

Munday-Seymour Tilt To Hold Attention Of District

Both Teams Boasting Unscarred Records

The Moguls of Coach Jack Perryman are preparing for their toughest assignment on Friday night of this week when they meet the Seymour Panthers on Scruggs field. This is slated as the top game of District 9-A, and the winner of the game will be co-favorite with the Chillicothe Eagles to take the district championship.

Despite the fact the Moguls are rated as slight favorites, there is gloom in the Mogul camp. Looking at this as their hardest game thus far in the season, the locals are wondering if they will be able to halt the Panthers' march toward the district championship.

All of Seymour will be here for the game, and the team and fans will be keyed up for victory. The Panthers received a rest last week, as their game with Archer City was postponed because of a wet field.

Secret practice is still going on at the Mogul camp and little is known about what they are doing this week, but fans can be assured that the Moguls are not planning for this game with too much confidence.

Chillicothe, with an open date last Friday, meets the Holiday Eagles on their home field next Friday night. Crowell, with a 13-0 victory over Iowa Park last Friday, is at rest this week, while Iowa Park will meet Archer City on the Iowa Park field.

This Week's Schedule
Holiday at Chillicothe.
Seymour at Munday.
Crowell, open date.

Archer City at Iowa Park.

Conference Standings				
Team	W	L	T	Pct.

Crowell 13, Iowa Park 0.				

Munday's Midgets Take Licking At Hands of Seymour

The Munday Midgets were defeated by the Seymour "B" squad last Thursday 19 to 0. The Midgets put up a good fight but lost to a heavier, more balanced team.

Outstanding for the Midgets on defense was John Lee Spann. Louis Washburn made several long gains around end as the Midgets made 7 first downs.

The Midgets go up against the Olney Juniors, at Munday, on Thursday of this week. The game will be called at 3:30 p.m. on Scruggs Field.

Lions to Meet In Olney Tuesday

A zone meeting of the Lions Clubs of District 2-E will be held in Olney next Tuesday evening at seven-thirty, with J. C. Breedlove in charge. The zone includes clubs of Seymour, Haskell, Anson, Knox City and Olney.

Entertainment including a luncheon will be furnished by the Olney club, with W. L. Hallman, Erwin Kunkel and W. A. Cox in charge of arrangements.

Pvt. Bill Billingsley and Pvt. George Vernon, who are stationed at Camp Bowie, visited in the home of Bill's parents, Mr. and Mrs. M. F. Billingsley, over the week end.

Times Family Is On Increase

With many of the old members of "The Times Family" coming in and renewing their subscriptions, and with a number of new subscribers being placed on our list since announcing the bargain rates, The Munday Times family is still on the increase.

Among those who have taken advantage of our bargain rate during the past few days are the following:

C. R. Parker, K. W. Homer, L. D. Powell, Jack Whitaker, W. G. Welborn, Sid Owens, J. B. Broach, G. R. Eiland, Jr., Roe Myers, A. J. V. Johnson, J. J. Johnson, D. B. ones, Donald Hobert, A. C. Brock, J. A. Reid, E. J. Cribbs, H. H. Edwards, N. M. Frey, C. L. Patton, W. M. Cooksey, H. W. Hutchens, L. T. Atkinson, E. A. Jones, George Nix, Dr. D. C. Eiland, S. V. Colley, J. K. Johnson, Moody Johnson, Joe Blaschke, J. F. Herring, Dee Mullican, C. H. Harrell, R. L. Myers, Louis Homer, Henry Steward, Weldon Floyd, Joe Cerveny, J. C. Walker, Don Phillips, Joe Bellinghausen, J. F. Simpson, W. A. Hall, Hugh Beaty, Mack Cook, E. W. Norris, Ben C. Tuggle, and J. F. Reddell.

County Defense Activities

The Knox County Defense Board, consisting of August Schumacher, chairman, R. O. Dunkle, vice chairman, Manuel Ayers, secretary, Marvin Allen, secretary A.C.A., C. R. Elliott, secretary P.C.A., and Mrs. Neva Van Zandt have been asked to attend a district meeting of the United States Defense Board at Wichita Falls October 31, at the Kemp Hotel.

The purpose of the meeting will be to discuss plans for carrying out the educational phase of the 1942 Defense Program in Texas counties and to establish tentative goals for commodities in production in 1942.

The State and County Agricultural Boards will be the spearhead of the campaign to adjust upward the production of farm products needed for defense. Representing as they do, all the agricultural agencies of the county, State and Federal governments, the Defense Boards provide a great force in organizing the drive for increased production, says Secretary of Agriculture Wickard.

Triple-A committeemen will visit every farm and work out a complete farm plan with the operator. Can you keep for chickens? Do you have a couple more heifers that will freshen next spring? Can you market more of your beef cattle during 1942? That's the sort of questions the farmer and the committeemen will answer together during this Food-for-Freedom mobilization. And when the first big push is over, the results will be assembled. Then we'll have a pretty good idea of how much we are likely to produce in 1942 in Knox county.

Mrs. J. A. Wiggins, Mrs. J. C. Campbell, Mrs. W. M. Mayo and Mrs. S. E. McStay spent Wednesday of last week in Abilene.

Mr. and Mrs. D. E. Holder were week end visitors in Crockett, Texas, with their son and daughter-in-law, Mr. and Mrs. Rex Holder.

SHE'S A RAT KILLER

A 12-year-old cat belonging to Mrs. Tom Anderson of Goree has just about set a record as a rat catcher. The cat is in charge of Mrs. J. W. Fowler, while Mrs. Anderson is in Wichita Falls with a daughter, who is attending school.

The mother cat decided to provide sustenance for her two kittens, and last Wednesday morning Mrs. Fowler found 16 large rats which the cat had brought in and placed before the door of the residence.

Knox City Team Downs Sagerton

The Knox City Grayhounds rammed to a 39 to 7 victory over Sagerton last Friday afternoon in a district 3 six-man football chase. Rain fell during the game, and as the score mounted the downfall increased.

Bobby Hill, with four touchdowns and two extra points, won scoring honors for Knox City. Other scores were made by Simmons and Bailey, sub back. Hardwick ran another extra point.

Stevenson Calls For Texans To Join Red Cross

Pointing to the present national emergency, Governor Coke Stevenson Wednesday called on Texans to join the Red Cross during the annual roll call which opens November 11 and continues through November 30.

He asserted that emergencies were not new to the people of the United States, but crises and disaster have been witnessed since the nation was founded and the Red Cross in the last 60 years always had been on the scene.

Week of Prayer Program is Held All Day Tuesday

Members of the Methodist missionary societies held an all-day meeting at the Methodist church Monday in observance of the week of prayer.

Mrs. C. H. Giddings was leader of the program, and Mrs. Luther Kirk gave the devotional. Mrs. Oscar Spann rendered an enjoyable vocal solo, which was followed by a prayer by Miss Shelley Lee.

A special number on the piano accordion was given by Mrs. R. H. Scott. Mrs. John Rice gave a talk on "Christian Literature," and Mrs. J. C. Borden discussed the subject: "Medical Care Around the World." The second devotional was led by Mrs. S. E. McStay, and Mrs. C. P. Baker read several poems.

Following the luncheon at noon, Mrs. Jerry Kane was leader of the program for the afternoon. A playlet, "Fellowship of Love," was given by Meses. M. B. Caughran, D. E. Holder, Jr., Robert Green and Travis Jones to musical accompaniment of Mrs. Jones. Miss Polly Silman rendered an enjoyable vocal solo, and a talk on "Brewster Hospital" was given by Mrs. W. M. Huskinson.

Mrs. T. L. Stall and children of Abilene and Mrs. W. M. Huskinson and son Billy, returned Saturday from Amarillo, where they spent the week visiting in the home of their sister, Mrs. E. M. Roberts, and Dr. Roberts.

Crocheted Bedspread Reflects Good Taste

Have you ever considered how important your bedspread is to the appearance of your bedroom? It's the focal point of your decorative scheme, the reflection of your taste—and the one article which will most assuredly catch the eye of a visitor! A crocheted bedspread is perhaps the loveliest possession anyone can own, and it will never fail to incite admiration. This distinctive new design for you to

Carnival Is Being Sponsored By Fireboys

The Grand Union Shows, a carnival attraction featuring rides, shows and other attractions, will show in Munday all next week.

The carnival has many attractions which will be of interest to young and old alike. The carnival city will be erected on Monday, November 3, and it will show through Saturday night of next week.

100 Piece Band To Perform Here Munday and Seymour Bands to Maneuver At Ball Game

The Munday band will act as host to the Seymour band next Friday. The two bands will march as one unit during the half at the Munday-Seymour football game.

They plan to make this game the highlight of the year with their mass maneuvers.

The two bands will total about 100 pieces, and the two pep squads which will also appear with the bands and take part in the formations, will number about 60 members, making at total of 160 on the field at one time.

The theme of the formations will be along two lines; first, in keeping with the season of Halloween; next, in keeping with the world of today will be a patriotic formation.

The Seymour band is to arrive here after school Friday afternoon for the rehearsal drill, which is to be followed by a weiner roast given by the Munday organization for the visiting band and pep squad.

A down-town parade will precede the game, with both bands and pep squads participating.

6,500

Munday gins this week fell short of last week's ginnings, due to bad weather preventing the gathering of cotton. Lots of cotton was brought in the first of the week, and gins will remain busy during most of the week in spite of the rains.

A survey made of Munday gins at eleven o'clock Wednesday revealed that a total of 6500 bales have been ginned here. This is 1100 bales for the week, since they reported 5400 bales ginned up to Wednesday morning of last week.

Last week the gins in Munday ginned a total of 1595 bales.

14 Registrants Are Classified By Knox Board

Fourteen young men of selective service age were classified by the Knox County Selective Service Board on October 28, it was reported by John Wilson, clerk. They, with their order numbers and classification, are as follows:

- 1271 Artist E. McGregor...2-B
- S-186A Claude V. Alexander...4-F
- S-440A James W. Walker...2-B
- postponment 60 days
- 300 Robert Lee Sams...2-B
- 496 Marlin W. Dickey...1-B
- 477 Jerry Tomanek...1-A
- 227 Joseph W. Watson...2-B
- V-717 Homer C. Anderson...1-C
- 263 Lloyd E. Dotson...1-C
- 271 Harvey Lee Gaines...1-C
- 283 Cecil G. Alexander...1-C
- S-288 Robert J. Trainham...1-C
- 299 Elzie B. Gibson...1-C
- 307 Norris M. Barger...1-C

Lieut. Jack Williams and Lieut. Tex. Adams of Camp Wolters spent last week end here visiting in the home of Jack's parents, Mr. and Mrs. P. V. Williams.

Weatherman Gets Generous Again

BIG EAGLE KILLED

Charlie Hackney, who lives six miles southwest of Munday, was exhibiting a large eagle killed at his place last Monday, the first seen in these parts in some time.

The Mexican eagle's wingspread measured 6 feet and 9 inches, and it exhibited a mean looking pair of talons. Hackney killed the bird with his shotgun.

When last seen, Mr. Hackney was wishing someone would send the bird to a taxidermist to be mounted. He agreed to furnish the bird if someone would have the work done.

Festival Plans Going Forward

Workmen are already busy at the community hall, making the necessary repairs and additions for Rhineland's big harvest festival to be held there on Thanksgiving Day, November 27.

The giving away of a bale of cotton by "Her Majesty" on the day of the festival is probably creating the most wide-spread interest.

Great impetus was given the Harvest Queen contest this week with the announcement that a \$25 defense bond would be given away in connection with this contest.

Details of this feature are being explained to those who cast their votes for the various candidates in the harvest queen contest.

Fall Meeting Of W.T.C.C. to Be On November 3

An interesting, constructive, to-the-point session is the promise of the West Texas chamber of commerce for its fall convention in Midland. The 24th general convocation will get under way Monday afternoon, November 3, with the initial session of the convention work committee headed by Jas. D. Hamlin of Farwell. It will close next evening, Tuesday, with the all-out West Texas banquet at which Dr. Clifford B. Jones, president of Texas Technological College, will be the principal speaker and Mark McGee, lawyer of Fort Worth, will be toastmaster. At this concluding affair past presidents of the WTCC will be honored.

Many hundreds of West Texas business leaders, chamber of commerce executives, newspapermen, county judges, mayors and legislators are expected to attend the Midland convocation, which has been organized on a town delegation basis.

W. E. Braly, president of the First National Bank, has been elected as a delegate from the Munday chamber of commerce.

Roland Infant's Funeral is Held On Last Tuesday

Funeral services for the infant son of Mr. and Mrs. George Roland were held last Tuesday afternoon at three o'clock from the Mahan Funeral Home. Services were conducted by Rev. Luther Kirk, Methodist pastor.

The child was born at 2:30 last Monday afternoon at the Knox City hospital and lived only a few hours after birth. Surviving are its parents and a 19-months-old brother.

Interment was in the Johnson cemetery by the Mahan Funeral Home.

FISHING SEASON OPEN

You do not have to be a good fisherman to catch something at the Third Year booth tonight at the School Carnival. There will be a large variety of prizes. Do not be surprised if you fish out a bag of sandwiches or home-made cookies.

Weather Report

Weather report for week ending October 29th, 1941, as recorded and compiled by H. P. Hill, Munday, U. S. Co-operative weather observer.

	LOW	HIGH
	1941	1940
Oct. 23...	54	80
Oct. 24...	59	75
Oct. 25...	52	73
Oct. 26...	54	77
Oct. 27...	61	62
Oct. 27...	61	62
Oct. 28...	47	57
Oct. 29...	42	52

Rainfall to date this year, 43.93 inches.
Rainfall to this date last year, 18.50 inches.

Knox county's rainfall for the year continues to mount as the county has experienced almost a week of wet weather which has kept cotton pickers out of the fields with the exception of only about two days this week.

Monday was a pretty "Indian Summer" day, but as hopes were for continued dry weather, the clouds assembled again Tuesday to dampen these hopes and to bring another halt to cotton picking and other activities in the field.

H. P. Hill, U.S. weather observer, reported 1.85 inches of rain since his reports last week. This brings the total for the year to 43.93 inches, as compared with only 18.50 inches up the same date last year.

Presbyterial Has District Meeting In Throckmorton

A group conference of Ladies Auxiliaries of Presbyterian churches of this district was held at the Throckmorton church last Tuesday. A number of churches over the territory were represented.

Following the registration of the ladies, quiet music was enjoyed before the meeting was called to order. An enjoyable program was given during the morning session, and lunch was served at noon.

During the afternoon, Mrs. Don Ferris appeared on the program, giving the "Week of Retreat." Just before adjournment an inspirational message was brought by Frank Crown, pastor of the Rule church.

Attending the meeting from Munday were Mrs. Ferris, Mrs. W. E. Braly and Mrs. Fred Broach, Sr.

U.S. Foods Will Go To Britain

The picture of British needs has become more clear. By now it is certain that the United States will have to increase its production of certain foods if we are to have enough for ourselves and to meet the British requests.

We are planning to send the British during 1942 dairy products that will require between 4 1-2 and 5 billion pounds of milk; about one-half billion dozen eggs; 18 million pounds of poultry meat—chicken for the most part; almost a billion and a half pounds of pork and lard. We have promised to send almost a million and a quarter tons of fruit and more than 2 1-2 million cases of canned vegetables.

What do you think is the effect upon those people looking across the channel from half-fed France or Holland and seeing that the British still are getting enough to eat?

I think the effect is the equivalent of about 10 field armies. Food is our fifth column.

R. O. Dunkle, County Agent.

Mr. and Mrs. Lester Ripley and daughter, Marelene, and Mr. and Mrs. Louis Herring and family have returned to Albuquerque, New Mexico, after spending several days visiting with friends and relatives.

Mrs. J. O. Cure, Misses Ella Grace Martin, Mary Katherine Baird, Billy Marie Mash and Miss Tomanek, all of Gilliland, were visiting in town Wednesday.

EDITORIAL PAGE

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

CALL ON PRIVATE ENTERPRISE

When big emergency jobs need to be done, call on private enterprise.

A notable example of this is found in the campaign to sell billions of dollars worth of Defense Savings Bonds and Stamps.

The burden of that campaign has been accepted by this country's banks. They are advertising bonds, displaying bonds, and talking bonds to their customers. They are doing it without a penny of profit—all the money realized goes to the Treasury. They are paying sales promotion and expenses out of their own pockets. And they are selling securities in gigantic quantities.

Other industries, such as merchandising, have joined in—and they too, without profit, are raising millions daily for America's arms program.

Private enterprise makes this country tick in normal times. And private enterprise builds its defenses in times of danger. Private enterprise in manufacturing, private enterprise in finance, private enterprise in distribution and transportation—everywhere in America private enterprise is working toward the common goal of national security. That means all of us.

FREE PRESS AND FREE ENTERPRISE

The free press, said Grove Patterson, editor of the Toledo Blade, recently, "is the major defense that can keep one man or one group of men from stealing a government and operating it in the interest of a privileged few. The newspaper, not only because of its information service, not only because of its analysis of national policies, but because of its advertising service, is vital to the economic health and well-being of this country."

"Business deserves to be immeasurably free from bureaucratic regulation than it is. No medium is in such good position, so well equipped, as the newspapers to preach and teach the value of free enterprise."

A free press exists only where free enterprise exists. In the total state, the newspaper is of necessity the voice of the clique in power. It dances to the dictator's song. It spreads lies and advances corruption in high places. It is used for the selfish ends of the few—not for the service of the many.

Here in the United States the free press has done a magnificent job of building and perpetuating the democratic, free enterprise system. It was the newspapers of America, small no less than large, which encouraged private industry. Our electric power development, oil production, coal, and metal mining, and a thousand and one varieties of enterprise have had the aid of a free press, to the great benefit of the public. And this same free press has been the first to ferret out and publicize graft whenever it appeared in industry or in government.

Socialism would mean the destruction of the free press—precisely as it would mean the destruction of free enterprise in all fields, because it necessitates a dictated press and a dictated industry. As President has said, a free press "must be maintained against all costs." And the only way it can be maintained is to preserve and protect the free enterprise system which gives it life.

GREEN LIGHT

All over the county prices are going up. In August the cost of living was 7 per cent higher than in August 1939, just before the war. Over half of this increase has occurred since March of this year.

Facts like these show that the fires of inflation are already being kindled. If America is to come through this emergency without serious economic dislocations—if the money we earn, the savings we have, are to keep their full value—those fires must be controlled.

In Germany after the last war inflation brought the value of paper money down so low that the average man carried his wages home in a suitcase. Prices were so high that he could often get more for his pay by trading it to the junkman as wastepaper than he could by spending it for the things he needed. We must make sure that nothing like this happens in America.

At the present time Washington is formulating price control legislation. Wages and farm prices both influence industrial prices, and if price control is to put the brakes on inflation, all these factors must be considered.

A recent poll of public opinion shows that 69 per cent of the people believe that wage increases should be limited during the emergency. The American people know that something must be done, and they are willing to give Congress a green light to go ahead and do it.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

The angel said unto them, Fear not; for, behold, I bring you good tidings of great joy, which shall be to all people.—New Testament:

WORTH WORKING FOR

"This is your country and my country. All of us belong to it; all of us own it; all of us help run it."

"You have a home here and I have a home here. We want to keep our homes. We want to keep on living in them—pretty much the same way we always have. With all our faults it's a pretty good way of living."

In those words William S. Knudsen summed up the things that America is preparing to defend. Today our industry is turning out growing mountains of defense materials and we are girdling ourselves for sacrifices so that we can preserve this "pretty good way of living."

If that is "not worth working for," Mr. Knudsen says, "then nothing is worth working for. Suppose we do have to work harder than we like to, suppose our muscles do get tired; suppose we get some callouses on our hands; suppose we lose some sleep. Suppose we haven't got time to play—even on Saturday afternoons. Suppose we never get another vacation until this war is over. Suppose we can't get a new car for a few years; or we have to put off building a house; or we have to go back to brooms instead of vacuum cleaners."

Suppose we do? Mr. Knudsen says he thinks our way of living is still worth defending. So does every other American who knows the value of freedom.

UNEMPLOYMENT SURVEY

Although many men and women have found work because of the current defense production boom, thousands of others have lost their jobs and many thousands more may do so in the near future. All over the country many non-defense plants may have to close because they can't do defense jobs and can't get raw materials to continue normal civilian operations.

Effective action to help avert such a situation can be taken only when all the facts are known. The National Association of Manufacturers recently took the initiative in uncovering facts when it launched a survey of non-defense manufacturing centers to determine the effects of this "priorities unemployment." Results of the survey will doubtless throw considerable light on the problems involved and furnish material to aid in solving them.

A method of processing ordinary steel so that it may be used instead of aluminum and special alloy steel in the manufacture of certain airplane equipment has just been announced.

A recent 12-day strike by union seamen meant delaying the delivery of bauxite that contained enough aluminum to make 1,000 dive bombers.

Being envious of what other towns do is no reason why you should cuss them. The same things can be done here—if you and others want to do a little work.

Heat from an airplane engine is used to increase the lifting power of the plane, according to a patent just granted. Heated exhaust gases operate a fan that sends a stream of air over the top of the wing, thus increasing its lifting efficiency.

The American Ship of State will never be sunk if we have enough battleships for defense. You can help build them by making a habit of buying Defense Savings Bonds and Stamps.

Member Depositor's Insurance Corporation

anyway, a Jersey steer stuck out his neck and electrocuted himself. Buck Ross, who lives east of Littlefield, has been intending to kill a fat calf for some time. Because the animal knew it, or just because he was an awkward young ox, he stuck the back of his neck to an electric wire and ended his own life Thursday.

A current of approximately 110 volts caught the steer right behind the ears as he rubbed his neck on the live wire. Wet earth under his hoofs helped ground the current.—Muleshoe Journal.

We have lived through three ages. The first one when each home had a parlor that was only opened on Sunday and when company came. The second age came when the parlor was made into a living room. The third and present age is the one in which no one stays long home long enough to use more than a bedroom and the breakfast room.—Foard County News.

It was one of Germany's greatest men, Friedrich Schiller, poet of freedom, who wrote: "It is not the free man who is to be feared, but the slave who breaks his chains." These words may turn out to be as true in hapless Europe today as they were 150 years ago, at the time of the French Revolution, which inspired them.—Quantah Tribune-Chief.

One of the camp rumors is that Texas troops will go to South Carolina for some more training in the field. What kind of a battle the troops who have come out of Louisiana could put up with Hitler's trained men is one of the most interesting things the boys speculate about; the consensus of opinion among the boys being that our armies need a bit more "edge" to cope with a similar army trained in Hitler fashion.—The Floyd County Hesperian.

News From Goree

Mr. and Mrs. Odus Rhodes and Donald Vaughan of Los Angeles, Calif., came in Saturday morning to spend some time with home folks.

Mr. and Mrs. J. L. Beasley of Throckmorton were week end visitors with relatives in Goree.
Tommy and Sam Goostree and Martha Bell Warren were Goree visitors last Sunday.

Mrs. C. O. Layne and daughters of Amarillo visited with relatives here over the week end.

G. B. Eggleston, Jr., who is stationed at Albuquerque, N. Mex., writes that he is a transport pilot and takes planes from one part of the United States to another when the call comes. G. B. is a Goree boy.

The heavy rains of the past week stopped the cotton gathering, but the gins have already started again. Everyone is wishing for fair weather.

Mrs. J. E. Standifer and Mr. and Mrs. Leroy Standifer and small daughter, Mary Ann, were visitors in the home of Mr. and Mrs. Frank Frey over the week end.
Quite a number from Goree attended the circus at Stamford last Sunday. Mr. and Mrs. Frank Hill and Mr. and Mrs. Dennis Ford were among those attending.

Mr. and Mrs. Norman Roberts and children attended the Connally reunion at Henrietta last Sunday. This reunion is an annual affair, with a great many relatives coming together from out of the state. It was held in the city park, and relatives recalled the early days as compared with the present day. The Connallys are Mrs. Roberts' family.

Mr. and Mrs. Thomas Falls and daughter of Throckmorton were

Sunday visitors in the home of Mrs. Falls' mother, Mrs. R. D. Stalcup.

Dr. and Mrs. Pat Heard and children of Houston are here visiting with Dr. Heard's parents, Mr. and Mrs. W. S. Heard, and with other relatives and friends.

Mr. and Mrs. Ewing Beaty were Sunday visitors in the home of Mrs. Beaty's parents at Rule.

Billy Gene McKenzie of Long Beach, Calif., is at Bomarton for the winter. He will stay with his grandmother, Mrs. J. L. McKenzie, and attend school at Bomarton.

Norma Joyce, daughter of Mr. and Mrs. Chas. Rallsback, has been on the sick list for some time.

Mr. and Mrs. Cherokee Hammons of Wheeling, W. Va., are here for a visit with Mrs. Hammons' parents and with other relatives and friends.

Mr. and Mrs. G. R. Eiland and son, G. R., Jr., who is stationed at Sheppard Field, spent the week end with relatives in Lubbock and Lamesa.

Hugh Byford And Virginia Franklin Marry at Goree

Hugh W. Byford of Slidell and Miss Virginia Franklin of Goree were united in marriage on Wednesday afternoon of last week at Goree. Rev. S. E. Stevenson, pastor of the Baptist church, performed the ceremony at the home of the bride's parents.

Mrs. Byford is the daughter of Mr. and Mrs. F. W. Franklin of Goree, former residents of this city. She was a graduate of the 1940 class of Goree high school.

The groom is the son of Mr. and Mrs. Louis Byford of Slidell.

The young couple will make their home in Slidell.

Mrs. I. P. Rosser Celebrates 91st Birthday Sunday

Mrs. I. P. Rosser, pioneer resident of Munday, celebrated her 91st birthday last Sunday with a birthday dinner which was attended by relatives.

Mrs. Rosser received a large number of gifts which were assembled by her plate at the dinner table. A number of telegrams were also sent, congratulating Mrs. Rosser on her birthday.

Relatives enjoying the dinner were a daughter, Mrs. F. A. Cybert of Burk Burnett; Mrs. R. A. Clements, Mrs. Dave Eiland and son, Andy, and Dr. and Mrs. D. C. Eiland and son, David Chase.

Bridge Club Meets Monday In Mitchell Home

Mr. and Mrs. A. H. Mitchell entertained the Monday Night bridge club with a buffet dinner in their home Monday night. The house was decorated with autumn flowers and the Halloween motif was carried out in the color scheme and the place cards.

Mr. and Mrs. W. E. Braly were guests. Members present were Mr. and Mrs. W. R. Moore, Mr. and Mrs. Fred Broach, Mr. and Mrs. Grady Roberts, Mr. and Mrs. H. A. Pendleton, Mrs. C. P. Baker, and the host and hostess.

Games of bridge were played after dinner. High honors went to Mrs. Broach and Mr. Mitchell.

Ladies Auxiliary Meets Monday at Local Church

Members of the Ladies Auxiliary of the Presbyterian church held their regular meeting last Monday afternoon at the church.

Mrs. Joe McGraw was director of the very interesting home mission study program. After the study, members continued their White Cross work, which was started at the last meeting.

A good representation of the organization was present for this meeting.

Munday Music Club Members Now Affiliated Club

Affiliation with the National Federation of Music Clubs was voted next year by the Munday Music Club in the first regular meeting of the year last Thursday afternoon.

Meeting in the home of Misses Lorene and Polly Silman the club elected to be federated immediately. Following the business session presided over by Mrs. Don Ferris, vice president, a study of the composer Felix Mendelssohn was led by Mrs. L. M. Palmer, director.

Mrs. M. H. Reeves gave a synopsis of Mendelssohn's life followed by musical selections representative of his works. Miss Mayme Holcomb sang "Spring Song," accompanied by Mrs. Louise Ingram.

A piano duet, "War March of the Priests, from Athalia," was played by Miss Fannie Isbell and Mrs. Ingram. A phonograph recording of the Victor Concert Orchestra playing "Spring Song" was studied as the concluding number.

Due to numerous activities scheduled for November 20, originally chosen for guest day, the club will meet next month on November 18.

Women's Society Meets Monday at Methodist Church

The Women's Society of Christian Service met Monday afternoon at the Methodist church for the last part of their mission study.

Mrs. G. R. Eiland gave the devotional, and the last three chapters of the mission book were given by Mrs. Robert Green, Mrs. W. M. Huskinson and Mrs. Luther Kirk.

Sixteen members attended this enjoyable meeting.

Sunset Women's Club Meets With Mrs. L. Womble

Members of the Sunset home demonstration club met on Tuesday afternoon, October 28, in the home of Mrs. Layne Womble. Home made gifts were discussed and Mrs. Lowrance displayed a nice assortment of hand made gifts.

A social hour was enjoyed, and refreshments were served to eight members and the hostess.

The next meeting will be November 11 for the achievement day program, and all members are urged to be present and bring any pretty hand work to be displayed. The meeting will be with Mrs. E. G. Parkhill.

Sewing Club Meets Wednesday Night With Mrs. Edgar

The Mystic Weavers Club met Wednesday night in the home of Mrs. Aaron Edgar. The members spent a most enjoyable evening finishing their Red Cross sewing and knitting.

Pumpkin pie and coffee were served to Meses. Chan Hughes, J. C. Borden, Dick Atkinson, Wallace Reid, Deaton Green and the hostess.

Mrs. Jungman Is Hostess Tuesday To Bridge Club

Mrs. Carl Jungman was hostess to the New Deal Club Wednesday afternoon. The Halloween motif was carried out in place cards and house decorations.

A delicious refreshment plate was served to Mrs. S. V. Colley, guest, and to the following members: Meses. W. M. Huskinson, Wade Mahan, Grady Roberts, Sebern Jones, H. L. Kimsey, Doris Rogers. Mrs. J. C. Harpham and Mrs. Jack Mayes were tea guests.

High score honors went to Mrs. Grady Roberts.

Travis Jones was a business visitor in Dallas last Monday.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to all the good people who helped in any way to lighten the burden of grief in the loss of our darling, Danny. The kind deeds and beautiful flowers will always remain in our memory.

Mr. and Mrs. Tom Hurd
Harold W. Hurd
Mr. and Mrs. L. H. LaDuke
Mr. and Mrs. C. G. Stephens
The J. R. Roberts Family

Singer, Dancer

Dorothy Cannon, singer, dancer, with Harley Sadler's Show which will appear in Munday on Saturday, November 1, for one night only. Sadler's show is sponsored by the Munday Fire Department.

Opal Dee Elliott And G. C. Irvin Wed Saturday Evening

Announcement has been made of the marriage of Miss Opal Dee Elliott to G. C. Irvin. The couple were married in Throckmorton on Saturday evening, October 25, with Rev. Hall, pastor of the Throckmorton Baptist church, performing the ceremony.

Only attendants were Lester Fore and Miss Allie Stewart.

Mrs. Irvin is the daughter of Mr. and Mrs. E. C. Elliott of Weinert, and Mr. Irvin is the son of Mr. and Mrs. G. C. Irvin, Sr., of Haskell.

The young couple are making their home in Haskell.

Texas Autos Nearly as Deadly As Nazi Bombs

Austin.—Nazi bombers are doing very little better than Texas automobile drivers. For every 100 Britons the Nazis killed in September, autoists killed 82 Texans.

On Oct. 14 the British air ministry announced 217 persons killed by bombs in the United Kingdom in September. Today State Police Director Homer Garrison announced that 178 traffic deaths were counted in Texas during the same month.

Continuing a trend which recently caused Garrison to predict an all-time high for traffic fatalities in 1941, deaths for the first nine months of this year totaled 1,370, a 13 per cent increase over the 1,213 persons killed in the same period last year.

Garrison found, on a basis of gasoline consumption, that the increase in travel has almost exactly paralleled the increase in fatalities. Privately owned vehicles have been driven approximately 13 per cent

more this year, while no figures are available on the enormous increase in travel by Army and other government-owned vehicles.

Mrs. Ida Herring of Knox City was a visitor in town Tuesday afternoon.

Mr. and Mrs. R. L. Burton and daughter, Nancy, of Haskell spent last Sunday in the home of Mr. and Mrs. U. S. Rogers.

Mr. and Mrs. Cody West were business visitors in Fort Worth last week.

Mr. and Mrs. Lester Westmoreland and daughter, Nola, and C. E. Childress of Anson were visitors in the home of Mr. and Mrs. Raymond Stapp last Sunday.

Miss Wilma June Burnison spent the week end with her parents, Mr. and Mrs. J. K. Burnison.

County Agent R. O. Dunkle of Benjamin was here Tuesday on official business.

Mrs. C. P. Baker and Mrs. Joe B. King spent Sunday visiting friends and relatives in Abilene.

Mrs. D. A. Bowles and Mrs. T. N. Tucker of Bomarton were business visitors in town Monday.

Miss Bobby Waldron of Benjamin spent Sunday in the home of her parents.

Mrs. T. G. Bengel has returned from Honey Grove where she has been at the bedside of her sister, Mrs. J. D. Moyer.

Wade Mahan visited his parents, in Wellington Monday and Tuesday of this week.

Mrs. Louise Ingram was a business visitor in Knox City and Benjamin Monday.

Mr. and Mrs. M. H. Brumley spent Sunday in Abilene in the home of Mr. Brumley's mother, Mrs. May Brumley.

Moguls Prove Too Much Power For Holliday In Water-Splashing Game

Splash to 24-0 Advantage Over Holliday Eagles

Munday's hard fighting Moguls proved too much power for the Holliday Eagles last Friday night as they splashed to a 24-0 victory over the Eagles on a field half covered with water. Rain on Friday afternoon left approximately half of the field in water, some of which was ankle deep.

This was the fifth straight victory for the Moguls, and was their second conference game.

In the first five plays after receiving to ball, the Moguls had scored. McGraw furnished most of the power to place the ball from the 10-yard line to well past mid-field. From this point Carden slipped through tackle and dashed for the first score. A well-soaked ball prevented any of the extra points.

The second period was scoreless, with a stubborn Eagle defense holding the Moguls in port, while the stubborn Mogul line prevented gains by the Eagles.

McGraw notched up another score in the third period on a fourth down punt which netted

better than 35 yards, and soon after the fourth started, he splashed through the field's water on a similar play for a score. The Moguls scored again on a pass, Moore to James Cude, who raced the remaining distance to cross the goal stripe.

Again the Mogul linemen turned in splendid performance. They were working good on quick opening plays to furnish their teammates passageway on off-tackle plays. The line held the Eagles at bay during most of the game, breaking through and smearing them for losses and held them to a minimum of first downs.

Holliday's aerial attempts failed to click, as the wet ball prevented accuracy in passing and made it hard to hold when it connected with a receiver.

Hulen Montgomery, who started the game at end instead of Denham, did a nice job at this position and showed the Eagles he was in there with his blocking. Right end Cure, who does the punting for the Moguls, had his toe doing good work Friday night. Tidwell and Cadwell, Munday guards, were in there smearing the Holliday plays, and Stevens played his usual jam-up game at center, as did the Mogul tackles, Lowrance and Kitchens.

People, Spots In The News

AIR RAID SHELTER—These circular structures of corrugated steel are new air raid shelters exhibited at Museum of Modern Art in New York. Inventor R. Buckminster Fuller (standing in front of shelter), says the shelters are also ideal for defense housing, troop barracks and beach houses. One of the advantages is the ease with which the units can be moved from place to place.

ALCOA CLEARED—As N. Y. Federal Court declared Aluminum Co. of America not guilty of monopolization, conspiracy or other misconduct as charged in Government's four-year-old anti-trust suit, Alcoa Board Chairman Arthur Vining Davis (above), absent with heavy cold, could not hear Judge Francis G. Caffey say dissolution of firm would be "greatly contrary to public interest."

MISS NATIONAL DEFENSE—Alma Carroll, who was chosen "Miss America of National Defense" in contest held here. The contest was judged by enlisted men of the Army, Navy and Marines. In the contest she represented the Marine Base at Quantico, Virginia.

The lineups:

Munday (24)	Pos.	Holliday (0)
Denham	L.E.	Phillips
Lowrance	L.T.	Mohler
Tidwell	L.G.	Meeck
Stephens	C.	Lutcher
Cadwell	R.G.	Hoing
Kitchens	R.T.	Singeltary
Cure	R.E.	Burge
Cude	Q.B.	Whately
McGraw	L.H.	Kirksey
Carden	R.H.	Honey
Moore	F.B.	Winton

Mr. and Mrs. Ben Yarbrough spent the week end in Wichita Falls and Byers, visiting with relatives.

Mr. and Mrs. H. F. Barnes are on a vacation trip to points in Texas and New Mexico.

Mr. and Mrs. James Dyke, who are attending Hardin-Simmons University in Abilene, spent the week end here with Mrs. Dyke's parents, Mr. and Mrs. W. V. Tiner.

Mrs. Grady Roberts was a visitor in Haskell last Thursday afternoon.

Sheriff Louis Cartwright of Benjamin was over last Friday night to see the Munday-Holliday football game.

C. L. Mayes made a business trip to Mexia this week.

At The Churches

METHODIST NOTES

by Luther Kirk
Someone has said, "It is no use praying for the salvation of your grocer when he is sitting up nights thinking about your bill." This could be applied to our singing "God Bless America," and the consistency of our acting out our part in the blessings invoked of God. Do we want God to bless America for America's sake for Christ's sake? Above all, pray God's blessings upon his work here and then do your part in help God answer your prayer.

Sincerely your love and devotion to God and the church determines largely the sincerity of the blessings invoked. Jesus said, "If you love me keep my commandments." Attend church Sunday; Sunday School, 10 a.m. Morning Worship, 11 a.m. Epworth League, 6:30 p.m. Evening Worship, 7 p.m.

Mr. Fred Broach and son, Bobby, spent the week end in Fort Worth.

Mr. and Mrs. Sebern Jones were business visitors in Dallas last week.

Oscar Lewis of Goree was a visitor in town Tuesday afternoon.

Lyle Stodghill made a business trip to Knox City Wednesday.

HEFNER NEWS

On last Sunday Rev. J. L. Gray preached at the Baptist church. A fairly large crowd was present for this service.

Mrs. Dibrell Jones returned home last Saturday from a Wichita Falls hospital, where she has been taking treatment.

Mrs. Lee Boggs is on the sick list this week.

Mrs. W. A. Barnett and daughters were business visitors in Fort Worth last Monday.

Mrs. Roy Jones and sister, Mrs. T. W. Williams of Wichita Falls, visited a sister, Mrs. Ed Brown, in Richland Springs, last week.

Stanley Jones and family of Artesia, New Mexico, were guests in the E. J. Jones home last Saturday.

Mrs. James B. Steward was an honor guest at a miscellaneous bridal shower on the 24th at the home of Mrs. J. H. Lambeth with Mrs. P. M. Jones and Miss Edith Atkinson as co-hostesses. The recent bride received many lovely and useful gifts.

HAS INTERESTING VISIT TO WICHITA FALLS

Jackie Mayes spent a very busy day in Wichita Falls the first of last week, shopping and window-shopping. Most of his time was spent in front of the North Texas Furniture Store display window. There on display was the cake baked for the Sheppard Field Jubilee Celebration. And what a cake! It would remind a youngster of the nicest fairy stories, where there was every good thing to eat.

The cake was beautifully decorated in red, white and blue icing, and on top was a large flag made of icing. Believe it or not, the cake was taller than Jackie.

Mmes. Sebern Jones and Homer Lee Jr., were visitors in Wichita Falls Tuesday.

Mr. and Mrs. Ray Howard of Shreveport, La., spent last week end in the home of Mrs. Howard's mother, Mrs. Ben Guinn, and Mr. Guinn.

Munday School Honor Roll For Six Weeks Announced

Only two students of the Munday High School were able to get the high school instructors to give them a grade of A for work done the first six weeks period of school in four courses pursued. Those students so honored are Willard Reeves and Lillian Cerveny. Many others were able to get at least one A and in a few cases as many as three. Students hitting at least one A are: Bette Morris, Herbert Stodghill, Betty Snelson, Dick Harrell, Flora Haines, Jimmie Heusieck, Florene Pippin, Jean Martin, Juanita Rogers (three), Jerry Chamberlain, Latreace Johnson, Lola Jones, Geneva King, Jean Reeves, Billie Speice, Glenn Dobbs, Charles Massie and Helen Montgomery.

Dixie Atkinson, Ben Bowden (three), Doyle Jones, Juracy Jones, Nadine Kreitz, Joe Morrow, Betty Golden, Patsy Kirk, Jean Milstead, Joylene Ford, Zack Gray, Jr., Glen Lowrance Wayne Blacklock, Bernice Douglas, Helen Haymes, Elma Lowe, Billy McGraw, Charles Leece, Mildred Smith, and Maxine Yeager.

Elementary School Honor Roll
As has been the custom no honor roll will be given out for the first five grades because of the system of grading does not afford an accurate way of deciding just who deserves this honor. In the 6th, 7th and 8th year, however, an honor roll is published below. This means that the ones on the honor roll have attained an average of 90 or above for the first six weeks of school. The honor roll will be published each six weeks making during the year and children making it are considered leaders scholastically in their respective rooms. Following is the list by rooms:
6A—None.
6B—Mozelle Booe, La Rue Johnson, Donald Waheed.
7A—Eloise Gray, Frances Hallmark, Carolyn Hannah, Wayne Ruzgers.
7B—Kelton Tidwell.
8th—Mary Alice Beck, Bobbie Marie Boggs, Betty Jane Spann.

Senior News
Well, the Seniors did not elect their candidate for Queen of Munday High School but everyone is happy and looking forward to seeing the Junior candidate crowned. We congratulate you, Maggie, and the Junior class on your splendid work, and hope that this year's crowning is one of the prettiest events ever.
The Senior class visited Benjamin on last Friday and listened to a case in court. Each member of the class seemed interested in the session and came home with a greater interest in their civics work.
We invite all of you to visit our picture gallery and also to chunk our cats Thursday night at the Hallowe'en carnival.

Junior News
First time in a long time the Juniors won the Queen's race!!!
One of the few times in the history of Munday High School the Juniors won who our Queen is? It is Maggie Searcey. She will be crowned at the Hallowe'en Carnival Thursday night.
We Juniors are certainly proud of her. She has been one of our classmates for a long time.
Harmon Sessions will be king of high school. Maggie's attendant will be Patsy Ruth Kirk and her escort will be Wayne Blacklock.
We want to thank everyone from the botto meef our hearts that dropped even a penny in our little box.
We wish to thank our sponsors, Miss O'Donnell and Mr. Ayers, for their efforts to help us elect our queen to be queen of high school.
The Juniors will be looking for you to come and buy some coffee and doughnuts at our booth Thursday night.

Sophomore News
Another football victory! Our boys are really doing fine now. Just keep up the good work, boys, for we will be betting on you at the next game.
Congratulations to the Juniors and to Maggie Searcey for winning the Queen's race. With all the hard work the Juniors put out they really deserved to win.
The Sophomore class is proud of the work they did in trying to win. Better luck next time, classmates!
We are multiplying the polynomial by the monomial in our Algebra I, at this time, and everyone seems to be learning it rather easily. Mr. Hardegre says we are the best Algebra class he has had in a long time. Let's keep up the good work, class.
Went Someone Tell Us—
Why Frankie enjoyed the football game so much Friday night?
Why Billy isn't too happy where

she sits in history?
Why Neva is so quiet?
Where William took off to Saturday night? (Promises don't stand alone, do they, Wee?)
Last Tuesday night the Freshmen had their first real high school party. We felt we were initiated into the "partying" when the lights went out twice!
Quite a few games were played, many of which none of the students had ever played. Those winning prizes were Mildred Smith, Joyce Speice, Joylene Ford, and Latreace Johnson.
We thank the room mothers very much for what they did for us.
In Junior Business we organized a Junior Business Thrift Club. The officers are:
President: Cal Lowry.
Vice President: Bill McGraw.
Secretary: Joanne Davis.
Treasurer: Latreace Johnson.
Parliamentarian: Dick Owens.
We meet every Monday at regular meetings. Dues are 5c per month for each student member, 2c per day over given "Due Day."
We put weekly contributions from each member in the bank for Christmas funds. Monday before

Christmas it will be drawn from the bank and given each pupil what he himself has saved for Christmas.
Room 6B News
We are going to try to make more money for the P.T.A. than any other room in school Thursday night at the Hallowe'en Carnival. Room mothers Mrs. Waheed, Mrs. Williams, Mrs. Kirk, and Mrs. Moylette are making plans for a big business at the sandwich and coffee stand and money table just inside the gym door on the west side. Boys and girls from 6B room will help operate the two stands and are planning on having a good time as well, at all the other booths. We invite each of you to come around to see us Thursday night and eat dinner (late),—you pay for the dinner.
Eighth Year News
Yea, Midgets! You played some good games in the past two weeks. Especially that one played at Haskell, when the pep squad went long!
We are very sorry that Mr. Wood has gone. We will miss him very much.
The eighth year class has a

Artists With Harley Sadler Show

The Farren Twins, Jimmy and Eddie Farren, radio stars and recording artists appear in person with Harley Sadler's famous tent show which will be in Munday on Saturday night, November 1, for one night only, under the auspices of the Munday Fire Department.

Some of the pupils who just missed the honor roll are: Patsy Massey, Noraline Moylette, Oleta Norman, Martha Ann Reynolds, and Lyndal Smith.
The eighth year class is looking forward to the Hallowe'en Carnival. They plan to sell ice cream in their booth Thursday night.

BIGGEST FOOD PRODUCTION PROGRAM

Biggest food production program in our nation's history is being organized this fall. National goals call for high record production of milk, cheese, poultry, eggs, meats, some fruits, and vegetables—in 1942. The farm plant is in best condition in years, livestock on farms and ranches are close to peak numbers and condition; even so, good weather and the all-out cooperation of farmers in making needed adjustments for national defense will be required to attain the national food production goals in 1942.

Fall harvests now being made assure dairymen, poultrymen, hog growers, cattlemen abundant feed for stock this winter. Feed and food granaries and warehouses are well stocked for winter need in our own country and for export requirements. Prices and income of farmers are around top prices for recent years. Increased consumer demand, the Government loans to farmers, and increased Government purchases under food for defense programs combine to spell the best economic outlook for farmers in many years.

Farm Income
Cash farm income from marketings and government payments in 1942 may approach 13 billion dollars. It compares with nearly 11 billion in 1941, slightly more than 9 billion in 1940 and less than 5 billion in 1932. Increased returns from the sale of farm products will be the result largely of higher average prices received in 1942 than in 1941, although a moderate increase in production—particularly in livestock and livestock products—also will contribute to the rise.

Food For Morale
"Perhaps you've been wondering about something that has been suggested many times in regard to our shipments of food to England," said Paul H. Appleby, under-secretary of agriculture, after his return from a tour of Britain to get first hand information on the food situation. "Why not send them vitamin pills and specially prepared concentrated foods which might be made, containing the proper balance of minerals and proteins and vitamins, all in very condensed form?"

"That might be done—and as a matter of fact, the British are using some concentrated foods for emergency rations during and after the blitzes. But for the day-to-day fare, those foods just won't do. Food is important, not only to keep up the energy of the British people, but also to keep up their morale—to keep them in the frame of mind which has brought them through the most severe punish-

ment a civilized population ever has taken.
"To keep up morale, it is essential that their habits of eating, and other habits of living, be disturbed as little as possible. The British worker wants his meat in the form of meat, and his cheese in the form of cheese—rather than in concentrated pellets or capsules. Our responsibility is to see that he gets them—in plenty."

Dairying
Production goal for 1942 is 125 billion pounds of milk. This compares with 117 billion pounds estimated output in 1941, and with 107 billion average for 1936-40. To get the desired increase in 1942 production will require an increase of about 4 per cent in milk production per cow above the record high level of 1941.
Of all the farm commodities of which increases are needed the most urgent need is for more milk. We need to consume more dairy products in this country for improved health and strength, and the British will need tremendous quantities of cheese, evaporated milk and dry skim milk. To reach the production goals for 1942 the greatest effort will be required in dairying.

Beef Cattle
The production goal for 1942 calls for a total slaughter of cattle and calves of about 28 million head. Slaughter in 1941 will be a

\$500 Reward

NEW YORK—A \$500 reward has been offered by the American Civil Liberties Union for the first person to supply information leading to the arrest, conviction and imprisonment of anyone who took part in the recent acts of violence against
JEHOVAH'S WITNESSES
Following the recent outburst of lawless opposition to the work of Jehovah's Witnesses, the Department of Justice has made a thorough investigation of the matter.
On July 3, 1940, J. Edgar Hoover, chief of the FBI at Washington, reported to the attorney general that FBI investigations prove that no connection exists between Jehovah's Witnesses and the Nazis. Then the attorney general announced that the Department of Justice will see to it that the rights of Jehovah's Witnesses to assemble and to carry on their activities among the people shall be safeguarded throughout the United States. This backs up the unanimous decision of the Supreme Court, May 20, 1940, which upheld the right of Jehovah's Witnesses to use the printed page and phonograph records to publicly proclaim God's kingdom and to expose His religious enemies.
—Paid Adv.

little over 25 million head. Average for the period 1936-40 was a little less than 25 million head.

Hogs
National goal for 1942 calls for the slaughter of 79.3 million hogs. This compares with 71 million slaughtered in 1941, and with 63.2 million average during the years 1936-40.

Cotton
National goal for 1942 is 22 to 24 million acres. This compares with 23.5 million acres planted in 1941, and with 27.9 million average for 1936-40.

Poultry Products
National production goal for 1942 calls for 4.0 billion dozen eggs. This compares with 3.7 billion dozen probable production in 1941, and 3.4 billion average for 1936-40. Goals include 750 million farm chickens to be marketed in 1942, compared with 680 million 1941, and 644 million in 1936-40.

You need not go to the city for eye-glasses. Dr. Ankerson can furnish you with any kind and style obtainable in any city and at prices that will please you.

Try this Tractor
ON YOUR OWN LAND!

TRY IT ON A HILLSIDE

You'll be surprised at the way the Ferguson System develops extra traction and tends to hold the front wheels to the ground.

TRY IT IN A TIGHT CORNER

Pick out a corner you couldn't work before. See how you can get right up to the fence with its unit implements and compact design.

SEE WHAT HAPPENS WHEN YOU HIT A HIDDEN OBSTRUCTION

Go into a hidden rock at full plowing speed. Nothing will be damaged . . . and you can clear it in only a second or two.

CHECK FUEL USED

Measure the small amount of fuel used for any job. See how the tractor's light weight and full use of power save on operating expenses.

CHANGE IMPLEMENTS

It takes only a minute or two to change implements. No heavy lifting or tugging. As easy as taking off a boot and putting it on again.

Call us today. We will bring a tractor right out to your farm

FIREMEN'S CARNIVAL

I GIVE YOU TEXAS

By Boyce House

Thoughts from great writers: Beauty is its own excuse for being. A good book is the precious lifeblood of a master spirit, embalmed and treasured up on purpose to a life beyond life. God made the country and man made the town. Man! Thou pendulum betwixt a smile and tear. A mother is a mother still, the holiest thing alive. To live in hearts we leave behind is not to die. People . . . Bruce Shulkey, assistant superintendent of Fort Worth schools, used to be Olney superintendent when I was editor of the Enterprise. He and I one evening set forth in a flivver for a program in a rural community. We had been talking about vehicles get-

ting out of control and he had told of a fellow who bought a motorcycle learned how to start it but not how to stop and so had to ride around town wildly for an hour until it ran out of gasoline. And then the motor of Shulkey's flivver began to race and he said "It's running away!" An elbow turn was just ahead and he switched off the ignition and we made the turn then to keep the machine from stopping he cut the engine back on; and after it started running away he switched it off, and so on till we reached a crossroads filling station where the owner found that a pin was missing, put one in and charged a whole dime—and the rest of the journey was uneventful. Governor Coke Stevenson presided over the House as speaker for two terms and over the Senate as Lieutenant Governor for a term and a half, more than 1,000 sessions in all, and not a single morning did a session start as much as a minute late. Which tells more than a book would as to the calm, systematic and steady nature of Coke Stevenson. George E. B. Peddy, Houston lawyer, once made a speech about a noted (or notorious) politician, of

whom Peddy said, "He is so accustomed to rottenness that he could thrust his proboscis into the snowy chalice of a lily and smell corruption there." * * * I'm in a lóder mood today And feel poetic, 2; 4 fun I'll just — off a line & send it off 2 U. I'm sorry you've been 6 0 long; Don't B disconsol8; But bear your ills with 42de, & they won't seem so gr8. Teach me that sixty minutes make one hour; sixteen ounces one pound; and one hundred cents one dollar. Help me to live so that I can lie down at night with a clear conscience, without a gun under my pillow, and unhaunted by the faces of those to whom I have brought pain. Grant that I may earn my meal ticket on the square, and that, in earning it, I may not stick the gaff in where it does not belong. Deafen me to the jingle of tainted money and the rustle of unholy skirts. Blind me to the faults of the other fellow, but reveal to me my own. Guide me so that each night when I look across the dinner table at my wife, who has been a blessing to me, I shall have nothing to conceal. Keep me young enough to laugh with my children. And when comes the smell of flowers, and the tread of soft steps, and the crunching of wheels out in front, make the ceremony short and the epitaph simply—Here Lies A Man!—Author Unknown. During World War No. 1 while the captured Garman fleet lay in Scapa Flow, an English quartermaster was posted on each vessel. To one of these, leaning over a rail, came a German sailor, who said, "I think nothing of your ships." When there was no reply, he continued, "And I think nothing of your officers," and then in disgust the prisoner spat over the

Oil Production Gift of \$72,250 To Go For Benefit of McMurry College

Abilene, Texas—McMurry College will collect \$72,250 from oil production over a period of several years through a gift from Mr. and Mrs. S. M. Jay of Abilene, patrons of the Methodist school since its founding. The donation represents payments in oil due from the sale of leases in Coleman county by Jay to States Oil corporation. Mr. Jay, co-owner of a local (Coca Cola) bottling plant, is chairman of the McMurry board of trustees. He is in his second tenure of that position, having served in the same capacity during the mid-thirties. Dr. Frank L. Turner, McMurry's president, announced that the gift would be administered for the benefit of the college by the board of trustees under the direction of Mr. and Mrs. Jay. Dr. Turner said the Abilene couple has been among McMurry's more liberal benefactors since the institution was established. "It is our belief," he said, "that this is the beginning of a series of large gifts from friends of the college." Leases on more than 1,000 acres of oil lands in the Silver Valley field of Coleman county were involved in the transaction benefiting McMurry. They were sold by Mr. Jay with part of the consideration to be paid in oil. States Oil corporation will pay the \$72,250 as the oil is produced. Three wells are producing on the acreage involved, each on a 10-year lease. The Englishman turned and said, "Now look here! I don't care what you think about our ships or our sailors or our officers, but don't you go spitting into our sea!" W. A. Hall of Benjamin was a business visitor here last Monday.

S. M. JAY

MRS. S. M. JAY

TO MEDICAL MEET
Dr. and Mrs. D. C. Eiland are in Oklahoma City, where they are attending a meeting of the Oklahoma Medical Association. They will return home Friday.
Mrs. C. C. Coates of Knox City spent the latter part of last week in the home of her son and daughter-in-law, Mr. and Mrs. Curtis Coates.
Lee R. Vernon of Weatherford was a business visitor in the city last Monday.
Mr. and Mrs. J. R. McGraw of Abilene and Mr. and Mrs. E. B. Richie of Albany were visitors in the home of Mr. and Mrs. Jimmie

Silman last Sunday.

Children live in a different world

...and the climate is 5 to 10 degrees colder!

THE FLOOR is the most popular winter playground. Have you ever asked yourself, "How is the climate down there?" So far as healthful comfort is concerned, it is a different world to floor level temperature than it is in the comfort zone in which grown-ups move about in the household.

In guarding your family's health against winter illness, give serious thought to proper heating. Give your floor the "toasty top." Near the temperature at floor level and compare it to the temperature at five-foot height. You'll find it to be 5 to 10 degrees COLDER at floor level, depending upon the manner in which you heat your home.

Heat your entire home and live all over it this winter. Provide adequate heat in every room and at all times avoid danger of uneven, unhealthful temperatures.

Lone Star Gas Co.
Supplying Natural Gas to Your Local Distributing Company

DON'T GIVE A COLD AN EVEN BREAK!

Fight the dangerous common cold this winter with these simple rules: (1) Don't "buddle" but provide comfortable temperatures in every room so that quick body-chilling changes will be avoided all winter. (2) Introduce sufficient warm air into the home through adequate ventilation. (3) Keep circulating doors open to that a natural circulation of warm air prevails from one room to another. (4) If you should "catch cold" consult your family doctor before it has an opportunity to undermine your health.

HEAT YOUR ENTIRE HOME FOR YOUR HEALTH'S SAKE

AWARD of Merit

These advertisements advising our customers on the use of gas service were selected among the best examples of public utility advertising during the past year.

(a message especially for mothers)

Yes Sir, he's "tops"!
...and his welfare is an important responsibility.

Children live in a different world

Children spend a great deal of time on the floor at temperature levels far below those at the "breathing line" of adults.

Because heat rises, room temperatures at floor levels are 5 to 10 degrees COOLER upon the manner in which your home is heated.

Don't give a cold an even break! See to it that temperatures at floor level are healthful during the winter season.

HEAT YOUR ENTIRE HOME FOR YOUR HEALTH'S SAKE

Lone Star Gas Co.
Supplying Natural Gas to Your Local Distributing Company

About a year ago when the above advertisements were published we did not know they would be judged among the best public utility advertisements of the year. However, we knew, beyond question, that the message they carried was of vital importance to our customers in safeguarding their family's health during the winter season.

With another winter approaching we urge you to review these two advertisements in the interest of your family's welfare. Apply the simple, logical formula of "Heating your entire home for your health's sake" as a protection against the dangers of winter illness. Play safe... DON'T GIVE A COMMON COLD AN EVEN BREAK!

LONE STAR GAS SYSTEM

TEXAS OUT-OF-DOORS

Austin—A venerable quail trap used by the ancient Indians of Mexico, used still later by the Spaniards and the present Mexican people, has found its way into Texas at last, and with modern trimmings may solve one of the big problems of Game Department field workers who trap quail in densely populated quail ranges and transplant them to quail restoration projects scattered virtually throughout the State.

The trap currently in use is commonly called a "box trap" and is baited to lure the birds within its walls. During the last quail trapping season Department field

workers using this method caught more than 600 quail, mostly blue quail of Southwest Texas, and as a result many depleted quail ranges were restocked.

Now it has been proven that the so-called "new" trap, which has been in use south of the border for perhaps hundreds of years, can snare 200 quail per day!

Briefly, here's how it works in its modern form: A V-shaped "corral" about 24 inches high is set up. The fence is made of ordinary poultry wire. At the little end of the V there is a small opening leading into a rather long but not very high pen. This is also made of wire. Bobwhite quail are eased into the "corral" and finally into the trap itself by automobile, never on foot, to avoid flushing the birds. But blue quail are easily forced into the trap on foot.

In the old days the Indians and later the Mexicans did not use wire in the construction of the trap. They piled vegetation or used plaited straw or other material for the two sides of the V, and likewise used plaited materials for the pen into which the birds were forced. In some parts of Mexico this old method is still in use.

The Game Department's Regional Game Manager for Southeast Texas, and his assistants, are still experimenting with the more productive quail trap, and hope to pen up over 1,000 quail this trapping season, which will start some time in November of December. The trapped quail can be released on areas being carefully managed by Game Managers and Field Biologists, in cooperation with landowners. Most of the quail trapping will be done in South Texas.

They're Real Sportsmen

Taken by and large, the fellows who hunt and fish are just about the best critters alive; and by and large, they will do all in their power to conserve and increase game so they will continue to have something to hunt and fish for. An outstanding example of this is to be found in Alto, Cherokee county. A delegation of sportsmen there has posted a \$25 reward for information leading to the arrest and conviction of anyone who uses explosives to get fish out of the Neches or Angelina rivers adjacent to Cherokee county, according to the Department's Game Supervisor of the area. It's been unlawful for years to use explosives to catch fish, and the Alto sportsmen, by posting the reward, are lending assistance to the Game Department in its effort to enforce the law.

Autos Kill Many Deer

Deer fatalities along the roads at night in the "hill country," where many curves in the road make it difficult for motorists to spot the animals in time, are reported numerous. Even on straight highways the kill is too large—this time the blame being placed squarely on the motorist. It is dangerous to drive at high speeds

"I'M NOT AFRAID NOW

City Drug Store

Baltimore Receives Exact Duplicate Of Original "Star Spangled Banner"

A huge flag which is the first exact duplicate of the original "Star Spangled Banner"—was presented to the city of Baltimore recently with impressive ceremonies and it is now preserved in the War Memorial Building there.

The original flag was flying above Fort McHenry during the attack on the city in September, 1814, and it inspired Francis Scott Key to write his immortal poem.

In the presence of representatives of historical and patriotic societies, and of the United States treasury, war and navy departments, and thousands of other persons, the duplicate was presented to the Hon. Howard W. Jackson, Mayor of Baltimore, in ceremonies at the War Memorial Plaza.

The presentation was made by George B. Sippel of Cincinnati, president of the Master Brewers Association of America on the occasion of its 35th Annual Convention. The ceremonies included an address by Arthur P. Sewell, curator of the "Flag House" on the history of the "Star Spangled Ban-

ner," the unfurling of the duplicate and singing of the anthem by an audience of thousands. Colonel Edwin Butcher, chief of staff of the Third Corps Area, represented the United States Army. At the conclusion of the program, the flag was carried through the crowd to the War Memorial by 12 young women, representing the Daughters of the Defenders. They were dressed in costumes of 1814.

The original flag was made by Mrs. Mary Young Pickersgill on the malling floor of a Baltimore brewery and, because of incorrect traditions regarding its size, no exact duplicate of it has been made until this year. The original specifications found in historical archives showed that the flag was 39 feet by 42 feet 2 inches and consisted of 15 stripes and 15 stars. The tattered remnants of the original flag are in the National Museum in Washington. It was riddled by shot and shell during the battle, and was preserved in the family of Major Armistead, the Fort's Commanding Officer until it was made a national relic.

ing and shelter for sixty million unfortunate Chinese people who are hungry, homeless and destitute as the result of the bombing of their cities and the invasion of their country."

"Morale building in China is just as important as building the Burma Road," Mr. Adams points out. "The United China Relief campaign will continue in Texas and I urge that those Texans who have not helped this most worthy and humane cause to do so without delay. Give your contributions to your local committee or, if there is no committee in your community, send your donation to Nathan Adams, First National Bank in Dallas.

Wide Appeal Is Being Made For China Relief

DALLAS—Critical conditions in the Orient which involve the United States add strength to the nation wide appeal in behalf of China which is now being voiced by the United China Relief organization, according to Nathan Adams, state chairman for United China Relief.

"The Chinese armies which still fight under the brave leadership of Chiang Kai-Shek are the only curb on Japanese invasion of Siberia and a naval attack on Singapore and perhaps the Philippines," says Mr. Adams. "We all know that the extension of Japanese aggression in the Far East means that America will inevitably be drawn into war with Japan. China is keeping the Japs fully occupied for the present, just as she has done the past four years, against overwhelming odds. Undoubtedly China's stubborn defense against Axis invasion by Hitler's partner nation has saved the lives of American soldiers and sailors. It is therefore imperative that we bolster up China's morale by supporting the United China Relief campaign which has as its purpose the providing of food, medicines, cloth-

Cattle Prices Are Steady For Auction Sale

The Munday Livestock Commission Co. reports a good run of cattle for last Tuesday's livestock auction, with all classes of cattle selling fully steady with last week.

Few hogs were offered for Tuesday's sale. Top hogs sold for \$10.40.

Beef bulls brought \$7 to \$7.50; butcher bulls, \$6.50 to \$7; beef cows, \$7 to \$7.50; butcher cows, \$5.75 to \$6.75; canners and cutters, \$3.50 to \$5.50; fat yearlings, \$9 to \$10.50; butcher yearlings, \$7.50 to \$8.50; fat calves, \$9.25 to \$10.50; butcher calves, \$7.25 to \$8.75; rannies, \$5.75 to \$6.75.

Buyers here for Tuesday's sale were Elmer Packing Co. and Adams Packing Co., Wichita Falls; Vernon Packing Co., Vernon; J. H. Bell, Fort Worth; Jim Cook, J. H. Lanier, and C. E. Merriman, Crowell; J. M. Bradberry, J. J. Denton, Keck Grocery and J. A. McCanties, Knox City; E. W. Hamby, Westover; Perry Woods and J. D. Gough, Seymour; Vester Bowman, Mr. Mooney, Van Thornton, C. L. Patton, and Charlie Haskin, Goree; Charlie Conner and L. H. Highnote, Haskell; Ike Furrh, Weinert; D. G. Griffith, C. R. Elliott, and E. R. Lowe, Munday, and Lee Smith, Knox City.

daily program. Here are some of them as outlined by Dr. Geo. W. Cox, State Health Officer.

"The average school child needs from 10-12 hours of sleep each night. A tired child nervous, irritable child who finds it hard to concentrate. Does your child have a bedtime that is early enough to insure an adequate amount of sleep?"

"Teachers complain that many of the children find it necessary to eat part of their lunch in the middle of the morning. A hungry child does not make a good student. Does your child have an adequate breakfast before he leaves for school?"

"A hot food in the middle of the day prevents fatigue and stimulates the appetite. If there are no provisions for hot food at school, the teacher should place a jar of food brought by the child in a pan of water to be heated and served at lunch time. Does your child have an adequate lunch, one which includes a hot dish?"

"A well nourished body must have certain necessary foods every day, such as milk, fruits, vegetables, whole grains, meat and eggs, and cod liver oil. Does your child have an evening meal which supplements the other meals of the day and provide the balance of the food needed during the day?"

Misses Jane Campbell, Sue, Jane, Bettye Lyle Stodghill and Mrs. J. L. Stodghill spent Thursday in Abilene.

Miss Elizabeth Mounce spent the week end visiting friends and relatives in Wichita Falls and Archer City.

WPA Executive: "If we don't figure out a way to spend two hundred and twenty million dollars, we will lose our jobs."

His Secretary: "How about a bridge over the Mississippi, length wise?"

Mother: "Jackie, dear, I see that Betty has the smaller apple. Did you give her her choice?"
Jackie: "Yes, ma, I told her she could have the smaller one or none at all, and she chose the smaller one."
Judge: "The idea of a man your size beating a poor, weak woman like that."
Prisoner: "But, Your Honor she keeps irritating me all the time."
Judge: "How does she irritate you?"
Prisoner: "Why, she keeps saying, 'hit me, beat me! Just hit me once, and I'll have you hauled up before that old reprobate of a judge, and see what he'll do with you.'"
Judge: "Discharged."

IT PAYS TO ADVERTISE

ANS. FINE-TEXTURED COTTON CLOTH CAN BE PRODUCED IN SO LIGHT A WEIGHT THAT 17 YARDS 40 INCHES WIDE REQUIRE ONLY 1 LB. OF COTTON. THE FAMOUS DECCA COTTON MUSLINS OF MEDIEVAL TIMES WERE SO LIGHT THAT 73 YARDS REQUIRED ONLY ONE POUND!

What You Should Know About Vitamins

Vitamins B3, B4 & B5 have not yet been identified, and their function in human metabolism has not been established. The value of vitamin B6 in human nutrition is not yet completely known. It is thought that the absence of vitamin B6 may be responsible for pellagra and has been tried experimentally in certain nervous diseases.

It is a white cluster of needles and melts at 150 degrees with decomposition. It is soluble in water, alcohol and acetone, slightly soluble in ether or chloroform.

Not being clearly established the unit and dosage of B3, B4, B5 and B6 has not been established.
