

Trades Day To Be Continued Here

Members of the Munday Chamber of Commerce voted at the regular meeting Wednesday to continue some form of trades day events similar to the one held during the fall months. A majority of merchants contacted were in favor of using this means to continue to draw crowds.

The old committee which successfully worked out last fall's events was named to work out plans for the new trades day. The committee is composed of Gene Harrell, Raymond Stapp, Travis Jones, Dick Atkinson, Leland Hannah and Pitzer Baker.

Definite date for beginning the new trades day will be announced when details are completed.

Chamber of commerce members also discussed the 4-H club and F.F.A. fat stock show which will be held in Munday on February 21, and plans are now under way for making this a big event in Knox county.

Defense Guard To Get Uniforms

Requisitions were sent off this week for winter uniforms for all members of Company C, Munday's unit of the Texas Defense Guard.

Complete uniforms are being issued by the government without cost to the company personnel. Some interpret this to mean that the Defense Guard will likely be called out for some phase of military service.

Measurement for sizes in hats, shirts, pants, undershirts, drawers, socks, shoes, overcoats, raincoats, coats, leggings and gloves were taken last Thursday night at the regular meeting of Company C. These sizes were assembled this week and orders sent for the complete uniforms.

Tires Issued By Local Board

Certificates for the purchase of tires and tubes have been granted to the following persons by the Knox county tire rationing board since the rationing program became effective:

At the meeting on January 16 certificates were issued to the following:

Ansel Waldrip, four tires and one tube for fuel truck.

Dr. W. M. Taylor, one tire for car.

Dr. R. L. Newsom, two tubes for car.

Victor M. Reeves, two tires for tractor.

Charles L. Mayes, two tires and tubes for tractor.

Shirley E. Park, four tires and tubes for tractor.

Geo. Steinbach, two tires and tubes for tractor.

Samuel B. Campsey, two tires for tractor.

J. W. Walker, one tire and tube for tractor.

K. G. Homer, two tires and tubes for tractor.

At the meeting on January 23 the tire board issued certificates to the following:

Frank McAuley, two tires and tubes for tractor.

Wiley M. Hord, two tires for tractor.

Ross Bates, two tires and tubes for tractor.

Reuben Bates, two tires and tubes for tractor.

J. O. Peek, one obsolete tire and tube for passenger car.

L. R. Brooks, one obsolete tire and tube for passenger car.

J. L. Brown, two tubes for passenger car.

Wm. Joseph Swain, two tires for tractor.

S. G. Hampton, one tire and tube for mail car.

J. C. RICE ATTENDS FARMERS UNION MEET

J. C. Rice, local secretary of the Farmers Union, left last Friday for Little Rock, Arkansas, where he is attending a conference of national Farmers Union executives. Mr. Rice stated before leaving that the conference would last a week.

S. A. Mitchell of Seymour, district manager of the Community Natural Gas Co., was a business visitor in the city last Monday morning.

Benjamin Boys Have Project On Feeding Pigs

Fifteen 4-H club boys of Benjamin, who are also Boy Scouts conducting a pig feeding experiment at the County Agent's home in Benjamin.

The general object of this feeding trial is to obtain results and information in regard to the value of farm grown feeds in producing pork.

Three barrow pigs, litter mates, were placed into separate pens. Pig No. 1 is being fed grain, sorghums and protein supplement in a self feeder; Pig No. 2 is being fed yellow corn and protein supplement in a self feeder and Pig No. 3 is being fed grain sorghums and no protein supplement.

The pigs were weighed and started on their different rations last Wednesday, January 21. Pig No. 1 weighed 120 lbs., No. 2 94 lbs., and No. 3 105 lbs.

The feeding test will cover a period of about 70 days.

W. C. Cunningham, Ernest Curry and R. O. Dunkle are assisting the boys with this feeding demonstration.

Birthday Ball To Be Saturday At Benjamin

Mrs. Agnes Mayes, Knox county chairman for the 1942 infantile paralysis campaign has announced a birthday ball for the President to be held in Benjamin, Saturday night, January 31, sponsored by the Senior-Junior Sorosis Clubs. They invite all of their friends to attend this celebration.

Instead of a President's ball, residents of Munday are sponsoring a march of dimes. Plans under way are to have a March of Dimes campaign in Knox City and Goree.

These yearly occasions are for the purpose of raising funds to be used in bringing relief to those afflicted with infantile paralysis and to further research for preventative weapons to fight this dread disease.

Give freely to this worthy cause. Fifty per cent of the net proceeds shall be held by the county campaign treasurer, for delivery to the chapter of the National Foundation for Infantile Paralysis, Inc., if such chapter is formed to embrace the county within one year.

MUNDAY YOUTH JOINS U. S. AIR CORPS

James O. Norville, son of Mr. and Mrs. B. O. Norville of Munday, enlisted in the U. S. Air Corps on January 13. He was sent to Fort Sill, Okla., and from there to Sheppard Field, Texas. He is with the 405 school squadron.

Pitzer Baker, Leland Hannah, and Jerry Kane were business visitors in Dallas the first of this week.

21 Football Awards Given Moguls At Annual Banquet Tuesday Night

Coach Dutch Meyer Of T.C.U. Speaks

Twenty-one members of the 1941 Mogul football team were awarded beautiful gray sweaters, trimmed in the school colors of orange and purple, last Tuesday night at the annual football banquet. Fifteen first string letter awards were made; and five members of the second string received awards.

Coach Dutch Meyer, T.C.U. mentor, was the principal speaker for the occasion, giving the 135 people assembled a wonderful message on this popular sport. Coach Meyer told many interesting events in college football and his address was an inspiration to all who heard him.

Those attending the banquet entered the school auditorium to music played by Miss DeLoach and found their places at the banquet table. Wade T. Mahan was toast-

YOU DON'T HAVE TO BE RICH to help American Defense. That's the theme of the above poster, one of the newest of the Defense Savings promotional pieces now going up in streetcars, on bulletin boards, and at other public places. This poster emphasizes the point advanced by the Treasury Department that every American can—and must—pitch in if the United States is to have the arms and the tools necessary to protect her freedom.

Mexican Youth Is Buried on Monday

Tino Trevino, Mexican youth, died at eight o'clock last Sunday night following a brief illness. Trevino was born on August 30, 1923, at Taylor, Texas, and was 18 years and 4 months of age.

His father, Simon Trevino, a native of Old Mexico, first came to Knox county in 1907 and has made his home here most of the time. Trevino is survived by his parents, and four sisters.

Funeral services were held at Rhineland at four o'clock last Monday afternoon, with burial at Rhineland.

22 Registrants Are Reclassified

Listed below are the names of 22 Knox county registrants who have recently been reclassified, as announced by the county selective service board:

- 1156 Delbert C. Cogdell.....1-A
- 1065 John L. Williams.....1-A
- 864 C. L. F. Westerman.....1-A
- 772 Harold B. Brickhouse.....1-A
- 935 Carlton C. Lane.....1-A
- 1194 Roscoe Cranfill.....1-A
- 1307 James W. Hubbard.....1-A
- 878 Martin W. Brown.....1-A
- 957 Bernard W. Klug.....1-A
- 1218 Hart Adams.....1-A
- 546 Louis C. Pate.....1-A
- 989 Adolph R. Bayers.....1-A
- 1222 Ralph Andrew Loran.....1-A
- 1238 Cecil Thomas Voss.....1-A
- 1279 Walter J. Herring.....1-A
- 1256 James Arley Rayburn 1-A
- 1281 Lagie F. Navratil.....1-A
- 1059 Charles J. Tomaneck.....4-F
- 247-A Horace L. Mitchell.....3-A
- 455 Oliver Rister.....2-A
- 1263 Charles Parks Heard.....4-F
- 174 Ivy L. Thompson.....3-A

Fire Destroys Home in Goree

The home of Mr. and Mrs. E. W. Norris, pioneer residents of Goree, was destroyed by fire at about three o'clock last Tuesday afternoon.

Grass was being burned about the place and the fire caught some vines around the house and spread to the roof of the dwelling. The entire roof was aflame when the fire was discovered.

The Goree fire department was called to the scene and made quick work of extinguishing the fire, but only the skeleton of the house remained, it was reported here.

Mr. and Mrs. Sam Birds, Jr., and little daughter of Weinert were business visitors here last Friday.

Plans For Blackout For County Being Discussed

A meeting will be held at the courthouse in Benjamin next Friday night at 7:30 to discuss plans for a blackout in Knox county. At this meeting three air raid wardens will be appointed for this district. Anyone interested in this movement may attend this meeting.

It takes lots of work and plenty of cooperation to have a blackout. Be prepared to act as instructed when it comes time for your county to have its blackout.

Signs have been placed on the center posts relating to center parking. This applies as well to double parking, in which the occupants leave the car to be gone for a considerable length of time. The law reads that all "Vehicles must be parked at a 45 degree angle to the curb." Since this cannot apply to the long trucks, trailer trucks and cars pulling trailers, those vehicles are asked to park lengthwise next to the curb on the east, west, and north sides of the city hall block. A number of tickets have been issued to people for center parking and double parking, but they are just reminders not to do the same again, but in the future the tickets may mean a "payoff."

Local Boards To Handle Feb. 16 Registration

The third registration, which will be held on February 16th and will include all unregistered males who were born between February 17, 1897, and December 31, 1921, will be handled by the local boards and their assistants in most sections of the State, General J. Watt Page, State Selective Service Director, announced today.

General Page added, however, that additional assistance will be required in some of the more densely populated sections, and that such local boards are authorized to call for sufficient volunteer registrants to handle the registration. Volunteer registrars, he said, will serve without pay and will be required to attend instruction classes held by the local board several days prior to registration.

In the metropolitan areas of the State, a special registration place will be arranged for transients. In establishments of substantial size, registration booths will be provided to prevent loss of time from important tasks. In the port cities of Corpus Christi, Houston, Beaumont, Port Arthur, Orange, and Galveston special registration places will be set up at or near the docks so that seamen will not lose time in seeking a place to register.

"We are anxious that this wartime registration be conducted so as not to interfere with any production, and these arrangements are intended for the benefit of the Nation as well as the worker," General Page said.

"I was elected County Judge in (Continued on Page Eight)

Dr. Newsom To Receive Award

The Munday Moguls of 1941 have voted to present Dr. R. L. Newsom a handsome award in recognition of his valuable work with and support of the football team during the past.

A large bronze plaque has been ordered for the team's physician in appreciation of the service he has given the Moguls. The plaque had not arrived in time for the football banquet on Tuesday night and will be presented to Dr. Newsom at some future date.

Mr. and Mrs. Everett Foster have been called to Rising Star to be at the bedside of Mr. Foster's mother, who is ill.

Cotton Ginnings

A recent census report from the Department of Commerce, bureau of the census, Washington, shows that there were 37,296 bales of cotton ginned in Knox county from the crop of 1941 prior to January 16, 1942.

The report shows the county produced more than 11,000 bales more than in 1940, there being only 25,760 bales ginned from the 1940 crop up to the present time.

Hoyle H. Sullins of Vera, special agent for the department, submitted the report to the Munday Times.

Revival Meeting To Close Feb. 8

One of the best compliments paid the B. B. Crimm evangelistic services being held here is being heard both in the homes and on the streets of Munday. "If America had lived up to the things that preacher preaches, we would not be in a war today!"

Services are being held daily at the First Baptist church. The community-wide meeting will continue through Sunday, February 8, with services being held at 7:15 each evening. Morning services are held twice each week, at ten o'clock on Wednesday and Friday mornings. Sunday services are at 3 p.m. and 7:15 p.m.

Next Sunday afternoon Rev. Grimm will give his lecture, "Bug Hunting." This is the famous lecture which, several years ago, Crimm was offered a fabulous sum to make for a chautauqua firm. This lecture is very interesting and inspirational, and a large crowd is expected to hear the evangelist.

L. C. Messer, the singer, meets with the junior choir at seven o'clock each evening for practice, and Clarence Johnston, pianist, meets the young people at 6:45 daily except Sunday. These are important parts of the revival service, and all are invited to attend.

Despite the fact that Price Administrator Leon Henderson had warned against "hoarding" of sugar, sales of this commodity leaped upward in Munday over the week end at the news that rationing would begin in February.

Munday grocers reported a rush on their present stocks of sugar, and some of the local stores sold completely out last Saturday and regular Monday customers had to go elsewhere to secure their sugar.

Henderson announced this week that sugar rations may be restricted to no more than three-quarters of a pound a person a week.

Sales for home use, he said, will have to be curtailed to the extent necessary to allow for use of persons who eat in hotels, restaurants and institutions. Henderson noted also that some sugar would have to be held back early in the year to meet seasonal demands for home canning during the summer months and for the winter holidays.

OPM officials are not yet ready to disclose detailed plans for operation of the rationing system, although rationing books are in the making.

Sugar Sales Leap in Face Of Rationing

Claude Callaway Announces For Representative

Claude Callaway of Crowell, former County Judge of Foard County, has authorized his announcement this week as a candidate for State Representative of the 114th Legislative District of Texas, subject to the Democratic primary in July.

In making his announcement for

this important place in the Legislature of the state, Judge Callaway gives the following review of his many and varied experiences which he believes will, if elected, aid him in the discharge of his duties of making the people of this district good representatives:

"In offering myself as a candidate for the place of State Representative of the 114th Legislative District of Texas, composed of Hardeman, Knox, King, and Foard counties, I do so, subject to the action of the Democratic primary.

"For the benefit of those who do not know me personally, I was born and reared on a farm in Collin county. I began farming for myself when I was 19 years old and have farmed continuously since that time. I was elected tax assessor of Foard county in 1926 and served in that office four years, but lived on my farm, 12 miles from the court house.

"I was elected County Judge in (Continued on Page Eight)

Of recent date, quite a few people have apparently tried to beat the fire truck to the fire, or if not able to arrive ahead of time, have tried at least to tie it to destination. This seriously hampers the work and efficiency of the fireboys, in addition to being a very dangerous practice. The truck must go to the scene of the fire, then it must head for the nearest fire plug and hook onto it. Quite often the cars are so closely packed that it is almost impossible to make it back to the plug to hook on for water.

When the siren blows, pull over to the curb and park, or if you must go, let the truck have all the right of way, and park at least two blocks from the fire. Quite often it is necessary to hook onto a plug which is tow blocks distant from the location of the fire. By doing this you do not hinder the work assigned to those boys, you will not hurt someone or get hurt yourself, and you will not run over any fire hose and damage it.

During the present pretty weather, the fireboys have asked that you burn off lots, ditches, and rubbish so that serious fires will not get started. Already several grass fires have necessitated calling out the department. Burn and clean up at a time when you can watch it and keep it under control, or if you are afraid it is likely to get out of control, call the city hall and arrangements will be made to burn it for you under supervision.

Let's prevent fires, and thus assist in defense work.

Mr. and Mrs. Robert Green and daughter, Lee Ann, have returned home after spending last week in the home of Mr. Green's parents in Clarendon.

Firemen Again Ask Cooperation In Case of Fire

Let's prevent fires, and thus assist in defense work.

Mr. and Mrs. Robert Green and daughter, Lee Ann, have returned home after spending last week in the home of Mr. Green's parents in Clarendon.

Local P.-T.A. Unit Has Regular Meet On January 21st

The regular meeting of the Munday P.-T.A. was held on January 21, with Mrs. L. M. Palmer presiding. Miss Kathleen Burnett read the scripture, using First Corinthians 13: 11-13. The content of the scripture had a bearing on the discussion given by Mrs. R. L. Kirk.

Before the speaker began, however, Mrs. Kirk led the group in prayer and introduced Clarence Johnston and L. C. Messer, who are workers in the revival here, who offered a piano number and vocal solo.

For her subject, Mrs. Kirk chose "Who is to Blame for Fear?" Often fear is installed in the home for emotional habits develop early, she said. First of all both parents and teachers must rid themselves of fear, as through them children gain confidence.

The music was offered by Miss DeLoach. A sextette under her direction sang "Light" and an octet sang "I Am An American."

A short business meeting followed. Mrs. Moylette gave a report on the money in the treasury. There is yet a small sum needed to pay off the note.

MOVE TO FARM

Mr. and Mrs. Basil Reynolds and little son left the first of this week for Loop, Texas, where they will make their home on their Gaines county farm. During the time they have lived in Munday, Mr. Reynolds has been employed at the Rexall Store. The Reynolds will keep up with happenings in Knox county through the Munday Times, which they had forwarded to their new address.

EDITORIAL PAGE

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

BUY DEFENSE BONDS

Our participation in war makes the purchase of immense quantities of Defense Bonds and Stamps all the more necessary.

We cannot finance the war through taxes alone. Nor can we finance it by selling more and more regular government bonds to the banks. The financial burden that war makes unavoidable must be largely absorbed by the people—by ordinary American men and women in all walks of life. The Defense Bonds and Stamps offer us all, whatever our financial status, the chance to help buy the guns and the planes and the great warships that will eventually destroy our enemies.

The banks have been leaders in selling these Defense Bonds. They sell them without a cent of profit to themselves. The hundreds of millions of dollars realized are dispatched at once to the Treasury, to be disbursed for armament. Every bond sold amounts to a blow at dictatorship.

Buy as many bonds as you can afford. Put your spare dimes and quarters into Defense Stamps. This is every American's war—and every American must do all he can to see it through to victory.

SAVE YOUR PAPER

Conserve paper! That request has been made to all the people by the government. Even before we were in the war, the government was using one-third of the nation's paper box production for arms needs, and now military demands will rapidly increase. On top of that the armed forces have many other important uses for paper of all kinds. The cheapest forms of paper, such as newsprint, can be reclaimed and made into boxes and other articles.

When you do your shopping, get along with a minimum of wrapping. The National Association of Food Chains offers consumers five good suggestions when it says: 1. Don't ask for a bag when an item is already packaged. 2. Don't ask for separate bags unless necessary—or any bag at all if you have only a few items to carry. 3. Take groceries in cartons when available—then use the cartons as receptacles in which to save waste paper at home. 5. Remember to save all kinds of paper.

Don't think the stores you patronize are being stingy when they stop using paper, string, tape and other wrappings in the wastefully lavish form we've become used to. When they cut down on paper use, they are cooperating with the government. This is just one more of the many ways retailing in all its branches, chain store and independent store alike, is serving the country now.

Every family can help in the conserve paper drive. Save all you can and turn it in when you reach a substantial poundage. The Army and Navy need it.

WASTE NOT . . . WANT NOT

America has always been a wasteful country. Nature has been so lavish and mass production so prolific that we've had an abundance of everything from crude oil to hairpins. Advertising and attractive prices have encouraged our natural tendency to get something new rather than to patch things up or get along with the old.

Now things are different. Over night, almost, there are shortages. We begin to see dimly for the first time what it would mean to have to make the old thing "do" much longer than we wish—what it would mean to get along with what we have. We begin to realize that discards tucked away in the attic, or piled up in a shed in the back yard, or even thrown on the village dump heap, have value.

Freedom to waste is among the luxuries we must sacrifice during the war. We've got to begin saving our resources, turning them to be best account for victory. Though we may have to pull in our belts now, in the long run the habit of saving will do us good. Perhaps after the war, when our factories begin turning out all kinds of civilian goods again, we'll make more careful use of our raw materials and have a greater appreciation of manufactured products than we've ever had before.

Research scientists have developed a way to make high octane gasoline and synthetic rubber from waste gases of the steel and petroleum industries, providing an almost inexhaustible source of raw materials for these products.

In 1918 an infantry division had equipment that amounted to 3,300 horsepower. Today an armored division has 400,000 horsepower, which is estimated to be as much as a city the size of San Francisco has available.

We want not time, but diligence,
for great performances.—Dr. Samuel Johnson.

ECONOMY FIRST

A resolution presented to the Congress of American Industry, held last week in New York under the sponsorship of the National Association of Manufacturers, points out that early this year Secretary of the Treasury Henry Morgenthau, Jr., suggests cutting a billion dollars from the Federal budget. Thus far Congress has failed to follow his advice—and it's modest advice at best. There are many who believe that the Secretary's one billion slice can easily be increased to two.

The time has come for the government to pull in its belt, put through economies and evolve a workable defense finance policy. The NAM resolution embodies a four-point program that deserves consideration in this respect. It recommends:

1. The elimination of wasteful and extravagant government expenditures.
2. The raising of additional tax revenue by means which will not interfere with national productivity, dry up sources of government revenue or intensify the difficulty of defense adjustments.
3. The correction of unsound features of the tax structure, whose deterrent effects have been amplified by recent substantial rate increases.
4. Funds not raised through economies in spending and by taxation should be raised by borrowing, subscribed to as far as possible by individual investors out of current earnings.

SPEED AS USUAL

Business as usual—that's what some people are saying about American industrial production in 1941. According to them industry didn't change quickly from making consumer goods to making weapons.

Such criticism indicates a lack of understanding of the facts, however. Business was anything but unusual last year. America had no armament industry. Before it could begin making new weapons in quantity, it had to build new factories, new tools, develop new skills. It had to start from scratch. But it did start and start quickly to meet defense requirements. The 245 per cent increase in military plane production in 1941 over 1940 can never be called business as usual. The 23 per cent increase in steel production, 72 per cent in motor truck output—these are anything but "usual" in America or anywhere else in the world.

The record of the past year shows that progress on war orders has been fast. New plants have gone up in record time. Many specific orders have been finished ahead of schedule. The keynote of the whole production job has been speed—speed as usual. That's the only "as usual" there has been in the entire program.

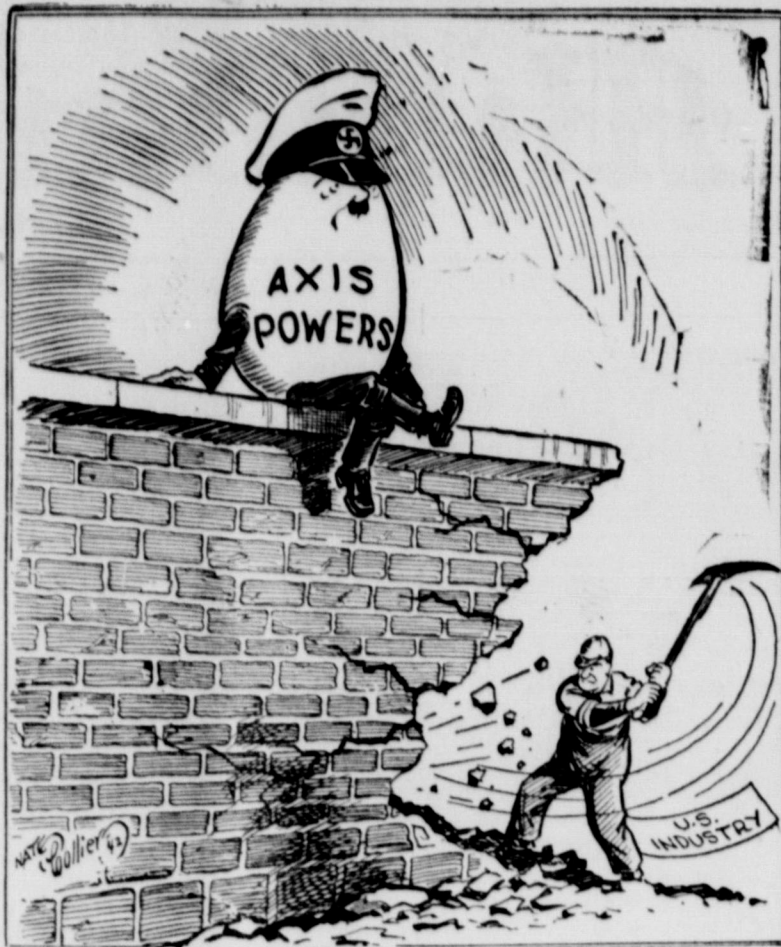

Clothing for the average soldier requires about 160 pounds of wool a year.

A reduction of \$2,000,000,000 in Federal civil expenditures would mean a tax saving of almost \$60 a year to lower bracket taxpayers.

One automobile factory salvaged more than 244,000,000 pounds of material in one year. It has maintained 100 per cent recovery of critical materials like aluminum, lead, tin, zinc, copper and nickel.

In one airplane plant special vacuum hose is used to suck up loose bolts, nuts or shavings that may be in the hulls of bombers after their completion.

HUMPTY DUMPTY

Gems Of Thought

When the archer misses the center of the target he turns around and seeks for the cause of the failure within himself.—Confucius.

Few men are lacking in capacity, but they fail because they are lacking in application.—Calvin Coolidge.

Success in life depends upon persistent effort, upon the improvement of moments more than upon any other one thing.—Mary Baker Eddy.

If you have great talents, industry will improve them; if but moderate abilities, industry will supply their deficiencies.—Samuel Smiles.

Industry is not the only instrument of improvement, but the foundation of pleasure.—Hugh Blair.

BRIEF ITEMS . . .

Found

. . . IN OUR EXCHANGES

I wonder how the daylight saving time is going to benefit me, or you, or anyone. I am dumb but I do not understand daylight saving. Out here we work as many hours as the old body can get up and down and I do not see how changing the clock can make the old body get up and down any oftener.—Roy Hahn in Briscoe County News.

The government announces that in order to conserve nickel for other purposes all five-cent pieces coined henceforth will be half copper and half silver. It hardly seems they could be called nickles any more. However the main thing, of course, is that they will still buy a five-cent drink.—Baylor County Banner.

Times change; about two years ago we were smiling over the efforts of the Germans to get along with synthetic rubber. Times have certainly changed when a British prime minister flies to Washington to consult with a president of the United States.—Editor's Copy.

Another reason why you should pay your poll tax; Senator O'Daniel, we're told, will be up for reelection this year. Another reason: We're at war. Let us help the war effort with our ballots on the home front while our boys are using bullets on the fighting front.—The Vernon Times.

An additional ROTC unit provides basic infantry training for students of Texas Technological College at Lubbock has been obtained. President Clifford B. Jones announced. The unit was secured under special arrangement with the War Department, he said. For the present the new unit probably will be limited to approximately 150 students owing to a shortage of instructors. More than 200 applications for the new unit have been received and those taking the training will be selected on the basis of physical fitness, he said.—State Observer, Austin.

We, of this country, should be deeply thankful that there is an abundance of food. There is enough

wheat for two years. There is the largest corn surplus in storage in the history of the country. The government's program of holding surplus in storage is beginning to bear fruit and quite unexpectedly. It means that there will be an abundance of food, of bread, and of meat for the people of this country. The full meaning of this can best be appreciated if we look at the nations across the sea, older and larger than ours, who, because of lack of foresight and planning, are almost without food and are on the verge of starvation at all times. The situation is a suggestion that there is much in the matter of national welfare that can be accomplished by intelligent planning, by forgetting the old plan of hand to mouth and fast and faming existence and planning intelligently and wisely for the future. With this lesson before us there is no doubt that the leadership of the country is going to make still more plans for the future to the end that our wealth and our resources may serve us better than they ever have in the old easy, careless, and carefree hit and miss days.—Foard County News.

WHAT'LL THEY THINK UP NEXT?

Foaming of milk has long been an annoyance to dairy products manufacturers, and a lot of work has been done to try and figure out ways to keep milk from foaming.

Then the USDA Bureau of Dairy Industry decided that the part of milk that foamed might be different from that part of the milk that didn't foam. So they developed a concentrated skim-milk foam.

Add the concentrated foam to dry or condensed skim milk, whip it a few minutes, and you get a stiff mass that has the best whipped cream beat—as far as looks are concerned. Probably be getting it on sundaes and hot chocolate some day.

Construction of freezer locker plants is increasing rapidly in Texas. California, Mississippi and Kansas.

Peanuts rank as one of the richest food sources of thiamin, or vitamin B1. They also contain abundant phosphorus, and fair amounts of calcium and iron.

It is believed that cork can be grown in South Texas. The U.S. has been importing annually ten million dollars worth of cork.

Shelterbelts And Trees

Munday, Texas.—There are 61 kinds or species of oak trees in the United States which includes the Silin oak, common to West Texas.

The region in which the Torrey pine grows naturally is confined to an area of about 40 acres in the extreme southern part of California.

Grass was the type of native vegetation found on the Central Plains region and is best adapted to Plains conditions. However, trees, like the many cultivated crops which have been imported to the region, can be grown in properly cultivated and cared for. Before the present shelterbelt program carried on by the U.S. Department of Agriculture, Forest Service, many experimental plantings were made, and, of course, millions of trees planted by farmers themselves. Unfortunately, back in the early days little was known of forest culture so that much of the planting was lost, but more recent research and experimentation have made it possible to plant trees with more assurance.

T. W. Harber of the Sunset community has signed up to have a mile of shelterbelt planted on his farm, one-half mile of eight rows of trees to be planted along the

Legal Notice

CITATION BY PUBLICATION

The State of Texas:
TO: Jack Carpenter, defendant,
Greeting: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 2nd day of March, A.D., 1942, at or before 10 o'clock A.M., before the Honorable District Court of Knox County, at the Court House in Benjamin, Texas.

Said plaintiff's petition was filed on the 12th day of January, 1942. The file number of said suit being No. 4245. The names of the parties in said suit are: Daisy Murrel Carpenter as Plaintiff, and Jack Carpenter, as Defendant.

The nature of said suit being substantially as follows, to wit: A suit for divorce, dissolving the bonds of matrimony between the plaintiff and defendant and for the restoration of her name to her maiden name, Daisy Murrel Bartlett. As grounds abandonment of the plaintiff by the defendant for more than 3 years.

Issued this the 12th day of January A.D. 1942.

Given under my hand and seal of said Court, at office in Benjamin, Texas, this the 12th day of January, A.D., 1942.

LEE COFFMAN, Clerk of District Court, Knox County, Texas. 29-4tc

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

D. P. MORGAN, Owner

About Our Schools

By Supt. S. V. Colley

"I'd rather have boys that have milked cows all their life for my football team than any others," remarked Coach Dutch Meyer while reminiscing in my office before the banquet Monday. "They," he continued, "can just hold on longer, have more strength in those hands, and it comes only from juicing Old Pide." He had just been talking with Joe Morrow, manager of the Moguls this year and past rugged football end on the 1940 team. Joe, one of our best football boys, not only has the right attitude toward the game but is a good student; these, with his experience in a bicycle, peddling some six miles home each day, then doing the milking and other chores, should get him a fair chance at a college career when he finishes here.

Dutch Meyer made it very plain though that a boy must have some size, absolutely must be a good student and can pass his work if he has a chance in Southwest football. He says that most boys from the wide open spaces even if in slower football company, can reach the heights if he has the above training, attitude, etc., rather than a big town star. He starts slowly, usually, but then when he does get going he is harder to stop.

Here's one he told that's good for the books. Seems all of his men had been cooled that were subs in a game long ago and he had only ten men to use. "Then," he explained, "was when I learned you had to have 11 men on the field, or forfeit the game. To conform with the rules, we calmly laid one of our boys just over the line onto the field, covered him with a blanket and finished the game with 11 men on the field." Incidentally, they won the game 66 to 3. But they would have forfeited it had they not had the eleventh man on the field.

Mr. Hackney, Seymour county agent and his wife were kind enough to come down, use their projector at the football banquet so that we could see just how Texas Christian University trimmed the Texas Longhorns in the major upset of the year. It was a good piece of photography ably explained

ed by Coach Meyer on each play. It followed his strong, forceful talk on football.

Teachers of the county met here Monday night and exchanged many thoughts in a fine professional meeting. They saw splendid exhibits from grades one through five in the ward building and gave some good reports on what schools of the county are doing to aid National Defense.

"School of the Air" programs are now brought to the Munday Schools through the radio given the school by the speech class from money they received for two one-act plays given recently and through the courtesy of the Rexall drug store.

When Bugler Smith strikes up reveille each morning about 8:45 when Old Glory is being raised you can see students and most people wherever they are, on the sidewalks, coming across the campus or getting off the bus or out of cars, stop, place their hand or hat over their heart and stand at attention until the flag has reached the top. This is also true when the flag is being lowered.

Due to advance in food prices it is almost mandatory that the 7 1/2 cents per meal for the lunchroom will have to be raised in order to keep up the high quality and quantity of food being served to an average of 250 students daily. We now have ten workers in the lunchroom ably headed by Mrs. Lowry. We shall be glad for you to visit the lunchroom at noon sometime.

Student Bond Buyers On Defense Honor Roll

Students able to buy some bonds for National Defense according to figures submitted the past week, although not complete are:

Julie Massey, first grade; Robert Allen Jones, third grade; Peggy Clough, 5A; Sue Carolyn Edwards and Laura Bess Moylette, 5B; Jean Katliff, Elizabeth Smith, Glenn Ray Morrow, and Kenneth Baker, 7A; Charles Roden, Joseph Borden, Noralene Moylette, Lewis Washburn, 8th year.

The total in the ward school according to the above estimates for bond buyers alone is \$425.00.

The eighth grade, sponsored by Miss Burnett has topped all grades for buying bonds and stamps. Totals for the grades according to figures submitted recently are:

First grade, \$6.70; second grade, \$16.30; third grade, \$10.20; fourth grade, \$15.60; 5A, \$14.00; 5B, \$19.40; 6A, \$4.30; 6B, \$14.80; 7A, \$41.50; 7B, \$22.30; Eighth grade, \$108.05.

This is a total for stamps of \$273.15. The above figures are for the ward school alone.

First Grade News

We first graders are saving all the nickels and dimes that we can to buy more and more defense stamps. Each week we are going to try to buy more than we did the week before.

As a reward for extra good work Sue Hallmark and Anna Ruth Stodghill were each given a defense stamp to add to their collection. We are all going to do our best to get a stamp for our good work at the end of the next six weeks period.

Our library is very interesting now, since we have so many new books. Many of us are able to read more and more all the time.

We first grade people like to sing. So we plan to learn at least one new song each week.

Bugle Call Signal for Flag Salute

Something new has been added around the grammar school. Each morning at nine o'clock, a bugle is blown and we all give the salute to the flag. After the salute is given, we give the Pledge of Al-

Hot Lunches for Boys and Girls in Britain

American food sent to Britain is put to good use in the emergency feeding centers. Shown here are boys and girls who have lost their homes through bombing. Their school teachers help serve them with piping hot stew. Thousands of people throughout British towns and cities, in similar homeless condition, are being well fed at low cost at community feeding centers.

legiance. In arithmetic we have begun studying decimals. We're striving to master the fundamentals.

We're glad to report that Jean Ratliff has gotten a defense bond since the last report. We're sorry to hear that she has the mumps.

Second Grade

Boys of the second grade dropped their heads in shame last week when they let the girls beat them in a contest in reading, but this they entered with a new determination for that not to happen again.

Great interest has been shown lately in the dramatization of stories. Before long they plan to have a curtain which can be used in the make-believe stage.

Sophomore Report

After last week the Sophomores are rebuilding and repairing their brains. Many made resolutions concerning their lessons and they expect to keep them.

The class is still buying United States defense stamps. So far the Seniors seem to have bought more than we have. Come on, class see how much competition we can give those Seniors. Of course we want to give a helping hand to win this war.

Since this is the last half we were issued our Grammar books in English. We are going to get to work in English.

Who was the bright little Sophomore who wrote at the bottom of an exam paper: "If you put any of these answers in the funny-papers I expect you to split the profit 50-50 with me?"

Senior Report

Everyone knows now whether or not they will pass this semester. We are required to take four subjects, therefore: the Seniors are having a time deciding on speech or commercial law, as they are both good subjects.

The Seniors were very sorry to hear that they had lost a valuable football player and also a helpful member of their class—James Cude, who has moved to Vera. He was not able to attend the banquet Tuesday evening, but lettered. He received his jacket before he left.

Seniors on Parade

Elnor Beth Hendrix was born six miles north of Munday on March 24, 1924.

She started to school at Hood, then moved to Goree and entered Munday school in the sixth grade. Elnor Beth takes part in the chorus. She was a member of

Goree News Items

Mrs. Charles Johnston, long-time resident of this city, is a patient in the Baylor hospital in Dallas where she underwent surgery last Monday morning. A message later in the day reported Mrs. Johnston resting well. The entire community is hoping for the very best results from this serious operation.

The Red Cross knitting work for Goree has arrived, and all who will help in knitting the garments for our boys in service are requested to see Mrs. E. F. Heard.

Foy Bain Barnett was a visitor here over the week end.

Sally Bridges of Archer City, a granddaughter of Mr. and Mrs. S. F. Farmer, spent the week end in this city.

Mr. and Mrs. L. N. Peyton and small daughter, Sue Ann, of Archer City were visitors in the home of Mrs. Peyton's parents, Mr. and Mrs. Ben Williams. Another daughter, Mrs. Ed Caraway of Decatur, also visited in the Williams home.

Mary Ellen Webb was a Sunday visitor with her mother and other relatives in Vernon. Miss Webb's mother has been on the sick list.

Walter Price, old-time resident of this city, is recovering from a case of the measles. Mr. Price said he was a little late in catching the disease, but the case made up for the delay.

Mr. and Mrs. Clarence Peek and small daughter, Alicia Dell, of Seymour visited with relatives in this city over the week end.

Mr. and Mrs. Belton Duncan and family, Mrs. Kendall and Mrs. W. A. Duncan, all of Haskell, were visitors in the home of Mr. and Mrs. Amos Duncan during the past week.

Miss Sibbie Metcalf is visiting relatives in Paducah this week.

Mrs. E. F. Heard and Mrs. Roy Maples attended a very interesting meeting at Seymour the past week. The speaker was a returned missionary from Japan.

Mr. and Mrs. W. C. Robinson of San Diego, Calif., were recent visitors here. Mrs. Robinson is a sister of Mrs. Cal Moorman here.

Billy Jo Ratliff has enrolled in a business school at Wichita Falls.

Mr. and Mrs. Charles Lane and son of Lubbock were recent visitors in this city.

Mr. and Mrs. Joe Bailey Lawson

Miss Sylva Barnes And Gerald Pope Wed Here Sunday

The marriage of Miss Sylva Clair Barnes, daughter of Mr. and Mrs. H. F. Barnes of Munday, to Ensign Gerald Pope, of Dallas, son of Mrs. Cassie Pope, Talco, took place at 4:00 p.m., Sunday at the home of the bride's sister, Mrs. Fred Broach, Jr., in Munday.

The Rev. R. L. Kirk read the ceremony before a background of white gladioli and woodwardia.

Given in marriage by her father, Miss Barnes wore a dusty pink costume suit with matching hat and black accessories. She wore a shoulder bouquet of gardenias. Mrs. Broach, matron of honor, wore a navy blue costume suit with matching accessories and a corsage of pink tuberoses.

Hulen Ward of Dallas was best man, and Mrs. Don Ferris of Munday sang.

White flowers and white tapers decorated the covered table at which Miss Dorothy Kinard, Dallas, cut the cake. Miss Marilyn Jones, Dallas, presided at the book and Mrs. A. R. Moizek of Dallas, and Miss Louise Beaty, Munday, assisted in the dining room.

Other out of town guests were Mrs. Hulen Ward, Mr. Moizek, Dallas; Mr. and Mrs. John Tallant, Port Arthur; Mr. and Mrs. Tom Craft, Throckmorton; Mrs. J. E. Odell, and J. J. Bedford, Haskell; Dr. Maud Noyes, Commerce, and Elton Johnson, Commerce.

Other guests of Munday; Mrs. Louise B. Ingram, Mrs. P. B. Broach, Mr. and Mrs. T. G. Bengel, Mr. and Mrs. Fred Broach and Bobby Broach, Miss Louise Beaty, Mrs. Don Ferris, Fred Broach, Jr., and the Rev. and Mrs. R. L. Kirk. The newlyweds will live at 3630 Rawlins, Dallas. Mrs. Pope is a graduate of Texas State Teachers College for Women.

Ensign Pope is a graduate of East Texas State Teachers College and the Naval Reserve Training School at Northwestern University. He will serve as assistant recruiting officer in Dallas.

Mr. and Mrs. J. Dee McStay of Vernon spent Sunday in the home Mr. McStay's parents, Mr. and Mrs. S. E. McStay.

Mr. and Mrs. E. B. Littlefield and daughter visited with relatives and friends in Stamford and Anson last Sunday.

Garden Club Has Regular Meeting On Last Tuesday

The Munday Garden Club met last Tuesday afternoon in the home of Mrs. W. M. Huskinson for the first regular meeting since the club was organized.

The club selected for their flower this year, the iris; the shrub will be the lilac.

A clean-up campaign has been started by the club and plans are being worked out to beautify the approaches to the city. The first undertaking will be to do some work on the city hall lawn.

It is hoped by the garden club members that the people of Munday will share their enthusiasm, and cooperate with them in making our town a more beautiful place in which to live.

Present for the meeting were Mrs. M. H. Reeves, J. A. Wiggins, Grady Roberts, Chan Hughes, W. M. Taylor, J. C. Harpham, A. A. Smith, Jr., Herman Jungman, Carl Jungman, Dick Atkinson, L. W. Hobert, B. L. Blacklock, J. R. Burnison, J. C. Borden, W. A. Baker, Geo. Dingus, W. M. Mayo, Miss Shelley Lee and the hostess.

The next meeting will be February 24th in the home of Mrs. S. A. Bowden, at 2:30 o'clock.

GIFTS—Brides start your china and crystal patterns from our beautiful selections. Gifts for the graduates. Use our attractive gift wrappings. The Gift Shop, over First Nat'l Bank.

New Officers For Munday Music Club Elected Thursday

Meeting last Thursday afternoon at the home of Mrs. P. V. Williams, the Munday Music Club elected officers for the next club year. The following officers were elected:

Mrs. Travis Lee, president; Mrs. Louise Ingram, vice-president; Mrs. L. M. Palmer, second vice-president; Mrs. H. A. Pendleton, corresponding secretary; Mrs. Orb Coffman, treasurer; Mrs. Fred Broach, Jr., publicity chairman. Mrs. A. A. Smith, Jr., was re-elected recording secretary.

Prior to the election of officers a brief program on Mozart and his compositions was given under the direction of Mrs. W. R. Moore. The program opened with unison singing of "America the Beautiful." Mrs. Broach gave a synopsis of a recording of "Turkish March" was followed by "Berceuse" sung by Miss Mayme Holcomb, accompanied by Mrs. Clyde Kennamer at the piano with violin obligato by Mrs. Lee.

Preceding election of officers a parliamentary drill was conducted by Mrs. Palmer, parliamentarian.

Shelley Lee Circle Meets Monday For Luncheon Hour

Members of the Shelley Lee Circle met in the home of Mrs. W. M. Huskinson last Monday for the monthly luncheon. Assisting Mrs. Huskinson were Mesdames R. L. Kirk, Robert Green and Jerry Kane.

After the luncheon a very interesting program on "The Christian Home" was presented. Miss Louise Beaty gave the devotional. Others who gave parts on the program were Mrs. Travis Lee, Mrs. Sebern Jones, and Mrs. Jerry Kane.

There were about 12 members present.

Mrs. Everett Pruitt Honored at Goree Shower Saturday

A delightful compliment to Mrs. Everett Pruitt, the former Virginia Earl Stevenson, was the bridal shower given at the home of Mrs. W. C. Katliff Saturday afternoon with Misses Hazel Ratliff, Frances Farmer, and Bonnie June Roberts assisting hostesses.

Guests were greeted by Miss Hazel Ratliff. Each was presented to members of the receiving line, including the hostess, the honoree, Mrs. S. E. Stevenson, mother of the bride; Mrs. Effie Alexander, aunt of the bride; Mrs. G. L. Pruitt, mother of the groom; and Mrs. Paul Pruitt.

Miss Bonnie June Roberts presided at the lovely hand painted bride's book, and in the dining room Miss Frances Farmer poured tea. Assisting with the serving of attractive plates were Misses Betty Sue Stevenson and Frieda Farmer.

Covering the tea table was a lovely battenberg cloth. Center of interest in the decorative arrangements was the elaborate centerpiece lovely in the light of white tapers in candelabra. A military note was emphasized in this unusual artistic achievement which consisted of a large reflector symbolizing the ocean. Slender white streamers held the miniature bride in white satin and the groom in uniform together across the ocean, which was flanked by a mound of ivy and sweet peas.

Mrs. Orb Coffman, accompanied by Mrs. James H. Bardwell at the piano, sang "Because," "Always," "Smilin' Trough," and "I'd Climb the Highest Mountain." Other music was furnished by recordings of Strauss waltzes.

Those registering in the bride's book were Mesdames H. D. Arnold, Orb Coffman, John Goode, Jim Goode, Henry Coffman, Les Jamison, H. L. Moore, N. W. Roberts, Roy Jones, F. G. Daniell, Ernest Robinson, George Weber, James H. Bardwell, Homer Howard, Scott Howard, W. L. Stewart, Roy Maples, Charles Heard, E. F. Heard, Paul Pruitt, G. L. Pruitt, Effie Alexander, Sam Hampton, W. M. Taylor, S. E. Stevenson, Elizabeth Farmer Bridges, S. F. Farmer, Ira Stalcup, Hamp Jones, Ed Jones, Ben Hunt, Foy Barnett, Charles Goode, Tom Cowser, J. F. Hill, Dee Lawless, Don L. Ratliff, John Coffman, Henry Griffin, J. W. Fowler, J. W. Baughman, Ella Lawson, O. W. Lewis, Cliff Moorman, F. F. Goode.

Misses Christene Jones, Marjorie Arnold, Lorene Cowser, Virginia Goode, Helen Duncan, Marijane Duncan, Frieda Farmer, Betty Sue Stevenson, Naomi Hampton, Mary Jean Stevenson, Almarine Nunnally, Lila Hill, Jackie Fleisher, Mary Ellen Webb, Esta Covey, Madelyn Goode, Ester Hill, Chloe Dell Stalcup, Berniece Goode.

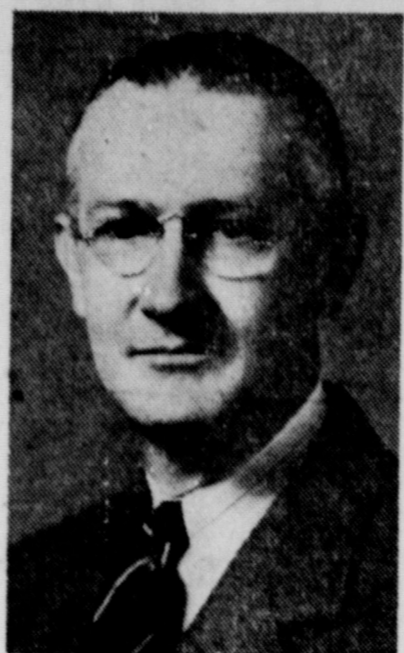

TO CHURCH MEETING

Rev. Luther Kirk spent last Monday in Sweetwater, where he attended a meeting of churches of the Dallas area. The area is composed of four Texas conferences, and present conditions facing the church were discussed by Methodist leaders. Rev. Kirk reported a very inspirational meeting.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Deaton Moorhouse, formerly of Benjamin, who now reside in Seymour, are the parents of a son, born last Sunday at the Knox County hospital. Mother and son are reported to be doing nicely.

GOODWILL CHAMPION

His stock in trade is goodwill—Charles G. Cotten, manager of the trade extension department of the Fort Worth Chamber of Commerce, who has conducted more than 600 tours out of Fort Worth in the last 12 years. He is planning now for invitational tours for the 1942 Southwestern Exposition and Art Stock Show, March 13-22. —Taylor's Studios

Outlook Program Held Monday At Guild Meeting

The Wesleyan Service Guild met Monday night in the home of Mrs. Joe Bailey King for the Outlook program, which was lead by Jeanette Campbell.

A very interesting discussion was given on China by Miss Ruth Baker, and an enjoyable story, "Moon Fancy," was told by Mrs. Levi Bowden. The guild motto was repeated in unison, and the song, "God Will Take Care of You" was sung by the members.

Present were Mesdames. Ellen Bounds, R. L. Kirk, Aaron Edgar, Levi Bowden, Joe Bailey King, and Misses Ruth Baker and Jeanette Campbell and a visitor, Lee Ancil Bowden.

The guild will not meet again until the revival meeting closes. Each member is urged to be in her place as the new year's work is resumed so the most may be obtained from the guild's work.

Ski-Hi Club Meets Friday In Travis Lee Home

Mrs. Travis Lee and Mrs. Travis Jones were hostess last Friday night to the members of the Sky High club and their husbands, in the Lee home.

The Valentine motif was carried out in the decorations and place cards.

In the games of bridge, high score honors went to Miss Lorene Newsum and James Rayburn.

A delicious refreshment plate was served to Messrs. and Mesdames Bob Davy, Jerry Kane, Basil Reynolds, and Hugh Beaty, Miss Lorene Newsum and James Rayburn, and the hosts and hostesses.

Shorty Gaffor is having a swell time this week. He is confined to his home with mumps.

Mrs. G. V. Smith of Floydada and Mrs. Arthur P. Barker of Lockney came in Tuesday for a few days visit with their sister, Mrs. C. P. Baker.

Mrs. Fred Broach Hostess at Tea For Miss Barnes

Mrs. Fred Broach was hostess Friday from 3:00 to 4:30 p.m. for a lovely gift tea in her home, honoring Miss Sylva Clair Barnes, whose marriage to Ensign Gerald Pope of Dallas took place Sunday at 4:00 p.m.

A white bridal motif was carried throughout the reception rooms.

In the dining room, a lace covered table was centered with a large bowl of white sweet peas and ferns, and silver candelabra at each end held white tapers.

On the buffet, a fan-shaped basket of white snapdragons and ferns, and in the living room were large vases of azaleas and snapdragons.

Mrs. A. V. Kemletz of Stamford greeted guests and Mrs. Arthur Smith, Jr., received signatures for the bride's book.

In the receiving line were Mrs. Fred Broach, Miss Sylva Barnes, Mrs. H. F. Barnes, her mother, and Mrs. Fred Broach, Jr., her sister.

Mrs. Louise B. Ingram and Mrs. G. R. Eiland poured tea and others in the house party were Mesdames. L. S. Hardegree, W. V. Tiner and Misses Dixie Atkinson, Jane Campbell and Evelyn Reeves.

Guest list: Mmes. P. B. Broach, Louise B. Ingram, T. G. Bengel, J. C. Harpham, C. L. Mayes, Jack Mayes, G. H. Beaty, Arthur Smith, Jr., H. A. Pendleton, W. M. Taylor of Goree, A. A. Smith, Effie Alexander, H. P. Hill, J. C. Borden, J. L. Odell of Haskell, R. D. Atkinson, W. R. Moore, J. R. Smith, Helen von Baumann, Leland Hannah, W. W. Pusey of Lexington, Va., C. P. Baker, M. H. Reeves, W. A. Baker, J. O. Bowden, Austin Caughran, M. F. Billingsley, Chan Hughes, P. V. Williams, L. S. Hardegree, R. B. Bowden, W. V. Tiner, D. E. Holder, S. E. McStay, A. L. Smith, G. R. Eiland, Sebern Jones, Carl Jungman, Oates Golden, Jerry Kane, J. J. Keel, L. M. Palmer, Paul Pendleton, W. P. Farrington, Ethie Lee Pool, A. V. Kemletz of Stamford, C. R. Elliott, G. L. Hunter, Frank Burnison, J. C. Rice, E. E. Lowe, C. H. Giddings, John Ed Jones, Rupert Williams, E. W. Harrell, Janet Campbell, Don Ferris, Travis Lee, Gene Harrell, Jane Campbell, Dixie Atkinson, Cammie Beaty, Louise Beaty, Elizabeth Mounce, Fannie Isbell, Shelley Lee, Maud Isbell Evelyn Reeves Ruth Paker, and Betty Golden.

Mrs. Robert Green was hostess to the Sky High club last Wednesday afternoon in her home.

In the games of bridge, Mrs. Travis Jones held high score. A delicious refreshment plate was served to the following members and guests: Mrs. Travis Lee, Mrs. Bob Davy, Mrs. Jerry Kane, Mrs. E. B. Littlefield, Mrs. Fred Broach, Jr., Mrs. Travis Jones, Mrs. Hugh Beaty and the hostess.

Sky High Club Meets Wednesday With Mrs. Green

Mrs. Frank Burnett of Granbury spent last week end in the home of Mr. and Mrs. J. A. Wiggins.

Planning More Defense Foods

Farmers in this State and elsewhere in America are beginning to make plans for producing more "defense foods" in 1942. Among the highly-nutritious foods needed in greater quantity are milk, cheese, eggs, meats, and vegetables. Good market prices for the year are assured. Every farmer in the nation will be visited this fall by an AAA farm program committeeman who will assist in planning the increases.

Mrs. James Dyke spent several days this week in the home of her parents, Mr. and Mrs. W. V. Tiner. She returned to school Wednesday with Mr. Dyke, who had been visiting his mother in Walters, Okla.

Mr. and Mrs. Dyke are senior students in Hardin-Simmons University. Congratulations to Mr. and Mrs. O. W. Cypert, who are the proud parents of a baby boy, born at 7 o'clock Thursday morning.

SATURDAY LAST DAY TO PAY TAXES WITHOUT PENALTY

Saturday, January 31st is the last day you can pay your 1941 City and School Taxes without penalty and interest. In view of the good crop year and good labor conditions pay up your 1941 taxes. This will count off your income tax, as all taxes are deductible from income tax. If you have any delinquent taxes, investigate and pay off if possible or make arrangements for payment over a period of time. A large number have arranged to pay delinquent taxes like rent or utility accounts, without having to make a large lump sum payment.

City of Munday Riley B. Harrell, Collector

At The Churches

SERVICES AT LAKE CREEK CHURCH

Sunday School at ten o'clock. An invitation is extended to every former pupil to be in your place. Ivy Cypert, our beloved superintendent, will be with us again from Sunday to Sunday, the Lord willing, since his recovery from the recent car accident seems permanent.

Subject for the eleven o'clock hour or worship: "Who Is My Neighbor?" Come and be with us, and let's find out.

No services Sunday night. Attend the coming revival!

Chas. Sargent

FIRST BAPTIST CHURCH

Have you been attending the revival? We are hoping that you will come to every service. Monday needs a REVIVAL. If you are not coming and putting yourself into this meeting that is good evidence that you need a revival. When you read this, say to yourself, "I am coming."

We are making an urgent appeal to every Baptist to come to the service next Sunday morning, each church will have its service at home. Bro. Crimm will preach at the Methodist church, and the pastor will preach at the Baptist church. Bro. Messer and Bro. Johnston will both be with us in our service. We are expecting our Sunday School attendance to run well over the 200 mark. Let's all be in our places. Don't be a slacker. We need boosters. We need helpers. The Lord's cause needs workers.

Whatever you do, whatever you plan, come to the service Sunday morning.

This meeting will not close until Sunday night, February 8th. That is a long time, but when we come to the end of life's little day we will feel like it has been all too short. You remember that Isaiah, under the direction of God, went to Hezekiah one day and said, "Set thine house in order." Let's begin the "ordering" process.

W. H. Albertson

AT THE METHODIST CHURCH

Luther Kirk

One of the great preachers has said in a recent article that an courage, inner courage, for they will have great sacrifices to make. Our people will need comfort, for hearts and homes will be broken. Our freedom will be baptized in blood and tears. Our people need love. Let us denounce the terrible

Political Announcements

The Monday Times has been authorized to announce the candidacy of the following, subject to the action of the Democratic primaries:

For Tax Assessor-Collector: E. B. (Earl) SAMS, Re-Election

For Commissioner of Precinct 4: ED JONES, Re-Election

For County Treasurer: R. V. (Bob) BURTON, Re-Election

For State Representative, 11th District: CLAUDE CALLAWAY

sins that bring on war, sins whose roots are in the whole human race.

The mission of the Church is to give our people courage, comfort, love and this can only rightly be done by denouncing all sin. It is sin that robs us of all joy or happiness that we may not have. The Church denounces sin not because of hatred to any individual but because of its love for every individual.

Worship God Sunday in the church of your choice.

Rev. B. B. Crimm will bring the Sunday morning message. Come.

WASHBURN NEWS

Mr. and Mrs. V. C. Snyder and little daughter Patricia Ann visited in the home of Mrs. Snyder's parents, Mr. and Mrs. A. M. Searcy, here this week.

Mr. and Mrs. J. B. King of Weir visited in this community last week.

Mr. and Mrs. C. N. Smith visited Mr. Smith's brother, R. C. Smith of Gorman last week. Mr. Smith is ill.

Mrs. Estel Woods of Haskell visited Mr. and Mrs. Otis Simpson last week end.

A. L. Smith was in Knox City on business last Friday.

Miss Dorothy O'Donnell of Munday was in this community on business last Saturday.

Jane Hill visited Bernice Stubbsfield last week.

Mr. and Mrs. Dale Clemmer visited Mrs. Clemmer's brother, Mr. and Mrs. Frank Brown of this community, last week end.

Frances Smith visited Retta Jo White of Munday last Tuesday night.

Mr. and Mrs. J. R. King and Mr. and Mrs. Mann Broach were in Graham on business last week end.

Mrs. Joe Patterson of Munday visited Mrs. Lloyd Patterson of this community last Wednesday.

Mrs. Ben Guinn spent last week end in Fort Worth and Dallas visiting with relatives and friends. She was accompanied by her sister, Mrs. Ellis Hackett, who had spent several days visiting with Mrs. Guinn. Mrs. Hackett returned to her home in Sherman.

This American Tire Made From This American Bush

Proving that manufacture of tires from the American grown guayule shrub is practical, William O'Neil, president of The General Tire & Rubber Co., has turned over to Jesse Jones, secretary of commerce, a specimen of the mature plant and a tire made entirely of guayule rubber. The tire was made in the same General Tire plant and in the same machines used in making tires from far eastern rubber. O'Neil has urged the development of guayule as an emergency rubber supply for years. A bill now before Congress calls for the immediate planting of all available guayule seed in the states of Texas, California, New Mexico and Arizona. Because it thus far is impossible to make a tire from synthetic rubber alone, O'Neil is urging the growth of guayule to supplement the 400,000 ton production of synthetic already announced by Jones. American Legion Posts in all parts of the country are supporting the O'Neil guayule program, which O'Neil discussed this week with Secretary Jones and J. J. Kloesner, president of the Rubber Reserve Corporation.

Political Calendar Contains Many Important Dates for Texas People

A state political calendar, containing important dates of interest to Texas voters as well as politicians for 1942, was issued last week by the office of Gov. Coke R. Stevenson. Highlights on the calendar are the first Democratic primary on July 25, the second on August 22 and the general election on November 3. All three of these dates are fixed by statute.

The calendar follows:

June 1—Last day for candidates for state offices and district offices, in districts containing more than one county, to file requests to have names placed on the ballot.

June 8—Meeting of state executive committee to select site of state convention and certify names of candidates to county chairmen.

June 13—Last day for county and precinct candidates and district candidates, in districts composed of only one county, to file.

June 15—County executive committee meets to determine order of names and ballot and estimate expense of election.

June 20—Last day for candidates to pay assessments for ballot.

June 22—Primary committee meets to prepare ballot.

June 25—First day for filing first campaign expense accounts for first primary.

June 30—Last day for filing first campaign expense accounts for first primary.

July 5—Absentee voting begins.

July 13—First day for filing second campaign expense accounts for first primary.

July 17—Last day for filing second campaign accounts for first primary.

July 21—All voters living in a city of 10,000 inhabitants or more, who have moved residence within the city or from without the city to the city, must report to the tax collector not less than four days prior to the election.

July 22—Last day for absentee voting in first primary (must be received by county clerk on this day.)

Sept. 1—Last day for filing

July 25—First Democratic primary election.

Polls open from 7 a. m. to 7 p. m., according to the population of the county. Precinct conventions elect delegates to the county conventions (all parties).

County clerk or county chairman shall notify secretary of state by telephone or telegraph of the results of the unofficial tabulations.

Election judges to deliver one copy of official returns to county chairman within 24 hours after ballots are counted.

July 28—Last day for filing first campaign expense account for second primary.

Aug. 1—County executive committee meets to canvass results.

County conventions are held to select delegates to state convention. (All parties.)

Aug. 2—First day for absentee voting for second primary.

Aug. 4—Last day for filing final campaign expense accounts for first primary.

Reports of expenses should also be filed with county judge within 10 days after date of first primary.

Aug. 10—State Democratic executive committee meets to canvass results of first primary election in all state and district elections.

First day for filing second campaign expense accounts for second primary.

Aug. 14—Last day for filing second campaign expense accounts for second primary.

Aug. 19—Last day for absentee voting in the second primary.

Aug. 22—Second Democratic primary election.

County clerk of county chairman notify the secretary of state by telephone or telegraph of the results of the unofficial tabulation of votes.

Election judges to deliver one copy of official returns to county chairman within 24 hours after ballots are counted.

third campaign expense accounts for second primary.

State convention. (All parties.)

Sept. 7—Meeting state executive committee to canvass results of second primary.

Oct. 14—Absentee voting for general election begins.

Oct. 31—Last day for absentee voting in general election.

Nov. 3—General election day.

County clerk or county chairman shall notify the secretary of state by telephone or telegraph of the results of the unofficial tabulation.

Nov. 9—Commissioners court shall canvass returns and county judge shall certify results of election.

Nov. 18—State election board shall canvass returns of the general election and declare the results of the election.

Jan. 12—Forty-eighth legislature convenes.

Jan. 19—Governor and lieutenant governor inaugurated.

Mrs. W. W. Pusey has returned to her home in Lexington, Va., after a two weeks visit in the home of her mother, Mrs. Maggie V. Smith. She was accompanied home by her sister, Mrs. Helen von Baumann.

E. B. Sams, tax assessor-collector of Knox county, was here from Benjamin last Friday, attending to business matters pertaining to his office.

E. L. Covey of Benjamin was a business visitor here last Saturday.

Misses Merle Dingus and Christine Burton were visitors in Wichita Falls last Monday.

Miss Doris Howell spent last week end in the home of her parents, Mr. and Mrs. R. H. Howell. Doris is a freshman in N.T.S.T.C.

Denton.

Charlie Matlock of Seymour was a visitor in the city last Tuesday.

Come Right In, Friend!

Texas deer are friendly critters. The Conroe Courier carries a story about a seven-point buck that showed up on the courthouse lawn, to the astonishment of busy shopping crowds.

And the Tyler Telegraph tells us that a doe was seen lightly tripping across the old city airport recently.

And all this happened while the deer season was in full blast.

Trees and shrubs make an ideal harbor for poultry, protecting them from the wind, hot sun and predatory birds and animals.

Munday Boxers Defeat Olney

Last Monday night Coach Perryman and his boxing team won 5 out of 7 fights over Olney, there, and appeared to be one of the teams to beat in the Olney Golden Gloves district tournament this week-end.

Moore, Carden, Payne, Cude, and Browning won their matches with impressive victories.

Wednesday night the Olney boys came up to Munday but failed to bring their heavier fighters, and after close questioning, they admitted that the Munday boys jarred them up considerably last Monday night and they they were afraid to fight the Munday heavies. Last night's bouts were split 3 and 3, with Browning, Payne and Montgomery winning over Hutchens, Deets, and Brock of Olney.

The Munday team wishes to apologize to the public for not having the heavier bouts on the program, but the opposition just failed to bring any fighters and did not let us know that they were not. We assure you that in future matches we will remedy such matters if at all possible, and let you know in advance.

POWER in a hurry!

UNCLE SAM's fast-moving ski troops put military power in the right place at the right time.

America's electric companies have done the same job with industrial power. They were ready when the crisis came!

They powered new plane plants, tank factories and shipyards almost overnight—and rushed reserve electric power to key points over carefully interconnected systems.

As the demand grew greater, they speeded new construction. Last year, alone, they installed over 2 1/2 million more horsepower—enough to light one-quarter of all the homes in America!

Good business management made this possible. The same companies, the same management, will go on increasing the production of power for protection—until skiing is asport again, instead of a war maneuver!

West Texas Utilities Company

I GIVE YOU TEXAS

By Boyce House

"A man can smile and smile and still be a villain," observed Shakespeare—and the sun can shine and shine and still it can be quite cold, at least that is true in Minneapolis. Your observer likes to walk around and size up a strange city—but six blocks chilled my arctic and my feet. That wind was as brisk as a West Texas one and was loaded with ice.

One of the most oddly-shaped business edifices this columnist has seen is the Foshay building in Minneapolis—the skyscraper shaped like a shaft.

They have a good second-hand book store in Minneapolis—but the number of books is less and the prices are higher than in the one in St. Paul. Besides, Carl Sandburg browsed in the St. Paul shop.

Minneapolis is about 10 miles up the Mississippi from St. Paul and is the larger city. Everyone is familiar with the rivalry—which is supposed to be keener than that between Fort Worth and Dallas.

The story that illustrates this is: A banquet was held, once upon a time, with citizens of both Minneapolis and St. Paul attending. The atmosphere was friendly, the speeches conciliatory. Finally one speaker said, "These two cities are so close together, they should be just one big city, with one name, and I have the very name—Minneapolis. 'Minne' for Minneapolis and 'ha ha' for St. Paul."

It is said that a new minister in Minneapolis lost his pastorate by announcing that he would take his text from one of the epistles of St. Paul.

Oh, well, maybe you'll like the story credited to Governor Staassen. A visitor asked the Minnesota chief executive, "How many people work in the state capitol?" and he replied, "About half of them."

And speaking of Governors, Coke Stevenson is a good driver, though he usually drives with only one hand—force of habit, dating back to the time (not so long ago, either) when roads were so rough that a fellow had to keep one hand in readiness to shift into second or the car would stall.

Bram the Iconoclast, the most brilliant writer Texas has ever known, said that Thomas Carlyle, the old Scotch philosopher, was such a titan that his shadow fell on the shoulders of Shakespeare himself. Here are a few great thoughts from Carlyle:

Nature does nothing without aim. What you see, yet can not see over, is as good as infinite.

Do the duty which lies nearest thee.

The journalists are now the true kings and emperors.

The fearful unbelief is unbelief in thyself.

Thought without reverence is barren.

Great men are too often unknown or what is worse, misknown.

Love is a discerning of the infinite in the finite, of the idea

Freeport Sulphur Pledges No Price Increase in 1942

A direct contribution to the government's efforts to curb the rising cost of living in wartime was made today by the Freeport Sulphur Company in a voluntary pledge not to increase the base price of sulphur during the full year of 1942.

Freeport, one of the nation's largest sulphur producers, made its pledge to the Office of Price Administration. In announcing in Washington the company's action Price Administrator Henderson declared:

"Sulphur is a primary industrial raw material that is particularly vital to war industries. Any increase in its price at this time inevitably would be reflected in higher costs for the innumerable products using sulphur.

"The efforts of my office to hold prices stable in the face of tremendous inflationary pressures have been assisted importantly by the splendid cooperation of this major producer. I am confident that the other companies which mine sulphur will add their contributions to that of the Freeport

Company so that our sulphur consuming industries may continue to enjoy stable prices during this year.

"Indeed, the example set by Freeport Sulphur Company is one that many other industries might well use as a pattern in this war emergency. Government regulation of prices can be held to an absolute minimum if our country's producers, wholesalers and retailers all join in a concerted effort to hold prices down."

Sulphur is used in one or another form in the production of hundreds of things, not only for war but for day-to-day living. Its cost affects the costs not only of explosives for shells, aviation fuel for planes, steel for ships and vulcanized rubber for military tires, but also gasoline for passenger cars, chemicals used in making thousands of household articles, fertilizer for farm products, rayon for clothing, paper for newspapers and magazines, and many more.

The Freeport price pledge was made in a letter to Mr. Henderson from Langbourne M. Williams, Jr., president of the company, stating: "At the beginning of 1941 the Freeport Sulphur Company voluntarily agreed with you that we would not increase the base price of an amount of sulphur sufficient to last our customers for one year at the then current rate of sales.

"We are very glad to report to you now that even though our sales in 1941 considerably exceeded the amount indicated by the rate prevailing at the time we made this commitment, all demands for our sulphur were filled during the full year at no increase above the base price of \$16 a ton F.O.B. mines.

"In the light of the developments that have taken place during the past year, a similar pledge seems even more desirable today. We are glad, therefore, to renew this offer and to promise not to increase our \$16 base price on deliveries during the full year 1942."

The Company's commitment for 1942 was made even though it has put into effect two wage increases,

Books for Buddies

Sub-Freezing Weather To Continue; Forecasts Is for Snow, Top of Frozen Water Pipes Are Numerous But Little Damage Is Done to

Dallas shivered through another near-zero night Monday with more snow and continued cold but slightly warmer weather in sight for the city's second most frigid wave of the last five years.

"We can look for clear, cold and possibly snow Tuesday," said meteorologist Love Field.

"Tuesday temperatures will be in the 20s and 20 degree as the 10 degree against the 24."

It was the first three decades that know all about. On observers, barred their information put Monday when it was going, how long would last.

Restrained from long-range predictions by the war, the simply repeated livestock

People are always saying to this columnist, "I want to write; I could turn out some good short stories or a novel if I just had the time." Of course, the answer is that they have 24 hours a day, which was just exactly the same amount allotted to all who made their mark in the field of literature—and some of these had great handicaps, besides.

Blind Homer wandered from town to town singing his immortal epics; blind Milton dictated "Paradise Lost" to his daughters; Robert Louis Stevenson did all his writing in a race against death, likening himself to a wayfarer who, knowing that a robber lurks somewhere in the darkness ahead, stops in each inn and spends some of his money, so there will be just that much less for the highwayman at last.

Ten Degrees Here. Monday's 10 degree was the coldest since 1901.

FRIGID WEATHER TO RETAIN GRIP Weatherman Forecasts 10 to 15 Degrees for Monday Night; Many Seek Relief

Despite increasing cloudiness late Monday and Tuesday, the mercury again will fluctuate between 10 and 15 degrees above zero, said A. M. Hamrick, chief of the weather bureau.

The temperature reached its lowest point of the five-day cold snap when the thermometer dropped to 10 degrees above zero at 7:30 a. m.

The present cold spell had lasted 11 days, Saturday.

The mercury point of 32 degrees Thursday. An hot day was 29 degrees.

The weatherman threw his winter book at Fort Worth Saturday. Snow, freezing rain and sleet created traffic jams all over the city but provided

No Early Relief From Bitter Cold Seen in Forecast

grip of the coldest weather since A. M. Hamrick saw no snow, auto radiators and live stock throughout the night, with the mercury at 15 degrees.

Steaming automobiles and frozen faucets attested to the recorded low of 9 degrees in the downtown area and 10 degrees at Love Field.

Snow Covers Large Area (By The Associated Press) Snow was reported as far south in Texas as Hillsboro Saturday, with Texarkana reporting a five-inch fall.

It was the first snow of the year for many points. Hillsboro had rain, then sleet, then snow, with a low temperature of 29. Sherman had a low of 13, and other North Texas points were still in the grip of a cold wave.

A heavy snow started at Corsicana, following a sleet heavy enough to cover the ground.

likely that many had frozen. Poultry, he said, would probably be the most unlucky. Extreme cold like this causes a drop in the production from dairy cattle, he said.

Plenty of Gas. Although America's war program has put added drain on Dallas' and North Texas' fuel gas supply, Lone Star Gas Company officials report

that there is plenty of gas, even if temperatures hit lower levels, and despite the requirements of defense plants and army camps.

Many Dallasites, who left their automobiles in the garage Monday, sought at motorists who tried to give their cars to work and found the radiators were frozen or car blocks cracked. Many had to be put in enough anti-freeze solutions.

was the first cold wave in decades that Dallasites didn't know all about. Only the weather bureau, barred from making information public, knew on any when it came, where it was going, how long it probably would last.

Restrained from long-range predictions by the war, the bureau simply repeated livestock and property warnings.

At Amarillo, where the reading was 5 above zero Friday morning, the mercury went down to 10 Friday night. Four degrees was recorded at Borger Friday morning.

Dealers in anti-freeze liquids reported a definite shortage, which caused many persons to leave their automobiles in the garage with the radiators drained. Dead or weak batteries were blamed for still more trouble for other motorists who were unable to start their cars.

Lowest Readings in Years. (By The Associated Press) The coldest wave of the season brought to some Texas cities the lowest readings in years.

Abilene temperatures prevailed in Panhandle. Amarillo's 9 below hasn't been equaled since January, 1933, when the mercury fell below.

A light coating of ice sheathed roads early today after the mercury fell from 60 to 32.

The low at San Antonio was 28 while Houston reported 31 with a higher rain.

Other reports: Pampa, 9 below; Plainview, Wichita Falls and Paris 5 above; Sherman, 7 above; Fort Worth and Lubbock, 9 above; Big Spring, 12.5; Corsicana, 13; Odessa 16; Palestine, 17; Llano and Texarkana, 22; Austin, 23; Lufkin, 26

Bitter Cold To Continue

Continued freezing weather here after the coldest night of the winter's forecast for Friday and even worse conditions are concerned—rain mixed with sleet.

After a day when the temperature rose only to 30.3 degrees at its highest point Thursday, the mercury sank to 18 degrees early Friday morning and is expected to

Continued cold weather, made more unpleasant by light sleet and freezing rain during the early morning, was the prospect for Fort Worth Saturday as Winter's worst siege held the city in its grip Friday night.

The readings late Friday night were in the low 20s, after the mercury had fluctuated little during the day. Minimum in the morning was 13, and the Friday top mark was 23.

Saturday morning's low will be near 20 degrees, the United States

It is in emergencies such as this that the vital importance of dependable gas service stands out in its full significance.

Lone Star Gas Company

Sleet, Freezing Rain Due to Keep Winter Here Today

Continued cold weather, made more unpleasant by light sleet and freezing rain during the early morning, was the prospect for Fort Worth Saturday as Winter's worst siege held the city in its grip Friday night.

The readings late Friday night were in the low 20s, after the mercury had fluctuated little during the day. Minimum in the morning was 13, and the Friday top mark was 23.

Saturday morning's low will be near 20 degrees, the United States

First and Second Grade News

The first grade room is again very well filled with pupils. Some of our children have moved out and some have moved in.

Revis Ann Voss has moved to Abilene and Raymond Lemley has moved to Haskell. We are sorry to have them move away.

Charles Parker has just moved in from Hefner. He is a very good first year pupil. Joe Eakin has also entered the first grade this week. He came from the Pleasant Ridge

school in Montague county.

We have three more Spanish children, making four in the first grade. We now have 22 children in our room.

We plan to make some window boxes and plant some flowers soon. Lynwood Frost is ahead thus far in our reading contest for speed, comprehension and word recognition. We are also beginning to "share" with our audience. This is a little more difficult for the first graders and it requires some time but it can be done and makes more fluent readers.

Third Grade News

We are happy to have so many people back in school. Ralph Crane is absent today and Frankie Sue Little is still out with the measles.

This warm sunshine and fresh air has just about started all of us bubbling over with energy to the extent that even working is fun.

We are planning to get us some baby chickens soon.

Fourth Grade News

We have three new pupils in our room. Lois Eakin from Bowie, Helen Sue Parker from Goree, and Josephine Mora from Wichita Falls. We are glad to have these pupils, and we hope that they will like school here.

Practically all the students are back in school now from having had the measles. Royce Harber said that he liked the measles just fine—he isn't hard to please, is he?

In English we are studying how to write friendly letters.

Fifth Grade News

Fifth Graders On Parade
 June Scott was born July 29, 1931. She has blue eyes, and brown hair and weighs 72 pounds. She is four feet five inches tall. Some of her favorites are:

Color: Blue.
 Teacher: Mrs. Partridge.
 Subject: English.
 Song: "Be Honest With Me."
 Fellow: Donald Nix.

We have a new pupil. Her name is Glenda Bradley. She is from Benjamin. We are very glad to have her. In Geography we are studying the Dutch people. We are going to make things about the Dutch people. Several of the girls made some stuffed dolls and some of the boys are going to make windmills and boats. We are enjoying this very much.

Sixth Graders on Parade
 Juliette Cheek is ten years old.

She started to school at Sunset and has attended no other school since that date. She has blonde hair and brown eyes. Some of her favorites are:
 Song: "Rose O'Day."
 Subject: English.
 Sport: Volleyball.
 Color: Blue.
 Saying: "Aw Baloney!"
 Hobby: Riding bicycle.
 Favorite chum: Carlyne Jones.
 Food: Ice cream.
 Flower: Rose.

Seventh Grade News

We are glad to see that most all our pupils are recovering from those pecky measles. We had all of our term exams and they were not hard.

Ninth Grade News

Evelyn Faye Moore was born on July 19, 1927 at Dawson, Texas. She has brown eyes, brown hair, and is five feet, four inches tall. Evelyn has gone to Dawson, Coolidge, and Mexia, Texas, to school. She started to Sunset in the fifth grade.

Some of her favorites are:
 Color: Blue.
 Sport: Baseball.
 Teacher: Mr. Kimbrough.
 Subject: General science.
 Hobby: Keeping scrapbooks.

Tenth Grade News

The tenth graders are certainly relieved that mid-term exams are over and they all did very well on them. . . . or did they?

This last term the tenth graders are taking grammar instead of literature.

Tenth Grade on Parade

Wynell Cluck
 Wynell was born five miles northwest of Munday on August 22, 1826. She is five feet four inches tall and weighs 115 pounds. She started to Sunset school in the first grade and has been going here since.

She has black hair and hazel eyes.

Some of her favorites are:
 Color: Red.
 Subject: Homemaking.
 Sport: Volleyball.
 Teacher: All of them.
 Hobby: Dancing and keeping a scrapbook.
 Flower: Red rose.
 Song: "Chatanooga Cho Choo."

It's Your Life!

SAFETY HINTS

by George Clarke, Director
 Texas Safety Association

Let's be completely selfish for a moment.

Let's forget that it's patriotic to drive safely and sanely, and therefore save rubber, oil and gas. Let's forget that a little courtesy and common sense on the highway saves lives . . . including your own.

Let's forget about that. But, loather, if you smash this car, where are you going to get another?

If you ruin even one tire in a minor accident, where are you going to get another?

This is one time when, for purely selfish reasons, you can't afford to drive recklessly. You may have plenty of money . . . you may not give a hoot about your own neck or anyone else's . . . but you do want to keep on driving!

Then drive safely! And one of these days, when we've won this war and you're able to get a new car, maybe you'll have acquired the safety habit and will drive safely just because you have found it's smart business.

Here are a few "Smash-Up Savers":
 Start sooner. Take it easy. Allow more time for that extra wartime traffic.

Cut your speed. The safe life of a tire at 50 miles an hour is only half of what it is at 30 miles an hour. At 70 miles it falls to only 30 per cent of normal life.

Don't drive if you drink.
 Keep your car in tip-top shape . . . motor . . . brakes . . . tires . . . lights . . . horn . . . battery . . . etc.

Try turning on your charm behind the wheel . . . be courteous to other drivers and pedestrians.

Remember . . . drive it safely, brother . . . you can't get another!

C. E. Smith of Haskell, owner of Smitty's Auto Supply, spent last Monday here visiting with M. C. Hallmark, local manager of the firm.

CARD OF THANKS

We take this method of expressing our sincere thanks to everyone who administered to our comfort in our trying hour, in the death of our husband, father and brother, T. B. Dobbs. Our prayer is that God will bless and reward you all.

Mrs. T. B. Dobbs
 and Dorothy
 W. W. Dobbs
 J. A. Dobbs
 R. L. Dobbs
 Mrs. A. C. Holland
 Brice Dobbs

Canada's Premier Sees War Work

Passed by Censor
 William Lyon Mackenzie King, Prime Minister of Canada (center) sees how cartridge cases for rifles and machine guns are made. Explaining the process to him is Col. A. Theriault, officer commanding the arsenal. Work in this arsenal has been stepped up so much by expansion and the introduction of new machinery that in one single working day it now turns out as many cartridge cases as it did in the whole of 1940.

TEXAS RANCHMEN BEGIN NEW PROGRAM

College Station.—Realizing pastures rate top place as a source of cheap feed for livestock, Texas ranchmen are already improving rangeland under the new AAA range conservation program according to Howard Kingsbery, state AAA committeeman and ranchman from Santa Anna.

Ranchmen running three sections are eligible for participation in the program this year, the AAA committeeman said, while ranches containing less than the required 1,920 acres will be signed under the AAA farm program. Included as regular practices for the first time in 1942 are elimination of huisache and noxious under-

brush, bushes and shrubs, Kingsbery said.

Rang-building allowances will be approximately the same as under the 1941 program, he said, but added that minimum payments for 2,000 acres or more will not be less than \$160. Minimum allowance for ranches of less than 2,000 acres will be 8 cents per acre.

Mr. and Mrs. Jimmie Silman had as their guests Sunday, Mr. and Mrs. B. Hassen and family of Hamlin; Mr. and Mrs. D. Hassen and family of Stamford; Mr. and Mrs. S. Hassen and family of Haskell; Mr. and Mrs. John Albert and family of Elk City, Okla., and Mr. and Mrs. F. Silman of Rochester.

PUBLIC NOTICE

STATE OF TEXAS
 KNOX COUNTY

PUBLIC NOTICE is hereby given by me, the undersigned, as Special Master of the United States District Court for the Northern District of Texas, Wichita Falls Division, duly appointed by said Court in a Final Decree made and entered November 17th, 1941 in Civil Action No. 112, wherein R. E. Crummer & Company, a corporation, was plaintiff, and Southern Sewer Company, a corporation, and the City of Goree, Texas, a municipal corporation, were defendants, that beginning at 10:00 o'clock A. M., on February 3, 1942, by virtue of said Decree, I will proceed to sell to the highest bidder for cash at public auction sale upon or near the following premises, namely: at the principal entrance of the Knox County Court House in the City of Benjamin, Texas, all of the following described real estate and personal property, to-wit:

All that certain lot, tract and parcel of land, containing eight acres more or less situated in Knox County, Texas, described as follows:

Eight acres of land situate in Knox county, Texas and being out of the South East corner of Survey No. 82 in Block No. 45, by virtue of Certificate No. 28-1916 issued to the H. & T. C. Ry. Co. described by metes and bounds as follows, to-wit:

Beginning at the South East corner of said Survey No. 82 and the South West corner of the Survey No. 73, same block and Ry. Co.

Thence North with the common line of said Surveys 82 and 73 where it intersects the Wichita Valley Ry. Co. Right of Way.

Thence South West with East line of said Right of Way to where it intersects the South Boundary line of said survey No. 82 and the North Boundary line of Survey No. 83 same block and Ry. Co.

Thence East with the common line of said surveys Nos. 82 and 83 to the place of beginning, containing eight acres of land, more or less; which said land was heretofore conveyed by W. S. Britton, Sheriff of Knox County, Texas, by deed dated the 6th day of January, 1914 and duly recorded in Book 32 on pages 47-48 of the deed records of Knox County, Texas, to Ellisor Furniture and Carpet Company and by it conveyed to Southern Sewer Company by deed dated the 27th day of April, 1929 and duly recorded in Book 64, at page 75 of the deed records of Knox County, Texas;

Also that certain easement upon and across the following described tract of land for the purpose of giving the right to construct, operate, patrol, maintain, etc. the sewer pipe line across the same, to-wit:

An easement given by Andrew B. Dulaney and Harvey Dulaney of Knox County, Texas over and across that certain tract of land situated in Knox county, Texas and being that tract of land owned by J. T. Dulaney and situated

in Section 83 Block 45, H. & T. C. Railway Company survey, bounded on the west by the Goree Townsite Company original plat and on the north by the lands of W. L. Thornton and on the east and south by the Wichita Valley Railway Company right of way.

Also, the entire sewer system and disposal plant, including all sewer mains, laterals, water pipes, drain pipes, house sewage pipes, conduits, manholes, lampholes, flush tanks, pump, disposal plant, connections, extensions, equipment and any and all appliances, apparatus, accessories, contrivances and machinery, used or to be used in any way in connection with said system as the same now is or any extensions or improvements thereto, which may be constructed in the future; and also a certain franchise granted to M. H. Smith and C. J. Moore, an unincorporated association composed of said individuals and doing business under the name and style of the Goree Sewer Company by the City of Goree, Texas by ordinance dated the 21st day of November, 1928 and passed by the City Council of the City of Goree and now in full force and effect, granting unto said The Goree Sewer Company, its successors and assigns the right to acquire, construct, extend, maintain and operate a system of sanitary sewers and a sewage disposal plant in connection therewith in and for the City of Goree.

The purpose for which this sale is made is that said real and personal property comprise the sewer system, together with the franchise under which said system was installed and now operates, of the Southern Sewer Company, Goree System, which property was security for the payment of Southern Sewer Company First Mortgage 6 1/2% (Goree System) Gold Bonds; that said Southern Sewer Company has not heretofore nor within thirty days from November 17, 1941, paid the judgment granted the Plaintiff on November 17, 1941, in said Final Decree and for the purpose of foreclosing the lien of said mortgage as given in said Final Decree and for the purpose of satisfying said Decree in whole in part. TERMS: That said property shall be sold for cash, provided however that fifty per cent (50%) of the amount paid shall be paid in cash upon the acceptance of such bid by the Commissioner and the balance of fifty per cent (50%) of said purchase price shall be paid upon the confirmation of the sale by the court, provided however, that the Plaintiff, R. E. Crummer & Company, shall have the right to bid on the property so being sold and in case Plaintiff's bid is accepted the amount of the judgment with interest to date of sale therein granted Plaintiff shall be considered a payment of cash in the amount and extent thereof.

In Witness I have hereunto set my hand as Special Master of said Court on this 22nd day of December, 1941.

JOHN DAVENPORT,
 Special Master of said Court.

LOCALS

Mr. and Mrs. C. S. Ameen and family returned to their home in Lubbock after spending several days visiting in the home of their daughter, Mrs. Sied Waheed and Mr. Waheed. They were accompanied home by Misses Polly and Lorene Silman who entered Texas Tech last Tuesday.

Billy Lowrance, who is in training at Great Lakes, Mich., has notified his parents, Mr. and Mrs. J. F. Lowrance, that he has passed his examination for submarine duty and expects to be assigned to a submarine early in February.

Dorothy Campbell of Abilene spent the week end in the home of her parents, Mr. and Mrs. J. C. Campbell.

Lamoine Blacklock of Quanah was a week end visitor in the home of his parents, Mr. and Mrs. B. L. Blacklock.

Wade Mahan was a business visitor in Abilene last Friday.

Ding Butler and C. O. Simms of Dallas were visitors in the Wade Mahan home last Thursday.

G. H. Williams of Seymour, district manager of the Southwestern Associated Telephone Co., was here last Monday attending to official business.

Miss Maxine Eiland, who is attending Texas Tech, Lubbock, visited her parents, Mr. and Mrs. G. R. Eiland, over the week end.

BIRTH ANNOUNCEMENT
 Mr. and Mrs. A. R. Floyd are the parents of a little son, born last Sunday at the Knox County hospital. Both mother and small son are reported to be doing nicely.

J. Arthur Smith and Alton Boley were business visitors in Lorena, Texas, the first of this week.

Detroy Trammell, who is attending Texas Tech in Lubbock, spent the week end here with his parents, Mr. and Mrs. Frank Trammell.

Woodrow Myers, who is attending A. and M. College, spent the week end with home folks here.

Mr. and Mrs. Travis Jones spent the week end in Sweetwater, visiting in the home of Mr. and Mrs. Leo Jones.

Mr. and Mrs. L. A. Hackney moved to the plains country this week to make their home. Their post office address is Loop, Gaines county, Texas. Mr. Hackney had the Times sent to his new address.

BIRTH ANNOUNCEMENT
 Mr. and Mrs. Allen Hester are the proud parents of a daughter, born on Thursday, January 22. Mother and little daughter are reported doing nicely.

NOTICE FARMERS Stalk Cutters

MORE POWERFUL CUTTING
 LIGHTER DRAFT
 SMOOTHER RUNNING
 EASIER HANDLED

For greatest possible cutting efficiency, each cylinder on our Tractor Stalk Mulcher runs independent of the other. This eliminates vibration and means that all the stalks can be cut with less draft, smoother running and easier turning at the ends of rows.

Built in 2-row size and 4-row size. The 4-row stalk mulcher can be increased to the 5-row size at any time by attaching center coupling beam and adding another 1-row section. The 1-row sections are hinged to the others to follow uneven land and to insure a thorough cutting of stalks all over the field.

All kinds of tractor work, farm machinery, blacksmithing, electric and acetylene welding, plowshares—in fact you'll find anything you need on the farm here.

Guinn Hdw. Co.

"We Take Pleasure in Serving You"

Claude Callaway ...

(Continued From Page One)

2530 and moved to Crowell just five days before I was sworn in as County Judge and Ex-Officio School Superintendent. In 1932 I was defeated for re-election, and for four years I worked in the real estate business and operated my farm. I was again elected County Judge and Ex-Officio School Superintendent of Foard County and served in that capacity until Jan. 1, 1941. For the past year I have been in the real estate business and operated by farm, raising a few cattle and lots of hogs.

"I feel that my experience as tax assessor four years and the six years that I have served as county judge, has given me a thorough knowledge of tax matters and county business. I also think that the six years that I had supervision of the schools of Foard county I learned to know every problem that confronts the schools of this section of the state.

"Realizing that the 114th District depends directly or indirectly on agriculture and stock raising, I feel that my life's experience in this work, together with the many years of experience in tax matters county business administration and school supervision, qualifies me to represent my district in legislative matters.

"In view of the fact that the war has brought many restrictions and, perhaps will bring many more, I

will not say positively that I will see all of the people of the district before election, but being a strong believer in the old adage, 'Where there is a will there is a way,' I hope to see you all, either personally or in groups. Should I fail to see any of you individually, I ask that you consider this announcement as my personal solicitation for your vote and influence."

Claude Callaway.

Mogul Banquet ...

(Continued from Page One)

the most conscientious player on last year's squad were presented by L. M. Palmer. These boys, elected by secret ballot, are Raymond Carden and Ralph Tidwell.

Next year's captains were also elected by secret ballot. They are Joe McGraw and Delmar Codwell, and they were properly initiated "with the belt" when their names were announced.

Following Coach Meyer's address, films of the Texas-T.C.U. football game were shown, and Coach Meyer explained the various interesting points of this game which highlighted the 1941 southwestern conference season. Various people expressed appreciation for the support given the Moguls during the past season.

A unique method was used in announcing the football letter awards. All lettermen retired to the dressing room and returned with their sweaters, and this was

the first time the awards had been by anyone except those in charge of the sweaters.

Mayor to Ask For Auxiliary Firemen Here

Mayor J. M. Terry has been called upon as Defense Coordinator for the City of Munday, to take applications for a number of auxiliary firemen. The need for such an organization was pointed out in a meeting held last Sunday in Paducah, and those attending from Munday were H. C. Hawes, Harvey Lee and Grady Thornton. Mr. Terry has asked that the applications be made to the City Secretary, Riley B. Harrell, at the city hall.

Applicants should not be subject to service in the army due to age, dependents, physical disabilities or other reasons. This is so that those trained in this work will not be called away to service but will remain at home to do the duties for which they have trained. It is possible that a number of the present fireboys may have to go to the armed forces and thus leave a shortage of fire fighting personnel, and just at a time when the Defense Councils are advising the increasing of them.

The auxiliary members selected will not actually be members of the fire department and will not be used possibly on the ordinary fire, but in case of a large conflagration, dropping of incendiary bombs, or sabotage in the form of arson, then the auxiliary will function in full force and will have been trained and know just what to do.

The fire department will superintend the training of the Auxiliary, and they will meet with the fire department for practice. The training will include such things as location and operation of fire plugs, operation of the pumper, how to rack hose on the truck, how fight fires with water or chemicals, putting out incendiary bombs, first aid work, rescue work, salvage work in connection with fires and

many other things.

Most of us do not think Munday will be bombed, or that we will possibly have large fires caused by incendiary bombs, but neither did the officials of Pearl Harbor think it necessary to take too much precautions. It has been pointed out that small towns would be completely at the mercy of a bomber, and the only thing that they could hope to do would be to put out the fires started and not let their lights be a guidepost to a military objective nearby. So, let's have an auxiliary of at least 25 members and hope that they never have to put out a fire.

Postal Employees Meet at Aspermont

The regular monthly meeting of postal employees of Knox, Haskell, Baylor and Stonewall counties was held last Monday night at Aspermont.

Lee Haymes of Munday, president of the association, presided at the meeting at which discussions of postal problems and regulations were held.

It was pointed out at this meeting that all automobile owners must have their federal car use stamps by February 1. Stamps are now on sale at all post offices and sell for \$2.09 for the remainder of the fiscal year ending June 30.

The next postal meeting will be held at Haskell in February, and plans for other meetings will be held. It is believed the meetings will be less frequent in order that employees may save their present automobile tires.

NEW GUARD MEMBER
Lott Keffer of Seymour, who is with the State Comptroller's department, was a visitor here last Monday. Keffer has enrolled in the local unit of the Texas Defense Guard. Keffer spent two years in France with the Marines, was awarded the medal, Order of the Purple Heart, and has the rating of expert rifleman.

Mr. and Mrs. O. A. Kirk of Littlefield visited in the home of Rev. and Mrs. Luther Kirk last Tuesday night. Mrs. Kirk accompanied them to Princeton on Wednesday for a brief visit with her parents, Mr. and Mrs. W. E. West.

Auction Sale Reports Big Day

Many Cattle and Hogs Sold at Auction

The Munday Livestock Commission Co., reports a big run of cattle and hogs for Tuesday's sale with all classes of cattle selling higher than a week ago.

Top hogs sold from \$11 to \$11.25; lights and heavies, \$10.50 to \$11; sows, \$9.50 to \$10.

Junior Reporter Glenda Rutledge
Sophomore Reporter Connie Patterson
Freshman Reporter Elmer Covey
Faculty Sponsor Miss Cole

Sports Report
Benjamin was host to the Bomarton senior basketball team and volleyball girls Tuesday night, January 20. The visiting teams had a successful night. Although the visiting girls lost the first game they managed to win the following two. The senior boys' basketball game turned into a thrilling tussel with the Bomarton boys emerging with a 28 to 26 point victory, after two extra periods were played. The local lads led at the half, 10 to 8. Duke was high scorer for Benjamin with 8 points, followed by Cartwright with 7. Latham led the scoring for the visitors with 11 points.

The Munday Moguls invaded the home court Friday night, January 22, but went home with the taste of defeat. The local girls won the first volleyball game, lost the second, and won the third to establish another victory for the home girls. After a slow start on the part of both teams the Benjamin junior boys marked up a 21 to 7 victory over the Munday juniors. The senior boys ended a successful night for the Benjamin teams by turning back the Munday seniors

29 to 14. Duke was the leading scorer for Benjamin with 14 points and Joe McGraw led Munday with 9 points.

Benjamin meets the Knox City Grayhounds on the home court Tuesday, January 27, and goes to Vera Friday, January 30.

Defense Club
The Defense Club met Friday, January 23. We had the reading of the minutes by Bonnie Parker. After the business was attended to Louise Spikes gave a short talk on What You Should Do During an Air Raid. At the close of the meeting we sang the Club song, "God Bless America."

The Sophomore Report
The Sophomores are doing good in their school work. We have everyone in our class back in school now. We have had our swell times with the mumps and are looking for some other kind of sickness. We hope no one is missing next week.

Our room mothers are planning something for the class in the near future. We hope it will be a party.
