

Earl Sams Asks For Re-Election As Tax Official

Earl Sams, Tax Assessor and Collector for Knox county, last Monday authorized The Munday Times to announce his candidacy for re-election to this office, subject to the action of Knox county voters in the July primary.

In seeking the office for another term, Mr. Sams stated that he is making no promises other than that of doing his best as a public official and trying to make the county the best assessor-collector possible.

Mr. Sams has made the county an efficient and courteous official during the time he has served as tax assessor and collector, and he seeks another term in this office solely upon the basis of his merits and upon his record of past service.

"I respectfully solicit your support and influence in the coming campaign," Earl said, "and, if elected, I will give you my best efforts and try, as always, to perform the duties of this office in a capable and efficient manner."

Mrs. H. A. Pendleton Painfully Burned

Mrs. H. A. Pendleton was painfully burned last Tuesday at about noon in a fire which threatened the Pendleton home in Munday. Mrs. Pendleton was preparing lunch when grease on the stove caught fire. In attempting to get the burning grease outside the house, she was painfully burned on the arms.

The fire department answered the alarm, but the fire had been brought pretty well under control by use of garden hose, with only slight damage to the kitchen.

Mrs. Pendleton's burns, although painful, are not of a serious nature.

Tire Inspectors For Knox County Are Announced

For the purposes of carrying out the terms of the Tire Rationing program, the County Tire Rationing Board has appointed the following persons, who will serve as inspectors in their respective communities, without pay, (save and except when they are required to dismount a tire and in that event a fee of 50c shall be paid by the purchaser):

Benjamin—W. C. Hertel, and Collins Moorhouse.

Truscott—V. W. Browning, Gilliland—L. F. Navratil.

Vera—W. F. Roberson.

Goree—W. E. Blankinship.

Munday—Joe Massey.

Rhineland—Lawrence Kuehler.

Knox City—O. A. Green and J. O. Hamm.

The Board felt that the above number would be sufficient for the amount of tires which we would have to ration, and your cooperation in the present shortage of rubber is earnestly solicited and for the time being the Board will meet at Benjamin each Friday.

Applications for tires can be had the postoffice in your city.

J. W. MELTON,
Chairman of Board.

Funeral For J. W. Harris Held Here Friday

J. W. ("Uncle John") Harris, former pioneer resident of Knox county, passed away on Thursday, January 7, at the home of a daughter, Mrs. B. F. Elam, in Ralls, Texas, following a stroke of paralysis. Mr. Harris suffered the stroke on Sunday before his death.

J. W. Harris was born in Georgia on December 15, 1857, and was 84 years and 22 days of age. He moved to Tennessee in 1865 and was married there to Miss Tennie Moore in 1881. To this union four children were born, all of whom survive him.

Mr. and Mrs. Harris came to Collin county, Texas, in January, 1885; then to Archer county in 1888, and to Haskell county in 1901. Mr. Harris passed away October 30, 1918.

Mr. Harris was a member of the Methodist church for over 50 years, and was a member of Knox Lodge No. 851, A.F. and A.M., for about 35 years.

Surviving him are his four children: Mrs. B. F. Elam, Ralls; Walter Harris, Munday; Mrs. W. L. Harris, Altus, Okla.; and Mrs. J. C. Stevens, Munday. He is also survived by 16 grandchildren and 13 great grandchildren.

Funeral services were held from the Thorp Methodist church, of which Mr. Harris was a charter member, last Friday afternoon at two o'clock, being conducted by Rev. J. W. Hawkins and Rev. J. R. Bateman. Pallbearers, who were grandsons, were: Cecil, Willie and Joe Elam, Clovis and Judge Stevens and Lynn Waldrup. Flower bearers were six granddaughters and 2 great granddaughters.

Mr. Harris was laid to rest in Gillespie cemetery, where members of Knox Lodge No. 851 had charge of Masonic rites at the graveside.

Dixie Atkeison Is Mogul Sweetheart

Miss Dixie Atkeison, daughter of Mr. and Mrs. R. D. Atkeison, has been chosen sweetheart of the Munday Mogul football team. Dixie is a Munday high school senior, and will have a place of honor at the annual football banquet to be held Tuesday night, January 27.

Guest speaker at the banquet will be H. Leo (Dutch) Meyer, Texas University coach.

Rev. Crimm To Begin Revival Here Sunday

ELECTION YEAR . . . PAY YOUR POLL TAX!

R. B. Davy, county Democratic chairman, has requested all party precinct officers to aid in securing poll tax payments this year. The deadline for payment is January 31, 1942.

Every loyal American should pay his poll tax before the deadline in order to participate not only in the democratic primaries, but in the general election and municipal and special elections this year.

Demonstration Of Power Farming To Begin Thursday

A demonstration of power farming will be held on two afternoon of next week it was announced Tuesday by J. L. Stodghill, local Ford tractor dealer. The demonstration will be held on the John Spann farm north of Munday.

Beginning on Thursday afternoon the demonstrations will also be held on Friday afternoon, showing how farm work can be done efficiently with the Ford Tractor and Ferguson equipment. A feature of the event will be a demonstration of the Ford tractor implements to be shown here.

A cordial invitation is extended to all farmers to attend the demonstrations, and Mr. Stodghill promises they will be well worth the time of all who attend.

FARMERS UNION NOTICE

Members of the Farmers Union will meet at 2:30 Saturday afternoon at the union hall. There are matters that should be attended to before the next regular meeting in February. Please come. S. J. Warren, Pres. J. C. Rice, Secy.

Dutch Meyer To Speak At Football Banquet Here

Coach Dutch Meyer, Texas Christian University football mentor, will speak at the annual football banquet to be held in the Munday school auditorium Tuesday night, January 27.

Coach Meyer is expected to bring some of his players and some films of games played this year. He probably will show either the game in which his boys trounced the famed Longhorns or the Orange Bowl game in which the Frogs played New Year's day.

Wade Mahan will be toastmaster for the occasion and the banquet will be served by the Homemaking class under the direction of Miss Dorothy O'Donnell, Munday high school homemaking instructor.

Tickets for the affair will be one dollar for adults and will be sold by the pep squad girls and will be on sale at downtown drug stores next week.

Included on the program will be short talks by Coach Perryman, who was a pupil under Coach Meyer, Ray Moore and Raymond Carden, co-captains of the Moguls the past year.

Awards for the Moguls will be presented by Coach Jack Perryman and a captain for next year will likely be selected as is the annual custom.

Music for the occasion will be under the direction of Miss Jessie Merle DeLoach, high school instructor.

Ed Jones Asks For Re-Election As Commissioner

Ed Jones, county commissioner of Precinct 4 has authorized The Munday Times to announce his candidacy for re-election, subject to the action of the voters in the July primary.

Mr. Jones stated he had no flowery statement to make or no promises which are beyond his power to carry out. He promises the same efficient service which has been his policy in the past to the voters of this precinct.

As a member of the Commissioners' Court, Mr. Jones has cooperated in every movement which stands for a constructive, yet economical administration. Records of the court will bear this out, and Mr. Jones invites the public to inspect his record at any time. Ed has been vitally interested in working for not only his precinct but for the entire county, and he has tried to see that all portions of the county get as much road improvements as possible.

Mr. Jones promises to continue an efficient job if returned to this office, and upon this promise and upon his past record as commissioner, he asks the careful consideration of every voter in the precinct.

MUNDAY LAUNDRIES TO STOP DELIVERY SERVICE

Munday's two laundries, the Morgan Laundry and the Munday Laundry issued notice this week that beginning January 19 delivery service on all laundry will be discontinued, due to the defense program. Customers will also be required to furnish containers and paper for their wet wash, they stated.

Rev. Luther Kirk and Rev. J. R. Bateman attended a church meeting in Seymour last Monday.

ALIENS ASKED TO TURN IN GUNS, CAMERAS, ETC.

According to the President's proclamation on December 7, 1941, Germans, Italians, and Japanese who are not citizens of the United States, and who reside in or are visiting Knox county, are asked to turn in all guns and ammunition, radio transmitting equipment of any kind, any radio receiving sets capable of receiving short wave messages, and cameras of every kind.

These items are to be turned in to the Sheriff's office at Benjamin, where receipts for them will be issued, they will be properly tagged and returned to the owners when the war is over.

DR. JENKINS TO SPEAK
AT GILLESPIE SUNDAY

Dr. Edward Jenkins, who has traveled extensively in Far East, will speak at the evening services at Gillespie next Sunday at 7:30, weather permitting.

Dr. Jenkins will use his picture slides of scenes in the Far East, and his lectures will be of interest to all who attend. The public is invited to this service.

HAS FRACTURED HAND

Mrs. J. M. White, mother of Truman White of Crowell and F. J. White of Munday, fell one day last week and injured her right hand. She received a severe fracture of the hand, but is reported to be improving as rapidly as possible.

Jack Williams In Air Corps Training; Is at Kelly Field

Kelly Field, Texas.—Eager to add wings to the bars he already wears, Lieut. Jack W. Williams, of Munday, Texas, is now one of the number of commissioned officers getting pre-flight training at the Air Corps Replacement Training Center, Kelly Field, Texas.

An intensive five weeks course of physical exercise and ground school studies at the Replacement Center will prepare Lieut. Williams for the thirty weeks of actual flight training he will get in primary, basic, and advanced flying schools. And when Lieut. Williams has completed the entire course he will wear the wings of the Air Corps.

Before transferring to Kelly Field, Lieut. Williams was stationed at Camp Wolters. He was originally commissioned in the infantry.

Rhineland Dance To Be Held Jan. 19

The Catholic Youth Organization of Rhineland is sponsoring a dance, which will be held at the club hall on Monday night, January 19. Admission will be 75 cents for gentlemen and 25 cents of ladies and on-lookers.

The Dixie Playboys will furnish the music. The hall will be well heated and there will be plenty of sandwiches and coffee in the refreshment stand.

This organization extends an invitation to everyone to attend this dance.

Two Boys Enter Air Corps Service

Sidney Lee, son of Mr. and Mrs. O. W. Lee, and Preston Ingram, son of Mrs. Louise B. Ingram, left Tuesday morning to enter training in the U.S. Air Corps. They enlisted last week and were ordered to report for duty on Tuesday.

They went to Wichita Falls, where they were carried to Fort Sill, Okla., for induction and preliminary training. Both volunteered for ground training in the air corps.

Meeting To Continue For Three Weeks

Rev. B. B. Crimm, widely known cowboy evangelist, will begin a revival meeting in Munday next Sunday night, continuing for a period of three weeks. The meeting will be held at the First Baptist church auditorium.

Rev. Crimm is coming here of his own accord, because he feels that this is his field of work. He was not invited by any church or group of people. But his revival campaign is receiving the hearty cooperation of all christian people in Munday.

Rev. Crimm held meetings in a number of neighboring towns recently, having completed a revival at Goree just before the Christmas holidays. He is a straightforward evangelist, one who flays sin from all angles and who creates interest in all his hearers.

Assisting the evangelist in the revival here will be Clarence H. Johnston, pianist, and L. C. Messer, singer. Both are enthusiastic evangelistic workers.

In speaking of the singer, Rev. Crimm said: "I have been trying for 20 years to secure the services of this man because I believe him one of the best singers and song leaders I have ever known. I had given up hope, but in my meeting at Llano, God sent him to me. He is a Methodist and a real singer and leader."

Crimm comes to Munday direct from Llano, where he is closing a revival campaign next Sunday morning. He will drive here Sunday to be here for the opening service Sunday night.

The entire public is invited to attend this revival, and the cooperation of all church groups is urged. With the cooperation of everyone, this should be one of the most outstanding revivals ever held in Munday.

Fire Department Names Officers

\$50 Award Is Given To Department By Union Gin

H. C. Hawes, chief of the Munday Volunteer Fire Department for the past several years was re-elected to this office recently when officers for this year were elected.

Grady Thornton was elected assistant chief of the department, succeeding R. B. Bowden, who served in that capacity the past year.

Harvey Lee was re-elected president, Ardelle Speice elected vice president, and E. B. Littlefield was returned to the office of secretary of the department. Curtis Coates was elected assistant secretary.

R. L. Kirk, Methodist pastor, was selected as departmental chaplain, Mrs. Agnes Mayes, department mother, and Robert Lynn Bowden, son of Mr. and Mrs. R. B. Bowden, was elected mascot of the fire department.

The department record for the past year has been good, being the third successive year that fire losses in the city have been exceptionally low.

Announcement was made at this meeting of a gift of \$50 from the Farmer's Union Co-op Gin in appreciation of the department's work at a fire at the gin plant during the past ginning season, and also that the department would be served refreshments in the near future with the compliments of Mrs. W. P. Farrington, whose home adjoined property destroyed by fire in the fall of the past year.

David A. Kyle In U.S. Army Air Corps

Pvt. David A. Kyle, who has enlisted in the U.S. Army Air Corps, is now at Sheppard Field where he is taking his technical training.

Pvt. Kyle is the son of Mr. and Mrs. Newt Kyle and was born in Knox county. He graduated from Benjamin in 1938 and was employed in Fort Worth for ten months before he volunteered for service there on December 15.

P.O. INSPECTOR HERE

E. C. Wilks of Fort Worth post office inspector, was here last Tuesday morning conferring with local post office employees in the interest of sale of defense bonds and stamps.

Times Bargain Rates End Saturday

The deadline: January 17, 1942! That's next Saturday!

This date has been announced as the final date for receiving new and renewal subscriptions for The Munday Times at the Bargain Rate offer.

All subscriptions received up until closing time Saturday, January 17, will be at the bargain rate, it was explained. Subscriptions received in the mail must have their check dated or the letter postmarked not later than January 17 in order to be eligible for

the bargain offer.

The bargain rate has been extended to January 17 because of the splendid response of subscribers who have paid up during Bargain Days. A large majority of The Times Family have paid up, yet there are a few who need to take advantage of the bargain offer.

As this is election year, all in Knox county will want to keep up with county politics. The Times is an effective means of doing this,

as it is planned to carry candidates' announcements, carry dates of political speakings, and keep our subscribers informed on political activities in the county and district, as well as in the state.

Because of the steadily mounting cost of producing a newspaper, we are forced to close the Bargain Rate offer on January 17—so take advantage of the offer today while you can save one-third the regular price on new or renewal subscriptions. At this rate, the Munday Times costs you less than two cents a week.

After next Saturday the Times' regular rate will again become effective. The regular rates are \$1.50 in the county and within 50 miles of Munday, and \$2.00 where the Times goes beyond the 50-mile limit.

This is positively your last chance to get The Times for a full year at the bargain rate of \$1.00 and \$1.50—so don't delay, send in your dollar today!

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

FOOD FOR ALL

War is producing shortages in many fields, but food is not one of them. As the President recently said, "There is enough food for all of us and enough left over to send to those who are fighting on the same side with us."

The fact that an abundance of food exists in this country, however, isn't all there is to the question. The great majority of consumers live considerable distances away from food producing areas. They are dependent upon the agencies of distribution to bring them food at the lowest possible price. And here is where we Americans are extremely lucky. This country's food retailing system is unequalled in the world.

American merchants are fully aware of the problems of the times. They are aware of the great responsibility that they must discharge if the consumer is to be protected. The principal food chains have adopted a four-point public pledge which is indicative of what food distributors are doing. First, they will maintain efficient, economical distribution. Second, they will avoid speculation and unjustified price increases. Third, they will maintain adequate stocks of food products at all times and recommend substitutes when shortages develop. Fourth, they will cooperate fully with the government, producers and consumers.

A great many independent stores have subscribed to similar pledges of public service. And if work of this kind is to achieve full success, consumers themselves must do their part. Waste must be reduced to a minimum—the fact that we have plenty of food is no excuse for needlessly dissipating it. Excessively large buying make for price increases and consumer hysteria. Buy normally and get the most for your dollar.

Retailers in other fields, where serious shortages occur, are also doing their utmost for consumers. It is to the great credit of retailing that there have been practically no cases of profiteering. Your merchant is doing his full part to help ease the strains and dislocations that war inevitably brings.

SILENT DESTRUCTION

The danger of inflation that threatened us before the war is becoming more acute. If there was little time for us to take effective action to control it then, there is even less time now.

Inflation creeps up on a nation silently. But it can be as destructive as bombing planes, and once it has arrived no one is able to escape it.

What does inflation mean to the average person? It means that the value of his pay check may be cut in half—that the price of everything he has to buy may be doubled. A pound of meat may cost more than he now pays for a pair of shoes. A little later a pair of shoes may cost more than he now pays for a suit of clothes. Still later a suit of clothes may cost more than he now pays for a new car.

If we are to protect ourselves from this danger, industry must not misuse the emergency to raise prices; labor must not misuse it to demand an increase in basic wage rates; government must not misuse it to boost farm prices. We're all in the same boat, so far as inflation goes. We all use the same money, and we all have to cooperate to make sure that money retains its value.

BAITLE OF THE FACTORIES

No amount of slave labor can equal the voluntary cooperation of free men. There's a fact for all of us to hang onto throughout the coming months. And it is a fact, make no mistake about it. We Americans have already proved that.

Even though we got a late start in the armament race, we're rapidly catching up. We have the materials to do the job better than the aggressors can. We're the masters of mass production, and they have been our pupils, copying our advances during the peace-time years. We outproduced them then, building up a standard of living so high that it became the envy of the world.

Now that the cards are one the table we can outproduce them again. It won't be an easy job, perhaps, but it can be done. And it's being done.

Many of our factories switched to war production months ago. They're already hitting their stride. And more factories will join them, for this is a battle of the factories.

Undoubtedly we'll have black days of discouragement, but the final battle is the one that counts in warfare, and we shall win it, for the spirit of freedom is still the strongest power on earth, just as it's always been.

EVERYBODY'S JOB

"What can I do?"

That's a question that millions of Americans all over the country are asking today. We who are behind the far-flung battle lines of freedom—how can we help?

The answer isn't hard to find. Not all of us can fly a bomber or operate a tank, but there are many ways in which we can—and must—aid our country.

For one thing, we can all work harder at our jobs than ever before and in that way help increase America's production efficiency. We can be more careful and cut down accidents. We can build up our health and our endurance against difficult days that are bound to come. We can avoid waste both at work and at home and help conserve materials that Uncle Sam needs now more than ever before. We can save waste paper and scrap metals that nearly every household has in the form of unused tools, kitchen utensils and similar articles.

Our plants and factories have long had well organized methods of salvaging such materials. One company saves enough aluminum to build ten two-engine bombers every month from machine leftovers alone. Another gets 75,000,000 pounds of non-ferrous scrap metal every year from parts of its equipment that have outlived their usefulness. Now it's up to us—every one of us—to work out salvage campaigns in our own homes and save whatever we can that our country needs.

Many of the articles we have been accustomed to buy won't be available any more. Industry will have to cut down on many products to speed the output of weapons. Instead of blaming our industrial system for these shortages, we can accept them cheerfully, keep our morale up and realize that metals that in peacetime we would use, are now building up the best Army, Navy and Air Force in the world.

SOMETHING TO REMEMBER

What will happen to America after the war? How will we meet our rising government debts, change our economy back to a peace-time basis and continue with our job of making America the best place to live in the world?

Such problems are causing grave concern in the minds of many Americans at the present time. In a recent speech Dr. Robert G. Sproul, president of the University of California, pointed out some facts that should reassure all of us on these points.

After the war, he said, "the land and its resources will still be here; all of the knowledge of mankind from the beginning of history to the present will still be ours. Such adjustments as we may have to make in our social and economic theme will not destroy our democracy as long as we preserve inviolate the central and fundamental principle of respect for and recognition of the dignity and worth of the individual."

That concept of the individual has always been one of the foundations of our freedom. Because of it we are able to work where we please, save our money or spend it worship as we wish and enjoy all our other liberties. Whatever happens in the months to come, remember that and let nothing destroy it.

Man-hours lost due to strikes at shipbuilding plants alone in one week amounted to 396,800 hours, the potential work-time to build two and three-tenths 170 foot steel submarine chasers.

There's no finer way than the American way. Let's keep it that way. Buy Defense Bonds and Stamps.

Senior Report

We Seniors are progressing in our studies and hope that we will keep it up until the end of school. In economics we are studying about "The Banking System of the United States" which in early days was weak and unsound but in recent years advanced to a safe and sound system.

Mr. Hoffman has given the boys of the school some reasons why one should not smoke or drink. They are as follows:
Your head will be clearer.
Your health better.
Your heart lighter.
Your purse heavier.
We hope the boys will take note and profit by them.

The Seniors' favorite songs:
Theresa: By-U By-O.
Florine: This Love of Mine.
Roselia: Shepherd Serenade.
Rose: Marie.
T.J.: Bluebirds Over White Cliffs of Dover.
Albert: Dolores.
Joe: What You Know, Joe?

Junior Report

The first meeting of the Rhineland Literary Society was held last Friday afternoon. The meeting was pretty much of a success. The boys got the best of the girls in the debate.

The school has received a set of posters explaining how to display and respect the flag of the United States, and containing the insignia and decorations of the army.

Mid-term exams are coming close at hand. The Juniors are working very hard in all their subjects.

Wouldn't It Be Different If Calvin knew his geometry. Urban wasn't so full of jokes. Bernard liked English. Bernardine was big. Kenneth would like History. Helen not so quiet.

Sophomore Report

In English we are learning the origin of a word and its meaning. In algebra we are dividing polynomials by monomials and polynomials by another polynomial.

In geometry we are studying about grain farming in semi-arid regions and mixed farming in temperate lands. We think this will be interesting and also easy because it is about the crops we raise and in much the same way we raise them.

Freshman Report

Last week seemed to be an awful busy week for the Freshman class, especially in English. In English, the apostrophe is the hardest punctuation for us to make. We are going to have a dictation test tomorrow.

We are all hoping that the Literary Club will be a success throughout the year. Everyone enjoyed the meeting last Friday, especially the comics and the debating.

The Freshman class will have a debate next Thursday on "That the study of ancient history is necessary interpretation of modern history."

News of Room III

We enjoyed the Literary Club last Friday and are looking forward to the next one, which will be next Friday. Last Friday Jewel Marie Hoffman gave a reading entitled "I'm So Unlucky." Next Friday Alvin Michalik will present comics.

We are doing our share of drawing. The drawings range from

Doing without automobile tires was a tough assignment to give us, right off the reel, and it was a splendid test of the nation's patriotism. The same goes for tire rationing. There may even be some who are wondering if the government is not going too far, this early in the war. Possibly so. This thing has sorter scared all of us, including the government officials, and it may be discovered later that it is best to alleviate the restrictions somewhat. But whether or not they are justified, the folks are taking them standing up, and this writer has yet to hear a sour note of complaining.—Baylor County Banner.

People as a whole don't realize the enormous business that has been done in tires in America until the sale of tires was stopped in the interest of National Defense. Judging from the number inquiring about the county tire rationing board the past few days, it seems like half the car and truck owners have wornout tires. Before the war is over many will have their cars in storage, and will use some other form of transportation, even to walking.—Memphis Democrat.

Start getting your income tax figures ready in January. Don't wait until March. This applies to all, but it should be noted by farmers in particular. Often they do not keep too elaborate records. The few men in this county who are capable of helping you with your income tax returns will be swamped later. This week, next week—not March, is the time to see them.—Wellington Leader.

A lighter note, if such a thing is possible, out of this war was the headline over a quarter-page advertisement in the San Augustine paper last week. It seems that somebody, probably Godless people, has planned a "blitz" liquor election down that way, and the ministers heard about it belatedly, and they just had time to hurriedly dash off the advertisement with the headline the biggest part of it: "Pearl Harbor Attack on San Augustine."—The State Observer.

We're told that a used tire properly rebuilt will give surprisingly long wear, provided we drive at a moderate rate of speed. An interesting announcement by the big tire manufacturers is that they are now starting production of "reclaimed tires," which they assure us, will give reasonably long, satisfactory wear. As ingenious and resourceful as is our great tire industry, my guess is that ways will be found to keep the country "moving on wheels."—The Vernon Times.

Knox County Teachers To Meet Here On January 26

The Knox County State Teachers Association will meet in the Munday school auditorium January 26 at 7:30 for the second meeting of the year.

Teachers from every school in the county are expected to be on hand to take part in the professional program here. Supt. Colley, president of the unit, has received the tentative program from Supt. Whitis, of the Knox City schools, who is vice-president and program chairman. The program will include musical numbers in the auditorium by groups from the Munday High School choral club, under the direction of Miss Jessie Merle DeLoach, a group from the Ward School Choral group, directed by Miss Mayme Holcomb, two band numbers by the Munday School Band, directed by Mr. Cecil Hood.

Supt. Colley will speak on "How the Schools can Help Win the War" in the auditorium after the musical program.

Sectional meetings will be held on the primary level, directed by Miss Addie Beene, local ward school teacher; when "Methods and Plans for Helping the Slow Reader" will be discussed.

In the intermediate level panel, Mrs. Branton, principal at Union Grove, will lead the discussion on "Manuscript Versus Cursive Writing in the Grades."

Mrs. Baker of Knox City will lead the discussion in the high school level on "The Use of Radio in Teaching in High School."

Supt. Cunningham of the Benjamin schools will discuss "In-

stalling Spanish in the Elementary Schools" in the superintendents' and principals' section.

Monday Night Speech Class Presents Two Prize Plays

"Who stole the necklace?" What is a kleptomaniac, anyway?

Come to the two one-act plays to be held in the Munday ward auditorium Monday night January 19 at 7:30 and you will find out.

Seven football boys and Coach Jack Perryman will also perform in one of the plays, "Dress Reversal," which will portray most or all the speech football players in ladies apparel.

These two plays, one all girls and the other all boys, "The Kleptomaniac" all girls, and "Dress Reversal" is being put on by the speech class, directed by Mr. Colley. The cast is as follows:

"The Kleptomaniac"—
Valeny—Frances Smith.
Peggy—Cora Jean Martin.
Mable—Florene Pippin.
Freda—Lillian Cerveney.
Mrs. Prestone Ashley—Jimmie Henslee.

Katy—Maurine Johnson.
The boys' play, "Dress Reversal," will give the following talent:

Chuck—Lowell Cure.
Horace—Jimmie Silman.
Bus—Ray Moore.
Don—Earl Edge.
Ches—Delmar Cadwell.
George—Ralph Tidwell.
Ted—Bobbie Barton.
Coach—Coach Jack Perryman.

Friday is Defense Day In Munday Schools

Setting each Friday as Defense Day for the Munday Public Schools to buy stamps and for the purpose of aiding the Boy Scouts of Munday to collect newspapers and other materials needed in the defense movement the Munday students will appreciate all aid they can get in the campaign.

All classes have formed some sort of stamp club or organization and the teachers have been pushing and encouraging the buying of defense stamps. Several students already have bought bonds also.

First Grade News

We are really enjoying our school work these days. We have a "Good Work Chart" in our room, and every time we do extra good work we get a gold star. The pupils who have the most stars at the end of the third six weeks will get a Defense Stamp as a reward for their good work.

We plan to work on an Eskimo project the next two weeks. We are sure we will learn lots about the Eskimos, by hearing stories, seeing moving pictures, looking at picture books, making booklets, friezes, etc.

Most all of us were back in school the second Monday after Christmas. Some of our number are still ill of mumps and measles, but we hope they will all be back soon.

Second Grade News

Twenty-seven new books were added to the second grade library last week, since then, the reading table has been the center of attraction.

The class is taking an imaginary tour through the Far North, making a booklet on the Eskimo News.

We are trying to see which one can put the most money in Defense Stamps. At the end of each month the one ahead is given a stamp.

Third Year News

Have you ever traveled the Lincoln Highway? As you have probably heard, many things can happen "Along the Lincoln Highway."

The third graders now know that from experience; yes, they are taking an imaginary trip down America's most traveled highway. They are traveling from New York to San Francisco, stopping along the way for sightseeing tours, boat riding, mountain climbing, and camping out.

After this journey the boys and girls will have a better knowledge of this great Democracy. They will know all of the Americans in the farming section of the Corn Belt, and the plains of the great west join forces with the industrial centers to make the great United States.

Five-A News

All the pupils of this room and the teacher, Miss Holcomb, thoroughly enjoyed the Christmas holidays, although they were spent by many nursing a case of measles or such. There are still quite a few pupils absent due to measles.

It was with regret that we lost Kenneth Harrison. He is moving to Weintert.

We have been quite elated this week over the fact that we are receiving some new books for our library which will be very helpful both for working up units and for recreational reading.

Seven-A News

The pupils of Room 7-A are mighty proud of themselves. They have one hundred per cent in Red Cross numbers, one hundred per cent in buying defense stamps, and January 6th they had one hundred per cent in attendance. They have two members who have defense bonds, Kenneth Baker and Elizabeth Smith.

This group welcomes three new members to their class. They are Robert Matchen and Joyce and Junior Allgood.

Eighth Year News

The eighth year class has a "Defense Stamp Day." It is Friday. Every boy and girl try to get stamps on this day. Last Friday all of these pupils together spent \$7.20 in stamps. Not bad, is it?

Say! Have you seen the eighth grade's room? The color scheme seems to be red, white and blue. It really looks nice, at least the class thinks so.

The class welcomes another new classmate, Edward Smith. This makes around 40 pupils in the eighth year class.

We wonder what Wayne's favorite song is? "Lullaby"? Also what makes Joan blush so? And why Robert turns around so much.

If you have seen the walls, the Pledge to the Flag and other decorations in the eighth year room, I'll bet you would buy lots of defense stamps, at least, that is what the eighth year class is doing. Some of the pictures include flags, soldier boys, Betsy Ross making the first flag, signing the Declaration of Independence, the capitol, and last, but not least, the one in the United States everyone admires, the man of the day, President Roosevelt.

Senior Report

The Seniors are very proud of themselves this week, especially after working on the Annual as much as they have this week. Four members of the staff completed eight pages of the annual and have sent them to Oklahoma to be retaken so that they can start our annual. If you have not bought your annual yet you had better buy it soon so that we can get the money to get them published. I know if you knew how very nice they are and what they will mean to you in a few years you would almost break your neck to get the money to buy one.

Seniors on Review

Clyde Hendrix, Jr., was born on July 12, 1922, eight miles north of Munday. He started to school at Hood and then went to Goree school. In the seventh grade Clyde joined us and has been with us ever since.

Clyde takes active part in F.F.A., National Farm Youth Association and 4-H club work. He serves the F.F.A. chapter as historian this year. He played football on the Mogul team one year.

He plans to join the Air Corps when he finishes school. Luck to you flying that bomber, and if you ever fly over M.H.S. think of the Seniors of 1942.

School

Some people like to go to school; But as for me, I don't like the rules.

They drive you nutty making you learn—
Makes you wish the school would burn.

The same old routine every day
Boreds you more than one can say.

The teachers make you think and study
Until your brain is weak and muddy.

There's one teacher I wish would join the army
Because he makes my school days stormy.

The Chemistry class is very dull;
All you do is sit and lull.

In History class we spend our time
Listening to Coachy shoot his line.

Our English teacher is Miss DeLoach—
She is somewhat like our coach.

And when you come to school tardy,
You have to take it up with Hardy.

Every day we go to band;
We try to be the best in the land.

A crazy head has Miss Stewart;
She ought to let a doctor cure it.

Munday High Choral Sings Friday

The high school chorus was on the assembly program Friday. They sang "We're All Americans" and "Columbia the Gem of the Ocean." The sextette consisting of Betty Morris, Florene Pippin, Bobby Floyd, Mildred Smith, Flora Alice Haymes and Mary Lois Beaty, sang "America We All Love You." At the close of the program the chorus led the audience in singing the first verse of the "Star Spangled Banner."

Miss DeLoach has some new material to work on, so we plan to be very busy for the next few weeks.

We plan to have our robes ready for our next program. Then they can't fuss about wearing white blouses and black skirts, eh, girls?

Sophs Get Ready for Exams

The Sophomores are really down to work because those exams are not far off. They all expect to go through them with flying colors.

In English we are studying "As You Like It." It is not half as difficult as we expected it to be. So we could understand it better we are outlining most of the play.

Some of the class are still buying defense stamps. To those that are, well, keep it up! Those that are not should do so in order that we can finance our armament program. Buy a defense stamp and lick the other side.

The Sophomore class is behind the basketball and volleyball players. Keep up the good work but also try a little harder next time. See how much you can beat your opponent.

We also are proud to have a new student, Nelda Smith, from Rule. The class hopes she enjoys being with us as much as they enjoy having her.

Wouldn't It Be Funny, If . . .
Jerry was not blushing.
Someone was not catching 'heck' in the History class.
Glenn Dobbs couldn't wink.

Stephen ran out of wisecracks. Lois wouldn't get to move to Fort Worth. (Camp Wolters.) Tony got his lessons up on time, and didn't sleep so much. Daphne had short fingernails. Marjorie couldn't talk about Iowa Park. Hulien couldn't find a comb to comb his hair. Lois wouldn't get a letter from Camp Wolters this week. Angie had been home Saturday night. Syble would move to Dallas.

HERE ON VISIT
Lieut. Bill Dingus left last week for Camp Polk, near Leesville, Ala., where he is in service, after a visit of several days with his parents, Mr. and Mrs. G. W. Dingus.

J. C. Nelson of Dallas was here one night last week, visiting his parents, Mr. and Mrs. J. R. Nelson.

Earl Sams of Benjamin was a business visitor here last Monday.

**WORKING CONDITIONS
CERTAINLY HAVE IMPROVED
AROUND OUR PLACE
SINCE THE BOSS STARTED THAT
MODERNIZATION PROGRAM**

Efficient, modern principles of ranching and farming not only make working conditions better but they increase production, reduce time and labor costs, and increase profits. They also make farms and ranches more enjoyable places to live.

Farms and ranches should be as efficient as any factory. Cameron's new Ranch and Farm Building Service provides this efficiency. This is one of the many Cameron services by specialists for which you pay not one extra penny. Investigate its value today.

CAMERON'S New Plan Book

Here is a practical, new "Plan Book" which offers you new plans of farm and ranch buildings which are:

1. The most economical to build for their specific purposes.
2. Designed to increase your income and profits.
3. Constructed to last—reduce upkeep—increase the value of your investment—save you time, needless steps and work.

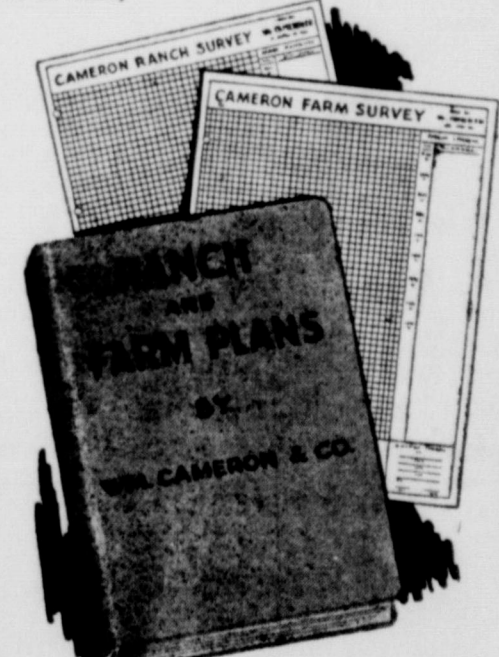

CAMERON'S New Survey Service

For lower operating costs, carefully plan your buildings; their location, construction, interior layout, and the use of correct materials. Cameron's new "Ranch and Farm Survey Service" is exactly what you need. Special survey forms enable you, with the help of a trained Cameron Man, to plan your improvements and profits for years to come.

EXTRA DOLLARS FOR FARMERS AND RANCHMEN

To plan for extra dollars and increase profits on ranches and farms, Cameron's "Survey Service" includes these things: (1) Making a survey of your present buildings and layout. (2) Working out findings of this survey on the Cameron "Survey Form," furnishing you a written record of the layout, design, condition, and efficiency of your present buildings and equipment. (3) On the basis of this information, determine scientifically what must be done to permit your ranch or farm to operate at lower cost for higher profits. (4) A definite program of improvements is laid out.

This need not be completed in one year necessarily, but through the years it will reduce your operating costs and increase your profits. As you proceed with the plan, it is designed to begin paying for itself. Behind this new service is the 74 years experience of Wm. Cameron & Co. in meeting the needs of Southwestern Farmers and Ranchmen. This survey and plan service will assist you in improving your income, the value of your investment, and your permanent security. Don't fail to take advantage of this new Cameron service. . . Mrs. D. Billingsley Honored at Shower In Daniell Home

In the home of Mrs. F. G. Daniell Mrs. Dan Billingsley was honored with a miscellaneous shower given by Misses Chloe Dell Stalcup, Marjorie Arnold Lorena Cowser, Virginia Goode, Billye Jo Ratliff, Lois Miller and Dorothy Lee Howard, on Wednesday afternoon, December 31.

Members of the house party were Mrs. F. G. Daniell, Mrs. Dan Billingsley, Mrs. Ernest Moore, Mrs. John M. Edwards, Jr., mother and twin sister of the bride, and Mrs. M. F. Billingsley, mother of the groom.

Assisting in the dining room were Misses Lorena Cowser, Marjorie Arnold, Virginia Goode, Chloe Dell Stalcup, and Mrs. Walter Coffman of Seymour. Miss Helen Moore of Olney, the bride's cousin, presided at the bride's book.

The theme, wedding bells, was carried out from the tiny white plate favors to the white satin bride's book which was shaped like a bell with the words "Jane and Dan" inscribed on the front in gold letters. The theme was completed by the center piece on the beautifully appointed tea table in the dining room. A large reflector surrounded by gold leaves was in the center of a white lace table cloth. Three large white wedding bells were laid on the reflector. Inside the bells inscribed in gold letters were the words, "Jane, Dan, December 13."

Tea dainties consisted of tiny nut-filled cakes, sweetheart sandwiches, pastel mints, and coffee.

After being served refreshments guests were ushered into rooms where many lovely gifts were on display.

Piano selections were given by Miss Lyla Flesher and Miss Jessie Lenora Daniell.

SEVENTH MAN STILL READER OF THE TIMES

S. C. Hawes, well known Haskell county farmer, renewed his subscription to The Munday Times last Tuesday. Mr. Hawes has been a reader of The Times since it first started.

He was the seventh man to sign up for the Munday paper when it was started, which he believes was back in 1902.

NOTICE

Beginning Monday, January 19 we will not do any more delivering. This is made necessary because of the defense program.

Customers must also furnish containers and paper for their wet wash.

Rev. B. B. Crimm begins a community-wide revival meeting Sunday night. The services will be held in our church. He and his party will be here Sunday night. He is coming independent. He is not under the auspices of any church group. He hopes to reach the entire town and community. I have known Bro. Crimm for some 25 years. Have been through several meetings with him. He is a good preacher of the old Gospel. He will give you something to think about, and something to talk about. He is in a class by himself in his preaching and in his manner of conducting a revival. He has a good pianist and a singer whom he says is the very best. Make your plans to come. We will do our best to make you comfortable while the preacher pours it on. There will be plenty of room for all. Come to the first service.

AT THE METHODIST CHURCH

by Luther Kirk

The way of the cross is the only one that can lead to world fellowship and peace.—Chaing Kai-Shek
 I believe the words spoken by this great Christian Chinese leader are true. I also believe the Bible and its recordings of the sayings of Jesus. Jesus said, "And he that taketh not his cross and followeth me is not worthy of me." Matt. 10:38. These words being true how can the individual with so little interest in the building of the Kingdom of God expect to gain eternal life? To be worthy of eternal means the bearing of the cross for Christ. Are you carrying yours?

I am backing the community-wide revival to be conducted by Rev. B. B. Crimm and his evangelistic party one hundred per cent. Won't you do as much? Let's adopt the slogan and practice, "All out for Christ."
 Attend church and Sunday School Sunday.

Mrs. Glenn Burnett and little daughter of Benjamin were visitors here last Saturday.

Mrs. W. E. Braly is visiting relatives in Happy, Texas, this week.

WHAT'LL THEY THINK UP NEXT?

A writer with a flair for "hooking up" information tells us that honey isn't merely a jar of amber liquid to give zest to the breakfast toast and flapjacks. During the past few years packing firms have bought honey in large lots for curing hams, and many carloads of it have been bought by brewers. Hydromel (honey and water) is one of the oldest drinks known in Europe, and honey brandy and honey campaign still are considered delicacies by connoisseurs—the fellows who will try anything once. Manufacturers now are working on improvement of honey butter or honey cream with the consistency of soft butter. But such products tend to become rancid, this writer says. If you don't already know it, honey also flavors some brands of your fine cut and chewing plug.

Hawks to the Rescue

Cotton rats, field mice and other rodents that destroy crops are catching it in the neck these days, especially in Cooke, Montague, Wise, Clay and other North Texas counties. The many species of beneficial hawks and owls are devouring them. This is the principal migration season for many hawks, including the big Swainson's hawk, and they are getting plenty to eat in the north country. The moral is this: Protect those hawks that are beneficial. If you are not familiar with the beneficial hawks and owls, write the Game Department for a descriptive bulletin.

Fur-bearing animals also are busy feasting on the farm pests. Most of these should be protected too.

Shelterbelts give adequate protection for approximately 20 times the height of the trees; thus, one half mile of shelterbelt, 30 feet tall, will protect 35 acres.

Her burns were not serious and she is reported recovering nicely. Mrs. Bruton had just returned from the Wichita Falls Clinic Hospital where she had been a patient for a week.

I GIVE YOU TEXAS

By Boyce House

Mis-spends 15 minutes a day and, at the end of the year, you will have wasted nine days of 10 hours each.

A recession is a period in which you tighten your belt. A depression is a time when you have no belt to tighten. When you have no pants to hold up, that's a panic.

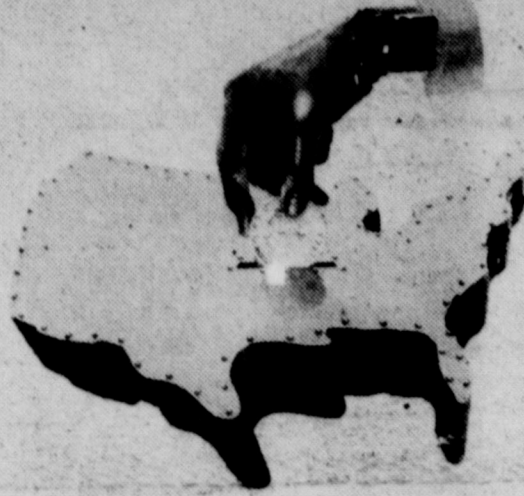

Seven trucks, loaded with bread which was going to be fed to hogs, were seen in a single day recently heading east out of Dallas. No doubt, an equal number of such trucks could have been counted on the highways leading west, north and south from that city.

Multiply this by all the cities, large and small and medium, in Texas, and you have thousands upon thousands of loaves of bread being fed to the hogs weekly—at a time when paper, flour, sugar, yeast, milk and shortening should be conserved for our fighting forces and the civilian population forming the second line of defense. Consider the electric power (vital to national defense) and the manpower (which is even more vital) that were consumed to produce this mountain of wasted bread.

Why does this situation exist and can't something be done about it? L. Self of Terrell, president of the Independent Bakers Association of Texas, has an explanation for the condition—and his organization offers a solution.

The cause, he declares, is that each baker serving a grocery tries to outdo his competitors in the size of the pile of loaves he stacks on the store table, on the theory that the bigger the mound of bread the more likely the customer is to buy that brand. The result is that each baker leaves far too many

DEFENSE SAVINGS BONDS AND STAMPS

BANK WITH YOUR COUNTRY is the theme of this effective Defense Savings poster now seen in store windows and in the lobbies of buildings all over the country. Drawn by artist Henry Billings, of Rhinebeck, N. Y., the poster portrays the spirit of patriotism by investing in the United States Government through the purchase of Defense Bonds and Stamps. Stamps are priced from 10 cents to \$5; Bonds from \$18.75 to \$10,000.

loaves because he feels he must make his showing in order to attract the customer's eye.

But the grocer gets the bread on consignment—he pays only for the loaves he sells. Next morning, the baker's truck comes around and collects the unsold loaves—and

these represent the bread that, by hundreds of truckloads, is disposed of for almost nothing as food for hogs and for similar uses.

The remedy? Self says it is for the grocer to pay for all the bread he gets. In this way, the merchant will order from each baker only the amount he needs. That

will eliminate the staggering waste that not merely runs into thousands of dollars each week but represents the loss of materials, electric power and manpower that the nation needs to win this war.

It is estimated that the amount of bread so wasted each week represents the output of every bakery in Texas for one day out of seven! Self hopes that Texas citizens will write to Leon Henderson, the national price administrator in Washington, and to their Congressman and urge that the proposed remedy be adopted for the duration of the war.

Beware of one who is always laughing, as a fool; and of one who never laughs as a knave.

An old mountaineer, who had never visited a town of any size before, decided to accompany his son to a small nearby city and see what the place looked like. Climbing out of the car on the main street, the old man appeared fascinated by the pavement. He scraped his feet on the hard surface and bent over and touched it

with his fingers. Amusement turned to scorn, and the old man turned to his son and drawled: "Well, I don't blame 'em for building a town here. This

ground is too darn hard to plow, anyhow!"

DISTRIBUTOR
GULF OIL PRODUCTS

MAYBE you've got a boy helping to do the job "over there." He's a fine lad . . . a brave one, too. It's a big job he's got.

And you're certain—and we're certain—that when all real Americans concentrate their efforts on production of supplies and actual fighting equipment, and insist upon discontinuing the enormous non-defense spending spree by non-productive political agencies, then this fine, brave soldier boy will get the job done.

That means there remains a truly big job to be done here at home. Everybody left behind must help.

Our own special job—this company's—it two-fold: *First*—we must provide the light and power needed by army camps, air training schools, and defense industries in this West Texas country. *Second*—we must continue serving your home and business, doing all this in an economical manner so that we may also continue contributing all possible tax support direct for defense purposes.

We must conserve copper, rubber and automobiles. Our cars and trucks were reduced from 334 in 1931 to 235 in 1941. With further reduction

now, many will do double duty in order to take care of the public's electric service requirements over a 45,000-square-mile area.

These vehicles, in 1941, traveled a total of 3,506,872 miles, or 140 times around the globe! Many of them have been rebuilt, and now will be rebuilt several times.

With a shortage of tires, cars and trucks, the job of maintaining the same type of good service in 1942 will be an increasingly hard task. It will require more maintenance and rebuilding throughout. This, we will continue to do, making replacement parts in our own repair shop, if necessary, to maintain the continuity of service to you.

We do not expect to be late in rendering any of the services you have come to expect of us. But, if there is delay, remember, please, that speed is being sacrificed at home so that the boys "over there" may have more and better fighting equipment.

First and Second Grades
 Last week the editor of this news stated that the first grade teacher was resting very comfortably because of low attendance in the grade. Everyone in the room has had or is having the measles. We have five children today, Tuesday, four of them have just got over the speckles (measles). The fifth one has been gathering cotton for some time. We are glad to hear that the greater number of the children are over the most serious stage of the disease, and will be back in school in a few days.

We have just finished some plastic clay modeling. We plan to do some permanent modeling in the next few days.

We shall complete our unit on Eskimo study this week.

Donell Phillips was pleased to have her grandmother and grandfather of Seymour to visit her while she was ill of measles.

We shall be glad when all the first grade can be back in school.

Third Grade News
 Shirley Ann Yost is back in school after an absence of several weeks.

Gladys Simmons, Doris Walling, and Virginia Estrade are back in school.

Fire Defense Coordinators Of District Named

Munday Fire Chief Is Named Assistant

Austin.—Appointment of F. O. Preston, chief of the Childress Fire Department, as District Fire Defense Coordinator for District 3 has been announced by Marvin Hall, State Fire Insurance Commissioner and Fire Defense Coordinator of the National Defense Committee for Texas.

R. A. Massey, chief of the Memphis Fire Department, and H. C. Hawes, chief of the Munday Fire Department has been named assistant district fire defense coordinators in the district which is composed of the following counties: Hall, Childress, Motley, Cottle, Hardeman, Foard, Dickens, King and Knox.

The district and assistant district fire defense coordinators in each of the states 26 districts will assist local fire departments in training volunteer firemen in auxiliary companies for emergency civilian defense. Auxiliary firemen will be organized from volunteers registering for civilian defense and given training in fire fighting as a part of the civilian

defense program of preparation to meet any emergency which may arise during the war.

Hall praised the work of Gov. Coke Stevenson who months ago began the coordination of various state departments agencies, local and county officials.

"When the war was thrust upon us," he said, "this state's organization for emergency defense was ready to function as all preliminary details had been completed, thanks to the effort of our governor."

"Peacetime requirements are heavy upon any public official, especially the governor. When the added burdens of war-time effort are placed upon him, he needs the wholehearted cooperation of everyone of us, private citizens and public officials alike."

TO SHOE CONVENTION

George Salem, Frank Silman of Rochester and Jimmie Silman spent the first of this week in Dallas, attending the shoe convention and buying merchandise for their stores.

Seek Hearing For Forming Of Soil District

Forty members attended the Land Use planning meeting in Benjamin last Friday.

The purpose of the meeting was to come to an agreement with neighboring counties as to what adjoining counties should constitute the proposed soil conservation district. It was agreed that Haskell and Knox should constitute one district, and that King, Stonewall and Dickens counties should constitute another district. Representatives from Knox, Haskell and Stonewall counties voted unanimously for the formation of these two districts.

All members present thought the meeting should be held as soon as possible. The date of January 22nd was selected as the date of the hearings. A wire was sent to Mr. V. C. Marshall of the Soil Conservation Service at Temple, Texas, asking that three hearings be held as follows: Benjamin, January 22nd at 10:00 a.m.; Aspermont, 2:00 p.m., and Guthrie at 7:00 p.m.

The land use planning committee also went on record favoring the establishing of a farm labor camp in this county. Mr. C. Hohn of the Extension Service notified County Agent R. O. Dunkle that Knox county had been selected as one of the 18 counties in Texas as a proposed farm labor camp site. Chairman August Schumacher is to appoint a committee to cooperate with the different agencies toward securing the labor camp.

Out-of-county invited visitors to the land use planning committee meeting were Mr. H. B. Boswell of Vernon, Texas Soil Conservation Service; J. C. Rice of Seymour, Texas Farm Security Administrator; W. W. Larkin and McLaughlin of Fort Worth Works Program Administration; Paul G. Haynes of College Station Extension Service, and I. L. Sturdevant, and Mr. Walker of Aspermont.

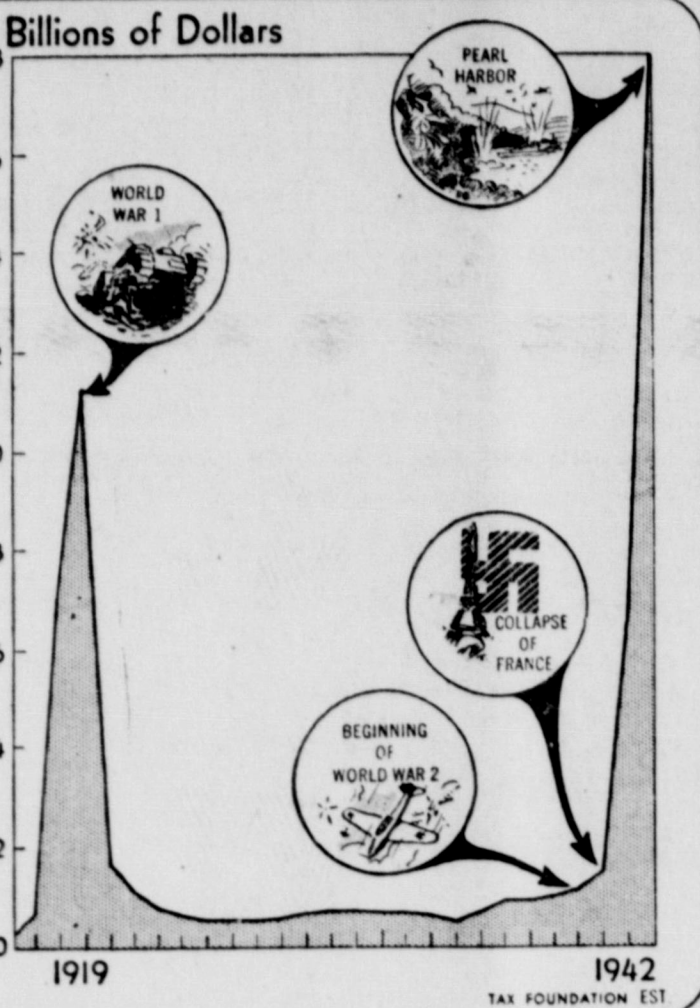

Mrs. L.F. Sadler and Mrs. Sebor Jones visited friends and relatives in Throckmorton on Wednesday and Thursday. Mrs. Sadler was honored at a party given by her friends in Throckmorton Wednesday night. She will be remembered here as Miss Doris Bauman before her marriage.

CHANGES IN DEFENSE EXPENDITURES

Sunset Eagles Down Benjamin

The Sunset Eagles further cinched a prominent place in the basketball conference as a contender for high honors by taking a 13-10 decisive win from the Benjamin Mustangs this week.

Both teams opened with a strong zone defense, each fearing the offensive record of the other. Sunset led the first half with a 7-4 lead, 5 of which were bagged by Rufus Frost.

Toward the latter part of the game Benjamin took the lead by a 7-8 margin. A field goal by Victor Thomas of Sunset put the Eagles in the lead, only to be get back again by a quick two-hand push shot by Cartwright of Benjamin. Immediately Frost scored two points, followed by two more by Bobby Matthews.

Individual scoring honors went to Frost with 7 points to his credit, while Duke of Benjamin tallied 6.

1942 Crop Loans Now Available

Loans for the production of 1942 crops are now available to farmers in Knox county and applications for these loans are now being received at Benjamin, Texas, by A. H. Sams, Sr., according to Marvin P. Bryan, field supervisor for the Emergency Crop Loan Section of the Farm Credit Administration.

A recent announcement by W. E. Farwell, regional manager of the Dallas Emergency Crop Loan Office, which administers these loans, states that the loans are being made available somewhat earlier this season to meet the emergency caused by short crops in certain areas and to permit early preparation of the land.

These loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain loans from other sources. As in former years, the money loaned will be limited to the applicant's necessary cash needs in preparing the land, planting and cultivating his 1942 crops. Borrowers are required to give as security a first lien on the crops financed.

Commonly known as "seed loans" these loans have been made in this county for the past ten years and the Emergency Crop Loan Office at Dallas thoroughly appreciates the fine attitude of the farmers here toward their obligations. Mr. Farwell's announcement states:

The Dallas agency has co-operated during the fall in a campaign fostered by the Extension Service to cut cotton stalks early in an effort to control boll weevils. All borrowers have been urged to cooperate in this for their own benefit and the welfare of their communities. According to a statement announcement the opening of the loan program, farmers who apply for a 1942 crop loan will be asked about their progress in cleaning up their fields.

so much? (Watch out, Delmar!) We're wondering if that Sophomore girl still has a chance with Earl. (What did you say, Earl?) Did it get too hot in the History room, Friday, Benton?

The Munday chapter of F.F.A. has been studying lately about the good and bad points of a dairy cow. The reason is for the coming dairy show. The three boys that are the best will represent the Munday chapter in the contest.

The boys of the chapter will run terrace lines for any farmer in this community, free of charge.

The date for the box supper, February 13, will end the Sweetheart contest. Before the box supper begins the chapter will sponsor tables tennis, badminton, shuffleboard and other games.

The date for the banquet is set for February 26. The Sweetheart will be honored then also.

Registration Is Set for Feb. 16

Knox county men between the ages of 20 and 44 who are not already on selective service rolls, will march to registration booths over the county on February 16 to sign up for possible military duty. Officials estimated last week that 1,300,000 men all over the nation would become available for duty in the armed forces.

The new selective service act provides for registration of all citizens and most aliens aged 18 to 64, inclusive, although only those 20 to 44 inclusive, are eligible for combat duty.

In a proclamation setting the date for the registration, the president made no mention of those outside the ages of 20 to 44. There were unofficial reports, however, that two additional dates would be set, one for registration of 18-19 year olds, and other for the 45-64 group.

Registration will be between the hours of 7 a.m. and 9 p.m. Existing organized personnel will be used to register the men. Those assisting in the registration will serve without pay.

Food Variety Served Pupils In Lunch Rooms

School children of Knox county receive a variety of foods in the daily menus served on the school lunch projects. The following is a typical week's menu. These were served throughout the county last week:

Monday: Shepherd pie, crowder peas, lettuce salad, stewed prunes, oatmeal muffins and water.

Tuesday: Pork and beans, greens, carrot sticks, cornbread, oatmeal cookies and water.

Wednesday: Meat loaf with tomato sauce, Harvard beets, cole slaw, squash muffins, corn grits pudding, milk or cocoa.

Thursday: Cream of tomato soup, fruit salad, grits cornbread, prune cake, water.

Friday: Purple hull peas, bottered okra, celery and raisin salad, pumpkin pie, whole wheat muffins, and cocoa.

These menus for the school lunch have much variety to them, thereby the children do not become tired

Other Cash Crops

Due to a shortage of fats in the nation, it is reported here that the government is encouraging the planting of peanuts and soy beans this year as a means of producing more fats.

A number of farmers, as well as local business men, are showing an interest in planting these products, and efforts are being made to locate planting seed and to ascertain the approximate number of acres that will be planted in Knox county.

County Agent R. O. Dunkle believes that a general acreage can be planted to these products, and there should be a ready market for all peanuts and soy beans grown here.

Mrs. Roy Lane and son of Gore were visitors in Munday last Wednesday.

Supt. and Mrs. C. C. Cunningham of Benjamin were visitors in town last Tuesday.

Mrs. D. C. Green Is Returned Home

Mrs. D. C. Green, who has been ill in Albuquerque, (New Mexico, for several weeks, was returned to her home here last Monday. Dr. D. C. Eiland and Mrs. Dave Eiland went to Albuquerque after her Sunday.

Mrs. Green suffered a heart attack while visiting in Albuquerque last November and remained in the Presbyterian hospital there for a period of four weeks. She is greatly improved and is now able to be up part of the time.

Kenneth Baker, son of Mr. and Mrs. C. P. Baker, received treatment at the Knox City Clinic last Tuesday for injuries received about the face and mouth while playing. The injury is not serious, but very painful.
