

Knox City Girl One of College Campus Favorites

Denton.—Rulers in campus popularity are these North Texas State Teachers College favorites, selected by the student body for full-page representation on the NTSTC

yearbook, the Yucca. The favorites are, left to right, Ellena Fayne White, Knox City; Bill Janes, Denton; Virginia Pax-

ton, El Paso; Charles Baker, Honey Grove; Mary Jane Jones, Anson; Clovis Cowan, McKinney; Billie Wolfe, Quinlan; Fred Kendall, Ni-

agara Falls, N.Y.; Bubbie McDaniel, Alvin. Bill Chappell of Kaufman, another favorite, was not present when the picture was made.

McGaughey Asks For Re-Election As County Supt.

County Supt. Merick McGaughey last Tuesday authorized The Munday Times to announce his candidacy for re-election to the office of County Superintendent of Knox county.

Mr. McGaughey, who is serving his first term in this office, stated that he had tried at all times to efficiently perform his duties as county superintendent as he has seen them, co-operating with all the schools to the best of his ability.

"I sincerely appreciate the cooperation given me by the school patrons and citizens of the county during the three years in which I have served as your county superintendent," Mr. McGaughey said. "I realize that it is only through your friendship and co-operation that I have been able to succeed in the small measure that I have."

Mr. McGaughey's experience in this office fully qualifies him to carry on the county superintendent's duties, and if returned to office he promises his most conscientious and efficient service.

"I base my candidacy solely upon my past record and upon my ability to serve in this capacity," McGaughey said, "and I earnestly solicit your vote and influence in the July primary."

Home Furniture Company Moves To New Location

It's been "busy times" around the Home Furniture Co. for several days this week, as Malon Boggs and his helpers have been busily engaged in moving into a new location.

The furniture store and mattress factory has been moved into the building formerly occupied by Moore Chevrolet, and Boggs is just about to get things straightened out again. The moving job was started last Monday.

The new location furnishes more room for displaying the furniture, and much more attractive displays are being arranged. The mattress factory and work shop are located in the rear of the building, while the front is used for displaying items of furniture and other merchandise.

Mr. Boggs invites the public to visit his new place.

Deputy State Supt. Postpones Visit

Word was received this week by Merick McGaughey, county superintendent, that the visit of the deputy state superintendent has been postponed.

In his letter, J. C. Jernigan of Childress stated he was a week behind on his schedule because of illness. Mr. Jernigan was to have visited Knox county schools during the third week in March, and it is likely his visit will be postponed a week.

Announcement of the date for visiting the schools will be made later, Mr. McGaughey said.

SHARE YOUR BOOKS WITH SERVICE MEN

Think of all the men in camps, doing their bit for the defense of the nation, and how they would like a good book. Why not share those you have enjoyed? Contribute them to the Victory Book campaign.

The Red Cross room, over the Rexall Store, has been designated as reception center for the books. Since this room is not open every day, P. V. Williams has consented to accept the books in his office. Whatever books you have, leave them at one of these designated places.

Books of all kinds are needed, so bring in those you wish to donate toward the entertainment and education of the men in service.

Louis Floyd Enters Race For County Sheriff

L. C. (Louis) Floyd of Munday has authorized the Munday Times to announce his candidacy for the office of Sheriff of Knox county, subject to the action of the Democratic primary in July.

Mr. Floyd has resided in Knox county for 51 years and is well known to a large number of the county's citizens. This is his first time to seek public office.

Having served as a peace officer in Munday for four years, Mr. Floyd feels that he is qualified for the office he seeks. If elected he promises his best efforts toward making the county an efficient sheriff.

"It will be impossible for me to make a house-to-house canvass of the county," he said, "because I am employed and must stay on the job. Then, too, the tire shortage would prevent such a campaign upon my part."

"I will try to talk to as many citizens personally when it is my opportunity to see you, and I sincerely ask that you take my announcement as a personal solicitation of your vote. I will certainly appreciate your vote and influence in the coming election, and I promise a most faithful tenure of office if elected," Mr. Floyd concluded.

14 Enrolled In Defense Shop

The truck, tractor and auto mechanics shop course now being taught at Isbell's garage reached an enrollment of 14 students this week with facilities for one additional enrollee. This free course sponsored by the Federal Government, will continue for the next seven weeks.

A new 200-pound Greyhound Electric welder was received this week to assist in the instruction on farm machinery repair.

Judging Team Wins Place In District Show

Knox county's judging team tied with Wichita Falls on Wednesday in judging of calves in the district show. The tie was for second place, according to reports received here.

The second highest judging individual honor was also a tie between Elton Scott of Knox City and J. Burkhalter of Throckmorton.

The calves fed by the Knox county boys survived the elimination judging Wednesday and are in the finals scheduled for today (Thursday). Boys from the county who have calves in the final contest are as follows:

Hardie Lee and Billy Richards, Charles Hickman (2 calves), Stanley Glover, Finis Bratcher, Hope Bratcher, Elton Scott, Harold Jones and Pat Hill.

Group to Leave On March 11 For Army Service

The Knox County Local Board reports the following action for the week of March 9-15:

Notice has been mailed to a group of men to report at the local board office on March 10th for transportation to Abilene, Texas, where they will be given an Army examination. These men will return to their homes after this examination awaiting call for induction into the armed forces.

Other men have received their notice to report to the local board March 11th, for induction, these men will go direct to Fort Sill, Oklahoma. Another group of men will receive their notice to report to the local board Sunday morning, March 15th, for induction, this group will also be sent direct to Fort Sill, Oklahoma, for immediate induction into the army.

The men called for induction are those who have had an army examination and have been accepted for regular military service, and in supplying the requisition for the last two groups named above the local board will exhaust their supply of men qualified by army examination for regular military service.

PENDLETON LEAVES FT. HUACHUCA, ARIZ.

Lieut. Hal Pendleton, who has been stationed at Fort Huachuca, Ariz., since entering the service some time ago, received his transfer orders the latter part of last week and left this training center last Monday under sealed orders.

Upon receiving word that Hal was being transferred, his parents, Mr. and Mrs. H. A. Pendleton, visited him at Fort Huachuca. They went to Abilene where they took a plane for the remainder of the trip, spending the first of this week with their son.

Barley Infant Buried Monday

Marjorie Janette Barley, infant daughter of Mr. and Mrs. Bob C. Barley of Munday, died suddenly at the family home here at 4:30 o'clock last Sunday afternoon. The child became suddenly ill and passed away before medical aid could be summoned.

Born on January 2, 1942, the child was one month and 29 days of age.

Surviving are the parents, Mr. and Mrs. Bob Barley and a sister, Ann Barley; the grandparents, Mr. and Mrs. N. A. Howeth of Munday and Mr. W. C. Barley of Anson.

Funeral services were held from the Howeth home in Munday at two o'clock last Sunday afternoon, conducted by Rev. Luther Kirk, Methodist pastor. Interment was in Johnson cemetery by the Mahan Funeral Home.

Legion Will Have Birthday Feed On Tuesday Night

Lowry Post No. 44 of American Legion will hold its regular meeting on next Tuesday night at the Legion Hall. The membership will discuss important business, and a good representation of the post membership is desired at this meeting.

Following the business session, the regular birthday feed will be served. Those who will serve the feed are Lee Haymes, Louis Cartwright, Fred Monse and Brice Dobbs.

J. E. REEVES ENTERS MERCHANT MARINE

J. E. Reeves, Jr., son of Mr. and Mrs. Jim Reeves, has entered the Merchant Marine for service. J. E. passed his physical examination and last Tuesday he received a wire to report to New Orleans for service. He left Tuesday night for New Orleans.

Are You a Sugar Hoarder? Better 'Divvy'

The Knox county rationing board has received this information from the state rationing administrator, Austin, Texas. There is going to be plenty of sugar for home canning this summer and every effort is being made to have it available.

The supply may be somewhat limited, just as the supply for daily consumption is limited; but it will be sufficient to enable housewives to can what they need.

Every household in the nation should get itself into the sugar rationing habit now before the Government's rationing plan goes into effect, Dan A. West, director of the Consumer Division of the Office of Price Administration, advised today. He also urged consumers who have hoarded large supplies of sugar to "divvy up" with their friends and neighbors.

"Rationing means 'share and share alike,'" Mr. West said, "and if we're really serious about sharing the burdens of this war fairly,

Over \$1,700 In Red Cross Funds Given in County

Munday Leads Other Communities In Contributions

A report of contributions made by Knox county citizens to the Red Cross War Fund was made last week by the Knox County Red Cross chapter. A total of \$1,781.82 has been contributed, it was reported.

The war relief drive has not been closed, and contributions are still being accepted. If the increased quota of \$65,000,000 is raised, it is announced from national headquarters that another quota will not likely be asked for this year.

The following is a list of the amounts contributed by the various communities of Knox county.

Munday	\$ 876.11
Knox City	607.69
Goree	150.87
Vera	41.50
Truscott	42.00
Gilliland	27.00
Sunset	17.20
Rhineland	13.45
Benjamin	11.00

29 Registrants Are Re-Classified

Twenty-nine Knox county registrants were reclassified on last Friday by the Knox county selective board, fourteen of whom were placed in Class 1-A and subject to call.

Those who were re-classified were announced this week by John Wilson, clerk of the board, as follows:

280 Arnold A. Wilde	1-A
496 Marlin W. Dickey	1-A
609 Arthur D. R. Gunnels	1-A
696 James F. Gulley	1-A
706 Robert C. Albus	1-A
755 Albert Booe	1-A
825 Quel Alton Hughes	1-A
975 Thomas W. Fultz	1-A
S-880 Harvey D. Arnold, Jr.	1-A
1058 Charles W. Russell	1-A
1066 Doyle E. Hughes	1-A
1144 Clarence Davis	1-A
1321 Lyle R. Elliott	1-A
53-A Jasper C. Durham	1-A
78 James H. Murray	1-C
357 Clifford M. Schultz	1-C
427 Alford M. Troy	1-C
1081 Alvo Rex Bays	1-C
1236 Ernest F. Tapp	1-C
S-1253 N. L. Funderburk	1-C
S-407 Hamilton H. Coates	1-C
S-593 James R. Bisbee	1-C
888 James Robert Rogers	1-C
S-1338 Clifford P. Boone	1-C
7 Fred Bomar Mody	4-F
655 Eluterio Garza	4-F
772 Harold B. Brickhouse	4-F
1218 Hart Adams	4-F
S-271 Charlie Napper (col.)	4-F
On Tuesday, March 3, the county board met and reclassified eight other men. They are as follows:	
210 John Lee Nickerson	1-A
1282 Cedric C. Angle	1-A
Vol. Alvin L. Gilmer	1-A
220 Alfred Elmo Shaw	1-A
1001-A John E. Payne	4-F
8238-A Robt. L. Humphreys	4-F
586 James Loice Marks	4-F
15 Holden Bland	3-A

Buster Tolson Enters Race For Assr.-Collector

J. P. (Buster) Tolson on Thursday authorized the Munday Times to announce his candidacy for the office of Tax Assessor and Collector of Knox county, subject to the action of the voters in the July 25th primary.

Mr. Tolson, who resides at Benjamin, has lived in the county a number of years, and is known all over the county. He made the race for assessor-collector two years ago, and he stated that he certainly appreciates the vote of confidence given him in that election.

"I hope to see each and every one of you personally between now and July 25th," Mr. Tolson said, "and talk with you regarding my candidacy. I feel that I am well qualified for this office, and, if elected I will give you my most faithful service."

"Until it is my pleasure to see and talk with you, I urge you to give my candidacy your careful consideration. If you see fit to elect me to this office I will express my thanks by a term of honest and efficient service."

Munday C. of C. Party Scheduled

The entertainment committee of the Chamber of Commerce has announced that the plans are complete for the party next Monday night, March 9th, at 8 o'clock, at the grade school auditorium.

This party is to take the place of the annual banquet. There will be no admission charge. The members of the Chamber of Commerce invite their friends to come and enjoy this evening of friendship and fun.

The following program will be given:

- Invocation by Rev. W. H. Albertson.
- Song, America.
- Two numbers by High School Sextette.
- Entertainment (this is a secret).
- Two numbers by Male Quartet.
- Business meeting.
- Give my candidacy your careful vote.
- Election of officers.
- Song, God Bless America.
- Benediction, Rev. R. L. Kirk.
- Social hour.

Three Names Filed In City Election

The names of three candidates for city office were filed with the city secretary on Thursday morning. The city election will be on April 7th, and a mayor and two aldermen will be elected.

Filing their names for re-election were Mayor J. M. Terry, and Aldermen A. L. Smith and H. P. Hill.

Walter Coody made a business trip to Fort Worth last Wednesday.

Over 30 Food Stores Are Cooperating In the Plan

The Department of Agriculture's food stamp plan for bolstering domestic markets for American farm products went into effect in Knox county last Monday, it was announced here. Some 33 food stores and markets are participating in the plan, and their names appear in an ad in this issue of The Times.

Details of how the plan operates were explained at meetings of representatives of the Knox county stores. Practically all food stores in the county are cooperating in the plan by redeeming the food stamps. Here, in brief, is how the Food Stamp Plan works:

Eligible to participate in the plan will be families who receive public assistance in the form of direct relief, old age assistance, aid to dependent children, aid to the blind, and several other groups including those working on WPA certification of persons for the plan is handled by the local and state welfare departments.

Eligible persons will buy orange food stamps and receive free blue food stamps at the rate of 50¢ for each required \$1.00 purchase of orange stamps. The stamps may be used the same as cash to buy their food at all participating retail stores. Certified eligibles will buy stamps at the central issuing office in Amarillo, sending purchase orders and remittance to cover, by mail. All persons in Knox county eligible to participate in the Plan have been notified by mail, with full instructions as the minimum and maximum amount of Stamps they may purchase each month, together with an explanation of how to order stamps by mail.

The Blue Stamps can be used to buy American farm products designated as surplus commodities by the Secretary of Agriculture. All stores will prominently post bulletins listing these foods.

The Orange Stamps may be used the same as cash to pay for any food products for human consumption in the home. Stamps can not be used to buy alcoholic beverages nor for non-food products for the home such as soap, matches, tobacco, etc.

Merchants redeem stamps for cash by sending them on \$10 redemption cards to the Surplus Marketing Administration, District Audit Office, or by turning them over to wholesalers to pay accounts, or turning them over to banks for collection. Wholesalers and banks get their money direct from the Treasury Disbursing Office.

As a result of the Food Stamp Plan, public assistance families receive an increase of about 50 per cent in food buying power giving them more food and improving their health. A new domestic market outlet is created for more than seven million dollars worth of American farm products a month. Texas is one of the major producing states.

Blue food stamps distributed to public assistance families are paid for by the United States Government as a part of its program, through the Department of Agriculture, to stabilize the domestic market for American farm products.

School Census Being Taken

Census taken for the Munday schools will be around to all homes in the district within the next month to enumerate all children here. Last year the total ran 494 for the Munday district.

Children born on or before Sept. 1, 1924 or after Sept. 1, 1936 must not be enumerated. It is necessary for the parent, guardian or person rendering the child to sign the census blank.

Children may be taken in the district through March 31 and it is hoped by school officials that all children that are here now and those that move into the district before that time will be taken on the Munday census.

Census is also being taken in the Washburn and Hood communities.

Mrs. Chas. Giddings and Mrs. Everett McConnell and son of Wichita Falls spent last Tuesday here, visiting with their sister, Mrs. Robert Green.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

PLENTY FOR ALL

In a joint announcement, Secretary of Agriculture Wickard and Price Administrator Henderson recently said that food stocks in this country are abundant, and there is no need or justification for hoarding or abnormal buying.

Consumers should remember that "Scare buying" is one of the surest ways to produce price inflation. Temporary shortages are created as demand runs far ahead of supply.

The retail industry has been and is doing a magnificent job in the consumers' interest. Tens of thousands of stores, operated by both chain systems and independent merchants, are pursuing an aggressive, purposeful "price control" program of their own and are saving the public untold millions of dollars by preventing price increases that would otherwise take place.

One of the most important elements in this program is wise buying. Stores are keeping inventories at reasonable levels, instead of rushing in and building up stocks to an abnormal extent. They are buying at the most favorable season, when prices are advantageous. They are doing everything in their power to maintain orderly markets.

What the stores do on a large scale, all consumers should do on a small scale. War will cause us all to forego many a luxury, but there will be plenty of necessities to go around. An intelligent, calm public is essential to workable price control of any kind.

THERE'LL BE SOME CHANGES MADE

What does the war mean to you? How will it change your life? No one can look into a crystal ball and see reflected there the days and months ahead. Yet certain facts are clear, and clear enough, to outline the future for us.

Rubber and sugar are being rationed now, tin cans are getting scarce. Industry has stopped turning out automobiles to speed up plane production. In the golden dreamland of plenty that is America such shortages have been rare within the memory of most of us. We've been a prodigal people, secure in our industrial skill and superiority.

Now that the war years are upon us, the dreamland is bound to change. Civilian sacrifices are just beginning to march toward us over the horizon. Many more will follow. We've got to face that fact. We'll have to change our lives in drastic ways to win this war.

The majority of Americans already realize this. A recent public opinion poll indicates that more than three-quarters of them favor a 50 hour work week to help industry speed its output of weapons beyond its present high levels. More than three-quarters of them are in favor of forbidding defense strikes for the duration of the emergency.

And that's only one field where changes may be made. We're in for difficult days ahead. We're going to have to give up many luxuries until the war is over. The sooner all of us realize that, the sooner we'll be able to turn defeats into victory.

NECESSITY IS THE MOTHER . . .

Rabbits pulled out of a hat—that's what magic means to many people. But here in America today there's a better kind of magic.

There's magic in the speed with which our industries are tackling the hard, grim, task of winning victory—magic, yes, and a great deal more than magic. The success stories of swiftly rising production are often spectacular, but behind the glamor there are plenty of plain, hard work and the kind of determination to succeed that made America, and made it great.

Recently another such story came to light. American mining engineers have developed a new process to produce valuable metals from ore that used to be worthless, and they use those metals to make vitally needed chromium and aluminum. In that way they help to offset the shortage caused by the reduction of imports since the war.

Valuable as it may be, that process is only one contribution that the mining industry is making toward our war effort. Other mining operations are being stepped up, too—operations that are not profitable in normal times because labor costs are so high.

To lick the Axis we've got to use all our resources to the hilt—step up operations all along the line. And that means we've all got to work harder and do our jobs better than ever before. That's one way we can all help out in the sober days ahead.

A new board-like building material is made of excelsior, water, silicate of soda, soybean protein and quicklime. It is strong, heat-insulating, and can be sawn, planed or nailed.

Men's hearts ought not to be set against one another, but set with one another, and all against evil only.—Carlyle.

THE FRENCHMAN NOW
"Two years ago a Frenchman was as free as you are. Today what does he think,

"—as he humbly steps into the gutter to let his conquerors swagger past,
"—as he works 53 hours a week for 30 hours' pay,

"—as he sees all trade unions outlawed and all the rights for which he sacrificed his country trampled by his foreign masters,
"—as he sees his wife go hungry and his children face a lifetime of serfdom,

"What does that Frenchman, soldier, workman, politician, or business man—think today?"
Probably it's something like this: "I wish I had been less greedy for myself and more anxious for my country; I wish I had realized you can't beat off a determined invader by a quarreling, disunited people at home; I wish I had been willing to give some of my rights to other Frenchmen instead of giving up all of them to a foreigner; I wish I had realized that other Frenchmen had rights too; I wish I had known that patriotism is work, not talk; giving, not getting."

And if that Frenchman could read our newspapers today, showing pressure groups each demanding things be done for them instead of for our country, wouldn't he say to American businessmen, politicians, soldier and workman—"If you knew the horrible penalty your action is bound to bring, you'd bury your differences now before they bury you; you'd work for your country as you never worked before, and wait for your private ambitions until your country is safe . . . look at me . . . I worked too little and too late."—Author Unknown.

THIS SCRAP ON OUR HANDS
Five hundred pounds of scrap rubber are needed for every medium tank. A battleship may contain as much as 9,000 pounds of scrap metal. Ten thousand tons of scrap paper will be needed this year to make ammunition containers alone. Three miles of copper wire go into a modern bomber.

Facts like these make it clear why we Americans must begin to save materials as we never have before. Government officials say that salvage operations will play an important part in winning the war. Our industries are expanding at such a rate that they will need vast quantities of scrap to keep them going full blast, making weapons, and it's up to us to see that they get it.

Salvage campaigns are being organized throughout the country to gather material of this kind. Every one of us can help in these collection drives. Every one of us has scrap of some sort that he can contribute. If you've been saving things just in case they might come in handy, they might come in handy now for Uncle Sam. And if you haven't been saving, now is the time to start.—Industrial News.

Savings of 34,000,000 pounds of rubber a year, more than can be produced by 9,000,000 rubber trees, can be reclaimed by a new machine that removes the wire beads in the rims of automobile tires, making it possible to re-process the rubber.

A blackout awning has been devised for spring and summer use. During the day it is used like an ordinary awning to provide shade from the sun, but, should a blackout be necessary, it can be lowered to cover the entire window.

Portable landing fields have been developed for U.S. airplanes. The fields can be made of metal and can quickly be laid down on mud or rough ground, then taken up and moved to another location.

TOMORROW MAY BE TOO LATE

Gems Of Thought

UNITY
The multitude which does not reduce itself to unity is confusion; the unity which does not depend upon the multitude is tyranny.—Pascal.

Individuals, as nations, unite harmoniously on the basis of justice, and this is accomplished when self is lost in Love—or God's own plan of salvation.—Mary Baker Eddy.

Our doctrine of equality and liberty and humanity comes from the belief in the brotherhood of man, through the fatherhood of God.—Calvin Coolidge.

Whoever in prayer can say, "Our Father," acknowledges and should feel the brotherhood of the whole race of mankind.—Tryon Edwards.

Jesus throws down the dividing prejudices of nationality, and teaches universal love, without distinction of race, merit, or rank.—Geikie.

COTTON CROP INSURANCE
Boll weevils and insects will be out of luck this year as far as insured cotton farmers are concerned, Marvin Allen, secretary of the A A A, said this week.

"Last year, boll weevils and insects picked a lot of cotton in Knox county, but this year it'll be different if the cotton crop is insured," Mr. Allen said.

Cotton crop insurance, which guarantees 50 or 75 per cent of a farm's average yield, is being written by Knox county AAA committeemen. It protects the crop against all unavoidable hazards.

"Farmers who need cash to start cotton crops can use insurance contracts as collateral security for their loans. Lending agencies will be safe in their investments because 50 or 75 per cent of normal crop is already on the dotted line," the AAA official said.

Crop insurance, which protects the cotton crop from the time it is planted until it is weighed in at the gin, application must be made prior to March 31, 1941.

"Crop insurance has pegged the last hole in our farm program. We have conservation payments for soil-building; acreage allotments, marketing quotas and cotton loans for price security. This year we have crop insurance for yield security," Mr. Allen said.

The bossy colonel, while inspecting the army kitchen, stopped two soldiers who were carrying a soup kettle.

"Here you," he growled, "give me a taste of that."
The colonel was used to being obeyed, and so he received the desired taste without question or explanation. Then he spat and sputtered.

"Good heavens, man! you don't call that stuff soup do you?"
"No sir," replied the soldier meekly. "It's dishwater we was emptying, sir."

If glass utensils appear milky, clean them by boiling hot vinegar water in them until the deposit is softened. Then rub the glass with fine steel wool.

In spite of bad breaks here and there, 1941 will go into the books as the year of greatest total agriculture so far in the history of the United States, says Secretary of Agriculture Claude R. Wickard.

BRIEF ITEMS . . . Found

Any persons calling themselves an American, who is deliberately or criminally negligent and prevents even for a small time the construction of needed war material is guilty of treason in time of war, and should be dealt with publicly (not secretly) as treason merits. It is just as much treason for a man to pull off a strike and keep guns or planes or any kind of needed war goods from a Hamlin soldier boy, begging for help in the mud of a jungle as if the same person should deliberately steal the boy's gun and leave him there to die and rot. Yes, we must get hard.—The Hamlin Herald.

Do you know why the job of issuing sugar ration books has been turned over to the school teachers of the country? Our guess is it's because their work is with children, which puts them in close touch with the children's parents, who make up the bulk of the country's consumers. The teachers, who are in every community, hear from their pupils just what is going on. For children talk. "Mum" may be the work among adults, but that word is not in Junior's vocabulary, nor in Sister's either. So here's a tip: If you have children in school, don't withhold any information about the amount of sugar you have on hand when you go to the teachers for your sugar books.—The Vernon Times.

The British Food Ministry has recently been forced to cut the issue of milk to school children. The allowance is now one-third of a pint daily. The reduction was caused by a drop in the milk supplies and is expected to be temporary. However, it illustrates the difficulties that confront the British government in its efforts to carry on a tremendous war and, at the same time, import foodstuffs for the people of the British Isles.—Editor's Copy.

You seldom meet a man who is not interested in giving his children as many advantages as he possibly can, but every once in a while you run into one who doesn't seem

to realize that there's no advantage in the world that can erase the stigma of having a deadbeat for a daddy.—Haskell Free Press.

Motorists who notice their tires getting thinner week by week may find some consolation in the fact that even the U.S. Army is being affected by the rubber shortage. Since the outbreak of the war in the Pacific, for example, it has been necessary for the army to abandon the use of sponge rubber lining in the interior of tanks and rubber caterpillar treads will probably have to go too. Designs for army cars and trucks will probably be altered within the next few weeks to reduce the number of wheels and tires.—Scurry County Times.

Texas car owners were taxed nearly one-fourth the valuation of their cars in special auto taxes in 1940. And at that rate, if they keep their cars through their normal span—from new to junk—they will pay taxes on them equal to twice their average value.—The Texas Parade.

WHAT'LL THEY THINK UP NEXT?
Fertilization beneath, as well as above, the waters pays dividends! According to Science Digest Dr. C. Juday of the University of Wisconsin is experimenting with organic fertilizers, such as soybean and cottonseed meal, to increase the growth of fish in freshwater lakes. Dr. Juday's investigations showed that the crop of plants in the lakes, which consist of plankton upon which the fish feed, has considerable size and value. Expressed in terms of an equivalent

Beware Coughs from common colds That Hang On
Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Shelterbelts And Trees

Munday, Tex.—Most people are quite familiar with the fact that a windbreak of trees offers considerable protection from wind but few persons realize the extent to which such protection is afforded by such a shelterbelt.

The zone of influence of any windbreak varies directly with its height, and also, with its density and conformation. After striking a shelterbelt of ideal density and shape, the wind does not again attain its original velocity until it reaches a distance beyond the belt equal to about 50 times its height. However, the effective zone of influence is not so wide as that, and varies with both wind velocity and the purpose to be served. For example, if a 30 mile per hour wind were blowing and wind erosion occurs on the particular soil type in question when the wind velocity exceeds 20 miles per hour, the actual effectiveness of the belt in stopping wind erosion will extend over an area only two-thirds as wide as that over which it exerts some effect on wind movement.

In brief for all practical purposes a shelterbelt zone has an effective influence zone for about 20 times the height on the leeward side. They also have some influence on the windward side for a short distance.

to realize that there's no advantage in the world that can erase the stigma of having a deadbeat for a daddy.—Haskell Free Press.

Motorists who notice their tires getting thinner week by week may find some consolation in the fact that even the U.S. Army is being affected by the rubber shortage.

Since the outbreak of the war in the Pacific, for example, it has been necessary for the army to abandon the use of sponge rubber lining in the interior of tanks and rubber caterpillar treads will probably have to go too.

Designs for army cars and trucks will probably be altered within the next few weeks to reduce the number of wheels and tires.—Scurry County Times.

Texas car owners were taxed nearly one-fourth the valuation of their cars in special auto taxes in 1940. And at that rate, if they keep their cars through their normal span—from new to junk—they will pay taxes on them equal to twice their average value.—The Texas Parade.

WHAT'LL THEY THINK UP NEXT?
Fertilization beneath, as well as above, the waters pays dividends! According to Science Digest Dr. C. Juday of the University of Wisconsin is experimenting with organic fertilizers, such as soybean and cottonseed meal, to increase the growth of fish in freshwater lakes.

Dr. Juday's investigations showed that the crop of plants in the lakes, which consist of plankton upon which the fish feed, has considerable size and value. Expressed in terms of an equivalent

Beware Coughs from common colds That Hang On
Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. LIFE SAVER FOR Cold Weather Starting

Are you all at sea about what to do when your motor suddenly refuses to start because the temperature is low?

Here's the answer: Just fill the tank with Phillips 66 Poly Gas. That's the quick, easy way to find out what a difference high test makes.

A touch of the starter, and your engine rolls into action with split-second speed. It's got to, because any engine in good mechanical condition will start provided the gasoline in the tank is "hot" enough.

And Phillips 66 Poly Gas is extra hot! . . . without a penny of extra cost!

Try a tankful. Compare. See if Phillips 66 Poly Gas doesn't give you just about the fastest cold-weather starting, and the finest cold-weather performance, you have ever enjoyed.

Remember, the Orange and Black 66 Shield is High Test Headquarters for car owners . . . because Phillips is the WORLD'S LARGEST PRODUCER of natural High Test Gasoline.

Phill-up with Phillips for Instant Starting

Large Crowd Entertained At P. T. A. Game Night

At the P.T.A. game night held in the ward school building last Friday evening, several dollars were added to the fund to pay for band suits with students and patrons enjoying the games.

Some played badminton, shuffleboard, ping-pong while others spent the time playing forty-two, eighty-four, and dominoes. Tournaments were played for beginners in badminton and H. Stodghill won the singles while H. Stodghill and Buddy Gafford took the doubles. In ping-pong, W. Blacklock won the singles tournament.

In typewriting three students have met the minimum speed and accuracy requirements for the year. The requirement is 30 net words per minute on a 15-minute test with a maximum of 5 errors. These three students are Ben Bowden (39.6 net words with 5 errors), Patsy Ruth Kirk (33.5 words with 4 errors), and Helen Williams (31.3 words with 5 errors).

Freshman News

There's not much news in the ninth year section this week. Why don't some of you Freshmen stir up some trouble—or something?

Oh yes, some of our little girls are regular detention students now. It seems that their school hours last until 5:45 every afternoon.

Mr. Perryman decided that the only way to get us to study our Algebra is to give us a test every single day! It has brought a few grades up—but there are some of the students making grades that would shame the worst dumb-bell. Six weeks exams are coming up, so all of the Freshmen should set up and listen instead of whispering and giggling during class periods. It might help save that paper that the detention list goes on for na-

tional defense.

Sophomore News

The Sophomore class is doing fine in the number of stamps being bought but only the others are still beating us. Let's buy more stamps and those that have not bought them, please do, for everyone wants the school to be 100 per cent stamp buyers. Remember Uncle Sam has a big job ahead.

It seems as though there are many books in the Soph section that need new covers or don't even have one. It is interesting to know that one can usually tell the sort of person you are by the book cover. Also, quite a few people delight in marking on someone else's book. Are you guilty?

Junior News

The juniors have become rather excited about finding that our play books have been ordered and are anxious to start practicing. The name of the play is, "Lena Rivers." Those that have read the play are very pleased with it and we know we will enjoy presenting it.

The Juniors have just awakened to find that another six weeks have passed and the time has come to start cramming again.

The Junior Red Cross of the Monday public school purchased two books last week for the soldiers. The books were "One Rose Forever" by Mildred Jordan and "The Sun is My Undoing" by Marguerite Steen. These books were given to Mr. McGaughey who will deliver them.

We will be glad to have any books you might have in your homes which you would like to donate to the soldiers' library.

First Grade News

We are sorry that Donald Caviness has moved away. We miss him very much. Donald was a fine pupil. We hope he does well in school wherever he goes.

Many of our class are ill of mumps, colds, etc. We hope everyone will soon be back in school, for we are ready to start a new project in Social Science.

Phonics is a very fascinating study for us. We study phonics most every day. We have learned to spell so many new words since phonics is such an important part of our work.

Second Year Enjoy Show

Most of the second year class had a good time playing in the beautiful snow, and regretted it melted so rapidly.

George Spann spent a week end recently in Lawton, Okla. He told the class several interesting things about the trip.

We are missing the children who are absent from our class due to illness. Hurry and get well, boys and girls, we need you.

Eighth Year News

In arithmetic the eighth year pupils have been studying about the area of circles and triangles and about pi . . . no, not the kind you eat, but the kind that is easy as pie.

Many of the pupils of the eighth year class have been out because of mumps. But we are very glad to have several of our pupils back. We miss Mary Tom very much and hope that she may be able to be back with us soon.

The eighth year pupils bought \$20.20 in defense stamps. Joe bought a bond last week. We hope this will remind you to buy some

stamps today.

Many boys and girls at this age have nick-names. They may not be their nicknames long, but we thought we would like to mention some of their nick-names in this week's news.

- Mary Alice: Becky.
- Joseph: Jody.
- Bobbie: Bugs.
- James C.: Cadel.
- Joan: Red.
- Emogene: Emma.
- Billie: William.
- Betty Jane: Sweet Pea.
- Oleta: Sookie.
- Louis: Louise.
- Faye: Lil.
- Lucille: Lucy.
- Avanell: Ava.
- Howell: Frank.
- Margie: Pargie.
- Walter: W. P.
- Patsy: Cherry Co.
- Willis: Pip.
- Robert: Podunk.
- Martha: Neger.
- Charles Roden: Charlie.
- John: Hamburger.
- Kenneth: Saw Dust.

Senior Report

The Seniors are proud of the fact that they led the high school last week in buying stamps. We bought \$17 worth with the next highest amount \$11. Keep up the good work, Seniors, and we will come out "tops" in winning the war.

The Seniors are starting their play practice and are hoping it will not have to be postponed again. One member of the cast, Willard Reeves, has the mumps and a number of others have been exposed and are just hoping they don't take them, especially at an important time like this.

It looks as though there are a number of pictures being made for the annual during these few weeks so don't be surprised if some goofy looking picture of you happens to appear in the annual, that should make you want to buy an annual just to see the funny faces as well as things you will always want to remember that happened in MHS during the year of 1941-42. Buy an annual before they are all gone or before it is too late!!!

NYA AND WPA TO HELP IN LABOR SHORTAGE

In view of the increasing shortage of farm labor in some areas, the State U.S.D.A. War Board calls attention to the following:

The offices of the Texas Employment Service contain registers of all NYA enrollees and WPA laborers in their areas. Farmers can obtain names of suitable farm laborers from these rolls. Any farmer needing labor may offer employment to men suitable for farm work on the WPA or NYA rolls, at the prevailing wage rate being accepted in that area by farm workers, and if the offer is refused, such persons will be dropped from the WPA or NYA rolls for the duration such farm employment continues.

The farmer needing labor should not offer work directly to persons on the rolls but should submit his requests to the local offices of these organizations.

If any instances occur in which such offers are rejected and the enrollees are not dropped from the rolls, the county war board should report such instances to the State USDA War Board, giving the names of enrollees, date on which work was offered, name of official through whom offer was made, and location of office. The state board will then take the matter up with the proper authorities.

Maurice Stapp, who is attending Hardin-Simmons University in Abilene, spent the week end here with his parents, Mr. and Mrs. Raymond Stapp. Mrs. Stapp took him back to Abilene last Monday.

Mr. and Mrs. Carl Griffith and family of Rocky Ford, Colo., visited in the home of Rev. and Mrs. Luther Kirk the latter part of last week. Mrs. Griffith and Mrs. Kirk are sisters.

THE POCKETBOOK OF KNOWLEDGE BY TOPPS

TEXAS OUT-O-DOORS

Austin, Texas.—Even birds are joining Uncle Sam's army, and believe it or not, they'll play a big part in winning the war, the Game Department revealed today.

There's no joke about this. The species referred to is the Antwerp Messenger Pigeon, commonly called the carrier pigeon.

In the Army Signal Corps they have what is known as a Pigeon Service, and one of the tight base lofts in the United States is located in Texas to serve the army Eighth Corps Area.

The Legislature last year passed a law making it illegal to kill or maim or molest any of these carrier pigeons in Texas. Game Wardens months ago were instructed to enforce this law diligently and all peace officers have the right to enforce it.

To date the Game Department has no record of a single violation, but the Department today warned sportsmen to be on the alert and never take a shot at any one of the birds. It may be bearing an important army message.

The question then boils up, "How can I identify a carrier pigeon?" That's about as tough as the identification of ducks by inexperienced (or experienced) waterfowl hunters who are supposed to leave

The coloration varies, just as does the coloration of the domestic pigeon. So you won't get any help at all there.

But they are a little smaller than the domestic pigeon, and more streamlined . . . built, say, like mourning doves. The carriers are larger than mourning doves, however.

Since carrier pigeons are thus virtually indistinguishable from domestic pigeons, the best thing to do in order to stay within the law and help out the army would seem to be just let all pigeons alone. Don't kill any of them.

As for the carrier pigeons joining Uncle Sam's army, that's no joke either. Most people don't know it, but, the Game Department said, there are over 300 civilian lofts of these birds in 19 Texas cities, and each of these lofts has been registered for auxiliary service at the request of the War Department. They're "in the army now."

Most other kinds of birds are helping out in this war too, for that matter. What would we eat if it were not for the birds? Without them we could grow no crops, because insects would destroy them in the fields. The birds, by feasting on insects, make it possible for us to grow most of our food. It is roughly estimated that the birds of Texas are worth \$94,000,000 annually to Texas agriculture.

So, birds and wildlife generally are doing their part, just like air raid wardens and other workers among us human beings. Let's all do all we can to protect wildlife during this war.

G. B. Hammett was in Abilene last Tuesday, where he attended one of the regular safety meetings held by the Banner Ice Co.

J. A. Caughran and J. C. Campbell attended the annual Chamber of Commerce banquet in Seymour last Thursday night as representatives of the local chamber of commerce. They reported a very enjoyable banquet and an interesting program.

Edison's Ideas Go to War

American scientists and inventors, many of them working in the laboratories of American industry, will play a big part in helping to win the war.

1. Thomas A. Edison, born 95 years ago on February 11, was one of America's greatest inventors. In addition to his famous lamp . . .

2. . . he built the first of America's electric power systems, and discovered some of the principles which other scientists used to give us the radio.

3. Today electric light, electric power, and radio—so much improved that Edison wouldn't know them—are performing many vital tasks in America's war effort.

4. And scientists throughout the nation, in laboratories like the G-E Research Laboratory, are working, as Edison once worked, to bring victory.

Mrs. Barton Carl Is Complimented At Tea on Tuesday

Complimenting Mrs. Barton Carl, a recent bride, Mrs. J. C. Harpham, and Mrs. Dorse Rogers entertained with a tea in the home of Mrs. Harpham last Tuesday afternoon.

Mrs. Arthur Smith, Jr., presided at the table which was laid with a Normandy lace cloth, with silver appointments. Blue antique bowls of yellow jonquils graced each end of the table.

The guest list included Mesdames Travis Lee, W. M. Huskinson, Lawrence Kinsey, Arthur Smith, Jr., Carroll Blacklock, Effie Alexander, M. H. Reeves, W. R. Moore, C. P. Baker, A. H. Mitchell, H. A. Pendleton, Robert Green, Bob Davy, Paul Pendleton, Travis Jones, Hugh Beaty, Gene Harrell, Wade Mahan, Jerry Kane, Rupert Williams, Carl Jungman, Fred Broach, Jr., W. V. Tiner, Louise Ingram, Grady Roberts, Agnes Mayes, A. A. Smith, Chan Hughes, W. M. Taylor of Goree and Lavoy Burton of Haskell; Miss Louise Atkeison and Miss Jeanette Campbell.

Sheffey Mahan of Childress is visiting in the home of Mr. and Mrs. Wade Mahan.

Lott Koffer and Walter Coufal of Seymour were business visitors in the city Wednesday afternoon.

Jake Curo of Gilliland was here last Tuesday, attending the livestock auction sale.

Munday Study Club Has Annual Texas Day Program

Mrs. Dorse Rogers was hostess when the Munday Study Club met last Friday afternoon at the Club house, for the annual Texas Day program.

Mrs. Jim Reeves was director of the program and discussed "Uncle Sam's Big Naval Base." Mrs. J. C. Borden discussed Air Schools and Mrs. J. C. Harpham gave a very interesting discussion of Texas, the Choice of Army Training Schools.

The Pledge to the Flag was given by about 15 members present for this meeting.

Christian Service Society Meets With Miss Shelley Lee

The Woman's Society of Christian Service, an organization of Methodist women, met last Monday afternoon in the home of Miss Shelly Lee. This was the regular business and social meeting.

Mrs. Luther Kirk led the devotional, and Mrs. Dorse Rogers was leader of a very interesting program on India.

At the close of the social hour the hostess served cake and hot tea to the members. About 25 ladies were present for this enjoyable meeting.

IT PAYS TO ADVERTISE

Wesleyan Service Guild Meets With Mrs. Joe B. King

On Monday night, March 2, the Wesleyan Service Guild met in the home of Mrs. Joe Bailey King for its first business and social of the year. The Guild observed guest night at this meeting.

A business session, led by Mrs. King, climaxed the work for 1941 and included reports of the work already accomplished during the new year. After the business session the following gave parts on the program:

Devotional, Miss Merle Dingus; prayer, Mrs. O. H. Spann; "Tightening My Belt," Miss Burnett, and a playlet was presented by Meses. R. L. Kirk, Ellen Bounds, Layne Womble, Levi Bowden and Miss Ruth Baker.

Guests present for the meeting were Meses. Paul Pendleton, C. P. Baker, L. S. Hardegree, Kunkle and Meses Dolores Campbell, Kathleen Burnett and Elizabeth Mounce. Members present included Meses. Aaron Edgar, M. F. Billingsley, Joe Bailey King, Levi Bowden, Jeanette Campbell, R. L. Kirk, Ellen Bounds, Layne Womble, O. H. Spann and Meses Merle Dingus and Ruth Baker.

After refreshments were served by Mrs. Billingsley and Ruth Baker the Guild adjourned to meet next Monday night in a Bible study with Mrs. Bounds as leader.

Music Club Meets Thursday With Mrs. W. R. Moore

Selections by Schumann and study of the composer's life featured the program of the Munday Music Club last Thursday afternoon, when members met in the home of Mrs. W. R. Moore.

Unison singing of "America" opened the program, which was presented under the direction of Mrs. P. V. Williams. Mrs. Jerry Kane gave a synopsis of Schumann's life.

Mrs. Clyde Kenamer played "Traumerie" on the piano, followed by Mrs. C. P. Baker, who read poetry on community life. "Slumber Song," a violin number, was played by Mrs. Travis Lee, accompanied at the piano by Mrs. Louise Ingram. Mrs. Don Ferris sang "Golden Dreams," with Mrs. Ingram as accompanist.

Mrs. S. E. McStay was welcomed as a returned member, and Mrs. W. R. Mitchell was presented as a guest.

Parliamentary drill conducted by Mrs. L. M. Palmer preceded the business session. Procurement of sheet music, records and instruments for the USO was stressed as the immediate project of the club.

The next meeting will be in the home of Mrs. Frank Bowley, on March 13th. Mrs. Bowley extends a cordial invitation to anyone wishing to visit with the home demonstration club.

Mrs. Neva VanZandt will give a demonstration on that date on the care and management growing chicks.

Sewing Club Has Meeting in Home Of Mrs. Barnard

Mrs. M. L. Barnard was hostess to the Mystic Weavers last Wednesday afternoon. A delightful afternoon was spent sewing for the Red Cross.

A refreshment plate was served to Mrs. R. D. Atkeison, Mrs. Oates Golden, Mrs. Chan Hughes, Mrs. H. B. Douglas, Mrs. J. C. Borden and the hostess.

J. C. Seaton and son, J. C. Jr., were business visitors in Vera last Monday. The Seaton family recently moved from Vera to the Sunset community, where Mr. Seaton has purchased a farm.

Mr. and Mrs. W. T. (Walter) Henderson have received word from the War Department that their son, W. T. Jr., is missing. He was in the Philippine Islands. Mr. and Mrs. Henderson are living in Rising Star but formerly lived in Munday.

Sunset's Home Demonstration Club Meets on Tuesday

The Sunset home demonstration club met on Tuesday afternoon, February 24, in the home of Mrs. Ellis Nix.

Mrs. Hicks was in charge of the program and gave a very interesting talk on yards and flower gardens for farm homes. Red Cross work was reported done by some of the members.

The club will meet with the county agent on Tuesday, March 10, in the home of Mrs. W. E. Pack. Ten members and one visitor were present.

BOMBER DRAWS A BEAD

Passed by Censor

The art of bombing isn't learned in a day. It is an art, and for it men have to be specially selected and must undergo weeks of constant, careful training. The job is usually that of the observer to whom is also entrusted the task of navigating the ship. He must also know how to handle the rear guns in a pinch and he must also understand enough about flying to bring the plane down safely if the pilot is put out of action. He is probably the least publicized and yet the most important member of a ship's crew. The photograph shows a young Canadian observer at the bomb sight in the belly of a Fairley Battle Bomber, one of the many types of machines which Canada is using in the greatest flying school in the world, the British Commonwealth Air Training Plan. Ten per cent of the men in training are Americans.

Munday H. D. Club Meets on Friday With Mrs. Howell

The home demonstration club met last Friday afternoon in the home of Mrs. R. H. Howell. Mrs. Lonnie Offutt presided and roll call was answered with "Efficiency in Home Making." One answer was "Keep all clothing mended and pressed," and another was "A balanced meal kept on an emergency shelf."

The chairman appointed the following committees, finance, expansion, education, exhibit, recreation and year book. All members are working with the chairman of each committee.

The next meeting will be in the home of Mrs. Frank Bowley, on March 13th. Mrs. Bowley extends a cordial invitation to anyone wishing to visit with the home demonstration club.

Mrs. Neva VanZandt will give a demonstration on that date on the care and management growing chicks.

Sewing Club Has Meeting in Home Of Mrs. Barnard

Mrs. M. L. Barnard was hostess to the Mystic Weavers last Wednesday afternoon. A delightful afternoon was spent sewing for the Red Cross.

A refreshment plate was served to Mrs. R. D. Atkeison, Mrs. Oates Golden, Mrs. Chan Hughes, Mrs. H. B. Douglas, Mrs. J. C. Borden and the hostess.

J. C. Seaton and son, J. C. Jr., were business visitors in Vera last Monday. The Seaton family recently moved from Vera to the Sunset community, where Mr. Seaton has purchased a farm.

Mr. and Mrs. W. T. (Walter) Henderson have received word from the War Department that their son, W. T. Jr., is missing. He was in the Philippine Islands. Mr. and Mrs. Henderson are living in Rising Star but formerly lived in Munday.

Hefner H.D. Club Meets Tuesday In W. M. Taylor Home

The Hefner home demonstration club met on Tuesday afternoon at three o'clock in the home of Mrs. W. M. Taylor of Goree. Roll call was answered by giving "My Favorite Breed of Chickens, and Why."

After the business session, the meeting was turned over to the home demonstration agent, who gave an interesting lecture on the care and management of growing chicks and the feed and care of laying hens. Information sheets on the victory gardens were passed out.

A refreshment plate was served to Meses. E. J. Jones, J. E. Cure, R. L. Lambeth, Roy Jones, Homer Lambeth, B. Holder, Marion Jones, A. W. Aiken, T. Standlee, Neva VanZandt, T. Williams of Wichita Falls, S. G. Hampton and the hostess.

The next meeting will be with Mrs. C. E. Jones on March 17 at 3:00 p.m.

The next meeting will be in the home of Mrs. Frank Bowley, on March 13th. Mrs. Bowley extends a cordial invitation to anyone wishing to visit with the home demonstration club.

Mrs. Neva VanZandt will give a demonstration on that date on the care and management growing chicks.

New Deal Club Meets Thursday In Kimsey Home

Mrs. Carl Jungman held high score honors when the New Deal bridge club met in the home of Mrs. Lawrence Kimsey last Thursday afternoon.

Mrs. W. M. Mayo, Mrs. Louise Ingram, Mrs. Agnes Mayes and Miss Louise Atkeison came as tea guests. Others present were Mesdames Fred Broach, Jr., Wade T. Mahan, W. M. Huskinson, Dorse Rogers, J. C. Harpham, Sebern Jones, Grady Roberts and the hostess.

GIVES BOOK REVIEW

Mrs. Chan Hughes went to Knox City today (Thursday) to give a review of the book, "There Shall Be No Night." The book review, given in the home of Mrs. Benton Anderson, was sponsored by the Knox City Book Club for its members and guests.

Munday In The Movies Will Be Re-Shown Soon

Last Friday afternoon a small, and select group, saw the film, "Munday in the Movies" at the Roxy Theatre. This is a motion picture of activities in Munday, showing the schools, churches, street scenes and other things of interest as participated in by local people.

The picture was made in February, 1926, and has been shown here on several occasions.

This small group got many laughs out of seeing local people, most of whom are still living, in their style of dress popular in 1926. Many kiddies shown in the local schools have grown up and taken their part in the business and professional life, some of them are now in military service.

The group which laughed and snickered and wise-cracked about the picture was composed of P. V. Williams, Harvey Lee and Aaron Edgar. Joe Bailey King was also enjoying the scenes from the projection room.

Mr. Williams stated he plans to show the picture at the Roxy Theatre soon. So if you want to see your friends, and maybe yourself, in the tip-top styles of '26, watch for the date of this showing.

WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent

Mr. and Mrs. J. A. Hill and family visited relatives at Sunset recently.

Mr. and Mrs. A. D. Wallace and Mr. and Mrs. Louis Wallace visited relatives at Abilene last Sunday.

Mr. and Mrs. Jerry Nix of Sunset visited in the home of Mrs. Nix parents, Mr. and Mrs. H. C. Claborn, last week.

Mr. and Mrs. Cecil Gulley of Munday visited relatives here last week end.

Mrs. Ezel Reynolds of Munday visited Mrs. J. M. Smith last Monday.

Mr. J. W. Gulley received a message that his mother at Bridgeport was seriously ill. He left at once to be at her bedside.

HARRELL IS APPOINTED SCHOOL BOARD MEMBER

E. W. Harrell was recently appointed as a member of the board of trustees for the Munday Independent Schools, it was announced this week, and he met the board last Tuesday night for his first time as an official member.

Mr. Harrell was appointed to fill the vacancy created through the resignation of L. B. Paterson, who has moved out of the Munday district.

Mr. and Mrs. T. G. Bengel attended the Chamber of Commerce banquet in Seymour last Thursday night. They were guests of Mr. and Mrs. R. L. George.

 R. V. (Bob) BURTON
 Re-Election

For State Representative, 114th District:
 CLAUDE CALLAWAY

For District Attorney, 50th Judicial District:
 C. E. BLOUNT
 (Re-Election)

For County Clerk:
 M. T. CHAMBERLAIN
 (Re-Election)

For Commissioner of Precinct One:
 CLAUDE A. RICHARDSON

For County Judge:
 J. C. PATTERSON
 (Re-Election)

For Sheriff:
 J. J. (Jim) STEPHENS
 L. C. (Louis) FLOYD

For County Superintendent:
 MERICK MCGAUGHEY
 (Re-Election)

At The Churches

AT THE METHODIST CHURCH

Luther Kirk
 Will victory for the Allies bring peace to our world? For a time, no doubt—but not for long, unless the thinking of men is changed.

The world of today is confronted with two clashing philosophies: Christianity and outright paganism. Christianity seeks to promote enlightenment, understanding, good will, and co-operation. It exalts the worth of the individual and seeks to build a democratic society in which every man has the right to freedom of worship, freedom of speech, and freedom of life.

Paganism denies these freedoms to individuals and through totalitarian forms of government seeks to coerce the individual and exalt the state. It breeds suspicion, distrust, malice and hate, and seeks by ruthless conquest to enslave other peoples for the building and exaltation of its own power.

Victory and peace will be ours only as we promote the Christian principles and cause the same to be incorporated in the lives of other peoples of the world. To what extent are you engaged in the promotion of permanent peace?

Let's make this a great year in that many souls may be led to Christ and Christian living. Our summer revival will begin July 12 and will continue through July 26. Rev. H. H. Hollowell will do the preaching. Rev. W. M. Culwell will direct the singing. Of the preparations to be made the first is the preparation of ourselves. Let's do that now.

Attend the services Sunday. We need you and miss you when you are absent.

FIRST BAPTIST CHURCH

Next Sunday our Sunday Schools everywhere are studying the evils of the Liquor Traffic. God says in Prov. 20:1, "Wine is a mocker, drink is raging; and whoever is deceived thereby is not wise."

The American people spend more than ten million dollars a day for liquor, and there are twice as many saloons as churches. Drink is wrecking the lives of many men and women today. It is said, sometimes, that men turn to drink to drown their troubles. That is the moral coward's route. Some say liquor has a medicinal value, and begin the habit through that subterfuge. Dr. Robert S. Carroll in his book "What Price Alcohol?" says, "Repeatedly, patients lay the blame for the preblem drinking at the door of physicians. I recall a score of women who claimed their drunkenness was due to their doctors who counselled them to take a hot whiskey for any of a dozen minor ills. A larger number of men were advised to keep a bottle in their desks for use when they felt let down and needed something after an attack of gripe or even a sharp cold. Numbers come to mind for whom liquor was prescribed for poor appetite, and, conversely, for the discomforts of indigestion; or to fortify the patient against catching cold or picking up the flu; or regularly before the evening meal when one has had a hard day; and even more often as a hypnotic for both men and women at any wakeful hour. "Keep it at your bedside." In the same book, Dr. Carroll states, "There is no level of conduct-

worked on one yesterday. Several children ate snowballs and some had ice cream.

Faye Lowry was in Stamford Saturday and saw the airport. She says our miniature airport looks very much like the Stamford airport.

Donell Phillips' grandmother and granddaddy of Seymour spent Sunday night with her.

We have a new flower, some ivy, which our teacher brought back from Denton last Sunday. We like it very much because Jane McLeroy sent it to us.

We made two more flower boxes the past week. We hope we have better luck with our next flowers than with our poppies which are up from the third planting.

We are glad to have Billie Wayne Parvin of Vera in the second grade.

Jo Eakin is back in school after having had the measles.

standard which may not be panned to satisfy the yearn for drink. No promise too sacred, no memory too revered, no duty too obligatory, no opportunity sufficiently far-reaching—they all melt before the whiskey crave. For drink men have perjured their word, no longer binding; women have defiled their honor, no longer valued. No price is too humiliating to pay for the bottle of depraving forgetfulness."

In the current issue of The Reader's Digest in an article, Trained First Aid, On None at All! the writer certainly turns the red-light signal on the use of whiskey for accident victims. He says, also, "And remember that whiskey is no cure for snake-bite; it should not be given at all." The nefarious stuff robs the home of its happiness, the children of their bread, the mother of her self-respect, and the father of his honor. It grays hair, breaks hearts, and sends souls to hell. God speed the day when we shall be rid of the terrible stuff!

Be on time for Sunday School Sunday morning at 10:00 o'clock. Preaching service at eleven. Evening services at 7:30 and 8:30.

Don't take this lying down.

Wichita Falls Show To Exhibit 10 Knox Calves

Nine Knox county youths, including Pat Hill of Munday, are sending entries to the 11th annual Four-H Club and F.P.A. Baby Beef Show and Auction in Wichita Falls March 4, 5 and 6 under sponsorship of the Wichita Falls Junior Chamber of Commerce.

Others in the group are Billy and Hardy Richards of Vera, Hope and Finis Bratcher of Vera, Elton Scott of Vera, Charles Hickman of Truscott, Harold Jones of Goree and Stanley Glover of Benjamin.

A total of \$316.50 in cash prizes has been posted for the 11th annual show, and a new record average price per pound will be sought at the morning auction which closes the event Friday, March 6th. Last year, more than \$8,000 in auction receipts were paid to the youthful feeders of the 50 calves in the show. The average price per pound paid exceeded 19 cents.

The show will be held in a new location at 406 Sixth Street in Wichita Falls, just east of the business district, at the Judd Grain Company warehouse. The auction is to be conducted in Wakefield's Wrestling arena across the street.

Knox county, the host county, and 18 other counties in farm district 3 are eligible to send entries to the show.

V-Sign Placed On Agriculture

College Station.—The Texas US DA War Board put the V-Sign on agriculture today in announcing a state-wide "Plant for Victory Week" beginning March 1.

B. F. Vance, chairman, served notice on county USDA War Boards to let no farmer enter planting season "without full personal knowledge of his wartime food production responsibilities."

"Plant for Victory Week" will be the occasion for clearing the way in each county for Texas' greatest food production record in history, Vance said.

In a farm-to-farm canvass last fall, Texas farmers indicated they

36 Ford Tudor... 34 Ford Tudor... 33 Chevrolet Sedan, and others

Keep your car in good serviceable condition by repairing defects before breakdowns!

—We Service All Makes of Cars—
Bauman Ford Motors
 MUNDAY, TEXAS

were ready to exceed virtually every food production goal set up under the "Food for Victory" program.

"But," Vance added, "after the Japs attacked us at Pearl Harbor and we plunged into war, our production goals were raised in line with the unforeseen developments."

"Fortunately, these developments came ahead of planting time, and we believe Texas agriculture is prepared for this unprecedented production job."

"We hope that as a result of the interest which can be aroused during a special week emphasizing the importance of planting to meet our goals, every farmer will realize he plows and plants with a purpose. And that one purpose is Victory."

HEFNER NEWS

The meeting here on Monday night, March 2, which was held at the school building was attended by a large number of people. The meeting was to discuss the food for freedom program, victory gardens and defense. Talks on victory gardens were given by R. O. Dunkle and Mrs. Neva VanZandt. Marvin Allen and August Schumacher talked on the all-out for defense program.

Mrs. T. W. Williams of Wichita Falls is visiting her sister, Mrs. Roy Jones, this week.

E. J. Jones and L. L. Hendrix recently visited relatives at Slaton and O'Donnell.

Grandma Payne is being treated in a Lubbock hospital, it is reported here.

Mrs. D. G. Jones has recuperated from her recent illness.

Mrs. L. D. McElhannon and A. L. Haskins and family attended church services at Judd, near Rochester, and took lunch in the Alf Hutchens home recently.

Farmers are proud of the snow which came the first of this week. It added considerable moisture to the fields.

Mrs. Ed Jones visited her sister, Mrs. C. Griffin, at Kamay last Monday.

Memorial services for Robert Bates, former Knox county youth, were held at Kamay last Sunday.

Robert, who was serving in the navy, was reported lost on December 7th in the Jap raid on Pearl Harbor.

J. F. Cooper of Weinert was a business visitor here last Tuesday afternoon. While here Mr. Cooper was a caller at the Times office and had the Munday Times sent to his address for a year. After the family reads the Times, it is sent on to their son, Cecil, who is in service in the Air Corps at Salinas, Calif.

Mr. and Mrs. Ben Yarbrough were business visitors in Wichita Falls on Tuesday and Wednesday of this week.

Seniors on Parade

Florine Decker
Florine was born on April 4, 1925, at Rhineland. She has received all of her schooling at Rhineland, has also had the highest average in her class. She is Senior reporter this year. Her chief characteristics are: She likes to have a good time, she blushes easily, and she loves to daydream. She plans to be a bugle-boy's wife. (Anyway, that's what the other Seniors think.)
Some of her favorites:
Song: "Deep in the Heart of Texas."
Actor and actress: Robert Taylor and Rosalind Russell.
Color: Blue.
Hobby: Dancing.
Nick name: Decker.
Saying: "Oh, Gee!"

Junior Report

We have finished the first section of our book in geometry and find that we have learned quite a few things from it.
We are going to have a party in History next Thursday. We will have songs and biographies on a few of the famous generals in the period of the Civil War in the United States.
The Juniors are still buying stamps

RHINELAND COMMUNITY NEWS

Two electric lights were placed on high poles at the entrance in front of the St. Joseph's church last week. These lights are remedying a very inconvenient situation resulting from church-goers having to grope their way among parked cars, and uneven ground at night services.

I GIVE YOU TEXAS
by
BOYCE HOUSE

Vigorous writing that carries one back to the days of old-time journalism was dashed off by "Whitey" Hicks, editor of the Glen Rose Journal recently:

We got bureaus to tell you how old a man is before he will quit looking. We got bureaus to tell you whether an old maid will refuse to marry the first pair of trousers that proposes. We got bureaus to tell you when it is time to get up and go to bed. We got bureaus to tell you what you are thinking about and what you will be doing day after tomorrow.

We got bureaus who can tell you when a June bug will June. They can tell you the size of an ant's navel. But not one committee, bureau, drawer, or any other of the many knowledge hounds knew a thing about the facts of the size of the Jap navy; how many tanks they have; the size of their army, the number of airplanes, bombers, etc. They knew everything except what is worth a d--.

We are not criticizing our great leader and a few men who really know what it is all about. The President has been trying for years to get something done. Us common people are backing him 100 per cent.

Don't you shudder to think what Mr. Hicks will write—when he gets around to it—about this matter of granting exemptions from military service to labor leaders simply because they are labor leaders? And similar exemption to the movie stars?

At the last count, there were only 250 livery stables in the United States, doing a business of \$1,372,000 annually. But they're due for an upswing. Incidentally, Gov. Coke Stevenson says if the tire shortage means a horseback campaign, he can "take it." In his youth, he operated a wagon freight line and he still rides a horse. (Of course, he probably would rather not have any campaign at all.)

Said the junior partner in a Beaumont law firm to his pretty stenographer, "Are you doing anything Sunday evening?" She replied hopefully, "No, not a thing." He said, "Then try to be at the office earlier Monday morning, will you?"

You are one of more than a million persons who read this "column," which appears in over 200 Texas newspapers—nearly all of them weeklies in the small cities and towns. "I Give You Texas" started four years ago, and, as the average length is 800 words, that means a total of around 166,000 words, the equivalent of two long novels. Not a week has been missed though the columnist might have been in Hollywood or New Orleans or Mexico City.

Actual writing of one of these "columns" takes about half an hour... plus 45 years of having lived. It's found out with two fingers on an ancient typewriter bought, appropriately enough, from a man who was a member of the crew that drilled the discovery well

Uncle Sam Needs Your Help!
FOR DEFENSE

BUY UNITED STATES SAVINGS BONDS AND STAMPS

YOUR POST OFFICE OR BANK

People, Spots In The News

KILLED FOUR—Torpedo fired by Axis submarine in attack on tankers off Aruba, Dutch West Indies. It drove up on beach unexploded. Later missile exploded, killing four Dutchmen who were trying to take it apart.

BURYING THE AXE to beat the Axis, industries once competitive today cooperate in U. S. war effort. Latest example: Anaconda Copper needed more machinery to meet war demand for copper cable. Its peace-time arch-competitor, Aluminum Co. of America, found bulk of its own metal going into planes, turned over vast quantities of temporarily idle cabling machinery (such as pictured) to Anaconda at far below cost.

in the Ranger field, a subject on which this chronicler has written one whole book and part of another. The clatter of the old typewriter is inspiring and the resistance the machine puts up is good physical exercise. I want no typewriter that is a pushover.

Nearly all the editors publishing the column send a copy of their papers and so 200 are scanned each week—(try that some time on your ukelele). In this way many unusual bits of human interest are run across and passed on to you.

Chief fear at the start was of running out of material. Quite the reverse has happened for if not a new town was visited or a person seen or an emotion experienced or an impression received, the notes on hand would provide sufficient copy for a year. But enough of this subject—except for the hope that you'll keep on reading "I Give You Texas."

Beautiful thought from a poet:
"Life, like a dome of many-colored glass,
Stains the white radiance of eternity."
And this:
"To me the meanest flower that blows can give
Thoughts than do often lie too deep
for tears."

Censure is the tax that a man pays for being eminent.
And experience is what you get when you are looking for something else.

Beneath this stone, in hopes of Zion,
Is laid the landlord of the Zion.
Resigned unto the Heavenly Will,
His son keeps on the business still.
(On an old English tombstone)

Mrs. C. C. Coates of Knox City visited with Mr. and Mrs. Curt Coates and daughter, Belinda, a few days last week.

Wade Mahan visited in Childress last Tuesday. In Wellington he visited with his parents, Mr. and Mrs. J. A. Mahan.

Miss Floy Nelson, who is attending Weatherford Junior College, spent the week end here with her parents, Mr. and Mrs. E. H. Nelson.

Texas Farmers Helping Build War Machines

College Station.—Thousands of tons of scrap metal off Texas farms are flowing in a steady stream to the steel plants of the nation for ultimate conversion into the weapons needed to win the war.

From county after county, the Texas USDA War Board has received reports of vast amounts of scrap iron being moved to concentration points for sale and shipment to conversion plants. The scrap collection campaign on the farms is under the direction of the 254 county USDA war boards in the state.

Here are a few sample reports from county war boards:
Blanco county: Three scrap iron buying places were opened. Cards were mailed to producers urging them to bring in their scrap during the week of January 26-31. The motion picture theatre is running slides emphasizing various phases of the Food-For-Freedom program, including the scrap campaign.

Milam county: During one week of intensive campaigning, county farmers brought in more than 300,000 pounds—and it's still coming. Plan used was to set certain days for acceptance of metal at certain points in county.

Young county: Some farmers bringing in load of scrap every time they come to town. County U. S. D. A. war board sent circular letters to all producers and used the press to the fullest advantage.
Limestone county: "Scrap Iron Week" gets going February 9. Buyers will be on hand at various points in county on specified days to purchase the metal.

Bee county: Working with the county's schools, War Board urged students to bring in scrap to be paid for either in cash or defense stamps. County commissioners agreed to see that metal is hauled to designated loading point.

Marion county: Each school was notified of the scrap iron drive, he teaches asking the children to bring their scrap metal beside the

LOCATION
Richmond Jewelry Store Bldg.
Seymour, Texas

road. County furnished trucks to pick it up and haul it to market. Proceeds, totaling \$350.00 were given to Red Cross.

The steadily-increasing tempo of American war production will demand still greater amounts of scrap metal. B. F. Vance, chairman of the Texas USDA War Board, has pointed out. Scrap is a essential ingredient of steel which, in turn, is the metal most important to our war effort.

Two firms in Munday are advertising highest prices for scrap metal of all kinds. They are Banner Produce Co., and the J. B. Wrecking Yard.

PCA'S ENCOURAGE HOME GARDENS

Houston, Tex.—Production Credit Associations are encouraging members to increase home gardening this year as one of the vital phases of war production efforts, according to President Virgil P. Lee of the Production Credit Corporation of Texas.

"The associations, who are farmer-stockmen owned cooperatives that provide credit service for every county in Texas, have always maintained that live-at-home programs are a fundamental prin-

ciple of sound farm management," he said. "In this all-out war effort there are added incentives for producing and consuming food at home. Transportation and distribution facilities needed for military purposes will be released, families will be better nourished and home labor can be turned into cash savings."

The 36 associations in Texas have notified member-borrowers and other farmers and ranchmen in their respective territories that they are ready to take on additional business to aid in the national effort to attain Food for Victory goals, Lee said, pointing out that the associations all feel that home gardens are a basic part of the program.

MOVE TO SAN ANGELO

Mr. and Mrs. Hal Fairman of Vernon visited with Mrs. Fairman's daughter, Mrs. Arthur Smith, and with other relatives and friends here the first of this week. Mr. and Mrs. Fairman were moving to San Angelo to make their home.

W. A. Baker and grandsons Charles and Kenneth, attended the calf show in Haskell last Saturday.

We've Moved

We have just completed moving our furniture store and mattress factory into its new location, the building formerly occupied by Moore Chevrolet.

This new location has many advantages over our other location, in that we have more light and more room for displaying our merchandise.

We believe we will be in a better position to serve you in our new location, and we invite you to visit us here and let us know your needs.

Why is Mrs. Wyatt wearing that worried look this week? Couldn't be because of this last week's column?

Do the outsiders get the best play parts? Ask Junior.

Does anything ever happen around BHS? Ask the news reporters.

Why were some of the Senior boys inspired to act better than usual in their play? It couldn't have been visitors from Knox City?

What is the former Miss Reynolds' married name? I'll tell you... Mrs. Herold.

We wish to report another change in Vernie's heart.

What freshman girl rates a Holiday senior ring? Ask Claudia.

What is the matter with Knox City now, Francis Smith?

Senior Report

The Senior Class wishes to thank everyone who attended our play, and those who helped in other ways. We made \$38 on the play and sold approximately 300 quilt tickets.

The school will start presenting weekly chapel programs. The

Seniors will give the first one Wednesday morning.

The drawing for the quilt was held between the second and third acts of the play. J. R. White, who formerly lived here in Benjamin, but now resides in Knox City, won the quilt. He was not present at the play but the quilt will be sent him at the earliest possible date. We wish to again thank everyone for their splendid cooperation in both buying the quilt tickets and attending the play.

Junior Report

The Junior play is to be given March 20th at the Benjamin high school gym. The title of the play is "Betty, Girl O' My Heart." Everyone make your plans now to attend the play. We are sure you will enjoy it very much.

Freshman Report

We are glad to report that all of the Freshmen are back in school this week. For the last several weeks some of our class members have been absent with the mumps and measles. We have nothing planned for this week.

Wild West Tactics Save A Sailor From New York City Drowning

ONE man's foresight, resourcefulness, fast action, and faster thinking—plus good luck—combined to save a sailor from drowning almost in the shadow of the skyscrapers of downtown New York.

The fast action, resourcefulness—and good luck—were personified by Frank Hahnel, a watchman. Hahnel had completed his night's work at the building he guards and had stepped out on to South Street for a breath of early morning air. In the dim light of a street lamp, he saw the sailor. The young man was walking the stringpiece between two of the piers that fringe New York's famed East River.

The sailor seemed to be looking for his ship. Then he stumbled on the stringpiece. Arms out, clutching in the air, he swung around as if in a slow movie—and toppled into the river.

Hahnel ran for the spot, pulling out his flashlight. It was bitterly cold, and a strong tide was running down river toward Brooklyn Bridge, two hundred yards away. If the current carried the sailor among the ice-covered piles beneath the piers, his chances of rescue were ended.

He was still visible when Hahnel got to the pier. He had hit the water fifteen feet below the street level, come to the surface and was going around in a slow whirlpool made by a jutting corner of stonework.

The beam of Hahnel's light disclosed a coil of rope on a barge. He ran for the rope, then to another pier where he located a life preserver, part of some emergency equipment there. Attaching the line, he threw the life preserver down to the sailor, who barely managed to get his hands on it. At any moment he might lose his grip—the icy water and the shock of sudden immersion had taken all his strength.

Two other men who had seen Hahnel's light then came on the scene. It was evident that the vic-

Frank Hahnel

tim was helpless, so Hahnel then staged his Wild West act. He fixed a running noose in the free end of the line and began making casts at the revolving sailor. After a half dozen tries he succeeded in lassoing the young man. Then he worked the rope down around the sailor's shoulders, drew it taut, and hauled him up to safety.

"A flashlight is part of my regular equipment," Hahnel said, "but if I had been without it, there would have been no more sailor. I had loaded the light with fresh batteries, and it was the bright beam we had to work with that made it possible for us to do the job, especially that lassoing act. It all still seems a little strange—a New York night watchman turning cowboy to rescue a sailor that couldn't swim."

Hahnel completed the job by calling an ambulance, which gave the shivering sailor first aid treatment.

Goree News Items

Mmes. Roy Jones, Roy Maples and W. M. Taylor went to Wichita Falls to hear Marion Anderson sing. Mrs. T. S. Hollis or North Zulch met them there and returned to Goree to spend several days with Mrs. Taylor.

Mrs. Hugh Buford of Bowie is visiting her parents, Mr. and Mrs. Franklin, south of Goree.

Mr. and Mrs. A. J. Gilbert and family of Sunset, Mr. and Mrs. Oda Claburn of Vera and Earl Claburn of Munday were visitors in the home of their parents, Mr. and Mrs. S. M. Claburn.

Mrs. F. F. Goode received word last Wednesday that her sister, Mrs. Abbie Johnson of Taylor, had passed away. Mrs. Goode was unable to attend the funeral because of illness. Mrs. Johnson was 87 years of age.

Mr. and Mrs. J. J. Hill were visitors in the home of Mr. and Mrs. Frank Hill the past week. Other guests in the Hill home were Mr. Mrs. Floyd Hill of Terrell. Floyd is a teacher in the military school in Terrell.

Mr. and Mrs. Ranson Camp spent the week end in Dundee in the home of Mrs. Camp's parents.

Mrs. Lester Brown has been on the sick list for about a week but is improved now.

Miss Loretta Morton and Kenneth George of Seymour were guests in the home of Mr. and Mrs. Barton Carl last Wednesday evening.

Victor Lee, the small son of Mr. and Mrs. Herman Cadwell, has been ill with bronchial pneumonia the past week, but is improved at this writing.

Walter Price, old time resident of this city is able to be back on the job after a severe case of the measles. Mr. Price said he was glad he would never have them again.

Mr. and Mrs. Jim Goode were shopping in Fort Worth the past week.

Mr. and Mrs. George Harlan and Angeline Wild of Slaton, cousins of Mrs. Jack Fowler, made a short visit in the Fowler home last Monday. They were on their way home from Wichita Falls.

The small son of Mr. and Mrs. Sid Polson has been sick with pneumonia, but is reported to be improving.

Mrs. Ester McGraw visited in the home of Mr. and Mrs. Hoyt Davis in Dallas the past week.

Mr. and Mrs. Cliff Moorman, who have resided in Goree for a number of years, expect to leave this week for Chicago, where Cliff will be engaged in radio work for the government.

Mr. and Mrs. Asbury Thurman of Bomarton were Goree and Munday visitors last Tuesday.

Several Goree boys have left the last two weeks to enter the armed service at different camps.

Miss Jessie Lenora Daniells has written from Washington that she had dinner with Mr. and Mrs. Ed Gossett and later went sightseeing over the city. Jessie Lenora lives near the Potomac river and says it has been completely frozen over twice since she has been there.

Mary Jane Duncan has been on the sick list for the past several days. She is recovering from the

Mrs. H. Lee and baby of Wichita Falls visited with relatives and friends here over the week end. County Supt. Merick McLaughlin of Benjamin was a business visitor here on Tuesday.

Mr. and Mrs. J. W. Hawkins of Sweetwater spent last Sunday here, visiting in the home of Mrs. Hawkins' mother, Mrs. J. B. Bowden.

TO MY FRIENDS

Owing to circumstances over which I had no control, I have moved back to Haskell, but will be in this territory almost as much as when I lived in Munday.

My purpose in writing this is to advise those who have waited to see me to pay their insurance with Ideal Security Life Insurance Co., Anson, is to PLEASE SEE ONE OF OUR COLLECTORS as shown on your cards, and pay your premiums promptly.

Their receipts protect you fully. Waiting for me could cause you to lapse, if you missed me. You can buy no better protection. It is best for you to keep it in force.

I thank each of my friends for helping so much in sending me to their friends needing protection. These favors have enabled me to make a splendid showing and writing a more substantial class of business, that is paid regularly.

I have tried to be absolutely honest with everyone, and I know that Ideal Security Life Ins. Co. does all in its power to make their business dealings satisfactory. They pay quicker, after a death is reported to them, which saves both money and embarrassment to you.

If you know of some friend who has let his insurance lapse, or needs protection, ask that they write me a postal card to see them. Delays are often dangerous, and can be avoided by promptness in this connection. Again thanking you, I am,

Very truly yours,
S. W. HOLLAND

Distribution of Farm Equipment Gives Right-of-Way to Defense Production

There has been so much public discussion concerning the supply of new equipment and repair parts needed for the food production that a word of explanation has been offered by the distributors of farm machinery and repair parts. It is obvious that distribution cannot be uniformly satisfactory to all concerned, and in expressing regrets that these circumstances offer hardships to many farmers, the farm equipment industry gives the following review of facts that will help to give everybody a better understanding of the situation:

Last year the government, faced with a vast program of armament production, was forced to reduce the output of new farm equipment. The following steps were taken in planning the volume of 1942 production:

Step One: In September the government asked manufacturers to estimate the 1942 demand for farm equipment. The manufacturers estimated that farmers would demand a 38 per cent increase over the 1940 production, or substantially the same as the actual demand and output in 1941.

Step Two: At the same time the Department of Agriculture asked county agents to estimate, not the demand, but the minimum essential needs of farmers throughout the country. The agents reported a minimum need for 1942 of 7 per cent increase over the 1940 production.

Step Three: Late in December the government issued its order to manufacturers limiting the production of 1942 to an average of 17 per cent less than the 1940 production of new equipment. As to repair parts, the order provided for an average of 50 per cent increase over 1940 production, which was somewhat larger than 1941 output.

In fixing these limitations on equipment and parts, the government in no way guaranteed that the manufacturers would be able to produce up to these limits. It was saying in effect, that the manufacturers could build these

amounts if they could get the materials.

To assist the manufacturers in obtaining the required materials, the OPM assigned a priority rating of A-3 to new farm equipment and repair parts. At the time of the assignment this was a relatively high rating and showed reasonable promise of providing all or most of the materials needed.

Since then, however, the production picture of the United States has changed swiftly and radically. Vast new undertakings in war equipment require additional vast amounts of raw materials. These have naturally been given very high priority ratings, so that the ability of the A-3 rating to get materials for new machines and repair parts has steadily declined.

"Because of all of these things there is not, and in the visible future there will not be, sufficient new equipment or repair parts to satisfy either the known demands or the reported minimum needs of the farmers of America," the industry stated.

This situation is not the fault of the builders and distributors of farm equipment. Neither is it the fault of the government officials who are concerned with the matter. Nothing in the industry's statement is in any sense a criticism of the government men who had the thankless task of apportioning among many industries and for many purposes a supply of raw materials which was certain to be inadequate. The true blame, it was pointed out, lies in Tokyo, Berlin and Rome. The truth is that you are feeling the impact of the world enemy on the American farm.

Grady Roberts attended the chamber of commerce banquet in Henrietta last Friday night. Gov. Coke R. Stevenson was the principal speaker, and a number of Texas legislators were special guests at the banquet. On Saturday, Mr. Roberts was a guest of the oil and gas association convention in Wichita Falls.

R. V. (Bob) Burton of Benjamin was a business visitor in town last Saturday.

Mrs. Kunkle of Megargel spent the first of this week here with her sister, Miss Elizabeth Mounce.

SUGAR APLENTY FOR CANNING

Housewives are going to have plenty of sugar for home canning this summer and every effort is being made to have it available. This is the assurance of J. B. Joyce, manager of the War Production Board's Southwest priorities field office in Dallas.

Mr. Joyce emphasizes that monthly allocations of refined sugar are taken into account the sugar that will be needed this summer for home canning.

"The supply may be somewhat limited," he explained, "just as the supply for daily consumption is limited, but it will be sufficient to enable housewives to can what they need."

He added that reports have come to his office that some housewives are buying more sugar than they need for normal family use, and are explaining that they want to be sure of having enough sugar for home canning use this summer.

"That sort of buying is unnecessary and it is also unwise," Mr. Joyce warns. "It aggravates a situation that already is difficult. We are making every effort to see that sugar is made available for home canning next summer and Washington states us that the Office of Price Administration will handle its distribution."

Food Stamp Plan

FOR KNOX COUNTY IS NOW IN OPERATION

The Food Stamp Plan aids the farmers by creating larger markets for American farm products. It aids the underprivileged by making it possible for them to purchase more health-building foods. It aids business by using normal trade channels for distributing food to families certified for public assistance.

The following grocery stores of Knox county will participate in the Food Stamp Program:

MUNDAY—Blacklock Grocery, C. H. Keck Food Store, Atkeison Food Store, Clover Farm Store, Holder Grocery and Market; Figgly-Wiggly, Palace Market, and Gentry Grocery at Thorp.

GOREE—J. M. Edwards Self Service Grocery, J. L. Brown, W. O. Barnett, J. L. Murdock, and J. R. Hamons Grocery and Market.

KNOX CITY—Ed Feemster, J. M. Edwards, White Grocery, Brad's Grocery and Market, Griffith Grocery and Station, Watson and Son, C. H. Keck Food Store, G. E. Steen Food Store, and M. D. Hammer.

BENJAMIN—J. L. Galloway Grocery, J. A. McCandless, and Feemster Grocery.

TRUSCOTT—Bates Grocery, Red and White Grocery, and Caram Grocery.

VERA—Weiss & Co., and Sanders Grocery.

GILLILAND—J. Omer Cure Grocery, Caram Grocery, and Dolph Martin.

"Joe Smith, American," Movie Taken From Life of Mrs. E. H. Nelson's Kin

The every-day life of Joe T. Smith and Mrs. Smith, who were married "right smack in the middle of the depression" at Crosbyton, Texas, is taken as a model American life for the new MGM picture, "Joe Smith, American" which will be released soon.

And Mrs. Joe Smith is a sister of one of Knox county's well known residents, Mrs. E. H. Nelson of Munday.

The Joe T. Smiths live in La Graciosa, Calif., and they have a daughter, Dorothy Jo, who is five and a half years old. Mr. Smith is employed at Lockheed's plant in Burbank, Calif. They moved to California from Texas in November, 1940, and Smith took his first job in an airplane manufacturing plant.

The real "Joe Smith, American" was recently interviewed by a reporter from Movie-Radio Guide, and pictures and a complete story of their every-day life is carried in a recent issue of the magazine.

And another interesting thing about the pictures is that another former Knox countian, Miss Bobbie Waldron, who was employed in the county agent's office at Benjamin, is shown. She is a niece of Mrs. Smith.

Although the leading parts are played by Robert Young, Marsha Hunt and Darryl Hickman, when Munday people see the picture "Joe Smith, American," they'll actually get an inside view of the every-day life of the real Joe T. Smith—Mrs. Nelson's own kinpeople.

King County Bans Liquor and Beer

King county, which has been an oasis for drinkers since the legalization of whisky and beer, decided to become dry in an election held there last Saturday.

Sheriff George Humphreys reported that approximately 350 votes were cast in a spirited balloting with the drys emerging with a 49-vote margin. The county becomes dry 30 days after the election, or on March 30, it was stated.

Mr. and Mrs. E. A. Larry and baby son of Seymour went business visitors here last Monday.

J. S. Wells of Weinert was a business visitor here last Tuesday afternoon.

Lots of Hogs And Cattle Sell At Auction Sale

The Munday Livestock Auction Co. reports a big run of cattle and hogs for last Tuesday's sale. Top hogs sold from \$12.65 to \$12.75; sows, \$11.50 to \$11.75; beef bulls, \$8.50 to \$9; butcher bulls, \$7.25 to \$8.25; beef cows, \$8 to \$8.75; butcher cows, \$6.75 to \$8; canners and cutters, \$5 to \$6.50.

Fat yearlings brought from \$9.50 to \$11.25; butcher yearlings, \$8 to \$9.25; fat calves, \$9.50 to \$12; butcher calves, \$8 to \$9.25; rannies, \$7.25 to \$8.

Buyers here for Tuesday's sale were Ebner Packing Co., and John Ruddy, Wichita Falls; Vernon Packing Co., Vernon; J. H. Bell, Fort Worth; R. L. Dickey, Rule; L. S. Furr, Stamford; O. W. Causey and J. M. Bradberry, Knox City; J. W. Wood and L. Pierce, Seymour; F. C. Blake and L. H. Highnote, Haskell; Perry Wood and J. L. Cooper, Seymour; Charles Davis, Graham; G. C. Conwell, G. C. Jones and W. E. Hosea, Munday; Keck Grocery, Knox City.

Rev. D. R. Davidson, pastor of the First Methodist Church at White Deer, Texas, spent last Tuesday night here, visiting in the home of Rev. and Mrs. Luther Kirk.

Mr. and Mrs. R. T. Parramore and Mrs. Sybil Straw visited with Mrs. Straw's mother, Mrs. Jim Proffitt, and Mrs. Parramore's sisters, Mrs. A. M. Searcey and Mrs. Claude Hill, a few days last week.

Fred Barker of Levelland spent the first of last week here, visiting with his sister, Mrs. W. A. Strickland, and Mr. Strickland.

DeTroy Trammell left last week for Lubbock where he has entered the Air Corps, and is stationed at the 83rd Air Base in Lubbock. DeTroy is the son of Mr. and Mrs. Frank Trammell of Munday.

Mr. and Mrs. Travis Lee and little daughter, Melissa Ann, spent last Sunday with relatives and friends in Wichita Falls.

ROAD CLOSED

Amarillo Will Issue Stamps In Food Program

A new Federal food stamp mailing program for Knox and seven other northwest Texas counties started operating on Monday, March 2. Along with the opening of the program in these counties there was indication that it might be extended to other counties of northwest Texas in the near future.

Claude Hodges, Austin, district supervisor of the Surplus Marketing Administration in Texas, said that the mailing program would be confined for the present, however, to counties in northwest Texas.

The eight counties which went under the new food stamp mailing program on March 2 are Knox, Daliam, Armstrong, Throckmorton, Haskell, Hardeman, Cottle, and Nolan.

The new plan of mailing food stamps from a central issuing office in Amarillo to clients in several counties means a considerable reduction in administrative costs for operation of the food stamp program to each county, it was pointed out.

Under the new mailing program food stamps will be mailed from the central issuing office in Amarillo to eligible families in Knox and other counties included under the program.

"The primary purpose of the food stamp program is to help and nationally for all of the food farmers can produce," Hodges explained. "It helps to relieve the farmer of complex marketing problems at a time when he must devote all of his efforts and energy to production."

Explaining how the program works, Hodges said that eligible clients are required to purchase orange food stamps with the money they would ordinarily spend for food and are then issued blue food stamps with which they can obtain at least 50 per cent more food. Hence, the additional farm markets.

"Aside from the creation of additional farm markets where they are most needed, this program is helping to build up health and wartime morale by making additional food available to needy families who do not have enough of the proper foods to eat," Hodges said.

Mrs. P. V. Williams and Mrs. Roy Maples spent last Tuesday in Abilene in the home of Mrs. Ruby Kenney. Joe Lynn Kenney was also in Abilene visiting his mother. Joe has been at Brooks Field, but was on his way to Washington state.

Mr. and Mrs. Ding Butler of Dallas were visitors in the home of Mr. and Mrs. Wade Mahan last Monday and Tuesday.

Mrs. C. R. Haymes of Stamford came in Tuesday for a visit with her son, Lee Haymes, and his family.

Corp. Cecil Cooper, a resident of Munday, Texas, now on duty with 301st Air Base Sqdn., at the Salinas Army Air Base, was promoted to the grade of Sergeant, effective February 24, 1942, according to public relations officer Lieut. Paul S. Garwood, of that camp.

County Agent R. O. Dunkle and Oral Patterson of Benjamin were business visitors in town last Monday.

Mrs. Grady Roberts is visiting relatives and friends in Vernon, Chillicothe and Quanah this week.

28 are Granted Tire Permits

Rationing Board Digs Heavily Into Quota

Members of the Knox county tire rationing board dug heavily into their tire quotas last Friday when they met and granted tire certificates to 28 applicants. All of the applicants requested new tires except two who asked for retreads.

Under the retread provision certificates were granted to W. T. Ward for two tires of truck, and to Arledge Stock Farm for one truck tire.

Certificates for new tires were issued to the following:

E. B. Sams, two tires for tractor.

W. F. Waldrip, four tires and tubes for tractor.

P. V. Williams, one tube for truck.

Knox county, Precinct 4, one tube for truck.

Clyde C. Browning, one tire and tube for truck.

Jess N. Rutherford, one tire and tube for trailer.

D. B. Jones, one tire and tube for trailer.

Willard Kilgore, two tires and one tube for truck.

Louis Blake, two tires for trailer.

I. R. Mitchell, two tires and tubes for tractor.

E. F. Wilson, two tires for tractor.

James D. Wright, two tires for tractor.

Floyd Knox, one obsolete tire for trailer.

Loyce C. Teague, two obsolete tires and tubes for trailer.

B. C. Anderson, two tires and one tube for tractor.

J. H. Atterbury, two tires and tubes for tractor.

E. M. Apple, two tires and tubes for tractor.

G. T. Hardberger, three tires for tractor.

Walter Lee Coody, two tires for tractor.

G. J. Petrus, two tires and tubes for tractor.

C. J. Wilde, one obsolete tire and tube for trailer.

James A. Reid, one tire for tractor.

R. N. Smith, two tires and tubes for tractor.

H. A. Patterson, two tires and tubes for tractor.

THE TIMES
Want Ads

Austin.—If you haven't already stored that rod and reel, your artificial bait, your seines and nets, you'd better do it now. Just forget 'em for a couple of months. For March and April constitute the closed season on bass and crappie fishing in Texas, the Executive Secretary of the Game, Fish and Oyster Commission warned today.

The March and April closed season on these two kinds of fish, and the prohibition of use of artificial bait, seines and nets, are, of course, general laws that apply to all counties.

But there are any number of special county laws, and each one takes precedence over the general law. For instance, in many counties it has been illegal to fish for bass and crappie, and in some cases all kinds of fish, ever since January 1st.

As another example, many counties permit the taking of fish other than bass and crappie during the so-called closed season. A case in point is some of the water included in the Lower Colorado River lakes, where it is illegal to take bass and crappie during March and April, but not illegal in those particular waters to take catfish and gasper during those months.

It's all pretty confusing. If you are in doubt concerning what you can or cannot do in your home county, get in touch with your district game warden, the Executive Secretary urges. The game warden knows the laws and would much rather explain them to you than to explain to the judge that it looks like you're guilty of a violation of the fishing laws.

Or, if you choose, write to the Game, Fish and Oyster Commission at Austin, Texas, for a free copy of a digest of the Texas hunting and fishing laws. This little digest

will tell you in a few words what the score is.

Incidentally, it was pointed out, the great variety of hunting and fishing laws results from passage of those laws by the Legislature. The Game Commission has no authority to make such laws. It is charged, however, with the duty of enforcing the laws the Legislature passes.

Dr. and Mrs. J. N. Walker and daughter, Barbara Lee, visited relatives and friends here over the week end. Barbara Lee is spending this week here with her grandparents, Mr. and Mrs. G. R. Eiland.

Mrs. W. R. Moore and Mrs. A. H. Mitchell were business visitors in Abilene last Saturday.

Wholewheat comprises only three per cent of all the flour sold in the United States, notwithstanding that the whole grain contains three

times more phosphorus, four times as much iron and eight times as much vitamin B. Both have the same number of calories.

A cabbage bought at a market may be expected to contain 60 per cent of its original Vitamin C content. If many of the outside leaves are removed, the home-maker likely loses another 20 per cent.

Before the war only 37 per cent of England's food was produced on the British Isles; today the figure is around 60 per cent. Usually the Isles have around 12 million acres of land in cultivation; in 1941, some 16 million acres were put under the plow.

Dick Atkeison was a business visitor in Wichita Falls on Thursday.

Douglas Doshier of Benjamin visited friends here Thursday.
