

# THE MUNDAY TIMES

VOLUME XXIII

MUNDAY, KNOX COUNTY, TEXAS, JANUARY 5, 1928.

Number 40.

## Bargain Day Rates Are Extended By Most Daily Papers

Most all of the daily newspapers have extended for a few days their holiday bargain rates, and until these low rates are withdrawn by the various daily newspapers the usual clubbing rates will be extended by this paper—that is—this paper will be sent in connection with any of the daily papers named here at an additional cost of one dollar to the reader.

The Wichita Record-News has authorized us to continue taking subscriptions at \$3.00 per year for a short time, however, Mr. Hagood, the circulation manager of this paper, states that this offer will likely be withdrawn at any time, and at the best will not be in force but a few days.

The Fort Worth Star-Telegram have withdrawn their regular bargain day rate, but are making an exceptionally low rate to all who wish the paper, and who failed to get in on the bargain day rate. The new rate is \$6.60 for the daily and Sunday paper from the date the subscription is received at Ft. Worth until December 1, 1928, or \$5.25 for the daily without Sunday for the same period. Please note that this does not cover an entire year, but to those who get their order in at once the rate is about as low as were the bargain day rates.

In looking over our subscription list we note that there are a large number who have not paid their subscription for the ensuing year, and to these we would urge that they do so at once, as we cannot carry delinquent subscribers and comply with postal regulations governing papers entered as second class mail matter, and will be compelled to drop all whose dates are not paid in advance.

Look up your date, which will be found opposite your name on your paper, or wrapper, and if you are not paid in advance, see us or mail in your check at once. The date given on your paper is the date to which you are paid. Thanks!

## Lee Haymes First To Announce For Office In Knox

Lee Haymes is the first to announce for public office in Knox county, he having authorized this paper to announce his candidacy for the office of Public Weigher of Precinct No. 6, subject to the action of the Democratic primaries.

Mr. Haymes needs no introduction to the citizenship of this part of the county, since he was practically reared in this community, and for a number of years has held the responsible position of bookkeeper for the Baker-Campbell Company here, and his long training in clerical work particularly fit him to perform the duties of this important office in a most capable manner, and he will give his very best to the discharge of the duties imposed upon him, and upon his qualifications and standing as a citizen of this community he asks that the voters of this community give his candidacy their consideration at the polls.

## GOOD BASKET BALL CARD FOR THIS WEEK END

Local basket ball fans and others from over the county who attend games here will be privileged to see some exciting contests on Friday and Saturday nights.

Friday night, January 6, the three local teams will be pitted against corresponding teams from Benjamin. At 7 o'clock the Munday H. S. girls will play the Benjamin H. S. girls. At 8 p. m. the Moguls will lock horns with Benjamin High and at 9 o'clock the local independent five will clash with the Benjamin independent.

On Saturday night Goree will furnish the opposition for the same three teams.

The basket ball season is now in full swing and good games will be arranged each week for the local community. Come out and get the thrill of a life time watching these exciting contests.

## W. A. Wyche Sells Interest In Wyche & Eiland Barber Shop

A deal was consummated and became effective on the first of the new year whereby W. A. Wyche has disposed of his interest in the Wyche & Eiland Barber Shop to his brother, E. C. Wyche of Waxahachie, Texas, and while the firm has been changed the firm name will remain the same.

Mr. E. C. Wyche has arrived in Munday and taken up his duties with the shop, and will be followed by his family about February 1st. He has been engaged in the barber business for a number of years at Waxahachie, and we are pleased to welcome him and his family to Munday.

Mr. W. A. Wyche will take another fling at farming, having purchased a good farm in Jones county near Anson, however Mrs. Wyche and the children will remain in Munday until the close of the school term.

## Tom Haney Winner of \$50.00 In Ford Car Arrival Contest

Tom Haney was the winner of the \$50 given by the Land Motor Company in December to the person guessing closest to the exact time the new Ford car would be placed on the show room floor. Mr. Haney's guess missing the exact time by only one hour, his guess being 7:30 p. m. December 23rd, while the car made its arrival just one hour earlier on the date. Mr. G. D. Jones of Goree was winner of second prize of \$25.00, his guess being 8:30 on December 23rd.

## DODGE INTRODUCES NEW VICTORY SIX

After eighteen months of development work, Dodge Brothers, Inc., has officially announced the Victory Six, a passenger car containing a number of marked innovations. It is long and low in appearance, capable of sustained high speeds, and is priced from \$1,045 to \$1,170; the standard sedan selling at \$1,095 f. o. b. Detroit.

Plans for 1928 at Dodge Brothers include the continuation of the Standard Four, equipped with 4-wheel brakes and priced at \$875 for the sedan, and the Senior Six, priced at \$1,595 for the sedan, in addition to the Victory Six. The Graham Brothers truck division, which has just completed the most prosperous year in its history, will continue to build commercial cars and trucks of five capacities; 2 ton, 1 1/2 ton, 1 ton, 3/4 ton and 1/2 ton.

## MISS RUTH GRAY AND L. R. WOOD ARE MARRIED

The marriage of Miss Ruth Gray and L. R. Wood was solemnized Saturday evening at 8 o'clock at the home of Rev. E. P. Surface, pastor of the Central Presbyterian church, and Mrs. Surface, with Rev. Surface reading the impressive ring ceremony in the presence of a few relatives and friends. The bride was wearing a smart green georgette frock with harmonizing accessories. The couple was unattended.

The bride is the daughter of Mr. and Mrs. W. E. Gray, 536 Peach street, and at the time of her marriage was a student in the Abilene high school. Mr. Wood is the son of Mr. and Mrs. L. R. Wood of this city and is connected with Bantau and Knott, tailors.

Mr. and Mrs. Wood are to be at home at the Griffin Apartment after January 1.—Abilene Morning News.

The bride in the above marriage is a daughter of Mr. and Mrs. W. E. Gray, for many years residents of this city, and Miss Ruth was practically reared in Munday, and her host of friends in this city will join with us in wishing for her a long and happy married life.

Dr. E. J. Burns has returned from Shreveport, La., where he went to attend a family reunion, and reports a most enjoyable visit with members of his family.

## Moss Johnson Died Friday At Ft. Worth After Long Illness

Following an illness extending over a period of about one year, Moss Johnson, pioneer citizen of the Munday country, passed away at the home of his son, Hardin Johnson, at Fort Worth on Friday evening of last week, according to a message received by relatives here, and Mr. and Mrs. A. J. V. Johnson and Mrs. A. C. Campbell left on Saturday to attend the funeral services at Fort Worth.

Deceased had been in failing health for about a year, and recently underwent a major operation in a Fort Worth hospital, but his condition was such that the skill of surgeons could prolong his life for only a brief period of time, and his condition continued to grow worse until the end came.

Mr. Johnson was about 58 years of age, and is survived by his wife and one daughter, Mrs. Nannie Brooks of Bowie, Texas, and one son, Hardin Johnson, of Fort Worth. He is also survived by a number of brothers, including A. J. V. Johnson of Munday and Mrs. A. C. Campbell of this city is a sister. He was one of the pioneer citizens of Munday, having come here with his parents, the late Uncle Jackie Johnson and wife, who were among the first settlers on Knox prairie, and resided here until some few years ago. For the past few years he had made his home in Oklahoma, and was carried from his home in that state to Fort Worth for surgical attention.

We join the entire community in extending our sympathy to the bereaved members of his household in their great sorrow.

Joe Spikes of Lamesa was here the latter part of the week visiting friends.

**LAUGHTER AND TEARS**  
By Aline Michaelis

Laughter and tears, these fill the years,  
Ceaseless the wheel of change;  
A day of sun, then joy is done,  
Life still is new and strange.

Gladness and grief alike are brief,  
And so the rain must fall;  
By sun alone no rose is grown,  
No lily waxes tall.

Yet winter days bring thoughts always  
Of life that sleeps below  
The stricken earth, of springtime mirth  
That dreams beneath the snow.

Though winter sees stark, leafless trees  
And prairie's barren breast,  
Wise nature knows in calm repose  
Her flowers take their rest.

And so in life dark days of strife,  
Its winter, storm and snow,  
But serve to bring the happy Spring  
And help the soul to grow.

**Operation and Organization of Farms 375 per cent**  
Maintenance of soil fertility 80; Crop rotation 40; Efficient use of man and horse labor 25; Crop yields 50; Living at home 50; Seed 25; Feed and care of livestock 25; Quality of livestock and poultry 25; Adequate tools, machinery and equipment, well housed and repaired 25; Large and uniform sized fields 15; Convenient farmstead arrangement 15.

**Business Methods and Ability 200 per cent**  
Relation of income to expense 100; Accounting methods 50; Business reputation 50.

**Appliances and Upkeep of Farm and Home 75 per cent**  
Repair and upkeep of buildings 25; Condition of fields, fences, ditches and rows 25; Appearance and condition of yard and lots 25.

**Adequacy of Farm Home Plant 100 per cent**  
Adequate size house for family 50; Convenience of working area 25; Sanitation 25.

**Home Life 150 per cent**  
Schooling of children 75; Family relationship 75; Neighborliness 25; Interest in schools 30; Interest in other community enterprises 25; Interest in local, state and national government 20.

Approximately 150 of Texas' best farmers from 57 counties were in competition for the coveted honor of being listed among the fifteen winners this year. The county agricultural agents and home demonstration agents working with local committees made the selections of the individual farmers in their respective counties. The contest was a most interesting one, and the results are as follows:

## Local Auto Salesman Is Winner in Sales Contest Covering State

J. W. Davy, salesman for the Bauman Motor Company, local Hudson-Essex dealers, received a letter and check for \$75.00 on Saturday of last week from the Ferguson Motor Company, state dealers for the Hudson-Essex line of automobiles, the check being awarded to Mr. Davy as a premium for leading all individual salesmen in the state in the number of sales made between December 1st and 15th, and the letter highly commended him for the excellent record made in winning this substantial prize.

In winning this prize Mr. Davy worked in competition with salesmen over the entire state of Texas, and when it is considered that many salesmen worked under much more favorable conditions than did Mr. Davy it can be understood that he exhibited no small degree of salesmanship in taking off first money in the matter of sales over the entire state during this period, and he is receiving congratulations from his many friends over his success.

The forty highest scoring farmers in the competition were visited by the district agents of the Extension Service and Paul Huey, Associate Editor of The Progressive Farmer, for the purpose of making a close study of the individual farms on which to base their report that guided the final committee in selecting the fifteen winners.

Many factors have entered into the success of these farmers. They have taken advantage of influences which stabilize farm production and insure a creditable earning power of the farm. They plant the best seed obtainable and have in their herds and flocks high producing individuals which receive the feed and care that enables the mo to procure most economical. Crop yields are kept at high levels by these Master Farmers by their use of improved seed, the intelligent use of commercial fertilizer, legumes, cover crops and crop rotation. None of them deplete their soils by continuous one-crop methods, as is evidenced by the fact that an average of only 40 per cent of their cultivated land is planted to cotton. They force those acres released from cotton to be profitable by growing feedstuffs, which are marketed through livestock.

No particular section of Texas seems to have a distinct advantage in the development of Master Farmers. They come this year as well as last from all corners of the state. Mr. Gary and Mr. Pounds from the Plains region and Mr. Cadwallader from El Paso represent what is usually termed West Texas. Central and North Texas have three winners—J. A. Moore of Dallas county; H. Rueter of McLennan, Cal McCurdy of Wise and R. F. Alfrey of Johnson. East Texas has three winners—Mr. R. F. Windham of Shelby, Mr. L. H. Hensarling of Madison and J. R. Wright of Morris county.

South Texas and the Rio Grande Valley are represented by John Impson of Bee, H. F. Wurzbach of Medina county, W. W. Dollahite of Blanco, A. M. White of Kerr county and M. F. Orr of Cameron county. Possible success has met the efforts of the men in the practices.

## New Year To Mark Beginning Building Program In Munday

That the year 1928 will bring about much building in Munday is already evidenced as at this time there are more buildings being planned for erection in the immediate future than were built throughout the entire year that has just come to a close.

Already the West Texas Utilities Company have under construction two modern five-room stucco residences on their properties adjoining and just east of the W. H. Chapman residence, which was recently purchased by them, and according to Mr. W. G. Ousley, district superintendent for the company, it is their intention to convert the vacant space between these residences and their new sub-station into a beautiful park, with bermuda grass and shrubbery, and it is planned to make this one of the beauty spots of the city. The residences will be occupied by employees of the company, as is the Chapman residence.

W. H. Chapman has purchased lots just south of the D. T. Mauldin home and will begin within the next few days upon the erection of a modern home here. This will be a seven-room residence and will be modern in every respect and will be one of the most attractive homes in the city when completed.

There are a number of other residences that will be built during the year, but we are not yet authorized to reveal where and by whom they are to be built, but we are safe in predicting that the year will witness the most substantial growth that the city has ever witnessed, and in addition to the building of a number of residences, there will likely be erected during the year additional business houses in good locations.

## E-B. Cash Grocery Is Successor To The Broach Cash Grocery

A deal was made and became effective on the first of the new year whereby the Broach Grocery and Market became the property of the E-B. Cash Grocery and Market. The new owner of the business being Edgar "Slosh" Jones, who returned to Munday some months ago from South America, where he has resided for a number of years.

The business will be under the active management of Bill Mabry, who is a pioneer in the grocery business in these parts, and who has announced that the business will be conducted along the cash and carry line, and will sell groceries and meats at lower prices than they can be sold at by concerns doing a credit business and maintaining delivery service.

Mr. Mabry will look after the market department of the store personally while Joe Rogers has been retained to look after the grocery department, and with these two capable men in charge there is no reason why this business should not enjoy a good business.

## Paralytic Stroke Is Fatal To O. L. Rouse, Funeral Wednesday

Oscar L. Rouse, a pioneer and highly respected citizen of Knox county, passed away on Tuesday at 2:00 o'clock p. m. at the Wichita Falls Clinic Hospital, where he had been carried some days previous, after having suffered a stroke of paralysis at his home near Benjamin, and funeral services were held at Benjamin on Wednesday afternoon at 2:00 p. m., after which interment was made in the Gillespie cemetery.

Mr. Rouse had been a residence of Knox county practically all his life and was held in high esteem by everyone who knew him, which includes practically every citizen of the county, and his untimely death has occasioned many expressions of regret throughout this portion of the county.

Deceased is survived by his wife and three daughters, Mrs. Orl Coffman of Goree, Mrs. Kathleen of Guthrie, Texas, and an eight year old daughter, Kathleen. He is also survived by three brothers, Ed and Ray Rouse of Sengraves, Texas, and Roland Rouse of Benjamin, and two sisters, Mrs. W. C. Johnson of Lamesa and Mrs. Albert Lagow of San Angelo, Texas.

This paper joins the entire citizenship of the county in expressing our great sorrow at the death of this excellent citizen, and we feel that the county has suffered a great loss in his going, and our sympathies go out to the bereaved wife and children, brothers and sisters, in their great sorrow.

## FIRE DOES DAMAGE TO HOME OF U. R. HOUSER

On Saturday afternoon of last week the fire department was summoned to the home of U. R. Houser in the north part of the city, where children playing with a christmas tree in the upper story had ignited the tree, and but for the heroic effort of Mrs. Houser in extinguishing the flames the home would have likely been destroyed or more seriously damaged. In fighting the flames Mrs. Houser received painful burns about the face and arms and inhaled a certain amount of flames, resulting in quite painful injuries, but she is getting along nicely. Damage to the home was estimated at about \$200.

## TO THE VOTERS OF KNOX COUNTY

I have tried to prove my appreciation of the confidence given me in 1926 by diligent service.

In addition to the routine of office work, and the supervision of the rural schools we are trying out suggested projects for the awakening of school interest.

These are the questions which have come to my office from the State Department of Education:

1. Do you have a school fair?
2. Have you tried a county annual?
3. Do you use the score card for securing standardization of the rural schools?
4. Have you had county-wide examinations and a county-wide graduation for the seventh grade?
5. Do you use the college entrance examinations for the schools not affiliated?
6. Do you have a Parent-Teacher Association in every district?

We had our first school fair in 1927, and it was splendid exhibit of school work. The fair will be repeated in April, 1928.

Our first county annual will go to the printer this month.

The score card is being used this year, and it seems possible that four schools will rank as "A" schools. The necessity for 160 school days will lower the rank of some.

It will not be possible to give county-wide examinations and have a county graduation for the seventh grade this year but we are making plans whereby this project may mature in 1929. The purpose of this project is to secure satisfactory entrance from the rural schools to the high school of the independent districts.

The college entrance examinations have been in effect for several years and will continue.

There is not a Parent-Teacher Association in every school district but the number has increased.

If you think that my efforts are worthy of continuance, I shall appreciate your support, and now make my announcement for re-election to the office of County Superintendent.

Yours sincerely,  
Mrs. Ethie Lee P. Pool.

## AT METHOLIST CHURCH SUNDAY, DECEMBER 8

All regular services at Methodist church—Sunday school 10 a. m. Preaching 11 a. m. and 7 p. m. Leagues 6:15 p. m.

Subject 11 a. m.: "Personal Responsibility of a Christian Life."

Everyone invited to worship with us any time, and all the time.

R. B. FREEMAN, Pastor.

Miss Dora Etta Manuel visited her friends in Munday during the holidays.

# Town Talk

Bob Hastings of Roby has been transferred to Munday and will be connected with that high line department of the West Texas Utilities Company.

Heartsill Hardegreer left on last Saturday afternoon for Brownwood, Texas, where he goes to assist in the opening of another branch store for the Lovelace Drug Company. He will remain there for some weeks helping in arranging the stocks and getting things started off, after which he will return to the Munday store.

Cecil Blanton, who for some months has been working in a drug store at San Angelo, has accepted a position with the Eiland Drug Company at Weimert, and went to Weimert to assume his new duties.

Mr. W. B. Britton and family of Hamblin have moved to Munday to make their home. Mr. Britton is associated with the West Texas Utilities Company and will serve with W. B. Gibson in keeping the hot lines throughout this district in good condition, and Munday is always glad to welcome the utility folks to this city.

Chas. and Nellie Farrington and William Fritz left on Sunday night for Austin, to resume their studies in the University of Texas.

Gaynor S. Kendall, left on Sunday night for Wichita Falls to resume his studies in the Junior college there.

Robert Newsom and Chas. Eiland left on Monday morning for Austin, where they will resume their studies in the University of Texas.

Tom Webb has accepted a position with the West Texas Utilities Company and will assist Pippin in answering trouble calls et cetera.

E. B. Tull and son, E. B. Jr. of Waco, were here the latter part of last week shaking hands with friends and looking after business matters. Mr. Tull has recently purchased his old home place in Waco, which he built some ten years ago, and states that he expects to make his permanent home in that city, but will retain his business interests in Munday, as he has implicit faith in the future development of this city, and will likely build additional rental property in Munday during 1928.

Miss Grace Nelson, county home demonstration agent, has returned from Comanche county, where she spent the Christmas holidays with relatives and friends.

Mrs. Steve Smith and son, Jimmie, returned from Winnsboro, Texas, where they spent the Christmas holidays with her parents, Mr. and Mrs. J. R. Culbertson.

Miss Bertha Manuel returned from Jayton after spending a few days with her father there. She was accompanied by her sister, Ruby, who will again take up the work in Munday high school.

Jim Perdue of Roby, Texas, has been transferred to Munday as load dispatcher for the West Texas Utilities Company, succeeding Bud Reynolds, who has been assigned the task of making an extensive survey over the entire district.

Mr. and Mrs. Frank Albright were here during the holidays visiting her parents, Mr. and Mrs. W. C. Bevers, and was accompanied to their home at Wichita Falls by Mrs. Bevers and children, who spent a week visiting there.

Mr. and Mrs. Wilbur Morrison have returned to their home at Faxon, Okla., after spending the holidays with her parents, Mr. and Mrs. T. I. Phillips.

Miss Gladys Johnston has returned from Portales, New Mexico, where she went to spend the holidays with her mother and other relatives.

W. W. McCarty and son, Stanley, left the latter part of last week for Chicago, where Stanley will enter school to learn the watchmaker's trade.

Mr. and Mrs. E. Y. Cornelius have returned to their home at Dallas after spending some days here visiting her parents, Mr. and Mrs. A. E. Whittemore.

Mrs. E. E. Akers and daughter, Mrs. J. M. Macon, left on Wednesday for Gorman.

Mrs. Bill Clark of Coache, Oklahoma, was here during the holidays visiting her parents, Mr. and Mrs. T. I. Phillips.

Miss Lois Wyche returned Tuesday to Denton to resume her studies in the College of Industrial Arts.

Joe Lynn Mayes of Henrietta, Texas, was here during the holidays visiting his father, C. L. Mayes, and shaking hands with his many friends.

Miss Lois Bowden left Wednesday for Abilene where she will visit relatives and friends for several days.

J. Doyle Cearley spent the holidays with friends and relatives at Abilene.

LOVE AND HATRED SURGE IN STUPENDOUS WAR TIME EPIC

The war from the human angle, not as the guns saw it, not as the soldiers in the trenches gazed upon it stark-eyed.

Such a story is presented in the remarkable Paramount motion picture "Barbed Wire," which opens at the Peoples Theatre Monday.

The new Pola Negri starring vehicle has met with nothing short of an ovation everywhere it has shown; critics and audiences hail it as the greatest thing that the exotic Polish star has ever done; greater even "Hotel Imperial," her recent sensational hit.

Production of "Barbed Wire" was in the hands of Erich Pommer, who guided "Hotel Imperial" to the screen, and Rowland V. Lee, Pommer is the Continental film master who made "Variety" and "The Last Laugh." Lee, who also directed the current picture, is skilled alike in American production methods and European technique.

"Barbed Wire" Approaches the war from behind the lines. It tells of first the hatred and then the love of Mona, a Normanandy farm girl, for a German soldier in a prison camp.

Clive Brook, Paramount leading man is cast as Oskar; Claude Gillingwater plays the Father; Einar Hanson is the Brother and Clyde Cook has the comedy relief. Gustav von Seyffertitz has the heavy role. Others in the cast are: Charles Lane, Norman Peck and Ben Hendricks, Jr. The story is an adaptation of Hall Caine's famous novel, "The Woman of Knockaloe." The screen translation was made by Jules Furthman.

Dr. E. M. Roberts, Jr. DENTIST Office Over Eiland Drug Store

## NEW TERM JUST STARTING

Make sure of a good position within a few weeks by beginning the world-famous Draughton Training NOW. More calls than graduates—scores of positions every month. Write today for Catalog M and Special Holiday Offer. Address Draughton's College, Abilene, Dallas, or Wichita Falls, Texas.

## What Dr. Caldwell Learned in 47 Years Practice

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time regardless of how much one tries to avoid it. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the most delicate system and is not a habit forming preparation. Syrup Pepsin is pleasant-tasting, and regulates low it. It does not grip. Thousands of mothers have written us to that effect.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for human beings to put into habit system. In a practice of 47 years he never saw any reason for their use when a medicine like Syrup Pepsin will empty the bowels just as promptly, more cleanly and gently, without griping and harm to the system. Keep free from constipation! It robs your strength, hinders your arteries and hinders on premature old age. Do not let a day go by without a bowel movement. Do not sit and brood, but go to a drug store and get one of the numerous bottles of Dr. Caldwell's Syrup Pepsin. Take the proper dose that night and by morning you will feel like a different person. The Syrup Pepsin for

Dr. J. C. Caldwell, M.D. AT AGE 83

yourself and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, head-aches, and to break up livers and colic. Always have a bottle in the house, and observe these three rules of health: Keep the head cool, the feet warm, the bowels open. We would be glad to have you prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid a FREE SAMPLE BOTTLE.

## NOTICE

I have sold the business of Broach Grocery and Market and take this method of extending my sincere thanks to all who have given this store their patronage. All who have notes and accounts payable to Broach Grocery and Market will please call at the store and make settlement, as I wish to close up all matters pertaining to the business at the earliest possible time.

## MASTER FARMERS OF 1927 ANNOUNCED

Continued from front page) management of their farms. Their farms have in every case paid a good dividend on the investment as well as producing enough to supply modern home conveniences. Paul Huey, Associate Editor of The Progressive Farmer, in giving a summary of conditions found on these farms, states that the average acreage per farm is 423 with an average of 207 acres in cultivation. The average total investment per farm \$47,660. An average net income of 9.1

per cent has been produced by these men over a period of years through their sound farm practices," continued Mr. Huey. "They have an average of 12 dairy cows, 4 brood sows, 120 standard-bred hens and 18 beef cows per farm. Some of these are more or less specializing with a large number of some class of livestock but these figures represent the average of

the fifteen farms. Modern home conveniences in the form of light plants, bath-room fixtures, radios, electric fixtures and labor-saving devices of various kinds to lighten the burden of the wives are found in the homes. Thirteen of the 15 have light plants, 13 have sewage and bathing facilities and 10 have radios in their homes.

These men and their wives will be the guests of The Progressive Farmer at the Master Farmer banquet to be given in their honor at Dallas, January 16, 1928. At this time they will also be awarded gold medals and be taken into the membership of the Master Farmer Association of Texas, of which W. F. Lowe of Plainview, a Master Farmer of 1926, is president.

## Announcement of Business Change

We wish to announce that we have purchased the business of the Broach Grocery and Market and will conduct the business at the same stand, however, the business will be conducted along different lines than in the past, as it will be our policy to sell for cash only, and no delivery service will be maintained.

By elimination of losses which are inevitable where charge accounts are made, and reduction in operating expenses by the elimination of delivery costs, we will be enabled to sell you groceries at less than they could possibly be sold under the old system, and it will be strictly upon the merit of our goods and the prices at which they are sold that we solicit your patronage.

The grocery and market will be operated in the most sanitary manner, and will at all times be subject to inspection by the most critical. It will be our aim to render our patrons a merchandising service in our line just a little different—and we believe just a little better, and we are facing the future with the hope that we shall be accorded the privilege of serving you during the year that is just beginning.

## E-B Cash Grocery and Market

WILL MABRY, Manager

## Announcing The VICTORY SIX BY DODGE BROTHERS

The Victory is radically new, radically different and thoroughly original—is literally years ahead of its time in many vital features.

It compares with no other car or class, because NO car, either here or abroad, provides features that are comparable. To enjoy these advantages you must buy THIS car, for elsewhere they simply do not exist.

### Revolutionary New Principles of Design

1. For the first time since the invention of the automobile, the chassis and body of The Victory are a single integral unit—the wide, deep Victory chassis frame, flush with the lines of the body, replaces the customary body sills. (Heretofore, the body was mounted on a sill and both in turn mounted on the chassis.)

2. For the first time in history, battle-proof construction (i. e., double steel walls) is here applied to the motor car.

### Spectacular Performance

The results of these, and other basic innovations are astonishing in their effect on every phase of motor car value; beauty, comfort, safety, strength and most impressive and important of all—performance itself.

With chassis and body a single unit, there are 330 fewer parts—175 pounds less weight—and an extremely low center of gravity.

The results are greater motor efficiency—increased power—quicker pick-up—reduced fuel consumption—greater stability and flexibility in relation to load—an easier car to handle—a faster car to drive!

Drive over cobbles and await the usual discomfort—it will never occur! The Victory is the smoothest riding car, for its type, ever built.

Tune in for Dodge Brothers Radio Program every Thursday Night, 7 to 7:30 (Central Time) NBC Red Network.

**Mrs. Tate Honors Guests With Bridge Luncheon.**

One of the prettiest affairs of the holiday season was given last Friday, when Mrs. G. W. Tate, assisted by her daughter, Miss Annie Matt, entertained with a bridge luncheon in her home on Main street, honoring the Misses Johnsons and Miss Annie Laurie May of Hamlin.

The entertaining rooms were pretty with decorations of mistletoe, poinsettias and pot plants. The table appointments also featured the Christmas motifs. Miss Delphine Hendrix gave a toast which was followed by response from Miss Annie Laurie May, after this first course was served Mrs. Olga Terry Walters sang several selections, and after second course, Mrs. Joe Davis sang.

Following the four course luncheon bridge and forty-two was the diversion with high score for bridge going to Miss Thelma Atkinson and high score for "42" going to Miss Onet aBlanton.

Guests enjoying this lovely affair were Misses Onita Blanton, Delphine Hendrix, Madge and Mauryee Smith, Lucy Martin, of Haskell; Vivian Rogers, Helen Smith, Thelma, Kathleen and Francis Atkinson, Mary Langford, Mildred Guinn, and Mesdames Joe Davis, Lee, Olga Walters, Mmes. W. J. Johnson, Guy McNeel and J. W. Ezell of Hamlin, Miss Janie May Johnson of Sioux Falls, South Dakota; Miss Annie Laurie Johnson of Fairfax, Oklahoma, Miss Corrie Johnson of Norman, Okla., Miss Annie Laurie May of Hamlin.

**McBEE-WILLIAMS**

On Friday of last week Mr. Clifton Williams and Miss Alayne McBee were united in marriage, the details of which we have not learned, but we hasten to wish for them a long and happy married life.

The bride is a daughter of Mr. J. H. McBee, who has been associated for some weeks with the Loveless Drug Company as pharmacist, and came here with her father from Amarillo, where they had made their home for a number of years, and since coming to Munday she had been a very popular member of the student body in the Munday High School.

The groom is a son of Mr. and Mrs. Walter Williams and was reared in this community.

**Quail Banquet Tendered Methodist Stewards.**

The Rev. and Mrs. R. B. Freeman were hosts to the board of stewards on Friday evening of last week, at which time a quail supper was enjoyed. All members of the board with the exception of D. E. Holder were present and report a most enjoyable evening. The menu consisted of fried quail, hot biscuits, cream gravy, creamed peas, mashed potatoes, cranberry sauce, ice cream and angel food cake, and it is said by certain members of the party that a Methodist layman's fried chicken capacity is exceeded only by his capacity for fried quail, and the Rev. Freeman being an enthusiastic quail hunter, there remains very little likelihood that the board of stewards will have to revert to fried chicken so long as he is pastor.

**The Wise Friend**

Once upon a time—and not very long ago—there was a brother and sister who had a friend. A very special friend he was, who told them stories about men who flew through the skies over far-flung spaces of the earth; of the boys and girls who had thrilling and mysterious adventures; of others who had most unusual situations confront them. Yet managed to come through their tests with steadfast and courageous hearts; of wild animals in deep jungles—how they lived, hunted, and died. Such a host of things did their good friend tell them of, and how interestingly he told them!

Came the time when their friend moved away to another town. Brother and sister were saddened by his going, for they knew they would miss his cheery smile and the wonderful stories and amusing anecdotes

he was so fond of telling them. Then one day the postman brought them a letter from their friend, which he told them he was sending them The Youth's Companion so that they would not forget him, and that in it they would find just the sort of stories they had so much enjoyed hearing him tell.

And sure enough, a day or two later the magazine arrived, and brother and sister found that it truly did have just such wonderful stories of adventure and sport and mystery, and just such jokes as they loved so well. And every time that a new number of The Youth's Companion arrived, they wrote a note to their friend and told him how much pleasure the magazine gave them.

You, too, may have just that same pleasure, or give that pleasure, by means of a subscription to The Youth's Companion. Subscribers will receive:

1. The Youth's Companion—12 big monthly issues in 1928, and
2. Two extra numbers of new subscribers ordering within 30 days.

All for only \$2.

3. The Companion's new book of humor "1001 One Minute Stories" also include FREE (send 10 cents to cover postage and handling.)

**THE YOUTH'S COMPANION**

S. N. Dept. Boston, Mass.

Subscriptions Received at this Office.

Uncle Henry Langford, whose smiling countenance has so long graced the apothecary shop known as The Rexall Store, has transferred the scene of his activities to that of the Loveless Drug Company, where he will continue in his frantic efforts to alleviate the suffering of all mankind, and where he will be glad to meet his old friends—and new ones.

STRAYED from my place in town, one dark fawn colored Jersey cow, branded "R" on hip. Any information will be appreciated.—Fred Broach.

**COWBOY BAND WILL PRESENT CREATOR'S BAND JANUARY 11TH**

Director D. O. Wiley of the Cowboy band will return to resume charge of the band January 1, according to telegram received in Abilene this week.

Mr. Wiley has been studying this season under the master director, H. A. Vandercook, and coming direct from him, he will put new life and spirit into his men.

Mr. Wiley came to Simmons from the Midland Junior College as head of the violin department of that school. His musical career started at the age of six years when he began the study

of the violin in Graham, Texas. It was through his practice in that branch of music that the famous band conductor learned to listen to all the sounds in a musical selection, a requirement which is very essential to the successful band or orchestra director.

Upon finishing the Graham High School, and after spending several summers with violin masters, Mr. Wiley went to the Midland school as head of the violin department. From 1922 through the past year Mr. Wiley headed the Violin department of Simmons University, in addition to his work with the Cowboy Band.

Returning from his leave of absence, Mr. Wiley will devote his entire time to the building of a bigger and better Cowboy Band, and to the establishment in Simmons a school of band music.

During Mr. Wiley's absence, the Cowboys have been under the able direction of Frank Rainwater, cornet soloist of the band. Mr. Rainwater has been with the best bands of America and played solo cornet overseas during the war. With the Cowboys last year on their concert tours, his solos were highly praised.

The Cowboys have a full program for the coming two terms, according to G. B. Sanderfer, the manager, to whom great praise is due for the success of the band.

On January 6, Mr. Newsom, the famous Indian fighter will present under the auspices of the band his three Kiwan Indians, including Chief Woman, Woman Heart in a concert and entertainment. These men being the first Indian duet ever presented in America.

On January 11, Creator is presenting his wonderful band under the auspices of the Cowboys. This is one of the best

bands in the United States and has been highly praised in the East and in California. He is also scheduled to play seven weeks this summer at the famous Million Dollar Steel Pier at Atlantic City.

During the winter term a tour of Northwest Texas is to be made including concerts in Wichita Falls, Paducah and Spur, and during the spring term for the Cowboys, the official band for life of the United Confederate Veterans will travel to Little Rock to the Reunion.

The Cowboy band has been built on the undying spirit of College men and is professional in tone and execution only. Contrary to the popular belief, the phenomenal growth of the band has been in the last five years. From a small ten-piece organization to a regularly incorporated company of more than fifty pieces is the gist of the story of one of West Texas most unique and popular companies.

Following the attempt to get the band on its feet after the war, Professor D. O. Wiley took charge of the organization in the fall in 1922.

In 1923 when in San Angelo at a Chamber of Commerce Convention, the college band appeared picturesquely dressed in cowboy regalia, the idea matured to organize the band and incorporate it.

A board of responsible directors was chosen and the band started on a "fantastic shoe-string."

The boys started with pep, spirit and determination and with a director who knew boys and with music D. O. Wiley. Like a bunch of country baseball players, they would get a job to play for some country fair or booster trip, or go without a job and get there the best way possible. Often the old bandmen sit around and laugh about the times that they caught rides and went hungry, but the Cowboys were always there and ready to do anything they could to put the event over.

The interest in the band was kept up by numerous parades, and much credit in the respect is due Y. P. Kuhn, drum major, whom bandmen say has no equal. Then came the time when engagements sought the Cowboys.

In the past the Cowboys have toured Texas four times, attended the Roswell Cotton Carnival two years, played for the inauguration of Governor Moody, represented Amarillo at the Texas and Southwestern Cattlemen's association in El Paso, played numerous little jobs and traveled to Birning-

ham and Tamja, Florida to the reunions of the United Confederate Veterans, of which the Cowboy Band is the official for life. They have traveled in fifteen states and an approximate of forty thousand miles.

The spirit of the band is insurmountable. "We believe our director and drum-major are the best in the world" is the

subject for one sign in the band room and "if there is a man in the Famous Cowboy Band that would bring reproach on our band or University, he had better get out before he gets put out, is another.

With the old director back and a new inspiration present, the Cowboy Band will be better than ever.

**CHEVROLET**  
**Bigger and Better**

See the **New Chevrolet** now on display!

Today, Chevrolet presents the crowning triumph of sixteen years' continuous progress—a great new automobile so impressive in appearance, performance and staunchness that it marks the opening of a new era of luxurious transportation at low cost.

Built on a 107-inch wheelbase—4 inches longer than before—the Bigger and Better Chevrolet is impressively large, low and racy. Its new Fisher Bodies are finished in new Duco colors and offer rich new upholstery and handsome appointments. Its improved valve-in-head engine has numerous impressive features such as alloy "invarstrut" pistons, hydro-laminated camshaft gears, mushroom type valve tappets, AC oil filter and AC air cleaner. The chassis also has been redesigned. As a result, the new Chevrolet provides delightful smoothness throughout the entire speed range—a wide margin of power for hills—

click-of-the-heel acceleration—the ability to maintain 50, 55 and 60 miles an hour without the slightest sense of forcing or fatigue—the safety of four-wheel brakes—the steering ease that can only result from a ball bearing worm and gear steering mechanism—and comfort over all roads at all speeds due to semi-elliptic shock absorber springs—84% of the wheelbase.

Come in—see the car—and learn how Chevrolet has again electrified America by creating a bigger and better motor car and offering it at prices so low as to be actually amazing!

Every feature of advanced design demanded in the finest cars now offered in the New Chevrolet! Read this partial list.

- Improved valve-in-head motor.
- New stronger frame 4" longer wheelbase 107".
- Thermoset control cooling system.
- New alloy "invarstrut" pistons.
- New instrument panel, indirectly lighted.
- New two-port exhaust.
- New ball bearing worm and gear steering.
- Semi-elliptic shock absorber springs 84% of wheelbase.
- Safety gasoline tank at rear.
- Larger balloon tires 30" x 4.50".
- New streamline bodies by Fisher.
- Alumite grease lubrication.
- New Duco colors.
- AC oil filter.
- AC air cleaner.
- Single-plate dry disc-clutch.
- New crankcase breathing system.
- Heavy one-piece full-crown fenders.
- Vacuum tank fuel supply.
- Improved Delco-Remy Distributor ignition.
- Combination tail and stop light.
- Large 17" steering wheel, spark and throttle levers located at top.
- Fisher "V" one-piece windshield on closed models.
- Automatic windshield wipers on closed models.
- Semi-floating rear axle.
- and 4-Wheel Brakes

# The Roundhouse

Munday, Knox County, Texas, January 5, 1928.

Vol. 2

No. 15

Editor-in-Chief Oneita Blanton  
Athletic Editor W. A. Wych  
Jose Editor Ariene Kendall  
Senior Reporter Annie Matt Tate  
Junior Reporter Joe Aycock  
Sophomore Reporter Chandler Hughes  
Freshman Reporter Hazel Deane Eiland

The holidays are over, and the classes have again assembled to resume their studies. Some of us are glad, others are not.

After such a long Christmas vacation, we ought to be able to study with a much greater zest than before, and we are sure that the teachers are prepared to teach us equally as well, but to teach better seems hardly possible.

The "Roundhouse" staff was not permitted to wish each of you a Merry Christmas and a Happy New Year, because we did not know which issue would be the last before the holidays. Although it is too late to wish you Christmas cheer, the staff, expressing the sentiments of the teachers and entire student body, wishes you much happiness and prosperity in the New Year.

Lloyd Bowden, a student in Simmons University, was a visitor in high school Monday. We are always glad to have any former student of Munday high school visit us, and are very sorry that most of the Seniors of '27, who are in school, had to return before paying their old class rooms and schoolmates a visit.

Cecil Blanton, a Senior of '27, also visited the high school Monday morning. Cecil has not been attending school but has been working in San Angelo since June. He will go from here to Weimert where he has been employed by Eiland's Drug Store of that city.

Mr. and Mrs. J. E. Rhodes and Miss Rhodes went to Grand Saline to spend the Christmas holidays with their parents. They reported having had a very delightful trip, but, of course, they became homesick for Munday long before the two weeks had passed. They left here Friday, December 14. When questioned about so early a departure, Mr. Rhodes said that "the girls" were anxious to get home. We wonder if the "little fox" felt the same way about it?

Miss Compton went to Llan for the holidays. When she got back "seeing the funny side" she realized how foolish a girl she has been, in the run of New Year's resolutions she has made in that she will not spend so much money. She has got sympathy in carrying out this. She also visited Mr. Worth, Weatherford and Dallas. She has been telling the Seniors what the Worth Theatre is. To her and most of us, it is the most gorgeous and majestic building that she has ever seen.

Miss Mills spent the holidays with her parents in Columbus, Texas. She reports a most enjoyable trip and says the only unpleasant thing about it was the fact that it is so far from Munday.

Mr. Standley spent the holidays in Lovelady and other points between Houston and Palestine. Mrs. Standley visited in the home of her parents at Santa Anna. Mr. Standley asserts that Lovelady is the best little town in the state. He surely must mean with the exception of Munday, however.

Seniors  
After a two weeks vacation, we all have the intention of putting more vim into our work. No senior was so narrow-minded as to let the thought of mid-term examinations mar his Christmas vacation but we are all ready to start back to work, and we are old enough to feel the necessity of studying hard the next five months in order to graduate with the required number of credits.

We are indeed glad to have our old class-mate, Ruby Mangel back with us. About six weeks ago, Ruby moved to Jayton, but the call of Munday High was so great she could not resist it, so she came in Monday morning and requested that her old seat be given back to her.

Thelma Newsom also visited in Abilene during the past holidays. She saw a number of her old friends and acquaintances. She said she had a pleasant time.

Francis Atkinson was a visitor in Wichita Falls part of the holidays. No doubt she had a real nice time. "Pan" always does!

Madge and Mauryse Smith twice visited in Wichita. They did some shopping for Santa Claus. Santa was good to both of them as Mauryse says.

Colla Lawrence was a visitor in Ft. Worth, while Santa Claus was delivering his toys he found him after a long search.

Myrl Lowe, last but not least, spent Christmas with her parents, and she also visited in Wichita Falls.

Now the holidays are over, but—? mid-term examinations are almost upon us! We're going to have to work now!

**Freshmen**  
The Freshmen class has elected for its president, Gilbert Myers. This office was left vacant by Elmo Wilson. We believe that Gilbert is competent for the office and can fill it as perfectly as Elmo did. After we had elected Gilbert for our president, our next thought was to find a way to enlarge our treasury. After several ways had been suggested, we voted on them. The plan that we adopted was this: Every Freshman who wants to have a part in our government, to come to our business meetings, and to our social activities must pay 15c every month.

The Freshmen were to go to the show on Christmas eve night. We were to go in couples and the girls were to ask their partners. Sad to say, there was only one or two couples there.

Misses Lillian McGlothlin and Louise Atkinson spent a week of their Christmas vacation in Benjamin visiting Lillian's brother.

Grace Hutchens spent the Christmas holidays with her grandfather and other relatives at Grapevine.

Joe Aycock spent the holidays in Lamesa. He reported a very pleasant time while there and hopes to go back again.

W. A. Wych visited in Anson during the holidays and of course had lots of fun.

Earl Pruitt visited in Haskell during the holidays. He didn't stay long and he said he was anxious for school to start.

Earl Pruitt ("Lily" for short) journeyed to Jewett and Stamford while enjoying the holidays. Of course, he had a real time.

Virgil Crain spent part of his holidays in the city of Truscott. We are sure he had a nice time. Yes—Santa Claus came to see him.

J. Doyle Coarty was a visitor in Abilene while enjoying the holidays. He got lost but finally found the way back home.

Old Santa Claus came to see all the Freshmen, for they had been good boys and girls. However, if he did not come to see bad boys and girls, we are afraid the Sophs. are feeling slighted.

Howard Kyle has moved to San Angelo. He left Monday morning. He was the chief one to get his "tickle-box" turned over and then start us all laughing. We are indeed sorry to have him leave.

Lela Brock spent a week in Vernon visiting relatives. She reports a very good time.

**Sophs**  
What's the use of crying. What's the use of sighing? We've got to go to school. 'Cox that's our golden rule.

No doubt everyone of us had a dandy good time during the Christmas holidays. And now we are back on the job of learning again. It did not seem right to get up early Monday morning because most of us have been getting up about lunch time the past two weeks. But some how or other we had enough grit to get out of that warm bed into the freezing cold weather, and come to school. Although we can see that all this is not done uselessly, because some day we will be repaid.

We are going to try to make '28 what it should be. So watch our step.

Lucille spent the holidays at Gorse and Grasshopper.

Clara brought home some bacon from her hunt in the wild jungles of Knox county. The game consisted of two hares (rabbits).

J. C. and Earl went hunting and had good luck as they killed a cottontail and nine quails.

Christine plans to visit in Winters pretty soon.

Belva spent part of the holidays at Knox City.

Madeline went to Truscott and Wichita Falls during the holidays.

Helen had company this Christmas.

Naomi and Arlene went hunting Christmas. Naomi can tell you how to shoot a shot gun or

with you, but I absolutely refuse to park on the way."

Waiter: "Will you have some pie?"  
Mr. Palmer: "Is it compulsory?"  
Waiter: "No, it's apple."

Joe (eager youth): "One kiss from you and I could die happily."  
Fern (bored): "Well, here's brain."

Another one of our classmates, Christina Richards, has departed from us. She has moved to Seymour. We are very sorry to lose her from our gang, and we wish her success in the rest of her school life.

We Sophs are all loyal to our class as none of us got tied in a knot (married), but it was not because we did not have the chance, for several were given the opportunity.

J. C. was not disappointed this year as 'ole St. Nicholas came and brought him a pop gun.

Bonnie had a Merry Christmas, and Happy New Year, at home. She also had as a visitor, part of the time, E. B. Tull, Jr. E. B. is one of our old classmates, so you see Bonnie was not the only one glad to see him.

Maxine Pendleton, another one of our old class-mates, spent Christmas holidays visiting friends here.

Elkin and Roy Warren spent their Christmas holidays at Edwards, Oklahoma.

Sara Smith went home during the holidays. She lives near the city of Gorse.

Lillian Vassar went to Haskell Christmas.

Earl stayed close at home and waited for Santa Claus.

Faye Edwards spent Christmas holidays visiting relatives in Lubbock and reports a most wonderful time.

**'N We Laughed**

Miss Compton: "Bonnie, you must put another plate at the table. An unexpected guest has arrived."  
Bonnie: "But, I can't. Miss Compton, there is no more china."  
Miss Compton: "Oh, that's all right. They'll be so close together they won't know one plate from another, anyhow."

Chandler: "But, Christine, don't you trust me?"  
Christine: "Yes, Chandler, I'll go to the ends of the earth

your kiss."  
Sebern: "Don't get fresh or I'll chase you home."  
Virgil: "But maybe I haven't any home."  
Sebern: "Then watch out or I'll dig you one."  
Otis: "Did you know that I was a cave man?"  
Ora Lee: "Oh, yes, it's obvious. The cave is in your

**An Expression of Gratitude-- and a Pledge**

As we enter upon the new year it is but natural that we should look backward over the old one that has just faded into history, and as we do so we feel no small degree of pride in the business that has been accorded us during the year, and as we note the substantial increase in our business over preceding years we feel that this must be due to our satisfactory dealings with the public, and we pledge ever greater effort in the future than has been made in the past to serve our patrons with courtesy and efficiency, and we believe with this policy ever in mind that our business will continue to grow.

For the business that has been accorded us in the past we are indeed grateful, and our efforts to serve you in the future will be limited only by the opportunities we have to serve you.
