

Local Boy Says "It's Fun" During Japanese Raid

Mr. and Mrs. D. G. Griffith of Munday received a letter from their son, Jean Griffith, this week saying "it was a lot of fun" during a recent raid by Japanese planes which he experienced.

Jean is in the U.S. Marines and is stationed on the U.S.S. Lexington. In his letter, written on February 22, Jean says, in part:

"We had an attack by 18 two-motor Japanese bombers. Of this number 16 were brought down. It was a lot of fun while it lasted; the only complaint I have to make is that there wasn't more of them."

Jean, who was a 1941 graduate of the Sunset school, enlisted in the Marine Corps last August. He landed in Pearl Harbor last December. His parents suppose his ship is doing convoy duty, using Pearl Harbor as the base of operations.

Senior Play To Be Presented On Tuesday Night

It's Here! After weeks of careful planning and expert direction, the Seniors of '42 are proud to present next Tuesday, March 24, at 8:30 p.m., in the grade school auditorium, "Fingerprints," a hilarious 3-act comedy of the Wild West. This play has all the requirements for an evening of entertainment—romance, a touch of mystery, and loads of laughs.

You'll howl with laughter at the famous Scotland "Stockyards" detective and fingerprinter, Hoosey Hawks, played by that star of character actors, Dick Harrell. Our "Hero," Jimmy Lee, played by Ben Bowden, is the brave, handsome Cowboy of the West, who is pursued by New York's Glamour Girl No. 1, Paulette Whitney, convincingly played by Florene Pippin.

Pamina Thorndyke—Dixie Atkinson—is the tomboy of the ranch, who wins the love of that Casanova of New York, wealthy Roger Whitney, capably portrayed by Charles Baker.

Porcelain Purdy, negro cook played by Juracy Jones and Mignon Mocaire, the French maid, played by Jean Martin add a definite spice to the situation.

Ned Thornydyke—Willard Reeves; Mrs. Whitney—Flora Haymes, and Aunt Amelia—Mary Lois Beatty, are the "old fogies" and "de-glamorized" characters of the play.

Tuesday night, March 24, at 8:30 rain or shine, sleet or snow, mumps or flu, the excellent cast and the director Jessie Merle DeLoach, will welcome you to their annual play. Admission is 10c for grade school children, 15c for high school students, and 25c for adults.

Don't miss it! It's a scream!

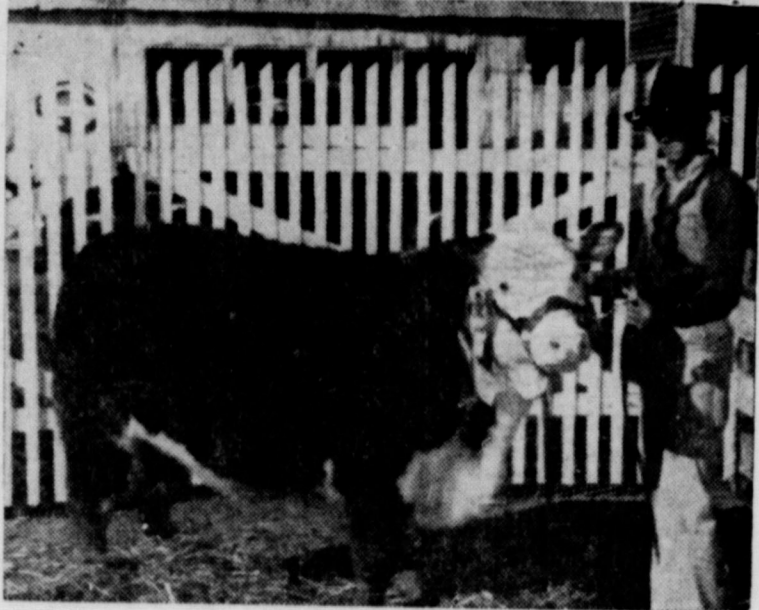

Knox County Hospital Notes

Patients in the Knox county hospital March 17, 1942, included: Mrs. Esker New, Truscott. Mrs. W. A. Cockrell, Westover. Mrs. J. B. Jones, Benjamin. Mrs. I. D. Gipson, Knox City. Mrs. Birdie Allen, Knox City. Miss Pauline McBeth, O'Brien. Miss Irene Randolph, St. Louis, Missouri. Mrs. Eugene Pettus, St. Louis, Missouri. Wayne Cagle, Knox City. Mrs. Ernest Barnett and baby son, Knox City. Melvin Urbanczyk, Munday. Mrs. S. W. Hutchins and baby son, Rochester. Patients dismissed since March 10, 1942, included: Deweylene Harper, Guthrie. Mrs. Robert Riley and baby son, Gilliland. Baby Pults, Benjamin. Geraldine Jungman, Munday. Mrs. B. L. McFerrin, Benjamin. Joe T. Hester, Haskell. Mrs. Ira Carmaack and baby son, Knox City. Mrs. T. E. Boyd, Throckmorton.

BIRTHS
Mr. and Mrs. Ernest Barnett, Mr. and Mrs. S. W. Hutchins, Rochester, a son.
Mr. and Mrs. Robert Riley, Gilliland, a son.

Lamoine Blacklock of Quanah visited his parents, Mr. and Mrs. R. L. Blacklock, over the week end.

Another Calf in Wichita Show

Pictured above is Charles Hickman of Truscott and his 970-pound senior calf which was the reserve champion of the Knox county show on February 21. The calf was also

entered in the Wichita Falls show last week, and was awarded sixth place in the senior division. Breeder of this calf, as well as of the Richards grand champion calf, was the League ranch at Benjamin.

Teachers For Gilliland Are Named Monday

School Is Operating Now As A 4-Year High School

Teachers for another year were elected last Monday night at the regular meeting of the Gilliland school board, it was announced Tuesday by S. H. Thompson, superintendent. In most instances the present teachers were re-elected.

Mr. Thompson stated the Gilliland school is operating this year as a 4-year high school for the first time. This has been so successful that plans are made to continue the 4-year plan again next year.

Miss Pauline Holt of Mineral Wells started her duties as teacher at Gilliland last Monday, succeeding Miss Katha Lee Harrell, who resigned. Miss Holt received her B.S. degree from N.T.S.T.C., at Denton, and comes to the school highly recommended as an instructor.

Teachers who were re-elected for another year are: S. H. Thompson, supt.; John Frank McFoyden, Manley D. Hunley, Miss Bessie Fisher, Mrs. S. H. Thompson and Miss A. Briggs.

Former Resident Accident Victim

James Clayton Smith, 27-year-old son of Mr. and Mrs. T. R. Smith former residents of Munday was fatally injured on March 5 at his Seymour home when the pony he was riding stumbled across a ditch, throwing him into a telephone post. Brain concussion set up, and Clayton passed away on March 6.

Funeral services were held Sunday, March 8, at the Baptist church in Seymour. Burial was at Vera. Until the past few years, Mr. Smith was employed as a plumber at Dallas. He moved to Seymour last year, and his wife survives him there.

Other survivors are his parents, Mr. and Mrs. T. R. Smith of Fort Worth; three sisters, Mrs. Lonnie Offutt and Mrs. J. T. Offutt of Munday, and Mrs. G. E. Rodgers, Carlsbad, N.M., three brothers, Rozel and Bobbie Smith, Fort Worth, and Roscoe, Jr., of West Palm Beach, Florida, who is serving in the 52nd air base squadron. He was unable to attend the funeral.

SPRING TRAINING IS POSTPONED TO APRIL

Coach Jack Perryman announced Tuesday that spring football training, which was to have started last Monday, has been postponed to some time in April. Perryman said several of the football boys are laid up with mumps and practice had to be postponed for this reason.

Mrs. Carl Jungman and little daughter Ida Joe are patients in the Wichita Falls Clinic hospital. Mrs. Jungman is ill with the flu, and Ida Joe has pneumonia.

Mr. and Mrs. C. A. Elland and family of Lamesa visited in the home of Mr. and Mrs. G. R. Elland and with other relatives and friends here last Sunday.

Sugar Limit Is Two Pounds

Rationing Is Expected To Begin Around April First

Official notice that two pounds of sugar per person will be the legal limit for each family to have in its possession on sugar registration day was given last Friday by Mark McGee, Texas rationing administrator, through a bulletin released through the rationing board office.

Rationing of sugar is expected to begin around April 1st, the Knox County rationing board has been advised.

Customers, when applying for rationing booklets, will be required to certify the amount of sugar on hand. Penalty of false statement is 10 years imprisonment, or a fine up to \$10,000 or both.

Provisions will be made for sugar for persons who need it for home canning during the canning season.

McGee announced that full cooperation has been pledged by all Texas food store organizations, through their various groups, in the matter of repurchasing sugar now held by those who overbought. A campaign is being launched in the press, also, McGee stated, to stimulate the speedy re-sale of such sugar by families now holding it. Some of the sugar has been received by Munday stores, it was stated last week.

The rationing board reports that about 12,000 sugar rationing booklets are now on hand at the office in Benjamin.

Magazine Awards Prize for Window Display Here

The Garrison Magazine, published for the Independent Retail Merchants of the United States, offers a cash reward for suggestions sent in on unusual window displays. The display window at the Baker-McCarthy store, with the photographs of local men who are now serving in the armed service, and the display of western styles advertising the calf show held in Munday, drew a lot of attention.

Jerry Kane sent a description of the window to this magazine and this week the store received a letter and a check, stating that the suggestion was a very good one and that the idea would be published in the near future.

Rudolph Swenson, Well Known Rancher, Killed in Crash at Benjamin Crossing

Rudolph Swenson, member of a pioneer West Texas ranching family and manager of the Pitchfork Ranch west of Guthrie, was killed and two women were injured at Benjamin last Thursday afternoon in a grade crossing accident involving the Santa Fe motor train.

Mrs. Eugene Pettus, Jr., and Miss Irene Rapp of St. Louis, Mo., Swenson's passengers, were carried to the Knox county hospital, suffering from bruises and head and leg injuries. They are reported improving under medical treatment.

Swenson had been to Wichita Falls to meet the women, and they were enroute to the ranch at the time of the accident. One of the women were driving it was stated.

The impact threw both Swenson and Miss Randolph from the automobile, which was demolished. The diesel-operated train was also damaged and put out of operation temporarily.

Funeral services for Swenson were held in Stamford last Saturday, and burial was in a Stamford cemetery.

Swenson was the youngest son of A. J. Swenson, vice president and manager of the Swenson Land and Cattle Co., of Stamford. He worked with his father before taking over management of the Pitchfork Ranch about two years ago. He was 39 years of age. He was a vice president and director of the Texas Cowboy Association of Stamford, and had been manager of the rodeo since the first reunion. He was active in civic affairs during his residence at Stamford.

SEWING ROOM TO OPEN ON EACH THURSDAY

The Red Cross sewing and knitting room above the Rexall Drug Store will be open every Thursday afternoon from 2:30 to 6 o'clock, beginning March 26.

There will be a knitting instructor there every Thursday afternoon and if you have any knitting problems, bring them to the Red Cross room and receive free instructions. Anyone who has Red Cross needles they are not using or needles of their own that may be used for Red Cross knitting, please notify Mrs. Fred Broach, Jr., at once.

Knox County Calves Are Winners At Fort Worth

Knox Contributes Another Champion

It became the good fortune of Billy Richards, Vera 4-H Club boy, shown above with his calf, to uphold Knox county's record in the district calf show at Wichita Falls last week. Billy's calf was judged

champion of the junior division and then went on to the grand championship of the show. The 860-pound calf was the grand champion of the 1942 Knox county show, held in Munday on February 21.

\$2 Per Capita In State Money Received Here

A \$2.00 State Per Capita payment was received last week. This makes a total of \$14.00 per scholastic received this year; leaving \$8.50 of the \$22.50 yet to be paid.

A sixth Transportation Aid payment has been received. This makes a total of \$6,870.00 Transportation Aid received this year.

A third Salary Aid payment has also been received from the State. This payment, together with the first and second payments, constitutes 75 per cent of the amount approved for the school for the current year. A total of \$5,586.00 has been paid to the common schools of the county this year.

The State expects to make final Transportation Aid payments soon after April 15th.

Board Orders New Buses For Coming Year at Munday

Application to the government has been made for priority rating for two new school buses to be purchased by the Munday Public Schools was agreed upon by the school board the past week.

The two buses will be Dodges, having fourteen forward facing seats, and will accommodate 50 to 55 grade and high school students. The buses will have Wayne all-steel bodies and are driven with 115 horsepower motors and contain all safety features.

Procuring of state aid money for the Munday district the past two years will aid materially in paying for the new buses if they may be procured. Added money from the state the Munday district has received on transportation for buses the past year was over \$700 and for this year the amount is expected to be much larger.

Weather Report

Weather report for week ending March 18th, 1942, as recorded and compiled by H. P. Hill, U. S. Co-operative weather observer:

	LOW	HIGH
1942 1941		
Mar. 12	43 33	80 55
Mar. 13	50 29	72 50
Mar. 14	51 36	84 52
Mar. 15	45 40	86 66
Mar. 16	46 35	84 71
Mar. 17	34 25	65 47
Mar. 18	33 32	68 45

Rainfall to date this year, .82 inches. Rainfall to this date last year, 3.80 inches.

EVELYN MCGRAW NAMED BASKETBALL QUEEN

Miss Evelyn McGraw, daughter of Mrs. Erin McGraw, was named basketball queen in a recent contest at Weatherford Junior College. The queen was selected Saturday night at the last game of the season. Evelyn is in her first year of college work at Weatherford.

Stanley Glover Wins First In Tough Competition

Four Knox county calves shown at the Fort Worth Fat Stock Show this week carried off \$85 in prizes, it was announced Tuesday by R. O. Dunkle, county agent.

The Hereford calf shown by Stanley Glover of Benjamin won first place honors in the heavy-weight class and carried off a prize of \$40, it was stated. This calf was shown in competition with those of Oklahoma A. & M. College and the Texas Technological College of Lubbock, representing some of the toughest competition of the show.

Charles Hickman of Truscott won 9th place with his Hereford calf, and a prize of \$12. This calf was shown in the club class in competition with 58 calves. Both the Hereford calves were bred by the League Ranch of Benjamin.

In the Aberdeen-Angus class, Charles Hickman's calf placed 5th and was awarded \$18 in prizes.

Clyde Hendrix, who resides north of Goree, won 7th place with his Angus calf. The prize amounted to \$14. The Angus calves were bred by T. B. Masterson of Truscott.

The calves will be sold on Friday of this week, Mr. Dunkle said, and should bring top prices since they were all prize winners in the show.

Funeral For Mrs. John Andres Is Held Monday

Mrs. John Andres, well known resident of Rhineland, died at her Rhineland home last Saturday morning at 7 o'clock, following an illness of several weeks.

Mrs. Andres was born in Germany on September 24, 1878, and was 63 years, 5 months and 20 days of age. She had made her home in the Rhineland community four years.

Surviving are her husband, John Andres of Rhineland; four brothers and two sisters, who are; Bernhard Helfrich, Joseph, Philip and Jacob Helfrich, Mrs. M. W. Hartmann and Miss Agnes Helfrich, all of Germany.

Funeral services were held from the St. Joseph Catholic church at Rhineland last Monday morning at 9 o'clock, conducted by Father Herman. Burial was in Rhineland cemetery with the Mahan Funeral Home in charge.

Pallbearers were H. N. Claus, Albert Andrae, Matt Kreitz, Anton Brown, L. J. Kuehler and August Schumacher.

Warehouse Fire At Benjamin Does Damage on Sunday

Fire which broke out in the warehouse of the Texas Highway Department at Benjamin last Sunday morning at about two o'clock did considerable damage before the flames could be extinguished.

Damage to the warehouse was reported, as well as to the equipment stored in the building. It was reported that one of the highway trucks was destroyed, while another was damaged by the flames.

Origin of the flames was not definitely determined. Starting at such an early hour, the fire had gained considerable headway before it was discovered and the fire department arrived on the scene.

THREAD DELIVERED TO RED CROSS CHAIRMEN

Mrs. J. C. Harpham and Mrs. Oates Golden were visitors in Knox City, Benjamin, Vera and Goree and Rhineland last Tuesday. They were delivering Red Cross thread to the chairmen of each town. Mrs. Harpham, Knox county chairman, stated that the knitting being done now, is done after the army officers call for it. No thread is being wasted by knitting to have sweaters on hand.

Mr. and Mrs. R. H. Scott and son, Michael, and little Miss Sandra Thomme went to Fairfield last Thursday to visit with relatives and friends. They returned home Monday.

EDITORIAL PAGE

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

DEAR DIARY

We Americans can win this war. We can win it by making weapons fast enough to turn the tide against the Axis. And we are making them, faster and faster every day, for more and more plants are being changed to war work.

In many communities all the factories in the town have pooled their machines to manufacture weapons. They're small plants—to small to handle a war contract alone. But they can handle parts of contracts, and if they all work together they can do the job. Today they are working together on an increasing scale. The whole community is rallying around and everybody is cooperating to lick our enemies.

To lick them quickly we must keep on cooperating. Production of weapons isn't just a job that happens inside a single factory. In many ways it depends on all of us—on the men who work in the plant and on the understanding they and the rest of us have of the enormous production difficulties that industry is overcoming. Realizing that, one company called the people of the town together and told them the diary of its war plant. It told them how the plant was being changed from peace to war work, how employees were being trained for new jobs. It even conducted tours through certain parts of the plant so that the people of the town could see for themselves how fast the work was going.

For the work is going fast, not only in that plant, but in factories all over the country. In many cases censorship prevents us from learning just how rapidly plants are turning out weapons. But this much we do know; they are picking up speed. They are busy writing their own war production diaries, busy making the weapons that will win this war.

BROKEN PROMISE

In spite of the promises made in December that strikes would be outlawed for the duration of the war, America's vitally needed war production is being hampered by walkouts. At a time when every hour of work counts more than it ever has before, men are dropping their tools and leaving their jobs. At a time when the fighting forces of freedom are making gallant stands in every part of the world, men here are giving up.

A recent survey revealed that there had been 76 strikes in war work plants during February—an increase of 77 per cent over January. These strikes involved 70,906 workers and caused a loss of 2,928,824 man hours of labor in those plants alone. Production of such vital military stores as airplane parts, machine tools, anti-aircraft guns, ships and ship parts was held up. Other factories that depended on the struck plants were also affected and work was slowed down all along the line.

Today, when uninterrupted war production is the single hope of freedom, why must industrial disputes bring production to a standstill? Why can't the disputes be settled while the war work continues? Why are the promises that were made only a few months ago being broken now?

BE SAFE

One prolific cause of fire is found in appliances and materials of many kinds which are of substandard construction or are faulty in design. Electric irons and stoves, fire doors, roofing materials and similar commodities may fall into that dangerous classification. Fortunately, however, the buyer has one certain protection—purchase only articles which bear the seal of approval of the Underwriters' Laboratories, Inc.

This organization, which is sponsored by the National Board of Fire Underwriters, is entirely non-profit making. It has no commercial involvements. It maintains great scientific laboratories equipped for testing the fire-resisting qualities or the intrinsic fire hazards of practically any article. All reputable manufacturers submit their products to the laboratories and, if they are found faulty, correct them.

At this time, thousands of people are purchasing home fire protection equipment to have on hand in the event of enemy attack. They should be especially careful to see that any extinguisher bought has the Underwriters' seal. Tests show that many extinguishers have been marketed which do not justify the claims made for them. They are either ineffective or dangerous. And in most cases they cost as much or more than an efficient, safe extinguisher. The Underwriters' Laboratories' work is purely of a public service nature. Take advantage of it.

7,000,000 tons of wastepaper will be needed next year to manufacture paper board—an increase of 3,000,000 tons over 1940.

THE MUNDAY TIMES

Published Every Thursday at Munday

Grady G. Roberts Editor, Owner and Publisher
Aaron Edgert News Editor
Harvey Lee Foreman

Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1919.

SUBSCRIPTION RATES

In first zone, per year \$1.50
In second zone, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party politics, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

If the true spark of religious and civil liberty be kindled, it will burn. Human agency cannot extinguish it.—Daniel Webster.

SUGAR WORRY UNNECESSARY

There's no reason to get "hot and bothered" even if there should be a real sugar shortage. We Americans eat too much sugar anyway. We average 115 pounds per person a year—twice the sugar ration of any other country. Our forefathers, back in the 1850's, got by on about one-tenth of that—and they fought Indians, conquered the wilderness and built a civilization. Going back still further, the people of Europe had no sugar whatever until 700 years after the birth of Christ.

Less sugar will be good for us—just as more walking, more thrift, more hard work and more self-denial will be.

PAYING FOR WAR

The vast government deficits built up during the depression were largely met by selling government securities to the banks. They were paid for, of course, with the savings of the people.

A government bond is the safest of all investments. The whole wealth of the country stands behind it. But—and every citizen should realize this—we cannot meet the vast deficits which will be built up during this war by simply selling bonds to the banks in limitless quantities.

If sales of government bonds to banks were continued on the depression scale, private banking in time would virtually disappear. The banks, to all intents and purposes, would become a branch of the government. And that in itself would be a long step toward the destruction of the individual freedom we are fighting for.

This war must be paid for by all the people. They must pay for it in higher taxes. They must pay for it by buying, individually, Defense Bonds and other government obligations. They may have to pay for it with forced savings. The ability of the banks to absorb the load is not limitless.

WHEN IS LOST?

When the Navy Department released its account of the destruction the Japs did at Pearl Harbor, it said that the destroyer Shaw was totally lost. We even had pictures to prove it! In newspapers, newsreels and magazines the Shaw was officially lost.

Now comes word that the Shaw has arrived at a west coast port under her own steam. The ship that the Japs "sank" not only still floats! It's crossed two thousand miles of ocean to get repairs that will send it back into the fight to lick the enemy!

In that story there's a lesson that every American must learn if we are to stop the Axis and save our freedom. We don't know our own strength! We've got to wake up to that fact. We've got to shake off complacency and get to work and do the enormous, difficult job the war has thrust upon us. It's no good wishing for the good old days; no good wishing we were beating the Japs. We're not, and here's one time when wishing won't make it so. We can't win the war with day dreams.

The "lost" Shaw is floating because men refused to believe the fact that she was lost. Instead of giving up, they went to work, and they worked a miracle. Today the Shaw can become a symbol for every defeat we've suffered. For when is defeat permanent? When is lost really lost? Only when one gives up, refuses to work hard, and believe it's lost.

The thirty-one degrees below zero weather that Hitler has been encountering on the Russian front is stifling compared to the temperature that will greet him when he presents himself at the peace table.

A BOOMING BUSINESS

Gems Of Thought

The only freedom worth possessing is that which gives enlargement to a people's energy, intellect and virtues.—William Ellery Channing.

Only free peoples can hold their purpose and their honor steady to a common end, and prefer the interest of mankind to any narrow interest of their own.—Woodrow Wilson.

Give me the liberty to know, to think, to believe, and to utter freely, according to conscience, above all other liberties.—Milton.

The Pilgrims came to establish a nation in true freedom, in the rights of conscience.—Mary Baker Eddy.

No! Freedom has a thousand charms to show That slaves, however contented, never know . . . Religion, virtue, truth—whatever we call A blessing—freedom is the pledge or all.—William Cowper

INSTRUCTORS WANTED

Physical instructors and well qualified athletes with college degrees will be interviewed on March 30 and 31 at the Navy Recruiting Station in the Post Office building at Dallas by a representative of Commander J. J. Tunney, director of the Physical Fitness Program of the United States Navy.

Accepted applicants will be enlisted at Chief Specialists with beginning pay of \$99.00, plus allowance of \$34.50 per month if they have dependents. After a six weeks vigorous course in naval indoctrination and training at Norfolk, Va., they will become full fledged physical instructors and be transferred to the various naval activities.

Applicants must be between the ages of 21 and 35 and have in their possession at time of interview a transcript of their college record, a birth certificate, a small photograph taken within the past week, and a discharge if they have had previous military service. Men without college training should not apply.

USDA WAR BOARDS SURVEY CAR GRAVEYARDS

College Station.—The tens of thousands of junked cars piled in unsightly "graveyards" throughout Texas may soon find themselves on the way to help win the war.

For the county USDA war boards and the WPA are conducting a survey to determine the number of such junked cars there are in the state. A similar survey is being made in the rest of the nation.

With only about half the county reports received, B. F. Vance, chair-board, said it appears there are "from forty to fifty thousand such cars in the state. All of which contain metals vital to the war effort."

The "graveyard" survey was undertaken by the USDA war boards at the request of the War Production Board in all counties. The WPA is making the survey in cities of 15,000 population or more.

Vance cited the reports of a few counties selected at random as indications of what the survey will disclose when completed: Anderson county, 8 yards, 851 cars; San Saba county, 3 yards, 163 cars; Nolan county, 8 yards, 203 cars; Wilbarger county, 4 yards, 344 cars; and Angelina county, 8 yards, 275 cars.

BRIEF ITEMS . . .

Found

... IN OUR EXCHANGES

The defense bond drive that is sweeping the nation is actually getting over so well it is becoming a source of embarrassment to many savings banks. The government has contended all along that citizens should purchase defense bonds out of current savings, but many have gone so far as to withdraw their bank deposits to buy defense bonds. Result is that the drain of cash on some banks is so severe that certain banks in industrial centers find it hard to continue operation without actually selling government securities to raise cash.—The Scurry County Times.

Due to the tire situation, there is growing evidence of the possibility of increased business for many firms in agricultural towns and at crossroads stores. I pointed this out when the rationing went into effect. However, there is also evidence that it will help only those towns that are on their toes. They must tell the people and invite them. Seeing a possible loss many big department stores have increased their advertising. The emphasis is to get people to order by mail. It is something that must be recognized.—Deck Wells in The Wellington Leader.

Pity the poor woman who came to Stamford to visit. She is on her first trip to West Texas and arrived Saturday morning. She has seen a blizzard, accompanied by sleet, turning into snow; a strong south wind, bringing a good part of the shinnery sand through town; the warmest February day in 20 years Monday; overcast skies Tuesday and Wednesday and an elegant spring day Thursday. She cannot understand it. Well, we have been here longer than we like to admit and we can't understand it either.—Olive McDougle in the Stamford Leader.

Manufacture and sale of gas masks and antigas devices for protection against enemy attack was banned March 3 by the War Production Board, unless the masks and devices are actually on order by agencies of the Government, in-

Shelterbelts And Trees

Munday, Texas.—How fast do trees grow? The answer to such a question depends upon a number of things, such as the kind of tree, the care it is given, the kind of soil it is growing on, the amount of moisture available, etc.

The rate of growth varies quite widely. Some species grow more rapidly than others under the same condition.

As an example of what can be expected of some of the trees planted in shelterbelts under average conditions and with proper cultivation at the end of five years they attain an average height of: Sycamore, 12 ft.; desert willow, 10 ft.; apricot, 6 ft.; ailanthus, 15 ft.; soapberry, 5 ft.; Eastern red cedar, 8 ft.; hackberry, 8 ft., and green ash, 8 ft.

While it does not always hold true, it should be remembered that the slower growing trees usually live longer than the faster growing species. This is just one of the reasons that so many different kinds of trees are planted in the shelterbelt. That is, the fast growing tree for quick protection and slower growing for permanent protection.

cluding the Office of Civilian Defense, and are built to Army Chemical Warfare Service specifications. Victory Magazine.

An American aviator in Java was quoted by the press associations as saying the United Nations would win the battle of the Dutch East Indies "if we only had 200 planes." The allies have been too little with too little too many times. Of course, many factors—some valid, some stupid—cause this, but nobody can get-around the fact that "too little" means the war implements just weren't produced. One reason they are not being produced is that in January—the month after Pearl Harbor and Wake Island—43 strikes in war production plants tied up 15,512 workers for a loss of 661,976 man hours, or enough to build four 170-foot submarine chasers.—The Rule Review.

Let's explore the possibilities

IN TIMES OF PEACE the choice was yours. You could decide whether you wanted to trade-in your car every year or two . . . or whether to give it the kind of care which would make it last for many years. That choice exists no longer. Every patriotic citizen must make his car last longer. Since no car can ever be any younger than its motor, you must explore every possible way of saving wear and tear. So keep the following facts in mind when you are deciding which oil to use:

Phillips refines many oils, because car owners' requirements vary as much as their cars and their pocketbooks. But if you want our **best oil**, you need have no doubt, because Phillips frankly tells you that **Phillips 66 Motor Oil** is our finest quality . . . the highest grade and greatest value . . . among all the oils we offer.

Replacing winter-worn lubricant? Making the regular 1,000-mile change? Specify Phillips 66 Motor Oil.

County Garden Project Is Planned for Summer Here

County Garden Project Planned for Summer Here

Prospects for a Knox county school lunchroom garden drew closer when C. R. Elliott, local man, promised six acres of land, without charge to the project for the garden space.

Part of the land is sub-irrigated and will likely grow more than the ten-acre plot used last year. Mr. Elliott also agreed to break the land and have it plowed when necessary. Mrs. Lea, assistant district lunchroom supervisor, has made application on the land for WPA sanction, so that the garden and cannerly project can be carried out, garden workers assigned and the garden space, located three miles south of Munday, can be planted.

Mr. Ayers, local vocational agriculture teacher, is looking for someone to give a tractor terracing demonstration on the plot and hopes to accomplish this soon.

"Last year the garden project gave employment to about fifteen ladies in the Munday cannerly, and they canned several thousand cans of vegetables. Each lunchroom in the county will be asked to give 35 cents per child this year out of the funds they collect during the year or furnished by some organization," stated Supt. Colley, chairman of the Knox county lunchroom garden committee.

The Munday school lunchroom has operated so that all expense has been met out of the normal charges collected each month. This includes grocery bills, milk, natural gas, water, and upkeep on replaceable materials such as broken dishes, glasses, saucers, etc., it also includes cost for painting, calci-

mining or repair of stoves, etc.

The Speech class, only recently having completed short impromptu talks will now practice in class on extemporaneous, the extempore speech, and the mixed method of speaking before a group.

General personality points which contained recent books such as "Magic Words" and Dale Carnegie's "How to Win Friends and Influence People," have been used by the class. Short speeches as introducing a speaker, speech of welcome, presentation, farewell and toasts will be used the next few weeks.

Stamp collections in the Munday school reached \$84.60 for the week ending March 13, bringing the total to \$981.79 and added to the bonds that have been bought, a total of \$1968.75; the schools have a grand total of \$2,950.54 to last week.

Several students have bought defense bonds or turned the stamps bought into bonds recently. Eighth graders have led the school the past several weeks in the stamp purchases but have been pushed recently by the children in the 6B section.

Ag Boys Study Shopwork

During the fifth six weeks course in Vocational Agriculture suitable projects in Farm Shop Work will be introduced.

According to plans made by the Ag boys under the direction of Mr. Ayers, woodworking, which will take up mash hoppers, feed racks, nail boxes, tool box, saw-horse and self-feeders will be discussed.

Using a blowtorch, tinning a copper, soldering holes in various metals, repairing utensils, holes and seams, will be studied in the soldering work.

Tool sharpening, such as wood and cold chisels, plane bits, axes, hatchets and shears will also be studied.

Actual practice will be given the boys in the shopwork located in the basement of the old high school building.

High School Honor Roll Fourth Six Weeks Period

No student in high school was able to get a grade of "A" in each of the four subjects pursued during the fourth six weeks period of the school term. Below we are giving the names of those who almost reached this goal along with the number of A's they garnered:

Ben Bowden, Joe Morrow, and Patsy Kirk, three each.

Mary Lois Beatty, Juracy Jones, Dick Harrell, Doyle Jones, Latrece Johnson, Lillian Cerveny, and Martha Hannig, two each.

Those making at least one "A" are: McCelvey Jones, Herbert Stodghill, Harold Payne, Idella Acosta, Melvin West, Dixie Atkinson, Flora Haymes, Florene Pippin, Willard Reeves, Ralph Tidwell, Betty Golden, Bobby Broach, Eval-Nett Gibbens, Lloyd Zack Gray, Cal Lowry, Joyce Speelce, Neva Gray, Geneva King.

Homemaking Club

The Club elected two delegates, at the last meeting, to go to the Area meeting. These were Jerry Chamberlain and Lillian Cerveny. The meeting was Saturday, March 14, at the Breckenridge school. The delegates had a very enjoyable trip even though they got lost going up there. The program and lunch were nice and the Breckenridge chapter certainly did well in preparing and handling so many guests. Girls from 15 counties were present at the meeting of the house of delegates. It was decided to amend the constitution and leave only one meeting next year because of the present emergency. If this one meeting has to begin to be given up the schools from where the officers are elected will choose someone to take the place. The next meeting will be in the fall at Roby.

Home Ec Club News

The Sadie Hawkins Party finally got there and did we have fun! Everyone was thrilled within an inch of their lives. Coach Perryman changed from school teacher to hobo, and was eating as usual. Miss O'Donnell looked very cute in her pretty white dress with the big sash.

The winners for the best costume were Helen Haymes and Buddie Gafford. Defense stamps were given as prizes.

For decoration frying pans and rolling pins were hung along the walls. And corn shucks and corn were scattered on the floor to make the room look like a barn. Lanterns were also hanging on the walls.

Childish games were played and for refreshments, the girls took their dates to the drug store. And from all reports, the boys would like more of Sadie Hawkins parties.

ties. They kinda like to have refreshments bought for them.

Those who attended the party were:

Rhett Jo White and Brice Dobbs as hillbillies.

Juanice Jones and Charles Reese as Tillie and Mac.

Janie Haynie and Stephen Harrison.

Sue Barton and O. H. Spann.

O'Donnell and Perryman as Annie Rooney and Joe.

Elma Lowe and Harmon Sessions, as Mr. and Mrs.

Joyce Speelce and Bobby Broach, as Dotty Lou and Pete the Tramp.

Lola Jones and Buddy Gafford as Kitty and Kays.

Joyce Milford and Bobby Haymes as hobos.

Loyce Milford and Wayne Blacklock at Lil Abner and Mammie Yokum.

Helen Haymes and Cal Lowry as Sadie Hawkins and Hillbilly.

Margaret Womble and Herbert Stodghill as Jack and Jill.

Jane Campbell and Jimmie Silman, Annie Rooney and Joe.

Latrece Johnson and Ben Bowden.

Billie Lou Speelce and McCelvey Jones.

Sophomore News

Several have just got back from the mumps, although it seems they are just beginning. Everything seems quiet around the Sophomores since Stephen Harrison took the mumps.

We are trying to work harder since we saw our report cards last week.

In English we are learning to make good sentences by which we may write good compositions later on.

We made book reports last week and made posters illustrating the book. Some were very good.

In homemaking, we are learning to make biscuits. They were very good! (Weren't they, girl?)

In algebra, we are learning to work one problem four different ways. Graphing seems to be the hardest method.

In History we seem to have a test most every day. (We wonder what Mr. Perryman's idea is!)

We came down on our stamps last week, but we are going to try to lead M.H.S. this week.

Volleyball

The girls' volleyball team has been invited to attend a volleyball tournament at Sunset next Friday and Saturday, March 20 and 21.

In spite of the fact that several of the girls have the mumps we intend to enter.

Elementary Honor Roll

6A: W. L. Wallace.
6B: Mozelle Booe.
7A: Carolyn Hananah.
7B: Lloyd Haynie.
8th: Janie Spann, Bobbie Marie Boggs, Oleta Norman.

First Grade News

We are progressing nicely on our Dutch Garden. Several of us have made Dutch boys and girls, sail boats, windmills, geese, dogs carts, tulips, etc. We plan to have our garden finished by Friday.

We want to thank Jo Ann Harrell for the pretty Dutch pictures she brought to school. We are enjoying them very much.

We like to write stories about the Dutch boys and girls. Most every day we write a short story about them, and many other interesting things about Holland. By writing stories we learn new words, learn to spell and also to write better.

For The Nurse

President Oscar Johnston of the National Cotton Council examines one of the new cotton nurse's uniforms designed by the cotton industry for women engaged in defense work. Modeling the garment is Miss Ruth Stagner of Water Valley, Miss., student at Belhaven College in Jackson, Mississippi, site of the National Cotton Council's fourth annual convention, January 26-28.

Freshman News

We're sorry to say that many of the Freshmen came from an A or B to a D or F this six weeks. We're really going to have to dig it out—and be in a hurry about it.

Julius Caesar turned out to be an interesting story. We read a page and then stop and discuss it. Mr. Milburn picks the most famous and repeated lines and we discuss them and find the reason they are so famous.

In general math, we have left algebra and have taken up geometry. There are so many rules for making rectangles and triangles, etc., when we could draw them free-hand without the use of a compass or protractor.

The food study would be much simpler if we didn't have to learn about the food values. Proteins and vitamins, as far as we are concerned now, play no vital part in the art of cookery. But some day we are going to wish we had paid more attention in Home Ec classes.

Second Year

The second year class has been enjoying their new work and Play Health Books.

This week the following children are on duty as:

Doctor: Donald Guffey.
Nurse: Myra Sue Ilaeng.
Door hostess: Peggy Massey.
Librarian: Velma Jones.
Housekeepers: Douglas Hulsey and Glendon Wallace.

5-A News

The teacher of this room, Miss Holcomb, is very glad to be back after an absence of nearly two weeks due to illness. We are still having a large number of pupils absent because of the mumps.

Work is being started on a unit about Holland which makes us feel like spring is here. Some very good posters have been made.

Last Wednesday one would have thought it was January 1, again since there were so many resolutions made, but it was only report card day. The wishes are that the resolutions will be fulfilled.

Fourth Year News

We are beginning to feel that spring is in the air. We have made spring posters to put in our room. Some of the posters are about birds, some kites, and some spring flowers. We cut our letters for the posters.

On our way to school we have observed the following signs of spring:

Jean and Joyce have noticed birds.

Alfred has noticed trees bud-

Marie has seen peach blossoms. Ina Mae has observed that the grass is getting green.

Charles Elmo has seen the birds building new nests.

Donnie Lee saw a hummingbird.

Ray Dean says that the plum trees at her house are in bloom.

James has noticed a bluebird.

Kenneth has observed the farmers plowing their fields.

Marguerite has noticed that the weather is getting warmer.

Leonard has noticed people planting gardens.

Elmer Wayne has seen some red ants.

Patsy has noticed some butterflies.

Burna Dean has noticed some wasps.

Donnie Lee Belcher has noticed some grasshoppers.

Eighth Year News

Friday, March 13, the eighth year pupils had charge of the assembly program.

For about forty-five minutes the eighth year pupils were blacked like colored folks and really had a Negro Jubilee. Martha and Mary Alice "hung out the wash." Joe, John, Joseph and Robert told about "Old Black Joe." The "high society ladies" told of their troubles. Wayne and Joan had some "good old jubilee" music. A. T. told of his "number five." Betty Jane showed that "Angelina Johnson comes a swinging down de line." James Hogan was the Jubilee Announcer.

After the program all you could hear was scrub, scrub, scrub, but finally after all the pupils were clean someone said, "After all, it was fun to be like colored folks."

We wonder why:

The boys beat the girls getting clean Friday.

Merle didn't play his guitar Friday.

Robert is called "Podunk."

Louise is so bashful.

Martha is sometimes called "Er."

Johnnie wanted Friday to hurry and come.

There were so many names on a piece of paper found on the floor.

Charles Roden whispers so much.

Everyone is so jealous of the eighth year pupils??

The Eighth year class is still leading in the buying of Defense Stamps! Keep the good work up, Class!

7A News

Carolyn Hannah made the Honor Roll for the last six weeks.

Ronald Foshee, Glenn Ray Morrow, Bobby Howell, Elizabeth Smith, Mary Hope Machen, Joe Frank Bowley, and Gloria Strickland received a certificate for being neither tardy nor absent the last six weeks.

Mr. and Mrs. Carroll Blacklock and family spent last week end in Wichita Falls, visiting in the home of Mr. and Mrs. R. L. Ballinger. They were accompanied by Misses Janette and Jane Campbell who visited their father, R. G. Campbell, who is a patient in the Wichita Falls Clinic hospital.

Munday Seniors Present "Fingerprints" Here Tuesday

Of course everyone is looking forward to Tuesday night, March 24th. What's happening? Why, the Seniors are going to show everyone how well they can act. The name of their play is "Fingerprints," a comedy in three acts and if you miss it you might as well say that you have missed everything because it is the greatest event of the year.

Think it over. You won't want to miss because you will see the county's 1941 best actor, Dick Harrell, who plays the part of a fingerprinter, and if you know and have seen how Dick acts on the stage you won't want to miss it. His name is Hosey Hawks.

The other characters are: Ned Thornydyke, part owner of the ranch, Willard Reeves. Jimmie Lee, partner, Ben Bowden.

Roger Whitney, Jr., a rich city Alec, Charles Baker.

Pamina Thornydyke, daughter of Ned, Dixie Atkeison.

Paulette Whitney, sister of Roger, Florene Pippin.

Mrs. Roger Whitney, Sr., mother of the Whitneys, Flora Haymes.

Miss Amelia Thornydyke, Ned's old maid sister, Mary Lois Beatty.

Mignon Mocaire, French maid, Jean Martin.

Porcelin Purdy, colored cook, Juracy Jones.

Don't miss this play, March 24, at the grade school auditorium, at 8:30. Admission is 10, 15 and 25 cents. The public is invited.

Rev. H. A. Longino of Crowell was here for a while last Monday. He came to take his son, Ted, to Wichita Falls for medical examination and treatment.

Charles Haynie, who is stationed at Sheppard Field, spent the week end in the home of his parents, Mr. and Mrs. Charlie Haynie.

Mrs. Jimmie Silman and Mrs. Sied Waheed and children spent the week end in Lubbock, visiting with Mrs. Silman's daughters, Misses Lorene and Polly, who are students in Texas Tech.

Mr. and Mrs. Claude Hill are the parents of a baby boy, born Wednesday morning.

Wesleyan Service Guild Meets On Monday Night

The Wesleyan Service Guild met last Monday night in the basement of the Methodist church with 13 present.

Mrs. M. F. Billingsley was leader of the program and opened the meeting with a song by the Guild. Mrs. Levi Bowden gave the Scripture reading and Mrs. Billingsley lead a very interesting discussion of the first and second chapters of Genesis.

Several visitors were welcome and are invited to attend the Guild any time.

The meeting was dismissed with the Guild benediction. The next meeting will be Monday night, March 23rd, with Miss Jeanette Campbell as leader.

Present were Meses. Bounds, C. P. Baker, Lane Womble, J. C. Borden, Joe King, K. L. Kirk, Oscar Spann and Billingsley. Meses Ruby Dell Neeb, Elizabeth Mounce, Jeanette Campbell, Merle Dingas and Ruth Baker.

Program Given For Young People Of Goree Church

The young people of the Fundamental Baptist church of Goree met last Sunday night at 7:30 o'clock. A good program was rendered, and the following program was selected for Sunday, March 22:

Topic: If You Love Him, Why Not Serve Him?; introductory talk, Friendship with Jesus, Annie Mae Jones; Acquaintance, Jimmie Ray Couch; Fellowship, Hazel Allison; Submission, Jack Suggs; Service, Heard Crouch; Self-denial, Mrs. Jack Suggs; Sacrifice, Billie Jo Crouch.

New Deal Club Meets Thursday In Mahan Home

The New Deal bridge club met last Thursday afternoon in the home of Mrs. Wade Mahan. Mrs. Fred Broach Jr., and Mrs. Gene Harrell were guests.

In the games of bridge, Mrs. Sebern Jones held high score honors.

A refreshment plate was served to Meses. Broach, Harrell, Jones, W. M. Huskinson, J. C. Harpham, Dorse Rogers, Lawrence Kinsey, Grady Roberts and the hostess, Mrs. Agnes Mayes was a tea guest.

Woodie Strickland of Rochester visited with Rev. and Mrs. Luther Kirk and family over the week end.

Mrs. Gene Harrell Hostess to Sky-Hi Club Wednesday

Mrs. Gene Harrell was hostess to the Sky High bridge club in her home last Wednesday afternoon.

The St. Patrick motif was carried out in the place cards. Mrs. Bob Davy held high score honors. A refreshment plate was served to Mrs. Fred Broach, Jr., and Mrs. W. M. Huskinson, guests, and to the following members: Mrs. E. B. Littlefield, Mrs. Bob Davy, Mrs. Robert Green, Mrs. Travis Lee and Mrs. Jerry Kane.

Shelly Lee Circle Meets Monday With Mrs. Gene Harrell

The Shelly Lee Circle met last Monday afternoon in the home of Mrs. Gene Harrell.

Mrs. W. M. Huskinson gave the devotional and Mrs. Hugh Beaty gave a chapter on the mission study course.

Present were Meses. Jerry Kane, W. M. Huskinson, J. C. Harpham, Dorse Rogers, Bob Davy, Travis Lee, K. L. Kirk and Hugh Beaty.

Munday H.D. Club Meets on Friday With Mrs. Bowley

The Munday Home Demonstration Club met in the home of Mrs. Frank Bowley on March 13.

Mrs. Lonnie Offutt presided. Roll call was answered with "my favorite breed of chicken." Mrs. Andy Hutchenson, poultry demonstrator for the club, gave a report, and Mrs. Don Phillips was selected as clothing demonstrator.

Mrs. Frank Bowley gave a report on the last council meeting. Mrs. Van Zandt gave some very helpful facts on brooding and selecting baby chicks, and suggested that a good dust bath could be made by using wood ashes and sodium fluoride in a frame 4 x 4 to confine the ashes.

Mrs. G. L. Pruitt was a visitor and Mrs. Gollehon is a new member.

Mrs. Agnes Mayes Hostess to New Deal Club Members

Mrs. Agnes Mayes was hostess to the New Deal Club last Wednesday night. Mrs. Fred Broach, Jr., and Miss Louise Atkinson were guests.

High score honors went to Mrs. Dorse Rogers. Others present were Mrs. Grady Roberts, Mrs. J. C. Harpham, Mrs. Lawrence Kinsey, Mrs. Wade Mahan and Mrs. W. M. Mayo.

Hefner Club Has Meeting Tuesday With Mrs. Jones

The Hefner home demonstration club met on Thursday, March 17, with Mrs. Hamp Jones. The meeting opened with member repeating the club pledge.

During the business session, Mrs. E. J. Jones, expansion committee, gave a report of this work. It was voted to ask that Mrs. R. L. Lambeth be selected as council delegate to the district meeting at Graham in April. Mrs. T. C. Martin was received as a new member.

During the social hour a refreshment plate was served to Meses. E. J. Jones, Lessie Jackson, R. L. Lambeth, C. B. Warren, A. W. Aiken, Geo. Weber, F. M. Lambeth, J. T. Murdock, Sidney Johnston, D. T. Standley, Oris Lambeth, J. O. Martin, D. B. Jones and the hostess, Mrs. T. H. Jones.

Dr. and Mrs. Nollie C. Farrington of Fort Worth spent the week end here with his mother, Mrs. W. P. Farrington, and with other relatives and friends. Mrs. Farrington, who was a patient in a Wichita Falls hospital last week, accompanied her son home for a visit.

Mac Haymes accompanied a number of F.F.A. members to Fort Worth and spent the week end there, attending the fat stock show.

Mr. and Mrs. W. W. Kinsey of Crowell were guests in the home of Mr. and Mrs. Lawrence Kinsey last Sunday.

RETURN TO CALIFORNIA
Mr. and Mrs. E. B. Donoho and little son returned to their home in San Diego, Calif., last week after visiting for some time with Mrs. Donoho's parents, Mr. and Mrs. W. A. Harris, and with other relatives in the county.

Ten Food-For-Freedom Meetings Are Held Recently in Knox County

WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent

Mr. and Mrs. Lewis of Seymour visited Mr. and Mrs. Curt Bradley last week.

Mr. and Mrs. Lloyd Jacobs were in Haskell on business last week. Mrs. Buster Jones of Haskell is visiting her parents, Mr. and Mrs. Otis Simpson, at this writing.

Claude Hill of Sunset was in this community on business last Friday.

Maggie Searcey spent last Saturday night with Olive Dobbs of Munday.

Mr. and Mrs. C. N. Smith and daughter visited relatives at Rule last Sunday.

Mr. and Mrs. Roscoe Cranfill and little daughter visited relatives on the Plains last week.

Miss Louise Jacobs of Wichita Falls visited relatives here recently.

Mrs. Jim Proffitt of this community visited her sister, Mrs. Claude Hill of Sunset last Wednesday.

Mr. and Mrs. Melvin Cooksey of Goree visited Mr. and Mrs. J. M. Smith and family last Sunday.

Mr. and Mrs. Wallace Reid and family of Munday visited Mr. and Mrs. Alvin Reid last Sunday afternoon.

Rev. W. H. Albertson and little daughter, Virginia Ruth, visited friends in this community last Wednesday afternoon.

Ruth Harrell of Munday visited friends in this community last Saturday night.

MRS. C. R. HAYMES RETURNS TO MISSOURI HOME FOR VISIT WITH RELATIVES

Mrs. C. R. Haymes of Stamford, mother of Postmaster Lee Haymes, and her daughter, Mrs. C. M. Wyatt of San Angelo, left last week for Washfield, Missouri, for a visit to their old home place.

The occasion was to attend the 50th wedding anniversary celebration of Mrs. Haymes' youngest brother and his wife. This is the first time Mrs. Wyatt has returned to her old home since the family moved away in 1898.

Mr. and Mrs. Eldon McSwain honored Carl Lane with a 42 party last Saturday evening. Carl left Sunday for Fort Sill, Okla., to enter the armed service.

Cake and coffee were served to about 28 guests.

Mrs. A. N. Morrow, who has been ill with pneumonia, is reported to be improving.

The Knox county war board, through its educational leaders, R. O. Dunkle and Mrs. Neva Van Zandt, has just completed a series of informational meetings in the ten communities of the county. As an added effort to help farm people meet their food for freedom goals easily and profitably and consequently to see that our own people and our allies are well fed, points on how to get the job done were given.

Many people who want to help out in the war effort know very little to do after they have bought all of the bonds they can buy. August Schumacher, chairman of the war board, explained the need for more scrap iron and other metals. He pointed out that the present prices afford pay for hauling the junk away besides helping furnish the needed materials for building tanks, guns, etc. He also stated that according to the office of production management, there is enough scrap iron on farms, if used together with other materials to make enough 100-pound bombs to drop one very second of every minute of every hour for over three years.

To stress the importance of proper hog feeding methods, Mr. Dunkle gave a demonstration on using the self-feeder, giving actual results of pig feeding experiments conducted by 4-H club boys.

The need for plenty of all kinds of food for everybody was brought out by Mrs. Neva VanZandt in her talk on victory gardens. Every farmer in the U.S. has been asked to produce all the fruits and vegetables needed by his own family. This would release large quantities of commercially grown foods for our troops and allies. Producing the food at home will put the food right where it is to be used, thus saving trucks and freight cars which are badly needed for other transports right now.

Marvin Allen, AAA administrative officer, explained cotton insurance, showing cotton farmers that insurance pays if only one loss is suffered in seven years.

Farm people are invited to call at either extension agent's office for additional information on reaching the production goals, and at the AAA office to have individual cotton insurance figured.

Mrs. Leonard Pedneau and son of Houston are visiting in the home of Mr. and Mrs. Joe Massey. Mrs. Pedneau and Mrs. Massey are sisters. She will also visit with her mother, Mrs. Felix Josseltt in Haskell.

Deaton Moorhouse of Seymour visited friends here last Sunday.

HEFNER NEWS

Mrs. J. Marlow spent the week end with her niece, Mildred Coffman of Goree, in the Clinic hospital at Wichita Falls. She is recovering from an appendectomy.

Mr. and Mrs. A. W. Aiken and son spent Sunday in Crowell with relatives. A sister, Miss Dorothy Mills, Mr. Aiken's brother and wife of McCauley visited them last week.

Mrs. Ed Jones is a guest of her daughter in Dallas this week.

Mr. and Mrs. E. J. Jones and family recently visited their son, Leo Jones and wife in Sweetwater.

Mrs. Lessie Jackson spent last week at Vera with her son Buster and family to help nurse the measles.

Mmes. Carl Jones, Mary Gilmore of Artesia, New Mexico, spent the week end with Mrs. Lee Boggs and family.

Mrs. J. E. Cure has as her guest her sister Maude of Plainview.

Mr. and Mrs. D. B. Jones have returned from a visit with Mrs. Trimble and other sisters and brothers at Dodsonville.

Marion Jones and family spent Sunday at Bomatron. Their son Jerry remained to spend week with his grandmother Worley.

Mrs. T. W. Williams of Wichita Falls spent a few days with Mrs. Roy Jones and family.

HAS APPENDECTOMY

Patsy Ruth Mitchell, daughter of Mr. and Mrs. A. H. Mitchell, underwent an appendectomy at the Wichita Falls Clinic Hospital at 9 o'clock Wednesday morning. Mr. and Mrs. Mitchell were called to Denton Tuesday afternoon. Latest reports from the hospital are that Patsy is getting along fine.

Mr. and Mrs. Ben Yarbrough and Mr. and Mrs. Clay Grove were in Seymour last Wednesday afternoon to attend the funeral services

for S. L. Dennis, well known Baylor county farmer.

Ross Bates of Goree was a business visitor in town last Wednesday.

Buster Chamberlain and Billy Moore were in Fort Worth attending the Fat Stock Show last week end.

Mr. and Mrs. Woodrow Thompson attended the Fat Stock Show in Fort Worth last week end.

Honor Roll—Fourth Six Weeks

12th Grade: Polly McAfee, Wynell Lowery, Evelyn Offutt, Jane Burton, Jenell Smith, Randall Stogner, Jeanette Partridge.

11th Grade: Charles Wright, Glyndolene Frost.

10th Grade: Winona Cheek, Nelda Matthews.

9th Grade: Christine Lindsey, Mart Hardin.

8th Grade: T. W. Hertel.

7th Grade: Jo Ann Whittemore.

6th Grade: Doris Wayne Phillips.

5th Grade: Edith Frost, Patsy Matthews.

4th Grade: Royce Reddell, Lois Reddell, Betty Sae Yost, Betty Matthews, June Lowrey, Ethel Hodges, Martha Gentry, Lou Campbell.

3rd Grade: Gloria June Michels, Ivena Harber, Gladys Simmons, Coy Phillips, Jr.

1st Grade: Lynwood Frost, Donnell Phillips, Elaine Nix, Faye Lowrey.

of the new baby brother in her home. His name is James Howard Hill. Emogene says he is a very good baby—doesn't cry except when he has a bath.

Elaine Nix went with her parents to visit her grandmother Crouch at O'Donnell over the week end. She had a very good time. She brought back two cactus plants.

Faye Lowrey's aunt, Mrs. Jordan of Goree visited the Lowrey's Sunday.

Donnell Phillips visited her grandmother on Sunday.

Barbara Jo Johnston went to Sunday School and church in O'Brien Sunday.

Wilma Dean Harmon visited her sister in Weinert over the week end.

Grandma Burns of Munday visited Jack Hardin Sunday.

We are working on Easter decorations. We already have a bunny border and have colored some more Easter papers.

Lynwood Frost of the first grade is reading in his 13th book and is doing second grade spelling.

One group of first grade girls is reading in their 10th book. Each of these girls usually make a hundred in oral reading.

Watch for further information on the Senior play "Look Who's Here"

Third Grade News

June's father and brothers and Lynn Myers went to Camp Berkeley to see her uncle J. C. Walling.

Ivena Harber went to Abilene also, and visited Camp Berkeley.

Gerald's uncle, Morrison Harber, is home for a vacation.

Fifth Grade News

The new ones on the honor roll are Patsy (Matthews and Edith Frost.

We have a new girl in our room. She is Joan Tackitt. She came from Brock school.

We have Easter posters up. We hope to have a very good Easter hunt.

For listening pleasure in our

group Tom Sawyer is being read.

Watch for further information on the Senior play "Look Who's Here"

Fourth Grade News

Royce Harber went to Abilene Saturday and saw the soldiers on parade.

Betty Matthews came to school this morning with a black eye—she said she fell down and hit it on a wheel—sounds logical but not practical.

Martha Jane Gentry had relatives to visit her home this week end.

Ethel Hodges has the mumps.

In arithmetic we are studying long division.

Sixth Grade News

Billy Jo's Uncle George and Aunt Ellie Lane of Cleve, Texas, visited him Sunday.

Friday our English Club will conduct a quiz program. Class president Charles Hardin will preside.

Immediately each of us will make specific plans for our own private defense campaigns this summer.

Our plans will include greater cream production, increased laying average among our hens, saving tin foil, iron, paper, and cutting down needless expense enabling us to buy more stamps and books.

Best citizens for last Friday were Joe Edd Swett and Teresa Harber.

Our one honor roll student was Dorris W. Phillips.

Myrtle Tackitt is a new pupil in our room.

Seventh Grade News

We are over our six weeks exams and most of us have passed them.

We are sorry to say there have been several cases of mumps and scarlet fever in our community.

Best citizens in this group last week were Jo Ann Whittemore and Dorman Followitt.

For a diversion in reading we have been enjoying Harper's magazine and Reader's Digest.

Sport News

Don't forget the volleyball tournament to be held at Sunset on Friday night and Saturday, March 20-21. The volleyball team is looking forward to the coming tournament with eagerness. They are all "fit as a fiddle" and are ready to play.

They urge each and every person to attend since there is to be a full time entertainment. Also this tournament is for the benefit of the school, therefore the general public of Sunset should attend, with many yells and much enthusiasm for their team.

Wittiest of All

When all the Seniors of Sunset were small tots in the third grade their school room was brightened one morning as a small athlete came tripping in. His first day at dear old Sunset was spent in total embarrassment, because he had not learned the witty personalities which crowded the classroom, but but now he possesses more clever wit than his classmates ever knew.

One can now see this young man laughing and smiling as big as 18 years before on February 21, 1924 he was giving forth with echoes of loud screams.

This green-eyed brunette of five feet eight has been very active in the school activities having played two years of baseball, and one year Junior basketball in grammar school. Since entering high school he has been the pride of the Senior class, holding a record of one year Junior basketball, three years senior basketball, two years football, and two years track. He has lettered two years in football and three years in senior basketball.

This is why we realize the significance of his receiving a lovely school jacket this year.

Haven't you guessed who this great personality could be? It is no other than Rufus Frost who leaves this wish for the next Seniors: "Exactly nothing."

Some of his favorites are: Song: "How About You?" Color: The same old color.

Sport: Basketball. Pastime: Eating.

LOCALS

Sheriff Louis Cartwright was a business visitor in town last Wednesday.

Mrs. W. M. Mayo, Mrs. Agnes Mayes, and Mrs. John Coffman and Mrs. Will Ratliff of Goree spent last Friday in Wichita Falls.

Mae Haymes and Lowell Cure spent last week end in Fort Worth visiting with friends and attending the Fat Stock Show.

F. C. Bolton of Weco, president of Wm. Cameron Lumber Co., was a business visitor in town last Tuesday.

Dovle and Billy Snody, sons of Mr. and Mrs. Bill Snody, left on Wednesday of last week for Midland where they have accepted positions at the Midland flying school.

Announce Tire Life Extension Plan to Public

CHECK ON MILE-ROBBING TENDENCIES OFFERED BY LOCAL DEALER

Through all the welter of suggestions, ideas and instructions being broadcast about how to take the best care of one's automobile tires to make them last longer and serve better, comes announcement that the store of J. E. Reeves, local tire man and proprietor of the Reeves Motor Co., has been made an official Tire-Life Extension Station by The Goodyear Tire and Rubber Co.

"Advantage of not trying to do one's own tire service and check-up work should be plainly evident to the average car owner, who at best has but a general idea of what is happening to his tires. Whereas, the dealer, who for years has specialized in tires, servicing, diagnosing their troubles and remedying them, is fitted to discover in advance any mileage-robbing tendencies and correct them before it is too late. Or, if the troubles have become aggravated, he is equipped to handle needed repairs that will save the remaining mileage in the tire.

"The tire expert, abreast of the latest developments and findings of factory engineers, is moreover, equipped to handle any of the services that the tire may demand.

"Brakes out of adjustment will easily remove tread rubber from a tire, without the car owner being able to detect the difference in any one of his individual brake's action. But the trouble is there just the same, and before he knows it, miles of rubber will have been scuffed off on the road. Tests have shown for instance, that on a medium weight car with one brake improperly adjusted the tire on the wheel affected can be de-treaded at one spot, in only one brake application, if the brake is held till the car is brought to a standstill from 85 miles an hour.

"Unbalanced wheels are not always detectable either. Their action is not always felt at the steering wheel until they have done considerable damage to the tires, wasting rubber, when it becomes plainly evident to the driver thru uneven steering. But that's too late to save much rubber," Mr. Reeves pointed out.

"Another ailment which costs car owners considerable lost tire mileage, but which is usually not discovered until the damage has robbed him of many valuable tire miles is wheel misalignment. Here again, the driver usually cannot discover this fault for himself until he has lost a good deal of the rubber, because wheels out of alignment will literally be dragged across as much as a mile and a half in every 100.

"These are but typical of a large list of small troubles which we are in position to correct early in the life of your tire before they have lost considerable mileage. Most of these tendencies begin with slight maladjustments which rapidly develop into major troubles at high cost to the owner, who will be unable in many cases to replace his tires when they have been abused beyond salvaging.

"Our Tire-Life Extension Policy and equipment to put it into effect is the best way the car owner can be sure he is not knowingly and unnecessarily driving himself right out of good tire mileage. He will find our staff of experts ready, willing and courteous in giving him every attention."

CHURCH OF CHRIST ANNOUNCEMENTS

Carl A. Collins, Minister
 Sunday Morning Services
 Bible School, 10:00.
 Worship hour song service, 11:00.
 Sermon, 11:15.
 Sermon Subject: "The Power and Necessity of Prayer."
 Communion, 11:45.
 Benediction, 12:00.
 Sunday Evening Services
 Young People's services, 7:30.
 Worship hour song service, 8:30.
 Sermon, 8:45.
 Sermon Subject: "Sanctification."
 Benediction, 9:30.
 Week-Day Services
 Ladies' Bible Class, Monday at 3:00 p.m.
 Prayer meeting, Wednesday at 8:30 p.m.
 The Bible being true, no normal adult can go to heaven without being sanctified, neither can he get there without prayer. These subjects, as to what the Bible says about them, will be discussed Sunday. You are invited to come and study them with us. It might mean the difference between heaven and hell to you.
 We welcome everybody to all services.

not know exactly what provision will be made for those physically unable to go to the school house, but there will be a way for them to secure their booklets too, we are sure.

In the meantime let us urge everyone of you to get rid of your excess stock of sugar if anyone still has a surplus. You will be forced to certify, and this will be binding, how much sugar you have on hand. There is a severe penalty for anyone giving false testimony on this matter. Your merchant will take this sugar back now, and that would be so much better for everyone concerned. You will be allowed to keep about two pounds per family, for amounts over that stamps will be torn from your book when you get it, provided you do not have more on hand than your stamps would entitle you to, in which case you would not be issued a book. Our government has promised that more sugar will be available when the canning season comes, so there is no excuse for anyone hoarding sugar for that reason.

The date for the rationing will no doubt, be widely advertised by radio, newspaper, and word of mouth, all of us can very easily know the time. Let us then be ready when that time comes.
 Knox County Rationing Board

Mr. and Mrs. Dick Atkinson and daughter, Dixie, and Billie Marvin Huskinson went to Quannah last Sunday to see Ann Atkinson, who is home for a few days visit. Ann visited in the home of Dr. and Mrs. E. M. Roberts in Amarillo Friday and Saturday.

Wade Mahan made a business trip to Seymour last Thursday.

Mrs. A. V. Kemetz of Stamford spent several days this week in home of her mother, Mrs. Louise Ingram.

Wade Mahan made a business trip to Seymour and Threehinton last Tuesday.

Wade Mahan made a business trip to Seymour last Thursday.

Mrs. John Ingram and little son, Bob, spent the week end in Dallas, visiting with Mr. Ingram, who is employed with the post office department in Dallas. Mrs. Ingram is teaching in the Sunset school.

 Grade School Room IV: Adelaide Kuhler

We have begun studying the Texas Constitution. We have finished the study of the Bill of Rights and have begun on the Powers of the Government. We find the subject very interesting.

We have taken our final test in Economics.

Seniors On Parade

Roselia Lorán
 Roselia was born in Rhineland on March 29, 1925. She has received all of her schooling in the Rhineland school. She likes to dance and aggravate the students. She plans to enter a business college after she graduates. Some of her favorites are:

Song: The Shrine of St. Cecilia.
 Colors: Beige and brown.
 Subject: Economics.
 Habit: Pinching people.

Junior Report

Exams are over, which, by the way, is the reason that the Juniors are happy again. We all made pretty good grades. We found we still do not know our angles well enough. The state exams are just around the corner.

In poetry we have been reading about some of the most important parts of our country. Some of them are: Whitman, Dickinson, and others.

We have finished the chapter on the Civil War in history and find that a few principles came out of it. One was that no state could secede from the nation any more.

Sophomore Report

We have often heard that we should keep paper for defense and not throw it away or burn it; so we are collecting and preserving all scrap paper for defense.

In biology we are studying the different parts of a frog. In order to understand this part more fully, we cut open the frog and get first-hand information about it.

Freshman Report

The class is really glad that the tests are over for another six weeks. Everyone was dreading them. The worst grades were made in science.

In science the class started collecting pictures of all kinds of

transportation. This week we will study how a man uses six simple machines.

We Wonder Why

The boys like to read funny books. Charles has been writing so much lately.

Harold has to laugh so much. Would It Be Funny If—Magdalen had brown eyes. Marvin liked school. Alvin didn't wear specs. Raymond likes girls. Walter was short and fat.

News of Room III

We are all glad exams are over and that nearly everyone passed.

We Wonder Why

Gene didn't hand in any of his notebooks.

Louis made so many low grades in exams.

Mary Ann was absent Monday.

Blue Monday, Mary Ann?

The glass of George Washington's picture is broken. Know anything about it, Robert? Erasers are not made to throw, you know.

Louis was so happy Monday

afternoon—singing and humming so much.

Alvin has to move from the back of the room to a front desk. Better start behaving, Albert, or you may have to sit there the rest of the year!

A certain boy fixed LaVerne's rosary.

Jewel Marie made such high grades in exams. Studied, eh?

Arlene likes to print someone else's name on her paper.

Margarita had her hair curled so pretty Monday morning? Going some place?

Veronica doesn't want her name in the paper. Now, Veronica, you really don't mean that, do you??

Report From Room IV

The seventh grade pupils are learning the Preamble to the Constitution of the United States.

We made better grades than we expected in our tests.

Everyone feels much happier now that they are over.

We Wonder Why

Herbert wasn't in school Monday?

Adelaide was ill Sunday?

Donald likes to play marbles? Eddie is always smiling?

Betty Lou made such a good grade in English?

John Ed likes to read funny books?

Maxine was so happy last Friday?

Herman hates Texas history? Sue likes to read stories?

Marion wins so many marble games?

Miss Claus was so happy the other day?

Was it because of the birthday present we gave her?

Sam Cooksey of Baird has returned to his home after a two-weeks visit with his cousin, Harper Cooksey, and his family of Goree.

Mr. and Mrs. Chas. Moorhouse of Benjamin were visiting friends here last Saturday.

People, Spots In The News

SKI TROOPS—Over mountains and through snow go Uncle Sam's crack para-ski troops of the 383rd parachute-ski battalion during recent maneuvers in rocky mountains near Alta, Utah. (Official U. S. Signal Corps Photo.)

STAMP-A-DAY!—A. B. Blanton, manager of Schenley plant at Frankfort, Ky., announced unique "defense stamp-a-day" purchase plan originated by employees here is spreading rapidly, and has already been adopted in stores and factories throughout the area. Maintained voluntarily by employees, plan is setting 100% batting average at Blanton's plant, he said.

Annual Safety Meeting Will Be Held in Dallas

Austin.—Several thousand Texans are expected to attend the 4th Annual Texas Safety Conference in Dallas, April 13-14, it was announced today by George Clarke, managing director of the Texas Safety Association.

Local public officials and civic organization leaders have been invited to attend the conference which will feature more than thirty subject sessions on traffic, industrial, school and home safety. Sixty-five national and state experts will speak on the two-day program which will feature the theme, "Safety—Vital to Victory."

Mayors of 11 Texas cities will receive awards in the 1941 Texas Traffic Safety Contest at the conference banquet, Monday evening, April 13.

A special feature of the banquet will be the recognition of the 4th Texas Legislature for passage of "Texas" model traffic safety laws. Senator George Moffett and Representative Grady Roberts have been invited to attend the banquet. Speaker of the House Homer Leonard and Senator W. L. Winfield, of Pecos, president pro-tem of the Senate, will receive the testimonial awards from more than 30 state organizations sponsoring the traffic safety legislative program.

Special emphasis will be given to traffic safety problems arising from congested areas of military and industrial traffic at the conference.

Virgil Hollingsworth and wife of Amarillo visited with Mr. Hollingsworth's sister, Mrs. Harper Cooksey of Goree, and her family last week end.

Mr. and Mrs. Howard Collins, Mr. and Mrs. Paul Pendleton and Mr. and Mrs. L. M. Palmer were visitors in Abilene last Sunday.

Mr. and Mrs. C. W. Selman and son, C. W. Jr., spent last week end in Paris, Texas, visiting with relatives and friends.

Mr. and Mrs. Phil Lowry were business visitors in Knox City last Saturday.

Serial Numbers to Knox Registrants

Listed below are the serial numbers of Knox county registrants whose names were left out last week, due to lack of space:

- T-480 J. W. Rosenburg, Knox City
- T-481 D. V. Gilbert, Benjamin
- T-482 B. T. House, Benjamin
- T-483 E. L. Hall, Benjamin
- T-484 A. Guzman, Benjamin
- T-485 J. B. Cornett, Benjamin
- T-486 H. L. Moore, Goree
- T-487 Roy Scott, Munday
- T-488 G. J. Petrus, Munday
- T-489 J. H. Bellinghausen, Munday

PROTECT YOUR HEALTH... AND YOUR COUNTRY TOO!

● You can do this by Patronizing the MUNDAY DAIRY!

"Buy Defense Bonds" "Keep 'Em Flying" ... These words on the bottle cap denote that the milk comes from the Munday Dairy. When you find them on the cap, you know you are getting Munday Dairy milk.

As a further patriotic move, our gross receipts from each Saturday's sale are being placed into Defense Bonds and Stamps.

Munday Dairy milk is on sale at the following Munday stores: Keck Grocery, Holder's Grocery, Clover Farm Store, and Blacklock Grocery. Help us to help our country ... when you buy milk designate that from

Munday Dairy

Deferred Men May Qualify For Officer Training

A telegram from Selective Service Headquarters, in substance as follows, is published for the information and guidance of all concerned.

The War Department has announced this in the near future selective service registrants who are deferred solely because of dependency will be given an opportunity to qualify as officer candidates by volunteering for induction through selective service.

Pending further information, registrants inquiring concerning this should leave their names and addresses with their local boards for future consideration.

J. Watt Page,
 Brigadier-General, State
 Director of Selective Service.

War Production Board Explains Soldiers' Needs

In response to numerous inquiries, R. R. Guthrie, chief of the Textiles, Clothing and Leather Goods Branch, explained today the official position of the War Production Board on the question of women knitting sweaters for soldiers and sailors.

"The War Production Board," said Mr. Guthrie, "does want women to knit sweaters where absolutely needed by the armed forces and where the commanding officers ask for the supplies."

"It is our opinion that the average soldier and sailor is adequately clothed by the Government and doesn't need additional clothing. However, there are exceptions. Our boys in Iceland are such an exception. They can make good use of additional clothing. The same may be true of soldiers sent into the field on long campaigns."

"On the whole, we don't want a broad wave of knitting that will consume millions of pounds of wool that is needed for more essential purposes."

"That is the system we have set up with the Red Cross. When a commanding officer desires such additional clothing as sweaters, he will apply to the Red Cross, the Red Cross will then arrange for the sweaters to be knitted."

"In this way, every sweater knitted will serve a good purpose and there will be no waste of material, to say nothing of the labor of some patriotic woman. We welcome the

cooperation of women in knitting for the armed forces things they need, after the commanding officers have informed the Red Cross of these needs."

No doubt about it

CERESAN COTTONSEED TREATMENT PAYS!

There's everything to gain, and nothing to lose, when you plant CERESAN-treated cottonseed! CERESAN generally reduces seed rotting, soil-burn and certain other surface seed-borne diseases; commonly gives stronger stands; usually increases yields, often 10 to 25%. Oklahoma Agricultural Experiment Station, Stillwater, quotes progressive planters as reporting that treated seed often "pays for itself by allowing lower seeding rates, by simplifying the planting operations, and by improving the regularity and quality of the stand." CERESAN costs little, is easily applied. Get it from your dealer to treat your own seed, or buy seed marked with the CERESAN Certificate Tag.

TREAT OTHER SEEDS, TOO!
 Use Semesan Jr. for corn; New Improved Ceresan for small grains; Semesan for vegetables; Semesan Del for potatoes.

Defense Club
 The Defense Club met Friday, March 13. There was very little business. Bonnie Parker, secretary, was not present, therefore, we did not have the reading of the minutes. There was no program. We had a short discussion on defense, and adjourned.

Sports Report
 The basketball boys were guests of the volleyball girls last Friday night. The affair was a picnic given in the Knox City park. Everyone had a swell time and the boys wish to thank the girls very much.

The athletic banquet will be given April 24 in the gymnasium of the Benjamin school building. The tickets are now on sale, and can be bought from any football or basketball boy. The tickets are sale early in order to get money to buy the jackets and have them ready to be presented at the banquet.

A. B. (Bugs) Morris, coach at A.C.C., will be the principal speaker. Those attending the banquet will be served a chicken dinner and Mr. Morris will show some football pictures.

Sadie, The Snoop
 Does anyone know how much weaning size pigs are bringing? Can you make any money selling them, Perry?

Who is this gal, Faye, that Pete and Vernie are rushing so much? Vernie, do you know a curly, red-headed boy from Crowell?

Pete did you and Vernie lose anything in a pickup the other night?

Mat, how do you like English grammar?

Senior Report
 The Senior class wishes the Juniors much success with their play, which will be presented Friday night. In return for the co-operation they gave us when we were giving our play, we want to help them in every way possible. We are also looking forward to that Junior-Senior banquet.

Junior Report
 This is the great Friday night for the Juniors. For Friday night we are presenting our play, "Betty, the Girl O' My Heart." We want everyone to come, and we can assure them they will enjoy the play a lot.

The prices of admission are 10c for grammar school pupils, 15c for

high school pupils, and 25c for adults. Everyone come!

Freshman Report
 Someone in our class is missing; we don't know why, but she may be out prospecting for a new boyfriend.

These are the clues: She is about five feet, two inches tall, weighs 98 pounds. She sings "Blues in the Night," but usually dances to "Deep in the Heart of Texas." She has hazel eyes and fair complexion and brown hair. Can you guess? You are right! It's Peggy Stark, the class secretary!

It's Kite Time; Rules for Safe Flying Given

It's kite-flying time again. And the West Texas Utilities, momentarily forgetting the many problems of war in many lands and the difficulties of maintaining good service in the face of wartime handicaps, is taking time out for a humanitarian war it has waged for long years in the past.

Instead of conflict to inflict injuries, it's a fight to prevent injuries.

The company is again calling attention to the dangers of kite-flying, repeating a familiar slogan: "Have fun with your kite—but fly it safely!"

Among rules children should observe are these:

Watch out when crossing streets with a kite in tow. Keep to the open spaces and away from wires of all types. Don't use wire or metal on any part of the kite. Don't use string with wire in it. Keep the kite dry. Don't climb poles if the kite becomes caught in wires.

"Serious and even fatal accidents have resulted from kites coming in contact with high tension wires," cautioned A. H. Mitchell, W.T.U. local manager. "We want to help keep all children safe from harm."

Orrin Joe and Jeff Dean Bowden, who are attending Hardin-Simmons University in Abilene, spent the week end here with their parents, Mr. and Mrs. J. O. Bowden.

Mrs. Erna Mae Lee returned to Wichita Falls Sunday after spending the week with her mother, Mrs. A. F. Huskinson, who has been ill.

Mr. and Mrs. Payne Wood of Littlefield and Mr. and Mrs. Travis Jones went to Fort Worth the first of this week to attend the Fat Stock Show.

Corp. Dan Billingsley, who has been in special training at Camp, Ill., spent the week end here with Mrs. Billingsley and with his parents, Mr. and Mrs. M. F. Billingsley. Dan has been returned to the Sherman, Texas, air school.

Cattlemen's V For Victory

Every pound of meat saved for home use releases that much Food-for-Freedom to help feed America and her armed forces, so Texas County agents are brushing up on their meat butchering. In one school on the Caldwell Ranch, Taylor County, Roy Snyder, animal industries specialist of the Texas Extension Service, is showing his "students" how to make a perfect beef cattle "V for Victory."

Goree News Items

Goree Pupils Organize For Uncle Sam

On Friday, March 13, the eighth year pupils of the Goree School enjoyed a class party in the gymnasium, where various games and contests followed by refreshments consisting of soft drinks and candy marked the culmination of an enthusiastic and worthwhile contest which had its beginning in a Citizenship Club meeting on February 4th.

This class had been owners and purchasers of Defense Stamps since early in November when they were the first group in school to reach the 100 per cent mark in Defense Stamp ownership, but in a round table discussion they came to the conclusion that few if any were doing as much as they could or should along this line and that an organized effort should be made to induce each pupil in school to become a habitual purchaser of Defense Stamps to the extent that his means would permit.

With this end in view the class divided themselves into two groups of nine pupils each with Captains Nelda Loving and Marta Ann West in charge. Three committee chairmen were appointed for each side to be known as the Razor Blade, Collapsible Tube, and Defense Stamp chairmen, whose duties consisted in organizing their respective committees and putting them to work, and the keep of a systematic record of the results from the collection of discarded razor blades and collapsible tubes and the sales of Defense Stamps and Bonds on each Wednesday. The razor blades were to be sold to junk dealers and the proceeds were to be put into the class treasury. The tubes are for Uncle Sam. But the sale of the Stamps and Bonds were chief objective. Each razor blade counted one point, a tube counted three, and each penny for stamps counted one point in the contest. On each Wednesday an Honor Roll of those who had made purchases of Bonds or Stamps through the class was posted in a conspicuous place in the grade school building. The losing side were to entertain the winning side at the end of the contest, which was to last four weeks.

The success of the project far exceeded that anticipated by the class, and at the end of the four weeks about thirty pounds of razor blades and more than a hundred tubes had been turned in. The thing which brought the greatest satisfaction to the group however, was the fact that they had succeeded in selling something over \$135 worth of Stamps and Bonds, most of which represented purchases made by grade school children. While this figure does not begin to represent the total sales of Stamps and Bonds to school children during this period, it does not include many individual purchases made by pupils who prior to the beginning of the contest had made few and in some cases no purchases.

With the unanimous approval of the class a new contest was organized with Captains Jack Turner and Jim Earl Hamons in charge, and to date additional sales amounting to more than \$60 have been made. The motto of the Eighth Year class is: "It is not how much you buy that counts most, but rather the fact that you

are willing and ready at all times to do all you can."

This contest was sponsored by the room teacher, Mrs. J. H. Bardwell.

Mr. and Mrs. C. C. Brown made a trip to Sheppard Field, where they visited their son, Claud, who is in training there. Louis has been transferred to Detroit, Mich., and John is at Eglin Field, Fla.

Miss Joe Moore of Fort Worth is visiting home folk here this week.

Alfred Mortis Troy left February 18 for Camp Wolters. Since then he has been transferred to Camp Haas, Riverside, Calif.

Mr. and Mrs. F. S. Jones of San Angelo and Miss Gladys Jones of Littlefield, met Mr. and Mrs. Sam Hampton in Sweetwater in the home of Mr. and Mrs. Leo Jones last Sunday.

J. W. Arnold, Jr., of Rotan was a Goree visitor last Thursday. J. W. was here to attend the funeral of his grandmother, Mrs. Susan Shaw, who died at Seymour Wednesday and was buried at Bomarton on Thursday. Mrs. Shaw was a pioneer settler of this section.

Others attending the funeral were Mr. and Mrs. H. D. Arnold and family, Mrs. J. W. Fowler, Mr. and Mrs. Edwin Beatty and son and Clyde Patton.

Dr. and Mrs. W. M. Taylor attended the district medical meeting in Abilene last Tuesday.

Mary Jane Duncan is spending

 (Re-Election)

a few days in Wichita Falls, visiting with relatives.

Mr. and Mrs. W. A. Duncan of Haskell were visitors here Saturday on their way to Wichita Falls and Electra.

Mrs. Everett Pruitt spent the week end in Goree with relatives. Mrs. Bryan Lawson of Rule spent the week end in Goree visiting her father, Jeff Roberts.

Mrs. E. E. Cockrell of Westover was a week end visitor in the home of her parents, Mr. and Mrs. J. M. Morton.

Mr. and Mrs. Ira Staleup made a trip to Benjamin last Sunday to take Mr. and Mrs. Ben Williams and Mr. and Mrs. John Williams. John left from Benjamin to go to Fort Sill where he will enter service. Mrs. Williams returned to Rule where she is a teacher in the school.

Mrs. L. W. Peyton and daughter, Sue Ann, of Archer City were week end visitors in the home of Mrs. Peyton's parents, Mr. and Mrs. Ben Williams.

Harvey D. Arnold, Carl Lane, Bud Hargrove, Bull Garrett and John Williams, all of Goree, left last Sunday for Fort Sill, Okla., where they will enter the armed service.

Mr. and Mrs. W. A. Huff and son of Munday were Sunday visitors in the home of Mrs. Huff's parents, Mr. and Mrs. J. M. Rister.

Mrs. J. R. Roberson of Graham was a recent visitor in the home of Mr. and Mrs. Clyde Patton. Mrs. Roberson is a sister of Mrs. Patton.

Mr. and Mrs. Felix Harlan of Cooper were visitors here the past week end in the home of Mr. and Mrs. Jack Fowler. (Mrs. Fowler returned home with them to spend several days.

Mildred Coffman, who is a patient in the Wichita Falls Clinic hospital, is reported improving.

John Adams of Spur, old time resident of this section, was a visitor in the home of Mr. and Mrs. J. W. Fowler the past week. Mr. and Mrs. Levi Cowzar made a trip to Breckenridge Sunday. Mr. Cowzar says that Breckenridge is not the place it was when he lived there.

Officers of the Goree homemaking club were visitors in Breckenridge last Saturday. Those attending were: Misses Almarine Nunnally, teacher, Roberta Ratliff, and Clydeen Warren.

Jonell Fitzgerald is on the sick list this week.

Porter Fitzgerald is visiting home folks this week. Porter is on a ten day leave from Camp

Houston. Norris Fitzgerald of Odessa was also here for the week end.

Out of town people here to attend the funeral of Mrs. Susan Shaw were: Mr. and Mrs. Paul Shaw, Mr. and Mrs. Lester Shaw, Fort Worth; Mr. and Mrs. Hollis Shaw and Bill Walters of Rotan, and Mr. and Mrs. Walter Altman of Lubbock.

Mrs. S. E. Stevenson is on the sick list this week.

Miss Esther Lee Covey, Mrs. Cherry Moore and daughter, Brenda Kay, and Mrs. Foy Bain Barnett spent the week end with relatives in Fort Worth.

Mrs. Jack Coy and little daughter of Old Glory, are visiting Mrs. Coy's parents while Mr. Coy is in the hospital in Fort Worth.

An announcement has been made that the regular Friday evening singing services at the Four Square Gospel Church have been resumed, and everyone is invited to attend.

Rev. S. E. Stevenson will conduct a Baptist Training School beginning this week. This will be very interesting and everyone is invited to come and take part.

Mr. and Mrs. J. C. Harpham and Mr. and Mrs. Dorse Rogers and son Bill, all of Munday, were guests last Sunday in the home of Mr. and Mrs. Barton Carl.

Lemuel Clarke of the Medical Detach., 436 Tank Destroyer, Camp Bowie, Texas, spent last Friday with his parents, Mr. and Mrs. Tom Clarke of the Sunset community. Lemuel is expecting to be transferred to Camp Blanding, Florida, in the near future.

Don Ferris and Jim Reeves were business visitors in Benjamin last

Tuesday. Mr. and Mrs. Charlie Moushoun of Benjamin were business visitors in town last Tuesday.

Mr. and Mrs. J. P. Tolson and daughters of Benjamin were business visitors in the city Saturday afternoon.

Mr. and Mrs. Lyle Stodhill and daughter, Sue, and J. D. Marlow of Seymour returned last Sunday night from a trip to Arizona. Sue also visited in California.

Rhineland News

Dorothy Koenig left this week for Wichita Falls, where she will take a business course.

Mrs. F. M. Andrea and Mr. Herman Andrea of Winters, Texas visited here last week.

Mrs. Johny Andrea of Cameron, Mrs. F. M. Andrea and Mr. Herdres here last Monday.

Lawrence Wilde, Robert Abbas, Ralph Loran and Bernard Klug left for Fort Sill, Oklahoma, last Sunday to enter the armed forces.

Need Auxiliary Firemen Here Fire Department Asks For Volunteers Of All Ages

In an urgent appeal for volunteers in the auxiliary fire corps for Munday, the local fire department this week mailed out a number of letters requesting a meeting of all who are interested in the movement. The letter, which is self-explanatory, follows:

Dear Sir:
We are living in a day of emergencies. All communities are losing the services of their younger men to the greater service of our country. Some of the activities of these men (MUST) be replaced by the older men when the occasion arises.

The Board of Insurance Commissioners of Austin has put out a state-wide request, through the mayors of each town, asking the formation of an Auxiliary Fire Corps.

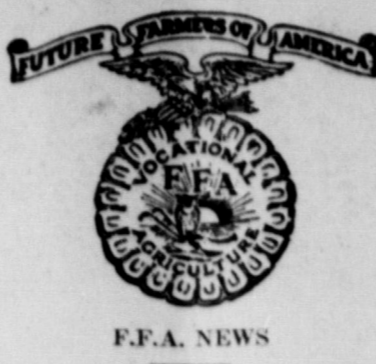

There are many reasons for the formation of this Corps throughout the state. It is likely that many of these reasons would not apply to our community, but there is one very good reason why Munday needs an Auxiliary Fire Corps. Munday has a volunteer fire department consisting of 18 members. All but three are members of the Texas Defense Guard. If the Guard should be called out in an emergency, there would be no fire department able to fight fires. Any loyal citizen, taxpayer or property owner knows what that means.

We, as your volunteer fire department, serving without pay, have managed to give you the advantage of the lowest rates in fire insurance possible, by fulfilling the requirements of the Fire Insurance Commission.

We have been called upon by this Commission to form this Auxiliary Fire Corps to combat a possible emergency "that CAN happen here."

This letter is your invitation to attend the regular meeting of the Munday Fire Department at the City Hall next Monday night, March 23rd, at 8:30 p.m., at which time complete discussion of the organization will take place. We feel certain that when you learn the facts, every man will be happy to do his part.

Remember, we think "It Can Happen Here."

The Munday chapter of Future Farmers of America met Tuesday, March 17, in their regular meeting. The meeting was small in attendance but some important business was carried out.

It was voted that the chapter entertain the Home Ec Girls with a picnic on Friday, March 27. Clyde Hendrix, McCelvey Jones and Jack Strickland were put on a committee to arrange for the picnic. It was also voted that we buy another ping-pong set to put in the agriculture room. Most of the boys like to play this game so it was decided that a tournament would be held to raise the money with which to purchase the new set.

The boys who went to the Fort Worth Fat Stock Show reported a very enjoyable trip. Our thanks to Mr. Lyle Stodghill for permitting us to use his truck for this trip. Four boys from our chapter made the F.F.A. Band of Texas. These boys were O. H. Spann, Jr., Wayne Blacklock, Milton Thompson and Ben Bowden. These boys marched with the band in the parade through Fort Worth on Friday.

We are still making plans for our Victory Gardens. Since it is time for the planting of some of the vegetables, we are trying to hurry and get our plans worked out. Some of the busier boys are having a hard time trying to find time to work a garden. On the whole, however, we do intend to "Keep 'Em Growing."

The Bomarton F.F.A. Chapter is holding its first annual F.F.A. Livestock Project show, Saturday, March 21st. Mr. Ayers, local Vocational Agriculture teacher, will serve as judge for their show.

15 Persons Get Tire Permits

Fifteen applicants were issued tire certificates last Friday by members of the Knox county tire rationing board. Those to whom certificates were issued are announced by Harold Burton, clerk of the board, as follows:

- Bush and Burnett, one tire and tube for truck.
- Onie W. Welch, two tires and tubes for tractor.
- J. B. Cornett, four tires and three tubes for tractor.
- A. G. Duncan, two tires and tubes for tractor.
- J. W. Howell, tire and tube for pickup.
- Harry Beck, tire for pickup.
- E. E. Teaff, two tires and tubes for trailer.
- L. C. Sweatt, two obsolete tires for trailer.
- City of Munday, tire for motor grader.
- Peter Herring, obsolete tire and tube for trailer.
- W. M. Rowan, four obsolete tires and one tube for trailer.
- Doris Dickerson, two tires for truck.
- Jack Bruce Eubank, two tubes for tractor.
- E. R. Carpenter, two tubes for tractor.
- J. F. Lowrance, one tire and tube for truck.

TO DISTRICT MEET
Austin Caughran, Robert Green and Kenneth Myers of Munday, Joe Reeder of Knox City and W. F. Kirkpatrick of Crowell attended a District meeting of the Wm. Cameron Lumber Co., employees in Childress last Wednesday night.

Minister and Mrs. Carl Collins, Mrs. J. R. Nelson and Mrs. H. T. Sessions attended the funeral services for S. L. Dennis in Seymour last Wednesday afternoon. Mr. Dennis' son, Wilburn Dennis, was a former Minister of the Church of Christ in Munday.

Mr. and Mrs. Sebern Jones, Mr. and Mrs. Howard Collins and Dr. and Mrs. D. C. Eiland were business visitors in Wichita Falls last Wednesday.

CARD OF THANKS
For the many kindnesses of friends and neighbors during the illness and at the passing of my dearly beloved wife, I hereby express my deep thanks. I am sincerely grateful for the many floral offerings, the services of the palbearers and to Rev. Father Herman Laux for the words of solace of the departed and comfort to me; also to all, who by their presence at the funeral paid her memory a tribute of love.
John Andres
J. C. Andres
Mr. and Mrs. J. C. Stengel
Mr. and Mrs. A. J. Loran

Cattle Sell At Higher Prices Last Tuesday

The (Munday Livestock Commission Co. reports a big run of cattle for Tuesday's sale, with all classes of cattle selling higher than a week ago.

Top hogs sold from \$12.75 to \$13; sows, \$11.25 to \$11.75. Beef bulls, \$8.50 to \$8.75; butcher bulls, \$7.25 to \$8.25; beef cows, \$8 to \$8.75; butcher cows, \$7 to \$8; canners and cutters, \$4.25 to \$6.75. Fat yearlings, \$9.50 to \$11; butcher yearlings, \$8 to \$9.50; fat

calves, \$9.50 to \$12; butcher calves, \$8 to \$9.25; rannies, \$7.25 to \$8. Two loads of stock calves were sold, steer calves selling at \$11.50, heifer calves at \$11.35.

Buyers for Tuesday's sale were: J. S. Beasley, Eldorado, Okla.; Eberner Packing Co., Wichita Falls; Vernon Packing Co., Vernon; Pratt Packing Co., Sulphur Springs; J. H. Bell, Fort Worth; Charles Davis, Graham; R. L. Dickey, Rule; Harry Portwood, Seymour; J. M. Bradberry, Ed Feemster and C. H. Keck Market, Knox City; Perry Wood, G. W. Shaver, G. L. Forrester and G. C. Wood, Seymour; E. H. Glenn, Throckmorton; Clay Kimbrough, Haskell; Sam Bird, Throckmorton; J. C. Cure, Gilliland; G. C. Conwell, Sammie Grif-

fith, J. L. Stodghill and John Albus, Munday; C. E. Barger, Van Thornton, G. D. Jones and J. Decker, Goree.

Rev. and Mrs. S. E. Stevenson of Goree have received word from S. E. Jr., who is stationed at Great Lakes, that he is getting along fine and that he has been made squad leader.

The Munday Garden Club will meet next Tuesday afternoon at 3 o'clock in the home of Mrs. J. C. Borden. All members are urged to be present as this is plant exchange day.

Earl Sams was transacting business in town Wednesday.
