Richardson In Race for Precinct Commissioner

Claude A. Richardson, who resides 5 miles northeast of Knox City, has authorized The Munday Times to announce his candidacy for the office of county commissioner of Precinct No. 1, subject to the action of the democratic primary in July.

Mr. Richardson has resided in his precinct for eight years, during which time he has been engaged in farming. He owns his own farm.

He has had four years of experience in Smith county, prior to moving to Knox county, and he feels this his experience in this work and a thorough knowledge of the needs of his precinct qualifies him for this office.

Richardson made the race for commissioner of precinct one in the election two years ago, and most of the voters of his precinct know him. He wishes to express his sincere appreciation for the good vote accorded his candidacy in this race. "I sincerely appreciate the friendships formed in making this race," he said, "and I earnestly solicit your vote and influence in the coming election."

"I shall try to see each and every voter in the precinct before the July election," he continued, "but in the meantime I ask that you take this announcement of my candidacy as a personal solicitation of your vote and influence. If elected to this office I shall do my very best to make you a good county commissioner."

Munday Gets Credit on Fire Insurance Rate

Marvin Hall, state fire insurance commissioner, announced Monday that the City of Munday was among the towns of Texas to receive an additional fire insurance credit, due to good fire record during the past year.

Munday is listed among the 62 towns with the maximum credit, or a 25 per cent credit. This is an additional 10 per cent over last year, it was stated.

Hall estimated that credits applicable to fire insurance written during the next 12 months beginning March 1 will save approximately \$197,000 in towns on the list. For Munday the saving is estimated at \$5,789.

This record speaks well for the citizenship of Munday, and for the splendid record of the Munday Volunteer Fire Department which is equipped with up-to-date fire fighting equipment, has regular drills and study of fire prevention by the department's membership.

Local Teachers Resign Positions

Two teachers in the Munday schools have recently resigned their positions, it was announced by Supt. S. V. Colley.

Miss Jackey Hall resigned to accept a position at Texon, which carried a substantial increase in salary. Miss Ruby Dell Neeb of Abilene has been elected to fill this vacancy. Miss Neeb is a graduate of McMurry College and is highly recommended in the subjects she will teach.

Miss Irene Stewart recently resigned to accept a position as grade school principal at Sagerton. Mrs. Travis Jones of Munday is serving as substitute teacher.

Eiland Drug Adds More Display Room

A remodeling process which is now under way at the Eiland Drug Store is adding considerably more room for displaying merchandise in the store.

The prescription department is being moved farther to the rear of the building, the partition is being moved back, adding about 12 feet to the length of the display space. By rearranging a number of the fixtures, the store is being made more convenient and attractive.

Beautifying Of City Hall Lawn Club Project

Garden Club Members Sponsor Project

A project for beautifying the city hall lawn was started this week when members of the Garden Club of Munday started setting out flowers on the south side of the lawn.

The entire south side, the space between the curb and the walk, has become a huge bed of iris. This is the club's flower, and this bed is expected to be one of beauty during the summer months.

The lily ponds and other places about the lawn and buildings will also be placed in flowers. This is the club's project for the year.

The garden club committee which is looking after the project is composed of Mrs. Grady Roberts, chairman, Mrs. P. V. Williams, Mrs. L. W. Hobert, Mrs. Herman Jungman, and Mrs. Jess Burnison. They are receiving the cooperation of other members of the club.

The ladies urge the cooperation of everyone in keeping the flower spots beautiful. When walking along the curb or walk be careful to avoid stepping on the flowers. Efforts to have flowers on the lawn in the past have been unsuccessful because they have been trampled down through carelessness of local people.

The flowers which were set out last Monday were donated by Munday flower lovers, it was stated.

J. C. Patterson Announces For Re-Election

The Munday Times is authorized this week to place the name of J. C. Patterson in its columns as a candidate for County Judge and to succeed himself in the present position, subject to the action of the Democratic primaries in July.

It is not expected that Judge Patterson will have an opponent this year, due to the fact that he has only held this office for one term, and from reports reaching us, he has served the county well, and made a conscientious judge and always been found working at his job.

The duties of County Judge have doubled and possibly tripled since the outbreak of the war, due to the National Defense setup, and the duties of County Judge are so varied the selection of a man for this place should be taken into careful consideration.

"Active campaigns this year will be impossible," stated Judge Patterson, "for the reason that folks are too busy in the war effort, and on account of the shortage of rubber, but we must win this war for self protection."

Judge Patterson still prefers to be called "Carl" and stated to us that "this is the name given me by my mother, and it still sounds good to me, and all the other titles are insignificant," that he is just one of the boys over there, trying to get the job done.

Mr. Patterson authorized us to convey his thanks for the splendid cooperation given him since becoming County Judge and stated that "without such cooperation, it would have been impossible for him to have carried on the duties and work of the office."

"What has been done since I took office is the result of the combined efforts of the Commissioners and myself," stated Mr. Patterson, "and credit for the same is due the court as a whole and not any particular person," and upon this premise he seeks your vote for re-election.

Mrs. Len Waldrip and daughters of Colorado City are guests in the home of Mrs. Waldrip's parents, Mr. and Mrs. Walter Harris. Incidentally, both the children are down with the measles.

Mr. and Mrs. Lawrence Kimsy and son Larry Rex were business visitors in Fort Worth the first of this week.

Your Farm Can Help

A farm "ground crew" waves a comradely salute to America's air forces while loading a truck with the kind of food that will help "keep 'em flying." The picture is from a popular U. S. Department of Agriculture poster entitled "Your Farm Can Help." And it's true that every farm in the United States can make a valuable contribution to the national victory program by producing more milk, eggs, pork, and vegetables, says the Department. A record production of these foods is needed to feed soldiers and sailors, keep families properly nourished at home, and give strength to Allies overseas.

Car Tags Will Be Issued Here On March 10th

E. B. Sams, tax assessor-collector of Knox county, has announced the schedule of his office for issuing car tags for 1942 in the various communities of the county.

It has been the custom of this office to make a scheduled trip to each community in order that car owners may register their cars without the inconvenience of a trip to Benjamin for that purpose. The schedule for the county is as follows:

Vera, Wednesday afternoon, March 4; Gilliland, Thursday afternoon, March 5; Truscott, Friday, March 6; Munday, Tuesday, March 10; Knox City, Wednesday, March 11; Rhine-land, Thursday afternoon, March 12; Goree, Friday, March 13.

Mr. Sams pointed out that before a car can be registered the owner must present a certificate of title to the car, as the number of the certificate must appear on the registration receipt.

Annual Meeting Of Munday C. of C. To Be March 9th

The members of the Chamber of Commerce have completed plans for an informal get-together at the grade school auditorium on March 9th. This meeting will take the place of the annual banquet, but there will be no admission charge. A very interesting program has been arranged and a light refreshment will be served. There will be a short business meeting and the new officers will be installed.

Keep this date in mind, and plan to be there.

Guests in the home of Mr. and Mrs. A. B. Warren last week end were Mrs. Warren's brother and sister-in-law, Mr. and Mrs. Ellis Medley of Santa Rosa, New Mex., her sister and brother-in-law, Mr. and Mrs. J. D. Brown, and her mother, Mrs. J. W. Medley of Wichita Falls.

Mr. and Mrs. D. E. Holder accompanied Mr. and Mrs. A. H. Mitchell to Abilene last Sunday. The Holders visited relatives in Abilene while the Mitchells visited in Baird. They returned home Sunday night.

TIRE BOARD WILL RATION SUGAR

Notice that it will be expected to ration sugar in addition to tires and automobiles has been received by the Knox county rationing board.

Don M. Ferris, member of the board, said a request was made for the board to use its influence to discourage hoarding of any kind.

In a communication received from Frank Bane, in charge of rationing for the Office of Price Administration, the suggestion was made that housewives with surplus supplies of sugar be asked to sell voluntarily the excess to their grocer or to their neighbors.

City Election To Be April 7

Mayor, Two Aldermen To Be Elected

The City Council of Munday has ordered an election for Tuesday, April 7th, for the purpose of electing a mayor and two aldermen for the city of Munday.

Those whose terms expire are Mayor J. M. Terry and Aldermen H. P. Hill and A. L. Smith. Other members of the council who will serve another year on their present terms are P. V. Williams, H. C. Hawes and R. B. Davy.

The council has set March 31 as the deadline for filing of names in person in order to have them placed on the election ballots, it was stated.

Tire Rationing Board Will Have Full Time Clerk

Announcement was made this week that the Knox county tire rationing board will have a full-time clerk who will devote his time to stenographic and clerical work of the board.

Harold Burton has been recommended as clerk for the Knox county board, and it is understood that he has already taken his civil service examination for this job. Salary of the clerk is paid by the government, it was stated.

Defense Bond Quotas Assumed By Communities

Munday Is Asked To Raise \$140,000

Community committees in a meeting at Benjamin last week accepted the community quotas in defense bonds and stamps for 1942. Knox county's quota of \$395,200 was divided among the communities, and the following quotas were accepted by the committee:

Munday, \$140,000; Knox City, \$90,000; Benjamin, \$50,000; Vera, \$30,000; Goree, \$30,000; Gilliland, \$20,000; Truscott, \$25,000; Rhine-land, \$20,000.

Community meetings have been started for the purpose of beginning the defense bond and stamp sales drive over the county. Hefner and Goree meetings are scheduled for this week.

Committeemen for Goree, including the Hefner community, are H. D. Arnold, chairman, Ben B. Hunt, Orb Coffman and S. G. Hampton.

For Knox City the committee is composed of Mrs. T. P. Frizzell, Jr., chairman, E. O. Jamison, A. J. Malouf, T. E. Robbins, Mrs. Otis Cash, A. M. Whitis, B. C. Anderson and J. M. Averitt.

Munday committeemen are C. R. Elliott, chairman; R. B. Davy, J. M. Terry, S. Vidal Colley, Mrs. W. E. Braly, Lee Haymes and J. A. Wiggins.

Jim Stephens Announces For County Sheriff

The Munday Times was authorized Wednesday to announce the candidacy of J. J. (Jim) Stephens of Knox City for the office of Sheriff of Knox county, subject to the action of the voters in the July democratic primary.

A member of a pioneer Knox county family, Mr. Stephens is a Knox county product, having been born between Knox City and Munday. Having been reared in the county he is well known to a large majority of citizens here. Mr. and Mrs. Stephens have made their home in Knox City for a number of years. They have a six-year-old daughter.

Mr. Stephens has had eight years of experience as a peace officer in the county, having served as city marshal at Knox City for the past five years. This experience, he believes, well qualifies him for the office of sheriff, and if elected he promises an honest and efficient tenure of office.

"Due to the tire rationing program, it may not be possible for me to make a house-to-house canvass of the county during my campaign," Mr. Stephens said, "and in the event I do not get to call on you personally at your home I want you to know that your vote and influence will be sincerely appreciated. I ask that you receive my announcement as a personal solicitation of your vote and influence, and if you elect me as your sheriff I shall show my gratitude by doing my very best to make you a good peace officer, enforcing the law to the best of my ability without fear or favor."

P-T.A. Sponsoring "Game Night" Here Friday Evening

The Munday Parent-Teacher Association is sponsoring a game night in the ward school building Friday evening, beginning at 8:30.

Dominoes, forty-two, eighty-four as well as badminton, shuffle-board, and ping-pong will be offered for those in attendance. Admission to the affair will be five cents to all students and couples for twenty-five cents for adults.

The gym will be used for badminton, ping-pong, and shuffle-board and the other games will be played in school rooms.

Proceeds for the affair will go to pay off band uniforms and small incidentals incurred by the P-T.A. during the year.

The public is invited to attend the affair.

Prizes in F.F.A. Show Announced

Around \$192.50 was awarded in prizes to the F.F.A. members and 4-H club exhibitors. The prize money was made possible by the Munday Chamber of Commerce through contributions of local merchants. Donations were made individually by the West Texas Cottonoil Co. and J. L. Stodghill, Ford tractor dealer.

Placings in the F.F.A. exhibits are as follows:

Junior dairy heifers: Ralph Tidwell, first; McCelvey Jones, second; Buddy Gafford, third; Kenneth Speice, fourth; O. H. Spann, fifth; McCelvey Jones, sixth; Hulien Montgomery, seventh; Wayne Blacklock, eighth, and Ben Bowden, ninth.

Father and Son Banquet is Held Tuesday Night

F.F.A. Members, Dads And Guests Enjoy First Banquet

The first father and son banquet ever to be held in Munday was held on Tuesday night, February 24, when members of the Munday F.F.A. chapter and their dads and special invited guests gathered for this occasion. A total of 79 persons attended the banquet, which was held at the school gym.

Receiving honorary membership in the Munday F.F.A. were S. Vidal Colley, W. E. Braly, C. R. Elliott, Omer Reid, J. L. Stodghill and T. G. Bengel.

The F.F.A. sweetheart, Miss Elnor Beth Hendrix, was unable to attend the banquet because of illness.

Talks of different kinds were given by the chapter members, special guests, and the boys' dads. The tables were very beautifully decorated in a color scheme of blue and gold, representing chapter colors. Red, white and blue strips of paper ran across the tables which also contained red, white and blue candles.

The eats, which were prepared and served by members of the homemaking class, were very enjoyable. They consisted of fruit cocktail, green beans, barbecue, baked potatoes, congealed salad and apple pie with whipped cream.

One of the main events of the evening was a talk which was dedicated to the F.F.A. boys of Texas. This was given by Governor Coke R. Stevenson and was heard by those attending the banquet by means of the radio.

Richards Calf Grand Champion

10 Calves Are Selected For District Show

Knox county held its annual calf show at Munday last Saturday. It was one of the best and most successful shows and the judge's history, according to the judges, J. A. Seefeld, district agent, and G. R. Schuman, county gaent of Haskell county.

The show was sponsored and the premiums were paid by the businessmen and Chamber of Commerce of Munday. Each boy who entered a calf received a premium. The chamber of Commerce also furnished a chuck wagon dinner to the boys, their parents and out-of-town visitors.

The boys exhibited 25 fat Hereford steers, 13 in the heavyweight division, and 12 in the lightweight. There was only 130 pounds difference between the heaviest and the lightest calf, and when lined up the calves made a beautiful sight. The division weight between the classes was 830 pounds. The grand champion calf, exhibited by Billie Richards, weighed 880 pounds and the reserve champion, exhibited by Charles Guinn Hickman, weighed 770 pounds.

After the placings were made, the judges selected the ten best calves to represent Knox county at the district calf show at Wichita Falls, March 4-5-6. Those who will represent Knox county with their calves are: Billy and Hardy Richards, Hope and Finnis Bratcher and Elton Scott of Vera; Charles Hickman, Truscott; Pat Hill, Munday; Harold Jones, Goree; Stanley Glover, Benjamin. Other boys exhibiting calves were: Bobbie Robinson, Carroll Glover, Jerry Westbrook, Wade McGuire, Kenneth Baker, Jack Brown, Jr., Vernon Jones and Clyde Hendrix.

All the calves exhibited were bred and fed by Knox county boys on Knox county feed. The breeders, who furnished the boys with calves, are: the League and Hamilton ranches of Benjamin; T. B. Master-son ranch of Truscott and the Sullins ranch of Vera.

Roy Baker of Knox City was the official photographer of the show. Some of these pictures will be used for publicity purposes later.

Winners in the heavyweight class were: Billy Richards, 1st; Charles Hickman, 2nd; Charles Hickman, 3rd; Elton Scott, 4th; Hardy Richards, 5th; Charles Hickman, 6th; Charles Hickman, 7th; Finis Bratcher, 8th; Stanley Glover, 9th; Wade McGuire, 10th; Vernon Jones, 11th; Pat Hill, 12th; Hardy Richards, 13th.

Winners in the lightweight division were: Pat Hill, 1st; Harold Jones, 2nd; Hope Bratcher, 3rd; Elton Scott, 4th; Junior Jones, 5th; Bobby Robinson, 6th; Carroll Glover, 7th; Jerry Westbrook, 8th; Clyde Hendrix, 9th; Jack Jones, 10th; Wade McGuire, 11th.

Caughran Receives Championship Cup

J. A. Caughran, manager of the Munday store of Wm. Cameron & Co., was awarded the silver championship cup for the retail division at the company convention in Waco this week.

This award is made annually by the Cameron Company to the store that shows the greatest all around operating efficiency.

There are approximately 70 stores in this particular division of the company and the fact that the Munday store was considered the most efficient is a tribute to the business ability and acumen of Mr. Caughran.

TINY NEWSOMS COMPLETES NURSES' TRAINING COURSE

Mis Tiny Newsom, daughter of Mr. and Mrs. F. H. Newsom of Wichita Falls, and sister of Mrs. Deaton Green and Miss Lorene Newsom, has completed her nurse's training in John Sealy Hospital at Galveston, graduating there about ten days ago.

She visited her sisters here several days last week, and is to be employed in the Cook's Memorial Hospital in Fort Worth.

Richardson In Race for Precinct Commissioner

Claude A. Richardson, who resides 5 miles northeast of Knox City, has authorized The Munday Times to announce his candidacy for the office of county commissioner of Precinct No. 1, subject to the action of the democratic primary in July.

Mr. Richardson has resided in his precinct for eight years, during which time he has been engaged in farming. He owns his own farm. He has had four years of experience in Knox county, prior to moving to Knox county, and he feels this his experience in this work and a thorough knowledge of the needs of his precinct qualifies him for this office.

Richardson made the race for commissioner of precinct one in the election two years ago, and most of the voters of his precinct know him. He wishes to express his sincere appreciation for the good vote accorded his candidacy in this race. "I sincerely appreciate the friendships formed in making this race," he said, "and I earnestly solicit your vote and influence in the coming election."

"I shall try to see each and every voter in the precinct before the July election," he continued, "but in the meantime I ask that you take this announcement of my candidacy as a personal solicitation of your vote and influence. If elected to this office I shall do my very best to make you a good county commissioner."

Munday Gets Credit on Fire Insurance Rate

Marvin Hall, state fire insurance commissioner, announced Monday that the City of Munday was among the towns of Texas to receive an additional fire insurance credit, due to good fire record during the past year.

Munday is listed among the 62 towns with the maximum credit, or a 25 per cent credit. This is an additional 10 per cent over last year, it was stated.

Hall estimated that credits applicable to fire insurance written during the next 12 months beginning March 1 will save approximately \$197,000 in towns on the list. For Munday the saving is estimated at \$5,789.

This record speaks well for the citizenship of Munday, and for the splendid record of the Munday Volunteer Fire Department which is equipped with up-to-date fire fighting equipment, has regular drills and study of fire prevention by the department's membership.

Local Teachers Resign Positions

Two teachers in the Munday schools have recently resigned their positions, it was announced by Supt. S. V. Colley.

Miss Jackye Hall resigned to accept a position at Texon, which carried a substantial increase in salary. Miss Ruby Dell Neeb of Abilene has been elected to fill this vacancy. Miss Neeb is a graduate of McMurry College and is highly recommended in the subjects she will teach.

Miss Irene Stewart recently resigned to accept a position as grade school principal at Sagerton. Mrs. Travis Jones of Munday is serving as substitute teacher.

Eiland Drug Adds More Display Room

A remodeling process which is now under way at the Eiland Drug Store is adding considerably more room for displaying merchandise in the store.

The prescription department is being moved farther to the rear of the building, the partition is being moved back, adding about 12 feet to the length of the display space. By rearranging a number of the fixtures, the store is being made more convenient and attractive.

J. C. Patterson Announces For Re-Election

The Munday Times is authorized this week to place the name of J. C. Patterson in its columns as a candidate for County Judge and to succeed himself in the present position, subject to the action of the Democratic primaries in July.

It is not expected that Judge Patterson will have an opponent this year, due to the fact that he has only held this office for one term, and from reports reaching us, he has served the county well, and made a conscientious judge and always been found working at his job.

The duties of County Judge have doubled and possibly trebled since the outbreak of the war, due to the National Defense setup, and the duties of County Judge are so varied the selection of a man for this place should be taken into careful consideration.

"Active campaigns this year will be impossible," stated Judge Patterson, "for the reason that folks are too busy in the war effort, and on account of the shortage of rubber, but we must win this war for self protection."

Judge Patterson still prefers to be called "Carl" and stated to us that "this is the name given me by my mother, and it still sounds good to me, and all the other titles are insignificant," that he is just one of the boys over there, trying to get the job done.

Mr. Patterson authorized us to convey his thanks for the splendid cooperation given him since becoming County Judge and stated that "without such cooperation, it would have been impossible for him to have carried on the duties and work of the office."

"What has been done since I took office is the result of the combined efforts of the Commissioners and myself," stated Mr. Patterson, "and credit for the same is due the court as a whole and not any particular person," and upon this premise he seeks your vote for re-election.

Mrs. Len Waldrip and daughters of Colorado City are guests in the home of Mrs. Waldrip's parents, Mr. and Mrs. Walter Harris. Incidentally, both the children are down with the measles.

Mr. and Mrs. Lawrence Kinsey and son Larry Rex were business visitors in Fort Worth the first of this week.

Car Tags Will Be Issued Here On March 10th

E. B. Sams, tax assessor-collector of Knox county, has announced the schedule of his office for issuing car tags for 1942 in the various communities of the county.

It has been the custom of this office to make a scheduled trip to each community in order that car owners may register their cars without the inconvenience of a trip to Benjamin for that purpose. The schedule for the county is as follows:

Vera, Wednesday afternoon, March 4; Gilliland, Thursday afternoon, March 5; Truscott, Friday, March 6; Munday, Tuesday, March 10; Knox City, Wednesday, March 11; Rhineland, Thursday afternoon, March 12; Goree, Friday, March 13.

Mr. Sams pointed out that before a car can be registered the owner must present a certificate of title to the car, as the number of the certificate must appear on the registration receipt.

Annual Meeting Of Munday C. of C. To Be March 9th

The members of the Chamber of Commerce have completed plans for an informal get-together at the grade school auditorium on March 9th. This meeting will take the place of the annual banquet, but there will be no admission charge. A very interesting program has been arranged and a light refreshment will be served. There will be a short business meeting and the new officers will be installed.

Keep this date in mind, and plan to be there.

Guests in the home of Mr. and Mrs. A. B. Warren last week end were Mrs. Warren's brother and sister-in-law, Mr. and Mrs. Ellis Medley of Santa Rosa, New Mex., her sister and brother-in-law, Mr. and Mrs. J. D. Brown, and her mother, Mrs. J. W. Medley of Wichita Falls.

Mr. and Mrs. D. E. Holder accompanied Mr. and Mrs. A. H. Mitchell to Abilene last Sunday. The Holders visited relatives in Abilene while the Mitchells visited in Baird. They returned home Sunday night.

TIRE BOARD WILL RATION SUGAR

Notice that it will be expected to ration sugar in addition to tires and automobiles has been received by the Knox county rationing board.

Don M. Ferris, member of the board, said a request was made for the board to use its influence to discourage hoarding of any kind.

In a communication received from Frank Bane, in charge of rationing for the Office of Price Administration, the suggestion was made that housewives with surplus supplies of sugar be asked to sell voluntarily the excess to their grocer or to their neighbors.

City Election To Be April 7

Mayor, Two Aldermen To Be Elected

The City Council of Munday has ordered an election for Tuesday, April 7th, for the purpose of electing a mayor and two aldermen for the city of Munday.

Those whose terms expire are Mayor J. M. Terry and Aldermen H. P. Hill and A. L. Smith. Other members of the council who will serve another year on their present terms are P. V. Williams, H. C. Hawes and R. B. Davy.

The council has set March 31 as the deadline for filing of names in person in order to have them placed on the election ballots, it was stated.

Tire Rationing Board Will Have Full Time Clerk

Announcement was made this week that the Knox county tire rationing board will have a full-time clerk who will devote his time to stenographic and clerical work of the board.

Harold Burton has been recommended as clerk to the Knox county board, and it is understood that he has already taken his civil service examination for this job. Salary of the clerk is paid by the government, it was stated.

Jim Stephens Announces For County Sheriff

The Munday Times was authorized Wednesday to announce the candidacy of J. J. (Jim) Stephens of Knox City for the office of Sheriff of Knox county, subject to the action of the voters in the July democratic primary.

A member of a pioneer Knox county family, Mr. Stephens is a Knox county product, having been born between Knox City and Munday. Having been reared in the county he is well known to a large majority of citizens here. Mr. and Mrs. Stephens have made their home in Knox City for a number of years. They have a six-year-old daughter.

Mr. Stephens has had eight years of experience as a peace officer in the county, having served as city marshal at Knox City for the past five years. This experience, he believes, well qualifies him for the office of sheriff, and if elected he promises an honest and efficient tenure of office.

"Due to the tire rationing program, it may not be possible for me to make a house-to-house canvass of the county during my campaign," Mr. Stephens said, "and in the event I do not get to call on you personally at your home I want you to know that your vote and influence will be sincerely appreciated. I ask that you receive my announcement as a personal solicitation of your vote and influence, and if you elect me as your sheriff I shall show my gratitude by doing my very best to make you a good peace officer, enforcing the law to the best of my ability without fear or favor."

P.-T.A. Sponsoring "Game Night" Here Friday Evening

The Munday Parent-Teacher Association is sponsoring a game night in the ward school building Friday evening, beginning at 8:30.

Dominoes, forty-two, eighty-four as well as badminton, shuffle-board, and ping-pong will be offered for those in attendance. Admission to the affair will be five cents to all students and couples for twenty-five cents for adults.

The gym will be used for badminton, ping-pong, and shuffle-board and the other games will be played in school rooms.

Proceeds from the affair will go to "ray off" band uniforms and small incidentals incurred by the P.-T.A. during the year.

The public is invited to attend the affair.

Father and Son Banquet is Held Tuesday Night F.F.A. Members, Dads And Guests Enjoy First Banquet

The first father and son banquet ever to be held in Munday was held on Tuesday night, February 24, when members of the Munday F.F.A. chapter and their dads and special invited guests gathered for this occasion. A total of 79 persons attended the banquet, which was held at the school gym.

Receiving honorary membership in the Munday F.F.A. were S. Vidal Colley, W. E. Braly, C. R. Elliott, Omer Reid, J. L. Stodghill and T. G. Bengue.

The F.F.A. sweetheart, Miss Elmer Beth Hendrix, was unable to attend the banquet because of illness.

Talks of different kinds were given by the chapter members, special guests, and the boys' dads.

The tables were very beautifully decorated in a color scheme of blue and gold, representing chapter colors. Red, white and blue strips of paper ran across the tables which also contained red, white and blue candies.

The eats, which were prepared and served by members of the homemaking class, were very enjoyable. They consisted of fruit cocktail, green beans, barbecue, baked potatoes, congealed salad and apple pie with whipped cream.

One of the main events of the evening was a talk which was dedicated to the F.F.A. boys of Texas. This was given by Governor Coke R. Stevenson and was heard by those attending the banquet by means of the radio.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

SLOW UP, MOTORISTS!

If motorists of Knox and other counties of the state would hold their driving speeds below 50 miles an hour, practically all of them would be able to drive their cars throughout the duration of the war, Brady Gentry, chairman of the Texas highway commission, predicted recently.

Gentry says it is useless, in a way, to remind motorists that high speed is the greatest enemy to tire life and the life of automobiles, but that the current emergency will make the need of slowing up below 50 miles an hour imperative if the motorists keep traveling. Figures show that tires are worn out much faster at higher rates of speed.

Motorists, out of necessity, will gradually slow up as their tires become weaker, to avoid accidents caused by blowouts. But the reducing speed will now add life to those tires.

Incidentally, speeds below 50 miles an hour will do much to cut down the state's traffic fatality rate, which has been entirely out of reason and has troubled the safety department no end. This futile sacrifice of human blood will be greatly reduced by motorists assuming the lower driving speeds.

SIX WAYS TO HELP AMERICA

"What can I do? How can I help? What does America want and need from me?"

Knowing that if everybody at home does his duty, it will shorten the war and so save the lives of sons, brothers, kinsmen, and friends on the battle lines, all of us in Southern farms are now asking these questions. And what are the answers? We believe, our President, the U.S.D.A., and the wisest advisers in all lines of defense would answer that in six ways, especially, Southern farmers can help. These six ways are as follows:

1. Food and Feed—By growing the full maximum of food and feed called for by the national defense program . . . especially eggs, milk, butter, hogs, pork, vegetables, and fruit.

2. Nutrition—By helping our whole rural population to stronger bodies and greater work-capacity by seeing that all tenant families, as well as land-owner families, have year-round "victory gardens," abundant milk, and a diet rich in vitamins and nutrition.

3. Equipment—By seeing to it that all farm tools and machinery are promptly repaired, painted, greased or oiled, and housed . . . so as to prolong their usefulness.

4. Conservation—By stopping all wastes not only of food, feed, clothing, and equipment, but other wastes such as soil erosion, forest fires, preventable disease, and injurious personal habits.

5. Organization—by meeting regularly in farm and community organizations so as to receive and spread the helpful information and carefully arrived at "common counsel" which is the strength of democracy.

6. Morale—In the darkest days of 1940 we heard the British king declare that his people would meet whatever came "with our chins up and a smile on our lips." They did—and Americans can do no less. When we cannot be working, we can use our spare time for wholesome recreation and friendship, in painting, repairing, and adorning our homes, and planting home grounds and highways . . . realizing that brightness and beauty, like courageous cheerfulness and constructive activity, are the best bulwarks of national morale.—The Progressive Farmer.

TREASURE ISLANDS

When we were children most of us dreamed of hunting buried treasure. Today we can make that dream come true. We can really have our treasure hunts. For in every part of the country men and women are digging for valuable metals, searching in unlikely places, scouring their homes and their yards, remembering things they had forgotten and half-forgotten many years ago.

Today our factories need scrap iron, rubber, waste paper, pieces of copper and other metals. They must have them so that they can produce more steel, more rubber, more weapons.

There's no telling where they'll find the scrap they need. It might be anywhere, for there are treasure islands all around us. Some people have found valuable "junk" tucked away and unremembered in attics, cellars, garages, barns. Employees in one factory even dug up the ground around their plant and uncovered 50 tons of metal in odds and ends that had been thrown away in previous years.

Their action gave some one an idea, and that idea is spreading. Today throughout America people are organizing treasure hunts to search for scrap. Treasure hunting has become a game that all of us can play—and must play—to help America win the war.

WHAT WILL YOU DO?

We are sorry to say it, but a great many folks, either will not or do not yet realize that we are in the most serious war in our history—a war that even our most able military minds agree can easily be lost—and are not yet fully aware that they have a part in carry on the war, equally as big as do the men in uniform.

It is a war that is going to be won, just as much by the folks behind the line as those in the lines, on the battleships, or manning the planes—maybe more so, because pilots without planes, sailors without ships, and soldiers without guns, or with a stunted complement of them, cannot win a war—and if we don't win we lose a war, and this one is a war for freedom.

What have you VOLUNTARILY given up that has not been asked?

The fighting men can't fight grudgingly, or work at the fighting business on an eight-hour day basis, or a 40-hour week. Neither can the civilian do his fighting on that kind of basis. The soldier can't produce the things he must eat and wear and use—it is your job to help produce them for him.

And there is only one way to produce them—longer hours and harder hours you do work. Waste and extravagances cut to the bone. There is no alternative.

By an all-out production, there is hope that the war can be won in two or three years. Without that production, the date is set back five or ten years and maybe never.—The County Wide News, Littlefield.

WHISTLING WHILE THEY WORK

In one airplane factory the men are a little happier these days. One company official puts it this way: "They smile a little easier" than they used to. The reason for this good cheer? Women have joined the company as mechanics' helpers. Girls who used to be stenographers, dressmakers and salesgirls are now helping to repair airplane engines.

And they are by no means unique, these girls. In factories all over the country women are turning their places at the work benches of freedom, turning out vital material that America needs to crush aggression. In the months to come many of them will help to man the factory front as the vast new plants that are now being built go into swift production, and others are converted to war work. Industry is on the job today, quickly expanding its output of weapons for the fighting forces of free people all over the world. And partly as a result of that expansion half the women of the country will be wage earners within five years—at least, that's one prediction that has recently been made.

Not only are more women on the job now, but in many cases they are doing better work than the men. Because their hands are smaller, they are often more expert at delicate industrial operations than men are. Many companies maintain schools to train them in these jobs and help them get off to a flying start.

Even though this war is being fought thousands of miles away in places with foreign, unfamiliar names, here at home we're all in it. Stories like these make that fact clear and certain. We all have work that we can do to win our victory. And, whatever our job is, it's up to us to do it better than ever before.

Now it's portable electric traffic signals. They can be wheeled to busy intersections and carried away when their job is finished.

Research chemists have produced self-cleaning house paints, which remove dirt by the action of wind, rain and sun.

Gems Of Thought

RIGHT OR MIGHT?
If mankind had wished for what is right, they might have had it long ago.—William Hazlitt.

It has been said of the world's history hitherto that might makes right. It is for us and for our time to reverse the maxim, and to say that right makes might.—Abraham Lincoln.

God reigns, and will "turn and overturn" until right is found supreme.—Mary Baker Eddy.

So let it be. In God's own might We gird us for the coming fight, And, strong in Him whose cause is ours In conflict with unholy powers, We grasp the weapons He has given— The Light, and Truth and Love of Heaven. —Whittier.

Nothing but the right can ever be expedient, since that can never be true expediency which would sacrifice a greater good to a less.—Whately.

Saturday will no longer be a holiday for faculty members and students of Honey Grove schools. Beginning Saturday, February 21, a six-day week will be observed. Motorists are gradually waking up to the fact that all the gasoline they buy has been sharply cut in octane rating, and will be further cut as the war progresses. War time need of high octane gasoline for use in the army and navy aircraft is given as the reason for the present pinch. When military needs begin to reduce, however, there will be a campaign to push the sale of high rating fuel for civilian consumption—but since no reduced military need will be evident for several years, motorists will shortly be advised to retard their spark and make other adjustments to minimize engine knocks.—Scurry County Times.

This is no time to waste our energies among ourselves. Let domestic problems be settled in a forthright manner, with no bickering and with no rancor once a solution is reached. We need all our strength to halt the crush the desperate foreign foes who assail us. Communities must be united within themselves and one with another as never before.—Stamford American.

Many foolish things will probably be done in the name of victory before we lay the Hun and the Japs low. We are very much of the opinion that setting up the clock an hour in the dead of winter is one of the most foolish. It may help win the war in factories and save some power in cities, but it will hinder farmers right at a time when labor and machinery shortages are making it hard for them to reach their defense goals.—Progressive Farmer.

When the world is in the death grips of war the country generally feels that it is a poor time for congressmen to be looking out for a soft place to fall. Whether or not the pension bill has its merits, it

NEARLY 170,000 BOOKS ARE NEEDED FOR TEXAS CAMPS

Nearly 170,000 books are needed for Texas army camps alone, Miss Fannie M. Wilcox, Texas state librarian and chairman for Texas of the "Victory Book" campaign, asserted last week.

Making public the needs for libraries which have been established "with wholly inadequate stocks" at Texas camps, Miss Wilcox emphasized that many Texas men are in training at these camps.

Needs for books in the Eighth Corps Area, as established by the office of librarians

In the Houston-Galveston area: Fort Brown at Brownsville, 3,500 fiction and 1,500 non-fiction; Fort Crockett at Galveston, 3,500 and 1,500; Fort McIntosh at Laredo, 3,500 and 1,500; Fort Ringold at Rio Grande City, 3,500 and 1,500; Ellington Field, at Houston, 4,200 and 1,800; Camp Hulien at Palacios, 3,500 and 1,500; Camp Wallace at Hitchcock, 3,500 and 1,500; replacement center at Camp Wallace, 3,500 and 1,500.

In the Central-Northern area: Camp Barkley at Abilene, 3,500 and 1,500; replacement center at Barkley, 3,500 and 1,500; Camp Bowie at Brownwood, 5,300 and 2,200; Goodfellow Field at San Angelo, 3,500 and 1,500; Hensley Field at Grand Prairie, 2,800 and 700; Sheppard Field at Wichita Falls, 4,000 and 2,000; Camp Wolters at Mineral Wells, 2,800 and 1,200; reception center at Camp Wolters, 2,800 and 1,200; replacement training center at Camp Wolters, 2,800 and 1,200.

In the area west of San Antonio: William Beaumont General Hospital at Fort Bliss, 4,200 and 1,800; Fort Bliss, 7,000 and 3,000; reception center at Fort Bliss, 3,500 and 1,500; Fort Clark at Bracketville, 4,200 and 1,800; Fort D. A. Russell at Marfa, 3,500 and 1,500.

Fort Sam Houston at San Antonio, 33,000 fiction and 14,000 non-fiction. These would include books for Brooks Field, Kelly Field, Randolph Field, Mormoyle G.M. Depot, the reception center, the station hospital, and Duncan Field.

Troy Harrell, son of Mr. and Mrs. C. H. Harrell, who has been in training at Sheppard Field, Texas, was recently transferred to Ft. Bliss, Texas. Troy is in the Air Corps.

Shelterbelts And Trees

Munday, Tex.—The yearly drain on standing saw timber, in the United States, by cutting for lumber and by other losses is about six times the amount of growth of that class of timber.

It is estimated that there are 225 different tree species in Texas.

Agriculture is the foundation of our Nation. Agriculture is the tillage of the soil to produce crops of food and feed. Without soil there would be no agriculture, and therefore, no Nation.

In these times, more than ever, it behooves us all to take care of our farms by whatever steps are necessary. Our soil is needed now and will continue to be needed in the future. Why not add to the protection of your soil and crops from the damaging effect of wind planting a Shelterbelt?

Experiments in Texas have shown that soil losses from agriculture land is 900 times greater than from land with trees.

The shelterbelt project has received a load of 30 thousand trees here in Knox county and the spring planting program has been started. Anyone planning to have a shelterbelt planted on their farm this year should submit their application immediately.

ought not to be passed now, and the country's confidence will be restored to a large extent if repeal of the law is had, as is contemplated now.—Baylor County Banner.

In most instances the torpedoes that are launched against an unsuspecting ship and send it floundering to the bottom of the ocean are not seen by the ship's crew. No one knows of their presence until the explosion sends the dying shudder through the ship. In like manner when home town dollars are sent out of town no one in town knows of it except the person who has spent them, but their effect is felt upon the community, never the less. Such spending is like the hole created in the side of the ship that permits the water to seep in until the ship goes down. The slow bleeding to death of a community, caused by its purchasing power being spent out of town, may be less spectacular and less dramatic than the torpedoing of an ocean liner, but it is none the less sure. Look about you at the towns you know as good towns that are now rundown, tattered, ragged, and deserted villages. What caused it? The loss of business caused it. No town can be kept up unless its business keeps up. If the town loses its business from its trade area, it goes down. Towns usually go down in the exact ratio that they lose this business. Dollars spent at home build the home town.—Foard County News.

Chorus to Present Chapel Program

The Munday high school chorus will have charge of the chapel program Friday. They will present a one-act play, "Folk Songs for Sale." The setting of this play is in a music shop, where Mr. Feathersby, an Englishman, played by Dick Harrell, comes to buy typical American songs. The clerk, played by Juracy Jones, presents folk songs for his approval. The chorus, under the direction of Miss Jessie Merle DeLoach, sings the selections.

Senior Report

The Seniors are again happy this week because of the F.F.A. Calf Show. Why should the Seniors be happy? Haven't you heard? Ralph brought his dairy heifer to the show Saturday and won first place with her. He told me that he didn't want to bring that heifer down because he thought that she was ugly and wouldn't even place, but I guess Ralph can't judge. Anyway, Ralph is proud of his heifer and we are proud of him. A number of the other boys in the class had some pretty calves, pigs, and heifers. Clyde had a pretty alf that he is going to take to the Stock Show in Fort Worth. Bobbie Reese won second place on his dairy heifer. Ben Bowden entered a pig and a calf in the show and came out fifth in five pigs and ninth in nine calves... better luck next time, Ben.

The Staff had a meeting and have planned the remaining pages of the annual. If you haven't bought your annual you had better buy it because we will soon complete the annual and will be needing the money, so don't delay the staff and the Senior class in the financial standing.

Senior on Review

Nadine Kreitz was born in Rhineland on October 13, 1925. She started to school there and remained in Rhineland until she joined this class last year.

Nadine is an active member of band and is secretary of the Senior Class.

She plans to enter college this fall and major in Business Administration. The class wishes her success because she is friendly and progressive in school.

Sophomore Report

The Sophomore class is now really down to work on lessons. In English II we are studying punctuation with quotations and find it very interesting. Before we worked on noun clauses, and the correct punctuation seems much easier.

In history we have been discussing current events, along with what we know in text books. It is interesting to compare world events with the past.

Does Anyone Know...

Where Mr. Perryman's chair always disappears to? Bet a certain person knows, Coach!

Why Stephen never runs out of bright sayings, and Bobbie always finds a funny report in the paper.

Why we should not buy United States Defense Stamps and Bonds? Don't forget, class, our Uncle Sam has a big job ahead of him, and everyone should help him.

Where the World History class was last Thursday afternoon?

Junior Class Orders Play Books

The Juniors have ordered their play books, and will begin practicing soon. We hope the play is a success.

In English and History we are working pretty hard. In English we have short stories to read, and in History we have, besides the text book studies, current events, and on Thursday we work in our work books.

The Juniors are staying up with the other classes in buying defense stamps and bonds.

We Wonder What Would Happen If...

Elton ever got his lessons? Betty S. didn't get to go to Haskell?

Bonnie didn't meet a new boy? Wayne left his trumpet at home? Tommie couldn't go to Seymour once a week? (She has decided to go on Saturday now.)

Joe had a flat? Milton couldn't borrow?

Eighth Year Class Leads

In Buying Defense Stamps

Most of the Eighth Year volleyball girls were very disappointed Thursday because they didn't have to play Gilliland in ball. But they think in about a week or two they will be more prepared to meet another team than they were Thursday. They have been practicing "setting them up" and "driving."

Two of the pupils have the mumps. We hope that they will soon be back in school.

The Eighth Grade has something to be very proud of. They are leading the school in the buying of defense stamps. Don't you think that that is something to be proud of? But we are doing more than buying defense stamps and bonds, we are living in a time of war and abiding by its principles. Say, have YOU bought your defense stamps today? Uncle Sam needs your money.

We Are Wondering Why... Johnnie didn't come to school last Friday afternoon?

Joan goes to the show so often? Avanel is so "blushable"? Mary Alice gets so tickled? Charles Ray talks so much? Margie May was so dressed up Monday?

Billie Joe is so timid? Marian is so interested in playing Gilliland?

Don't forget to buy your defense stamps today, that is what the Eighth Year class is doing.

First Grade Reading Library Books

We are so sorry that Sue Hallmark is moving to Dallas. She has been such a fine pupil, and we all love her dearly. We hope that she will like to go to school in Dallas, and we know that she will be loved by all the children there.

We first graders are reading library books now, and it really is fun to read books from our library corner. We are going to read all the books we can, for reading is what we like most.

Number combinations is very interesting to us now, since most of us are able to write the numbers to 100, by 1's, 5's and 10's. We are very interested in numbers, and their importance to us.

Another bond was added to our room last week and another will be added this week, in fact, it has already been purchased but was too late to be counted last week. Our room is now leading the building in the purchase of defense bonds, having a total of \$825.00 worth.

We are doing our best to keep from talking during the day when classes are changing rooms. We realize that is one of our big failings and for the past few days we have made wonderful improvement.

Production goals for food vitally needed in the war effort have been revised upward in Knox county for families on small farms and ranches who heretofore have been limited by lack of livestock, machinery and other productive facilities.

Mr. August Schumacher, chairman of the U.S. Department of Agriculture War Board in Knox county, said that productive efficiency of these small farmers and stockmen is being increased by means of Farm Security Administration loans. This is one of the avenues of attack on the food problem being developed in cooperation with the county USDA War Board.

"Many of the better-equipped, commercial farmers have been producing relatively efficiently," Mr. Schumacher explained, "but a vast supply of unused, or poorly used, productive capacity exists on many small farms."

"Loans are being made by the Farm Security Administration for food, seed, fertilizer, cows, hogs, baby chicks, housing and equipment to take care of livestock, and facilities to increase crop production," he said. "Farm laborers, tenants, small owner-operators, and families making only part of their living from the land may get these loans."

Production goals on these farms were set higher than general goals for the county because they have farther to go toward relatively efficient production.

Individual loans for each producer will be set as FSA loans are made, Mr. Schumacher said. He urged low-income farm tenants, sharecroppers, and small owner-operators and part-time farmers to take their problems to J. C. Rice, Jr., Rural Supervisor for FSA in Knox county. Mr. Rice will be in the assembly room in the court house in Benjamin every Thursday from 10 o'clock until 12 o'clock noon. You may also see him any Monday in the FSA office on the second floor of the court house in Seymour.

Miss Leota Patterson, daughter of Mr. and Mrs. Henry Paterson of Vera, who is a freshman at N.T.S.T.C., Denton, underwent an appendectomy last week in a Denton hospital. Mr. and Mrs. Paterson spent a few days with her and report that she is doing unusually well.

About Our Schools

By Supt. S. V. Colley

Recent notice from the State Department of Education that Munday this year is scheduled to receive \$3995.00 in salary aid money on the State Aid Application was gratifying results. Last year the amount ran under \$3000.00.

With the addition of Vocational Agriculture the local calf show was doubled in size. A number of the local school F.F.A. boys were pleasantly surprised that they received prize money. The above figures on state aid also includes money for this department which partially is the reason for the increase. We now have the same number of teachers we had last year with one additional, Vocational Agriculture full time, with no additional expense to this community or school district. The only added cost to the school is the \$150 per year for equipment.

With the Vocational Agriculture here ably directed by Mr. Ayers came the National Defense Shop; under school supervision, directed by the Agriculture teacher, Mr. Ayers. The school thus far has offered three courses, ten weeks each to out-of-school youths, in welding, auto mechanics, etc. So far about \$800 in equipment that will belong to the school has been bought and given us by the Federal Government for the school sponsoring the shop. This ought to enable the school within a year or two to have its own shop and provide the students with courses that have been taught to out-of-school youths only.

Perhaps no more personal gratification could come to fathers than to have a son closely trained and interested in the work than was exemplified in the first Future Farm-

ers of America Dinner and Banquet, which was held at the school last Tuesday night.

The Parent-Teacher Association, active organization behind the Munday Public Schools, ably headed by Mrs. Levi Bowden, will sponsor a "Play and Game Night" in the school auditorium Friday night, February 27, beginning at 8:30. If you like active games, then you can play badminton, ping-pong, shuffle board; if you like less active games then you can play dominoes or eighty-four. Bring the children. Money taken in will be used in paying off hand uniforms bought last year.

Some schools already are going to school on Saturday so that students can get out earlier in May and thus aid parents on the farm to get crops in shape for best production this year to aid the government and raise food for national defense. We may know later, or at least today if we will do this. A questionnaire is being sent to parents to know his or her wish in the matter.

Visitors Here As Boosters For Fat Stock Show

A bus filled with 35 enthusiastic Fort Worth business and professional men Wednesday rolled into Munday with a hearty invitation for people of this section to visit the Southwestern Exposition and Fat Stock Show, March 13 through March 22, in Fort Worth.

The delegation brought along a band and presented a program which was witnessed by a large crowd.

Chas. Williams and George Hart, co-chairmen of the trip, which was sponsored by the Lions Club, emphasized that the Stock Show had greatly aided the development of the livestock industry and this year it is more important than ever before because it can point to ways and means of increasing meat production which is so vital in the present emergency.

Offering \$75,000 in premiums, the highest in history, the show this year will have new features in the championship rodeo and will star Roscoe Ates, stuttering com-

edian of radio and screen, at the Silver Spur, the amusement spot on the show grounds.

All Texas cities are urged to have a special day named in their honor, organize a delegation, bring along a band, present a program of "home town" talent in the Silver Spur, and give a concert in the bandstand in front of the Coliseum before the afternoon rodeo.

Among the visitors were: Lions Club president, C. F. Hudgens, Sam Justin, Bob Calen, Chas. Cotten of the Chamber of Commerce and Boyce House, newspaper-radio columnist.

Girl Scout News

The Girl Scouts met last Thursday afternoon, and the Iris Patrol gave an interesting program which was written by Patsy Massey.

Munday Girl Helps Produce All-College Stunts at TSCW

Freshman, junior, sophomore, and senior classes at Texas State College for Women have drafted their best talent for the All-College stunts to be presented in the college auditorium February 25. Miss Jean Williams of Munday is a creator and director of dances for the sophomore class.

Daughter of Mr. and Mrs. P. V. Williams of Munday, Miss Williams is majoring in piano.

All-College stunts will be original productions combining music, dancing a drama and each of the four classes competes for the first place in costuming, staging, skit, and music for their class act. The decision will be made by a committee of local business men and faculty members.

Mrs. G. L. Keene, Mrs. Prudence Sessions and Miss Zell Spann were business visitors in Wichita Falls last Wednesday.

O. B. Norman of Lamesa was a guest last week in the home of his sister, Mrs. W. E. Reynolds and Mr. Reynolds.

CHURCH SERVICES FOR GOREE YOUNG PEOPLE

The young people of the Fundamental Baptist church of Goree will begin services at 7:00 o'clock Sunday night. The program will be as follows:
Subject, "What Commitment to Christ Means"; talk by Mrs. Jack Suggs, leader; "Christian Living," Hazel Allison; "Forgiving Others," Jack Suggs; "Self Denial and Cross Bearing," Jimmie Ray Crouch; "Returning Good for Evil," Mrs. Jack Suggs, and "Controlled by Christ," Annie Mae Jones.
All young people are urged to attend this meeting.

FIRST BAPTIST CHURCH

164 in Sunday School last Sunday, even though the change in time had jittered us. There were quite a number who came in after class reports had been made out. Let's be on time next Sunday—TEN O'CLOCK. The offering Sunday morning was \$101.44—twice this month it has gone over one hundred dollars. We want you to feel welcome regardless of the offering you bring. It isn't the clothes we wear, or the money we carry in our pockets, but what we carry in our hearts that pleases the Lord.

There were 33 young people in the choir Sunday night. The Juniors had quite a showing. Both bunches certainly did sing. The Training Service begins promptly at 7:30, the preaching service at 8:30. Come on, let's be boosters. In the old stage coach days there were three classes of passengers: when they would get to a place where the going was tough one bunch would get out and walk on ahead and wait, one bunch would sit quietly in the coach to be pulled through, and the other crowd would jump out, grab hold wherever they could find a place and before you could tell how it happened they were out of the bog and going again... We'll be looking for you Sunday.

Local Ladies Hear Marion Anderson

Mr. and Mrs. T. G. Bengt, Mrs. Louise Ingram, Mrs. S. E. McStay, Mrs. P. V. Williams and Mrs. John Ed Jones went to Wichita Falls last Wednesday night to hear Marion Anderson, negro contralto, sing at the memorial auditorium to a capacity crowd.
The program was a typical Anderson program, made up of classic and program songs, in which general human appeal was uppermost, and closed with a group of negro folks songs. This was the first appearance of the famed singer in this area.
It was estimated that nearly one half of Wednesday night's audience were people from outside Wichita Falls.

Mr. and Mrs. J. Dee McStay of Vernon spent last Sunday here with Mr. McStay's parents, Mr. and Mrs. S. E. McStay.

Austin Caughran of Munday and Joe Reeder of Knox City attended the convention of managers of the Wm. Cameron & Co., stores held at the Waco headquarters office the first of this week.

Eighth Grade News
Our junior volleyball team has won practically all of the games they have played. We are very proud of the two all-star players, Margia Lowrey and Betty John Bea-champ, who are going to Woodson Saturday to play on the B team. We hope they have the best of luck.
We've decided to use our history books for the first time this year.

Ninth Grade News
The ninth graders are studying a very interesting story in Literature. It is Homer's Odyssey. They will all be glad when they get down to old General Science. The present is interesting, though. The Home Ec girls are sewing now.

Senior News
Last week was a very busy one for most of the Seniors. On Monday night they were at Munday cheering the Eagles in their final bi-district game against Bomarton. On Thursday night they were at O'Brien for the first game of the district championship matches. Our boys were defeated the first game, but made grand comebacks on their own court the next night by returning the defeat. Saturday night the boys were defeated by a score of 32 to 30. The Seniors are very proud of the basketball boys and they wish to congratulate them on having such a good season.
The volleyball girls are entering a tournament at Woodson next Saturday. They are going down there to win. The B team is entered, too.
The Seniors received their play books Saturday. The name of the play is "Look Who's Here." Watch this column for further information.

Some of our basketball boys have been wearing mustaches lately. We think Bobby Matthews and Harold Freeman should wear one all the time.
"Smitty" and Evlsey went to a tacky party natural Monday night. (Yes, they got in all right.)
Jane and Wynell seem to like to go to O'Brien. (I wonder if it's the basketball games or something else?)
Randall and Rufus certainly would like to have a special conference with "Johnny Eager" and "Blue Eyes". I can imagine Bobby would like to be there too.
Jennelle seems to be a few pages ahead in bookkeeping. (What's struck you, Jennelle?)
Barbara and Polly seem to be calmed down quite a lot this past week.
Smitty has calmed down a little lately, also. She hasn't been in nearly as much trouble lately.

showed sportsmanship in not attempting to knock him out by working on the injured eye.
Harold Payne continued his string of victories with a decision over Alford. Harold got off to a slow start and almost got knocked out but came back strong and had his opponent badly battered at the finish.
Ray Moore added another to his many victories, winning by a knockout over Luther Newton of Abilene. One fan said, "Ray Moore is certainly a fine puncher," and how true it was, because every punch landed solid to the head.
A fight that every one appreciated and one that drew as much applause as any, was that of Cal Dodson Lowry and Rogers of Abilene. It was action from beginning to end with the final decision a draw.

In the lighter weight Glen Dean Lowrance, weighing 105 pounds, defeated Syma, 105, Browning, Yarbrough, Pippin, and Edwin Lowrance of Munday lost to Hill, Free, Harber, Kuykendall and Colwell of Abilene.

Persons Eligible To Get Retreaded Or Recapped Tires

According to revised regulations on tire rationing, the following are eligible to have their old tires recapped or retreaded:
(a) A passenger car used principally to provide one or more of the following transportation services:
(1) Licensed jitney, taxi, or similar transportation service to the general public;
(2) Transportation of persons to enable them to render construction or mechanical, structural or

highway maintenance and repair services;
(3) Transportation of executives, engineers, technicians, and workers to and from, and within, such of the following as are essential to the war effort: power generation or transmission facilities, transportation of communication facilities, or agricultural, extractive, industrial, military or naval establishments;
(4) Transportation on official business of Federal, State, or local government employees engaged in the performance of government functions essential to the public health, safety, or the war effort;
(5) Transportation of produce and supplies to and from the farm if an applicant operating such farm does not own or possess a truck or other practicable means of transportation;
(6) Transportation of traveling salesmen who are engaged in the sale of farm, extractive or industrial equipment, foods or medical supplies, the distribution of which is essential to the war effort;
(7) Transportation of newspapers for wholesale delivery; provided, that a passenger automobile to be eligible under this paragraph must be used exclusively for one or more of the purposes in this subsection.
(b) Trucks used for any important purpose not included in List A—which list is for those eligible for new tires.
Applications for retreaded or recapped tires must be made to the tire rationing board in the same manner as those for new tires. Application blanks are now available at the post office in Munday.

Local Bouts With Abilene Result in Draw

Last Friday night before a large crowd in the school gym the Moguls and the Abilene Eagles fought their way to a draw in what proved to be the best bouts the Munday team has had.
Climaxing the night's program was the final bout between Raymond Carden and Sam Smith, in which Carden eked out a decision. The fight was a thriller from start to finish, and, as many fans put it, was well worth the price of the entire show. Carden had the better of the argument in the first round but the last two Smith came back with a strong finish to make them about even.
Another good fight was between Delmar Cadwell of Munday and Geo. Watson of Abilene. In the final round Watson received a cut over the right eye and Cadwell

Our school celebrated Washington's birthday in a real American way last Monday. An hour and a half was devoted to patriotic speeches and defense bond and stamp rally.

The Rhineland school is very happy to boast of the fact that every boy and girl in the school is now the proud possessor of at least one defense stamp. Although 95 per cent of the student body owned defense stamps for several weeks, it was not until Washington's birthday rally that our goal of 100 per cent was realized.

Supt. Hoffman was doing a "land office business" last Monday. It took just ten minutes to buy his supply of defense stamps. In all, the school purchased on Washington's birthday over \$100 worth of stamps and bonds, which is about an average of \$2.00 per student.

Senior Report

The Seniors are in the one hundred per cent column in buying defense stamps and bonds, and are in the lead of the school by a large margin.

We have selected our class motto, colors, and flower. We chose "Character is the Only True Diploma" for our motto, blue and gold as our colors, and the carnation as our flower.

Seniors on Parade

Joe Jungman
 Joe was born on June 17, 1925, in Rhineland. He has obtained all his schooling at Rhineland. His chief characteristics are: he is playfully "Hitleristic" and he is quiet and bashful. If war does not interfere with Joe's plans, he will likely become a farmer. Some of his favorites are:

Song: "What You Know, Joe?"
 Subject: Economics.
 Actor and Actress: Bill Elliott and Lana Turner.
 Sport: Fishing.
 Color: Blue and gold.
 Teacher: None.

Junior News

Day by day the amount of bonds and stamps bought by the Juniors is increasing. We are proud to say our school is 100 per cent in the purchase of stamps.

We celebrated Washington's birthday Monday by having a patriotic program in which talks were given, and the children sang the national anthem.

The boys had fun in picking their letters on the program, and boy, Weidon's girl would have eaten a little if she had eaten everything he mentioned.

We Wonder Why—

Calvin had some good jokes on the program.
 Bernadine could repeat the tongue-twister so well.
 Ubban picked such a letter as 'I'.

Sophomore Report

In economic geography we studied about chewing gum. We learned that it comes from the chicle of the sapata tree. We are learned how the chicle is obtained from the tree and how the gum is made from this chicle.

In order to learn more about the story of gum our teacher told us to write to our favorite gum company. We wrote them, and are now waiting for our answer, and our material on "The Story of Gum" to finish this study.

The Sophs are proud to relate that they are in the 100 per cent column on the Defense Stamp purchase roster.

Freshman Report

The class is still in the lead in the purchase of defense stamps. We have now purchased \$20.40 worth, and every Freshman is the owner of a stamp.

We celebrated Washington's birthday Monday by talks, singing songs and many other things.

In our history we are supposed to read "A Tale of Two Cities," and report on it. The story seems interesting to the class. We will have to have it read by next Friday.

The Class Nicknames

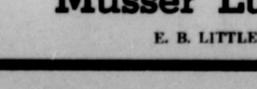

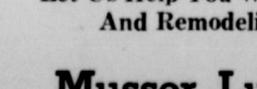

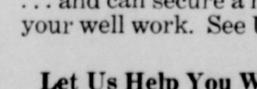

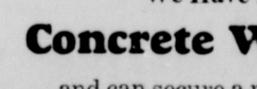

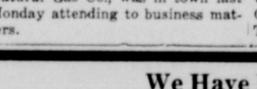

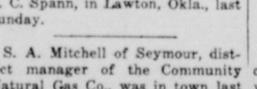

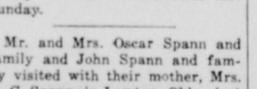

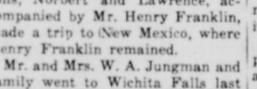

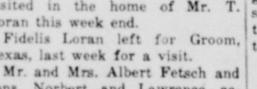

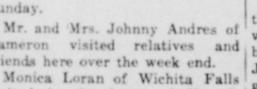

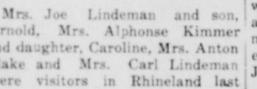

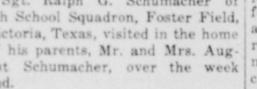

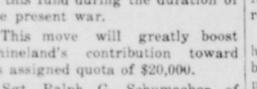

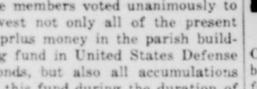

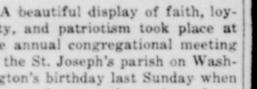

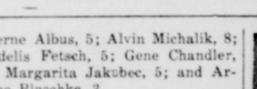

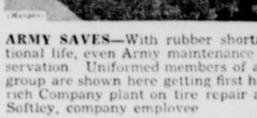

Cleo: Sissy.
 Rose Marie: Ree.
 Rose Mary: Rosie.
 Madeline: Shorty.
 Ruth: Rufus.
 Magdalen: Brown Eyes.
 Harold: Pee Wee.
 Alvin: Beenus.
 Marvin: Buddy.
 Charles: Carlos.
 Raymond: Momy.
 Walter: Wassie.

News of Room III

We all enjoyed the Washington Program which was held in the school auditorium last Monday. Norville Sesumes gave Washington's autobiography.

We are proud to state that in our room each one of the students has a defense stamp. The total amount of defense stamps we have bought are: Louis Urbanczyk, 30; Jewel Marie Hoffman, 10; Veronica Franklin, 1; Marvin Zeissel, 50; Clarence Stengel, 21; Mary Ann Decker, 9; Francis Birkenfeld, 4; Robert Redder, 5; Norville Sesumes, 1; Alfred Kuhler, 7; La-

Rhineland News

A beautiful display of faith, loyalty, and patriotism took place at the annual congregational meeting of the St. Joseph's parish on Washington's birthday last Sunday when the members voted unanimously to invest not only all of the present surplus money in the parish building fund in United States Defense Bonds, but also all accumulations in this fund during the duration of the present war.

This move will greatly boost Rhineland's contribution toward its assigned quota of \$20,000.

I GIVE YOU TEXAS

There was trickery in David Crockett's day, too. In his autobiography, he thus explains his failure to be re-elected to Congress:

"I should have been elected if it hadn't been that, but a few weeks before the election, the little four-pence-ha-penny limbs of the law fell on a plan to defeat me. They agreed to spread out over the district and make appointments for me to speak almost everywhere to clear up the Jackson question. They would give me no notice of these appointments and the people would meet in great crowds to hear what excuse Crockett had for quitting Jackson.

"But instead of Crockett's being there, this small-fry of lawyers would be there with their saddlebags full of newspapers and their Journals of Congress and would get up and speak and read their surly attacks on me and would then tell the people I was afraid to appear."

After losing the race, Crockett made a speech of farewell concluding with:

"I am done with politics for the present and you can all go to h--- and I will go to Texas."

Not the Mother Goose version: Jack and Jill ran up the hill To fetch a pail of water; Jack fell down and broke his crown And Jill said, "Can't take it, eh?"

Says the Wood County Democrat, editorially: "Ralph Yarbrough was born at Chandler, Henderson County, and was reared an East Texan. After he graduated from

the University of Texas School of Law, he practiced his profession in El Paso and for years lived the life of a West Texan. More recently, he served as Assistant Attorney General at Austin and later District Judge in the territory centering around Austin in Central Texas. East Texan, West Texan, Central Texan, Judge Yarbrough is one of those rare men who can truly be called a citizen of all the State."

After mentioning that he was being urged to run for Attorney General, the Democrat added that he had made the race in 1938 and that "he has made many friends, and the more people he meets, the more friends he makes."

Two men in Longview were hotly discussing the merits of a book. One of them, a writer, said, "No, Joe, you can't appreciate it. You never wrote a book, yourself." To which Joe retorted, "I never laid an egg either, but I'm a better judge of an omelet than any hen in Texas!"

Speaking of authors, here are a few colorful bits from their lives: Vachel Lindsay tramped across America, reciting poems in exchange for bread.

Francois Villon was a Paris pick-pocket and murderer but he wrote lines that will never die—such as, "Where are the snows of yesterday?"

John Masefield, poet laureate of England, tended bar in New York. Ernest Dowson died in squalor in the most wretched district in London. Does that mean nothing? He wrote the line, "Gone with the wind."

Incidentally, your columnist is the only person in the United States who has neither read the book nor seen the movie, "Gone With the Wind." I'm waiting to see whether the story is a success.

Oldest farm in U.S. is at Velota, El Paso county, on the bank of the Rio Grande. The farm has been

producing crops since 1540.

Unusual names: In Llano you can find Idol's Cafe and Buttery Hardware.

A farmer (in Kansas) said to a friend, "Well, my son John has failed on his civil service examination."

"What was his trouble?"
 "Well, he was short on spellin' and geography and he missed purty fur on mathematics."

"What is he going to do about it?"

"I dunno. Times is might hard and I reckon he'll have to go back to teachin' school for a livin'."

TWO NTSTC STUDENTS CORRESPONDENTS FOR THE MUNDAY TIMES

Two students in North Texas State Teachers College, Denton, are now correspondents for The Munday Times. The two, Henry Dingus of Munday and Aline Smith of Vera, are students in an advanced journalism class. In addition to news gathering and writing for the campus paper, students in the class are required to send one story each week to their home town newspaper.

Miss Evelyn McGraw, who is attending Weatherford Junior College, spent the week end here with her mother, Mrs. Erin McGraw.

Harold Longino of Crowell visited his brother, Ted Longino, and friends here over the week end.

W. W. McCarty spent the first of this week in Dallas, where he attended the semi-annual gift show.

Mr. and Mrs. Leo Jones of Sweetwater were visitors in the home of Mr. and Mrs. Travis Jones and with relatives in Goree last Monday.

Bud Collins of Floydada visited in the home of Mr. and Mrs. W. A.

Baker over the week end.

Mrs. O. F. Greer of Lubbock spent Tuesday and Wednesday with friends here.

Mrs. Sebern Jones, Mrs. D. C. Eiland and Miss Louise Atkeison were visitors in Seymour last Monday.

Lee Haymes and Ardelle Spelece were in Haskell last Monday night to attend the regular meeting of the postal employees association.

Mr. and Mrs. Aron Edgar spent the week end with Mrs. Edgar's brother-in-law and sister, Mr. and Mrs. Roy Rogers of Quanah, and with Mr. and Mrs. Seth Palmeyer and other friends at Memphis.

Mr. and Mrs. Jim Goode were visitors in Fort Worth over the week end.

Miss Maxie Dingus of Fort Worth spent the week end here with her parents, Mr. and Mrs. G. W. Dingus.

Just A Reminder---

Be Good to your Electric Appliances and they'll be good to you!

Ample ELECTRIC POWER Vital FOR VICTORY

We're ALL soldiers and in the army NOW. And that means new responsibilities. For us, our salesmen no longer blithely offer you this or that appliance. We must advise that you take good care of your electric refrigerator, your washing machine, your sweeper, radio, food mixer, and every other appliance. The factories that make these marvelous time and labor-saving servants are being turned to the manufacture of war materials. Be good to these appliances—and they'll be good to you.

It is true that meats shrink less and vegetables lose less of their vitamins with electric cooking. It is true that there is less food spoilage with electric refrigeration. It is true that the electric washing machine, the sweeper, and the food mixer all have greatly relieved women of tiresome, unnecessary household drudgery and save time and energy for wartime work. And it is true that both workers' and children's eyes show less strain when the lighting is good.

So, as soldiers fighting for our American way of living, it is our duty to provide electric service for all these things which are normal in peacetime and imperative in wartime.

Hence, it is proper also to urge that you keep your electric appliances in good condition... get longer wear out of them.

Whenever needed, ask the advice of our servicemen. They, too, are in the war... rendering an essential service.

Senior Report

We are really going to have our play this week, the 27th. We are very sorry we had to postpone this play and that a few did not learn of the postponement. The pult will be given away February 27 also. The play will start at 8:00 o'clock, wartime.

The Seniors have been working very hard on the scenery, which is going to be something different and better than ever before.

The characters of "Hullabaloo" are played by the following. Everyone seems to fit their part "to a T".

Letty, an awkward, gawky country girl of 16, played by Louise Spikes.

Cara, a young school teacher, played by Nadene Parker.

Nolly, a country boy who talks in a lazy drawl, played by Alonzo Cartwright.

Eric, a rich banker, played by Lester Duke.

Albert, a young man of the "smart alec" type, and somewhat of a coward, played by E. C. Brown.

Mrs. Morton, Cara's mother, who is very ill and must change climates, played by Opal Harrison.

Benito, a young gypsy who helps the Morton family, is played by Pete Rutledge.

Each part is a gem. The gallant gypsy, who defies the world to help Cara; the gentle mother, who fears him; the fun-making Letty and Nolly; the hard-handed banker and his son, and Cara, who finds the rainbow after the storm, makes the play well worth your time and money.

...it takes both to win a war!

"AN ARMY TRAVELS ON ITS STOMACH"—this is one fundamental that has not been changed in the technique of

war. Likewise our civilian defense cooperation can be no better than our physical ability to meet our wartime responsibilities. But all the food planning and careful marketing in the world cannot preserve healthful vitamins unless care is exercised in the preparation of the food for the table.

THE RIGHT KIND OF FOOD is especially important these days. It can mean the difference between giving your family foods rich in healthful vitamins—and serving meals that have very few vital elements. Vitamin saving is easier with modern gas cooking methods.

Food For Freedom Goals Discussed At Second Meeting of Area War Board

The second meeting of the Knox county USDA War Board was held at Benjamin, Monday evening at 8:30 p.m. in the district court room.

In attendance were 65 community agriculture workers, including Home Demonstration Agents, Vocational Agriculture and Home-making teachers, chairmen or home demonstration councils and land use planning committees, key farmers, county AAA committeemen, and secretaries.

The designated individuals to lead in the various parts of the discussions furnished technical and practical information sprinkled with inspiration and patriotism. All those attending the meeting expressed their willingness to attend all informational meetings and to assist other farmers of their community in reaching the farm and community Food for Freedom goals.

After the program each community leader was asked to tell of the progress being made in their respective communities. Five community representatives reported that the production of eggs and

pork was exceeding their expectations and that the production of milk and the planting of Victory Gardens would increase later in the year when weather conditions are more favorable.

Plans were made at the above meeting to conduct practical and technical educational meetings in the communities throughout the county for the year. Farm families who indicated increased production for Food for Freedom program will be asked to attend the community educational meetings and demonstrations on each particular part of the Food for Freedom program in their communities during the next two weeks.

Victory Garden seed lists of recommended varieties of vegetables were distributed to all those attending the meeting.

The program was as follows:

- Our Part in this War.....C. R. Elliott.
- Farm Machinery Repair and Scrap Iron.....E. W. Harrell
- Victory Gardens.....Mrs. Neva VanZandt.
- Increasing your Farm Egg Production.....Manuel Ayers
- Keep Them Milking.....L. W. Graham.
- Increasing Pork Production.....R. O. Dunkle.
- AAA and It's Part in the War.....Marvin Allen.

SNOWBIRDS OF CANADA

Passed by Censor

FROM the young men who used to spend their winter weekends skiing on the snow-covered hills of Canada, the Dominion has created a body of ski troops who are second to none. Long experience in this popular sport made it easy for these men to adapt themselves to the conversion of skiing from a pastime to the sterner purposes of war. Already they have proved their value in Iceland and many thousands of them are ready to demonstrate their merits in other theatres of war if necessary. The photographs show a platoon of ski troops on manoeuvres and a sniper who would be very difficult to spot.

426,434 Texas Men Registered In Third Draft

General J. Watt Page, State Selective Service Director, today sent the following wire to the National Director in Washington:

"Total registration of Texas February 16, 426,434."

Based on the 1940 and 1941 Selective Service registrations, which in Texas totalled more than 860,000, it has been anticipated that Monday's enrollment would reach the 500,000 mark. The difference can well be accounted for, General Page explained, by the fact that since the President's proclamation after Pearl Harbor, designating February 16 as Third Registration Day, many thousands of young Texans have not waited for the Selective Service processes but have volunteered in one of the branches of the Nations' armed forces.

Harris county, where 42,570 men were registered, topped the state, while Dallas county came in second with 31,459 men signing up. It was officially reported at State

Headquarters. The third national lottery, which will be held in Washington probably around the middle of March, General Page said, will determine the order in which the registrants coming within the purview of the February 16 registration will be called for military service.

General Page paid high tribute to the Selective Service personnel throughout the State, to the State Department of Education in making the school buildings and services of teachers available, and to the thousands of other patriotic citizens who volunteered their services, without financial compensation, for their efficient accomplishment of the registration of almost a half million men within the prescribed 14 hours. He said:

"I cannot too highly praise and commend these patriotic Texans for a tremendous job well done."

"Also for their valuable services in informing our citizenry on the essentials of the registration and for their uniform wholehearted cooperation since the beginning of the administration of Selective Service in Texas, I want to express my deep gratitude to the daily and weekly newspapers, radio stations, and the theatres throughout the State. All played a very important

role in the successful performance of a grave responsibility to our Nation."

Miss Flora Bell Ratliff, who is a student in T.W.C., Fort Worth, spent last Tuesday with her parents, Mr. and Mrs. Raymond Ratliff.

Mr. and Mrs. J. A. Wiggins and Travis Lee attended the banker's convention in Fort Worth last Monday.
