

Moguls Defeat Rochester In Game On Friday Night

Playing loosely in the first half and minus the services of their star backfield man and ball tosser, Ray Moore, the Munday Moguls trailed at the half 0 to 2, but came back stronger in the last half to defeat the Rochester Steers 12 to 2.

Thus the Moguls are tied with Crowell in district 9A, with both teams remaining unbeaten and untied.

Rochester's only score came in the first quarter when a Mogul punt was blocked and rolled across the goal line to let the Steers gain a safety.

Raymond Carden, quarterback, made the Moguls first touchdown in the third quarter from the three-yard line. Blocking a Rochester punt, James Cude, left half, ran the ball over in the last quarter from the 21-yard line for Munday's other counter. Cadwell's toe failed to make either conversion.

Coach Jack Perryman, getting around slowly and easily following his operation, was on the coaching bench to watch his charges gain another victory.

The comparative strength of the Moguls has been shown in their two non-conference games thus far, and sports writers are rating them as threats for the district crown.

Munday had 13 first downs to Rochester's three.

Munday's starting lineup: Billy McGraw, E. Lowrance, Tidwell, Stevens, Cadwell, Cure, Cude. Joe McGraw, Carden, Montgomery.

Rochester's starters: E. Collier, Richardson, Yarbrough, Simpson, Guant, A. Collier, B. Robinson, Martin, McGuire, Don Robinson, Gammill.

Gayle Preston Injured in Car Mishap Satur'ay

Miss Gayle Preston of Abilene, who formerly lived in Munday, was painfully injured in a car accident near Stamford last Saturday evening.

Miss Preston, who was driving alone, was enroute to Munday to visit friends. According to accounts of the accident, another car attempted to pass her at the outskirts of Stamford. Meeting another car, the driver realized he didn't have time to pass Miss Preston's machine and applied his brakes, at which time the wheels of his car locked, throwing the machine directly in front of the Preston car.

Miss Preston received painful cuts and bruises about the face and body. She was brought to Munday for emergency treatment, and an ambulance from Mahan's Funeral Home took her to the Knox City hospital. Her injuries, though painful, are not of a serious nature, and she is reported to be doing nicely.

Social Security Checks to Come In Later Than Usual

Beginning with September, the monthly checks for old-age and survivors insurance benefits will reach beneficiaries one day later than before, according to an announcement made today by R. L. Surles, manager of the Wichita Falls office of the Social Security Board.

"We make this announcement," Surles explained, "so that people who have been receiving benefits will not be worried because the September check does not come on the day it would otherwise be expected.

"Under a new arrangement between the Social Security Board and the United States Treasury," Surles continued, "all monthly checks hereafter will be dated the first of the month following the month for which the payment is made. September checks will be dated October 1 and marked 'for October' and so on. Instead of mailing each month's checks in time to reach beneficiaries on the last day of the month, they will now be mailed to reach beneficiaries on the first of the following month."

County Supt. Merick McGaughey of Benjamin was a business visitor in the city Tuesday afternoon.

Moguls to Play Snyder Here On Friday Night

Coach Perryman's Moguls will play the Snyder team here next Friday night in their last game before entering the 9A district contests.

With two contests securely placed on the win side of the ledger, the Moguls are training hard this week in preparation for the game with Snyder, and they have a good chance to add another win to their 1941 record.

Although her record is not as bright as Munday's the locals are not expecting a cinch in Friday night's contest. They will be playing hard to maintain their record, and fans are promised an exciting game.

All of the 9A teams play non-conference games again this week, getting into league play the following weekend.

Trades Day To Be October 16th

Munday's first of the three "Trades Day" events will be held on Thursday, October 16, it was announced this week by members of the Chamber of Commerce committee.

This event, one of the most attractive ever staged by Munday merchants, is expected to draw a record crowd, and local merchants are expecting a big day.

"Trades Day" was inaugurated recently for the purpose of encouraging people to "buy it in Munday," and as a means of showing the appreciation of Munday's business houses for the trade given them by people of this trade area. Tickets for the trades day event are being given by all Munday business houses.

The big event will take place on the city hall lawn on Thursday, October 16, at 5 p.m.

Future Farmers Culling Hens

The two classes of the Munday chapter of F.F.A. have been dealing with poultry the last few days. They are learning how to cull chickens. About 150 hens have been culled to date of this writing.

The three boys that know how to judge poultry best by October 8 will go to Haskell to represent the Munday chapter of F.F.A. in the Haskell County Fair.

The agriculture boys are culling poultry in and around Munday free of charge to flock owners. Any person interested in having their flocks culled by their boys are asked to contact Mr. Ayers or any of his agriculture students.

BIRTH ANNOUNCEMENT
A daughter weighing 8 pounds and 15 ounces was born to Mr. and Mrs. Johnnie Palmore of Tulsa on Monday, September 22. Mrs. Palmore is the former Helen Frances Eiland, daughter of Mr. and Mrs. C. A. Eiland of Lamesa. The child has been named Helen Merle.

Mr. and Mrs. M. L. Barnard were visitors in Wichita Falls last Sunday.

TAX GOES ON FOOTBALL ADMISSIONS

Due to new taxes which has gone into effect on all amusements, admission to football games will be raised in order to cover the tax. Supt. Colley said Thursday the tax will be on admission prices for Friday night's game. The tax is one cent for every ten cents admission, and Colley stated admission prices for football games will be as follows:
Adults, 55 cents; high school students, 28 cents; elementary school students, 17 cents.

Schools Have Red Cross Roll Call Chairman

Under a setup in the county schools this year, junior Red Cross roll call chairmen in each of the schools will serve in their respective schools. The following have been selected as junior Red Cross roll call chairmen of their schools:

Benjamin, Miss Toby Baird; Truscott, Mrs. Alice Johnston; Hefner, Mrs. Lucille Marlow; Rhineland, Miss Georgette Claus; Union Grove, Mrs. E. F. Branton; Brook, Mrs. J. S. Shannon; Sunset, Mrs. Manera Savage; Vera, Mrs. Maurine McMurry; Gilliland, Miss Alma Lee Burkett; Munday, Mrs. L. M. Palmer; Goree, Mrs. J. H. Bardwell, and Knox City, Miss Ruth Rice.

Juanita Golden Is Student Assistant At TSCW, Denton

Denton, Tex., Oct. 2.—Outstanding scholastic and citizenship records have earned the position of student assistant at Texas State College for Women for Miss Juanita Golden of Munday. Majoring in chemistry, Miss Golden is assistant in the sociology department. She is a junior student and the daughter of Mr. and Mrs. Oates Golden.

Loyalty Program To Be Given Oct. 6 At Local Church

The Presbyterian church membership will enjoy a loyalty program on Monday evening, October 6, at 7:30 at the church. The program is of importance to every attendant on any service of the church. Members are urged to be in their places. The pastor, Rev. Clifford B. Williams, will be here to bring an earnest and helpful message.

LADIES AUXILIARY TO SEW FOR RED CROSS

Ladies Auxiliary members of the Presbyterian church will meet at the church next Monday afternoon at 1:30 o'clock to sew for the Red Cross. An invitation is extended to all ladies of the town to meet with them and help in this worthy cause. Feel free to come at any time between 1:30 and 3 o'clock and join these ladies in their sewing.

Bargain Rates Announced

Grady G. Roberts, publisher of The Munday Times, announces this week that The Times is being made available to Knox county people again this year at the familiar fall bargain rate—only \$1.00 a year in Knox and adjoining counties. Rates outside of Knox county (beyond the 50-mile radius) remain the same as in years past. The regular rate of \$2.00 has been sliced to \$1.50 for the duration of our "Bargain Days."

More Defense Foods Needed

"More milk, more eggs, more pork" is the food-for-defense appeal being made to American farmers by the U. S. Department of Agriculture. Farmers are responding unitedly, the Department says, and are turning huge quantities of feed from the AAA Ever-Normal Granary into energy-giving foods. Milk production is highest on record; egg production is higher than in any year except 1930; extra numbers of brood sows are being held over for fall farrowing. Nevertheless, the Department declares, even additional increases in these products must be made to supply the growing home demand and the emergency needs of Great Britain.

Knox County To Have Wildcat

A great deal of interest is being shown in Knox county's wildcat oil test, which will be put down near Goree.

Machinery for the No. 1 A. S. Haskins well was being moved in last week, and work on the well is expected to get started within the near future. Machinery consists of a 5,000-foot rotary equipment, and operations will be by Seitz-Comegys-Seitz Co., of Wichita Falls, which firm is placing machinery on the site.

Location is 467 feet from the north and west lines of east half of Section 216, Block A, BBB&C Survey. This company has blocked 1,200 acres around the test, which will be drilled to 5,000 feet.

8 Knox County Men go to Army

Eight Knox county men will be inducted into the U.S. armed forces on October 15, it was announced Thursday by Jack Idol, member of the Knox county Selective Service Board.

These men shall report to the local board at Benjamin at 7:30 a.m., on October 15th; whereupon they shall be sent to an induction station of the United States Army at Fort Bliss, Texas.

The men and their order numbers are as follows:
717-V Homer Cleo Anderson
263 Loyd Emmett Dotson
271 Harvey Lee Gaines
283 Cecil Garfield Alexander
288-S Robert Jackson Trainham
299 Elzie B. Gibson
301 Debbis Drake
307 Norris McCoy Barger

MRS. F. E. JETTON GREATLY IMPROVED

F. E. Jetton of the Hefner community was in town last Saturday and reported that Mrs. Jetton is greatly improved and is doing nicely. Mrs. Jetton suffered a light stroke some six weeks ago. She is able to sit up lots of the time now, although still not able to do any of her household duties. Her general condition seems to be much better, and her many friends wish for her a complete recovery.

Bargain Rates Announced

goods consumed have been advanced because of the defense program, higher taxes, etc. Many newspapers over the state are also increasing their prices—also increasing their subscription rates because of added expense for paper and materials required in the printing business. "We are not going to increase our subscription rates until we absolutely have to," the publisher stated. "We believe our readers will appreciate our attitude and will be more glad to get their Munday Times for another year at the same old bargain rate—therefore, we are keeping our bargain rate at the same familiar figures—\$1.00 in Knox county and within 50 miles of Munday, and \$1.50 outside of the 50 mile limit."

Rain Brings Halt To Crop Harvest

Coke Stevenson Proclaims Fire Prevention Week

The following is a proclamation by Gov. Coke Stevenson of Texas, setting aside the week beginning Monday October 5 as fire prevention week in Texas. The proclamation was sent to Mayor J. M. Terry:

To All to Whom These Presents Shall Come:
Whereas, the prevention of fires is of vital importance to the success of the nation's tremendous defense effort; and

Whereas, defense orders are taxing to capacity an increasing number of industries and any curtailment of production because of fire becomes a very serious thing; and

Whereas, throughout its history the State of Texas has suffered an enormous loss in lives and property due to fire; and

Whereas, statistics on fire reveals that the "cause" of fires, to a large extent, can be controlled by intensive education and intelligent law enforcement; and

Whereas, all citizens of Texas are desirous of retaining the low insurance rates which have been promulgated by the Board of Insurance Commissioners as a result of the faithful practice of fire prevention measures; and

Whereas, due to the national emergency now existing, the preservation of human lives, and in the interest of sound economy as relating to fire insurance cost, it is the patriotic duty of every citizen of Texas to aid in the prevention of fires;

Now, Therefore, I, Coke Stevenson, Governor of the State of Texas, do hereby proclaim and designate the week beginning October 5, 1941, as

Fire Prevention Week and I earnestly call upon the citizens of Texas, particularly civic, school, patriotic, and municipal organizations to emphasize the danger of fire and to encourage the adoption and enforcement of fire prevention rules and regulations in an organized movement to lessen the disastrous consequences of fire.

In Testimony Whereof, I have hereunto set my hand and caused the official seal of the State of Texas to be affixed hereto on this the 13th day of September, A.D., 1941.

(Signed)
COKE R. STEVENSON,
Governor of Texas.

Benjamin Gets Govt. Approval On School Work

A telegram was received from Congressman Ed Gossett the first of this week, informing County Supt. Merick McGaughey that approval had been secured on federal funds amounting to \$15,575 for completion of the project on the Benjamin school building and grounds.

Application was made for these funds a number of months ago, and school patrons welcome news of this approval, as it will enable the school to complete the new building and grounds project.

Work on the project will be started at the discretion of the State Works Project Administration, it was stated.

Atkinson Attends Relative's Funeral Held in Tennessee

W. H. Atkinson left last Saturday night for Somerville, Tenn., upon receipt of a message informing him of the death of his brother-in-law, J. P. Bowers. Mr. Atkinson went by plane from Abilene and arrived in Memphis, Tenn., the next morning. He will remain in Tennessee for a week or ten days to visit with relatives.

IN NURSE'S TRAINING
After visiting with friends and relatives in Munday for a few weeks, Bonnie Jones left last week to enter nurse's training at Hendrix Memorial Hospital, Abilene.

Rain and cool, damp weather has brought cotton picking and gathering or other crops in Knox county almost to a standstill this week. Cotton had begun coming in rather rapidly the latter part of last week, but very little picking has been done this week.

The first cool spell of the season hit Knox county last Monday, and local citizens donned their coats and felt rather comfortable in them. The mercury plummeted down to 47 degrees Monday.

Munday has received .68 of an inch of rainfall, which is mild compared with that received in other sections. This has fallen over a period of three days.

The year's rainfall is the highest for any time in Knox county in which official records have been kept. A total of 38.56 has been received to date, as compared with 17.77 inches last year.

What He Does For His Community Lives On and On"—

DEFENSE STAMPS IN EVERY TILL

We Americans go to town—but sometimes we are a little casual about getting around to doing the unaccustomed things that translate our good intentions into action.

Helping in National Defense, for instance. We all want to help. If we are the average people earning pretty good money in these times of plenty, we know we should be putting away some of those U.S. Defense Bonds, not only to assist our Government but to do ourselves a favor. Of course, lots of us have.

The Treasury Department has made it easy for everybody to buy Defense Savings Bonds. All we need is enough Defense Savings Stamps to fill a Stamp album which can be exchanged for a Defense Savings Bond worth \$25 to \$100 in 10 years, an increase in value of 33 1-3 per cent. Simple! The trouble is remembering to buy those Defense Savings Stamps regularly.

Now, thanks to the cooperation of a million retail merchants in every city and town, the Treasury has made it just about impossible for you to forget. For wherever you go to spend money Defense Savings Stamps will be right at the cash register.

So, while you have your money out, there is the opportunity immediately at hand to buy Defense Savings Stamps—which, as they multiply through systematic purchase, will become your Defense Savings Bonds.

Those bonds will represent savings sure to be useful when the war is over and readjustments begin. Moreover, the money you put into Bonds will be taken out of earnings that might otherwise go for luxury and other goods. Such widespread spending when the national income is mounting causes heavy consumer demand, leading to inflation.

Therefore by purchasing Defense Savings Stamps in the stores where you trade—the easy, can't-forget method—you are not only aiding our Government to arm but accumulating savings for yourself and holding down the cost of living.

Encourage the merchants and the two and a half million retail store employees selling Defense Savings Stamps in the vast national-scale effort on behalf of the Treasury's Defense Savings Program. Take them as change.

Soon you will have one or more Defense Savings Bonds—proof that you have done your part to make America strong; that you have put a nail in the barrier against inflation; and set up a reserve of savings for yourself.

When you buy anything, any time, at any store—Buy Defense Savings Stamps, too!

THIS IS AMERICA

In these days, with war and defense dominant in all our minds, we are thinking more and more in terms of government. Government maintains armies and navies and air forces. Government spends the billions of tax dollars that make the creation of a gigantic military machine possible. Government makes the rules and regulations.

Important as government is, we must not forget that there is another element which is equally important. That element is industry—industry working under the American system of free, private enterprise.

Industry is producing the long list of metals that go into tanks, planes, and the other weapons of war and defense.

Industry is producing the vast quantities of coal that are needed to fuel the factories of America.

Industry is producing the vast flood of oil that runs our airplanes and ships and motor vehicles, and that goes across the seas to the countries which are fighting against the forces of dictatorship.

Industry is producing the gigantic, ever-increasing amounts of electric power that keeps the factory wheels turning.

You see this all over America—in the great cities, in the little towns, in the open country. The factory smokestacks are belching night and day now, working to keep this thing we call the American way of life alive—working to defeat the greatest menace to freedom the modern age has known—working to protect and defend and make impregnable the democracies of the world. It is private enterprise which made us great. It is private enterprise which in the long run, will bring to crashing ruin the ghastly slave empire which dictatorship has created through fire and sword. What we are witnessing today is a war between free men and serfs, between nations nurtured in the doctrine of liberty and nations chained by a pitiless conqueror. Who can doubt the outcome?

From the first horse-drawn street car operated in New York City more than a century ago, the mass transportation industry has reached a point today where it carries some thirteen and a half billion passengers a year in the United States.

Last year American airplane, propeller and engine manufacturers spent more than \$15,000,000 in research to make planes faster and safer, and this year's bill will be higher. While the aviation industry has stepped into mass production with a goal of 50,000 planes a year, it is not neglecting quality.

THE RECORD SPEAKS

"Streets paved with gold!" Years ago in foreign countries that phrase was used to express the amazement and envy that life in America inspired throughout the world. The blessings we Americans accept so casually were as incredible as that!

Here in America we need to remember that today—need to remember that our freedom has enabled us to have an economic system that has given us more of the comforts and conveniences of life than any other people have ever had. In spite of that, however, there are many among us who cry that that system has failed—that regimentation can solve our problems and give us the greater efficiency that they say we lack.

Lack efficiency? The fact that we have earned for ourselves the highest standard of living in the world is sufficient proof to refute that charge. Yet today we have additional proof—our record of industrial production in the present crisis. We have set ourselves an enormous emergency job, and we are doing it in record time. Arms are flowing from our factories in quantities thought impossible only a short time ago.

The army tank expert says our tanks are the best in the world, and we are producing them 10 times as fast as we were a year ago.

The R.A.F. has proved by use that our airplanes are unsurpassed, and our production is rapidly rising to the point where it will exceed that of all other countries in the world. The record in connection with ships, rifles, ammunition and every other requirement is similar.

The truth is that, working as free men, we have already outstripped in many phases of armament production Hitler with his government dictated economy. Hitler has been at it since 1935, and our big program was launched only in 1940. That is our record. To those who claim that we lack ability to perform—quickly—that record supplies the answer.

LOOKING AHEAD

The recent announcement that hundreds of defense companies are training new employees in industrial processes serves to highlight the efforts that American management is making to deal with the reported skilled labor shortage.

At last report 382,876 men, women and youths were enrolled in these classes, and, while their training is aimed primarily at defense skills, it will undoubtedly help to prepare them for other industrial jobs when the present emergency is over.

Important as this training is, however, it is only part of the educational program that industry supports to help those interested in preparing themselves for an industrial career. Companies in every part of the country are spending approximately \$12,000,000 this year to maintain scholarships and vocational schools for such young people.

Facts like these indicate that even in the midst of doing the biggest production job ever undertaken anywhere American industry is characteristically looking to the future and extending a helping hand to those who are seeking their place in our industrial world of tomorrow.

Half a million pounds of metal, mostly tin, may be saved for defense this year through substitution of plastic in the metal tips that go on shoes laces. According to current estimates, one pound of plastic will replace more than three pounds of metal.

When Miss Mabel Hammarlands of Lyons, Kan. drove into a garage to find out what was wrong with her car, mechanics found an 18-inch bullsnake wedged against the carburetor.

University of Texas chemists have discovered a new process for making plaster, which results in a product triple the strength of plasters now known. Also devised in university laboratories is a new kind of plaster "wall board," also of superior strength to products now used.

By buying Defense Savings Bonds and Stamps regularly you can help the Defense Program, and, at the same time, help yourself and your family.

CHARITY

The deeds of charity we have done shall stay with us forever. Only the wealth we have bestowed do we keep; the other is not ours.—Middleton.

It looks like Coke Stevenson is getting off right as governor. He called a special session, got the job done, and adjourned in a short time, which is also commendable of the Senators and Representatives.—Eldorado Success.

There are two kinds of friends; the friends who are friends because they like you and enjoy your company and the friends who are your friends because they want something you have, either your help or material substance. The last variety is as big a nuisance as the first type is a blessing. The friendship that has to be fed with favors is never worth the value of the favors.—Foard County News.

Last summer when the oil mill was flooded, it looked rather unique, sitting out there in the middle of a lake, but it's not very funny now when the plant has not started up fall operations. Nobody thought about the darn thing drowning out.—Baylor County Banner.

Think of a wind 110 miles an hour. Well, they've had them down on the coast this week. And with nary a bit of dust either. Give me a mild breeze about 40 miles an hour, gently interleaved with sand. It is greatly to be desired by all home lovers.—Briscoe County News.

During the World War, a tall yarn released this week reveals, many of the girls who wrapped canteens for the Aluminum Goods Manufacturing Company of Two Rivers, Wisconsin, slipped notes with their names and addresses into the packages of canteens . . . These girls, most of whom are now grandmothers, began receiving sweet letters last week and were surprised to learn they were from 1941 draftees . . . Light was shed on the matter when it was discovered that thousands of the canteens, unused during the World War, were recently issued to new army draftees.—Scurry County Times.

Farmer: One whose ambition is to make enough money to move to town and open a bank where he

can lend money to farmers and eventually become rich enough to retire and live at ease on a farm.—Exchange.

Men can criticize woman all they want to, but we know three things in her favor:

1. She never wastes two dollars worth of shotgun shells in order to get a 25 cent rabbit.

2. You never heard of one going into a restaurant and buying a 25 cent meal and giving the waitress 25 cents because she smiled at her.

3. We've never heard of a woman yet who will use twenty gallons of gas and pay \$25.00 for boat hire to get where the fish are not.

Bless them there wimmen.—Chillicothe Valley News.

We rejoice with the ginnermen when they give a little toot announcing another bale of cotton, but we do wish they'd do their talking by telephone. Those long, loud, mournful sounding messages always bring a longer, almost as loud, and equally mournful response from the babies around town.—Haskell Free Press.

CLEANING AND PRESSING

TEXAS OUT-DOORS

Austin, Texas.—Here's a little secret that the Executive Secretary of the Game Department doesn't want anybody to know anything about, except the people of Texas: The Lone Star State, he avers, has one of the best quail crops in years, and scattergun addicts are going to have plenty of fun when they take their dogs into the fields this season.

It's a little early to begin talking about quail populations and quail shooting, for the season does not open until December 1st, but that is the very reason he brought up the subject today, the Executive Secretary said.

For dove hunters are in the fields blasting away, and it is not infrequent at all for them to flush a husky covey of quail, or even some small ones, and the Game Department head warned sportsmen to lay off the quail until it is legal to shoot them. The season, he repeated, opens December 1st. It

will continue through January 16, 1942.

Several things have contributed to this year's good quail population. Heading the list is the excellent rainfall that fell almost all over the State in the early months of the year. The rainfall stimulated an abundant growth of quail food plants, and other plants that quail use for cover and shelter. It also provides plenty of drinking water for the birds.

Game managers and field biologists of the Game Department have been at work for months fencing off rather small areas in farmlands or cattle ranges—areas which were plowed and planted to vegetation that would offer both food and cover for quail. It these steps hadn't been taken, officials pointed out, quail would have probably disappeared entirely from regions where now they are fairly plentiful.

Then the rains came and these fenced areas for bobwhites and other varieties of quail really grew. And the quail that had been depending on them for food and housing very naturally thrived. In fact, some coveys are still being hatched off. A central Texas Game Warden reported the other day that he had flushed a covey of 13 tiny quail. Some sportsmen questioned the veracity of the Warden, saying it was too late for quail to be coming off the nest. But the quail experts of the Game Department will tell you that under favorable conditions quail will bring

off young ones even as late as October, particularly in South Texas.

A final and very important factor leading to the good quail crop is protection—protection of the quail by the Game Wardens and other field men of the Department. And protection coming also from the hundreds of Texas sportsmen who not only protect their own quail but cooperate with the Game Department in tracking down game law violators who kill quail out of season.

Quail Food Varies

If a quail should unfold his napkin and tell the "chef" to bring him a sample of all the different kinds of food he really likes, he'd have more than a 140 dishes around him. He's principally a seed eating bird, and biologists of Region No. 2 of the Game Department already have counted 140 kinds of seeds taken from quail stomachs gathered in Central and North Texas. And they're still counting.

They've attempted this job so they'll know what kind of vegetation to plant on quail areas or to recommend to landowners.

The food the quail likes best is seed from a variety of plants known as Croton. Seed from panic grass seems to be well established in second place. Doves also eat Croton seed and sunflower seed in large quantities.

And Johnson grass at last has a chance to pretend some dignity. It produces nice tasty seeds, and both quail and dove simply gorge on them!

News From Goree

Mary Jane Duncan left the past week for Dallas, where she plans to enter school. She went by way of Belvue, where she visited relatives before going on to Dallas.

Mr. and Mrs. Homan McMahon and Mr. McMahon's sister and husband, Mr. and Mrs. George Parris of Grandview, Okla., have returned from a two weeks vacation spent at various points in California. The party visited many interesting places, among which were the Orchards Canneries and government defense works, where the strictest rules were observed. In one place all lunch kits are inspected. They made a very interesting ocean cruise and fished some and had a chance to see old historical points on the trip. Some of the most interesting and beautiful places were Ramona's marriage place and the old missions. Mr. McMahon's sister, who preceded them to California, made the return trip with them.

Mr. and Mrs. Bryan Lawson and daughter Nancy were week end visitors in this city.

Mr. and Mrs. Frank Hill are proudly telling about their granddaughter, Frankie Lee, who was born Sept. 23 at the Stamford hospital. Mrs. Coy and daughter are doing fine and were able to leave for their home at Old Glory Sunday.

Joe McKenzie and son and daughter of Grand Saline are visiting his sister, Mrs. B. R. Boyles, and family. This was a happy surprise. Mr. McKenzie and children and Mr. and Mrs. Boyles will go to O'Donnell from here, where they will visit relatives for several days.

Mrs. Sherman Wills and son Bobbie of Austin, and Mrs. L. P. Brooks of Graham visited in the home of Mr. and Mrs. S. F. Farmer. Mrs. Wills is a niece of Mrs. Farmer, and Mrs. Brooks is Mrs. Farmer's mother.

The W.M.U. of the First Baptist church met Sept. 29 in regular session. The following officers were elected: Mrs. J. W. Fowler, president; Mrs. George Weber, vice president; Mrs. W. M. Taylor, secretary-treasurer; Mrs. S. E. Stevenson, program chairman; Mrs. Walter McCauley and Mrs. Kale Glasco, personal service chairmen.

Mr. and Mrs. Ira Stalcup made a trip to Abilene Sunday. They carried Mrs. R. D. Stalcup to visit her daughter and family. She will also be there for the fair.

E. M. Bowman and Mrs. Gussie Lewis and son visited Mrs. Armor Evans of Burnett over the week end.

Virginia Earl Stevenson of Munday spent Sunday with homefolks here.

Mr. and Mrs. Virgil Peck are entertaining a mighty fine looking son, born September 23. His name is Thomas Leon.

Mr. and Mrs. Murphy Pennington are also entertaining a fine looking son, born Sept. 16. These announcements are coming late,

but they are very important members of our community.

Mrs. H. C. Schubert of Wichita Falls was a Goree visitor the past week.

Mrs. and Mrs. Leon Fowler and daughter Dorothy Nell of Odessa, were week end visitors in the home of Leon's parents, Mr. and Mrs. J. W. Fowler.

The past week Goree had the Texas Kidd rodeo carnival with them. There was a lot of entertainment for the little folks and was enjoyed by all. This was a high-class show, Mr. and Mrs. Kidd having been showing regularly for 30 years. All of their 3 children are along and take part in the rodeo. Texas Kidd, Jr., will leave soon for Madison Square Garden, where he will be a contestant. He was one of the winners last year.

Mr. and Mrs. L. N. Peyton and daughter of Archer City were Goree visitors Sunday.

Mrs. G. W. Jones of Crowell, who is 93 years young, mother of G.D., D.B., and Hamp Jones, and old-time resident of this section, is visiting her sons and families. Mother Jones says that she is feeling better than she has in ten years, and enjoys meeting old friends and neighbors of early days.

Mrs. F. G. Sedderberry, pioneer resident of Taylor county, died suddenly at her home in Abilene, Wednesday, Sept. 17. She was the mother of A. E. Sedderberry, a former resident of Goree.

Ernest Allen of Wichita Falls visited with his mother, Mrs. Mark Allen, last Tuesday.

Billy Robinson was a visitor in Goree the past week, guest of his parents, Mr. and Mrs. Ernest Robinson. He is employed by the Arledge Stock Farms and will help exhibit the show animals at the

Abilene and Dallas fairs. Mrs. C. V. Cartwright of Alpine has been visiting her parents, Mr. and Mrs. W. S. Heard, and other relatives.

HEFNER NEWS

The Hefner school opened its 1941-42 term last Monday. Teachers are Mr. Ernest Ingram, Mrs. Lucille Marlow and Miss Esta Lee Covey. Sixty pupils enrolled.

Farmers are busy plowing grain land and gathering cotton and feed. Some have sown their wheat.

Quite a few attended the two weeks revival at the Goree Fundamentalist church, where Elder Joe Hull did the preaching, assisted by Elder Jimmie Price of Big Spring.

Elder T. L. Gray, who moved to Rochester recently, filled his regular appointment at the Friendship church over the week end.

The mother of T.H., D.B. and Dibrell Jones of Crowell has been on a two weeks visit with her sons and their families here. She is 93 years old.

Mr. and Mrs. J. E. Cure's granddaughter, Mrs. Nadine Motley, who recently married near Weatherford, was a guest of relatives here for a few days.

Mr. and Mrs. A. L. Hord visited relatives at Truscott recently.

Mr. and Mrs. E. D. Ingram and daughter, Sara Ann, returned from a 3-weeks vacation at Galveston and other points on the coast, leav-

ing just before the gulf storm struck there. The Seitz-Comegys-Seitz Co. of Wichita Falls is putting down an oil well on Sam Haskin's land, east of the Hefner store.

SERVICES AT LAKE CREEK, SUNDAY, OCTOBER 5th

Sunday school every Lord's Day at 10 o'clock. Preaching every first and third Sunday morning and evening.

Friend, we have no desire to become a bore to you—with an invitation to attend church and Sunday School—when you have no desire to attend; but these are splendid places for your soul's awakening!

Maybe you are living in some community where there is no organized church or Sunday School; and for obvious reasons you do not attend services in your nearest town; however, you have a normal spiritual desire—that of seeing your own community fused with the spirit of the Master—love for God, home, the Church, etc. If so, I'd be glad to talk with you and help you.

Sermon Sunday morning: Nehemiah 2:3; "Why should not my countenance be sad, when the city, the place of my father's sepulchres lieth waste, and the gates thereof are consumed with fire?"

Your Community Druggist

Until we get sick or suffer pain, the value of the Druggist is never properly understood. Usually we think of him as "just another Merchant." He isn't. He's different.

He differs in this respect: He is a scientific man, trained in the power of drugs to heal and save. Because of his scientific knowledge, the state licenses him to collaborate with the physician in the practice of medicine. The physician writes the prescription. The druggist compounds it. The art of compounding drugs requires unusual skill. Without this skill the effort of the ablest physician to heal might be defeated.

Your community druggist is your neighbor and good friend, who in sickness is a vital factor in your recovery, and in health can be equally helpful in keeping you healthy.

Jimmie Branch And Miss McAuley Are Wed in Knox City

James C. Branch, son of Mr. and Mrs. E. R. Branch of Munday, and Miss Irene McAuley, daughter of Mr. and Mrs. F. L. McAuley of Knox City, were united in marriage last Friday evening at 9:30 o'clock at the home of Mr. and Mrs. Jeff Graham of Knox City.

The marriage vows were exchanged before an improvised altar which had for a background a white trellis covered with greenery and pink and white roses. On each side of the trellis, floor candles held white tapers which cast a soft glow over the setting. Rev. J. S. Tierce, pastor of the First Baptist church, performed the service. The wedding music was furnished by Miss Annalu Warren, violinist.

The bride, who was unattended, wore a black velvet dress with black off-the-face hat and white gloves. Her carriage was of pink gladiolus and tube roses.

The wedding was attended by the families of the bride and groom and by a number of friends.

At an informal reception held after the wedding, guests were registered by Miss Mary Vivian Davis. The four-tiered wedding cake was served by Mrs. C. L. Dowling, aunt of the bride, and punch was served by Mrs. A. M. Armstrong.

The couple will make their home in Ranger, where Mr. Branch is employed by the Times Publishing Co.

Breakfast Opens Club Year For Music Club

A breakfast last Saturday morning, honoring Mrs. Fred Broach, Jr., president, and new members, opened the year's activities for members of the Munday Music Club. The breakfast was held in the club house.

Mrs. Don Ferris, Mrs. Louise Ingram, Mrs. Travis Lee and Mrs. A. A. Smith, were hostesses. Baskets of fall flowers decorated the club rooms. Quartet tables were used, each being centered with a miniature piano.

Mrs. Ingram greeted guests at the door, and in the receiving line were Mrs. Ferris, Mrs. Lee and Mrs. Smith.

The program included vocal music by Polly Silman, piano selections by Miss Jessie DeLoach, and poems by Mrs. C. P. Baker. Twenty-one were present for this lovely affair.

Study Club Has First Meeting Of Year On Friday

The initial meeting of the Munday Study Club was a covered dish luncheon last Friday afternoon in the club house. Tables were set for 25 members.

The club rooms were decorated with red, white and blue flowers. A patriotic program was directed by Mrs. Chan Hughes, club president. Patriotic songs were led by Mrs. John Ed Jones, and Mrs. Fred Broach, Jr., gave a brief survey of the year's work.

Hostesses for this meeting were Meses. Fred Broach, Sr., T. G. Bengel, J. R. Burnison and P. V. Williams.

Monday Night Club Meets In Roberts Home

Members of the Monday Night Bridge Club held their regular meeting in the home of Mr. and Mrs. Grady Roberts last Monday night. High score at the games went to H. A. Pendleton and Mrs. Roberts.

A halt was called in the games while guests listened to the Joe Louis-Lou Nova world championship fight.

A refreshment plate was served to Mr. and Mrs. H. A. Pendleton, Mr. and Mrs. W. R. Moore, Mr. and Mrs. Fred Broach, Mr. and Mrs. A. H. Mitchell, Mr. and Mrs. Pitzer Baker and Mr. and Mrs. Roberts.

Louis Blankenship And Pauline Vance Marry at Milsap

Louis Edwin Blankenship of Goree and Miss Pauline Vance, daughter of Mr. and Mrs. Claud Vance, were married at Milsap, Texas, on September 21. The wedding was at the Baptist parsonage.

Mr. and Mrs. Blankenship are well known in this county. They are popular members of Goree's younger set, both receiving their education at Goree.

Mrs. Blankenship was a member of the 1941 graduating class of Goree and went to school at Weatherford for the fall term.

The bridegroom was born and reared at Goree. He is in business with his father.

The couple are at home with the bride's parents, Mr. and Mrs. Claud Vance, for the present.

Club Women Of Vera Community Have Garden Party

The home demonstration club of the Vera community enjoyed a lovely garden party at the home of Mrs. A. E. Boyd, Sr., at three o'clock Wednesday afternoon, September 24. The attractive lawn, with the convenient placing of lawn chairs, gliders, hot house and profusive blooms of flowers and shrubs, was an inspiration to the members that all rural homes can have an inviting out-of-doors with planning and care.

The president was in charge of the meeting, and roll call was answered by giving suggestions as to what makes out-of-doors parties enjoyable.

Mrs. Wesley Trainham led the program on "Outdoor Parties." She was assisted by Mrs. Carl Coaston, Mrs. Ernest Beck, Mrs. Jess Trainham and Mrs. Jeffcoat.

The pantry demonstrators, Mrs. A. E. Boyd and Mrs. Paul Russell, had their canned foods on exhibition. Delicious refreshments were served to 23 members and guests.

The next meeting will be with Mrs. Ernest Beck on October 8. All members please take notice—next roll call will be answered by handing in your favorite receipt using a canned product.

Call Meeting of Hefner H.D. Club Held on Tuesday

The Hefner home demonstration club held a call meeting in the home of Mrs. Roy Jones last Tuesday afternoon.

Several members are testing dresses in three styles; remodeled dresses, street dresses and house dresses. The best three dresses go to the county contest at Benjamin to be judged in the final contest on October 3.

Other business was dispensed with in regular order.

New Deal Club Meets Wednesday With Mrs. Harpham

Mrs. J. C. Harpham was hostess to members of the New Deal Bridge Club on Wednesday of last week, the meeting being in the home of Mrs. Dorse Rogers.

High score in the bridge games went to Mrs. Rogers.

A salad plate was served to Meses. Wade Mahan, Sebern Jones, Agnes Mayes, Carl Jungman, Lawrence Kimesy, W. M. Huskinson, Grady Roberts and the hostess.

It was reported that all the members are knitting or sewing for the Red Cross.

Missionary Ladies Hold Federated Meeting Monday

Members of the Presbyterian Ladies Auxiliary were hostesses to the City Federation of missionary societies of Munday last Monday afternoon at the Presbyterian church. Methodist ladies were in charge of the program.

Mrs. Luther Kirk gave the devotional, and Mrs. Travis Lee gave a very enjoyable review of the book, "This Is The Victory," by Dr. Leslie D. Weatherhead.

After the program, a tea hour was enjoyed. Twenty-seven ladies were present representing the missionary societies of the Methodist Baptist and Presbyterian churches.

The next meeting will be in December at the Methodist church, at which time the Baptist ladies will be in charge of the program.

A Patriotic Duty

As a patriotic duty, every car owner should have his motor checked, tuned and put into first class condition for the economical consumption of gasoline.

A rationing of gasoline is in order, if the Government effort, to stifle the motoring public into economy, is not successful. It's an everyday occurrence in our shop to improve motor efficiency to a point where the savings in gas and oil are up to 30%. Do your part and have your car checked today!

Sports Report

The Mustangs were defeated by the Knox City Grayhounds Friday, by a score of 26 to 6. Although the Mustangs lost, they showed much improvement over last week and will be a strong threat for the conference opening, October 10, at Mattson.

The Mustangs will have Stark, who has been on the injured list, back in the lineup. Bill Snailum, who was injured in the Knox City game, will also be a strong threat by that time.

Although the Mustangs were defeated Friday, they showed great power in the line, composed of Keith Cartwright, Moorhouse and Duke, and in the backfield sparked by Alonzo Cartwright, Snailum and Spikes.

Senior Report

The Seniors wish to thank those who so freely loaned their tables and games for our party. We also wish to express our appreciation to those who came to the party.

Our sponsor, Miss Cole, and the room mothers, Mrs. Cartwright and Mrs. Russell, worked very hard to make both the Friday and Saturday night parties a success. We wish to extend our thanks to them.

The Junior Report

The Juniors are planning to have a class skating party for Friday of this week. We also have plans for making money in the future.

Junior Personality

Glenda Rutledge was born May 19, 1926, in Benjamin, Texas. She is the class reporter and has brown hair, brown eyes, olive complexion, and is five feet four inches tall.

Beautiful Girls and Comedy in Vanities

Forty of the "most beautiful girls in the world" will be among the cast of Earl Carroll's Vanities, which will be the Auditorium attraction during the State Fair of Texas. The Show,

strong on comedy, but offers a variety of entertainment including several spectacular production numbers. Top sections above show three

of Carroll's "most beautiful girls in the world," Ann Frederick, Jane Ellison and Rudi McIntosh. Below are the three dizzy Slate Brothers, with Dixie Nelson, another of the show's beauties.

Haskell Fair To Open Wednesday

Haskell, September 30.—With everything in readiness for the opening of the 17th annual Central West Texas Fair in Haskell, Wednesday, Oct. 8, for a four-day run, the exposition is expected to attract a record attendance of visitors from neighboring towns and communities.

Primary object of the Central West Texas Fair is to portray the diversity and development of West Texas agricultural, livestock and poultry industries, and entries and advance interest of exhibitors indicate that displays of farm products, cattle and poultry will surpass any previous exposition.

Other outstanding exhibit divisions will include culinary, textile and art exhibits, Womens H. D. Club and Girls 4-H Club booths, curio and art exhibits.

A special feature of the 1941 Fair will be a Dairy Classification Show, open to all dairy breeds. Judging of animals will be on a classification basis, with cash premiums for the highest rated animals in each breed.

Entertainment attractions for the four days fair will be on a broader scale than in previous years, and in addition to carnival shows and attractions furnished by the WOLF of Today Shows, will include dances, night football games between Haskell and Anson High School teams, and the Abilene and Mineral Wells colored high school teams.

Gala event on opening day of the Fair will be a mammoth mile-long parade at 1 p. m., Wednesday, Oct. 8th. Parade divisions will include young women sponsors, decorated floats, school bands and pep squads, pageant of the Progress in Transportation, and miscellaneous entries. \$100 in cash awards will be paid winning high school bands and pep squads, and all school children will be admitted free to the fair grounds Wednesday afternoon.

Members of the Ski-Hi Club met Wednesday afternoon in the home of Mrs. Robert Green. High score at the games went to Mrs. R. B. Davy, Jr.

A refreshment plate was served to Mmes. Basil Reynolds, D. E. Holder, Jr., Jerry Kane, E. B. Littlefield, Gene Harrell, R. B. Davy, Jr. Miss Lorene Newsom and the hostess.

The number of milk cows on farms in the United States increased nearly three per cent between June 1940 and June 1941, according to the Agricultural Marketing Service.

An REA safety and job training course is being organized on a state-wide basis in Texas.

Sadie The Snoop

Mat, where did you go Saturday night after the party?

Gene, where do you go south every morning?

E.C., do you like to play Clap In and Clap Out? Do you, Sue?

Louise, why do you go in Omor's and say, "Give me a chill, and make it Soupy"?

Lee, why weren't you at the Senior party Saturday night?

Billy Joe, who did you like to go with Friday night?

Miss Reynolds, why were you so happy Thursday afternoon, when you were talking to Alonzo? Was the subject something (or someone) in California?

Alonzo, can you read?

Why are Glenda and Francis so interested in K.C.?

Chris, why do people call you "Goat"?

Say Squirrel, do you ever get "balled out" very much? Well, do you?

Maybe some more scandal will develop by next week.

So Long,

Ski-Hi Club Meets On Last Wednesday With Mrs. Green

LETTERS FROM THE PEOPLE

I have read with a great deal of interest various essays by students on "My Home Town," and have listened to extemporaneous speeches on the same subject. Recently I heard a very dear elderly lady, who had lived a major portion of her life in the same little town, say some things about her home town that endeared both the lady herself and the residents of the town to me. After all, it is those who have traveled far down the road who can look back and say these things—not the youth, who have only started to live.

Said she: "I have lived here a long time. I have helped bring many of the youngsters into this world, and have tried to comfort those who were left when others were buried. It is the dearest place on earth to me. I never want to leave here, for any length of time, until time comes for me to leave it forever. It is next to heaven for me, and when I do leave I want it to be only for heaven."

What a wonderful statement to

make concerning a town!

The people here in G--- have been very considerate of me and my family, and not only us, but all other families who have ever lived here. There is no kindness they have left unthought of, in sickness or distress; whether it be financial, spiritual, or otherwise. They give so freely to the destitute; they comfort so sincerely the troubled, sick and bereaved.

No criticism of one's fellow man goes the round here; no unkind remark grows into a veritable whirlwind that injures and breaks one's spirit. I believe that all have sojournd here have left better people than when they came.

As I listened to the remarks of the speaker, I thought of the various "booster bands" from towns that I have heard playing up their home town, and I wondered if any could compare with the things she

said about her town. I wondered if any were as sincere, and as truly grateful for their place they called home, as she; if any wept when their neighbors wept and rejoiced when their neighbors rejoiced, as did she.

What a fine country it would be if every resident of every town and city scattered over this nation felt as did this woman about her "Home Town"!

AT THE METHODIST CHURCH

Luther Kirk

There are such things in life as essentials, without which we cannot properly live. We must forget a lot of things in order to remember some things, and we must let a lot of things go if we are to hold a few things. So in the night of doubt it is well, before making a rash move, to consider just what is essential and what is not, what we must hold and what we must let go.

Someone has said, "Life is much like a sea and doubt is simply a storm which tosses its waters high, seeking to wreck us with its fury, but if we are true mariners we will ride out the storm, and remain above. There are, however, essentials which we must take with us, and these we must understand.

"First of all is a belief in God, the Creator, Ruler and Father of all. Any reasonable explanation of life will bring a controlling intelligence to bear over all."

Belief in God cannot be otherwise than personal; God must embody for us all the highest and noblest of life and death.

Why Bernice likes the second study period after noon? (Another Junior boy?)

Why Joyce likes to go to the back board in Math class?

Why Janie Sue likes the back of the room?

Why the Seniors come by the Freshman pew? (If you would really like to know—it's because we have to go that way to get to the front of the study hall; unless we go out into the hall, and we're not THAT crazy.—Seniors.)

their club and have elected Sybil Wallace president; Angeline Yates, vice president; Lois Wardlaw, secretary, and Marjorie Howeth, reporter.

The girls are beginning a study of first aid, under the direction of their homemaking teacher, Miss O'Donnell.

Senior Report
Several of the Seniors have turned out to be pretty good writers of ballads. In English we had to write a ballad of our own and here are three of them:

The Postage Stamp
There was a little postage stamp,
No bigger than your thumb,
But still it stuck right on the job,
Until its job was done.

They licked it and they pumded it
'Till it would make one sick;
The more it took a licking, why
The tighter it would stick!

Let's all be like the postage stamp,
In playing life's rough game,
And just keep stickin' to our jobs,
Not hide our heads in shame.

This stamp stuck to its letter 'till
It saw it safely through;
And we can do no better—

Let's keep sticking and be true.
—Flora Alice Haymes

This lad whose name was Jeff.
He gave up writin' to take up
fightin',
And become a "Yank in the R.

While flying over Germany
To bomb an infirmary,
He met a German Stuka.
"Come on and fight, you big pa-
looka,"
Said Jeff to the German Stuka.

The two planes got in a dog-fight,
In one zat Jeffrey Cox,
Some lead got in his motor,
Jeff now lies in a box.

Our Flag
The old flag murmurs a message
As it swings in the summer
breeze.

"There are so many things I'm
needing, son
Other than guns and ships on
the seas."

"I need men who put national
honor
Before thought of personal gain,
Who can vision their country in
future years
And protect her from tawdry
stain."

"I need men to speak in Justice's
name,
In terms the lowliest can under-
stand,
And lawgivers who will scorn the
wrong,
And protect the innocent man."

"I need mothers and dads who will
keep this land
A place where youth can forge
ahead,
Secure in their faith in God and
man."

Did you hear what the old flag
said?

First Grade News
The children in the first grade
have been studying about their
pets the past week. So much inter-
est was shown that some of the
children wanted to bring their pets
to school, so we decided to let
some of the children that live near
school bring their pets so all the
other children could see them. The
children were very nice and con-
siderate of the pets that visited
their room. We wrote stories about
the following children's pets:
Gene Colley brought his dog,
Billy.

Stallard Wayne Bradford
brought his kitten, named Dicky.
Jo Ann Harrell brought her cat
named Blackie, and Lee Ancil Bow-

den brought his cat, Patricia.
We have learned several new
songs about cats; dogs and differ-
ent pets.

Bobby Jack Guffey celebrated
her 7th birthday Sept. 30. Bobby
Jack has been ill, but we hope she
will be feeling fine soon, and be
able to come back to school.

Second Year News
Last Tuesday we celebrated
Norma Smith and Marjorie Hill's
birthdays. Norma's mother brought
a coconut cake with eight candles
on it, and Marjorie's mother
brought a chocolate one, which had
seven candles on it. They were
so good with the punch.

We played some games, sang a
birthday song and made good wish-
es for them.

Billy Alvarado travels with the
carnival and has entered our room
for one week. He would like to
entertain us some time with his
trick roping. We hope he will en-
joy his stay with us.

The Eighth Year elected class
officers to carry them through
what they hope will be a success-
ful fall.

formation on speech. So far the
8th year has studied the basis of
the English and American langua-
ges.

The class is full of discussion
and interesting information on—
"Why We Speak." Miss Burnett
is the Language Arts teacher.

Fifth Year News

Someone has said. Nothing is easier than fault-finding; no talent, no self-denial, no brains, no character, are required to set up in the grumbling business.

And the Lometa Reporter declares that taxes are what other people should pay to support our government.

Skating on ice, something unknown to Texans, can be indulged in by anybody who wishes to learn and enjoy the sport. The huge ice rink now nearing completion in the Will Rogers Memorial Coliseum in Fort Worth will be open to the public for skating each morning and afternoon and also at night except when an ice hockey game is to be played by the Fort Worth Rangers—but they play only 25 games at home during the four-month season. Experts will be on hand to give free instruction to beginners.

The R.O.T.C. Camp at Edgewood Arsenal, Maryland (the summer camp for chemical warfare from over 50 colleges), according to Robert L. Fischel, student of the University of Tennessee, used to be a place where, at meal-time, you heard, "Please pass the sugar," and "The bread, please" and "Thank you."

Then came those Texas Aggies. It's legend now that the first one to enter the mess hall calmly spat tobacco juice through the rafters and scored a perfect bull's-eye. They came, like the black plague in winter, to darken our fair mess hall, to create confusion everlasting.

"Shoot the bullneck," boomed one Texan. The meat was passed. Another Aggie yearned for some sugar. We could see it in his eye. "Sawdust!" That was his only command. "Sand and," hissed another. One trembling camp-mate finally

"We Take Pleasure in Serving You"

shook enough salt and pepper in the plate to appease his master. "Deal one" snarled a bread-eater, having devoured a mere snack of eight pieces. The bread sailed gently through the air and was snatched in flight by an expert meat-hook.

"The blood!" (pause) "The b-l-o-o-d!!!" Only white corpuscles circulated in our veins at that moment. However, the vibrating catsup bottle gave one man the clue that saved our skins.

It was once an orderly place. That was before the advent of the Texas Aggies. They sure played h--- with our mess hall.

For "ways that are dark and tricks that are vain," Bret Harte would have to admit that the "heathen Chinese" he told about in his famous poem was a piker in comparison to the loan sharks with their many devious methods in attempts to get around the law against exorbitant interest. For instance, one company lends the money after another company endorses the note. The offices of the two concerns are conveniently close because actually both are owned by the same out-of-state loan shark. Of course, the endorsing company makes a charge for its "assistance" to the borrower.

Sometimes an individual is used as an intermediary to camouflage the transaction. The intermediary, in reality, is connected with the company making the loan and naturally collects a fee for his "service." A little different is the procedure whereby the applicant is told in one office, "We don't make loans direct" and is referred to a broker's office (owned by the same outfit), and this second office collects a "commission" for arranging the loan.

Another plan is for the borrower to "rent" stocks or bonds from an individual (also in cahoots with the loan office), it being explained to the borrower that the stocks are to be put up as collateral for his loan.

And there is the false sale scheme, the borrower agreeing to "buy" a trinket, which came from the dime store, and the conditional sale plan covers the excessive interest charges for the loan. These and dozens of other ingenious tricks are keeping thousands of Texas families in financial bondage and the determination is growing among Texas citizens to do something to put a stop to 100 and 200 and 400 per cent interest in this State.

Pity the poor secretary of a Chamber of Commerce, observes the Fort Bend Reporter.

If he writes a letter, it's too short; if he edits a pamphlet, he's a spendthrift. If he goes to a committee meeting, he's butting in; if he stays away, he's a shirker.

If the crowd is slim at a meeting, he should have called up the members; if he calls them up, he's a pest.

If he duns a member for his dues, he's insulting; if he doesn't collect the dues, he's lazy and negligent.

If an entertainment is a howling success, the committee is praised; if it's a failure, the secretary is to blame.

If he asks for suggestions, he's incompetent; if he doesn't ask he's bull-headed and knows it all.

Let's Go Knox Poultrymen!

By R. O. Dunkle, County Agent

"Keep 'em Growing"—turkeys. The turkey crop in Texas is relatively short this year due to the heavy poult losses encountered as a result of an exceptionally wet turkey crop, and all of us want the spring. We still have a good turkey crop and all of us want these turkeys to go to market in excellent condition. In order to do this we must give some thought to supplying protein to these turkeys. Insects are not as plentiful as they were a month ago. Green grass is scarce. These are two important items in a turkey's diet, especially if they are range turkeys. When insects are scarce, protein is scarce. Protein develops muscles and tissues, and stimulates growth. Therefore, we must turn our attention toward supplying this all-important feed. Feeding a good developing feed that contains protein is the best method for supplying it. A good commercial developing mash or a properly balanced home prepared ration, plus all of the grain they can consume, will "keep 'em growing." There is not much time left between now and Thanksgiving marketing time so let's not put off this program of feeding. Start now by giving the turkeys all the mash and grain they will eat. You will find that when the Thanksgiving market opens, you will have heavier turkeys; in fact, well-fleshed and fat turkeys.

People will consume more turkeys this Thanksgiving and Christmas, but they don't want "grass-hopper chasers"—they want a tender, fat turkey. Let's start feeding today for the Thanksgiving market. "Keep 'em growing!"

For those who do not feed mash made with Protein Concentrates, or commercial feeds, the following ration will give good results if only high grade ingredients are used:

Threshed milo chops	42 lbs.
Wheat shorts	12 lbs.
Wheat bran	8 lbs.
Alfalfa leaf meal	5 lbs.
Meat scraps	5 lbs.
Cotton seed meal	6 lbs.
Ground limestone or oyster shell flour	2 lbs.
Bone meal	1 lb.
Salt	1 lb.

Farmers Asked To Take Steps To Earn Payments

Unless farmers of Knox County take immediate steps to earn their maximum soil-building assistance, they will lose the opportunity to use this money for improvement of the soil on their farms this year, Marvin Allen, secretary of the county AAA committee, has announced.

Since the 1941 program ends November 30, 1941 all practices must be completed by that date if payment is to be received under this year's program.

Last year, farmers of Knox County failed to earn \$7500.00 of the soil building assistance allowed under the AAA farm program, Mr. Allen said, while farmers of Texas fell short of earning the maximum by two and one half million dollars.

The big issue is not the amount of money unearned, but the amount of soil-building practices farmers failed to use, Mr. Allen pointed out.

Improving the fertility of the soil is all the more important now, the official said, since the demands of consumers in this country and the needs of nations resisting aggression require still greater food production in the interest of national defense.

Practices which still can be completed by the end of the contract year include planting winter legumes, turning under green cane or sudan grass, terracing, contour ridging, listing, chiseling and furrowing non-crop pasture, and building earthen tanks and reservoirs. These practices tend to preserve soil and moisture, prevent erosion and improve grass supply, Mr. Allen said, in pointing out their soil-building merits.

J. P. Groves Made Corporal in U. S. Army Air Corps

J. P. Groves of Munday, Texas, now stationed at the new Air Corps Advanced Flying School, Victoria, Texas, was promoted this week to the rank of Corporal in the United States Army Air Corps. He is a member of the headquarters squadron.

This new air base in the southeastern part of the Lone Star State is in the last stages of construction. As a gunnery and tactical school for future pilots, approximately 440 advanced aviation cadets will be received here for 10 weeks of aerial training.

Of the field's 177 authorized buildings, 137 are ready for service. Three huge hangars, the runway, apron and radio range station are but days away from completion. Authorizations for construction are now well over \$4,000,000.

Lieut. Col. Warren E. Carter is commanding officer. The field will be staffed by 200 commissioned officers.

Defense Garb

With more and more women called into defense industries, the U. S. Bureau of Home Economics has designed a group of work garments allowing maximum comfort and freedom of action. The legs of the cotton denim slacks above are shaped in and closed with slide fasteners. The shirt is worn outside for coolness. When not needed for protection, the lower part of the sleeves may be taken off instead of rolled up.

Issuance of Drivers Licenses Delayed

Austin.—Issuance of long-awaited new drivers licenses in Texas, scheduled to begin Oct. 1, will be delayed a week or ten days, State Police Director Homer Garrison announced today.

Garrison said paper stock for the printing of applications and other supplies, ordered more than two months ago, have just been received. "Several days will be required for printing and distributing the applications," he said. "We're going to get started as soon as humanly possible."

Due to be renewed by Dec. 31 are all old licenses numbered from 1 to 450,000. Licenses bearing numbers above 450,000 will be renewable at later periods.

Applications for renewal will be available from Highway Patrol offices, Driver's License Examiners, sheriff and police departments, banks and other public places, or by writing direct to the Department of Public Safety in Austin.

Applications must be executed on a typewriter or printed in ink and mailed to the department in Austin along with a 50-cent money order or cashier's check. Stamps or personal checks will not be accepted. The new licenses, good for two years, will be mailed to applicants from Austin.

Persons renewing licenses will not have to take an examination unless they have had records for traffic violations or collisions.

KNOX CITY BAND TAKES HONORS AT ABILENE FAIR

The Knox City High School band brought home a loving cup from the opening day parade at the West Texas Fair at Abilene on Monday. The group was one of 13 bands that competed for awards, and was given a loving cup for their marching and music.

The Knox City band is composed of about 30 pieces under the capable direction of Hubert A. Owens. The band won a number of honors last year appearing at Abilene, Rule, Haskell and other points.

Paving Work Is Being Completed

Work of paving Munday's main street from the Terry Hotel to connect with the paving west of town is being completed this week. It was announced last week that the work would be completed Wednesday, but wet weather the first of this week has hindered the work somewhat.

This pavement is one of the most welcomed strips of hard surfacing ever to be put down here, and local citizens are proud that it is completed. Property owners, churches and schools along the route of the paving have deemed the project well worth while.

Workmen have been engaged in this work for the past three months.

Hulen Bowen of Dallas spent the week end in the home of Mrs. Edgar Jones. He was accompanied home by his wife and two daughters, Jerry and Judy, who have been visiting relatives and friends here for the past two weeks.

Experiments with the use of frozen eggs in cooking are now under way at an Oregon college. A successful procedure for small scale freezing of eggs in the home is also being studied.

Pep Talk

Did we win that football game? Yeah, man! That isn't all either; we're going to win this one Friday night with Snyder. With our team playing hard, the band playing and most all of those dressed-up, peppy pep squad girls yelling for victory, we have the score cinched.

The pep squad is also sponsoring the sale of candy and pop at these home games. What's a game if you can't drink pop and eat candy at the half? No game at all! Be sure and bring the extra quarter, for this game is going to make you plenty hungry.

Oh yes, there's something else. Did you ever see a magician pull real live animals out of nowhere? Well, this one can, but I wouldn't take anyone's word for it. If I were you I'd come and see with my own eyes this wonderful magician who will be in the grade school auditorium Monday at 12:20 o'clock and Monday night at 8 p.m. The price is 15 and 25 cents. Come one, come all, and don't forget the fact that the pep squad is sponsoring this.

Wait a minute! What about skating Saturday night? You will not want to be left out, I know. Be there and have a swell time for us.

Mr. and Mrs. Carl Mahan and children of Abilene spent the week end here with Mrs. Mahan's mother, Mrs. E. M. Wilson. Ardent Moggul fans, Mr. and Mrs. Mahan came up in time for the Munday-Rochester football game last Friday night.

Tire Thieves At Work Again Tuesday Night

Munday had unwelcome visitors again last Monday night, as tire thieves visited several places in town. The thieves have been working here at intervals for the past several months.

Travis Jones reported that two tires and wheels were stolen from his truck Tuesday night, and a tire and wheel were stolen from the passenger car of Pitzer Baker. In most instances, the owners go to their cars the next morning to find them jacked up and the tires and wheels removed.
