious clock at his home. He says that the clock has been stored in a dresser drawer for several years and has not been in use. Yet, it strikes occasionally. Sunday night the clock struck five times and it worries Mr. Wilson because it acts like it does. Maybe the clock has just been doing like a lot of people are doing, striking.—Honey Grove Signal-Citizen.

Japan is veering away from Hitler, and with good reason. Japan is weak in the air, and her cities are the most vulnerable in the world. In addition, the war in China has cut down greatly Japan's manpower.—The Quannah Tribune-Chief.

The trouble with bankers has always been that they will never loan money to anybody who needs it. The fellow with lots of money and plenty of collateral, and who can pay back the loan next week, this kind of fellow has been eligible for borrowings.—Baylor County Banner.

Before the flood the earth was corrupt before God, and the earth was filled with violence, and God said, Behold I will destroy them with the earth. The flood followed with its destruction. It looks like the earth is corrupt today, and that the earth is full of violence. On account of the corruption and violence in the earth at the present time, we are awaiting another destruction. How far off we do not know.—Rochester Reporter.

A lot is being said about price control but not much is being done about it. Everyone sees the needs of price control but doesn't know how to get the job done. Price control should be turned over to a competent group to be studied that in so far as possible undue inflation shall not occur. Inflation is even more destructive than a depression.—Foard County News.

The town is still in the dumps. Why? Don't ask me! 'Tis a funny thing though. For any worthwhile cause, this bunch of men are generous to the extreme. But ask a man for ten minutes of his valuable time to work on a committee or something and it is no sale. And at the same time he will bull you for an hour telling why he can't do it.—Briscoe County News.

Tax Savings Plan

To make it easier for taxpayers to meet the increased taxes required by the National Defense Program, the Treasury Department is offering for sale two series of notes, both dated August 1, 1941, and maturing August 1, 1943. This is known as the Tax Savings Plan, and notes are available at this bank in the following denominations:

SERIES A: \$25, \$50 and \$100 each (Amount acceptable in payment of income taxes limited to \$1,200 in any one tax year.)

SERIES B: \$100, \$500, \$1,000 \$10,000 and \$100,000 each (Amount acceptable in payment of income taxes limited only by the amount of taxes due.)

Tax Savings Notes bear interest provided they are used to pay income taxes. See this bank for details.

that the Roosevelt administration must do something about increasing taxes on many fronts, it is consoling to many taxpayers to learn that present increases—in the form of new bills—are still in the committee stages. Greatly increased taxes will, naturally, have to be gradually levied along almost every line to meet the needs of the federal government, but the citizens in all walks of life want as long a breathing spell as possible first. The real need of more taxes will not be felt until the spring of 1942, when current appropriations for key government agencies begin to run low.—The Scurry County Times.

We feel sorry for the hundred Americans now in Japan, who have been refused permission to leave. The Japs consider every foreigner a spy and their spy mania makes it dangerous for a white man to move about. Any time he blows his nose, he is supposed to be signalling to President Roosevelt.—Quannah Tribune Chief.

I GIVE YOU TEXAS
By Boyce House

Fleeing from the most severe blizzard that Minnesota had known in years, Sam Buron, highly successful young St. Paul business man, came to Fort Worth last February. When he saw the magnificent Will Rogers Memorial Coliseum, he exclaimed, "What a beautiful building!" And when he looked inside, he added, "And what

MUNDAY, TEXAS

a place for an ice hockey rink!" And there you have the story of how Texas is to have a new sport this coming winter, ice hockey, said to be the fastest game known. For Buron took a ten-year lease on the Coliseum and is spending thousands of dollars to install the machinery for an ice rink—60,000 feet or almost 12 miles of pipe, and other equipment in proportion.

The story of Sam Buron's career to date—he's only 31—is a Horatio Alger success story. Born in St. Paul, he sold papers on the street after school; then worked his way through high school by getting up at 3:30 a.m. to carry a newspaper route. When he married at 21, he was a grain accountant at a salary of \$90 a month and at night after work he built a home with his own hands. Then he started to build a four-family flat and before he knew it almost, he was in the construction business. And, of course, if you're going to build, it's nice to have a lumber yard, so he acquired one. Then he went into the storage and warehouse business, too, and not long ago he became the owner of the South St. Paul Terminal warehouse buildings, which have even more floor space than the huge Will Rogers Memorial Coliseum.

And with all those business activities, Sam Buron has the time for civic work too. He is the major factor behind the unique Hook "Em Cows, a fun organization of the men of the South St. Paul stockyards, which has a uniformed drum and bugle corps and a troop of 40 horsemen, both units being much in evidence in all parades. Then Buron had charge of the banquet that was given honoring Governor Stassen when the Minnesota chief executive was acclaimed the outstanding young man of the nation. And only a week or so ago, Buron retired as president of the Minnesota Junior Chamber of Commerce.

He has a ready smile, a pleasant voice, a hearty laugh, tells a story well, is in demand as a speaker and has moved to Texas. That he is a real Southwesterner already is shown by the fact that he says, "You all." And that's Sam Buron, who is going to give the Lone Star State a new and exciting sport, ice hockey.

Here and there: Sign in a crossroads store, "If you must spit, be original; spit on the ceiling." Menu writers are "going Hollywood," as witness: "Prawns with crisp croustons swimming in piquant penguin sauce." General Pinky Francis, one of the best storytellers in the capitol city, makes this comment when someone relates an especially ancient joke, "Columbus told that one to the Indians."

If you do go to Mexico, and if you go by automobile (as this columnist suggests) when you arrive in Mexico City, put the car in the garage and leave it there. The very many one-way streets and the extra swift current of traffic are likely to prove bewildering and although you probably won't have a collision, you will not enjoy driving in the business district. Taxicabs are innumerable and

How to become A SKILLED DRIVER

By RAY W. SHERMAN
Courtesy of the FORD GOOD DRIVERS LEAGUE

BRAKES vs. HORN

If all cars stopped IN TIME, there would be no accidents. It is highly important that you learn not to "outdrive" your eyes. You must be able to stop in the assured clear distance ahead. If you can see ahead only 20 feet—and no more—you must be able to stop in that 20 feet. Stopping is important, but what is even more important is being READY to stop. Know what your brakes can do. They vary. Whenever you get into a strange car, test the brakes first. Some drivers, instead of preparing to stop in time, just blow the horn and hope for good luck. When two such drivers approach a corner, there's bound to be a mess. The skilled driver, when he KNOWS he must stop, STARTS HIS STOPPING EARLY.

the fare is very low. All you have to do is look as though you want a cab and one will pull up to the curb, but if not, then when you spot a car approaching with a sign, "Libre," signal to the driver. Most of the taxis are new cars and some are of the higher price makes too. For a short trip, six or eight or ten blocks, the charge is only one peso (about 20 cents) and three persons pay no more than one. Longer trips are in proportion. How a man can drive a fine car, buy gasoline and make enough at such a rate to pay for the auto and his own living expenses—well, you figure it out.

Conversational English in one easy lesson. The first hundred years are the hardest.

Is it hot enough for you? Don't take any wooden nickels. Don't do anything I wouldn't do. Okey Doke. I just consider the source. So what? Oh yeah? You and what army?

Mr. and Mrs. Carl Jungman and little daughter, Ida Jo, were visitors in Dallas over the week end.

Cecil Bookout of Haskell was a business visitor here Tuesday morning.

Mr. and Mrs. Bob Couch of Pampa were here over the week end visiting Mrs. Couch's mother, Mrs. Ora Collins of Munday; Mr. Couch's parents, Mr. and Mrs. W. R. Couch of Goree, and with other relatives and friends.

EAT WELL AND SAVE FUEL

Saving fuel . . . not merely from the standpoint of its cost . . . but from a standpoint of national defense economy, is a fact many of us may have to face. So it's just as well to have a few ideas up our sleeves for all-round good meals that are also fuel-saving meals. Certainly we don't want to eat cold meals in midwinter. So, if it's oil or gas or electricity that we're saving, one of our best solutions is the oven dinner. With coal or wood fuel we don't save anything, of course by cooking food entirely on top of the stove or entirely in the oven. But whether an oven meal represents a saving in fuel for you or not you'll find the following dinner a happy adventure in eating.

Cottage Casserole
Fresh from the Garden Salad
Hot Rolls or Biscuits
French Dressing
Grape Pie
Coffee

COTTAGE CASSEROLE
6 veal cutlets (from 1 1/2 lb. veal steak)
2 cups tiny new onions
2 cups small young carrots (left whole if not too large, other wise, cut in strips)
6 medium-sized new potatoes
1/2 lb. fresh mushrooms (or 1 cup canned mushrooms), if desired

Roll veal cutlets in 2 tsp. of the flour mixed with 1/2 tsp. salt. Melt 2 tsp. of the butter and 2 tsp. shortening or drippings in frying pan. Add floured meat and brown well. Remove cutlets from frying pan and place in buttered baking dish . . . (12 by 7 1/2 inches across the top and 2 inches deep).

Add 2 tsp. more butter and remaining 4 tsp. flour to fat in pan. Stir well until brown.

Stir in 2 cups meat stock (or other liquid) gradually and cook to consistency of a smooth gravy, stirring constantly. Season with the remaining salt, pepper, paprika and cayenne. Cook onions, carrots and potatoes in boiling water (to cover) for 5 minutes. Drain and place in baking dish around the cutlets. Pour gravy over the vegetables and around the meat. Cover and bake 1 1/2 hours in a moderate oven. 350° F. This makes 6 servings.

Fifteen Minutes Before Removing From Oven
Fifteen minutes before dish is done, remove from oven and add the mushrooms which have been sauteed in the remaining 1 tsp. butter

GRAPE PIE
Pastry for one 8-inch 2 crust pie
4 cups Concord grapes
1 cup sugar
3 tbs. flour
1 tsp. lemon juice
1 tsp. butter

Remove skins from grapes. Put pulp in saucepan without water and bring to a boil. When hot, put through a strainer to remove seeds. Combine the strained pulp with the skins. Mix sugar and flour together, and stir into the grapes. Blend in the lemon juice. Put into pastry-lined pie pan and dot with butter. Cover with top crust and bake 40 minutes having the oven at 450° F.,—hot for first 10 minutes, then reducing the heat to 350° F., moderate oven to finish baking.

News From Goree

Mr. and Mrs. Charles Johnston recently had as their guests Mr. and Mrs. L. T. Cunningham and son Burton of Comanche, and Mr. and Mrs. M. H. Martin of Salesville. Mr. Cunningham and Mrs. Martin are Mrs. Johnston's brother and sister.

Mrs. Cherry Moore, who has been a patient in the Haskell county hospital, was able to be brought home Saturday. The little daughter, who weighs only 3 pounds 11 ounces, will remain in the hospital for some time for special care.

Mr. and Mrs. O. M. Ferrier of Abilene visited in the home of Mr. and Mrs. J. W. Fowler for a short time Sunday evening.

Mrs. Jim Goode has been undergoing special eye treatment at Wichita Falls for several weeks.

There was a family gathering at the W. W. Coffman home recently. Those present were: Mr. and Mrs. Lee Coffman of Benjamin, Mr. and Mrs. S. F. Farmer, Cordie Knight, Seymour, Lillian Earnest, Seymour, Mr. and Mrs. John Coffman, Mr. and Mrs. Elbridge Coffman. Lee Coffman and others went to Lake Kemp and brought back more than enough fish for all.

Rev. Baker of Plainview, and son-in-law Lewis Marshall of Amarillo, were Goree visitors last week in the home of Mr. and Mrs. E. W. Norris. A party went to Lake Kemp for an outing and fishing trip. Daddy Norris said they caught all the fish they brought back.

Mary Adelaide Barton of Amarillo visited her parents, Mr. and Mrs. Cecil Barton, recently.

Mr. and Mrs. W. E. Waters of San Antonio are visiting Mrs. Waters' parents, Mr. and Mrs. E. W. Hutchens. Mrs. Waters was called back to San Antonio, as he is the agent of the roofers union of that city.

Mr. and Mrs. Clyde Patton were business visitors in Wichita Saturday.

Mrs. Jack Bilderback and son Jackie have returned to her home at Holliday after a several days visit in the home of her parents, Mr. and Mrs. Will Parmley.

Mr. and Mrs. F. W. Butler and Mrs. Ina Ruth Cribbs were visitors in the Cribbs home last week. Mr. and Mrs. Butler are Mrs. Cribbs' parents. Other guests in the Cribbs home were Mr. and Mrs. Wylie Saunders of Wichita Falls, Mr. and Mrs. Tandy Jackson of K.M.A.

Mr. and Mrs. J. Baker of Mineral Wells visited Mr. Baker's parents, Mr. and Mrs. Tom Baker, over the week end.

Mr. and Mrs. Charles Johnson of Houston are visiting Mrs. Johnson's parents, Mr. and Mrs. G. W. Moore. Mrs. Ozro Park of Seymour, Mrs. Eva Park of San Angelo and Mrs. Jim Richeson visited in the home of Mr. and Mrs. Harper Cooksey the past week.

Miss Emma Shaw who passed away recently in the Hefner community, was one of the few remaining people who retained title to the land she filed on more than 40 years ago. Miss Emma went to Forgan, Oklahoma, along with her

a sister of Mrs. Bruton, spent some time in the Bruton home, but has returned home.

Munday Takes Initial Game Of County Playoff

Munday's softball team won the first game of the three-game playoff last Sunday by a close score of 5 to 4. It was an exciting game, with both sides playing a good brand of ball. Most of the Munday players got hits.

It looked pretty bad for Munday until the last of the seventh. The Rhineland club had the locals down, 4 to 2. Strickland came up and got a double; J. King struck out, and Carver got a single. Nichols went out on an infield ball, making it two on and two out. Cude, pinch hitter for Burton, came through with a Texas leaguer for a single to drive in two runs and tie the ball game, 4 to 4. Reid singled, and Rayburn got on by an error to load the bases, but Smith made a nice catch on a line drive by Hobert to retire the side.

In the eighth the first two Munday players up struck out, but Strickland came up again and with the count 3 and 1 against him, hit a home run to put Munday out in front. Munday got the Rhineland lads out in the ninth—one, two, three—to win the game.

Munday's lads will be out again Sunday, trying to beat Rhineland. The Rhineland boys have a nice ball club and are hard to beat. They play a good brand of ball, and each club will be in there trying. Next Sunday will be the second game of the 3-game playoff.

Forecast For Cotton Lower

Government Forecast 10,710,000 Bales

The U.S. Department of Agriculture last Monday forecast this year's cotton crop at 10,710,000 bales, based on September 1 conditions, compared with 10,817,000 bales forecast a month ago, 12,566,000 bales produced last year and an average of 13,566,000 bales in the ten years, 1930-39.

The condition of the crop on Sept. 1 was 65 per cent of a normal, indicating a yield of 226.8 pounds to the acre, compared with a condition of 72 per cent a month ago and an indicated yield then of 224.4 pounds. The condition was 74 per cent of a normal a year ago and the final yield, 252.5 pounds, while the 1930-39 10-year Sept. 1 average condition was 63 per cent and the average yield 205.4 pounds.

The census bureau reported that 504,125 running bales, excluding linters and counting round as half bales, of cotton of this year's growth had been ginned to Sept. 1, compared with 605,764 bales a year ago, and 1,401,691 bales two years ago.

Misses Maxine Eiland and Wilma June Burnison left this week for Lubok where they enrolled in Texas Tech for the ensuing school year.

Mr. and Mrs. D. C. Donough of Dallas visited in the home of Mr. and Mrs. U. S. Rogers over the week end.

Miss Maxie Dingus of Fort Worth is here this week for a visit with her parents, Mr. and Mrs. G. W. Dingus, and with other relatives and friends.

Forty years ago an oil gusher roared in on a low hill south of Beaumont to open a new industrial era for Texas.

That discovery at Spindletop started our modern Texas petroleum industry and made Texas the nation's leading oil state.

In the forty years since Spindletop blew in, nearly 200,000 wells have been drilled throughout Texas. Over 500 separate fields are now producing in all parts of the State. Today Texas supplies over one-third of the Nation's oil and has over half of its petroleum reserves.

Our industry, by refining almost all of this oil in Texas, has created our largest manufacturing enterprise. By furnishing cheap fuel it has laid the foundation for many other Texas industries.

From a handful of Texans forty years ago, this industry has grown until now, directly or indirectly, it supports almost one million of our people. Its expenditures reach into every section of the State and benefit every Texan.

The discovery of America's first gusher oil field at Spindletop has turned out to be one of the most important events in the history of our state.

Today all of Texas salutes Spindletop!

On October 9, 10 and 11, during its annual convention at Beaumont, the Texas-Mid-Continent Oil & Gas Association will dedicate a monument to Spindletop.

Inscribed in ageless Texas granite will be the story of oil.

This is more than a monument to petroleum. It is a tribute to Texas enterprise and initiative which in forty years have built a great industry in our State—an industry in which you and every other Texan share.

THE RECORD Facts That Concern You No. 30 of a Series

A BAD ONE DOES TURN UP ONCE IN A WHILE!

Good weather and a bumper crop! Even then one finds a poor stalk once in a while.

The retailing of beer is something like that. Most beer retailers operate respectable law-abiding establishments. Occasionally one finds an exception—a man who tries to beat the law or who permits anti-social conditions.

The beer industry wants this type of undesirable retailer stamped out. Your cooperation will help us in our clean-up efforts.

The beer industry brings important benefits to the community. Here in Texas, beer provides employment for 31,165 persons, supports an annual payroll of \$22,076,182 and contributed \$2,273,968.64 last year in state taxes.

Texas, too, has an important stake in the beer industry's purchases—for materials, equipment, and services—from over 100 other industries.

You can help us protect these benefits in two ways. First—patronize only the reputable places where beer is sold. Second—report to the proper authorities any law violation you may observe.

BEER...a beverage of moderation

Lowrance Family Reunion is Held Here Recently

Mr. and Mrs. J. F. Lowrance had all their children at home recently for a family reunion. This was the first time they had all been together for four years.

Those present from out of town were: Mr. and Mrs. W. F. Prater and sons, Leo, Bobby, Alfred, Jerry and Charles; Mr. and Mrs. C. B. Reid and daughter, Norma Jean of Lamesa; Mr. and Mrs. J. W. Malone and son, Joe of O'Brien; Mr. and Mrs. D. R. Love, Pampa; Mr. and Mrs. J. F. Lowrance Jr., and children, Johnnie, Doyle and Glenda Jean, of Goree.

All returned to their homes expressing their happiness at having been together again.

OUR NEW Crystal and colored glass balls give sparkling beauty to your flower arrangements. Five attractive colors. The Gift Shop, over First National Bank. 1tc

Gaynell Phillips, Hunley Carpenter Wed in Phoenix

Miss Gaynell Phillips, daughter of Mr. and Mrs. Otis Phillips who formerly lived at Munday, was married to Mr. Hunley Carpenter of Phoenix, Ariz., in a wedding ceremony performed at the home of Rev. George B. Kendall of the East Side Baptist Church of Phoenix on Friday, September 5.

The bride's parents were the only attendants. The couple will make their home either at Phoenix or Morenci, Ariz.

Sewing Club Meets Wednesday With Mrs. Bowden

Members of the Mystic Weavers Sewing Club were entertained in the home of Mrs. R. B. Bowden on Wednesday afternoon of last week.

After spending the afternoon at needlework, a dessert plate was served to the following:

Mmes. Riley B. Harrell, Chester Borden, Wallace Reid, Deaton Green, H. B. Douglas, Chester Bowden, Chan Hughes, and the hostess, members, and Mrs. L. M. Palmer, a guest.

Wesleyan Service Guild Has Social Meeting Sept. 1st

The Wesleyan Service Guild met in the home of Miss Merle Dingus on Monday night, September 1st, with Mrs. Oscar Spann as assistant hostess. The business meeting was opened by the president, Mrs. Ruth King.

The program included the devotion by Mrs. M. F. Billingsley, scripture by Ruth King, songs: "My Faith Looks Up To Thee" and "Rock of Ages"; a poem, "Weavers in the Park," by Mrs. Oscar Spann; a Bible story by Ruth Baker, benediction.

Members present were Mmes. M. F. Billingsley, Aaron Edgar, Ruth King, Joel Massey, O. H. Spann, G. W. Dingus, and Misses Ruth Baker and Merle Dingus.

New Deal Club Is Entertained By Mrs. Wade Mahan

Members of the New Deal Club were entertained with a breakfast on Wednesday morning of last week in the home of Mrs. Wade Mahan.

After the breakfast several games of bridge were enjoyed with high score being held by Mrs. Carl Jungman.

Present were Mmes. Jungman, W. M. Huskinson, Sebern Jones, Fred Broach, Jr., Gene Harrell, Agnes Mayes, T. L. Stall of Abilene, and the hostess.

The Knew Klub Meets Monday Night In Williams Home

Mr. and Mrs. Rupert Williams entertained members of the Knew Klub in the home last Monday night. High score was held by Mr. and Mrs. Carl Jungman.

A refreshment plate was served to Mr. and Mrs. D. E. Holder, Jr., Mr. and Mrs. Fred Broach, Jr., Mr. and Mrs. L. M. Palmer, Mr. and Mrs. Paul Pendleton, Mr. and Mrs. Carl Jungman and the host and hostess.

Mr. and Mrs. Aubrey Patton of Pampa visited with Mr. and Mrs. Chas. McAfee several days last week.

People, Spots In The News

PARATROOP HELMET—Army's pigskin hustlers sport new parachute helmets for coming grid season as they go through paces at West Post. Helmets are same as those designed for U. S. Army's Paratroops.

MAJOR ITEM—Pretty Alice Murphy was selected majorette for the drum and bugle corps of Shenley American Legion Post of New York, sponsors of the huge "Pan American Night" festival during the Legion's national convention in Milwaukee. She'll be on hand at the majorettes' exhibition preceding the show.

CUSTOM JOB—Barney Worth, Bristol, England, 588-pounds and Britain's heaviest "two-wheel human tank" is fitted out with custom built gas mask. Thus ending a grave British war problem.

MOLAR QUEEN—Brenda Joyce, pretty screen star, who has been credited with having most attractive and photogenic teeth in Hollywood, is shown here exhibiting prize molars to Dr. Guy Van Buskirk, president Southern California State Dental Association.

Fenter Reunion Is Held Sunday At Jacksboro

Mr. and Mrs. E. J. Brazzell, Mr. and Mrs. Clifton Vaughn and daughter, Glenda, Mrs. Frank Garrett and daughter, Brenda, and Mrs. Eula Stubbs went to Jacksboro last Sunday, where they visited with approximately 100 relatives who were attending the Fenter reunion.

The Fenters are Mrs. Brazzell's people. A brother whom she had not seen in 25 years and who lives in Wichita, Kansas, was present. Everyone had a very nice time and plenty to eat.

Deputy State Superintendent To Pass on State Aid

Deputy State Superintendent Jim Jernigan of Childress will be in Benjamin one day next week to pass on applications which Knox county schools have made for state aid.

County Supt. Meric McGaughey stated Jernigan would check all applications for state aid before they are sent to the state department of education at Austin. He urged all schools that have not yet turned in their applications to do by the end of this week.

County Tax Assessor-Collector E. B. Sams of Benjamin was a business visitor here Tuesday.

Jack Seagraves of Wichita Falls, industrial engineer for the Community Natural Gas Co., was a business visitor here Wednesday.

J. P. Groves, airplane mechanic and son of Mr. and Mrs. Dan Groves, has been transferred from Randolph Field, Texas, to the 75th air base in Victoria, Texas, according to word received here this week.

Mrs. D. C. Eiland was a visitor in Wichita Falls last Tuesday.

Margaret Tiner, Bride-Elect, Is Honored at Shower

Miss Margaret Tiner, bride elect of James R. Dyke of Walters, Okla., was the inspiration for a miscellaneous shower Thursday afternoon, Sept. 4, in the home of Mrs. M. H. Reeves. Hostesses for the afternoon were Mmes. M. H. Reeves, Riley B. Harrell, Louise Ingram, P. V. Williams, H. F. Barnes, J. R. Burnison, Dorse Rogers and Travis Martin of Seymour. An all white bridal theme was emphasized in decorations.

Through the reception rooms, white asters were predominant flowers, and a lace covered table in the dining room was centered with a bowl of white asters and feverfew. Mrs. Travis Martin greeted guests at the door and presented them to Mrs. M. H. Reeves, Miss Tiner, Mrs. W. V. Tiner, the mother of the bride elect, and Mrs. Glenna Dyke, mother of the groom to be.

Mrs. J. R. Burnison secured signatures for the guest book, Jean Williams, pianist, furnished the music for the lovely occasion. Mrs. Louise Ingram and Mrs. Dorse Rogers alternated pouring punch and Mmes. P. V. Williams, H. F. Barnes and Riley B. Harrell shared duties in refreshment service and the display of gifts. Dainty wafers open-faced sandwiches and mints were served with the punch.

Calling between the hours of 3:30 and 5:30 were the following guests: Mmes. Louise Ingram, Marvin Reeves, H. F. Barnes, R. B. Harrell, Jerry Rogers, J. R. Burnison, P. V. Williams, W. E. Braly, J. A. Wiggins, B. L. Blacklock, C. P. Baker, Ruth King, Dick Atkinson, J. J. Keel, U. S. Rogers, H. A. Pendleton, W. R. Moore, J. C. Borden, W. P. Farrington, Hal Fairman, Arthur Smith, J. R. Smith, Agnes Mayes, Wade Mahan J. C. Harpham,

A. A. Smith, Effie Alexander, M. F. Billingsley, Doss Holder, S. E. McStay, E. W. Harrell, John Ed Jones, C. R. Elliott, J. C. Campbell, Fred Broach, Sr., T. G. Benze, Buel Bowden, Tom Haney, D. T. Alduin and Erna Mae Lee of Wichita Falls, W. M. Taylor of Goree, Ed Fouts and Francis, of Haskell, Plummer Edwards, Travis Martin of Seymour, Glenna Dyke of Walters, Okla., Curtis Coates, Lee Burnison, J. O. Bowden, W. E. Reynolds, W. R. Mitchell, Clara Bumpas, Sied Waheed, L. M. Palmer, Joe Massey, L. Kimsey, Grady Roberts, Aaron Edgar, Carl Jungman, Deaton Green, George Isbell, Aubry Smith, L. Hannah, D. Ballard, G. R. Eiland, Mayo, Paul Pendleton, Don Ferris, A. U. Hathaway, Edgar Jones, John Rice, Chas. Mayes, Erin McGraw, Jim Reeves, H. Douglas, Rupert Williams, and A. V. Kemptz.

Misses Maud and Fannie Isbell, Jean Williams, Elizabeth Mounce Ann and Dixie Atkinson, Merle Dingus, Christine Burton, Leola Keel, Virginia Smith, Virginia E. Stevenson, Dooty Yarbrough of Wichita Falls, Nell Nix, Gail Reynolds, Bessie Hunter, Dorothy L. Campbell, Dolores Campbell, Dorothy Crawford, Maxine Eiland, and Wilma June Burnison.

Mrs. Cecil Gully spent last Friday in Benjamin, visiting with Mr. and Mrs. C. J. McKinney.

County Agent R. O. Dunkle of Benjamin was a business visitor here Tuesday afternoon.

E. T. Goss of Seymour was a business visitor here last Friday.

Guy Rutherford of San Angelo spent the week end with relatives and friends here. He was accompanied home Sunday by Mrs. Rutherford and their children, John Thomas and Great Ann, who visited relatives here last week.

Darke Frederick of Dallas visited in the home of Mr. and Mrs. Wade Mahan over the week end.

The University of Texas college of engineering is offering eleven defense short-courses, ranging from naval architecture to chemical engineering. Length of time required is from five weeks to four months.

Legion Meeting To Be Held Tuesday

The regular meeting of Lowry Post No. 44 of American Legion was postponed from Tuesday night of this week to Tuesday night, September 16.

Officers state that very important business pertaining to Legion activities will be taken up at this meeting, in addition to the regular birthday feed. All members and ex-service men are urged to attend.

ON FISHING TRIP

Mr. and Mrs. D. P. Morgan and their two sons enjoyed a vacation and fishing trip the latter part of last week. They went to the Concho river near San Angelo, where they caught plenty of fish and had plenty of shade available for their outing.

Mr. and Mrs. J. S. Kendall were visitors in Wichita Falls over the week end.

Mr. and Mrs. A. L. Martin of Goree spent the week end in Velma, Okla., visiting their daughter and family, Mr. and Mrs. E. H. Harmon.

C. A. Evens, Jr., of Brownwood was a visitor in the home of Mr. and Mrs. T. I. Phillips recently.

The Seniors really feel the part now because at last they have ordered their rings. The Herff-Jones representative came on Tuesday and the class spent the first two periods picking rings and invitations. The are all quite excited over their choice.

The English V class certainly has a grudge against Geoffry Chaucer and they really have a right to. Why, when I think of all the headaches and sleepless nights that one man has caused—well anyway he could have been more considerate; because the Seniors are still sleeping from staying up so much prying over Canterbury Tales.

Sophomore News

The Sophomores all had a swell time at the party last Friday night. We wish to express our thanks to Mrs. Russell and Dwaine for giving us this party.

The Sophs are progressing rapidly in all their subjects and hope to have several on the honor roll when it is issued. The Home Ec girls have cooked two light breakfasts.

Freshman News

Our Home Ec class has been writing menus and cooking light breakfasts. We have ordered English workbooks for our class. English is interesting so far.

Seventh Grade News

Our new word game series will soon be under way. This contest encourages us to learn new words and use them frequently until they become a part of our vocabulary. A champion will be selected each week.

Some of us are beginning to pull this week.

Hot lunches this week add to the school routine. We missed them intensely last week.

Those absent this week are Bud-White, Billy Marie Hughes, Viola and Peggy Hodges.

Third and Fourth Grade News

We have a new pupil, Robert Seay, in the fourth grade.

Shirley Ann Yost had a nice visit with her cousin in Fort Worth last week-end.

Royce Reddell went fishing and caught 19 fish.

Fifth Grade News

The fifth grade likes music very well. We are learning new songs and also something about notes. Geography is getting very interesting. We are learning about different kinds of Indians.

We had a visitor Monday, Lucille Finch. She is Edith Frost's cousin. She lives in Parker county and goes to Peaster school.

We are glad that the lunch room is serving hot lunches again.

Sixth Grade News

All of use feel melancholy. Two deaths have occurred in our room. Merry and Jerry died Sunday of suffocation. Their little red cage is bleak and empty. Now we have no one to feed lettuce at noon and no one to whistle for us during writing class.

Our classmate Gerald is still ill and may need a serious operation on his ear. We are all very eager for his recovery because we miss him very much.

Weather Report

Weather report for week ending September 9, 1941, as recorded and compiled by H. P. Hill, Munday, U.S. Cooperative Weather Observer.

Rainfall to this date last year, 17.45 inches.		

Ginnings BY COTTON JOE

Bessie looks mighty pretty in her cotton evening dress. Ma says she's makin' cotton pickers out the whole stag line.

Munday School News

Fifth Year Work

The fifth year pupils under the direction of Miss Holcomb and Beene are happy to be in school gain. The enrollment for the first day was 21 in each room. Our plans for the first week are to become better acquainted and to have a general review of past work.

Second Year

Our class came to school Tuesday very eager to begin work. We chose for our housekeepers George Spann and Doyle Purifoy; health inspectors, Dickie Waheed and Patricia Clowdis; paper monitor, Marjorie Hill; room host, Kenneth Hendrix.

We are learning about transportation and shall build a train in our room soon, later other means of travel.

The following children are enrolled in our room: Bailey Baker, Jo Ann Bryan, Patricia Clowdis, Roy Dykes, Herbert Ford, Loys Gray, Glen Henson, Marjorie Hill, Kenneth Hendrix, Douglas Hulsey, Bobby John Jones, Velma Jones, Don Killian, Dorothy McDonald, Peggy Massie, Doyle Purifoy, George Spann, Norma Smith, Freddie Tetmeyer, Bobby Waheed, Dickie Waheed, Peggy Walker and Billie Weir.

The first grade class had an enrollment of 31 pupils the first day

of school. One pupil entered the second day making the total enrollment 32.

All pupils were present the second day of school and all were happy and thrilled at the idea of being large enough to go to school.

The children enjoyed a survey of the building and grounds and were soon feeling at home with each other and their teachers.

A unit on the home was begun and all the children left school anxious for the next day of school.

Children entering school for the first time were: Ellen Franklin, Billie June Barley, Ina Joy Lemley, Betty Gealing Jones, Edna Marie Pierce, Tommie Powell, Jr., Barbara Jean Foshee, Sue Hallmark, Gene Colley, Lee Ancil Bowden, Jolie Massey, Anna Ruth Stodghill, Jo Ann Harrell, Myra Sue Rising, Stallard Wayne Bradford, Ladonna Rue Blanton, J. B. Williams, Jr., Donald Ray Jones, Dorothy Ann Proffitt, Alta Fay Hicks, Robert Michael Scott, Bobby Jack Guffy, Shirley Joe Patterson, Joe Lynn Phillips, Phillip Leon Johnson, Bettie Sue Rutledge, Johnnie Charles Franklin, Raymond Leon Lemley, Evelyn Edith Franklin, Helen Ann Ford, Wayne Cadwell, Carrie Barnes.

The 28 children who enrolled in the third grade yesterday were back anxious to go to work today. After getting acquainted they listed the many things they wanted to do this year. After talking about their pets which were their playmates during most of the summer, they decided they wanted to learn more about their animal friends. Later in the year they are going to make a zoo, and invite all their friends to see it.

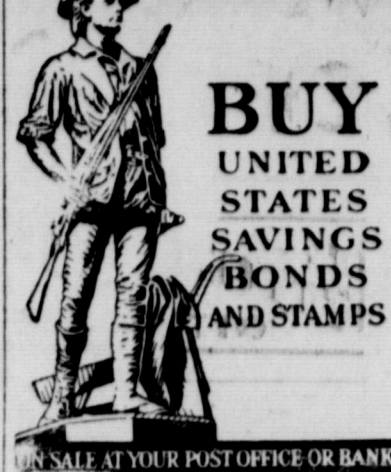

We have 28 pupils in the 4th year class. We are studying a reader "Billy Boy On the Farm," so we have planned a farm unit. We are going to build a miniature farm on our sand table, mold farm animals out of clay, make a frieze, make posters and booklets on farm life. We think we are going to enjoy working on this unit.

The eighth year students have 39 enrolled. Since they are the Seniors of the Elementary School they feel proud of their large class. Everyone is enthusiastic over school starting. Just one day has gone by yet the class expects to have the biggest year they have ever had. Plans are already under way for entertainments. The eighth year sponsor is Miss Kathleen Burnett.

T. G. Bengue was a business visitor in Seymour Wednesday morning.

Deputy Sheriff Orvel Capehart of Benjamin was a business visitor in the city Wednesday morning.

made by the Plaintiff in Defendants' bank for the amount of Seven Thousand Dollars.

Issued this the 5th day of September, 1941.

Given under my hand and seal of said Court, at office in Benjamin, Texas, this the 5th day of September, A.D., 1941.

LEE COFFMAN, Clerk District Court, Knox County, Texas.

"Do you?" he asked. "No," she said. "You'll have to get out and walk then."

So the poor little girl had to get out and walk because she didn't have a nickel to pay the street car conductor.

Four members of the Hill county Egg Marketing Association report total sales of \$381.38, or an average of \$95.34, during March, according to Myrtle Murray, Extension Service specialist in home industries. These sales include a premium of \$40.88, or an average of \$10.22 per seller.

It'll soon be that time o' year when the following lines will be true:

"The naked hills lie wanton to the breeze;
 The fields are nude, the groves unfrocked,
 Bare are the shivering limbs of shameless trees
 What wonder is it that the corn is shocked."

Seniors Select Bowden As President Of Class

Ben Bowden, versatile Senior, was elected president of the Seniors of 1942 at a meeting of the class Monday morning.

The Seniors are off on their last lap—they hope. You see, they get their walking papers nine months from now.

Ho-hum, it's such a pleasure—taking care of the Freshmen. However, from now on if they want any advice—all they have to do is look around for a "dignified" looking person because this is a certain source for any information he may want. In other words—he would be consulting a Senior. They "Know all—see all—hear all."

Dick Harrell was selected vice president of the class; Nadine Kreitz secretary treasurer, and Dixie Atkinson, reporter.

Sponsors of the class are Miss Jessie Merle De Loach and Mr. L. S. Hardegree.

A social committee appointed was: Mary Lois Beaty, Jean Martin, Raymond Carden; and a finance committee was selected composed of Jimmie Henslee, Doyle Jones and Willard Reeves. The Seniors plan to take a trip after school with money they have earned. They plan to go to points west and south.

JUNIORS PICK KIRK

Patsy Ruth Kirk was selected Junior president at a meeting of the class Monday morning. Betty Jean Golden was named vice-president, Margaret Jean Womble secretary, and Maggie Seancey was selected as reporter.

Sponsors selected were Miss Dorothy O'Donnell, home making teacher, and Mr. M. W. Ayers, agriculture instructor.

SOPHOMORES PICK GAFFORD

In the beginning of school the Sophomores were happy to return and hope that all new pupils will

enjoy the year with us.

In the first class meeting they elected as president Buddy Gafford, Jerry Chamberlain, vice president; Lola Jones, secretary; and Lillian Cerveny as reporter.

Miss Edna Lou Brock and Mr. Perryman were selected as sponsors.

LOWRY HEADS FRESHMEN

In the freshman class meeting the following officers were elected: Cal Lowry, president; Lloyd Gray, secretary; Dick Owens, vice president, and Latreace Johnson, reporter.

High school, the freshmen say, is not so very much different and all of them like it very much, and that think good teachers are here and they will do their best to put the school over.

The Munday pep squad met this Tuesday afternoon and made a few new arrangements.

First of all some suggestions were made to organize the club along lines of other clubs. Officers were elected as follows: President, Jimmie Henslee; secretary, Flora Haynes; reporter, Florene Pippin. New uniforms of gold gabardine with beanies to match was the decision of the club. The leaders will wear uniforms of purple gabardine with gold beanies.

For some of the girls who intend to buy their uniforms later, the pep squad girls intend to buy all those interested a uniform now. To raise this money the girls will sponsor skating in the grade school gym every Tuesday and Saturday night, beginning this coming Saturday night at eight. They also intend to sell soft drinks at all the home games this season.

We urge every citizen to attend all our skating sessions and don't forget to bring a friend. If they can't skate they can watch you.

"Wait a minute . . . don't forget to help us boost our boys, and buy plenty of pop from us . . . we'll be waiting."

Mr. and Mrs. Joe Albertson of Sagerton spent the week end here with Mr. Albertson's parents, Rev. and Mrs. W. H. Albertson. Joe is teaching at Sagerton.

Mrs. T. L. Stall and little daughter of Abilene visited Mrs. Stall's father, W. H. Atkinson, and other relatives here several days last week.

Ginnings BY COTTON JOE

I always wear cotton seersuck or in summer 'cause it feels s'ight an' cool. But since seersuck is these girls in their new seersuck swim suits, I've gotta admit I s'ooks even better on 'em than I do on me.

Moffett Hopes Special Session Will be Short

Senator George Moffett, of Chillicothe, who represents this district in the State Senate, left for Austin Sunday to attend the Special Session of the Legislature which convenes on the 9th. He has informed The Munday Times that he thought and hoped that the session would be short, perhaps not more than ten days, as there has been only one subject submitted by the Governor, and the latter has firmly declared that he will not submit additional subjects.

Senator Moffett was confident that the burden of the County road bonds, where the money has been spent on State highways, would continue to be assumed by the State as it has been for nearly 10 years, and that there would be very little controversy over this particular point, for not to do so would throw a very heavy burden of additional taxation upon county taxpayers, which they are not able to bear. He further stated that there possibly might be some extended discussion concerning the disposition of the surplus remaining from the one cent of the gasoline tax, after the county bonds had been taken care of, but even if there were, the whole matter ought to be disposed of in 10 days, and the Legislature adjourned by that time, thus setting a record for dispatching business in a hurry.

Mr. and Mrs. Travis Lee and little daughter visited a few days in San Antonio during their vacation. Travis returned to his duties at the First National Bank last Monday.

State Fair's Ice Queen

Star of the first major ice show ever to be presented in Dallas is the lovely Belita, above, considered the world's greatest feminine skater and former title holder. The show, "Ice-Capades of 1942," will have its world premiere in Dallas and will run nightly from September 24 throughout the State Fair of Texas at the Dallas Ice Arena on the Fair grounds. In addition to English Champion Belita, the show has a cast of 100 of the world's finest ice performers.

Brooks-Holder Family Reunion Is Near Goree on Labor Day Week End

An annual event for the Brooks-Holder family was the joint reunion held during the holiday week-end at the home of Mrs. B. R. Holder, eight miles north of Goree, Texas, in Knox County. Friends and relatives from all parts of the state were present.

The large spaciouly shaded grounds made an ideal place for the outing, which continued from Saturday through Monday.

Breakfast meals were served at an open grate in the back yard. Dinner and supper meals were served picnic style from a large table that was arranged under the trees, on the grounds just south of the house.

During the occasion, Mrs. Curtis Seale secured the signatures of the 170 who registered.

Mrs. Sallie Holder, now 80 years old, with her husband who is now deceased, settled in Knox County thirty-six years ago. They moved there from Limestone county in East Texas with their nine children—all of whom are now living. A son, E. G. Holder of Lemoore, Cal. and a daughter, Mrs. E. P. Lattimer, of Los Angeles, Calif., were unable to attend the reunion, as well as several grandchildren and several great-grandchildren.

Mr. and Mrs. Aleck Brooks and nine children settled in Knox county in 1882. Mrs. Brooks passed away in 1908 and Mr. Brooks in 1912. Of this group, Mrs. Charlie Jones of New Mexico and another daughter and several grandchildren were unable to attend.

The two families were joined when B. R. Holder married Miss Annie Brooks. Each year the two families have the annual outing during the Labor Day holidays.

Those who registered were: Mrs. Sallie Holder, Wichita Falls; Mr. and Mrs. B. R. Holder and daughter, Goree, Texas; Mr. and Mrs. L. O. Brooks, Hale Center, Texas; Mr. and Mrs. Bruce Holder, Floydada, Texas; Mr. and Mrs. Felton Lambeth and daughter, of Goree, Texas; Mr. and Mrs. Roy Nichols and family, Wichita Falls; Mr. and Mrs. Mike Parker and family, Munday, Texas; Mrs. E. L. Keck and daughter, Seymour, Texas; Betty Hutchins, Goree; Mr. and Mrs. John Hardeson Holder, Wichita Falls; Mr. and Mrs. Carl Holder and family, Wichita Falls; Mr. and Mrs. A. A. Brooks, Goree; Mr. and Mrs. Remus Burgess and daughter, Hale Center; Mr. and Mrs. Roy Barron and son, Munday; Mr. and Mrs. Carl Fincannon and son, Goree; Mr. and Mrs. Leroy Brooks and daughter, Goree; Mr. and Mrs. Vernice Lambeth and family, Goree; Mr. and Mrs. T. M. Scarborough, Wichita Falls; Mr. and Mrs. Henry Holder and family, Wichita Falls; Mr. and Mrs. R. T. Holder and family, Wichita Falls. Mrs. J. O. Parker and daughters, Iradell, Texas.

Mr. and Mrs. S. E. Brooks and son, Hamlin, Texas; Mr. and Mrs. Reuben Richards and daughter, of Goree; Mr. and Mrs. Curtis Seale, Goree; Mr. and Mrs. R. L. Lambeth and daughter, Goree; Mr. and Mrs. Merle Lambeth and daughter, of Goree; Mr. and Mrs. J. P. Holder, Jayton, Texas; Mr. and Mrs. J. P. Holder, Jr., Aspermont, Texas; Mr. and Mrs. John Railsback, of

Mrs. Lloyd Hendricks and family, Goree; Mr. and Mrs. Clyde Warren and daughter, Goree; Mrs. Ira Owens, Anton, Texas; Mrs. L. L. Owens, Goree.

Mr. W. W. Coffman, Goree, Mrs. Ernest Moore, Goree; Mr. and Mrs. J. O. Cure, Goree; Mr. and Mrs. M. H. Brooks, Kress, Texas; Troy Barnett, Bridgeport; Mr. and Mrs. William Weber, Jr., and daughter, Wichita Falls; Mr. and Mrs. Floyd Jetton, Fort Worth; Mr. and Mrs. Howard Barnett and family, Goree; Mr. and Mrs. Logan Thompson and daughter, Odessa, Texas; Rev. J. W. Baughman, Goree; Mr. and Mrs. W. A. Harris and family, Goree; Mrs. Suggs and Mrs. Jeter, Goree.

partment to assist the physicians in giving service to the indigent patients. Of the 44 cities in Texas with a population of over 10,000 only a few are without available treatments, and in these venereal disease services are being rapidly developed. When this is accomplished, Texas will be among the leading states in meeting its venereal disease problem.

T. W. Templeton of Benjamin was a business visitor in the city last Friday.

Hay Dyer of Seymour and Don Ferris were in Abilene last Friday to attend a meeting of managers and salesmen of the Community Natural Gas Co., and receive instructions on sales under the new government regulations limiting time payments.

Travis Jones and Grady Weaver were business visitors in Knox City last Tuesday.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

Austin, Texas—The Venereal Disease Program of the Texas State Department of Health, in cooperation with the Texas State Medical Association composed of some five thousand Texas physicians, has rapidly expanded during the past two years," Dr. Geo. W. Cox, State Health Officer, declared here today. "And at present it is reaching 90 per cent of the State's population."

This work is vital to National Defense and has been highly commended by those in charge of Selective Service. Young men infected with a venereal disease are not acceptable for training in the armed forces for the defense of this Nation. Every effort is being made, in cooperation with military authorities, to keep venereal disease infections to a minimum. The need of this work in National Defense and in civilian life is apparent when the records of the draft boards of Texas show that six out of every one hundred men examined are rejected for military service because of a syphilitic infection.

At the present time 90 venereal disease clinics are in operation in 62 counties and in an additional 130 counties treatment is available to the indigent patients through service given by the physicians of Texas. In this latter case, through plans worked out between the State Health Department and local medical societies, drugs are supplied through the State Health De-

Mourning Dove and White-Winged Dove Seasons for 1941

TEXAS OUT-O-DOORS

Austin, Texas.—Because of an unavoidable error, the bag and possession limits on mourning and white-winged doves is given as 15 in the printed matter on the reverse of State hunting licenses, but the actual limits is 12 per day and 12 in possession, the Executive Secretary of the Game, Fish and Oyster Commission cautioned today.

The error was made, the Executive Secretary explained, because the State hunting licenses already were being printed earlier in the year before the present State dove laws had been passed, and at that

time the State dove bag and possession limit was 15 instead of the present 12.

The Executive Secretary urged all sportsmen to "pass the word around" that the limits announced on the licenses had been countermanded by later law, and he urged that this especially be done in the northern counties of Texas, where mourning dove hunting is already under way.

The season in that portion of the State, which comprises the North Zone, opened September 1, and will continue through October 12, according to State law and Federal

LETTERS FROM THE PEOPLE

FALSE PROPHETS PREACHERS

Matt. 21:13—My house shall be called a house of prayer, but ye have made it a house of thieves.

Jer. 23:1—Woe be unto the pastors that destroy and scatter the sheep of my pasture, saith the Lord.

1 Timothy, 4: 1-2—Now the Spirit speaketh expressly, that in latter times some will depart from the faith, giving heed to seducing spirits and doctrines of devils; speaking lies in hypocrisy; having their conscience seared with a hot iron.

Ezek. 33:18—When the righteous turneth from his righteousness and committeth iniquity, he shall even die thereby.

Jerr. 23:25—I have heard, what the prophets say that prophecy lies in my name and cause my people to err by their lies, and by their lightness, yet I sent them not, nor commanded them.

Jer. 5: 30-31—A wonderful and horrible thing is committed in the land; the prophets prophesy and swear falsely, and the priests bear rule by their means, and my people love to have it so; and what will ye do in the end thereof?

Jer. 7: 8-11—Behold, ye trust in lying words that cannot profit. Will ye steal, murder and commit adultery, and swear falsely, and burn incense unto Baal and walk after other gods whom ye know not; and come and stand before me in this house which is called by my name and say, we are delivered to do all these abominations.

If there was a den of rattlesnakes or a den of lions or a dangerous beast loose in our town or community, everyone would be trying to rid themselves of them. If a dangerous outlaw was in our town, surely no one would be willing to take him in and hide him from the law. The law of our land is against it. But we have church members and preachers by the hundreds that are disobedient to God's words and Commandments. Doing all sorts of evil things and saying there is no harm in it. And preachers that make the house of God a den of thieves and robbers. Failing to preach the truth and to warn the wicked of his wicked way.

We have church members, and deacons, Sunday school teachers and even preachers that are not what they ought to be; some of them operating drug stores and beer joints and selling the filthy stuff to our children. Operating their stores, filling stations, selling liquor all week and when that isn't enough they have to keep it open on Sunday too. Selling ungodly magazines full of nude pictures and they claim to be Christians. God help such people! And all the ungodly picture shows that are not fit to be shown on the back side of a cow pasture, shown to our boys and girls, and the many preachers of the land are afraid to open their mouths against them. God help us to awaken to the need around us and to begin to cry with a loud voice against the sins of this world. God has called men and women to be watchmen and to warn men and women of their wicked way that they might turn from them and be saved in all the ends of the earth. God gets no pleasure out of the death of the wicked. He wants them to turn from their wicked ways and live.

God said Remember the Sabbath day to keep it holy, yet people in all walks of life go right ahead with their business on the Sabbath day just the same as any other day, buying, selling, trading, threshing, baling hay, and hauling their cattle to market on the Sabbath. No wonder we have heartaches and poverty on every hand. We are pleasure mad and go out hunting pleasures of all kinds on the Sabbath day—ball games, fishing, hunting, golfing, swimming and what have you. Everything except going to the house of God. God's Book tells us that real Christians do not do such things. God said, Be ye holy, even as I am holy.

Men and women that do all these things are in bad with God, but the woman or man that is called of God as watchman to warn people

MY HAIR STANDS ON END
when Daddy monkeys with the carburetor

When Daddy finally comes up for air, with his hands all black and his face all red, he shouts words that Mummy says aren't for a child's ears.

"Whattheblankety blank is the matter with this motor", he says.

She answers, "Don't you dare swear in front of our little angel!" (that's me) . . . and then the hair-raising battle begins.

It's all so foolish and useless, when Daddy . . . and you, too . . . can get custom-tailored Phillips 66 gasoline, without paying a penny extra.

Yes sir, it needs no carburetor tinkering. It is re-matched every month to the climate in your locality.

Today's Phillips 66 isn't merely a late summer gas. It is actually a September gasoline. And there is hardly a day in 365 when its high test and high anti-knock ratings are not unsurpassed in its price class.

See if you don't feel that difference with your very first trial tankful . . . at any Orange and Black 66 Shield.

Phill-up with Phillips for Greater Mileage

HELP Your Harvest Dreams Come True

... Drill your Crops With a Dependable John Deere-Van Brunt Grain Drill

Your crops will stand a better chance of producing maximum yields when you use an accurate, dependable, John Deere-Van Brunt Grain Drill. You'll get dependable performance under all conditions . . . your seed will be planted in uniform depth—which all adds up to "Helping your harvest dreams come true."

Equipped with the famous Van Brunt fluted force feeds, the Model "EE" will handle all kinds of grain accurately in any desired quantity per acre. And, remember, this long-lived machine will give the same faultless seeding throughout its many years of service. There's a type and style of John Deere-Van Brunt Grain Drill to meet your requirements. Come in and see the John Deere-Van Brunt the next time you are in town.

Munday Hardware & Implement Co.
John Deere Quality Implements and Service

regulations. Shooting hours are from 7 a.m. until sunset as contrasted with last year's regulations, which allowed shooting from sunrise until sunset.

Much confusion still exists regarding the dove season dates, zones and shooting hours despite widespread publicity, principally because the State laws this year did not conform in several respects with Federal regulations, which govern the taking of migratory birds and migratory waterfowl.

The Executive Secretary reminded sportsmen that shooting of doves in the South zone, which embraces most of Texas, will start September 16. Last year the blasting started on September 15. South zone hunting of mourning doves this year will extend until October 27, except that in six South Texas counties the season will be only from September 16 to October 15, both dates inclusive.

As a result of a conflict between State and Federal regulations, white-winged doves may be taken only on Tuesdays, Thursdays and Sunday from 12 noon until sunset during the period September 16 to September 25, inclusive, in the six counties mentioned above.

But in other counties white-wings may be taken from 7 a.m. until sunset during the full open season of September 16 to September 25, inclusive. This is small consolation for the white-wing hunter, however, for few flights of the birds are ever seen outside of the counties where the stiff restrictions apply.

The bag limit on white-wings is the same as for mourning doves—12 per day and 12 in possession at one time, the Executive Secretary pointed out.

Sportsmen in the southern tip of Texas were reminded that neither white-wings nor chachalacas, commonly called Mexican pheasants may be taken south of U.S. Highway 83 from the Starr-Zapata county line to the western city limits of Brownsville. This area, it was explained, was set aside by the last Legislature as a nesting and propagating ground for these birds, which are threatened with great depletion as the result of the clearing of thousands of acres of brush country by agriculturists and horticulturists.

Mr. and Mrs. W. W. Roberts of Big Spring visited with relatives and friends here last Sunday.

Mr. and Mrs. E. L. Covey of Benjamin were business visitors here last Saturday.

Mrs. Dan Weaver and son, Grady Weaver, were guests of relatives in Sweetwater last Sunday.

Mrs. Fate Meizer of Benjamin was a business visitor in the city last Monday.

Changes Made In Cotton Loans For Next Year

Changes in the operation of the 1941 cotton loan program in counties are designed for the convenience of cooperating farmers, Marvin Allen, secretary of the Knox County A. C. A. has announced.

One of the major changes is the designation of clerks and witnesses by the county AAA committee to assist the farmers in executing loan papers.

The clerks who will fill out loan forms are limited to persons engaged or employed in warehouses for storing cotton, banks, and production credit associations acting as lending agencies. When producers desire to sell their equities in loan cotton, witnesses to the transfer of title are limited to employees in the county AAA office, county and community AAA committees and banks acting as lending agencies, Mr. Allen explained.

In counties where adequate service for executing loan papers cannot be obtained from warehouses, banks, or production credit associations, the county AAA committee, with the approval of the state committee, may designate one or more of its employees to execute the papers if necessary.

The roster of clerks approved by the county AAA committee will be sent to the state committee. After approval in the state office it will be sent to the Commodity Credit Corporation, where it will be used in checking loan papers originating in this section, Mr. Allen said.

The list of approved witnesses when mailed to the State committee for confirmation will then be sent to the Federal Reserve Bank serving the territory where the cotton is stored.

Fees of 15 cents for one to two bales of cotton, 20 cents for three to four bales, 25 cents for five to six bales, 30 cents for seven to eight bales and 35 cents for nine to ten bales, are the maximum charges which clerks may make for executing loan papers. The maximum charge on eleven to 20 bales is two cents per bale plus the rate for ten bales; and twenty-one or more bales is one cent per bale plus the rate for twenty bales, the AAA official said.

This graduated scale of fees is applicable to the cotton pledged on a single note, Mr. Allen said, in explaining that the same rate of charges would be made for each note executed by a producer.

Eggs provide proteins of a quality which are easily and quickly digested, absorbed, and used in building and mending tissues.

"Enriched" flour is white flour which has in it specified amounts of at least two vitamins, thiamin, (B-1) and nicotinic acid, and one mineral, iron.

Regional Land Meeting is Held At Benjamin

Four Counties To Be Included in New District

The second regional land use planning meeting was held at Benjamin last Friday. Twenty counties were represented with a total attendance of 78. Mr. D. W. Nixon of Vernon, district chairman, presided.

The points for discussion were, the provisions of the 1942 agricultural conservation program. Mr. Raymond Kinsey, district fieldman of the AAA was present and explained by examples on a blackboard how each of the five soil conservation plans would work. After Mr. Kinsey's explanation of the different plans, a committee of three farmers from different parts of the area represented at the meeting, was appointed to draw up resolutions in the selection of a

plan to be presented at the noon hour. The committee selected plan number three. This plan of soil conservation must also be approved by the county committee and recommendation made to the state committee.

Other subjects for discussion were soil conservation districts, and methods by which mesquite eradication could be accomplished. The committee members also recommended that the state experiment stations experiment with many of the different methods of control and that the State Legislature be asked for an appropriation in order to conduct such experiments.

The Benjamin Home Demonstration Club served lunch for the group at the club room in Benjamin.

Auction Sale Has Good Run Of Cattle and Hogs

The Munday livestock Commission Co., reports a good run of cattle and hogs for last Tuesday's sale, with all classes of cattle selling fully steady to higher than last week.

Top hogs sold from \$11.75 to \$11.85; and sows from \$10 to \$10.50.

Beef bulls brought from \$7 to \$7.50; butcher bulls, \$6.50 to \$7; beef cows, \$7 to \$7.50; butcher cows, 6.25 to \$7; canners and cutters, \$3.75 to \$5.75; fat yearlings, \$9 to \$10.50; butcher yearlings, \$7.75 to \$9; fat calves, \$9 to \$11.30; butcher calves, 7.75 to \$8.75; rannies, \$6.25 to \$7.25.

Buyers here for Tuesday's sale were Ebner Packing Co., and John Ruddy, Wichita Falls; Vernon Packing Co., Vernon; J. H. Bell, Fort Worth; Jim Cook and J. R. Spivey, Crowell; C. A. Hull, J. M. Bradberry and Keck Market, Knox City; D. T. Elmore, Rochester; L. E. Newton, Haskell; J. L. Cooper, Perry Woods, G. C. Woods, D. Martin, C. L. Darnell, Seymour; C. L. Mayes, C. R. Elliott, John Michalik and Claud Hill, Munday.

Munday C. of C. Holds Meeting

Members of the Munday Chamber of Commerce held their regular meeting at noon Wednesday at the Terry Hotel.

Discussion of the proposed trades day was held, and everyone present agreed with the plan worked out by the committee to inaugurate the trades day and continue it until Christmas. Plans for the trades day are being completed this week.

John Galaher of Graham, district director in the West Texas Chamber of Commerce, was present and introduced Jed Rix of Fort Worth, assistant manager of the organization, who explained some of the long-range activities of the body and how its program benefits every citizen of this section of the state.

Thema Mae Hutchens, daughter of Mr. and Mrs. Rado Hutchens of Goree, enrolled September 6 at the Chillicothe Business College, Chillicothe, Mo., for the complete course. She was given a scholarship for her outstanding scholastic ability.

Chas. Moorhouse and son, Jerry, of Benjamin were business visitors here Monday morning.

Masonic Meet Is Held Tuesday At Knox City

The 91st district Masonic association held its regular meeting last Tuesday evening at Knox City, with the Rochester and Knox City lodge as hosts.

A picnic supper was served at p.m., after which the group as the city park in Knox City at 6:30 assembled in the lodge hall for the regular business session and program.

The next meeting of the association will be held with the Rule lodge on the third Tuesday night in November.

O. T. Little of Woodson, president of the association, was in charge of the meeting. T. W. Templeton gave the address of welcome and response was made by O. P. Caldwell of Seymour. Mr. Caldwell was the principal speaker of the evening, and he brought many interesting thoughts on the part Masons have in the defense program.

About 95 members were in attendance, with ten of the twelve lodges of the district being represented. Five lodges outside the district also had representatives present. Attending from Munday were G. B. Hammett, George Salem, Aaron Edgar, Wade Mahan, John Ingram and Jimmie Silman.

Many Tourists Visit in Texas

Austin, Texas.—Tourists coming to Texas during this summer's vacation period apparently have been seeing more of the Lone Star State and driving more miles in Texas than did tourists last year. This is indicated by a survey by the Texas Highway Department made at the 11 courtesy and information stations operated during the summer by the Department at the various points of entry into the state.

It is shown by a six week's summary of the stations' operations, from June 17 to July 27 this year, that 13,272 out-of-state cars stopped at the 11 stations. Those cars covered 7,650,525 miles in Texas, it was estimated by checking their proposed routes. This was an average of 668 miles per car, as compared with an average of 493 miles per car in 1940. Thus, it appears tourists are travelling about 25 per cent farther in Texas this year.

A number of other interesting features are revealed by the facts compiled at the stations.

The figures show that only 11 stations were operated this summer, as against 13 last summer. The 11 this year, however, will have served about as many cars during the 14 weeks they are open as the number for 1940, when a total of 31,012 stopped for information.

During the six weeks period covered by the present summary (June 17 to July 27), 23,049 cars were served at the 11 stations operated by the Department this summer. Of these, 9,777 were Texas cars, and 12,272 were out-of-state automobiles.

California cars stopping at the stations outnumbered all others, totalling 2,354 vehicles, while only 7 cars from Rhode Island were listed.

A comparison of the estimated number of miles driven in Texas

per car by states shows Maine led with 1,200 miles, and Oklahoma being lowest with 403 miles per car. However, it was noted that Oklahoma cars served numbered 1,778, while only 12 cars from Maine stopped, indicating that the New Englanders who stopped for information really travelled over the state to see it after coming all the way from Maine to Texas, and that the neighboring Oklahomans journeyed on many short tours, or trips, into Texas.

The Highway Department courtesy and information stations operated during the heaviest summer months of tourist travel. The 11 operated this summer were located at Texarkana, Gainesville, Denison, Wichita Falls, Texline, Glenrio, Pecos, Canutillo (near El Paso), Laredo, Orange and Marshall.

Mr. and Mrs. Travis Martin and little daughter of Seymour and Mr. and Mrs. M. H. Reeves returned home last week from several days visit with Mr. and Mrs. Grady Shytles, Jr., in San Antonio. While there the men had a very enjoyable fishing trip on the coast at Corpus Christi.
